BAD WEATHER DELAYS FLIGHT OF BIG AIRSHIP

**Eckener Stops Plans
For Tokio Takeoff
Because Of His Con-
cern For Passengers**

KASUMI GAURA AIRFIELD, Japan, Aug. 23.—(Friday)—(INS)—The departure of the German Graf Zeppelin on the third leg of its round-the-world flight was definitely postponed tonight by Dr. Hugo Eckener, commander of the airship.

Definite action by the grazed skipper of the world's only passenger airship to delay the start for Los Angeles was taken after several hours of uncertainty, due to adverse weather conditions over North-eastern Japan.

The flight had been scheduled to fly at 10 P. M. (10 A. M. Thursday, Eastern Daylight Time) but as the time drew near for leaving the craft from the hangar, Eckener and his navigators, under unfavorable weather conditions, along the eastern coast of Honshu and Hokkaido, and over the adjacent sea, decided to postpone the flight.

The Graf Zeppelin, which was approaching along the Honshu coast had the propellers of a young typhoon.

Despite increasing storminess of the weather during the evening a big crowd gathered at the air field in the belief that Dr. Eckener would take off and attempt to evade the worst of the storm area when he got aloft.

There was a vast field of glittering umbrellas upon which searching lights played with reticulating effects. The sky was dark with low-hanging rain and wind clouds. A light wind swept the field with a promise of harsher winds to follow.

When more than three score of human lives in his keeping, Dr. Eckener did not want to take any chances.

When the news was given out that the departure was postponed the crowd began slowly dispersing.

Florida Real Estate Was Being Exploited In 1827; Canal Was Also Advocated

Believers or not, Florida real estate was being exploited in important terms as early as 1827, a century before the canal. John J. Moore, who was with the first group of settlers in the state, is the author of a book, "The Florida Canal," which is the first of a series of books on the history of the state, published by the Florida Historical Society, a week ago.

In his book, Moore, an assistant to the Florida Historical Society, is the author of a book, "The Florida Canal," which is the first of a series of books on the history of the state, published by the Florida Historical Society, a week ago.

These facts have been gleaned from a newspaper account which is more than 100 years old. It is the first of a series of books on the history of the state, published by the Florida Historical Society, a week ago.

Moore, in his book, "The Florida Canal," is the author of a book, "The Florida Canal," which is the first of a series of books on the history of the state, published by the Florida Historical Society, a week ago.

PESSIMISM IS G.O.P. PREPARES NOTICEABLE AT FOR DEBATE ON HAGUE PARLEY TARIFF BOOST

WASHINGTON, Aug. 22.—(INS)—The Democratic opposition to a long tariff was noticeable at the Hague parley. The tariff boosters were pessimistic about the prospects of the tariff.

The Hague parley, which was held in The Hague, Netherlands, on August 21 and 22, was attended by representatives of the United States, Great Britain, France, Italy, Japan, Germany, and Belgium.

The tariff boosters, who were led by Senator Clegg, were pessimistic about the prospects of the tariff. They believed that the tariff would be raised, and that this would be to the benefit of the United States.

The tariff boosters were pessimistic about the prospects of the tariff. They believed that the tariff would be raised, and that this would be to the benefit of the United States.

U.S. Criminal Population Increases From 68,735 In 1910 To 108,000 Last Year

WASHINGTON, Aug. 22.—(INS)—The alarming growth in America's criminal population since 1910, with federal and state penitentiaries and municipal jails crowded to overflowing, was disclosed today by official census figures up to 1928, and estimates showing probably more than 108,000 persons incarcerated in prisons and reformatories alone.

In 1910, the American census enumeration showed 68,735 prisoners under sentence for felonies. In 1923 the figure had grown to 81,950, by 1927 to 96,555 and in 1928 to 108,000. In the latter year there were 90.4 persons in each 100,000 population confined in felon prisons.

From these figures, Department of Justice penitentiologists, who have worked out a \$2,250,000 five-year penitentiary and reformatory building program to house the rapidly increasing federal prison population, declared that the state governments and municipalities apparently were faced with just as serious a problem as were the national authorities.

President Hoover has conferred with Attorney General Mitchell on the subject of the building program and also made arrangements for the transfer of the disciplinary army barracks at Leavenworth, Kas., to the justice department to take care of the overflow at Leavenworth and Atlanta prisons.

Census figures showed a total of 91,992 persons in state prisons and reformatories in 1928, while estimates for the present time place the figure at about 100,000. (Continued On Page Six)

FORMER TECH MAN SAYS HE SLEW OFFICER

Onetime Resident Of
Orlando Is Held In
Death Of Policeman,
Injury Of Another

MONTGOMERY, Ala., Aug. 22.—(INS)—Joseph Dodson Choate, 26, formerly of Orlando, Fla., today was held as a suspect in the killing of plain clothesman Rex T. Wright, and the serious wounding of William W. Smith, another officer.

The officers were attacked when they stopped their automobile in a downtown section. Wright was shot to death while Smith was fatally bludgeoned with a blunt instrument. He may not recover.

Police answering a call to investigate a large crowd on hand and before they could begin an investigation, Choate, a former student at the Georgia school of technology, at Atlanta, calmly walked up and announced he "killed" a man.

A pistol belonging to officer Wright was found on his person according to the police. Shortly after Choate's arrest, his father, C. E. Choate, an architect, was taken into custody as a material witness. The father declared his son had been mentally deficient since a physical collapse while a student at the Atlanta school, the police said.

The elder Choate, when he was arrested, said he was looking for his son, who had been missing for several hours. Smith, at the hospital was unable to advance a motive for the attack. He is said to have told other officers that Wright was beaten to the ground by their assailant and when he attempted to rise from the pavement the attacker fired a bullet into his body. The officer was killed instantly, the bullet penetrating his chest.

Smith was also felled by blows from the heavy instrument, he said. After that he remembered little until the arrival of call officers.

MIXED SHIPMENT OF TRUCK CROPS TO BE PROMOTED

Local Distributors
Discuss Plans For
Handling Shipments

A movement to encourage mixed shipments of vegetables this winter was inaugurated Wednesday at a conference of representatives of local distributing concerns, which was held at the headquarters of the Agricultural Department of the high school and its adjacent school campus of several prominent farmers, Alex R. Johnson, secretary of the Florida Vegetable Growers and Shippers Association, who is enthusiastic about the plan. He said a separate organization of the shippers may be formed for the purpose of distributing the crops.

There is a marked disturbance of the Gulf of Alaska center, and in the west of Juneau and drifting slowly eastward. Another marked disturbance is indicated over the north and mid latitude of the ocean northwest of the Hawaiian Islands.

POWER COMPANY PAPER ACTIVITIES TO BE REVEALED

New Revelations Are
Promised In Suit Of
Hall And Lavarre

MADISON, Ga., Aug. 22.—(INS)—New revelations regarding the role of the International Paper & Power Company played in the purchase of four southern newspapers were promised today at a hearing of the Hall-Lavarre suit in federal court.

As the hearing began, however, it was uncertain just how deeply Judge Hanson of De Kalb county would delve into the long controversy. The newspapers involved are the Columbus (INS, G) Record, the Augusta (INS, G) Chronicle and the Savannah (INS, G) Journal and Herald.

This particular phase of the intricate legal entanglements growing out of the Hall-Lavarre case, came up on a motion by counsel for William Lavarre, publisher of the four newspapers, to dissolve a temporary injunction obtained by Joseph Hall, business manager of the newspapers, against the International Paper & Power Company.

The injunction prohibits Lavarre from interfering with Hall or causing him to leave a convoluted position on the newspapers.

Lavarre also was directed to cause the suit papers to turn over all stock in the holding company to the Plaintiff, Thomas J. Hamilton, temporary receiver and to account for \$122,000.

Counsel for Hall were prepared to contest the effort to dissolve the injunction, and contended Lavarre was in contempt of court through his failure to turn over the stock.

That the International Paper & Power Company had advanced \$200,000 for the purpose of the four newspapers was revealed when Lavarre and Hall were summoned before the federal judge in Washington several months ago.

Hall contends he was a partner in the operation of the four newspapers. Lavarre denies this, contending he was to be the financial and full-time business manager.

Lavarre has pending in South Carolina a suit against the International Paper & Power Company for \$250,000. The alleged amount, it is claimed, was put into the enterprises when negotiations were broken off.

Lavarre said he was eager to have the entire deal reopened at this time but opposing counsel contended the power company's interest in the project was irrelevant at this time and that the present hearing involved only a dispute between the two young newspapermen.

China Puts On Record Case Against Soviets

WASHINGTON, Aug. 22.—(INS)—The Chinese government today laid on record with all the signatories to the Kellogg and Stimson pact for formal case against Soviet Russia, over the Chinese Eastern Railway, in the form of a letter to the United States.

The note to the United States was handed to Secretary of State Stimson by Chinese Minister C. G. Wu. It was a long recital of the wrongs China alleges she has suffered from the Russians in propaganda and wholesale passenger lines. It also charged that the Chinese Eastern Railway had been used as a base for the export of opium and other goods to the Soviet government.

FILM SECURITIES GROW IN DEMAND ON WALL STREET

Stocks Claim Attention In Speculative Trading Activities

NEW YORK, Aug. 22.—(INS)—Attention of speculative investors on Wall Street today was attracted to the film securities market. Warner Brothers, it is estimated, will show a profit of around \$10,000,000 for the fiscal year ending August 31. Paramount is expected to earn at least \$12,000,000; Fox around \$10,000,000 and Loew between \$10,000,000 and \$11,000,000.

Advances at theaters is increasing; film bookings are expanding and even experts are predicting there is every indication that the industry will become more popular as new films are made and actors receive more adept in utilizing them.

A further possibility for the growth of new investment business is the introduction of stock exchange positions on a wide range of films to be introduced in the near future. All surface indications point to continued prosperity in the industry.

The heads of the film industry have virtually completed plans to control their output by organizing a chain of theaters.

The latest rumor has it in the works of the industry, leading to a merger and to have been suggested by Warner Brothers Pictures, Inc. and the Paramount-Lasker-Lucky Corporation.

Wall Street again today heard reports that negotiations for the combining of Paramount and Warner Brothers are making progress. That, in fact, matters are now at New York on the books.

While details have not been settled, discussion has reached the point, it was said, where there is apparently an even chance that the transaction will be completed.

Important interests in both companies are understood to favor the plan because of the mutual benefits that would be derived.

Those who claim to have a knowledge of the proposed deal say it is probable the consolidation will be effected by the creation of a new company to exchange its stock for shares of Paramount and Warner.

COSTE WAITS TO GET FAVORABLE WEATHER NOTICE

Frenchman Unbalked
By Failure Of Swiss
Fliers To Reach U.S.

PARIS, Aug. 22.—(INS)—Undaunted by the latest trans-Atlantic flying tragedy which apparently has claimed the lives of the Swiss big aviators, Oscar Kneiser and Kurt Luescher, Captain Claude Coste, French premier living airman was at Le Bourget field today, awaiting the weather men's "go" for a new attempt to span the ocean from east to west by air.

Coste will be accompanied by Maurice Bellonte, the navigator and mechanic who was with him on the recent unsuccessful attempt to fly the Atlantic, when the attempt was forced by storm to turn back after reaching the Azores.

According to present indications, the start will be made early tomorrow or Saturday morning. Coste is determined to make the flight, and feels that he learned enough about the vagaries of trans-Atlantic flying on his last attempt to insure success this time.

The flight will be made in the same red Breguet-Hispano plane which carried the trans-Atlantic flight from Paris to New York in 1927.

The plane is equipped with radio, but there is no provision for an emergency landing on the water.

Captain Coste described his plans to International News Service while denying a report published in America that he would attempt to race the Graf Zeppelin around the world. "The silliest thing I have ever heard in my life was the ridiculous report that I would try to race the Graf Zeppelin."

In the first place, it is absolutely impossible for any present day airplane to fly from Tokyo to Honolulu, which was my first job as one of the legs of my proposed "journey." Anyone who would believe a story like that must think I am crazy. You will do me the greatest favor to drop it in the most forceful manner.

"What I intend to do is to complete successfully the trans-Atlantic flight from Paris to New York that I have planned for years. I will take the southern route, the same as I did on my last attempt, and I am confident that I have now learned how to avoid the 'bad patches' and come through safely."

"That is the extent of my ambition—a successful trail over the hardest aerial trail across the Atlantic, east to west from Paris to New York."

Artillery Position Of Soviets Forces Is Being Advanced

PEIPING, (PEKING) Aug. 22.—(INS)—Soviet artillery positions have been advanced on the frontiers, west and northwest of Manchuria. It is officially announced by the Chinese in Mukden, according to word from that city today.

The Russian lines are now within artillery range of the Chinese defensive positions around Manchuria. Red advanced trains, bearing both artillery and machine guns, are ready for action upon the Chinese Eastern Railway at the Siberian border west of Manchuria.

Red gunboats are said to be stationed on the Amur River. There are frequent outbreaks of shelling along this stream which forms part of the Northern Manchurian frontier. The Chinese are moving additional reinforcements into the Northern and Western Manchurian frontier.

The Chinese are moving additional reinforcements into the Northern and Western Manchurian frontier.

Fiance Is Held For Accidental Firing Following Quarrel

BRUNSWICK, Ga., Aug. 22.—(INS)—The resolution of Miss Marie Kretzler, 20-year-old, who was held for a brief period by police, was held for a brief period by police, was held for a brief period by police.

Marie Kretzler was held in jail without bond pending the outcome of the trial. The hearing was held in the morning and the outcome of the trial was held in the morning.

The hearing was held in the morning and the outcome of the trial was held in the morning.

English Judge Burned In Effigy By Radicals

LONDON, Aug. 22.—(INS)—About 1,000 communists held a mass meeting in the shadow of the Tower of London today and burned in effigy Judge M. V. Barnhill, who presided at a hearing of cotton mill strikers at Gastonia, North Carolina.

The communists adopted a resolution protesting against the arrest of Gastonia trade unionists on a "faked murder charge." The prisoners were accused of killing the chief of police during a strike at Gastonia.

Merritt Sentenced To Die September 6

ATLANTA, Ga., Aug. 22.—(INS)—Alvin E. Merritt, convicted of the Fabulous Hotel, responsible for a series of criminal attacks upon women in a fashionable residential section here today was sentenced to die in the electric chair Sept. 6.

It was the second time he had been sentenced to die. Upon his conviction, Aug. 9, was set as the date for his execution but a holiday respite was granted to allow the state prison commission time in which to consider an appeal for clemency.

Fate Of Two Fliers On Atlantic Flight Remains Uncertain

NEW YORK, Aug. 22.—(INS)—More than 36 hours overdue, the fate of Oscar Kneiser and Kurt Luescher, youthful Swiss fliers who were attempting a trans-Atlantic flight from London, remained uncertain today, but as the hours passed with no news of their whereabouts, hopes for their safety were virtually abandoned.

Nothing has been heard of the airman since they circled over the Azores late Monday. Orders have been sent out by the Navy Department for all vessels in the North Atlantic to keep sharp watch for the lost fliers.

There is still a possibility that some trans-Atlantic vessel, perhaps a small steamer unacquainted with wireless, may have picked up the fliers in their collapsible rubber boat somewhere between the Azores and the Atlantic coast.

Kneiser, 21, and Luescher, 22, were the youngest fliers ever to attempt a trans-Atlantic crossing.

Cure For Cancer In Animals Is Success

CAMBRIDGE, Mass., Aug. 22.—(INS)—A young cancer worker has discovered a compound which has proved highly successful in treatment of cancer in animals. It was tested today at the thirteenth international physiological congress at Harvard Medical School.

The compound is injected hypodermically into the growth, it acts up on oxidation growth and causes the diseased cells to "forget themselves to death" through abnormal consumption of oxygen. The discoverer, Dr. Boris Skoboff, a guest at the Institute of Cancer Research at Columbia University, and Dr. W. H. Howell of Johns Hopkins University, president of the congress, were enthusiastic over the success of the experiments on animals.

But both warned the work is at too early a stage to make any definite predictions about adaptation of the treatment to humans.

CREW IN RESCUED

SAN FRANCISCO, Aug. 22.—(INS)—Rescue of the crew of 27 and the captain of the Honduras freighter Quindian when it burned at sea 1,100 miles east of Norfolk was reported by the Dollar Line President Harrison in a message today to the Dollar of fliers here. Captain Benson of the Harrison, "round the world cruiser bound for New York from Manilla," reported he was bringing the rescued seaman to New York.

Police Seek 2 Men Who Threw Actor From Sixth Floor

SAN FRANCISCO, Aug. 22.—(INS)—While the battered body of Robert Chapman, youthful leading man of the Green Street Theater, lay in a morgue, police today were attempting to capture two men who are alleged to have thrown him from the apartment window of Allen Hoffman, playwright.

Hoffman told police that two men came in his apartment and demanded liquor. When he refused, he said they attacked him and knocked him unconscious. He believes Chapman was hurled from the sixth story of the apartment into the lightwell by the two men.

Mrs. Elaine Worth, star of the Green Street Theater, became hysterical when she viewed Chapman's body at the morgue. She was said to have been the "girl friend" of Gerri Ferri, gang leader, who was found murdered in his apartment last October.

SENATE MEETS

WASHINGTON, Aug. 22.—(INS)—The Senate held another session today. It lasted barely one minute and then a recess was taken until Monday. Only 11 senators answered to their names on the roll call, seven Republicans and four Democrats.

ABRAHAMS TODAY

LOS ANGELES, Cal., Aug. 22.—(INS)—Alexander H. Abrams, wealthy theater owner, was to be arraigned today on charges of attacking Eunice Pringle, 17-year-old dancer. The district attorney will ask that date of trial be set for Sept. 11, and it is expected that the defense attorneys would ask for a later date.

YANKS BEAT SOX AS MACKS LOSE TO BROWNIERS, 2-1

Giants Win 1st Game But Lose Second To Loop Leading Cubs

NEW YORK, N. Y., Aug. 21.—(INS)—The Yanks today are no doubt congratulating themselves on being the generous souls that they are.

The yesterday being Faber Day at Comiskey Park with the veteran pitcher being given a check for \$3,700 and a radio among other things, the Yanks had given him \$5 to boot.

His included party of misery as some 11 hits went along with the boat.

While Huggins' Athletics were being so considerate of Mr. Faber the Athletics were taking care on the chin from the Browns so they now lead the American parade but by a party margin of 12 games. Ralph Kress's homer with one on provided the St. Louis run.

Three Detroit pitchers tried to win to stop Boston, the Red Sox pounding out a 10 to 0 verdict.

Great relief pitching by Myler Thomas enabled Washington to whip Cleveland, 9 to 2. The youthful Myler came in after Burke had been knocked out by the first inning to limit the bases loaded and none down. He allowed no further scoring.

Adding things that aren't being so this season; whipping the Cubs at both ends of a double header.

The Giants tried it yesterday and all they got for their trouble was an even break which hardly offset the Cubs as second-place Philadelphia. McGraw's Athletic took the first affair, 4 to 1, beating Guy Bush in the process. The second game was a 1 to 0 triumph for the Carlsons—his seventh straight win.

Hogers Hornsby, who scored the Cubs lone run in the opener, tallied again by doubling in the first and Wilson's single.

Philadelphia trimmed Pittsburgh, 8 to 6, by the simple, but effective expedient of scoring eight runs in the first three innings and then watching the Pirates try and catch up.

Philadelphia trimmed Pittsburgh, 8 to 6, by the simple, but effective expedient of scoring eight runs in the first three innings and then watching the Pirates try and catch up.

Brooklyn's pain is seeing the Giants conquer Darryl Vance, 3 to 2, in the first game of a double header, was great, as alleviated by Ray Moss's 4 to 0 victory in the second. Jimmy Frederick's slapping hit's twenty-first homer over the wall in the nightcap.

Fred Lucas ran his win string to 10 when he pitched Cincinnati to a 6 to 2 win over Boston.

SCHMELING STILL FROWNS ON BOUT WITH PHIL SCOTT

Teuton Heavyweight Announces Departure Seen For Home

NEW YORK, N. Y., Aug. 21.—(INS)—Max Schmeling has chosen to catch up his difficult moment of his departure from Germany next Saturday on the S. S. Albatross, but promoter Umberto Figary at 1 refuses to give up hope of a Schmeling-Phil Scott match at Ebbets Field next month and is making one last effort to induce the Teuton heavyweight to suit up his case before the boxing board today.

Figary conferred with Joe Jacobs and Schmeling last night in an effort to induce the latter to enable his determination to pursue a permanent wave in his New York suspension by walking out on the mass into which he has sunk through a series of amazing intrigues.

The Brooklyn promoter pointed out that Schmeling would not only be shutting himself out of the richest Queensberry grazing pastures in the world, but would be quitting at a time when he has built himself up to one of the best heavyweight attractions.

Figary's agreement to meet Scott in his weight, it is under the terms of a contract he contends should be binding on him. Schmeling would be restored to eligibility in New York, probably play a prominent part in the heavyweight elimination—with a good chance to win the title—and clean up possibly \$500,000 by the end of next summer.

The fighter, however, stubbornly insists that he will not be forced into a match he never intended to go through with. He determined that he will not surrender if the price of his capitulation is an involuntary separation from Joe Jacobs as his managing director.

Georgia Tech Has Tough Gridiron Schedule To Face With Doubtful Prospects

GRID PROSPECTS ARE BRIGHT FOR FLORIDA GATORS

Bachman Has Wealth Of Material To Bolster Veteran Eleven

By Jimmy Burns
International News Service
Special Correspondent
ATLANTA, Ga., Aug. 21.—Whether or not Georgia Tech's football championship of 1928 will not be a repeat much longer, just a few more weeks and Coach Bill Alexander will beam upon a large and sturdy bunch of football players and start the annual task of separating the regulars from the reserves.

Eight now, the latter looms as Tech's one big weak point. There is a chance of the starting lineup being practically as strong as last year, when the Jackets were stopped only by the end of their season. But Coach Hill will not be satisfied with a replacement team and settle back serene in the knowledge that it is good as the one coming off the field.

Bully Outlook
Another and bulky obstacle for the Jackets is their schedule. It is the hardest ever tackled by any college eleven in the South, when they open with the Mids. Athletics until after December 7, when they close out against Georgia Tech. They will have no soft spots for the jackets, if they repeat their triumph they will deserve more credit than their predecessors.

Captain Harold Burk is stepping into Peter Pund's center position. Harold is a good player, but it is not likely that he like Pund will be a practically unanimous choice for All-American. Yet there are reasons for believing that Burk can deliver.

Earl Dunlap, who sparked at times last year, is scheduled to replace Bob Durant at quarter, having been gathered into the field of All-American candidates. Dunlap you are likely to see Stumpy Thomson, Warner Miller and "Father" Lumpkin. These are household names in houses where football is discussed.

The substitute back will be picked from a bunch of youngsters. Faisel, Barron and Weatherly will be the first to be called on.

No Tackle Worry
The Farmer will be under study to replace Ruck. Law, Mure and Murray are also back and eager to be regarded as available for pivot work.

Joe Westbrook returns to take a where he left off at guard last fall and Jim Brooks, who made himself a reputation as a tackle guard is also returning.

There is nothing to worry about the tackle berth. They will be well served for by Vance Moore and Sam Watkins. But they will not take their jobs to seriously.

They must smother the competition that will come from Williams, Fisher, Harris and others.

Tom Jones, the fly by and consistent end, is busy at summer school and will not be able to take his eligible. Ed Herron seems to have the call on the other back position.

So after all there isn't a great deal of room for cheering at Tech's prospects.

But it is ready to pre-empt their and possibly less productive fields with Joe's rather than submit to what he sincerely regards as an injustice to himself and Jacobs.

Perr Max made it plain that he is himself responsible for what ever news has been made and that Jacobs has not dictated any of them.

"You can see for yourself," Jacobs said to interviewers, "how he feels about these matters. Personally, I would prefer to see him stay here and fight Scott for a few rounds but he can't see where that will improve his standing. He would have much to lose and nothing to gain, for the fight would not be a big draw. Then too, he feels that a new match-up, which he never agreed to matter what anybody says. See, you see a big shot with Sharkey and, naturally, he isn't here about accumulating those who blocked it."

"He is keen about going home for a short vacation," said Jacobs, "but expects to return late in September. If he can't fight here he will accept some western tour."

Paddy Harmon, Chicago stadium promoter, has suggested a fight of \$15,000 or 45 per cent of the receipts for Max to meet Tuffy Griffiths in October. If he beats Griffiths he can have \$10,000. Post later for a percentage of \$50,000 or 50 per cent of the receipts.

When Schmeling and Jacobs did not appear at the boxing commission meeting yesterday, Figary asked for an extension of time to produce them, and hopes to have them meet chairman Farley and William Muldoon at a steering meeting of the commission today.

It may be today or not at all, but Farley is leaving the city tonight for a week.

He read to mouth of Salt Creek, starting at home of Tom Keen's.

HAINES CITY—Bids opened for roof-fitting grammar school building.

GRID PROSPECTS ARE BRIGHT FOR FLORIDA GATORS

Bachman Has Wealth Of Material To Bolster Veteran Eleven

By FRANK S. WRIGHT
UNIVERSITY OF FLORIDA
GAINESVILLE, Aug. 21.—Half a hundred men selected at random might experience a measure of difficulty in attracting national attention, but the even fifty young gentlemen who "on paper" will comprise the 1929 University of Florida football squad will very likely have football fans in the North, East and West as well as the South, deeply interested this fall in their exploits on the gridiron.

Any time a football machine can roll up 336 points in nine major intercollegiate contests, to top the entire country in scoring, can land an honest-in-goodness All-American, and two official All-Southern selections to lead an individual, as well as group national distinction, then it is safe to presume that that particular football machine will manage a tremendous pickin' season roll around.

Especially is such a presumption conceivable when the particular football machine hails from the most talked-of state in the Union—the "enthrone" of Florida—where the brief period of ten weeks last year Charlie Bachman demonstrated to the nation that in addition to a marvelous climate, beauty and charm, unlimited resources and a people with an extraordinary spirit, Florida had an asset of national significance in a band of "Fighting Gators."

Football at the University of Florida will draw the spotlight from far and wide this fall for still other reasons. At Montgomery, Ala., against Auburn in the initial night football game staged in the Southern Conference, one week later they match speed and skill with Georgia, and pick up the United States flag for 1928; two weeks after that memorable classic at Grant Field the Orange and Blue banner will bear the hopes of the South-land in a contest with Harvard University at Cambridge. And on December 7 when football for the season is history in practically 98 percent of the American institutions, the University of Florida will travel 1,000 miles diagonally across the continent in order to fulfill an engagement in the magic city of Miami with Florida's renowned "Fighting Gators."

Two outstanding intercollegiate contests, with teams representing widely separated portions of the nation, plus a meeting with the national champions of football, represent highlights on the 1929 University of Florida schedule which will circulate this fall.

Among those whom Mayor Bachman has asked to report for ten days advance training at Annapolis Island, St. Augustine September 6-15 are 16 letter-men and 16 freshmen. The rugged back-up for the finished product of 1929, included in this 19 is the first All-American the University of Florida ever attained, Dale Van Sickle, a brilliant and versatile player who has taken rank as the greatest in the history of the gridiron sport in the state university.

Five members of the "Fighting Gators" of last year—Capt. Ernest G. Galt, Stanley, Joe Clement, Cal Brumbaugh and Tommy Owen, have definitely concluded that collegiate football careers, and it is understood that Galt and Brumbaugh and Owen were backfield men. Stanley an end; Clement a tackle; Grandoff a guard and Bone a center.

In years gone by, Florida has sustained much heavier losses in her pickin' ranks. When the 1924 campaign rolled around and Edgar Jones, Dick Brown, "Cy" Williams, "Goody" Goldstein and others were removed from a variety of positions which they had starred for three years, darker days were in prospect than in the case at this writing. If the seven named are the only ones not returning, Nineteen hundred and twenty-eight, Nineteen hundred and twenty-nine, Brumbaugh and Owen were backfield men; Stanley an end; Clement a tackle; Grandoff a guard and Bone a center.

There are many who contend that "Bach" last year played football unsurpassed by any end in the South. With his partner Van Sickle backing in the national spotlight by virtue of his exceptional play, Stanley's magnificent work was frequently overlooked. There is only one experienced end ready to bid for Stanley's berth—Jimmy Nolan, but the keener of competition for the post is expected from Olin "Ma" Ferguson, a member of the 1927 freshman backfield, and "Flash" Vickery, who showed great promise in the spring seasons, but who is as yet untried in varsity or freshman ball here.

Nolan improved tremendously last season and should be well in

line to carry on Stanley's work at right end. He will scale around 180 pounds. Harry Green, 187, 190 pounds, who understudied for Van Sickle last year, will be back to do his fine relief work, and in addition, Lloyd Wilson, a reserve of promise last year, and Big Ed Parrell, a raring, galloping freshman back, are looked as strong rivals of Green for the job of lining up behind Van Sickle.

Ben Clements, who co-starred with Frank Clark at center during the prosperous campaign a year ago, has been mentioned as a contender for the vacancy left by Stanley at right end, but Bachman has not definitely decided on this move as yet. If Clements moves out to add his 195 pound frame to the group of eight candidates, a pivot post will be contested for by Clark, "Hubber" Haynes-Dick Ramsey and Harry Kenton. Clark played outstanding ball last year. Though weighing but 170 pounds, his alert mind and body was a telling factor in the team play. Haynes looks like a great find; Ramsey was freshman center last year, and Fenton has been on the squad a couple of years. The big higher and better all the while, Haynes will weigh 200; Ramsey, 184 and Fenton 203.

At guard the "Gators" will be reinforced this year. Jimmy Steele, whom Joe Hedrick last year's line coach, declared to be an honest and able and able a line-man as he had ever seen on a college gridiron, will be back for his left guard position and his running mate at right guard, Alex Reeves, is expected to play another banner season. Reeves is a very fine player and Mike Houser and Wilbur James, both of whom demonstrated valuable qualities last year, while certain of getting the Most Improved award in competition, will have trouble in dislodging him. To the group of right guard candidates must be added Don Forsyth, from last year's squad, Reeves and James will scale 175, Houser and Steele about 175.

Steele will balance the scales at 194 pounds and those who watched Jimmy play last year as a sophomore, are not content in the least with the boy's ability. He is an outstanding prospect for sectional and national honors this year. He will not be alone in the left guard roll call. Bill McLean, picked on the varsity last year, will be back to play with the 155 pounder of Frank Galt's third All-American (United Press team) last year; Tom Perry, a fine prospect from the varsity ranks; J. H. Williamson and Jack Tunnell, one fine veteran guard, and two who will be used hand to give unusual strength to the guard ranks. Steele, Reeves, Houser, McLean and James are "B" men.

Three veteran tackles are back, Joe Hayden, "Muley" Waters and Woodrow Hicks. Bryan has shown fine football at Florida for two years, but it is believed that 1929 will be his greatest season. Powerful and smart, Joe and his partner, Jimmy White and "Manley" Hiter, are all returning to see if they can prove "Gators" in Florida football.

Captain Rainey Cawthon, rugged and spirited fullback, who in the belief of many will outdo the best fullback south through the South this season, can uphold his post with remarkable ability. Cawthon's long distance punting, his clever passing, and his great technique of running a line on defense cause him to stand forth as a real star in the football leaves.

Passing along the fullback row one immediately encounters the name of Ed Stahl, from Cawthon's home town, Tallahassee, and a player of extraordinary ability. Stahl could play regularly on any conference team in the South. Weighing 191 pounds he does everything a first class fullback should do, and does it exceptionally well. The "Gators" are fort find most beautifully with Cawthon and Stahl at the fullback position, and then the stoutly powerful little Len Wernicke, who in the star backfield of last year, gives another valuable figure in the college line.

Two half backs come in for consideration, with the letter-men, "Red" Bethea, Royce Goodbread and "Mead" McEwan as the foremost of the group. This trio represented many gained yards for Florida last fall, and there is every reason to believe their best campaign is the one just ahead. Bethea should be one of the finest backs in Dixie this year. He always has been a marvelous line-carrier in the "natural" in all departments of play as they can be found. Goodbread, with unusual power and drive, has been looked upon as capable of being the equal of any back in America, such game as he does for five or ten. Both Goodbread and Bethea are extremely fast—being sprint men on the track team. The former will scale 195 pounds with the Ravishing Red Head, McEwan, a tall, lanky, McEwan blundered into his own last year. As a relief back with speed and twist, he has few superiors.

The outstanding contribution from last year's freshman team is going to be taken "Shilton" Duke "Shonk" Boy, who was the star of the "Baby Gators" throughout the entire season and who came to the University after a dazzling high school career. Dorett, with an uncanny football mind, weighing around 195, runs, passes and kicks with an ability seldom equaled. Though this will be his first venture into varsity ball, a great future is predicted for him. Harvey Vance, a high-stepping back with more than average capabilities; Homer Seay, a beautiful punner; Lawrence Alvarez and Earl Hirsch, a pair of flashy boys from last year's freshman ranks, are expected to be valuable men.

Link Sibly, who was a member of the famous "Big Four" freshman backfield in 1927 (Bethea, Sault, Sibly and Ferguson), is planning seriously on returning to school this year. He is a polished kicker and a splendid forward passer. His presence should be helpful this fall, as there is a place on the squad for one of his capabilities. Johnny Bryson, with worlds of speed, should be valuable as a relief back when a touch of lightning is needed. Charlie Bachman's look upon a more experienced squad this fall. He will know his material better, and they in turn will better understand him and his system. The squad should have experienced speed, weight and a winning desire. True, the schedule is vastly more difficult than ever before presented in a Florida team, but there seems to be a psychology to Bachman's footballing that knows no curbing. That final defeat at the hands of Tennessee will likely prove a stimulus to more resolute play in each game this season.

Joe Hedrick will not be back

ing for tackle duty on the right side of the front line. Waters should have no trouble in leading the left tackle position. Scaling 200 pounds, he demonstrated real ability and a viciousness much needed last year, as a sophomore. Clarence Phil, freshman tackle last year, is regarded as a good bet, as is Carlo Protor, big rat fullback, who suffered an injury in spring practice that has definitely eliminated him as a backfield man for the future. Joe Norfield, prominent on the squad last year; George Meeth, Joe Hill and George Pratum, are other left tackle possibilities.

From end to end, Florida returns 13 letter-men for duty. Added to this ten outstanding numeral men of last year, and eight others of promise, the forward line presents a pleasing prospect.

Turning to the backfield, one finds six familiar names—Capt. Rainey Cawthon, Coach Phil Galt, Crabtree, Royce Goodbread, "Red" Bethea, Ed Sault and "Mead" McEwan. They are the letter-men back. Crabtree is a name perhaps more familiar in Florida homes than "Old Dutch" Cleaver. He was virtually an unanimous choice in 1928 for All-Southern. All-American mention of him was made here and there. He will do the signal calling this fall, and much of the spectacular ball-carrying and kicking that made him the marvel of Dixie last year. Once again Craffie Clyde will scale in below the 155 pound mark.

Miller Smith, a letter-man of 1927, is reported to be quitting this fall. If he does, Head Bachman is thinking of converting him from a halfback to a quarterback. A smart player, with 125 pounds of real brawn, Smith should prove a valuable asset this fall. Broward and James will scale 175, Houser and Steele about 175.

Steele will balance the scales at 194 pounds and those who watched Jimmy play last year as a sophomore, are not content in the least with the boy's ability. He is an outstanding prospect for sectional and national honors this year. He will not be alone in the left guard roll call. Bill McLean, picked on the varsity last year, will be back to play with the 155 pounder of Frank Galt's third All-American (United Press team) last year; Tom Perry, a fine prospect from the varsity ranks; J. H. Williamson and Jack Tunnell, one fine veteran guard, and two who will be used hand to give unusual strength to the guard ranks. Steele, Reeves, Houser, McLean and James are "B" men.

Three veteran tackles are back, Joe Hayden, "Muley" Waters and Woodrow Hicks. Bryan has shown fine football at Florida for two years, but it is believed that 1929 will be his greatest season. Powerful and smart, Joe and his partner, Jimmy White and "Manley" Hiter, are all returning to see if they can prove "Gators" in Florida football.

Captain Rainey Cawthon, rugged and spirited fullback, who in the belief of many will outdo the best fullback south through the South this season, can uphold his post with remarkable ability. Cawthon's long distance punting, his clever passing, and his great technique of running a line on defense cause him to stand forth as a real star in the football leaves.

Passing along the fullback row one immediately encounters the name of Ed Stahl, from Cawthon's home town, Tallahassee, and a player of extraordinary ability. Stahl could play regularly on any conference team in the South. Weighing 191 pounds he does everything a first class fullback should do, and does it exceptionally well. The "Gators" are fort find most beautifully with Cawthon and Stahl at the fullback position, and then the stoutly powerful little Len Wernicke, who in the star backfield of last year, gives another valuable figure in the college line.

Two half backs come in for consideration, with the letter-men, "Red" Bethea, Royce Goodbread and "Mead" McEwan as the foremost of the group. This trio represented many gained yards for Florida last fall, and there is every reason to believe their best campaign is the one just ahead. MEMORY LESSON IS NEW STUNT OF MOVIE INDUSTRY

Big Additions To Number Of Film Stars Is Given As Cause

By Frederic A Chase International News Service Staff Correspondent HOLLYWOOD, Aug. 21.—

Hollywood has a new fad on the life of the nation. It is that of memory, teacher for the millions of American film fans.

Hollywood disciplines the memories of its public in this wise: Every day some new star of the stage is projected into the movie limelight, to be viewed for the first time by the millions who have never seen the stage actor's name emblazoned in brilliant lights over the doors of a theater. Each day it becomes more and more difficult for the fan to remember all the stars; the more simple minded of them drop out.

The stage names that have been added to the film fan's list include Ruth Chatterton, Paul Muni, Mr. and Mrs. James Gleason, Ina Claire, Ann Harding, the Quillans, Helen Twelvetree, Mary Hunsan, Helen Hayes, and Henry B. Walthall.

Today's reformed stage star to be remembered by picture followers is Morgan Stanley, who is known for his work in such plays as "The American Tragedy," "The Trial of Mary Dugan," "Fata-

after two years as the coach, but to the staff has been added Minor James A. Van Fleet, head coach of the "Gators" in 1923 and 1924. Nash Higgins an expert in that valuable art of "scouting" will be on the job, and also will attend to drilling of the Oulets, or the reserves who make up the "Gators team" by retraining the varsity team. Joe Holzberger, who took unto himself a bride this summer, returns to supervise the backfield. Bachman will likely turn the line tutoring over to Van Fleet with general supervision of the entire formation to be attended by him.

After ten days at St. Augustine, the "Gators" open their training on Fleming Field September 16, conditioning for two weeks before meeting Southern College of Lakeland, in the curtain-raiser engagement of the 1929 merry-go-round. This game will be played in Gainesville.

16 PEISONS ARE

TAMPA, Fla., Aug. 21 (INS)

With 16 persons taken into custody during the past 10 days, authorities here today continued their war against a purported \$1,000,000 dope ring in which a New York nurse, doctor and gambler figure are alleged to be involved. Eugene Nelson, the last of the 16 to fall into the police dragnet in connection with their investigation into the alleged ring, was arraigned yesterday and bound over to \$5,000 bond to the federal grand jury.

THE New BUICK

The Greatest success in all Buick history

More people have purchased New Buicks during the past two weeks than in any similar period of any previous year.

The New Buick with Body by Fisher has met with a veritable landslide of public demand—many purchased before ever seeing the car—other thousands have been taking demonstrations and then making Buick their choice.

More Buick owners have entered orders—more men and women who owned other cars have turned to Buick—more people who formerly paid from \$1000 to \$2000 higher for their automobiles have purchased Buicks—than ever before during a similar period in Buick's twenty-six year history.

The total demand during these two weeks from three to five times as great as that for other automobiles priced above \$1200.

Popularity so overwhelming carries an unmistakable message to every prospective motor car buyer: See the new Buick—drive it—compare it—and you'll quickly discover that it's the greatest dollar-for-dollar value in the entire quality field.

FRIDAY
The regular meeting of the Florida Hebekeah League, number thirty-three will be held at P. M. at the I. O. O. F. Hall.

MONDAY
The members of the Truth Seekers Sunday School class at the First Methodist Church will meet at 3:30 o'clock at the home of Mrs. C. Chapman on West Ninth Street in Mrs. Chapman, Mrs. J. H. Rumbley, Mrs. W. B. Williams and Mrs. A. Nagel as hosts.

Miss Ruth Mc Cook To Be Married Soon

An announcement which will come as a surprise to her many friends here is that of the engagement and approaching marriage of Miss Ruth Mc Cook, daughter of Mr. and Mrs. Jesse A. Cook, 600 Larpe of Detroit, Mich., formerly of Orlando. The marriage will take place some time in September in Detroit.

Miss Cook, the only daughter of Mr. and Mrs. Jesse A. Cook and came to Sanford seven years ago to teach in the primary school. She graduated from the grammar school here and completed her first year in high school last June.

She spent the greater part of her life in Orlando but has spent several years in a hotel where he is employed by a hotel company. The couple plan to make their home there.

Circle Number Six Is Honored Wednesday

Mrs. A. K. Rossetter entertained the members of Circle Number Six of the First Baptist Church when they held the last meeting of the year Wednesday afternoon at her home on Celery Avenue. The meeting was opened with a devotional period conducted by Mrs. B. C. Moore. The devotional included scripture readings and prayers for work and election of officers for the coming year.

A solo, "Take Time to Be Holy" was sung by Mrs. J. J. Nix, followed by talks on the following subjects by the following people: "Taking Time" by Mrs. J. C. Mitchell; "How to Spend Our Time" by Mrs. S. J. Nix; "The World is on Fire" by Mrs. A. K. Rossetter; "Looking to Him" by Mrs. C. H. Anderson Jr. and "My Friend" by Mrs. Volle Williams.

After the devotional a business session was conducted at which time the committee chairman submitted their annual reports. Mrs. B. C. Moore, chairman then thanked the members of the circle for their co-operation with her during the course of the past year.

The members answered the roll call with short talks on various points of their summer's vacation, the tea hour refreshments were served and each member presented flowers to the hostess.

At Jr. and Nancy Rossetter entertained the guests with waltz dancing.

Those present were: Mrs. R. V. Williams, Mrs. J. C. Mitchell, Mrs. Anderson Jr., Mrs. Pettey, Mrs. J. V. Johnson, Mrs. Ingraham, Mrs. W. H. Dean of Lake Worth and Mrs. Moore.

WORKMEN BURIED

LUMBUS, O., Aug. 21.—Two workmen were buried in a sewer cave-in, near today. A wall of 17-foot of earth buried them under tons of the victims are Angelo Cecia, 21, of Columbus and Charles Carpenter, 28, of Detroit.

JACKSONVILLE—Bids opened

for erection of proposed library building in Willow Branch Park near Cherry and Park streets.

MILANE TONIGHT

Miss McCall Is Given Party Last Tuesday

Miss Doris McCall, who recently celebrated her eighth birthday, was honored with a party given Tuesday afternoon by Mrs. G. R. McCall at her home on West Ninth Street. Games and contests were enjoyed by the little guests during the afternoon. The hostess was assisted by Mrs. T. A. Brotherton and Mrs. R. H. Pippin.

At the tea hour, refreshments consisting of an ice course and candies in pink and white, were served by the hostess. The rooms were adorned with flowers in the same shades, while the color scheme was further accentuated by the party favors.

Those Invited to be with Miss McCall

were: Cecelia Truluck, Madeline Truluck, Theodora Murphy, Muriel Knox, Nancy Dighton, Jacqueline Campbell, Mary Marie Byrd, Wana White, Ada Ruth May, Gladys Iste and Elizabeth Pippin, Nine Pratt Lowery, Sylvia McLondon, Grace Eastidge, Maria Proctor, Carolyn Boyd, Freda Ganas, Mary Ann Bosold, Junior Campbell, Billie May, Russell Marshall, Douglas Stenstrom, Norman Haaty, H. D. Middleton, Fred Ganas, Dick Warren, Wilson Sneed, Walter Moriwether and Charles Williams.

Sortority Dance Given By Chapter Members

One of the largest dances ever given at the Hotel Forrest Lake was that sponsored by the local members of the Kappa Delta sorority, Wednesday evening for the purpose of raising money for the chapter at the Florida State College for Women at Tallahassee.

In addition to a large crowd of Sanford's younger set, over 50 people from towns in various parts of the State were also present. Total attendance included over 150 people.

One of the features of the evening was a Kappa Delta lead-out which took place shortly after midnight. Chapters for the dance were: Dr. and Mrs. E. D. Moley, Mr. and Mrs. C. R. Mason, Mr. and Mrs. Grant Wilson, Mrs. F. S. Vernay, Mrs. Claude Olive of Fort Myers, and Mrs. June Turnbull.

The orchestra adopted one of the latest fads when its members arrived attired in pajamas of brilliant shades.

Among the out-of-town guests present were: the Misses Effie Pritchett and Texas Roughton of Lakeland, Phyllis Turner and Evelyn Farrer of Tampa, Sara McCormick, Mary Jackson, Lola Franklin, Maule Van Buskirk, Thelma Van Buskirk, Shirley Donnell, and Virginia Crenshaw of Orlando, Elaine Perry of Haines City, Helen Nepeberg of Charlotte, N. C., Mary Parker McCraw of Gainesville, Helen Hunt of Daytona Beach, Frances Wilson of Ocala, Catherine Lawson of Benson Springs and "Red" Daugherty, Fred Baadlin, Bobbie H. Ward, Luke Sadler, Leo Lby, Henry Douglas and Allen Van Burklir of Orlando, Walter Shelley of Palatka, J. M. Meffert and Chester Fort of Ocala, J. H. Clark, John Hayward, Warren Smith, and Julian Buddington of Daytona Beach, Jess Long of Birmingham, Ala., Bill Flanders and Russell Taylor of Eustis and Hampden Miller of Tampa.

Among those from Sanford present were: Mrs. Claude Hornsden, Mrs. Stella Arrington, Mrs. H. H. Lewis, Mrs. Osborne Hendon, Mr. and Mrs. Herbert Bessler, Mr. and Mrs. Byron Stowers, Mr. and Mrs. Glenn Winblich, Mr. and Mrs. R. B. Barrett, Mr. and Mrs. Grant Wilson, the Misses Olivia Brady, Katherine Schirasi, Kathleen Long, Georgia Mobley, Helen Vernay, Rose LaVerne Hart, R. E. Griffin, Beverly Bender, Jane Torrance, Olive Newman, Elizabeth Turnbull, Ruth Henry and

Personals

Mr. and Mrs. K. W. Fite announce the birth of a son on Monday, Aug. 19, at the Fernald-Laughton, Memorial Hospital.

Miss Martha Tolle, who has been the guest of Miss Elizabeth Shoemaker, has returned to her home in Tampa.

Miss Ruth Reiche, daughter of Mr. and Mrs. F. A. Reiche, is touring the New England states with her grandmother and grandfather, Mr. and Mrs. W. H. Sauerborn of Orlando.

Jens-Lang, formerly of this city, now of Birmingham, Ala., arrived Sunday to spend some time here with his parents at their home on Oak Avenue.

Mr. and Mrs. C. A. Adams, 615 Park Avenue have as their guests for about 10 days Mrs. Evelyn Roberts and Miss Mary Gray of Wildwood.

Miss Elizabeth Adams, who has been visiting Mrs. R. D. Gray in Wildwood for a short time has returned to her home on Park Avenue.

Miss Margaret Zachary has returned from Raleigh, Durham and other points in North Carolina where she has been visiting with friends and relatives for the past few months.

Miss Maria Patterson and Miss Mary Elizabeth Puffer who are in training at the Massachusetts General Hospital in Boston, left Wednesday afternoon for Boston after spending two weeks vacation here with their parents.

Mr. and Mrs. S. H. Broadhurst and daughter, Babsy and son, Sam, of Mount Olive, N. C., who have been the guest of Mr. and Mrs. C. H. Smith and Mr. and Mrs. F. H. Mitchell for the past week, left Wednesday morning for their home. Mr. Broadhurst, who has not been in Sanford for 20 years, visited many friends and relatives here since that time.

BOARD MEETING
At the request of the members of the local Elks Lodge the ladies of the Sanford Elks met at the club rooms on Oak Avenue, Tuesday evening and formed a Ladies Auxiliary of the Elks, electing the following officers: Mrs. Howard Overlin, vice-president; Mrs. Dave Boniske, treasurer and Mrs. Fred Reiche, secretary.

Billie Dove Scores Another Triumph In New Film "Careers"

Billie Dove, the beautiful First National star who has advanced so rapidly in popularity during the past two years, scores another dramatic triumph at the Milwaukee Theatre Friday and Saturday in her latest stellar vehicle "Careers."

As in a foreign locale is provided for this talented actress, the action taking place in Indo-China, among the natural beauties of the Orient.

The story deals with the ambitious wife of a young magistrate, who seeks to obtain his advancement in the diplomatic service by ingratiating with his superior officers.

The startling events that follow this determination make up a plot that is novel and thoroughly interesting throughout.

Antonio Moreno, who was seen opposite Miss Dove in "Adoration," her former stellar vehicle, is again the leading man in "Careers." He plays the husband in a thoroughly artistic manner. Others of the large cast who deserve special mention for their work are Noah Lee, as the governor; Carmel Myers, Thelma Todd, Robert Frazer, Robert Schable, Robert T. Haines, Holmes Herbert and Sojin.

FORT MYERS—Plans approved for installation of \$75,000 equipment in Lee County Poultry Plant for establishment of cooperative grapefruit canning plant.

Mrs. Leonardy Given Party Last Tuesday

The following clipping from the Jacksonville Journal will be of interest to the many friends here of Mrs. John G. Leonardy, who was recently chosen to serve as state regent for the Daughters of the American Revolution.

"Complimenting her house great, Mrs. John Leonardy of Sanford, state regent of the Daughters of the American Revolution, Mrs. Joseph G. White, Jr. entertained at a dinner and bridge party Tuesday night at her home on River boulevard. "Dinner was served on small tables, placed on the lawn. Each table was centered with a gay arrangement of shaded roses and coral vases. "Later, a bridge was played by the guests. Scores were kept on tables designed as spades, hearts, diamonds and clubs. "Mrs. P. H. Odum and John Statke held high scores. Each was awarded a Florentine leather bridge set. The honored guest received a similar gift. "Assisting Mrs. White in entertaining was her mother, Mrs. John R. Floyd. "Fifteen intimate friends of the hostess enjoyed this delightful affair."

Praises Racketeer

NEW YORK, Aug. 22.—(AP)—"He was the only man I ever loved and squared one I ever met."

Beyond that simple but sincere declaration of her affection for Frankie Marlow, slain Broadway

racketeer, Dolores Farris, back on Broadway today, refused to discuss the man who was "taken for a ride" a few weeks ago. Miss Farris, who returned from London on the Majestic, is beneficiary of insurance policies left by Marlow.

"Fifteen intimate friends of the hostess enjoyed this delightful affair."

MOTORMAN KILLED
VAN WERT, O., Aug. 22.—(AP)—Ray Mabel, of Fort Wayne, Ind., motorman, was instantly killed near here today when two interurban freight trains crashed head on.

LAKE WALES—Plans completed for erection of new Lake Wales Hospital building which will cost from \$60,000 to 70,000.

The EVERGLADES More Fertile than The NILE

FOR CENTURIES the expression: "fertile as the Nile Valley", has been used to denote the ultimate in productiveness of soil, yet Florida's "back-yard," the Everglades, is said by modern agriculturalists to have a fecundity and fruitfulness found nowhere else in all the world.

Both the Nile Valley and the Everglades are in the same isothermal zone; both are highly adaptive to the growth of sugar cane and other semi-tropical plants. After two thousand years of civilization the Nile has progressed but little in its laborious methods of irrigation. Since 1903, when drainage operations began in the Everglades, vast tracts of waste land have been reclaimed and many prosperous farms established.

Not only the Everglades, but the entire state of Florida, looks forward to agricultural development as the greatest source of future wealth. Of Florida's 55,000,000 acres, less than 6,000,000 acres represent cultivated farm lands. Fully 22,000,000 acres of the remainder are susceptible of cultivation—a great agricultural empire worth many millions of dollars in annual income to the people of this state.

Among the crops now being grown on drained Everglades lands are tomatoes, potatoes, peppers, beans, egg-plant, onions, cucumbers, strawberries, peanuts, sugar cane and many others. In the older sections oranges, grapefruit, limes and avocados are being grown successfully.

In the Nile, the outlook is backward over the centuries, but in the Everglades of Florida, and throughout the state, are rising new hopes and new dreams—founded on FACTS and ACCOMPLISHMENTS, made possible by the energy and perseverance of its people.

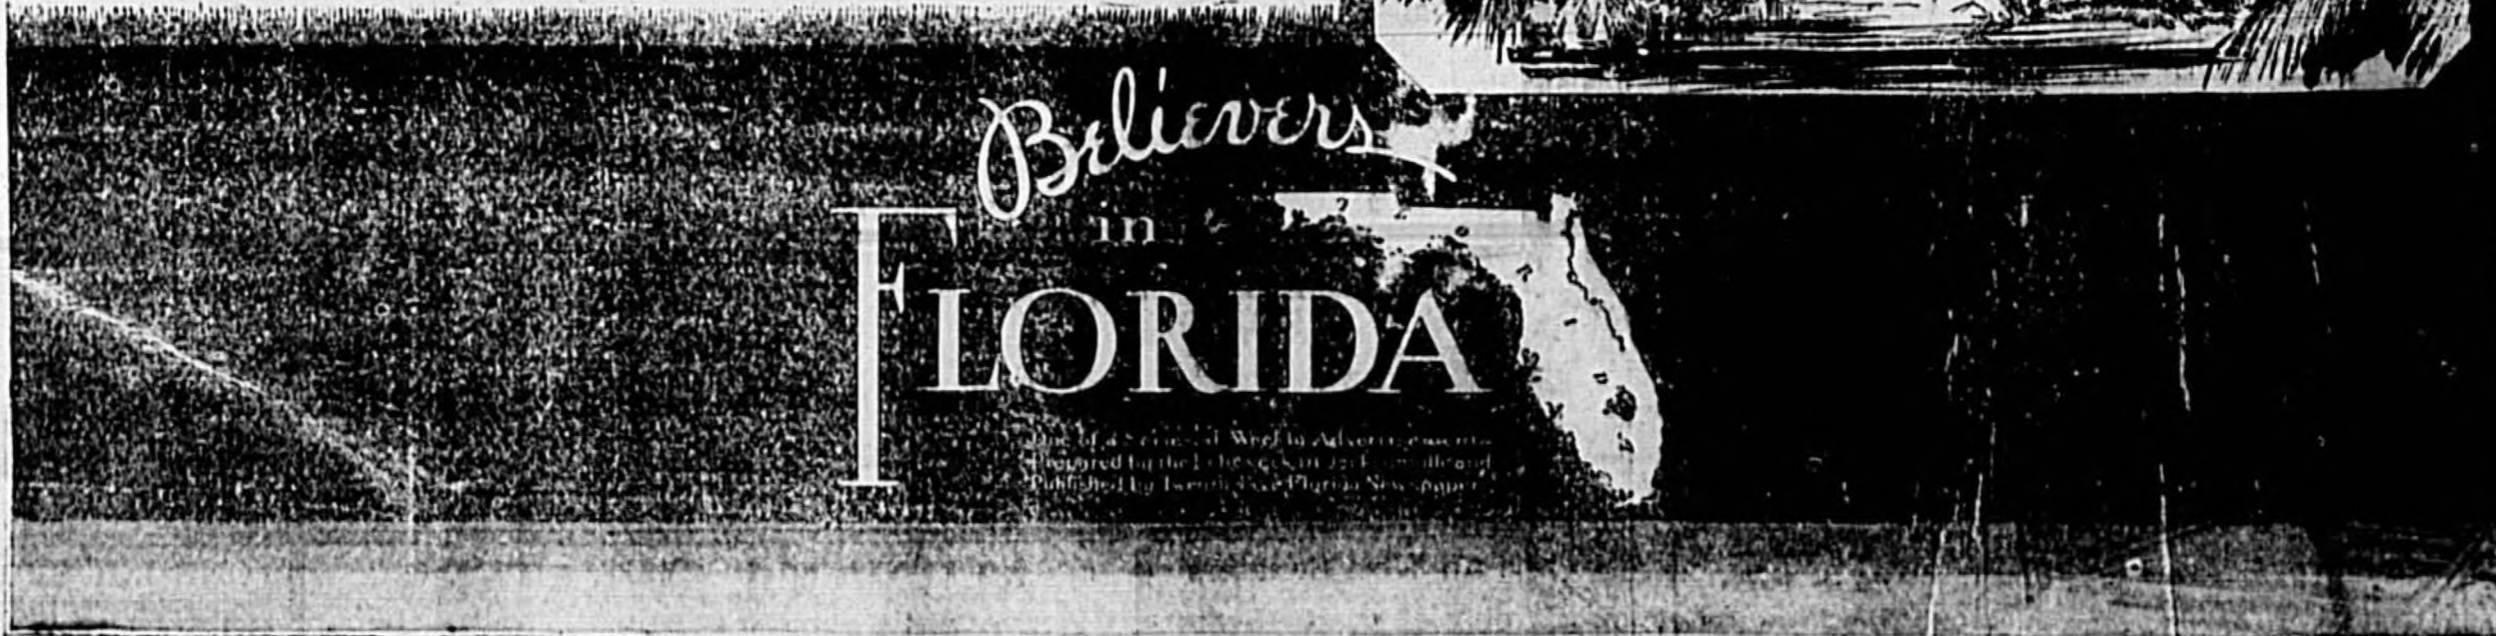

AGRICULTURAL ASSETS of FLORIDA

Florida leads the nation in the production of winter-grown crops of egg-plant, snap beans, tomatoes, cucumbers, peppers, and Irish potatoes.

Florida ships ten per cent of all fresh fruit and vegetables of the United States from less than 300,000 acres. This equals more than ten per cent of the value of carload shipments.

Florida leads in the production of grapefruit, celery, Fuller's Earth and phosphate.

Florida produced more than seven million dollars worth of corn last year, and the crops of cotton, hay, white and sweet potatoes, tobacco, sugar cane syrup and peanuts totaled more than a million dollars each.

Capt. Hawks Smashes Coast-to-Coast Return Flight Records by Wide Margin

Above: Capt. Hawks registers pleasure on inspecting the short wave receiver before it was installed in his record-breaking plane. Right: Capt. Hawks in foreground with his transcontinental plane. Note the cowlings over the motor for increasing the speed of the "ship."

Had it not been for the radio receiver apparatus with which his plane was equipped, Capt. Frank M. Hawks would not have been able to complete his record-breaking flight from coast to coast and return. In conversation with his radio operator, Capt. Hawks said, "I am frank to admit that if I had not been able to receive the weather picture on the flight from Los Angeles to New York as I approached the Pennsylvania Mountains at night, with adverse weather conditions ahead of me, I would never have been able to continue on to a successful completion of my record flight."

Before making the flight which shattered all previous records, thirty-six hours and fifty-four minutes from coast to coast and back again, stopping on the Pacific Coast only four months to round Capt. Hawks' feat in two hourly legs for the sole purpose of having a "Western Electric" long wave receiver installed on his plane. Western Electric, high class, long wave receiver, installed on a small field and as a result Capt. Hawks set his plane down in the north of Virginia, a single week from the coast and the return. This having been completed the receiver was ready for its grading trial.

Capt. Hawks, prior to his landing achievement, held the record for the return from the Pacific to the Atlantic Coast. When I made this flight I would not have been able to complete my record-breaking flight from coast to coast and return. In conversation with his radio operator, Capt. Hawks said, "I am frank to admit that if I had not been able to receive the weather picture on the flight from Los Angeles to New York as I approached the Pennsylvania Mountains at night, with adverse weather conditions ahead of me, I would never have been able to continue on to a successful completion of my record flight."

When I made this flight I would not have been able to complete my record-breaking flight from coast to coast and return. In conversation with his radio operator, Capt. Hawks said, "I am frank to admit that if I had not been able to receive the weather picture on the flight from Los Angeles to New York as I approached the Pennsylvania Mountains at night, with adverse weather conditions ahead of me, I would never have been able to continue on to a successful completion of my record flight."

Before making the flight which shattered all previous records, thirty-six hours and fifty-four minutes from coast to coast and back again, stopping on the Pacific Coast only four
