

COUNTY COMMISSIONERS SELL SPECIAL WARRANTS FOR GUARDS SUPPLIES

FIRST NATIONAL BANK BUYS THE WARRANTS

Sanford, Fla., Nov. 6, 1917. Hon. board of county commissioners met in regular session at 10 o'clock a. m. Present: Chairman L. A. Brumley and Commissioners L. P. Hagan, C. W. Entzinger, O. P. Swope and E. H. Kilbee, with V. E. Douglass, deputy clerk, and E. E. Brady, sheriff, in attendance. Minutes of last regular meeting, also two call meetings of Oct. 8th and 16th read and approved. G. R. Ramsey, highway engineer, addressed the board in reference to the payment of certain bills of Seminole county road bond fund, to-wit: Seminole County Bond Trustees, \$562.50, and Fla. East Coast Ry. Co., account Augusta Vitrified-Shale Brick Co., demurrage and freight-in full, \$571.87, and on motion of L. P. Hagan, seconded by O. P. Swope, above bills were ordered paid. County Judge E. F. Housholder addressed the board in reference to family of Mr. Lane at Wagner. Mr. McLindon, et al, addressed the board in reference to increase in salary of Mr. C. M. Berry, county demonstration agent and asked that same be raised to \$1800.00 per year, and on motion of O. P. Swope, seconded by L. P. Hagan, this board agrees to provide for an increase in Mr. Berry's salary in the next budget, to the amount of \$1800.00 per year, provided Mr. Berry will continue for the present year at old salary. Motion carried. Mr. O. C. Bryant addressed the board in reference to closing open ditch and putting in culvert in front of his house at Wagner, and agrees to furnish culvert if county will do the work, and on motion of C. W. Entzinger, seconded by L. P. Hagan, O. P. Swope is authorized to have this work done. Carried. Nick Zernovean addressed the board in reference to work on Malden Lane, and on motion of C. W. Entzinger, seconded by L. P. Hagan, matter referred to Commissioner L. A. Brumley to investigate and report at next regular meeting. Carried. Motion of L. P. Hagan, seconded by O. P. Swope, Sheriff E. E. Brady is authorized to purchase 12 blankets for county jail. Motion of C. W. Entzinger, seconded by O. P. Swope, clerk instructed to draw warrant payable to Mr. Flowers for \$10.00, account Mrs. Rose, a pauper. Motion of C. W. Entzinger, seconded by E. H. Kilbee, Dr. J. T. Denton is authorized to investigate suspected cases of trachoma in this county and to confer with county commissioners in their district and to operate when same are indigent. Dr. Denton to receive a fee of \$10.00 for each operation, except in the city where he is to receive a fee of \$5.00 for each operation. Motion carried. Motion of O. P. Swope, seconded by C. W. Entzinger, W. C. Williamson, Supt. of poor farm is authorized to purchase three comforts and two mattresses for county home. Motion of O. P. Swope, seconded by C. W. Entzinger, Supt. J. M. Wynn is instructed to report to Prosecuting Attorney Schelle Malnes the condition of certain roads and the abuse of same by the Alford Lumber Co., and Mr. Malnes is instructed to take criminal action against the Alford Lumber Co., for said damage of roads. Motion of O. P. Swope, seconded by L. P. Hagan, this board will extend the time of Mr. J. T. McLain's contract on the Ovidio-Orlando road until such time as cars can be secured for the hauling of clay. Carried. Motion of L. P. Hagan, seconded by E. H. Kilbee, O. P. Swope is authorized to purchase a small bed of iron in his district. Reports of the several county officials read, approved and ordered filed. Warrants paid during the month ordered cancelled. Motion of O. P. Swope, seconded by C. W. Entzinger, this board instructs Supt. W. C. Williamson to sell oranges on trees at county home

for not less than \$1.75 per box, payments to be 10 per cent down and balance on delivery. Petition claim of Mrs. Carris W Spear approved. Notary public bonds of I. L. Cook and Mrs. G. H. Housholder approved. Bonds for carrying firearms approved and license ordered issued as follows: D. H. Hooker, C. B. Searcy, V. E. Douglass, C. W. Entzinger, J. W. Pennington, W. T. Deane. Motion of L. P. Hagan, seconded by O. P. Swope, clerk is instructed to draw warrants for \$3.00 payable to Peggy Moya, pauper. Atty. Geo. A. DeCottes read communication with the Governor, in reference to equipping Seminole County Guards. Bid of the First National Bank of Sanford, Fla., for the purchase of the 7 interest bearing warrant for the equipment of the Seminole County Guards opened and read, and it being the only bid for said warrants same was accepted. Bid as follows: For the warrants of the county amounting to \$3,634.29 to run not more than 18 months, drawing 6 per cent interest, said warrants issued for the purpose of meeting payments due on arms and equipment purchased for the use of the Seminole County Guards, the First National Bank of Sanford, Fla., will pay par, less a discount of two per cent on motion of O. P. Swope, seconded by C. W. Entzinger the above bid was accepted and warrants ordered issued. W. R. Healey addressed the board in reference to dangerous bulls at large in Altamonte. Tax Collector Jno. D. Jenkins addressed the board in reference to collection of taxes of the special bond funds, and on motion of C. W. Entzinger, seconded by L. P. Hagan, the following resolutions were adopted: "Tax collector is advised that the levy assessment for the year 1917 of seven mills for road bond fund is for the sole purpose of paying interest on bonds and for a sinking fund, and that all collections on this account should be paid direct to the bond trustees of the said road bond fund, and he is authorized and hereby instructed to be governed accordingly. The bond trustees of the road bond fund are Frank L. Woodruff, A. R. Key and R. F. Whitner. "Tax collector is hereby authorized and directed to apply all funds collected by him on account of Black Hammock Drainage District on assessment roll of 1917, to the bond trustees of the said Black Hammock Drainage District, and is advised that the levy assessment is for the sole purpose of paying interest on bonds and for a sinking fund. The Bond Trustees of Black Hammock Drainage District are J. H. Lee, L. T. Hunt and O. P. Swope. "Tax Collector is advised that the Florida Groves Drainage District was organized under the laws of Florida, which provide that all funds derived from taxation for payment of interest and sinking fund are payable direct to the Bond Trustees of the said fund by the tax collector. The Bond Trustees for the Florida Groves Drainage District are O. P. Swope, B. F. Wheeler and L. A. Sheldon. The tax collector is hereby authorized and directed to pay all funds collected by him on account of the Florida Groves Drainage District on assessment roll of 1917 to the Bond Trustees of said district and is advised that the levy assessment is for the sole purpose of paying interest on bonds and for a sinking fund. Tax Collector Jno. D. Jenkins here presented report of delinquent personal property taxes yet remaining unpaid and for which executions have been issued and turned over to sheriff. On motion of L. P. Hagan, seconded by C. W. Entzinger, tax collector and sheriff are hereby instructed to at once enforce the payment of these taxes by levy and sale as provided by law, and to report to this board at next regular meeting. Motion carried. Motion of L. P. Hagan, seconded by E. H. Kilbee, clerk is instructed (Continued on Page 4)

President Wilson Issues Thanksgiving Proclamation

President Wilson has issued his 1917 Thanksgiving Day proclamation, calling upon the nation, even in the midst of the sorrow and great peril of a world shaken by war, to thank God for blessings that are better than mere peace of mind and prosperity of enterprise. The proclamation, fixing Thursday, November 29, as Thanksgiving Day, follows: "It has long been the honored custom of our people to turn in the fruitful autumn of the year in praise and thanksgiving to Almighty God for His many blessings and mercies to us as a nation. That custom we can follow now even in the midst of the tragedy of a world shaken by war and immeasurable disaster, in the midst of sorrow and great peril, because even amidst the darkness that has gathered about us we can see the great blessings God has bestowed upon us, blessings that are better than mere peace of mind and prosperity of enterprise. "We have been given the opportunity to serve mankind as we once served ourselves in the great day of our declaration of independence, by taking up arms against a tyranny that threatened to master and debase men everywhere and joining with other free peoples in demanding for all the nations of the world that we then demanded and obtained for ourselves. In this day of the revelation of our duty not only to defend our own rights as a nation, but to defend also the rights of free men throughout the world, there has been vouchsafed us in full an inspiring measure the resolution and spirit of united action. We have been brought to one mind and purpose. A new vigor of common counsel and common action has been revealed in us. We should especially thank God that in such circumstances, in the midst of the greatest enterprise the spirit of men have

ever entered upon, we have, if we but observe a reasonable and practicable economy, abundance with which to supply the needs of those associated with us as well as our own. A new light shines about us. The great duties of a new day awaken a new and greater national spirit in us. We shall never again be divided or wonder what stuff we are made of. "And while we render thanks for these things let us pray Almighty God that in all humbleness of spirit we may always look to Him for guidance; that we may be kept constant in the spirit and purpose of service; that by His grace our minds may be directed and our hands strengthened; and that in His good time liberty and security and peace and the comradeship of a common justice may be vouchsafed all the nations of the earth. "Wherefore, I, Woodrow Wilson, President of the United States of America, do hereby designate Thursday, the twenty-ninth day of November next, as a day of thanksgiving and prayer and invite the people throughout the land to cease upon that day from their ordinary occupations and in their several homes and places of worship to render thanks to God, the Great Ruler of nations. "In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed. "Done in the District of Columbia this 7th day of November in the year of our Lord one thousand nine hundred and seventeen and of the Independence of the United States of America the one hundred and forty-second. "WOODROW WILSON, "By the President: "Robert Lansing, "Secretary of State."

Seminole's Good Record

MORE SIGNERS OF PLEDGE CARDS IN COMPARISON OF POPULATION

Winning a place far toward the top of the list in the great Food Pledge Campaign, conducted by the Food Administration of the United States during the week of October 29 to November 4, Florida has made good her boast and challenge to all other states of the Union by returning a total of 122,570 pledges. The record is more noteworthy because of the peculiar geographical shape of the state and the many difficulties of communication and transportation that not only made soliciting signatures a labor, that few would care to regularly undertake, but also prevented communication that would have been invaluable in creating a more earnest spirit in the rural or isolated districts. However, there is no apology made by the Food Administration, and Campaign Director LaRoy Hodges was well pleased with the results shown in the total tabulations shown this morning. Mr. Hodges predicts that Florida will have at least 80,000 pledges before the week is over, as there are thousands of persons who are signing and mailing their cards direct to headquarters. All these will be credited to the respective counties in which they are signed, but of course will not be entered on the official figures compiled at Washington. In some of the states the campaign is being extended through this week, and instructions have been wired all Florida counties to get as many more cards signed as possible, as all will help in the educational work that is to immediately be taken up by Food Administrator Braxton Beacham from the Orlando office where headquarters of the Florida division will be established. Several of the counties exceeded the allotment of pledges expected from them, and returns showed that the chairmen of these districts had a most efficient and energetic working force which covered the entire county and left nothing undone in making the goal set for them. This does in no way detract from the very able work of other counties, for in

nearly all there has been a loyal and commendable effort that was only halted at the close of the campaign, and was measured merely by the spirit of the people who were asked to sign the pledge. In the more densely populated districts there was found some lethargy and non interest and especially was this true among the people of Jacksonville, Tampa, Pensacola, Key West and one or two other large cities of the state. Those counties which won the "blue ribbon honors" and their chairmen are as follows: Baker county, goal 1,000, total pledges 1,397, J. D. Duger, chairman; Broward county, goal 1,000, total pledges 1,008, J. J. Joyce, chairman; Citrus county, goal 1,000, total pledges 1,044, Miss Conna Davano, chairman; Dade county goal 5,000, total pledges 5,593, R. E. Hall, chairman; Leon county, goal 2,000, total pledges 2,421, Mrs. F. R. S. Phillips, chairman; Manatee county, goal 3,000, total pledges 3,127, M. G. Rushton, chairman; Orange county, goal 5,000, total pledges 5,272, Seth Woodruff, chairman; Seminole county, goal 2,000, total pledges 2,444, Mrs. C. M. Berry, chairman Taylor county, goal 2,000, total pledges 2,393, F. S. Jackson, chairman. Total List of Counties The following is a total list of the counties and the pledges received up to the count this morning:

Table with 3 columns: County, Goal, Pledges. Lists counties from Alachua to Hamilton with their respective goals and total pledges.

LOOKS LIKE COLLAPSE AND SEPARATE PEACE IN TOTTERING RUSSIA

Table with 3 columns: County, Goal, Pledges. Lists counties from Hernando to Washington with their respective goals and total pledges.

KERENSKY DEPOSED AND SQUARE HEADS IN COMMAND

Premier Kerensky has been deposed. The Maximalists have obtained control of Petrograd and issued a proclamation saying the new government will propose immediate peace, the semi-official Russian news agency announces. The Maximalists were assisted by the Petrograd garrison, which made possible a coup de etat without bloodshed. The military revolution committee of the central council of soldiers and the workmen's deputies in a proclamation to the army committees and to all soldiers and sailors councils, says: "We have deposed without bloodshed of the government which arose against the revolution." It proclaims the authority of the military revolutionary committee and says that the officers who do not openly join the movement must immediately be arrested. Uncertain military detachments, the proclamation adds, must not be permitted to leave the front for Petrograd. Where persuasion failed, the statement says force must be used without mercy. The text of the proclamation of the committee reads: "To the army command of the active army and to all councils of soldiers and workmen's delegates and to the garrison and proletariat of Petrograd: "We have deposed the government of Kerensky which rose against the revolution and the people. The change which resulted in the deposition of the provisional government was accomplished without bloodshed. "The Petrograd council of soldiers and workmen's delegates solemnly welcomes the accomplished change and proclaims the authority of the military revolutionary committee until the creation of a government by the soldiers' and workmen's delegates. "Announcing this to the army at the front the revolutionary committee calls upon the revolutionary soldiers to watch closely the conduct of the men in command. Officers who do not join the accomplished revolutionary expedition immediately must be arrested at once as enemies. "The Petrograd council of workmen's and soldiers' delegates considers this to be the program of the new authority: "First, the offer of an immediate democratic peace. "Second, the immediate handing over of large proprietorial lands to the peasants. "Third, the transmission of all authority to the council of soldiers and workmen's delegates. "Fourth, the honest convocation of a constitutional assembly. Washington, D. C., Nov. 9.—Kerensky's fall and the collapse of his government in Petrograd at the hands of the Maximalists who propose a separate peace with Germany is regarded here as threatening Russia with the civil war which all her friends hoped to see avoided. The state department, entirely without official advice of its own, was silent, wishing to avoid making any statements until the situation could be accurately assessed on the basis of intimate reports from Ambassador Francis at Petrograd. The Russian embassy too, preferred not to make the statement until later and until there has been opportunity for communication with Ambassador Bakhmeteff, traveling in the south. Embassies of the entente allies, realising the development means first of all probably, a re-arrangement of their war plans, were shocked but not disheartened at what is considered a triumph of insidious German propaganda. The general opinion here among those in position to be best informed on Russian affairs is that Kerensky and his followers probably will at once set up a new government at Moscow, leaving Petrograd to the maximalists and those troops who

State of Florida...200,000 122,570 LaRoy Hodges, Campaign Director. Close of Office Nov. 6, 1917. The Y. M. C. A. Movement Jacksonville, Nov. 8.—Speakers are being engaged for meetings during the Y. M. C. A. drive for funds from November 11 to Nov. 19, inclusive. Meetings are being arranged in various parts of the state. The entire southeastern district of the United States is to be thoroughly canvassed during the eight days devoted to the campaign and Florida will come in for her share of campaigning. O. E. Maple, secretary of the Jacksonville division is now in a trip to Tallahassee and territory between there and this city. He is arranging for workers who will push the campaign. In other sections of the state men are doing a similar case of work in many counties. It was reported at headquarters yesterday that the outlook for \$100,000 from Florida was good. The war is coming nearer to America every day. The sons of the rich and the poor alike will be in the armies which will go across the sea to fight the Prussianism which has been stalling civilization for years. The funds to be raised are to be used for the entertainment of these men. The plan of giving to these will be such that the poor man as well as the rich can contribute. The gifts can arrange from one cent, on up to millions of dollars. All will be welcome. Pauline Frederick Married Friends of Willard Mack, playwright and actor, and Pauline Frederick the actress learned yesterday of their marriage in Washington, D. C., on Monday, where they had gone for the premiere of Mr. Mack's latest play, "Tiger Rose." This is Miss Frederick's second marriage. In 1909 she was married to Frank M. Andrews, architect of the Hotel Alpi, and they were divorced about four years later. Mr. Mack's first wife was Marjorie Rambeau, the actress, who recently obtained a divorce. A marriage license was issued yesterday at the municipal building to Miss Ray Cox, the actress, and Harvey James Flint, one of the managers of the Goldwyn Pictures Corporation, whose engagement was made known last week. Miss Cox, who is a headliner in vaudeville, is 36, and divorced her first husband, Henry Cox Flahel, for desertion on April 17 a year ago, receiving permission to use her maiden name. Mr. Flint, who is the same age, was divorced by his wife, Edith B. Flint, in Providence, R. I., in July, 1916. Miss Cox resides at the Hotel Biltmore. Miss Muriel Harold will give a musical at the Cecilia Music Club Saturday afternoon at 3 o'clock. (Continued on Page Four)

SEEK SAFETY IN LANDING

High Speed Airplanes Have Drawback That Engineers Are Now Trying to Overcome.

At the present writing there is no evidence of any plane that has exceeded 100 miles in steady flight, and these are only the lightest and most dangerous types, with landing speeds of from 75 to 90 miles an hour.

There is no inherent reason why this horsepower cannot be approximately doubled, Carl Snyder writes in Collier's. This would be sufficient to drive a strongly constructed reliable triplane, carrying perhaps two passengers, at from 20 to 30 miles an hour faster than any airplane has yet flown.

If some retarding device can be found which will lower the landing speed to a reasonably safe point, these machines will outclass anything that has so far been built.

As far as the design of these engines is concerned, they differ in no important particular, except their weight from the finer type of motor car motors. A fine aero engine is simply an astonishingly clever piece of mechanical construction. It is very nearly hand-made from end to end.

SAVING STEPS IN BUSINESS

Pinch in Transportation Facilities Call for Closest Attention of American Industry.

American business is quite likely to learn, partly as a result of the war, that to survive and develop properly it must cut out waste to a far greater extent perhaps than men have dreamed, says the Philadelphia Ledger.

American business and industry will have to learn how to save its steps. Some day it will learn that it is folly to drag coal barges 90 miles down the Delaware and 100 miles or so up the

coast when a ship canal to New York could cut off the latter leg of that trip. Some day it will see that there is no use hauling a very large part of the fuel which now clogs the railroads and that it would be cheaper to extract its chemical contents and burn the resulting coke to make electric current in great central stations for distribution over a wide area.

The more American business saves from purposeless and unscientific carting of things about, the more will be available for serious and beneficent aims. Americans should save their steps.

Daily Thought.

To give and benefit one person is good, but to give and benefit many, much better—as bearing a resemblance to the benefit of God, who is the universal benefactor.—Dante.

Bananas Are Nutritious.

Bananas are always wholesome, nutritious, cheap, easily digested, always in season, all meat, easy to handle, good cooked or raw. Nature hermetically seals them in a dust and germ-proof package. And, above all, they are produced without drawing on the nation's resources, and their importation from our Latin-American cousins aids in developing a reciprocal market for our goods.—Exchange.

The Rent Was Due.

Stop Using Cheap, Unreliable Carbon Paper

Don't take a chance with inferior carbon paper. It means faded, illegible copies, untidy files, waste of time and poor work. Put a stop to this! Use

MULTIKOPY Carbon Paper

Lasting legibility—greatness—uniformity—and economy make MultiKopy the standard carbon paper. In black or blue, MultiKopy never fades. MultiKopy gives non-smudging, non-rubbing copies which often rival the original in clearness and legibility. MultiKopy gives surprisingly long service and is unequalled for manifolding.

COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS FOR THE HERALD

LAKE MARY ITEMS

Mrs. W. H. Evans was a business visitor to Sanford Saturday.

Mr. and Mrs. Alfred Lilja of Sanford were Monday afternoon visitors at the home of Mr. and Mrs. H. D. Durant, coming out in their new car.

B. E. Haley, road master of Kissimmee was a business visitor here Tuesday afternoon.

The many friends of Mrs. Dr. Evans will regret to hear of her illness since Sunday.

Dr. J. T. Denton called at the

school Tuesday morning to examine the children for trachoma. He found two of the children had affected eyes and five cases of hookworm.

The people of our village are very much pleased with the new walk at the passenger depot, having been recently put down by the A. C. L.

Miss Louise Mole has returned from spending the summer in Canada, New York and other northern points.

The man safe at home who is not willing to stand back of the men who are under arms in defense of his country is not worthy of citizenship in any country. If too conscientious to defend his country he should be too conscientious to continue citizenship in that country but should find some island in the far-away seas where there is no government.

WEST GENEVA AVENUE

Well, cool weather has come at last and it is much better than to be so warm and stifed up with the heat, so now people feel a whole lot better.

We are in need of rain badly. If we could have one good rain everything would look and feel better.

Well, the bird season will soon be here, then we all will eat birds and have a good time with them.

Mrs. Jack Vaughn was in Sanford Wednesday attending to some business.

Mr. and Mrs. Culp and children and Mrs. Thompson were pleasant callers at the home of Mrs. Jack Vaughn Sunday.

Times are dull and things are high and still going higher. Just wait another year then people will have to go to it hard for a living if this war still holds out.

WEKIWA AND ETHEL

A. M. Rush came back last week to harvest his crop of potatoes and other vegetables. His wife returned to Coleman with him where they will make their future home.

We are glad to welcome a newcomer to our neighborhood, Mr. E. Wilcox of Ohio who expects to make his home here and try his hand at farming.

Mrs. C. J. Vermilion accompanied her daughter, Miss Daphna to Sanford last Sunday and is spending the week with her.

A crowd of our young people motored to Monroe Sunday night where they enjoyed the church services conducted by Rev. Gorbett.

EAST SANFORD

George McDougal, Jr., joined his father, G. C., in Waycross, Ga., last week and together they visited the Georgia State Fair at Macon and had the pleasure of seeing a number of the Sanford soldier boys in camp near there. George also visited the big Barnum & Bailey circus at Waycross.

Mr. and Mrs. J. C. Rowan are living at Beck Hammock now. Mr. Rowan is well known about Sanford having lived here some years ago. At present he is here on leave, being a wireless operator on a U. S. A. transport.

Annie and Henry Cameron were at home for Halloween and over Sunday from Stetson College.

Mrs. Stoneoff of Celery avenue underwent an operation for appendicitis on Sunday of last week and is said to be recovering nicely.

Marshall's store at Cameron City is the latest out here to install a telephone.

The East Sanford Red Cross chapter ladies did very nicely at their Halloween festival. Moore's Station church, at which place the affair was held was charmingly decorated and together with the witches and ghosts made an effective appearance, to say nothing of the delicious, good things to eat.

Mr. and Mrs. C. B. Tyler have bought the Maris home at Lake Onoro and are nicely established there. Prof. and Mrs. Geo. L. Maris have owned and resided there sixteen years. They are now pleasantly located in a large residence owned by them on the north shore of Lake Onoro.

Mrs. Chandler of Cameron avenue is entertaining her brother, Mr. Willbank of Commerce, Ga.

Mr. and Mrs. H. J. Roberts and daughter, Beale, together with Mrs. Edwards and Mr. Marshall of Lake Helen, were Sunday visitors at the Ellsworth home on Beardall avenue.

ROLLINS COLLEGE VESPERS

Half Hour Fine Music and Address By President French

The second of the winter season's vespers services which are held in Knowles Hall, Rollins College, every

other Sunday evening at 7:30 will occur on the evening of Nov. 11. A special feature of these services is the very excellent music which is contributed by the Conservatory of Music under the direction of Miss Susan H. Dyer. The programs are varied and give to the lover of music a splendid evening's service. From time to time members of the Conservatory of Music Faculty are heard as well as the chapel choir which is better than usual this year. The offerings are for the benefit of the Red Cross.

Rev. Calvin H. French, LL.D., president of Rollins College will make the address this coming Sunday evening and the following musical program will be given:
Prelude, Pastorale.....Rheinberger
Passacaglia, from Suite in G Major.....Handel
Trio, "Lift Thine Eyes".....MendelsW
Trio, "Lift Thine Eyes".....MendelsW
The Swan.....Palmgren
Impromptu in G Major.....Schubert
Ave Maria.....Bach-Gounod
Postlude, "Hosanna".....Wachs

Federal Child Labor Law Effective

Senator Fletcher has copies of this Act and of the Rules and Regulations. During 1916 Congress passed an Act to prevent interstate commerce in the products of child labor, and for other purposes which was approved by President Wilson on September 1 of that year, which Act became effective by its terms on September 1, 1917. This Act is one with which every employer of labor should be familiar. It provides in part as follows:

Be it enacted by the senate and house of representatives of the United States of America in congress assembled, That no producer, manufacturer or dealer shall ship or deliver for shipment in interstate or foreign commerce any article or commodity the product of any mill, quarry or quarry, situated in the United States, in which within thirty days prior to the time of the removal of such product therefrom children under the age of sixteen years have been employed or permitted to work, or any article or commodity the product of any mill, canery, workshop, factory, or manufacturing establishment, situated in the United States, in which within thirty days prior to the removal of such product therefrom children under the age of fourteen years have been employed or permitted to work, or children between the ages of fourteen years and sixteen years have been employed or permitted to work more than eight hours in any day, or more than six days in any week, or after the hour of seven o'clock post meridian, or before the hour of six o'clock ante-

meridian: Provided, That a prosecution and conviction of a defendant for the shipment or delivery for shipment of any article or commodity under the conditions herein prohibited shall be a bar to any further prosecution against the same defendant for shipments or deliveries for shipment of any such article or commodity before the beginning of said prosecution.

Senator Fletcher in a communication to this paper states he will be pleased to mail a copy of this act, together with the rules and regulations made for the purpose of carrying out its provisions, to every person who feels that he may be interested in the matter.

Evolution of the Wheel.

Naturally, there was a first man to eat an oyster, and there must have been some heroic pioneer to tackle every edible article that is known to civilization today. High authority has bestowed eulogy on the man who invented the wheel, and some have gone so far as to assert that this unidentified genius was the greatest benefactor of the race, but we may doubt if the wheel was really an invention. It seems more likely to have been a gradual discovery, the result of a slow, evolutionary process for which no man or group of men could claim the credit—Exchange.

Lost His Sweetheart.

Harold, aged five, was visiting his aunt in the city, and the little girl next door was his sweetheart till one day when she came over with her little pink rompers on. Mortified, Harold said: "Why don't you go home and get a dress on; I don't want you to be a boy."

Notice of Application for Tax Deed Under Section 8 of Chapter 4838, Laws of Florida

Notice is hereby given that Fred T. Williams, purchaser of Tax Certificate No. 161, dated the 6th day of July, A. D. 1915, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Seminole county, Florida, to-wit: Lot 4, (less W 366.4 ft and less 59 ft by 117 ft.) Robinson's survey of Sanford. The said land being assessed at the date of the issuance of such certificate in the name of Clark & Benton. Unless said certificate shall be redeemed according to law tax deed will issue thereon on the 11th day of December, A. D. 1917.

Witness my official signature and seal this the 9th day of November, A. D. 1917.

(seal) F. A. DOUGLASS,
Clerk Circuit Court Seminole County, Florida.

HERALD ADVERTISEMENTS BRING RESULTS

Well "Armed"!

When company comes there is no time to waste—no chances to be taken—so mother sees that there is always a can of

CALUMET BAKING POWDER

on hand. Cakes, pies, doughnuts, muffins and all good things to eat must be dressed up in their best taste and looks.

Then, too, her reputation as a cook must be upheld—and she "stakes" it on Calumet every time. She knows it will not disappoint her. Order a can and have the "company" kind of bakings every day.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

You save when you buy it.
You save when you use it.

HIGHEST QUALITY AWARDS

TIN

Early phonographs used tin horns to magnify the music. The tone was metallic and unnatural.

WOOD

Then the tin horn was placed within a cabinet but, though hidden from sight, its "wringy" tone was unchanged.

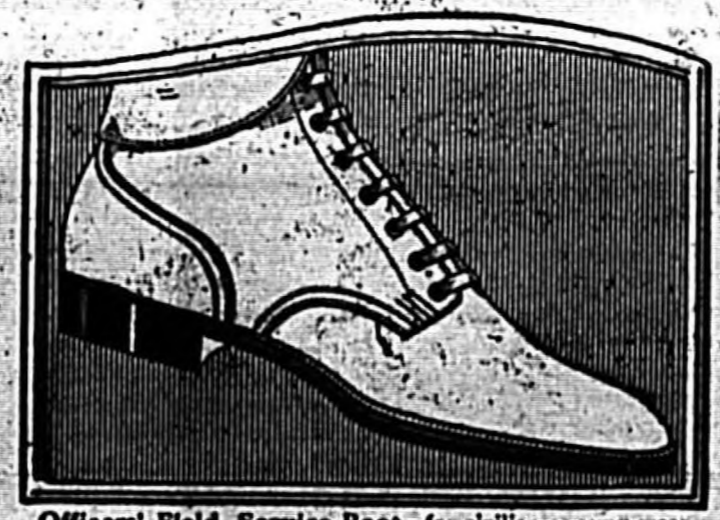

Wood horns are now used by many. But the common woods they employ are unmusical. So the improvement in tone is but slight. Some also use cast-iron throats, marked "metal" above.

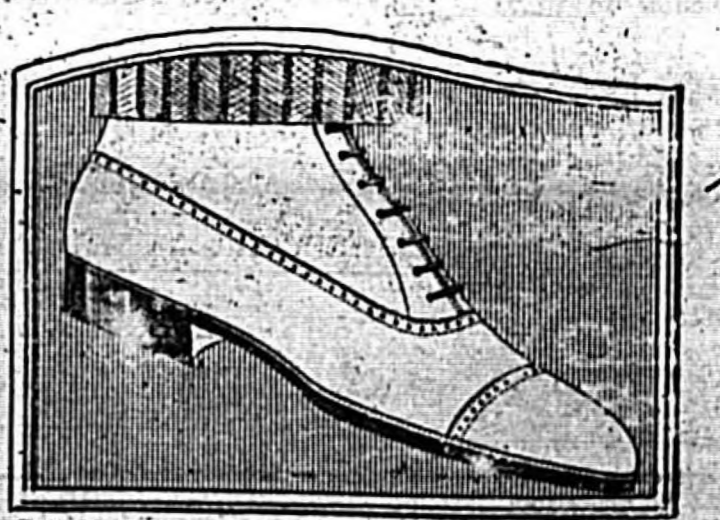

The Singsing Throat

(Illustrated) is composed wholly of Silver Grain Spruce, the sweetest, most really vibrant wood which grows. For centuries the great music masters have used it for their rare-toned violins and other fine instruments.

PUBLICITY PULLS PROGRESS

"PRODUCING NOT PROMOTING" BOARD OF TRADE RESULTS (BY THE SECRETARY)

The following letters indicate three interests that mean much to Seminole county not only this season but in the future. Should further data be required by any one, same may be had at the Board of Trade office.

Reference Crops and Their Movement

Washington, D. C., Nov. 6, 1917
 The Sanford Board of Trade, Sanford, Fla.
 Gentlemen:

Acknowledging receipt of your letter of Nov. 3rd and the valuable information you have submitted respecting your vegetable and staple crops, together with estimated car requirements to move same. We are glad to have the information which will be most helpful to us in our treatment of the southeastern perishables movement. We have suggested that a conference of the interested southeastern carriers be held, with view to outlining their arrangements and making them known to us, at which time a conference will be called of a few of the southeastern distributors, to invite their cooperation to the end that the crop may be moved with reasonable promptness and with minimum loss.

Yours truly,
 U. S. Food Administration,
 By Edward Chambers.

The Board of Trade will be in close touch with the car situation this season and arrangements now in hand, if carried on, will practically insure service and movement.

Letter From Congressman Sears, Kissimmee, Fla., Nov. 4th, 1917.
 Board of Trade, Sanford, Fla.
 Gentlemen:

As you no doubt know, the Atlantic Deepwater Waterways convention will be held at Miami, Florida, Nov. 27th-30th, 1917. This convention will be attended by prominent men from all parts of the country, and I understand quite a number of the Rivers and Harbors committee of

the United States House of Representatives will be present. In view of the importance of the convention to our state I trust you can see your way clear to send delegates.

I hope you will not think it presumptuous on my part in calling your attention to the above. I am writing a similar letter to other boards of trade.

Very truly yours,
 W. J. Sears,
 M. C.

From the Southern Railway Reference Tourists

Chicago, Ill., Oct. 28, 1917.
 Board of Trade, Sanford, Fla.
 Gentlemen:

We are daily receiving numerous inquiries from persons in and around Chicago as to where to go to spend the winter and knowing of Sanford and Seminole county through the Board of Trade advertising, we are writing you to secure a liberal supply of all descriptive literature you may have of your city and county. This winter will send many persons to Florida that have never before made the trip and we wish to place in the hands of these people your booklet and also distribute them among many prospective passengers. The outlook is that Florida will have a heavy tourist increase this season over past seasons.

Yours truly,
 A. C. Mathias,
 Northern Pass. Agent.

Five cars will leave Sanford for Geneva Tuesday, the 13th, at 6:45 p. m. to attend the Board of Trade meeting to be held at the city hall. The cars will leave from the Hotel Carnes and all members desiring to attend will be gladly given a seat if they will only phone their wish to the secretary, phone 328. It is hoped that a large delegation will go from Sanford as it is understood that there is a treat in store for the occasion.

Congressman Sears' letter interference to deeper waterways is really a warning to us to get busy. Opportunity is now knocking at our door and we should seize it and rejoice rather than pass it by and regret it later on. This matter will be gone into thoroughly at Geneva, next Tuesday night. Everybody should be present because it means actual money to every citizen of this section. We appreciate highly Congressman Sears bringing this matter so forcibly to our attention. It shows his interest and we must at least act in our own behalf.

We have a letter from Hon. Harry D. Wilson, commissioner of agriculture, Baton Rouge, La., wishing the address of Sanford people having celery plants for sale. Says he proposes to try celery in his section.

The Osceola brought in over fifty tourists yesterday, five of the number stopping in Sanford. Three of them had a Seminole county folder in their hands when they landed. Every one is beginning to realize that it pays to advertise. There is in reach of this county, over a half million dollars of tourist money each year and all we need to do is to keep up our advertising and the money will increase and continue to come. Ultimately every citizen gets his with interest—that's where a Board of Trade pays.

ELECTIONS TUESDAY

Showed Many Surprises All Over The Country

The outstanding feature of the elections in the United States yesterday, was the apparently assured victory for woman's suffrage in New York state by a majority of approximately 40,000. While the suffra-

gists were winning in the east, early returns from Ohio indicated defeat for them in that state.

Two states, Ohio and New Mexico, voted on prohibition. Incomplete returns from Ohio showed that the contest in that state was very close with the drys leading by a small margin. The prohibitionists evidently had carried New Mexico.

The entire Republican state ticket headed by Gov. Samuel W. McCall won an overwhelming victory in Massachusetts, while the Democratic state ticket headed by Westmoreland Davis was successful in Virginia.

Interest in the municipal elections centered upon New York where John F. Hyland, Democrat, defeated Mayor John P. Mitchel, candidate for re-election by a plurality of more than 140,000. The entire Tammany city ticket also was elected.

The Socialist votes showed a gain of more than 400 per cent over that cast in the municipal campaign four years ago.

The bi-partisan judicial ticket in Chicago defeated by a plurality estimated at 80,000 Socialist candidates standing on an anti-war platform.

The attempt of Senator Penrose backing the so-called town meeting candidates to oust the Vore brothers from control in Philadelphia upon the face of returns up to midnight appears to have been successful, but at that hour both sides were claiming victory.

William A. Magee, former mayor of Pittsburgh, seemingly was defeated by E. V. Babcock, a wealthy business man. Both are Republicans. Harry L. Davis, Republican, was re-elected mayor of Cleveland. Charles W. Jewett, Republican was chosen mayor of Indianapolis. By electing George W. Smith mayor of Louisville the Republican party in that city scored their first victory in ten years. John Galvin, Republican was chosen mayor of Cincinnati.

George F. Buck defeated Louis P. Fuhrman, the incumbent, for mayor of Buffalo. Buck is a Republican. Hiram H. Edgerton, Republican was elected mayor of Rochester and Walter R. Stone, also Republican, mayor of Syracuse.

Schuyler Merritt, Republican, was elected to congress from Connecticut to fill the vacancy caused by the death of Ebenezer J. Hill, Republican.

Morton E. Lewis, Republican, was elected attorney general of New York state.

Woman May Be Auctioneer. Although there is no record that a woman has ever been an auctioneer, it is on record that in May, 1912, the then mayor of New York, Mr. Gaynor, answered an inquiry addressed to him by a woman by saying that there was nothing in the law to prevent a woman from becoming an auctioneer. Strange enough, it was a milliner who made the inquiry.

When Children Are Cross, Be Kind. Don't be cross with children when they are cross. If they are irritable and pouty leave them alone to their blues by trying to divert their attention to some interesting book or game or toy. Get them outdoors to play or to walk. Take them for a ride. The common retort to cross children is in being cross yourself, but this only hurts the children and makes them moody and later despondent.

The Easiest Way. "She determined to be boss of the house, but he was pretty strong-willed himself." "How'd she manage it?" "Because his cook instead of his wife."

Didn't Believe in Signs. "Advice ain't much help," said Uncle Eben. "Many a man has had his pockets picked while he was admiring de sign tellin' him to beware o' pick-pockets."

THE ADVANTAGES OF A SLENDER FIGURE

It has probably occurred to few people that any danger of losing their residence could possibly arise from living on a peninsula of such substantial size as Florida. It is true that this state offers but little in the way of mountain scenery and that some timid persons have in times past been disturbed by predictions of a coming tidal wave. But the new order requiring all allies enemies to remove themselves inland to a distance of not less than one hundred miles from the coast of any part of the United States will be just as effective as the flood itself as far as German residents are concerned. Owing to its lengthy and somewhat attenuated outline there is no part of the peninsula of Florida that is more than one hundred miles from either the Gulf or the Atlantic, a geographical peculiarity that will in future lend added weight to Florida's present claim that she is the most loyal state in the Union. Palm Beach Post.

FADING AWAY OF THE "YELLOW PERIL"

We Americans have heard so much of the "yellow peril" during the past decade that most of us have firmly believed that war with Japan might break at any time, and the Japanese undoubtedly have wrestled with the same fear. In view of the attitude held in each country—due greatly to fools in America and German agents in Japan—it is remarkable that we haven't gone to war with the mikado. On the above account the agreement between the two governments relative to China, and to Japanese cooperation in the war against Germany in the Pacific and Indian oceans, reached during the recent visit of the Spanish commission to Washington, is one of the most important and greatly desired announced in recent years. In a few hours the result of years of hatred engendering propaganda was done away with. China was assured a "square deal," Germany of some real sea fighting from the intrepid Japs, and possibly on land as well, and Japan and the United States of cessation of circulation of rumors of one country's enmity toward the other. That the United States is sincere in its friendly attitude toward Japan and all other countries is so evident that the making of the statement is not necessary—and it is realized among friendly nations almost as

well as it is on our shores. We believe Japan holds the same attitude toward the United States—and that the "yellow peril" is fast proving itself to be a myth.—Tampa Times.

WHAT WAR WORK MEANS

After several weeks of preliminary work the leaders in the movement to raise \$35,000,000 for the War Work Council of the Y. M. C. A. find that several people still want to know what the money is to be used for and how it is to be spent. This has been explained many times, but as it is of vital importance these explanations are being repeated as often as necessary.

The money is to be spent for the entertainment of the United States soldiers both in this country and in Europe. Smaller sums are to be used among the soldiers of France, Italy and Russia. Large buildings are to be built in all training camps and cantonments. There will be one building for each 5,000 or 6,000 men. These structures will be fitted up with stoves, libraries, containing books and newspapers and magazines, musical instruments, pool tables, class rooms, etc.

Here the soldier will always find writing materials and a big sign, "Write home today." Nearly all of letters which have been received from the men now in the army have been written on Y. M. C. A. stationery. This shows that the men appreciate the work being done by the War Work Council of the Y. M. C. A.

The money will be spent by this council for the things above mentioned. None of it will go for salaries, commissions, or other side expenses. The men who are conducting the big campaign to raise this fund are donating their time. Most of them are paying their own expenses. The soldiers will receive the benefit of every dollar contributed to the big fund.

MENDICANTS

The winter season approaches and the flock of mendicants that each year come to Florida with the snow birds are coming just as they have always come but this year we have no time or money to waste on these people. They have a home somewhere and they should be made to stay there. They should not be allowed to roam over the country at large at any time but this year we have more momentous claims upon our charity. We have the Red Cross, the Y. M. C. A., the Liberty Loans, the boys at the front, our own boys in danger and suffering to think about and although it may seem cold-blooded and hard hearted to say it but we have no time or inclination to take care of these people this year. They have been dumped upon us every year and we gave them of our sustenance and of our sympathy although they were not of us. We had our own poor and needy to take care of but always had something to give the stranger but this year we have nothing for them and do not wish to see them in our midst when we have so much to occupy our attention—bigger things and things that come home to us. We still have our own people to take care of and with that the boys at the front and the big war to fight and a thousand and one things to do and we do not want these mendicants from other states to come to Florida to prey on us this year and we should not have it. Our officials should see that these people do not land here and if they do get off the trains or walk here on the roads they should not be allowed to work the city, to panhandle on the streets to work the back doors for handouts. We cannot and will not stand for this beggary this season and the officers should be instructed to see that it is eliminated.

HOME ADVERTISING

We hear much these days about patronizing home industry. We know there is trade going from Sanford to the mail order houses and to the merchants of neighboring cities. We know that many business men here are loud in their lamentations about people failing to patronize their own particular business who themselves go out of town for their own particular wants. Especially is this true of advertising—that elusive thing that so few business men know anything about and so few of them ever stop to consider. There is good advertising and poor advertising and the trouble with so many business men is that they do not know the poor from the good. There is just one thing that The Herald will say about advertising. There has never been a line of advertising in this paper that did not bring directly or indirectly results to the business men of this city. This is, from the strict advertising view. Now from the commercial and reciprocal standpoint we wish to tell the business men of this city that The Herald office is not a charity organization. We stand on our own two feet and we have the best and most up to date country printing offices in the U. S. We have a

large force of printers and we pay them good wages and all of this money is spent right here in this city. The folks spend nothing here and give you nothing for your money in advertising results and have no money invested in your city and never will.

So when you are talking about home industry always remember that the paper that has worked for you for many long years, that has a real manufacturing plant here, that spends its money here, that does its part and then some toward building up this city should at least receive your consideration first in the matter of advertising. After that you can throw your money away on fake advertising and foreign advertising if you so wish. And after you do cease grumbling about others doing likewise.

Looks Like Collapse and Separate Peace in Russia

(Continued From Page 1)

adheres to them. An armed clash is counted among the first probabilities but it is said here the greater part of the army is expected to remain loyal to the Kerensky government. Whether the new revolt will go the quick way of the Korniloff revolution no one here ventures to predict; the realization is that it is infinitely more serious. The outcome, and Russia's part in the next years of the war while she recovers her fighting power no one here assumes to contemplate at this time.

County Commissioners Sell Special Warrants For Guards Supplies

(Continued From Page 1)

to draw warrant payable to R. C. Bower for \$7.60 bill of Mr. Byrd. Carried.

Motion of L. P. Hagan, seconded by O. P. Swope, C. W. Entzinger is authorized to make certain repairs on roads in his district.

Motion of C. W. Entzinger, seconded by E. H. Kilbee, O. P. Swope is authorized to straw certain sand roads in his district.

Motion of L. P. Hagan, seconded by O. P. Swope, Supt. W. C. Williamson is instructed to purchase two tons of fertilizer for orange grove at county home and have same plowed under.

Motion of L. P. Hagan, seconded by C. W. Entzinger, clerk of this board is instructed to advertise for bids for straws roads in each commissioner's district, separate bid for each district and for information as to which roads see commissioner in his district.

Motion of C. W. Entzinger, seconded by O. P. Swope, the clerk is instructed to notify all justices of the peace in this county that in future no coats-bills will be approved for payment in cases of parties charged with beating way on railroad trains, unless said parties are duly convicted after a trial by jury, or unless the defendants have signed a written waiver of trial by jury, and in all cases of this kind the justice of the peace shall require the presence of the conductor in charge of the train, as a witness against the defendant, otherwise the defendants shall not be prosecuted, and in no case shall a defendant be permitted to plead guilty except in open court. Motion carried.

The following bills as audited by the clerk and approved by this board were ordered paid:

WAR WORK CAMPAIGN BEGINS HERE
OPENS SUNDAY AT LYRIC AND CANVASS MONDAY
The executive committee in charge of the campaign for the National War Work Council of the Y. M. C. A. do not believe in starting things by halves and to show that they mean business they have persuaded Manger Lane to donate the Lyric Theatre for an opening performance on Sunday afternoon.

WAR WORK CAMPAIGN BEGINS HERE
OPENS SUNDAY AT LYRIC AND CANVASS MONDAY
The occasion for Sunday morning is the placing of a memorial plate for the late Deacon W. S. Baldwin. Mr. Baldwin was for a number of years a member of the Baptist church and a never tiring worker friend for both the church and Sanford, and to do honor to his memory a few immediate friends and members of the church have graciously erected to that memory a memorial in the shape of a marble table in the tile floor in the lobby of the Temple building and directly under the large electric chandelier a memorial plate bearing the words: "W. S. Baldwin, a Memorial."

WAR WORK CAMPAIGN BEGINS HERE
OPENS SUNDAY AT LYRIC AND CANVASS MONDAY
There will be music, some songs and a glorious good time thrown in. This meeting is to be held at the direction of the Florida State Campaign director, Maj. Geo. F. Tibbets, who has been in the war torn countries and has just returned to be able to get in this campaign to raise funds for the needy Sammies of our sure enough fighting forces. Major Tibbets was at a meeting of the executive committee held in the Hotel Carnes Wednesday afternoon, and some of the things told from actual experience would bring tears to the eyes of most men. How the boys—thousands of them—on the battle lines in France, cold, muddy, hungry, unshaved, wrapped in a love of country paramount to one's own feelings—how they marched in for just a rest, and how the Y. M. C. A. secretaries supported by the

FEDERAL RESERVE BANKING SYSTEM
BUSINESS
The Modern Spirit
of cooperation, the spirit which animates all successful business, prevails in the organization of our Federal reserve bank.
We own stock in it. We keep our reserve cash in it. We have a voice in electing its directors and through them in choosing its management. It is our bank, and its resources enable us at all times to meet the legitimate banking requirements of our community.
You, in turn, can cooperate with us in maintaining the Federal Reserve Banking System, and at the same time share in its benefits and protection, by becoming one of our depositors.
First National Bank

Seminole's Campaign

County Made a Fine Showing In The State

At the time this issue of The Herald goes to press the final figures concerning the Food Pledge cards to Seminole county and Florida at large have not as yet reached me from headquarters at Jacksonville and owing to the fact that many cards were mailed direct to Jacksonville it is impossible to give the exact number signed in Seminole

county. However, our record compares favorably with that of any other county in the state up to the present.

Seminole county's quota was two thousand signatures. We have mailed from Sanford two thousand, four hundred and one. This includes thirty-eight signatures of pledge cards belonging to other counties or states, which will be credited to them. On the other hand a number of pledge cards were sent to Jacksonville from other places which will be credited to us so that our number will be somewhere in the neighborhood of twenty-four hundred. Nearly one hundred cards were delayed in reaching me at Sanford until Tuesday morning so that it is possible this last hundred may not be officially credited to us on the first count and first official report but will be rectified later since we are asked to continue sending signatures as they come in.

The captains of the pledge card teams and the Boy Scouts worked valiantly and we were also given splendid support by the clergymen of the county both white and colored. In addition, the help given by the teachers, postoffice officials and that of the many individual workers who gave time and strength to make Seminole's success sure is most deeply appreciated.

The teams doing the Sanford pledge card work consisted of Mesdames H. G. Dietrich, F. F. Dutton, Cecil Gabbett, E. McC. Galloway, Joe Harrold, R. J. Holly, C. K. Lucas, John Meisch, E. P. Morse, T.

Easy to Rid Home of Rats and Mice

There is no need of suffering from the depredations of rats and mice now that Stearns' Paste is readily obtainable at nearly every store. A small box of this effective exterminator costs but a few cents and is usually sufficient to completely rid the house, store or barn of rats and mice. The U. S. Government has bought thousands of pounds of Stearns' Paste for use in cities where rats and mice are plentiful. The Paste is also efficient in destroying cockroaches and waterbugs.—Adv.

LATEST BOCHE GAS MASK

This is the latest model German gas mask, taken from a prisoner at Lens. Owing to the shortage of rubber the flexible portions of it are made of leather.

LEONARD MAKES BIG MONEY

Lightweight Champion Grabbed Off \$65,000 in Past Year—Fine Future Is Before Him.

Many a bank president would consider that he had achieved the height of his ambition if he could grab \$65,000 a year, as Benny Leonard has done during the past twelve months in the ring.

Benny got about \$600 for beating Freddie Welsh, and the \$11,004 he earned when he met Johnny Kilbane at Philadelphia is a small part of his total earnings for the year. But Leonard has kept busy in the ring. His manager, Billy Gibson, has always had him well booked and has always managed to get him fair-sized purses. So

Benny Leonard.
Leonard's earnings have piled up faster than those of many a shrewd-headed business man. Before another year has passed Leonard will have more than doubled his earnings of the past twelve months, for the lightweight championship is certainly worth its weight in gold.

Bladed Sweep Oar Invented.
Ellis Ward, former rowing coach of the University of Pennsylvania, has invented an aluminum bladed sweep oar.

Coal Consumption.
Great Britain's per capita coal consumption is about three times as great as that of France.

MUSTANG LINIMENT
For Sprains, Lameness, Sores, Cuts, Rheumatism
Penetrates and Heals.
Stops Pain At Once
For Man and Beast
25c, 50c, \$1. At All Dealers.

Watching Lobsters' Tails.
To find out if they have been cooked alive, lobsters should be examined very carefully. If their tails are tightly curled to their bodies it is reasonably certain that they were properly cooked.

Operating Sewing Machine.
There is no exercise so tiring as jumping, and yet this is just what most women do in operating the sewing machine. Try pressing down the toes of one foot, then the other, as though pedaling. You will be much less tired after a day's sewing.

From Man.
One is brought face to face with the stern facts of nature when a saleswoman at a Brooklyn department store while exhibiting a dehydrating machine says: "You are mostly water and if you were put in here you would soon look no better than that dried onion."—Brooklyn Eagle.

An Early "Scoop."
The Virginia Gazette was founded in 1736 and claims to be the oldest paper in the oldest city of the oldest state and first to publish the Declaration of Independence.

Dwarf Trees for Gardens.
Dwarf trees are suited to small gardens, they occupy little space, are easily cared for, bear sooner than standard kinds, and they are easily shaped into bushes and pyramids, or can be used in espalier forms, trained on buildings, fences or trellises.

Daylight Saving Abroad.
Great Britain, France, Germany, Austria, Italy, Holland, Denmark, Norway, Sweden, Portugal and Australia all have adopted the daylight saving plan.

"Fair List Prices" "Fair Treatment"

Florida Waters Have 657 Varieties of Fish

WHICH is a remarkable record even though Florida has the longest coast line of any State in the Union, nearly 2,000 miles of navigable rivers, and innumerable streams.

Goodrich has over 4,000 different rubber products, an unrivaled record, remarkable even for the largest individual rubber manufacturer in the world.

The crowning glory of Goodrich rubber making is Goodrich Tires.

GOODRICH BLACK SAFETY TREADS

Have had their lasting strength and all-around merit proved in the nation wide testing of Goodrich Test Car Fleets.

Against the roughest roads of state and nation, these tires have demonstrated the perfection of Goodrich's *Unit-Mold, Unbroken Cure* body for fabric tires.

"America's Tested Tires" mean service assured by test.

"Best in the Long Run"

\$\$\$ **WAFFLES** \$\$\$

We agree with you about waffles. They *must* be crisp. Not We don't doubt that *your* waffles are crisp. But perhaps you'd like them even *more* crisp.

If you would, why don't you try some economical Cottolene Waffles? Wholesome, economical Cottolene, you know, has a delightful habit of making all foods "crispy" — waffles included.

If you prefer to use your own recipe, be sure to use one-third less of economical Cottolene than you would of expensive butter.

Why "one-third less"?

Simply this:
Wholesome Cottolene is unusually rich — even much *richer* than butter. It contains no water or salt.

So it goes farther.

Our recipe given here has an established reputation for making delicious, crisp waffles. Will you try it?

3 1/2 cups flour
2 rounded teaspoons baking powder
1 level teaspoon salt
2 cups milk
Yolks 4 eggs
Whites 4 eggs
1 tablespoon melted Cottolene

Picture No. 1 shows how to start

Cottolene
"Makes Good Cooking Better"

Yes! Economical Cottolene is also superior for frying and for cake-making

At grocers in line of convenient sizes

Every Kind of Insect Killed There is no insect that can withstand BEE BRAND INSECT POWDER. Quick death is inevitable. Don't be bothered by flies, fleas, roaches, ants, mosquitoes or bugs of any kind. Fanned into the air it kills flies and mosquitoes. Sprinkled in their runways or hiding places it kills bugs of every other kind. Try a tin today. Its harmless.

EX-COV. TERRELL'S BROTHER GIVES TESTIMONY That's What John Bunyon Johnson, the Well-Known Automobile Salesman, Says of Martin's Liver Medicine

One of the latest to add his unqualified endorsement to Martin's Liver Medicine is John Bunyon Johnson, of Macon, Ga. In a letter dated August 25, 1917, he says: "It affords me pleasure to report that I have taken Martin's Liver Medicine and obtained most desirable results. Martin's Liver Medicine is pleasant to the taste, does not grip or inconvenience the taker in any way. It acts positively and yet gently upon the liver and it is my opinion that it is superior to any liver medicine sold."
