

## KING CONSTANTINE HAS BEEN IMPRISONED

### REVOLUTIONISTS IN POWER IN GREECE SAYS LAST REPORT

KING REPORTED TO HAVE BEEN IMPRISONED TODAY.

#### GRAVE SITUATION

In Dardanelles Which Overshadows the Revolutionary Developments in Greece

(By The Associated Press) CONSTANTINOPLE, Sept. 28.—Former King Constantine of Greece, who abdicated yesterday, is reported to have been imprisoned by revolutionaries in Athens.

LONDON, Sept. 28.—The British government circles today took grave view of situation in Dardanelles which was regarded as so critical as to overshadow revolutionary developments in Greece. Opinion was expressed there is greater prospect of fighting between British and Turkish nationalists than at any previous time.

LONDON, Sept. 28.—The cabinet was today to consider the message from British General Sir Charles Harrington commanding the Allied armies in Constantinople summarizing Mustafa Kemal Pasha's reply to General Harrington's warning against violation of the neutral zone along the straits. The reply is considered to be evasive and ambiguous.

ATHENS, Sept. 28.—King Constantine, bowing to the will of the army and navy, has abdicated and Crown Prince George, who married Princess Elizabeth of Romania, becomes king of Greece.

"Until the people say they want me no more, I shall hold my throne," the king declared to the Associated Press correspondent Tuesday night. He accepts the revolution as the voice of the people.

PARIS, Sept. 28.—M. Venizelos, who was deposed by the Greek disaster, will be in Beauville, for rest and quiet.

The adherents of Venizelos here are doubtful that he will join any new ministry at present and inclined to the belief that he will play a more of a part in trying to save as much as possible from the wreck of Greece's republic. At the peace conference, however, M. Venizelos will take up his affairs until endorsed by a freely expressed popular mandate.

ATHENS, Sept. 28.—Crown Prince George took the oath as king yesterday afternoon at the palace before the members of the retiring cabinet.

Constantine twice occupied the throne of Greece. His first reign began March 18, 1913, with the assassination of his father, George I, and continued until June, 1917, when he was forced by the demands of Great Britain, France and Russia, to abdicate because of his pro-German sympathies.

He was succeeded by his second son, Alexander, who was nominated by the deposed monarch and who proposed to carry out Constantine's policies, despite allied demands to the contrary. For three stormy years, Alexander signed in name only. Then his tragic death in 1920, due to the bite of a pet monkey again turned the spotlight on Constantine, who had spent the intervening three years in exile with his large family.

A plebiscite had shown that the Greek nation insisted on the return of Constantine to the throne, and while the allied governments continued to exert every pressure at their command to prevent his re-ascension, the former king marched triumphantly into Athens and was crowned in December amid scenes of the wildest enthusiasm.

Constantine was born August 8, 1868, and obtained his education under German tutors and army officers. Once in 1909, he was dismissed as commander of the Greek army be-

### PROPOSE TO ENDORSE HENRY FORD FOR PRESIDENT IN 1924 GENERAL ELECTION

#### Michigan State Convention Takes up the Matter at Convention Today

(By The Associated Press) BAY CITY, Mich., Sept. 28.—A proposal to endorse Henry Ford for the presidency of the United States in 1924 general election was prepared for presentation to the resolutions committee of the state convention. What the fate of the proposal would be in the resolutions committee, none of the state central committee members would attempt to forecast.

### FLORIDA ORANGE CROP WILL RUN 15,000,000 BOXES, IS ESTIMATE

(By The Associated Press) WASHINGTON, Sept. 28.—Production of citrus fruits in Florida for the 1922-23 season is estimated at 15,000,000 boxes by the United States Department of Agriculture. Of this total, about 8,400,000 boxes will be oranges and tangerines and 6,600,000 boxes grapefruit. An early forecast of the California orange crop made August 1 is 13,750,000 boxes. The commercial citrus crop of Florida last season was approximately 13,300,000 boxes, of which 7,500,000 boxes were oranges and 6,000,000 boxes grapefruit.

Outstanding features of this season's crop are the fine quality and size of fruit from early bloom and the heavy setting of fruit from late bloom. Bloom last spring was heavy all over the citrus belt, except in the storm-swept territory on the West Coast where large quantities of the fruit were destroyed in October. Dry weather followed with considerable shedding of fruit, which became serious along the East Coast ridge and in parts of the central highland section. Beginning in May and extending through June this year practically the entire citrus belt put on the heaviest bloom the state has ever seen. With favorable weather conditions, a heavy setting of late fruit followed. The condition in most groves is therefore a light to fairly good crop of fruit from early bloom, which is showing unusual size and ripening somewhat earlier than usual. On the same trees is a crop from late bloom filling up the loss from shedding last spring and showing every prospect of swelling the total shipments next spring and early summer.

### ROBBED BANK IN CINCINNATI IN BROAD DAYLIGHT

#### KNOCKED CASHIER OVER THE HEAD AND COPPED \$14,000

(By The Associated Press) CINCINNATI, O., Sept. 28.—Five men entered the Hamilton County Bank on Woodburn avenue today and struck the cashier over the head and escaped with fourteen thousand, according to a report to police headquarters.

The originator of the term "berry" for the dollar just possibly got the suggestion from the price of a quart of berries.

cause of popular clamor against him, but he became a national hero in the Balkan war of 1912, when he led a Greek army in the capture of Saloniki from the Turks. In consequence of this achievement, he was accorded the popular title of "The Liberator."

AHMADABAD, British India, Sept. 28.—A large meeting was held here yesterday at which resolutions were adopted protesting against Great Britain sending forces to Constantinople and the Dardanelles. Threats were made to aid the Turks by joining them on the battlefields if they were declared against Turkey.

### PASS-A-GRILLE HOTEL BURNED TOTAL LOSS

#### THIRD TIME HOTELS HAVE BEEN BURNED ON THE ISLAND

(By The Associated Press) ST. PETERSBURG, Sept. 28.—Fire which was discovered at 3:30 this morning destroyed the Pass-a-Grille Hotel on an island adjacent St. Petersburg. The loss is estimated at \$150,000 with insurance amounting to \$68,000. The hotel was closed and occupied only by the caretaker, who got out with his own trunk and nothing else was saved from the building. It was a four story hotel, frame construction containing 66 rooms. It was the third disastrous fire at Pass-a-Grille this year and the fourth hotel burned on the island in the last few years. Incendiaries are suspected and citizens believe a firebug is operating on the island.

### VENIZELLOS IS DEAD AS FAR AS PLAYING PART IN GOVERNMENT

(By The Associated Press) PARIS, Sept. 28.—"I wish to be considered as dead," was the reply of Eleftherios Venizelos to a question as to the part he might play under the new government of Greece. He told all correspondents not to trouble to visit him.

### MYSTERIOUS GARAGE FIRE AND MURDER

#### ST. LOUIS GARAGE BURNS AND BODY OF WOMAN IS FOUND

(By The Associated Press) ST. LOUIS, Sept. 28.—Gertrude Brenn, 22, wife of Harry Brenn, proprietor of a garage at Oak Hill, Mo., who disappeared after fire destroyed his place of business last Tuesday today was subjected to further questioning by police who are investigating the mysterious theft of the body of Celsia Schneider, 18, who was found buried among the ruins of the fire from its grave in Mount Hope cemetery. The charred torso, first thought to be that of Brenn, who was believed to have been burned to death, was found in the ruins of the fire. After it was examined an autopsy surgeon declared it was the body of a woman. Detectives announced they were working on the theory that the burned torso may be the body of the Schneider girl.

### Municipal Golf Links Prove The Popularity of the Scotch Game

#### City of Jacksonville Appropriates \$25,000 for Links

(By The Associated Press) JACKSONVILLE, Sept. 28.—The newest addition of the growing popularity of the ancient Scottish game may be seen in Jacksonville's first municipal golf links, an 18 hole course of 6,282 yards, now under construction and which Dr. M. B. Herlong, city commissioner and golf enthusiast, says will be ready for play next January. Dr. Herlong is in charge of work on the course, for which the city appropriated \$25,000 to put the 147-acre tract of land in shape for use.

Plans are being drafted for a clubhouse containing locker rooms, showers, and other conveniences, for which the city will charge a small fee. Every variety of golf will be called for in the layout of the course, which has been termed one of the best in the country by a nationally known golf architect.

The course will be lined with bunkers and traps while on either side of the fairways will be found a growth of wire grass that will make recovery from hooked or sliced shots a difficult matter. The outward journey requires 3,040 yards, the shortest hole being a pitch for 130 yards while the longest is 45 yards.

Homeward bound, 3,282 yards are covered. On this side, will be found the longest hole on the course—No. 13, which is 541 yards, a double dog-leg across the valley.

The course will be provided with a system of double tees—both grass and clay.

### DIXIE HIGHWAY OVER TOMOKA RIVER NOW REOPENED

(By The Associated Press) DAYTONA, Sept. 28.—The bridge in the Dixie Highway over the Tomoka river north of here, which for about sixty days has been closed for repairs, will be reopened for traffic about October 1, eliminating the detour across the Halifax river here or at Ormond and the journey up the peninsula over the old Jacksonville-Daytona road.

### INSANITY WILL BE DEFENSE OF WOMAN IN PHILLIP CASE

(By The Associated Press) LOS ANGELES, Sept. 28.—Insanity will be the defense of Mrs. Clara Phillips charged with having beaten Mrs. Alberta Tremaine Meadows, twenty-two old widow to death with a hammer.

NASHVILLE, Tenn., Sept. 28.—Rev. J. S. McNelly, 84, chaplain of Quarles Confederate Brigade of the Civil war, and sixty-two years in the ministry of the Southern Presbyterian church, died at his home this morning after a long illness.

### AMERICAN DESTROYERS DISPATCHED TO TURKEY TO KEEP DOWN TROUBLE

#### BANDITS SHOT AND KILLED BY CITIZENS

#### AT EUREKA SPRINGS, ARK., AS THEY EMERGED FROM THE BANK

(By The Associated Press) EUREKA SPRINGS, Ark., Sept. 28.—Five bandits, heavily armed, rode into this mountain town in two automobiles at 11 o'clock yesterday morning to rob the First National Bank. Last night the bodies of two of them were in an undertaker's establishment, one bandit is so badly wounded that his death is momentarily expected, and two other members of the gang, with less severe wounds, are in the guarded jail, as the result of a battle between the bandits and citizens of Eureka Springs.

The dead robbers have been identified as Sid Wilson, 40, and George Price, 40, both of Crooks Town, Okla., Charlie Price, brother of George Price, is the man not expected to live, and Mark Hendricks, 45, Park Hill, Okla., and Sam Cowan, driver of one of the bandit automobiles, are the men in jail. Cowan is believed to be a resident of Joplin, Mo. Charles Price was operated on last night.

On entering the town yesterday morning the men drove directly to the bank. They made the usual commands which were obeyed by the bank employees. The robbers looted the bank vaults, securing \$95,000 in bonds and \$25,000 in cash, which they placed in sacks. While they were at their work, E. G. Smith, cashier of the bank, staped on a button which sounded an alarm in five business houses.

The citizens were ready when the quintette emerged from the bank with their sacks of loot. From places of vantage gunfire was directed at the robbers, who returned the hail of lead.

Ernest Jordan, jeweler, whose place of business adjoins the bank, killed one of them instantly and wounded a second man. Joe McKinney, attorney, fired from an upper window of a building across the street and he duplicated Jordan's feat. Except that Jordan received powder burns, not a resident of the town was wounded in the battle.

Due to the fact that the town is built on a mountainside, the streets are not on a level, steps leading down from one street to another. The citizens took advantage of this and occupied positions on a street on a higher level than the bank, firing downward at the bandits.

The automobiles, one a roadster, and the other a touring car, are in the possession of officers here. In April of this year, Henry Starr, notorious bank bandit and outlaw, paid a visit to the Harrison bank, Harrison Springs, Ark., 20 miles east of Eureka Springs, and met his death from a rifle shot fired by the president of the bank, shooting from concealed loop holes in the vault.

### High School Students Poisoned at Cafeteria Over Two Hundred

#### But They are Out of Danger With One Exception

(By The Associated Press) BIRMINGHAM, Sept. 28.—A roll call at Woodlawn High School today showed 260 students absent as a result of food poisoning yesterday. While many students affected were violently ill for a time it was said that all are out of danger today with the exception of one. Investigation indicated that the students were poisoned by eating sandwiches made from ground beef, cabbage, celery and pickle at the school cafeteria.

The Herald for Post Cards.

### TURKISH NATIONALISTS ACCEPT IN PRINCIPLE NEUTRALITY PENDING PEACE

#### But Navies of the World Powers Being Sent to Dardanelles For Protection

(By The Associated Press) NORFOLK, Sept. 28.—Preparations for the dispatching of twelve destroyers ordered by the Navy Department to proceed to Constantinople is being completed here today. Selection of destroyers it is understood will be under the direction of Admiral John D. McDonald, commanding the battleship force of the Atlantic fleet, which is now off the Virginia capes.

NORFOLK, Sept. 28.—Preparations are under way at the Hampton Roads naval base to outfit the 12 destroyers ordered by the navy department to proceed to Constantinople, Admiral Hugh S. Rodman, commander of the fifth naval district said last night.

The destroyers to be dispatched have not been designated, the admiral said. It is understood the selection will be made by Admiral John D. McDonald, commanding the battleship force of the Atlantic fleet, which is now off the Virginia capes.

CONSTANTINOPLE, Sept. 28.—The Turkish nationalists will accept in principle the neutrality of the straits of the Dardanelles, pending an armistice conference to be participated in by British and Kemalist generals.

In a message to Kemal Pasha at Smyrna, General Harrington urged an early meeting of the British and Kemalist generals at Mudania or Ismid as the most effective way of reaching an amicable understanding in the present difficult situation created by the Kemalist advance in the Dardanelles.

The message, which was most conciliatory in tone, declared it would be a pity at the present juncture to allow local occupations on the straits to jeopardize peace.

Prior to announcement that the Kemalists would respect the neutrality of the straits, Hamid Bey, the Angora representative, said to the correspondent: "The Kemalists naturally will come across the so-called neutral zones, but they have not the slightest intention of firing upon the British occupying the zones. If, however, the British move against us, we will be forced to reply."

Turkish cavalry from Erin Keul with reinforcements, is advancing to the northeast of Asmali-Tepe, apparently to cut off the British advanced post at Kephez.

A British column supported by artillery has left Chanak to counter the threat.

The crew of the Greek battleship Averoff mutined yesterday and left Constantinople for an unknown destination. The commander of the vessel was ashore to bid farewell to Brig. Gen. Harrington. When later he attempted to board the Averoff by means of a private launch, the sailors hurled missiles at him.

The vessels sailed at noon. Previously the allied diplomats had stated that the presence of the Averoff in Constantinople impaired the prospects of peace.

WASHINGTON, Sept. 28.—Secretary Denby yesterday ordered two destroyer divisions, comprising 12 destroyers, to proceed "as early as possible from Norfolk to Constantinople with extra supply of provisions" in response to a request from Rear Admiral Mark Bristol, American high commissioner at Constantinople, that they be sent "for the protection of American interests."

The flapper has been dramatized in the films. Only a motion camera could keep pace with her.

BIG MASQUERADE BALL, LAKE MARY, THU., SEPT. 28. 155-3tc

SMITH FAILED TO GET A COOK BUT ALL RIGHT

HE AND HIS BUNCH PULLED OFF A WONDERFUL ENTERTAINMENT

Some home talent plays are good—as far as home talent plays go—most of them are of the amateurish cast and you expect it. Some are away above the average especially here in Sanford where there is so much good talent and the play at the High School Auditorium last night entitled "Smith in Search of a Cook" was one of the really good ones. In fact it would be safe to assert that for a rip roaring farce filled with plenty of local hits, it was a knockout. The clever work of Mrs. Maxwell, Mrs. Deane and Rosamond Radford was apparent in the coaching of the different characters—however, Sanford folks are so well versed in all this stuff that they need but little coaching.

The play had a good beginning in the community sing led by Dr. Blackman and the songs and the fine talk on community singing made by Dr. Blackman put the audience in good humor for what was coming. Then the prizes were given away by R. J. Holly with young Sherwood Harvard pulling the tickets and everyone was satisfied and there was much merriment created by the receipt of the live pig and other prizes. The perversity of fate went with some of them and this was exemplified when Mrs. J. D. Davison won the cedar chest (Mrs. Davison being in the furniture business) but this good lady is always ready and willing to help along every good cause and she promptly gave the chest back to the Woman's Club and it was auctioned off after the play bringing in \$19 more. Of course the play was staged under the direction of the Woman's Club for this progressive and public spirited bunch of ladies are back of every movement and they put on the play to get enough funds to start the Domestic Science Fund for the High School something that is greatly needed. Prof. T. W. Lawton last night told about the needs of the school and the good work that has been accomplished and the wonderful help and cooperation extended by Sanford people and what the entertainment meant to the community.

The play was wonderful. Clarence Mahoney who is really a finished actor and good in any part took the place of Mr. Smith and he was the best ever being perfectly at ease in this difficult role in which he had to give the cues to all the rest of the company.

Mrs. W. F. Blackman as Mrs. Leopold Stein divided honors with Clarence and the balance of the company taking one of the principal characters. The best part of the show were the local hits on Sanford people being the exchange of repartee between Mrs. Stein and Mr. Smith since Mrs. Stein had all the cooks to lease but none of them being what Smith wanted. In fact the exchange between these two was better than any minstrel show ever staged here and was one of the best advertisements for Sanford that this city could procure "Even in our daily paper" to which Mrs. Stein referred. Mrs. W. L. Henley as the weeping widow who stretched the truth. Mrs. W. A. Lester as Maggie Moran the gum chewer, Miss Rosamond Radford as Katherina Webber daughter of Frau Webber in the person of Mrs. Endor Curlett was

WANTED—High grade man and woman in vicinity of Sanford to demonstrate the Sechrist Pressure Cooker and Canner used by Florida State University, and government demonstrators. Cooks food in one-third time. Sold on payments carried by company and saves its own payments on meat and fuel bills. See September Pictorial Review page 45. Demonstrators making \$100 a week. Write in full giving references.—F. C. Arnold, District Sales Manager, Orlando, Fla. 157-1tc
WANTED—Ten first class carpenters and one first class painter; good working conditions. Standard pay. No other but competent men apply.—H. T. Pace. 157-3tc
WANTED—Fresh country eggs at Bell Cafe. Will pay fifty cents per dozen. 157-4tc

ANNOUNCEMENT

We have just installed a New Series 8x12 inch Chandler & Price Press, the latest model press on the market, and the best press made. You are cordially invited to call and watch this press in operation, and if you want any printing done on it, phone 404, or call at

SEMINOLE PRINTER

"Our Work Satisfies—Our Prices Please"

Phone 404 902 French Avenue H. N. LUMLEY W. N. LUMLEY

good. Mrs. Curlett had a flow of German language that was a scream especially to those in the audience who were familiar with the German language and customs and Mrs. Curlett was one of the best in this character that has ever been seen in this city. Old Caroline the old darkey Mammy was taken by Miss Ruth Gillen in old time southern style, Mary Ann Dooley, by Mrs. E. D. Mobley added more trouble to Mr. Smith's long list, Mrs. J. C. Deen as Matilda Anderson who drank good "likker" and again as Anna Baker the lady with malaria was screamingly funny and carried out the part so well that she had the audience yawning and shivering while she took quinine. Miss Rosamond Radford as the petite French maid Antonette "Lubeck" was charming as Miss Radford is in all her parts. Mrs. Deen and Miss Radford took two parts each last night demonstrating their ability in dramatic art and Miss Radford will prove a worthy successor to Mrs. Deen as a teacher of elocution in the schools here.

Mary Brooks the English maid was charming in her frills and maids costume and with the accent and her entrancing "Maidish" manner. This part was taken by Caroles Tillis. Malvina Stubbs the typical New England spinster portrayed by Mrs. R. C. Maxwell was true to the part as usual and Sara Bernhardt (really from the asylum) taken by Mrs. Walter Wight was one of the best in the cast. She fooled Mr. Smith until the last moment when the keeper from the asylum (Victor McLaulin) came in to get her.

The play was a success not only as a real entertainment and a good laugh but from a financial standpoint and much credit is due the Welfare Department of the Woman's Club under the able leadership of Mrs. Henry Wight for their good work, their hard work and their time spent in getting up the advertising, the program, the play, the prizes and the entire affair here in the dull season. AM the merchants who gave the prizes and contributed so much to the proceeds of the entertainment and all who in any way contributed are to be congratulated.

It was so good, the laughs were so real, the object is so worthy that the Herald has taken up more space than usual in giving them credit for something that was greatly enjoyed by the large crowd present.

Rotary Club Meeting Was Full of Pep and Good Work Result

Race for Attendance Brings Out Big Crowd and Much Fun Resulted

The Sanford Rotary Club had a peppy meeting at the Hotel Valdez yesterday at which Cataneo served some excellent sea food and the boys of the club furnished food for thought. This was the first meeting since the race between the Reds and Blues started for attendance and everyone was on their toes. It was finally decided that the Blues had it yesterday but the Reds are working and they say they will not lose that turkey dinner that will have to come from the losers. There were songs and good talks and Bill McCurdy, of Orlando, made a few remarks about how glad he was in Florida to stay and be with the boys and that Sanford Club showed the proper spirit in every way. The club also decided to assist the Chamber of Commerce in putting over Post Card Day and will send out the requisite number of cards and do their share of publicity as usual. The new by-laws were adopted and much work was accomplished at the meeting which went with a push and go that was most refreshing. The Sanford Club will take up some constructive work this season and every member will hand in a paper on which he will write his ideas of some good work to be accomplished and the club while not undertaking all of the ideas will take up several that will be possible of accomplishment during the year.

There was much good natured bantering among the Reds and Blues over the attendance race and it is thought that the contest will do much toward getting out a full attendance at each meeting during the year. As the summer season is over and the vacationists are all home the attendance should show a decided gain from this time forward and Sanford Roters are looking forward to a most successful year.

NEW LINE FROM TAMPA TO AVON PARK FORECAST

AVON PARK, Sept. 27.—Charter for the new railroad between Tampa and Avon Park, which will eventually link Tampa with Stuart on the east coast was granted Saturday and the road will be hauling the present fruit crop out of Avon Park by January 1st. The Florida Citrus Highlands Railroad has steel to within five miles of Avon Park, already and the right of way gang is already nearing Lake Vigo on the northern edge of the township.

The road will be eventually continued on to Sebring, from here, according to E. T. Roux, Plant City, president of the line. He refuses to discuss the future further than that but it is confidently rumored thruout this section that the line will be continued to Okeechobee thence to Stuart which port has long been in the minds of the Seaboard Air Line officials as an east coast terminus for a cross state road. The Seaboard owns considerable property at Stuart, it is known and that community is busy making a deep water harbor. The connection between the Seaboard and the Florida Citrus Highlands roads has never been adjusted but it is generally conceded locally that the Seaboard is interested and the F. C. H. taps the Seaboard in Polk county.

The officers of the new road, which is capitalized at a half million dollars, are E. T. Roux, president; C. E. Lanier, Avon Park, vice president, and H. L. Askew, Plant City, secretary-treasurer. It begins at Lake Garfield, on the Seaboard near Tampa, and will operate as far as Sebring, according to the charter, a distance of forty-seven miles. The same charter, however, specifically grants the right to operate "such extensions therefrom" as desirable. The express right is also granted "to merge their stock (with any other railroads) or to consolidate with any other company within or without this state."

The company will have a working agreement with the Seaboard to use its tracks from Lake Garfield to Tampa for the Tampa-Avon Park service, and this will shorten the distance between and seventy miles, as against close to 100 miles over the route which is via Haines City.

"Your wife came from a fine old Virginia family didn't she?" "No, she brought them with her."

SCHOOLS WILL OPEN NEXT MONDAY, OCTOBER 2ND

We greatly urge all who expect to buy School Books, to come in and get all of your books and school supplies at once.

We have a complete stock of all books and school supplies on hand now, and we ask you most kindly to buy your books today and avoid the delay and mad rush next Monday. We have a printed list for your use.—Mobley' Drug Store. 157-4tc

ALL LOCAL DRUG STORES HANDLE FERRALINE

You do not have to go any farther than your nearest Drug Store to get Ferraline. This wonderful remedy is for sale everywhere. Just decide right now that you will drop in at your Drug Store and purchase a bottle of Ferraline. The results will amaze you. Thousands have been benefited by its use. For nervousness, indigestion, rheumatism and disorders of the blood it has no peer. Read these testimonials which are but a few taken from the hundreds in our files. Rev. W. D. Spurlin, Presbyterian minister, of Demopolis, Ala., says: "For a great many years I have been subject to sprains, and at times severe attacks of indigestion. Having heard of the curative effects of Ferraline, on one or two of my best friends, I decided in almost sheer desperation, to try it, and I am glad to say it has greatly benefited me."

Honorable W. W. Lavender, of Centerville, Ala., says: "I desire, without solicitation or hesitation, to commend to those persons who are over worked or who are in a run-down condition, Ferraline as a tonic. I took two bottles and felt almost like a new person."—Adv. "If your local dealer does not handle FERRALINE, send \$1.00 direct to the FERRALINE DISTRIBUTING CO., Tampa, Fla."

in the military and naval forces of the United States in the late war."

President Berry, of the Pressmen's Union says that unscrupulous men prey upon the unions. You are right, Berry, old chap. A lot of them make money by strikes while the rank and file of the union men are losing money

SHIP BY WATER

The great movement for water shipments started by the Central Florida Water Traffic League made great strides for awhile and stirred up things in this section so much that the Clyde Line had to enlarge their warehouses and will have to make other additions soon to keep up with the water shipments

In the year that is drawing to its close the Pacific coast of the United States shipped by water through the Panama canal 22,543 tons of fresh fruit. So satisfactory was that method of reaching the eastern markets that the Seattle chamber of commerce announces that at least one million boxes of Washington apples and close to 300,000 boxes from Oregon will take that route next season

The fruit growers of Oregon, California and Washington found it far cheaper to send their fruit from the Pacific coast, down that long line to the equator, through the Panama canal and Caribbean sea, and up the long sweep of Atlantic coast to New York, than to ship by the much shorter rail route, hence the shipments will be greatly increased by the next year

There should be a lesson for Florida in these facts. This state has a longer seacoast than the three states which have found water shipments possible and profitable. We have 1,200 miles of salt water on three sides of the state and an abundance of good harbors

Florida can send her fruit by water to New York far more quickly than Seattle can send hers to the Pacific entrance to the Panama canal, and that is only the beginning of its long journey through the Caribbean sea to the Atlantic and then over the same sea lanes that Florida fruit must travel to the same market

Florida can send her fruit by water to New York far more quickly than Seattle can send hers to the Pacific entrance to the Panama canal, and that is only the beginning of its long journey through the Caribbean sea to the Atlantic and then over the same sea lanes that Florida fruit must travel to the same market

What California and Washington can do successfully, we with so much greater start can also do. If it pays California to ship oranges and vegetables to the eastern markets over their long route, it will pay us with our much shorter route to do the same

CUT OUT THE BEGGARS

Sanford has an ordinance against begging on the streets, and the city manager and city officials will enforce it to the letter. It has not been enforced to the letter heretofore but all the cities of Florida intend to combine this season and cut out the beg-

ging on the street. Yesterday one was taken off the streets here and many tender hearted people thought it was heartless on the part of the officials to make the "poor man" get off the streets when he did not have any legs. After the poor man arrived at the station he had good artificial legs to walk and he will no doubt bloom into a wealthy tourist before the season is over

Last year the Florida Development Board caused a survey to be made of the principal cities of the state of the very prevalent practice of street begging which flourishes throughout Florida, fostered, of course, by the large tourist population, which is usually open-handed and less mindful of the civic injury of the street mendicant

The board found that begging can be prevented if the city officials will refuse to issue permits. And they warn Florida that this winter will see a multiplication of beggars here, due to the cut in their revenues in New York and other Northern cities following the publicity given their prosperity in New York City

The arrest of a mendicant in Brooklyn precipitated the publicity. That arrest disclosed the existence of a well-organized ring which split 50-50 with the beggars. The particular beggar who encountered the law and the press had apparently broken with the ring. Hence the arrest. Beggars in and about New York will probably not fare so well for a time

There is no excuse in the world for man, woman or child to have to beg in the streets, in these days of organized charity, for a living. In cities where the charitable work is well organized begging is not permitted, people are asked not to give, and they don't. They are educated to know that the charity needs of their city are cared for in a thorough and scientific manner, and that relief to the worthy can be had at any one of a number of agencies

Nothing detracts from the happy appearance of a city more than the presence on the street corners of maimed and unsightly unfortunates asking alms. It is just another hold-up game. And we submit supinely. The solution is up to city officials here and everywhere. The responsibility is fixed. Jacksonville is well up in the list of cities which are infested with this abomination

FALL SEEDBED SHOULD BE FREE OF ROOT KNOT DISEASE

(By The Associated Press) GAINESVILLE, Sept. 28.—Seedbeds planted this fall should be free of root-knot nematode, according to Prof. J. R. Walton, of the Florida Experiment Station. If the seedbed is infested, nematodes will be carried from it on plants throughout the fields, Prof. Walton declares

He gives the following procedure to be taken in old lands: "First plow and harrow the land. Then dissolve sodium cyanide in water at the rate of 900 pounds to the acre. (A seedbed 20 feet square requires 9 pounds of the cyanide.) Sprinkle this solution over the ground. Apply the irrigation water sufficiently to soak the soil to a depth of 18 inches or more. Then dissolve ammonium sulphate, one and a half times the weight of the cyanide, in water; pour this solution evenly over the ground. Apply again a little irrigation water, just enough to carry the sulphate down

"It is important that the sulphate be applied as promptly as possible after the cyanide, certainly the same day. Do not mix the two substances before applying. It is important that reaction between these two materials take place in the soil."

If it's a piano, call for a QUICK SERVICE TRANSFER. Thr.-Fri.-Sat.-tc

Watson's Funeral at Home Today Was Very Simple

Carrying Out the Wishes of the "Sage of McDuffie"

THOMSON, Ga., Sept. 28.—Senator Thomas E. Watson's funeral which will be held today from his home on "Hickory Hill" will be very simple. There will be no church services and no singing. The body will reach here at 11:15 and will be carried to the residence where the casket will remain open for a period of about fifteen minutes, just long enough for the family and close friends to gaze for the last time upon the face of the "Sage of McDuffie"

It was the wish of Mrs. Watson that the funeral be as simple as possible; stating that her friends and advisers she did not wish an elaborate funeral service and that she is carrying out the wishes of the senator in this respect

Thousands of floral tributes are arriving hourly and the home presents the scene of a large floral establishment. Hundreds of telegrams have been received expressing sympathy. The flowers and telegrams are being received from every section of the country

Thousands of visitors are expected here today for the funeral and the town will be taxed to its capacity

SHOULD CAPITALIZE THE BEACH ROADS ON THE EAST COAST

(By The Associated Press)

JACKSONVILLE, Sept. 28.—Motorists who have travelled the Dixie Highway between Jacksonville and Daytona since the bridge over the Tomoka river has been closed for repairs, necessitating a detour over the old road down the peninsula through Ormond and Daytona Beaches, are almost unanimous in the belief that Daytona, Ormond, Daytona Beach, Seabreeze and Ormond Beach are facing to capitalize in one way their most noted attraction, the beach

About six miles east of Bunnell at the end of the brick pavement the highway make a right angle turn to the south. Should the road straight to the east be followed, motorists would arrive at Ocean City, two miles away

If it were possible for motorists to run directly to Ocean City, get on the beach and run out to Daytona Beach and cross the Halifax river at Daytona and return to the highway, nine out of ten would do so. The run, however, would be impossible at high tide, or about four out of every twenty-four

Such a route, it is asserted, would eliminate passage over a section of the highway which for years has been regarded as a bugbear—the road through the hammock between the Ocean City turn-out and the Tomoka river

Baggage? We get 'em going and coming—QUICK SERVICE TRANSFER. Thr.-Fri.-Sat.-tc

POLAND BUYS CARS

(By The Associated Press) WASHINGTON, Sept. 28.—The war department announced today the sale of 7,504 European type railway freight cars to the republic of Poland for \$4,802,520, of which \$1,200,040 will be paid in cash and the remainder in six year 5 per cent notes of the Polish republic

Strout Farm Agency, 113 Magnolia Avenue. Exceptional opportunity for the man of small means to own a home, grow his own vegetables, raise poultry, 46 room house on large lot, barn 25x20. Excellent soil. If desired adjoining vacant lot can be bought very cheap, giving enough land to raise a large flock of poultry. Within a year the proceeds from eggs alone would pay for this place and leave a balance in the bank. On hard road. 20 minutes drive to Sanford, \$500. \$300 cash, balance 1 year. Call and make me prove this. 156-tfc

NOW is the time to get your school books. Why wait till the big rush Monday?—Moble's Drug Store. 157-tfc

In Circuit Court of the Seventh Judicial Circuit, Seminole County, Florida

CITATION Roy W. Lyon, Complainant, vs. Luella Bell Lyon, Defendant.

You are hereby ordered to be and appear before our said Court at the Court House in Sanford, Florida, in the above entitled cause on the first Monday of October, 1922, the same being the 2nd day thereof, and a rule day of this Court, to answer the bill of complaint filed herein against you, else the said bill will be taken as confessed and followed by appropriate decree

It is further ordered that this order be published in the Sanford Herald, a newspaper published in Seminole County, Florida, once each week for four consecutive weeks. Given under my hand and seal of said Court, this 20th day of August, A. D. 1922. E. A. DOUGLASS, Clerk of Circuit Court, Seminole County, Fla. By: V. E. DOUGLASS, D. C. Aug. 21; Sept. 7-14-21-28-25

HUNDREDS POISONED BY FOOD AT SCHOOL

(From Wednesday's Herald)

BIRMINGHAM, Ala., Sept. 28.—Several hundred students of the Woodlawn high school here were stricken with ptomaine poisoning as a result of food eaten at the school's lunch room at noon today, according to authorities. A number are said to be seriously ill, but at an early hour tonight no fatalities had been reported

According to information received from a number of pupils and their parents, the children were stricken immediately after lunch hour, some

during the classes, and others way home from school. Some said they were unable to walk and lay down on the street and were up by passing automobiles. All the physicians on the scene were called upon to administer aid treatment

Authorities of the school indicated that a thorough investigation of the affair will be made tomorrow

THE GUN CLUB HAD GOOD SHOOT RALPH WAS HIGH

Hill and Stevens Were Right Along With Him

Eight of them out yesterday to divert themselves by shattering the clay at the Rod & Gun Club. As usual the top score was won by Ralph Wight with 47 to his credit, followed closely by Hill with 46, and Stevens with 44. Two perfect frames of 25 each were made by Wight and Hill while Stevens shooting in the same squad broke all except the very first bird. This is the best squad recorded of the season and shows what the boys can do if they will just get at it.

The weather yesterday was ideal and just enough wind to put the pigeons up in good range. Several men expected from Orlando failed to arrive and it is hoped that they can be met at some later date.

The double shooting at the end of the day's shoot was good and the scores were better than the average. Purdon broke 20 out of 12 pairs and Allen and Wight 19 and 18 respectively.

Table with columns: Name, Yest. Score, Season Score, Avg. Lists names like Wight, Coleman, Hill, etc. and their scores.

KIDS BLAMED

(By The Associated Press)
ANDERSON, S. C., Sept. 28.—Mischievous boys shooting bent pins with rubber bands at a horse performing in a circus ring at Anderson last night, are believed to have been responsible for injuries suffered by Miss Hazel Sharp, of French Lick Springs, Ind. It was said here today. The horse reared and fell on Miss Sharp, who is a bareback rider, while she was going through her performance. She will recover.

HEAVY LOBERS

(By The Associated Press)
SAN FRANCISCO, Sept. 28.—A canvass of bankers and brokers here made by the San Francisco Chronicle reveals that San Franciscans have lost at least \$25,000,000 speculating in German marks. The same source estimates that Californians have lost more than \$100,000,000 as the result of the fall of the mark.

FRANK MILLER TALKS TO THE KIWANIS CLUB

Yesterday's regular meeting of the Kiwanis Club was presided over by President Connelly. As usual, Rev. Brownlee asked Divine guidance for the deliberations, and all sat down to a luncheon that was some feed and for ahead of any the writer has enjoyed at any meetings of the club.

"The Giant Quartette," composed of four husky colored vocalists, furnished several selections, which were enjoyed by the club. Mr. Fields, of Orlando, a guest of Kiwanian Raffeld, was present and was called upon for a talk. Fields stated that Sanford was the best town in the state—after Orlando—and he asked for a continuation of the friendly and neighborly feeling so much in evidence recently between the two towns.

A letter was read from Kiwanian Boyd, who is assisting Dr. Walker in holding a revival meeting at Greenville, Miss., extending greetings to the club and containing a clipping from the Daily Democrat-Times of that city, which gives an extended write-up to the meeting and devotes considerable space to the singing of Mr. Boyd.

Frank Miller was the speaker of the day and although he sprang that old gag about losing his notes, he certainly made an interesting and inspiring talk. Frank sure deceives his looks as a speaker and made a hit with all present.

Secretary Lloyd, talking along the lines of Mr. Miller's speech, advocated taking the Sanford Band and visiting the surrounding towns of Seminole county to "drum-up" trade for this city, and at the conclusion of his remarks the president appointed a committee, consisting of Frank Miller, S. M. Lloyd and W. M. McKinnon to arrange for a motordae to visit all the towns in the county boasting for a merchant's trade day once each week. After the county has been thoroughly covered by the motordae, the bunch will visit all the towns in the surrounding counties. The move is along the lines of the trade extension tours organized by the Chamber of Commerce—the idea being to designate a certain day of each week as a Merchants' Sale Day, and each merchant will be asked to cut the price of some one article on each of these days. The idea is a good one and it's sure to be put through with the local Kiwanis Club behind it. Manager E. A. Ball, of the Sanford Band, promised the co-operation of the entire organization and stated that the boys would be glad to accompany the motordae. Edgar is always in full accord with any move that has for its object the betterment of Sanford—he is a real booster. He is the speaker of the day two weeks hence, while T. L. Dumas—face of the bald head and handsome face—is the victim next Wednesday.

Secretary Pearman, of the local Chamber of Commerce, was a guest of the club, and when called upon for a few remarks, spoke on the evils of the mail order houses and told of the large amount of money that is being sent out of Sanford each day for goods that are handled by the local merchant. Mr. Pearman said that a careful investigation showed that at least 50 per cent of the money paid to railway workers in Sanford was sent out to the mail order houses. He also stated that the Chamber of Commerce was taking steps to combat this evil, and spoke in favor of the Merchants' Trade Day each week.

After rendering a few selections, led by Sam Baumeil, the club called it a day and the gang beat it back to work.

CON MEN'S FINES TO BUILD A HOSPITAL

(By The Associated Press)
FORT LAUDERDALE, Sept. 28.—Eighteen thousand of the \$20,000 collected in fines from the dozen confessed wire-tappers and confidence men tried here last spring will be used by Brevard county for construction of a county hospital here for charity and emergency cases, it was announced today.

Dr. Scott Edwards, of Indianapolis, a noted surgeon, will be in charge of the institution and personally will equip the building with the privilege of purchasing it at the end of five years for the original sum invested by the county. Frank H. Stranahan, a pioneer settler of Fort Lauderdale, has given the county twenty-two city lots as a site for the hospital.

The Herald, 15c per week, delivered.

OVIEDO

Mr. and Mrs. Hiell and two children and Mr. and Mrs. Morre have taken rooms at the Oviedo Hotel and will do light-housekeeping there for the winter.

The Oviedo public school will open next Monday morning October 2nd at nine o'clock. The opening exercises will be held in the auditorium of the new school building and all the patrons and friends of the school are cordially invited to attend. A number of short addresses will be made and Mrs. C. L. West will give a vocal solo. The local board of trustees will be represented on the program by Chairman O. P. Swope, the County School Board by Supt. T. W. Lawton, the school faculty by Principal M. J. Okerlund, the churches by Rev. L. E. Wright and the Woman's Club by Mrs. R. W. Lawton.

Robert and Elfreda Slavic of Cleveland, Ohio, arrived Saturday for a visit to their sister Mrs. C. T. McCulley. Misses Elizabeth Lawton and Lawton and Catherine Young and Walter Carter left Tuesday for Winter Park where they will enter Rollins College.

Mrs. B. G. Smith and Mrs. L. R. Mitchell spent Monday afternoon shopping in Sanford.

The Junior Missionary Society of the Methodist church met Tuesday afternoon and packed a box of clothing for the Near East Relief. This little society has just recently been organized but are very much interested in their work and already have enrolled fifteen members.

A crowd of Camp fire girls spent the afternoon at Lake Charm Wednesday, taking their supper and returning early in the evening.

The Sunday School class of Mrs. T. W. Lawton entertained Monday night at the Club House in honor of Misses Catherine Young, Elizabeth Lawton, Virginia Wright and Mr. Walter Carter who are leaving for college this fall. The guests came dressed as real children in short dresses and knee trousers and children's games were played throughout the evening. Some time during the evening "all day suckers" were passed to the "children" and for refreshments they were served chocolate milk and home-made animal cookies. Walter Carter, Misses Nell Williams and Elizabeth Lawton were awarded the prizes for the most child-like representations. After the prizes, which were toy horn, zillophone and harp, were awarded Messrs. Farnell, Carter and Sturdivant formed a "Jazz band" and played for the guests to enjoy a game of musical chairs. The evening was a most delightful one and will long be remembered by all present.

Mrs. C. L. West and Mrs. Joe Brown spent Tuesday afternoon in Sanford.

Rev. and Mrs. J. N. Thompson returned Monday from Daytona Beach.

Mrs. L. E. Wright and children spent Monday in Sanford.

Mr. and Mrs. W. P. Carter have returned from Daytona Beach.

R. L. Wheeler and two children who have been ill with the flu are reported better.

Card Party

The members of the St. Agnes Guild will give a subscription bridge party Wednesday evening October 4th, at eight o'clock at the Parish House. Phone Mrs. S. M. Lloyd (45) or Mrs. J. N. Robson (285) for reservations. 15c Sat., Mon. and Wed.

COUGHS DISTURB SCHOOL WORK

School teachers should give the same advice to children who have coughs as this Florida teacher. "I recommended Foley's Honey and Tar to the children in my school who had the 'flu' and good results came whenever it was used," writes Mrs. L. Armstrong, Okeechobee, Florida. Foley's Honey and Tar contains no opiates—ingredients printed on the wrapper. Stood the test of time serving three generations. Quickly relieves colds, coughs and croup, throat, chest and bronchial trouble. Sold everywhere.—Adv.

LABOR HEAD SAYS UNSCRUPULOUS MEN PREY UPON UNIONS

(By The Associated Press)
Presmen's Home, Tenn., Sept. 28.—Declaring that the union had been preyed upon by a group of middle-class and unscrupulous lawyers encouraged by unprincipled employers, Colonel Berry, president of the Pressmen's and Assistants' union of North America, today appealed for closer co-operations in his report to be submitted to the 29th biennial convention. Commenting upon the action brought against him and other international officers by factions inside the union, President Berry declared that "criticism directed against the officers is not only non-constructive, but is

levelled against the constitutional principles which have kept the union intact throughout the several decades of its existence."

President Berry reviewed at some length the controversy leading up to the 44-hour week strike of job printers and reports the finances of the union in excellent condition. The report urges co-operation and co-ordination between the American Federation of Labor and the American Legion for public good, advancement of citizenship, education and Americanism. Colonel Berry is national vice-commander of the Legion.

VETS PARADE

(By The Associated Press)
DES MOINES, Ia., Sept. 28.—Bowed in body and thinned in ranks, but stalwart in spirit the veterans of the Grand Army of the Republic marched again through the streets of Des Moines and passed in review before their commander in chief today.

# Let's Boost Our Town!

## BUILDING IN THIS STATE FOR 1922 BE 50 MILLIONS

From figures and building stories in the Construction Number of the Florida Real Estate Journal and Industrial Record, published at Miami, it seems a reasonable prediction that construction in this state will reach a total of \$50,000,000 for 1922.

This review of construction activities, which probably is the most complete ever made, shows that much building is in progress in every part of the state and that no particular city or section is neglecting the opportunity to provide more and better homes, more hotels and apartment houses, larger and better office buildings, while there are numerous industrial plants and club houses included in the survey.

Building is the barometer of progress, and while all towns and cities should keep building records accurately, it has been developed that no such records are kept in some Florida towns where there is considerable building. In such cases it is not possible to present accurate figures, and estimates must be relied upon to give an idea of the construction work in progress. In the more progressive centers, however, a realization of the value of such records and the proper keeping of them give an adequate foundation upon which to build estimates of the probable total for the year. Florida's 1921 building was placed at \$40,000,000. With the figures available and reports from counties that have failed to keep records it is conservative to conclude that the total for 1921 will exceed the 1921 total by at least \$10,000,000.

It is likely that this figure will not cover the amounts being spent for public improvements, listed under the head of roads, streets, sidewalks, sewers and other work for which bonds and time-warrants are issued, for such construction is not included in the building permit records. If it were practicable to arrive at such figures with even a reasonable degree of accuracy it is probable that Florida's construction record for the year would be far in excess of \$50,000,000.

The Construction Number of the Florida Real Estate Journal and Industrial Record is one which the publisher feels will do much toward attracting favorable attention to Florida as one of the most progressive states in the Union, for it presents

facts and figures and visualizes much of the building in progress by presenting photographs of the types of construction in towns where activity is greatest. Some cities of 10,000 population are erecting buildings that would do credit to cities of ten times their size. These facts in themselves will carry a message of stability and faith that can not fail to impress those who read, and the Florida Real Estate Journal and Industrial Record circulates largely among people who are potential investors.

Eight new houses at the Mountain Lake Club, now under course of construction or soon to be built, contracts having been let by Frederick S. Ruth last week, will cost for homes and landscaping well in excess of \$250,000. This does not include the land cost either, simply the contract price of the homes and the cost of landscape gardening and other beautification.

Work of constructing the Arcadia golf course is progressing very satisfactorily to those in charge. While the recent heavy rains have somewhat delayed the work, the rains have been fine for the grass that has been planted on the fairways. Three of the longest fairways have been planted to bermuda seed and also soddied to bermuda grass; this will insure an early sod.

Strawberry setting is getting well under way both in Kissimmee and St. Cloud. Plants are coming in, from beds in Plant City, at the rate of from twenty to fifty thousand per day. The officers of the Osceola

Grower are keeping in close touch with those in charge of the beds, and machinery is being perfected to eliminate the smaller plants with insufficient roots.

On Labor Day the citizens of Lake county held a mass meeting in Tavares, and among other business transacted, petitioned the county commissioners to erect a new court house in that county seat town. The motion on this subject was carried by a unanimous vote, and immediately after the mass meeting adjourned the county commissioners went into session and started the work which eventually will result in Lake county having a \$250,000 court house to take the place of the one that has outlived its usefulness.

City officials and citizens generally of Clermont, met at the First State Bank Wednesday evening and agreed unanimously upon the Hill Route through the city for the new road, abandoning the lake shore drive around Mill Lake and Lake Minnehaha as originally planned. County Engineer Heller has had two preliminary surveys made and owing to the elimination of heavy fills along the lake shore it has been found that the hill route is not only cheaper to construct, but all agree that it will be the scenic drive of Florida.

One hundred men are wanted in Escambia county, according to the Pensacola News, "to plant five acres each in satsuma oranges," according to a plan being worked out by Messrs. C. W. Parker and G. B. Price. The News explains that this plan put into

effect "would mean five hundred acres of grove land in Escambia county added to the five hundred acres already under cultivation will be worth a quarter of a million dollars within a few years. The additional acreage will bring the value to half a million within a short time." This is in line with diversified horticulture, of which there is great need in Florida.

The Polk County Record announces the planting of ninety acres near Bartow, in grapes and berries. That is, "if the proper co-operation for the enterprise is offered by the business men and growers of the city," as is said by the Record. However, there seems to be confidence of this co-operation since application capitalized at \$125,000. It is proposed to plant thirty acres in grape nursery, ten acres in blueberries and blackberries

and fifty in vineyard. Messrs. Zimmerman Brothers are said to be strongly identified with the proposed corporation, and proposed to make Bartow the headquarters for their grape nursery operations.

Mexico has reduced the pay of her congressmen. She may have decided upon this step after watching some of ours.

### NOTICE TO PARENTS

The Primary Schools the first few months of school, while waiting for the new building to be completed, will be very much crowded. As it will be necessary to have two sessions in the East Side School to accommodate the pupils, only town children east of the

railway will attend school in building.

Bus children and West Side children are asked to register in the West Side school. All fourth grade children are asked to register in the Grammar school.

All parents having children who will be six years old before January 1, 1923, may enter them the first term of school as there will be no mid-year beginner's class. Only those who are six years old before the above date will be allowed to enter.

All pupils wishing to take entrance examinations after summer school work meet Thursday morning, September 28th at 10 o'clock in the Grammar school.

STELLA P. ARRINGTON, Supervisor Primary Schools 156-4td; 1tv-p

## Ironized Yeast Will Ironize Your Nerves

To Produce Great Natural Nerve Strength, Yeast Should Be Ironized and Not Merely Mixed With Iron. There is Only One Ironized Yeast in the World

Now, Mr. Man, tighten your hat and clamp your jaws tight. Now will tighten. As tight as you can. Notice how weak is the tightest you can get? Vitamins and iron in your body made it possible for you to do these two things. If you had had

In His Run-Down, Exhausted! See That He Takes Ironized Yeast! more vitamins, ironized, you could tighten your hat and your jaws almost as tight as a vise. Ironized Yeast will enable you to do it, because ironized yeast combines concentrated vitamins with natural organic iron, in such strength that it gives amazing power to nerves and organs in half the usual time. It is the most powerful reconstructive in the world today for tired, exhausted men and women. It is not a mere mixture of yeast and iron, but is yeast ironized, which is a substance all by itself. Give your nerves the natural food-strength they lack. They do not need stimulation, they need natural force. Here it is, Ironized Yeast! This will give you great blood power, great nerve power, an avalanche of energy, brain clearness, stronger muscle, firmer flesh, a clear eye and memory—and you'll smile the smile of health and power. Ironized Yeast is sold at all drug stores, at \$1.00 a package. Each package contains 10 tablets, each tablet is sealed. They never lose their power. Get by Ironized Yeast Co., Atlanta, Ga. Just try it. It will prove itself.

## 'WAR' PLANNED TO ROUT RENT HOGS

FEDERAL LEGISLATION TO BE SOUGHT AGAINST HOME SHARKS

WASHINGTON. The "tenant's bloc," consisting of those who have been hit by the new rent laws, is planning to lobby in recent legislative session of Columbus tenancy, pro-tenant legislation.

In its infancy, will seek legislation for the purpose of securing the passage of a law which will enable the tenant to buy the property on which he is living.

"For rent laws" is one of the most important laws in the history of the tenant's bloc. It is a law which will enable the tenant to buy the property on which he is living.

The tenant's bloc is a powerful organization which is planning to lobby in recent legislative session of Columbus tenancy, pro-tenant legislation.

### SOCIAL CALENDAR

Friday—N. de V. Howard Chapter U. D. C. will have a meeting at the Parish House at 3 p. m.

Monday—St. Agnes Guild will meet at the home of Mrs. Howard Overlin on West First street at 3:30 p. m.

Monday—Business and Professional Women's Club will have a business meeting at the Welaka building at 8 p. m.

Monday—Miss Caroline Hill will entertain a number of her little friends at her home on Fourth street at 4 p. m.

T. T. Welch, of Jacksonville, was in the city yesterday calling on local business men.

Dr. and Mrs. J. C. Deen are now occupying their lovely new home on Park avenue.

Mrs. Ralph Goodspeed is confined to her home on Oak avenue by an attack of dengue fever.

Capt. Arthur Cundy, of Orlando, is in the city on business in connection with the Boy Scouts.

Miss Lucy Bird Smyth and Anna Mason are spending the day at Orlando today as guests of friends.

Mr. and Mrs. Wm. McCurdy and Alfred Robson, of Orlando, were the guests of Mrs. J. N. Robson on Monday.

Mrs. Mary Higgins has returned from Gainesville where she was the guest of her daughter, Mrs. Lucius McLeod.

H. E. Ernest, of Jacksonville, is spending a few days here at the Montezuma, while in the city transacting business.

Harry Lawson, of Gainesville, was in the city yesterday attending to business and made his headquarters at the Montezuma.

The many friends of Mr. and Mrs. E. F. Whitner will regret to learn that they are quite ill with dengue fever at their home on Oak avenue.

W. E. Tylander, of Fort Pierce was in the city yesterday calling on his friends and attending to business. Mr. Tylander is interested in the lumber business.

Mr. and Mrs. J. B. Calder have returned home from Savannah, Ga., where they spent some time. They were accompanied home by Mrs. D. B. Calder and daughter.

Mr. and Mrs. Robert Herndon and baby left yesterday in their car for Jacksonville where they will spend several days as the guests of the former's aunt, Mrs. David Miller.

Mrs. C. L. Millitzer and children of Orlando, who have been the guests of her sister Mrs. C. W. Stokes on Magnolia avenue, for the past ten days

left this morning for their home. They were accompanied home by Mrs. C. W. Stokes and Miss Dorothy, who will visit the former's parents, Mr. and Mrs. J. D. Sprrell.

Miss Mildred Dickson, who has spent the past two weeks here with her sisters, Mrs. Chris Matthews and Mrs. J. S. Stewart has returned to her home, Jefferson Court, Orlando.

Mr. and Mrs. Ralph Wight and family have moved into their attractive new home in Rose Court. They will have as their guests for the winter, Mrs. Wight's mother, Mrs. Mary Higgins.

Mr. and Mrs. J. B. Calder and guests, Mrs. D. B. Calder and daughter of Savannah, Ga., returned home Tuesday evening from a very pleasant motor trip to Miami and other places of interest on the East Coast.

Mr. and Mrs. W. J. McBride and their guests, Mrs. Brown and son, E. H. Brown, of Hamlet, N. C., left this morning in the McBride car for St. Augustine and Jacksonville. Mr. and Mrs. McBride will return home Sunday while Mrs. Brown and son will continue their journey home.

When it comes to SERVICE, we've got them all backed off the board.—QUICK SERVICE TRANSFER.

## PERSONALS

Thursday afternoon—the last one.

New people are coming to Sanford. Are we ready for them?

S. O. Chase left yesterday for points on the east coast and expects to be absent for a week or more.

The farms are beginning to look prosperous. There is nothing quite as pretty as Sanford celery farms in the fall.

Miss Viola Klacker of San Antonio, Fla., has arrived in the city and taken a position in the office of the Southern Drug Company.

Remember the Clean up Campaign to be inaugurated here the first week in October. Get everything ready for the big season of tourists in Sanford.

Mrs. George G. Herring is recuperating from about a week's illness. Her many friends will be glad to know that she will be out again in a few days.

School starts Monday morning. You can get your school supplies at Mobleys drug store this week and save a lot of trouble and annoyance. Get the list of books out of the Herald.

Rained again at noon just to remind the Thursday afternoon picknickers that it was September. Rather damp on the golf course but makes good fishing.

Friday and Saturday specials at Yowell & Co., in today's Herald. Look for them in silk hose, silks suitings, madras and gingham and others. All at special sales prices on Friday and Saturday.

Churchwells are putting on a big sale for Friday, Saturday and Monday. It is one of their famous clearance sales and the prices are way down. See their advertisement in the Daily Herald and attend the sale.

Mrs. Anna Sorell, of Sanford, was a visitor in Lakeland yesterday, the guest of Mrs. James A. Miller of 508 South Florida avenue. Mrs. Sorell formerly resided in Lakeland and was cordially greeted by her many friends.—Lakeland Star-Telegram.

Mr. and Mrs. Geo. C. Chamberlain have returned to their winter home at corner of Atlantic and Lenox avenues, Daytona Beach, after a delightful motor trip through the north and east, and also extending their trip into Canada.—Daytona Journal.

L. F. Chapman of Ft. Pierce is in the city looking for a location for a new paper and may decide to locate in Sanford for he thinks the "City Substantial" is just about right. Mr. Chapman has been editor of the Ft. Pierce News for the past three years

but sold out his plant there several months ago and like all newspaper men after selling out is looking for another location to get back in the game again.

Lawton English of Atlanta is in the city the guest of Judge and Mrs. Jas. Sharon. Mr. English is in the paying business with headquarters in Atlanta, but is thinking of moving to Florida and is in love with Sanford and Seminole county.

"No Bad Accounts" say Chase & Co. This sounds interesting and the advertisement in this issue says that Chase & Co., guarantee the grower against losses from bad accounts. This is something to think about. Read the advertisement.

Hon. George Schofield of Iverness was among the prominent visitors to the city yesterday being the honored guest of the Odd Fellows and Rebekahs. George who is now States Attorney is an old friend of the editor of the Herald and paid us an appreciated visit.

Charlie Chaplin will have a Pay Day in Sanford, Friday and Saturday and the Pay Day will occur at the Princess theatre. Whether Charlie is to pay Osborn Herndon or Tom Biggers is the question. You will have to go to the Princess Theatre and find out. Look for the advertisement in this issue.

Yowell & Co., are improving their show windows by scraping the floors and putting in a new background that will add much to the appearance of these fine windows. George Venable has charge of the work and when finished Mr. and Mrs. Harvard will have a big surprise in window dressing.

L. Urban May of the Sanford Motor Co., says that advertising in the Daily Herald certainly pays. The other day he placed an ad in the want column for a room to rent, and long before the paper was out or before the type had been set he had two applicants. If that is not "Speed" what is it?

Mr. and Mrs. B. F. Whitner and daughter have returned from a trip to many points on the west coast but returned with the dengue fever which all but spoiled their vacation trip. Mr. Whitner expects to be back at the old stand by Monday and his many friends are glad to see him and to know that he has recovered from his recent illness.

Cash talks says Henry McLaulin and his advertisement in this issue calls attention to his half price sale on Saturday and Monday when any article in the window will be sold at half price for the good old cash. See the advertisements and see the windows. If will pay to watch the advertisement of Henry McLaulin the old reliable jeweler.

## LONGWOOD

Mr. and Mrs. Louis Entzminger were the guests of Mr. and Mrs. C. W. Entzminger for several days.

Wm. Woodcock returned Monday from Maine where he spent the summer.

Maurice Clouser, of Orlando, was a visitor in town Thursday.

E. S. Miller is expected to arrive in town Friday from Youngstown, Ohio, where he spent the summer.

Mr. and Mrs. T. O. Brown and daughters, of Orlando, were calling on friends Sunday afternoon.

Miss Olive Dinkel spent one day in Sanford last week the guest of Mrs. Sam Houston.

Mr. and Mrs. Geo. Stuart, Mrs. Margaret and Master George arrived Friday to spend the winter.

R. C. Newell and son Gerald, were visitors in Sanford Monday and Tuesday.

W. S. Entzminger, of Plant City, was a visitor in town Friday.

J. E. Phipps was transacting business in Tampa Thursday.

Le Von Baker spent Thursday and Friday at Daytona Beach.

Miss Hettie Arnette left Thursday for the East Coast where she will teach this year.

The Longwood school will open next Monday, October 2nd with E. S. Miller as principal and Mrs. Geo. Stuart assistant principal.

Mr. J. H. Lanier, an expert on automobile timing, generator, starter and scientific ignition work is in charge of our electrical and battery repair service. Tractor and automobile owners are assured genuine "EXIDE" Battery and Ignition service at our station. Call RAY BROTHERS, Phone 548, ask for Lanier. Sanford, Fla. 157-tfc

General Pershing's scheme for national defense appears to have provided for every contingency excepting the arrival of another perambulating gossip from overseas.

Long distance hauling is our 'LONG SUIT'—QUICK SERVICE TRANSFER. Thr.-Fri.-Sat-tfc
