

HELMETED BRITISH SOLDIERS, protected by shields, march through the streets of Nicosia, Cyprus, during the 24-hour general strike called by Nationalist and Communist trade unions to protest the United Nations decision not to take up the Cyprus situation. London reports state that the British government is planning to introduce self-government in Cyprus when quiet is restored. (International Radiophoto)

Boutell Family Is Growing Rapidly

ROCHESTER, N. Y. (AP)—"I'm getting used to it," Mrs. Albert R. Boutell, 37, remarked today about her rapidly growing family. She gave birth Friday to twins—a boy and a girl. On Halloween of 1953, triplets—two girls and a boy—arrived. In 1951, Mrs. Boutell became the mother of twin girls. Before the multiple births she had four children, all boys. Her husband, a 35-year-old process engineer for the Eastman Kodak Co. here, is building a four-hunk dormitory on the top floor of their five-bedroom house at Conesus, 30 miles south of Rochester. The dormitory will be used by the "elder boys," who range in age from 5 to 14 years. Mrs. Boutell said "every day is a picnic."

RESIDENTS LEFT HOMELESS

ATHENS (AP)—Scores of residents in the Athens area were left homeless and communications in scattered areas of Greece were disrupted today after 48 hours of exceptionally heavy rain. Highways were reported cut by floods, and railroad tracks buried under mountain slides. Tobacco plantations in the Salonika Plain suffered extensive flood damage.

FCM Roundtable

(Continued from Page One) roundtable discussions and the councils expected at each include: October 11, 12 noon, Haven Hotel, Winter Haven; Winter Haven, Auburndale, Bartow and Lakeland. October 12, 12 noon, Barney's Restaurant, Lake Wales; Frostproof, Haines City and Lake Wales. October 12, 7:30 p. m., Garcia's Restaurant, Bradenton; Manatee and Sarasota Counties. October 13, 12 noon, Las Novedades Spanish Restaurant, Tampa; East Hillsborough, Tampa, Lutz/Odessa, South Pinellas, and North Pinellas. October 14, 12 noon, Tangerine Hotel, Brooksville; Pasco County and Brooksville. October 17, 12:30 noon, Grandview Hotel, Eustis; Leesburg, Clermont, Eustis, Groveland, Mount Dora, Ocala, Tavares, Umatilla and Weirsdale. October 18, 12:30 noon, Duck Inn, Orlando; Sanford, Orlando, Apopka, Osceola County, and Winter Garden. October 19, 7:30 p. m., Chimney Corner, DeLand; DeLand and Seville.

Regard For Safety Should Be Given To U. S. Youths

WASHINGTON (AP)—The National Security Training Commission says youths taking a six-month course under the new military reserve program should be given "intensive and realistic (training) with due regard for safety." At the same time, it called for extra care in assuring the physical and moral well-being of the youths, most of them of pre-draft age. It expressed confidence the services have ample regulations and good men to do that. The commission, which helped to prepare the new program and will watch over its operation, made detailed suggestions in a weekend report to Secretary of Defense Wilson.

Commissioners

(Continued from Page One) mediate return indicating acceptance or rejection of the appraised value of the particular parcel of land or property. Chairman Meisch brought to the attention of the commissioners that \$1,200 had been wasted when it was necessary for all appraisers to appraise the various parcels of property rather than two separate teams of appraisers working independently of each other. The bill covering cost of appraisal of the section from Five Points south to the Orange County line was submitted to the Board of Commissioners for approval. The amount came to \$3,725. The appraisal report will be forwarded to the State Road Department in Tallahassee for approval. The return of the appraisal and the SRD approval will allow condemnation proceedings to begin. Commissioner Ollis Fouracre made the original motion for the resolution's adoption which was seconded by Commissioner Fred Dyson, and then unanimously approved by the Board. An additional resolution prepared by County Attorney Cleveland was adopted by the commissioners requesting the issuance of revenue certificates in lieu of surplus gasoline tax monies over a four year period 1956-1959.

Margaret Says No Truth In Rumors

NEW YORK (AP)—Margaret Truman returned today from a two-month vacation in Europe—and once more denied that she is engaged or expects to be. She was wearing a diamond sapphire ring, which she said her parents had given her as a college graduation present. She said it was what probably touched off engagement reports. "This is the only ring I've had on," she replied as reporters meeting her on the liner United States brought up the betrothal matter. "There's no truth in it. I'm sorry there isn't. . . I'm more disappointed than you are."

The resolution, adopted unanimously by the Board of Commissioners, points out that the funds from the interest bearing certificates, in the amount of \$352,000 are to be used wholly for the acquisition of right-of-ways, a portion of the amount would be used to pay indebtedness prior to 1951. Prior to adjourning the meeting, it was pointed out that a copy of the appraisers' report would be available in the County Road Department office in the Seminole County Court House. It was also stressed that each property owner would be contacted by letter regarding the acceptance or rejection of the appraised value of land for right-of-ways along 17-82.

Sanford

(Continued from Page One) The Board of Sanford City Commissioners agreed to table the question and at the same time authorize the City Manager to contact Russell Dallas concerning his views on moving to the city should be employed to head the new department. The matter will come before the commissioners at the next meeting for a decision. The resignation of Thomas Vaughn was accepted with regret by the Board of Commissioners but the appointment of a new member of the Zoning and Planning Commission was tabled until the next meeting. The resignation of Eddie Griffith as Superintendent of Streets was tabled by the commissioners for further consideration. The Board of Commissioners agreed, that due to the manner in which bids were received for books and periodicals in the past, that the same procedure should be followed.

Big Fog Swirls Over England

LONDON (AP)—Autumn's first big fog swirled over southern England today, stalling road and river traffic and disrupting flights at big London Airport. The 9,784-ton British freighter Maipura ran aground in the River Thames off Tilbury and trains ran up to an hour late. The Air Ministry called it a "radiation fog" the result of damp air over fields and building warmed by the sun of the last two days.

Aids Flood Stricken Persons

NEW DELHI, India (AP)—India's government mobilized its resources today to aid hundreds of thousands of persons left homeless by north India's worst floods in more than 70 years. Hundreds were reported dead in the devastated Punjab region. The waters covered much of Punjab state as well as a large part of the major city of Amritsar, religious center of the Sikhs.

Prime Minister Nehru after a flight over the area said in a broadcast that "our problem of relief and rehabilitation is a colossal one." The government's resources have already been strained by disastrous floods in northeastern India a month ago. Nehru described the floods this fall as "the worst in living memory, certainly the worst in the last 50 or 70 years." He said he believed reports of thousands dead in the north were "greatly exaggerated" but warned that the loss of crops by thousands upon thousands of flooded-out farmers posed a grave problem.

Legal Notice

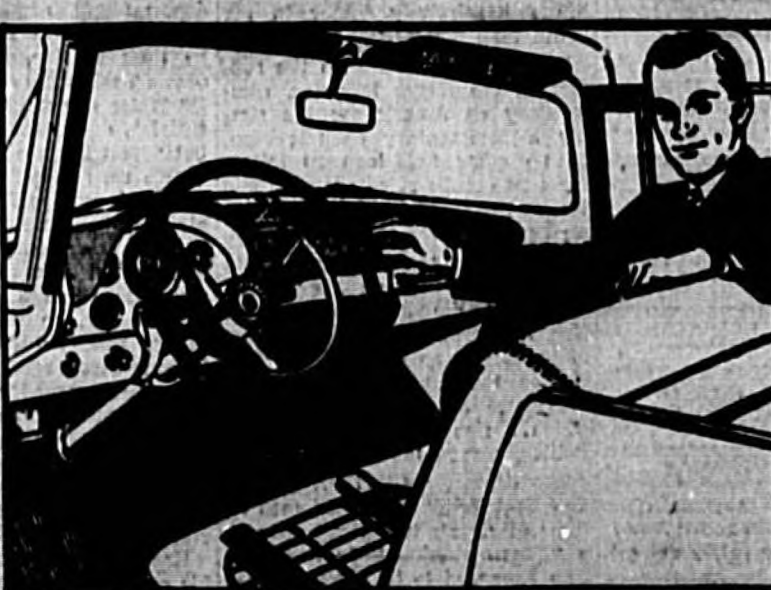

THE STATE OF FLORIDA TO GERALD A. LARSEN, RESIDENCE UNKNOWN. A writ of Habeas Corpus has been granted to you in the Circuit Court in and for Seminole County, Florida, by SHIRLEY E. LARSEN, its clerk. You are to appear in court at 10:00 A. M. on the 24th day of October, 1955, at the Court House in Sanford, Florida, to answer to the writ. If you fail to appear, the writ will be set aside. Dated at Sanford, Florida, this 18th day of October, 1955. /s/ O. P. Herndon, Clerk of the Circuit Court.

'56 FORD...with new 202-h.p. Thunderbird Y-8

4 NEW LIFEGUARD FEATURES—new deep-center steering wheel, new double-grip door locks, optional new padded instrument panel and sun visors, and optional new Ford seat belt.

with new Thunderbird Styling

with new Lifeguard Design

A glosser tells you that the '56 Ford has the long, low lines of the fabulous Ford Thunderbird, America's favorite dream car.

But wait till you touch the gas pedal! Then you'll know that Ford goes like the Thunderbird, too. With the new 202-h.p. Thunderbird Y-8 engine, available in Fordomatic Fairlane and Station Wagon models, you'll pass with new confidence, smile at hills. And yet, split-second "GO" is only part of the story, for this new Thunderbird engine is not merely a V-8... it's a Y-8. That means it has a rigid, extra-deep block which makes for another, quieter going.

And there's even bigger news! It is Lifeguard Design—the first major contribution to driver and passenger safety in accidents. With the cooperation of leading universities, medical associations

and safety experts, Ford found that most serious accident injuries were caused by the driver being thrown against the steering post, occupants being thrown forward against hard surfaces, or from the car. So, Ford developed a new Lifeguard steering wheel with a deep-center structure to help protect you from the steering post... Lifeguard double-grip door locks to give added protection from doors springing open under shock... optional Lifeguard cushioning for instrument panel and sun visors, to help lessen injury from impact... optional seat belts that help keep occupants securely in their seats.

Come in soon! See the '56 Ford, test its power, and learn what Lifeguard Design means for the greater safety of you and your family. Then you'll know exactly why the '56 Ford is...

the fine car at half the fine-car price!

New Appointments At U of F Told

GAINESVILLE.—Two new department heads have been appointed in the University of Florida's College of Medicine, Dr. J. Wayne Reitz, University president, has announced following Board of Control approval.

Dr. Thomas H. Maren has been appointed professor and head of the department of Pharmacology, and Dr. Joshua L. Edwards, professor and head of the department of Pathology. Both appointments will become effective Dec. 1.

The College of Medicine will admit its first class in the fall of 1939. Dr. Maren, who at present is associated with the Chemistry Division of American Cyanamid Company, Stamford, Conn., received his AB degree from Princeton University and his MD degree from Johns Hopkins University School of Medicine. He also did graduate work in English at Princeton.

He has served as a chemist at Wallace Laboratories, New Brunswick, N. J., and with the school of Hygiene and Public Health, Johns Hopkins University under the wartime Office of Scientific Research and Development. For five years he was an instructor in pharmacology at Johns Hopkins University School of Medicine while a medical student there.

Since 1933 he has done summer work and research at the Mount Desert Island Biological Laboratory.

Dr. Edwards, a native of Jasper, attended the public schools of Lake City. He received a BS degree in 1930 from the University of Florida and an MD degree from Tulane Medical School in 1934.

At present he is assistant in the Department of Pathology and Medical Research, a position which he has held since Sept. 1937. His previous experience includes service as Battalion Surgeon, U. S. Armed Forces Medical Corps, 1936-38; general practice of medicine in Lake City, 1934-38; resident in pathology, Toussaint Infirmary, New Orleans, La.; chief resident in Pathology, Laboratory of Pathology, Harvard Medical School and instructor and associate, Department of Pathology, Duke University School of Medicine.

Both Dr. Maren and Dr. Edwards have contributed articles to various scientific and medical journals.

What Is Chamber Of Commerce? It's Your Goodwill Salesman!

A Chamber of Commerce is an organization of individuals banded together to do those things which they collectively can do more effectively than they could do as individuals. Basically, the Seminole County Chamber of Commerce has two primary functions, in our way of thinking:

1. It acts as spokesman for the business community and translates into action the group thinking of its members.

2. It renders specific services of a type that can be most effectively rendered by a community organization both to its membership and to the community as a whole.

In Sanford and in Seminole County, as in every other progressive community, there is a distinct need for a Chamber of Commerce. There are both problems and opportunities which are common to all businesses, and, as a matter of fact, to all the citizens of Seminole County, about which nothing can be done unless there is concerted effort on the part of both business and the public. In the importance of solving the problems and capitalizing upon the opportunities which confront Seminole County as a whole, the necessity is found for a central business organization to undertake solutarily to do these things; hence, the Seminole County Chamber of Commerce.

If the Seminole County Chamber of Commerce were abandoned today, tomorrow new problems would develop and immediately, groups of businessmen would seek their solution through some form of organization by banding together for action, thus showing the real necessity of a Chamber of Commerce.

No community can progress without competent leadership. As long as there is a margin between what the community is, and what it may become, there is a need for an adequately manned and financed Chamber of Commerce. No citizen of Seminole County has reached the saturation point in progress.

Remember this: your Seminole County Chamber of Commerce is your goodwill salesman. The Chamber of Commerce goes calling on your neighbors, promotes celebrations, special events, good will meetings, and otherwise lends a helping hand because

TODAY'S BIBLE VERSE
And thou shalt be like a watered garden, and like a spring of water.—Isaiah 58-11—
In hot dry countries like Palestine, gardens leap into fragrance and burst into flowering when abundantly watered. God's love is like water to thirsty ground. It beautifies us.

HAL BOYLE

Bald Eagle Really Not Bald

LANCASTER, Pa. (AP)—When the question of picking the American national bird was brought up, Benjamin Franklin said to those who spoke for the bald eagle: "They are damn pirates. I want the turkey!" His peers, as they did on occasion, overruled the wisest scientist—businessman—diplomat—perhaps the most all-around man—the world has known. Franklin preferred the turkey as a symbol because he thought it was more typical of this land. Many civilizations had used other eagles.

Franklin was right. The bald eagle is one of the world's most magnificent looking birds, perhaps because the eagle's keenest sense of vision is its ability to see the fact that it is a homey home-bird. It is a bird that is not a bird of prey, and it is not a bird of prey. It is a bird that is not a bird of prey, and it is not a bird of prey. It is a bird that is not a bird of prey, and it is not a bird of prey.

work of checks on the habits of eagles and their movements, in cooperation with other bird lovers. The only way that has been figured out to do this is to put a metal identifying band on the bird. For obvious reasons this is done only to young nesting eagles, and eagles don't nest in suburbs. "You know Broley is only about 60," said the professor, who is mite hard of hearing but built like a quarterback, "and he can still climb up and band the eaglets himself."

YOU'RE TELLING ME!

Political Campaign Classroom

WASHINGTON (AP)—Times the present. Place a political campaign classroom. Event: a gathering of candidates taking a course in political speaking in preparation for the campaign next year. The teacher calls the class to order. Teacher: "Gentlemen, we are gathered here to discuss the time-tested and time-tested phrases—well known to all of you—which may at first seem old-fashioned, but which we find by scientific means to be as effective in these days of television as they were in days long past."

Mr. A. Man Who arises and comes to the platform. He clears his throat, adjusts his glasses, assumes a confidential air, and begins: "Ladies and gentlemen, (pause) Everyone who has known me knows that I never have a clear call to duty. You can depend on that as surely as you can depend on the sun rising in the East and setting in the West. And it makes me humble."

Mr. B. Man Who arises and comes to the platform. He clears his throat, adjusts his glasses, assumes a confidential air, and begins: "Ladies and gentlemen, (pause) Everyone who has known me knows that I never have a clear call to duty. You can depend on that as surely as you can depend on the sun rising in the East and setting in the West. And it makes me humble."

SAM DAWSON

Tight Money Slowing Down Boom

NEW YORK (AP)—Tight money is slowing down some phases of the business boom. Some of the biggest purchasers, such as home builders and auto dealers, are complaining.

But in retail sales the effect isn't so apparent. Consumer credit continues its steady rise and installment debt stands at record levels.

Businessmen are paying the most for loans from New York banks since September 1953. The Federal Reserve Bank of New York reports average rates here rose sharply in the first half of September to 3 1/2 per cent. This result from a firmer money policy of the Federal Reserve System.

As interest rates rise, the prices of U.S. Government securities fall. Banks offer such securities to get money for loans to business. But if they sell them now they must take a loss, and that makes them look twice at a businessman's application for a loan.

The rapid rise of home mortgages to record levels caused the government to tighten up a little on mortgage terms. Builders say the tighter credit is now taking hold.

Home building contract volume was cut back in September to a point 4 per cent below the total for September 1954. F. W. Dodge Corp. construction specialists, report today. It was the first time since December 1953 that their monthly figures failed to show a gain over the corresponding month of the year before.

There's usually a lag of one to two months between contract awards and the start of construction. The building agency looks for some starts to taper off the rest of this year.

The government apparently is attaining its objective of an "inflation free" level of new home building of between 1,200,000 and 1,300,000 new homes a year, Norman Strunk, executive vice president of the U. S. Savings and Loan League, says today. But he cautions that home construction drops very far, and we may "have a switch back to easier money by early next year."

Many builders, however, are complaining about the shortage of mortgage money. They say plans for future home building are being shelved in some cities.

Dr. Arthur F. Burns, chairman of the President's Council of Economic Advisers, expresses general satisfaction with the way credit restraints have worked out so far.

It—here came a whole bushel. Sara made more jelly—and thanked her friend. Then came another bushel. Commented Sara, "I like to make jelly, and the children love it. But I think I've had enough for this season."

Who Will It Be?—Curious members of the Florida Colony in Washington are asking "Who will take Ralph Davis' place as Administrative Assistant to Senator Holland?" To date, no news on this one. Davis, who held the top spot in Holland's office since 1949 left the first of the month to return to his home in Tallahassee where he will become Executive Director of the State Road Department—a new top administrative job created by the State Legislature.

Fame Running Over—Georgia's Elder Statesman, Walter F. George, is recognized as one of the outstanding leaders in the United States and the father of the present world wide move toward peace. He also is the creator of what might become the hottest political light in Georgia in the past 20 years. Sabre rattling on the part of "Hamman" Tallmadge has stirred the Senator's friends to extreme action. Newspapers all over the state are calling the faithful to rally. This activity has even run to the edges of Georgia and spread to Florida, where the Tampa Times recently ran a strong editorial in favor of Senator George. We don't know how many Georgia people read the Tampa Times, but it was a worthy effort to say the least.

Two Week Visitor—Here on temporary active duty with the Army, in Europe, Colonel Paul Shelley Jr., Tallahassee, Shelley a lawyer, formerly worked here as Senator Holland's Administrative Assistant. His wife, Eric, presently administrative assistant to Governor Collins, was formerly secretary to the Senator.

Try and Stop Me

By BENNETT CERR

STEVE OWEN, famous football star and coach, spent his youth as a cowboy on the Oklahoma plains, and didn't devote much time to football until an alert coach, noting his size, called out, "Hey, boy, how about taking a whack at running the ball?"

Steve got off his horse, picked up the pigskin, and through would-be tacklers he greeted lightning.

"Final final" outbawled the coach. "Try that once more, but this time take off your spurs."

The salaried for the forty-four volume encyclopedia, did maxed his pitch with a hearty, "Yes, ma'am! You simply put a tiny deposit down, and don't pay another penny for six months!" The prospect looked surprised, and demanded, "Who told you about us?"

Vitamins For Baby

By HERMAN H. SCHWARTZ, M.D.

BAKING need vitamins—and plenty of them. But, while it's up to you parents to see that your infant gets the right foods to supply these vitamins, it is possible that few of you know just how to do it.

Let us discuss the vitamins your baby needs and the foods that supply them.

Vitamin A—Lack of this vitamin may cause dryness and thickening of the skin and mucous membranes of the body. The vitamin is found in foods such as milk, liver, eggs, butter, cream, fish liver oil, cod liver oil, and cod liver oil.

Vitamin B—Lack of this vitamin may cause rickets. Cod liver oil is a good source of this vitamin.

Vitamin C—Lack of this vitamin may cause scurvy. Cod liver oil is a good source of this vitamin.

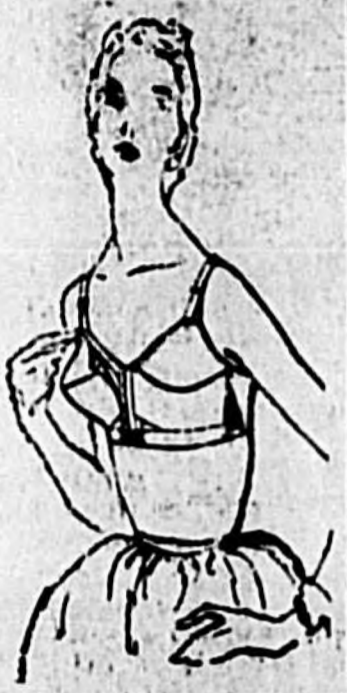

Vitamin D—Lack of this vitamin may cause rickets. Cod liver oil is a good source of this vitamin.

Vitamin E—Lack of this vitamin may cause sterility. Cod liver oil is a good source of this vitamin.

Social Events

Fold stemmed seedless grapes into sweetened whipped cream; top with freshly grated nutmeg and serve for a light and delicious dessert. Commercially-prepared sour cream may be used instead of the sweet whipped cream.

You'll find undreamed-of flatness and convenience in

maidenform's
"Young Mother" Nursing Bra

Here's a nursing bra that gives you the same fashionable figure as regular Maidenform bras... plus the never-before convenience of individually detachable cups. You'll bless the day you tried this flattering, comfortable bra. White, black, and navy. \$3.00.

Oviedo P-TA Has Volie Williams Jr. As Panel Leader

OVIDEO—The opening of the P-TA season commenced Tuesday evening when the first meeting of the 1955-56 season was held in the school auditorium. Mrs. James Pearson, president, presided over the business session.

Many problems discussed during recent meetings were brought up, discussed and disposed of in the proper manner.

A very interesting panel discussion on the Parent-Teacher Code was enjoyed by the large number of parents, teachers and visitors assembled together for this occasion.

Volie Williams, Jr., of Sanford, acted as moderator for the panel discussion, composed of children from the seventh through the twelfth grades, plus Mrs. John Evans.

Mrs. Roy Wetsenberger and Mrs. Roy Alford, chairman for the ninth and tenth grades, and mothers from the two respective grades served delicious refreshments to approximately eighty people.

Pine Crest P-TA Appoints Chairmen Of Committees

The Executive Board of the Pine Crest P-TA met at the home of Mrs. Richard Elam to appoint the chairmen of the P-TA committees.

Those receiving office were Mrs. D. P. Lanier, Health; Mrs. Fred Ganas, Beautification; Mrs. T. W. Johnson, Hospitality; Richard Elam and R. L. McKnight, Building and Grounds; Mrs. Robert W. Jackson, Publicity; Mrs. J. E. Terwilliger, Membership and Mrs. Clyde Humphrey, program. Room representative chairmen will be elected by the room mothers.

Delegates appointed for the county council were Mrs. Richard Elam and Mrs. Harry Weir along with Mrs. Mary T. Barnes, as alternate. Mrs. Margaret Reynolds is also a delegate.

Harry Weir, president, appointed Mrs. Richard Elam to represent Pine Crest School at the convention in Miami.

The next P-TA meeting will be Nov. 17.

Use some of that appeasance this way: mix it with coconut and raisins and put a little of it on pastry rounds. Fold the rounds over and press the edges together with the tines of a fork; bake in a hot oven. Be sure appeasance is thick and sweetened.

HONORS TEACHERS—The Sanford Woman's Club honored all the Sanford teachers, their husbands and families last night at the Annual Teachers supper. The crowd enjoyed a covered dish supper and musical entertainment. Attendance prizes were awarded. (Photo by Jameson)

Woman's Club Fetes Teachers With Supper

The Sanford teachers were honored last night with a covered dish supper by the Sanford Woman's Club given in the club house at 7 p. m.

The American Home Department was in charge of the annual affair. The room was tastefully decorated with roses, hibiscus and ixora. Above the mantel was a lovely creation and also on the table in the hall. On the longer tables at which the guests sat were varied colored hibiscus.

After a delicious supper the approximately 200 teachers, their husbands and families were entertained by Charlie Morrison, Arthur Greer and Ed Lane in an old fashion minstrel show, "black face and all." Prior to this group singing was enjoyed.

Prizes were awarded during the course of events. For the marked apple, Ed Christanson from Seminole High School won a prize and others included Mrs. Allen Bruns, Southside; Mrs. Hilda Wray, Seminole High; Mrs. B. H. Ansley, Grammar School and Mrs. Dot Land.

School Superintendent R. T. Milwee offered the blessing.

Gleaners Class Installs Officers In G. Lewis Home

Gleaners Class of the First Baptist Church held its class meeting at the home of Mrs. G. F. Lewis, 210 Elm Ave., last night at 7:30 p. m. with Mrs. A. J. Walker and Mrs. M. C. Echols as co-hostesses.

Mrs. W. C. Rumbley presided over the session and Mrs. W. P. Brooks Jr. gave the opening prayer.

Mrs. C. C. McManus gave the devotional reminding the class of its motto and living up to it. She also defined Gleaners.

Reports were given by group leaders and Mrs. Berta Cottrell and Mrs. M. P. Hagen were appointed new group leaders. Mrs. T. A. Stiles was selected publicity chairman while Mrs. May Myers, teacher in a "beautiful way" installed officers for the coming year. She also welcomed new members.

Mrs. M. N. Cleveland offered the closing prayer. Delicious refreshments were served by the hostesses to Mrs. Lanning, visitor from Miami; Mrs. Ben Wade, Mrs. Rosalie Holloman, Mrs. Azalea Barrieau, Mrs. May Hoffmann, Mrs. A. J. Peterson, Mrs. M. N. Cleveland, Mrs. E. H. Faircloth, Mrs. G. F. Lewis, Mrs. Myron F. Smith, Mrs. Fred Myers, Mrs. J. L. Jackson, Mrs. M. V. Echols, Mrs. W. P. Brooks Jr., Mrs. Hazel C. Thomas, Mrs. H. H. Newman, Mrs. C. G. McManus, Mrs. Jewett Rumbley, Mrs. Alice Borsdorf, Mrs. Eva Coufee, Mrs. H. B. Carter, Mrs. A. Kendall, Mrs. Berta Cottrell, Mrs. Susie Bell Cleland, Mrs. Stiles, and Mrs. Bea Anderson.

Personals

Friends of little Valerie Wilson will be sorry to learn that she still continues ill in the Orange Memorial Hospital.

Circle No. Four To Attend Course Tuesday, Oct. 25

Circle No. Four of the First Methodist Church met recently at the home of Mrs. W. C. Hill with Mrs. J. H. Crapps, hostess, and Mrs. Marvin Leddon, co-hostess.

Mrs. Leddon, chairman opened the session with members praying the Lord's Prayer, "Meditation" was the theme given by Mrs. Blake Sayers, devotional chairman, followed by a prayer.

The next P-TA meeting will be Nov. 17.

Rainbow For Girls Meet Monday Eve

The Sanford Assembly No. 23 Order of the Rainbow for Girls held its regular meeting Monday night at the Masonic Temple with Miss Elizabeth Woodruff, worthy advisor, presiding.

The final reports on the doughnut sale were given with a total of 63 dozen sold. Miss Irma Jean Corley won the prize for having sold the most dozens. The Rainbow Girls would like to express their appreciation to the people of Sanford for their wonderful response of the sale.

Miss Elizabeth Russo was elected to the station of Faith. Miss Woodruff set Saturday afternoon at 4 p. m. for a practice meeting at the Masonic temple.

The next regular meeting will be Oct. 24.

Ever add fresh tomato to mayonnaise or French dressing? Peel and seed a tomato, then chop fine before making the addition. Good over lettuce sprinkled with lots of minced chives or parsley.

Kiwanis Benefit First Conference Game For Feds

By B. HUGH ANSLEY
"This game will tell the story," says head coach Bill Fleming, as he watched his boys cracking hard leather in preparation for the invader Palatka powerhouse, the Feds first East Florida Conference endeavor of the season. This will be the big Kiwanis Benefit Game, to be staged Friday night at 8 p. m. in Memorial Stadium.

THE SANFORD HERALD
Page 8 Wed., Oct. 12, 1955

Tony Trabert Faces New Tennis Career; Chance At \$100,000

LOS ANGELES (AP) — Top tennis player Tony Trabert today faced a new and strenuous career on the courts of the world and a chance to earn \$100,000 as a newly turned professional.

The strapping 25-year-old star from Cincinnati, the 1955 Wimbledon and United States amateur champion, formally signed a 18-month contract to play for and against promoter Jack Kramer.

Today both the veteran Kramer and Trabert set back to await word from two other prospective members of the tour, Ken Rosewall and Lewis Head of Australian Davis Cup fame.

Kramer said the two young Aussies have until Oct. 11 to make up their minds about quitting the amateur ranks. He said he believes they will accept his terms, a reported \$50,000 apiece.

Kramer admitted the Trabert contract was better than the \$15,000 he guaranteed Frank Sedgman of Australia several years ago, and he said that if all go well, crew-cropped Tony should gross \$100,000 for the 200 matches he faces.

Kramer also revealed that Trabert's contract has two clauses, one contingent on a ten-man tour with himself, and the other, and better one based on the presence of the two young Aussies. Kramer, 51, may be up for rough competition.

In Manila, Head acknowledged Kramer had offered him a bout \$50,000 but that he wouldn't make a decision until he returned in Australia later this week. Rosewall said he would not decide until he talked to his parents.

Crooms Panthers Ready For Miami

By JAMES BROWN
The Crooms Panthers, who will journey to Miami, Friday night, are strengthening their weak spots by tremendous efforts.

Coaches Joe Fair, Lewis Jones, and Helburn Meadows are working hard with the boys, and they are placing the emphasis on the offensive attack. The Panthers are also polishing their passing attack.

Geo Knight CA's hard-running fullback could be able to go at full speed this week. Eddie Lanier, halfback, has been converted to left end, replacing Bubba Black. James Jones has moved Melvin Button at left tackle and is expected to appear in the starting lineup Friday night at Dorsey Park in Miami.

Quarterback Buddy Sasser of North Carolina is the squad's smallest player. He weighs only 125 pounds.

pearance he is right. Palatka, with a flashy 2-1-1 season record has been scored on only once so far this season. They downed Green Cove Springs 19-0, rolled over Starke 13-0, held the mighty Gainesville to a 0-0 tie, and suffered their lone defeat at the hands of DeLand by a close score of 4-0.

The Palatka team will outman the Feds both in quality of reserves and in quantity. They are a well coached team with an outstanding defense, as witness the lone six points rolled up against them for the season. Also they hold the advantage from previous game experiences. Palatka has won over Seminole for the last two years, in 1953 they won 14-0, and in 1954 they took the Feds in a close 7-0 battle.

The straight T formation Palatka will be coached in excellence, and the team will be well versed in the fundamentals of gridiron. "Rabbit" Smith, head mentor at Palatka, will be recalled by his past history with the University of Georgia. He was under study for Charlie Trippi in Georgia's undefeated season. Coach Smith has great talent at his disposal in the form of three outstanding Palatka riders, 175 pound Jack Bush teams with 145 pound Kenie Morris to give the halfback slots ample material with which to work. Both boys have turned in outstanding play for the season. The Feds have yet to have met an outstanding lineman, but they are destined to do so Friday night. He is another Bush boy: Dick Bush, who pushes his 200 plus pounds around like a lightweight.

The underdogged Feds are continually improving, however, and weak spot after weak spot is being corrected. Coach Fleming and his assistants, Bud Leyer and Bob Kooms strongly voiced words of pleasure at the fine defensive play Friday night against Apopka. The defense put the Apopka rushing yards in half by dropping Blue Barber half runners eight times behind the line for a total of 31 yards, to trim the Apopka rushing yardage to only 39 yards.

Coach Fleming stressed in no indefinite terms, no corrections that must be made. "We must sharpen our aerial game," he said. "Both our passing and our pass defense has to be improved." The passing defense was the Feds' weak point in their victory over Apopka last week. Only one out of six attempted passes was deflected by a Fed player. Apopka connected for three out of six passes, and their one touchdown was a long 31 yard aerial.

Seminole's Jim Hawkins is not the only threat imposed on Palatka. Homer Alexander turned in a fine performance last Friday night, and Joe Rust and Bill Harper showed well. Hawkins, however, will be ready to go, and if his improvements in the past are any indications of things to come, he should prove to be the terror of terrors.

But the Feds are not without their problems. The forward wall has a cloud hovering close as the doubtful list reveals three valuable starters on it. Howard Allred has been sidelined so far this week with an injury. Jim Owens has been slowed down considerably with a lacerated knee, and Gene Bass has seen limited practice this far this week with a bruised hand.

This should be the game in see. A capacity crowd is expected to be on hand to watch the underdogged Feds try to stretch their winning season in four straight in this, the Kiwanis Benefit Game; a most worthy cause. Make plans now to attend. It isn't often that one can do such a noble deed and be thrilled as the fans are going in he at this game.

1956 Olympic Games Not Nation Contest

By G. K. HODENFIELD
SAN FRANCISCO (AP)—Who is going to win the 1956 Olympic games at Melbourne, the United States or Russia?

American sports fans find that question a good topic for spirited debate. But members of the International Olympic Committee find it a fearsome thing, a danger to their cherished ideas of Olympic competition.

Today, with physical arrangements for the Melbourne games nearing completion, the men behind the Olympics are turning their attention more and more to the fierce nationalism that spawns the question and keeps it alive.

"The Olympic games are contests between individuals," President Avery Brundage of the International Committee said today.

"They are not—and they must not become—contests between nations to decide the superiority of one nation over another, or of one political system over another."

Brundage and Lewis Luston, chairman of the Organizing Committee for next year's games, pleaded with newsmen in what they could in abolish—or at least minimize—the use of any unofficial point system to determine the leading teams in Olympic competition.

Luston said point systems were ridiculous. "How," he asked, "can you balance a gold medal won by tiny Luxembourg against a gold medal won by the United States? How can you balance a gold medal won in the marathon against a gold medal for being a member of the championship gymnastics team?"

Luston said everything possible was being done in Australia to give what he called "true meaning" in the Olympics. There will be just one Olympic village, and competitors from both sides of the Iron Curtain will be encouraged to mix freely.

Brundage said the International Committee was crossing national and political lines wherever it could. Both Red China and Nationalist China have been invited to compete. East and West Germany were persuaded to combine their teams and enter as one nation. Even those nations which do not have diplomatic relations with Australia will be welcomed to the games.

Luston, who competed as a swimmer in the 1932 Olympics at Los Angeles, said 82 nations have accepted the invitation to participate in the games, 5 have declined and 20 are yet to be heard from.

He said "remarkable progress" had been made in preparing for the games, and all facilities would be ready in time.

Lyman, Groveland Clash Friday

By B. HUGH ANSLEY
Lyman coach Jim Payne says his boys played their hardest, most inspired ball game of the season last Friday night against Tavares. Even in losing the head mentor expressed pleasure that "the boys came so close in the face of such insurmountable odds."

This Friday night the Lyman Greyhounds take on the powerhouse of the Central Florida Conference, and the Groveland Greenbacks, in Longwood. The Greenbacks are touted as the champs of the Central Florida Conference this year. They are undefeated, have three victories and a singular tie. That tie was a 4-4 fray with the perennially

powerful St. Cloud eleven. Groveland sports an all senior team. It has a line average of 174 pounds and a backfield average of 162 pounds. Besides being the proud possessor of a fine passing attack, the Greenbacks have an almost unbelievable ground machine. They rolled 310 yards on the ground during their encounter with St. Cloud.

Groveland is in first place in the Central Florida Conference, and Lyman dropped to seventh last week, so it is easy to see why the Greyhounds will go into the game at 30 points underdogged.

There is only one factor in favor of Lyman: last year Lyman dropped the exact same ball club by a 12-6

score. And last year Groveland only lost to one other team besides Lyman. Of course, Lyman suffered greatly through graduation, but they have always played outstanding ball against the Greenbacks.

The Greyhound team has now been reduced to fifteen players due to injuries. After what Coach Payne has described as "an entire team effort" against Tavares, the team that dropped the powerful Eustis team of the Orange Belt Conference 26-0, there has been necessitated some changes in the lineup. Billy Lemons has been switched to Tailback from the one post. Dave Stevens has replaced injured 175 pound Fullback Alton

Fight Results

TUESDAY'S FIGHTS
By The Associated Press

FRISCO (AP)—Lester Galt, 160 lbs., Los Angeles, defeated Billy Evans, 170 lbs., Pasadena, in 100 seconds. Galt, 23, of Los Angeles, knocked Evans, 35, of Pasadena, out with a right hand to the body.

BIRMINGHAM, N. J.—Al Hirsch, 134 lbs., Brooklyn, and Jimmy Garcia, 125 lbs., New York, drew 4.

Boone, and Jim Hopkins, who is outstanding against Tavares is now in a key starting position. Coach Payne is finally wearing a big grin as regards his lineup. His stalwarts, 215 pound Pete VanZant and 178 pound John Schmitt are both in uniform to join with Hirsch on heavy workouts; trying desperately for some spark of hope in an almost impossible endeavor.

Campaign May Become Contest

WASHINGTON, D. C. — The campaign for the farm vote in next year's elections shows signs of becoming a contest in which both major parties will try to pin blame on the other for declining farm prices and income.

The record would seem to show, however, that farmers could find grounds for pointing fingers at both parties.

The tenor of the upcoming campaign was indicated in recent debates over summer setbacks in farm prices. Democrats accused the Eisenhower administration, saying its policies and programs were inadequate to protect farmers.

The administration came right back with a refusal to accept responsibility. It said policies and programs inherited from the preceding Democratic administration were at fault.

For the administration, Secretary of Agriculture Benson said the Truman administration had failed to set into action policies and programs designed to help agriculture adjust from abnormal war and post-war demands for farm products to lower peacetime requirements.

As a consequence, he said, unmarketable surpluses were accumulated and prices started to slide.

Furthermore, Benson said, the Truman administration had failed to institute production control measures for 1953 crops and under the law, the new administration could not start such measures until 1954 crops. In addition, he said, the Republicans inherited wartime incentive price supports for major crops which had to be continued through the 1954 crop marketing year.

This year, the administration was able to shift to a flexible price support system which also is designed, in times of surpluses, to discourage production. Price guarantees for a broad list of products have been lowered from those of the Truman era.

Yet, despite these measures to bring about farm adjustment, surpluses have grown larger and farm

output has climbed to even higher levels than prevailed under the preceding Democratic administration.

Agriculture Department reports show that the total farm output this year is expected to be the largest of record—111 per cent of the 1947-48 average. It was 106 per cent of the average last year. During the last year of the Democrats, the volume was 107 per cent of the average.

Charging production in 1952 and 1953 to the Democrats and production in 1954 and 1955 to the Republicans, output under the latter is higher for these classes of production: meat animals, dairy products, poultry and eggs, feed grains, hay and forage crops, vegetables, fruits and nuts, tobacco and oil seed crops. Only in the case of cotton and food grains has production declined under the GOP administration.

The fact that the total volume of farm production has continued to increase can be attributed largely to farmers shifting production from surplus crops to other crops and products. That is, land taken out of cotton, wheat and other crops under federal control measures, has been used to produce more of the crops not under control.

This shifting is resulting in the accumulation of record high quantities and lower prices of livestock feed grains. The department estimates that feed grain supplies are 9 per cent larger than last year's record and 15 per cent above the 1949-51 average.

The big food supplies and their lower prices has started a new cycle of expansion in hog production that already has brought a reversal in a favorable hog price situation. A year ago hogs produced an average of \$18.60 for 100 pounds, or 94 per cent of the parity price goal. Latest reports show hogs bringing an average of \$13.70 or 73 per cent of parity.

Only in two major classes of farm products are present prices more favorable. Dairy and poultry products. The improvement in dairy

CAROL WOODWARD, 2, who lost both arms when she fell under a train, courageously faces the future in Lindbergh Hospital, Teaneck, N. J. The accident occurred only a few hours after Carol's mother had been admitted to the same hospital with a back injury. Specialists will fit the child with artificial limbs as soon as possible. The Woodwards have five other children. (International)

Key To Skin Graft Lies In Man

CHICAGO (AP)—The key to transplanting skin grafts — and even whole organs — from one person to another may lie in the mechanism by which man defends himself against disease.

Dr. Robert A. Good of the University of Minnesota told reporters evidence suggests that "if even" science is to realize that dream it must find ways and means of "linking" at will with the human body's immunity-producing system.

He talked about it after having received the American Academy of Pediatrics' Lincoln Medal Johnson Award for "outstanding scientific contributions to pediatrics" during 1953.

Dr. Good was specifically honored for research on an "uncommon but not rare" disease called "agammaglobulinemia" in which the patient's blood lacks "gamma

globulin" — the blood fraction that contains antibodies against various diseases. Such people are highly susceptible to various kinds of infections.

He told the academy's 20th annual meeting that, to test a theory, skin from normal people was transplanted to two of these patients — and the grafts have now survived 18 months and 10 months respectively.

Explaining to reporters that skin transplants from one normal person to another never "take" for longer than a couple of weeks, Dr. Good said:

"We think that the success of the transplants in the case of the patients suffering from this disease is due to the same deficiency that is responsible for their great susceptibility to infection."

In other words, the same immunity response which tends to

protect against disease in normal people may also set up a "defense" against the rejection of tissue from another person.

Therefore, he said, it appears that if researchers ever are able to perfect techniques for normal transplants, they must find some way of "controlling" the immunity response.

If they do, he added, it might then be possible to transplant not only skin grafts, but "parts of living organs" as, for example, a normal person donating part of his pancreas to a diabetic.

And the newly dead—such as people killed in accidents—conceivably could be the source of entire organs, he said.

The number of U. S. women employed as household servants declined from 2 million in 1940 to 1 1/2 million in 1953.

Postmaster General Announces Plans Of Speedier Service

Local business leaders dependent upon mail will have greater speed in the delivery of all types of letter service, according to the latest word from the Postmaster General.

Nearly a billion letters a year are being delivered sooner, as much as 48 hours in many instances, under the Post Office Department's experimental Airlift for regular first class mail.

This was reported by Postmaster General Arthur E. Summerfield on the second anniversary of the start of the Airlift, Oct. 12, 1953, between Washington and Chicago and New York City and Chicago.

The Airlift carries the regular first-class letter with a 3-cent stamp (or more if it's heavier than one ounce) by air when space is available on the planes.

Outlining Airlift operations at the close of the second year, the Postmaster General noted it has been under review in the U. S. courts. He added that a decision was being expected at any time which could have a major effect on the operation.

Meanwhile, since its inception, Operation Airlift has been expanded to provide direct service through 34 major and local service cities, to about 200 American cities in 38 states.

The Airlift carries about six per cent of the more than 17 billion "blocks" of non-10¢ first-class mail handled annually.

It has not caused and discernible loss in air mail revenue.

Patrons wishing assured air mail service are still paying all other get guaranteed air mail, plus postage. Only in this way can faster handling in post offices than is assured regular 3-cent mail by air.

While the Airlift directly serves about 200 cities, its effects are even more widespread. By carrying many letters part of the way towards their destination, the Airlift speeds mail to areas that it does not serve directly.

Here are some major features of the Airlift on its second birthday:

1. From Chicago — All letters mailed in Chicago itself or flowing through Chicago and destined for points in New Jersey, Long Island, New York City, are intercepted at Chicago and then airlifted to Newark, LaGuardia, or Newark airports.
2. All letters originating in or going through Chicago and addressed to Maryland, Virginia, and Washington, D. C., are flown to Washington National Airport.
3. From New York City — Letters originating in or moving through New York City or New York City or New York City gateway for points in Illinois, Wisconsin, and Iowa fly from New York City to Chicago.
4. All letter mail originating in or flowing through New York City for points in Florida is flown to Jacksonville, Tampa or Miami.
5. From Washington, D. C. — All letters originating in or moving through Washington, to points in Illinois, Wisconsin, and Iowa are flown from Washington to Chicago.
6. All letters originating in or moving through Washington destined for points in Florida are flown from Washington to Jacksonville, Tampa, or Miami.
7. The Airlift from Florida points: — Mail from Florida points, addressed to points in the States of Illinois and Wisconsin, is flown from Jacksonville, Tampa, or Miami, Florida, under the Airlift, to Chicago.
8. Mail from Florida points, destined for Washington, D. C., or points in Virginia, Maryland, Delaware, and Pennsylvania, is flown from Jacksonville, Tampa, or Miami in Washington, with postage dispatch from Washington where mail is addressed to the other area.
9. Mail from Florida points to points in New York State, New Jersey, and all of New England, is flown from Jacksonville, Tampa, or Miami to Newark, LaGuardia, or Newark airports, with postage dispatch from New York City

Mobile Has Cock-And-Bull Story

MORILE, Ala. (AP)—Mobile had a cock-and-bull story today.

It all began when the city commissioners said yesterday that all posters inside the city limits must go. Too much early morning noise.

The action had hardly been taken when police headquarters heard a caller say: "You better make like a mad dog."

Eight young bulls had knocked down a gate and gone AWOL from the Haas-Davis Parking Co.

Patrolman J. M. Shepherd sent one back to the packing plant ready for processing. He killed him with two rifle shots.

A second one disappeared in all places—the Bulls Head community.

Another strayed last night into the yard of McGill Institute, a Catholic high school more than four miles from the packing company, and was lassoed and bulldozed by six tenderfoot flatfots.

Officers took to the range today armed with shotguns and traps.

Barnyard sources said the roosters were rooting for the bulls.

CLARA ISRAEL, 8, born in Chile with a congenitally dislocated hip, taken for first unaided steps in Chicago. Some time ago, when the child's mother heard that American orthopedic doctors were meeting in Chile, she contacted one of the physicians. He volunteered his services if Clara was brought to Chicago. The family and relatives accumulated the needed fare and the girl was sent to the United States for treatment. (International)

Legal Notice

IN THE CIRCUIT COURT, SIXTH JUDICIAL CIRCUIT OF FLORIDA IN AND FOR BREVARD COUNTY IN CHANCERY, JAMES BURNETT vs. EDWARD ARMSTRONG, WILLIAM E. BARDINGE vs. UNKNOWN.

NOTICE TO APPEAR: THE STATE OF FLORIDA vs. EDWARD ARMSTRONG, WILLIAM E. BARDINGE vs. UNKNOWN. Complaint for divorce having been filed against you in the Circuit Court, in and for Brevard County, Florida, by DAIRY AND ICE TRADING, the court has ordered that you appear in said court on the 15th day of October, A. D. 1954, at 10:00 o'clock A. M. to answer the complaint and file your written defenses herein on or before the 15th day of October, A. D. 1954, if otherwise directed by the court. A default judgment will be entered against you if you fail to appear.

The Sanford Herald is designated as a newspaper of general circulation in which this notice shall be published once each week for four consecutive weeks.

WITNESSE my hand and official seal of the Circuit of Florida at Sanford on this 12th day of September, A. D. 1954.

Clark, Circuit Court Brevard County, Florida.
