Death of Miss Ruby Bainberg
Telegrams received in the city Thursday morning announced the death of Miss Ruby Bainberg at Valdosta, Ga. Wednesday morning at nine o'clock. The funeral will take place this Friday afternoon.

The news of her death will come as a shock to her many Sanford friends. Miss Bainberg is well remembered here having taught the Fifth Grade last year.

POWERS SHOT BY HIS UNCLE

TELEGRAM FROM ZACHARY GIVES FACTS IN CASE OF SHOOTING.

That Major A. K. Powers was shot by his uncle, Ben Frank Paison is evident from the following telegram to W. M. Haynes of The Herald from Arthur D. Zachary of this city, which read as follows:

W. M. Haynes, Sanford, Fla.
Powers shot from ambush. Was in N. C. since thirty years in June 1917 operated on Walker Memorial Hospital Washington N. C. This morning he passed away. I have just received a telegram from your office stating that you had a report of a shooting in the town of Clay Springs. I am sure you will be glad to hear that I have just received a telegram from your office stating that you had a report of a shooting in the town of Clay Springs. I am sure you will be glad to hear that I have just received a telegram from your office stating that you had a report of a shooting in the town of Clay Springs.

Camping At Clay Springs

Chaperoned by Hon. and Mrs. Forest Lake a gay party of young folks enjoying a delightful camping trip at Clay Springs are the Misses Senta and Maud Lake, Dorothy Rumph, Ethel Henry and Helen Peck, Ed Mettsch, Hume Rumph, and Hawkins Connolly. It is expected that the camp will be augmented by other visitors during the week.

Mr. and Mrs. John Murrell of Oklawaha were in the city yesterday the guests of Capt. and Mrs. K. R. Murrell enroute to Kissimmee where Mr. Murrell was on legal business. Their many Sanford friends were glad to see them again. Mrs. Murrell is Miss Harriet Clara, daughter of Congressman Frank Clark of Gainesville and Washington was a great social favorite in Florida and at the national capital. John is a Sanford boy who is making good at his chosen profession in the new county of Oklawaha.

Where Brains Don't Count.

One of the strongest things in this world is the motor car. In fact, it is for an intelligent man to drive on a motor car.

CHANDLER SIX.
Famous For Its Marvelous Motor

The Chandler Adds Much to Out-Door Life

JUNE is here and all out-doors calls to us. The long roads to the country and hillside and stream and woods open their arms to us.

If you would have a full enjoyment of your trips and tours, make them in the Chandler, a car distinguished for its powerful, flexible and dependable motor, and equally distinguished for its roominess and comfort.

Nearly eighty thousand Chandler owners know what a good car it is. They know what it has meant to them, that the Chandler organization for seven years has devoted all its engineering skill and manufacturing experience to the development of the one standard Chandler chassis. They know that Chandler policies have resulted in a chassis which today approximates perfection.

On this one Chandler chassis are mounted six beautiful types of body.

Louis Entzinger attended the soldier's reunion in Tampa last week.

EAST SANFORD

Mrs. Phillips R. Andrews passed away at her home Shell Mound, Celery Ave last Friday evening. Mr. Andrews and little son Eugene and the nurse who has cared for Mrs. Andrews for a year left here on Saturday with Mrs. Andrews remains for Kennebunk, Maine. Mrs. Andrews has been ill with tuberculosis for several years. The family have the sympathy of all in their sorrow.

Charlie Merriweather made his departure on Sunday to visit his people in Lynchburg, Va., for a few days.

Harry Weeks is in Wilmington, N. C. recuperating from his recent illness.

Mrs. J. S. Moore of Celery Ave. and three of her young people are having quite an extended trip in the North.

Mrs. G. C. McDougal has been quite ill for the past two weeks. On the mend O. K. now.

Mr. and Mrs. W. W. Dresser and daughter Helen, with Joe the poodle dog are leaving next week for

Watertown N. Y. to spend the balance of the summer and leave Jacksonville the 10th on the Lenape for New York City.

Mr. and Mrs. I. D. Martin were out from town spending Sunday with the Ellsworths on Beardall Ave. Mrs. Martin is leaving on Friday for Summit, New Jersey to visit her brother and will later go to Maine for a time or to England for several months.

Mrs. Uchida arrived on Thursday for several months stay with Mr. Uchida. Mrs. Uchida is taking a three years course at the Philadelphia conservatory of music, studying piano and violin music. Mr. Uchida came here last year to learn practical farming after a course in the Imperial Agriculture College of Japan and is now progressing finely and likes the work and our country and expects to remain.

Mr. and Mrs. A. Corpany drove their car to Port Tampa City Thursday for several days visit with friends.

Marda Mayeda is on a visit to Yamato, the Japanese town on the East Coast.

Mrs. Shelay and two sons are returning to their home near Savannah, Ga., this week after several months stay here.

Mrs. Marion Austin and two children are over from Orlando visiting her mother, Mrs. May Hasty.

Mr. and Mrs. M. A. Warren and young people spent Sunday at Coronado beach.

Mr. and Mrs. Nick Zernowen picniced with a party of friends in Longwood on Sunday.

Mrs. Joe Cameron has been quite ill during the past week.

Mr. and Mrs. C. E. Chochenning, Mr. and Mrs. A. Corpany, Helen Carl and Alys Chorpening together with Cora and Olive Rutherford, Ruben Weston, Byron Lyons and Morgan McClelland from town picniced and bathed at Palm Springs Sunday.

George McDougal shot a 12 foot alligator at Osteen Ferry the other day and the Allman boys fished it out and are busy preserving the gators skin, a fine big one.

The work of paving Geneva Ave has begun, where the brick pavement stops in Brown Hammock, on toward the river.

Some of the farmers are making hay this week while the sun shines.

GENEVA

Eudor Curlett and Aubry Moran attended the business meeting of the Citrus Exchange in Orlando last Monday.

Mrs. J. A. Werthy, who has spent the past year with her daughter, Mrs. V. T. Peters here, left for Annicus, Ga., last Friday to visit another daughter.

Miss Lois Grant is home from Jacksonville, visiting her mother. Miss Edna Geiger of Orlando is spending a few days with home folks.

Mr. and Mrs. H. H. Pattishall leave Friday for their home in Waynesville N. C. to be gone all summer.

Mr. and Mrs. Lester Brown and children left Friday for Coronado Beach, where they will reside for a month.

Mrs. Williams, Mrs. Collee, Mrs. Avery and Francis Collee, Mrs. Avery Gayton and baby of Miami pleasantly surprised Mrs. C. F. Harrison last Tuesday. Mrs. Williams will stay for some time with Mrs. Harrison.

Mrs. Harris of Marianna, Florida,

spent last week with her nephew, C. W. Culpepper and family.

The many friends of Mrs. M. E. Dooley sympathize with her in the loss of her mother whose death occurred last Wednesday in Bloomington, Ill.

Miss Clair Harrton, Miss Helen Moran and Lester Brown visited Miss Ethel Rose at Lockhart last Sunday.

Mrs. Will Brown and children are spending a week at Daytona Beach.

Mrs. David Speer spent the week end with her sister, Mrs. J. V. Weeks.

Last Tuesday night the young people of Mrs. Pattishall's Sunday School class enjoyed a chicken pil-leau at Lake Harney.

Mr. and Mrs. L. A. Sheldon are moving back to their home here, much to the delight of their many friends.

UPSALA AND GRAPEVILLE

Mrs. Beck Mrs. Westerdick and Mrs. Cruse took a trip to Longwood Friday.

Mr. and Mrs. Andrew Bartleson and little daughter, Claire left Saturday to visit with her parents Mr. and Mrs. Reid of Boston, Ga., stopping en route to visit a sister in Palatka. The wife and baby will remain for some time.

We hear that Norman DeForest is here visiting his mother who has been quite ill since the middle of May; her friend Miss Woodruff has been caring for her.

Mrs. Cruse has been having fever this week.

Rev. Albertson and wife were calling at the homes of G. F. Ballinger and also at the home of Mr. and Mrs. Campbell Wednesday.

Now that Sunday school has closed for the summer, let's have a good prayer meeting and a good sing on these pleasant Sunday evenings.

Rev. Ericson will lead us next Sunday at 7:30, the first meeting.

Walfrid Ericson was also one of the boys who attended the meeting of the Legion in Tampa last week, and much enjoyed it.

Raymond Boyd of Wekiwa spent Sunday at the home of his cousin, Mrs. Albert Cruse.

The many friends here of Mr. and Mrs. Jack Thompson will be pleased to know that the family has removed from DeLand to Ocala, this past week where he has had an even better position offered him in a grocery and meat market combined.

A very narrow escape from death occurred Sunday near noon, when Mrs. A. L. Campbell was attacked and bitten by a spreading adder. She was reaching for a chick under the floor of the coop and did not know the snake was there till it struck her on the top of her left hand. Her splendid nerve and presence of mind probably saved her life as she called to her two little children to get in the auto as Mama was snake bitten which they did. She called to a neighbor as she passed to go with her for fear she might give out on the way they picked up her husband at the A. C. L. Shops who unfortunately had to work that day at his job as electrician. Going to the hospital where they knew they would find a doctor she received treatment, returning home the next day, with a very sore and swollen arm, but we all hope will suffer no bad effects. Mrs. Albert Cruse cared for the little ones till the mother returned. The snake bit and killed three chickens while the Lindquist boys were killing it.

Little Charlie Beck was struck by a rattle, Monday which fastened its fangs in his overalls which were turned up for two or three inches as at the bottom, so he had to shake it off, calling his mother to bring the gun and she got Geo. Benton a colored man working there to shoot it.

Mr. and Mrs. Henry Peterson and their daughters, Idaline and Tina came over by auto from Holly Hill, Sunday and are visiting relatives in Grapeville except the father who only spent the day. Their old friends here are always delighted to see them. Monday was spent with Mrs. Alfred Ericson and Mrs. Margaret and on Tuesday they called to see Mrs. Went of the Heights while on Wednesday eve, her brother arranged a supper party at the lake in their honor. They expect to leave Thursday to spend a few days with relatives at Pierson, Fla.

Mr. and Mrs. L. B. Hodgins and little daughter Alice left on Tuesday for a visit with the home folks in Illinois and Kentucky. Mr. Hodgins is one of the A. C. L. shop foremen.

LAKE MARY ITEMS

Mrs. Oscar Riley and little son are making her parents a visit at Galloway.

J. W. Braddock and son Wesley of South Bay was the guest of his brother-in-law H. D. Durant last week.

Rev. R. W. Edwards of Jacksonville was in our midst for the week end and delivered an excellent sermon here Sunday.

Mrs. W. P. Monroe and little

THE BALL HARDWARE COMPANY

Florida Dasheens on Market in New York

Washington, July 1.—The first carload of American grown Florida-grown dasheens has just arrived in New York city. They were grown on the east coast of Florida. Owing to the limited quantities shipped to market at present the vegetable, which is highly recommended as a substitute for the potato in locations, where that crop cannot be grown, is high in price, selling for as much as fifteen cents a pound in New York within the past week.

Support Your Home Team

There has rarely been a ball team in the field which has been invincible. It sooner or later goes down in defeat, some unfortunately go down more often than others.

The gods have been unkind to Orlando for the past few weeks, she has not come as well as some fans hoped, yet this should not warrant the non-support of the fans.

Drew Interests Closed Up

The interest of Benjamin Drew have all been closed up this week and all of this property has now passed into the hands of the Meisch Realty Co.

Death of Mrs. Phillip Andrew

Mrs. Phillips Andrews died at the Andrews home at Shell Mound, Celery avenue Monday night after an illness of several years.

The remains were taken Wednesday morning to the old home in Kennebunk Maine where relatives and friends will minister the last sad rites.

Sugar Ten Cnts A Pound in Canada

At Windsor, Canada, just across the river from Detroit, sugar sells for ten cents, or 22 cents less than it does in Detroit.

If the "sugar shortage" in the United States was more real than speculative, the Canadian supply would be proportionately short.

1300 HEAD OF CATTLE

Shipped From Kissimmee For Texas Ranches Where They Will Be Taken.

1300 head of Florida cattle gathered together at one time was a sight to the people who were at the shipping point this side of Kissimmee on Wednesday when the cattle were rounded up, dipped and shipped in a solid train load as far as Lakeland where they were transferred to the west coast branch for the long ride to Texas.

Florida cattle are very much in demand just now for feeders for the Texas cattle owners and it is said that beef is becoming scarce in Texas therefore the Florida cattle are coming in for greater notice and better prices.

Joe Cameron of this city had 300 head in the shipment bringing them to this city on Monday and shipping to Kissimmee where they were all bunched with the rest of the herd.

The cattlemen think that such an immense lot of Florida cattle going out of the state will make the price of beef high here this winter.

Water on the Brain.

To many people it will come as a surprise to learn that our brains contain from 80 to 90 per cent of water, the remaining 10 or 20 per cent being a mass of white and gray matter.

Feeding the Bedridden.

Administering liquid food or medicine to persons lying on their backs in bed is difficult, even for a trained nurse. A novel hospital drinking glass overcomes this difficulty.

Anything Is Possible.

While one man says of a thing: "It is impossible!" and conceals himself with saying so, another one passes him and does it.

Growth.

Married people should try to learn how to grow towards each other. No human thing, marriage least of all, can be allowed to grow untended.

Charles Darwin's Boyhood.

Doctor Butler, the headmaster at Shrewsbury school, had often to call Charles Darwin (the most famous naturalist of the nineteenth century) to task for inattention and laziness during his studies.

Census Data Grow.

The statistics of the first census of the United States were published in one small volume consisting of 56 pages. The statistics of the 1910 census required 12 volumes having more than 40,000 pages.

Hydrogen and Oxygen Gases.

Oxygen and hydrogen are very different gases; the former helps other substances to burn, but is not itself inflammable, while the latter is inflammable, but does not support the combustion of other materials.

The Name Taffy.

The name Taffy is a nickname for the whole Welsh people. The word is simply Davy (David), pronounced with aspiration; Sawney (Alexander) the most common Scotch name; Pat (Patrick) the most common Irish name; and John (John Bull) the most common English name.

Barney Oldfield Tires
Will Win For You
"Here is a tire you can trust—a better tire than any other manufacturer has ever built," Barney Oldfield told Gaston Chevrolet before the Indianapolis 500-mile race.
Gaston Chevrolet trusted Barney Oldfield.
So he chose Oldfield Tires, and became the first driver in history to win this, the world's greatest race without a tire change.
In his 500-mile flight over the rough bricks at 88.55 miles an hour, Gaston Chevrolet's tires resisted a degree of wear fully equal to that of 20,000 miles of ordinary running. Yet they finished in condition for many more miles of cruel competition.
A man whom his friends really trust, deserves your faith too.
Trust Barney Oldfield!
Trust Oldfield Tires to banish tire troubles for you as they did for Gaston Chevrolet.
Cord and fabric in all sizes and for all cars—the tires you need are here and ready.

PRICE OF ICE AT HOME AND ELSEWHERE

SHOWS THAT SANFORD IS PAYING AS HIGH OR HIGHER THAN SOME OTHER CITIES.

Since the Southern Utilities Co. has raised the price of ice in this city to 80 cents per hundred from wagon or platform or about seventy five cents paying the books the city commissioners wanted to find out how this price compared with that of other cities and they were asked by the City Clerk to give their prices on ice and the prices are given below:

Gainesville, 60 cents per hundred from wagon, 50 cents by book.

Tampa, 50 cents per hundred from wagon, 40 cents by book.

Orlando, 59 cents per hundred, delivered, 35 cents at factory for

100 pounds or over, 40 cents less than 100 pounds.

Lakeland, 60 cents per 100 from wagon, retail at factory 50 cents. In books of 1000 and upwards 40 cents per 100.

Bartow, 60 cents from wagon, 50 cents at factory, 60 cents in books.

St. Augustine, 60 cents from wagon 60 cents at factory.

Daytona, 60 cents per 100, no retail at factory.

Kissimmee, 80 cents delivered from wagon, 60 cents at factory, 50 cents in books of 1000 pounds and upward.

DeLand, 75 cents per 100 from wagon, 65 cents at factory.

Palatka, 80 cents from wagon book at 75 cents, 80 cent at factory, book at 75 cents.

As will be seen from this report of various cities many of them are selling ice much cheaper than Sanford and some of them at the same price especially where the Southern Utilities Co. own the factories.

Girl Was Poisoned

One of the first duties of the new state's attorney, Judge C. B. Parhill, will be to meet with the grand jury June 29, and investigate the death of Arkansas Grant, who died at her home near Plant City May 27, under peculiar circumstances. So peculiar were the circumstances that her father, J. J. Grant, was lodged in the Hillsborough county jail, pending a verdict of the coroner's jury.

The report of the grand jury, following examination by the chemical department at the University of Florida, of the girl's stomach, is as follows:

"We, the jury, find that said Arkansas Grant came to her death May 27, 1920, by strychnine given or taken internally by unknown hands." Tampa Times.

West Palm Beach's Growth

Washington, June 24.—West Palm Beach, Fla., in ten years has grown from a mere village of 1,744 persons to a city with a population of 8,569, a growth of 396 per cent, according to federal census figures announced today. In 1900 the population of West Beach was only 564.

Cats For The Rats!

Galveston, Texas, June 21 With

the aid of half score of public health experts, the mobilization of forces for a long drawn out campaign against the rats along the docks in the fight against bubonic plague got well under way today. It is to last two years and several thousand dollars to finance the fight was appropriated by the city council yesterday. Several thousand cats are en route from New Orleans and 8,000 more have been ordered from other cities.

Buford Is Easy Winner

Tallahassee, June 24.—Figures taken from the returns in the office of the secretary of state and representing all the counties of the state, which the canvassing board will officially canvass on Friday, show the following result in the attorney general's race:

Billingsley, first choice, 23,254; second choice from Calkins 3,196; Total Billingsley vote, 26,750.

Buford, first choice, 25,506; second choice from Calkins, 5,530. Total Buford vote, 31,036.

Calkins, first choice, 22,622.

Fees Will Be Cut

Tallahassee, Fla., June 24.—Big fees collected in the past by county officials come to end with the expiration of terms of present officers, according to provisions of act of the legislature of 1917.

In other words, instead of securing all the fees, as in the past, county officers, whose terms begin January 1, 1921, will receive compensation on a graduated basis, based by the net income of the office.

Under the new law the official will get all the first \$1,800; 60 per cent of the next \$1,000 or any fraction thereof; 40 per cent of the next \$2,000, or fraction thereof; 20 per cent of the next \$2,000 or fraction thereof and 10 per cent of the rest and residue.

The number and compensation of clerks and deputies will be fixed by the new board.

Weather And Crop Conditions In Florida For The Week Ending June 22 1920

Temperature: The temperature averaged above the normal in all divisions east of the Apalachicola river, but below normal in the extreme west.

Precipitation: The weather during the week was mostly dry, except showers which were locally heavy in the extreme north and west during the last of the week. The deficiency in rainfall ranged from one-half to about 2 inches.

Condition of Crops: The absence of excessive rains enabled farmers to make good progress with work, and at the close of the week many fields were in much better condition than at any time during the season. Work was active, where labor was sufficient and the hot sun killed the grass cleaned out of the cotton, corn, peanuts and other crops all of which made improvement during the week. The condition of corn on uplands, however, showed some deterioration in spots, where the hot sun and absence of rain were unfavorable to some extent. The cotton plant is still small, growth slow and much is infested with weevil. Improvement is reported however, from portions of Sawater, Jackson, Leon, and Washington counties. Most of the oat crop has been harvested, the crop was fair to good. Tobacco harvesting continues; rain is needed. Shipments of melons and truck activity. The dry weather was rather unfavorable on highlands. The melon crop is fair, some very poor. Potatoes, sweet potatoes are doing well, though rain would prove beneficial in some localities. Velvet beans and grasses fair to good. Citrus trees and grapes are doing well. Cane is spotted, some good to poor. Pineapple shipments continue from the east coast.

KISSIMMEE BANK CLOSES

State Bank Closed After Many Years of Good Service

Kissimmee was inexpressibly shocked Wednesday when it became known that a seal had been placed on the doors of the Kissimmee State Bank by State Comptroller Ernest Ames.

The bank was organized May 27, 1901, with G. A. Carson at its president, and since that time has been considered one of the soundest banks in the state. Mr. Carson held this position until two weeks ago when he resigned, owing to ill health, and left for John Hopkins hospital in Baltimore, where he now is.

Ben N. C. Bryan was elected in his place.

Mr. Bryan stated to a representative of the paper that the inability of borrowing gentlemen to realize on their livestock sufficiently to meet their obligations to the bank was the cause of its failure.

"A poor market forced the bank to carry its customers. This lowered the cash reserve from the legal 20 per cent to 5 per cent," he said. "The bank's deposits are approxi-

mately \$440,000. Its surplus \$25,000 and its resources \$500,000."

Mr. Bryan stated that he firmly believed that every depositor would receive 100 cents on the dollar, though it might take time to realize on the outstanding assets.

Encouraged by the expressions of confidence from the depositors of the bank and by the offer of financial backing which having been wired in here the directors expect to reorganize at once, though no definite plan has been made as yet, Mr. Bryan stated.—Kissimmee Gazette.

Five Reasons Why Farmers Should Take The Local Newspaper

Five reasons why every farmer and fruit grower should take a local newspaper.

Quite a number of farmers do not realize the necessity and advantage of taking a local paper. But there are a number of reasons why every rural home should take one or more. (1) It will keep him posted on national, state and county issues. (2) All of our local papers contain more or less information that is helpful from a practical standpoint to the farmer or fruit grower. (3) There may be something advertised for sale that is the very thing that the farmer wants to buy. Or, someone may be advertising for something that the farmer wants to dispose of. (4) It is your patriotic duty to boost your home town and county, and there is no greater medium of boosting than your local paper, for it is the mouthpiece of the people, and its success, or failure, depends upon the people therefore it is vitally interested in your success. (5) And not least, it will help your county agent. For illustration: A few evenings ago a farmer came to my house and asked me for the formula for making the paste to treat watermelons at the ear for stem-rot. On the way down to the office I asked him if he read my article in the local papers some two weeks ago, covering this subject. He replied that he did not as he did not take any paper because he did not have time to read them. It is hard for me to believe that any man hasn't time at the noon hour, or in the evenings to read his paper. Subscribe now and keep in touch with the things at home.—W. A. Dunnaway in Ft. Pierce Tribune.

Women Will Vote

Knoxville, Tenn., June 25.—Governor Roberts announced here tonight he would call a special session of the legislature for action on the Federal suffrage amendment in ample time for the women to vote in the November election.

This announcement was made after the governor had been shown a copy of a telegram sent him tonight by President Wilson urging such action.

The governor declined to comment on the constitutionality of such action, saying it is in the hands of Frank M. Thompson, state attorney-general, who has the matter up with the Federal department of justice.

"It is purely a Federal matter and I not a state question," said the governor, and I have nothing to do with that end of it."

Dunnellon rejoiced when the recently organized Citizen's bank was

Florida Citrus Exchange Saves Money to Growers on Their Grove Supplies

The Florida Citrus Exchange helps its members to produce their fruit for less as well as to sell it for more than do non-co-operating growers.

Members of the Florida Citrus Exchange save money by combining their buying power for fertilizers, spray materials and all grove and packing house supplies in a money-saving way.

The economies effected by the Exchange Supply Company enable members of the Florida Citrus Exchange to save enough on supplies to cover the selling cost of their fruit crops, thus really giving them the service of the sales department of Exchange free of charge.

New members who come in now will be welcomed by the growers who form the Florida Citrus Exchange. For full information write the business manager at Tampa, or call on

FEDS LOOK BETTER NOW NEW PLAYERS HERE

The Sanford outfit is beginning to look better each day. The new players that arrived this past week have done a lot towards strengthening the club and from the way some of these boys go we ought to be in first class shape by the time the second half opens.

Sanford still has some chance in this first half as there were but seven games difference between Sanford and second place after the games Wednesday night. Sanford is but a couple of games behind Orlando and Orlando in a slump. With any amount of ordinary good luck we should be able to pass Orlando and then we are several games behind Daytona and Bartow. We feel that there will be quite a change in the standing of the clubs this time next week.

Bradentown is in Sanford to-day and to-morrow. Orlando comes here for the morning game July 5th and Sanford plays in Orlando the afternoon game. July 6th is an open date and Sanford and Orlando will play at the tie game now standing between them at Orlando.

CELERY SEED

By CHAS. L. BRITT

There is hope yet. We reached the cellar, but for one day only.

Mr. Rose is having a hard time getting umpires. He is having a light time keeping them after he gets them. And Sanford always has a hard time getting one when the league is shy. Mr. Rose sees that in no way one has to suffer Sanford will do it.

And talking about umpires that by Johnson that umpired with Sanford in the two games Tuesday was some more umpire. We don't believe that he intentionally made those breaks in favor of Lakeland because he didn't look like he had enough intelligence.

Just a few more weeks and the first half is over. And from the looks of the standing now, eliminating Tampa the bunch is pretty well leveled. Sanford can take a spurt right quick and make a nice finish of it yet.

DEMOCRATIC CONVENTION IN SESSION

WOMANS SUFFRAGE AND LEAGUE OF NATIONS QUESTION

Auditorium, San Francisco, July 1. With 14 candidates before it for selection of one of them for democratic presidential candidate the convention adjourned until 8 o'clock because the resolutions committee was not ready to report.

An attempt to suspend the rules of the convention and go on with the balloting was met with such obvious disapproval by the convention that it was not pressed. The name of John W. Davis, American ambassador to great Britain wound up the list of names on the program for nominating speeches, but at the last minute the names of Sen. Simmons of North Carolina; Sen. Glass, of Virginia, and Francis Burton Harrison, governor general of the Philippines, were added and when the call of the states had been completed the names of 14 men had been formally placed before the convention.

Following a long established rule in democratic national conventions two-thirds of the votes cast is necessary for a nomination. There are 1,092 votes in the San Francisco convention this year, and the winning candidate must get at least 728 votes.

In 1912, when Woodrow Wilson was first chosen to lead his party to victory, balloting began June 28 and a nomination was not reached until July 2. There were 46 ballots taken.

On the tenth ballot, Champ Clark of Missouri had 556 votes, which, if the republican rule, by which only a majority is required, were followed by the democrats, would have given him the nomination.

San Francisco, July 2.—The subcommittee of nine, drafting the democratic platform has practically agreed on a prohibition plank which is described as "slightly moist" and as being in "support of the constitutional amendment," but with declarations for personal liberty, and against "vexatious interference." It is reported in convention circles this noon.

A league of nations plank, the same report said, had been agreed upon just as Woodrow Wilson wants it, "without the dotting of an 'i' or the crossing of a 't'."

As forecast, it follows almost identically the line of the Virginia platform endorsed by President Wilson.

- Nominees To Date**
- Sen. Robt. L. Owen, Okla.
 - Former Ambassador James W. Gerard, South Dakota.
 - National Chairman Homer S. Cummings, Connecticut.
 - Sen. Gilbert M. Hitchcock, Nebraska.
 - Attorney General A. Mitchell Palmer, Pennsylvania.
 - Sec. of Agriculture E. T. Meredith, Iowa.
 - Gov. James M. Cox, Ohio.
 - Ambassador John W. Davis, West Virginia.
 - Gov. Edward I. Edwards, New Jersey.

San Francisco, July 1.—A plank dealing with the league of nations was adopted by the democratic platform committee early this morning. A long, bitter fight so delayed the platform workers that the committee recessed until 10 o'clock. Leaders hoped to have the platform ready for the convention this afternoon.

San Francisco, July 1.—Prospects of a convention floor fight on the league of nations diminished today when it became known that some of the administration supporters were willing to accept without further opposition the reservations proviso written into the league plank last night by the resolutions committee.

The suffrage plank, as approved by the platform committee, is understood to follow the lines of the framed in the sub committee, calling on the democratic governors and legislatures of Tennessee, North Carolina and Florida to complete ratification of the suffrage amendment in time to permit the women to vote next November.

Trying to Look Poor.
Personally we try to be economical in our dress, but we have to wear fine clothes to keep from being mistaken for a capitalist.—Dallas News.

BOARD OF TRADE

President, Frank L. Miller has made the statement that there would be a meeting soon and very, very soon. We understand that this meeting will be in the form of a Get-to-gether meeting and we are certainly hoping that every one will be there because the Board of Trade with the help of every one certainly can do heaps of good for Sanford as well as the whole County. A bigger and better Sanford is bound to mean more business for the Merchants of Sanford and we feel sure that we will get our share of this increased business, but we are honest when we say that it is not a selfish motive on our part in wanting Sanford to grow. We want her to grow because we want Sanford to be as good, if not better than the rest of 'em, and with all the advantages that we have and the right kind of push, we are bound to top the most of 'em.

WE ARE ALWAYS TRYING

to instill that same kind of feeling into business. We want to build our business until it can be beat by none. To do this it is necessary that we carry the best only, to treat our customers with the consideration that they are entitled to and if at any time we make a mistake and our attention is called to it we will

THE AMERICAN PRESS ASSOCIATION

The Lake Front Improvement Co. have owned their property only a few days yet they are doing more with it in that time that the city has done since they built the sea wall. These enterprising gentlemen are due a vote of thanks from the people of Sanford for cleaning up the lake front and making it into the beautiful place that it should be and will be when they have finished.

The newspaper men are still talking about the hospitality of Pensacola and the good people of West Florida. Well, we owe them one and if all of that bunch will come to Tampa next year we will show them a touch of South Florida and south Florida hospitality. It is good for the people of the different sections of Florida to get together at least once each year for we know so little about our own state.

Gilbert Leach of the Leesburg Commercial has a scheme for the making of paper out of the reed grass that grows so prolifically all over Florida. Since Gilbert sprung his ideas on the public we note in another paper that some fellow in the southern part of the state has a scheme to make paper out of okra stalks. Out of all of this endeavor we are bound to have something big in Florida yet and not only big for the printers but for the entire state as well. The possibilities of Florida are unlimited and the resources have not been touched as yet.

If Sanford people as a whole could only see the vision of the great city that will one day be founded here on the shores of Lake Monroe they would get together at once and work toward that end with a pull all together. What wonderful opportunities the future holds in store for us and it only remains for the people to stand united and get to work. The big things are coming and no one can stop them but they would come faster and so much easier if we could only grasp the big idea and go after them as far as we have that get together nowing this week.

SENSIBLE SUGGESTION

Sanford Herald wants the Sanford Board of Trade to get busy and have the railroad and steamer lines from the north put on cheap rates to Florida for the summer. The San-

SANFORD - FLORIDA

ford paper rightly believes that much could be done toward making Florida a popular summer resort with the right kind of advertising and co-operation.—Miami Metropolis.

WHAT WE NEED

We need golf links and a country club, we need auto camps, we need more people to put their money into the Realizing Association to build more houses, we need more of all kinds, we need a stronger Board of Trade or some kindred organization that will push this city to the limit. We need a yacht club and basin for boats and a channel to the Indian River for the finest water trip in Florida. We need a big get-together meeting of the people of Seminole county where we can all forget our differences and become united on the one thing that is really needed—the united stand for the things that will make this county the greatest in the state. And we should get together now.

IS IT A HOLD-UP?

We note by the state papers that the State Highway Department is building roads in the Hastings district and when questioned by the Daytona Board of Trade about the completion say that it will be many months before this highway is opened to traffic. We have not been over the route to Jacksonville via Hastings and Bunnell and Ormond but we have been over the route through central Florida and find the road work suspended in that region with Alachua, Columbia and other counties suspending work on the roads or being delayed by one thing and another and questions of the inhabitants bring forth the statement that they are waiting on the State Road Department before proceeding. All of these counties in central Florida and East Florida have voted bonds if we understand it right and the roads should be progressing instead of hanging fire. It begins to look like they wanted to bottle up the people of south Florida until the election in November in order that we should vote for the twenty million dollar bond issue to build roads for the counties that are backward to build their own. But we arise to remark that we can live down here for several years if there are no roads north at all and before we vote for bonds for the benefit of other counties we will stay at home and the tourists can bring their cars to Sanford via the Clyde Lane and use our good roads during the winter just as they have always done. If Florida counties north of us can stand the gail and lose their chances for tourists we should worry about their roads until they come to their senses and build their own roads with their own county money just as we have done here in the most progressive part of the state.

MILLIONS FOR ROADS

The people of Florida will be called upon next November to vote upon an amendment allowing the state to bond for the sum of twenty millions for building good roads in the counties where there are none now. The people of the progressive counties of Florida that are already bonded for good roads are asking the very pertinent question of where they are coming in for any benefit from roads built elsewhere in the state with their money. These counties are now saddled with bonds for good roads have their good roads and they expect other counties in the state to build their roads in the same manner. In other words why should the counties that have already bonded for their roads be forced to pay for the roads of other counties that have not been progressive enough to build their own? The folks here in Seminole county will not vote for this bond issue unless they can be shown where in they are to be refunded for the money they have already spent on good roads and let the entire state start to building roads on an equal basis. Bonding our part of the state for good roads for backward counties looks like placing a penalty on progressiveness instead of placing a premium on it. Not only will this county vote against this bond issue but every county of east and south Florida will vote against it and it is defeated before it is fairly started unless we can be shown where it will not place a burden on us. We are in favor of good roads and have shown it by being the first to bond and build good roads but we are not in favor of an additional expense for those counties that have not had the backbone to vote their own bonds for their roads.

Furthermore we do not believe it would be constitutional if it was passed.

ONE YEAR'S FLORIDA CROP

The agricultural and industrial department of the Seaboard Air Line Railway in Florida, assisted by the state marketing bureau, has compiled figures showing the amount and value of certain crops produced

in Florida during the season of 1918 and 1919—exclusive of citrus fruits.

Florida's general farm crops for the year were valued at \$76,571,135; these crops being corn, sweet potatoes, sugar cane syrup, oats, wheat, pecans, peanuts, tobacco, velvet beans, Sea Island cotton, short staple cotton, cow peas, hay, rice, and soy beans.

A great surprise to learn that corn led the list in quantity produced, amounting to more than 12,000,000 bushels, valued at \$25,000,000, with Sea Island cotton following at \$10,200,000. Peanuts came next, 5,000,000 bushels, bringing above \$7,000,000. There was even raised 3,350 bushels of wheat in Florida!

The state's truck and vegetable crop was in the neighborhood of \$30,000,000, requiring, with our citrus fruit crop, by actual records, 66,771 cars to move it—a solid train exclusive of engines and tenders, reaching unbrokenly 4851 miles, or from Tampa to Columbia S. C.

Tomatoes valued at \$6,981,249, came first in the list—6,117 cars of them—and the quantity of each and its value is startling when we hear talk of "only 10 per cent. of Florida farm lands in cultivation."

Briefly Florida shipped: Irish potatoes, \$3,600,493; dashoons, \$68,000; squashes, \$168,044; eggplant, \$609,222; "cukes", \$543,019; romaine, \$11,893; tomatoes, \$6,981,249; watermelons, \$745,645; cabbage, \$1,953,575; celery, \$3,999,750; lettuce, \$1,341,042; pepper, \$1,655,438; onions, \$253,850; cantaloupes, \$87,400; English peas, \$97,460; beans, \$145,500; string beans, \$1,987,940; lima beans, \$43,040; okra, \$29,895; strawberries, \$666,141.

To epitomize: Citrus fruits, 23,854 cars, valued at above \$50,000,000; perishables 41,157 cars, valued at above \$10,000,000 and staple farm crops to the value of \$67,570,135. A total of more than \$150,000,000.

What a pity we cannot now add to that the value of our pork and beefs and mutton, and wool, and fides, and poultry, and eggs, and milk, and butter, and honey, and the oysters, shrimp, and fish which this state produced and sold. And suppose we added to that list also the output of our phosphate mines and our lime kilns, and our brick yards, and our fullers' earth pits, and the tobacco we produced and the cigars we manufactured!

If we had the total of all these incomes to the state, would it it be any surprise that there should be a rush of sanity to the heads of the men in other states, and a rush of immigration to Florida? Tampa Tribune.

LIVING AND LEARNING

It has not been many years since about half of Orange county was not speaking to those who lived across the Seminole county line, because Seminole county had grown in and out of Orange. Politicians have been defeated in many counties for saying they believed, or did not believe, in county division. DeSoto county bids fair to be cut into several counties by the next legislature. Bloxham county will, in all likelihood, spring full armed like the daughter of a love from her father's frontlet, and now here comes Orange county people talking of another county in that section.

The Tribune does not want to take any chance on losing its many friends in and out of the proposed new counties, but The Tribune has been a strong believer in small counties because they bring the government close to the seat of government. "Go bless you, my children," is all we say at this time.

But in view of the talk of a new county of West Orange, to contain that most alert and awakened prosperous area of one of the best and biggest counties in Florida, it is pleasing as well as interesting to see that the Orlando Sentinel speaks pleasantly, even jocularly, of the movement. The Sentinel says: "We have heard that West Orange county wants to get into a county of its own. This is great surprise to us, it is, and if there is anything to it we want to have a great big love feast right out there where all of us can hug them and they can hug us, and we can drink grapefruit and orange juice out of the same jar and make merry together. We don't want any county division, but we want harmony in the family above all else. That's what we want, and if there's anything out there you fellows want, tell it to us and we will try and help you along. Think of that big Joe Petros and J. H. Sadler, for instance, sleeping in another room and eating off another plate, and all that sort of thing. It won't do, that's all."

Truly, we live and learn! Old Orange county tried to keep all its children in the house by threats of bugaboos, and "the bad man will catch you if you don't watch out" and all that sort of thing, a few years ago. But the children went out anyhow, and are thriving, have homes

of their own and have lived happily ever after. The old parent now has another of its children chaffing at home restraint, and grown big enough to take care of themselves outside in a home of their own. But mother Orange is going to try a new plan this time. It is going to make the home fireside so attractive that nothing else can offer a superior charm.

It may work!—Tampa Tribune.

Methodist Notes

Let's go! Big Picnic Sunday School picnic Thursday July 8th at Lake Harney. Fish Fry and cold drink on grounds. Every body bring a basket dinner and bathing suits and enjoy an ideal day outing. Free transportation. Come! A good time for all. Mrs. J. D. Roberts, efficient teacher of the Daughters of Wesley Class, left Friday for Seven Springs N. C. to spend several weeks recuperating.

On Saturday Mr. and Mrs. J. W. Ford left for Key West. They are touring the State in view of a winter home and stopped in Sanford for a couple of weeks.

L. P. Hagan made a flying trip to Jacksonville last week returning Thursday.

O. J. Pope and daughter Miss Lucille are touring the mountains of Georgia for a short vacation.

S. N. Igo and family are moving to Winter Haven to make their home. Mrs. Igo has been president of the Truth Seekers Class and active work in all lines of the church and it is with reluctance we say good bye.

Recent guests at the home of Mrs. C. L. Flowers were her mother Mrs. M. E. Pifer of Windsor, Fla., and sister, Mrs. Eva Story of Gainesville. Miss Winnie Brown is in Gainesville attending the summer normal. Rev. E. E. Steinmyer of Live Oak and beloved former pastor of this church was here last week visiting Mr. and Mrs. Frank B. Adams and meeting many of his friends.

Robert Hagan and George Cowan are spending the summer at Laurel Park Boys Camp, Hendersonville, N. C. and report having a grand time.

Miss Marion Appleby and sister Daisy leave this week for Charleston S. C. to visit their aunt.

Mrs. A. S. Monger and nephew Arthur leave today for Lewisburg, Youngsville and other places in North Carolina.

Wednesday night prayer meetings are rapidly growing and great interest is being shown.

The Dependables' class were entertained last Tuesday by Mrs. W. S. Thornton at their home on West First street. At this time these young ladies planned their work for the year. They are a great class, true to name and when called upon are always ready. The hostess served delicious ice cream and cake and all vote Mrs. Thornton the best of teachers.

Mrs. J. M. Mitchell and daughter Elizabeth left Thursday for Tennessee and Mississippi to be gone a couple of months visiting relatives and friends.

A. A. Gatlin has recently moved to Sanford from Geneva. Miss Posey Davis of Homeland is visiting Miss Florence Spurling.

Mrs. A. K. Powers and Miss Bessie Zachary returned from North Carolina Saturday.

Mrs. Kemp left Thursday for Ocala and other places for summer vacation.

A great treat is in store for all who attend the Methodist church next Sunday. Mr. Boyd who was singer for Dr. S. W. Walker when he was doing Evangelistic work and who is a great singer will sing at both morning and evening services. Be sure to hear him. He sings the Gospel Bro. Walker preaches it. Mr. and Mrs. Ivy String of Orlando had as their guest last week Annie Bell Spurling of Sanford.

Mrs. E. G. Hodgins and children leave this week for Ohio and Illinois for the summer.

Mrs. O. J. Pope accompanied by Mrs. Jack Adams, Mrs. Forrest Gatchel and Miss Edith Stewart composed a congenial party going to Daytona Beach Thursday visiting the D. R. Brisson family and taking a "trip."

Remember the S. S. picnic Thursday July 8th at Lake Harney and go. You'll have the time of your life. The committee are planning a great time and fun for all.

Mrs. R. B. Morrow and son, accompanied by Miss Margaret Cowan spent several days at Daytona Beach.

Mrs. J. R. Eddy of Green Cove Springs is visiting for a few days. Mrs. W. S. Thornton and Mrs. Dwight Babbot.

At the monthly business meeting of the Truth Seekers class Monday afternoon Mrs. Leggett was elected President also regular business was attended to. The class is thriving under the management of the officers and teacher. The class decided to have a Thanksgiving Bazaar, date and place to be given later. All members of the class are requested to confer with Mrs. Thornton, Mrs. Hagan or Mrs. Eldridge as to her part in this work.

"God Gives Every Bird its food, but does not throw it into the nest---Burnett Print YOU have your money each to save---Do You Do It? When this year is ended will you have anything to show for your labor?"

Summary of the
Floating Small
Talks Succinctly
Arranged for
Herald Readers

Mrs. W. H. Peters and children were in Orlando Wednesday.

We will not deliver Elder Springs Water on Monday July 5th. Please get your order in early Saturday morning. Telephone 311. T. O. Charles. 46-1tc.

Mr. and Mrs. I. D. Williams are working on the "Welaka" apartments.

Mr. and Mrs. C. Stoothoff and son Hubert leave today for Daytona Beach where they will spend several weeks.

Used Bathing Suits. Cheap At Saint's Drug Store. 46-1tp

W. J. Thigpen the Buick agent has sold two Buicks this week one to S. O. Shinholser and one to Wesley Purvise.

You can order your new Buick now and save time on the next car load. 46-tfc

Mrs. C. A. Stone, who has spent the past winter and spring with Mr. and Mrs. W. P. Stone, left for his home near Lavonia, Ga., to-day, 75ed in the city M n ay.

Mrs. Chas. Potter and daughter Helen of Coconut Grove are the guests of Mr. and Mrs. Hixson of Paola. The Potters are former residents of the west side.

Get your orders in now for your new Buick car. See W. J. Thigpen. 46-tfc.

W. A. Zachary has purchased the A. D. Smith home on West First street and will make it his future home. Mr. and Mrs. Smith will remove to their fine farm and country home on the west side.

Order your new Buick now and you will not lose any time on the new car load coming in soon. 46-tfc

Mrs. Ollerman and little daughter have arrived from St. Louis to help Daddy Ollerman win the second series for Sanford and already old Dutch is welding the willow in better shape than ever and knocked one over the fence the other day.

Roy Chittenden was home several days of this week after covering West Florida for the firm of which he is Florida representative. Roy says the other sections of Florida are all right but to be cool and comfortable give him Sanford.

Mr. and Mrs. David Becker and family have been in the city a few

days visiting their daughter and from Mr. Becker will visit his old home in Indiana. The Becker family removed from this city to Clearwater several years ago and have become Floridians and think there is no place just like Florida.

Dr. D. C. Ward, Osteopath is in Sanford on Tuesday and Friday of each week. 8-tf

Dr. Harry Kanner, son of Mr. and Mrs. Chas. Kanner, left yesterday for New York where he will be house physician in the Lenox Hill Hospital. Dr. Kanner has been in the Panama Canal Zone for several months.

Spring is here, also ground itch and chickens with sore head. At last a remedy. "C & C" tested and put up by Rena Allen, Daytona, Florida \$1.00 bottle. 44-7tp.

The many Sanford friends of Arthur Doyle are glad to see him again. He is now making his home in Memphis where he is sales manager for the Burroughs Adding Machine Co., having a large southern territory in charge.

M. E. Scott of Morganfield, Kentucky is in the city the guest of his father-in-law, A. W. Wathen of the Lincoln House. Mr. Scott is making his first visit to Florida and is enjoying it very much being greatly surprised at the cool and delightful summer weather. He is thinking of locating here in business this winter.

WANTED - OLD CLEAN RAGS, ANY KIND EXCEPT OLD SOCKS, COATS, PANTS, OR BED SPREADS. AT THE HERALD OFFICE. 59-tf

The many friends of Robert Hines are glad to see him again in Sanford for a short visit with friends. Robert was reported dead during the war but fortunately the reports had the wrong boy and Robert returned to his home in North Carolina after the war was over much to the surprise of family and friends.

C. O. McAlister of Logansport, Indiana has been in the city several days the guest of his sister, Mrs. F. L. Roper and together with Mr. and Mrs. Roper visited Tampa and other cities in south Florida. He thinks Sanford and Florida in general are just about right and is thinking of coming down some day to remain.

The many friends of Al Witherington will be sorry to learn that he was forced to give up his position with a hotel orchestra in one of the North Carolina resorts and go to Orlando for an operation for appendicitis. He was operated upon by Dr. Christ in that city and at last reports was recovering and hopes to be around again in a few weeks.

A. D. Zachary and his sister, Mrs. A. K. Powers and little son Kinchen

Powers have returned from Wallace, North Carolina, where they were summoned by the death of Major A. K. Powers who was shot and killed by his uncle. They have the sympathy of their many friends here and in North Carolina in their hour of sorrow.

Robert Hagan, George Cowan and Billy Fitts are attending Laurel Park Camp at Hendersonville, North Carolina.

Deane Turner opened his new grocery store in the Welaka block yesterday and was greatly gratified by the splendid trade accorded him on opening day. Deane will carry a full line of fancy and staple groceries and will cater to the wants of the people in this line.

Mr. and Mrs. Ralph Roumillatt of Jacksonville are the guests of Mr. Roumillatt's mother, Mrs. June Roumillatt. Mrs. Roumillatt was formerly Miss Helen Shelton of this city and this popular young couple are receiving many social attentions from their many friends.

Mr. and Mrs. Chas. Kanner are rejoicing in the arrival home of two of the boys, Isadore coming from Tech and Dr. Harry Kanner coming from Panama where he has been practicing medicine in the government service. Harry will go to New York soon where he will be in one of the large government hospitals. The many Sanford friends of the two boys are glad to see them home and to know they are doing so well.

Don't forget the Board of Trade dinner at the Valdez Hotel on Friday night July 9th. It will be a Boosters Meeting and many things for the benefit of the city will be discussed. Plenty of fun will be interspersed along with business. Come out and be a good fellow once more.

Joe Brann (of Coronado) was in the city Monday calling on his many friends and telling them about Coronado Beach and New Smyrna. Joe wants to call it New Smyrna Beach but whatever he calls it the beach is there and it is the best one on the Atlantic coast. With free bridges to Coronado Beach it will soon become the most popular place on the east coast.

Pensacola has built some fine ships the past few years and last week the ninth big vessel was sent to the waters by the Pensacola Shipbuilding Company while a crowd of interested spectators, including members of the Florida Press Association looked on and applauded. The Journal of Saturday had a fine picture showing the launching of the Hastings, which was a sister ship to the City of Weatherford launched Saturday.

Notice

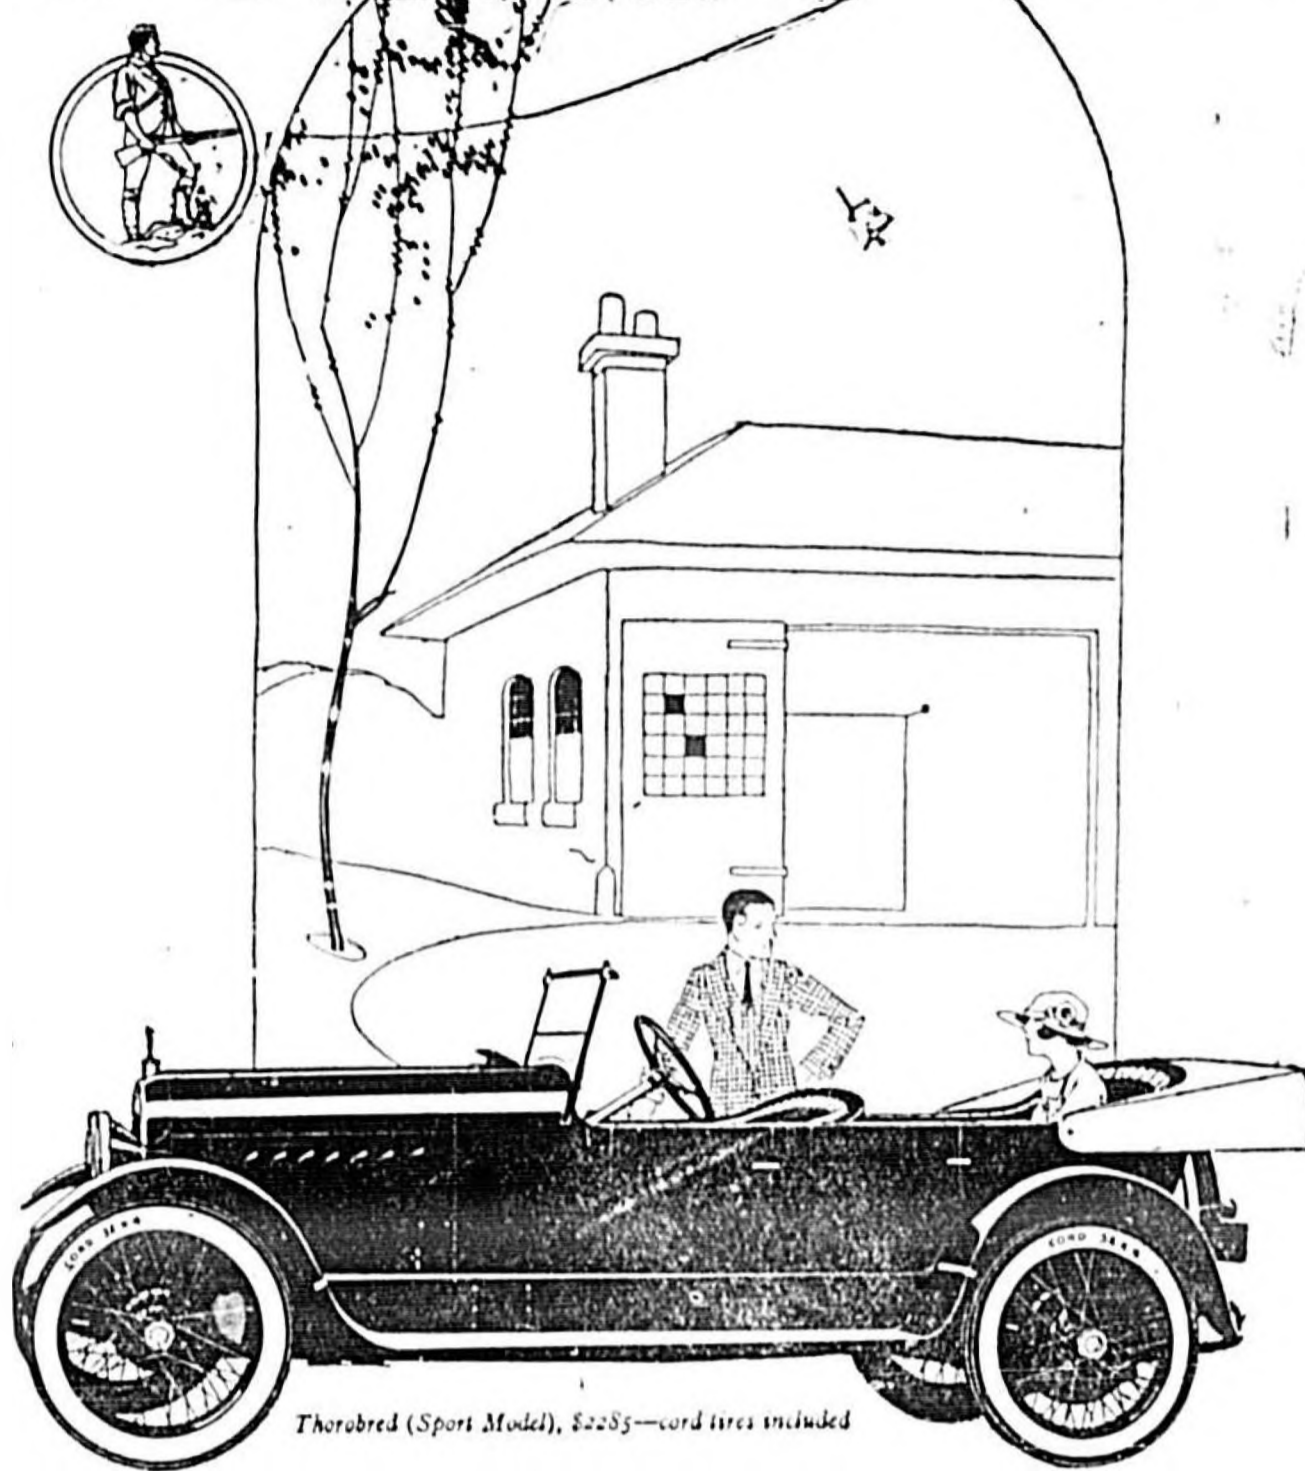

Store will be closed all day Monday July 5th. Give us your orders early on Saturday.

"Everything New That's Good"

NO FENCE LAW IS BAD

NOT THE PROPER TIME TO BRING UP THIS QUESTION

Some reasons why a no fence law should not be passed in the state of Florida.

First, the price of meat will be advanced, which is too high now. The cattleman who raises feed on his farm to fatten cattle cannot reduce the price if he keeps them under fence at the present price of feed and make any money.

The man who stall feeds cattle to fatten them and buys all his feed cannot reduce the price for if he receives a dollar a pound for beef he would come out behind financially.

The cattlemen, who have them on the free range are the ones to reduce the price, and by so doing would be a great factor in stopping this agitation against a no fence law.

Speaking about raising cattle under fence and buying feed—Which county in Florida does he go to buy if, the answer comes Duval county and if one reads the paper from there you might almost believe it was grown there.

The thousands of tons of feed that is shipped through the gateway of Jacksonville and distributed through the state, a surplus after fattening the beef, pork and mutton that is shipped along with it from the far west, to furnish food for our animals and the people—All the talk about raising cattle under fence in Florida

as a money maker it is an impossible thing—Let us go to the trucking and grove men over the state and talk cattle raising on their land and they will give you the laugh—

We will take the counties, Seminole Orange, Osceola, Lake, Polk, Brevard, Volusia, Putnam, St. John Clay, Duval and others.

We will use the old saying "forty acres and a mule." We will fence it in with the regulation fence. The man who drew the plan for that fence for the cattlemen was some fence architect.

When the forty is fenced and the gate hung I make a bee line to the county demonstrator and get all the information about raising feed stuff and plant in season and out of season, then I see how many cattle and hogs I can raise on that forty acres. When I have two or three hundred nice fat cattle and several hogs under fence and my neighbors have planted their forty acres in beds to make a grove and others have planted corn, peas, beans and potatoes and everything is growing fine, some one comes along, goes through my field and leaves the gate open, the cattle rush out and devour the neighbors buds and corn—You are awakened in the morning by some one knocking on the door and you see the neighbors standing out with guns on their shoulders and you wonder what is the trouble. Oh the gate, if I had not built that gate, all would have been well for no cattle could break through that regulation fence.

A man in Florida that plants a grove, trucks, or farms and does not keep a fence around it shows poor judgement although the cattle are under fence.

The cattlemen will tell you it is impossible to raise cattle on open range without driving them from

one section to another they will tell you they get salt sick.

Dr. C. F. Dawson, State Veterinarian wrote a long article on the subject and said it was a parasite that caused it—I say it is a lack of mineral salts which can be found in herbs and grasses, which grow more abundantly in some sections than others and by moving the cattle, they find the mineral they need on their grazing ground.

Horses, mules, cattle and sheep and hogs must have a sufficient amount of mineral salts to be healthy many times, I am asked the question what shall I do to keep my horse, mule or cow from eating dirt, sand or other foreign substances. Lack of mineral salts sweet clover hay furnishes about ten per cent also Dr. A. Dolan's Renovator.

Oh! an advertisement, no just information. Renovator is one of the most efficient combinations of medicines—it supplies the mineral salts in horses, mules and cattle. Renovator is a finely powdered and concentrated tonic and alterative composition. Iron manganese, Nux Gen-tizin ginger Sulphur Fonea Greek Resin nitrate of Potass and others—

This combination is an excellent body builder and acts gently on the kidneys and lymphatics as well as upon the blood—

More efficient than ordinary condition powders and report of a bodily gain of fifty pounds from a single package is not uncommon.

Ask your druggist for it or see or write Dr. A. Dolan, Sanford, Fla. (Advertisement)

IN SOCIETY'S DOMAIN

Mrs. R. A. Terhoun, Editor Phone 395

Society Personals

1 rothy Elwood is the name given the little daughter born to Mr. and Mrs. M. S. Wiggins, Sunday, June 27th.

Mrs. Crenshaw and family left last Thursday by steamer for Jacksonville, en route to Alexander City, where the summer will be spent. Mr. Crenshaw accompanied them to Jacksonville, returning home on Friday.

Mrs. Maurice McLeod and children have returned to Trilby after spending a week pleasantly with Mrs. J. B. McLeod.

Mrs. R. E. Miller is in Winter Garden with her daughter Mrs. W. C. Bray, called there by the illness of her little grandson.

Dr. Harry Kanner is spending his vacation with the home-folks while en route from Panama to New York, where he will be one of the house physicians at the Lenox Hill Hospital. Dr. Kanner, who is the second son of Mr. and Mrs. Chas. Kanner of this city is rapidly climbing the ladder of success in his chosen profession.

Mrs. W. B. Zachary and two children are spending this week in Bartow.

Mrs. W. H. Belding has returned from a visit with her sister in Jacksonville.

Mr. and Mrs. Fred Daiger Sr. are the guests of Mr. and Mrs. Fred Daiger Jr. They expect to return to Tampa early in the week accompanied by their son and family.

Miss Fannie Tucker who has been the guest of Mrs. Raymond Key, has returned to her home in Orlando.

Miss Edith Stewart who is in training at St. Timothy's Hospital, Philadelphia, is at home for a month vacation. Miss Stewart has only a few months longer to train before receiving her diploma as graduate nurse.

Miss Marie Bleck has accepted a clerical position with the Atlantic Coast Line shops at Jacksonville for which place she leaves early in July.

Mrs. G. W. Bailey returned from Bainbridge, Georgia, this week, where she was called by serious illness in her sister's family.

Mr. and Mrs. Ralph Roumillatt were guests of friends in the city on Sunday. Mr. Roumillatt returned to Jacksonville and Mrs. Roumillatt who will be remembered as Miss Helen Shelton, is visiting their mother, Mrs. Junie Roumillatt and other friends.

Mr. and Mrs. C. L. Matthews and their sister, Miss Mildred Dickson, left this week for Brevard, N. C. for a stay of several weeks.

Miss Minnie Stewart returned from Atlanta Tuesday, to accept her former position in the office of the A. C. L. Shops.

Mrs. J. D. Roberts left last Friday for Wilmington and Seven Springs, N. C. where she will make an extended visit.

Rev. Father Peck and his mother Mrs. Jonathan Peck are among the cottagers at Coronado Beach.

Mrs. Tom McCorkle has returned to her home in Lakeland after a

pleasant visit with Mrs. L. Allen.

Mrs. David Speer returned from a week end visit to Geneva Monday and left again on Tuesday for Jacksonville and Americus, Ga., for an extended visit with relatives.

Spending Monday at Daytona Beach the guests of Mr. and Mrs. F. B. Langley were Dr. and Mrs. Langley, the Misses Edith and Marie Teague, Ed Meisch and Tom Martin.

Miss Grace Deen has returned to Lakeland and Miss Ethel Deen left Wednesday for Douglass, Ga., after a delightful visit with their aunt, Mrs. Morton Thigpen. They were the recipients of many charming social attentions while here.

Mary Louise Wells of Tampa arrived Sunday to spend the summer with her aunt, Mrs. Alfred Lilja.

Mr. and Mrs. Sam Igou and family left this week for Winter Haven where they will make their home.

Mr. and Mrs. John Meisch and little daughter Kathleen left Thursday for Hendersonville and other points in North Carolina to spend several weeks.

Edmund Meisch leaves on Saturday for an extended trip to New York and New Jersey.

Mr. and Mrs. Fred Strange with their mother, Mrs. Hickson, are camping at Lake Harney. Mr. Hickson and son Albert spent the week end in camp with them.

Mr. and Mrs. D. L. Thrasher and daughter Miss May Thrasher spent Wednesday in Eustis the guests of relatives.

Mrs. Earle Burdick returned to Daytona Friday with Miss Mildred Burdick to spend the week end with Miss Burdick.

Mrs. Paul Booth has gone to Jacksonville and points in Georgia to spend a month.

A group of gentlemen fishing at Daytona Beach last Friday were Messrs. Robt. Thrasher, Garner and Ben Monroe.

Mr. Robert Thornton of Brewster was the week end guest of Dr. and Mrs. Theodore Langley.

Mrs. C. A. Rollins, Mrs. O. A. Rollins and Miss Laura Rollins of Miami have been the guests of Mrs. Charles Marshall several weeks. Mrs. C. A. Rollins, Mrs. Marshall's mother returned to Miami on Tuesday.

Mrs. Raymond Butler has returned to her home in Brunswick, Ga. after a pleasant visit with Mr. and Mrs. Volie Williams.

Miss Mabel Ingram of West Palm Beach is the attractive guest of her grandmother, Mrs. A. L. Speer.

Mrs. E. D. Mobley and daughter Georgia, left Wednesday for a three weeks visit with relatives and friends in West Florida.

Miss Edna Morris of West Palm Beach accompanied Miss Mabel Ingram to Sanford and is the guest of friends at Moore's Station.

Mrs. A. L. Speer accompanied by her grand-daughter, Miss Mabel

There's a Special Ingersoll for Each of These Folks

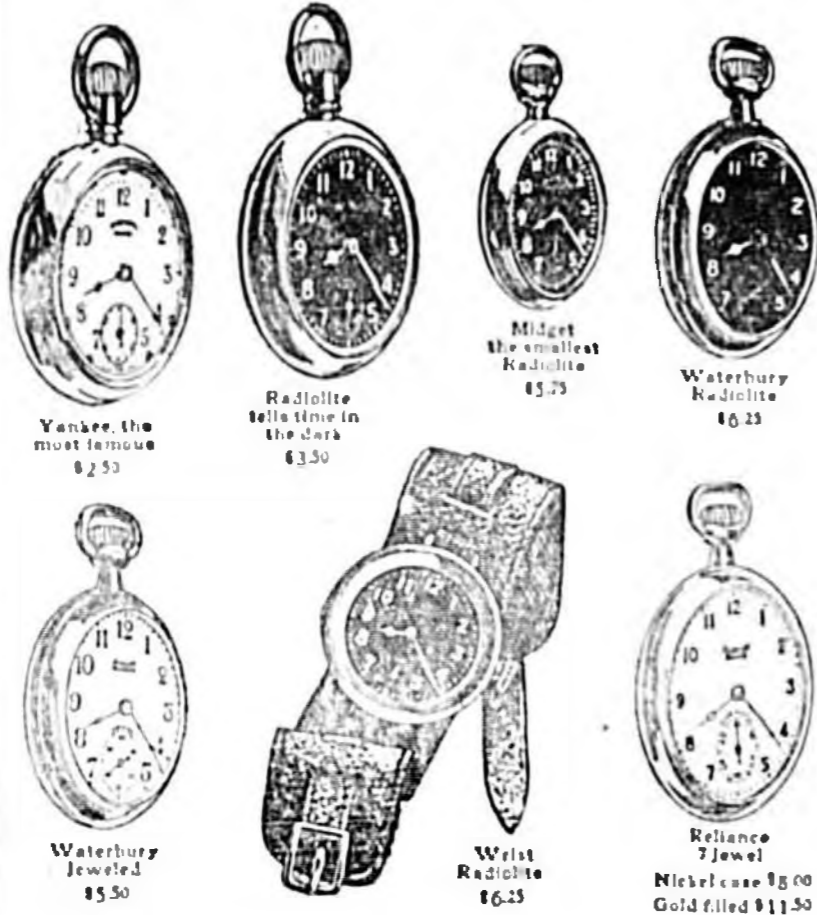

DID YOU ever "get fitted" to a watch? We mean, did you ever figure out exactly your watch needs and then see if you were properly equipped?

There are a dozen or more different Ingersolls—varying in price, varying in purpose—small watches, jeweled watches, radium dial watches for night use, and so on. For instance, if you have an expensive watch, you probably would choose a Radiolite for \$3.50. If you haven't a good serviceable watch, you'd be likely to buy a 7-jewel Reliance. The dealer will help you to select just the one for you.

"Ingersoll" has always meant the lowest-priced good timekeeper. Today, with present day costs and the 1920 purchasing value of a dollar, \$2.50 is the lowest price at which we can make a watch while keeping up the Ingersoll standard of quality. "Ingersoll" means "money's worth" whether it's for the \$2.50 Yankee or one of the Radiolites that tell time in the dark, or for one of the jeweled watches.

Ingersoll

Prices include Government Tax

ROBT. H. INGERSOLL & BRO., New York, Chicago, San Francisco

"and he gave it dead away"

IT'S REALLY surprising. THE MONEY you save. BY ASKING questions. I FOUND that the maker OF A hair restorer. WAS BALD as a coot. SO I passed that up. AND A bird who came. TO SELL oil stock. HAD HIS own cash. IN LIBERTY Bonds. SO I ducked again. AND I asked a clerk. FOR THE best cigarettes. AND HE reached around. FOR A fancy box. AND I knew I was in. FOR THE same old line.

SO I asked him this. "WOULD YOU smoke one of 'em." IF I bought a box? AND THEN he smiled. LIKE A regular guy. AND SAID "No thanks. I'LL SMOKE my own." AND I got wise. AND ASKED him then. WHAT BRAND he smoked. AND HE showed me. AND THEN he said. "THEY SATISFY." AND B'GOSH, he's right.

SURE they satisfy—Chesterfields have today—that's the reason. Body enough to satisfy a cigar smoker. And yet Chesterfields are mild. Impossible? That's it exactly—Chesterfields have accomplished the impossible. They satisfy and yet they're mild.

They Satisfy Chesterfield CIGARETTES

Determined Protest Against Higher Rate on Florida Produce

Washington, Jun 23.—Determined opposition to any increase in freight rates on fruits and vegetables was expressed at the advanced rate hearings before the interstate commerce commission today by J. C. Chase of Jacksonville, Fla., representing the southern growers.

Growers cannot pass on increase rates to the consumer, Mr. Chase declared, because the price is fixed at the market regardless of the cost of production or transportation. Fruit and vegetable producers now are operating at a loss, he said, and further advances in rates would be a serious burden, because rates are already as high as they can stand.

Joke on Benjamin

Chris Coddington of the DeLand News and Bob Holly of the Sanford Herald played a mean trick on us Tuesday, by coming in, on their way home from the press association at Pensacola, introducing themselves as ordinary citizens, and signifying their desire to subscribe. We generally send people who want to subscribe down to the business office, but those two boys looked like they had real money so we decided to take it, blow it in, tell the business manager we had lost it and leave it to him to square the matter. However, when Bob wrote the names of himself and Chris, we at once penetrated their disguises. Both looked like farmers who had shipped half a dozen cartloads of melons apiece. It has been several years since we saw either of the boys, and in that time Bob Holly has grown considerable hair, having fifteen or twenty more hirsute tendrils than when he was here in 1912. Chris Coddington is one of the most independent editors in the state and carries on an unceasing fight against political corruption in his county. Every once in a while, he is knocked down, but he has never taken the count. We do not know what sort of a paper Bob Holly runs, for he has made so much money picking celery that he does not condescend to exchange with us. For the same reason, he will not read this notice. After having their fun with us, the boys departed on their way home. DeLand Star.

Pulled For Profiteering

New York, June 24.—Gimbel Brothers of New York, operators of a large department store here and controlling interests which own similar establishments in other cities, today were indicted on 297 counts for profiteering in clothing.

Frederick Gimbel, president of the company; Joseph Dowell, a merchandise manager and Chas. G. Slawter, clothing buyer, were indicted on the same charges.

Gimbel, Dowell and Slawter were arrested here last Saturday by an outfit of ten department of justice's flying squadron of profiteering hunters on four counts alleging "unjust, unreasonable and unlawful" profits on clothing in which the profits were said to have amounted to from 20 to 275 per cent. They were released in \$1,000 bail each for examination July 6, after pleading no guilty to the charges. Department of justice agents, as well as the time that the arrests in the Gimbel case were to be followed by similar action against a number of alleged profiteering de-

partment store merchants of like importance. It was stated that other department stores already were under investigation and that Federal warrants were to be requested as soon as inquiries had been completed sufficiently to allow agents to file their charges.

Newspaper Folk Pass Thru En Route To Pensacola.

A jolly bunch of newspaper folk passed through Marianna Tuesday on their way to Pensacola where the big pow wow is to be held Thursday Friday and Saturday. The party was composed of Mr. and Mrs. R. J. Holly of the Sanford Herald and Mr. and Mrs. Chris Coddington of the DeLand News. The trip was being made through the country and judging from the smiling faces of the occupants of the car it hadn't been much interfered with by punctures, blow-outs and such things. The start was made Saturday afternoon and by Wednesday they will reach their destination. Over night stops have been made along the way and until their arrival in Marianna they had enjoyed a splendid time.

Mr. Holly and Mr. Coddington as editors of their respective papers are well-known throughout the state. They with their charming wives, will remain in Pensacola until the adjournment of the Florida State Press Association meeting, when they will return through the country to their homes in Sanford and DeLand.—Marianna Courier.

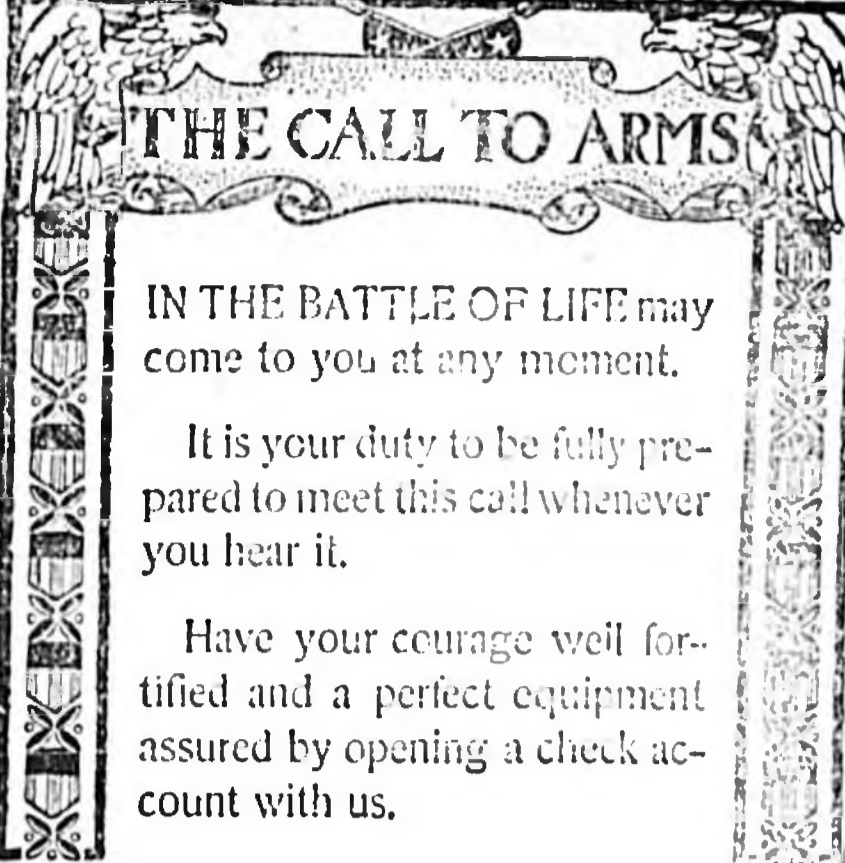

Two Jolly Newspaper Guys

Some days ago we were walking across our public square when two gentlemen approached us, walking briskly, and the taller one of the two extended his hand, asking "what might be your name?" We shook his hand in an embarrassed way and gave our name. He looked toward the shorter man and repeated our name, saying he had never heard it before. The other gentleman also said he never had. We looked from one to the other and finally caught on. Confound you both, as I see you are Bob Holly and Chris Coddington. They begged us to go to the Press Association with them over at Pensacola whether they were traveling. Said they would give us a good time and wanted to show us to the pen boys as a living curiosity in the way of an agitator.—Gainesville Star.

The Brooksville Argus tells of shipments of watermelons from that place in considerable quantities and says that Hernando farmers are doing very well this season. Not a great deal of attention is given to trucking, yet those who are in it make good and the acreage devoted to this important feature of agriculture in Florida, is steadily increasing.

According to the Brooksville Star tomato packing, packing and shipping is now occupying the attention of many in that section at present. The crop was late but the movement is now in full swing. A great amount of tomatoes have been sent out by express but there has also been shipped several full carloads by freight, and more will follow rapidly.

The Victim's Pelt. For our part, whenever we see a woman with \$1,000 worth of fur on we wonder who her husband skinned.—Dallas News.

COULD HARDLY STAND ALONE

Terrible Suffering From Headache, Sideache, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Gonzales, Tex.—Mrs. Minnie Phillips, of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left ribs. It would commence with an aching and extend up into my left shoulder and on down into my back. By that time my pain would be so severe I would have to take to bed, and suffered usually about three days... I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to go anywhere and had to let my house work go... I suffered awful with a pain in my back and I had the headache all the time. I just was unable to do a thing. My life was a misery, my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of our getting anything to help me.

One day a Birthday Almanac was thrown in my yard. After reading its testimonials I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle... I am now a well woman and feeling fine and the cure has been permanent for it has been two years since my awful bad health. I will always praise and recommend Cardui." Try Cardui today. E 78

Chase & Co.

Sanford, Florida

FLA. GROWERS PAY MORE

(Continued from page 1)

of National League of Commission Merchants of the United States; H. F. Bennett, Bradenton; E. D. Dowd, traffic manager of the Florida Citrus Exchange; C. S. Hoskins, traffic manager Tampa Board of Trade, and J. C. Chase of Jacksonville. Other growers and shippers are in attendance at the hearing.

Charles S. Hoskins, traffic manager of the Tampa Board of Trade, was the first witness today. Mr. Hoskins is a traffic man of 27 years experience. He presented all 14 exhibits which constitute the major part of the complainant's evidence.

Doozier A. DeVane, attorney for the railroad commissioners, stated in the opening of the hearing that the complainants sought to prove that the present freight and refrigeration rates were unreasonable, and that the refrigeration service was necessary to the commodities handled and therefore included in the railroad rates.

Exhibit No. 2, presented by Mr. Hoskins showed that present freight rates on citrus fruits by the so-called box from Palmetto, Fla., to certain northern cities, ranged from 88.2 to 134 per cent more than the averaged rate on the ordinary run of freight. The carload rate runs as high as 151 per cent, in excess of

the average. The rates on vegetables show an even greater variance, the rate on vegetables from Palmetto to Cincinnati, O., being 182.1 per cent more than the average according to Mr. Hoskins.

Mr. Hoskins then compared the rates on citrus fruits from Tampa, Mobile and New Orleans with the rates on bananas from these cities to Tampa. The carload rate on citrus fruits was shown to be 139 per cent more from Mobile and 121.2 per cent more from New Orleans than the rate on bananas for the identical haul in opposite directions.

Another exhibit presented by Mr. Hoskins showed that the rate on citrus fruits from Punta Gorda to Cincinnati was 25.7 per cent, more than the rate per hundred pounds of fish a more highly perishable commodity than fruit.

Rates on vegetables from Punta Gorda were compared in the same manner and the carload charges were shown to be from 11 to 56.4 per cent more than the rates on fish.

The most interesting exhibit was the comparison of rates on citrus fruit per car mile from Los Angeles, Calif., and from Palmetto. The rates from Florida range from .169 to 105.1 per cent higher than those from California. Rates to 18 different cities in widely scattered sections of the north were compared and in most instances the charges on Florida citrus fruits were more than 50 per cent greater per car mile than the charges on California oranges and grapefruit.

The hearing is expected to last at least three days, as it involves testimony which goes back into the history of the making of the present rates and the reasons then advanced for putting them into effect. The Fruit Growers Express Co., operating the refrigerator cars, together with the various railroads over which it operates, is the defendant. The refrigerator cars were formerly operated by Armour and other packing concerns.

Very Explosive Title

Sanford has a sewing society arraying the name of "TNTs" and I have been wondering ever since I first saw it whether those letters meant "Travel, Needle, Travel", or "Telling Numerous Tales." What is the answer, anyway?—Palm Beach Post.

BELL SOUNDS WIRELESS CALL

New Emergency Calling Device Invents Attention for S. O. S. Signals.

London.—A novel wireless emergency calling device by which ships in distress can ring alarm bells or other ships within wireless range, is reported by the American chamber of commerce in London.

The present wireless system of communication requires that an operator to hear a call, must be on duty, wearing the usual telephone headpiece. The calling up, according to the American chamber, is effected by a bell which starts ringing on the ships called.

It is claimed that one of the most important uses of the device will be to insure immediate and general attention to S. O. S. calls.

Color Test Supreme

The Florida supreme court recently affirmed the decision of a lower court that the color test leads the acid test in citrus fruit in determining their marketable condition. A grower brought suit to ship grapefruit that showed an average on the trees of more than one-half colored, indicating ripeness, under the law. An inspector made an acid test and seized the shipment as immature fruit. The grower appealed to the courts. The state authorities had held that the color test was secondary and that the fruit could not be shipped unless it stood the acid test. The supreme court holds that ripeness is sufficient test for shipment, but if the ripening is delayed, as it sometimes is, until after the fruit is fit for consumption, the grower may prove by the acid test that he may market the fruit.

Linking the Americas

For the first time North and South American are to be linked together by regular wireless communication. Despite the progress in wireless electricity the region of the equator has continued to set up a barrier against the invisible currents could not penetrate the mysterious resistance known as "static." Now, at last, this problem has been solved. Great high power stations in the United States can now communicate with similar stations in Brazil. At a touch of the key at New York or Washington the invisible waves will overlap every barrier and be read an instant later on the southern continent. The wireless will knit closer the two western continents.—Boys' Life.

Germs and Microbes

Germs and microbes are terms which are applied to certain organisms too small to be seen by the unaided eye. Most of those which produce disease are known as bacteria. These are one-celled plants. They are not insects or even animals, being much lower in the scale of life and much simpler in structure than insects. Man always has made use of certain germs, without, however, knowing just what he was using, for instance, yeast used in baking and other fermentation processes.

LEGAL ADVERTISING

Notice Of Intention To Apply For Letters Patent
Notice is hereby given that we, the undersigned, have this day organized and have caused to be filed in the office of the Secretary of the State of Florida, under the name of THE E. ALLEN SEED COMPANY, for the purpose set forth under the proposed articles of incorporation hereto attached, the name of which is subject to file with the Secretary of the State of Florida, Florida, that we intend to apply to the Honorable Board of Commissioners of Florida, at Tallahassee, Florida, on the 30th day of July A. D. 1920, for letters patent upon said articles of incorporation.

E. ALLEN, JR.
R. L. ALLEN.
Proposed Charter of The E. Allen Seed Company

We, the undersigned, E. Allen, Jr., and R. L. Allen, do hereby certify that we are citizens of the State of Florida, and under the provisions of the Statutes of said State, we hereby declare the purpose, name, and objects of our corporation, and immediately of corporations for profit.

Article 1.
The name of this corporation shall be THE E. ALLEN SEED COMPANY, and its business shall be carried on in the City of Sanford, Seminole County, Florida, and in other parts of the State of Florida, and in the United States as may be from time to time authorized by its Board of Directors.

Article 2.
(a) The general nature of the business, to be conducted and carried on by this corporation, is to deal in general merchandise, buy, sell, exchange and deal in crate material,

crates, hampers, baskets, boxes, barrels, fertilizers, insecticides, lime, bluestone, seeds and all matters for the raising of different crops for vegetables and fruits, tractors and farmers supplies, buy, sell, rent and lease real estate, and do general nursery business.

(b) To deal in personal property of every kind and character with full power to pledge mortgage or otherwise encumber the same;

(c) To borrow money upon the security of their incorporate property or otherwise, not in violation of the law, by the making in connection with any business transaction incident to the purpose for which this corporation is organized;

(d) To buy, sell, own, mortgage and encumber real estate of any character whatever when the same is incident to or desirable in carrying on its corporate business.

Article 3.
The capital stock of this corporation shall be Five THOUSAND DOLLARS (\$5,000.00), and shall be divided into FIVE THOUSAND (5,000) shares of the par value of TEN DOLLARS (\$10.00) each, payable in the lawful money of the United States or in property, labor, or services at a just valuation to be fixed by the stockholders of this corporation at the meeting of the corporation to be had after the granting of the charter herein applied for; which capital stock shall be owned, sold, issued, assigned or transferred only in accordance with such BY-LAWS as the corporation shall from time to time make, change or alter, with a lien reserved in favor of the corporation upon all of its capital stock for all and any indebtedness which may at any time be due by the holders of the same law to the corporation and which shall be a lien thereon superior to all other liens or claims of any character in and all assignments or transfers of the corporation stock shall be subject thereto.

Article 4.
This corporation shall have a perpetual existence, or until legally dissolved.

Article 5.
The business of this corporation shall be conducted by a Board of Directors and such other officers as the corporation may authorize. The officers of the corporation shall be a President, a Vice President and a Secretary-Treasurer; and such other and additional officers as may be created by the Board of Directors. Until the qualification of the officers and the Directors of this corporation is effected at its first meeting thereof, the following shall act as its officers and constitute its Board of Directors:

President—R. L. Allen.
Secretary-Treasurer—A. F. Allen.

The first meeting of the stockholders of the corporation shall be held on the first day of November, A. D. 1920, in the City of Sanford, Seminole County, Florida, for the purpose of completing the organization of the corporation, to adopt its BY-LAWS and transact all business which may come before such meeting.

Article 6.
The highest amount of indebtedness to which this corporation may at any time subject itself, shall be FIFTY THOUSAND DOLLARS (\$50,000.00).

Article 7.
The names and residence of the incorporators of this corporation and the amount of capital stock subscribed by each is as follows:

E. Allen, Junior, Sanford, Florida, \$1,000.00
R. L. Allen, Sanford, Florida, \$1,000.00
A. F. Allen, Sr., Sanford, Florida, \$1,000.00

In witness whereof the said incorporators have hereunto set their hands, this 24th day of June A. D. 1920.

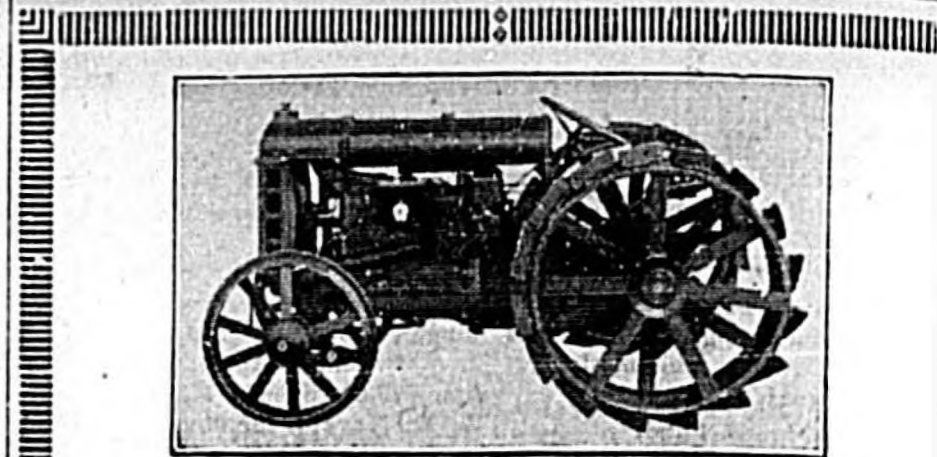

E. Allen, Junior.
R. L. Allen.
A. F. Allen.

On this day personally appeared E. Allen, Jr., Secretary Public, E. Allen, Jr., R. L. Allen, and A. F. Allen, to me well known and known to be the persons described in and who, executed the foregoing articles of incorporation, and they each acknowledged to me that they executed the same for the purposes therein expressed.

Witness my hand and official seal at Sanford, Seminole County, Florida, this the 24th day of June, A. D. 1920.

J. G. LEONARDI
Notary Public, State of Florida

My commission expires April 19, 1921

For the price of the Ford you can buy a FORDSON TRACTOR that can do the work of Six good Mules. All Tractors are delivered as ordered. Get your order in on time so that you will not be delayed.

FORD SERVICE

Remember that when you bring your Ford car here for mechanical attention that you get genuine Ford Service. Material, experienced workmen and Ford factory prices. No outlay parts allowed to be sold here. Your Ford car is too useful, too valuable to take chances with poor quality materials. Bring it here and save both time and money.

EDWARD HIGGINS, Manager

ELDER SPRINGS WATER

THOMAS D. BAKER, Ph. D.
Analytical and Consulting Chemist - Professional of Natural Science
Emeritus, Rollins College, Winter Park, Fla., Nov. 5th, 1918

Mr. T. O. Charles, Sanford, Fla.
Dear Sir:

I have completed careful chemical analysis of the sample of water that you brought me early last week, and have obtained the following results:

Color	Clear	Chlorine	1.75 parts per million
Reaction	Neutral	Total solids	4.00 parts per million
Free Ammonia	00 parts per million	Hardness	23.03 parts per million
Albuminoid Ammonia	Trace	Nitrates	Trace

The absence practically of free and albuminoid ammonia in this water and its very small amount of chlorine indicates its excellent quality for household purposes. In addition to the good quality characteristics of superior household water, it possesses special features of much value, especially those of excellent natural aeration and LOW degree of hardness.

The bacteriological analysis, resulting in an average total count, in four samples of the water, of 1 bacteria per cent, and in finding no colon, or other harmful bacteria, fully confirm its good quality indicated by the CHEMICAL analysis.

Of the many waters of this and other regions that I have analyzed, I have found none superior in all good qualities to that of the "Elder Water."
Yours very respectfully,
(Signed) THOMAS D. BAKER
