

White Talks On U. S. Air Power

Thomas D. White said today that American air power has the Soviet "seeded in from every direction" and the Russian leaders know it.

The Air Force chief of staff also stressed that the strategic Air Command this week was assigned its first intercontinental missile division, presumably comprising

Sharks which have a range of more than 5,000 miles.

In a speech to the National Press Club, the four-star general took notice of Russia's newly-revealed advances in missiles and other weapons, but asserted: "The experts in Russia who are responsible for their great progress must certainly know, how-

ever, that they have not yet succeeded in canceling the effectiveness of our own air power."

White said the Air Force took these steps this week in line with the new "sense of urgency" prevailing at the Pentagon:

Transferred its first missile division to the Strategic Air Command. He did not elaborate but it had previously been said the first Bear squadron would be activated this year. The first missile division is at Camp Cooke, Calif.

Transferred from the Research and Development Command to the SAC responsibility for the "initial operational capability phase" of both intercontinental ballistic missile and intermediate range ballistic missile programs. Both moves were taken as a speed-up effort to get ballistic missiles into service.

HMS BOUNTY FOUND OFF PACIFIC ISLE—Skin divers have located the coral-encrusted hull of the notorious mutiny ship, HMS Bounty, which was burned and sunk off the Pacific island of Fittsler by Fletcher Christian and his men in 1790. Here, Lesi Hadden, of the National Geographic Magazine, examines copper fittings of the vessel, which lies on the ocean floor. An oarlock and a rudder pintle are visible in the foreground. Hadden, credited with the discovery, said the location of the old ship was first pinpointed in January, 1957. (Copyrighted National Geographic Magazine Photo) (UP Telephoto)

Ordered "the entire resources of the giant Air Force depot at San Bernardino, Calif. to be made available as required to support this effort."

White asserted that as far as the Air Force was concerned, in the technological race with Russia there was "neither time nor energy to waste on so-called inter-service rivalry."

His speech, however, seemed to carry some oblique suggestions that the Army and Navy stick to their own last and leave the "indivisible field" of air and space primarily to the Air Force.

He said the Navy has a "back-breaking task" in developing the means to counter the "danger to our security" from the Russian submarine fleet.

He said the Army had an "urgent necessity" to devise new tactics and weapons for surviving nuclear attack while still conducting "ground action."

FEWER HOURS

FARGO, N. D. (AP)—The North Dakota Agricultural College reported farmers across the nation worked an average of 10.7 hours daily this past June, near the height of the growing season compared with 11.2 hours a day in 1955.

J. Davis Tackling TV Comeback

HOLLYWOOD (UP)—Comedienne Joan Davis is tackling the most difficult task in show business—a television comeback.

Rubber-faced Joan has signed to star in a new weekly series as the first woman to train and condition for a flight to the moon. Reaching the moon may prove easier than negotiating the rocky comeback trail.

Wally Cox couldn't get off the ground when he attempted to get back on the video beam via "Hiram Holliday." It folded as ignominiously as "Mr. Peepers." Imogene Coca nose-dived when she left Sid Caesar for a show of her own.

This season Joan Caulfield, who disappeared along with "My Favorite Husband," has a wobbly rating in "Sally."

Arden Mac Trumble

Eve Arden also is trying to recapture an audience with "The Eve Arden Show," which hasn't come close to the success of "Our Miss Brooks."

Actors seem to fare better than actresses in the comeback department, as evidenced by Richard Boone's jump from doctor in "Medic" to gun-slinger in "Have Gun, Will Travel."

Joan is optimistic despite the odds.

"It's been three years since she filmed the last of her old series, 'I Married Joan.' Sometimes she sat quietly in her Bel-Air mansion waiting for the right property to come along.

"This is it," she says hopefully. "The first comedy-science fiction show in TV. The humor is based on situations involving me with actual scientific experiments."

Slapstick Helped Joan

"It may get a little rough on me physically, but I'm used to that from my slapstick experiences in the past.

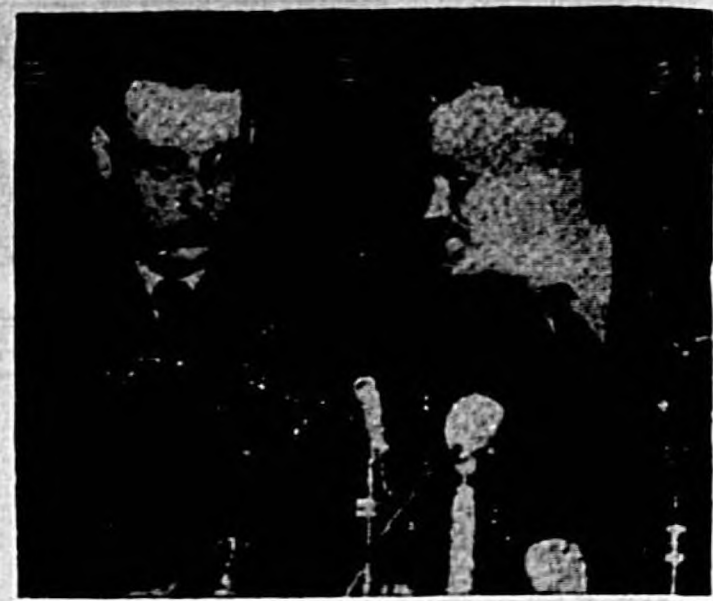

"Space travel and Sputniks are in the news, and our show (NBC) should appeal to all groups and sexes. Throughout the series I'll be accompanied by psychologists, anthropologists and the like, who record my reactions to different and challenging situations."

Try and Stop Me

By BENNETT CERF

BERNARD BARUCH says, "If ever there was a true wizard of Wall Street, it was James R. Keene." Keene, known in his day as "The Silver Fox," came to New York from the Pacific Coast in the 1870s, was instrumental in floating the stock that launched the United States Steel corporation; his manipulations, conducted for J. P. Morgan, disposed of a billion dollar issue without upsetting the market—and, indeed, nobody who bought those original steel shares ever had cause to regret it.

Keene was a bull all his life. "You don't see any Fifth Avenue mansions built by bears," he liked to point out. Asked why he continued speculating in stocks after he had amassed a fortune, Keene replied, "Why does a dog chase his thousandth rabbit? All life is a speculation. The spirit of speculation is born with man."

FACES JAPANESE COURT TRIAL—Army specialist Gregor Kupaki (left), of Detroit, Mich., sits with his attorney, Capt. James R. Robinson, at a news conference in Yokohama, Japan. Kupaki will be tried in a Japanese court on charges he strangled the Japanese wife of a United States Navy man. (UP Telephoto)

Cadillac

A Masterpiece... Even by Cadillac Standards!

The magnificent Cadillac car for 1958 is, without question, a rare masterpiece in all the things that make a Cadillac... a Cadillac!

Certainly, it has had no precedent insofar as beauty is concerned. In its graceful symmetry of line and in its remarkable look of stature and substance, it is in a class all of its own.

Unquestionably, it is without counterpart by the way of interior elegance. Never before have Fleetwood coachcrafters combined such graciousness and luxury and spaciousness in a single interior design.

And, most assuredly, it has set its own extraordinary pace in modern motor car performance. Its dynamic new engine, its more responsive transmission, and its new air suspension, now available as an extra-cost option, are simply a revelation.

We earnestly hope that you will take the time to see and drive this extraordinary new Cadillac at your earliest possible convenience.

Your Cadillac dealer will be delighted to give you full details on Cadillac's twelve new models, including the incomparable Eldorado Brougham.

Santa Claus Starts On Joy-Bringing Trip Around World Today

FRANKFURT, Germany (UP)—Santa Claus set out today on his annual joy-bringing trip around the world. His trip once more will demonstrate that Christmas comes several times a year, despite the old saying. In Europe there will be four separate Christmas-type observances between now and Jan. 6.

Today, Santa was busy carrying cheer across Holland on a white horse, and lugging a bundle of green twigs around Germany. His duties run through Jan. 6, the day of "Old Christmas" in Spain and Italy. A jet-propelled youngster could really clean-up by being in enough right places at the right time.

Today is St. Nicholas Day, a religious holiday. As a sort of Christmas preview in Germany, Santa Claus distributes bundles of green switches and packets of chocolates and candies to remind children they must behave if they want larger rewards on Christmas Day. Swiss children get the same reminders.

In Bari, Italy, it is a day of religious commemoration in tribute to the first Saint Nicholas, who is buried there. But the religious holiday, and the saint, really had no connection with modern Christmas ceremonies. In Holland, nevertheless, this was the big day. Santa Claus cantered through the streets of Amsterdam on an impressive white

horse. His black-moor servant, "Black Piet", followed with a bundle of switches. Dutch children and their parents, who started celebrating with a massive dinner last night, exchanged their presents today. Practical jokers presented their masterpieces after weeks of planning, and shook with deep-bellied Dutch laughter as the recipients

unwrapped pencils hidden deep in three-foot long imitation cigarette and herring in canary cages. Santa Takes Breather Tomorrow Santa takes a breather. On Dec. 24 he plunges into the second round—Scandinavia, Austria, Switzerland and Germany again, where presents are opened on Christmas Eve. Although aircraft, helicopters

and even Sputniks were being pressed into service in the rest of the world, Finnish children know he drives down from Lappland in a curly-runner sled drawn by Finland's own reindeer. The next day, Dec. 25, Santa makes his rounds of Great Britain, Portugal, and France where he leaves his gifts in wooden homes

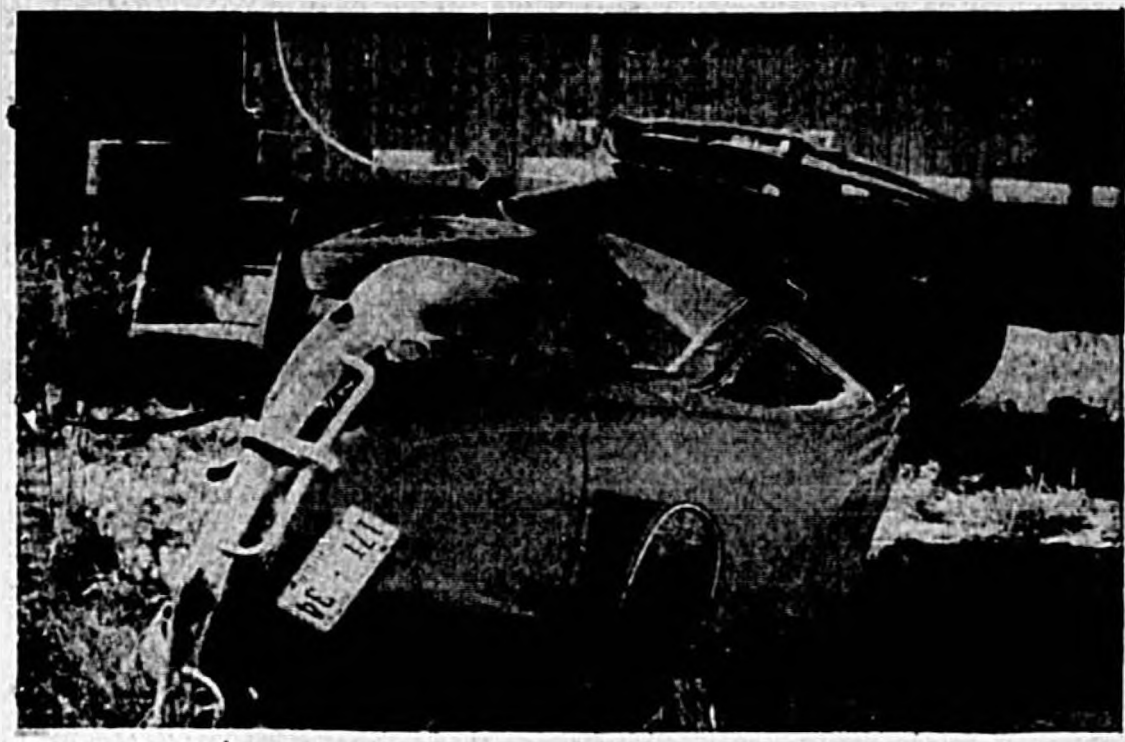

in front of the fireplace, or on the radiator if fireplaces are lacking. British keeps on celebrating through Dec. 26, which is called "Boxing Day." And finally, on "Old Christmas"—Jan. 6—there's a last round for the weary old man, to Spain and Italy, although in the latter he gets a helping hand.

Weather
Fair today and tonight; partly cloudy Saturday.

VOL. XLIX Established 1909 SANFORD, FLORIDA, FRIDAY, DECEMBER 6, 1957 United Press Leased Wire NO. 142

THE VOLKSWAGEN SEDAN SHOWN here was reported by investigating officers as having skidded 60 feet into the path of an oncoming Atlantic Coast Line train yesterday afternoon. Granville Herinek, 36, attached to the Sanford NAS was slightly injured in the crash. This is the fifth car-train crash in Seminole County since Nov. 20. (Photo by Bergstrom)

Local Accident Number Grows As Car Hits Train

Law enforcement officials are beginning to worry about the building number of automobile accidents in the Sanford semi-rural County area. The fifth automobile-train crash in 15 days was reported yesterday afternoon on south Sanford Ave.

Autopsy Shows 'King' Dies Of Suffocation

"King" is dead! The 12-year-old male lion, one of the pets at the Sanford Zoo, was found dead this morning when James Bedenbaugh, assistant Zoo Keeper, made his rounds about 6 o'clock checking the condition of zoo animals. "King" had been in the Sanford Zoo about 10 or 11 years. City Manager Warren E. Knowles said this morning. The huge lion was found lying on the bench in his cage with his head hanging down. An autopsy, performed this morning by a local veterinarian, Dr. L. R. Poe revealed that the lion's death was apparently due to suffocation. Dr. Poe's report to City Manager Warren E. Knowles was "suffocation caused by a hemorrhage into the pleural cavity." City Manager Knowles said that Dr. Poe also found a cancerous type growth on the liver of "King" and specimens have been taken and are being sent off for examination. "He hadn't been dead very long," City Manager Knowles said. At 9 o'clock this morning rigor mortis was just beginning to set in. The city obtained "King" as a real young cub and he had become so tame that the Zoo Keeper, Mrs. Arnold Hood, could walk up to the cage and rub his head. "He was very gentle," the city manager explained. The death of "King" leaves just one lion at the zoo, a female "Queenie."

THE SANFORD ZOO'S MALE lion "King" was found dead this morning in his cage. An attraction of the local zoo for more than 10 years, "King" was 12-years-old. (Staff Photo)

U. S. Rocket Vanguard Explodes On Ground

CAPE CANAVERAL (UP)—The U. S. effort to launch a satellite into orbit around the earth, a Russian now has two satellites whizzing around the earth. A Massachusetts Institute of Technology scientist said today he expects the Russians to launch a third satellite within a few days. All was thought to be in readiness today for a successful U. S. take-off. An hours-long count-down or final checkoff of part in the Vanguard started at midnight. The most minute care had been taken to make certain it would go this time. A victory would have been a tremendous propaganda triumph and would have once more raised the U. S. scientific team in the eyes of its allies abroad. But when the historic moment came, a tremendous orange ball of flame at the base of the missile, followed by an awesome black cloud of smoke, signalled failure. Hundreds of witnesses Minutes later, pelicans wheeled over the base at Cape Canaveral—the only sign of aerial activity visible to hundreds of newsmen and spectators who had gathered on the beach to witness the event.

AWARDS FOR TOP FLOATS in the Jaycee-Merchants Association Christmas Parade were made yesterday at the Jaycee luncheon meeting. John Alexander, Jaycee Parade Chairman, presents the trophies and plaques. Those representing winning clubs, organizations, churches and schools were: (left to right) Mason Wharton, Holy Cross Episcopal Church; Mrs. Bill Kirk, Woman's Club; Tommy McDonald, Rotary Club; Mrs. Velma Mitchell, Southside School; Art Harris, Odham and Tudor; Lt. Cdr. E. H. Dohne, Naval Air Station; and Chairman Alexander. (Staff Photo)

Plans Underway Plans are being formulated for the tenth annual Christmas ball of the Seminole County Interfraternity Association. The gay affair will be held Dec. 25 at the Mayfair Inn. Dancing will be to the tunes of Tony Perez and his orchestra. All members of national college fraternities or sororities may receive tickets upon payment of their dues in the Association. Information on this will be published later.

Southern Bell Official Speaks At Rotary Club

"Lots of times we stand up when we don't know what we're standing for," A. W. "Woody" Webber, District Manager for Southern Bell Telephone Company told Jaycees yesterday at their noon luncheon meeting. "Most of our business is made up of money, machinery, and people," he said "and people are the most important." Webber spoke yesterday to the Jaycees on "Personnel Problems." "It behooves us to do what we can to motivate people to attain increased sales; easier way to do things; and efficiency," Webber explained. A successful influencer must have a clear idea about what he is trying to communicate, he commented. "We say one thing and the hearer hears another so we must edit our message in order that it will be heard as we mean it," Webber told the Jaycees. Then he commented "A lot of times we can communicate better by turning up the volume a little louder or more often." Citing the tremendous growth in Florida, Webber said, "we're going to have to have more people to do the job—more folks who are qualified to get our share—so we need to think in terms of developing people." Webber warned the young businessmen not to make decisions for people they can make themselves. (Continued on Page 3)

Rotarians To Hear Musical Program At Luncheon Meet

Members of the Sanford Rotary Club, at their regular weekly meeting next Monday noon at the Yacht Club, will witness a demonstration on the Hammond electric chord organ of "Musical Memories". Glen Nelson, the organist, and Roger Gregory, as the narrator, appear through the courtesy of the Cooper-Gregory Music Co. and carry their listeners from the days of a carnival with its steam calliope through memories of violin, cornet, orchestra and hand concerts, all played on the Hammond by Nelson. The program, arranged by Charles Morrison, is similar to one staged here recently by Nelson and Gregory, and at times, by Nelson and Holly Keller of the same company, at the Sanford Kiwanis Club, the local Shrine Club and at the Congregational Christian Church. On Tuesday, they will appear before the Pilot Club and on Dec. 17, will do their act at the meeting of the Farm Bureau, here. Wives of Rotarians are invited to hear the program Monday. Morrison stated, this morning.

Parade Winners Receive Awards

Awards were presented to winners in the float competition of the Jaycee - Merchants Association Christmas Parade at yesterday's luncheon meeting of the Sanford-Seminole County Junior Chamber of Commerce. Two trophies and five plaques were presented to representatives of the various schools, churches, organizations and businesses who took top place in the float competition. Serving as judges at the Wednesday parade were: Mrs. Lionel A. Arthur, Circuit Judge Volle A. Williams Jr., and Postmaster Joel Williams. In the Church Division the Holy Cross Episcopal Church took top place and received a plaque for their church scene entry. Mason Wharton accepted the plaque for the church. In the Business Division, top place winner was the Odham and Tudor float depicting "Candy Land". Second place was taken by the Sanford Naval Air Station for their float "Santa's Workshop". Accepting the plaque for Odham and Tudor was Art Harris and for the Sanford Naval Air Station was Lt. Cdr. E. H. Dohne. In the Civic and Fraternal Division the Sanford Rotary Club took top place with their entry "Children of the World". Tommy McDonald accepted the plaque. Second place was won by the Sanford Woman's Club for "A Peek at Santa". Mrs. Bill Kirk accepted the plaque.

Sanford NAS Control Tower Is Busy Place

The Control Tower at the Sanford Naval Air Station is about one of the busiest places in Florida. Radio communication to the layman is a mass of words that can only be unscrambled by one who is trained to catch every syllable and every call. Signals burn constantly to keep the control operator informed as to the whereabouts of every plane taking off from the Sanford Naval Air Station. A microphone is constantly at the operators mouth to carry messages to planes coming and going in a continuing stream. Strong beacons signal messages across the field of air strips to planes, trucks, jeeps, and other transportation plying back and forth (taxiing planes onto the take-off strip or readying others for plane flights scheduled practically every minute of the day and night. "Orlando Air Traffic Control clears Seminole One to the Navy Sanford Airport via Victor 267 to Jacksonville, Victor three to Savannah, Victor one eight five to Augusta, Ga., Victor one eight to Atlanta; two zero to Royston, Victor three five to Asheville, N.C. to Savannah, Victor three to Daytona Beach, Victor 152 to Navy Sanford. Maintain 35,000 feet altitude in control area to Savannah, 37,000 feet to Charlotte, 30,000 feet to Navy Sanford." With these words NAS Sanford Tower Control Operator James

Coburn, Air Control Man, Second Class, launched the first Skywarrior bomber of a nine-atriplane bomber stream from Heavy Attack Squadron Five and Eleven last night beginning at 9:35 p. m. These bombers, flown by your next door neighbors in Sanford, simulated bombing attacks on Atlanta, Charlotte and Savannah before returning here to their base. Each bomber can carry more destruction than that wrought by the entire weight of bombs dropped in World War II. Departing at 9:35 p. m. and thereafter at 10 minute intervals, the bombers formed a stream through the sky until the last one returned to Sanford at 1:35 a. m. this morning. While the citizens of Atlanta, Charlotte and Jacksonville slept, the A3D's from Sanford whistled over their heads in the midnight darkness only ten minutes before HATRON Five contributed six A3D's to the bombing stream, and HATRON Eleven three. Lt. Robert Kennedy of VAIL 3 was the Plane Commander in Seminole One that left at 9:35 p. m. on the flight that would cover many of the major cities in southern United States. It was Lt. Cdr. Louis Hoop that piloted Seminole Nine and was last man to touch down in the early morning. Lt. Cdr. Pitton spent the long vigil in the NAS Control Tower to oversee the operation for Heavy

IN THE CONTROL TOWER at Sanford Naval Air Station, Cdr. Joseph M. Tully Jr. and Lt. Cdr. Cy Pitton watch operations as a bombing stream of nine planes take off at 10 minute intervals last night. Each plane in the simulated attack of three cities took off from Sanford NAS on split-second schedule. (Staff Photo)

BLUEPRINT FOR PEACE

Behind every structure, whether large or small, intricate or simple, there's a blueprint. And behind every blueprint there's a vision.

Someone has a dream. He explains it to an architect. Using the tools of his trade, the architect makes a blueprint—a plan to show workmen how to build what was first conceived in a dream.

Centuries upon centuries ago God had a vision. He made man in His image, then gave him the tools to fashion a blueprint. The Bible was the result—a blueprint for right-living for every man who breathes.

God is the Supreme Architect. Under Him today churches work to show man how to use the Bible as a blueprint for his own life. When that plan is followed, life is good. When it is ignored, confusion and disaster result.

Let the church of your choice show you and your family how to follow the blueprint for peaceful living.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor in earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verse
Sunday	Psalm	37	15-20
Tuesday	Isiah	16	11-12
Wednesday	John	12	28-31
Thursday	Isaiah	12	2-3

Southern

(Continued from Page 1)
 "Many times qualified people are employed and then led around by the hand."
 One of the suggestions the Southern Bell Telephone Co. executive made was that of encouraging people. "After they have made decisions get them to jot down their reasons for making them."
 Listing a number of distractions that will block development of people, Webber told the Jaycee group "We improve our own personal relations by making all of them a part of the team."
 "It has been proven that some folks fail because of morals, disloyalty and lack of skill but mostly because they couldn't get along with people," Webber stated.
 "We don't have to be selfish about developing people because anyone helping to develop other people helps develop themselves," Webber said.
 And he concluded "We can measure a life by its donation rather than its duration."
 Webber was introduced by Art Harris, program chairman for yesterday's meeting.

Postmaster Gives Tips On Sending Christmas Mail

Postmaster Joel S. Field had a tip today on how residents of Sanford can save much time and effort in their Christmas mailing.
 "Experience has shown," postmaster Field commented, "that one of the big difficulties most mailers encounter in their efforts to complete their Christmas mailings early, is the lack of materials. They find that they don't have enough paper, or enough twine, or enough tape, and so forth, and as a result they often do not wrap and secure their parcels adequately."
 The best way to avoid the last minute difficulty of insufficient mailing materials, the postmaster advised, is to make a trip now to the stores and obtain plenty of good heavy wrapping paper, sturdy corrugated cartons, strong cord, cellulose tape, seals and so forth.

Male Chorus Will Practice Monday

Members of the Male Chorus are reminded of the regular weekly rehearsal to be held at the First Presbyterian Church at 8 o'clock Monday night, Director Harry M. Weir announced this morning.

McKibbin Named Zoning, Planning Board Chairman

Clifford McKibbin, president of the Seminole County Chamber of Commerce, a local insurance man, and a member of the City of Sanford's zoning and planning commission was named chairman of the zoning and planning group last night.
 McKibbin replaces Robert S. Brown, first chairman of the planning and zoning commission, who recently resigned in order to take his seat on the Board of Sanford City Commissioners.
 Brown, Tuesday, was named Director of the Seminole County Zoning and Planning Commission by the Board of Seminole County Commissioners.
 Art Harris, a member of the staff of Odham and Tudor was seated as a member of the Sanford Zoning and Planning Commission replacing Brown.

J. Melton Jr. Dies Last Night

Mr. Jesse Jody Melton Jr., 68, of 118 South Jessamine Ave., Sanford, died last night at Seminole Memorial Hospital.

Churches To Hold Religious Census Sunday Afternoon

The First Baptist and the First Methodist churches of Orlando have scheduled a religious census to be conducted this Sunday from 1:30 p. m. to 4 p. m.
 The census will be held in the Orlando area including Wagner, Goldenrod and south to the bridge.
 The Rev. Jack Bryant of the First Baptist Church and the Rev. George Carlton of the Methodist Church said that the census will be taken to find non-church members of the area and also church preferences. The committee also seeks to find residents of the area who have not moved their membership to the local churches.
 The census committee will have dinner at the Baptist Church immediately following the Sunday worship service and after a briefing from the chairman will start the census.

Film Is Shown At 4-H Meeting

LAKE MONROE—The Lake Monroe 4-H Club met Tuesday at the school.
 Charles Rabun gave the Bible reading, followed by two songs by the group. Tony Baker called the roll.
 An interesting picture was shown the group called, "In The Beginning."
 Young men attending the meeting were Tony Baker, Gene Bullard, Billy Stevens, Steve Kane, Carl McCormick, Bobby Flower, Raymond King, Hayward Cox, Ronnie Stafford, Norman Sparks, Sidney Hawkins, Mike Burke, Al McDonald, Terry Watson, Terry Rabun, Richard Hittell, Steve Swaggerty, Renie Jimines, Bobby Hittell, Charles Rabun, Donny Wittell, Billy Franks, Benny Johns, Duane Burk and William Burke.

Toy Is Admission To Legion Yule Party Dec. 16

At the regular meeting of Campbell-Lossing Post No. 53, the American Legion, held recently at the Legion Hut, it was announced that the Legion's Annual Christmas Party would be held Monday evening, Dec. 16 at 7 o'clock.
 Bill Lockard, entertainment chairman for the affair, announced that he was very fortunate in securing a magician for the evening.
 In addition, there will be games for the children and the singing of Christmas carols. Santa Claus has been contacted and will make a short appearance.
 All members and veterans are urged to bring their children and wives to this annual affair. There will be light refreshments and goodies for the kiddies.
 Admission will be a toy, which will be given to the Elks' Club for their Christmas Tree for the Underprivileged.

TODAY'S THOUGHT

"A naughty person, a wicked man, walks with a forward mouth."

Sanford's Christmas Shopping Season Is Officially Underway

The Christmas Shopping Season is officially underway in Sanford!

Wednesday afternoon's gigantic parade, staged by the Sanford-Seminole County Junior Chamber of Commerce and financed by the Sanford Merchants Association, bespeaks of the interest local citizens, businessmen, and organizations take in their city.

There have been numbers of parades staged in Sanford and many of them have been large ones — but none have been so large, so colorful, and so exciting as the annual Christmas Parade Wednesday afternoon.

The Jaycees deserve a big hand from all of Sanford for the tremendous job they've done. Many hours of hard work and planning went into the parade witnessed by an estimated 15,000 children and adults.

We've seen probably the longest parade ever staged in Sanford — and we've experienced the biggest crowd ever to witness one of the parades in Sanford.

Never before have there been so many excited children, wide-eyed with amazement as one hand after another passed by in review furnishing the music for marching and entertainment. Float after float passed by

to create the unexpected exclamations youngsters use when they're pleased.

It can certainly be said that the Jaycees have set for themselves another goal to be reached in staging annual Christmas Parades in the future.

Wednesday's parade moved off exactly as scheduled — not before or after. And from the first screaming sirens to the last float carrying a waving, jolly Santa Claus, it was enjoyable and entertaining. The children speak out in praising the Jaycees for providing them with this real "season opener."

Practically every member of the local Junior Chamber of Commerce was taking part in the parade Wednesday afternoon — selling balloons, serving as assistant parade marshals, and lending a helping hand wherever it was needed to make this year's event the greatest in Jaycee history.

The Jaycees and the Merchants deserve a big vote of thanks from the folks of Sanford and vicinity for staging such a complete success.

Whenever a job's to be done, the Jaycees will do it well. That's the record they have made for themselves and they're keeping it up with one project after another.

Leadership Is Vital To America

It would be bad taste in the extreme to discuss President Eisenhower's health publicly but for the fact that his physical condition and the fate of the nation are now related. The cerebral occlusion or mild stroke which he suffered came at a time when fundamental policy decisions must be made, and when the United States is called upon to reveal a renewal of energy.

The danger that the world balance of power and strategic situation may be tipped against America and its allies is real. Militarily and politically, the world position of the United States is grave. Any uncertainty about American policy and military capability, any decline or shattering of morale at home or abroad in the non-Communist world could now be disastrous. Firm leadership cannot be delegated in a crisis such as the one which holds the entire world in a vise. And that leadership requires active and steady work.

It is not for any of us to call for the resignation of the President. The decision is in his hands. But this is now an important world issue. Uncertainty about Mr. Eisenhower's health can weaken the free world at a time when Khrushchev is pushing an aggressive campaign to destroy American prestige, isolate the United States

in the world and establish Russian Hegemony.

If the President's health will not permit him to take an active command at his post in the White House, the issue of resignation will be a most demanding one. While wishing the quickest and fullest possible recovery to Mr. Eisenhower, it is nevertheless essential to stress that now the fate of millions depends on active and clear leadership.

A Thousand Lives At Stake

If everyone drives with unusual care between now and year's end, there is a good chance that one thousand more Americans will see the dawn of 1958. This conclusion emerges from statistics compiled by the National Safety Council, which reports a three per cent drop in traffic fatalities during the first ten months of this year.

Of the 46 states reporting for the first ten months of 1957, says the Safety Council, 29 had better traffic records than last year. The Council also reports that the mileage death rate — that is, deaths per 100 million vehicle miles — during the first eight months of the year was the lowest for any comparable period.

This is all most encouraging. Americans have become accustomed to a gradual worsening of traffic toll figures; many tend to shrug off any possibility that safety campaigns can bring results. But the new figures are further indication that the record of traffic accidents can be improved.

What it boils down to is this: If we all work at it, we may save a thousand lives that would otherwise have been lost by the end of 1957.

Sheriff J. L. Hobby has taken the lead in Seminole County in realizing that this can be done and has ordered a clamp down on traffic violators. Orders are out to his entire force of deputy sheriffs to issue tickets for any and all violations.

Traffic accidents and traffic fatalities have gone up in Seminole County. Sheriff Hobby says "they've got to come down."

Foreign News Commentary

By CHARLES H. MCCANN

United Press Staff Correspondent

One of the hottest points in recent history seems to have come to its end in the Latin American republic of Colombia.

In a plebiscite held Sunday, 3 million men and women voted overwhelmingly in favor of a remarkable plan under which their country would be ruled for the next 15 years by a bi-partisan government.

If it works, the plan will end a period of nearly 10 years in which Colombian fought Colombian mercenaries in innumerable clashes some of which involved thousands of men on each side.

It is estimated that at least 100,000 and possibly as many as 200,000 persons were killed.

Liberals Split

The Colombian civil war started back in 1948. For years, Colombia had been under the two-party political system—Conservatives and Liberals. Then the Liberal Party split up. The result was that the candidate of the minority Con-

servative Party was elected president.

In April, 1950, a big inter-American conference was meeting in Bogotá. Gen. George C. Marshall, then secretary of state, led the United States delegation.

On April 9 Jorge Eliecer Gaitan, a Liberal Party leader, was assassinated.

Within a few hours riots which turned the capital into a flaming battlefield broke out. Mobs murdered, burned, looted. Fighting flared around the United States and other embassies in which foreign delegates to the big conference were staying.

The capital calmed down. But the fighting was simply transferred to the provinces. There, month after month, strong forces of liberal "guerrillas" fought government troops in engagements of all sorts from ambushes to pitched battles.

Public Overthrow

Last May 16, Gen. Gustavo Ro-

jas Pinilla, who had seized power in 1953, was overthrown by a group of army leaders and sent into exile.

The army men — a junta, as it is called in Latin America—accepted a plan worked out by civilian leaders to bring peace to the country.

Sunday's plebiscite was the result. It called on voters to approve a long-range program involving the amendment of the 1954 constitution. There is to be a bi-partisan congress in which the Liberal and Conservative parties will be equally represented. A joint national candidate for president will be chosen by congress and approved by the people in an election to be held next May. The junta will hand over its authority when the new president takes office Aug. 7.

Then, if all goes well, Colombia will be under bi-partisan rule until 1970.

Letters To The Editor

Editor,
The Sanford Herald,
Sanford, Fla.

Dear Sir:

This is in reply to your letter of November 30 requesting information on "cattlemen being taxed out of business."

I appreciate your interest in this matter and your statement; "I certainly believe that they are and some remedy should be forthcoming."

The point of taxation at which it becomes unprofitable to raise beef cattle on certain pasture lands in Seminole County has been reached. They are mostly near other land that has recently been sold on an inflated and speculative basis. However, that situation

does not exist in all pasture land in the county.

It is my opinion that all agricultural land should be assessed as such and in relation to what it produces. This applies not only to pasture land but all types of agriculture. If this is not done agriculture cannot maintain its just position in our country.

A reputable Brevard county cattleman investigated the taxes as applied to pasture lands in a number of Central Florida counties and he informed me that Seminole County as a whole was next to the highest.

Most of the range cattle are pastured on cut over flat woods land and marsh or prairie. Also, some up land, hammocks and swamps

are included in pastures and are of considerable benefit, particularly in the winter.

The flat woods land is low in fertility and furnishes sparse grazing of poor quality. The marsh lands furnish mostly good grazing when moisture conditions are right, but they are subject to more or less flooding every year and when flooded are of no use for grazing. This should be carefully considered when assessing our pasture lands for taxation purposes.

The eastern part of Seminole County is in the Central and South Florida Flood Control District and a special tax has been levied on this land annually for nearly ten years. Many millions of dollars have been spent by this District in the southern part of the state on flood control in the St. Johns River valley, but nothing has been done to relieve the flood and drought condition that has existed for generations. A large tributary of the St. Johns River in Seminole County is the Econlockhatchee Creek which in recent years has been contaminated by sewage from an adjoining county. This is particularly offensive in dry periods when the natural stream flow of water is very low.

In the last big boom, which was different, this one is also different, prices and sales of acreage went way beyond the point where a profit could be made except by re-sale of it at a higher price. Valuations for tax purposes followed these prices somewhat and when the time came that acreage could no longer be sold at a higher price or any other price taxes were not paid for several years following. The re-adjustment was very painful and it may be wise to review this experience in the light of present conditions.

If you desire to quote or publish this please quote or publish the entire letter as it is written.

Yours very truly
C. S. Lee

Allergies Plague Us All The Year Round

By HERMAN H. MORGENTHAU, M.D.

ABOUT 17,000,000 Americans have an allergy of one sort or another.

For most of them, the winter months mean happy relief from sneezing, wheezing, itching, for the pollen, scratching and all the other miseries of allergies. But for some, winter weather still brings trouble.

Reduced By Cold

Asthma victims, particularly, are bothered by cold weather, for cold air is an irritant.

I think most of you who have asthma realize this when you step out of a warm room into the cold of winter. You're apt to feel a tightening up in your chest.

Cold also troubles victims of other allergies. These who are hypersensitive to cold may suffer skin eruptions, hives and other shocks.

Believe it or not, the first frost does not always mean that hay fever sufferers can stop worrying.

Far from it.

Many persons are allergic to molds as well as pollen. In fact, mold to pollen, molds cause more hay fever and asthma than any other allergen.

If you are exceptionally sensitive to molds, you'll have complete relief only when the ground is frozen and covered with snow.

ing winter, mean that the wind may whip up enough dust containing mold spores to bring on symptoms of your allergy.

Winter or summer, there always is the danger that your own house contains enough allergens to bring about an attack.

Source of Trouble

House dust is a chief source of allergy trouble. And I don't see how you can escape that even in the most meticulously kept household.

Then, too, dogs, cats and other pets may produce allergic symptoms no matter what the season.

Finally, few of us are completely free from worry and stress situations. And I have told you often in the past how such complications can aggravate asthma, eczema, hives and other allergies.

Unfortunately, some allergies are with some of us summer and winter.

QUESTION AND ANSWER

A Reader: I have a yellow stain on my teeth. What can I do to remove it?

Answer: Stains may be caused by bacteria, mucus, calcium deposits, tobacco and various substances on the teeth. Since the complete relief only when the ground is frozen and covered with snow, your dentist.

Indiana Gets \$ Million Check

INDIANAPOLIS, Ind. (UP) — The state of Indiana got a million-dollar check.

Nobody here knew why. The check came from the U. S. Treasury. It was for a flat million—no odd dollars or cents.

Officials of the state treasurer's office were mystified. They said the check did not specify what the money was for, and no letter accompanied it to explain.

"It doesn't make sense to me," said Mrs. Mary Fife, a bookkeeper for state Treasurer Adolph Foster. "I can't dope it out."

Deputy Treasurer Charles Bryant said he had no idea what the check was for.

Officials said it is rare to get a government check for a round number sum.

The only clue was a return address on the envelope containing the check which said: "Treasury

Department, Bureau of Accounts, Division of Deposits and Investments, Investment Branch, Washington, 25, D. C."

Bryant said this could mean the check represented payment for matured securities held by some

state agency like the state teacher retirement fund. But he said that was only a guess.

State officials asked: Can the T. D. B. of A., D. of D & I, I. B. Washington 25, D. C., shed any light?

State officials asked: Can the T. D. B. of A., D. of D & I, I. B. Washington 25, D. C., shed any light?

State officials asked: Can the T. D. B. of A., D. of D & I, I. B. Washington 25, D. C., shed any light?

"Homes Built Custom To Your Specifications"

Try and Stop Me

By BENNETT CERE

JIM STRALEY tells a tragic tale about a Chicago wald who persuaded a cute chick he had met at a party to accompany him the next afternoon to see the Cubs play. She never showed up at the designated gate.

When she did, she hung up on him when he phoned that evening. He rushed around to her apartment for an explanation, found her still sitting. "You're a heel!" she said bitterly.

"Make a date and then forget about it—and me waiting all afternoon at the zoo!"

Author Lynn Sumner uses this introduction to warn up his lecture audience: "It's a great pleasure to speak in this auditorium—a word derived from two Latin roots: *audis*, meaning I hear; and *ferus*, the bull."

An elementary school teacher asked her young charges to describe the taste of chocolate ice cream. She was particularly delighted with one answer. "Chocolate," explained this promising student, "tastes the opposite of vanilla."

Conning The News

By VIRGINIA COWN, Society Editor

Hear from Joe Tully that Roy Caton, now living in Titon, Ga., is hoping to be appointed to the post of post master in that town. Roy is feeling very well, we are happy to report.

Travelling to Gainesville this weekend is Mary Anne Sukur, who will attend the law school dance at the University of Florida. We all miss Jane Miller who is still in Mississippi with her mother. Jane's father died several weeks ago. Hope that she will be back on the tenth. Meanwhile Johnny is holding the fort down with young John and Charles. Saw young John getting a driving lesson last night. Looks as if he will be on his own wheels before long. Surprise-surprise—Bob came in last night. He was at home when we returned from the parade. So all is well for the time being anyway.

The Seminole Hospital Women's Auxiliary station wagon in the Santa Claus Parade must have had some of you wondering about the connection between the dignified Pink uniformed Auxiliary members and the flamboyantly garbed French can-can girls who were perched on the back of the wagon. The masked beauties were Arlene Bryant, Helen Crawford, and Betty Meyers from VAH-7. Rita Bauer, Chairman of Special

Promotion Publicity for the High Fever Folies, on short notice was asked to get together a High Fever Folies lesser publicity spot in the parade, without spilling the un-commercial plan of this year's parade with signs, banners, etc. The answer seemed to be to make the spectators ask WHY? to whatever gimmick was used. The willing cooperation so generously given by these women from VAH-7 filled the need. They made their own costumes and went to a great deal of work arranging baby sitting for children and other such problems.

Ann Hoosey who was unable to be one of the French Can Can girls helped the girls with their make up and the loan of parts of the costume. The ball has started rolling. Let's hope this spontaneous spirit of Will Do holds through on the myriad jobs to be done between now and the Opening Night of the Folies when YOU are asked to help on this project that benefits our Hospital so greatly. Watch for the next promotion after Christmas!

Mrs. Russi Will Be Guest Of Honor At L. M. Shower

A miscellaneous shower will be given at the church by the Business Women's Organization of the Lake Mary Presbyterian church on Friday night Dec. 13, at 8:00 o'clock in honor of Mrs. Joe Russi

Gift Collection For Mentally Ill Ends Monday

Have you ever really looked into the face that's lost all touch with home and friends and family that once they loved so much? Have you ever truly wondered what Christmas really means to one who's all alone in a shadow world of dreams? Would you deny a tiny child or a person past their prime because they're tortured in their minds, perhaps for a lifetime? Let's brighten this year's holiday with a gift straight from the heart! With mental health co-operation and let's all do our part. Some candy or some cigarettes, a brooch or some cologne. It doesn't really matter, if it's theirs to call their own. There is not much time they need our gifts. They cannot be denied. Give them a pleasant memory and a joyous Christmas tide.

Mrs. Ekla Nichols The collection boxes for Mental Health will remain in the stores until Monday evening. Those who cannot get downtown may call Mrs. Saxon, FA 2-3301, and she will gladly pick up the gifts. Clubs in Sanford that have collected gifts for Mental Health, may also call Mrs. Saxon, XI Beta Eta will wrap the gifts and send them off, thus saving time and postage. It is hoped that this weekend will bring good responses from the people in Sanford. The gifts are to be distributed to mental institutions all over Florida.

(Jean Ann Nelson). All members of the congregation and friends of the bride are invited to attend. Mrs. Robert E. Trus is chairman of the committee for the occasion.

Fleet Reserve Ladies To Meet Next Tuesday

The Ladies Auxiliary of the Fleet Reserve and the Fleet Reserve will hold a meeting on December 10th, Tuesday at 2 P. M. at the Chief's Club. Invited to attend are those interested in obtaining membership to either group. This meeting is of utmost importance since it means that both groups can now work together and make this membership enjoyable to both husband and wife. Members are urged to make a special effort to attend this meeting and to interest others who are eligible for membership.

TUESDAY

Officers' Wives Club board meeting at 10:00 a. m. at the B.O.Q. The new board will be introduced and election of officers held.

SATURDAY

The DeBary Women's Club will hold a rummage sale on Saturday Dec. 7 at 317 Sanford Ave. The

Ethel Root Circle To Prepare Basket

The Ethel Root Circle of the Congregational Church met in Fellowship Hall recently. Mrs. Oscar Zitrower was in charge of the devotional program for the Women's Day Gift.

The preparation of a Christmas basket for a needy family will be the circle project for December. Hostesses for the Christmas party to be held at the home of Mrs. Gus Schmah, Lake Monroe, are Miss Virginia, Miss Helen White and Mrs. Corbett. Tentative plans were made for the Sunday school party to be held December 21. Delicious refreshments were served by Mrs. Oscar Zitrower.

sale will start at 2:30 a. m. Barbecue chicken dinner at the Lake Mary Chamber of Commerce. Sponsored by the Lake Mary Fire Department. Serving starts at 5:00 p. m.

MONDAY

The Gamma Omega Chapter of the ESA will meet at 7:30 p. m. at the home of Miss Patty Walker, 1105 Oak Ave. for its regular monthly meeting.

Women of the Church Circles No. 1 to 8, Inclusive, of the First Presbyterian Church, will meet at

Wesleyan Guild Enjoys Quiz Game

The Wesleyan Service Guild met on Monday evening at the home of Mrs. Burke Steels on Elm Ave. Mrs. J. D. Callahan was co-hostess.

A devotional was given by Miss Ethel Riser, who used as her topic "Mary, the Mother of Jesus". At the business session, which was conducted by Miss Mabel Chapman, reports of committees were heard. Mission Study chairman, Mrs. Robert S. Billhimer, announced that the Mission Study would be held at the home of Mrs. M. B. Smith on Sunday, December 8, at 2:30 p. m., and members were urged to be present. Mrs. Fred Smith, program chairman, presented a most interesting and enjoyable program patterned after a popular TV quiz show. Those participating were: Mrs. Walter L. Carter, mistress of ceremonies; Mrs. Hazel Flynt; Mrs. Porter Lansing and Mrs. L. M. Swain, contestants.

At the close of the program the hostesses served refreshments to Mrs. J. F. Riser, Miss Ethel Riser, Mrs. W. P. Chapman, Mrs. Nancy Brock, Miss Mabel Chapman, Mrs. Wilson Carver, Mrs. Robert Billhimer, Mrs. C. L. Wynn, Mrs. Fred Smith, Mrs. Hazel Flynt, Mrs. Porter Lansing, Mrs. L. M. Swain, and Mrs. J. F. Hill.

Holly Decorates Church Annex For Gleaner Party

The Gleaner's Class of the First Baptist Church held its annual Christmas party Tuesday night at the church annex. A covered dish supper was enjoyed. Mrs. Helen Carter, Mrs. Azalea Barineau and Mrs. C. A. Anderson Jr. were hostesses.

The hostesses were assisted in decorating by Mrs. W. B. Brinson. The tables were colorful with Christmas holly. Gay lights and Christmas candles peeked from the holly. At the end of the room on a table was an open Bible and decorated Christmas tree. The gifts were placed beneath the tree.

Mrs. W. P. Brooks Jr. returned thanks. The regular meeting was held following the supper. Mrs. W. H. Rucker presided. Mrs. Willie Pippin gave the devotional, as she read the Christmas story. Mrs. Rucker asked members of the class to tell of their most memorable Christmas.

The minutes of the last meeting were read by Mrs. Berta Cattrell. Plans for visitation were made. A report on sick members was given. Mrs. Fred Myers, teacher of the class, read a poem with each verse taking the letters of Christmas.

After an exchange of gifts, Mrs. C. A. Anderson Jr. gave a reading on the hidden Christmas package of Faith. Christmas carols were sung to the music of a hi-fi machine. All expressed thanks to the hostesses for a lovely party of inspiration and fellowship.

Those attending were Mrs. Valerie Echols, Mrs. A. J. Walker, Mrs. J. P. Lewis, Mrs. R. P. Hunt, Mrs. J. E. Hemmerle, Mrs. George Steele, Mrs. Eva Cousse, Mrs. Alice Borsdorf, Mrs. Susie Belle Cleveland, Mrs. Myron Smith, Mrs. A. Kendall, Mrs. M. N. Cleveland, Mrs. N. J. Stenstrom, Mrs. H. W. Rucker, Mrs. Berta Cattrell, Mrs. Fred Myers, Mrs. Holly V. Thomas, Mrs. A. J. Peterson, Mrs. R. L. Beard, Mrs. R. R. Pippin, Mrs. W. P. Brooks Jr., Mrs. R. T. Thomas, Mrs. John E. Fox, and Mrs. P. A. Stiles, and the hostesses.

Peabody, Mass. is the birthplace of George Downing, who built 10 Downing Street in London, home of Britain's prime ministers.

The next meeting will be on January 6 at the Yacht Club.

Lake Mary Women Will Discuss Book

Tuesday night at 8:00 o'clock, Circle No. 1 of the Lake Mary Presbyterian Church will meet at the home of Mrs. James M. Thompson where the mission study book, "Christ, the Church and Race" will be reviewed by Mrs. Eileen Willard who will also lead the group in a discussion of the book. Mrs. Donald Kirchner is chairman of this Circle. Transportation will be arranged by Mrs. William Cook.

Catholic Women To Pack Clothing Tonight At Annex

The December meeting of the Catholic Women's Club of All Souls Church was held at the Yacht Club recently. There was a large attendance and three guests, Miss Marie Montpetit, Mrs. Ethel R. Prairie of DeBary and Mrs. Harold Kastner.

Decorations of holly graced the room, and gifts for all were found beneath a Christmas tree.

The business session was conducted by the president, Mrs. Helen Constantine. An annual card party was planned to be given before Lent. It was announced that the clothing drive has been completed and clothes will be packed Friday evening at the Annex. Those who can help are urged to come.

A nativity scene, made by Mrs. E. D. Rinehart will be given away at the Christmas party December 19. It is hoped that funds derived from the party will help in securing an additional school bus. The present buses are making two trips morning and night.

The Rev. Richard Lyons spoke to the group on the meaning of Advent. The Christmas party followed. Gifts were presented and the group was led by Father Lyons in the singing of Christmas carols. Mrs. R. J. Bauman accompanied the group on the piano.

Refreshments were served by the committee. Hostesses were Mrs. W. T. Galloway, Mrs. D. E. Brubaker, Mrs. J. C. Derenbacher, Mrs. W. Districhs, Mrs. H. C. Hansen, Mrs. E. M. Hillon, Mrs. Hickson, Mrs. J. Clough, Mrs. E. G. Gilmartin, Mrs. E. Sembeck, Mrs. Anna Jansen, and Miss Sara Eastery.

The next meeting will be on January 6 at the Yacht Club.

Tickets On Sale For Art Steddum Concert Dec. 27

At a recent meeting of Beta Sigma Phi, tickets were given to members to sell for the forthcoming Art Steddum concert, which will be given December 27 at the Mayfair Inn, at 8:15 P. M.

Mr. Steddum has called his program "Around the World with Music". While this theme comes from the music he will play, Mr. Steddum himself is a world traveler, and has gained first hand experience from the countries he has visited.

Mr. Steddum is presently living in Bellevue, Wis., with his mother. He will leave shortly after Christmas for an engagement in Houston, Tex. The pop concert will be of interest to all Sanford music lovers who appreciate semi-classical piano.

NOTICE OF FINAL REPORT AND APPLICATION FOR DISCHARGE All persons are hereby notified that the undersigned as EXECUTOR of said estate, has completed the administration thereof and has filed in said court its final report and application for discharge.

Sullivan, Allen Calling Off Feud To Battle Enemy

By VERNON SCOTT
United Press Hollywood Writer
HOLLYWOOD (UP)—Ed Sullivan and Steve Allen have called off their rating feud to battle a common enemy, a pair of mavericks named Jim and Jack.

Lovely Alexis Smith stars as the first wife of New York's Mayor Jimmy Walker, played by Bob Hope, in the Vista Vision Technicolor "Ben Hur," opening Sunday at the Movieland Mid-In Theatre. Vera Miles stars as Betty Compton.

On the air only 11 weeks, the hour-long horse opera passed Allen in the Trendex rating the second week out of the barn. It took six weeks to catch Sullivan. Now that it's out front, "Maverick" is pulling away fast. Last Sunday it trounced Allen by eight points and Sullivan by five.

"Don't think I'm jealous or anything," Garner grinned. "I'm trying to help Jack along. He doesn't even know how to ride a horse." The boys fell to eating lunch, muttering vile things about one another.

Success of the new entry is credited to its rough and tumble stars, Jim Barger (Bret) and Jack Kelly (Bart), who are as regularly hell-for-leather off screen as they are on the program.

Warner Brothers Studio, which films the ABC-TV show, says Kelly is 30, Garner 28. Both stand over six feet tall. Garner might get the best of it in a free-for-all. He outweighs his TV brother by 20 pounds.

Will Race No More
MODENA, Italy (UP)—The Maserati Automobile Co. made a surprise announcement Sunday that it has decided to abandon racing competitions.

11 Seniors Play Final Tilt For SHS In Brahman Bowl Tomorrow Nite

By Jerry Covington
The fabulous Sanford Seminoles travel to Orlando tomorrow night for the biggest sporting event of the season and the finale of a great season. The locals have compiled one of the finest records in modern times at SHS and the squad is dead-set on going out with a "bang". This classic will finish the prep careers of eleven seniors and they are looking to finish in wonderful style. This outstanding group of boys will be playing their best in hopes to give the coaches, the fans, and themselves something to remember through life.

Co-Captains Billy Tyre and Eddie Barbour will lead the squad in this finale and are slated to see four quarters of action. Both boys have lived up to their expectations and then some. They have used good judgement in every tilt and have been real leaders throughout the season. Billy has led the great defensive play that has been the greatest the school has seen and Eddie has been the spark of the offense. He has led in the scoring department throughout the season.

Bobby Johnson and Johnny Yeackie will be seeing their last action of the year at their respective positions. Bob and Johnny have equally shared the offensive honors with Eddie and have aided the entire team by their spirit and desire.

SENIOR CO-CAPTAINS Eddie Barbour and Bill Tyre end prep careers tomorrow night. (Photo by Bergstrom)

Dave Ragan Enters PGA Tourney

By Jerry Covington
Dave Ragan of Orlando will be one of the many up-and-coming young pros planning to tee off Dec. 15 here at the Third Annual Mayfair Inn Open. Dave will draw much local interest being a resident of Orlando and a former student of the University of Florida. Although he will be bucking the greatest golfers of the world it is supposed that Dave will fare well on the beautiful Mayfair course.

Dave has won only \$200 this year but is rated as a real comer in professional tournament golf. The blond Florida PGA and Open champion compiled a brilliant record while at the University of Florida. Highlight of his college golf career was his victory in the 1966 Southern Intercollegiate Tourney.

This 5-10, 170 pound Daytona product represents his father-in-law's course, Dubadread in Orlando, on the tour. Dave's been in the money in the Bing Crosby Invitational and the Houston, Pensacola, Kentucky Derby, and Rubber City Opens.

As a high school senior, Dave won the Florida interscholastic golf title, but it was one distinction in which he had to take a back seat to his wife, for pretty Joan Ragan, also blonde and 21, won the Florida girls' interscholastic title as a high school junior in Orlando.

Joan comes by her golfing talents naturally because her dad, Carl Dann, not only owns the Dubadread course but has won the Florida amateur championship a half-dozen times.

Joan attended the University of Florida with Dave, but golf had brought them together previously. They were married last November and she accompanies him at tournaments, walking the 18 holes with him regularly.

When it comes to playing golf, Joan's probably the most expert "golf widow" on the tour, although she gets plenty of competition from Ann Stranahan, Gladys Weaver and Helen Furgol, Ed's wife.

"Look at my wife hit that ball," mused Dave during the Texas Open. "I ought to send her out there to play for me."

At the U. of Florida, Dave was a teammate of two outstanding first-year pros, big Pat Schwab of Dayton, O., and short-swinging Doug Sanders, 1956 Canadian Open winner from Miami Beach. Don Displinghoff, one of the nation's top amateur swingers, was also a college teammate of Dave's.

With a good financial arrangement with his father-in-law's course, Dave is relatively free from the financial pressures that beset, and sometimes overcome, promising young tournament players.

PGA Tournament Supervisor Harvey Raynor, to name only one, is among the authorities who are convinced Dave has a bright future in tournament golf.

It's just a matter of time, they say!

Plan to come out to the Mayfair course starting Monday and don't miss a single day of the action. This will be a full week of the finest golfing to be seen in the world and it will be well worth seeing.

Basketball Squad Plays FMA Tonight

By Jerry Covington
A much improved Sanford Seminoles basketball team goes against an up-and-coming Florida Military School team here tonight in the second start of the season.

With one impressive win last Tuesday against Pierson, the flashy Seminoles will be trying to keep the string going.

After many lean years on the local scene, the hopes around SHS have taken on a brighter look. Although the team lacks height all the lettermen are greatly improved over last year and show every sign of being a winning combination.

In the center spot, the Seminoles will have big Joe High handling the chasers. Joe led the attack against Pierson with 17 points and did a very fine job of rebounding. He is the only height under the basket and will be relied upon heavily to control the boards.

Bruce McCoy and Ken McMurray have received the nod to start at the forward spots tonight. Both boys scored in the double figures Tuesday and they showed good form. They are very deceptive and will be a big help against the Black Knights.

Sophomore Ray Lundquist and Senior John Barley will start at the guards against the Knights. Neither boy was able to set any scoring records last Tuesday but they showed talent on defense and they both are capable ball handlers.

With this well-rounded squad, they stand a very good chance to take the Knights of DeLand. They show speed and scoring ability so it should be a top-notch tilt. Plan to be in the Seminole High School auditorium tonight as the up-and-coming basketballers make their second start of the year.

Boosters Plan Big Motorcade To Brahman Bowl

By Jerry Covington
W. W. Tyre announced today that the Seminole Boosters Club is planning a huge motorcade to Orlando for the Brahman Bowl tomorrow night. This will be the final game of the season, as well as being the most important of the year and he urges all members and their friends to join in this parade of cars.

Game time is set at 8 p. m. and the club plans to be ready to leave from the High School at 6:30 p. m. in order to allow plenty of time. For everyone who needs transportation to the game you may secure a ride by coming a few minutes early as there will be several cars that will have room. For all those who would like to decorate their cars, there will be crepe paper and all the trimmings.

Plan to join in the line of cars and be in the Tangerine Bowl tomorrow as the Seminoles bow out of the 1957 football season. Let's hope they bow out in style.

Today's Sports Parade

By JACK CUDDY
United Press Sports Writer
NEW YORK (AP)—Eddie Gottlieb, president and general manager of the Philadelphia Warriors, said, "I've been connected with professional basketball for 35 years, and I've never seen such a wave of early season injuries."

He made that comment while praising the games of Neil Johnston, the Warriors' center, who suffered a broken jaw in a game with New York last Saturday and returned to the court against Syracuse Tuesday night, without missing a contest.

"I don't know what's responsible for all the injuries," Gottlieb admitted. "Anything I'd say would be only a guess. But I never saw anything like it."

Shaw Gottlieb's Views
Coach Bob Wanzer of the Cincinnati Royals agreed with Gottlieb.

"I've a hunch it may be caused by the stepped-up running game this season," Wanzer said. "I've really been surprised by the increased running of all the clubs when they play against us. Whether they do the same against others I don't know, but I suppose they do."

How did Johnston get his fractured jaw?
"I got it from a stray elbow," said brown-haired Neil, who weighs 225 pounds but appears skinny because he stretches up 6-8.

His upper left jaw was crushed in and fractured in three places. A quick operation pulled the bones into place.

"No, they didn't have to wire the bones in place," said the pride of Cincinnati, Pa. "But we had a half-mask of aluminum made in a hurry so I could wear it and continue to play." A strap under his chin and another around his forehead holds the half-mask in place over his left cheek and jaw during the game. He said the fracture didn't pain him on the court.

Wanzer said he was mystified by the wave of injuries "because you never expect anything like that early in the season. You expect some in the late-season when the boys get worn out somewhat by the long grind and lose their freshness and alertness."

Dosta Early Injuries
Wanzer said he could name nearly a dozen key players whose injuries this season kept them out of one or more games, and there were probably others he didn't remember.

He named: Bob Cousy thigh and Jim Loscutt knee of Boston; Jim Paxson leg and Dave Piontek leg of Cincinnati; Bob Houbregs back and Gene Shue heel of Detroit; Richie Guerin thumb, Mel Hutchins knee and Ron Sobie foot of New York; Paul Arizin leg of Philadelphia; Al Bianchi leg and John Kerr elbow of Syracuse.

Sports Briefs

NEW CRUSADER CAPTAIN
WORCESTER, Mass. (AP)—Jim Healey of Arlington, Va., a five-foot, 11-inch guard who weighs 210 pounds, has been elected to captain the 1958 Holy Cross football team. He succeeds Die Surrette of Leominster, Mass.

FASTRANO IN LONDON
NEW ORLEANS, La. (AP)—Heavyweight title contender Joe Pastrano, who arrived here for a 10-day vacation Wednesday, said he will fight next in London, probably against Joe Erskine on Jan. 20.

Congratulations Seminoles and Good Luck Tomorrow Night against the Hornets of Bishop Moore!

TWO 1958 HARNESS EVENTS
YONKERS, N. Y. (AP)—Yonkers Raceway offers harness racing's two richest two-year-old events next year as part of its 1958 schedule. They are the \$50,000 added Hilltop Trot and the \$50,000 added Empire Pace, both to be run off sometime in September. The track opens on Aug. 1.

An Arctic or blue fox is remarkably clean and wholly free from the offensive odors that other foxes have.

THE CARD OF THANKS

Very often a Card of Thanks in the Sanford Herald meets a need which is difficult to fill in any other way. Not only is it a grateful expression of gratitude to those who have sent those tributes but also a courteous acknowledgment of the services and kindnesses of the many to whom a personal note of thanks cannot well be mailed.

Newspaper Cards of Thanks are accepted as socially correct. Emily Post, the noted authority on etiquette, feels they serve many good uses.

There is no prescribed form for a Card of Thanks. It can be as brief or as detailed as you desire. When the occasion comes you will find a sympathetically understanding member of our staff to assist you.

THE "IN MEMORIUM" NOTICE

It is the custom of many families in this country to commemorate a bereavement by an "In Memorium" notice in newspaper classified columns. They find a real solace therein. Preparation or selection of a suitable verse brings back to them tender, pleasant recollections. A Ella Cook, the English poet has so beautifully expressed it:

"How cruelly sweet are the echoes
That start
What memory plays an old tune
On the heart."

Most frequently an In Memorium is inserted on the anniversary of death. However, other dates, which it felt are appropriate or meaningful are also selected. The birthday of the departed, the wedding anniversary, Memorial Day, even Christmas are among other significant occasions chosen.

If you are hesitant to express your tender thoughts in poetic form, you may avail yourself of the Herald's collection of original verses. These express in poetic beauty the emotions of the heart-strings. Among them are verses appropriate to any circumstance.

THE RATE

Cards of Thanks and In Memorium notices, due to the fact they may run to considerable length, are billed at \$1.00 per column inch.

CARD OF THANKS

IN MEMORIUM
In loving memory of Our Own Beloved Father, E. Claude Wetherington Sr., who passed on one year ago today, Dec. 6th.

TO DAD
Never had much style about him, never cared for dress; Sort of spent his life a sovain's seat of happiness; Doing little things for others, helpin' where he could; Never makin' much pretension, always doin' good.

Home, for him, was all for livin', filled his heart with pride. And his doors were ever open, latch strings hung outside. Folks who came were always welcome, loved to have them around; Wanted much of joy and laughter, seemed to love the sound.

Had his cares and had his troubles, same as all of us; Figured them a part of livin', never made much fuss; Made the best of all God gave him, as through life he went; Ever tollin', givin', taking, kind and provident.

Vain, the tribute we would pay him, words cannot express; What it meant to have him with us and our thankfulness; Sweet, the memory he has left us, though our hearts are sad; Great the blessing that was given, just to call him Dad.
(Poem by Frank Carleton Nelson)
Mrs. Claude Wetherington Sr. Mrs. Doris Mason Mrs. June Bewerlein Mrs. E. C. (Buddy) Wetherington, Jr.

3-PORE RENT

WELAKA APARTMENTS: rooms private baths. 114 W. First St.

When Buying A Home Consider These Four Factors

1. **WHERE ?**
2. **WHAT ?**
3. **WHY ?**
4. **WHEN ?**

1. Where

WHERE TO BUY A HOME? Is the most important factor in selecting the site of your new home . . . This will be easy to decide when you see **SOUTH PINECREST SECOND ADDITION**. One of the choicest locations in Sanford.

2. What

WHAT? Do you want in your next home? Spacious yards, terrazzo tile floors, jalousied windows, all-electric kitchens, large airy bedrooms, duotherm heaters, tile baths and many other features you'll want to have in your next new home. When you buy an Odham & Tudor home your wants will all be answered.

3. Why

WHY? Yes, why and what factors should be considered in making the final decision as to the location of your new home . . You'll love **SOUTH PINECREST SECOND ADDITION** because it is near Churches, Schools, Shopping Centers and Downtown Sanford.

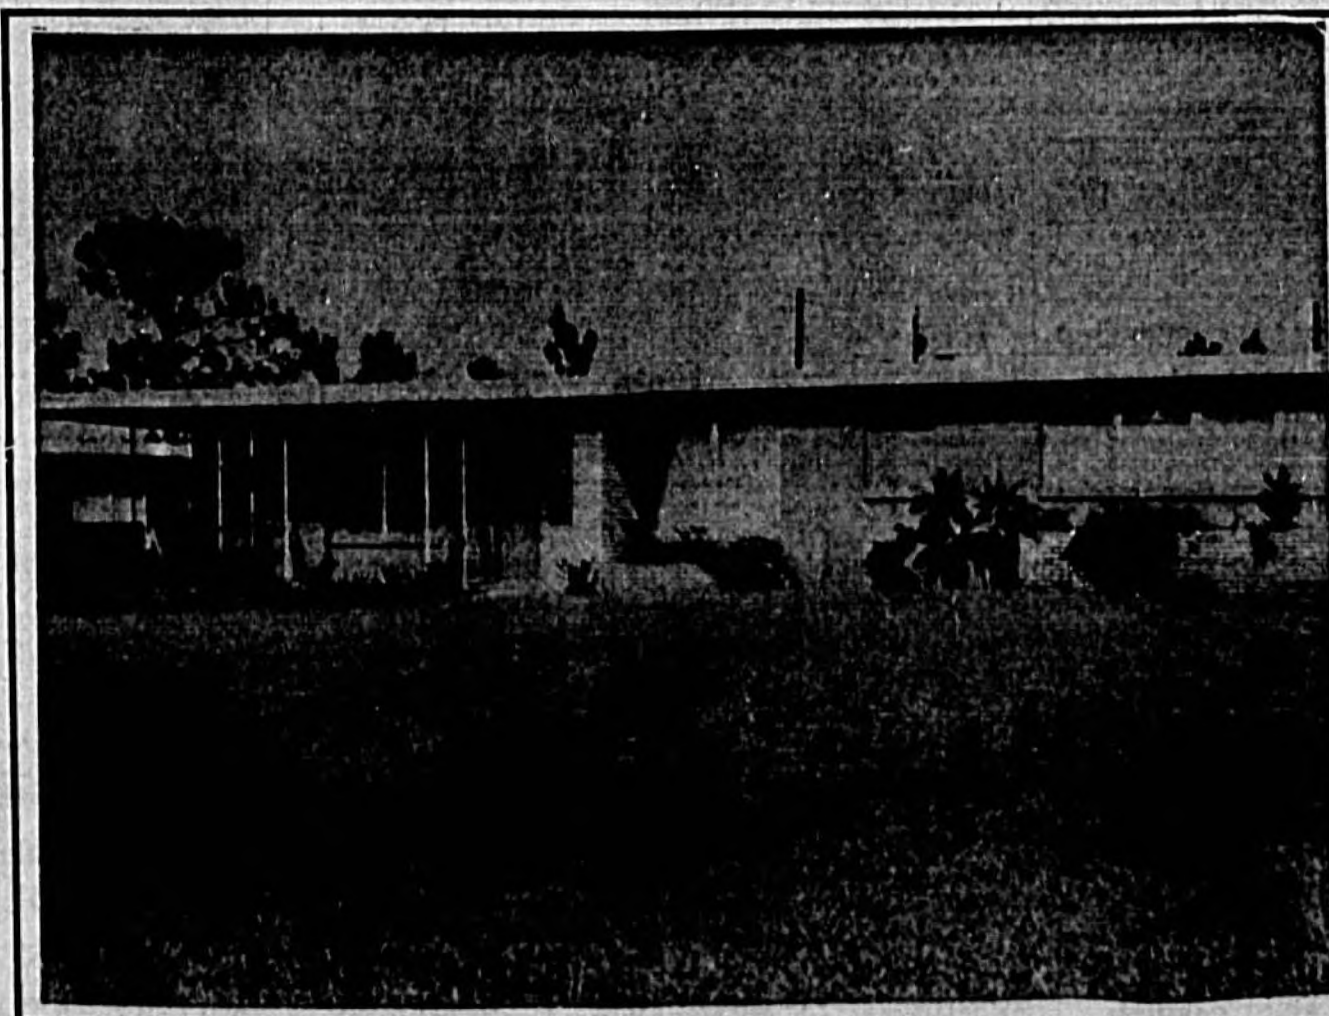

4. When

WHEN TO BUY? Should you wait or buy now? Now is the time to buy while Odham & Tudor has 15 homes ready for immediate occupancy (No long waiting period). We can qualify you for one of our financing plans within 30 minutes.

Khrushchev's Position In Kremlin Reported To Be Insecure

By United Press
Nikita S. Khrushchev, Soviet leader's Communist party chief, is reported to be in trouble. On the surface, it would appear that Khrushchev's position as No. 1 man in the Kremlin had been strengthened by the purges which resulted in the ousting of Vyacheslav M. Molotov, Georgi M. Malenkov, Lazar M. Kaganovich and Marshal Georgi K. Zhukov. But reports which have reached European capitals say that on the contrary, Khrushchev's position is exceedingly insecure.

The reason, according to these reports, is that there remain in the Russian Communist Party a large number of influential officials who favor the old Stalinist line of dictatorship.

These officials, the reports say, are members of the many district and provincial Communist committees of the Soviet Union.

A lot of these men appear to be veterans who survived the various purges of Stalin's era. There also appear to be a number of younger men who started their rise in rank under Stalin.

It is indicated that Molotov, Malenkov, Kaganovich and Zhukov have many friends still in the Communist Party and that these friends are by no means reconciled to their disgrace.

When he won his critical test of power with Molotov, Malenkov and Kaganovich's last June, Khrushchev packed the Communist Party Central Committee with his own men.

But some Stalinists remain in both the Central Committee and the Presidium, the 15 top men of the committee who really rule Russia.

One known, and powerful, Stalinist who remains on the Presidium is Mikhail A. Suslov. Suslov is 55, eight years younger than Khrushchev. He is regarded as a protégé of Malenkov. He was made a member of the Central Committee in 1950 and a member of the Presidium in 1953.

Suslov gave support.

Suslov supported Khrushchev in his clash with Molotov, Malenkov and Kaganovich. He also took a leading part in the ousting of Zhukov.

In fact, there is some reason to believe that Suslov was the prime mover in the ousting of Zhukov because of Khrushchev's opposition to Communist domination over the army. It has been reported that Khrushchev felt himself compelled to go along with this ouster move.

A Belgrade dispatch published in the London Daily Telegraph reported recently that the two Yugoslav delegates who attended the recent Communist get-together in Moscow returned home with a report that Khrushchev was in danger because of the strength of the Stalinist element in leadership.

In any event, it seems certain that Khrushchev is far from being Russia's dictator. The next Kremlin clash might be between him and Suslov.

Weather

Considerable cloudiness with scattered showers ending this afternoon. Cooler with high 56 to 64.

\$15,000 PGA Tourney Opens In Sanford Today

Action got underway today at the Mayfair Country Club with many of the Country's top Pros arriving for the practice round of the third annual Mayfair Inn \$15,000 PGA Open.

The practice tee was covered with young hopefuls throughout the day and a few of the well-known stars added color of the scene.

The many well-known baseball

figures of the San Francisco Giants made their first appearance of the week. Horace Stoneham, president of the club, Pete, his son, "King Carl" Hubbell, and Bill Rigney, manager of the Giants were the first of many celebrities to be on hand. This is probably the most unique tourney of its kind in that the combination of golf and baseball go hand in hand.

One of the earliest arrivals at the Mayfair club was that of musician, Frank Stranahan. Stranahan arrived last Friday at the Hotel and has taken advantage of every spare moment to ready himself for the competition. He seems to do well in Sanford as he has been in the money for the last two years. He placed second last year with a 15 under par 205 and took \$1,800 in prize money. He is a gallery favorite wherever he goes and is a real champion.

Among the champs scheduled to play in this big event, Al Bessellink, recent winner of the Caracas Open in Venezuela, is at the top of the list. Bessellink failed to finish in the money the first year but managed to do better 500 last year. He is enjoying his best year on the circuit and has taken home over \$13,000 in prizes. Besides the Caracas win, he finished first in Kansas City Open, second in the Callensie Open and fifth in the Dallas Open.

Wanted Moonshiner Killed By Lawman

HAINES CITY (UP) — Central Florida's most hunted moonshiner died in a weed - grown field near here Sunday after a lunging bloodhound caused a deputy sheriff to shoot him accidentally.

The death of James Leroy Long, 41, ended a year-long hunt for the moonshiner who was wanted by at least three counties, including Seminole.

Long and his brother, Leon, had figured in most of Central Florida's moonshine cases for many years. Both had served several sentences for dealing in illegal whisky and Leon was killed earlier this year in Seminole County in an automobile accident shortly after his release from a federal prison.

A coroner's jury, impaneled late Sunday by State Atty. Robert Huffaker and Coroner Walter Bell, ruled that James Leroy Long's death was accidental.

The name of the deputy whose gun fired the fatal bullet was not available.

Polk County Sheriff Hagan Parrish, who with Deputy U. S. Marshal Frank M. Durran, headed a 10-man posse of county, state and federal officers in the search for Long Sunday, gave this account of the shooting:

"The officers approached Long's house, on the edge of a swamp at the mouth of Horse Creek northeast of here, before daylight.

Durran called through a portable loud speaker for Long to come out.

Instead, Long's wife came out the front door and the fugitive slipped out the back door into the swamp. Mrs. Long, berating the officers and making them read the warrant, delayed the posse about 20 minutes. They finally entered the house and found four shotguns, a rifle and nearly a case of ammunition.

Bloodhounds were put on Long's trail through the swamp and led officers to a 150-gallon moonshine still, loaded for operation.

After about five hours of searching through dense undergrowth, the sheriff said, one of the three Polk County deputies became separated from the remainder of the posse and a bloodhound he held on a leash picked up a fresh trail of Long through a clearing filled with waist-high weeds.

Board To Discuss Fringe Area Fire Protection Tonight

Top item on tonight's agenda for the meeting of the Board of Sanford City Commissioners will be the discussion of fire service outside the city limits.

In a previous meeting commissioners discussed the possible expansion of the Sanford Fire Department at an approximate cost of \$14,000 to the city in order to maintain service in the Sanford area and at the same time receive a higher rating from the South-eastern Fire Underwriters.

Additional information be provided in order that a thorough study be made of the possible move or whether or not the city should keep fire protection to "within the city limits."

Other matters to be discussed by the Board of Commissioners tonight include the proposed radio system for the Fire and Police Departments; the Sanford Civic Center with John Burton IV, the architect for the project; and an approval of the second statement for the Sanford Civic Center.

Commissioners will consider a request for a site for a target range made by the Sanford Gun Club; approve banks for deposit.

(Continued on Page 3)

ATTENDING THE GALA Mayfair Inn Opening Saturday night were (left to right) Kirby Flite Jr., Mrs. Flite and Carl Hubbell, baseball great.

Over 500 Attend 10th Mayfair Inn Opening

More than 500 Sanford and Central Florida citizens attended the biggest and finest Mayfair Inn Opening celebrations ever staged here.

Celebrating its 10th anniversary opening, the Mayfair Inn lobby, dining room, and ballroom were redecorated and refurbished for the occasion.

Receiving the largest crowd in local history attending the opening night festivities were Manager Frank Mcbane Jr. and Mrs. Mcbane.

Especially notable was the fact that visitors milled about the lobby during the early cocktail hour and were served instantly, even though the Mayfair Inn facilities were taxed to its capacity.

There was a note of gaiety for the occasion that has never before existed.

Souvenirs for the opening occasion were baseballs on which was stamped "Mayfair Inn 10th Anniversary Opening." Many visitors swarmed about a baseball great, Carl Hubbell and a golf star, Frank Stranahan, requesting them to autograph the souvenir of the occasion.

Originally planned for 400 reservations, more than 500 places were set for the 1957 gala occasion.

The Pete Bukur Populaires, a

trio of top musicians seemingly were the favorites of the huge crowd which danced to specially arranged musical numbers. The "Populaires," according to Manager Frank Mcbane Jr., have been retained for a nightly appearance in the cocktail lounge of the Mayfair Inn throughout the season.

Visitors acclaimed this year's Mayfair Inn opening as the most colorful and gay of the hotel's history.

The Mayfair Inn Opening night celebration immediately preceded the first day of the Mayfair Inn's \$15,000 PGA Open which got underway today with practice rounds. Golfers from all over the country streamed into the hotel to take part in the tournament.

Southern Bell Co. Installs 1 Millionth Telephone In State

Among the telephones being installed in Sanford today by Southern Bell Telephone Company will be the one millionth in Florida.

Already the growth in Sanford has been tremendous, said Southern Bell Manager for the Sanford area, Bob Shedden. He pointed out that last month Sanford gained 100 installations, the biggest month's gain ever experienced here.

Meanwhile, Claude J. Yates, vice president and general manager of Southern Bell Telephone Company, presiding at installation ceremonies in Miami today, announced the installation of the one millionth Southern Bell Telephone in Florida.

(Continued on Page 3)

Elk's Charity Ball Scheduled Dec. 21 At Mayfair Inn

The Elk's Charity Ball, an annual event to raise funds with which to contribute to charitable organizations, will be held this year at the Mayfair Inn Saturday Dec. 21.

Reservations are now being made at the Club with E. J. Moughlin Jr.

Tony Perez and his orchestra have been engaged to provide music for dancing to begin at 9:30 and continue until 1:30.

A spokesman for the Elks Club said that dress is optional and that attendance prizes will be awarded.

Painter Displays Pastels At Mayfair

A retired U. S. Marine Officer, who resides in Lake Mary, will put on display beginning today a collection of original pastels he has completed.

The display will be placed in the TV Room of the Mayfair Inn and is open for visitors daily through the holidays.

Philip D. Mitchell, the retired U. S. Marine Officer, studied art at the Bowman Art School in New York, the High Museum of Art in Atlanta, Ga., and at Miami University.

The original pastels are varied and include landscapes, birds, boats, seascapes, animals portraying action, a few scenes done in Old Mexico, and scenes on the St. Johns River.

Accident Victim Gives Three Names

Names were important to Constable J. Q. "Slim" Galloway, but it took some time to get down to the correct one Friday night when a 1951 Ford sedan skidded 315 feet to stop only inches in the path of an oncoming train.

The automobile, traveling south on the Uptala Road, left the highway on a curve apparently out of control, tore down a power pole guy wire, plowed through about 50 feet of ground, and came to a stop in a ditch alongside the Atlantic Coast Line railroad tracks.

Only minor damage resulted when the train clipped the car on its bumper.

A 27-year-old Negro at the scene of the accident about 1:30 Saturday morning told Constable Galloway that Joe Thomas was the driver and owner of the car. He identified himself as James Wheeler, a passenger in the wrecked car. However, he told Constable Galloway that he knew where Joe Thomas lived and could take him to the house.

Completing his investigation of the crash, Galloway took James

Additional Local News On Page 3

Wheeler to the Goldboro area to point out Joe Thomas' house. When Constable Galloway stopped his car, the Negro identifying himself as James Wheeler ran.

Constable Galloway said that he found James Wheeler about one hour later. James Wheeler actually turned out to be James Burke, borrower of the automobile and its driver as well as the same man he had identified as Joe Thomas.

The car was the property of Leo Peterson of Goldboro.

Burke was lodged in the Seminole County Jail charged with reckless driving while drinking. Bond was set at \$200.

Memorial Library Officially Opened

The General Henry Shelton Sanford Memorial Library was officially opened Friday afternoon with a reception that drew a huge group of interested citizens.

As visitors were greeted at the entranceway to the library, they received their first glimpse of one of Florida's most valuable collections of literature. General Sanford's personal library has been catalogued and made ready for those who will be reading about world history and doing research on the early days of Sanford from the founder's own words.

The library has been put into top shape by Miss Francine Flanagan, a librarian who is familiar with the languages in which the library books are printed.

Notable also to the visitors were the original paintings of General Sanford, Mrs. Sanford, and many members of the Sanford family. Articles and memoirs appeared generously placed about the library to recall many of the events of the early years of Sanford's founding and of the beginning of America's growth and importance among nations.

Receiving guests at the reception Friday afternoon were members of the General Henry Shelton Sanford Memorial Library's board of managers and those who played a prominent part in creating the library. Randal Chase, Gen. J. C. Hutchinson, H. B. Pope, Mrs. Fred T. Williams, Dr. J. Bernard Root, C. R. Dawson, the Rev. Fred Emminger and many others.

Representing the City and the County were Mayor David Gatchel and Commission Chairman Fred Dyson.

Many of the descendants of families who were among the first settlers of Sanford were present at the reception to see the library for the first time and to be on hand to meet the many citizens who attended the reception.

New Farmers Market To Be Dedicated Friday

"Friday, Dec. 13, 2 p. m. is 'D' Day at Sanford State Farmers' Market when the new modern market facility will be dedicated.

This prestressed concrete building costing about \$240,000 is one of the most up-to-date farmers' markets in the country. It replaces the facilities destroyed by fire last April," according to L. H. Lewis, Director of State Markets.

Back in 1934 a wooden platform was erected in Sanford to be used as a meeting place for farmers and buyers. Here growers could gather produce in one central point and through competitive buying obtain FOB prices compensatory at least to operating costs. Buyers also could benefit from fresher

produce, shorter buying time, and obtain the required quantities of the type and kind of produce desired.

The result of this experiment far exceeded Commissioner of Agriculture Nathan Mayo's fondest hopes and the ensuing years saw the fulfillment of his dearest dream to provide FOB farmer-market sales.

Since the beginning, Florida's market system has attracted national attention—the first state farmers' market system in the United States—Federal and State Departments of Agriculture have spent much time studying these markets which today number 13 fruits and vegetable; four live-

stock and nine agricultural-educational facilities. Several states have passed laws similar to Florida's law permitting the building of such a system. Gross sales for the year ending June 30, 1957, totaled in excess of \$48 million dollars as compared to a little over \$500,000 the first year. Fiscal success attained is shown by the services rendered through these markets and by the fact that several have become price determining points on fresh winter vegetables.

The Sanford Market has continuously operated since its opening date, Dec. 18, 1934, handling produce valued in excess of \$33,800,000 over the 23 year period. With one exception it has paid all its operating expenses during this time, including its prorata share of the expense of the main office.

In spite of its main shed having been totally destroyed by fire as well as one other building burned out and considerable damage suffered by another, the Sanford Market has operated full-time during the season since the fire.

All state, county, city officials, buyers, producers, and friends of the market are urged to attend the opening and dedication of the market.

Ten of the vegetable markets winter vegetables deal now. These are Pompano, Plant City, Fort Pierce, Sanford, Fort Myers, Pahokee, Florida City, Wauchula, Immokalee and Palatka. Bonifay, Gadsden County (Quincy), Starke and Brookier will come in for the early spring deal. The livestock markets operate year round.

Frank G. George, consulting architect, formerly of Sanford, who supervised the work at Sanford State Farmers' Market, has moved his office to 118 North 4th St., Palatka. George stated the Sanford Market is one of the most outstanding of this type of market and he feels the service the new facility will render growers will far exceed the service rendered in the past.

produce, shorter buying time, and obtain the required quantities of the type and kind of produce desired.

The result of this experiment far exceeded Commissioner of Agriculture Nathan Mayo's fondest hopes and the ensuing years saw the fulfillment of his dearest dream to provide FOB farmer-market sales.

Since the beginning, Florida's market system has attracted national attention—the first state farmers' market system in the United States—Federal and State Departments of Agriculture have spent much time studying these markets which today number 13 fruits and vegetable; four live-
