# Father Berrigan Trial Judge Threatens Secrecy

By LEE LINDER  
Associated Press Writer  
HARRISBURG, Pa. (AP) — The judge at the conspiracy trial of the Rev. Philip Berrigan and six other antiwar activists has threatened to bar newsmen from the jury selection process and impose secrecy on the proceedings.

"I'm not telling the news media what to do," U.S. District Court Judge R. Dixon Herndon said Monday as the jury names, questions and responses were kept secret until the jury is sworn, and then you can publish it whenever you see fit."

## Sanfordite Hurt In Game Affray

By GARY TAYLOR  
APOFKA — A Sanford girl was taken to Mercy Hospital and other Seminole High students reportedly suffered slight injuries as the result of an affray following the Seminole-Apopka basketball game last night at Apopka Memorial High School.

Apopka police were called to the school at 9:32 p.m. Officer John Cooper reported finding a girl on the ground in front of the school when he arrived and an ambulance was called.

Mercy Hospital officials reported Phyllis Palmer was treated and released at the emergency room. Witnesses reported she was jumped by several youths, while the police report states she was attacked by a girl, though the police are checking into the matter of how many people actually attacked her.

Seminole and Apopka school officials and the Apopka police are in the process of piecing together information and sorting fact from rumor. Police officials reported they plan to interview several witnesses from both schools.

"We will find out who is responsible and they will be punished," promised Wesley Aman, assistant principal at Apopka. Seminole High principal Jack Redding was in contact with Aman this morning in an attempt to learn all the facts of the incident.

Both school and police officials in Apopka verified that a reserve policeman had been on duty but, according to Aman, had "apparently already left before the incident happened."

A Seminole High cheerleader, who reportedly saw the incident, stated that one youth was holding a gun. Police officials could not confirm this.

In another report of violence centering around a basketball game last night, seven Evans High School players and a manager were attacked by angry fans as they were on their way to the dressing room following an Evans 65-61 win.

The fight lasted nearly 10 minutes and the Evans team had to be escorted from the school by the police.

**Headlines Inside THE HERALD**

**STATEWIDE** — Families of Florida servicemen being held captive in North Vietnam's prisons find little hope in President Nixon's peace proposal, with one woman calling the address "a lot of rhetoric." (Page 12A)

**SAIGON, Indochina** — Sharp fighting erupts in the Mekong Delta with at least 20 Vietnamese, 31 enemy and one American killed. (Page 5A)

**Askew To Speak At Jaycee Dinner**  
By Longwood Mayor Brown

**Zoning Variance Clampdown Seen**

**Longwood Mayor Brown**

Gov. and Mrs. Reubin Askew will be honored guests at the Distinguished Service Awards banquet to be held jointly by the Sanford Seminoles, South Seminole and Oviedo Jaycees Friday at 8 p.m. at the Sanford Civic Center.

Prior to the banquet a reception free to the public will be held 7:15-7:45 p.m. at the Holiday Inn.

Speaking in addition to the Governor will be the national vice president of the United States Jaycees, Robert Hattaway, of Altamonte Springs. State Sen. William G. Hunter will be master of ceremonies.

Overall chairman of the all-county function, the first of this kind here, is Warren Brown, of the South Seminole club.

Each of the three clubs will be presenting a Distinguished Service Award to an outstanding citizen of their particular area.

Current issues of TRAINS... The Magazine of Railroading, has the back cover page (full color) devoted to Auto Train and General Electric. Part of the copy goes to "Relaxed and rarin' to go, this train ferries families and their cars between Washington, D. C. and Sanford, Florida."

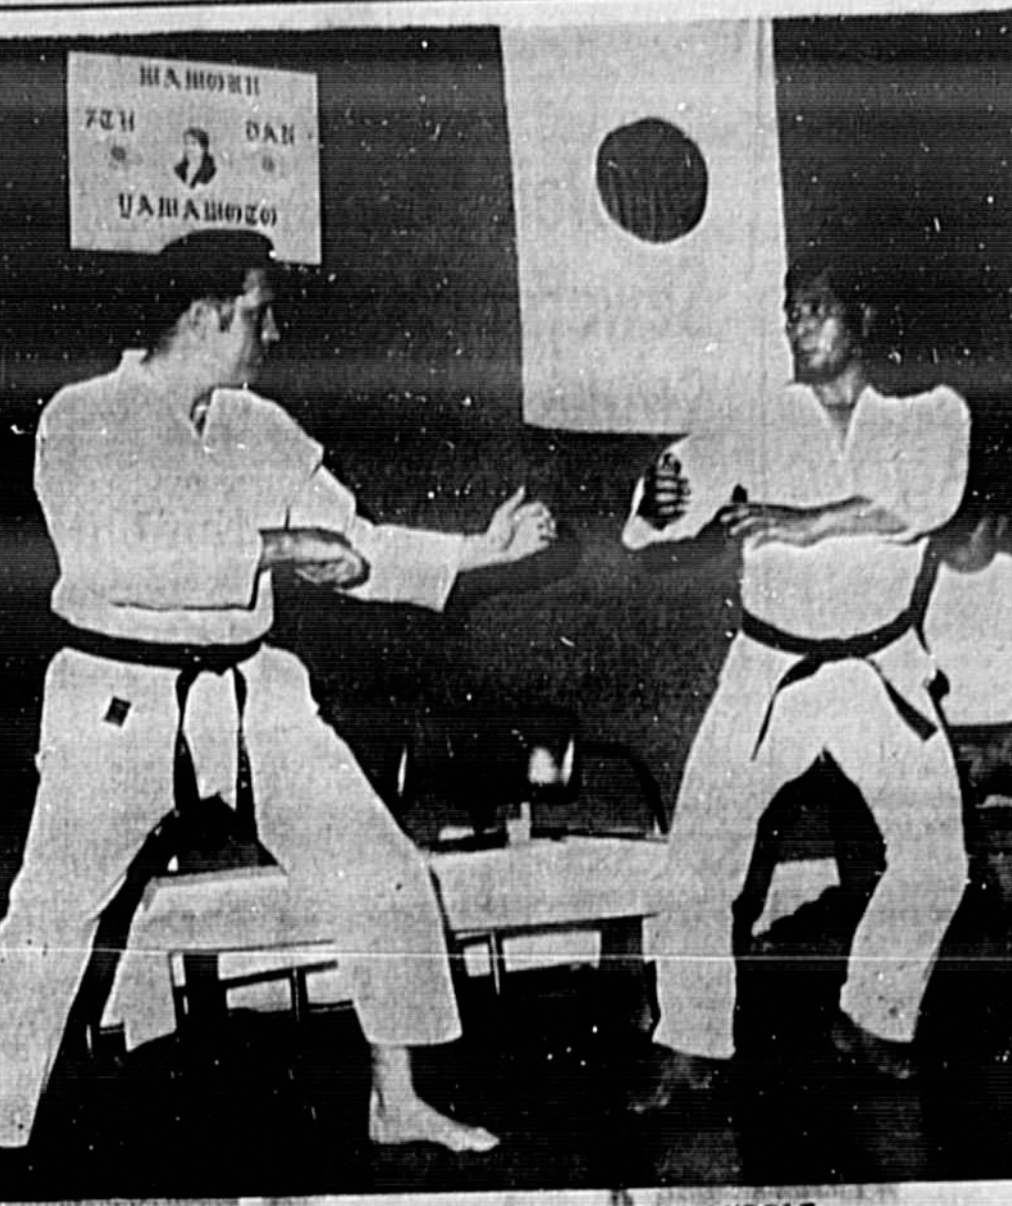

## Hanoi's Reply: 'Nothing New'

HONG KONG (AP) — Radio Hanoi indicated today that President Nixon's Vietnam peace proposals are not acceptable because they do not abandon the Vietnamization program and do not withdraw all support from President Nguyen Van Thieu.

Although the North Vietnamese radio did not reject the proposals, it said they were "nothing new."

The broadcast said Nixon's plan for South Vietnamese elections was "nothing but a repeat of the election farce of Oct. 3, 1971, in which Thieu's plan for the planned election was rejected."

It said Nixon's plan would maintain Thieu in power until a conditional troop withdrawal offer by Nixon to U.S. troops. It means that Nixon will force Thieu into the election. It is a power stroke to withdraw U.S. troops, to suppose that such an election would be anything but another get back the U.S. POWs, but would be anything but another extension of the U.S. war of aggression, through the Vietnamization and maintenance of the found the cease-fire proposal in lackey clique of Nguyen Van Thieu's plan acceptable.

**DON'T GET CAUGHT IN THE MIDDLE**  
Fred Kelly, (left), local Karate instructor, puts on a demonstration with Yamamoto, head of the school of Yoshukan Karate of which Kelly's school is a part in Orlando. Mike Foster, top black belt man in Yoshukan in this country, was also on hand for the demonstration and the night, along with Kelly, will judge local students for belts Thursday night. Yamamoto holds the eighth-degree black belt while Kelly is the holder of a third degree black belt. (Don Vincent Photo)

## \$80 Million In Building Is Outlined

ALTAMONTE SPRINGS — Another motel with 300 rooms is in the planning stages for construction at the northwest corner of State Road 435 and E. 4. Mayor Lawrence Swofford informed City Council Tuesday night.

Swofford said a Ramada Inn and related facilities to cost some \$40 million is planned for the 90 acres across from the planned Holiday Inn. He also said the Holiday Inn and related facilities will cost in the neighborhood of \$40 million.

The Ramada Inn plans will require annexation of another 60 acres to the city.

In other business, Council heard a presentation from Gene Cooper of Seacoast Construction Company requesting planned Development (PD) zoning for an eight-acre tract north of the present city limits on Palm Springs Road. Cooper said he wishes to build a group of pad-type cluster homes on the tract. Maximum density would be eight units per acre, he said.

The land developer commented that the two-bedroom homes in the \$20,000 to \$25,000 price range will have 1,300 square feet of living area and will cover approximately 22 per cent of the land, leaving the remainder as open space and green area.

Cooper said his interest in coming into the city is the sewer service available and because the county does not have planned development zoning for the area, less than 20 to 25 acres in size.

The request was referred to the planning and zoning board for study and recommendation. The developer said his plan would provide a good buffer area between apartments in the city and residential areas in the county.

No action was taken on a petition for annexation of two commercial establishments currently under construction on SR 408 — a gas station and a convenience store — as on a request for annexation for four lots and homes with remaining to commercial from residential.

Council decided to view the properties concerned.

The annual appropriation of \$1,000 to the South Seminole Community Library was approved. Restriction on use of the funds to purchase of books has been the policy of the past in the city making the appropriation for about three months.

## Students Report 'Enticer'

"The friendly stranger" who plagues county school children by trying to entice them into his automobile is back.

There were two reports of "his" activities at school areas near Midway Elementary and Leman South schools Tuesday, according to county detectives.

Sgt. Johnny Wright Jr. reported Leroy Hampton, Midway School principal, said several 14 grade students had been approached by a man driving a white Volkswagen in two separate incidents occurring in the past several days.

They described the man as weighing 170-180 pounds, approximately six feet tall and his early 30s.

One child said the "stranger" offered candy to entice him into his car and, when that didn't work, offered money.

When the children started to leave, the man chased them across an open field in an effort to catch them but was unsuccessful, they said.

A 15-year-old South Seminole girl reported to Deputy Harold Taylor she was approached at a bus stop Tuesday by a man who tried to persuade her to enter his car but she declined.

# Courthouse Completion Delayed Until May 11

**By MARION RETHEA**

Seminole County's old courthouse will have to remain in use for a few days longer than the original target date of April 12 for completion of the new \$2 million structure.

This was revealed at yesterday's meeting of the County Commission, when commissioners were apprised of a letter from Greenleaf Construction Company to Gutman, Dragnish and Mitz, architects, requesting 14 working days on a charge order dated Jan. 19.

A previous change order and extension had delayed the completion date to April 30, and the new extension pushes the date again to May 11.

Although commissioners were reluctant to grant the extension, Chairman Greg Drummond said that the construction company would create a resultant "mess" and when the construction company left the area the county would be "stuck" for the "next 100 years," Drummond also elucidated that the architects also probably were "scared they'd end up with a mess with their names on it."

Even with the set target date set, Drummond gave "adds" that the edifice would not be completed until July.

Continuing, Drummond said that a "rush at the finish is what shows," and that to grant the change order extension would "assure good work."

Commissioner Sidney Vihlen pointed out that the extension would be granted as a gesture of good will, and not as, in effect, "pulling the wool over the eyes" of the county.

Initially a motion was made to grant a three-day extension in the change order and award the additional 11 days as a "good will" token with a request that Greenleaf apply additional personnel in all areas to expedite the work. However, County Attorney Thomas Rumberger maintained that to do so would invite litigation upon the part of the contractor.

Continuing, Drummond said that a "rush at the finish is what shows," and that to grant the change order extension

## 'Bobtail' Sewers Studied

**By DONNA ESTES**

LONGWOOD — Possibility of construction of a "bobtail" type sewer system to serve at least new developments in the city while paper work proceeds in federal funding for a permanent system is being investigated by City Engineer William Palm.

Palm, on instructions from Council to look into possibilities of builder contributions toward such an interim solution to sewer needs, asked area developers to channel information to his office on location, acreage involved and number of housing units anticipated in planned subdivisions. Palm is to use the data to determine feasibility of the plan and cost involved.

And Mayor Kenneth Brown has announced his "hard-nosed" attitude toward builders twice in the past few weeks declared the city will not consider serving water to areas requiring annexation to the municipality.

He said, "It is almost cheaper for us to operate our own landfill than to continue using the county's stations."

The city manager will survey costs to continue use of the county facility and compare them with expense to establish a city sanitary landfill at a recently purchased tract a few miles from town.

He indicated this information would be available, along with probable recommendations for a city refuse service fee increase, at the city commission's Feb. 7 meeting.

## Sanford Refuse Fee To Be Hiked Again

**By BILL SCOTT**

Sanford residents who have their refuse picked up by the city should be prepared for a paper increase in the County Commission's action raising the commercial dumping rates from 35 to 39 cents per cubic yard at Seminole County's two waste collection stations, effective Feb. 1.

"Right now, we are paying about \$2,900 a month to use three pick up stations, and that should increase to about \$3,900 a month due to the additional costs," Knowles said.

The city manager indicated this price raise would have to be passed on to city refuse customers but he did not indicate how much the present \$2.25 per month residential fee would be hiked.

He said, "It is almost cheaper for us to operate our own landfill than to continue using the county's stations."

The city manager will survey costs to continue use of the county facility and compare them with expense to establish a city sanitary landfill at a recently purchased tract a few miles from town.

He indicated this information would be available, along with probable recommendations for a city refuse service fee increase, at the city commission's Feb. 7 meeting.

## In Altamonte Springs Sunday Drinks Assured

**By DONNA ESTES**

Local Government in its effort to permit limited sale of alcoholic beverages on Sunday in this city is assured, according to City Council action last night.

And the rating bureau of the Southeastern Underwriters received the full vent of the wrath of Mayor Lawrence Swefford.

Swefford, a consistent proponent over the years of legislation despoiling expansion of sales of alcoholic beverages, said Tuesday night that even though he is personally opposed to alcohol he will make an attempt to stop Sunday sales with metals.

Motion was adopted on a three-one vote, with Councilman Helen Keyser casting the only negative vote, instructing City Attorney S. Joseph Davis Jr. to prepare an ordinance permitting sale of alcohol on Sundays in restaurants. Discussion was given to requiring that restaurants with Sunday sales be able to seat 200 to 300 persons. No definite number was set Tuesday night.

The insurance rating bureau notified the city recently that reduction of fire insurance rates from class 9 to class 1 is contemplated. In newly annexed territories lying west of Interstate 4, a change from class 19 to class 9 is being considered.

The class 9 in areas west of I-4 will be in order for the insurance companies to do an investigation of the bureau might be requested.

The mayor said a representative of the bureau in telephone conversations called Altamonte Springs, a "higher class community" that its neighboring cities "with more valuable property." Swefford inferred from the remark that the rating was being given on the basis of the city's reputation as a desirable place to live.

Swefford said that while he

## People In The News

**Walter Winchell**  
LOS ANGELES (AP) — Former columnist Walter Winchell was reported in improved condition at the UCLA Medical Center, but hospital spokesmen declined to say what's wrong with him.

Winchell, 74, has been in the center since Nov. 19 and has been in and out of the hospital several times during the last few years, a spokesman said Tuesday.

**Jack Jones**  
LOS ANGELES (AP) — Singer Jack Jones is to give his former wife \$1,000 a month, house, home furniture, a chess set and a painting of a dog under a divorce settlement reached in Superior Court.

## Casselberry Hearing Feb. 21 On Complex

**By KATHY NIBLACK**

CASSELBERRY — The City Council's regular meeting was held on Feb. 21 at 8 p.m. in the city hall. Action has been delayed each time by incomplete plans and by opposition of homeowners in the Indian Hills area.

In further action, Council agreed to participate with Central Florida Builders in a drainage project on South Triple Drive. The city will not, however, expend over \$250 on the project (catch basin) which will be located on a city drainage easement.

A public hearing on the proposed shopping center — apartment complex planned for the Indian Hills entrance area was held on Feb. 21. Owners of this property and its developers have been before the Council several times requesting rezoning and annexation of portions of the total land tract. Action has been delayed each time by incomplete plans and by opposition of homeowners in the Indian Hills area.

Ernest Cowley, president of the Sanford Kiwanis Club announced the date for the annual Pancake Day to be held Saturday, March 4 at the Sanford Civic Center.

Jayce banquet, 8 p.m., Civic Center; speaker, Guy Reubin Askew.

Christmas Seal mobile X-ray unit, 1-4 p.m., Fleming's market, SE 46 east, and 5-7 p.m., Midway Migrant Clinic, Sipes Avenue.

Sanford Tourist and Shuffletts Club covered dish supper, 6 p.m., at the clubhouse on the left bank; business meeting will follow.

## Youth Sought

**By KATHY NIBLACK**

An 18-year-old Longwood youth is being sought by Seminole County authorities after his disappearance Tuesday morning from Longwood Elementary School reportedly in the company of an unidentified woman.

Det. William Hogen reported Douglas Clyde Williams, son of Mr. and Mrs. James Williams, 44 Longwood Circle, city, failed to arrive home from school Tuesday afternoon.

The detective said an unidentified woman was seen walking with the boy at 9:45 a.m. Tuesday at the Longwood school.

White was arrested Tuesday morning on a county court warrant charging him with "false information" in that he told Deputy Fred Johnson he was cut by Wesley Place, Orlando assistant police chief, when the deputy questioned him at Winter Park Hospital, where the bleeding man had gone seeking medical attention for two arm wounds.

Later investigation by Det. Sgt. Johnny Wright Jr. assigned by Sheriff John Palk, disclosed White gave false report when he told the deputy he was cut by Place.

The accused appeared before Judge Hal Tuesday afternoon and entered an innocent plea. He is being held in the county jail in lieu of \$1,500 bond.

Accused was investigated. White was slashed by a man known as Willie Scott, after Scott was struck on the head with a board by White.

# Nixon Unveils Secret 8-Point Peace Proposal To Reds

**By LEWIS GULICK**  
Associated Press Writer

WASHINGTON (AP) — President Nixon has unveiled before a nationwide audience a secret eight-point Vietnam peace offer which now faces a double test: How many Americans will accept from critics at home.

In one of the major surprises of his administration, Nixon disclosed a proposal made secretly eight months ago for a U.S. pullout in exchange for a "Nothing new," says Hanoi. Story on Page 1.

prisoner release, and his broader eight-point offer tendered last October. The latter includes an agreement that South Vietnam's President Nguyen Van Thieu would step down pending a new election.

In a radio-television address Tuesday night Nixon disclosed he had dispatched his national security adviser, Henry A. Kissinger, to Paris a dozen times since Aug. 4, 1969, for hush-hush negotiations with North Vietnamese envoys.

Hanoi negotiators rejected a U.S. offer last May for a pull-out deadline in return for prisoner release and a cease-fire.

proposals which in fact had been "made in the manner they wanted us to respond—secretly."

The North Vietnamese thus "induced many Americans to believe that the Congress is rejecting their propaganda—Americans who could not know they were being falsely up by the enemy to stir up divisiveness in this country," he said.

One of the most prominent demands by Nixon's political opponents, as voiced by the caucus of Democratic senators Wednesday and by nearly all Democratic presidential contenders, has been for a deadline for the withdrawal of all U.S. forces, conditioned upon release of American prisoners.

"On May 31, 1971 eight months ago, at one of the secret meetings in Paris," Nixon said, "we offered specifically to agree to a deadline for the withdrawal of all American forces in exchange for the release of all prisoners of war and a cease-fire."

"At the next private meeting, on June 26, the North Vietnamese rejected our offer. They privately rejected instead their own nine-point plan which insisted that we overthrow the government of South Vietnam."

Calling his new offer "one of which we can all agree" and an effort to break the deadlock at Paris, Nixon said:

"Some of our citizens have become accustomed to thinking that whatever our government says must be false, and whatever our enemies say must be true. The record I have revealed tonight proves the contrary."

The White House account of the 2½ years of secret negotiations stressed that the North Vietnamese are insisting on Nixon's removal as part of any settlement.

Nixon's eight-point plan featured:

1. "There shall be a cease-fire throughout Indochina."  
2. "There shall be a new presidential election in South Vietnam."  
3. "Under the plan, Thieu and Vice President Tran Hung Vuong would resign a month before the vote but could run for office if they chose."  
4. "Communist negotiators have offered to offer for elections on ground they would be rigged against the NLF, U.S. negotiators in turn claim that enemy proposals for a new Saigon government, have been heavily weighted in favor of the Communists."  
5. Besides the points on withdrawal of all U.S.-allied foreign forces from South Vietnam "within six months of an agreement," the eight-part Nixon plan proposes:  
6. "Both sides will respect the Geneva Agreements for Indochina's peace, independence and neutrality."  
7. "Problems among the Indochinese countries will be settled in accord with these principles and all armed forces of the countries of Indochina must remain within their national frontiers."

## Removal Of Trees Protested

An ecology minded South Seminole resident, Mrs. Sammy Williamson, told County Commissioners Tuesday that the county is being "raped." She explained this statement by the fact that the Sumner and Camelot subdivisions are "slams" with trees being cut down. This, she contended, is resulting in erosion in the area.

Mrs. Williams said that she had spoken with Casselberry Mayor Curtis How relative to the matter and he referred her to the county. Then she said she attempted to speak with Lester Mandell, area developer, and he "threw her out of his office."

Mrs. Williamson displayed photos to the Commission to illustrate her point upon the erosion.

zoning Director Robert Brown was questioned as to whether the development was sited or planned by the County Commission, to which a negative reply was given. Mrs. Williamson "was advised that in seeking redress from the county, therefore, either she had spoken with someone new to city government, who is uninform, or else she was "lied to."

County Attorney Thom Rumberger said that since the subdivisions are within the municipal limits of Casselberry the county has no authority to cease the decision of the trees. Mrs. Williamson, still adamant, said that it "is time to stand up and be counted."

Commission Chairman Greg Drummond outlined the only recourse as the Orange-Seminole legislative delegation. However, he said the county has "battled years" with the delegation in the last two years responding to the needs of the communities. He went on to explain that when the county proposes a bill, it is criticized often by petition of citizens, the city becomes opposed letter, with the delegation submitting to the wishes of the city. Cited as an illustration was the cities being allowed to annex road rights-of-way to go to islands within the city.

A further problem was cited in that Casselberry has no official planner.

However, Drummond suggested that the contact Casselberry Council Chairman Edith Durr for resolution of the matter.

Editorial Comment

Salvation Army Gathering Speed In Campaign

If there is one campaign in Seminole County which is devoid of political partisanship, lacks anything but the best of motivations and can be of inestimable help in the unifying of this fast-growing area it is the drive by the Salvation Army to raise \$240,000 for adequate service facilities.

only proper but of extreme and critical importance to the health of our county. No thinking person should need to be told the good which the Salvation Army is not only dedicated to accomplish but which they actually do.

Probably the best way to describe the state of affairs in the drive now is to say "so far so good." But this "good" is not good enough. Thus there will be more solicitations in the days ahead.

Salvation Army's welfare services, family assistance program, emergency assistance programs, spiritual services and youth and character building programs, the more we are going to make Seminole County a better place to live.

Flying Too Low

A proposal by the Civil Aeronautics Board that financial assistance be given American aerospace industries that would manufacture the next generations of jet transports emphasizes the growing concern for our leadership in world aviation.

Big Ben Strike?

Reports from London said that Big Ben failed to strike Monday. That's the only thing in London that hasn't struck recently. — Atlanta (Ga.) Constitution

Don Oakley Says: Progress To Be Postponed?

By DON OAKLEY An interesting interchange took place between a lawmaker and a scientist during a recent meeting of the Joint Committee on Atomic Energy.

Domestic Commentary

Nationalization Of Rails Looms

By RAY CROMLEY WASHINGTON (NEA) — It is altogether possible the nation's railroads will be nationalized within the next half-dozen years.

Political Notebook

Pollution To Get Worse, Cure Also

By BRUCE BLOSSAT WASHINGTON (NEA) — The threat of pollution to this and other industrial societies is getting worse. Yet only a few notes of hard realism are being struck in the fight against it.

Hal Boyle Says: Belly Laughs And Love Songs

By HAL BOYLE NEW YORK (AP) — "Things that make life worth living. New belly laughs and old love songs." A cheering letter from home when rations are short, the top sergeant is in a bad mood, and the country you're in is far away and has a bad climate.

Berry's World

modern society will accept mounting joblessness and poverty as the price of freedom from the suffocations of pollution. That's not all of it, either. Real action against pollutants also requires enormous applications of imaginative technology.

Berry's World

level at least as high as the technology whose misuse it is "designed to correct." There can be no making of things, even anti-pollution devices, without use of energy. So the whole drive for a cleaner environment compels great energy output.

Letters to the Editor

Financial Assistance For Spaying Offered

Editor, Herald: I would like to offer a practical and humane solution to help reduce the great surplus of homeless, suffering animals.

You're Welcome

The Public Relations Club here at our school would like to thank you for putting so many of our pictures in your paper.

'Ideal City'

Editor, Herald: We thought you would be interested in this tribute to Sanford hospitality and it is worth repeating.

Likes Her Job

Editor, Herald: Oh, my poor next door neighbor, she just doesn't have enough clothes to go to work but not me—my uniforms are paid for.

Four Commie Tanks Destroyed By Jets

By RICHARD PYLE Associated Press Writer SAIGON (AP) — South Vietnamese fighter-bombers knocked out four North Vietnamese tanks today and Tuesday along the western side of the central highlands, military spokesmen reported.

Askew To Talk Before Jaycees

The Jaycee banquet of the year will be held at the Sanford Civic Center Jan. 28 at 8 p.m. This all-county Jaycee function is being sponsored by the Oviedo, South-Seminole and Sanford Seminole Jaycees jointly.

'Not Long-Sought Key To Peace'

Political Foes Reject Program

WASHINGTON (AP) — President Nixon's political rivals and foes are rejecting the idea his newly disclosed peace plan is the long sought key to the complex puzzle of the Vietnam war.

whether the North Vietnamese will accept them. Sen. Edward Brooke, a Massachusetts Republican who has differed with the President at times on foreign and military policy, said, however, he has no doubt the Nixon plan is a "generous offer to break the deadlock" and a "major step in the right direction."

War Is In Forefront As Top Political Issue

By WALTER R. MEARS Political Writer WASHINGTON (AP) — President Nixon appears to have taken control of the war issue with his disclosure that the administration has long been pursuing a peace formula almost identical to that of his chief Democratic critics.

He said he has offered a six-month withdrawal timetable similar to one the administration vigorously opposed in Congress. The disclosures cast Nixon, already a candidate for reelection, as the man who was there first, and demonstrated again the power of a president to shape the issues and the course of a campaign.

who needs classified advertising?

YOU DO IF... If you're a clever housewife dedicated to the proposition of very big savings for your family for less. If you're a retiree who wants to enjoy life to the hilt while on a fixed income. If you're a young couple seeking a place to live and furnishings for your first home together.

# Senior, Junior Women Combine For Fine Arts Festival

MRS. PEGGY McELVEY, a first place arts-craft winner, created many delicate items from metal. An urn and picture, using Florida materials, won her blue ribbons.

MRS. CORALIE CAIN, one of the first place winners in the arts-craft exhibition, poses with an exquisite original crewel breadspread she created.

SENIOR AND JUNIOR Women's Clubs of Sanford combined for a luncheon, fashion show and arts-crafts exhibition under the auspices of Fine Arts Department at the club house on Oak Avenue. Senior chairman was Mrs. Kenneth Copeland and Junior chairman, Mrs. Darwin Booth. Modeling fashions they made and winning ribbons were, from left, Carol Kirchhoff, second place Juniors; Eve Crabtree, first place Juniors; Joan Kelley, first place Seniors; and Wanda Copeland, second place Seniors.

## Butterworth-Cammack Nuptials Spoken

Mary A. Butterworth, 2007 South Clara Ave., DeLand, became the bride of Elbert Cammack, Tallahassee, Jan. 22, 1972, at 5 p. m. Rev. O. V. Hitchcock officiated at the double ring ceremony in College Park Methodist Church, Orlando.

The couple left for a wedding trip to Savannah, Ga., and after Feb. 1 will be at home at Rolling Hills Apt. No. 211, 280 John Knox Rd., Tallahassee, 32303. The groom, co-owner and former manager of Fairglade Service Dairy in Geneva is presently associated with the Department of Agriculture and Consumer Services and is supervisor of Dairy Farm Inspection. The bride was formerly employed as bookkeeper and office manager of Mattingly, Kupiszewski and McGuire, DeLand.

## Legs Are In Again

PARIS (AP) — The Lanvin fashion season began in French salons today, and one thing seemed clear: women will soon be showing legs again.

TWO MEMBERS of the newly formed Winter Springs Garden Club Janet Karnes (left) and Madeline Faubert admire arrangement of dry materials being created by Helen Williams. The new club meets the third Wednesday of each month. (Ann Riley Photo)

## Geneva Gems

By LIZ MATHIEUX  
People think I just wish that you could see the magnificent old clock and bed-warmer which was given to Cathie and Jim Stowell by Jim's late aunt, Mrs. Ethel Leighton. They are truly treasured possessions.

By ALISON LERRICK  
PARIS (AP) — The Lanvin lady may choose not to be heard, but she certainly will be seen.

By ALISON LERRICK

# Bowling 'em Over

### Late Toyota

Last week signaled the end of the first half of the season in the Late Toyota league and it also seemed to signal all contenders to tighten the league standings. For that is just what happened. At the last look there were three teams, the Sedans, B-Sers and Celicas tied for first place. Two more were tied for second, three shared third place and two more were deadlocked for fourth place. And even the fifth and six place entries were well within striking distance.

With half of their task force missing the Celicas nevertheless went ahead and captured the Sedans in three of their four points last week. Tom Callia was one of the Celicas present and his 180, 200-220 was felt. Ed Adams fired a 190 in the third game of the night to help prevent a sweep. The B-Sers missed their shot at climbing into first when they split with the Sports Kings.

Moving up into a share of second place were the E's & J who took three from the Tankers behind the 184, 213-264 of Johnny Jaco. Also winning third last week were the Bump Beeps led by Leon Arthur's 180, 218-239 and Connie Tallifero 187.

### Seminole Printers

Phil Varner had the high single game effort in the league last week with her 202 and she was aided by teammate Frankie Kaiser's 169, 190 but the Typewriters could do no better than a 1-2-3 match with the Officers. High for the Officers were Frances Wood 158, 155 and Kaye Williams 159.

### Hi Nooners

Stenstrom Really enjoys a game and a half lead over Crawford Electric after taking four from Lum's of Winter Park last week. Margaret Price 181 led the leaders while Millie Rogers 167 was high for Lum's.

### Seminole Memorial

It could be all over in the race for first place in this league as the Summers increased their lead to 11 full games by taking four from the Tallenders. Emily Griffith 191, Bill Griffith 198 and Ken Truitt 147 led the leaders.

### Generation Gap

Three wins over Millie Barber 89 propelled Able-Red into all back into first place in the Generation Gap loop. Aiding the move by Able's were three wins by Florida Convoy Blue in their match with Stogentons Chemicals. Annelle Wallstedt's 168-195 led the Blue keepers. Tops for the Chemical team was Joan Nordquist 157-182-182.

### DAV Bantams

Kelly's Heroes leaped to the front in the Disabled American Veterans sponsored Bantam's Bowling League to the effort of Jerry Kaiser 186, 203 and Darrel Tale 104.

### Shooting Stars

The big showdown last week failed to produce any change in the standings as State Farm and Broson Egg Farm split in their four games. The result left State Farm with its half game lead over the Broson team.

## Tribe Falls To 13-6 On Season

# Seminoles Upset By Blue Darters '5'

By GARY TAYLOR  
Herald Sports Editor

Apoka only scored two-thirds as many points as the Fighting Seminoles in last night's opening period. But that didn't give the Seminoles much of a margin as they led only 2-2. Apoka went on to win the game 45-40.

The Blue Darters came out in a stall and held the scoring down especially in the first half. The first quarter was more than half over before the Seminoles took advantage of an Apoka double dribble and went ahead 2-0. With 1:36 left Ricky Grant hit on one of two free throws to make it 3-0 but Sam Thornton hit on a bucket with 54 seconds left to pull the host Blue Darters to within one, 3-2. That's the way the first period ended.

Apoka continued their freeze tactics. The Darters scored the last three points of the half to carry a 12-10 lead into the dressing room.

The Seminoles fought back in the early minutes of the third frame and tied the game at 14-14. But Apoka jumped squared back in front and the Seminoles could never get on the heavy side of the scoreboard.

The Tribe came within one point at the end of the third period, 27-25, as Ricky Smith took a desperation shot on the buzzer from halfcourt and it swished the net.

Apoka scored the first nine points of the final period and the Seminoles didn't score until the period was more than half over. With 56 seconds left on the clock to Tribe pulled to within one, 39-33 but could never manage to take the lead.

lost, at the charity stripe as both teams had 14 field goals.

While Apoka hit on 14 of 29 shots from the floor, the Seminoles only connected on 14 of 49 attempts. The Tribe did out rebound the Darters 24-14, with Clifford Martin pulling down 10 to pace the local squad.

Ricky Grant was the high-point man for the Seminoles and shared game scoring honors with three Apoka players. Grant, Sam Thornton, Leamon Hall and Alton Hupley had 10 points each.

Martin had nine points for the Seminoles, eight below his average. Greg Mitchell scored eight as they all came in the final frame. The Seminoles are now 13-6 on the season as they have dropped their last two games.

This'll try to get back in the winning column this Saturday in Titusville at 6:30 p. m. Saturday night when they journey to pace the local squad.

TWO OF THE area's finest basketball coaches are shown during recent games at the Seminole High gym. Head photographer Don Vincent caught Seminole Junior College coach Joe Sterling flinging his boys to settle down and hold their lead (left photo) and also snapped the above picture of Seminole High head mentor Joe Mills passing out instructions to his squad. These two coaches have brought winning basketball to Sanford and Seminole County.

With the Tribe coming within one point at the end of the third period, 27-25, as Ricky Smith took a desperation shot on the buzzer from halfcourt and it swished the net.

Apoka scored the first nine points of the final period and the Seminoles didn't score until the period was more than half over.

## Crucial Division II Tilt

# Raiders Host Central Florida Five

The Seminoles Junior College Raiders are currently 5-0 in Division II basketball but must play all their action tonight when they host Central Florida Junior College.

The Raiders extended their winning streak to 16 games and are currently boasting the best junior college record in the state at 17-1. Their biggest win of the season came last Saturday night when they defeated Jacksonville University 71-57.

The Raiders will have a tough game this Friday night when they play a return match with the Jacksonville University squad. That game is set for 8 p. m. at Swisher gym on the JU campus.

The Raiders downed Florida Southern Junior varsity squad 101-75 Monday night, marking the 13th time this season they have passed 100 in the scoring column. The Raiders are averaging 108 points per game.

Willie Paulk is pacing the team in the scoring column. He hit for 28 Monday night, all on field goals, and is averaging 24 points per game for the local quint.

Larry Kearse, who pulled down 21 rebounds in Monday night's play, is leading the team in that category. He has pulled down 302 rebounds in 18 games. Bob Harce is second in both departments, despite missing two complete games and the biggest part of two other games. He is averaging 13.5 points per game and has grabbed over 200 rebounds.

In addition to their 16 game winning streak and perfect 5-0 division state, the Raiders will also be putting a 41-game home court winning streak on the line tonight. The Raiders will be looking to make their 44 in a row tonight.

Central Florida surprised many JUc followers last week when they upset the talented Lake City Timberwolves 61-53 on the season.

Bill Corso, a Seminole High graduate, has been doing a fine job for the Raiders in recent games. Though he is averaging only eight points per game on the season, he has been hitting at a 12.3 points per game clip since coming back off the holidays.

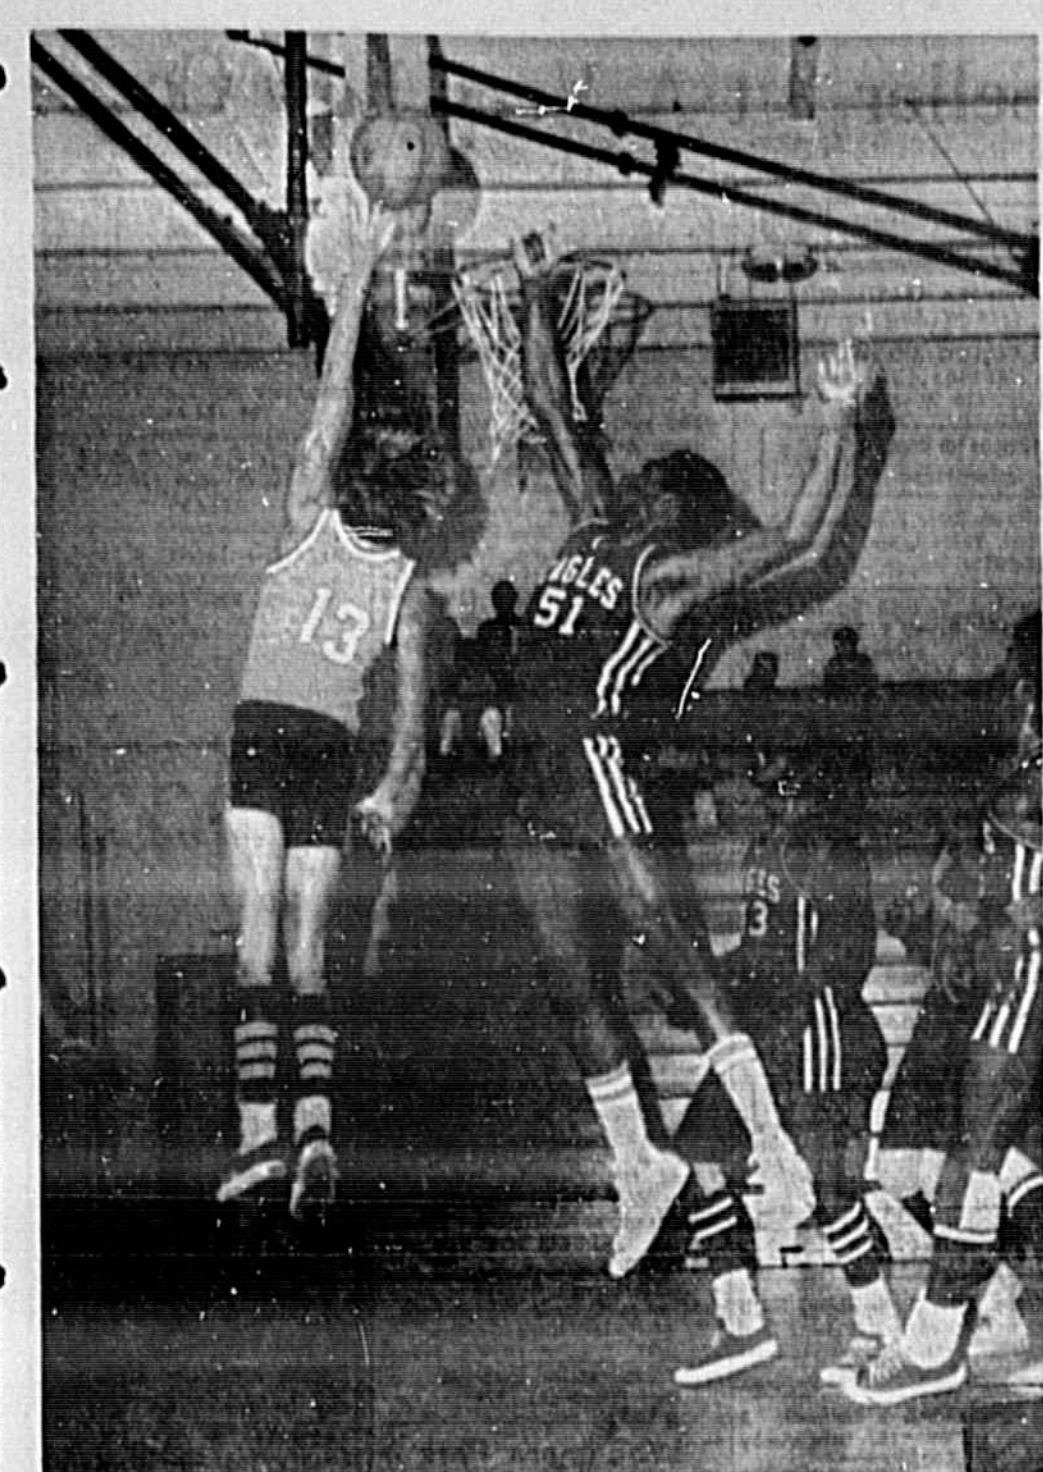

The Raiders are in Jacksonville Friday and then came back home Feb. 2 for a tilt with St. Leo's freshmen before and the biggest part of two other games. He is averaging 13.5 points per game and has grabbed over 200 rebounds.

The Raiders open the season in Sarasota this Saturday and Sunday against the Kansas City Royals Academy. (Don Vincent Photo)

The Raiders will be looking to make their 44 in a row tonight.

Central Florida surprised many JUc followers last week when they upset the talented Lake City Timberwolves 61-53 on the season.

The Raiders will be looking to make their 44 in a row tonight.

BEATING FLYING EAGLE to the basket is Lyman's Jim Ellis (13) as he lays in two points during last night's stunning 68-66 upset by the Hounds. Trying in vain to block the shot of Ellis is Edgewater's Joe McFarland (51).

## Tech Hosts Hawthorne At Lake Highland Gym

Florida tonight will assure the Victoria Technological Knights of North Georgia in a one point verdict, 67-66. Saturday the Godd and Black fell victim to Georgia College by a 73-60 count.

The Knights regrouped their forces on Monday night of this week and came up with a 90-80 triumph over Greenboro College. Prior to that win over Greenboro the Knights were in danger of suffering their first three game losing streak in the school's history. But it never came about as Mike Clark ripped for 27 points and was aided by the efforts of Eddie Smith (15), Eddie Flutie (14) and Zetlie McCrimmon (10).

## Metro's Biggest Upset

# Lyman Hounds Defeat Edgewater

By HERKY CUSH  
Herald Sports Writer

Wall the Lyman Greyhounds have gone and done it. They pulled off one of the biggest upsets of the season as predicted at the outset of the present campaign.

That upset came last night in the Lyman gym as Bill Moore's Hounds stunned Metro Conference contender, Edgewater 68-66 in a wild and wooly battle.

ed praise upon his crew not so much for the victory but the fact that the same Edgewater team had greatly mangled his Hounds in their previous meeting.

"We really came out at the start with the idea we would play with them," said Moore. "With the exception of the second period when we were them the boards it was really an excellent performance."

And indeed the Hounds came out loaded for Bear (or was it Eagle?). In the first four minutes the visiting Eagles managed two baskets. They were completely shut off from the floor in the last four minutes as the Hounds dominated the action.

## OBC Leading Lion '5' Upend 'Devils,' 59-42

By LARRY NEELY  
Herald Sports Writer

When Lakeview came out of its shell last Saturday night it broke the back of the Red Devils. Last night the Orlando Lions registered a 59-42 win over the Red Devils for OBC's sixth straight Orange Belt Conference victory without a loss. Overall the Lion quints stands at 10-5 on the season.

David Tossie came up with a season low in scoring, collecting only 19 points for the Lions. Tossie was the leading rebounder of the contest pulling down a dozen with Rick Holloway netting nine rebounds and lead the OBCo scorers with 11 points. Alan Daniel collected 10 points for the Lions while playing only a little more than two full quarters.

With their winning streak now standing at four consecutive games and six straight conference wins, the Lions will lay off of their OBCo contenders for about two weeks. Ovielo will be in Orlando this coming Saturday night for a return match with the Bishop Moore Hornets. The Hornets beat the Lions by four points on the Ovielo floor two weeks ago. Since that time the Lions have gone undefeated.

The Lions will continue on the road against Haines City and Leesburg before returning home to host Eau Gallie. Then the Lions will be involved in OBC battles with Apoka, Kissimmee, Ocoee and New Smyrna Beach to be followed by the three day OBCo tourney commencing February 17.

Dale Phillips' junior varsity squad won their second JV basketball game in a row by upending the Lakeview junior squad 60-41. It was the Ovielo JV quints' eighth win of the season against only five losses.

## Oakley Defends Title

# 150 Enter Mayfair Open

A strong, impressive field of 150 golfers promises to make the 1972 Mayfair Open Golf Tournament one of the best ever. Regular action in the 10,000 event begins tomorrow at the Mayfair Golf and Country Club.

Kicking off the tourney today is the pro-am and pro-pro competition. The "money" action is scheduled for Thursday and Friday afternoons with 18 holes slated both days.

Defending champion David Oakley of Virginia is on hand to defend the title he won last year in a playoff with tournament veteran J. C. Goosle.

## Garcia, Smith Spark Middies' 63-59 Win

Bill Klein's Sanford Naval Academy's floor crew pushed its record to 7-3 on the year with somewhat of an upset victory over Florida Central Academy, 63-59 in front of the home folks last night.

Avoncing a 35-28 setback in their season opener the Middies stormed from the gate quickly and assuming a 15-11 lead at the end of the first period. The visitors rallied to knot the score at the intermission.

With Bob Garcia and Walter Smith leading the way the 15-14 in each of the last two periods. Garcia enjoyed his best game of the season, scoring five, as he ripped for 19 points on seven field goals and five of nine from the charity line. Smith, who did not play in the first game with Florida Central, made his presence known as he canned 17 points on six double-doubles and a fourth of seven from the line.

## Saints Post 7th Win In Overtime Contest

Not reading the script of what a first year team is expected to do the Trinity Prep Saints continued their winning ways last night, downing Montverde, 59-55 in overtime at Milwee gym.

Field goals by Bobby Fiequette and Doug Dyson along with two free throws by Jerry Fadem powered the Saints with their overtime scoring.

The charges of George Austin started to an early 28-17 lead but were caught at the end of regulation time on a hoop by Bob Clark of Montverde.

# Mt. Sinai Installs Minister

By MARVA HAWKINS  
322-5418

Installation services for Rev. Leo Myers were held Sunday at Mt. Sinai MB Church, New Bethel MB Church and Rev. Mr. T. D. Frazier were in charge of the services. Choir No. 2 of New Bethel sang for the devotion. "At A Time Like This It's Gonna Rain" and "Holding On and I Won't Let Go My Faith."

After more selections from the choir, Rev. Frazier came forward to deliver the installation sermon. "He was departed from them and carried up to heaven."

"Take it from here. As a pastor, leader, minister, one must ask for the guidance of the Holy Spirit, for without the Lord a man of God cannot minister or pastor God's people."

The service continued with the services being in honor of the new pastor of Mt. Sinai MB Church.

The pastor, officers and members wish to thank all of their friends and other churches for helping to make the pastor, Rev. Myers, happy in his new leadership of his new flock.

REV. LEO MYERS, pictured with Mrs. Myers, was installed as pastor of Mt. Sinai MB Church, last Sunday. (Marva Hawkins Photo)

The New Mt. Calvary Baptist Church honors Rev. Joseph Smith by celebrating his first anniversary Jan. 26-30.

Activities honoring Rev. Smith will begin at 7:30 this evening with St. John Baptist Church, Rev. R. T. Williams and congregation's Thursday, Allen Chapel AME Church, Rev. J. E. Connelly and congregation; Friday, Clearwater Baptist Church, Rev. G. W. Clark and congregation, and New Bethel Baptist Church, Rev. T. D. Frazier and congregation. All night services will begin at 7:30 p. m.

The first anniversary sermon will be preached by Rev. Henry James, pastor of Mt. Ararat Baptist Church and congregation Sunday at 3 p. m. Rev. James is from Leesburg.

CARNIVAL for the benefit of Good Samaritan Home will be sponsored by the Just Us Club on the home grounds Feb. 5. Mary Smith, Christine Lee, Michael Jones and Kevin Holoway are pictured with a train which will tour the city. (Marva Hawkins Photo)

Rev. Smith has been an inspiration to our community for the past year. We hope not only the members of New Mt. Calvary will show their appreciation for having Rev. Smith for one year, but we hope Sanford and Seminole County will show this man of God that he is loved by this community and we invited the youth to come and show their appreciation to Rev. Smith for his untiring service in helping our youth of this community. Shall we see you Sunday at 3 p. m. at New Mt. Calvary Baptist Church.

## For Low Income Food Aid Grows

TALLAHASSEE, Fla. (AP)—Low income persons throughout Florida should be able to stretch their dollars further with government food stamps beginning in March.

The Division of Family Services intends to expand the program, which until now has operated in only 20 counties, to the remaining 47 counties during that month.

Fifty-two new stamp-buying offices are to be opened throughout the state, including such populous counties as Duval, Hillsborough, Broward, Pinellas, Palm Beach, Polk, Sarasota and Escambia.

The State Cabinet Tuesday authorized the agency to hire 455 new employees to implement the program. The state legislature last year set aside \$1.2 million for the program.

An eligible person of low income will be able to buy stamps at reduced prices according to a sliding scale, in a Family Services office and trade them in for food at the grocery store.

A family of four with a monthly income of \$150 can purchase a maximum of \$108 worth of food stamps for only \$41.

A family of four with a monthly income of \$150 can purchase a maximum of \$108 worth of food stamps for only \$41.

The U.S. Department of Agriculture picks up the difference. Family Services predicts that 254,400 Florida households will be receiving food stamps by June 1973, with 98,234 of these also receiving public assistance monies.

New counties covered by expansion of the program are Gadsden, Monroe, Bradford, Hardee, Union, Broward, Washington, Okaloosa, Calhoun, Franklin, Liberty, Jackson, Oklawaha, Lee, Sumter, Pinellas, Baker, Clay, Madison, Hamilton, Lafayette, Suwannee, Bay, Gulf, Jefferson, Taylor, Leon, Wakulla, Palm Beach, Duval, St. Lucie, Volusia, Brevard, Hernando, Pasco, Lake, Polk, Highlands, Sarasota, Manatee, Dixie, Gilchrist, Levy, Hillsborough, Santa Rosa and Escambia.

## Apollo 16 Troubled; Launch Faces Delay

By HOWARD BENEDICT  
AP Aerospace Writer  
CAPE KENNEDY, Fla. (AP)—The problem-prone Apollo 16 moon mission is threatened with a second one-month postponement because of a leak in a spaceship fuel system.

The space agency said the mooncraft and its Saturn rocket will be transferred from the launch pad to an assembly building for repairs. An official said it is hoped the work can be done in time to meet the planned April 16 launch date, but no decision will be made for a day or two.

The 3.5-mile trip to the assembly building on the back of a large tracked transporter will be made Thursday.

If there is a delay it will be until the next favorable launch time, a three-day period starting May 14. The moon moves into position as a target for only two or three days, once each month.

Earlier this month the launch was delayed from its original March 17 date because of troubles with a spacecraft separation mechanism, the moonwalk suits and batteries in the lunar landing craft. That was the first time that an Apollo moon mission had to be postponed because of technical difficulties.

Adding to the problems that have plagued the flight, one of the Apollo 16 astronauts, Charles M. Duke Jr., was hospitalized eight days the first part of January with bacterial pneumonia, upsetting his training.

Duke and Apollo 16 Commander John W. Young are slated to become the 9th and 10th Americans to walk on the moon, exploring the central highlands near a crater named Descartes. The third member of the expedition is Thomas K. Mattingly, who will orbit the moon.

NASA said the trouble was caused by faulty ground support equipment and was not the result of human error.

# POW Kin Unimpressed, By The Nixon Proposal

By BILL GARVEY  
Associated Press Writer

Families of Florida servicemen being held captive in North Vietnam's prisons found little hope in President Nixon's peace proposal Tuesday, with one woman calling the address "a lot of rhetoric."

Mrs. Gerald A. Gartley of Dunedin said Nixon's plea for the release of American POWs was contingent upon the North Vietnamese acceptance of a many faceted plan. She said the President never pledged to simply "withdraw all American forces in turn for the release of all U. S. prisoners."

"Just what he puts ahead of

the POWs has always been my question," she said. Now, Mrs. Gartley believes that for Nixon, "the (South Vietnamese) President Thieu government and his own presidency" come first.

Mrs. Gartley, whose son, Navy Lt. Mark Gartley, was shot down over North Vietnam in August, 1968, said Nixon would not have her support "until he produces... when he ends the war by negotiation and the prisoners are home."

The woman criticized the President for trying to "negotiate on national television."

"There's no reason to negotiate with the American people. We negotiate at the Paris peace table," she said.

to learn of the secret peace negotiations and earlier American proposals to end the war, but said "with President Nixon, nothing surprises me. I just refuse to be surprised by him any more."

"I just hope he will surprise us in a few months and my husband will be on our doorstep," she said.

Mrs. Ralph Gatter Sr. of Miami said her family was "very hopeful the plan will work. We have been hopeful so many times and nothing happened... In our position we can only pray."

Navy Lt. Cmdr. Ralph Gatter Jr. has been a prisoner since 1965.

John Heilig of Miami, is the father of Navy Lt. Cmdr. John Heilig who was shot down over North Vietnam in May, 1968.

## Jackson Joins Line: Woos Askew As Mate

By THE ASSOCIATED PRESS

A presidential candidate who can get close to Gov. Reubin Askew during the Florida primary "is pretty wise and shrewd," says Sen. Henry Jackson, D-Wash.

Jackson, one of 18 Democratic entrants in the primary, didn't go so far as to say a close relationship with the governor is the key to victory, but he told a special WJXT television panel in Jacksonville Tuesday night that he would not find it difficult to accept Askew as a running mate.

"I've never discussed it with him, and I've not gone around on my own initiative and commented on this because I don't think that would be fair to the governor," Jackson said.

He described Askew as "extremely competent, an able administrator who is courageous and has great integrity."

Despite plaudits from virtually every Democratic presidential candidate campaigning in Florida, Askew has repeatedly disclaimed interest in a vice presidential bid and refused to endorse any one candidate.

Jackson said President Nixon's eight-point peace offer to the North Vietnamese "is close to what I've been emphasizing.

I've been calling for a cease fire to stop all the killing in South-east Asia."

"By making his proposals public, the President has laid a useful foundation for his visit to China," Jackson said. "I hope he will make every effort to get Peking to use its good offices in getting the release of our prisoners and a standstill cease fire."

Jackson continued to attack Alabama Gov. George Wallace's candidacy in the Democratic primaries, an emphasis the westerner began earlier while campaigning in Tennessee.

"I've been taking Gov. Wallace on," Jackson said. "He's the No. 1 problem to the Democratic party — not just in Florida. I think it is clear Wallace is out to make a shambles out of the Democratic Party."

On a four-day swing through the state, Jackson will appear on several college campuses, beginning with the University of Florida today.

Later in the week he will visit racially troubled Marianna High School in addition to stops in Pensacola, DeFuniak Springs, Tallahassee and Daytona Beach.

## Education Planning Gets OK

By JOHN VAN GIESON  
Associated Press Writer

TALLAHASSEE, Fla. (AP)—Legislators have given a clear go ahead signal to Gov. Reubin Askew's education reorganization plan—even in the face of a last minute protest by Education Commissioner Floyd Christian.

And the House Education Committee was to complete its work on education restructuring today by voting on a bill to abolish the Board of Regents.

Most backers of the governor's plan were surprised Tuesday by the resounding 18-2 vote for the proposed constitutional amendment making the education commissioner and State Board of Education appointive.

### West German Army Relaxes Dress Code

By STUART GOLDSCHEN  
Copley News Service  
MUNICH — "What's important to me is what is in the head, not what's on it."  
With those words, West Germany's Defense Minister Helmut Schmidt has established a liberal tone for the country's 476,000-man combined armed forces and formally unleashed the "German Hair Force."  
Mr. Schmidt's support for long-haired and bearded soldiers is a recognition of the growing trend in the German military for more personal freedom. It is not uncommon here these days to see young uniformed soldiers on the street wearing beards and sporting hair spilling over their collars. When out of uniform, they blend naturally into a crowd of stylish civilian youths.  
The liberal look in soldiers' hair has not been a sudden phenomenon, rather a slow process generally following the civilian style pattern. Its formal recognition and acceptance, however, were documented only last year in the "Armed Forces

## Demo Party Rules Topic Of Meet Thursday

By JANE CASSELLBERRY

The new party rules governing selection of delegates to the Democratic national convention in July in Miami Beach will be discussed at a public meeting at 8 p.m. Thursday at Casselberry City Hall.

The meeting will be conducted by the county coordinating committee consisting of County

Chairman John Kader, State Committeeman A. B. Peterson Jr. and State Committeewoman Missouri Belle Swafford.

The procedure to follow in becoming a delegate from the Fourth Congressional District will be outlined. There will be five delegates and five alternates elected for each Democratic candidate from this district.

In endeavoring to become more democratic... with a small "d"... the Democratic Party has established a new process for selecting delegates to the convention by which every registered Democrat will have a chance to seek a delegate position.  
Any one interested must qualify as a candidate for delegate between Feb. 1 and Feb.

17 and seek election for the presidential candidate he supports at a caucus Feb. 26 in Daytona Beach.

Any registered Democrat may attend the caucus of the presidential candidate he supports and may vote in the selection of delegate slates but only those who have qualified as candidates for delegate are eligible for election. Delegates support-

ing the winner of the March primary in this district automatically will be seated at the national convention.

In addition, 20 at-large delegates will be pledged at the convention to the statewide winner.

### Improving Economy Indicated

Copley News Service

The government's composite index of leading economic indicators, which often foreshadows major trends in business, has scored three consecutive monthly increases. Latest figures show the strongest gains were in new factory orders for durable goods and in the average workweek for manufacturing employees. Taking note of this strengthening and other factors, the Spear Market Report states: "The improving economic background continues to justify a constructive investment approach." It seems likely in such an atmosphere that more machine-tool expenditures are being cranked into 1972 capital budgets. Spear likes Cincinnati Milacron in this field.

If Lincoln First Bank reports a decline of about 18 per cent in earnings for 1971, as seems likely, it would interrupt an earnings upturn during which the holding company's net income grew at a compound annual rate of over 18 per cent for five years. Merrill Lynch, Pierce, Fenner & Smith feels near-term prospects may be limited but considers Lincoln to be "a worthwhile, quality holding" for the longer term at around 18 times earnings.

Although Ryder System sells for about 25 times estimated 1972 earnings, E. F. Hutton & Co. researchers expect the trucker to record annual earnings growth of about 20 per cent over the next several years. Ryder plans to diversify into the diner-gas station business.

Consumer confidence, according to a study completed by Sandler & Co., has moved to its highest level in nearly two years. In July and August of the year just ended, the consumer index was around its low for recent years, Sandler charts show. Investors are informed that the stock market's general trend seems to be upward but they are wary at the same time that if it moves up too fast "there could be trouble."  
The implication here is something more than an ordinary adjustment the market might be expected to make.

SEMINOLE COUNTY'S NEW COURTHOUSE AND HOLIDAY ISLE REPRESENT AN INVESTMENT OF \$6 MILLION... IN THE HEART OF SANFORD.

### Computer Friend Or Foe?

By PAUL CORCORAN  
Copley News Service

Can an individual communicate with a computer?

As of now, the answer — with a few superficial technological exceptions — is no.  
But for the maddened millions of persons who receive bills they do not understand and who can get no human responses from a machine, there has to be an answer, somewhere, sometime.

The computers of the 1970s — through the electronic art — may be in its infancy already provide instant information for businesses, schools, government and the military. But the industry itself concedes the public fears that computers may be used in the future to destroy individual freedom.

To Dr. Marion Wood, an assistant professor of business communications at the University of Southern California and a psychologist, the absence of communication with computers is more than theoretical. She has had two experiences which illustrate the kind of problem to which the average person easily can relate.

"I received a computerized billing for the third time for a magazine subscription for which I paid," Dr. Wood said. "I tore it up and sent it back to the magazine."  
"Later, I received the bill — pasted together — with a notice that I had ignored the billing." Then there is the case of the inflatable boat.  
"We bought the boat, and after we got it, we had three questions about valves and other things," she said with emphasis. "So we sent a letter asking for instructions. Instead, we received a computerized reply that we return the boat and that it would be replaced."

### Short Life Seen For Controls

By CARL W. RITTER  
Copley News Service

An educator who is peculiarly well qualified to weigh this nation's business past against its probable business future is 40-year-old Dr. Stephen Salsbury, professor of economic history at University of Delaware.

His doctorate came in history at Harvard University and he has taught both history and economics as well as economic research of American business developments over the years, during which time he kept current, as classroom duties demanded, Salsbury expresses some qualms about where we go from here. He's uneasy, for example, about the Phase II wage and price controls.  
"Pressure to break the (wage-price) guidelines is almost unstoppable. I can't see how they can last long."

He said the best that can be said for controls is that they might work "psychologically" for a brief time.

"We are going to have to live with a certain amount of inflation," Salsbury continued. "It would be very surprising if inflation ever falls below 3% or 4 percent a year."  
"It is absolutely certain that our full employment, government deficit spending becomes a way of life."

Salsbury is not too concerned that the U. S. dollar would suffer unduly in world money markets from continuing budget imbalances. He would like to see it permitted to float against other leading world currencies in the wake of its recent official devaluation relative to gold.

"The question was what to do with it. A festival, maybe? The people of Cordova had no time to entertain visitors in the summer because they were too busy with their commercial fishing. In the spring they were too busy getting ready to start fishing. And in the fall they were too tired from their fishing to stage a festival."  
So, that left the winter. And since the iceworm had been hung about their collective necks, Cordovans agreed that the best might be a good theme to build a winter wedding around. With a few out-dated Hula Hops and a lot of cloth, they built an iceworm, adorned with a huge head and a special tail.

### Needle Loosens Stiff Neck

By DUMITRU DANIELOPOL  
Copley News Service

WASHINGTON — I'm one of those fellows who considers air conditioning the basic American kind. Five minutes near a vent or blower and I ache for days, my sinuses damp up and I weep like a lonesome bride.

I had tried everything — heat, massage, analgesics to relieve my neck pain. Nothing helped. Then after a particularly uncomfortable flight to London, my neck rigid. I decided to see a Harley Street physician friend. He is a Romanian-born doctor, whom I consulted during my wartime years in England.

"Let's try acupuncture," he said, and I was introduced to the "pneumonic" medical treatment that has been practiced for thousands of years in China. Frowned on in the United States, it has been experimented with in several European countries.

American interest has been aroused by the acupuncture treatment given to James Reston of the New York Times when he had his appendectomy in Red China. Now it has become a controversial subject in medical meetings, with many U. S. doctors calling it "rubbish."

The London doctor went all over my neck and shoulders with an electronic instrument which indicated points of tension. He marked each with a drop of ink. He then injected a subcutaneous injection of Novocain. A mild anesthetic. After a few minutes, he followed with a deep anesthetic injection.

The pain was excruciating. I howled my head off, but it quickly wore off.

Then came the long platinum needles which he inserted in the troubled area.

### Taxpayers Ask IRS These Questions

This column of questions and answers on Federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers. Q) What is the personal exemption for 1971? A) The Revenue Act of 1971 increased the allowance for personal exemption to \$475 for the 1971 tax year. Q) My son earned more than \$675 from a summer job last year. Can I still claim him as a dependent? A) If your son is a full-time student regardless of age for some part of each of any five months of 1971 or was less than 19 years old at the end of the year, you can claim him as a dependent regardless of how much money he made, provided you meet all the other dependent requirements, including furnishing over one-half of your son's total support. Q) I received a refund on my 1970 state income tax in 1971. Do I have to report this as income on my 1971 Federal income tax return? A) You must include in income for the year of receipt that part of the refund that gave you a tax benefit in the earlier year. For example, if you took a deduction for state income taxes on your 1970 Federal return, the refund is not to be included on your 1971 Federal return. Q) Are all medical expenses deductible? A) No. Except for medical insurance premiums, only those unreimbursed medical expenses you paid that exceed three percent of your adjusted gross income are deductible. In addition, medical expenses are deductible only if you itemize deductions on your Federal income tax return. Q) Will the IRS still figure my tax for me? A) If your adjusted gross income is \$20,000 or less and consists only of wages or salaries and tips, dividends, interest, pensions and annuities, the IRS will be glad to compute your tax at your request. However, you must take the standard deduction instead of itemizing your deductions. Fill in certain lines, and file your return by April 15, to have the IRS do the figuring for you. Be sure to read the instructions that come with the Form 1040 as to the lines that have to be completed. Q) When will I get my W-2 form from my employer? I can't file my income tax return without it. A) Employers are required to furnish their employees Wages and Tax Statements, Form W-2, by January 31, 1972.

# Americans About Our Presidents

By SAM STEWART  
Copley News Service

This being a presidential election year, here's a little presidential quiz. And, to spare you looking in the back of the book, the answers:

—Have we ever had a president with the given name of Edmund, Hubert, Vance, Henry, Eugene or Sam? (No, but after the New Hampshire and Florida primaries we may need to re-evaluate their chances.)

—Who was the shortest president? (That would be James Madison, who stretched to 5 feet 4 inches and tipped the scales at 160 pounds.)

—Who was the tallest? (Abraham Lincoln, at 6 feet 4 inches. Then came Thomas Jefferson at 6 feet 2 inches, followed by George Washington, Chester Alan Arthur, Franklin D. Roosevelt and Lyndon Johnson, each 6 feet 2.)

—Who was the heaviest? (No contest. William Howard Taft, who usually weighed in anywhere between 300 and 325 pounds. A special bathtub was installed in the White House for Taft.)

—President Taft inaugurated the tradition of tossing out the first ball to open the big league baseball season. Who won the game? (The Washington Senators, who blanked Connie Mack's Philadelphia Athletics, 3-0 on April 14, 1916, behind the pitching of Walter Johnson.)

—Which president is pictured on the \$100,000 bill? (Just a second while I check my wallet. Oh yes, Woodrow Wilson.)

—When Dwight D. Eisenhower was a soldier in World War I, he was outbraked by another man who was also destined to become president. Who was it? (Harry Truman, who was an artillery captain in France, distinguished himself in the Meuse-Argonne offensive, and was awarded the Distinguished Service Cross.)

# Dividends Seen In Space

Reviewed by FRANK MACOMBER  
Copley News Service

For some years Americans have been asking what the multi-billion-dollar U.S. space program has contributed to human needs on earth. The Federal space agency from time to time has attempted to provide some of the answers, but they have been sporadic and piecemeal.

Now three men whose professional lives have been closely associated with the space program for years have got together to write down the most definite answers yet compiled. Theirs is the first complete roundup of what has been achieved so far in the field of space-related spin-offs benefiting earthlings and what can be expected in the future.

Over the next decade, the authors predict incredible dividends as "spin-offs" can be expected in the fields of medicine and health, in communications and in the monitoring and survey of our land, sea and air resources. In short, they claim, the dividends from space will yield ever-increasing benefits to every segment of society.

Perhaps the most dramatic, these scientists-writers believe, will be in the fields of medicine and public health. Many of the instruments developed for American astronauts already are functioning in the hospital and the doctor's office.

The Atramedic Hospital, developed by a space doctor and used as the official hospital at the New York World's Fair in 1964, and the synthetic patient, built by an aerospace company for use in medical and dental schools, were among the first of these. And because of space research, a variety of techniques and instruments already are available to the heart specialists, the authors point out.

NEW MAN in charge of West Pakistan, with the title Martial Law Administrator, Zulfikar Ali Bhutto takes over from Gen. Mohammed Yahya Khan whose military regime collapsed in the wake of the defeat by India. Bhutto, who argued Pakistan's case at the United Nations, heads the west's dominant political party.

# Best Day Is Sunday In London

LONDON—For both tourists and Londoners, Sunday is the best day of the week. The Saturday afternoon mad-ness of shoppers fighting their way along Oxford Street, past the huge Selfridge department store, and on to the expensive specialty shops along Regent to Piccadilly Circus is over. And so is the Saturday night binge in the Soho district. Theaters and restaurants are closed, along with the shops, and for a few, so is the excitement. At the fashionably new Portman Hotel, which attracts many American businessmen and tourists, a Texas couple finished their drink and were asked by the bartender if they wanted another. "We might as well," replied the Texan. "What else is there to do in London on Sunday?"

# Connery Is James Bond

By GEORGE WALDO  
Copley News Service

LONDON—After a brief one-picture absence, Sean Connery packs his Walther PPK 38 into his shoulder holster for the sixth time as he bounds off on the first of unending games in "Diamonds Are Forever," now breaking box office records around the world.

At 40, Connery had said he was through with James Bond. But now the double chin and mustache are gone and he is as lean and debonair as he was when he delivered that first karate chop in "Dr. No" ten years ago.

"It was the money and their promise that I can make two other pictures on my own that did it," he explains in his persistent Scottish dialect. "And I've got to contribute those university seats I've established for young scholars at the University of Edinburgh."

Born in Edinburgh, the son of a truck driver, Connery's early days as a milkman, cement mixer, steelworker and lifeguard are a far cry from the suave, imperturbable Bond he is now so identified with.

Visiting a friend in London years ago, he was taken into the chorus of "South Pacific" and stayed with the show for 18 months. He spent three years in the royal navy as a gunner on an antiaircraft carrier before, leaving the theater to be his life's work. He did British repertory work, and then one day the London Daily Express elected him the actor most ideal to play the Ian Fleming hero and his film career began.

Scheduled between subsequent Bond film hits like "Goldfinger," "Thunderball" and "You Only Live Twice," there have been starring roles for Connery in such films as "The Hill," "A Fine Madness" and "The Anderson Tapes."

RANGLA DESH spokesman in the United States is M. R. Siddiqui. Based in Washington, he is pressing for early U.S. recognition and international economic aid for the new nation born of the Indian-Pakistani war.

**INSTALLING OFFICER** — Robert A. Voegrele, center, illustrious Potentate of Bahia Temple, officiating as the installing officer for the Deltona Shrine Club is flanked by Allen Johnston, incoming president, and Hilbert Neuhaus, immediate president of the local club. (Dot Drew Photo)

## Man And Medicine Flu Season Is Here Again

By IRWIN J. POLK, M.D.  
Copley News Service

Reports of cases of influenza are coming in from widely separated parts of the country. As usual, most of these are merely cases of viral upper respiratory infection, perhaps a little more severe than usual.

But a few cases of honest-to-goodness influenza have been reported and proved by the needed laboratory tests. So no doubt there will be some flu around this year.

There is some flu around most years. Influenza is a specific respiratory infection caused by a special type of virus. The virus is passed from person to person in droplets of secretions sprayed into the air with sneezing and coughing.

When a particle of influenza virus is breathed into the body, it roots in the mucous membranes of the nose and throat, multiplying there. A period of one to three days, called the incubation period, then passes while the virus multiplies and prepares to attack the entire body.

After that the symptoms begin. Severe headache is usually the first symptom, sometimes followed by pain behind the eyes, or severe pain when the eyes are turned upward or to the side. Next there occur generalized aches and pains in the muscles, particularly leg pain.

Sometimes there is abdominal pain when the muscles of the abdominal wall are involved. Next comes fever, often as high as 103 degrees and sometimes as high as 106 degrees.

With all of this, the face is flushed, the skin hot and dry. Loss of appetite, nausea and constipation may occur. But diarrhea and vomiting are unusual, so "intestinal flu" is usually not true influenza at all.

Cold symptoms sometimes occur, but they are usually not severe. There is some sneezing and runny nose, also not severe. In most cases, a cough develops, which often proves to be the most troublesome symptom. Chest pain which gets worse with the cough is present in about half the patients. But the chest symptoms caused by influenza are only the beginning.

**SHRINERS INSTALL**—The Deltona Shrine Club installed its officers for the current season at its recent Ladies Day Dinner in the Deltona Woman's Club on Normandy Boulevard. Pictured from left, Allen Johnston, newly installed president; Roy Murray, first vice president; Rudolph Wester, second vice president; Earl Langworthy, secretary; and James Nelson, treasurer. (Dot Drew Photo)

## U. S. Forgets He Made Air History

By FRANK MACOMBER  
Military-Aerospace Writer  
Copley News Service

American reading and hearing about the mercurial Howard Hughes are getting only part of the story.

The missing chapters are about an earlier Hughes who courted airplanes with almost the same ardor with which he later squandered beautiful women.

That is the young Howard Hughes, before he became a billionaire enmeshed in a tangled skein of legal troubles which forced him into hiding 15 years ago.

Buried under the controversy over whether Hughes, now 66, may or may not have helped to author an autobiography is the narrative of a young man who helped to write a colorful and significant chapter in American aviation history.

It is the story of Hughes' unique ability to envision the designs and performances of planes not yet built, along with his achievements and near-tragedies in a whole family of aircraft. Yet many have forgotten these episodes in the past.

men over Hughes' decision to come out of the darkness.

How many, for example, recall that years before Hughes began to battle with New York's big business tycoons, he rode triumphantly down lower Broadway as a national hero?

It happened. The 1938 ticker-tape parade took more than two hours and rivaled that accorded Charles Lindbergh 11 years earlier, after his historic flight across the Atlantic.

Hughes and four associates were being honored for making their own aviation history — a round-the-world flight in some 91 hours from July 10 to 13 — from New York to Paris, on to Moscow, over Siberia and a landing in Fairbanks, Alaska, before heading home.

The 14,824-mile journey took three days, 19 hours, 8 minutes and 16 seconds and at the time was a record. Yet Hughes has yet to make the roster of the Aviation Hall of Fame at Dayton, Ohio.

In the same year of 1938 a grateful Congress voted Hughes the Medal of Honor. Typically, Hughes didn't go to Washington

## Students Planning Duplicate Primary

Seminole Junior College will join 36 other Florida colleges in a state wide college student primary on March 7 as a duplicate of the actual state party primary elections on March 14, according to Howard O'Neal, president of the SIC Young Democrats.

State Sen. William Gunter and State Rep. Robert Milburn have introduced legislation in the Florida Legislature urging Gov. Reubin Askew to proclaim March 7 as "Project 7th of March Day" in Florida.

The primary activity is designed to duplicate the March 14 primary process on each university, private and community college campus in the state.

O'Neal pointed out that the primary could make a viable political lobbying force out of the 300,000 college students in Florida.

By permitting only registered voters to participate in the project, student leaders expect to reduce voter apathy on the college campuses and add campus voter registration drives.

## Shirley Offers Different Race To Voters

By JANET STAHR  
Associated Press Writer  
WASHINGTON (AP) — Shirley Anita Chisholm nodded toward the chamber of the House Representatives and said: "They laughed at me seven months ago when I said I might run; but they're not laughing now."

In the House cloakroom, congressmen greeted her. "Hi, Shirley!" The eyes of the first black woman to run for president of the United States flashed as if she had caught a big bully a thing or two.

The Brooklyn-born congresswoman, 47, had returned from a swing through Florida and California to test the political waters. She found them just fine.

"Fantastic, fantastic, fantastic," she described public reception to her plan to announce that she will seek the Democratic presidential nomination.

"I don't give them warmed-over rallies, over-heated clichés or plant nice young women to start the hoopla to make people forget the issues," an interview.

The trim, 100-pound ex-schoolteacher in 1969 became the first black woman in the U.S. Congress, representing Brooklyn's Bedford-Stuyvesant ghetto.

As a freshman she shook up Capitol Hill protocol by challenging the seniority system — she calls it the "senility system" — and refusing to accept an assignment on the Agriculture Committee's forestry subcommittee. She finally won a seat on the Education and Labor Committee that she considered more relevant to her constituents.

White colleagues haven't been alone in feeling the sting of Mrs. Chisholm's temper. She drew herself up to her full 5-foot-4 frame and angrily scolded black leaders at a public meeting last year for leaving her out of a panel discussion on political strategy.

While other black politicians talk about the need to build black political organizations, Mrs. Chisholm talks of a coalition of women, blacks, Chicanos, Indians, Orientals, the young and the poor to squeeze out a better deal from the major parties.

"While they're rapping and napping, I'm mapping," she tells audiences.

One problem that bothers her is news coverage of her campaign.

Shirley Chisholm

Mrs. Chisholm is not unduly modest: "I have the brain power. I went through college all on scholarships. I'm a sergeant with an I.Q. of 150 or 151." She has a bachelor's degree from Brooklyn College and a master's degree from Columbia University. She majored in sociology and early childhood education.

Mrs. Chisholm married a Jamaican, Conrad Chisholm, a special investigator. They have no children.

The congresswoman, who claimed she has been oppressed more as a woman than as a black, said that if there were more women in politics it would be possible to start cleaning up the system.

Will a lack of money hurt her chances? Mrs. Chisholm said she believes that money isn't everything in politics, but she conceded it's nice to have some around the campaign office.

"One candidate said to me: 'Shirley, if you had the money, I might be frightened.'"

## Northern Ireland Is Used To Terror

By STEPHEN RILEY

**BELFAST, Northern Ireland**—There was a girl, about 22, standing at the corner of Berry Street and Royal Avenue in downtown Belfast, crying as people in the lunch time crowds dashed past her toward a blazing building nearby.

Her body was shaking with deep sobs and her hands brushed the tears over her face as she ran her fingers through her tangled hair. Two companions supported her because she couldn't stand by herself.

One of the women said the girl had been in the building when two men planted a bomb and told the people to leave; six weren't fast enough and were injured. The girl was just suffering from shock.

The woman on the other side held the girl with her left hand. In her right arm was a painting she had just bought at a bomb damage sale in a nearby art store.

There are touches of pathetic irony like that all over Belfast these days. After a while the natives become used to it and don't notice their own idiosyncrasies and anomalies about the situation until a visitor reminds them.

But what is most evident to the visitor here is the comparative peacefulness in the city. There are occasional signs throughout the day that things aren't as they should be, but generally activity appears quite normal.

Most Belfast citizens have never seen a suicide; many have never heard one. Most have never seen a bomb go off, though most have heard the dull thumps that, from time to time, signal the explosion of yet another building.

In just what ways, then, is the normal citizen of this city affected by the troubles?

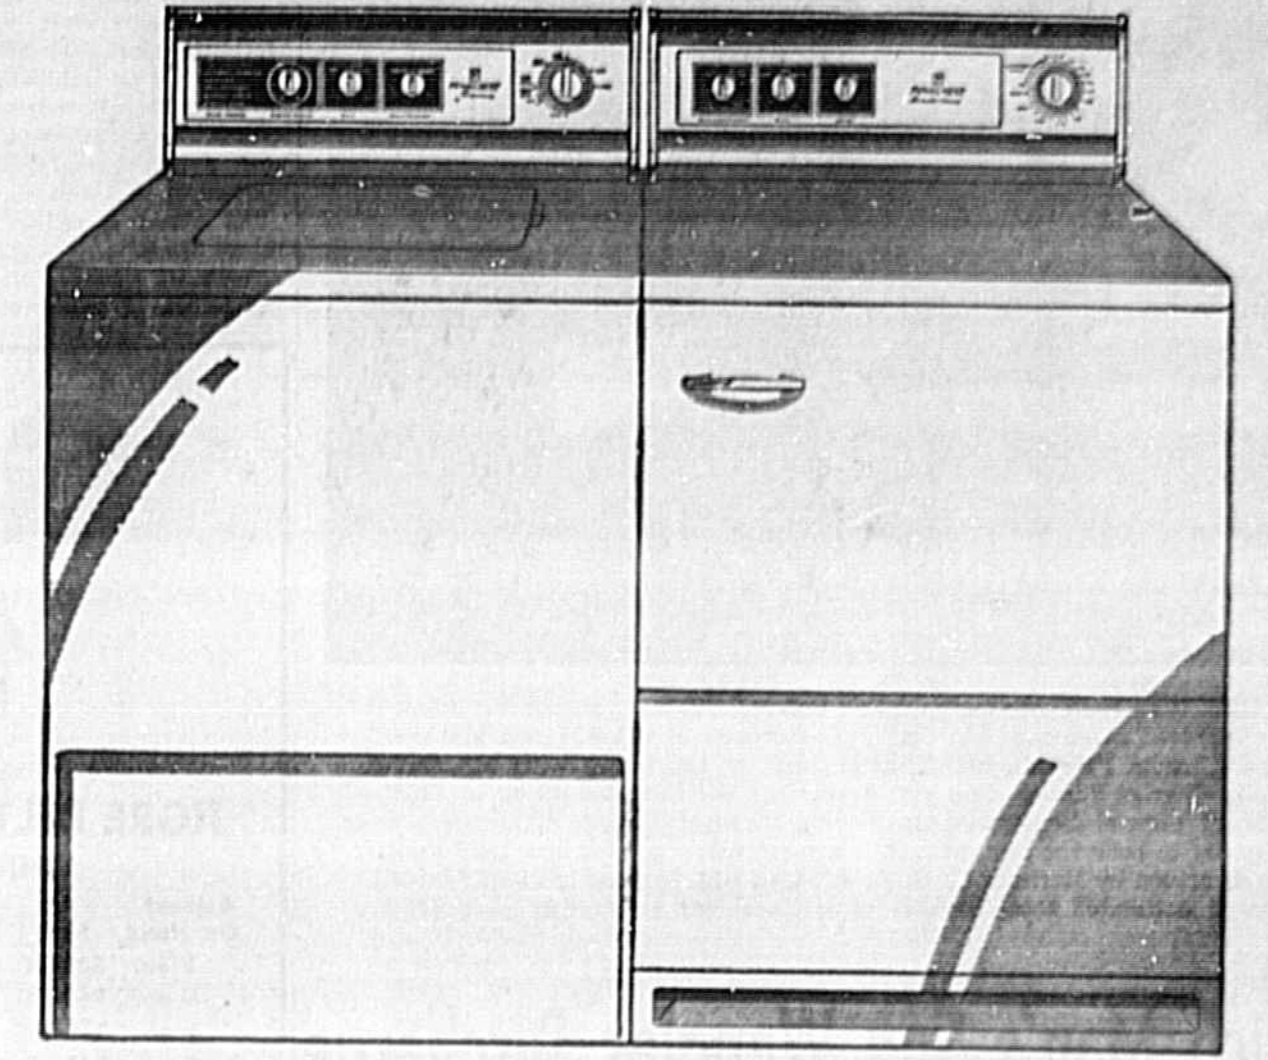

This depends largely on whether or not he lives in a troubled area. It might be Ardoyne, Ballymurphy, Turf Lodge, Andersonstown, the Lower Falls or the Short Strand—areas populated mainly by Roman Catholic workers, where the Irish Republican Army is most influential.

**ALL HEART** may describe some people, but with an ostrich it's all neck-or-throat—at this resident of the Frankfurt, West Germany, zoo rising to the occasion, demonstrators.

# Washer, dryer sale

Matching electric dryer. Four temperature settings for all fabrics. Including fluff-dry for special articles. Signal entry sounds off when drying is completed. Porcelain enamel finish top and drum. ### Sweet & Sour Chicken

Where did the wishbone superstition begin? Supposedly with the Etruscans, who used this bone in fortune-telling ceremonies. An Etruscan would visit his neighborhood soothsayer to make a wish on the collarbone of the "sacred fowl" — and that's how the bone got its name.

Given a wishbone, most modern cooks would probably wish hard for good supplies of that same "sacred fowl" — chicken, what else?

That wish has been granted this month. The U.S. Consumer and Marketing Service says broiler-fryers are in good supply.

Chicken is high in protein of the best quality, since it contains all the essential amino acids. Its low fat content pleases calorie watchers. But remember that if you fry or add fat to chicken, the calories will increase. So eat it plain if you want a minimal calorie count.

How much should you buy? To get one pound of cooked, edible meat, you will need to buy ready-to-cook weight as follows: 1.88 pounds of breast, 1.88 pounds of legs and thighs, 2 pounds of backs.

The form in which chicken is purchased often determines how good a bargain it is. Chicken sold whole generally costs a few cents less per pound than chicken cut up and it's generally a better buy in terms of the amount of meat provided.

Stock up on broiler-fryers while they're in good supply, and serve them often this winter. Here's a recipe for Sweet-and-Sour Chicken you may want to try:

**SWEET AND SOUR CHICKEN**  
(6 servings, 1/2 cup each)  
1/2 cup brown sugar  
2 tablespoons cornstarch  
1/2 teaspoon salt  
1/4 cup vinegar  
1 tablespoon soy sauce  
2 cups chicken, cooked, sliced  
1/4 cup onion, thin half slices  
1 cup pineapple chunks, canned, drained  
1/2 cup celery strips, very thin, 1-inch long  
1/2 cup green pepper rings, thin, quartered  
2 tablespoons pimiento, diced  
3 ounces can chow mein noodles or 2 cups rice, cooked  
1/4 cup almonds, sliced, toasted, if desired  
Combine brown sugar, cornstarch and salt. Stir into pineapple liquid. Add vinegar and soy sauce. Bring to a boil over high heat; reduce heat and cook until thick, stirring constantly. Remove from heat.  
Add chicken, onion, pineapple, celery, and green pepper. Cook 5 minutes. Add pimiento and cook 1 minute longer. Serve over chow mein noodles or rice. Top with almonds, if desired.  
\*Note: To get 2 cups cooked rice, cook 1/2 cup raw rice in 1 1/2 cups water with 1/4 teaspoon salt.  
Calories per serving: About 230 if served with chow mein noodle and almonds; 260 if served with rice and without almonds.

**Napoleon Toasted In Cognac**

By TOM HOGG  
Associated Press Writer

A luncheon to celebrate the 175th anniversary of Napoleon's coronation was held at New York's Lutece Restaurant recently. Chief Andre Solner served dishes from the Bonaparte era, and capped the affair with a serving of rare Bisquit cognac from 1899.

The main course was that classic, Chicken Marengo, which commemorates Napoleon's victory over the Austrians at Marengo in 1800. The triumph gave the general an appetite and he ordered his chef to rustle up some food. All that could be found were three eggs, four tomatoes, six crayfish, a small hen, a little garlic, some oil and a sausage. Chef Dumond fried the various ingredients and posted some water laced with brandy from the general's flask over the lot. Napoleon was so pleased with the dish that he told Dumond, "You must feed me like this after every battle."

Having sampled the dish, I can understand Napoleon's enthusiasm. The ingredients may sound unlikely but they blend beautifully.

But the high point of the meal was that 1809 cognac, accompanied by two contemporary vintages which were excellent, though less distinguished.

As brandy ages, it takes on a fresh grape sweetness that remains one of a great wine. And when you sip a cognac that is 162 years old, you get a bouquet that is full of fruit and fire.

Cognac is produced in the Champagne area on the west coast of France north of Bordeaux. It is distilled twice and aged in oak casks. Cognacs produced in the even sectors where the vineyards are located may be described as follows:

Grande Champagne: the top brandy, elegant and light.  
Petite Champagne: same qualities as the Grande, but to a lesser degree.  
Bordeaux: has advantage of rapid maturing.  
Fins Bois: less refined, also matures quickly.  
Bons Bois: heavier with an earthy taste.  
Bisquit: Ordinaires: has a still more earthy taste.  
Brandy is not only a superb drink, it is invaluable in cooking, as this recipe for a soufflé attests.

5 oz. 1/2 milk  
2 tablespoons sugar  
Salt to taste  
2 tablespoons flour  
2 egg yolks  
2 teaspoons butter  
2 tablespoons Bisquit cognac  
Bring to boil 4 ounces milk with 2 tablespoons sugar and pinch of salt. Add 2 tablespoons sifted flour blended with remaining ounce of milk. Cook, stirring 2 or 3 minutes. Remove from fire and add egg yolks and butter plus the cognac and at last moment add the egg whites, beaten stiffly. Mix quickly and pour into a buttered, sugared soufflé dish. Smooth surface of the soufflé. Cook in a 375 degree oven for 14 to 16 minutes.

**SUNDAY NIGHT SUPPER**  
Clam Chowder Bread Tray  
Sliced Bowl  
Mrs. Lillian Gallagher's Banana Nut Cake  
Mrs. Lillian Gallagher's BANANA NUT CAKE  
Serve the cake plain or frosted.  
2 1/2 cups unsifted flour, stir to aerate before measuring  
1 1/2 teaspoons baking soda  
1/4 teaspoon salt  
1/4 cup shortening  
1 cup granulated sugar  
1/2 cup firmly packed brown sugar  
1 to 2 teaspoons vanilla  
1 to 2 eggs  
1 cup mashed banana  
1/2 cup buttermilk  
1/4 cup orange juice  
1/4 cup finely chopped nuts, preferably black walnuts  
Thoroughly stir together the flour, baking soda and salt. Cream shortening with sugars and vanilla. Lightly beat in eggs and banana. Add flour mixture alternately with buttermilk and orange juice; mix well but don't overbeat. Fold in nuts. Pour into greased and floured 13 by 9 inch cake pan. Bake in a preheated 350-degree oven until a cake tester comes out clean — 45 to 50 minutes.

THE SANFORD HERALD — Wednesday, January 26, 1972

# Whole Wheat Bread

By CECILY BROWNSTONE  
 Associated Press Food Editor  
 DEAR CECILY: I've looked high and low but I can't find a recipe for 100 per cent whole wheat bread. All the recipes I've come upon include white flour. Can you help me? —NATURAL-FOOD FAN.

**D.E.A.R. NATURAL-FOOD FAN:** Because I agree with you that all whole-wheat bread recipes are low and fat and butter, I'm delighted to present the following recipe, tested in our kitchen, for the robust and nutritious loaf you want—C. B. ALL WHOLE-WHEAT BREAD

7 1/2 to 8 1/2 cups unbleached stone-ground whole-wheat flour  
 4 teaspoons salt  
 2 packages active dry yeast  
 1 1/2 cups milk  
 1 1/2 cups water  
 1/4 cup honey  
 6 tablespoons butter

In a large mixing bowl thoroughly stir together 3 cups of the whole-wheat flour, salt and undissolved yeast.

Into a small saucepan turn the milk, water, honey and butter. Over low heat, heat liquids are very warm (120 to 130 degrees); butter does not need to melt. Gradually stir into flour mixture and beat 2 minutes at medium speed of electric mixer, scraping bowl occasionally. Add 1 cup flour. Beat at high speed 2 minutes, scrap bowl occasionally. Stir in enough additional flour to make a stiff dough.

Turn out onto lightly floured smooth surface; cover and let rest 10 minutes. Then knead dough until smooth and elastic—about 10 minutes. Place in greased bowl; turning to warm top. Cover; let rise in warm draft-free place until doubled in bulk—about 90 minutes.

Bake in a preheated 375-degree oven until loaves sound hollow when tapped with knuckles—about 25 minutes. Turn out of pans onto wire rack; turn right side up, cool.

Makes 2 loaves.

Roll cakes, stuffed with fillings other than the traditional jelly, are good enough for guests.

So here's a new combination you may want to try. A package of angelfood cake mix is used for the roll and the filling is a luscious combination of semi-sweet chocolate and whipped cream. To glaze the lily you may, if you like, top the servings of this Chocolate Cream Angelfood Roll with vanilla ice cream.

**CHOCOLATE CREAM ANGELFOOD ROLL**  
 1 package angelfood cake mix  
 2 tablespoons honey  
 1 1/2 teaspoons water  
 1/4 of a 6-ounce package (4 cup) semi-sweet chocolate pieces  
 1/4 teaspoon vanilla  
 1/2 cup heavy cream, whipped

Line the bottom of a jelly roll pan (16 by 18 by 1 inch) with wax paper; grease paper.

Prepare cake mix according to package directions and pour into prepared pan. Bake in a preheated 350-degree oven for 30 to 40 minutes. With a small metal spatula loosen around edges and turn out onto a tea towel sprinkled with confectioners' sugar. Remove paper; trim off edges. Immediately roll up cake, from 16-inch side, in towel.

In a small saucepan combine honey and water; over moderate heat, stirring constantly, bring just to a boil. Remove from heat. Add chocolate and vanilla and stir until chocolate melts and mixture is smooth. Cool completely. Fold in whipped cream. Chill until thick enough to spread.

Unroll cake; spread with chocolate mixture and roll up again. Chill several hours or wrap in foil and freeze. Before serving, sprinkle with confectioners' sugar. Cut into slices about 1/2-inch thick. Makes about 10 servings.

If you're planning to buy some dry mix, here's a tip while they're in plentiful supply, follow this storage tip from the U.S. Consumer and Marketing Service, keep dry peas in their original package until it's opened. Then put them in a tightly covered container and store them in dry, cool place (50 to 70 degrees F.).

# Diet Time Pleasure With Fish

Dieting? Well diet time can be pleasure time with fish and shellfish on the menu. All fishery products offer high nutritive values, and most of them are low in fat, sodium, and calories. Fish filets, however, are especially appropriate for dieters because they are easily portioned to conform with diet plans. There is a wide variety of fish filets available as near as your supermarket's frozen seafood counter, and many varieties may be purchased fresh at the seafood market.

Sole filets offer fine eating and cook quickly. These tender pieces of fish adapt well to rolling and stuffing. The firm white, delicately flavored flesh of sole filets is delightful whether cooked simply or combined with other foods. One could say that sole filets are fillet winners, because their high protein content fills you up while you are slimming down.

Sole are members of an amusing family of fish called flounder. Their unusual characteristics make them distinctive from other species. These funny fish, shortly after beginning life, change from the average fish shape to flat shape that, strangely enough, resembles a flying saucer. Their bizarre shape, however, does not alter their wonderful taste or exceptional food values.

Sassy Sole, a National Marine Fisheries Service recipe, presents the filets broiled with a tasty, low-calorie sauce to keep them moist. This sauce is a zippy combination of diet-maintenance and chill sauce blended together with celery salt, mustard, and wine vinegar. About 8 to 10 minutes cooking is all that is needed, and Sassy Sole is ready to enjoy. It's so good that you'll probably forget that it's a diet recipe. Sassy Sole, however, contains only an approximate 175 calories per serving.

Let it sit up while slimming down — it's easy with seafood! For 22 slimming foods with seafood, send for Seafood Slimmers (I 49, 27), Fishery Market Development Series No. 7. This full-color booklet was designed especially for you, the dieter. For your copy send 25 cents to the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20540 — you'll be glad you did!

**SAUCY SOLE**  
 2 pound sole filets, fresh or frozen  
 2 tablespoons butter or margarine, melted  
 1/4 cup low-calorie mayonnaise  
 1/4 teaspoon celery salt  
 1/4 teaspoon dry mustard  
 1/4 teaspoon paprika  
 1/4 teaspoon wine vinegar

Thaw frozen filets. Skin filets and cut into 6 portions. Place fish in a single layer on a well-greased bake and serve platter, 16 by 10 inches. Four butter over fish. Combine mayonnaise and seasonings. Broil fish about 4 inches from source of heat for 3 minutes. Sprinkle mayonnaise mixture over fish. Broil 3 to 5 minutes longer or until fish flakes easily when tested with a fork. Makes 6 servings.

(Approximately 175 calories per serving.)

**FAMILY DINNER**  
 Swedish Meat Balls  
 Rice  
 Green Peas  
 Sliced Bowl  
 Whipped Farming Pudding  
 To Sweden's health call this desert Klapprot and make it with lingonberry juice.  
 2 cups cranberry juice cocktail  
 1/4 cup sugar  
 1/4 cup farina  
 1/4 teaspoon salt  
 In a 2 quart saucepan bring cranberry juice to a boil. Sprinkle in sugar, then farina, stirring constantly. Boil gently, stirring constantly, for 10 minutes. Remove from heat. Stir in vanilla and salt. Turn into large bowl of electric mixer. Beat at high speed just until mixture is light and fluffy and holds very soft peaks—about 10 minutes. Do not overbeat or mixture will get rubbery. Turn into individual serving dishes. Chill. Serve with whipped cream, light cream or milk. Makes 24 cups—5 servings.

# how many ribs in a pork loin rib portion?

We think there should be seven. Not five or six. With A&P's seven-rib portion, you get more of the select meat.

How can you tell how many ribs you're getting? With your fingers, you can feel and count the rib bones in the package.

Next time you're buying a Pork Loin Rib Portion, check it. If you can't count one, two, three, four, five, six, seven ribs, you're missing select meat. You're not getting the best value for your meat dollar.

Seven-Rib Pork Loin Portions are just one example of the full value A&P meats offer.

We think that caring like this about fair portions has helped make A&P America's largest meat retailer.

## Private Schools To Get Aid In NY

NEW YORK (AP) — Gov. Nelson A. Rockefeller says his administration will draft a new plan to aid parochial and other non-public schools to replace a law ruled unconstitutional by a panel of three federal judges. The special constitutional court barred the state from providing \$33 million in aid under a 1971 law that allocated the money for "secular educational services for pupils in non-public schools."

After the decision Tuesday, Rockefeller said he was convinced "of the need for financial assistance within constitutional limits" and that an appropriate method could be found.

## Schools Walking Fiscal Tightrope

What does a guy have to do? How many times have you heard me "preaching" about those who insist on driving their cars... on morning like today... without their headlights on? Even though it's against the law to do so... for that matter, to drive with the parking lights on... even though it might cost you your life, we've been saying "and yet?"

And yet, there are those... ah, what's the use? Look at the pictures on the front page and draw your own conclusions. See if it's worth it to try and save... and that's what really bugs me — you don't save one red cent in the operation of your car when you try to skimp by not turning your lights on!

One of the school bus drivers called me this morning... pleading that I try "just one more time" to get the message across. O. K. ... one more time!

There's an excellent letter to the Editor on page 5 today. Among the same line, we've attacked the usage of marijuana... but there are those who try to rationalize on the subject.

O. K. smart guy... just read this fellow's letter and see if you still want to "try it."

Congratulations to Head Coach Dick Copeland of Lyman High School, and to all of the other who helped with that benefit the other night. All of the money goes for the operation of that 2nd grade who is a student at Altamonte Elementary School.

Makes you feel real good to hear of projects like this...

Purely Personal... I don't believe a word about that Howard Hughes episode... other than think it's an awfully effective way of getting lots of publicity on a book... soon to appear on the book stands. If Mr. Hughes wants another 14 years of voluntary "exile," it's O. K. with me.

The mothers will be out marching on the 16th, 17th and 18th of this month. According to Mrs. Bonnie Schumacher, they'll be out in full force trying to raise money for the March of Dimes. Give 'em a hand, and a sizeable donation, huh folks?

We checked on the condition of accident victims Tom and Gayle Stobbs. He's now in satisfactory condition while Gayle is still listed as "fair" in the intensive care unit. Our prayers for their recovery...

Plans for making improvements and again opening the Seminole County Federation of Women's Clubs five-acre wayside park on SR 46 at Wekiva River to the public are being made by the newly named board of trustees. The property was deeded to the federation in 1924 by the Cameron Estate for public use. For the past several years Seminole County Sports-

men's Association has had use of the park gratis. It fenced and locked the park, barring the public. The federation board consists of (left to right, seated) Mrs. C. L. Swinney, chairman; Mrs. Robert Michael, secretary; (standing) Mrs. Robert Bradford, president; Mrs. Carl G. Tillis and Mrs. Elizabeth Kuhn, treasurer.

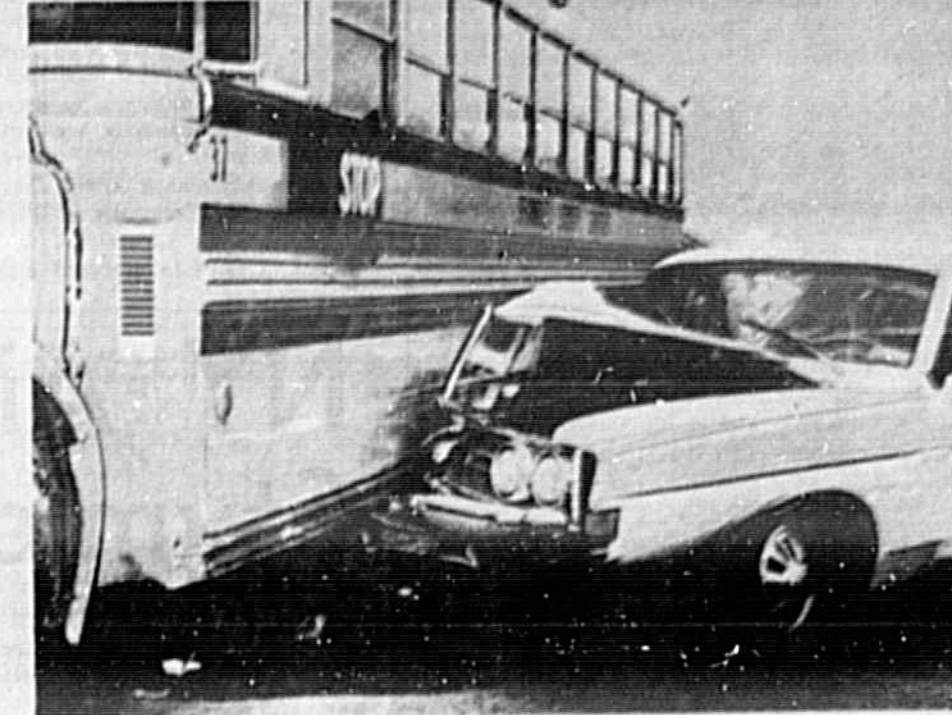

## Widow Takes Witness Stand Spectators Jam Murder Trial

By MARION BETHA  
A packed courtroom of spectators heard testimony this morning from the widow of J. C. Cummings, in the trial of Dock (Mississippi) Cole, charged with his murder on Aug. 30. Cummings was found slumped over in his car near Big Tree

and investigation disclosed he had been shot five times in the head and neck.  
Mrs. Rebecca Cummings, whose infirmity necessitated being assisted to the witness stand, testified in a composed manner that her husband returned home from work on the

## School Board OKs Teacher Protection

By BILL SCOTT  
Seminole County school students who strike or assault teachers in any way will be automatically expelled from the school system, according to a new policy directive outlined at Tuesday's three-hour School Board meeting.

SCHOOL BUS collision this morning near Casselberry caused the drivers of both involved vehicles and two students to be removed to Winter Park Memorial Hospital with injuries, not believed serious. The mishap at SR 436 at Casa Loma entrance between county bus 37, operated by Eula Scott, Longwood, and an auto driven by Anthony DiNardo, of Altamonte Springs, resulted in cuts and abrasions to Becky Haynes and Jennifer Stokes, Eastbrook Elementary School fourth graders. A trooper interviewed some of the 25 students on the bus as part of the investigation.

Board attorney Douglas Stetson and the school administrator were instructed to draft a policy making expulsion mandatory for students who assault teachers.

## 'Scenic Rivers' Approved

By JANE CASSELBERRY  
The State Cabinet approved the concept of preserving Florida's wild and scenic rivers Tuesday giving the "go ahead" to the Department of Natural Resources to begin a study of the nine rivers previously considered for this designation.

Uphold Ban Policy Politics, School Bands Don't Mix

According to Harold Rowland, member of the Citizens Advisory Committee, who was part of the Seminole delegation which went to Tallahassee, the group is optimistic that the Wekiva River, one of the nine under study, will be high on the list when priorities are set.

School Board Tuesday declined requests that high school bands be allowed to take part in the political activities here by Democratic presidential aspirants U. S. Sens. Herbert H. Humphrey and Edmund Muskie.

On a motion by Dr. Stuart Culpepper, the Board approved drawing a policy covering expulsions of students and a review by the Board of incidents of assault.

With that, the board took no action to the political requests, preferring to let the policy stand.

Chairman A. F. Leeth observed, "It may not be really 'I, G' but it is moral, ring 'obligate money we don't have'."
