Constitution Nullifiers

Last Thursday from the floor of the Senate chamber, 'Tom Tom" Heflin, who Time says "mortally fears and hates the Roman Pope" delivered another of his asinine phillipics against Alfred Emanuel Smith. Concluding his diatribe, this Sidney J. For while Smith is accused of disbelieving in the Eighteenth Amendment only, Miami Life, though supporting Senator Heflin shows his inclination to nullify both the First and Fourteenth Amendments.

It is recalled to our minds that Sidney J. Catts before his ppearance on the scene of Florida politics, once ran against the Papist enemy and was defeated in an Alabama Congreserglade Drainage Bonds, and the sional election. It is a debatable question who was the loser been in that election. As a result of it Florida got Sidney J.
