## City Official Quits; Too Many Of Same

**By BILL SCOTT**  
A Sanford insurance man long active in local civic service has resigned from two city boards. Clifford McKibbin, chairman of Sanford Zoning and Planning Commission and a member of the Sanford Industrial Commission, advised by letter to Mayor Lee P. Moore and city commissioners of his resignation from both boards, effective Jan. 1.

McKibbin gave a lack of aggressiveness for his reasons for leaving the two posts and questioned Earl Higginbotham, Sanford commissioner, as being right when he (Higginbotham) said there were too many of the same people serving on city boards.

McKibbin said he had been serving in various public bodies for the past 35 years and felt he had lost his effectiveness after such a long period.

Don Rathel, Sanford Industrial Commission director, said he had not expected the resignation and McKibbin's departure would be felt, as he had meant much to the industrialists in time and effort.

McKibbin has served 14 years on zoning board and since Feb. 2, 1967 on industrial board.

The SIC is scheduled to meet at 4:30 p.m. today to take several requests from firms wanting to lease former Navy buildings at the Sanford Airport.

# Million-Mile Trek Nears End Moon Men Splashdown At 4

**By HOWARD BENEDICT**  
AP Aerospace Writer  
SPACE CENTER, Houston (AP) — Apollo 12's moon men neared the end of their voyage of discovery today, guiding their Yankee Clipper toward a blazing dash through the atmosphere and back to their home planet.

Charles "Pete" Conrad Jr., Richard F. Gordon Jr. and Alan B. Bean were on a near perfect course that would slam them into the atmosphere 75 miles above the Pacific Ocean at 24,000 miles an hour. Splashdown was set for 3:58 p.m. EST about 400 miles southwest of American Samoa.

They planned a short burst of their jet shutters at 12:44 p.m. to zero in on the area where the aircraft carrier Hornet waited. If they come close, the landing will be televised live.

The Apollo 12 crew slept soundly for 9 1/2 hours as their spacecraft sped closer to earth early today with Conrad the first to awaken around 5:30 a.m. EST.

"Good morning. We're just getting ready to eat breakfast," the capsule commander said.

"Very good," said Mission Control. "You ready for the big day?"

"I don't know. What's happening?" Conrad said in mock surprise.

"Oh, we've got a nice little section of the South Pacific reserved for you and we've got most of the Navy standing by to pick you up."

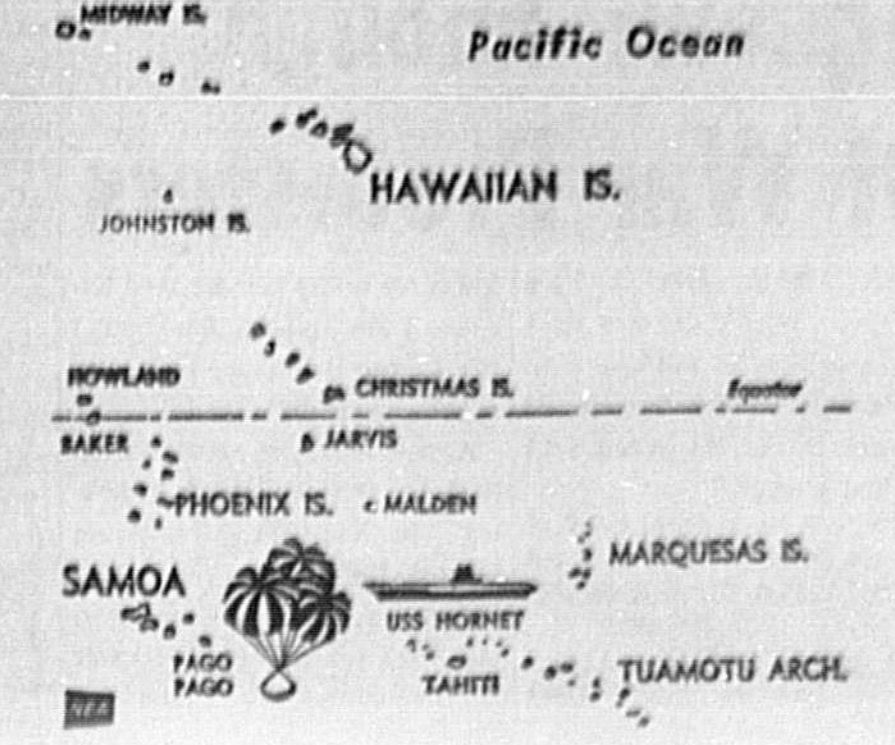

"Good," said Conrad with a chuckle and went on eating his last breakfast in space for this trip.

As the 10-day million-mile journey neared an end, Conrad, Gordon and Bean held the "Dear Red Dog: Apollo 12 with world's first news conference from space during a final telecast Sunday night.

Answering questions prepared by newsmen, they reported it took great skill to land on the moon, rocks are hard to identify because the color changes in different sun angles, sleeping on the moon was difficult and they'd launch again in a thunderstorm—as they did Nov. 14 if necessary.

The astronauts hoped to match in the Pacific the pinpoint landing Conrad and Bean achieved last Wednesday, when the lunar module Intrepid touched down only 600 feet from an unmanned Surveyor spacecraft that landed on the Ocean of Storms 25 years ago.

The three Navy commanders sent this message to Rear Admiral (Continued on Page 2 Col. 1)

APOLLO 12's scheduled splashdown point is southwest of Samoa, some 4,500 miles southwest of San Francisco. Recovery ship is the carrier Hornet.

## County Hi Bands Superior

**By GARY TAYLOR**  
Four bands representing Seminole County were among the 24 bands that performed Saturday night at the Tangerine Bowl in Orlando, at the Florida Bandmasters District Five Marching Contest. Twenty-three high school bands and one junior high band competed against themselves for ratings of 1 (Superior), 2 (Excellent), 3 (Good) and 4 (Fair).

Crooks, Seminole, Oviedo and Lyman represented Seminole County. All four bands were rated Superior during inspection. Seminole High set the pace of the local bands as they took ratings of 1, 1, 1 and 1 for an over-all Superior rating. The Marching Seminoles performed to the music of "Bells Up March," "Georgia Girl," "But Not For Me" and "National Emblem March."

Oviedo High, marching to the sounds of "High Hopes Fanfare," "Confidence March," "Tom Jones' Celebration," and "They Call the Wind Miria," along with a dance routine to "Mama," captured ratings of 2, 2, 2 and 1 for an over-all rating of Excellent.

The Marching Greyhounds of Lyman took ratings of 1, 2, 2, 1 for an over-all Excellent rating. Lyman performed to sounds as "The Horse" and "Fanfare."

The Marching Panthers, representing Crooks High, performed to the sounds of "Claxton March." The Marching Panthers took an over-all rating of Good with scores of 3, 3, 3 and 1.

Color us as a kid... cause we're in their corner. About a dozen of us from the Interact Club of Seminole High went out door-to-door this past Saturday asking for canned goods for the Salvation Army. Good little beggars that they are, a number of needy families will benefit this Thanksgiving Day. A picture of this group is in today's edition, as well as another wire story of some kids who did an outstanding job up in Westbury, New York.

Makes you feel real good... and confirms your suspicions that all of the kids aren't in that category making the black headlines, either.

Guess the Florida State Bank and United State Bank of Seminole are in the "kid's corner," too... they're playing host to the Seminole High and Crooks High football teams and treating 'em to the AFI Miami Dolphin-Boston Patriot game in Tampa on Nov. 30th.

A \$10,000 reward was offered by Florida Power and Light Company today for information leading to the arrest and conviction of vandals who knocked out electric service to some 3,500 customers in Pompano Beach.

All of the little ones will be happy to know that the Jolly Old Man (Santa Claus) will arrive by helicopter at the Sanford Shopping Plaza on the Friday following Thanksgiving, at 3 p.m.

Becha ti-er'll be just as many Dads on the scene, if for no other reason than to observe the helio up-close.

Unlike State Attorney Abbott Herring, Ed Gallagher, of Longwood, has no quarrel with the sheriff's department. Gallagher was riding his motor cycle in the vicinity of Monticomey Road and later discovered he had lost his wallet containing papers and cash. Someone found the wallet and turned it over intact to the sheriff's office, who, in turn, returned it to Gallagher. "And they wouldn't even take a reward," says Gallagher.

Purely Personal: A most beautiful colored Thanksgiving card from George Tonby and the folks at First Federal Savings and Loan of Sanford... and we're grateful to have friends like you, too.

## Charges Are Filed Sanford Facing Boycott?

Is there a boycott of Sanford merchants by some out-of-city residents?  
Harry Skop, candidate for Sanford mayor subject to Dec. 2 election, says there is a boycott among some out-of-town persons opposed to the recent increase in water and sewer rates supplied by the city of Sanford.

Skop said he would bring the matter before tonight's city commission meeting in hopes the situation can be solved for the betterment of all concerned.

Skop told The Herald he had been advised by several women that they no longer did their shopping at city stores since utility rates were increased. The candidate said that most of his constituents are residents of Sunland Estates and other outlying areas adjacent to Sanford.

The problem of utility increases already has produced a court suit by Sunland Estates seeking to enjoin city from raising rates.

Commission has placed on tonight's agenda a discussion which would authorize a study of possible sale of the Sunland water and sewer system to private interests.

A consideration of a request from Greater Sanford Chamber of Commerce for the operation of a city bus line on a five-day week basis is also expected to come before tonight's commission meeting.

Sanford Transit Company has offered to operate a bus for approximately \$12,000 a year to serve all city areas and has asked the commission to subsidize whatever amount not retained from fares toward the required yearly sum.

Commission tabled the request made two weeks ago to give W. C. Hutchinson, city attorney, time to research legality of using city funds to subsidize a private bus company.

Previous opinions from most commissioners indicate an approval for a bus operation, but a preference to have city subsidize the line rather than private business.

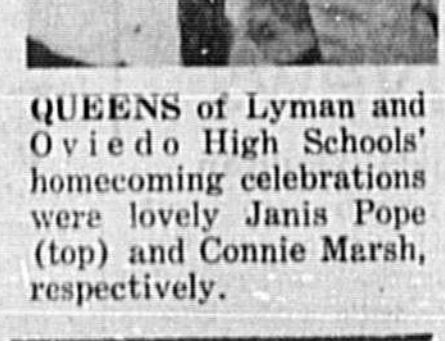

Other agenda items include: A request from Bruce Baudeker for use of city parkway at 12th Street and Elm Avenue.

Report on sidewalk adjacent to Pine Crest Elementary School at 27th Street to Sanford Avenue.

Approval of a quit claim deed of the gravity sewer system at Park Ridge from the city to Southern Gulf Utilities.

Consideration of the items for a straw ballot vote on Dec. 2.

Approval of October statement for beautification plan contract.

QUEENS of Lyman and Oviedo High Schools' homecoming celebrations were lovely Janis Pope (top) and Connie Marsh, respectively.

Sheriff John Palk reports 61 juveniles passed through county jail during October, a record high.

Approximately 35 of those arrested below 17 years of age were for misdemeanor charges. Other arrests and charges included runaways, 16; felony, 16; traffic, 2; narcotic, 1.

The juvenile film "Friendly Stranger" has been seen by 2,600 school children during October.

These include: Monroe-Wilson School, Sanford Grammar, English Estates, Mallard Church, Spring Lake, Pine Crest Elementary, Bear Lake School.

This film warns children not to accept car rides offered by strangers. Fred Kelly is juvenile officer for sheriff's department.

## Agnew: Enough Of War Protesters

NEW YORK (AP) — Vice President Spiro T. Agnew says he was critical of antiwar protesters not at the height of President Nixon but because "I had had enough." Agnew, in the current issue of Life magazine, wrote a guest editorial called "I did it on my own."

The reason I spoke out was because, like the great alien majority, I had had enough. Agnew said, I had endured the didactic inadequacies of the garrison to silence, hoping for the best but witnessing the worst for many months. And because I am an elected official, I felt I owed it to those I serve to speak the truth.

Agnew used the article to defend his Oct. 19 speech attacking the Vietnam War.

## Senators Play Santa For John Q. Taxpayer

By MARK BROWN Associated Press Writer  
WASHINGTON (AP) — Hoping to wrap up the big reform package by Christmas, the Senate will be debating during the next several weeks just how far it can go to play Santa Claus for individual U.S. taxpayers.

The House has passed a tax-payer to deduct \$500 from his income for himself and each dependent before figuring his tax. Agnew seeks to raise the ceiling on that from \$250 to \$500.

## Disarmament Confab Enters Second Week

By LEWIS GULICK Associated Press Writer  
HELSINKI, Finland (AP) — U.S. and Soviet disarmament negotiators opened the second week of their Helsinki talks today. The Americans hoped for a breakthrough in the talks, but the Soviets were being cautious.

Several months, infiltration into his area had fallen to as low as 1,000 enemy troops per month compared with an average of 6,000 a month in the first six months of the year.

## Welfare Discussed

By MARION RUTHEA State and county welfare programs were touched upon by Miss Anne Cartwright, District 12 Director, Division of Family Services, at a recent meeting of the Sanford Women's Republican Club held at the home of Mrs. Dot Pedersen, Lake Mary. Miss Cartwright's department encompasses five counties, each of whom, she stated, has its own welfare program.

# Sanford's Municipal Election Needs Attention!

"Government, in the last analysis, is organized opinion," stated the great Canadian statesman W. L. Mackenzie King.

usual, elect two new city commissioners. These will replace or re-elect two commissioners whose terms are up in 1968. This is as it has been in former years.

This year, however, under a mayoralty law which has somewhat confused the issue, one of these new commissioners will also be mayor for a three year term.

Sanford's mayor holds, technically, a position which is almost entirely a matter of formalities of ribbon-cuttings, of appearing in person to represent the city when such representation is proper.

## News And "Bias"

Sometimes we need to stand off to one side and take a long and analytical look at ourselves. A panel of news media executives, young and not so young, did this recently before a group of Furman University students as they probed "The Morality of the News Media."

Perhaps the most surprising thing to the newsmen was the student charge that newspapers are influenced in what they print by advertisers. This is an issue long since buried and the newspaper today takes pride in the fact that the man who asks for news help and adds that "news is judged and printed on the merit of the news alone."

Charges of prejudice should be weighted against the fact, too, that not all the news printed today that is fit to print. Editorial matter space is so limited that stories must be whittled and whacked to a length where the greatest number practical can be printed.

Most newspapers try for balanced staffs of reporters from the age and experience standpoint. We deliberately seek out young people for their vigorous, fresh approach, but we also back them up with experienced editors and copy-readers. We would like to advance the thought to those who charge bias that many news men and women are actually listening to a lecture, there would be as many versions as there are persons reporting it.

We think one panelist put it most succinctly: "Show me a man who shoots bias and slanting of news by a particular media and I'll show you a man who is biased and prejudiced in the opposite direction. And he gave a clear warning: "Don't let these people who are slanting bias and prejudice chain the media with their opposition to printing and broadcasting only the side of the dissembler." — Greenville (S. C.) News

## Crane's Worry Clinic: "Feed 'Em Chicken" Slogan

By GEORGE W. CRANE, PH. D., M. D.  
CASE 1-687: Mammie J., aged 67, is irate.  
"Dr. Crane," she protested, you place too much stress on sex. "My husband is 46 and he shouldn't be interested in such things at that age!"  
"Mammie, he has heart trouble and men's hearts can't stand the strain of such sexual excitement.  
So why don't you urge his hands to forget about sex when they pass the age of forty?"  
A British scientist recently reported that if you women feed your mates a tray of chicken, they will possibly be less erect!

## Stilley Says:

But don't get the erroneous idea that sexual indulgence is a severe cardiac strain! Smoking just one cigarette is far more dangerous to the heart!  
For smoking on a cigarette speeds up the smoker's pulse rate as much as 20 beats per minute.  
And this dangerous acceleration may persist for as long as 20 minutes after smoking that one cigarette!  
In the usual instance of marital relations, there is very little increase in pulse rate or blood pressure.

If you fright modern wives wish to curtail your husband's amative advances, you might encourage him to smoke!  
For the use of tobacco cuts down not only a man's gastric appetite but also tends to render him impatient 20 years too early.  
Indeed, you women her doubters noted that the chain smoker is more interested in

## Interpretive Report: Middle America: What? Where?

By RICHARD WILSON, WASHINGTON, D.C.  
Another editorial invention, Middle America, the residence of the alien, the industrial complex and the profound irrelevances which will be pronounced in its name.  
Middle America is not a geographical area but a condition of life supposed to include the middle class, the God-fearing and decent citizens numbering 80 or 100 million with family incomes ranging from \$12,000 to \$18,000 who are fed up to the teeth with racial turmoil and favoritism, student revolt, crime, long hair, post-minuteness, and pornography.  
Middle America has been discovered by the same explorer who invented a few years ago the terra incognita of the radical right to find that the John Birch Society was about to take over America. The explorers are versatile. They only recently discovered and then deserted that strange land in which the conspiracy of the military-industrial complex was spinning the web which held the nation in thrall.  
Ever since Marie Polo, explorers have been finding the most astonishing things. A French explorer discovered in 1968 that the Mammie who ate nothing whatsoever because they had no body openings through which to eliminate wastes. Marie de Leon found the fountain of youth. Cortez found streets paved with gold in Mexico.

## Domestic Comment:

By RAY CHROMLEY, NEA Washington Correspondent  
WASHINGTON (NEA) — There is talk that some anti-Vietnam groups will now put a heavier priority on promoting discipline among men in the Army.  
A deserter rates have about a similar trend. The number of major Army posts closed in fiscal 1968, 21. In 1969, 42 per thousand in 1969. A deserter is defined as a deserter currently if he is missing for more than 30 days.  
What makes the situation ripe for the anti-Vietnam movement, some of its leaders are understood to believe, is that the most susceptible young men are concentrated for the most part in a relatively few places, all in the United States and that in the major training centers for new recruits. The overseas desertion rates are low. In Vietnam, for example, the desertion number is less than five per thousand compared with the Army overall rate of 22. (Army news theorize that this is partly because the men in battle, are in combat—and because there is no real place to desert to.)

## Culinary Bonus

By JOY STILLEY, NEW YORK (AP) — When we sent our daughter off to college she was to be educated we got a bonus.  
For the same money, Gay is learning to cook.  
Always thoroughly underestimated, she has done her chef's hat out of necessity. Her culinary career started last year when she was going to school in Paris and had a small budget and a large appetite.  
At this time her entire equipment consisted of a coffee pot, in which she and her enterprising roommate prepared all sorts of semicontinental items like soup, hot dogs and hard-boiled eggs.  
One of their more memorable dishes was beef stew a la coffee pot, a concoction that she put in the "muffin" found its way into a French cookbook. The two bought a piece of meat, carrots and green beans, all of which they cut up with the scalpel from the roommate's dissecting kit.  
For the final touch they added a bouillon cube and threw it all in the coffee pot to simmer.

## Federals Probing Campuses

TALLAHASSEE, Fla. (AP) — Federal investigators are sweeping through the university campuses in Florida to make sure the racial barrier has been lowered in the Sunshine State.  
The inquisitive government men moved onto the Florida State University campus today. FSU is the second Florida stop for the team from the U.S. Office of Civil Rights regional office at Atlanta. Florida A&M, also in Tallahassee, was visited Nov. 12 and 13. The team will tour the other five state university campuses in December.  
The acting director of the Atlanta regional office, Dr. Hugh Brown, termed the investigation routine, and said it was not based on complaints, but rather fit in with the team's visits to other southern campuses.  
"It was time to get to Florida."

IRMA AND Alfred Kirshstein of Sanford, members of The Seminole County Campers of Florida, will be attending the CAMFORAMA and Fall Convention of the Florida State Association, N.C.H.A., in the Thanksgiving weekend, Nov. 26-30 in Miami.

# Once-Great Deer Herd Is Starving In Everglades

By STRATTON L. DOUTHAT  
THE EVERGLADES (AP)—Less than 30 miles from the sea and glitter of Florida's booming Gold Coast, the remnants of a once-great deer herd are slowly starving to death. Every day brings more deaths.

First to go are the fawn-yearling does and yearlings. The bucks hold out longest. Finally, the graceful creatures with their legs rubbed raw and their distended bellies pushing against their ribs—slowly to the damp ground. Then, the buzzards move in and flap noisily over nature's spoils.

For the past three weeks, this gruesome scene has been enacted repeatedly across a desolate, 304-square-mile area south of Lake Okechobee. And there is so much manure that it obscures the situation.

In fact, one authority says the manure is partly responsible for the deer's deaths. "Something that God does."

The problem is water—too much water. The area in which the deer are dying is called Conservation Area 3 by the Florida Game and Freshwater Fish Commission. It is used as a water store.

As a result of the millions of gallons of water pumped into the area by the district and the exceptionally heavy rainfall during the latter half of October, the water level is far above normal.

The marsh areas where the deer live and feed are under as much as two to five feet of water. This forces the deer to congregate on the small tree islands—called hammocks—which dot the trackless grass flat.

The crowded conditions make the deer easy prey to hunters and promote disease. Competition for food is fierce. Conditions in the glades were so bad that hunting season was cut short Nov. 11 on orders of the game commission.

"I recommended that they never even open the season," said P. L. Causey, a Miamian who has headed the Air Boat Association of Florida for years. "That's nothing but wholesale slaughter out there," said Causey, who group includes some 250 hunters. "Things are so bad I could get hit with a stick if I wanted to. It's horrible."

Deer season opened Nov. 1 and Causey estimated between 500 and 1,000 died of starvation or were killed between then and the abrupt closing.

Carlton Chappell, biologist for the game commission, said the figures were much lower. "The skill helped decrease competition for food," he said.

Chappell acknowledged, however, that deer were dying daily because of parasites and malnutrition. "We don't take out any food for them. It's just not feasible," he said. "The boats scare the deer, and besides they just don't want to eat anything."

It makes the parasite problem worse if they don't stick to their diets of twigs, leaves, and buds, he said.

Chappell said the plight of the deer—a variety of white tail which weighs 125 pounds when mature—is caused by two factors: "Rain and water pumped in by the Flood Control District."

Queried whether the game commission—responsible for all animal life in the area—had asked the district to quit pumping in water, he replied: "Well, we've asked them in the past... They're more interested in draining farm lands than protecting deer. But then, flood control is their function."

When hunting season was curtailed the commission also instructed a ban on swamp buggies and airboats—noisy contraptions with airplane propellers mounted on the rear.

The vehicles—lead vehicles banned because the noise they make causes the already exhausted deer to take flight when they are barely able to stay on their feet in the knee deep water surrounding many of the hammocks.

Leesburg capped a quick 71 yard drive after the Seminole kicked a Napier connected with Greg Williams for 27 yards and the TD. The PAT kick by Gene Elton was good and Leesburg led 7-0 with 3:10 remaining in the 1st period.

After a Seminole drive stalled and the defense held Leesburg a Yellow Jacket punt was blocked and two plays later Tommy Barks hit Tommy Whigham on the end line and the 1st quarter came to an end with the Seminoles leading 12-7.

The Yellow Jackets came right back as Napier hit Sherill Lackey for 14 yards and another score. Elton's kick was good and again the Jackets led 13-12.

The Warriors were kept for the last time as Tim Perlin ran around right end 12 yards untouched to lead 13-13. At this point it looked as if Seminole could keep up offensively with a defensive-minded Yellow Jacket eleven.

But then Leesburg started a long drive and got the break it needed. A Jacket receiver ran to the sidelines for a pass and brought one in in bounds. Seminole players, coaches, and fans contended that he did not have possession as he was pushed out of bounds by Whigham. At any rate officials marked the ball at the yard line and on the next play Chatman took it over for the six-point. The Jackets were ahead to stay.

After two more Leesburg scores on long backs the half-time score was 34-13. It looked then like it was going to be difficult coming back.

The Indians came out fighting in the second half as signal-carrier Barks snuck over from one yard out and the Volunteers caught a 2-point pass to narrow the Leesburg lead to 34-28.

LEESBURG—Leesburg clinched a title as Seminole High bit the dust and the hometown Yellow Jackets shallicked the Indians 43-22 Friday night here.

The fighting Seminoles got the momentum first, as cornerback Ricky Gilmore picked off a Mike Napier aerial and returned it to the Jacket 38 yard line. Three plays later full-back Ronnie Hovell hustled over from one yard out for the score. The 2-point conversion pass failed and the Seminoles had an early 6-0 lead.

JACKSONVILLE—Jacksonville High School of Jacksonville won the first two games of the season on a low note Friday by defeating the Middles 42-0, the worst defeat for the Blue and Gold in over two years.

Randy Leader and company couldn't move the ball in the first quarter as the Lions with game came up with the big defensive play deep in their own territory. Leaders star, counterpart Chip Grant has a sprained ankle, and was suffering from the after-effects of the flu. Grant only managed to catch one pass during the entire game. The Middle finished up 4-1.

The Lions in the last three quarters of play made 20 points to the Barriadas 22. If the first eight minutes of the contest could have been scratched the game would have been a close one.

Setting the first touchdown for the Lions was a pass from Joe Mikler to Bobby Guido for 58 yards. On the next play Mikler passed again to Charlie Denard who took the ball the needed 3 yards across the goal line. The extra point attempt was made on a run by Boston but failed.

For the Lions second touchdown Denard intercepted the Barriadas pass and took it across the goal for 50 yards. The extra point attempt again was failed as Mikler tried a pass to Denard.

## Hounds Upset By Winter Park

By CHUCK GRILE  
Herald Sports Staff

The aroused and spirited Winter Park football team offset the pagentry of a Blue and Gold homecoming Friday night in Sanford by upsetting Lyman's powerful football machine to earn a 19-0 victory in the finale of the season for both ball clubs.

The Wildcats came out with all claws, stopping Hound drives cold in the first three quarters and in the final period holding off a frantic Longwood effort to bounce back. They became homecoming spoilers for the second time this year and finished their not so impressive campaign with a stunning performance. The way they achieved this shine of honor was to use the extremely talented defense they are known to have and gear their offense to the occasion.

The Wildcats kicked to Lyman, but the Greyhound ball could do nothing with the skin. They booted away and from then on the first 24 minutes was controlled by the inexperienced Longwood halfbacks. In the second half, after the homecoming halftime festivities, that included the crowning of Miss Janice Pope as Queen, all Lyman supporters, students and alumni were hoping for a turn-about. It never came.

The strong Winter Park line opened holes for the runners, while the stingy defense mugged all over the running efforts of Rick Browne, Charlie Matthews and the other Lyman runners. They also stuck extreme pressure on sophomore quarterback Bruce Bruce, allowing the completion of only 90 per cent of his passes.

Wilk Bowman slipped Dennis McCollum in a sudden-death playoff Sunday to take Low Net Gross honors in the second annual Hugh C. Wheelchel Memorial tournament. Both golfers finished at 140 at the end of regulation play.

The sudden-death playoff lasted two holes. Both golfers shot par fours on the first hole, but Bowman took the tournament as he shot a par five on the second hole and McCollum sank a bogey six put.

## Chiefs Scalded Oakland Trims KC, 27-24

By ED SCHUYLER, JR. Associated Press Sports Writer. Quarterback Len Dawson has seen his mates on the Kansas City Chiefs defensive team make as many as five interceptions in a game. But this time it was the Oakland Raiders who stole that many passes — passed thrown by Dawson.

By MIKE BRYSON Associated Press Sports Writer. There's a simple reason why the Los Angeles Rams are enjoying outstanding success this season, according to George Allen, coach of the National Football League's only unbeaten club.

The story of our football team in 1969 is simple: This is the best team we've ever had. And the Rams were coming up with big plays all over the place Sunday by turning back Dallas 24-23 for their 10th straight victory — the longest winning streak in the NFL since Green Bay did it in 1962.

Quarterback Roman Gabriel accounted for three of the plays during two touchdown passes and a field goal.

In other games, Minnesota defeated East Pittsburgh 23-14, Baltimore squeaked past Chicago 24-21 on some late heroics by Ernie Ladd.

### Public Welcome To Toastmistress Seminar

An opportunity to brush up on your speaking skills will be afforded to the public Tuesday, Nov. 25 from 10 a. m. until noon, when the Seminole County Sky Anchors Toastmistress Club will present a Public Speaking Seminar at the Sanford Woman's Club, 216 Oak Ave., Sanford.

The Fine Arts Department of the Sanford Woman's Club will host the event which is part of their overall program of enrichment and education for the current club year.

A variety of subjects relating to speaking will be covered. In addition to steps leading up to a good speech and the speech itself, tips will be given on listening to a speech.

The wedding will be an event of Saturday, Dec. 27, at 6:00 p. m. at the First Baptist Church of Tavares.

### Lake Mary Women Hear Mrs. Hawkins

By MARION BETHA

Speaking before a luncheon meeting of the Lake Mary Women's Club, held at the Holiday House, Winter Park, Mrs. Paula Hawkins stated that the sale of American flags had doubled in recent weeks and that the "silent majority" were tired of minority dissenters getting publicity.

The speaker further stressed her feelings of patriotism in stating that the United States had made progress never equaled by any other country in recorded history, and that while dissenters in this country were protesting, there was no waiting list of persons wanting to leave the United States.

The attractive committeewoman said that this loss of liberty will never come from the ballot box, but from lack of desire to work or the part of individuals, and wanting the state to take care of them.

Mrs. Hawkins deplored the fact that schools no longer stress patriotism in the teaching of their orators as Patrick Henry's famous liberty speech. She contended that in her opinion individual rights are being trampled on by the minorities, and that demonstrators are making the heroic deed by marching on memorials days.

The speaker concluded that people get the term of government which they work for, and that in the words of Daniel Webster, "God grants liberty only to those who love it."

Mrs. Hawkins was introduced by Mrs. Leo Meadors, chairman of the club Public Affairs Dept.

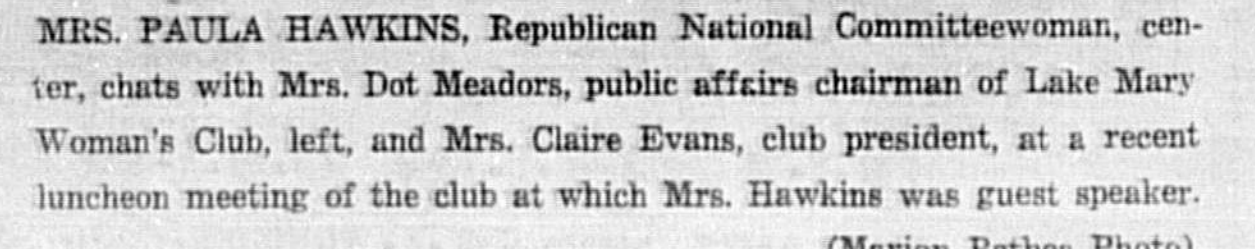

During the business meeting which followed, it was announced that the club will initiate a poll against obscene movies and programs on television.

The club also plans participation in the countywide Smorgasbord sponsored by the Sanford Woman's Club. The Lake Mary women will furnish hors d'oeuvres from various countries.

In other business Linda Fowler was appointed corresponding secretary to fill the vacancy created by the resignation of Marianna Pratt, and Mildred Sandusky was appointed sunshine chairman. Mrs. Lesora Green will serve as publicity chairman for the year.

The ways and means committee announced that memberships are available in the library patron fund and that the Federated Woman's Club Cookbook of Desserts is now on sale. Anyone wishing further information on either the cookbook or patron's fund is asked to call Mrs. Paula Hughes 323-0801 or Mrs. Maxine Hopkins 322-7418.

The next meeting of the club will be a coffee from 10:15 to 11:30 a. m. at the home of Peggy Albeto on Dec. 4. A book review will be given by Beth Grayney.

MRS. PAULA HAWKINS, Republican National Committeewoman, center, chats with Mrs. Dot Meadors, public affairs chairman of Lake Mary Woman's Club, left, and Mrs. Claire Evans, club president, at a recent luncheon meeting of the club at which Mrs. Hawkins was guest speaker.

### Knits Steal

Knits are a fashion must. And rightly so, with all the benefits they have to offer—comfort, style, a complete range of textures, patterns and fibers, and many rugged machine washable and drapable with no ironing. Knits of cotton, wool, synthetic fibers, or blends will be appearing in all fashion categories.

MRS. CHARLES N. MILLICAN, wife of the president of Florida Technological University, poses in the living room of her new home near Goldenrod, in the gown she wore to the formal reception and ball for FTU faculty and administrative staff Saturday, Nov. 22, 1969.

### Dr. And Mrs. Millican Host FTU Ball, Reception

By DORIS WILLIAMS

Florida Technological University Village Center was the setting, Saturday night, Nov. 22, for an elegant reception and ball for the FTU faculty and administrative staff.

Hosts for the gala formal (black tie) affair were FTU president, Dr. Charles N. Millican and his lovely wife, Frances.

George J. King Jr., executive assistant to the president, welcomed the guests in the foyer receiving line and introduced Dr. and Mrs. Millican, who in turn introduced Dr. Louis C. Murray, board of regents member, and Mrs. Murray.

Heading the receiving line in the beautifully decorated dining room were Dr. C. B. Granbrell, Affairs, and Mrs. Gambrell. Receiving the guests in the ballroom were Dr. W. Rex Brown, vice president for Student Affairs, Mrs. Brown, Mr. John Phillip Gore, vice president for Business Affairs and Mrs. Gore.

Feasting during the evening were Mmes. Ralph Boston, Lester A. Brown, Newell W. Comish, C. Barth Engert, Robert G. Flick, Bernard L. Foy, Charles E. Gilliland and David E. Hecander.

Also Mmes. Robert D. Kersten, George J. King Jr., Eren J. Lyle Jr., Charles N. Millican, C. C. Miller, Bernard Oatis and William F. Warden.

The president's dining room featured a gold tree, arranged with yellow mums and eucalyptus, on each of the two credenzas. Each end of the long serving table held a five-branched gold candelabrum, eucalyptus arrangement of yellow candles, bronze and gold mums and greenery.

The ballroom was decorated with urns and baskets of greenery with each table centered with a large yellow candle nestled in ferns and pom-poms. Music for dancing was furnished by the Continental Quintet. Over 300 attended the elegant, formal affair.

### Miss Howe Bride Of G. J. Bierwirth

By MELENDIA CASSELLBERRY

Miss Sandra Kathleen Howe, daughter of Mr. and Mrs. Robert Howe of Lake Triplett Dr., CasSELLBERRY, became the bride of George John Bierwirth Jr., son of Mr. and Mrs. George J. Bierwirth Sr., of Holywood, Nov. 15, 1969, at the Community United Methodist Church in CasSELLBERRY.

Officiating at the double ring ceremony was Rev. Delmas M. Copeland. Mrs. Nell Drueding played traditional wedding music at the Organ. Baskets of white gladioli and chrysanthemums decorated the altar.

Given in marriage by Jane Hodges and Mrs. Evelyn Smith served the punch. Sandwiches, hors d'oeuvres and coffee were also served. The bride's book with brown accessories and an orchid corsage.

For her wedding trip to Daytona Beach the bride wore a rust colored suit with brown accessories and an orchid corsage.

The couple will make their home at 945 S. Pennsylvania Ave., Winter Park.

Out-of-town guests were Mr. and Mrs. Jeff Miller, Eve, Pa.; Robert Bierwirth, Augusta, Ga.; and Mrs. Jane Glenn, Melbourne.

### Carriage Hill Women Announce Holiday Plans

The November meeting of the Carriage Hill Women's Club was held at Tradewinds Cafeteria in Seminole Plaza. Approximately 50 women attended.

The business meeting was held followed by a toy and gift item display. Members attending brought canned food items to be used in Thanksgiving baskets for needy families in the area. Mrs. John Kelley, sunshine committee, will handle details and delivery of these baskets.

Next meeting will be Dec. 11, at 8:30 p. m. at the Tradewinds Cafeteria. Guest speaker will be Sgt. Tom Deppen of the Sanford Police Dept. He will speak and show a film on "Drug Addiction." All Carriage Hill women are invited.

Contact for reservations, Mrs. Donald S. Barro, 838-2390.

Robert C. Micheles and M.T. Easton spoke to the group regarding plans in process to establish a Carriage Hill Community Assn., which will be very beneficial for all residents.

At the present time a committee is working on a charter and by-laws. Their first meeting, open to all Carriage Hill residents, will be Tuesday, Dec. 9, at Tradewinds Cafeteria.

Next meeting will be Dec. 11, at 8:30 p. m. at the Tradewinds Cafeteria. Guest speaker will be Sgt. Tom Deppen of the Sanford Police Dept. He will speak and show a film on "Drug Addiction." All Carriage Hill women are invited.

## Holiday Specials

It seems as if there's something special going on almost all the time these days. But when the holidays arrive we all tend to revert to tradition. And why not—it's part of the spirit of the season. However, even the most hallowed traditions lend themselves generously to a new idea or treatment that adds sparkle and interest to our favorites.

Golden canned cling peaches from California are fast becoming a tradition when served with meat or poultry. We've pictured them here with an easy new spicing—cinnamon combined with mint—try it and rave.

The traditional appearing pudding just looks that way. Actually, while it is steamed as most holiday puddings are, instead of a heavy, rich dessert our Special Holiday Pudding turns out to be light and the only richness is in the addition of hard sauce if you care to serve it. Luscious, moist California prunes are the wonder ingredient here. The new pitted prunes may be used if you choose. Just prepare according to packaged directions, using the cranberry juice for liquid.

Everyone will ask for seconds of the Sweet Potato Scallop. Such a delicious way to serve yams or sweet potatoes. The mushroom crowns add a delightful texture treat.

Made ahead fruit salad molds give a light and refreshing touch to the menu. Colorful fruit cocktail adds the highlight here.

And then there's the bird. Traditional, yes. But with the convenience of packaged stuffing, and the addition of chopped prunes and grated orange rind, here again you have something special.

Maybe the most special thing about the whole menu is the fact that everything included can be put together either ahead of time, with convenience foods or with the minimum of last minute effort. So that one of the most special things of all can be a relaxed, unhurried hostess at the holiday dinner!

**TIME GUIDE FOR ROASTING WHOLE TURKEYS**

Ready-to-Cook Weight	Total Cooking Time	Oven Temperature
10 to 12 pounds	3 hours	325°
16 to 20 pounds	3-3/4 to 4-1/2 hours	325°
24 and over	Approx. 14 min. per lb.	300°

Individual preferences differ for turkey texture and moistness, just as they do with red meat. For those who prefer turkeys not so moist, cook approximately 1/2 hour longer.

### Special Holiday Pudding

- 1 cup cooked prunes
- 1 cup cranberry juice cocktail
- 1 cup sifted all-purpose flour
- 1 teaspoon salt
- 1 1/2 teaspoon soda
- 1 teaspoon pumpkin pie spice
- 1 cup dry bread crumbs
- 1 cup brown sugar, packed
- 2 eggs
- 1 can (6 oz.) evaporated milk
- 1/3 cup melted vegetable shortening
- 1/2 cup sliced almonds

Combine prunes and cranberry juice cocktail, bring to boil and simmer, 10 minutes. Cool. Halve and pit prunes, dice enough to make 1 cup. Save remaining prune halves for garnish. Sift flour into a mixing bowl with salt, soda and spice. Stir in bread crumbs and brown sugar. Beat eggs with milk; stir into dry ingredients along with shortening, diced prunes and almonds. Pour batter into well-greased 1 1/2 qt. pudding mold (if mold is not covered use aluminum foil). Place in a pan of hot water filled half the height of mold. Bake in 400-degree (hot) oven 1 hour or place on rack in kettle filled with boiling water to half the height of mold, cover and steam 1 hour. Serve pudding with hard sauce. Makes 8 servings.

### Prune Orange Dressing

- 2 bags (8 1/2-oz.) Corn Bread Stuffing Mix
- 1/4 cup grated orange peel
- 1 cup melted butter
- 1 cup water or broth

Combine dressing mix with prunes, orange peel and butter. Stir in water gradually. Blend lightly. Makes enough dressing for 11 to 13 lb. turkey.

### Cinnamon Peach Halves

- 1 can (1 lb. 13 oz.) Cling Peach Halves
- 1 stick cinnamon
- 2 drops mint extract

Drain peach halves reserving syrup. Combine syrup, cinnamon and mint extract in saucepan. Bring to boil and simmer until reduced one half. Pour hot syrup over peach halves. Refrigerate over night. Reheat to serve.

### Cranberry Lemon Fruit Mold

- 1 can (1 lb. 14 oz.) fruit cocktail
- 1 envelope plain gelatin
- 1/2 teaspoon grated lemon rind
- 2 tablespoons lemon juice
- 1/8 teaspoon salt
- 1 cup ginger ale
- Cranberry Lemon Layer
- Crisp Salad Greens

- Cranberry Lemon Layer**
- 1 can (1 lb.) jellied cranberry sauce
  - 1 envelope plain gelatin
  - 3/4 cup water
  - 1/2 teaspoon grated lemon rind
  - 2 tablespoons lemon juice

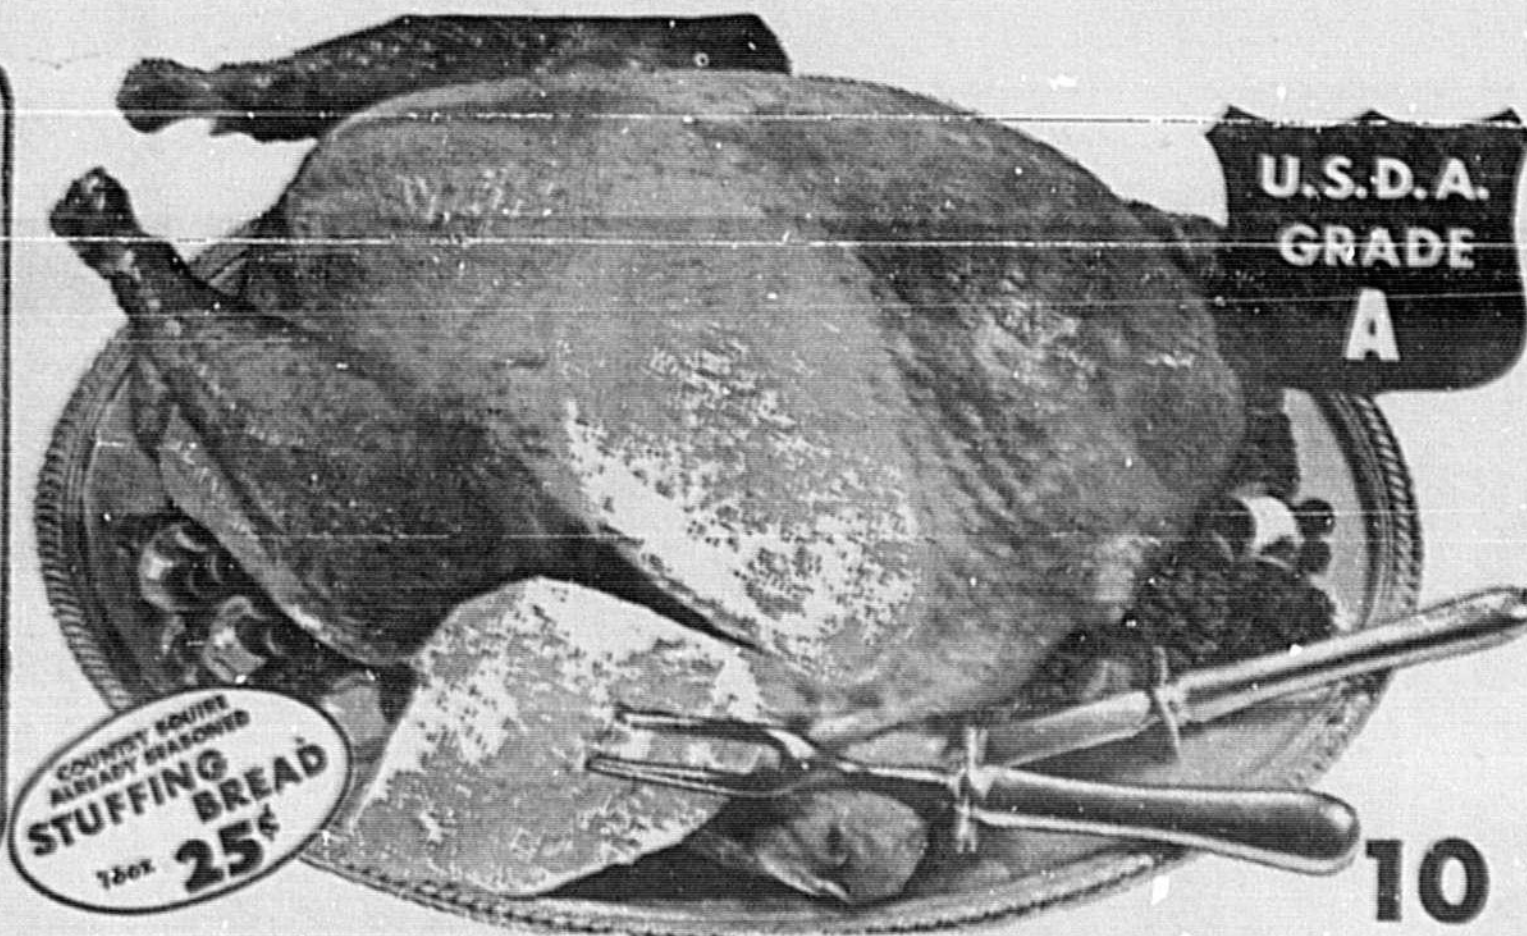

Drain fruit cocktail, reserving 1 cup syrup. Soften gelatin in 1/3 cup syrup. Heat remaining syrup to boiling. Dissolve gelatin in hot syrup. Add lemon rind and juice and salt. Cool. Add ginger ale and chill until mixture thickens and mounds on a spoon. Fold in drained fruit. Turn into 8 (4 oz.) individual molds, filling each 3/4 full. Chill until firm. Turn Cranberry Lemon Layer into molds on top of fruit layer. Chill firm. Unmold on crisp salad greens to serve.

**Cranberry Lemon Layer:** Heat cranberry sauce over low heat until racted. Soften gelatin in water. Add to hot cranberry sauce, stirring until dissolved. Stir in lemon rind and juice. Chill until mixture thickens and mounds on a spoon. Makes 8 servings.

### Sweet Potato Scallop

- 1 cup brown sugar
- 1/4 cup butter
- 2 cans (1 lb. 13 oz.) yams or sweet potatoes
- 2 cans (6 oz.) whole mushroom cretons

Mix brown sugar and butter. Slice yams or sweet-potatoes and spread in layer on bottom of casserole. Add layer of mushrooms including liquid. Sprinkle with half of butter and sugar mixture. Repeat for second layer. Bake in 350 degree (moderate) oven 30 to 40 minutes. Serves 8.

BURNED gas truck resulted from a collision with a car at intersection of SR 46 east and Cameron Avenue near Sanford. Lake Mary and Midway Volunteer Fire Departments were called out to extinguish the flames that burst forth after a car driven by Paul E. Tourney, 65, Matland, struck the rear of the Public Gas truck operated by James M. Bass, 49, Longwood. Tourney was removed to Seminole Memorial Hospital for treatment of facial cuts while firemen played hoses on the truck for some time before bringing the flames under control.

ON SALE at Bear Lake School are school sweat shirts and boxes of candy with proceeds going to the PTA fund to purchase playground equipment. Left to right, Dale Beno, Mark Harlan and Mary Ann Nelson. (Maryann Miles Photo)

## Drug Cache Found In Seminole Home

A raid last night by Seminole County Sheriff's Department investigators and a deputy constable on a Casselberry house resulted in the disclosure of a drug-stolen money order ring with implication in other criminal activities.

This was disclosed after Sgt. Jack Bushor, sheriff's investigator and Harold Granberry, District Six deputy constable, raided a house after an eviction by the owner disclosed a cache of marijuana, heroin, amphetamines, barbiturates and other unidentified pills and tablets.

Bushor said the drugs had been stolen from drug stores as they were identifying marks.

He added warrants have been issued for an unidentified man who had been evicted from the house for non-payment of rent by the owner, who found the various items including a carload of stolen jewelry when he arrived to clean up the dwelling before rental.

Bushor declined to disclose the location of the house or the principals involved explaining this could not be done until an arrest is made.

There were approximately 10,000 tablets of various type drugs and Florida Bureau of Law Enforcement agents were called in to help in identification of the narcotics.

A sawed-off double-barreled shot gun and two revolvers were also confiscated in the incident, Bushor said.

Possession of a cut-down shot gun is a violation of federal law, the detective advised and this could bring the Federal Bureau of Investigation into the case, he continued.

Bushor said approximately \$1,000 in orders were seized in the raid.

## Subsidy Illegal, Attorney Opines Sanford Nixes New Bus Line

By BILL SCOTT

Sanford City Commission last night took action on a request by the Greater Sanford Chamber of Commerce's merchants division to establish by ordinance a city bus system.

After a 45 minute discussion between commission and proponents of the bus lines, the commission moved along to other business after City Attorney W. C. Hutchinson said the city could not legally pay a subsidy to Sanford Transit Company to operate a five-day week bus service to various city points.

Hutchinson said he had re-

searched whether city could stand for \$12,000 yearly estimated subsidy and found it could not be done.

The attorney said anything could be done by a city as long as no one questions it, but felt the city would be in a bad light if an objection arises.

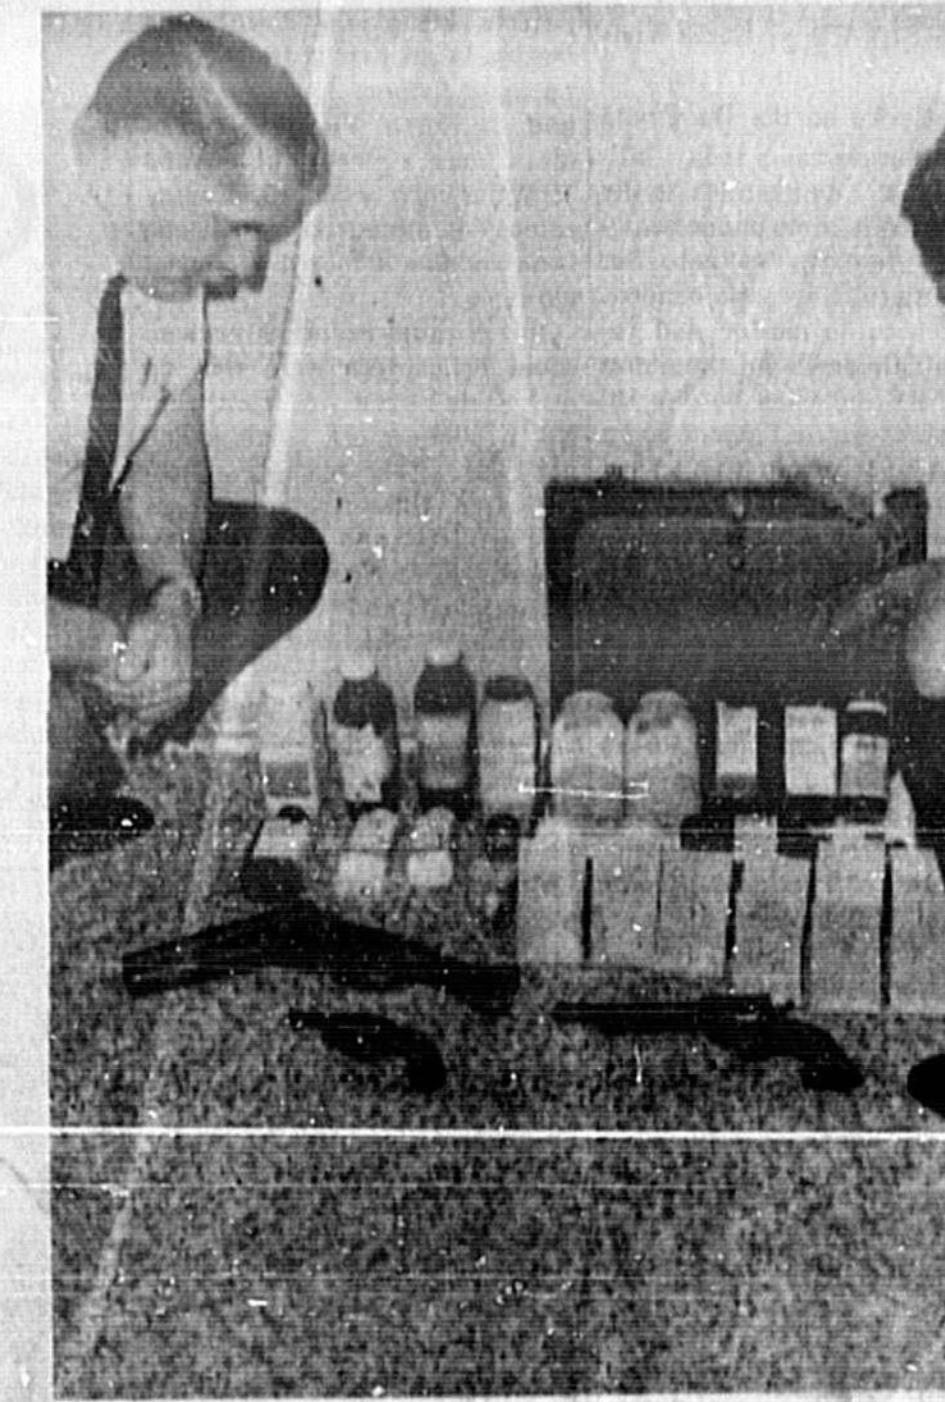

Charles Collier, former owner of the transit firm which was sold during the week to Tom Barlow of West Palm Beach, asked Hutchinson how City of Casselberry operated a franchise and the attorney said he did not want to be quoted on anybody but Sanford.

New part owner John Payne said the bus could be self-supporting in a year and only the first year's cost would need to fund the operation.

William Boatner, chairman of merchants group, asked commission to finance a study of persons riding cabs, who might be potential bus customers.

W. E. Knoles, city manager, replied city was not in the transportation field and he was not capable of making such a study.

Collier advised the firm could not undertake the line without subsidy since it would probably lose money.

## County Can't Afford Roads

By FRED VAN PELT

While favoring the State Department of Transportation's 15-year road building program, the Seminole County Board of County Commissioners held this morning that it could not afford to finance its 25 per cent share of the \$68 million cost for new highways in this county.

The county approved a resolution, moved by Commissioner Greg Drummond, that the state make an in-depth, realistic study of this county's funding program to support the 15-year road program.

With approval of the resolution, Chairman John Alexander stated, "Gentlemen, you have just gone on record as favoring a two-cent increase in the state gasoline tax."

Commissioner Robert Parker had thought to build up the county's own road and bridge fund by increased ad valorem taxation, diverting some of that fund to the state program. But Commissioner Dan Palham sidetracked that thought when he said, "I believe the people who use the roads should pay for them."

## Deadly Weapons Found

SEIZED DRUGS taken late Monday afternoon by Seminole Sheriff's Investigator Jack Bushor, right, in a raid on a Casselberry house where an eviction by the owner disclosed the cache of stolen drugs, money orders and jewelry. Deputy Clarence Smith, left, joins Bushor in checking numerous jars filled with drugs.

Alexander questioned the \$1.99 a gallon inter-county belt line. Bush said they would cost \$33 million. Alexander asked if it were possible for these to be financed by the federal government. Bush replied that, if so, it would cost Seminole County's matching share in half, and the county could fund its share.

Alexander summed it when he said: "We may have a paper tiger by the tail - lots of roads and no way to fund them." Drummond theorized: "It's easier to go from the main to the minor."

Alexander to Orange County. Sheriff John Polk was scheduled to request the Commission for \$4,700 to equip a new private investigator for all major felony cases, in response to State Attorney Abbott Harrison's request last week for a similar officer.

## Casselberry Holds Rates

By TOM ALEXANDER

City of Casselberry was advised last night that a change in water and sewer rates will not be likely if and when the present financing bonds to take over the present South Seminole Utilities Company and if they do so, the corporation will take on a non-profit aspect and be governed by an appointed city board.

Casselberry is presently considering financing bonds to take over the present South Seminole Utilities Company and if they do so, the corporation will take on a non-profit aspect and be governed by an appointed city board.

Wagner, in response to questions from the council, stated that the present high cost of money and soaring interest rates should go down, but this downward trend if and when it comes would not effect a rate change. Wagner said that the reasons the city could not lower the present water and sewer rates would be due to the maintenance, expansion, and growth of the system, which would take all incoming capital to maintain the present system.

## Building Continues In County

By MARION BETHA

The tremendous growth of the Central Florida area is reflected in building permits issued during the month of November. Many homes in the \$10,000-\$20,000 class are being built, as well as additions and enlargements, possibly to accommodate "snow bird" visitors.
