

Baseball Executives Asked To Curtail Travel During 1943

WASHINGTON, Dec. 1. (AP)—Joseph B. Eastman, defense transportation director, called upon major league baseball executives Monday to "explore the possibility of curtailing travel" during the 1943 season.

Eastman offered several suggestions but said he could not predict at this time whether they would be sufficient, adding: "Accordingly this letter can not be taken as a guarantee of the future."

Eastman sent identical letters to Kenneth Mountain Landis, commissioner of baseball; Ford Frick, president of the National League; and William Harridge, president of the American League, asking that the joint meeting of the leagues opening tomorrow in Chicago consider carefully the problem of basic travel requirements that can be met "without waste in space or mileage."

Eastman made these suggestions:

1. Travel incident to spring training might be minimized. Subject to suitable weather conditions, the selection of a training site as near as possible to the permanent headquarters of the team would save transportation. Also the elimination of drastic curtailment of pre-season exhibition schedules would ease the transportation burden.
2. Long duplicate trips must be avoided during the regular season.

Eastman asked the baseball executives to reexamine their schedules to determine if city to city trips could be pared further, and said that after the season begins the rescheduling of postponed games should be arranged in a manner to avoid any extra travel.

Schedules should provide for simple traveling time between cities to avoid possible game cancellations in case of late trains or accommodations. Consideration should also be given to less crowded secondary trains in place of primary trains, and in certain cases it may be necessary to use day coach facilities rather than sleeping cars.

The defense transportation chief said he felt other types of travel by individuals and groups "have possibly a lesser justification than baseball team travel," but that he felt the baseball executives should be informed of the situation as it now appears to him.

Four Grid Teams From Southeast Asked To Bowl

ATLANTA, Dec. 1. (AP)—The Southeastern conference will be asked to grant permission for four members to play in post-season bowl games next Jan. 1.

Georgia Tech cleared the way today for competition against Tennessee in the Cotton bowl when the faculty committee on athletics formally accepted a bid extended by the Southwest conference champions for a New Year's day game at Dallas.

Georgia previously had accepted a bid to the Rose bowl at Pasadena, Calif., and Tennessee accepted an invitation from New Orleans' Sugar bowl. Georgia's opponent is not yet determined. Tennessee will meet Tulsa, and remaining unbeaten, until major football team of the nation.

The fourth member headed for an Orange bowl meeting with Boston college at Miami.

Conference approval is always a formality with invited teams asking—and invariably receiving—permission to engage in post-season games. The requests will be considered this year when the conference meets in regular session at Knoxville, Tenn., Dec. 11-12.

Last season Alabama went to the Cotton bowl, and Georgia played in the Orange bowl. The previous year Mississippi State was invited to the Orange bowl and Tennessee to the Sugar bowl.

Garden Club Notes

Editor's Note: This is the first of a series of articles appearing in the Herald once a week written by members of the Sanford Garden Club on matters of particular interest to garden lovers and horticulturists.

By Mrs. Henry Wight, Honorary Member, Sanford Garden Club.

Occasionally it is said to me "The Garden Club has made a big difference in the appearance of Sanford." Of course it pleases a Garden Club member to hear this, but in truth this change has many factors besides this organization. Foremost among these are the plant sales and flower shows of the Women's Club, the City Beautiful Committee, which canvassed every street taking orders for its slogan, "A Palm, a poinsettia and a hibiscus," for every garden later a garden committee worked successfully for a year, thus forming a nucleus for our present Garden Club.

At that time, Mrs. Arthur Cummer of Jacksonville, then president of the newly formed Florida Federation of Garden Clubs came to us. Her enthusiasm, her radiant love of gardens inspired us to try out the value of organized effort, and from that time to the present, the Sanford group has gone forward. Thirty years ago, I can remember only one big single red hibiscus bush, a few long-legged poinsettias, one fine Paul's Scarlet climber, all on Park Avenue.

Mr. and Mrs. J. G. Pluckebaum of Cocoa were guests of Mrs. Nellie Thomas on Sunday.

Gators Release '42-'43 Schedule For Basketball

GAINESVILLE, Dec. 1.—(Special) Arling Athletic Director Percy Beard today announced a twelve game basketball schedule for the 1942-43 University of Florida basketball team.

The Gators' first game is set for Dec. 11 at Tuscaloosa, Ala., against the Alabama Crimson Tide. Additional games may be inserted into the schedule if they can be arranged without creating a transportation problem.

In commenting on the schedule, Dean W. H. Wilson, chairman of the athletic committee stated: "The committee voted to play the basketball schedule provided it is possible to secure transportation."

The schedule:

Dec. 11-12 Alabama at Tuscaloosa Ala.
Dec. 14-15 Mississippi State at State College
Dec. 16-17 Mississippi at Oxford, Jan. 22-23 Georgia at Athens
Feb. 19-20 Auburn at home

McCarthy Brothers Are All Captains

FT. PIERCE, Dec. 1. (PNS)—All three of the McCarthy brothers are Captains now in the Army. Dan, former Speaker of the House of Representatives, who is on duty at Camp Shelby, Miss. was promoted to Captain some time ago. Word was received this past week that Brian and John, both of whom are on duty at Fort Bragg, N. C., were promoted the Captains recently.

All three are graduates of the Ft. Pierce High School and the University of Florida, and had ROTC training prior to enlisting.

Cigars Presented With Enlistments

CAMP BLENDING, Dec. 1. (Special) A cigar with each enlistment or so thought men seeking enlistment at Camp Blending. Induction station when a box of cigars was passed around to them were invited to help themselves.

The thought of the matter was that Corp Henry F. King of Hanger No. an Induction Station clerk had purchased a box of cigars to celebrate the birth of his first son and had invited everyone to share in the event.

In 1942 only 13 states levied taxes on tobacco, now the number has increased to 28.

Men of Mettle

Our men of mettle in the armed forces will smash their way to complete Victory.

Their mettle is backed by faith in themselves, in their leaders and in the people on the home front.

It is the job of the people at home to match the METTLE of our men on the firing line with every bit of METAL we can put into their hands in the form of planes, tanks, ships, guns, ammunition and all the other needed materials of war.

ETTA KETT

At the year's have passed, we have had nice counsel from Dr. Harold Hume, Professor and Mrs. L. E. Lord and Mulford Foster, who designed our Victory Garden Show in 1942.

There have been many others who have shared their knowledge with us, and we have helped each other in experimentation.

I can remember a thin rod of sweet peas in a back yard—so unusual then that Mr. Mead made a trip to Sanford to see if it was really true they could be grown here. I can recall our amusement and wonder over our first home grown delphiniums that reminded us of Woodworth's lovely line about "Speedwell's darling blue" at the present time sweet peas and delphiniums are grown commercially in great quantities by our local horticulturists, who have patiently worked out methods and formulas for soil adaptation. These local firms have been of incalculable help to the individual gardeners.

WINDOW WORLD

(From The Washington Post)
I saw a man in a window
My window was I look
I borrow from a living thought
I take from all my thought.

A lake is some from early morn
To sunset time though I'm not
near it
Its quiet waters in my mind
And heart, they are the same.

When the of the mountain had
and the lake
Is he to look the white
clouds
And see a mountain of
the
Is he to look the white
clouds

Cities may fall and cities may
rise
But cities that are built
on
I have heard of cities that
are
To that of the
ROSEMARY PARBAR

They say the sun has
of the stomach, but that
had he ought get well.

Separate. If I could not believe
that I had not about all the
war it is the same. Maxine

It's about this time of year
that some of us are
has just about done the
effect that the people will
as usual at longness this year.

The American troops are going
take Gona and then there
go to be no more. In New
Guinea.

A new booklet is out telling
housewives how to save meat. A
better way might be to eat
instead.

Nearly five hundred persons
died in the
a public official and influential
materials were
inflammable.

In New Jersey there are three
mothers working in a shipyard
building warships for their own
sons. Each of them has two sons
in the Navy.

In spite of our repeated warn-
ings against war marriages, the
license bureau seem to be having
a banner holiday. He says:
What's the use?

According to Elmer Davis, the
chief aim of the country
should be survival. The well
known radio commentator certainly
has something to say.

Gamsterism and racketeering
is said to be increasing in the
metropolitan areas as rationing
and other restrictions make illegal
sales more and more profitable.

With the scuttling of the
French fleet, Dorothy Thompson
was not a victory for the Allies,
but the suicide of a great nation
which should have been on the
Allied side.

The government is considering
the necessity of limiting news-
print supplies to newspapers so
that they will have less space
than ever to devote to the volumes
of publicity which the various
government bureaus send out.

It is perfectly all right for
farmers to increase the wages of
their farm labor up to \$200 a
month. Economic Stabilization Di-
rector Hyman said so. But what
he neglected to mention was
where are they going to get the
money to do it. With price con-
trols on their products, it doesn't
seem likely their crops will pro-
duce it.

A publicity picture, showing
Miami, Christine Shoemaker of
Miami, Christine dressed in shorts
and wearing a eeddy at Nor-
mandy Isles. Golf course, reached
last week. American soldiers in
the South Pacific. He wrote he
would her to reply and asked:
For every letter you send me
I'll send a Jack. Christine sent
three letters recently. Mi-
ami Post. Why not send him a
line and let him wind up this
mess war?

Speaking Of Casualties

Casualties to our armed forces from Pearl Harbor to
Nov. 15, excluding the African Campaign, have been 5,691
dead, 3,435 wounded and 39,827 missing or prisoners—a
total of 48,956. These figures are from the government.
Casualties to American workers through accidents in the
same period have been 41,500 dead and 3,800,000 wounded.
These figures are from the National Safety Council.

The Council offers the comparison as evidence that
accidents help the Axis in draining America's manpower
that is vital to victory. The total American accident toll
since Pearl Harbor has been 89,000 killed and approxi-
mately 8,800,000 wounded, the Council said. Among the victims
are thousands of skilled workers and key men in the na-
tion's war program, who cannot be replaced.

"Casualties on the battle-front are a necessary sacrifice
to perpetuate our freedom," said Ned H. Dearborn, execu-
tive vice president of the Council. "Casualties on the home-
front, through accidents, are preventable and hinder the
efforts of our fighting men by sabotaging the production
of the weapons and material of war."

"Those who fall in battle die for a cause. Those struck
down by accidents die in vain."

"It is the duty of every patriotic American to conserve
manpower for victory. We must stop accidents."

Get Knowledge

Views may vary on educational procedure in these
changing times, but about the main thing there is no ques-
tion. Young people, within the limits of patriotic duty,
should take all the learning they can get, whether in high
school, college or technical school. Especially, perhaps, in
the last of these. The nation is going to need far more
trained people in the field of practical technology for a long
time to come.

The doubling up of selected youths to combine their
last year of high school and first year in college, as recom-
mended by the national Educational Policies Commission,
seems desirable. This is not really skipping a year,
saying time by working much harder than students usually
do, so that there may not be much important work lost from
the courses. It is likely to be rather tough on the students,
and they must take care to preserve their health; but the
work will probably be no more onerous there than in the
training camps.

These are days of high pressure, not only for the fight-
ing forces but for technical people of all kinds, and indeed
for almost everybody else. They are also inspiring times,
in which people of all ages rise easily to the tasks assigned
them.

Faith And Works

The Allied Nations have been having such a run of
luck lately, with the war, that some folks are beginning to
worry a little. It doesn't seem natural to win so many vic-
tories in a row, to take over that vast area in North Africa
with so little trouble, to find ourselves suddenly on the of-
fensive in the Pacific, instead of the defensive, and so on.
People who are natural worriers start saying, or at least
thinking, "Can we keep it up? Isn't it tempting Providence
to have so much good luck?"

Well, excessive pride and vainglory have doubtless
started up many a promising war. It is well always, while
keeping a stout heart in adversity, to have "an humble
and a contrite heart" in prosperity. This is a good time to
read that great "Recessional" poem of Kipling's, with its
 refrain, "Lord God of Hosts, be with us yet, Lest we
forget, lest we forget."

But there may be also a counter-acting principle. We
say that "nothing succeeds like success," and that the way
to win is when you get into a winning streak, to go all out
for victory. There's certainly something in that.

Perhaps the conclusion in this matter is simply the
current slogan, "Praise the Lord and pass the ammunition!"
We haven't realized yet the full value of that inspired
battle cry.

Geographical Identification

A gent, a little the worse for drink, stepped onto one of
those traffic islands in West End London on a rather
foggy night. Not sure of just what section of the West
End he was in, he asked another man who was also waiting
for the traffic to pass.

"Harden me could you tell me what island this is?"

As was the answer, "It's Great Britain."—Ameri-
can Exporter.

WEEKLY NEWS COLUMN

By JOE HENDRICKS

I WON'T JOIN THEM—My
good friend and a man whom I
admire very much, the Honorable
George C. Fox of Georgia, has
proposed a coalition of Southern
Democrats and Republicans. I
have no intention of joining this
coalition. When I came to Con-
gress I was not bound by any
group or organization. I have
maintained my independence. I
have not been bound by the Ad-
ministration since I have been
herein I voted with the Ad-
ministration every time that I
felt that I could do so with
clear conscience. But there have
been times when I disagreed and
have voted against the Admini-
stration. I do not say that I
will not vote with the coalition
at times. If their proposals are
what I think best, then I shall
vote with them but I am not
going to tie myself to any coal-
ition, any group or any Admini-
stration which can direct me how
to vote at all times. I expect
to continue to vote independently.

MORE SHIPS—The Palatka
Shipbuilding Corporation has re-
cently been awarded a contract
for 30 small boats which will
cost over \$11,000 each. This is
more work for the people in the
Fifth District and Palatka, and
will mean more ships to do the
job that we have to do in this
war. I congratulate the Palatka
Shipbuilding Corporation on the
fine work that it is doing and
also Mayor John W. Campbell,
of Palatka, for his aggressive
action in working to get these
contracts.

CLARIFICATION—Recently
the OPA office in Detroit made
rulings ignoring the rules and
regulations of the local Gas Ra-
tioning Board and also the local
County Farm Transportation Com-
mission. In so doing they left
many farmers without enough gas
to carry on their business. At
the same time a ruling was made
that still farmers could not be
served by Detroit with rationed
gas. A year ago, American Gas
Company, Detroit, was
operating, 1939 & 1940.

NATION-WIDE—The President
has today declared that nation-
wide rationing of gasoline for
the conservation of rubber will
go into effect on December 1st.
I think there will be less harsh
feeling in those states where
gas is rationed when the whole
nation is rationed. If rationing
of an scarce rubber in Florida; it
will also save rubber in any other
state.

LOYALTY IS APPRECIATED—
It was quite a shock to me re-
cently to learn of the death of
Mark B. Calder, Postmaster of
Titusville, Florida. When I ran
for Congress the first time Mark
Calder was not one of my sup-
porters. When it came time for
his appointment as Postmaster I
reappointed him. Mark has shown
his appreciation by remaining
loyal to me and never have I
asked a favor of him. Which was
not granted. Mark was one of
those people who, when he was
your friend he was your friend
and you did not have to ask
where he stood. Loyalty of this
sort is to be appreciated. I know
that I join the people of Titus-
ville particularly in their appre-
ciation of Mark's loyalty.

CIVIL SERVICE EXAMINA-
TIONS—The Civil Service Com-
mission announced the following
qualifications for the positions of
\$3,000 a year, American Gas
Company, Detroit, was
operating, 1939 & 1940.

THE (FRONT) DOOR

Home Demonstration

By MRS. OUIDA WILSON

Sharing meat should not work
a hardship on any family, with a
weekly allowance of 2 1/2 pounds
for each adult, 1 1/2 pounds for
children between the ages of 6
and 12 and 2 1/2 pound for children
younger than six. Besides the all
seasons of red meat, beef, pork
and lamb, there is chicken, fish
and all animal organs that are
delicious and nutritious.

The meat substitutes are also
palatable and nutritious, milk,
cheese, dried beans and peas and
whole grains. These foods con-
tain protein and some of the vita-
mins contained in meat. They
are also more economical than
meat.

Even with all these substitutes
it is easy to know ways to
stretch out the pounds of red
meat. The Agribullet News
Service printed a short column
by the home demonstration soci-
ety of Tallahassee which gave
the following suggestions:

1. Stuffings for baked roasts,
veal or beef hocks or honey cuts,
to make a savory blend of stuff-
ing and meat.

2. Steaks to make use of
tough cheap meat or small tender
tidbits.

3. Meat pie. For a flavorful
hot diet substitute, use
1. Meat loaf. Good way to
use cheaper cuts.
2. Ground Beef. Broiled
or baked.

4. Mash potatoes, bread
crumbs or cooked rice and season
as you like it. Here is one recipe
for a savory stuffing. Cook 1/2
cup chopped celery and leaver,
one tablespoon of chopped onions
and one tablespoon of chopped
parsley in two tablespoons of fat
for a few minutes. Then add
two cups of soft bread crumbs,
1/4 teaspoon of savory seasoning
and salt and pepper to taste.

5. Fish and Isinglass (Aircraft)
\$9.20 to \$10.55 a day; Metalmith
(Aviation) \$9.12 to \$10.68 a day;
Wireworker (Aviation) \$8.50 to
\$9.82 a day; Helper Machinist,
\$5.04 to \$6.00 a day. For further
information call at your nearest
first or second class Post Office.

"ELECTRIC EYES"
RICHMOND, Va. Dec. 2. (AP)—
Governor Darden is planning to
use "electric eyes" to aid the state
police, whose ranks have been de-
pleted by volunteers for the Army
and Navy, in a check up on speed-
ers on state highways. Between
25 and 50 mechanical and port-
able speed checkers will be pur-
chased if the equipment is avail-
able.

Ohio State Buckeyes Rated First Team By Sports Writers

By HUGH FULLERTON, Jr., Associated Press Sports Writer
NEW YORK, Dec. 2. —(AP)—The Western conference champion, as usual, is on top of the nation's football heap. When Ohio State whipped the Navy Pre-Flight team 41-12, the sports writers participating in the Associated Press ranking poll were sufficiently impressed to vote the Buckeyes into first place and drop B. C. to eighth.

In the final tabulation of the 1942 season, Ohio State is credited with 1432 points, the highest final total in the history of the Associated Press poll. They were picked for first place by 84 of the 156 voters and top second-place Georgia by 23 points. Georgia received 62 first-place votes while Wisconsin and undefeated Tulsa drew four apiece and William and Mary and Holy Cross one each.

Final Ten

Ohio State (61)	1432
Georgia (62)	1339
Wisconsin (4)	983
Tulsa (4)	930
Georgia Tech	705
Notre Dame	590
Tennessee	533
Boston College	485
Michigan	467
Alabama	244

Second Ten

The second 10 is made up of Texas, 137; Stanford, 72; University of California at Los Angeles, 54; William and Mary (V.), 53; Santa Clara, 51; Auburn, 51; Washington State, 24; Mississippi State, 22; Minnesota, Holy Cross (1) and Penn State, 19 points each. Other votes were cast for Illinois, 18; Indiana, 12; Pennsylvania, 9; Hardin-Simmons, 5; Rice, 5; Navy, 4; Louisiana State, 3; Army, 3; Amherst, 3; Iowa, 3; North Carolina, 1; Fordham, 1; and Missouri, 1.

Six of the first ten teams have been selected to play in New Year's day bowl games. Georgia will oppose the Pacific Coast conference champion in the Rose Bowl at Pasadena, Calif.; Tulsa and Tennessee will clash in the New Orleans Sugar bowl; Georgia Tech will play Texas in the Dallas Cotton bowl and Boston

Representative Of Auto Company Addresses Club

(Continued from Page One) a big offender as far as labor problems are concerned," said Mr. Ford. "This law came into being in 1935 when conditions were far different than at present and when the problem was that of spreading labor as far as possible."

"The problem now is how to get the most labor for each person, and I therefore regard the 40-hour week law as antiquated and not fitted to present conditions," he added.

As bearing on this problem, Mr. Ford read section two of the report of the Resolutions Committee, given at the Florida Farm Bureau convention in Miami on Nov. 10, as follows: "As there is an acute shortage of man-power we favor passage of a universal Selective Service Law, abolition of the maximum 40-hour week; substitution of a minimum 48 hour week; that all WPA labor projects be eliminated; that all public projects not essential to the war effort be postponed for the duration; that distribution of food to those able to work be stopped, and that all labor union regulations which hamper efficient use of man-power be suspended."

College Teams Go On Scoring Spree This Grid Season

BY ORLO ROBERTSON
Associated Press Sports Writer
NEW YORK, Dec. 2. —(AP)—As a part of the topy-turvy gridiron season in which it was not unusual to see the underdog run wild against its more highly regarded foe, the nation's college football teams went on a scoring spree unequalled since 1930.

The 21st Associated Press analysis of scoring figures today revealed that 193 teams, scoring 24,081 points in 2,601 games, averaged 15.04 points. This rate of slightly more than two touchdowns a game is an increase of one-half point over last season and the highest since the college boys averaged 16 points 12 years ago.

The record of 19 points per contest was hung up in 1922, the first year the survey was conducted. Along with the increase in the average scoring per game, the average for the season also took a decided jump, going up to 124.77 points, the highest score 1931 and a decided boost over 1940 when the average was 118.25. In 1931 the figure was 124.7. Only two sections of the country, however, showed an increase in average scoring per game. Mid-Western colleges, on the basis of 327 games played by 37 schools,

rolled 19.21 points as compared with 17.26 last year, and had a team average for the season of 171.31 as against 150.05 in 1941. The Rocky Mountain area eleven boosted their average per game from 12.30 to 15.70 and their team figures from 97.58 to 130.15. The South came close to last year's figures with a decline of only a fraction of a point, but the East, Southwest and Pacific Coast fell way off.

Of all the teams in the survey, little undefeated Missouri Valley at Marshall, Mo., compiled the best average with 291 points in nine games for an average of 43.44. The Missourians, however, were topped in total scoring by unbeaten Tulsa. The Golden Hurricane, who will clash with Tennessee in the Sugar bowl on New Year's day, rolled up 427 points

in 10 contests for an average of 42.7. Georgia, headed for the Rose bowl, led the South with an average of 33.35 points on 367 points in 11 games. Colorado led the Rocky Mountain area with 27.23; Texas the Southwest section with 21.1 and Stanford the West Coast with 20.4.

ARMINDED VANDEMEER
CALDWELL, N. J. Dec. 2. —(AP)—Having been up in the air more than once on the pitching mound, Johnny (Double No-bit) Vandemeer of the Cincinnati Reds now is getting actual first-hand information on aircraft. He's employed as a bladesman at the Curtiss-Wright corporation's propeller plant here.

RIVALRY RENEWED
GREAT LAKES, Ill., Dec. 2. —(AP)—The Great Lakes Naval Training Station football team will meet a rival world war 1 days when the Bluejackets oppose Notre Dame on Chicago's Soldier Field, Dec. 5. The 1918 game ended in a 7-7 tie.

SCORING HIGH
EAST LANSING, Mich., Dec. 2. —(AP)—Speaking of basketball, Michigan State College scoring hit an all-time high last year. The Spartans piled up 833 points, 108 points more than any other season on record. Opponents rolled up 721 points, which was 133 more than the Spartans' defense had ever before yielded.

BLUE LIGHTNING
DURHAM, N. C., Dec. 2. —(AP)—The Blue Devils of Duke University claimed the fastest back in action this season. He is Moffat Starer, who has dashed 100 yards in 9.6 seconds.

COOPER INJURED
KANSAS CITY, Dec. 2. —(AP)—Morton Cooper, most valuable player in the National League last season, is suffering from a spinal injury after a fall from a ladder. He was painting his suburban home. He said Tuesday he does not believe the accident will affect his pitching.

LEMONS WINE
HOLYOKE, Mass., Dec. 2. —(AP)—Ritchie Lemos, Mexican featherweight from Los Angeles, battling his way to a unanimous decision last night over Kelley Jessup, Springfield Negro, in a 10-round feature bout before 3100 fans at the Valley arena.

Trap Around Axis In Bizerte - Tunis Region Tightened

Americans Carry On Operation Against Enemy In Jungle On Guadalcanal

Led by victorious American troops, the British first army tightened its trap around Axis forces in the Bizerte-Tunis zone while the British royal navy provided a cover and pro-Allied French soldiers beat off another German counter-attack at Pont Du Fahs, 30 miles south of Tunis.

Frontline dispatches said the decisive battle for the two key Axis strongholds of Tunisia are apparently underway. Allied siege columns were attacking less than a dozen miles from the Axis-held citadels.

The London Admiralty announced that the British Naval forces pounded on a Tunisia-bound Axis convoy in the Mediterranean, and destroyed six enemy ships and the British destroyer Quentin was reported sunk.

The Germans dropped 50 paratroopers as Arabs in an attempt to delay the Allied capture of Tebourba, vital rain center 10 miles west of Tunis, but Allied troops quickly mopped up the masquerading enemy and occupied the two points at daybreak.

The Libyan flank of the Allied vanguard, the British reported, pressed on as they probed Axis defenses at El Agheila where Rommel is entrenched in a narrow corridor between Sate Mershas and the sea.

An earlier communiqué said Superbly equipped and desert-toughened American steaming convoys were en route to Bizerte. Allied action yesterday in harrying back the heaviest German counter-attack of the Tunisian campaign as Allied troops pressed forward on Bizerte and Tunis under the protection of 100 B-24 bombers.

At least 12 Axis bombers were shot down in the Bizerte area, the communiqué reported. The decisive battle for Bizerte and Tunis apparently has now joined the air, land and sea forces converging on remaining Axis defenses in an all-out offensive.

Two Important Heights Taken By Red Armies

Nazis Withdraw Some Troops From City To Counter Soviet Attacks Elsewhere

On the Soviet front, the Red armies today captured another strategic height in the Stalingrad sector, the second within 24 hours, and the southern arm of the Russian offensive reached out within a few miles of Stalingrad, 35 miles southwest of Stalingrad.

Though the Germans still cling to positions in the city they were reported being weakened by the withdrawal of some troops to counter the Soviet advances elsewhere.

More villages were reported captured on the front northwest of Moscow where the second offensive was said by Red Star to be providing the Nazis into gradual, sustained retreats.

Many divisions have lost more than half of their men, the dispatch said, in the twin drives that already have cost the enemy upwards of 100,000 killed or captured.

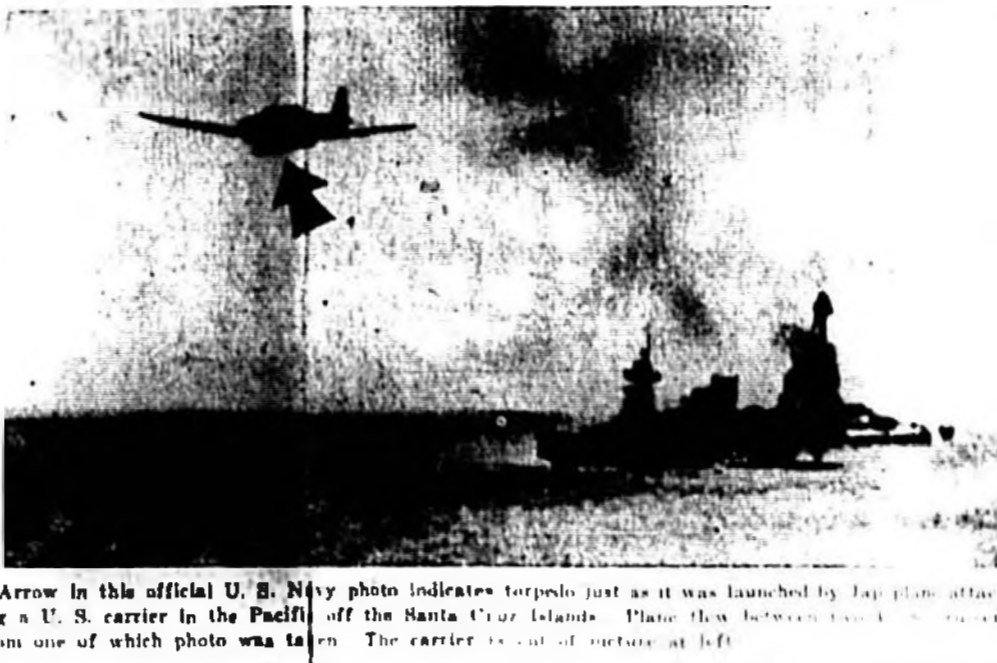

The Germans again hinted at a developing third Russian offensive in the Voronezh sector where the communists said severe losses had sapped the strength of Russian attacks between the Volga and Don.

Yushanaya, whose sister and son were killed in the fighting, was reported on the Central Don sector. The communiqué said severe losses had sapped the strength of Russian attacks between the Volga and Don.

German counter-attacks on the frosty plains northwest of Moscow in the Rubezh-Vyazma-Velikiy Luki triangle were growing in violence, but Red Star reported several important lines and points were captured. The enemy was reported throwing special units including highway guards into the combat.

German counter-attacks on the frosty plains northwest of Moscow in the Rubezh-Vyazma-Velikiy Luki triangle were growing in violence, but Red Star reported several important lines and points were captured.

Jap Torpedo Misses U. S. Carrier In Pacific

Admiralty Announces Six Vessels Of A German Convoy To Africa Is Destroyed

SAN FRANCISCO, Dec. 3. (AP) The Twelfth Navy District today announced a "large number of unidentified surface vessels" was reported 450 miles off the California coast, but a thorough search "failed to confirm their presence."

Large number of unidentified surface vessels was reported by the Navy patrol at dusk Dec. 2 on an easterly course 450 miles off the coast of California.

Since the presence of such a force would constitute a serious hazard to the west coast, every effort was made by Army and Navy aircraft to verify the report and all available forces were alerted and sent to intercept any enemy forces.

The Navy announcement concluded the report is considered in error.

WASHINGTON, Dec. 3. (AP) Marine Corps aircraft today reported the destruction of another 35 enemy planes in the Balkans. The report contained a quantity of other information.

He's Kind to Animals

One of the few gold medals to be given by the American Humane Society for the promotion of kindness to animals was recently awarded to Wait Disney.

Dr. Daniel Newman Cone, 47, a pioneer Florida physician and the director of the establishment of the local County Health Unit, died at his home in White Springs Tuesday night following a lingering illness.

Dr. Cone was born at Benton and spent most of his life in the vicinity of Columbia county. Prior to his illness he was director of the department of epidemiology of the State Board of Health.

He was graduated from the Florida State College at Lake City and the Medical College of the University of Virginia.

His survivors include his widow, Mrs. Sallie Mae Mowlett; three children, Dr. D. N. Cone, U. S. Navy Lieut. Comdr. J. L. Cone, U. S. Navy, and Lieut. Dale S. Cone, U. S. Army, two daughters, Miss Sara Rowlett Cone and Mrs. P. J. Sawyer of Jacksonville; one brother, Jack Cone of Lake City; a sister, Mrs. Amy Sprague; and one grandchild, Ruth Scott Cone.

Funeral services will be held in the residence at White Springs, Thursday at 11 A. M., with the Rev. John Dick, pastor of the White Springs Baptist Church officiating. Interment will be in White Springs Cemetery. The Nelson Funeral Home is directing the arrangements.

U. S. Will Continue To Deal With Darlan

WASHINGTON, Dec. 3. (AP) Secretary of State Cordell Hull made it clear Wednesday that regardless of opposition from various quarters, the United States will continue to deal with Admiral Jean Francois Darlan or anyone else so long as it helps win the war.

The United States is not at all concerned about the political aims and ambitions of any individual or group, he said. It is firm in its belief that the war is to win the war—that is something for the people of France or any other conquered country to decide after they have been liberated.

Local Men Enlist In Navy Seabees

JACKSONVILLE, Dec. 3. (Special) —Stanley C. Palumbo, 20, and William M. Wilson, 1700 West Thirteenth Street, both of Sanford, have been called to active duty with the Navy's Seabees.

Palumbo is a member of the local Seabee unit and will be serving in the Pacific. Wilson is a member of the local Seabee unit and will be serving in the Pacific.

Charles Vining Is Radio Technician

Charles Andrew Vining, son of J. M. Vining enlisted in the Navy Dec. 1 and received a rating of third class radio technician. He left Jacksonville immediately after joining the Navy for Charleston, S. C., where he will receive advanced training in high frequency radio work.

Senator George Hits Bureaucratic Queries

WASHINGTON, Dec. 3. (AP) —Authors of some of the government's more complicated questions today were accused by Chairman George (D-Ga.) of the Senate Finance Committee of "sitting up nights trying to find some new way of making the country go Republican."

Senator George said in an interview he is confident that Congress will take drastic steps to clean the tide of questionnaires and reports that have been issued by government bureaus, probably by limiting appropriations or repealing the authority under which such activities are carried out.

House Places Labor Costs In Farm Parity

WASHINGTON, Dec. 3. (AP) —The House by unanimous consent today passed legislation regarding agricultural parity to include in its costs all farm labor, a step against which the President expressed "unilateral opposition" when the anti-inflation proposals came before Congress recently.

Weather
