## Kiddies To Hear Santa Over Radio Starting Dec. 17

The voice of Santa Claus will be heard by thousands of children over Radio Station WTRR beginning Dec. 17.

According to Myron A. Reek, General Manager of the Station, Santa will read letters from boys and girls of this area.

Letters can be addressed to Santa Claus, North Pole, in care of Radio Station WTRR, Sanford, and Santa will receive them.

The deep, resonant voice, reportedly being tuned in from the North Pole, will be heard reading all of the "wishes, wishes, and hopes" of boys and girls in this area.

The program will be a half-hour in length this year, Reek said, and is to be heard from 3:30 to 4 p. m. Dec. 17 through 21 and then again on the afternoon of the 24th.

In addition to Santa Claus letters will be heard the 30-minute program, including Mrs. Santa's helpers, the elves, and many other of the fine characters who will be busily engaged in "making ready" the thousands upon thousands of toys, dolls, wagons, bicycles, and other Christmas gifts that are expected in stockings and under Christmas Trees Christmas morning.

## Uoff Team Wins 3rd Game Of Season

By JOHNNY JONES  
GAINESVILLE—The University of Florida basketball team won its third game of the still young basketball season by defeating Florida State University 67-65.

If the game is any indication of what is to come in the future game between the two schools then there should be some lively days in Gainesville and Tallahassee not to mention a few grey hairs that the coaches will get.

Florida only lead once in the game, and that was in the opening minutes when the score was six to four in favor of the Gators. Their next lead came when Bert Touchberry made a drive in lay up with five minutes and forty-two seconds remaining. Chuck Brender then added a tip in to give the home team a four point lead.

Florida State cut this lead to but two points though as they hit on a field goal with but fifteen seconds remaining. Before Florida could get the ball across the half court line the fast FSU forward Bob Whites stole the ball from Chuck Smith. Chuck then took the ball out of bounds with seven seconds remaining the score tied 45-45 and through a pass to Joe Hobbs who dribbled the ball through three FSU players and took a 25 foot desperation one hand push shot just as the buzzer was sounding. The ball struck high on the backboard and came down through the basket. By this time several hundred fans had rushed onto the floor to pick up Joe, who was on the floor having fallen down after the shot. FSU players still stood on the floor too stunned to realize what had happened as the referee signaled the basket was good.

People who have said school spirit is a thing of the past at Florida would have been thoroughly convinced that nothing could be further from the truth had they been there to witness the demonstration students put on after the ball game.

Burt Touchberry was the games leading rebounder with 18 while he also tossed in a total of 14 points. He had to take a hard seat for high point honors though as Joe Hobbs contributed 20 on 10 for 18 field goals. So far this season in three games Joe has made a total of 46 points and has a field goal percentage of 53 per cent. Joe played less than half of the first game as he fouled out. Bob Emerick looked as if he was returning to his old form as he scored 14 points and got 11 rebounds.

It was learned today that Coach Maurer has decided to return to the single pivot offense. He has been using the double pivot for the first three games this year but it seems as if the boys haven't been able to acquaint themselves with the new offense so he is returning to his old patterns. The new line up will be: Burt Touchberry 6' 4, Dick Hoban 6' 3 at the forward spots, Bob Emerick 6' 3 at center, and Joe Hobbs 6' 4, Chuck Smith 5' 10 at guard.

The Gators don't play again until Saturday in Miami and then they leave Sunday for Charlotte, N. C. where they will participate in the Carrousel Tournament Dec. 17, 18, 19.

## Record Making Performance Told At SOKC Yesterday

The Sanford-Ocala Kennel Club, in the midst of its greatest season, stages another fast 100-mile race tonight after enjoying one of the most exciting days in track history yesterday.

The first record making performance came off in the fifth race of the matinee yesterday as Tru Queen and Rose Nertar hooked up in the largest quietela in track history.

The '67 combination returned a whopping \$736 for a \$2 ticket. Only two people hold tickets on the winning combination.

Last night Susy Chooey established a new track record for the five-sixteenths mile. J. M. Edwards' Brilliant Miss toured the track's standard racing course in 307 seconds, one tenth below the mark of 308 established by famous Stylish Bomb three seasons ago.

The time was only two-tenths off the world record of 305.5 set by Beach Comber at West Flatter in Miami in 1950. Susy Chooey beat kennelmate Ed's Deacon Jones, who was seeking his fourth straight victory, by six lengths to record the big victory in the 10th race.

My Carol, Richardson and Cousin Phelix loom as the dogs to beat in the featured ninth heat tonight.

The largest week-night crowd of the season, swelled by guests and golfers from Mayfair Open at Sanford, sat in on last night's program and big crowds are expected all this week.

## MAN PLEADS GUILTY TO ARMED ROBBERY

SARASOTA — A Miami man has pleaded guilty to the armed robbery of two women here in which some \$8,000 worth of jewelry and other valuables were taken.

Jack Stearns, 42, admitted that he and a companion whom he identified only as "Jack" entered the home of Mrs. Virginia Brooks and took the valuables from her and her daughter, Mrs. Jack Callahan, on Nov. 21. He said "Jack" planned the robbery and kept all but \$100 of the loot.

Stearns was arrested at Miami Beach for Sarasota authorities.

I was so glad to have my Christmas shopping finished. Now I can start over again. Last night a burglar took all the presents, along with jewelry and fur. I have "all-risk" insurance on the fur, and jewelry; could I have insured the presents too?

labor. The other bill totaled \$1,124.80 with \$70.25 of the amount for labor. Work sheets analyzing the labor and materials used had been obtained by the City Manager.

In citing material purchases, City Manager Knowles stated that metal for truck beds could be purchased for two trucks for out of town.

Commissioner Earl Higginbotham suggested that "anything coming to an amount which would require commission approval, estimates on the work should be obtained."

However, Commissioner John Krider said that "I don't think we should condemn our merchants and take our money out of town. I object to it and will object to it as long as I am here."

Commissioner David Gatchel stated that "I'm one that won't approve it," as the bills came up again for commission okay.

The City Attorney again said "If bills aren't reasonable—don't pay them."

## Alcohol In Moderation Said To Aid Heart Cases

By HERMAN R. DUNN, M. D.  
UNDENIABLY, alcoholism is a major problem. With many persons even moderate drinking becomes undesirable. Yet, for some persons with heart disease, drinking alcoholic beverages in moderation might actually be beneficial.

Made Survey  
This was emphasized at the American Medical Association's Chicago convention a few months back. Dr. Joseph P. Luongo, medical director of a Los Angeles petroleum company, made a survey of 100 employees with histories of heart disease.

He found that 71 per cent of those who survived coronary attacks began drinking spirits in moderation. Only 18 per cent had been drinkers previously.

All those who drank moderately, he reported, claimed beneficial effects and suffered less anxiety. There appears to be valid reasoning behind this.

We have evidence which indicates that alcohol in moderation, when indicated, may diminish the load of the heart by reducing pressure in the small peripheral arteries of the body.

Alcohol actually helps increase the flow of the blood. We also know that anxiety may contribute to the beginning of heart pain. Therefore, a moderate amount of alcohol might relieve this anxiety through cerebral action. It serves as a sedative and gives the patient a feeling of well-being.

Incidentally, Dr. Luongo's survey also revealed that more than two-thirds of those who suffered heart disease were overweight for an average of 10 to 15 years prior to the attack. And only 27 per cent of the coronary cases had average diets consisting of a variety of food.

Just what I've been telling you for years.

QUESTION AND ANSWER  
Q. S. What causes white spots to occur on my skin? What can I do for them?  
A. Answer: The cause of vitiligo, a disease of the skin in which the pigment is destroyed causing white patches of various sizes, is not known. It is not contagious. Treatment is not often successful, although arsenic and thyroid extract have been given internally with slight success in some cases.

## Children's Stamp Will Go On Sale Here On Dec. 22

Postmaster Joel Field announced today that the commemorative Children's Stamp of 1958 announced recently in Washington will go on sale at the local post office on Dec. 22.

Acting Postmaster General Maurice H. Stans announced on November 27 that the new stamp, the subject of wide interest here and over the nation, will go on first day sale in Washington on Saturday, December 13. President Eisenhower and other top officials are expected to participate in White House ceremonies on that day in connection with the new stamp.

Postmaster General Arthur E. Summerfield has termed the stamp a "symbol of the aspirations of all Americans who fervently hope for world peace in the years ahead, stressing the fact that our children of today are the hope of the world tomorrow," the local postmaster pointed out.

The design for the stamp, carrying the slogan, "Friendship — the Key to World Peace," was selected from among designs submitted during a national competition by the grade school and high school children of the United States, its territories and possessions.

The winning design was submitted by Ronald B. Dier, 19, a former student of Roosevelt High School, Honolulu, Hawaii.

The moving force behind the Children's Stamp idea is Lady Hilda Butterfield of New York City, the American-born widow of the late Sir Frederick Theodore Roosevelt Butterfield of England.

CONGRESSION FACING CRISIS  
TAMPA — The bankrupt Hillsborough County Crime Commission is facing a crisis with resignation of its operating director, Ralph W. Mills.

Mills, active head of the commission since its formation in 1951, said he would stay on for a while if he could help the group solve its problems.

The Annual Christmas Party of the Cambell-Landing Post No. 53 of the American Legion will be held Monday evening, Dec. 17 at 7 o'clock at the Legion Hut on Seminole Blvd.

Admission to the party, said Commander Lyon, will be a toy which will be turned over to the Elk's Club for their annual Christmas Tree for the underprivileged children of the community.

The commander of the local post urged all of the members of the American Legion Post to bring their wives and families for "the evening of fun and entertainment."

Lyon said that members not able to attend the Christmas Party but would like to contribute a toy could do so by leaving them with Harry Russell at Welch Tire Shop or with Gene Stall at Galloway's Service Station.

### Fire Dept. Refuses To Answer Alarm

The "brass" of the Sanford Fire Department were called before the Board of Sanford City Commissioners last night at an adjourned meeting from the Monday night session to explain their refusal to answer a call to the Mayfair Inn Country Club recently.

Mayor F. D. Scott had called the Fire Department to a recent tree fire at the Country Club. Lt. John Crowe refused to send the fire apparatus outside the city limits.

Lt. Crowe, questioned by commissioners, explained "We do not answer fire alarms outside of the city limits unless they are registered with the city."

"We will go to schools or where lives are involved such as heart attacks, drownings or similar incidents," However, Lt. Crowe explained, "we will not go to any call if one truck is out."

A direct question to Lt. Crowe asked "What are your instructions regarding orders from a city commissioner to violate one of your orders or regulations?"

The lieutenant answered, "I wouldn't do it."

"Unless a group of commissioners instructed me, I wouldn't violate my instructions for if I did and had a wreck the other commissioners would hold me responsible," Lt. Crowe said.

Commissioner Gatchel asked, "What is your authority if the Fire Chief or his Assistant is out of town?"

Crowe said "I use my judgment."

It was at this point that Commissioner Kridler asked the Fire Department Lieutenant "Regardless, whether it is the Mayor or a commissioner that calls you, you would follow your instructions from the Fire Chief?"

Crowe answered "Yes sir."

"In other words," said Commissioner Kridler, "we have no authority."

Lt. Crowe explained also that he had called Asst. Fire Chief R. T. Thomas immediately following his call from Mayor Scott to explain his actions and that his decision was approved.

Questioning other officers of the Sanford Fire Department, Chief Mack N. Cleveland Sr. was asked "Under the circumstances do you back up Chief Thomas' (Continued on Page 18)

### S. Snead Visiting PGA Open

Slammin' Sammy Snead came back to Sanford to visit the Mayfair Inn's \$15,000 PGA Open yesterday.

Snead did not come in to play in the tournament but made the rounds shaking hands and congratulating low score players as they came in from the first round of the 72 hole contest.

The Mayfair Inn Country Club was "jumping" with low scores yesterday with 40 of the contestants bringing in cards of 69 or better for under par playing.

However, the course record set last year by Don Fairfield with a 63 on the first day of the tourney was not beaten when 132 amateurs, came in from the first 18 holes of the tournament.

Don Fairfield, of Casey, Ill. came in with a 73, ten over his last year's unusual record.

However, sports writers and professional golfers openly admitted that if the weather stayed good there will be some low scores. Most everyone agreed that 203 and under will win the tournament this year.

Top money man will cop a prize of \$2,400 with the runnerup taking prize money of \$1,500. Third place will receive \$1,400.

Following today's round, completing the first 36 holes of the 72 hole PGA Open, the low 60 professionals and ties plus 10 amateurs will play the final 36 holes.

Dew Finsterwald, wiry young golfer of Bedford Heights, Ohio, was top honor man in yesterday's play when he carded a 64 with an all time low on the front nine, six under par and a par 31 on the back nine.

Finsterwald told reporters "This is my best year and I am playing a little better all around."

The 27 year old golfer who is completing his fifth year as a professional admitted that it was the "long putt" that helped him. He dropped a ball in the cup on the third green from 25 feet.

"This year's score at the Mayfair Inn Open is my best since 1951 when I shot a 61 in the St. Louis Open," he said.

Five golfers were runnerup to Finsterwald with 65. The first two to come in with the 65 card were Don January and Bob Keller. (Continued On Page Two)

### Local Talent Will Be Seen In 'High Fever Follies'

Plans are going ahead on schedule for "High Fever Follies," said Mrs. Robert S. Stone, general chairman of the committee which is in charge of the big local talent show sponsored by the Seminole Hospital Auxiliary.

"The production will be presented Feb. 8-9 at the Seminole High School Auditorium," she added.

According to Mrs. Stone, "High Fever Follies" will be built around the talent available here in the community. She said, "The cooperation of all of the civic clubs and organization is needed to make the show a success."

Merchants of Sanford have already contributed over \$1,600 toward the program.

Jerome Cargill of New York will produce and direct "High Fever Follies." This is the same company, said Mrs. Stone, that so successfully produced and presented "Belles and Beaux" in Orlando recently.

Proceeds from "High Fever Follies" will be used to purchase an orthopedic operating table for Seminole Memorial Hospital.

### Mrs. Hartman Will Serve As Part-Time Church Secretary

An addition to the staff has been made necessary at the Central Baptist Church because of its unprecedented and steady growth.

Mrs. W. C. Hartman is now serving as a part-time secretary with office hours from 8 a. m. until 12 noon each day, Monday through Saturday, according to the Rev. J. W. Parham, pastor of the church.

Because of increased Sunday School enrollment departments of the church school have been rearranged as well as classrooms changed.

The annual Christmas program of the Central Baptist Church will be presented Sunday night, Dec. 16 at 7:30 p. m. Inspirational music and scripture reading is under the direction of Mrs. Donald Hall. The Church Choir, the Concord Choir and the Cherub Choir of the church will participate.

## Combined Choirs Give Christmas Program

BY HELEN SNOODGRASS

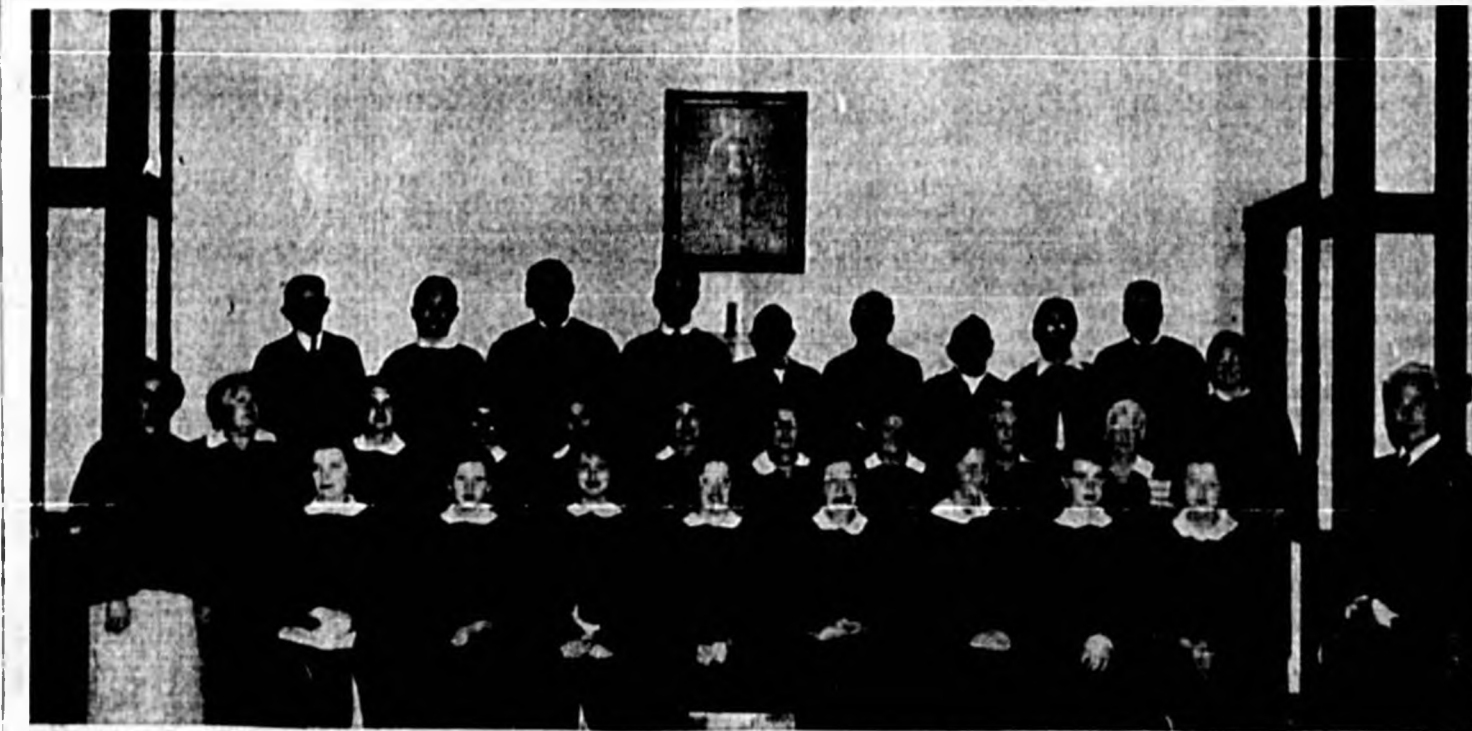

ENTERPRISE—The Christmas musical presented by the combined choirs of the Enterprise Methodist church and the Pilgrim Community Methodist church of DeBarry under the direction of Charles M. Cassel of DeBarry with Mrs. Catherine Sellers, Enterprise organist, Thursday evening was one of the most enjoyable highlights of the early Christmas season.

The Rev. Wilfred Aldridge, pastor of DeBarry church, served as the announcer for the program and gave a short history

of each of the carols as they were used.

The congregation sang several of the more familiar ones and the numbers rendered by the choir were, "Gloria in Excelsis," "God Rest Ye Merry Gentlemen," "Deck The Hall," "Citizens of Chaires," "O Holy Night," with Mrs. Elise Wolf as soloist, and "Good Will To Men," by Mr. Cassel as soloist.

This same program will be given at the DeBarry church Sunday afternoon Dec. 23 at 4 p. m. and the invitation is extended to all.

# ONE OF THE FAITHFUL ?

Joe and I were passing the record shop the Saturday before Christmas. An amplifier was blaring, "O Come, All Ye Faithful."  
"That leaves me out," said Joe, cynically. "I'm not one of the faithful, so I'm not supposed to come."  
Now, I'm a Christian; and I can't let a remark like that go unanswered.  
"Ever stop to think, Joe, that the faithful are not only the folks who have been faithful, but also the folks who are going to become faithful . . . like you, Joe?"  
To make a long story short, Joe went with me to Church the next day. And we both heard the Pastor say that the purpose of Christmas is to reveal God's love to a world that does not understand. . . .

Nowadays, when I see Joe singing in the choir, I remember the record shop and Adeste Fideles - God's call to worship for the faithful of yesterday, today and TOMORROW!

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

New Farm Bureau Policy Submitted

MIAMI BEACH (AP)—A report calling for gradual elimination of government regulation of individual farming operations has been submitted to the American Farm Bureau Federation.

The report is based on recommendations from farm bureaus in 48 states and Puerto Rico. If adopted, it will become the 1937 policy of the entire bureau organization.

2. Prohibition of harvesting and grazing on all acreage placed in the soil bank. 3. A requirement that farmers placing land in the soil bank maintain their acreage of other land which is normally idle or devoted to uses that excluded it from the soil bank base.

4. A provision that producers desiring price supports place crop land in the soil bank— "in amounts determined by applying a percentage factor to their acreage of price supported crops."

5. The 56 members of the resolutions committee said "circumstances prevented the 1936 soil bank from reducing production" and added that "the success of the soil bank program in 1937 and subsequent years will depend upon the extent to which the Department of Agriculture and Congress resist pressures to convert the program into free crop insurance and disaster relief."

ENCHANTED HARBOR By DOROTHY WORLEY

Living and working in Manhattan have become dull and unchallenging to young and lovely Priscilla Paige. Though she's lovely to look at, the image of Laura Secord, so many have made her fall in love.

The letter asked if Miss Paige could arrange to come to Apalachicola. There were certain legal formalities to be gone through and a personal visit was advisable. And would she please contact him immediately.

Priscilla's eyes were very bright. "It happened! Rita! Something out of the ordinary has really happened to me at last. I have the feeling that I'm on the verge of an adventure."

CHAPTER 2 PRISCILLA looked at the letter a moment. Apalachicola, Florida! What did it bring to mind? She searched her memory, then something clicked. Several months ago she had read Island Light, a book about Apalachicola in the days right after the Civil War.

She was glad now that she had saved her vacation. She could take those two weeks and go to Apalachicola. Turning the pages of the atlas to Florida, she started looking along the northwest coast. She moved her pencil, and there it was—Apalachicola—down between Fort St. Joe and Carrabelle, across from St. George's Island!

Priscilla placed the letter on Rita's desk. "Read it, Rita." Rita read the letter slowly, then looked up, smiling. "It's wonderful, Priscilla! Why don't you believe it? And of course you're the right one. I remember you told me you had relatives in the South."

Priscilla thought, I'm dreaming. Things don't happen this way. But she wasn't dreaming. It was down there in black and white. Her mother, a Southerner, had married a man from Vermont, and when both her parents were killed in an automobile accident when she was three, her father's much older sister, Aunt Lucy, had taken her.

"I was just thinking... A friend of mine in Connecticut is bringing her car to me to use while she's in Europe. It's a new green Dodge. She thought I might like to use it for my vacation. I don't see why we couldn't drive down. Would you like that?"

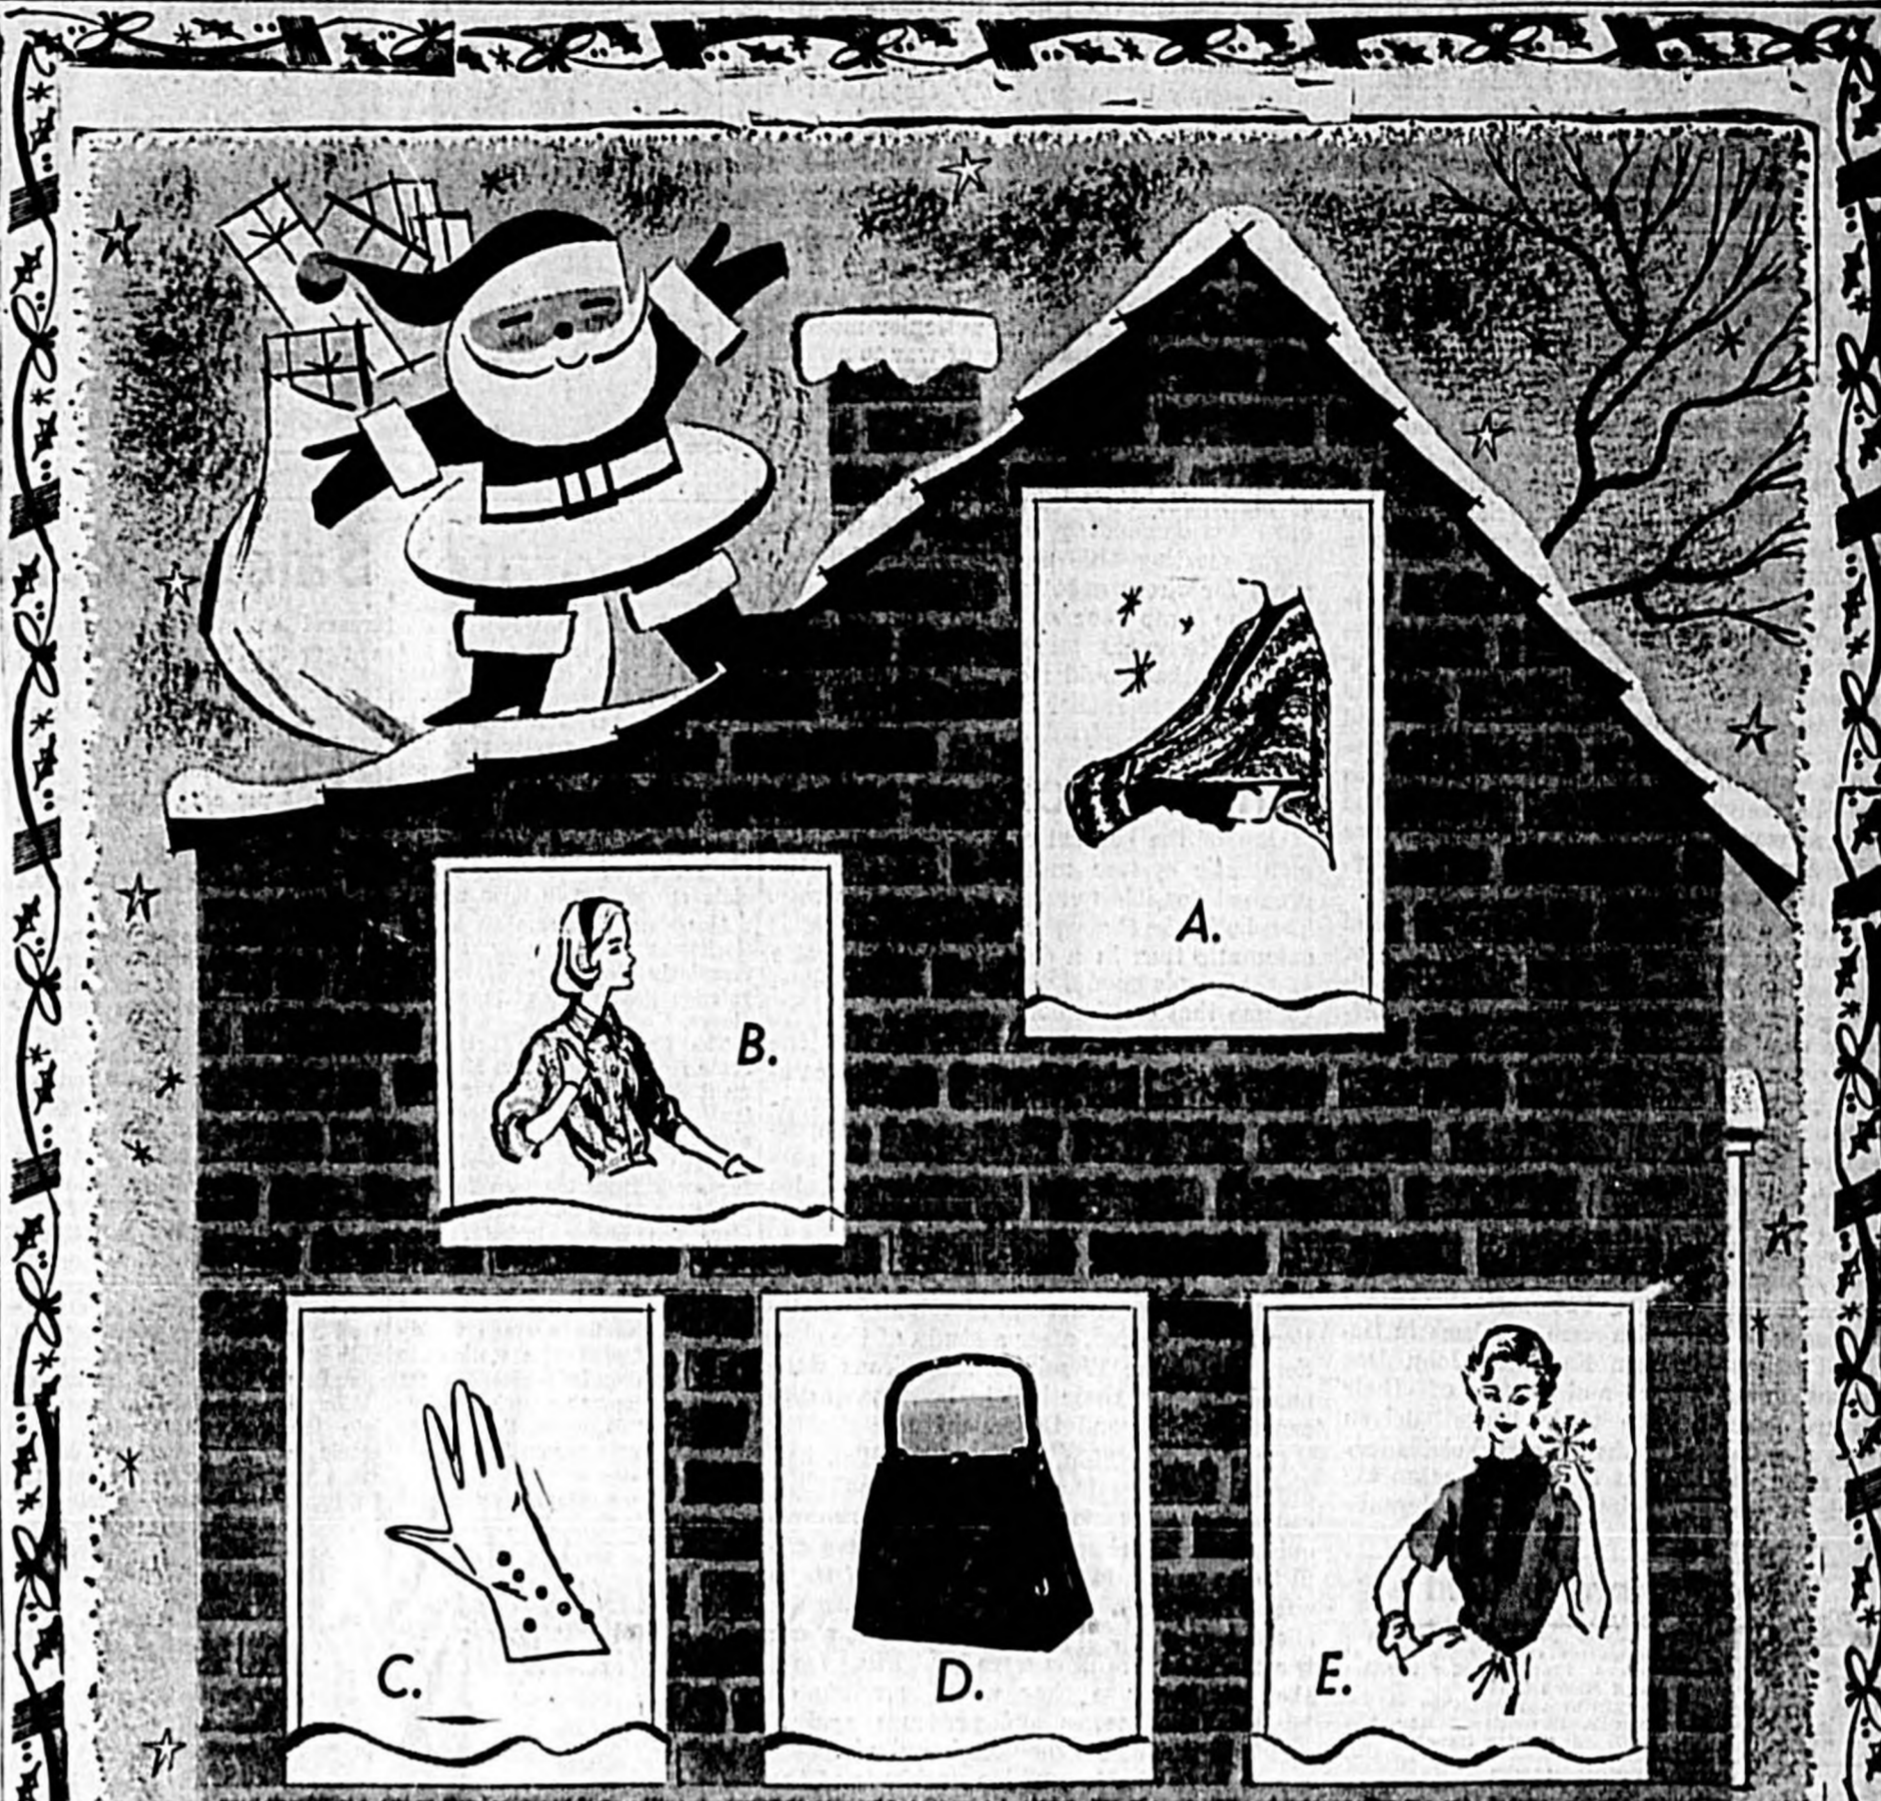

"Like it! It would be perfect!" Priscilla's voice was trembling a little. "I can't believe this is really happening to me!" "I don't see why we couldn't leave Saturday. I'm sure Mr. Oliver will let you take your vacation now."

# Direct Negotiations Between Israel, Arab Bloc Needed To Bring Harmony

The United Nations General Assembly has been doing a tremendous lot of talking lately. A blizzard of words has swirled over the world, words ranging from profound and moving sincerity, to the opposite extreme of hypocritical falsehood. Most of these words have been uttered in comment on the troubled Middle East and the barbarous oppression of the Hungarian people by their Soviet overlords. Some of the words have directed action to help dampen these explosive situations.

## Censorship

Unless more people stand up and allow themselves to be counted on the issue of censorship, one can only predict the likelihood of a decay in American culture. Day in and day out, the book censors continue to press ahead wherever they can find an opening. The freedom of the serious writer to explore the nature of experience and to try to tell the truth is being menaced by a continuing seeping operation.

The right of free choice for the reader is endangered by this same operation. The Volsteads of the printed word are working as once other Volsteads did with results that turned out to be both ludicrous and disastrous. Book censors try both to use the public police power and to act themselves as a police power over the printed word. This is not at all in accordance with American traditions or, more broadly, with the traditions of freedom.

Are the American people going to stand by and let the vital tradition of freedom of expression be sapped? Is the new Volsteadism going to continue until honest and self-respecting and serious writers will either be driven to the wall or just give up? Nobody puts a gun to anyone's head and makes him or her read a book. But the latter-day Volsteads want to put moral guns at the heads of both writers and readers.

In the meantime, we have not as yet attained Utopia in this country, and we may face many serious problems which call for comment and action. Yet serious writers who seek to deal with such problems in fictional terms—William Faulkner, John Dos Passos, John O'Hara and others of their stature—would have their books driven from circulation if the literary Volsteads had their way. Is this either sane or an example of even a minimal spirit of tolerance and fair play?

Relatively little has been said at this session of the General Assembly, however, about the fundamental causes of trouble either in Europe or the Middle East. Yet that is exactly what must be discussed. Neither the virtual enslavement of the Russian satellite nations nor the complex difficulties of which Israel is the focal point can be dealt with simply by taking hasty steps to avert war in time of crisis.

The French minister of foreign affairs, Christian Pineau, had something of value to say on this subject recently. "We must not forget," he said in the General Assembly, "that our role, as it was defined in 1945, is not only, each time the occasion arises, to preserve peace at that particular moment while allowing all the seeds of war to remain but to base our action on the concept of international justice. We shall not abolish war if we do not abolish its causes."

That can be brushed off as a restatement of platitudes or it can be accepted as a hard and demanding challenge. One way to begin meeting this challenge would be to press for direct negotiations between Israel and the Arab bloc on means of resolving their differences and bringing about the harmony that could make the Middle East a fruitful area rather than a breeding place for hatred and strife.

## Ballot Voice Of People

One of the central objectives of any democratic system must be to permit the greatest possible number of citizens to vote. The ballot is the voice of the people. It is axiomatic that in a democracy the voice of the people should be heard in the fullest volume that can be obtained.

Consider this axiom in the light of the recent national election. Though the campaign occurred at a time of great international tension which heightened the importance of choosing leadership, a smaller percentage of eligible voters went to the polls than did in 1952.

Some of this was undoubtedly due to complacency and indifference among the electorate. But the American Heritage Foundation has concluded, after a study of the election, that some 17 million Americans were unable to cast their ballots because of circumstances beyond their control.

Of the 17 million, about six million had moved and were barred from the polls because they had not fulfilled residence requirements. Perhaps five million were too ill to go to the polls, though many of these might have voted by mail if they had been allowed to do so. It is estimated that about two and a half million were kept away from the polls because they were traveling on business. Poll taxes and pressure against minority groups cut the vote heavily in some areas. About half a million residents of the nation's capital cannot vote.

Taken together, this means that a very substantial portion of the United States electorate were disenfranchised, at least in this election. It is a situation that calls for changes in the voting laws at community, state and national levels. Strengthening the voice of the people should be high on the nation's agenda.

# Rate Of Home Buying Going Down

WASHINGTON (AP)—You want to buy a home? The rate of home buying has been going down. It has been getting tougher to borrow money to buy a house. This situation may not improve much, if at all.

Congress for weeks to come in the new year will be looking into the broad question of homebuilding, borrowing to buy homes, and the government's money policies. One committee started doing so this week. It remains to be seen whether anything will be done to make it easier to borrow money.

There is a big scramble for loans. It seems would-be homeowners and small businessmen are at the tail end of the parade. Money is tight. Banks are looking around to see where they can get the best return on their investment.

Six times in the past 18 months, the government has tightened up on the banks by raising the charge on money which member banks borrow from the Federal Reserve.

money they lend. They can turn to federal securities, high-grade corporation securities, high-grade municipal bonds to invest their money.

A bank has some continuing expense in handling a homebuying loan whereas if it purchases certain federal securities, it may have no other expenses, although it may earn only 3 per cent on those securities.

It has been suggested that if the government wants to tighten up on credit it should do so in the field of credit buying—the installment payment plans that consumers use. This was done during the Korean War. It's unlikely to be revived soon if at all.

The government has sought for years to encourage homebuying—and to encourage banks to make loans to home buyers—through two principal agencies: the Federal Housing Administration (FHA) and the Veterans Administration (VA).

One thing is certain: The higher the interest rate, the higher the cost of a home. On a \$12,000 home with a 25-year mortgage, for example, the 10 per cent interest approved for FHA loans adds \$900 in interest to the total amount of repayment.

The government's purpose in letting FHA loan interest rates go up was to encourage banks to make more home loans, since their profit would be greater. Perhaps not.

But if the banks hand out more loans under the FHA program, with its 3 per cent interest, they may make fewer to veterans who seek a VA-guaranteed loan with a maximum interest of 4 1/2 per cent.

## News Of Men In Service

WASHINGTON, D. C. (PHOTO)—The Navy Department announced the promotion of James S. Owen, son of James C. Owen of 1315 Magnolia Ave., Sanford, and husband of the former Miss Gladys R. Kaus of Buffalo, N. Y., to personnelman first class, USN, while serving with Light Photographic Squadron 62, U. S. Naval Air Station, Jacksonville, Fla. The promotion followed successful completion of a Navy-wide petty officer examination conducted in August.

# Corporate Sales Volume Rising

By SAM DAWSON  
 NEW YORK (AP)—The boss' pay has been going up at the same rate as the factory worker's. Corporate sales volume has been rising at a greater rate, and until lately so has corporate net income.

Bonuses increasingly are part of the compensation for many top executives—and more officials are sharing in them now. Also, down the corporate ladder, Christmas bonuses play an increasingly pleasant role in the yuletide good cheer of many employees.

The figures on the boss' pay come from the American Management Assn. Its annual survey of top management compensation shows a 5.9 per cent increase on average in the last fiscal year for some 28,000 top men in 3,300 American and Canadian companies. The survey includes salaries, bonuses and company contributions to retirement funds.

The Bureau of Labor Statistics keeps tab on the average weekly earnings of production workers in manufacturing industries. In the roughly comparable period, calendar year 1955, workers' pay rose by the same amount—5.9 per cent. Sales of the companies included in the association's survey increased an average of 10 per cent and profits by almost 25 per cent.

Using latest figures available on compensation for other employees, AMA finds middle management pay up 5 per cent, sales personnel up 3.5 per cent, engineers, scientists and other administrative and technical personnel up 8.6 per cent for the year.

Bonus payments for the executives AMA surveyed average 16 per cent of base salary. But in some companies bonuses far outstrip base pay in also. For all American industry bonuses are estimated at around \$60 million dollars a year, with two out of five firms paying them.

The largest on record last year was \$375,000 for a motor president more than twice his base pay.

It was well below the 1 1/4 million dollars paid a steel executive in 1952.

More time for bowling. ROCHESTER, N. Y. (AP)—An 18-team bowling league at the University of Rochester has discovered the easy way to keep up with its statistical chores—team averages and individual handicaps. The league statistics are fed into the university's giant electronic computer, which grinds out a week's work in one minute. By hand, the job took a full day.

## G. Rayburn Shows Slides Of Mexican Trip At P-TA Meet

**By Marian Jones**  
OVIDEO—It was quite a rush to get from the Sunday Class party to the school house to attend the P-TA meeting. Believe it or not I left the party before the gifts were exchanged, but Hettie drew for me.  
We stopped long enough to sign the register, presided over by Mrs. T. L. Long, Jr., Little Janet Clonts, small daughter of Mr. and Mrs. Rex Clonts, was on the stage reciting a Christmas scripture. It was very well given by the tiny miss.  
We noted that our president was absent and Mrs. John Evans, vice president, was presiding. We were not surprised, for we knew that Marguerite, being girls' basketball coach, had a game scheduled that night at Mr. Dora.  
Mrs. Evans, as we knew, did a superb job. During the committee reports, Mrs. A. A. Myers, membership chairman, gave her report. The secretary read the minutes and Mrs. Brookshire gave the treasurer's report.  
Mrs. Milton Gore, Youth Chairman, gave a report as well as Gladys Alford, giving one on the Junior High party activities, and Norman Nicks, giving one on the Senior High.  
R. T. Milwee, superintendent of public instruction, was introduced by Mrs. Walter A. Teague, who in turn introduced the guest speaker for the evening.  
Gene Rayburn, state supervisor of Tallahassee, was one of the best speakers I have ever had the privilege of hearing. It was worth anyone's effort to get there that night; and those who did not attend missed a wonderful program.  
We went along with the Rayburns on their trip to Mexico, as he showed colored slides of their trip, narrating while they were being shown. We had a very inexpensive trip ourselves—If the Rayburns did have to pay for it. We felt as though we had been when he had completed his travelogue.  
He kept his audience in gales of laughter during the entire time. Then he gave several readings about "Boys" that were amusing and entertaining.  
At the conclusion of the program the seventh and eighth grade mothers served refreshments outside the auditorium. The serving table, overlaid with a linen cloth, was centered with Christmas decorations. The cake also bore Christmas designs.  
Mrs. C. W. Littleton and Mrs. John Mogus served cake and punch for the seventh grade, while Mrs. E. M. Olliff and Mrs. Bernice Parker served for the eighth grade.  
A large group was present for the occasion.

## Missionaries Are Special Guests At Class Party

**By Marian Jones**  
OVIDEO—Tuesday night was a rush for me. I did not get off to work until after 6, had to go home and get ready to be at the Baptist Church for our Sunday Class party at 8:30 p. m. I made it on time though.  
The Kingdom Seekers Sunday School Class were having their annual Christmas party in the basement of the church. Mrs. Theodore Aulin, chairman, and her committee had been busy working all afternoon on the preparations and decorations.  
The lovely table, other Christmas decorations and the delicious food proved that their efforts had not been in vain. Mrs. Aulin's committee members were: namey, Mrs. Drady E. Mathers, president of the class; Mrs. R. L. Wheeler, teacher; Mrs. Gertrude Hull and Mrs. J. N. Thompson, assistant teachers; Mrs. Alex Leinhardt; Mrs. T. R. Pipkin, vice-leader; and Mrs. Jack Kasell.  
This was a special occasion too, in that Reverend and Mrs. O. C. Robison, of Nigeria, Africa, were special guests for the occasion. They are both missionaries to Nigeria, but the Ovidio Baptist Church lays claim to Mrs. Robison, as she is their own missionary. They are both on leave until July.  
Following the delicious meal, Mrs. Robison entertained the members and guests with a delightful account of their experiences in Nigeria. She illustrated with things she had brought with her some of their habits relative to clothing, etc. She answered many queries pertaining to the health and habits of the inhabitants of that county.  
Mr. and Mrs. Robison came to Ovidio last Saturday and have been the house guests of the local pastor, Reverend Louis L. Day, and family. However, many of the church members have had them as their luncheon or dinner guests since they arrived.

## Limelight On Lyman

**LIMELIGHT ON LYMAN**  
**By Kitty Kimball**  
Lyman opened its basketball season, December 7, when they traveled to Apopka where they were defeated 60-31. The High scorers for Lyman were Kenneth Miller and David Stevens. The squad consists of ten players. They are Jimmy Hopkins, Mossie Helms, Kenneth Miller, Mike Farley, David Redwine, Bob McCleod, David Stevens, Ronnie Gossett, Bill Segrist, and Martin Barwick. The newly elected captains for the Greenhounds are Mossie Helms and Jimmy Hopkins. This Friday they tackle the Mt. Dora Hurricanes. On Thursday night the girls play their opening game with Clermont in Ovidio. Lynne Joyce is Captain of the team. Friday night they too will play Mt. Dora. Both games that night should be good and we'd like to see Lyman Boosters turn out for it.  
The Girls Triple Trio presented an excellent Christmas program Tuesday night for the P. T. A. On Wednesday they sang at the Kiwanis Club in Sanford.  
The third edition of the Lyman Pup came out today. Not only was it bigger than the first issue but it was much better; the staff should certainly be congratulated for doing such a fine job.  
Betty Lawrence is top "bean guesser" around here now. The seniors had a contest to give away a free annual to the student who could guess the correct number of beans in a jar, and Betty was the winner. The seniors are working hard on the annual. Snapshots are being taken by just about all the seniors; and any time you turn around you may have your picture taken. On Wednesday the girls basketball team had their group and individual ones taken.  
December 5 was a sad day at Lyman. Report cards came out for the second six weeks. But for three glorious weeks we won't have to worry about bringing those grades up to par. This Friday is the final day of school until next year. The classes are all planning their Christmas parties and the various rooms are all gaily decorated. The two Junior classes are having a special party after school is dismissed Friday noon at the American Legion Hall on Prairie Lake.  
And so until 1957 will close out this column. Be back in the New Year with more "Limelight on Lyman."

## Joy-Ruth Class Packs Christmas Boxes At Meeting

The members of the Joy-Ruth Class of the First Baptist Church packed Christmas boxes at their meeting recently at the Educational Building of the Church.  
The meeting room was appropriately decorated by Mrs. Bill Johns, Mrs. Marvin Wood and Mrs. Ralph Betts, with the Christmas theme being carried out.  
Mrs. Roger Schmidt opened the meeting with a Christmas story, after which Mrs. A. J. Peterson led the group in prayer.  
The secretary and group captains gave their reports for the month, and friendship letters were written to Mrs. Frank Bryan and Mrs. Jimmy Bailey.  
Delicious refreshments of Christmas punch, cookies, nuts and candies were served by the hostesses, Mrs. Wood, Mrs. Johns and Mrs. Betts.  
After the refreshments were served the class packed Christmas boxes for the T.B. patients at the Sanitarium in Orlo Vista.  
Those present were Mrs. Alfred Chiles Jr., Mrs. Dan Batten, Mrs. Floyd Williamson Jr., Mrs. Joel McGill, Mrs. Otto Thomas,

## Conning The News

**BY VIRGINIA CONN**  
There are so many things to write about tonight that I hardly know where to begin. So I will take things as they have happened. The first is the really disgraceful response to the American Red Cross appeal for Hungarian relief. The last time the total was reported it had reached the grand sum of forty-seven dollars. After thinking that the donation by N. A. S. would help so much, I discover that it does not go into the Sanford fund. If you have seen the pictures of Hungary in any of the leading magazines and newspapers, how could you refuse to recognize the need for help? Think of all the orphans, the wounded, maimed and homeless, to say nothing of the doctors trying to cure without medical supplies. So little can do so much, so please, instead of buying those last few trinkets for your children at this Christmas time, won't you give instead the wonderful gift of life to the children of Hungary? Send your contribution, large or small to Hungarian Relief, American Red Cross, Sanford, Florida. In your heart you will have gained far more Christmas spirit, especially when you think how fortunate we are to live in a land unoppressed. Every one talks about it, but no one does anything about it, so let's show that Sanford doesn't just sit back in its own comfortable corner and let the rest of the world take care of those in need. And that is the end of my sermon for today.  
The Officer's Wives Club luncheon took place as planned in the B. O. Q. Thursday. Unfortunately, there were several Browns' inebriated services, and Christmas programs at school, so the new board did not receive the accolade it would have had conditions been normal. Guests gathered for sherry in the porch, and then adjourned to the dining room for a tremendous (and good) lunch of chicken pot pie, and many other good things. It was my pleasure to introduce new president, Dornell Killiney, who in turn presented her board. Also, I must apologize for my haste in announcing the representative from VAH-7. Terry Price found that she had far too much to do already, so Katie Cummins has consented to take the position. The board presented me with a beautiful engraved pewter plate, which touched me deeply. It has been a six months full of interesting and stimulating events, and the thanks should go to the good members of "my" board, instead of me, Betty Guy, Betty Emanski, Anita Hadden, Day Dwyer, Fran Murray, Ruth Tull, Jane Potts and our helpers, Claire Lynch, Jean Dooley, and Sally Welge. I do think it remarkable that we never came to blows, and rarely even disagreed. We wish the new board every good fortune, and may they be as harmonious and self-satisfied as we. Mrs. Dickerson, Sanford

## Rev. Thomas Is Guest Speaker At Chapter Meet

Tuesday evening the St. Mary's Chapter of the Holy Cross Womans Auxiliary met in the home of Mrs. Henry Tamm. Mrs. A. B. Peterson Jr. led the devotional, and Chairman, Mrs. Henry Tamm presided over the business meeting.  
There were three visitors at the meeting, Mrs. Carol Stone, Father Thomas and Mrs. Dora Inman, and the members expressed a hope they would visit again.  
Father Thomas gave an interesting talk and told some of his plans for the coming year.  
The hostess served coffee and cake to the following: Mrs. R. E. Lundquist, Mrs. B. L. Perkins Jr., Father Thomas, Mrs. Alton Duxbury, Mrs. Roy Green, Mrs. Elmer Wontenay, Mrs. Dora Inman, Mrs. Carol Stone, Mrs. A. B. Peterson Jr., Mrs. Thomas McDonald, Mrs. William DeBrine, Mrs. William Lemos, Mrs. Russell Wilson and Mrs. E. E. LaCour.  
The table decorations were arranged by Betty Guy and donated for our use by Boo Ganas. Pine boughs of green were laden with green and chartreuse Christmas balls with gold driftwood, gold sea oats and berries. On the sherry bar was a pot of silver raintree lazustrum and pink poinsettias. (My descriptions are not doing these things justice.)  
The Wives Club voted to have a free egg nog party at the B. O. Q. Sunday afternoon, Dec. 30. Also all members of the club are invited to come out next Wednesday morning to the B. O. Q. and help decorate the tree. The Bachelors deserve a little atmosphere too.  
Today started the Second Annual Mayfair Open, and already tension may be felt all over the place. Hearbreak was again when the crowd saw Ketchick bogie the last two holes and still turn in a sixty-five. Sam Snead stroled in around noon—he didn't feel like playing this year. Ah, to be able to afford to be temperamental. And Bob Kellvir had six birdies, with a score of sixty-five. The next three days are of course, the biggest. The crowds will be larger and the cheers will be louder. It's a real thrill to see golfing history being made in your own back yard. Among those scoring their programs today were Jack and Joy Smith, Cy and Jean Filton, Red Cleveland Ma, Bea and Russ Wilson, Mayor and Mrs. F. D. Scott, Louise Parker, Blanche and George Nicely, and many others. We are sorry Bill Faulk didn't score better, but we are proud of him all the same. Sanford itself has players to make the pros sit up and take notice.

## Anna Miller Circle Has Gifts Ready For Umatilla Home

Mrs. Harry Adair, vice president, conducted the meeting of the Anna Miller Circle Tuesday night at the Elk's Club, in the absence of the president, Mrs. Edward Cox.  
Routine reports were given by the group's officers and chairman. Mrs. Ralph Wight announced that all gifts to be delivered to the Harry Anna Crippled Children's Home in Umatilla were in readiness to be delivered in time for Christmas.  
Those present for the session were Mrs. Peter J. Bukur, Mrs. Ralph Wight II, Mrs. Eddie Stout, Mrs. Harold Kaitner, Mrs. Bill Livingston, Mrs. H. F. Kent, Mrs. Bill Gordon, Mrs. W. J. Clarke, Mrs. E. W. Jackson, Mrs. J. B. Hoolehan, Mrs. E. Barber, Mrs. Fred Roetiger, Mrs. Lowell E. Otter, Mrs. J. M. Cameron, Mrs. Clarence Collins, Mrs. J. B. Phillips, Mrs. V. W. Nelson, Mrs. James Via, and Mrs. Clayton Smith.

## Festive Christmas Party Held Wednesday Night By B.P.W.

There was a decided air of festivity and gaiety at the party held Wednesday night by the Business and Professional Women's Club. The event took place at 7 p. m. at the Elk's Club, which was aglow with gift and glitter and gay holiday ornaments.  
Mrs. Arolyn True, Mrs. Betty Baker, Mrs. Katie Willis and Mrs. Myrtle Gradick had really displayed unusual talent, in taking ordinary, everyday leaves, grasses, etc. found around the yard and, with a little gold or silver paint and a few Christmas balls, transforming them into something very much out of the ordinary. These were displayed in many Varied arrangements around the room, and at the end of each table was a glided palm shew, holding a palm frond, also glided, trimmed with Christmas balls in many colors. At each place setting was a gay little corsage made of a few sprigs of evergreen and a Christmas ball. There were many more of these stunning and unusual arrangements, but they were just too lovely and too plentiful to try to describe them all.  
Mr. and Mrs. Homer Little were responsible for the delight-

## Hot Putter, Spanish Moss Highlight PGA Opening Yesterday

### Seminole Quintet To Meet Bulldogs In DeLand Tonight

Bud Leyer, basketball coach for the Sanford Seminoles, said this morning that his quintet tonight when he takes his squad to DeLand to meet the Bulldogs.

"Several things are in our favor tonight," Leyer said. "We have had time enough now to get our feet on the ground, we have lost to some fine clubs, we have almost doubled the size of our squad in the last week and a half, and the attitude of the boys is top."

The Seminoles will be seeking to even the season score tonight in DeLand. They opened the season with a win over Florida Military School, then dropped a one sided loss to Boone the next night. This week they face the

A hot putter and spanish moss highlighted the opening of the Second Annual \$15,000 PGA Mayfair Inn Open yesterday as young Dew Finsterwald, second place money winner in the nation in hot trail on the out nine with two eagles and two birdies and played par on the in nine and missed the fairways for a six under par 66 to lead a pack of 52 golfers

New Smyrna glanis and came out of that one on the short end of a long score. Tonight they plan to even things up, "so we can look toward the Christmas tournament with some planning," said Leyer.

Leyer said the added boost to the number of his club would allow him to substitute more freely and give his starters some rest during the outing. "We still have a lot of work to do on conditioning," he said, but with the size of the club as large as it is now, we will be able to put on a good show.

The Seminoles are concentrating on the running game with the fast break this year.

Gametime is 8 p.m. in DeLand.

has played par or under.

Finsterwald had the best teeing drive of the day and never released with his driving and his putting. He landed on the green for 17 holes and missed the 18th by less than six inches.

Although Finsterwald has shot 64's before he said it was his best round since 1950 when he shot 61 to win the St. Louis Open while he was still an amateur.

In the meantime, however, one of Florida's scenic wonders, spanish moss, was taking its toll. The first to battle the moss was Mickey Homa, 32 year old summer resident pro at Westchester Country Club in Rye, N. Y. On Number four he made an excellent shot into the middle of the fairway, but the ball landed in a fallen clump of Spanish moss. When he attempted to hit it out, the ball went out of bounds. But Homa ran a fast race on the in nine. For the third he birdied seven times, three of them in a row on 11, 12, and 13, and called it a day with an impressive 67.

Dave Ragan was the next to fall before he moss. With a four under par 32 at the turn, Ragan lost a ball off number 14 by lodging it in a hanging clump of Spanish moss. Ragan finished with a 69.

Emilio "Chuck" Martus was the third to wage a battle with the moss. He also lost a ball in a moss-draped tree and was charged with two strokes. He finished with a 71.

Finsterwald, in his fifth year as a pro, is nearing the \$30,000 mark this year. In May he won the Carlings Open at St. Louis to run his total to over \$28,000, and presently the second place money winner from Gene Kunes Golf Center in Bedford Heights, Ohio, is in the favorite spot for top honors at the Mayfair again this year.

Don January, Bob Keller, Mike Fetcik, Tommy Bolt, and Jay Hebert followed Finsterwald with 65's.

January set the early afternoon lead with six birdies and one bogie. The 27 year old youth has been following the tour since February, and has already won \$17,000 in official PGA money this year. In May he won the Dallas Continental Tournament and in October tied the Western Open in San Francisco.

With birdies on 2, 4, 5, 8, 9, and 17, January said, "I couldn't hold a thing."

Bob Keller, the Korean jet pilot that turned pro when he was discharged, made the long putt count for his 68. Of his six bir-

Jack Machin, for whom Michigan State's stadium is named, coached the Spartans to 29 victories in 34 games during five seasons — 1911 through 1915.

Ed Kalafat of the Minneapolis Lakers basketball team weighs 245 pounds.

Nick Sanger, San Jose State tackle, is the son of G. H. Sanger, former wrestler for Iowa State.

Jack Musick, Dartmouth College line coach, formerly played in the line for Southern California.

Stranahan said he knew he was shooting a good game on the course, but he said he had no idea a 64 would come in today.

"That Oliver is a great competitor," he said. "He has an excellent attitude on the course, and he's terrific to play with. I thought I had the heaviest competition in my threesome for the tournament, and I'm still not so sure I haven't."

Stranahan said he had no idea what would be the winning score this year, "But," he said, "it looks now like it will be lower than last year."

Dave Baurland, Army quarterback, calls only three offensive plays in 1955 but was the Cadets' big star against Colgate in 1956.

Muzz Patrick, general manager of the New York Rangers, believes Ron Murphy has a chance to top his teammates in goals in the National Hockey League race this season.

# Frank Sinatra Produces, Stars In Western Film 'Johnny Concho'

Making a western was a sincere back in the days when Tom Mix received \$10,000 per week for galloping through the Old West astride his famous horse, Tony. Today, producing this type of story is considerably more complex. The advent of the TV era has compounded its technical problems, as Frank Sinatra found in preparing his first wide-open-space movie, "Johnny Concho" for United Artists. The picture starts Sunday at the Movieland Ride-In Theatre.

Prior to television, movie audiences made no demands upon the outdoor-action picture, other than that it be entertaining. Aside from carping vocally if the hero kissed his leading woman, the small fry refrained from interfering with the proceedings. Nowadays, every kid old enough to sit up before a TV set is a self-appointed student of the West and a critic of its mores and conventions.

Being the producer as well as star of "Johnny Concho," Kent Productions, the Academy Award-winning singer-actor had his job cut out for him. He made certain that everything he did and everything he wore in the picture would be okay with the blue jeans set.

Riding lessons were unnecessary, since Sinatra occasionally rides for relaxation when vacationing at Palm Springs and feels at ease in the saddle. His wardrobe was a different matter. Sinatra spared no expense to make that authentic in every detail. A staff of designers dug deep into Arizona frontier history around 1875, and sketches were made based upon the facts they dredged up.

In the shooting department, Sinatra went to the best-equipped man in the business — Gary Cooper. Thanks to "coop," he learned in a brief course not only how to use a pistol, but also such other tricks of the trade as walking, roping and overtaking a stage coach.

William Conrad goes gunning for Frank Sinatra and puts the latter's courage to the test "Johnny Concho," a United Artists release, is slated to start Sunday at the Movieland Ride-In Theatre.

## 'My Cousin Rachel' To Play At Drive-In

### Star Carol Haney Finally Makes It

HOLLYWOOD (AP)—Carol Haney finally made it.

It was a hard struggle, and she had to go 3,000 miles to do it. But after entering the film business a decade ago, she is now playing a starring role.

Her biggest achievements in the past were in dance sequences for "Brigadoon" and "Invitation to a Dance." But ended on the cutting room floor.

Carol is the fast-moving dancer with the face of a ploy I'll bet she hates that word who set Broadway afire in "The Pajama Game." Now she's repeating her role in the film version at Warner Brothers.

If her enthusiasm over the role is dampened somewhat, it's understandable. For she is still under contract to MGM, which is charging \$30,000 for her services. But she receives her regular MGM salary, \$275 a week, for 10 weeks on the picture.

"Yes, I'm unhappy about that," she admitted. "But what can I do?"

Carol's saga is an unusual one. She's a New Bedford, Mass., girl who started dancing early. At 15, she was teaching classes herself. "Naturally I wanted to try show business," she related, "and it was a question of whether to go to New York or Hollywood. Since I had some relatives living here, my parents decided they would rather have me go to Hollywood."

The young girl went West and found jobs dancing in studio choruses. Her talent attracted the eye of Gene Kelly and she became his assistant in choreography.

"Naturally I wanted to perform," she remarked, "but it was impossible. It would have been just as easy for a cameraman to go up to the producers and say, 'I want to act.'"

Her break came after "Kiss Me

"My Cousin Rachel," Twentieth Century-Fox's production of Daphne du Maurier's best-selling novel starts Sunday at the Movieland Ride-In Theatre starring Olivia de Havilland as the provocative heroine.

Featured in the Nunnally Johnson production is Richard Burton, a 28-year-old newcomer to American films who has starred on the London and New York stage. Supporting roles are played by Audrey Dalton, Ronald Squire, George Dolenz, John Sutton, Tudor Owen and J. M. Kerrigan.

Kate. She did a number in the film with Bob Fosse. When he was chosen to stage the dances in "The Pajama Game," he thought of her. But could she break loose from MGM.

She could, but her contract was suspended for the duration of the show. She left MGM a dance assistant and came back a star. But still at the same salary.

"The contract still has three years to go," she sighed. "The studio obviously has nothing for me. I haven't even heard from them. Yet everything I do — TV, plays, anything — has to be approved by them."

When the picture is over, she plans to return to New York and hunt for another show. Meanwhile, she hasn't neglected her teaching. Without any fanfare, she has staged a TV spectacular, automobile shows and night club acts, including her own.

"When a man starts bragging that he has a lot on the ball, he's inviting somebody to bat him around!"

## Try and Stop Me

By BENNETT CERF

EX-FUGITIVE Buddy Beer told Herb Stein there was no truth in the story that he and Brother Max, both of whom fought Joe Louis in their time, were scared to death of the Brown Bomber. "Max and I offered to fight him again," he insisted. "But the Boxing Commission wouldn't let both of us in the ring with him at the same time."

"Cigarette me, big boy," a stenographer implored of the lad at the next desk. Grudgingly, he produced a pack saying, "I thought you had quit smoking."

"I'm just at the first stage," she explained airily. "I've quit baying."

"I am fully aware that a great many husbands more," grumbled a new lady patient to a doctor, "but my husband is a ventriloquist, and he moans on both sides of me at the same time!"

## Judy Holliday is In Comedy Starting Sunday At Ritz

Judy Holliday brings her irrepressible, inimitable and infectious brand of ditty banter to the Ritz Theatre in Columbia Pictures' "The Solid Gold Cadillac." The solid gold comedy hit, which also stars Paul Douglas, opens Sunday; it's certain to be lovingly and laughily remembered for a long, long time.

"The Solid Gold Cadillac" is based on the Broadway comedy; in it, Judy is seen as a blonde chick who likes to dally around the Stock Market. She teaches the bears and bulls and wolves of Wall Street, all about the birds and bees, giving big business the business. Douglas, who starred with Miss Holliday on Broadway in "Born Yesterday," which made them both famous and which later won for Judy an Academy Award as best screen actress of the year, is seen in "The Solid Gold Cadillac" as the tycoon with Wall Street to Wall Street carpeting.

A part-time actress in "The Solid Gold Cadillac," Judy invades the business world as a stockholder, a very unimportant one at that, who asks embarrassing questions at a stockholder's meeting. The inept Board of Di-

rectors, t must her up, give her a job with their company as "Director of Stockholder Relations."

This gives Judy a chance to meet or to communicate with all the other minority stockholders as well as to view the machinations of the Board of Directors from the inside.

She does her job so well, she is deluged with stock proxies that virtually give her command of the multi-million dollar corporation.

The practiced comic maneuvers that Judy and Douglas go through are matched by those of the splendid supporting cast of "The Solid Gold Cadillac." Seldom has there been such a harassed corporation treasurer as Fred Clark; or a bewildered Board chairman as John Williams; or an ingratiatingly worthless member of a Board of Directors as Hiram Sherman. Neva Patterson, as Judy's secretary, and Arthur O'Connell are a romantic duo under Miss Holliday's protective wing, while Ray Collins is another non-possessed company director.

Abe Burrows' screen play of "The Solid Gold Cadillac" is derived from the play by George Kaufman and Howard Teichmann produced on the stage by

DAVIDOW'S BLM TOWN SUIT is shown above in salt and pepper. Daventree tweed. The very short jacket has a low, wide collar and notched helmine. The above-wrist length sleeves are cuffed.

JUDY HOLLIDAY'S PROXIES enable Judy, and Paul Douglas, to give big business the business, aided by Arthur O'Connell and Neva Patterson in Columbia Pictures' comedy, "The Solid Gold Cadillac," at the Ritz Theatre, beginning Sunday.

### Orlando Company To Construct End Zone Areas At NAS

Recent bids for the construction of two end zone areas for the East-West runway at Sanford Naval Air Station, resulted in a \$120,121 contract being awarded to the Hubbard Construction Company of Orlando.

The contract calls for extending the West end of the runway by 1,000 ft., and the East end by 1,300 ft. The two end zone areas will have an eight inch thick limestone base, with bituminous prime coat, and double bituminous surface treatment.

action?" he said "I would have done the same thing if I had been there." However, Chief Cleveland told Mayor Scott, "If you had just mentioned that it was city property this would have never happened."

Commissioner Gatchel stated to the commission and to the Fire Department officers "In Mayor Scott's position, I would have done the same thing and would have been just as mad, but on Lt. Crow's side, with the directives issued, I would have also done the same thing."

No action was taken in the questioning of the Sanford Fire Department personnel. However, commissioners agreed that they should "spell out" the location of property located outside the city limits and to be protected by Sanford Fire Department equipment.

The Sanford Fire Department is prevented from answering alarms outside the city limits unless an insurance rider providing payment to the City of Sanford for the city expense is attached to insurance policies and registered with the City of Sanford or a cash deposit of \$100 is made with the city.

LENNIE HUNT FINALLY HITS A BIG WINNER MIAMI, Fla. (AP)—All of a sudden Lennie Hunt is a big man in racing. He's the trainer of King Hairan who, like Needles, was foaled at Ocala, Fla., and hopes to emulate Needles by winning the Flamingo Stakes next March 2.

Hunt has been on race tracks since 1924. As a jockey he rode his first winner in 1925 at Sanford Park, Ontario, on a mare called Isabel C.

He has worked for Alfred G. Vanderbilt and George Odom. His present employer, Leo Edwards and H. B. Messer, bought King Hairan for \$35,000 after his first race at Hialeah last winter. The King won \$101,575 in 1956 and Hunt, as trainer, came in for a 10 per cent share.

### New Aid Against Colds May Have Been Found

By HENRI H. SCHWARTZ, M.D.

MANY of our great medical discoveries were made through an error or an accident. In fact, a study is being planned right now to determine whether just such an error might have uncovered a prophylactic against colds.

An antibiotic nasal solution is now under scrutiny. There is evidence that it may cut the incidence of head colds in children of school age and maybe adults, too.

Through a misunderstanding 60 young children in an orphanage were instructed to spray each nostril three times a day with biomydrin nasal solution during the months of December, January and February.

For Use At Onset

Actually, it had been intended that the youngsters, aged 6 to 12, use the solution just at the onset of a cold.

However, the methodical way had some surprising results. Of the 60 children, only five developed even early signs of upper respiratory tract infection. And these signs lasted less than 24 hours.

No Lost Time

None of the children was hospitalized and none lost time from school. Eight who had chronic nasal congestion at the start of the treatment were cleared within seven days.

These youngsters weren't shielded from colds by anyone. Far from it. They were constantly exposed to upper respiratory tract infections through their contact with other children in the school.

On the other hand, 60 youngsters in another orphanage, used as a control group, suffered a relatively high number of colds. They did not use the biomydrin. During February, March and April, 44 of them had one or more head colds lasting more than 48 hours.

Head Pains

Thirty-two of them had to be placed in the infirmary and lost one or more days of school.

Dr. Theodore A. Schwartz and John W. Heise Jr. who report on the subject in "Eye, Ear, Nose and Throat Monthly" conclude that it is possible that the constant action of the antibiotics on the nasal mucosa prevented the secondary invaders from multiplying and producing severe nasal infections.

QUESTIONS AND ANSWERS

H. S.: I have been reading that certain antibiotics help the growth of animals. Do you think they might promote growth in infants and children?

Answer: Certain studies have shown some increase in growth in children with the use of the antibiotics. However, because of the side effects from these drugs in humans, their use for such a purpose would not be advisable.

## '56 PGA Tournament Is Hailed Success

### Christian Church Carol, White Gifts Service Is Sunday

A candlelight Christmas carol and "white gifts" service will be held Sunday, 7:30 p. m., at the First Christian Church, it was announced today.

Preceding the program a medley of Christmas numbers will be played by Mrs. N. V. Farmer, organist. The choir, under the direction of Jay M. Walter, will sing several carols, including "O Holy Night (Adami). A Junior choir led by Mrs. Perry L. Stone will present Luther's "Away in a Manger." "This year's tournament was a complete success" said Frank Mebane, manager of the Mayfair Inn following the awarding of prize money yesterday at the Mayfair Inn's \$15,000 PGA Open.

The crowd was certainly much larger, said Mebane as hundreds followed favorite golfers around the fairway.

Largest crowds watching golfers try for the big money followed Frank Stranahan and Mike Fetschick who were competing for the low score in the tournament.

Apparently every golfer in the top bracket among the competitors was playing relaxed and without tension.

Mike Fetschick grinned as a score of reporters crowded around him on the 18th green to get first word of his "big win." Tanned, and apparently happy over the outcome, Fetschick said "I really didn't know that I was in the lead."

"I didn't do my best putting these last two days," the big golfer said as he answered questions from sports writers as well as fans.

Frank Stranahan, runner-up beamed his approval when he congratulated Fetschick.

Also on hand to congratulate Mike Fetschick was Al Balding, wily Erin Dale, Canada golfer (Continued on Page 10)

### De Baryites Dedicate Post Office Saturday

DeBary—An imposing ceremony of dedication was presented to the throng who attended Saturday afternoon's rites at the DeBary post office. The VFW and auxiliary color bearers stood at attention as William Blaine Moore, Scoutmaster, brought his troops to the fore and to the strains of The Star Spangled Banner, "eldirahUse emf emf Banner, raised the U S flag. The audience joined in the salute to the flag.

The Rev. Wilfred Aldridge gave the dedication invocation. H. Hudson Myers was master of ceremonies and introduced the following speakers: Judge Robert H. Wingfield, Delpho Hackney, postal inspector; Senator E. W. Gatter, Jess Mathias, Fred Karl, John Emley, Warren Jackson and John R. Godbee, representatives of the state and county. Judge Wingfield presented postmaster Walter Hani with a beautiful Florida state flag and described the meaning of its seal. Hani accepted and stated that he was happy to be a part of this solemn dedication.

Hackney told of his first official visit to the community which had petitioned for the name of DeBary. He found one grocery, a tourist camp and a real estate concern plus 70 homes. But he found also that this would be a going proposition from the start inasmuch as one of the 70 homes had a mortgage. "The De Bary people have a reputation for paying their own way", he added. From a modest \$1,000 receipts in '49 the postoffice received \$6,000 in '52 and in '53 was \$14,000. This year none can estimate.

The highlights of the club-scout meeting held Thursday afternoon at the home of donor, Mrs. C. A. Henderson was the opening and reading of the letter written to the cubscout den from the father of one of the members. Lt. Richard Duvall, U. S. ### Dr. Morgan Crashes Into Train

Seminole County was riddled with traffic accidents over the past weekend with property damage running an all-time high and two deaths as a result of the accidents.

Napoleon Thomas, 40-year-old Florida East Coast railroad employe was killed early Saturday morning when his 1946 Oldsmobile crashed through the Osteen bridge and submerged in over 10 feet of water.

His automobile, apparently traveling at a high rate of speed, failed to negotiate a curve at the west approach to the bridge just east of Sanford at the Sanford Boat Works and tore through the wood railing ramming two of the wood beams into the motor of the car.

The accident, which occurred at about 5:10 a. m. Saturday morning, was discovered when a Negro attempting to rent a boat, noticed the bridge torn out and notified bridgetender J. Turner McDonald who in turn notified authorities.

Investigating the fatality were Florida Highway Patrol Trooper T. Mark Mack, who went into the water to attach chains to the submerged car in order to pull it out; Sheriff's Deputy Ed Cowan, who assisted Mack from a boat; Constable J. Q. "Slim" Galloway and other deputies.

The dead man, a Negro resident of Sipes Ave. in Midway, was pulled from the water in his car shortly after 8:30 Saturday morning.

Coroner W. Hugh Duncan assembled a coroner's jury for an inquest. Serving on the coroner's jury are: W. C. Hires, Charlie Wood, Claude Loch, Leroy Smith, Francis Wilson, and Willie Hunt.

Leland Long, 38-year-old alleged moonshiner, died at 5:30 this morning as a result of an injured spine sustained in an automobile accident Saturday night on Highway 17-92.

Long, driving his car at an apparent high rate of speed, according to FHP Trooper T. Mark Mack, was traveling south on 17-92 when he crashed a wood barrier south of Five Points turning his car, a 1951 Mercury, over on its top.

### Krider Is Re-Named FSL President; 7 Teams Post Bonds

John Krider, of Sanford, was renamed president of the Florida State League at a meeting of the Directors held in Orlando yesterday morning.

Krider said yesterday afternoon "I accepted the position as president but without authority, I will only be responsible for handling the policy of the league during its 1957 season."

Explaining his position, Krider said "I will have no official duties except to preside over annual meetings and act as liaison man between the league and major league farm club officials."

Elected as executive vice president to handle all administrative matters was Peter Schaal, formerly of Sanford and now in the advertising business in Orlando.

Schaal was for a number of years league secretary and statistician. Seven teams have posted \$1,000 bonds to enter the Class D Florida State League for the 1957 season. The directors, acting yesterday on the Orlando franchise, gave Joe Cambria, who operated the Orlando Club during the waning weeks of the 1956 season, until Midnight Dec. 23 to post \$1,000 bond or suffer the loss of the Orlando franchise.

The door was left open for a possible Sanford entry in the Florida State League but the matter was not a part of the official business of the league directors. There has been no concerted action in Sanford, as yet, to enter a team in the 1957 Florida State League organization.

Teams posting bonds yesterday were officials representing Palatka, Cocoa, Daytona Beach, Gainesville, Leesburg, St. Petersburg, and Tampa.

Krider yesterday, attending the Mayfair Inn's \$15,000 PGA Open, said "I am sure we will operate the 1957 season with eight teams."

### Speeding Motorists Warned By Sheriff

Sheriff Luther Hobby pointed a warning finger at speeding motorists this morning when he called attention to the numerous accidents especially on Highway 17-92 in the section where the new road is under construction. "We've had two deaths over the week end," Sheriff Hobby pointed out. "Now, we're going to arrest everyone when caught exceeding the speed limit."

"This is a stern measure to enforce right here at Christmas time but it is necessary in order to save lives," the Sheriff said this morning.

### American Legion Party Is Tonight

"There will be no business meeting of the Campbell-Lossing Post of the American Legion tonight," said Post Commander Lynn Lyon. "The entire meeting will be turned over to our Annual Christmas Party," he said. Admission to tonight's Christmas Party will be one toy. Lyon pointed out and these toys will be turned over to the Elk's Club for underprivileged children.

for the fishermen here make quite a practice of retrieving these bottles for the money and cigarettes enclosed with the letters," writes Lt. Duvall.

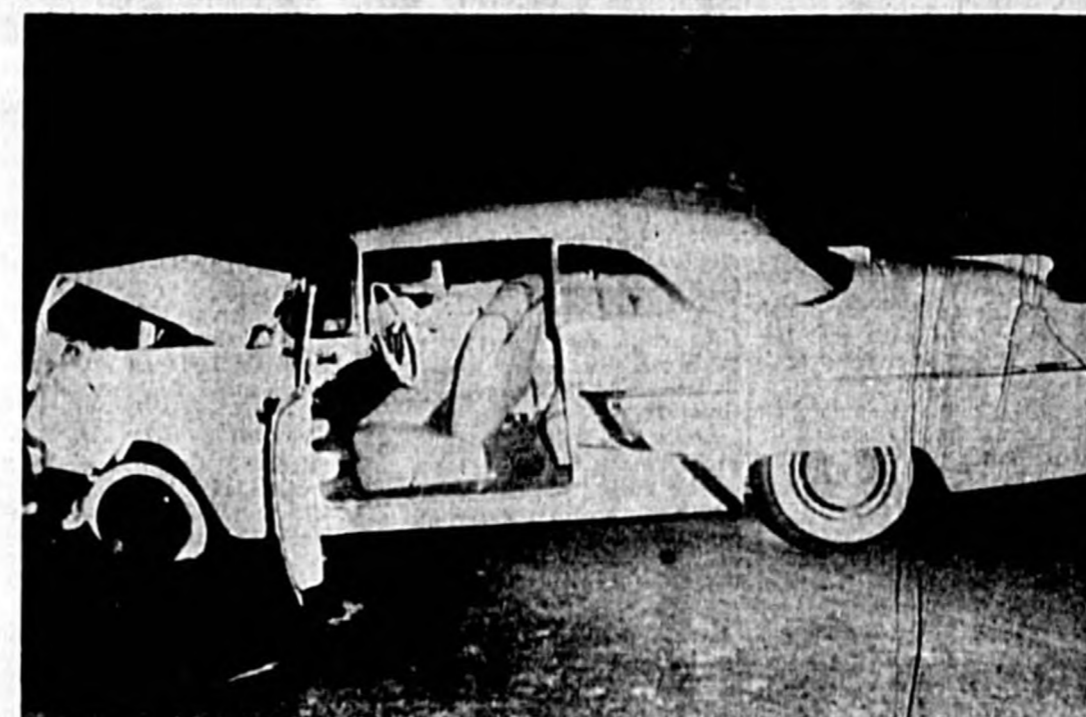

During the afternoon plans were discussed for the appearance of the cubscout in the DeBary post office dedication last Saturday and plans completed for the pack 60 Christmas party next Wednesday and the carol singing by the group on Christmas eve. The boys were also decorating pine cones and making Christmas decorations. Each boy's birthday is appropriately celebrated at the den meeting and today was John Tatum. Happy Birthday was sung to John Tatum with cake and punch enjoyed by all the boys.

### Board's 'Closed Door' Meet Comes To Light

A "closed door" meeting of the Board of Sanford City Commissioners has come to light following the hassle between the Sanford Fire Department and Mayor F. D. Scott.

Mayor Scott, last Tuesday evening, called the Sanford Fire Department to answer an alarm at the Mayfair Inn Country Club. However, Lt. John Crow, on duty and in charge, refused to answer the "out of the city limits" fire call because of an ordinance which prohibits the local fire department from answering alarms unless property owners register their property with the city and provide insurance riders to cover the cost.

The social meeting was called last Wednesday morning for the Mayor to discuss his complaint. With all commissioners present, without calling the press into the meeting, official action was taken.

The City Charter, Section 11 provides that "The City Commission shall meet at the usual place for holding the meetings of the legislative body of the city, and at such times as may be prescribed."

### Registration Heads To Meet Jan. 18-19

The midwinter meeting of the Florida Supervisors of Registration Association will be held in Fort Pierce Beach on Jan. 18-19.

The meeting will be held at the Shamrock Motel. All committees of the association will meet on the afternoon of Dec. 19 and the general meeting will be held on Dec. 19.

Supervisors of Registration from all of the 67 Florida counties are expected to be represented.
