

### County Still Dry!

Longwood Forest Rangers earlier this week reported a number of woods fires caused by striking lightning which accompanies the afternoon and early evening thunderstorms of the season.

Ranger Lewis Williams explained that although the county is getting some rain, most of the showers are localized and many of them cover only a few acres. Too, he said, not enough rain falls to thoroughly wet the underbrush and high winds coming with the storms quickly dry the top moisture.

The Forestry Service official warns that even with the rainfall Seminole County still is DRY and residents urgently are requested to maintain every precaution in burning trash and debris at their homes and to observe all safety rules while picnicking or camping.

Residents also are asked to keep a sharp lookout in surrounding areas of their locale for possible home or woods fires which could be ignited by lightning during the local storms and to immediately report them to the nearest authorities.

### Oviedo Changes Sign Of Continued Growth

By MARIAN R. JONES  
Included in physical evidences of continuing growth in Oviedo and its surrounding areas are the complete 24-page proposed rules and regulations of the city's zoning committee and the change in the town's electrical service by Florida Power Corp.

### Builder Asks For Lights At Post Office

Casselberry Lighting Committee Chairman Herbert Maley, asked to look into requirement of street lights for the new Casselberry Post Office Center, reported that costs for operating the lights would run approximately \$2.30 each per month.

The town has been asked by Hibbard Casselberry, owner of the center, to place four lights, spaced 100 feet apart and in the form of a square, at the site. He also asked that additional information be secured from Florida Power Corp. as to costs of installing the more substantial and attractive metal poles such as those used at the new Public Market.

However, the Board of Aldermen was advised by its attorney, Kenneth McIntosh, that unless the town holds a property title, a lease or an easement for the area, it cannot legally authorize the lights.

The matter was left for Mayor Joseph I. Laird and the builder to come to an agreement on the method of legalizing the installations.

### Vacationer Forced To Continue Rest From Housework

Undesired accidents seem to have followed the Daniel VanderWort of Lake Harriet Estates through this summer vacation. While in Michigan, where they spent a month visiting relatives and friends, Mrs. VanderWort was hospitalized for three days with an infected finger on her left hand.

Upon their return home, they had not been in the house five minutes, she said, when she slipped on a rug, breaking her right arm in the fall.

Since the finger still is under treatment and the broken arm in a cast, the returning vacationer now is questionably enjoying a rather prolonged and continued rest from the housework.

### New Flag, Pole At Longwood

A brand new 50-star American flag went up on a brand new pole at the Longwood City Hall one day in advance of the big Fourth of July celebration.

Longwood Maintenance Engineer John Farina and his workmen were in charge of erecting the new pole while the flag came through the courtesy of City Councilman John Reams.

prepared by Chairman Ben Jones and his committee, has been presented to the City Commission and closely follows the standards of other cities throughout the state facing rapid growth. The Florida Power Corp. has been rebuilding and increasing the distribution "feeder" lines from the Oviedo substation to provide for greater power demands. By changing from the 4,800 volt system to one capable of carrying 12,470 volts, the corporation assures its customers in the area against voltage drop problems which could result with increased population and building of industry.

In addition, the new high voltage system will enable substations at Winter Park, Longwood and Bithlo to feed the Oviedo area should the necessity arise. Having several sources of power will assure local residents of uninterrupted service in the event of line or substation breakdowns.

Part of a system-wide change, the Oviedo switch has been anywhere from 30 to 35 men working in the area during the past six weeks and 125 new poles, ranging in height from 35 to 60 feet, have been set. Beginning at Goldenrod and North Orlando, the work has required only a minimum of service interruptions from local customers.

### Village Changes Teen-Hop Dates

By MONA GREENEAD  
North Orlando's Teen-Hops, weekly outdoor dances for young people of the Village, have been changed from Saturday nights to Friday nights.

The dances, which began in the Village under the direction of the Catholic Women's Society, now are supervised by members of the local Volunteer Fire and Recreation Dept. from 8 p.m. until 11 p.m. each week.

Husbands and wives of the department, serving alphabetically, act as chaperones. Other recent projects of the department have included the successful July 4 fireworks display which was handled by the firemen to conclude the first Independence Day celebration in the Village and sale and delivery of fertilizer in a joint effort with members of the Civic Assn. Firemen made deliveries in the fire truck while Woody Anderson, Donald Hall and Jack Sutton handled the sales.

### Old Glory Post To Come Home?

The Old Glory American Legion Post, now located at Altamonte Springs, which has announced its intention to build a \$30,000 home in Casselberry, originally was chartered for the towns of Casselberry and Longwood, according to Hibbard Casselberry, a charter member of the organization. Carl Stoddard, commander of Old Glory Post, has not as yet announced detailed plans for the building.

THE NEW ADDITION to Casselberry's Fire Hall, being constructed by Developer Hibbard Casselberry, far left, under terms of a land trade agreement with the town,

will provide the space needed for the firemen to add a boat, motor and trailer to their present equipment. (Herald Photo)

### Canal Is Problem Of Land Owners

Attorney Kenneth McIntosh last week advised the Casselberry Board of Aldermen that in his opinion the town has no responsibility in maintaining a drainage canal which runs from Lake Tripoli north to Lake Kathryn.

The question came up after a petition, framed by C. S. Magill of 296 Ivy Rd. and signed by a number of the area residents, was heard at the July business meeting.

The petition stated that the canal, filled with hyacinths and stagnant water, created a health menace and asked that the town have it cleaned and assume its maintenance. It also cited that a barbed wire fence in dilapidated condition on the easterly side of the canal posed a safety hazard to residents.

A search of past municipal records and a study of U. S. Geologic Survey Maps by McIntosh revealed that the canal and its abutting properties are the responsibility of the land owners.

### Art Class Brings Large Audience

By MRS. ADAM MULLER  
Artist Eugene White, resident instructor at the DeBary Mansion Florida Federation of Art Headquarters, led a landscape demonstration on the afternoon of July 5 with more than 75 students in the audience.

White explained his methods of outlining the rough sketch and from there he brought out the color and shading he desired. Posing for questions from the audience, as cool punch was served, the artist announced that his completed drawing would be donated to the FFA president for use in any fund raising project she felt advisable.

Although no demonstration was scheduled this week, White will give another next week. Pictures from associated clubs in the state now hang in the galleries and a great deal of interest has been shown in the cabinet of stuffed birds in the Whistler Gallery.

Count DeBary, it is rumored, brought two of each species to the area to add to the stock of local birds for his private hunting range. Most of these types are mounted and are on view at the Mansion.

### Troop 341 Scouts Earn Exciting Trip

Several months of hard work and planning by members of Casselberry Boy Scout Troop 341 will come to an end early Saturday morning when 11 boys and two adult leaders climb aboard a large, canvas covered camp truck at 6:45 a. m.

Thus will begin an exciting and educational nine-day trip through several gulf coast states for which the scouts have earned their expenses by sponsoring car washes and rummage sales and through their present project of selling fire extinguishers for home or car use.

Overnight camps will be pitched at a number of State Parks and Scout Council Camps along the way and at historic Bixby, Miss., home of Jefferson Davis, the boys will earn a Civil War Centennial Award by making a 21-mile hike covering many points of interest.

The group also plans to visit New Orleans where many of the scouts will get their first look at the Mississippi River, Mrs. Leonard Casselberry, wife of the Troop Committee Chairman, reports.

On the return trip, she says a stop will be made in Tallahassee for a tour of the State Capitol. Members of Troop 341, which is sponsored by the Casselberry Lions Club, who will be making the trip are Danny Casselberry, senior patrol leader and Ricky Casselberry, Terry Cox, Billy Dempsey, Wilbur Husted, David Nielson, Charles Norris, Bill Skisak and Ricky Taylor.

Cub Scouts Danny Dempsey and Bill Daniel also will make the trip and adult supervisors will be Scoutmaster W. T. Daniel Jr. and Casselberry.

### Lake Monroe Jottings

MRS. H. L. JOHNSON  
Hi there. Sure missed being with you last week. But I was certainly having a most wonderful time in Gainesville with the Short Course. Naomi Sapp, Louise Rusklow and myself, along with our agent and five others, certainly "learned" a lot this time. I wish that more could be able to go. After all, according to the old saying "you are never too old to learn" and I KNOW . . . I wish you could see what greeted me when I returned. I would have blamed it on the boys but since it was a small tornado I can't. The curtains were blown down, a window opened and soaked some furniture and plenty of damage outside . . . Murdock and Clara Matheson and two daughters left Monday morning for North Carolina where they will visit for two weeks. . . . I want to take this time to tell you of a beautiful thank you card I received in the mail. It is from the Dutch Mill Nursery on the Upsala Road. I also talked to Mrs. Lommerse on the phone. We had an interesting talk. Mr. Lommerse is from Holland. The transformation of their yard from what it was till now is simply wonderful. It is a site of beauty now. I want to go over and talk to him and see if he can translate a cookbook for me into the only language I know, English. . . . Sorry to hear that Ora Canup is confined to Seminole Memorial Hospital. Lenora Andrews and I went up to see her Sunday. Hops she can return home before very long. . . . Linda Stapler returned home last Wednesday after a three week absence spent in the mountains at Gatlinburg, Tenn. I know she had a wonderful time. . . . Talked to Mary Hittell concerning the Community Building. Help is badly needed over there. Anybody that can, please go over and give Mr. Anderson a helping hand. The outside repairs should be finished before getting the inside started. So come on you stout-hearted men and give the others a hand. . . . Our household had visitors last week from New Jersey. Fred and Oviedo McDonnell whom we haven't seen in seven years paid us a surprise visit. Sure was good to see them. . . . The W. H. Almonds have two of their granddaughters with them from Lee. . . . Claude and Rena Hawkins and son, Sidney, returned Friday after a two weeks visit with sister Florence in New Jersey. While there they went on a sightseeing tour of old New York. They took in the Em-

pire Building, Museum of Natural History, Rockefeller Center, Statue of Liberty and on their way home stopped at Gettysburg National Park, Pa. This trip wasn't enough so they left again Sunday morning to go south, by way of Spring to see old Monroe friends, the J. H. Edwards, then on to Lake Wales and Punta Gorda to visit the Jim Corbett and Rena's sister Hazel. As this was Sidney's first trip out of the state, he certainly was a thrilled boy. . . . Have got to be sure to remember to go to Gial Taylor's wedding rehearsal tomorrow evening. I have the pleasure of being asked to be the organist for her wedding. Just another day of being a YOUNG old maid. Gial. . . . Sammy Lou Keel told me this morning that she called her mother in Balabridge, Ga. Ma was out but Pa was there so she talked to him. That's the couple that we are trying to get to come back here and live so Ma can show Pa how to fish and really catch the fish too. They are the nicest couple. . . . I want to thank Cecelia Farmer for the nice little story she did on Mrs. Helabuch and I while we were gone. It was so nice. . . .

### \$922 Collected To Aid Family

Casselberry Volunteer Fire Chief Paul Bates said late Tuesday afternoon that \$922 has been collected for Mr. and Mrs. Ralph Weimer whose five year old daughter, Gladys, died recently of the dreaded blood disease, leukemia.

Weimer, who has two other children to care for, still is deeply indebted for medical expenses incurred during the past year in the fight for his little girl's life, Bates said, stating that contributions still are being accepted at the Casselberry Realty Co., at Sheppard's Rexall Drug Store or by mail to the Fire Dept.

### Longwood Ready For CD Audit

Longwood last week received approval from Civil Defense authorities on its additional request for \$714.30 in Hurricane Donna disaster relief funds.

City Clerk Mrs. Onale E. Rockett was instructed by the city council to notify CD Headquarters that the town has completed all repairs for which the additional funds were requested and that it now stands ready for an audit of the records.

### Church Group Attends Camp

Rev. Ruth E. Grant, pastor of the First Pentecostal Church of Longwood, and a group of young people from the church, have returned from the Christian Youth Camp which is held each year at the Camp Grounds of the United Pentecostal Church near Ocala.

Rev. Grant served as instructor in Church History classes and as director of the Junior Dept. In her absence, Rev. Vivian Poland, assistant pastor, officiated at regular services at the Longwood Church.

Young people attending the camp were Margrete Pemberton, Curtis Chafin, David Kelgans, Harold Kelgans, Mary Lou McCoy, Bruce McCoy, Clyde McCoy Jr., Patsy Ruth Grant and Randy Ansley.

These boys and girls will present a special program at the church on Friday which will demonstrate the advantages of attending the Christian Youth Camp.

The public is welcomed at all regular services of the church and is especially invited to the Friday program.

### Mayor Issues Gun Warning

Casselberry parents were warned by Mayor Joseph Laird last week that both an existing state law and a municipal ordinance prohibit the use of BB guns or .22 caliber rifles by youngsters under 16 years of age unless they are accompanied and supervised by an adult.

Residents in some areas of the town have protested against a "gang" of youngsters who are "shooting up everything."

Parents can be held responsible for the juvenile offenders, Laird warned, and sentence can bring a fine of as much as \$300 or 30 days in jail.

### Council Discusses Garbage Franchise

Members of the Longwood City Council briefly discussed granting the town's garbage franchise to the ABC Garbage Collection Co. of Sanford after adjournment of the regular meeting last Thursday.

Prior to opening the session, Mayor Al Lormann mentioned the possibility of a plan in which the town would purchase uniform standard type cans in gross lots and provide them to all residents within the municipal limits for a small monthly fee.

"In this way we could be assured that all our residents have closed, sanitary containers," Lormann said, "and it also would help to keep garbage and papers from being scattered by prowling dogs or being blown out of open containers."

### Library Fund Now Totals \$818

By ATLANTA MCGINNIS  
A profit of \$185 was reported by members of the Altamonte Springs Library Assn. from the rummage sale being held in the old post office building.

Total funds raised by the association for the purchase of library and property now stand at \$818.

Sales resumed this morning and will continue through Friday and Saturday.

### New Firms To Open

Two new businesses, a Western Auto Assoc. Store and a Coffee Shoppe, soon will be ready to open at Forest City Shopping Center on E.E. 68.

### Longdale Residents Seek Council Advice

A number of residents from the Longdale residential development appeared before the Longwood City Council meeting last week to seek advice on a paving problem and on how to get an unsightly junk yard screened from view.

The paving problem involves Orange Ave. east of the Longwood city limits to Hwy. 17-92 which runs in front of the Elementary School.

Council Chairman R. C. Carlson advised the group to get a petition, bearing as many signatures as possible, for presentation to the County Commission at one of its weekly meetings. He also suggested that residents form the largest possible delegation to present the petition.

This same method could be used, he added, in requesting that screen mesh fence be required around the junk yard.

However, Carlson made it clear that he was not optimistic about the groups getting any immediate results from the county, citing a number of past instances when county assistance had been promised but had failed to materialize.

### VFW Post 8093 Installs Officers

By MRS. ADAM MULLER  
DeBary VFW Post 8093 elected and installed officers at a July 11 meeting in the Fire Hall with M. J. Benson, commander of district 8, serving as installing officer.

New officials of the veteran's post include Gerard Neyer, commander; Capt. H. M. Yost, senior vice commander; Capt. Thomas P. Lawton, junior vice commander; John J. Seufert, chaplain, and Harold E. Coffin, trustee for two years.

During the ceremonies, the district official presented Joseph Santillo with a Dept. of Florida Certificate of Merit for continued activity in the VFW program of service for 1950 and 1951.

Speaker of the evening was Charles Swinehart, district quartermaster, who spoke on unity and strength of the organization in Florida.

### Tax Session Set In Longwood

The Longwood City Council will sit as a board of equalization at 8 p.m. today in the City Hall.

The meeting, during which any complaints from residents on the new city tax roll will be heard, was postponed from June 30 for lack of a full board.

### 4-H Boys And Girls At Camp McQuarrie

Seminole County's 4-H Boys and Girls left Monday for a week at Camp McQuarrie in the Ocala National Forest.

Attending with members from Volusia County, the 4-H'ers will take part in classes for swimming, nature lore, first aid, crafts and special programs. Each group will have an agent as its leader with one adult and three junior assistant leaders.

There are twelve cabins and each cabin selects a leader who is in charge of the cabin.

The program each morning starts with the flag raising ceremony, then breakfast, clean cabins and morning assembly. Swimming, nature lore and special programs keep the campers busy until noon.

After lunch there is a rest period until afternoon activities begin.

Flag lowering ceremonies are held after supper each day. The evening program begins at 7:30 p. m. and there are two hours for fun, recreation and special programs. Visitors are at 9:30 p. m. and this closes the program for the day when at 10 p. m. it is "Lights out."

Seminole girls attending camp are Carla Lommer, Towanda Showers, Patricia Conay, Karen Pettis and Sue Pettier, Longwood; Linda King, Candy Childs, Linda Mohr, Donna Foley, Martha Ross, Norma Adams, Sanford club; Myrtle Harris, Janie Cordray, Bernice Stoddard, Martha Dear, Iris Gossney, Sandy Shivers, Tina Greenchereau and Debby Kreckh, North Orlando club; Sylvia Miller, Dorothy Duda, Martha Murphy, Joyce Bellmore, Lee Ann Murphy, Eleanor Heil, Sandra Miller, Mary Jane Brown, Lynn Eustice, Kathy Rook and Carol Rook, Slavia club.

Linda Stafford, Wanda Mison, Cynthia Green, Barbara Rowell, Susan Day, Wendy Martin, Linda Gentry and Cathy Best, Lake Mary club; Cheryl Clark, Sandy Van Horn, Linda Jones, Sandra Jones, Brenda Kelly, Toni Morrison, Sheryl Mueller and Patsy Groves, Lake Brantley club; Linda Green, Catherine Cammack, and Frances Cammack from County-At-Large group.

Boys, David Jakubein, Chuck Pula, Jack Eustice, Ted Bellhorn, Bill Murphy, Bob Bellhorn, Wallace Markien, William Heil Jr., Bill Mikler, Michael Kreckh, Dan Thompson and Jonathan Lukas from Oviedo; John Peggood, William Leffer III, from Sanford; David Mohr and Harry Clements from Lake Mary.

Miss Myrtle Wilson, Home Demonstration Agent, and Ernest Lundberg, Assistant County Agent from Seminole County, and Mrs. Edna Eby, Home Demonstration Agent and Jim Luttrell, Assistant County Agent from Volusia County will be the agents in charge of camp. Cecil Tucker, II, County Agent from Seminole County is manager of the camp. Mrs. Darle Dickson, is the adult leader assisting Miss Wilson and E. L. Bellhorn, Slavia is assisting Lundberg.

ALLEN'S CABINETS, INC., will move into its new Longwood headquarters on E. Lake Ave. next week. According to Allen L. Harvey, owner of the business which specializes in all kinds of formica work, the firm's new building is the largest in Central Florida for this type business and was designed to handle an expected substantial growth in the industry and in the number of employes within the next few months. (Herald Photo)

# Grissom Rockets Into Space: Escapes 'Disaster'

CAPE CANAVERAL (UPI) — Virgil I. (Gus) Grissom leaped 118 miles into the sky to become America's second spaceman today in a 16-minute rocket flight which ended in loss of his spacecraft and near disaster for him.

Grissom had to blow the hatch off his capsule and swim 65 to 70 feet before he was picked up.

The 35-year-old Air Force captain got out of his craft, Liberty Bell 7, minutes before it sank in the ocean 145 miles east north-east of Grand Bahama Island.

His first words after a rescue

helicopter deposited him on the deck of the aircraft carrier Randolph were: "Give me something to blow my nose. My head is full of sea water." The spacecraft sank five minutes after Grissom got aboard the helicopter.

Except for loss of the Liberty Bell, Grissom's flight was almost as perfect as Navy Cmdr. Alan B. Shepard Jr.'s pioneering hop of May 5.

One of the first to congratulate the stocky, tough-minded, hard-driving Grissom was President Kennedy. By radio telephone to

Gus aboard the Randolph, Kennedy expressed "great pleasure and satisfaction" over the successful outcome of his flight.

In Newport News, Va., Grissom's wife Betty said thankfully, "I'm very happy. Deep down I always knew it would be a success. That helped me."

Grissom himself was described as "in good spirits," but observers aboard the Randolph said he did not appear as jaunty as Shepard had after his recovery.

The National Aeronautics and Space Administration said offi-

cially that "preliminary data indicate the pilot performed satisfactorily during the flight."

His lack of bounce after rescue was attributed to disappointment over loss of the capsule and the film and other records it carried with it to the ocean bottom. Scientists, however, had complete tape of his remarks and physical condition as reported by radio during flight.

After Grissom was plucked from the sea, a helicopter tried to pick up the spacecraft. But NASA reported "that some kind of malfunction occurred, that the space-

craft sank; it dropped in the ocean and sank."

After two postponements and a last-minute weather threat, Grissom embarked on his flight at 7:20 a. m. with a smooth liftoff.

He hit a top altitude of 118 miles and a peak speed of 5,310 miles an hour before coming down at 7:36 a. m. 305 miles from the cape and seven miles from the Randolph.

The comparable figures for Shepard's flight of 15 minutes 22 seconds were 116.5 miles altitude, 3,180 miles an hour, and a landing 302 miles at sea.

Had Grissom's flight been a complete success, it might have been the last suborbital rocket hop before NASA attempts to put an astronaut into orbit around the earth late this year or early next.

But loss of Liberty Bell was a blow to scientists who had counted on gaining much information from the film and various instruments aboard the capsule. Their loss may make a third rocket hop advisable.

The main thing, however, was that Grissom survived his dunking. In Mitchell, Ind., his railroad father said he and the pilot's

mother were "relieved it's over." He said "we wouldn't want to go through it again."

Liftoff and the flight itself were flawless. Grissom, whose capsule had a larger viewing window than Shepard's reported at the beginning of his weightless period: "Boy, that sun is really bright! The sky is very, very black."

At one point he said the view from his "picture window" was so "fascinating" he almost forgot to do his spacecraft maneuvering chores.

THERE GOES GRISSOM . . . A news cameraman at Cocoa Beach helps a pretty girl sight through the telescopic lens of his camera for a look at the second Mercury Capsule shot from nearby Cape Canaveral.

## County School Board Okays Mill Increase

# The Sanford Herald

WEATHER: Cloudy with a chance of scattered showers through Saturday. High today, 85-90. Low tonight, 75-80.

## French Troops Launch All Out Battle For Tunis Port

TUNIS, Tunisia (UPI) — French paratroopers supported by artillery fire and strafing planes today unleashed an all-out battle for control of the Tunisian port city of Bizerte.

Localized French attacks against Tunisian army strong points on the outskirts of the city burst into a full-scale assault with heavy shelling and air strafing just after noon.

The immediate objective of the Algeria-toughened French troops was to gain control of the city.

Localized French attacks against Tunisian army strong points on the outskirts of the city burst into a full-scale assault with heavy shelling and air strafing just after noon.

The immediate objective of the Algeria-toughened French troops was to gain control of the city.

The Tunisian news agency said 50 truckloads of French troops moved out from their barracks in the Bizerte naval base today and moved toward the city.

An unofficial count showed more than 200 persons had been killed and hundreds more wounded in the fighting that began Wednesday when French troops resisted blockades by Tunisians seeking to force them from the big naval base.

The French shelling was reported shortly after President Habib Bourguiba told his nation that France intends to reoccupy all of Tunisia.

He ordered a "foot-by-foot" defense against the French and appealed for foreign volunteers to help.

Algerian rebel government officials announced in Tunis, meanwhile, that "important Algerian arms" and several thousand Algerian Moslem volunteers were ready to leave for Bizerte to fight beside the Tunisians.

The Algerian rebels are believed to have an army of about 15,000 men in Tunisia and to have considerable arms at their disposal, many obtained from Communist sources.

Bourguiba announced Tunisia was taking over control of the oil pipelines which run from the French wells at Edjele, in the Sahara, through Tunisian territory to the Mediterranean.

"If the French forces react to this decision we will take retaliatory measures along the whole length of the pipeline," Bourguiba said.

By LARRY VERSHEL

Although County officials aren't saying so publicly—the majority of courthouse department heads are dead set against any sort of courthouse annex in South Seminole County. Most of them feel that the county isn't ready for it yet.

Mayor Joe Baker will have plenty of opposition during the forthcoming city election this November. Two residents have already told me "off the record" that they are going to oppose Baker.

Nobody asked me but, why do official bodies such as school, county or city boards seem to worry more about public criticism when they are forced to raise the millage instead of if it is in the best interest of the school children or community?

The Board of directors of the Chamber of Commerce have scheduled a meeting for 7:30 p. m. July 27 in the Caucus room of First Federal. The 1961-62 budget will be discussed along with reports on the progress of the newly organized development company.

Health Director Dr. Clyde Brothers will be on the firing line Monday when he appears before the Rotary Club at its noon luncheon. I imagine Brothers will be asked on why he wants a slight millage hike in his budget.

## Approves Record Budget

The County School Board late Thursday afternoon tentatively adopted a near \$4 million record budget for 1961-62 and unanimously voted to raise the support and maintenance budget by one mill.

The board will hold a public hearing on the budget at 10 a. m. July 31. Final approval is expected at that time.

The total budget figure was set at \$3,994,101 with the support maintenance budget at six mills and debt service remaining at one and a half mills.

Last year's operating budget was \$3,700,000.

At Thursday's meeting, Supt. of Schools R. T. Milwee predicted a bleak future for Seminole County children unless the budget is raised and even suggested the possibility of raising the millage by one and a half mills.

However, school board members refused to go along with any millage hike ever ago mill.

Board member James Birkmeyer said that "I can see the feasibility of one mill but I just can't go along with any more."

Both John Brunley and Chairman Roy Mann agreed with Birkmeyer that one mill increase was a "must" but they were afraid any additional taxes would be too much to bear for the taxpayers.

Milwee said that the only alternative was to cut bond construction funds cutting the program for a new Bear Lake School and Junior High School near Casselberry.

The board agree to limit building money and cut the two new schools "to the bone if necessary."

Milwee repeatedly emphasized that if the millage isn't raised the school children will be penalized. "Our children are getting less than any others in the state but, it's remarkable that we continue to turn out some outstanding students."

In mapping out claims for the need of a millage hike, Milwee said that the federal government has allowed public law 874, assistance for federally connected children to expire. "This takes away \$125,000 of anticipated revenue in this budget."

Milwee stressed that by legislative action a \$200 yearly across the board increase in teachers salaries, of which the county pays a portion, was given. He also emphasized that 46 more teachers than were used last year have been employed for the new year because of the child population growth and it is estimated that "1,200" additional children will have to be taken care of in the new year.

Milwee explained that for the past two years the board had been able to match state funds for building purposes with bond money. "Now that the bond money has expired, local monies must be used for matching purposes," the superintendent said.

Milwee said that the board is entitled to \$250,000 of state money but this budget only calls for the matching of \$171,741 leaving the board short \$78,259.

## County Advised Lake Dot Not Fit For Beach

The County Health Department today advised the County Commission by letter that Lake Dot in Sunland Estates would not be a "fit" public bathing area.

The County Commission earlier in the week had tabbed action on improving the facilities of the lake until the health department could conduct a bacteriological count on the two acre lake.

## Republicans Cry Foul On School Aid Program Bill

WASHINGTON (UPI) — Administration pressure to revive its all-but-defunct school aid program had congressional Republicans shouting foul today.

One GOP House member accused President Kennedy of brandishing a whip over Congress in an effort to line up support for his \$2.5 billion aid plan for public school construction and teacher pay.

All 12 Republican members of the House Education Committee wrote a letter to Chairman Adam Clayton Powell (D-N. Y.) accusing Kennedy and his congressional backers of trying to "blackjack" Congress into line on school aid.

These charges came as Powell met Kennedy in an unannounced conference on school legislation. Reliable sources said further strategy sessions were in prospect.

The complaints revolved around the so-called "impacted areas" school aid program.

This 11-year-old program, if continued, would pump \$10 million into 3,800 school districts throughout the country next year to pay for the schooling of children of government employees, military and defense workers.

## Anna On Lonely Caribbean Course; No Threat Seen

MIAMI (UPI) — Hurricane Anna, the season's first tropical storm, maintained a lonely course in the Caribbean Sea today and threatened no land areas.

But the San Juan, P. R., weather bureau reported in a dawn advisory that the disturbance should slowly "increase in size and intensity" today.

The advisory said the hurricane, churning up 80-mile-an-hour winds on a west and west-northwest course, was located about 1,100 miles southeast of Miami and about 115 statute miles northwest of Curacao, N.W.I., moving at 23 m.p.h.

"Hurricane Anna is expected to continue moving in the same direction at a slightly slower speed at 21 m.p.h. for the next 12 hours with slowly increasing size and intensity," the Weather Bureau reported.

Highest winds are estimated at 80 m.p.h. near a small area near the center and gale winds extend 100 miles north of the center in the northern semi-circle and 80 miles in the southern semi-circle.

The bureau warned ships along the coast of South America in the vicinity of the Guajira peninsula to remain in port.

WORK BEGAN this morning on widening W. First St. Top picture shows bulldozers clearing property west of Monroe Corner on the road. Bottom picture, workers drive a stake to designate the road right-of-way. The San Marco Construction Company of St. Augustine was the low bidder on the project with the cost to be \$694,966. The project will include leveling, grading, paving and one concrete box culvert on the 3.7 mile stretch.

(Herald Photos)

## Mrs. G. D. Bishop Dies; Rites Set

Mrs. George D. Bishop Sr. died today. Funeral services will be held at 4 p. m. Saturday at Holy Cross Episcopal Church. Mrs. Bishop is survived by her husband, George D. Bishop Sr., a son, George, Jr., a daughter, Mrs. Martha Ashby, seven granddaughters and one grandson.

## Sailor Escapes Injury In Mishap

A Sanford Naval Air Station man, Howard Gearhart, was charged with reckless driving in a one car accident early this morning, the Sheriff's Office reported.

Deputies said that Gearhart was apparently traveling at a high rate of speed along Myrtle Ave., three miles south of Sanford, when the car turned over.

Gearhart escaped uninjured but damage to the car was heavy.

## Heavy Loss

Seminole County schools will lose \$122,000 in so-called federal impact money if President Kennedy's school aid bill remains bottled up in congressional committee, Supt. of Schools R. T. Milwee reported today.

The federal impact funds are provided to help meet local school costs in areas where military bases spill children of military personnel into public schools.

The government started this program in 1950.

## Kennedy's Military Program Slashed

WASHINGTON (UPI) — The House Appropriations Committee today slashed \$148 million from President Kennedy's military construction request and warned that the Pentagon must take fast action to stop waste in the program.

The committee, in approving \$886,768,000 for military bases of all kinds, lashed out against poor management in the planning and construction of new research facilities especially.

It cited unrealistic cost estimates, costly construction, inadequate facilities and delays in operational schedules as major problems.

The Air Force took the biggest cut, \$40.5 million. The Army budget was reduced \$44.1 million and the Navy \$23.8 million.

Under the bill as it now stands, the Air Force would still get the lion's share of \$497.5 million. The Navy would receive \$188.3 million and the Army \$178.8 million.

To Stand Trial  
DELAND (UPI) — Convicted Chillingworth murder mastermind Joseph A. Paul Jr. will stand trial Sept. 11 on charges of grand larceny and violation of security laws.

Evening Worship 7:30 p. m.  
Wed. Bible Study 7 p. m.

**Not a CENT for GOD!**

What a story here! And it's all written down, too. The stub of an old check book! Here is part of the story of what one man wanted most in life. Here he selected and paid for the things dearest to his heart. Here is the measuring stick by which he determined things most valuable to him... his selection, then his check, his money. Mister, what would the stubs of one of your old check books reveal? Suppose in the future friends of yours should thumb through it. Would you be proud of your portrait there? Would you be ashamed of the relative importance it gave to the church on the corner? Don't kid yourself. As a good steward of the goodness of God, act on your better judgment today. Your church needs you, and you need your church.

## Oviedo Changes Sign Of Continued Growth

By MARIAN E. JONES  
Included in physical evidence of continuing growth in Oviedo and its surrounding areas are the complete 24-page proposed rules and regulations of the city's zoning committee and the change in the town's electrical service by Florida Power Corp.

The suggested zoning report, prepared by Chairman Ben Jones and his committee, has been presented to the City Commission and closely follows the standards of other cities throughout the state facing rapid growth.

The Florida Power Corp. has been rebuilding and increasing the distribution "feeder" lines from the Oviedo substation to provide for greater power demands. By changing from the 4,000 volt system to one capable of carrying 12,470 volts, the corporation assures its customers in the area against voltage drop problems which could result with increased population and building of industry.

In addition, the new high voltage system will enable substations at Winter Park, Longwood and Bithlo to feed the Oviedo area should the necessity arise. Having several sources of power will assure local residents of uninterrupted service in the event of line or substation breakdowns.

Part of a system-wide change, the Oviedo switch has been anywhere from 30 to 50 men working in the area during the past six weeks and 125 new poles, ranging in height from 35 to 50 feet, have been set.

Beginning at Goldenrod and North Orlando, the work has required only a minimum of service interruptions from local customers.

## Builder Asks For Lights At Post Office

Casselberry Lighting Committee Chairman Herbert Maloy, asked to look into requirements of street lights for the new Casselberry Post Office Center, reported that work for upgrading the lights would run approximately \$230 each per month.

The town has been asked by Hibbard Casselberry, owner of the center, to place four lights, spaced 100 feet apart and in the form of a square, at the site. He also asked that additional information be secured from Florida Power Corp. as to costs of installing the more substantial and attractive metal poles such as those used at the new Public Market.

However, the Board of Aldermen was advised by its attorney, Kenneth McIntosh, that unless the town holds a property title, a lease or an agreement for the area, it cannot legally authorize the lights.

The matter was left for Mayor Joseph L. Laird and the builder to come to an agreement on the method of financing the installations.

## Vacationer Forced To Continue Rest From Housework

By ATLANTA MCGINNIS  
Unpleasant accidents seem to have followed the Donald Vander-Werks of Lake Harriet Estates through this summer vacation.

While in Michigan, where they met a month visiting relatives and friends, Mrs. VanderWerks was hospitalized for three days with an infected finger on her left hand.

Upon their return home, they had not been in the house five minutes, she said, when she slipped on a rug, breaking her right arm in the fall.

Since the finger still is under treatment and the broken arm in a cast, the returning vacationer now is questionably enjoying a rather prolonged and continued rest from the housework.

## New Flag, Pole At Longwood

A brand new 30-foot American flag went up on a brand new pole at the Longwood City Hall one day in advance of the big Fourth of July celebration.

Longwood Maintenance Engineer John Farina and his workmen were in charge of erecting the new pole while the flag came through the courtesy of City Commissioner John Reams.

## Village Changes Teen-Hop Dates

By MONA GREENWALD  
North Orlando's Teen-Hops, weekly outdoor dances for young people of the Village, have been changed from Saturday nights to Friday nights.

The dances, which began in the Village under the direction of the Catholic Women's Society, now are supervised by members of the local Volunteer Fire and Recreation Dept. from 8 p.m. until 11 p.m. each week.

Other recent projects of the department have included the successful July 4 fireworks display which was handled by the firemen to conclude the first Independence Day celebration in the Village and sale and delivery of fertilizer in a joint effort with members of the Civic Assn. Firemen made deliveries in the fire truck while Woody Anderson, Donald Nall and Jack Sutton handled the sales.

## Old Glory Post To Come Home?

The Old Glory American Legion Post, now located at Altamonte Springs, which has announced its intention to build a 100,000 Home in Casselberry, originally was chartered for the town of Casselberry and Longwood, according to Hibbard Casselberry, a charter member of the organization.

Carl Stoddard, commander of Old Glory Post, has not as yet announced detailed plans for the building.

THE NEW ADDITION to Casselberry's Fire Hall, being constructed by Developer Hibbard Casselberry, far left, under terms of a land trade agreement with the town,

will provide the space needed for the firemen to add a boat, motor and trailer to their present equipment. (Herald Photo)

## Canal Is Problem Of Land Owners

Attorney Kenneth McIntosh last week advised the Casselberry Board of Aldermen that in his opinion the town has no responsibility in maintaining a drainage canal which runs from Lake Tripoli north to Lake Kathryn.

The question came up after a petition, framed by C. E. Magill of 280 Ivy Rd. and signed by a number of the area residents, was heard at the July business meeting.

The petition stated that the canal, filled with hyacinths and stagnant water, created a health menace and asked that the town have it cleaned and assume its maintenance. It also cited that a barbed wire fence in dilapidated condition on the easterly side of the canal posed a safety hazard to residents.

A search of past municipal records and a study of U. S. Geologic Survey Maps by McIntosh revealed that the canal and its abutting properties are the responsibility of the land owners.

## Art Class Brings Large Audience

By MRS. ADAM MULLER  
Artist Eugene White, resident instructor at the DeBary Mansion Florida Federation of Art Headquarters, led a landscape demonstration on the afternoon of July 5 with more than 75 students in the audience.

White explained his methods of outlining the rough sketch and from there he brought out the color and shading he desired. Posing for questions from the audience, as cool punch was served, the artist announced that his completed drawing would be donated to the FFA president for use in any fund raising project she felt advisable.

Although no demonstration was scheduled this week, White will give another next week.

Pictures from associated clubs in the state now hang in the galleries and a great deal of interest has been shown in the cabinet of stuffed birds in the Whistler Gallery.

Conrad DeBary, it is rumored, brought two of each species to the area to add to the stock of local birds for his private hunting range. Most of these types are mounted and are on view at the Mansion.

## Troop 341 Scouts Earn Exciting Trip

Several months of hard work and planning by members of Casselberry Boy Scout Troop 341 will come to an end early Saturday morning when 11 boys and two adult leaders climb aboard a large, canvas covered camp truck at 6:45 a. m.

Thus will begin an exciting and educational nine-day trip through several gulf coast states for which the scouts have earned their expenses by sponsoring car washes and rummage sales and through their present project of selling fire extinguishers for home or car use.

Overnight camps will be pitched at a number of State Parks and Scout Council Camps along the way and at historic Blount, Miss., home of Jefferson Davis, the boys will earn a Civil War Centennial Award by making a 21-

mile hike covering many points of interest.

The group also plans to visit New Orleans where many of the scouts will get their first look at the Mississippi River, Mrs. Leonard Casselberry, wife of the Troop Committee Chairman, reports.

On the return trip, she says a stop will be made in Tallahassee for a tour of the State capital.

Members of Troop 341, which is sponsored by the Casselberry Lions Club, who will be making the trip are Danny Casselberry, senior patrol leader and Ricky Casselberry, Terry Cox, Billy Dempsey, Wilbur Hutstead, David Wilson, Charles Harris, Bill Baklak and Ricky Taylor.

Cub Scouts Danny Dempsey and Bill Daniel also will make the trip and adult supervisors will be Scoutmaster W. T. Daniel Jr. and Casselberry.

## Church Group Attends Camp

Rev. Ruth E. Grant, pastor of the First Pentecostal Church of Longwood, and a group of young people from the church, have returned from the Christian Youth Camp which is held each year at the Camp Grounds of the United Pentecostal Church near Ocala.

Rev. Grant served as instructor in Church History classes and as director of the Junior Dept. in her absence, Rev. Vivian Poland, assistant pastor, officiated at regular services at the Longwood Church.

Young people attending the camp were Margaret Pemberton, Curtis Chaffin, David Kelgans, Harold Kelgans, Mary Lou McCoy, Bruce McCoy, Clyde McCoy Jr., Patsy Ruth Grant and Randy Analey.

These boys and girls will present a special program at the church on Friday which will demonstrate the advantages of attending the Christian Youth Camp.

The public is welcomed at all regular services of the church and is especially invited to the Friday program.

## Mayor Issues Gun Warning

Casselberry parents were warned by Mayor Joseph Laird last week that both an existing state law and a municipal ordinance prohibit the use of BB guns or .32 caliber rifles by youngsters under 16 years of age unless they are accompanied and supervised by an adult.

Residents in some areas of the town have protested against a "gang" of youngsters who are "shooting up everything."

Parents can be held responsible for the juveniles offenders, Laird warned, and sentence can bring a fine of as much as \$300 or 30 days in jail.

## Council Discusses Garbage Franchise

Members of the Longwood City Council briefly discussed granting the town's garbage franchise to the ABC Garbage Collection Co. of Sanford after adjournment of the regular meeting last Thursday.

Prior to opening the session, Mayor Al Lorman mentioned the possibility of a plan in which the town would purchase uniform standard type cans in gross lots and provide them to all residents within the municipal limits for a small monthly fee.

"In this way we could be assured that all our residents have closed, sanitary containers," Lorman said, "and it also would help to keep garbage and papers from being scattered by prowling dogs or being blown out of open containers."

## Library Fund Now Totals \$818

By ATLANTA MCGINNIS  
A profit of \$165 was reported by members of the Altamonte Springs Library Assn. from the rummage sale being held in the old post office building.

Total funds raised by the association for the purchase of library and property now stand at \$818.

Sales resumed this morning and will continue through Friday and Saturday.

## New Firms To Open

Two new businesses, a Western Auto Assoc. Store and a Coffee Shop, soon will be ready to open at Forest City Shopping Center on E.H. Rd.

## EDITORIAL COMMENT

### County Still Dry!

Longwood Forest Rangers earlier this week reported a number of woods fires caused by striking lightning which accompanied the afternoon and early evening thunderstorms of the season.

Ranger Lewis Williams explained that although the county is getting some rain, most of the showers are localized and many of them cover only a few acres. Too, he said, not enough rain falls to thoroughly wet the underbrush and high winds coming with the storms quickly dry the top moisture.

The Forestry Service official warns that even with the rainfall Seminole County still is DRY and residents urgently are requested to maintain every precaution in burning trash and debris at their homes and to observe all safety rules while picnicking or camping.

Residents also are asked to keep a sharp lookout in surrounding areas of their locale for possible home or woods fires which could be ignited by lightning during the local storms and to immediately report them to the nearest authorities.

## Longdale Residents Seek Council Advice

A number of residents from the Longdale residential development appeared before the Longwood City Council meeting last week to seek advice on a paving problem and on how to get an unsightly junk yard screened from view.

The paving problem involves Orange Ave. east of the Longwood city limits to Hwy. 17-92 which runs in front of the Elementary School.

Council Chairman R. C. Carlson advised the group to get a petition, bearing as many signatures as possible, for presentation to the County Commission at one of its weekly meetings. He also suggested that residents form the largest possible delegation to present the petition.

This same method could be used, he added, in requesting that screen mesh fences be required around the junk yard.

However, Carlson made it clear that he was not optimistic about the groups getting any immediate results from the county, citing a number of past instances when county assistance had been promised but had failed to materialize.

## VFW Post 8093 Installs Officers

By MRS. ADAM MULLER  
DeBary VFW Post 8093 elected and installed officers at a July 11 meeting in the Fire Hall with M. J. Benson, commander of district 8, serving as installing officer.

New officials of the veteran's post include Gerard Meyer, commander; Capt. H. M. Yost, senior vice commander; Capt. Thomas P. Lawton, junior vice commander; John J. Sauter, chaplain, and Harold E. Coffin, trustee for two years.

During the ceremonies, the district official presented Joseph Santillo with a Dept. of Florida Certificate of Merit for continued activity in the VFW program of service for 1950 and 1951.

Spinner of the evening was Charles Swinhart, district 8 quartermaster, who spoke on unity and strength of the organization in Florida.

## Seminole Nurse At Summer School

Mrs. Grace Fisher, Seminole County Health Dept. nurse, is attending a course of "Special Fields in Public Health Nursing" at the University of North Carolina School of Public Health.

The four-week course, July 10 through Aug. 4, is divided into four sessions with a full week devoted to each. Mrs. Fisher enrolled for study on tuberculosis, cancer, chronic diseases and cardiovascular diseases.

Offered by the Dept. of Public Health Nursing at the University, the course gives professional education to public health nurses and others in the field who are engaged in public health and institutional work.

The North Carolina school is the fourth oldest professional school of its kind in the United States and is one of 10 such schools in the nation which are accredited by the American Public Health Assn.

## Tax Session Set In Longwood

The Longwood City Council will sit as a board of equalization at 8 p.m. today in the City Hall. The meeting, during which any complaints from residents on the new city tax roll will be heard, was postponed from June 30 for lack of a full board.

## 4-H Boys And Girls At Camp McQuarrie

Seminole County's 4-H Boys and Girls left Monday for a week at Camp McQuarrie in the Ocala National Forest.

Attending with members from Volusia County, the 4-Hers will take part in classes for swimming, nature lore, first-aid, crafts and special programs. Each group will have an agent as its leader with one adult and three junior assistant leaders.

There are twelve cabins and each cabin selects a leader who is in charge of the cabin.

The program each morning starts with the flag raising ceremony, then breakfast, clean cabins and morning assembly.

Swimming, nature lore and special programs keep the campers busy until noon.

After lunch there is a rest period until afternoon activities begin.

Flag lowering ceremonies are held after supper each day. The evening program begins at 7:30 p. m. and there are two hours for fun, recreation and special programs. Vespers are at 9:30 p. m. and this closes the program for the day when at 10 p. m. it is "Lights out."

Seminole girls attending camp are Carla Lommer, Towanda Showers, Patricia Coney, Karan Pettis and Sue Polter, Longwood; Linda King, Candy Childs, Linda Mohr, Donna Foley, Martha Rose, Norma Adams, Sanford club; Myrtle Harris, Janie Cordray, Bernice Stodden, Martha Dear, Iris Greene, Sandy Shivers, Thea

Greenchew and Debby Krecch, North Orlando club; Sylvia Miller, Dorothy Duda, Martha Miller, Joyce Bellhorn, Lon Ann Murphy, Eleanor Hain, Sandra Miller, Mary Jane Brown, Lynn Esslinger, Kathy Rock and Carol Rock, Slavia club.

Linda Stafford, Wanda Mizco, Cynthia Green, Barbara Howell, Susan Day, Wendy Martin, Linda Gentry and Cathy Best, Lake Mary club; Cheryl Clark, Sandy Van Horn, Linda Jones, Sandra Jones, Brenda Kelly, Toni Morrison, Sherry Mueller and Patsy Groves, Lake Brantley club; Linda Green, Catherine Cammack, and Frances Cammack from County-At-Large group.

Boys, David Jakubels, Chuck Pula, Jack Eustice, Ted Bellhorn, Bill Murphy, Bob Bellhorn, Wallace Marklem, William Hein Jr., Bill Miller, Michael Krech, Dan Thompson and Jonathan Lukas from Oviedo; John Peasgood, William Laffer III, from Sanford; David Mohr and Harry Clements from Lake Mary.

Miss Myrtle Wilson, Home Demonstration Agent, and Ernest Lundberg, Assistant County Agent from Seminole County, and Mrs. Edna Eby, Home Demonstration Agent and Jim Luttrell, Assistant County Agent from Volusia County will be the agents in charge of camp. Cecil Tucker, II, County Agent from Seminole County is manager of the camp.

Mrs. Doris Dickson, is the adult leader assisting Miss Wilson and E. L. Bellhorn, Slavia is assisting Lundberg.

ALLTYPE CABINETS, INC. will move into its new Longwood headquarters on E. Lake Ave. next week. According to Allen L. Harvell, owner of the business which specializes in all kinds of formica work, the firm's new building is the largest in Central Florida for this type business and was designed to handle an expected substantial growth in the industry and in the number of employes within the next few months.
