# Virgil Gracy To Serve Out 5-Year Term

Motion To Set Aside Guilty, Is Denied

# **Thought Father** Would Go Free

Guilty Plea Entered To Save Father Who Was Indicted

Motion to "vacate and set asile judgment" in the case of Virgil Gracy, 16, now serving a five-year term in

Ninth Judicial Circuit.

According to an affidavit signed by the boy and attached to the motion, he pleaded guilty to manulaughter in the belief that by doing so his father, C. C. Gracy, jointly indicted with him for the first degree murder, Sanford Atlant's National Bank would go free. The first indict-ment against the father was quashed when the boy insisted

on entering a plea of guilty to manulaughter, but the father was reindicted by the grand jury last month.

Is his affidavit the boy stated he was unaware that his father yould be subject to further prosecution if the first indictional of the subject of the first indictional of the subject of the first indictional of the subject of the first indictional of the first ind ment was quashed as a result of the lad's ries of guilty, but since the father has been indicted sguin, Virgil Gracy asked permission to withdraw his ples of guilty to manslaughter and stand trial with his father on the charge of murder in the first

time under that sentence.

C. C. and Verill Gency, father and son, are accused of the murder last July 18 of Odell Bumballough, a Pao'a boy about the same age as Virgil, They were arrested the same day and Virgil passed his 16th birthday while in the County Jall, as neither Cather nor son was able to make

The two were indicted for first degree murder by the Grand Jury on Dec. 6. The Court appointed G. W. Spencer as attorney to represent the pair, but against the advice og counsel Virgil Gracy insisted on Dec. 18 of entering his plea of guilty to manulaughter. The indictment against C. C. Gracy was thereupon quashed. Two days later Virgil Gracy was sentenced to the state reformatory until he reached his majority.

As we have previously pointed out in these columns such loans would not be in any sense of the word a gratuity on the part of the government, but would represent a sound business transaction. In the case of Sanford, if this city could borrow a million dollars from the RFC, it could purchase some six million dollars worth of its present ebligations at the market price. Then its total indebtedness where the berry crop would be only the million dollars which it would owe the all to the herries this RFC, a sum which it could readily liquidate over a period

Final scenes for "Captain TABERNACIE BAPTIST CHENCH Blood," Cosmopo'itan Production's spectacular adventure picture, which comes to the Milane Theater on , Sunday and Monday, were filmed in Palm Canyon, near Palm Springs. These were love scenes between Errol Flynn and Olivia de Havilland, p'aying the leading roles in the picture, and marked the end of a strenuous twelve weeks.

All told, "Captain Blood" has been a year in the making. After the screen play had been written, additional weeks were spent taking fi'm and voice tests of players for more than forty players for more than forty speaking parts. The design and construction of sets, including seven sailing vessels of the type used in the seventeenth century, occupied the technical departments for months.

# Collision On Street Kills Rich Tourist

Car Was Demolished By Impact; Wreck Called Unavoidable By Coroner's Jury

Driving at a terrific speed Willard Otis Colvin, 84, scion of wealthy Chicago family, hit heavily loaded truck on Lake Front Boulevard Sunday morning and received injuries that caused his death less than a ha'f hour later in the Fernald-Laughton Memorial Hospital.

A jury impanelled by Coroner J. C. Roberts brought in a verdiet of "unavoidable accident" shortly before noon today.

The crushed body of the vic tim of the collision will be sent by the Erickson mortuary tomorrow to Chicago where funeral services will be held.

The steldent was at 4:45 Sun-

day morning at the intersection of French Avenue with the Boulevard. Hans Fischer, driving a heavily loaded truck and trailer, had just driven into the Boulevard from the Avenue, headed north, when the lights of the Colvin car coming from the north were seen at a curve several hundred feet ahead, he told the coroner's jury. Before he could straighten out the truck and trailer on the Boulevard, the car crashed into the rear of the trailer, knocking the wheels of the heavy trailer loose and forcing both truck and trailer back several feet.

The force of the impact demol shed the car, a new Buick. Colvin was terribly crushed in the collision but was still breathing when he was rushed to the Hospital.

Three witnesses at the inquest today—George Wills. Frank
Spivey and C. W. Gname-testified that Colvin was drinking
intoxicants at Short's Camp near
DeLand short's before the fatal
accident, Colvin had been to De-Land where a brother, E. Richard Colvin, is spending the win-ter, and was enroute to Tampa where his wife resides at 1909
