Friday, July 11, 1969 - Sanford, Florida 32771

Altamonte City fathers yesterday initiated plans to start construction in the near future of a sewage system to serve western areas of the city , and property located just west of the city limits. The initial construction of phase one will cost the city in the neighborhood of \$325,000. City attorney S. Joseph Davis told the group that he is presently

working on property easements which would allow the city to lay lines through certain private properties free, in exchange for sewage service.

Councilman William Nuckols objected to many phases of the project. Some of areas where Nuckols ased his objections included financing of the project and the number of connections that the new system would serve. Nuckols said that the city is obligated to the Tracy. Dooley Company to give sewage service anywhere the land investigators may want in Seminole Davis told the councilman that the contract signed

with Tracey-Dooley specified a certain area and did not entail anywhere else in the county. In a heated exchange Mayor Lawrence Swofford told Nuckols that his (Nuckols) actions could cost the to fund the project. Swofford also charged that Nuckols is preparing a suit to block the proposed

for "depth counseling."

The National Committee on Tax Justice has taken to the field with respected and competent former Senator Paul H. Douglas as chairman.

The five aims of this new organization are practical and commendable. They are: 1. Eliminate preferential treatment of all capital gains. 2. Eliminate special deductions for depletion of oil and other minerals beyond the cost of the mineral property and the expensing of exploration and de-

3. Provide federal assistance to state and local bond issues instead of allowing a tax exemption on their interest.

5. Provide tax relief for low and middle income families by providing a minimum standard deduction \$1,100 for all families.

Both the analysis by the Chamber of Commerce of the United States and the formation of the National Committee On Tax Justice are but the surfacing of a very deep and potentially powerful citizen-voter-public malaise. Spend-and-elect has about run its course.

Sagging stock values, inability to properly fund essential construction through bonding and the persistent depletion of the consumer's buying power cannot continue without danger to the entire fiscal fabric which holds our nation together!

Our United Fund

These are the weeks when the machinery of the United Fund of Seminole County starts up for the annual campaign to give citizens and husinesses a way to help the 11 member-agencies

It is pleasing to report that the gears are meshing well, that new processes are working out satisfactorily and that it looks as though the old stalwarts of the UF will enjoy the best of two worlds this year. Continuing its independence in setting the

goal (\$50,000), disbursing the proceeds and conducting the campaign, the UF this year has ioined with its neighbors - Orange County and Occools County — in avoiding duplication and mustering a solid Central Florida effort. We are particularly encouraged with our townsman Jack Horner, who lives in Loch Ar-

bor and works in Orlando, at the helm. For this is a county-wide effort. If some who may have known or forgotten, Friend Horner did a masterful job during the Semi-Centennial Celebration of Seminole County in 1963. So don't worry if you think our UF is sleep-

ing during these somnolent summer days. Far om it. The wheels are getting oiled. The race will be on in the fall!

"Banana Boys!"

Did you ever hear of the "Banana Boys" Probably not. But once-upon-a-time there was a very small dance band that had that name. They played in Senford in the old "Celery Crate" -City Hall's second floor, and there music was as a surviving member put it "a-peeling!" Yes, it was on the second floor of the City Hall that the teen-agers of Sanford met and made merry during the 40s. Believe it or not, as Ripley used to say, that is where eyes are now Crane's Worry Clinic: focussed when more space for municipal gov-

ernment is needed. Not one word here about the moving of City Hall to the Airport. This is a chance for all to smile at the vagaries of time. Perhaps to cock an ear and see if any echoes

of those "Banana Boys" still linger. Perhaps a

slip off a top note by an eager cornetist?

The Biggest Sport In Russia? It's Chess, Not Basketball

By IRA BERKOW NEA Sports Editor MONTICELLO, N.Y. - (NEA) - The last stop for the Russian National (Olympic)) basketball team, and their final game of an eight-game tour of America, was in the Catskills. At first glance it would seem that, truly, the Borscht Belt would be the last place a gangly bunch of Soviets would

But looking again, particularly at Kutsher's menu, the impression is dispelled. Russians are attracted to borscht and blintzes like bears to honey. The team arrived on a Sunday night to play a group of

college players the following evening. Now the Russians have a reputation for being suspicious. And when they would go into a hotel room in San Diego or Las Vegas or Denver, places they played, they would sniff about for bugging devices, On the night they arrived in the Catakills, the coach,

lifted an eyebrow and asked his host through an interpreter, Later that same evening the coach asked to see Monday's

menu. He wanted to be certain his players would get enough sour cream with their borscht. The team had won six of seven games (mostly from pickup teams and playing international rules which were quite unfamiliar to the opposition) and would beat the Kutsher's

man, was on his fifth trip to America in 10 years. "The other times we made playing tours here," he said through an interpreter, 'we lost most of our games. There was very much about it in the papers. Now that we are winning, we get little notice in the papers. Very suspicious. "The Russian people, I understand, are excited about our success. Baskethall keeps growing in popularity there. But chess is still most important sport. Spassky is maybe the biggest hero."

team easily. Coach Gomelskiy, a balding, 5-2, vibrant gentle-

"Spassky?" repeated the reporter. "You don't know Spassky!" exclaimed the coach. "He just won the world chess championship again. He's interested in our basketball progress, too. In fact, we played together at the University of Leningrad. We are good friends." Has Spassky ever offered the coach advice? Coach

RUMLEY.

This youngster dreams a boy's dream of adventure to far away places, to outer space. Yet even as he gazes past the toy rocket, man's greatest adventure has unfoldedthe landing of the first human being on the moon. To chronicle this most fantastic, first-time event in all history. The Associated Press has produced for readers of this newspaper "Footprints On The Moon." It is the complete story of how man forged the tools to free himself from the bonds that held him to his native planet, and of the moon landing itself. "Footprints On The Moon," written by AP space specialist John Barbour, chronicles the sage of America's space race-and how it was won-in 70,000 words and more than 100 of the most exciting color photographs

"Footprints On The Moon" provides a master

countdown on the final day, hour and second of the final

shot-and the first moon landing. This is a book that belongs in everyone's home, for parents and their children. It can be yours at a special price of only \$5 through this newspaper.

THE BOOK, INCLUDING THE FINAL MOUN LANDING BY THE APOLLO II TEAM, CONTAINS:

WEEKEND TRAFFIC TOLL

NUMEROUS traffic mishaps were investigated by police officials in Seminole County over the weekend. David Jarrell, of Lake Markham Road, was fatally injured when he lost control of his car (lower photo) on SR 46A near Interstate 4. Four persons were injured in a collision at 25th Street and Sanford Avenue. Automobile (upper photo) was pushed more than 300 feet by impact. (Staff Photos)
