AMENDMENT NOT CLEAR IN FINAL ISSUE

Attorney J. J. Dickinson Writes About Road Bond Issue

The following article from the pen of Attorney J. J. Dickinson of this city recently appeared in the Times Union:

The writer has been following rather closely the discussions now going on between those favoring and those opposing the ratification of house joint resolution No. 279, commonly known as the bond amendment.

It will be recalled that prior to the session of the 1917 legislature, and again prior to that of 1919, some of these same bond enthusiasts tried to organize or crystallize sentiment in the state to have the legislature provide a bond issue of fifty million dollars, evidently at the time not being sufficiently familiar with the state constitution to know that the legislature had no power to bond the state as the constitution then stood, and as it should be.

Is it possible that these bond enthusiasts still have in mind a fifty million bond issue, or more if they can succeed in putting this amendment over? A careful analysis of the proposed amendment might lead to the conclusion that such is the case, and that, apparently without any strained construction. Certainly such proposed amendment is anything but clear on that point.

Its bond provision is in the state constitution as it now stands:

"The legislature shall have power to provide for issuing state bonds only for the purpose of repelling invasion or suppressing insurrection, or for the purpose of redeeming or refunding bonds already issued at a lower rate of interest." As it now stands this provision of the state constitution is very explicit, and its meaning cannot be misunderstood. This is as it should be, and no amendments should be adopted which leave doubt as to what the constitution will mean when they become part of it, and therefore part of the basic of fundamental law of the state.

Section 8 of Article IX, as proposed to be amended, will read:

"The legislature shall have power to provide for issuing state bonds only for the purpose of repelling invasion or suppressing insurrection, or for the purpose of redeeming or refunding bonds already issued at a lower rate of interest, or for the purpose of acquiring, building, and maintaining a system of good roads and bridges throughout the state under such regulations as may be prescribed by an act of the legislature; provided, that any bond issues in pursuance hereof for a system of good roads and bridges shall not exceed in amount 5 per cent of the total tax assessment of the state at the time of the issue."

Query: Under this section as proposed to be amended what is the limitation on the power of the legislature to issue bonds for the purpose of acquiring, building and maintaining roads and bridges? Is the power of the legislature limited to a total of 5 per cent of the total tax assessment, or may the legislature provide for any number of issues (note the plural), neither issue of which shall exceed 5 per cent of the total tax assessment of the state at that time of the issue.

It is not here proposed to state the opinion of the writer as to the meaning of this article as proposed to be amended, but only to invite interested in order that no mistake be made.

Again the plan being discussed contemplates the exemption of automobiles from all ad valorem or property tax. This plan appears to be based upon a false premise, unless it is proposed to further amend the state constitution, for Section 1 of Article IX provides:

"The legislature shall provide for a uniform and equal rate of taxation and shall prescribe such regulations as shall secure a just valuation of all property, both real and personal, excepting such property as may be exempted by law for municipal, educational, literary scientific, religious or charitable purposes."

Section 5 of the same article provides: "The legislature shall authorize the several counties and incorporated cities and towns in this state to assess and impose taxes for county and municipal purposes and all property shall be taxed upon the principles established for safe taxation."

Something has been said about trusting the legislature and this ought to be safe to do. However, if any number of members are in on the plan proposed, and on that of the barrier pointed out, then some one might suggest that they should not be trusted on account of what they don't know. If, on the other hand, any number of them, knowing better, are in on the plan, some one else might suggest that—er—er—er, well, that they just ought not to be trusted anyway.

To the writer the question of whether or not the legislature can be trusted is a moot one since we have a written constitution restricting its

DAILY HERALD TO BE ISSUED OCTOBER 4

Sanford's Evening Paper Will Again Make Its Appearance

So many people are eagerly awaiting the advent of the Sanford Daily Herald that we make this announcement now.

The Daily Herald will be issued on October 4th which day will be Monday and it will be issued from that time forward winter and summer unless some catastrophe happens to put the entire plant out of business. The daily was forced to discontinue last spring on account of the plant of the Southern Utilities Co., breaking down and no power or light was forthcoming. While such a break might happen again it is not probable now that the plant has been put in first class shape but if it should the Daily Herald can still be issued this year for we have arranged for this contingency.

The Daily Herald has become a fixed institution in the lives of the people of this city and county and despite the exorbitant price of paper and the fact that we may run short before the winter is over we can guarantee that as long as paper is made there will be a Daily Herald issued regardless of price. We believe that the time has come when a daily in Sanford is indispensable in the social and business life of the city and we have equipped one of the best offices in the state for this work.

We have discarded the Monotype machines and put in a Linotype and will in a few months add one of the very latest and largest Linotypes that will be able to handle newspaper heads and job work as well and will be able to take care not only of the newspaper situation but the job and book work of this part of Florida.

The Associated Press despatches will be carried and give the readers the news of the world and there will be various departments for the dissemination of the news in all the local field and the state. But wait for it and you will like it and remember that it will be issued Monday October 4th.

CITY COMMISSIONERS HAVE IMPORTANT MEETING MONDAY EVE

Citizens Petition For Relief on Present Ice Situation

LEVY PUBLICITY TAX

Minutes of The Regular Meeting of The City Commission of The City of Sanford, Florida, Held Sept. 13, 1920.

Present H. R. Stevens and C. E. Henry, Commissioners, C. J. Ryan, City Manager, Geo. G. Herring, City Attorney; absent S. D. Chase, Commissioner, L. R. Phillips, City Auditor and Clerk.

The minutes of the regular meeting held August 23rd, 1920, read and approved.

The minutes of the special meeting held August 27th, 1920, read and approved.

Mr. E. A. Douglass addressed the Commission in regard to certain tax sales certificates; and it was ordered that same be turned over to the City Attorney for investigation.

A petition, signed by a large number of citizens, was presented requesting that some action be taken to induce the Southern Utilities Company

to continue selling ice at the ice plant this was referred to the City Manager.

Committee consisting of Col. Geo. W. Knight, Chairman, E. A. Douglass and J. G. Ball, appointed by the Board of Trade, appeared before the commission, and requested that a certain fund be set aside under section 104 of the City Charter for the Board of Trade, to be employed in advertising. After a full discussion the City Attorney was intrusted to prepare a resolution setting aside 2 mills from the general levy to be turned over to the Board of Trade to be used by it in advertising Sanford.

Col. Knight addressed the Commission on the necessity of draining Macaula Avenue, between 19th and 13th Street.

The report of the City Manager for the month of August was presented, read, approved, and ordered filed.

The report of the City Auditor and Clerk for the month of August was presented, read, approved and ordered filed.

The final report of the City Tax Collector for 1920, was presented, read, approved and ordered filed.

A communication from Geo. DeCottes was read and referred to the City Attorney for report.

E. A. Douglass addressed the commission on the matter of applying to the A. C. L. R. Co. to remove the old docks from in front of the bulkhead; this matter was taken under advisement by the commission.

There being no further business the meeting adjourned.

METHODIST NEWS NOTES OF UNUSUAL INTEREST

Mr. and Mrs. F. A. Moffitt, Mr. Bradshaw Eveleen Cost and Florence Flowers have returned from Daytona While there they were the guests of Mr. and Mrs. D. R. Brisson on several fishing trips.

Bernice and Lenora Mansfield who have been visiting their aunt Mr. G. W. Bailey left Sunday for their home in Jacksonville.

Mr. and Mrs. N. H. Garner returned to Sanford Saturday from the wedding trip to Asheville, Atlanta and other points.

Miss Jesse S. Roberts arrived Saturday from Wilmington N. C. to visit her mother Mr. J. D. Roberts and attend the Roberts-Spencer wedding.

Miss Helen Hand is home on her vacation from Plainfield N. J. where she has been training for a nurse at the Mulleinburg Hospital.

Mr. Reuben Mason returned home Saturday from Atlanta.

J. E. Spurling and family Mr. and Mrs. Joe Wells, Mr. and Mrs. Armitage, and Miss Calke and others enjoyed Thursday at Silver Lake bathing and picnicing.

Mr. and Mrs. W. L. Morgan left Tuesday in their car for a trip down the East Coast.

Mr. and Mrs. J. M. Williams with Miss Kate Abrams who have been visiting Mr. Bob Crenshaw and family returned last week to their home at Alexandria City Alabama.

Among the parties at Silver Lake Friday were Mr. and Mrs. L. P. Haggan and family, Mr. and Mrs. W. S. Thornton, Mr. and Mrs. D. S. Babbitt.

Mr. and Mrs. D. S. Babbitt left this week by auto for a trip to Daytona and Miami and other places on East Coast.

Mr. Jim Howard of Sanford and Miss Pauline Lovejoy were married at Sorrento, Wednesday, Rev. S. W. Walker officiating. Mr. and Mrs. Howard will live in Sanford.

Misses Lucile and Nora Lee Jenkins returned from North Carolina this week.

Jno. D. Jenkins and family spent Thursday in DeLand on business.

Miss Mae Williams of Jacksonville is visiting her sister Mrs. J. W. Christy.

MANY NEW BUSINESS FIRMS HERE

New Firms Are Starting All Over City Getting Ready For Big Business

The advent of new business firms is a good sign of the growth of a city and during the summer more new firms have started in Sanford than ever before. Not only have new firms come in but many of the old ones have changed locations or made business changes for the betterment of the business and the summer has been active as the winter months among the business houses that are seeking better quarters for a big business.

Among the many new enterprises to be started in Sanford during the past week are the Carter Lumber Company who have secured a location at the corner of Laurel avenue and Commercial street on the side track of the A. C. L. Ry. The buildings have been erected and the new firm will carry a complete line of rough and dressed lumber and building materials. W. P. Carter was in the lumber business here several years ago and is no stranger to the local trade and is an experienced man in all branches of the business. The new firm is composed of W. P. Carter and John Melsch the latter being one of the most successful growers in this section who has retired from active work on the farm and lately invested in Sanford real estate and subdivision property.

A new jewelry store has been added to the new business houses being under the management of J. T. Brady a veteran jeweler and watch repairer who for many years was a resident of the city being with the jewelry store of Henry McLaughlin and after leaving here being with one of the large jewelry concerns of Jacksonville. Mr. Brady has opened his new store in the Welaka building and has a nice line of everything in the jewelry line with more goods on the way.

A new wallpaper and paint store is among the new lines of business being opened in Sanford, H. A. Halverson having opened in the Welaka block. He is busy getting in his fixtures and stock and when ready for business expects to have one of the most complete lines in paints and wall papers and supplies in this part of the state.

H. A. Fleetwood is another new man in Sanford business field; having purchased the Betts place last week and the store has been closed for extensive repairs and will open Saturday with a new line of candies and confectionery, cigars and tobaccos and cold drinks and ice cream. This is one of the best stands in the city and Mr. Fleetwood expects to make a strong bid for the business of this section in this line. He will have Deuser Stafford as his right hand man and will start a new wrinkle here in giving away premiums with with a certain amount of goods purchased and the premiums will include all kinds of reasonable goods from candy to clothing.

There are \$10.00 and outside the member to many direct and indirect advantages.

This publicity in this paper, which is a member of the Automobile Association, is a plea for help, lullula campaign, and is authorized by the Executive Committee of Florida's biggest public service organization. Send applications for membership, or cash subscriptions to Headquarters, Orlando.

Florida State Automobile Association, Executive Committee.

(Signed) John M. Thoney, I. W. Phillips, W. E. Martin, Benj. Drew, Leon B. Fort.

There will be a Pipe Organ Recital at the Presbyterian church on Sept. 27th under the direction of Miss Bertha M. Foster of Jacksonville.

Mrs. Mabry and son Harton have returned from a two months visit at Chautauqua New York and will be with Mrs. Mabry's sister Mrs. G. F. Smith for the winter.

Gov. Lugo Urges Women to Register and Qualify Selves to Vote in November Elections

Liv Oak, Sept. 14.—Hon. Cary A. Hardee, democratic nominee for governor, today gave to the press the following plea to the women of Florida that they register and qualify in the November election and perform their duty in exercising that new found privilege:

"When the secretary of state at Washington officially declared the ratification of the Susan B. Anthony amendment of the Federal Constitution by a sufficient number of individual states, the women of Florida thereby acquired equal political rights with the men. There are many of us who believed that the question of suffrage was a question for consideration by the states of the union rather than the national government; however, he way by which woman enfranchisement has been attained or the individual attitude any of us may have assumed in the past respecting it, it is now a closed question. It is idle, therefore, from a practical standpoint to discuss our individual attitude, either as to the route by which it came to us, or as to the merits of the question itself. The prevalent fact is that more than one hundred thousand women in Florida have been given the ballot, and whether you will it or not, or whether they welcome it or not, nevertheless the responsibility of citizenship is now upon them. Is it the duty of a good citizen to register and vote? Will the women of Florida meet, his their first test, by exercising their legal right of voting in the coming election. I hope so.

"As the nominee of the Democratic party for the high office of governor, I want to suggest to them not only the propriety of their voting, but likewise duty so imposed by fundamental law. There is nothing complicated in registration or in casting a ballot and so far as educating the women of Florida for a proper exercise of their new found privilege, I am sure they do not need it any more than the men. In a government like ours; deriving its first powers from the people, it is of first importance that the voters should familiarize themselves with both candidates and issues. Only by this means can they intelligently serve the country in the exercise of the right of suffrage however, the women of Florida do not need lessons in citizenship any more than the men.

"I assume that there will be much discussion in the various clubs, civildodies and other meetings of the women, as to the proper exercise of the right of the ballot. There may be movements for a league or combination whose purpose will be to vote as far as possible, the women as a body. In other words make of them a class electorate. I trust that the representative women of our state will exert their influence against such a policy. Class voting is never desirable because it always loses sight of the general interest.

"Naturally I want to see the women of Florida vote the democratic ticket, not only because the Democratic

party stands for progressive legislation along social, moral and educational lines, those things in which women are supposed to be specially interested, but also because it has shown constructive leadership in the solution of economical problems as well. I feel sure that the political party which overthrew the reign of Republican misrule following the civil war will appeal to the women as the proper one for their affiliation. What ever political party they may desire to affiliate with however, I would like to suggest again the obligation which now rests upon them of registering and voting. If they fail to register now then they preclude themselves from participation not only in the coming election, but also perhaps school elections as might be had before the time for general registration again."

AUTO COLLISION

Herman Hutchinson had a collision with a truck at the corner of Oak avenue and sixth street last night. The truck swung around the corner colliding with the Hutchinson car in which Mr. and Mrs. Morris Spence and the bride party were riding and gave them a general shaking up. The truck and the car were badly damaged.

FORD—MELTON

The marriage of Miss Louise Alison Melton, of Sanford and Daytonan, to Mr. William Harold Ford, of Cleveland Ohio, will be celebrated Thursday at the summer home of the Meltons on Atlantic avenue, in Seabreeze. The bridegroom-elect attended the University of Florida is a member of the Phi Kappa Alpha fraternity and has friends in Florida to join with those of the bride in the felicitations of the moment.—Daytona Journal.

FIRST NATIONAL STATEMENT

The statement of the First National Bank in this paper should be interesting to the many friends and patrons of this well known institution. The entire statement is filled with figures that show a remarkable gain along very line but the most remarkable is the deposits that have now reached beyond the million mark showing \$1,007,456.00 on deposit which is a gain of more than \$200,000 over last year. The First National Bank of this city is one of the oldest financial institutions in this part of the state but age has not kept it from forging ahead every year and the statement in this issue of the Herald shows that it is keeping ahead of it making care of its customers at all times and is getting a goodly share of the business of central Florida. And a glance at the statement will also show that there is plenty of money in this part of Florida and the financial condition was never better in every line of business.

WILL YOU HELP SIGN POST FLORIDA

The Florida State Automobile Association has started their program of sign-posting all the doubtful junction points on the roads of the State. The expense of this work will run into thousands of dollars, and the only source of revenue of this Association is the annual dues of members.

The program of the State Association calls for metal signs 4 by 4 white posts. There will be signs at right angles on these posts, and they will give direction and distance to main towns in all directions from points where they are erected. All really dangerous curves and crossings will be correctly marked. There will be nothing hit or miss about work, and preparations which will make for economy and accuracy have been going on for months at sign-posting headquarters of the Association.

At the present time the special data collecting ford auto is working back from northwest Florida and is turning in data for hundreds of these duplex signs. It will cover all parts of the State. At Orlando a worm-driven truck is being outfitted to carry signs and posts over the route laid out by the data-collecting path-finder. The entire job when completed will give to Florida the most permanent time in the next four months ancient and attractive road marking in any state, and will be a tremendous advertisement for Florida.

The Executive Committee of the Automobile Association is figuring hard these days on ways and means of increasing the membership to such an extent that the expense of the sign-posting can be taken care of. They are calling on every community to help by sending in memberships to this non-profit organization, or they will accept subscriptions to this fund. Annual dues in to Association

PRESBYTERIAN REVIVAL SERVICES

There will be evangelistic services at the Presbyterian church beginning on Sunday Sept. 26th. Dr. J. G. Patton of Georgia will be in charge and he hardly needs an introduction to the older residents of this part of the state as he was pastor of the Presbyterian church in Orlando many years ago. Plans are being made for the organization of a large chorus for the revival services.

PIPE ORGAN RECITAL

There will be a Pipe Organ Recital at the Presbyterian church on Monday night Sept. 27th under the direction of Miss Bertha M. Foster of the School of Musical Art of Jacksonville. Announcements of this recital will be given in next issue of the Herald and meantime the music lovers of Sanford should remember the date.

HANDKERCHIEF SHOWER

Last Friday night at her home in West Sanford, Miss Ruth Roberts entertained in honor of Miss Ruth Roberts with a handkerchief shower.

After the guests had arrived and greetings exchanged a colored man in the costume of a delivery boy knocked at the door and delivered two parcel post packages. One for Miss Roberts, the other for Mr. Spencer. On opening the packages it was found each contained handkerchiefs. Each guest was asked to write her or his name on the corner of a handkerchief as a keep sake. The girls present wrote on cards advice for Mr. Spencer, while the boys wrote wonderful advice for Miss Roberts. The rooms were gracefully and attractively decorated in Golden Rod.

At the refreshment hour a delicious course was served.

The invited guests were, Misses Esther Wilson, Ruth Roberts, Mary Zachary, Ruth Kanner, Julia Laine, Annette Walker, Lillie Ruth Spencer, Helen Hand, Gladys Wilson, Mildred and Doris Hand, Messrs Morris Spencer, Reve, Boswell, Ernest Gormly, Leslie Hill, Frank Woodruff, Allen Jones, David Roberts, Earl Fields, G. W. Spencer, Rush Murphy, Burke Steele, Mrs. J. D. Roberts, Mrs. G. W. Spencer, Mr. and Mrs. C. J. Merrill, Mr. and Mrs. Craig Herris, Mr. and Mrs. Walter Hand, Mr. and Mrs. R. O. Merrivether.

At a late hour the guests left reluctantly having thoroughly enjoyed the entire evening.

power, and propose to keep it. We believe no one will advocate abolishing the constitution and leave the legislature unrestricted in it power as to other things, even of less importance. Then why in this particular should the reins be taken off and the legislature given such unrestricted powers to deal with the most important function of government—that of dealing with the state's finances, and the power to levy taxes. It should not be.

GET HELP FROM THE GOVERNMENT

Tallahassee, Sept. 1.—Dr. J. W. DeMoadley, state veterinarian, and R. W. Storrs, member of the state livestock sanitary board, accomplished several matters of importance to Florida, upon their recent trip to Washington, where they conferred with J. R. Mohler, chief of the bureau of animal industry, United States department of agriculture.

One matter not quite satisfactory was in regard to work generally among the livestock propositions in the state. The aid of the government in this respect is now at a standstill because of the lack of federal funds and it will be until July 1921, when a new appropriation will be available, before the government can render further help. The government has been allowing Florida six veterinarians but only two are now on duty in this state owing to insufficient money. The state has 12 veterinarians but they are not enough numerically to look after the work among about 2,000,000 hogs.

But the United States department of agriculture will supply three additional veterinarians for tuberculosis eradication in cattle work. The government now has three on duty in Florida, thus making six. The state has six veterinarians for this purpose.

The government will also send three special veterinarians to do some preliminary work in tick eradication. These federal additions will report about Sept. 1 to Dr. E. M. Nighbert, at Jacksonville, who is supervisor of the bureau of animal industry, United States department of agriculture, for the state of Florida.

HARDEE'S INAUGURATION

Tallahassee, Sept. 8.—Tallahasseeans are preparing to make the inauguration of Florida's governor in January the most spectacular and gala event of the kind in the history of the state. Plans are already under way to accomplish this result and it is evident from the manner in which all the citizens have taken hold of the proposition that greater interest is taken in the inauguration of Governor Hardee than has been manifested

in any similar event in many, many years.

NEW TALLAHASSEE HOTEL

Tallahassee, Sept. 8.—Tallahassee will shortly have a new, up-to-date 100-room, modern fire-proof hotel if plans which have been formulated are carried into execution and the interest which has been manifested in the project seems to make it certain. Enough citizens of the capital city have signified a willingness to take large blocks of stock in such an enterprise to make it evident that the proposition can be and will be successfully floated.

WHISKEY IS SENT IN EGGS; BAGGAGE SMASHERS ROUGH

Washington, D. C., Sept. 2.—Eggs may be all right to ship whiskey in but baggage smashers must handle the cases with care. At a station in West Virginia recently some of the eggs broke and it became a matter for the prohibition inspector. He found four cases of them.

The inspector, reporting to the prohibition commissioner's office, said that each egg had been carefully blown from the shell. After whiskey had been poured in the apertures were sealed with cement.

POST CARD DAY

Florida Development Board Suggests Idea

The Florida Development Board has suggested that October first be observed as Post Card Day in celebration of tourist rate tickets to Florida being available, and request all loyal Floridians to mail attractive post cards to friends and acquaintances in other states, informing them that the ticket sale continues from October first to April 30th with final limit of May 1st.

This is an excellent opportunity for readers of the Herald to boost Sanford as an ideal city, by sending out several thousand post cards urging the recipients to come here as soon as possible and enjoy our fine autumn months.

NATIONWIDE FIGHT AGAINST DISEASE

American Red Cross Will Have Health Centers in All Parts of United States.

The American Red Cross has launched upon a nation wide campaign of fighting disease and physical defect among the American people. A new and unique health institution has come into being as the result of several months' study by the Red Cross Health Service Department at National Headquarters.

Officials in charge of the department predict that before long this new health activity will be in actual operation all over the country, and that the sign—"American Red Cross Health Center"—will become as familiar to the people everywhere as are now the signs of the telegraph companies.

Busy Long Before War.
The interest of the American Red Cross in the fight against disease is not, however, of recent origin. Long before the war the organization began this health service through its medical units in disaster relief work and its department of Town and County Nursing. During the war and following the armistice thousands of American Red Cross officials have been fighting disease in the war-stricken countries. At the same time tens of thousands of local Red Cross officials have been engaged at home fighting disease, notably during the influenza epidemics.

The American Red Cross has determined that all this valuable experience in health service abroad and at home shall not go to waste. So long as there are a half a million people dying yearly in this country from preventable causes, and so long as more than one-third of the American children and young people are victims of physical defects, the Red Cross recognizes the urgent need for continued Red Cross health service at home.

How Organization Works.
The Red Cross Health Center is governed by business principles, applies business methods, and, in its more simple form, can be established and conducted by lay people.

It proceeds upon the demonstrated fact that health is a "commodity" that can be bought and sold like brooms and soap. Therefore, it establishes itself in a storeroom in the principal business section of the community. It displays its goods in the form of attractive health exhibits in its show windows. It advertises constantly and extensively. And it uses every business and social device to attract customers.

The Red Cross Health Center is of service to the sick in that it gives out reliable and complete information about existing clinics, hospitals, sanatoria and other institutions for the sick and the defective; about available nurses, both trained and practical; about when to consult a physician and why to shun the quack and his nostrums.

Teaching Disease Prevention.
The Red Cross Health Center is, however, of even greater service to the well. It teaches people how to prevent sickness and disease. This is done in many interesting and attractive ways—first of all, by the distribution of popular health literature and through health lectures illustrated with lantern slides or with health motion picture films. Then special exhibits are given, one after the other, on various health subjects. Practical demonstrations are made; also health playlets by children to interest and instruct themselves and their elders. Classes are organized in personal hygiene, home care of the sick, first aid and in food selection and preparation. Health clubs, both for younger and older people, are formed; also Little Mothers' Leagues. Nutrition and growth clinics are conducted for children.

Already more than a hundred of these Red Cross Health Centers are in actual operation throughout the country. Many of them also conduct medical clinics, but the one chief, outstanding feature of the American Red Cross Health Center is its health education service which teaches well people how to keep well.

FRENCH PRAISE FOR OUR RED CROSS WORK

Landings the work accomplished by American philanthropy for war-stricken France, Andre Tardieu, former high commissioner from that nation to the United States, in a recent article widely commented on throughout the French press, says:

"The American Red Cross has accomplished a work which calls for the heartfelt gratitude of every true Frenchman. In 1918 this great relief organization spent in behalf of France nearly 87,000,000 francs, and in 1919 its expenditures on charitable projects in our country attained the tremendous total of 171,000,000. It has recently turned over to the French relief organizations huge stocks of supplies whose value must be counted in the hundreds of thousands of francs.

"Fifteen million American boys and girls, banded together in the Junior Red Cross of America, are back of a movement to establish the closest ties between themselves and France's younger generation through the charitable work they have financed and are now carrying out among our little war sufferers.

"The bonds of friendship between France and America is cemented with mutual admiration, respect and gratitude."

ITALY WANTS OUR TOURISTS

Government Making Plans to Make Travel Attractive to Americans.

Washington.—The Italian government, according to advices to the department of commerce, is overlooking nothing in its plans for smoothing the way for prospective American tourists. A big influx of American sight-seers, it is held, would go far toward rectifying the present exchange difficulty and, because of the premium on the dollar, Americans would find prices in Italy but a little higher than before the war.

New hotels are planned for various sections and official attention is being given to train schedules.

California Oak Tree 35 Feet in Diameter

San Bernardino, Cal.—George F. Roth of Red Rosa has announced his discovery in the San Bernardino mountains of an oak tree which he says is the largest in California. It is near Crestline. He says it measured 35 feet in diameter, or seven more than one near Chico, Cal., that recently was proclaimed the largest in the state.

GARNER-CARTER

Word comes from Jacksonville of the wedding last week in that city of N. H. Garner and Miss Carter of this city. After the wedding which was a quiet affair the bride and groom left for Atlanta and points in the mountains of North Carolina where they will sojourn for some time before coming back to this city to make their home.

The bride is the sister of Mrs. Robt. Thrasher of this city and a former resident of Dade City where Mr. Garner formerly lived and it was a culmination of a meeting here of former friends. The bride is a charming lady who has a large circle of friends here and in her old home who will be pleased to learn of her wedding.

Mr. Garner has been a resident of this city for many years and is one of the large property owners and developers of real estate having built many homes and business blocks. He has been engaged in the real estate business here and will return after the honeymoon to take up this business again.

The congratulations of the many friends of bride and groom is extended to them and best wishes for a long life and prosperity and happiness.

Wage Earners

PUT A BIG COMPANY WITH HIGHEST COMMERCIAL RATING TO WORK FOR YOU.

THE SOUTHERN UTILITIES COMPANY has emerged from the severest test ever placed upon Utilities Companies by the World War, in a healthier and stronger company. Its service light, power, ice, etc., are necessary to the communities and are rapidly increasing. The increased service means increased business.

The company owns and operates plants in 17 cities in Florida and 2 cities in Georgia.

When you put this company to work for you, you do so as a Prior Preferred Partner on the earning capacity of over \$7,800,000.00. It is an opportunity of a lifetime. Embrace it by investing in the 8 per cent Cumulative Prior Preferred Stock.

COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS FOR THE HERALD

Lake Monroe Neighborhood

J. T. JACOBS, Correspondent.

Mrs. L. B. Mann, who has been ill with a severe case of tonsillitis, is convalescing.

The weather has been just about as hot during the first two weeks of September as it has been any time this summer.

Miss Lillie Miles of Louisville, Ky., who has been visiting her brother, Henry's, deceased, family for some time, has returned home.

The farmers are busy turning the ground, getting seed beds ready, minding the little plants, opening ditches, etc., preparatory to planting their fall crops.

T. E. Wainwright of Astor, spent the week-end here with his family. His son, Joseph, filled an appointment in the Methodist church in Sanford, preaching at the forenoon service on Sunday.

The exercises given by the intermediate class of the public school Friday afternoon, under the management of Miss Brown, were very good. They had the grammar and primary grades and quite a number of visitors for their audience. The school is getting up an orchestra and gave their initial performance at these exercises.

The sad news of Capt. Smith's death, which occurred at Greenboro, Ga., last Tuesday, reached us on Wednesday. Capt. Smith was identified with Monroe's earliest history and was loved by all who knew him. He was one of the few who first established the school and Sunday school. The public school held a

short service in his memory Thursday morning at the chapel exercises. The principal spoke a few words of the kindness and helpfulness of Capt. Smith. The school repeated memory gems pertaining to kindness and sang "Kind Words Can Never Die," then all marched to the stage and placed a bunch of flowers there in memory of Capt. Smith. Prof. and Mrs. Jacobs and Miss Brown gathered these flowers and sent them to Capt. Smith's daughter to be placed on his grave as a token of love and respect from the Lake Monroe Public School.

One of the most enjoyable parties of the season was the "Pound Surprise" at the home of Prof. and Mrs. J. Tilden Jacobs last Thursday evening. The young folks of the community and the children of the grammar grades, together with Prof. Jacobs' former graduates and Miss Brown, intermediate teacher, planned and executed a surprise for their teacher which proved to be a complete success in every detail. These young people, laden with cakes, cookies, lemons, sugar, ice, candy, etc., made a sudden advance on the teacher's home. When they arrived all unexpectedly to their host, Mr. and Mrs. Jacobs hurriedly lighted lamps and tried to find room for all their young guests. This was a problem for so many happy folks, but they welcomed them regardless of room. There was plenty of it out doors. The evening was spent in games and music and plenty of light-hearted fun. The "pounds" furnished refreshments for the crowd and kept them cool. They took their departure at 10 o'clock, declaring they enjoyed surprise parties and thought they would their sentiments.

Upsala and Grapeville Locals

MRS. BALLENGER, Correspondent.

UPSALA AND GRAPEVILLE. Alfred Ericson, Waldred Pierson and T. O. Tyner are all enjoying their vacation from the A. C. L. shops this week.

Archie Swanson and some boy friends took a trip to Palm Springs Sunday, but returned in time for the evening service.

We would like to correct an error in our last items: the former name of the bride of Willie Tyner was Miss Lillie Tumblin.

Mr. and Mrs. Lars Larson and two daughters of Piedmont and a young friend from Orlando were Sunday guests at the home of Mr. and Mrs. John Lundquist.

Mrs. Westerlind returned home Sunday evening from the camp meeting, being away eleven days. During her absence Mrs. Benton kept house for her brother.

Mr. and Mrs. Stidt spent Sunday at the home of their daughter, Mrs. Jesse Lee, it being the birthday of the mother. Refreshments of cake and coffee were served in the afternoon.

Grapes were rather scarce this summer, but the women folks are

busy putting up the guavas in jelly and preserves for next winter. We are glad that sugar is some cheaper.

Mrs. Charles Arrant and little son, Charles Walton, and also Teen Arrant, who is here this fall helping his brothers in their garden work, were callers Monday afternoon at the home of Mr. and Mrs. Ballenger.

Mrs. Benton left on Tuesday for her own home near Matland to get in shape ere her folks come down for the winter. She will have rooms at the hotel. Mr. Westerlind and Mr. Beck and little Minnie took her down in their Ford.

Mr. and Mrs. T. O. Tyner and their two youngest children, Pearl and Thomas, Olan, left with their mother, Mrs. Bengston, for a visit with Mr. and Mrs. Fry at Islesworth Grove, expecting to return home Saturday by train.

Mr. and Mrs. Alfred Ericson and their children, Margaret, Gilbert Ruth and Esther, left Wednesday for a trip down the East Coast to Miami, where they will visit at the home of his brother Carl and sister, Mrs. Lingrin. They expect to be gone ten days. Waldred Pierson will also go with them.

Longwood Laconics

MRS. J. S. DINKEL, Correspondent.

George Stuart left Wednesday for Pittsburg, Penn.

The Boy Scouts of Oviedo are camping at Palm Springs.

Mr. and Mrs. Tullis were visitors in Winter Park on Tuesday.

Mrs. Henry Hooker is visiting her daughter in Orlando this week.

The Overstreet Turpentine Company have purchased the store of

Harry Phipps of Tampa was the guest of his brother J. E. Phipps last week.

Miss Olive Dinkel returned on Saturday from Jacksonville where she has been visiting her sister Mrs. H. R. Chapman.

Oviedo Locals and Personals

MISS A. D. MITCHELL, Correspondent.

The Christian Endeavor Society of Oviedo district convened in Oviedo Wednesday, September 15 at the Methodist church. Dr. Brownlee, pastor of the Presbyterian church of Sanford, made the opening address. Francis Swope gave the address of welcome. The meeting is in charge of Miss Roney of Orlando, secretary for the district. Dr. Layman, vice-president of the society and Mrs. Layman, state secretary, were expected to address the convention during the session. Owing to the heavy

rain storm on Wednesday very few, if any, of the delegates came, altho the reception committee were at the station to welcome them. They returned home very much disappointed with empty cars. In view of the fact that the local chapter were expecting a crowd Thursday evening, a lawn supper was served at the church and a social hour enjoyed before the evening service. The Oviedo society held an election Sunday night for president and vice-president, both of these officers having resigned. Miss

Carl Farnell was the guest of his brother last Saturday.

The infant child of Mrs. George Kelsey has been quite ill.

Mabel Swope was elected president and Miss Gayle Marshall vice-president.

Rumor is again afloat that Oviedo is really going to have a drug store again.

W. B. Young and family contemplate making a trip to Miami the last of the week.

J. A. McCulley is making some improvements on his residence which will add greatly to its appearance and comfort.

Glimpses of the Geneva Section

MRS. AUBREY MORAN, Correspondent.

Charles Dooley was on the sick list last week.

Geneva farmers are indeed making hay while the sun shines.

Mr. Duckhart of New York is visiting his uncle, Geo. Duckhart.

Mrs. W. H. Hand of Sanford spent several days with Mrs. Aubrey Moran last week.

It is deplorable that the majority of the Geneva voters were unprogressive and unpublic spirited enough to vote against a new school house at the election last Monday.

Live News of East Sanford

MRS. J. C. ELLSWORTH, Correspondent.

A daughter was born to Mr. and Mrs. Henry McCaskle Sept 10th.

W. W. Miller and C. E. Chorpensing were over at Mosquito Inlet last week fishing for seabass.

Mrs. Sheley has returned from Savannah, Ga., and is with her son, Peter Frederick and family.

Willie Brumley left Monday for his 3rd year at the Bailey Military School at Greenwood North Carolina.

Mrs. Marvin Austin and little daughter Kathleen were here from Orlando last week. Miss Jesse Hasty accompanied them home for a two weeks visit.

Curry (Shine) Hasty and Alvin Rabern are expected home on a furlough from Camp Bragg North Carolina for two weeks. They enlisted for three years.

Mr. and Mrs. Nick Zernover received a cablegram that their adopted daughter Marjina sailed for New York Sept. 5th, from Antwerp, Belgium on the Lapland.

A son was born to Mr. and Mrs. Richard Hickson at the Orlando Hospital last week. Mrs. Hickson and young man are coming home this Sunday if all is well.

R. C. Long and J. C. Ellsworth were at Mosquito Inlet surf fishing the first of the week, they brought home some fine fish whether they were caught with a silver hook or just an ordinary hook we were not there so couldn't say.

\$5,000 FOR MOSQUITO BITE

Demand is Made by Sailor in Suit Brought in Brooklyn Supreme Court.

New York.—The tale of a ship beset by swarms of mosquitos during a voyage along the south Atlantic coast was unfolded in a complaint filed in the Brooklyn supreme court in a suit for \$5,000 damages brought by Hendriens De Haay, a sailor.

De Haay alleges that after he had been bitten severely, officers of the steamship Gulfport, belonging to the Gulf Trading company, refused to give him treatment.

The company has asked for a bill of particulars, alleging that the officers refused the treatment, and declaring that mosquito bites were part of the assumed risk of employment.

ITALY MAKES OYSTERS SAFE

Removes Impurities by Keeping Them in Sterilized Sea Water for a Week.

Washington.—An Italian company has perfected a process for removing impurities from oysters, according to a report to the bureau of foreign and domestic commerce.

On being taken from beds along the Venetian coast the oysters are shipped to Rome, the shells carefully washed and thrown into great tanks filled with sterilized sea water. The tanks are constantly replenished and the flowing water has been found to wash all impurities from the oysters which, after a week's "treatment" are shipped to the retailers.

FINAL DISCHARGE

In Court of County Judge, Seminole County, State of Florida.

In re Estate of Augustin Moremen, deceased.

Notice is hereby given, to all whom it may concern, that on the Fifteenth day of November A. D. 1920 we shall apply to the Honorable E. F. Housholder, Judge of said Court, as Judge of Probate, for our final discharge as

Mrs. R. O. Marshall has returned from a delightful trip out West, very much improved in health.

Mr. and Mrs. Dumas, Jerry and Mrs. Willa Lee and little daughter, Alma, were visitors to Oviedo last Tuesday.

Mrs. Henry Barwick, baby and sister, Miss Moore, of Wildwood, were visiting Mrs. A. F. Farnell the first of the week, leaving on Wednesday morning.

Mr. and Mrs. C. Connelly, who went West last spring for Mr. Connelly's health, have returned to Orlando, and were on a visit to Mrs. Thomas, Mrs. Connelly's mother, this week.

Little Eva May Brown is home again after a pleasant visit with Miss Ditmar at Ft. Pierce.

Little Minerva Grier of West Palm Beach was the week-end guest of Miss Helen Moran last week.

Little Charles Geiger badly burned his foot by stepping in some hot ashes while at the cemetery cleaning last Thursday.

Last Thursday the people of Geneva met at the cemetery for the annual cleaning-up day; the ladies bringing a picnic dinner.

FLORIDA STATE LEAGUE NEWS

CHAS. L. BRITT
SPORTING EDITOR

TAMPA UNABLE TO WIN FIRST

Wednesday September, 15.
At Tampa Monday, the strong Tampa bunch began their series of seven games with Columbia the winners of the South Atlantic League pennant.

Plant Field was crowded up to the ledge with the largest crowd that ever witnessed a ball game in Tampa, or in any other town in the Florida State League, just about 3,500 tickets having been sold.
Workman, the Smokers south paw that was sold to Washington and recently secured again by Tampa was on the mound for Tampa and gave up fourteen hits. Larry Cheney the "old war horse" that Sanford tried to land the early part of the season did mound duty for Columbia giving up but seven hits. Cheney, however showed signs of weakness in the last part of the ninth and was relieved by Whitney, who retired the side with the bases full.

Tampa started things going in the very first frame by pushing across their first run. Columbia evened things up in the second after which the scoring stopped until the fourth when Columbia scored two while the left Tampa could do was to get another lone tally. Columbia scored again in the sixth and twice in the seventh and Tampa got her third run in the ninth.

A very noticeable feature of the game as written up by the Tampa editor slings the whole defeat onto Burke and Strenk. Burke, our Harry, was signed up by the Smokers for this series, much against the wishes of the Tribune, and then when Tommy Leach saw fit to get Strenk and Osborne that was about all the Sporting Editor of the Tribune could stand, and of course it was necessary that he make a mountain out of a mole hill by making Burke and Strenk the goat. Somebody had to be, inasmuch as Workman only gave up fourteen good clean hits. Harry made one error or error that you can bet was a hard chance because that is the only kind that Harry misses and darn few of them.

Osborne had a game leg and was not able to play but he went into pinch hit for Workman in the ninth and drew a free pass to first and this fact alone saved him from being responsible for losing the game along with Burke and Strenk, as, according to the Tampa papers, there are no ball players outside of Tampa, and Columbia—after this series is over.

Whether or not Burke pulled a big bone in this first game to call down on his head the condemnation of the Tampa press, all we have to say is that Tommy Leach thought a bean full when he thought about getting Harry to play in these series, for if there is any one fielder in this Florida State League that can beat Burke show him to us.

But whether Harry's one error or Workman's fourteen hits won the game for Columbia, the score keeper saw it just like this:

Score by innings:
Sally Leaguers 010 201 200—6
Florida Smokers 100 100 001—3
Summary—Errors, Lacy 2, Strenk, Burke, lf on bases, Tampa 12, Columbia 4; two-base hits, Swacina, Goslin, Nelly, Brack, three-base hits, Swacina; hits impounded off, Cheney 4, Workman 4, Whitney 1; struck out by, Cheney 6, Workman 6, sacrifice hits, Vaughan 2, Heck and Beck; stolen bases, Nally and Beck; wild pitches, Cheney; batter hit, Foss and Strenk (by Cheney); double plays, Cheney to Wendel to Beck; time of game 1:55; umpires Blackburn and Bennett; attendance, 3,500.

HUMPHRIES SAVES SECOND

The second game of the series started promptly at four o'clock, Tuesday, with the attendance about one thousand and lighter than the opening day. The unofficial attendance for this second game is given as 2,500.

Humphries the old man that has had things all his way all through both his years in the Florida State League did the twirling for the Smokers, while Whitehill, a south paw, worked for Columbia.

And Humphries kept up that good work of his by letting Columbia down with five hits, three of which were made in the first inning. The Smokers are very fond of south paws, therefore Whitehill caught his all through the game giving up eleven hits in all. Columbia scored one in the first

and Tampa tied it up in the second. Columbia did more scoring while Tampa scored three times more in the third.

Tommy Leach kept Harry Burke out of the game, for the reason, we suppose, that a left hand hitter is easy to know Harry as well as we do if they did, his name would be in the lineup all the time.

The score.

AGAIN TAMPA LOSES

Wednesday, and the third day of the series found Skinny Watts and Tampa just a little too light for the big boys from the Sally League, and after a very close and interesting fight, the bell rang with Columbia on the big end of a three to two score.

Columbia scored in the first inning and Tampa took the lead in the fourth by scoring twice. They held this lead until the seventh at which time Columbia tied it up. Columbia pushed the winning across in the ninth. The score by inning:
Columbia 100 000 101 —3—0—1
Tampa 00 200 000 —2—6—0
Johnson and Wendell, Watts and Nance.

CELERY SEED

EDITED BY
CHAS. L. BRITT

All eyes are now focused towards Columbia and Tampa.

The Tampa Tribune says Tampa would have won the first game if she had played her regular line-up.

We agree with Tampa that she might have won, if she had her regular line-up and Workman had of giving

about ten less hits, and Cheney had lost an arm, and the five three hundred hitters that Columbia has would have struck out each time at the bat.

Just own up Tampa. You are playing a baseball Club now, not Bartow or Lakeland or St. Pete or Sanford.

And then trying to make believe that it was the fault of Burke or Strenk. Don't let any one fool you into believing that Burke is not a ball player, because with a chance at all he can make some of the Tampa Club look foolish.

And Strenk, maybe, you will find him up just as high as LaMotte next year, he has the makings.

After this series it will be all over until the World Series starts. The fans of Sanford will be given an opportunity of witnessing the games on an electric score board. Arrangements are already under way to have the best board that Sanford has ever had.

SANFORD ENDS IN THE CELLAR

This past Saturday brought to a close the second season of the Florida State League and from all reports about the circuit this season was another season just as successful as the first one.

For Sanford, however, things were not the same last year. The fans and people in general were given an opportunity to see how it felt to have a pennant winning team, a team that won the first half, a close second in the second half and the best in the post season series.

This year, these same fans were given an opportunity in seeing how it felt to end in the cellar. Sanford ended the first half of this season but a step or two out of the cellar and the second half found us so far in the mire that we go down in history as the cellar champions of 1920.

Tampa has been awarded the 1920 pennant having won both the first and second halves, both times so far ahead that for a while it looked as if the league would end up lop-sided with Tampa on the heavy end. Bradenton, Daytona and Bartow made a good showing all through the season while it was Sanford, Orlando, Lakeland and St. Petersburg that wobbled about in the second division.

Tampa, Bradenton, Orlando, Daytona and St. Pete have already expressed their willingness to go in the 1921 race. Bartow and Lakeland "are thinking it over", with the chances in their favor. The officers of the Sanford Club have not committed themselves one way or the other, but—Is there anyone that has seen the time that Sanford has ever started any thing that she cannot finish?

Should Sanford not be in the State League next year it will be because there is no State League, or because there is a general shake up all around the circuit, which is not probable.

The official standing of the clubs at the end of the second half as issued by President W. W. Rose is as follows:

	Won	Lost	Pct.
Tampa	39	15	.722
Bradenton	32	18	.640
Daytona	30	18	.625
Bartow	28	21	.571
Orlando	21	29	.420
Lakeland	18	31	.367
St. Pete.	17	33	.340
Sanford	16	34	.320

CELERY SEED

The Sanford players have all left for their different homes with the exception of Chapman. Chap talks as if he will spend the winter with us and Riley says he may come back and play in the winter league. Brown has already signed up for the winter with one of the new clubs.

The series between Tampa and Columbia shifts to Jacksonville to-day. Maybe Tampa can hold her own there, at least we hope so.

STATE LEAGUE ENDS SEASON

Smokers Win Second Half Easily; Plans Bright For 1921

It's all over the Florida state League for 1920. Saturday saw the curtain rung down and Tampa winner of the second half by a very safe margin. As the Smokers had already annexed the first half of the race, the league will not have a post-season series, but fans throughout the circuit began arriving in Tampa early Sunday morning to witness the struggle between the Smokers and Columbia, S. C. club for the championship of the southeast.

Saturday's results follow: At Bradenton 1-3, Tampa 0-1; at Lakeland 2-2 Bartow 0-0; at Daytona 2-3, Orlando 1-2 at Sanford-St. Petersburg game called off by agreement.

	Won.	Lost.	Pct.
Tampa	39	15	.722
Bradenton	32	18	.640
Daytona	30	18	.625
Bartow	28	18	.571
Orlando	21	29	.420
Lakeland	18	31	.367
St. Petersburg	17	33	.340
Sanford	16	34	.320

As far as offering a high-class article of the grand old pastime the state league this season has been a success in every way. The material has been better than that of last year and as a result the game has been faster. The number of men securing tryouts in fast circuits shows the class of the league over the 1919 season.

Financially it may be different but it is thought that Tampa, Bartow, Bradenton and Sanford through the sale of players will be able to cash in with a smaller sum on the right side of the ledger. St. Petersburg, Orlando, Daytona, and Lakeland have not been so lucky, but should they dispose of a few plays they may come out without serious damage.

Plans for next year are bright. The fight Bartow, Bradenton and Daytona have waged to overtake Tampa, has aroused fans throughout the circuit and is expected that they will be back strong next year. St. Petersburg, though not so strong this season, experienced its first year in organized baseball and the Saint's backers say they are going to place a pennant winner in the field in 1921. Lakeland, Sanford and Orlando are expected to remain in the league another year. Should any towns feel unable to support a team Jacksonville, Palatka, St. Augustine, or DeLand are ready to fill any vacancy.—Tampa Tribune.

LIVING UP TO OUR SLOGAN

You have probably noticed in many of our advertisements and on signs in our store, the declaration

The Store That is Different

It's a big claim and we mean it to be just as emphatic and positive as it sounds. When we say different we mean that we carry that different kind of clothes that you want, the kind that are different from the cheap and shoddy kind. We handle

The great spirit of boost is with us. That last meeting of the Board of Trade was a good one.

But we should get up the next morning with the same thought of boost and carry out the ideas advanced the night before.

The great trouble is that so many men find it easy to go to bed but it takes a good man to get up in the morning and go to work.

Holly-trees are peculiarly free from attacks by insects—Orlando Sentinel. You bet they are we don't want any woodpeckers knocking on our family tree, either.

The National Editorial Association is to have "Three Weeks in Florida" the Pensacola Journal announces. Well, if all reports are true quite a bit can be accomplished "in Three Weeks."

So many of us get enthused at a big meeting and make splendid resolves but our own business troubles the next day take our minds off the work that has been planned at the meeting the night before.

A great many Sanford men have been "letting George do it" for several years but George has been over-worked and now thinks it is about time for the rest of the gang to take up a horn and do a little tooting and helping George out.

In the famous Sanford celery belt more than a hundred tractors are now owned and they are all busy preparing the great fields for the crops of lettuce and celery that will increase the golden flow into that rich section this winter.—Times-Union.

A syndicate composed of Orlando and Sanford business men has bought six thousand acres of land in the western part of Orange county and will plant out citrus groves, to be sold to small investors.—DeLand News.

The Miami Metropolis has a little story headed, "Jolly Presbyterians." What's the world coming to?—Tampa Tribune.

But Jawn, there are jolly Presbyterians, you know. We are Presbyterians, and if you will watch us closely you will see us smile ever so faintly once a month or so.

The Eustis Lake Region announces a reorganization and a new printing plant that will take care of the constantly increasing business of that section. Ansel Miller has built up a wonderful paper and a wonderful job printing business and deserves the success that is coming his way. May the dear old Lake Region continue to prosper.

If every man in Sanford who has been investing his money in outside ventures would take this same money it in Sanford Building and Loan Association stock there would be a wonderful difference in the appearance of the city in a few years. This is the best investment that has ever been offered and comes back to the investor in several different ways. Try this on your piano.

Orlando is taking steps towards securing a municipal light and water plant. Information was given out a few days ago that the city had rejected the private company now furnishing light and water to Orlando to make an offer to the city. It is understood that the company is willing to sell, and it may be only a short time before the plant becomes the property of the city. Light and water plants are owned and operated municipally in many places and it does not seem to be a bad plan. In Jacksonville the city is able to furnish light and water and electric power at very reasonable rates, and still have a surplus for the earning. Orlando is probably making a wise move and will probably never regret the purchase of the private plant and control of the important utilities.—Jacksonville Times Union.

Announcement was made a few days ago in the Sanford Herald of a change in the management of that newspaper and reorganization of the Herald Printing Company. The new officers of the Company are R. J. Holly, president and editor; T. E. Wilson, vice president; N. J. Lillard, secretary and treasurer and H. A. Neel, general manager. Walter M. Hayes who has been the business manager of the Herald for a number of years has sold his stock in the company and retires. The new management announces that the company will begin the publication of a daily on October the first. The Herald has long been recognized as one of the leading weeklies of

Florida, and the business interests of Sanford have shown their appreciation by the large patronage which they have given it. Here's success to The Herald and its new management. Long may it live.—Kissimmee Gazette

WHAT THE NEW VOTERS WILL COST THE COUNTRY

There will be considerable extra expense involved in the providing for the 27,000,000 women voters who will cast their ballots for the first time this year. It is not expected of course that all the women who can, will vote but the election boards can not proceed on the assumption that they will not. Conveniences must be provided for all, for we cannot afford to let any of these voters be deprived of their rights through any negligence of mere man.

Some figuring genius has taken the trouble to estimate the extras that will be needed if 27,000,000 women or any considerable portion of that number go to the polls. First on the list is paper, of which 25 car loads will be needed for ballots alone. In other words about 13,400 reams, or 504,000 pounds of paper must be placed in the booths for the dear creatures to mark up as they list. The estimate on the cost of the paper at present high prices is \$50,000, and there is the printing at \$20,000 more. Altogether the total cost including cutting and wrapping is figured at nearly \$100,000.

Then there are the lead pencils to mark the ballots, and our estimator figures them at one-half the number of additional voters or 13,500,000. We believe this is too high but let it go at that. At five cents each the cost of would figure up the snug little sum \$675,000, for somebody to pay. We have said nothing about mirrors and powder puffs, which some enthusiastic males insist should be placed in the booths, for we consider them to be the natural appendages of every perfect lady which she would not care to share with everyone of the sisterhood, black and white, who might care to exercise the right of suffrage.

The estimates above were made for the presidential election with an average sized ballot of 16 by 22 inches. No estimate is made of the reams of paper which will be used in the registration of the new voters, but it will be large.

Here are the questions the women will have to answer under oath: Residence and whether more than one family lives in the same house. Party affiliation if they wish to vote in the primaries.

Their age. Their nativity—place of birth. Their color. The time they have lived in their precinct; Legislative districts and state.

If they have been naturalized or were born in this country. The date of their naturalization and the court where it took place.

After each name is a blank space for remarks to be made by the judges wherever they see fit to do so.—Tampa Times.

THE PUBLICITY TAX

The City Commissioners are studying the proposition of levying a publicity tax on city property and while the charter gives them this right they are well within their rights to levy this tax at any time but they want an expression of the people on this subject or at least want to know that the majority of the tax payers want it before they make the levy as it is needed right now more than it has ever been needed at any time in the history of the city. The Board of Trade needs a live secretary, the board of trade wants to advertise the city and county the Board of Trade wants to start a golf links and country club and boat basin and yacht club and do a world of things here this winter. The Board of Trade can do nothing without money and it takes money to advertise a city as it should be advertised. For many years all of this money has come from a faithful few who kept up their dues in the Board of Trade or some kindred organization. For many years all the money for advertising came from a faithful few while the majority of the people most vitally interested sat back on their haunches and "let George do it" and they raked in the shekels of the growing city that grew because George paid the bills for advertising. A few business men should not be called upon to pay for all the advertising. It should come from all equally and coming from all equally means levying a publicity tax on the taxable property and personal property that all may have a share in building up Sanford as all are equally interested. Thus it comes down to the point where there is only one right way to get this money and that is publicity tax and if the city commissioners see fit to levy this tax they will be upheld by the real people of Sanford. If there is any objection it will come from the same quarters where no money has ever been forthcoming at any period in the city's history and can be ignored as it has been ignored in the past. Sanford must have a real board of trade a paid secretary and must have the right kind of publicity.

Being Honest With J. F. Dear Offagin—Do you sign your stuff because you think it is good?—J. F. La Crosse, Wis. No, no, Javed, far from it. We are past forty, and rid of all illusions but we are deeply impressed with the advice that all writers should sign their stuff, and are doing this in a spirit of self-sacrifice, and to show our nerve.

These Things Annoy One So. Dear Offagin—You think you're mighty smart, so let's see if you can answer a real conundrum, one I made up my own self. This is it: What is the difference between a tailor and a freshly tarred automobile road?—L. H. Rolla, Mo. We suppose, smarty, that it is because one makes men wear and the other makes men swear—eh, what?

BOYS' AND GIRLS' PIG AND CORN CLUBS WILL HAVE SPLENDID FAIR EXHIBIT.

Jacksonville, Fla.—An interesting, as well as an encouraging feature of the 1929 state fair here November 15 to 27, will be a remarkable demonstration of the work being done in Florida by the boys' and girls' pig clubs.

The 1929 exhibits are expected to overshadow last year's display by at least 100 per cent. This work is in charge of R. W. Blacklock, of the Agriculture College, Gainesville, who states there will probably be more than 100 registered pigs exhibited by the young folk at the approaching big event.

THEDA BARA

Theda Bara, known all over the "movie" world as the sensational vampire woman, owns a full-blooded Russian wolf hound, a present from Countess Schwaynzil. The dog is called "Gallop" and is one of the most valuable of its kind. Unable to stand the summer heat of this country, Gallop spends his midyear vacation in Russia.

Offagin, Onagin STRICKLAND W. GILLILAN

THE MORNING HOURS.

"You think 'an hour's an hour' Well you get another guess. Some hold a great deal more of good some hold a great deal of less. The hours when the day is old, and resting-time draws nigh. Are feeble, tottering hours and they creep instead of fly. The noontime hour is lagging some and goes on weary feet— The morning hours are the ones that simply can't be beat!

The morning—when you're full of pep the whole big day ahead! The terrors of the night are gone, discouragements are fled. It's youth again and truth again, some back with hope renewed. With yester's wisdom standing by to check each impulse crude. The early, peary hours are the ones that can't be beat— The hurly-burly hours when the day is young and sweet!

NO INNOVATION! "This 'digging themselves in' is a new stunt in warfare, isn't it?" "Nah! The chiggers have been doing that for centuries."

Being Honest With J. F. Dear Offagin—Do you sign your stuff because you think it is good?—J. F. La Crosse, Wis. No, no, Javed, far from it. We are past forty, and rid of all illusions but we are deeply impressed with the advice that all writers should sign their stuff, and are doing this in a spirit of self-sacrifice, and to show our nerve.

These Things Annoy One So. Dear Offagin—You think you're mighty smart, so let's see if you can answer a real conundrum, one I made up my own self. This is it: What is the difference between a tailor and a freshly tarred automobile road?—L. H. Rolla, Mo. We suppose, smarty, that it is because one makes men wear and the other makes men swear—eh, what?

THE MIRACLE. Yesterday, he was a common mut. But things have changed a cog. Who calls him common now, 's a nut— We bought him— Our Dog!

FINNIGAN PHILOSOPHY. Ut isn't th' bookwurm that th' airly burrd ketches.

CROSBY'S KIDS

In and About
The City

Summary of the
Floating Small
Talks Succinctly
Arranged for
Herald Readers

Mrs. J. F. Mosley is the guest of her mother, Mrs. D. O. Brown.

E. C. Metts will spend the week end at Jacksonville, returning to Sanford Monday.

Mrs. M. F. Fountain left Sunday for Miami after a visit with her mother, Mrs. Mary Hooelhan.

Miss Elizabeth Hartley of Orlando and Miss Etel Hartley of Groveland and Miss Margaret Pryal were week end guests of Jeanette Laing.

P. K. Roll and Inez Adkins were married at the home of C. C. Locke, Wednesday night by Dr. Hyman.

Miss Agnes Dumas is the proud possessor of a Ford Sedan the gift of her father for her birthday last Tuesday.

Dr. Walker will teach the Brotherhood Class at the Methodist Church Sunday Morning as Dr. L. R. Phillips is absent from the city.

W. B. Zachary has purchased the Monroe home at the corner of Seventh and Magnolia and will occupy it for his future home.

Mr. and Mrs. Al Lijja have returned from a pleasant visit to friends and relative in Connecticut, New York and many other points in the northeast.

Mr. and Mrs. Paul Keeley announce the arrival of Miss Elizabeth Jane Keeley a fine baby daughter who came last Sunday to gladden the hearts of her parents.

The many friends of Carl Schultz are glad to learn that he is improving at the Fernald-Laughton hospital, where he has been suffering from an attack of fever for the past week.

Vivian Speer has purchased the Robert Rowe home on Palmetto avenue and he and Mrs. Speer will go to housekeeping there upon their return from New York.

Mrs. Bonn, the efficient clerk in Miller's Bakery, has returned from a two week's vacation spent at Passa Grille. Mr. Bonn, who accompanied her, will remain there for some time.

Mrs. Julian Carpenter of Jacksonville is the guest of her sister Mrs. Forest Lake of this city. Mrs. Carpenter has many friends in Sanford who are delighted to have her here again.

Mr. and Mrs. J. R. Stewart and little son have returned after a five weeks vacation at Daytona Beach. They were accompanied by Miss Mildred Dickson who has spent the past three weeks at the Beach.

Col. and Mrs. Thomas Emmett Wilson, Mrs. Fox and the boys, Jack, Byron and Emmett, have returned from an outing at Coronado Beach, where they spent a week or more very pleasantly.

Mr. and Mrs. Casey Flynn and little son of Orlando were in the city on Monday and their many friends were

glad to see them again. Mr. Flynn had a skating rink here several years ago and is now in the pool room business in Orlando.

J. H. Ferguson left Wednesday for Milwaukee where he will attend the annual convention of Shop Foremen. Mr. Ferguson will be absent about ten days, visiting points of interest in the Northwest and will distribute Sanford literature while absent.

The many friends of David Becker are glad to see him in Sanford for a visit to his daughter, Mrs. R. E. Purifoy. Mr. Becker has been visiting his old home at Ridgeville, Ind., and is en route to his home in Clearwater.

Miss Virginia Smith is on the job again at the court house as the Home Service Secretary for the American Red Cross. Miss Smith has been absent from the city for the past three weeks, having been called to Georgia by the death of her father, Capt. R. B. Smith.

Mr. and Mrs. N. H. Garner are home again after spending several weeks in Atlanta and the mountain resorts of North Carolina on their wedding trip. They will make Sanford their future home and are receiving the congratulations of their many Sanford friends.

Mr. and Mrs. John L. Miller and family are touring the East Coast as far south as Miami in their car this week and upon their return will go to points on the West Coast. This is the first vacation that Mr. Miller has enjoyed in many years.

The Herald has just turned out a bunch of fine printing for the Hand Hotel Apartments of Orlando. The Herald Printing Company is doing work for the people of this part of Florida and the plant is being enlarged to take care of the printing business of central south Florida in the future.

Mrs. J. M. Dressner returned Wednesday from a month's visit to New York and other eastern markets buying a large fall stock of millinery and ladies' ready-to-wear. Mrs. Dressner states that everybody is talking about coming to Florida this winter and the state will be crowded with tourists earlier than ever before.

Mr. and Mrs. Vivian Speer are visiting in New York and other points and will be absent for several weeks. In the absence of Mrs. Speer her place with the accounting department of the Southern Utilities Company is being filled by her sister, Mrs. Caraway.

The Clyde Line will run an excursion to Jacksonville and return on Wednesday next. The boat will leave here at 12:15 Wednesday and return on Friday at 11 a. m. The round trip will cost \$12.68 and give you a whole day in Jacksonville. Read the advertisement in this issue.

Mrs. D. C. Marlowe and little son Robert Holly Marlowe have returned from a trip to Chicago and other

The SANDMAN STORY

MISS FLOPEARS' SCHOOL

ONE morning Mrs. Fox said to her husband: "Miss Flopears Rabbit has a very nice school. She teaches them such nice manners. I think I will send little Reddy to her, for he is getting old enough to learn how to behave."

"Very well, my dear," said Mr. Fox. "But I do not want that young fellow spoiled. Why, yesterday, when he was out with me he actually tried to catch a chicken. He is a smart youngster. Takes after his pa, I think."

"Perhaps he does," replied Mrs. Fox. "But he needs teaching, and Miss Flopears, I am sure, is the one to do it."

And so little Reddy Fox was sent to Miss Flopears Rabbit's school to learn polite manners.

Miss Flopears daily taught them how to behave at the table and she taught them how to approach a garden filled with nice green things and how

to hide under a bed of cabbage, but not a thing did she teach about catching ducks or chickens.

In fact, she did teach her scholars not to jump in the path of a hen or duck when they were out walking with their families.

"You must never be rude," she told them. "Always be polite, and step aside to let others pass."

All this did little Reddy Fox learn, and never a thing did his parents know about it only that he no longer grabbed for things at the table and ate his food without dropping it.

But one morning Mr. Fox awoke to

points in the central west. Mrs. Marlowe says it is cooler on the great lakes than it is in Florida or has been in Florida and she will tell the world that although she is glad to be back home where she can keep "Mike" from going wrong.

Mr. and Mrs. Robert Hines have arrived in the city from their wedding trip and have gone to housekeeping in their pretty bungalow on Park avenue. Their many friends there and elsewhere are showering them with congratulations. Mr. Hines holds a responsible position with the Peoples Bank of this city.

B. H. Gibbs and wife and niece of Arkansas City, Kansas have arrived in the city to visit their son L. H. Gibbs. They made the entire trip

in their Maxwell care, averaging twenty miles to a gallon of gas and had no repair bills of any kind. They are delighted with the trip and with Florida in general and expect to spend the winter here.

The fact that Reddy Fox was quite grown up and not one hen or duck or even a chicken had he ever caught.

"It is time you were taught something besides manners," said his father. "Today you will come with me to watch by the path that leads to the duck pond. We will see how much you have learned at Miss Flopears' school."

Mr. Fox hid himself and Reddy Fox behind some bushes and waited for Madam Duck and her children to come along for their morning swim.

"Now," said Mr. Fox, "here they come. Now let me see what you can do."

Mr. Fox got back out of the way to let his son have a chance to do all the catching, but what was his surprise when out from the bushes stepped Reddy and very politely said: "Good morning, Madam Duck; I hope you have had a fine swim."

"Quack!" went Madam and away she waddled, followed by her whole family, while Mr. Fox, who thought this was some new way Reddy had been taught at Miss Flopears' school, expected to see his son capture the finest duckling of the lot.

But Reddy Fox had been taught to be polite and not chase the animals he met, so he calmly walked back and lay down beside his father in the bushes.

Mr. Fox was too astonished to chase Madam Duck. He just took Reddy Fox by the ear and walked him home. "A fine son we have, madam," he said to his wife; "and now that Miss Flopears has taught our son to be polite I'll see if I can teach him to get his living."

Every night he took Reddy Fox over the hill to the farm to hunt, and somehow Reddy did not think about being polite at night at all, and before long he would bring home as fat a duck or turkey as his father.

"No son of mine shall ever go to Miss Flopears' school again," said Mr. Fox. "She may be able to teach those garden-truck methods to the rabbit family, but a fox needs only to see a fat turkey or duck or hen to know what to do. Nature is the best teacher. No more schools for our sons, Madam Fox."

Energizer Treatments are Fine for the person who is "ALL RIGHT", as well as for an Invalid.—Each Treatment means the elimination of much residue matter thru the pores,—and is a real Stimulant for the entire Body.—Each Minute that you "ENERGIZE" is equal to Hours of ordinary exercise.—DO IT NOW.

There are Millions of Nerve Artery*And Vein ends in the Human Body, embedded in Tissue.—If all parts of the Body do not get Exercise and Nourishment Equally, it must follow that an Un-Balanced condition results.—Any Machine including the Human one goes to pieces quicker when Out*Of*Balance. Balance is the desirable condition in any Human adult in better condition. Anything.—A few "Energizer" Treatments will put any Human adult in better condition,—because from teenage or about Twenty we all Do some things we should not—and Do Not Some things we should.—Most regular ills are the result of lack of Balanced Exercise,—or Balanced Work or Food.

And no matter what you think about it,—there is just one plain fact about the "ENERGIZER".—It will Off—See or Equalize—Put and keep in Balance—conditions in the Human machine More Safely*Quicker More Surely*. At less Cost In Time and Money* than any other process available. No—it is Not a "Cure-All" nor will it perform feats in Surgery.—But is the Finest Ounce-of Prevention, and the most Efficient Dry*Stimulant ever devised.

DO IT NOW*—Try it, and if you do not agree with the above after a fair trial, then it will cost you Nothing.—DO IT NOW* NOW NOW. By Appointment; Phone 184; Box 399; Sanford, Fla.

Sincerely and Respectfully, L. C. CAMERON

C. T. Hallman the well known contractor who rebuilt the Valdez Hotel and the Welaka Block and is building several other buildings has taken into himself an office in the front room occupied by the Paragon Press in the Welaka Block corner of Rail-

road Way and Commercial Street. Mr. Hallman expects to make Sanford his future home and will engage in engineering and general contracting making a specialty of reinforced concrete work.

A party of men and women from a neighboring city riding on a truck and doing a lot of reckless driving Sunday night ran into a car of a man from Orlando and badly damaged both vehicles. One of the girls riding in the truck was taken to the hospital but it was found that she accident had not injured her in any way she was simply suffering from "shell shock". The men were fined in the municipal court Monday morning and they will probably give Sanford a wide berth when they get ready for another joy ride.

Everything New That's Good

THE ANNUAL MEETING OF FIRST BAPTIST CHURCH

The thirty-seventh annual business meeting of the First Baptist church of Sanford was held on Wednesday night, September 15th. A large attendance was registered and all the reports showed a fine year's work. The membership has increased by 102 baptized, 65 letters, 7 statement, 2 restored, making increase of 176. Decrease has been 15 letters, four deaths, and two expulsions. The membership on September 1st was 466. The church subscribed \$24,000.00 on the Five Year Program and has paid to date \$4,028.40. This amount is as much as the previous five years. The total gifts of the church this year to all purposes amounts to \$28,789.68. The first year of the coming of Dr. George Hyman as pastor the total gifts amounted to only \$1,907.51. There has been a gradual increase in the amounts during the seven years of the present pastor's stay. The Sunday school has grown fast in the seven years and in this annual meeting reports as follows:

Officers and teachers.....	44
Pupils	412
Home Department	91
Total	517

The report seven years ago showed only 180. The church property is valued at \$54,500.00. The 800 capacity auditorium will be soon be entered. A gymnasium is in course of erection. Hon. John D. Jinkins, superintendent of the Sunday school, proposed the following suggestions, which were adopted and authorized: First that the Sunday school be placed upon a double grade with 103 officers and teachers and that every effort be made to reach the constituency of the school. The Baptist and Baptist preference of Sanford number about 900. Second, that the present building be arranged so as to take care of the enlarged school. Dr. George Hyman, pastor of the church, suggested the following forward movements which were adopted: First, that the membership of the

church be considered members of the Sunday school. Second: that the women of the church be considered members of the Woman's Missionary Union. Third: that the men of the church be organized into a Layman's movement. The following officers were elected for the year: Clerk, Dr. John T. Denton. Superintendent, Sunday school, Hon. John D. Jinkins. Secretary Sunday School, Mr. A. J. Lossing. Trustees: Joe Cameron, W. E. Scoggan, F. P. Rines, J. H. Hood, W. E. Betts, J. G. Michael, A. J. Lossing, Jno. D. Jinkins and Schelle Maines. Ushers: W. C. DeCoursey, Jno. W. Snow, Charlie Henderson, Burke Steele, L. D. Gieger, Jr., M. L. Wright, Schelle Maines and J. G. Michael. Music Committee: C. A. Whiddon, F. E. Gatchel, M. L. Wright, Miss Clara Millen and Mrs. Gertrude Carraway. The pastor and superintendent ex-officio. Rev. George Hyman, D. D. is the pastor. Miss Allie Trafford is the pastor's assistant.

Assert Ancient Tribes Did Much Irrigating

Albuquerque, N. M.—That prehistoric peoples of New Mexico did a good deal of irrigating is indicated by the remains of canals and ditches found in the state, as well as in other parts of the Southwest, according to H. F. Robinson, head of the Indian Irrigation bureau here. The remains of 217 miles of ditches built by the Pueblo Indians alone are to be found, and there are evidences of elaborate water systems at the Salt River valley in Arizona. These ditches were all dug by hand, according to Mr. Robinson, and clay banks and beds were constructed where the way lay over a sandy plain, while the method of blasting through rocks was to beat the rocks, crack them with large stones and remove them from the way.

We make exactly the same guarantee with **US BLACK SHELLS**. They have reached such a high state of perfection—in waterproofing, in speed, in power, and in uniformity—that we can guarantee them without limit. You can get your pet load for every kind of shooting, in smokeless or black powders, in The Black Shells, and your money back if you want it.

PHONOGRAPHS

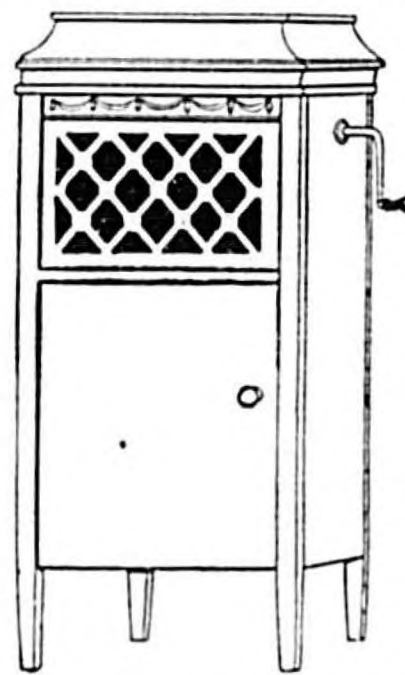

The PATHE Instrument in the Excellence of Tone, in the Beauty of Cabinet design, in the Finish of the Woods, and in the care of Assembling, is the most perfect Phonograph that

Human Skill and Genius can Produce.

THE PATHE SAPPHIRE BALL which does away with the Old Fashioned Steel Needles, glides smoothly around the Record. This Round Polished Jewel fits exactly into every Record Groove and Accurately reproduces every shading

of the selection. The Music flows off: isn't scratched off. No Needles to change, no needles to buy; always ready to Play. No wear on the Records. Every PATHE RECORD is guaranteed to Play 1,000 times.

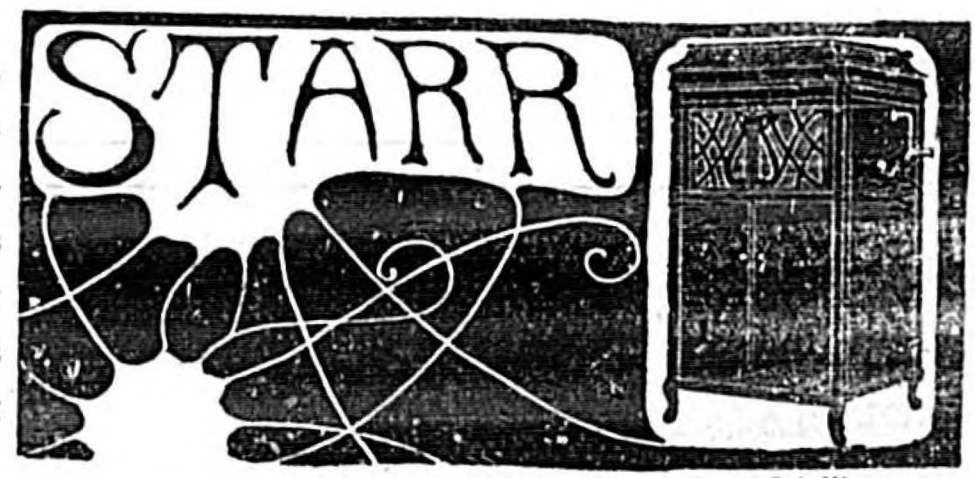

A Tone as brilliant as the Sparkle of Gems and as Sweet as the Old Love Song. As Clear as the Sabbath Church Bell's Chimes and as true as the Ring of a Gong—this is Sonora's Tone which was awarded the Highest Score at the Panama-Pacific International Exposition.

It Should Be Heard To Be Appreciated

Dance To The Music Of The Wonderful STARR Phonograph

Everyone loves to trip the light Fantastic when this Superb Machine pours forth the lively strains that sets your blood a tingling

COUNTY COMMISSIONERS

Held Regular Meeting, Minutes of Which Are Published Below in Full

The honorable board of county commissioners in and for Seminole County, Florida, met in regular session at 10 o'clock a. m. Present, chairman, L. A. Brumley, and Commissioners: L. P. Hagan, O. P. Swope, and E. H. Kilbee with E. E. Brady, sheriff and V. E. Douglass, deputy clerk in attendance.

Absent: Commissioner C. W. Entzinger.

Minutes of last meeting also special meeting held August 17th, A. D. 1920, were read and approved.

Mr. Henry N. Schupp, addressed the board in reference to excavation on his property, made by the county, and asks that same be filled. Motion of Commissioner O. P. Swope, 2nd by Commissioner E. H. Kilbee, and carried, a committee composed of the following is hereby appointed to investigate this matter and report to this board, to-wit: C. W. Entzinger, L. P. Hagan, and Chairman L. A. Brumley.

Motion of Commissioner O. P. Swope, 2nd by Commissioner E. H. Kilbee, and carried; Tax Collector Jno. D. Jinkins, is hereby authorized to purchase the necessary supplies for his office.

Commissioner L. P. Hagan, offered the following resolution, and Commissioner E. H. Kilbee, 2nd same and moved its adoption.

Whereas the Drainage Committee of the Black Hammock Drainage District within said county and state, have petitioned this board to levy a maintenance tax for the year 1920, upon the lands within said Drainage District for the purpose of cleaning out and maintaining the ditches, drains and canals within said Drainage District, and have represented to this board that in their opinion a maintenance tax of 75 cents per acre is necessary for said purpose.

Now, Therefore, It is hereby ordered, that there be and is hereby levied upon all the lands within the Black Hammock Drainage District for the year 1920, a maintenance tax of 75 cents per acre.

It is further ordered, that the Tax Assessor in and for Seminole county, Florida, be and is hereby ordered and directed in making up his tax book for the year 1920, to assess each acre of land in said district the sum of 75 cents per acre, being the maintenance tax herein and hereby levied.

Adopted, Done and Ordered this 7th day of September 1920.

L. A. Brumley, Chairman Board of County Commissioners Seminole County, Florida.

Attest: E. A. Douglass, Clerk. By: V. E. Douglass, D. C.

Commissioner L. P. Hagan, offered the following resolution, and Commissioner E. H. Kilbee, 2nd, same and moved its adoption.

Whereas the Drainage Committee of the Florida Groves Drainage District within said county and state have petitioned this board to levy a maintenance tax for the year 1920 upon the lands within said drainage district for the purpose of cleaning out and maintaining the ditches, drains and canals within said drainage district, and have represented to this board that in their opinion a maintenance tax of \$1.25 per acre is necessary for said purposes.

Now, Therefore It is ordered, that there be and is hereby levied upon all the lands within the Florida Groves Drainage District for the year 1920, a maintenance tax of \$1.25 per acre.

It is further ordered, that the Tax Assessor in and for Seminole County, Florida, be and is hereby ordered and directed in making up his tax book for the year 1920, to assess each acre of land in said district the sum of \$1.25 per acre, being the maintenance tax herein and hereby levied.

Adopted, Done and Ordered, this 7th day of September 1920.

L. A. Brumley, Chairman Board of County Commissioners Seminole County Florida.

Attest: E. A. Douglass, Clerk. By: V. E. Douglass, D. C.

Mr. G. M. Jacobs, appeared before the board in reference to the condition of the Oviedo-Chuluota Road, and asks that same be put in passable condition.

Mr. J. H. Cowan, et al. appeared before the board in reference to the enforcement of the Game Laws in Seminole County, and asks that some action be taken by this board, in regards to this matter.

Mr. C. D. Brumley, addressed the board in reference to the establishment of certain streets in the Town of North Chuluota, as County Roads, asking that same be taken over and kept up by the County, on Motion of Commissioner L. P. Hagan, 2nd by Commissioner O. P. Swope, and carried, Commissioner E. H. Kilbee, is in-

structed to investigate this matter and report to this board.

Mr. A. B. Cameron, Game Warden for Seminole county, here presented his resignation, and on the motion of Commissioner L. P. Hagan, 2nd by O. P. Swope, and carried, this board recommends to the Governor of the State of Florida, that he accept Mr. Cameron's resignation.

Mr. J. E. Laing addressed the board in reference to the redemption of Lots 1 and 2, Block 12, Tier 11, Martins Addition to Sanford, Motion of Commissioner L. P. Hagan, 2nd by Commissioner O. P. Swope, and carried it recommends to the State Comptroller, that he allow the redemption of Tax Certificate No. 101, sale of 1916, covering above described property for face value of said Certificate, plus all costs.

Petition of G. M. Jacobs, et al., in reference to repairs on Titusville Bridge, was read and filed, and on motion of Commissioner L. P. Hagan, 2nd by O. P. Swope, and carried, Commissioner E. H. Kilbee, is appointed to confer with County Commissioners of Volusia County, and Brevard County, in reference to their intentions of repairing the Titusville bridge and road and make report to this board.

Commissioner L. P. Hagan offered the following resolution and moved its adoption, which was duly 2nd by Commissioner O. P. Swope, and adopted:

Be it resolved, that Notice be given by posting the Wekiva River bridge and also by publication in the Sanford Herald for 30 days, that the Wekiva River bridge is now undergoing repairs and is unsafe, and is closed to public travel, and that any person or persons using this bridge will pass at their own risk, without liability of any kind accruing to Seminole county.

Adopted this 7th day of September A. D. 1920.

L. A. Brumley, Chairman Board of County Commissioners Seminole County, Florida.

Attest: E. A. Douglass, Clerk. By: V. E. Douglass, D. C.

Motion of Commissioner E. H. Kilbee, 2nd by Commissioner O. P. Swope, and carried, this board agrees to pay Mr. Joe Cameron the sum of \$50.00 for one acre of land in Seminole County, on this side of the Wekiva bridge, same now being used as a sand pit.

Motion of Commissioner O. P. Swope, 2nd by Commissioner E. H. Kilbee, and carried, Clerk of this board is instructed to advertise for one Steel Fire Proof filing cabinet for the County Judge's office, bids to be received at the next regular meeting of this board.

Motion of Commissioner L. P. Hagan, 2nd by Commissioner O. P. Swope and carried, this board recommends to the Governor of the State of Florida, that Mr. C. F. Prescott be appointed Game Warden for Seminole County, Florida.

Adopted this 7th day of September A. D. 1920.

L. A. Brumley, Chairman Board of County Commissioners Seminole County, Florida.

Attest: E. A. Douglass, Clerk. By: V. E. Douglass, D. C.

POPULAR SANFORD COUPLE HAPPILY WEDDED THURSDAY

The social calendar for the fall was ushered in, Thursday, September 16, with the brilliant rainbow wedding of Miss Ruth Celeste Roberts, youngest daughter of Mrs. J. D. Roberts, and Morris Houston Spencer at 6:00 o'clock in the evening in the First Methodist church. The Rev. S. W. Walker, D. D., pastor of the church officiated using the impressive ring service.

The church, which is one of the handsomest in the city, was unusually lovely, the harmonious blending of rainbow hues in the floral decorations and repeated in the dainty gowns of the attendants grouped about the arch, forming a fascinating scene of colorful beauty.

An artistic arrangement of potted ferns and other plants within the chancel were grouped against a background of white, baskets of rare colored flowers, and bowls of roses and yellow china asters were brilliantly beautiful amid the greenery of fern and vine. Graceful branches of hollyhock, intermingled with the purple of bougainvillea, pink rose's wreath with asparagus fern entwined the chancel balustrade and the arch, a large bow of pink, blue and yellow tulle completing the rainbow effect of the exquisite decorations. At either side of the arch the brass candelabra burned waxen tapers.

Under the direction of Mrs. Claude Herndon, a beautiful program of music was rendered, with Mrs. Herndon presiding at the organ. Proceeding the entrance of the wedding party, Miss Ada Wagner, delightfully rendered the vocal solo, "At Dawning," ("I Love You") and was followed by Miss Lillie Ruth Spencer, who sweetly sang "For Love's Sweet Sake."

The wedding procession entered the church to the strains of the "Bridal Chorus" from Lohengrin, and during the ceremony "O. Promise Me" was softly played on the violin by Miss Wagner to the piano accompaniment of Mrs. Herndon. The bridal party entered through the southern and western doors of the church, passing down the aisles and meeting at the arch in front of the chancel, where the marriage ceremony was performed.

The ushers, Ernest Gormley and S. A. Rive, were followed by Miss Esther Wilson and Frank Woodruff, after whom came Carolyn Spencer and Allan Jones, preceding the groom and his best man, G. W. Spencer.

The tiny ring bearer, Carlyle Householder, walked before the little flower girls, who carried baskets of rose petals, and preceded the bride who entered with her brother, David Roberts, by whom she was given in marriage.

The bride was a charmingly quaint young figure in her wedding gown of the period, fashioned of soft white satin, finished with strands of pearls

and rich lace. The basque front was formed of satin puffings and rows of lace ruffles and the short empire sleeves were trimmed with pearls from which fell a ruffle of the exquisite lace. Panier draperies at the side featured the beautifully designed skirt and a broad panel at the back extended from the neck to the hem of the skirt. A large white duretyn hat slightly tipped at the side, embroidered in pearls, was worn with the becoming gown. Her flowers were bride's roses.

Miss Eleanor Roberts, the maid of honor and sister of the bride, wore a lovely costume of pink organdy, with broad sash of blue, and a big black picture hat.

Miss Carolyn Spencer, the groom's sister, was gowned in canary colored organdy, blue sash, and Miss Esther Wilson, pretty frock was blue organdy with which was worn a pink sash. Black picture hats completed the dainty costumes and all of the bride's attendants carried pink roses and ferns. Carlyle, the bright and attractive little son of Judge and Mrs. E. F. Householder, was handsomely gowned in a black velvet suit with plaited net ruffles at neck and sleeves and a vestee of net. He carried a rose in which was hidden the wedding ring. Sweet and winsome were the petite flower girls, Ella Spencer and Dorothy Lawson, wearing dainty frocks of white organdy.

The groom's attendants wore white trousers and blue coats.

The bride's mother was gowned in grey figured crepe de chine with white lace trimmings.

Miss Margaret Roberts wore a lovely dress of pink silk georgette, Miss Jessie Street Roberts was becomingly dressed in old ivory satin with overfrock of white net over satin.

Mrs. G. W. Spencer, mother of the groom, was handsomely gowned in navy blue pussy willow taffeta. Miss Lillie Ruth Spencer wore a pretty frock of white net over satin.

The bride is a sweet attractive girl of many winsome graces and has made her home in Sanford for the past 11 years.

The groom is the eldest son of Mr. and Mrs. G. W. Spencer of this city and is identified with his father in business.

The prominence of the two families and the popularity of the young couple makes the marriage one of widespread interest throughout the Southern states.

Mr. and Mrs. Spencer left immediately in their car for a short wedding trip, the bride wearing a coat suit of dark blue tricotine with accessories to match.

Several hundred beautiful and useful gifts, in furniture, cut glass, silver, china, linens and bric-a-brac testified to the high esteem in which the young couple are held.

Upon their return they will reside

in their pretty bungalow at Cameron City.

Out-of-town guests for the wedding were Mr. and Mrs. J. D. Roberts, Dade City, Miss Jessie Street Roberts, Wilmington, N. C.; Mr. and Mrs. J. E. Roberts, White Springs; Mr. and Mrs. Russell Gilmore, Waycross, Ga.; Mr. and Mrs. C. H. Evans, Maitland; Mrs. H. B. Conroy, Ft. Meade; Mr. and Mrs. D. G. Wagner, Miss Ada Wagner, Kissimmee; Mr. and Mrs. Cal McCaughn, Orlando.

SHEPHERD-WALTHOUR

Miss Maida Shepherd and Mr. Robert Howe Walthour of Sanford, Fla. were married at the home of the brides parents on Love Avenue Tifton, Ga., Wednesday afternoon at 3:30 o'clock. Rev. Budd officiating, only the family and immediate relatives being present.

After the ceremony Mr. and Mrs. Walthour left for Jacksonville and Pablo Beach where they will spend several days. From there they will tour the East Coast by auto, after which they will be at home at Hotel Valdez, Sanford, Fla.

Mr. Walthour comes from one of Tifton's best and oldest families, and is a young woman of culture and refinement, she is a graduate of Breunau College and Conservatory of Music. After receiving her degree from that institution she was for the past several years taught music both in the states of Georgia and Florida, as well as having filled the same position in the High School in her home town.

Mr. Walthour comes from the state of Fla., and for quite a number of years has filled a responsible position with the A. C. L. Ry. South Florida gain will be Georgias loss and the Gazette wishes for them great happiness and prosperity as they journey through lifes path together.—Tifton Ga. Gazette.

ENGAGEMENT ANNOUNCED.

Mr. and Mrs. S. A. Berner announce the engagement and approaching marriage of their daughter, Barbara Evelyn, to Mr. Joseph Edwin Wathen, to take place October 12, at 10 a. m. at All Soul's church in this city. After their wedding tour the young couple will be at home to their friends in the Welaka Block.

WILL HAUL THE SCHOOL CHILDREN.

A. J. Lossing secured the contract for hauling the children on the south, west and Upsala districts and will use five Deo trucks for the work. He will not use any trailers and promises to give the children first-class service. C. E. Chorpene has the contract for the east side and gave universal satisfaction last year in this service. Mr. Chorpene has also added to his equipment and the school board believes the children will be taken care of in this respect.

ATTENTION ROYAL NEIGHBORS

Every member is urged to be present Thursday night, September 23rd. Expect to have the state deputy with us this meeting. Recorder.

METHODIST CHURCH.

Services for Sunday are as follows: Sunday school, 9:00 a. m. Morning service, subject "Enthusiasm," 11 a. m. Epworth League, 7:00 p. m. Night service, subject, "The Thing that Gives Success," 8 p. m. Preaching by the pastor, Rev. S. W. Walker. Sunday school superintendent, J. C. Hutchinson.

FIRST WOMAN TO REGISTER IN SANFORD.

Miss Agnes Berner was the first woman to register in Sanford. Having had more experience in this line of work than her sister suffragists, Miss Agnes was enabled to get to the supervisor's office first and get her name inscribed in the hall of fame. Miss Berner formerly assisted Supervisor of Registration H. C. DuBose in his office. Being a registration clerk and going in the office of Mr. DuBose was nothing new in her young life, and while the other women voters were hanging back and waiting to see if there were any mice in the office Miss Berner walked right in and inscribed her name on the books and we understand she was not afraid to tell her age either.

Mrs. H. C. Waters and children have returned from Apopka where they were the guests of Mrs. Waters parents Mr. and Mrs. H. H. Witherington for the past week.

Post card from Cincinnati showing the Union Central Life Insurance building states that Mr. and Mrs. Henry McLaughlin "are looking them over" and we do hope that they will behave themselves while they are there and do nothing that might cast a shadow on the fair name of Sanford.

NOTICE.

Anyone having accommodations for teachers will please communicate with Supt. T. W. Lawton at the office in the court house.

BUICK

SURENESS of operation, power for hard, fast travel over all kinds of roads, capacity to stand up, are developed to the highest degree in the new Nineteen Twenty One Buick Series.

For two decades, Buick engineers have built Buick cars on these sensible lines for buyers who look upon the motor car as a business utility.

Each of the new models is equipped with the Buick valve-in-head motor,—a guarantee of power and positive performance.

With its capacity for service, Buick combines striking beauty. In resilience of spring suspension and appointments that make for riding comfort the new models are especially appealing.

In the new Buick three passenger roadster, you will find a car which meets every requirement for sure, swift, comfortable transportation for every business man.

LEXINGTON WINS FAMOUS PIKE'S PEAK HILL CLIMB

Against the largest field of competitors probably ever entered in the national Pike's Peak hill climbing contest, the event of the year of its kind two Lexington thoroughbred sport models swept the platter clean on Monday, Labor Day.

The victory of the Lexington thoroughbreds in this thrilling encounter on the world's highest highway furnished one of the real surprises of the year in motor racing. The Lexington finished first and second in the free-for-all and took first and second honors in the 3000 cubic inch class.

The two Lexington thoroughbreds, absolutely stock in every particular except that they have been equipped with special bodies were pitted against cars of special design and of much greater cost.

So close was the struggle between the two Lexington leaders that only five seconds separated Otto Loesch in Lexington No. 7 which finished first and Al Cline in Lexington No. 6 which finished second. The time of the winning car for twelve and one-half mile climb was twenty-two minutes and twenty-five and two-fifths seconds.

Fifteen cars started. Only thirteen finished. Hudson finished in 23 minutes and 17 seconds. The Essex finished in 25 minutes and 59 1-5 seconds.

The race was one of the most thrilling on record. The average grade of the highway is 7 1-2 per cent, with a maximum of 10 per cent. The course is a series of dangerous turns with hardly a quarter of a mile of straightway track.

The race was run for over half of the distance through a blinding snow.

and sleet storm and heavy fog. Race officials said that had weather conditions been favorable the record would have been broken easily.

The thoroughbreds, due to their unflinching power, their quick acceleration in the face of the steepest grades and hill climbing abilities, never hesitated once during the long grind and not once were they in danger of being headed.

From beginning to end it was a supreme and gruelling test. The remarkable showing of the Lexington thoroughbreds marked a new measure of perfection in internal combustion engine development disclosing as the thoroughbreds did not only almost unbelievable reserve power for the crucial moments but remarkable acceleration even on the steepest grades.

The Lexington entries had been on the ground for two weeks. They were subjected to exhaustive work-outs before the big race to the summit of Pike's Peak the highest point in the world ever reached by motor car.

The showing of the two entries in these preliminary tryouts was such that Lexington officials were confident of the ultimate outcome of the contest long before it was run.

Some idea of what this supreme climb means may be gained from the fact that the road rises from an elevation of a little over 5,000 feet to 14,109 feet or practically three miles above sea level in the twelve and one-half mile course.

It was a drive that tested the courage of the drivers as well as the mettle of the cars. The two Lexington entries were driven by Al Cline and engineering department.

AN AMBIGUOUS AMENDMENT

In another column we publish a communication from Mr. J. J. Dickinson of Sanford in which he calls attention to a matter connected with the proposed constitutional amendment, authorizing the legislature to issue bonds for roads, which has not yet been discussed. He thinks that the amendment is so worded that it might be construed as empowering the legislature to issue bonds in excess of five per cent of the assessed valuation of the state. The proposed amendment would authorize the issue of bonds "for the purpose of acquiring, building and maintaining a system of good roads and bridges throughout the state under such regulations as may be prescribed by an act of the legislature provided, that any bond issue in pursuance hereof for a system of good roads and bridges shall not exceed in amount five per cent of the total assessment of the state at the time of issue."

Mr. Dickinson is not the only lawyer in the state who entertains this doubt as to the meaning of the proposed amendment. Another lawyer has written the Times Union calling attention to the wording of the amendment which he thought might be construed as only limiting each issue to

five per cent of the assessed valuation of the state. He suggested that the amendment might be construed as authorizing one issue of bonds restricted to five per cent of the assessed value and then permitting another provided that no one of them should exceed five per cent of the assessed value of property in the state at the time it was made. If this view is correct there would be no limit to the amount of bonds that could be issued. We intend to comment on this idea but the lawyer who first called attention to it made it as a suggestion without writing his views out for publication. There is so much to be said in the discussion of this question that we had not gotten around to this phase of it. But the fact remains that the wording of the amendment is ambiguous of Florida should not authorize the legislature to do a thing when they do not know what they are authorizing it to do.

Even if the words of the amendment clearly restricted the right to issue bonds to five per cent of the assessed value of the property in the state for the total issues a vastly larger issue of bonds than anyone has yet suggested might be made by merely raising the assessment; and as the state grew wealthier, if this burden

of debt did not stop its growth, additional bond issues might be made from time to time.—Times Union.

The sugar cane mill which is to initiate sugar manufacturing on a large scale in Florida at the plantation of the Pennsylvania Sugar Co., on the Miami Canal, is already purchased, and can be moved here just as soon as the growing cane has progressed far enough to warrant it.
