

# TURKISH CAVALRY ENTERS NEUTRAL ZONE AT KANDRA MIGHT MEAN TROUBLE

## ALTHO NEW AGREEMENT BARS ALL FORTIFICATIONS CAN BE BUILT AT THE STRAITS

And That Military Operations of The British Must Cease at Once

(By The Associated Press)  
CONSTANTINOPLE, Oct. 5.—British general headquarters reports appearance of Turkish Nationalist cavalry at Kandra, in Constantinople neutral zone. Kandra is approximately 65 miles from Constantinople, near the Black Sea coast of Iamid Peninsula.

CONSTANTINOPLE, Oct. 5.—According to a telegram from the Turkish sources in Mudania, the agreement regarding the neutral zones reached by the Allied and Turkish representatives provides that no fortification shall be constructed on either side of the Straits of Dardanelles and that military operations of the British in Turkey shall cease immediately.

CONSTANTINOPLE, Oct. 5.—A conference was reconvened at this morning with Thrace as subject for consideration. The attitude of the Greek delegates on this question was declared to be of considerable concern.

CONSTANTINOPLE, Oct. 5.—The conference, it is understood, probably reach an agreement on the Turkish proposals which M. Franklin Bouillon, secretary of Kemal Pasha's pledge to suspend military movements during the negotiations, with the exception of a provision relating to the occupation of the western line of the Maritza by Allied troops. Argument on this point is still pending. The Allies agreed to turn over Thrace to the Turkish army in thirty days.

Received last evening that M. Franklin Bouillon, the French envoy, and H. Bey, nationalist representative, had decided to return to Constantinople from Mudania immediately, strengthening the hope for the successful issue of the conference. Delegates agreed yesterday afternoon to establish a definite line of demarcation between the British and nationalist forces in the Channak zone. The space between the opposing forces will be placed them out of rifle shot, thus removing the danger of immediate conflict.

Turkish conditions referred to in connection with the probable agreement in the Mudania conference are as follows:

- 1. Formal guarantees concerning occupation of Thrace.
- 2. Establishment of Allied garrisons in the larger towns of Thrace.
- 3. Occupation of Thrace by the Turkish Nationalist gendarmerie.
- 4. Transfer of the civil administration of Thrace to Kemal functionaries.
- 5. Evacuation of Thrace within thirty days by the Greek army.
- 6. Occupation of the westerly line of the Maritza river by Allied troops.
- 7. Demarcation thus far has marked the conference at Mudania. Ismet Pasha, who speaks for Mustapha Kemal Pasha, leader of the Nationalists, and also for the Ankara government, has announced the government accepts the Allied proposals in principle, and he took occasion to explain at the opening of the sessions that the Turks had no intention of creating incidents with the English.

The absence of the Greek representative from Tuesday's meeting made little difference because the matters under discussion were of a general nature and had no immediate connection with the attitude which the Greeks might assume.

At yesterday's meeting Ismet asked for a settlement of the Turkish administration of Thrace and requested that Thrace should be free from all Allied control, but he felt that at least one month would be required to effect

# CARRIE NATIONS IN MOUNTAINS SMASH LIQUOR

(By The Associated Press)  
CHATTANOOGA, Oct. 4.—Eight women of the little town of Moberly in Cumberland county, assumed the role of Carrie Nation, proceeded to a wildcat still in the mountains and smashed it to smithereens, says a dispatch today. The women constituted themselves into a dry squad, taking the law into their own hands, and armed with hatchets, guns, axes and other destructive weapons went into the mountains where they learned was located a still, which has been supplying their men folks with liquor and without preliminaries, smashed every thing in sight.

# OLD RATES AND RULES TO PREVAIL

Trainmen and Conductors sign Agreement

(By The Associated Press)  
CHICAGO, Oct. 4.—A new agreement maintaining the old rates of pay, rules and working conditions, was signed today by representatives of approximately 49 railroads and subsidiaries and the Brotherhood of Railroad Trainmen and the Order of Railroad Conductors.

The agreement which will be in effect until October 21, 1923, besides maintaining old wage levels and rules including time and one-half for overtime after eight hours, was considered by the employes organizations as favorable to them. The grievance committees of the trainmen's organization on 19 roads entering Chicago had approved the agreement before W. G. Lee, president of the Trainmen and L. E. Sheppard, president of the Conductors, affixed their signatures.

The western managers headed by W. M. Jeffers, general manager of the Union Pacific railroad were said to have been mindful of the long maintained attitude of the train service brotherhoods in living up strictly to their obligations with the roads and to have made some concessions in the progress of the negotiations which began yesterday. Under the agreement all disputes as to the rules and working conditions now pending before the labor board will be withdrawn by the roads and trainmen and conductors.

Today's agreement included the principal roads entering Chicago and traversing territory west of the Mississippi river and with agreements signed with eastern lines, approximately three-fourths of the railroad mileage of the country now has signed up with the trainmen and conductors, Mr. Lee announced. Besides those roads which actually signed the agreement today, other according to both representatives of the roads and brotherhoods, are expected to accept the same agreement.

The Herald of tomorrow will contain a writeup of the Kiwanis meeting Wednesday and a full report of the speech of Kiwanian Dumas, which was the feature of the occasion. Our Kiwanian reporter has been absent from the city—that's the reason of the delay.

TAMPA, Oct. 5.—F. P. Farris charged with manslaughter in connection with the death of Lawrence Diaz and Carl Reynieron, August 13 last, when an automobile driven by Farris was wrecked, was discharged from custody yesterday at a preliminary hearing before justice of the peace.

He also suggested that there should be an Allied force covering on the Maritza river and that a neutral zone should be created west of that river.

The Allied generals explained that the proposed administrative measures must all be subject to the approval of the governments concerned. Ismet then expressed a willingness to meet the Greeks.

# SHOP STRIKE IS SETTLED ON 83 U. S. RAILROADS

STRIKE SETTLEMENTS MADE ON THE BALTIMORE PLAN

(By The Associated Press)  
CHICAGO, Oct. 5.—Eighty-three railroads of the United States, operating approximately 65,000 miles and employing between 125,000 and 130,000 members of the federated shop crafts, have settled the shop crafts' strike with their system federations, according to a special bulletin sent yesterday to all members of the organization over the signature of B. M. Jewell, president. The latest additions to the settling roads were the Ft. Smith & Western, the Georgia, Florida & Alabama and the Chicago Great Western.

Replying to numerous requests for an interpretation of the Baltimore plan, upon which the strike leaders claim the settlements have been made, the circular states three reasons which induced the executives in accepting the agreement basis. It gives, first, a synopsis of the Association of Railway Executives, one group agreeable to a settlement and the other bent on destroying these organizations, second, a synopsis of the liberal group to constitute national agreements and third, a synopsis of the settlement on other roads, third, that no justification could be found for keeping 125,000 men on strike who return to work and assist in financing those who remained out. Justification for the action of the policy committee, the circular declared, is seen in the fact that thirty-one other carriers, in addition to the original fifty-two, have agreed to the Baltimore plan.

A second special circular to the membership contained in detail an interpretation of Federal Judge Wilkeson's decision on the injunction filed against the organization by Attorney General Daugherty. It was supplied by Donald R. Richberg, attorney for the shop crafts.

"We cannot interpret the temporary injunction, drastic as its terms are," said Mr. Richberg's opinion in part, "as in any way restraining or preventing the officers and other representatives of the shop crafts organizations from doing all in their power to maintain an orderly discipline and conduct of the lawful work of the organization, to continue to call for and to expect to receive the loyal support of each and every member, and to continue to work in harmony and with a common lawful purpose to advance the common interests of the organized shop craft employes."

Mr. Jewell, accompanied by Mr. Richberg, arrived yesterday from Washington where they conferred with Attorney General Daugherty regarding the submission of Judge Wilkeson's decision to a higher court for review. Attorney General Daugherty assured them of his co-operation insofar as it is possible for him to act, they said.

# NDR. GARDNER WILL LOCATE HERE

Dr. W. D. Gardner of Kane, Ill., has decided to locate in Sanford and will open offices here in Suite 15 and 16 Welaka Building on Saturday of this week. Dr. Gardner is a graduate of the Kirksville Mo., American School of Osteopathy. He has been practicing in the west prior to coming to Sanford and comes to this city with the best of recommendations.

# JUDGE PENDLETON FULTON CO. COURT DIED ATLANTA TODAY

(By The Associated Press)  
ATLANTA, Oct. 5.—Judge John T. Pendleton for eighteen years judge of Fulton County superior court and one of the best known jurists in the state died this morning. He was 78 years old.

# Thirty Lives Lost In Big Forest Fire Sweeps Northwest

## FEDERAL PROHIBITION AGENTS WERE SHOT TO DEATH NEAR DADE CITY EARLY LAST NIGHT

Were Returning From Raid on Moonshiners When Killed From Ambush

(By The Associated Press)  
DADE CITY, Oct. 5.—D. C. Waters, federal prohibition agent of this city, and D. F. Crenshaw, constable at Trilby were shot to death from ambush near here early last night as they were returning to Dade City from a raid on moonshiners it was discovered this morning by officers who investigated. According to Deputy Sheriff Smith, the bodies of the two men were discovered this morning by two men in an automobile returning from Lakeland. Apparently both had died instantly as the car was in high gear. Officials at Dade City were notified and an investigation is being made.

JACKSONVILLE, Oct. 5.—A. B. Stroup, divisional chief of the federal prohibition forces of Florida, left here at one o'clock today to wage a relentless warfare against the activities of moonshiners in Pasco county and investigate the killing of two dry agents last night.

## AMERICAN DESTROYER FIRED UPON BY TURKS WHILE TAKING REFUGEES

Neither Navy or State Departments Have Anything on Affair

(By The Associated Press)  
WASHINGTON, Oct. 5.—The report that an American destroyer was bombarded by Turks while taking off refugees at Alyada, a town north of Smyrna, first carried in Reuters' dispatch from Athens is reported in a dispatch from Athens received today by Greek legation here. The legation dispatch gave no details. Neither the Navy nor State Departments had any confirmation of reported attack.

## Railroad Officials Are in Conference With Trainman

About Wages and Working Conditions

(By The Associated Press)  
WASHINGTON, Oct. 5.—The railroads of the Southeastern section of the United States and brotherhood organizations of conductors, trainmen today signed an agreement settling all outstanding differences between them, extending to increased wages and working regulations and other conditions.

WASHINGTON, Oct. 5.—Officials of the railroads in the Southeastern section of the United States and heads of trainmen and conductors brotherhoods began a conference here today to consider drafting of possible contracts covering wages, working conditions, etc.

## SANFORD LEADS THE WHOLE WORLD IN CELERY PRODUCTION

(By The Associated Press)  
SANFORD, Oct. 5.—Florida led the country in the production of celery for the season of 1922, according to T. L. Dumas, superintendent of the Atlantic Coast Line Railroad here, who has gathered statistics on the car load movement of the vegetable from the leading producing states. The Sanford section produced the greater part of Florida's yield.

The record by states as obtained by Mr. Dumas, follows: Florida, 5,493 cars; California, 5,000; Michigan, 4,048; New York, 4,327; New Jersey, 1,160; Ohio, 857; Colorado, 500; Pennsylvania 256.

Mr. Dumas said that reports reaching him led to the expectation that Sanford's 1923 crop would show an increase of about ten per cent over last season.

A precooling and coloring plant are being added to the equipment of the Lake Dura Packing Company, Mount Dora Citrus Exchange packing house, and extensive alterations are being made in the building to accommodate them.

## AND IN ONTARIO WHERE GREATEST DAMAGE HAS BEEN DONE

## MANY HOMELESS

And Reports Say That Upwards of Five Thousand Are Without Homes

(By The Associated Press)  
NORTH BAY, Ontario, Oct. 5.—The fear that upwards of thirty lives have been lost in the fire which is sweeping Northern Ontario was expressed in the latest reports available from the affected area today. According to one report over five thousand people have been rendered homeless. Loss of life is considerable and is mounting. Three trains with 24 cars, containing fourteen hundred refugees left Cobalt for North Bay. Property loss will run into millions of dollars. No prospect of rain and fire will have to burn itself out.

## NORTH BAY, Ont., Oct. 5.—The forest fire refugees arrived here today from Hailybury and reported that between fifty and one hundred persons had been drowned when they were crowded from the dock where they were trying to board the rescue ship. Another report brought by refugees was that scores had been injured, several trampled to death when the flames swept the Catholic church and caused a panic among hundreds who had gathered there for safety.

NORTH BAY, Ont., Oct. 5.—The forest fire refugees arrived here today from Hailybury and reported that between fifty and one hundred persons had been drowned when they were crowded from the dock where they were trying to board the rescue ship. Another report brought by refugees was that scores had been injured, several trampled to death when the flames swept the Catholic church and caused a panic among hundreds who had gathered there for safety.

## FAST STRETCHES OF LAND FLOODED BY HEAVY RAINS

Hundreds of Thousands of Acres Inundated in Everglades Section

(By The Associated Press)  
TAMPA, Fla., Oct. 5.—Excessive rains in South Florida have caused an over flow of water etch of the Everglades in Lee county and information reaching here today was that the Seminole Indian reservation of a hundred acres in southeast Lee county was entirely inundated by water. The rainfall for the nine months ending September 30 at Fort Myers is reported to be more than 10 inches in excess of annual average for the entire year.

MIAMI, Fla., Oct. 5.—F. C. Elliott, chief drainage engineer of the state internal improvement board, arrived here last night and today is making an inspection of flood conditions in the Everglades around the Pennsylvania Sugar Company's plantation northwest of this city.

Reports from the Glades are to the effect that the water is rising at the rate of about one inch every 24 hours.

Reports from Moore Haven, at the western edge of Lake Okeechobee, say that the Kissimmee river is a mile wider than ever before and that the towns of La Belle, Goodno, Bare Beach, Okelante and Clewiston are all under water. Just southeast of Moore Haven, the report says, is a body of water forty miles long and half a mile wide.

## ARMY AVIATORS READY TO FLY FROM COAST TO COAST

(By The Associated Press)  
SAN DIEGO, Calif., Oct. 5.—Lieutenants John A. McCready and Oakley Kelly, army aviators took off at five thirty-six this morning in a Grant monoplane T-2 in their attempt to fly from Rockwell Field, San Diego to New York without a stop.

SAN DIEGO, Oct. 5.—Because of heavy fogs in the mountain districts the flight was abandoned.

Prospects are good, as business statistics show, providing a few workers can withstand the temptation to strike.

The Daily Herald Delivered to your friends.

LOCALS

World's Series starts today.

Nothing else matters much to the baseball fans.

Keep your eye on the Daily Herald this winter. It will be a seven column eight to twelve page paper filled with the right stuff every day.

The funeral of the late Charles Cambell will occur at the Montezuma Hotel today at two o'clock and the interment will be made at DeLand cemetery. The Elks lodge will be in charge of the service.

Go to the third floor of the City Hall today and get the returns on the World's Series and go every day this week. And then after you have seen the game played read it again in the Daily Herald every night. Sanford is fortunate indeed to have such a fine service on the series. It is just as good as any of the big cities.

Word comes to James Stewart today of the death of G. W. Herndon who was formerly a winter visitor to Sanford and who resided on Elm avenue and was well known to a number of Sanford people. Mr. Herndon died at Daytona Beach Monday afternoon.

Remember that the Chamber of Commerce holds their regular monthly meeting at eight o'clock on Friday night of this week at the Hotel Valdez. Dinner that Catania says will be the regular two dollar dinner will be given to the members and the visitors for one dollar and twenty five cents. This will include the musical entertainment and the dinner. Let every member in Seminole county be there.

NOTICE TO FARMERS

A man in possession will endeavor to sell all the farmers of Seminole county. It will be impossible to see them all at one place will do so as soon as possible. I am now equipped to take fertilizer samples and analyze washing their fertilizer sampled, call phone 143. Benjamin Whitton, County Agent.

A news item says two men were injured when a train struck their automobile, stalled on the tracks. It seems plausible.

Second sheets, 8 1/2 x 11, only 50c per 1,000, while they last, at Herald office.

LOST—Between Surprise Shoe Store and Welaka block, picture 6x4 in studio frame. Return to Claudia Foster at the Surprise Shoe Store. Reward. 163-1tp

POST CARD DAY OBSERVED IN SANFORD

Nearly Ten Thousand Cards Sent Out Of City

Postal card day in Sanford, which was held under the auspices of the Chamber of Commerce proved a great success.

To stimulate interest a contest was put on between the other civic organizations which resulted in Kiwanis Club receiving high honors. The total number of cards sent out from Sanford was 4,600, of which the Kiwanis Club mailed 1,343. The Rotary Club was second with a total of 725, and the Woman's Club third with 500. Individuals and firms sent out a total of 1,500 cards and the remaining 600 were mailed by the Chamber of Commerce. The Peoples Bank are credited with 500 postal cards, the largest amount sent out by an individual business concern.

These cards were distributed to the lunch clubs and were then returned to the Chamber of Commerce for the official count. There was a great deal of interest manifested in the different clubs to see which could send out the most cards and a member of individuals addressing cards made a personal notation on them calling attention to Sanford's great possibilities in various lines of endeavor. Individuals not members of these clubs also evidenced a great deal of interest and the success of the campaign in Sanford was due to the close co-operation of individuals, business concerns and clubs with the Chamber of Commerce.

Mailing list were secured from the Chamber of Commerce and banks, while a number of individuals sent these cards to their acquaintances outside the state. Sanford, as a result of the post card campaign will be subjected in every state in the union and it is confidently expected that a great many inquiries will be received from those whose interest in Florida and Sanford will be aroused through the medium of post-cards received.

SANFORD ROTARIANS HEARD LOUISVILLE ROTARIANS ON RADIO

Dr. Ralph Stevens has a radio set at his home that is probably one of the best in this city and every night he enjoys fine concerts and all the news of the world and he also wants his friends to enjoy them and they have a standing invitation to drop in any time and hear them. Last night Dr. Stevens and his father H. R. Stevens and family and Mrs. Geo. W. Knight heard a fine Rotary concert given by the Louisville Journal at Louisville and called up Mr. and Mrs. R. J. Holly to come over and hear the Rotary songs. Dr. Stevens was a member of the Louisville Rotary and wanted them to repeat one of them especially for the editor but up to the time of the close of the concert they did not get the message but many other Rotary songs were given and the concert was great. They also heard reports from Atlanta, Cincinnati and several other cities. This is a most wonderful invention when you stop to consider over it allowing one to sit at home thousands of miles away from the actual occurrence of a concert and get it just like the original when it comes over the waves of the air and not over wires. Just by a simple twist of a knob Dr. Stevens can get any city he wants in America and can listen in on the music, the market reports, the ball games and all the daily occurrences of America.

Post Cards at the Herald Office.

SUFFERED FOR FIVE YEARS WITH RHEUMATISM

T. L. BELL OF WEST END.

"I suffered for five years with rheumatism and had Eczema for two years," says Mr. Bell. "I had such severe pains in my limbs and body and such terrible itching on my feet and legs from Eczema that I was in a horrible condition; my kidneys also became affected and I was in a general run down condition."

"I was attracted to Ferraline by seeing it advertised in Alabama papers, and after using less than one bottle I was noticeably relieved and now since taking Ferraline the pains have left me, general system has been built up and I am greatly improved and the Eczema is much better. I am glad to recommend Ferraline because it has restored me to health and I consider it the best remedy that can be found. I would not be without it for much more than it cost. Two bottles have made me a well man."—Adv.

"If your local dealer does not handle FERRALINE, send \$1.00 direct to the FERRALINE DISTRIBUTING CO., Tampa, Fla."

SOCIAL CALENDAR

Saturday—Sanford Council of Music will meet at the Woman's Club at 3:30 p. m.

Miss Annie Hawkins has returned from Commerce, Ga., where she spent the summer.

R. J. Starling is in Lakeland today attending to business in connection with his fertilizer business.

Mrs. Julian Carpenter of Jacksonville, is the guest of her sister, Mrs. Forest Lake at her home on Park avenue.

Mr. and Mrs. A. W. Smith and daughter Juanita spent the week very pleasantly in Tampa as the guests of relatives.

Mrs. E. D. Hulloch and granddaughter, Miss Alice Runyan, returned yesterday from Steubenville, Ohio, where they have spent the summer.

CARD PARTY

A delightful informal party of yesterday was given by Mrs. John Mallon last evening at her home on 6th street, when she entertained a number of friends at 50.

Hours passed quickly in the interesting games and when scores were counted the prize for the ladies, a F. B. March case, was awarded Mrs. E. D. Hulloch, while the men's prize, a deck of cards, was won by Carl Schaal.

At the conclusion of the card game, a luscious served ice cream, cake, fruit and fruit punch.

Mallon's guests included Fath Hulloch, Mrs. Takach, Mrs. Frank Takach, Mr. and Mrs. Frank Takach, Mrs. Mary Schaal, Carl Schaal, Miss Clark and Mrs. Kath Schaal.

COUNCIL OF MUSIC

The American Association of Lovers of Music, under the department of music, announces the organization of a council. This association is for the encouragement of the study of music and to create a demand for home music and bands for amateur orchestras, community orchestras, etc.

The influence of jazz is strongly to be reckoned with. Music that is corrupting the moral and social life of America. The national chairman of the American Association of Lovers of Music is Mrs. Allen Campbell, of New York.

Each state is a state chairman. Mrs. Evelyn Blackman is chairman of the state of Florida. There is also a chairman of town or not less than five members.

Do You Know That Without Vitamins and Iron You Would Be Dead? Ironized Yeast Builds Amazing Power!

The man with a punch is the man with many vitamins and much iron. The man of drooping energy and flabby nerves is the man with few vitamins and mighty little iron.

See That Nerve-Powered Flap! Get Nerve-Power from Ironized Yeast! But is yeast ironized, which is a substance all by itself. This gives back, restores to the body, materials you have lost, and which you need to have when you were romping around in your teens.

board. This association of American music lovers enrolls not only musicians but all who realize the national importance of music as an element of culture. And a desire to encourage the upbuilding of American art, hence its purpose, "Unity through music" and its slogan "Making America Musical."

The Sanford Council is at present comprised of the following: Mrs. Stella Arrington, Mrs. W. N. Blackman, Miss Mabel Bowler, Mrs. S. O. Chase, Mrs. Henry Colclough, Mrs. Frederick S. Daiger, Jr., Mrs. R. R. Deas, Miss Martha Fox, Miss Ida Gray, Mrs. Craig Harris, Mrs. George Herring, Mrs. Henry, Mrs. John Leonard, Mrs. Richard Maxwell, Miss Ellen Mahoney, Miss Anna Mason, Mrs. Schelle Maines, Mrs. A. M. Phillips, Mrs. R. L. Peck, Mrs. B. J. Starling, Mrs. Clifford Shinholser, Miss Mildred Simmons, Mrs. Julius Takach, Mrs. R. A. Terheun, Mrs. Ernest Tolar, Mrs. D. L. Thrasher, Mrs. Deane Turner, Mrs. Henry Wight. Other names shall, of course, from time to time be added.

We earnestly desire the co-operation of every citizen to our purpose and aim, viz.: to give our boys and girls, to every one, greater cultural opportunity through the medium of music.—Fannie S. Munson, chairman, Sanford Club.

"NOTHING TO DO BUT HOUSEWORK"

In the Dining Room—How to Save 570 Steps a Day

The Tired Housewife who wanted to prove to her husband that "Nothing to do but housework" is a rather trying job has revolutionized the planning of a dining room so as to save herself 570 steps a day. This model dining-room will be shown in the Better Homes Campaign demonstration week, October 9 to 14, in the model home on exhibition on Park Ave.

The Tired Housewife's dining room contained a dark closet for china at the end of the roof farthest from the kitchen. There was no butter's pantry and no wheel tray and the distance between the kitchen and the dining room was thirty five feet. To serve a meal for six persons she found that she was compelled to take 550 steps to set the table.

The husband who had always said she was a woman of leisure, when confronted with the fact of this physical exertion to say nothing of the work of thinking up and cooking the meal and washing dishes afterward readily consented to rearranging the dining room and put in a few additional articles of furniture.

In model houses the china and glassware in the dining room are likely to be found near the kitchen door. On the other side of the kitchen door stands a sideboard. The use of a wheel tray to carry dishes to and from the kitchen reduces steps from about 550 to 150. The tray can also be used as a serving table while the meal is going on.

The china cabinet is arranged so that articles used most frequently are kept nearest at hand. Linen is placed in the side-board.

This makes a daily saving of 570 steps, or about one-fifth of a mile. In a year this amounts to 208,050 steps or seventy-eight miles.

Watch the Herald pages Friday for our advertisement. It will interest you. Kanner's Department Store 163-16

DOLLAR SALES TOMORROW AT MILLERS STORE WONDERFUL SELECTION

Have you noticed the advertisement of T. J. Miller & Son in the Herald calling attention of the dollar sale that will take place tomorrow (Friday), and last for one day only. Millers store will try out this plan of giving the people wonderful bargains every week in this dollar sale plan. For instance in their window for tomorrow is enamel ware, aluminum ware, rugs baskets, pots and pans, water pitchers, etc., much of this stuff running as high as two dollars in regular price and it all goes tomorrow as high as two dollar tomorrow at one dollar cash. Some rare bargains are offered and you should see the window at Millers today and tomorrow and remember that this sale only lasts one day. It is for advertising purposes and to try out the dollar sales day at Millers Store. The public will be the one to profit by the sale as all the articles are away above that price in value. This is your chance to get many useful articles at a very reasonable price and show that Sanford has the goods. Miller's at the corner of Magnolia and Second streets. See the window.

NEW MIEHLE VERTICAL PRESS A REVOLUTION IN PRINTING PRESSES

Haynes & Ratliff have just installed one of the new vertical Miehle job presses that is the very latest wrinkle

in printing presses setting aside all tradition in job presses giving the form the vertical motion in which the rollers roll over the form as it is lifted straight up and down. It is new in the printing world but being a Miehle product is of course guaranteed to be just what the builders claim for it and the one installed at Haynes & Ratliff is probably one of the first in this part of the state. A form from a postal card to one 12x19 can be printed on this press at a speed varying from 500 per hour to 3,600 per hour and after it is set it requires no further fixing or attention and is a marvel in mechanical construction. The erector did not reach the city yesterday and Zeb Ratliff set the press himself and had it running last night on rush work and it was working smoothly and perfect. It is a marvel in the printing business and is another step forward in giving the public fast work and good work without any feeders or assistants and is a labor saver in many ways. Three addition of this press gives Haynes & Ratliff one of the most complete job printing offices in the state for stationery and printing of all kinds and especially for label work and other specialties that has been sent out of the city in many instances.

WILL SELL CUSTOMER ANYTHING ANYTIME THAT HE DESIRES

PLANT CITY, Oct. 4.—Jay S. Brown, salesman for a local automobile necessary and supply concern is about to prove that he will sell a customer anything he desires. If he hasn't it in stock he will order it.

L. F. Mardis, an orange grower residing near Dade City, has given Brown an order for a baby boy between six months and a year old and Brown declares the order will be filled if he has to call upon the Florida Children's Home at Jacksonville for assistance.

"Give me some gasoline," Mardis requested as he stopped at the necessary place a few days ago.

"Yes sir," Brown replied. A negro handy man put on the tire.

Mardis ordered several other articles and after receiving them said "You seem to have a pretty complete stock for such a small space."

"I can sell you anything you want," Brown replied.

"All right, let me have a baby boy between six months and a year old."

"Haven't one in stock," Brown replied, but I can take your order for one."

The order was duly entered and if Brown cannot find a baby in Plant City he will request one of the Jacksonville institution.

Mr. Mardis is married but has no children and he wishes the child to be with his wife when he is away from home attending to his citrus interests. A baby he wants, he said, so he can rear it as a member of the family.

ACTION OF JUDGE IN FRADY CASE NOT FIRST CASE

LAKELAND, Oct. 4.—The action of Circuit Judge Davis, at West Palm Beach in granting bail to Edgar C. Frady, Chicago automobile dealer, under indictment for murder in the first degree in connection with the shooting to death of his wife in a fashionable hotel at Miami Beach last winter, has been erroneously reported as the first time such a decision had been reached in Florida.

The old saying that "there is nothing new under the sun," holds good in this instance.

Fred Catlett, of Polk county, in jail at Bartow two years ago charged with the murder of a negro, when he applied for his liberty on bail on the ground that his health was such he would die before the time for his trial if he remained in prison. Counsel for Frady won bail for their client on a similar plea.

Judge John S. Edwards, at Bartow, granted Catlett his liberty and he was released from jail under \$25,000 bail. Catlett died before his case went to trial.

NEW INNOVATIONS DRAINING ELECTRICAL INDUSTRY

CHICAGO, Oct. 4.—Innovations which pique the fancy of young men, particularly gas engines, aviation and radio, are draining the supply of men who formerly entered the electric railway work, declared William Von Phul of New York, former president of the Market street lines, San Francisco, in a report made before the convention of the American Electric Railway Association here today.

The committee recommended that special arrangements be made with high schools, universities and other educational institutions to give part time employment to men while they still are in school. It also recommended special classes for foreign born and other employees who are not attending schools of any kind.

The Giants did very well yesterday.

We are speaking of baseball, you know, and not the vegetables.

What did you think of the way Charlie Britt handled the sporting page yesterday? Some fellow, me lad.

The Daily Herald will have an announcement soon that will demonstrate the kind of paper Sanford will have in the near future. We intend to turn them over this winter.

There is not a daily paper in the county published in a city the size of Sanford that handled the ball games any better than the Herald handled them and will handle them in the future. Watch the Herald day by day. You will keep up with the world in all its phases.

The Herald is proud of the city schools and the teachers and all the men and women who are making it possible to have such fine schools here. That new addition to the High School and that splendid building being erected for the primary departments shows what kind of citizens we have here in Sanford. But folks, we hate to tell you this you will certainly have to hurry up and build that extension to Palmetto avenue or the children will have to use boats to get to the school buses.

Conversations at the Atlantic Coast Line Railway. They are pulling the boats out of the water on Oak avenue on the lake shore pulling them or blowing them up with dynamite and blowing them out like a hot beautiful. See that they are all blown out if you are blowing them, boys. An old stage of a pling will cause much damage to boats if they are left in the water and hidden from sight.

The two newspapers of this county have consolidated. The articles about the consolidations says that the business men of Chipley desired it. In other words the business men of Florida towns and cities are beginning to learn that one good paper is better than two papers that are struggling for an existence and maintaining the business men of the state. Business men who keep in mind the fact that there have been a number of newspaper consolidations in the state this summer whereby several newspapers have combined to give the communities a good, first class newspaper and one that will receive the undivided support of the business interests.

An editorial in today's Herald from the Largo Sentinel and Jasper News says that the school book trust is busy now and the school books are being foisted upon the public at prices that are absolutely prohibitive and the prices are beyond all reason—in fact there is no good reason for them being this price, and no good reason for having them changed from year to year. We would like to have some of the school authorities explain the situation for the Herald does not think the books should be changed at every whim of a state superintendent or any other school official. The freshmen books last year in the high schools are obsolete this year and the pupils that bought them last year lose all the money paid for them and the books are wasted and there are other examples of this wasting of money in books. We are sending our children to public schools and we are not only paying taxes to keep these schools going but we are buying new books and other supplies each year and it is more or less of a strain upon the parents—and a big strain upon big families. If we are to have public schools let us have public schools in every

sense of the word and make the expense of attending the public schools as small as possible. This is something in which we are all interested and we would like to learn something about it right now.

OUR ROAD BUILDING

Our county road building and our city road building should entail a lot of serious thinking and study over the mistakes of the past and with the idea of avoiding them in the future. Road building is not a theory now but a fact and we have enough facts from actual experience in this and other counties to save the taxpayer a lot of money. It is not only the money that is wasted in poor roads but the time it takes to fool away the people's money on poor roads while they could just as well be making good roads. We know from actual experience that if the bond money is enough to build brick roads that brick roads should be built. Brick of the right sort, laid on the right kind of foundation on a well drained road and with cement or asphalt grouting makes the best road that can be built in this part of the state. There are other parts of Florida that can make cheaper roads with other materials because they have road materials close at hand. Here we have to ship most of the materials from other localities even to the rock fillers and the right kind of clay. We note on several places in the county that the cement grouted brick roads are going to pieces. It is in the low spots usually where the engineers did not get the proper drainage when they were building the roads. Heavy rains have washed out the foundation and the roads have sunk which is the most natural thing in the world and yet the engineers evidently did not see this when they laid out the roads. We believe that the first thing and the most essential thing in road building is to get the proper drainage before the road is started. Drainage, the right sort of foundation, a good curbing if the road is to be of brick or if it is asphalt. No road material will stay where it is put unless it has a good curbing. We have had our lessons in the past in this respect but whether we have profited by these lessons remains to be seen. Good common sense in road building is necessary just as it is in other lines of endeavor. Seminole county is not alone in this experimenting in roads for all counties are very much alike.

ARE SCHOOL BOOKS TO HIGH IN PRICE

Attention is called to a charge he made by some residents of the state of Florida that the price of school books is higher than is just. Whether this is true or not, the people are entitled to know something about the matter so that it can be looked into. If the people are being charged more in Florida for school books than they are charged for the same books in other states then something is radically wrong and the people should demand an investigation. If it is not true that higher prices are charged here than elsewhere, then this fact should be established and an ugly insinuation laid to rest.

It is charged that North Carolina pays 16 cents for a Civil Government, while Florida pays \$1.40 for the same book, that a geography which Ohio pays 34 cents for, Florida has been paying 88 cents for until the text book commission recently raised the price to \$1. Many people are asking why there is this difference in price, and whose pocket the difference goes into. The Jasper News makes the bold statement, "The text book commission allows the people to be robbed with the grafting of prices now being paid for school books." It further adds, "How much of this graft is going into the pockets of our state officials?"

While the Sentinel is not in a position at this time to give definite facts and figures, it is giving the charges as made and it believes that the matter should be taken up by the people and if any unfairness is being practiced or the state of Florida being charged more for text books than other states are charged, those responsible should be compelled to correct this condition. Our people are as much entitled to education as the people of any other section of the country and they should not be required to pay more to get it. Furthermore, those from other sections of the country who might to come here will be very quick to note any overcharge in the matter of school books and it can reflect only to the discredit of the state.

The text book commission is coming in for a good deal of criticism owing to the charges of high prices on school books, and either the truth or falsity of the charge should be established without delay. What are the people of Largo and of Pinellas county going to do about it? What action will be the press of the state take? These are questions worthy of consideration.—Largo Sentinel.

FROM OTHER SANCTUMS

THE PRESIDENT'S CHANGE OF HEART

Ex-service men of the country are wondering what caused President Harding to so decisively change his mind on the adjusted compensation bill; and while this paper takes no issue with either Mr. Harding or the proponents of the soldiers' bonus, at the same time it is deemed rather queer when we come to digest the matter just why did the president have a change of heart regarding the bill.

If we remember rightly, and we believe we do, Mr. Harding certainly aligned himself with the soldiers' bill when in a speech at Cincinnati, just three days previous to his election in November, 1920, he said, "I want to say to the service men here that I want an America that will never forget its gratitude for the service rendered the country. . . . a republican house passed the bonus bill and it is now up to the senate. I myself think it ought to pass."

Fine, great stuff, good food for thought and a great campaign speech one calculated to bring the soldiers to the ballot boxes with nothing marked but a straight republican ticket. It is highly evident that is just what happened. The soldiers should have voted for Harding, and that is just what they did.

Now it was up to the president to support his famous Cincinnati speech, and he did—not.

A republican house and a republican senate passed the adjusted compensation bill by considerable majorities and the president promptly vetoed the bill, thereby killing what chance the soldiers have of being reimbursed during this year.

Here is where the president had a change of heart, and this is what he said in making the change:

"To a war necessity there was but one answer. But a peace bestowal on the former service men, as though the supreme offering could be paid for with cash, is a perversion of public funds, a reversal of the policy which exalted patriotic service in the past and that suggests that future reference is to be inspired by compensation rather than consciousness of duty to flag country."

This, in his message to congress vetoing the bonus bill, shows that he had had a change of heart.—Tampa Times

LETTER HINTS OF ELOPEMENT PLANS OF DE COUPLE

(By The Associated Press.) NEW BRUNSWICK, N. J. Oct. 5.

A letter said to hint strongly that elopement plans had been made between Mrs. Eleanor Reinhardt Mills, and the Rev. Edward Wheeler Hall, written the day both were murdered in the hands of Middlesex county detectives it was learned today. One of the sentences in the letter which has attracted considerable attention read: "Oh, for the time when I can do your mending."

It was stated that during an automobile picnic, the day before the shooting, Hall tore his trousers. The tear was mended by Mrs. Hall in the presence of Mrs. Mills. Another elopement in the mystery came when the body of Highland Park, reported that on the night of the murder, while driving near the Phillips farm, where the bodies were found, he saw another machine travelling towards him very slowly. It contained a woman and two men. He could not identify the occupants but noted that the woman wore a light colored coat.

It was pointed out in the prosecutor's office that Mrs. Hall had said she wore a light coat at 2 o'clock in the morning, when she left her home with her brother, Willie Stevens, in search of her missing husband.

Officials today say they were still working on a jealousy theory and were trying to throw light on a reported love affair Mrs. Mill had before she was married sixteen years ago.

## GAME IS CALLED IN TENTH ON ACCOUNT OF DARKNESS

(By The Associated Press)  
NEW YORK, Oct. 5.—There was a prospect at seven o'clock this morning that the second game of the World Series would be played under favorable weather conditions. Day dawned clear and slightly cooler.

(By Leased Wire Service)  
The second game of the World Series at the Polo Grounds in New York, the Yanks vs. the Giants, is set for this afternoon, via the special leased wire service direct from the Polo Grounds. The Giants start the second game with a one game lead. In the first game the Yankees are the victors and come to the bat last. The estimated attendance as the game started was 30,000, with the temperature clear and hot, the thermometer registering 76. The umpires are as follows: Hildebrand, American, at first base; McCormick, National, at first base; Owens, American, at second; Klem, National, at third base.

**FIRST INNING**  
Giants up. The hard hitting Giants came to the bat in the first half of the first inning with one run. The game on ice in the first inning and when the smoke cleared they looked as if they had. Hanft first up, went out, second to first, while Ruth, after hitting a home run, went back to work by pounding the ball into center. Frisch advanced to second with a Texas League style. Then E. Meusel grounded to break things up and a ball man into the left field where Groh and Frisch were waiting. Young flew out to center and Klem stepped out to the catcher.

Three runs, one error.  
Yanks up. The Yanks came back in the second half of the first inning with one run. After an attempted bunt grounds to short, Dugan grounded to right, but threw wild over it and goes to second. Ruth grounded to Kelly who touched at unassisted. Dugan advanced to third on the play. Pipp hit a fast ball toward Kelly, just a little too far, and it bounced off his right field, scoring Dugan. The error gave Pipp a run. E. Meusel stepped out to right and threw to Klem.

**SECOND INNING**  
Giants up. Although the Giants had done nothing in this frame, they were determined to get a man on base. They had a slow one to short, but at the same time Sprague, "the boy horse" that reared in the game after Snyder's error, stepped out to second. Cunningham took his place and advanced to first while J. Barnes grounded to forcing Snyder at second and allowing Barnes at first. Scott grounded to Cunningham die on first. Never by flying out to right.  
No runs, no hits, no errors.  
Yanks up. Cunningham takes Stengel's place in center field. Schang stepped out, second to first, and followed him, out third to first. Scott stepped out second to first. In the third frame Frisch made a brilliant play making a diving stop of a hard hit ball.  
No runs, no hits, no errors.

**THIRD INNING**  
Giants up. Evidently the Giants had hit enough for a few innings as this was the first inning they faced Shawkey without a hit. It wasn't so necessary in this inning as Shawkey issued free passes to two Giants. Groh walked, Frisch stepped out to right, E. Meusel flew out to right, Young walked and then Klem more struck out.  
No runs, no hits, no errors.  
Yanks up. The best the Yanks could do in their part of the third inning was to get two men on bases, but they didn't have what it took to get them scored. Shawkey after hitting four balls grounded out, third to first; Groh walked, second to third. Dugan came by putting along the left field line. Ruth drew a free pass, and Groh grounded out, pitcher to first.  
No runs, one hit, no errors.

**FOURTH INNING**  
Giants up. Shawkey tightened up and retired the Giants in the fourth frame, three up and three down. Cunningham fanned out, Snyder fouled out to third and J. Barnes fanned.  
No runs, no hits, no errors.  
Yanks up. The Yanks got their second run in this inning on Ward's home run. After R. Meusel had fouled out to catcher, and Schang struck out, Ward drove one into the left field bleachers for the second home run of the game. Scott knocked a pop fly to short center and after Frisch had caught the ball he collided with Cunningham, Frisch being knocked down but he held on to the ball.  
One run, one hit, no errors.

**FIFTH INNING**  
Giants up. Bancroft went out to first. Pipp made a great catch of a hard hit ball. The wonderful record started by Groh, who had batted 1,000 yesterday up until this inning today was broken in this inning when he went out short to first. He was kept from a hit however, by a great stop by Scott behind second. Frisch hit a low fly along first base line which dropped safe. E. Meusel, after hitting one about a foot foul in the right field stand, went out short to first. Frisch, in the meantime went to third. In stealing second the ball was thrown wild and he took third, to die there.  
No runs, no hits, no errors.  
Yanks up. Shawkey flew out to center. Witt out, pitcher to first; Dugan, with two balls and three strikes on him, singled to left and Ruth grounded out, second to first.  
No runs, one hit, no errors.

**SIXTH INNING**  
Giants up. Young grounded to short and beat it out, to be forced at second when Kelly grounded to the pitcher. Cunningham and Snyder left Kelly die on first by flying out to right.  
No runs, one hit, no errors.  
Yanks up. Barnes showed signs of weakness for just about three seconds in this frame. After three balls and two strikes were called on Pipp he fouled out to the catcher. R. Meusel drew a free ticket to first on four wide ones. Schang grounded out, second to first advancing Meusel to second. Ward left Meusel stranded on second by whiffing the breeze three times.  
No runs, no hits, no errors.

**SEVENTH INNING**  
Giants up. Three up and three down. Barnes grounded out, second to first, Bancroft grounded out to first and Ward made a great running catch of Groh's hit to second and robbed him of another hit, retiring the side.  
No runs, no hits, no errors.  
Yanks up. Barnes retired the Yanks in order. Scott grounded out to Kelly, unassisted, Shawkey took the short cut to the dug out via the strike out route and Witt did likewise.  
No runs, no hits, no errors.

**EIGHTH INNING**  
Giants up. Frisch, worried Shawkey by fouling five times, but Dugan came to the rescue and grabbed on to the sixth foul and sent Frisch to the bench, and E. Meusel kept the fouling up by fouling out to first. Young, after fouling two more, fled out to left.  
No runs, no hits, no errors.  
Yanks up. The Yanks tied the score in this inning, getting their third run of the game. Dugan out, pitcher to first and then Babe Ruth came to life with a two base hit along the left field line. He goes to third on the sacrifice fly of Pipp's to deep right center. R. Meusel produced, with another two base hit to left, scoring Ruth. Schang grounded out to first, Kelly retiring him unassisted.  
One run, two hits, no errors.

**NINTH INNING**  
Giants up. Kelly, first up, popped out to third. F. Smith was sent in to pinch hit for Cunningham after he had hit, what was supposed to be a fair ball, the Yanks appealed to Umpire Hildebrand at first base and he called it a foul and Smith was sent

back to bat and he then struck out. Snyder out, second to first.  
No runs, no hits, no errors.  
Yanks up. Things looked bad for the Giants in this inning, when Scott singled to center after Ward had fanned. Shawkey attempted a sacrifice and forced Scott at second. Witt singled to short left, Shawkey stopping at second. Dugan retired the side by fanning out.  
No runs, no hits, no errors.

**TENTH INNING**  
Giants up. One hit for the Giants in this inning. Barnes, out, pitcher to first, Bancroft singled to left, but was out trying to stretch it into a double. Groh out, second to first.  
No runs, one hit, no errors.  
Yanks up. Ruth first up, fouls out to catcher who caught ball close to press box. Pipp grounded out to first, Kelly making the play unassisted, R. Meusel popped out to catcher, and then the game was called on account of darkness.  
No runs, no hits, no errors.

### Bankers Extend Protection For Small Concerns

NEW YORK, Oct. 5.—The American bankers' association, in convention here went on record yesterday, by a vote of approximately 3 to 1 as being opposed to branch banking or the establishment of branch offices by both state and national banks in any form.  
After the passage of a resolution expressing this opposition, steps were taken by bankers from Missouri, Illinois, Wisconsin, New Jersey and Connecticut to form an association of national and state banks and trust companies opposed to branch banking to undertake a campaign for the passage of a federal statute prohibiting national banks from having branches or more than one office in any state.

### FRANK ROLLESTON OF ST. AUGUSTINE DIED IN HOSPITAL

(By The Associated Press)  
ST. AUGUSTINE, Oct. 5.—Frank A. Rolleston secretary of the St. Augustine board of trade and newspaperman of this city, for more than a score of years died at Flagler Hospital this morning following a long illness. He was one of the best known men in Florida and leader for St. Augustine.

The Daily Herald Delivered to your door six days a week for 15 cents—

### CELERY SEED

Baltimore won the first game of the little world's series, 9 to 4. Baltimore of the International League, and St. Paul of the American Association are staging this series.

The Orlando Legionaires will play football with the Rollins team. This game is scheduled for this coming Saturday and should be a hard fought contest.

And Joe Bush was driven to the "bushes" in the opening game, but he will have plenty of opportunity to stage a come back before this series is over. "Bullet Joe" never stays down for long.

White Sox took the first game of the Chicago series from the Cubs, six to two.

Fair weather is promised for today and tomorrow's games in New York.

The paid attendance—36,514—was greater than that at any one of the eight games last year. Only 30,000 fans witnessed the opener last year and the high water mark was reached in the third game. The gate receipts for the opener this year amounted to \$119,036 of which the players will share in \$69,808.36 and each club divide the balance, after deducting the little better than 18,000 that goes to the base ball commissioner's office.

Just found out that a new golfer has joined the six o'clock in the morning squad. Will not mention names, however, until we see whether or not he keeps it up.

Saw a couple of farmers out on the links getting exercise. Farm life must be getting easier.

GREENVILLE, S. C., Oct. 5.—A squad of twenty two Furman University football players in charge of Coach Bill Laval left here today for Gainesville, Florida, where they will play the Florida university Saturday.

When it comes to SERVICE, we've got 'em all backed off the board. QUICK SERVICE TRANSFER. Thr. Fri. Sat. Sun.

### SANFORD HIGH REPRESENTED WELL THIS YEAR

WILL HAVE FOOT BALL TEAM THAT WILL GIVE OTHER SCHOOLS MERRY CHASE

For the first time in the history of High School Athletics in Sanford, the boys are going to be given the proper support they are entitled to. In all the years gone by the boys themselves did all that was in their power to have a base ball, foot ball and basket ball team, but until this year they have not had a paid coach.

S. A. B. Wilkenson, one of Sanford's attorneys, and an old all round athlete, has been given the task of seeing that our boys are well trained and rounded into such shape that the Sanford public can go to the football games without the feeling that they are sure to see Sanford lose.

The Sanford Chamber of Commerce, alive to the fact that the future Sanford depends upon the boys of today, through its educational committee has put into effect a plan that will raise the necessary funds to pay the coach and buy all the athletic equipment that is needed for this season and the money needed for the seasons to come will in all probability be raised in the same way.

The Educational Committee has also enlisted the services of the Rotary and Kiwanis Clubs and when these Clubs get behind a movement the thing is bound to go through. All these different civic organizations are alive to the fact that in order for Sanford High to be recognized as a contender of the different athletic championships of the state they must be trained up for the work, and that this training should start in the seventh or eighth grade in order that they will be fit when they reach the High School. And then their real training in the high school will give them opportunities when they reach college

that most of the Sanford boys have not had in the past.

Coach Wilkenson has been putting the boys through a fast pace during the past several weeks and with the exceptionally good material that he has this season, along with the financial help of the public, will be able to put a foot ball squad in the field that will do Sanford credit.

There are at least twenty-five of Sanford's best boy athletes working out, trying to make the team, and although a complete list of all their names has not been secured by the Herald, those that we list here are all good, husky lads that will be able to give a good account of themselves.

Ed. Moye, Bill Moye, Sam Fleischer, Leonard McLucas, Alton Gunter and Rivers are trying out for the back field, with Meisch and Pope working for center. McLaulin, Flowers, Aycocke, Alexander, DuBose, Peck, Sweeney, Stone and King are the strong contenders for the different line positions. There are others, and with interest they are displaying now, Sanford is assured of some good ball games this season.

Arrangements are now being made for the opening game and the Herald will carry their announcement in a few days. Watch for it.

### GOOD SCORES AT TRAP SHOOT

JOHN PURDON AND RALPH WIGHT DIVIDE HIGH HONORS

Yesterday afternoon the Sanford Rod and Gun Club held their regular weekly shoot and although the attendance fell off, due to the World Series games and other events, those that were present went after the birds with a vengeance.

Ralph Wight and John Purdon divided high honors, each of them breaking forty four out of their program of fifty.

These shoots are held on the Elks Club grounds every Wednesday, and although you are not a member of the Gun Club you are welcomed by the

Club as their shoot is open to all. They start at 4 o'clock.

There were several visitors at the shoot yesterday, amongst whom were Mr. Dolive and Dr. Shine, both of Orlando.

The score of yesterday and the season's average of each member is as follows:

	Yest.	Season
Wight	44-50	.895
Coleman		.891
Hill		.849
Hutchison		.830
Puleston	18-25	.827
Whitner	33-50	.812
Hand		.811
Stovens		.792
Purdon	44-50	.777
Smith	39-50	.777
Newman		.774
Allen		.752
Tolar	31-50	.663
Mobley		.621
Ball		.488

### Business and Occupation Licenses Now Due

Please take notice that State and County Licenses are now due and payable for the ensuing year.

Section 803 of the License Laws of the State of Florida requires that each person, firm or corporation MUST HAVE A LICENSE BEFORE ENGAGING IN ANY BUSINESS, PROFESSION OR OCCUPATION named in said License Laws.

Please apply for your License at once.

JNO. D. JINKINS,  
Tax Collector,  
Seminole County,  
163 1/2d, 11w

Strout Farm Agency, 113 Magnolia Avenue. A pick up for someone, about 30 acres heavy black loam, all in tillage, perfectly ditched and drained. This dirt would fertilize celery avenue soil. Good five room house, 2 barns and a number of other out-buildings, poultry houses, etc., all in usable condition. 30 minutes drive to Sanford. Price \$2,000 \$800 cash, balance to suit. Let me show you a patch of cane growing on this place.

## Letters Of A Florida Citrus Grower To His Nephew

VIII.  
From Jonas Arland at Hammock Groves, Florida, to Samuel Newcomer, Bentonville, Mich.

Dear Sam:  
Old Miss Brown has her nephew here for a visit. Yesterday she confided that she didn't know whether Willie was corrupting her parrot or the parrot was corrupting Willie; but there were evident fallings from Grace on the part of both, and she either was going to have to send Willie home or send the parrot away for the rest of Willie's stay.

This along with my receipt of your letter to the effect you had been pretty strongly sold on the idea of turning your fruit over to a national marketing organization to be sold under their Pink Parrot brand is rather a coincidence. It is evident that the Pink Parrot folks have been trying to corrupt you, but I sincerely hope they have not gone very far with it.

I am not inclined to underestimate them; but I would point out that they have a great many irons in the fire, so that their organization is not so large in proportion to their undertakings as one might at first think.

If you decide to turn your fruit over to them, you can only help in building up prestige for the Pink Parrot brand, which belongs solely to them. If, on the contrary, you take my advice and join the Florida Citrus Exchange, you at once become part owner in the Sealdsweet trademark, which distinguishes our fruit, and no one can take the ownership away from you. The more we build up the prestige of the Sealdsweet trademark with the fruit trade, and with consumers through our national advertising, the more we are building for ourselves.

Already we have done a great deal by establishing a reputation for the Sealdsweet trademark. That is best shown by figures of the auction markets where all sales are a matter of definite record. They show conclusively that in recent years we have obtained higher averages for fruit of each grade than have been obtained for all other Florida citrus fruit sold in competition with Sealdsweet. There is no doubt this same condition holds good in outside private sales markets, but we have made no claims in connection with them because sales in these markets are not a matter of definite record. They might be disputed; but no one has yet challenged the accuracy of the figures compiled from the auction markets. I believe Sealdsweet must be a better trademark with a better reputation than any other in use in Florida, and why these better prices paid for Sealdsweet?

Again, the Florida Citrus Exchange is an institution of Florida growers by Florida growers, and for Florida growers. It is inseparable from Florida. Its operations benefit purely Florida growers and owners of property in Florida. The Pink Parrot folks are spread out over the country. They cannot make any special effort in behalf of Florida for that reason. If they wished they could withdraw entirely from Florida and still not affect their total operations very much.

These things are aside from the fact that the Pink Parrot organization is a commercial one operating for profit, which must be obtained somewhere between the growers and the markets. The Florida Citrus Exchange being a cooperative organization owned by the growers whose fruit it handles, makes no profit between the growers and the markets, but returns to the producers every cent which their fruit brings, less only its very economical cost of operating. If the Florida Citrus Exchange were a small organization, it might be claimed by some that greater volume gave them a chance to obtain greater economy. However, that is not the case. The great volume which the Florida Citrus Exchange handles enables it to make sales at very lowest cost. In fact, I believe it is generally conceded that the Exchange's selling cost is the lowest of any organization handling Florida fruits.

There is nothing particularly spectacular about the Florida Citrus Exchange or its operations. It is a business organization of Florida growers. It doesn't depend for effectiveness upon any particular star or stars. On the contrary it is so arranged that any man or several men may drop out of the active handling of its affairs, and the business go forward without hesitation and with unceasing effectiveness.

I suggest you consider all these things carefully before you sign a Pink Parrot contract remembering that a man's handwriting is never so bad it cannot be read correctly after he has signed somewhere on the dotted line. Also, that from the standpoint of being able to let go when ready, it is often better to take a bull by the tail rather than by the horns.

It may be well to remember that I have not gotten all my information at the Florida end of the line. I have made numbers of trips around the markets both before I joined the Florida Citrus Exchange and since. I have the privilege of knowing some sizable fruit jobbers rather intimately. I know that the fruit trade in general is disposed to give preference to the Florida Citrus Exchange. The tendency in these days is all toward reducing the number of handlings and the number of profits on foodstuffs. Jobbers prefer to deal with the Florida Citrus Exchange because it means getting their fruit direct from the producers with no profit in between. They give the same preference to other growers cooperative marketing organizations which have made good, and have established reputations for dependable pack and square deal. The Exchange certainly has an excellent reputation in this respect. In fact, if it were a commercial organization and did its bookkeeping in a commercial way, it would be justified in carrying this good will on its books at a good many hundred thousand dollars. While on the basis which many commercial concerns value their trademarks, Sealdsweet must be worth at least a million dollars to the Exchange growers who own it.

For nearly ten years now we have been advertising Sealdsweet. Hundreds of thousands of Northern housewives have learned to value Sealdsweet oranges and grapefruit for their own sakes. They demand them from their grocers and fruit dealers, who in turn demand Sealdsweet from the jobbers. This definite created demand, plus the reputation of Sealdsweet with the fruit trade is what accounts for our being able to obtain higher prices on the average for Sealdsweet than others are getting for citrus fruits under other names.

I have had it figured out for me, and I am sure correctly, that during these ten years our advertising has in no way been an expense. That is, during this period we have on the average received sufficiently more for our fruit not only to pay the immediate cost of advertising, but to show us a profit as well. In addition, we have had all the advantages of stimulating demand through the increased consumption which the advertising brought. It should be remembered it is the advertising of the Florida Citrus Exchange, and that alone, which has kept the consumption of our oranges and grapefruit so stimulated that it has more than kept pace with the tremendous increase we have had in production.

Right here, let me point out one big advantage we have over some other folks. A man or a woman has confidence in any brand or trademark just in proportion to the satisfactory experience with the products sold under it. There is always the possibility of someone losing confidence in Pink Parrot oranges because of some unsatisfactory experience with a Pink Parrot cantaloupe. Sealdsweet is ours. It belongs to us. Best of all, it is wholly under our own control right here in Florida; and is used only in connection with citrus fruits. The Florida Citrus Exchange has had any number of propositions put up to it from time to time from people who wanted to use Sealdsweet on jellies, marmalades or what not. They have appreciated the tremendous selling value of this well known trademark. However, the management always has stood steadfast in confining Sealdsweet to our oranges, grapefruit and tangerines. I believe that policy has paid substantial dividends up to now, and will continue to pay in the future.

George Hopper says that money has been important to the human family ever since the dove went out and brought the green back to Noah. I am not one of those who urges membership in the Florida Citrus Exchange for sentimental reasons; but I believe that others should consider membership in the organization on the same basis that I do my own, which is because I believe it obtains for me in the long run more money for my fruit than I could get in any other way.

With best love to Etha, the youngsters and yourself, I am, as ever,  
Your Uncle, JONAS.

This letter constitutes the fifth installment of a series. Additional ones will be published in early issues.

The Herald, 15c per week, delivered. If you read this want, send money!

Construction of a railroad from Lake Garfield to Avon Park, to be completed by Jan. 1 in time to handle the shipment of the Highland section's citrus fruit crop, will be immediately started by the Florida Citrus Highlands Railroad Company it was announced by officials here recently when it was learned that the secretary of state had issued the charter for the railroad.

Twenty mills on a tax valuation of \$1,252,987, which is about half the actual cash value, is to be the tax levy this year for Avon Park. The council made the budget and levy at a meeting yesterday morning and the budget provides for a sinking fund for the new bonds and funds for publicity the band and other improvements which are to be worked out later.

PRUF TO DOK PHILIPS

### ORDINANCE NO. 38

AN ORDINANCE MAKING APPROPRIATIONS FOR THE CITY OF SANFORD, FLORIDA, FOR THE FISCAL YEAR BEGINNING OCTOBER 1ST, A. D. 1922, AND ENDING SEPTEMBER 30TH, A. D. 1923, BASED UPON THE ESTIMATED INCOME FROM ALL SOURCES FOR THE PERIOD AFORESAID, AND DECLARING THIS TO BE AN EMERGENCY MEASURE NECESSARY FOR THE USUAL DAILY OPERATION OF THE MUNICIPAL GOVERNMENT.

WHEREAS, The estimated income for the City of Sanford, Florida, for the Fiscal year beginning October 1st, A. D. 1922, and ending September 30th, A. D. 1923, from all sources is as follows:

Licenses	\$ 6,500.00
Municipal Court Fines and Costs	7,000.00
Dog Taxes	250.00
Pound Fees	300.00
Inspection Fees	1,600.00

Water Supply	4,792.50
Dept. of Finance	2,060.00
Dept. of Records and Taxation	4,655.00
Div. of Publicity	9,700.00
Pound Expense	135.00
Store Room Account	300.00
Fernald Lawton Hospital	2,000.00
Notes Payable and Int. Acct. Fire Engine and Hose	2,915.00
Incinerator Purchase	3,000.00
	\$92,172.00
Sinking fund	52,010.00
Total	\$144,182.00

SECTION 2. That this Ordinance shall be published once ten days before its final passage and adoption in a newspaper of general circulation in the City of Sanford, Florida.

SECTION 3.—That this Ordinance is declared to be an emergency measure necessary for the usual daily operation of the municipal government, and shall become effective from and after the date of its final passage and adoption.

The above and foregoing Ordinance was offered by Commissioner Forrest Lake, who moved its adoption, and seconded by Commissioner S. O. Chase this 11th day of September, A. D. 1922, and upon a vote the same was passed as follows:

C. E. HENRY, Yea  
Mayor.  
S. O. CHASE, Yea  
Commissioner.  
FORREST LAKE, Yea  
Commissioner.

Attest:  
L. R. PHILIPS,  
City Auditor and Clerk. (SEAL)

The above and foregoing Ordinance was placed upon its second reading and read this 25th day of September, A. D. 1922. Whereupon, its adoption was moved by Commissioner Forrest Lake and seconded by Commissioner S. O. Chase and upon a vote was unanimously passed as follows:

C. E. HENRY, Yea  
Mayor.  
S. O. CHASE, Yea  
Commissioner.  
FORREST LAKE, Yea  
Commissioner.

Attest:  
L. R. PHILIPS,  
City Auditor and Clerk. (SEAL)
