Another Compromise

It was perhaps inevitable that out of the opposition to compulsory military service and the needs of the hour, there should come a compromise proposal which sees neither the selectees being released to civilian life after their original year of service nor a permanent solution to this vital question of how to raise and maintain a large and efficient army without treading on the toes of anyone.

If there has ever been any sound argument against retaining the boys in service for the duration of the emergency, it was only that they had been drafted for a limited and definitely prescribed period in the first place. Though technically this was not so, the boys were given the impression that they were to be in service for a year and a year only.

Now instead of meeting the situation frankly and honestly, declaring a national emergency, and letting the selectees understand that they will be needed as long as the world is in chaos, the original error of fixing a limited period of service seems about to be repeated. The boys are to be drafted not for a year of service, now that their year of service is practically up, but for two and a half years.

There is a catch in this promise, too, to return the boys to civilian life after another year and a half. If Congress declares a national emergency, or decides it to be in the interest of national defense, or merely takes a vote on it and lengthens the term from two and a half years to five or ten years, the boys would go right on serving indefinitely. But the impression is being given the public and the selectees that they have only a year and a half more of training.

Now does anybody suppose that at the very beginning of the crucial year of 1943 at the very time when America's rearmament drive will have reached its peak and the "arsenal of democracy" will be ready to supply the armies of the world with all the "tools" they need to finish off the aggressor nations, the American army will automatically be disbanded? Unless the war should be over then, the law will again be changed by Congress and the selectees retained for the duration.

How much better it would be, it seems to us, if Congress had the honesty and the courage to enact a proper law in the first place. Everybody knows that the vast majority of those now being drafted into the army will be kept there until the emergency is over. The public knows it. The selectees, if they are honest with themselves, know it. And certainly Congress knows it. Then why all this shilly-shallying around about another year and a half in the army?

But that is the way it is with Congress. Somewhere back home the honorable members might lose a vote if they told the truth.

Swimming Is Good, But

Swimming is one of the best forms of exercise known to man and in warm weather it is particularly beneficial. It is particularly invigorating and refreshing at a time when most forms of exercise leave one pretty flat, but, as Lois Mattox Miller points out in the Readers Digest, "Swimmers are not fish."

For years, she says, doctors and health authorities have been alarmed over the increase in ear, sinus and mastoid infections traceable to swimming. In spite of all sanitary precautions, filters and purifiers, such infections continue to increase. The trouble seems to be, not so much with the water, as with the individual.

Man simply lacks the gills, the blubber and other protective devices to render himself immune to the dangers from total submersion. His body is poorly insulated against cold water which robs the body of its natural heat 27 times faster than cold air, and especially is this true of the head.

Not everyone is troubled with such infections. A great deal depends on the individual's own state of health and his natural resistance to cold and infections. But those who are should take the following simple precautions, particularly if they dive or swim under water:

- 1) Put rubber stoppers, or plugs of oiled cotton or wool, in the ears.
2) Don't jump into the water feet first. The rush of water into the nasal cavities readily causes acute infections. Breathe deeply through the mouth before diving, exhale through the nose while under water.
3) Don't stay in too long, avoid chilling. Thirty minutes is enough for the average person.
4) Don't sit around in a wet bathing suit. Dry off promptly with a towel and put on something dry and warm.
5) When swimming the crawl, diving or swimming under water, breathe out through the nose under water. Persons suffering from recurring infections should stay out of the water altogether.

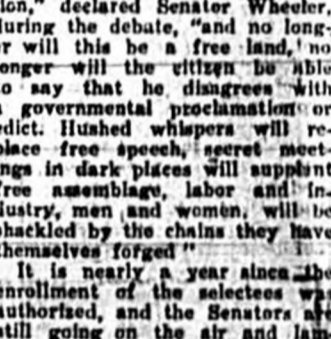

DISPELLING THE FOG

Just what would be the status of the world today and what would be the situation in America if the isolationist group who at this writing are still holding up the continuation of service by the selectees in the army beyond the period set by the statute, had had their way? It is no coincidence that the same people six years ago fought the propositions that would have started the rebuilding of the Navy. That was the spirit of the act to get the Navy back on the construction of which we are now heavily engaged.

What we have done was very much in line with the spirit of the act. The Navy has been rebuilt and is now in a position to meet the needs of the world. The isolationist group who at this writing are still holding up the continuation of service by the selectees in the army beyond the period set by the statute, had had their way? It is no coincidence that the same people six years ago fought the propositions that would have started the rebuilding of the Navy. That was the spirit of the act to get the Navy back on the construction of which we are now heavily engaged.

WHAT OUTFIT, BUDDY?

ON June 30, 1940, the war department answered the military threat of European panzer divisions by announcing the organization of an armored corps of two divisions. This corps comprised the armored vehicles previously assigned to the cavalry, infantry and motorized infantry. Major General Adna R. Chaffee was named first commander of the armored force. Today the armored forces is expanding to four divisions. The First Armored division is now based at Fort Knox, Kentucky, and the Second at Fort Benning, Georgia. The Third division will soon come into being at Camp Polk, Louisiana, and the Fourth is being organized at Ft. Camp, New York.

Work Of Bundles For Britain Is Told In Article

Activities of the Bundles for Britain group in the United States is discussed in an article in "News from the Outpost," a publication of the American outpost in Great Britain, which has been brought to the attention of Sanford members of the British aid group by Mrs. I. D. Martin, chairman.

"What used to be a dry country in the shadow of Big Ben and the House of Parliament, is now a land of British ingenuity and London effort," the article reads. "The British people have shown the way to the world in the use of their ingenuity and their spirit of sacrifice. They have shown the world that they are not only a great nation, but a great people."

Mineral Oil Said Remedy For Cow Disease

GAINESVILLE, Aug. 2.—(Special)—A new treatment for mastitis in milk cows, believed to be better than any other yet found, has been devised by Dr. D. A. Sanders, veterinarian with the Florida Experiment Station. It consists of iodine in mineral oil injected into the udder through the teat.

Mastitis has been a troublesome disease for many years, often causing "caked" quarters of udders and destroying their milk producing capacity. Investigators throughout the country have studied the disease for decades, and recently some treatments said to be effective have been reported.

Principal advantages of the iodine treatment employed by Dr. Sanders are the facts that one injection is sufficient and that no ill effects have been noted. The udder and milk flow returning to normal in less than 10 days. The remedy is best administered by a veterinarian.

Dr. Sanders took four grams of U. S. P. recombined iodine crystals and dissolved them in one gallon of U. S. P. liquid petroleum or heavy mineral oil, using a small amount of alcohol as a solvent to dissolve as much as possible of the crystals, decanting, adding more oil to the multidivided crystals and repeating the process.

From 100 to 200 cc. of this solution was injected into each affected quarter, immediately after the cow had been milked. The udder was then massaged thoroughly. The solution remained in the udder overnight. The investigator says the amount to be injected depends on the location and extent of the infection.

The treatment has been effective with chronic cases of mastitis, and Dr. Sanders believes that the iodine in its early stages as well. However, in one case where the infection was acute at time of treatment, the iodine mineral oil seemed to aggravate the infection.

March Of Time Warns Against Hitlerite Peace

Coinciding with reports from Berlin that Adolf Hitler is now willing to stop the war and let the British Empire and the United States live in peace, side by side with his new world order, the March of Time presents in its latest film, a compelling analysis of Hitler's long list of broken promises, double-dealings and treacheries. Entitled "Peace" by Adolf Hitler, the film is scheduled for showing Sunday and Monday at the Ritz Theater.

In all history, no conqueror has exploited more thoroughly the technical advances of systematic falsehood and betrayal, the March of Time shows. The film, which is documented with exclusive pictures from inside Nazi-controlled Europe, traces Hitler's conquests since his rise to power as the German Fuehrer.

In taking over each of the 14 countries he has conquered, Hitler has loudly proclaimed that Germany seeks only peace. On each occasion, the March of Time shows, he has declared Germany's territorial ambitions fulfilled—while appearing, taking him at his word, have repeatedly allowed him to prepare for future conquests and have themselves eventually succumbed to his war machine.

Although many Americans have unwittingly been playing into Hitler's hands by supporting the idea of a negotiated peace, the March of Time's "Peace" by Adolf Hitler will now put them on guard against the latest Nazi propaganda offensive. It was conceived and prepared for the examination of Hitler's record proves that the talk of peace now being circulated by isolationists, Nazi sympathizers and those earnestly desiring the ideal of peace may well be another Hitler smoke-screen.

TO SELL EM, TELL 'EM With An Ad

Farmers Told To Guard Livestock From Toxic Weed

GAINESVILLE, Aug. 2.—(Special)—A warning to Florida livestock owners to keep their animals away from the highly toxic black nightshade or remove the plants from their pastures, was issued today by the Florida Agricultural Experiment Station.

The plant, known botanically as Solanum nigrum or Solanum elaeagnifolium, is a hardy, perennial, woody shrub or small tree, which grows in all parts of the state, as a bird disseminated seed. It bears small flowers with five white petals and yellow stamens. Green berries which follow the flowers are less than a quarter of an inch in diameter; they turn black when ripe.

Ripe berries of the plant are harmless, but the berries and other green parts are poisonous. The nightshade is now in its vegetative stage and cattle, sheep, pigs, and goats may eat it even though abundant forage, mineral supplements and feed are available for them. The plant contains an alkaloid which weakens the nervous system and causes staggering, labored respiration, dilated pupils, and paralysis of animals that eat it. Death frequently results.

Most likely pulling up the plant or preventing stock from eating it is the only way of protecting animals from its danger.

Mr. and Mrs. Sam Dunn and children have recently moved back to Sanford from Weirsdale and are now residing on Beardsley Avenue in the former A. K. Shoemaker home.
Mrs. Roy Mann and mother, Mrs. S. E. Ives, Jr., of Orlando, spent yesterday in Cor-

Woodmen Circles To Hold District Meet

Gladiola Grove Number 267 of the Woodmen Circle held a special meeting in the Woodmen Hall on Park Avenue on Thursday evening with Mrs. A. C. Madden, Gauglian of the Grove, presiding.
Plans were outlined for holding a district meeting here on Sept. 20 with representatives from all groves throughout the central part of the state attending.
High officials of the society who are expected to be present include Miss Abbie Holden, state manager, of Jacksonville and Miss Amy Moore, district manager, of Starke.
Persons appointed to serve on the various committees for the state meeting are: Mrs. A. C. Madden, Mrs. C. C. Collins, Mrs. Ruby Wade, Mrs. Reginald Soderholm, Mrs. E. B. Phillips, Mrs. J. O. Andes, Mrs. Edward Lancaster, and Miss Loudean Crawford.
Mrs. Helga Smith was appointed to serve as a member of the board of auditors of the grove, and it was voted to resume regular meetings on the second and fourth Thursdays of each month. The next meeting will be held on Thursday evening, Aug. 14, and all members have been urged to be present.

ANNOUNCEMENT

Mr. and Mrs. Henry N. Tamm are announcing the engagement and approaching marriage of their daughter, Mary Catherine, to Robert C. Washburn, son of Maj. Harold C. Washburn and Mrs. Lucille Washburn. The wedding will be an event of early fall.
Photographing letters to lessen their weight for airmail is not new. It dates back to 1870 when letters were photographed to a diminutive size on thin paper such as a pigeon could carry.

Florida Bakers To Meet In Orlando

ORLANDO, Aug. 2.—(Special)—The second annual meeting of the Florida State Bakers Association and allied tradesmen will be held at Lakeside Park, Orlando, Sunday afternoon.
J. J. Taylor, State chemist, and an authority on pure foods, will speak on the new bread standards and Joseph H. Hexter, president of the Southern Bakers Association will talk on the place of the bakery in defense. There will be a barbecue in connection with the meeting.

Home Demonstration

Fruit plays such an important role in good nutrition that everybody should give it serious consideration in his daily diet. And the fruit to consider especially at this time is the peach, for the season is rapidly approaching its peak. Here are some suggestions that are guaranteed to be taste-worthy.
Peach Cake—Requirements: 2 cups enriched flour, 4 teaspoons baking powder, 2 tablespoons butter, 1 teaspoon cinnamon, 6 to 8 juicy peaches, 1 egg, milk, 1/2 teaspoon salt, and 1/4 cup strap or mild flavored oil.
Make a crust by sifting the flour and baking powder together, cutting in the butter and adding salt, beaten egg, and enough milk to make a soft dough. Roll the crust one-half inch thick and line a greased baking tin with it. Cover the peach slices with a thin layer of sugar, sprinkle with a little cinnamon and strap or honey. Bake in a rather quick oven till crust and peaches are both a light brown. Sprinkle with sugar, keep in the oven five minutes more, and then serve. This makes one large cake.
Peach Butter—Wash and prepare four quarts of ripe peaches. Cut in pieces and put through sieve or fruit press. Measure, and for each pint of pulp set aside one cup of sugar, cook pulp until heavy in its own juice, then add sugar. Cook until it is of the desired consistency. Pour into sterilized jars and seal at once.
Pickled Peaches—Requirements: 8 pounds peaches, 4 pounds sugar, 2 quarts vinegar, 2 teaspoon pieces stick cinnamon, and cloves.
Choose fresh, high quality fruit and sort carefully for size and ripeness, preferably select firm white elongated peaches. Wash them well, remove thin skin with a sharp knife, and stick 2 cloves into each peach. To prevent discoloration, dip the fruit as it is prepared into a salt solution made by dissolving 1 tablespoon of salt in each quart of water. Cook the vinegar, cinnamon and sugar together for 10 minutes, or until the syrup is fairly thick. Add peaches, cook gently until tender but peaches are still stand in the syrup overnight.
In the morning drain syrup from peaches and pack fruit in sterilized jars. Boil syrup rapidly until thick and pour over peaches in the jars. Seal, label, and store in cool place. Allow the pickled peaches to stand several weeks to blend the flavors before serving.

Taxing Assets of Unions Proposed

WASHINGTON, Aug. 2.—(AP)—The House voted today to tax the assets of labor unions toward the end of general debate on the \$1,529,000,000 tax bill Friday after hearing a proposal from the Democratic side that the assets of labor unions be subjected to taxation.
Aside from this labor tax proposal which was made by Representative Vinson (D-Ore.) and about which the House could do nothing under the rigid parliamentary procedure, the third and last day of debate before next week's final vote was marked by additional exchanges over a provision requiring joint tax returns by married couples.

Union Services At Presbyterian Slated

The union services of the various churches in the city will be held tomorrow evening at 8:00 o'clock in the Presbyterian Church with the Rev. W. P. Huberman, pastor of the Methodist Church, delivering the sermon.
The services which have been popular with the members of the different churches for the past two summers will continue in the Presbyterian Church all during the month of August.
Dr. E. D. Brownlie, pastor of the Presbyterian Church, who has been absent for several months from the pulpit on account of illness, expects to preach at the morning services tomorrow.
Mrs. Clarence Collins plans to spend next week in Daytona Beach with her sister, Mrs. Alice Whittington, and Miss Lee Murray. Mr. Collins will accompany her there and spend the weekend.
Mr. and Mrs. S. H. Reynolds and daughters left today for a two weeks' vacation which will be spent in Cincinnati, Ohio, Louisville, Ky., Savannah, Ga., and Jacksonville.
Friends of Kathleen Allen Dulose of Sanford and Deland will be interested to learn that she has been appointed piano instructor of the Stetson School of Music at Stetson University in Deland.
Mr. and Mrs. Earl Kipp and two children left for Black Mountain, N. C., where Mr. Kipp will attend the Southern State Work Conference on the standard and improvements of schools. They expect to be gone three weeks.

Century Note Nets First At Saratoga Race

SARATOGA SPRINGS, Aug. 1.—The smallest crowd since the methods made their bow in the state last year saw Mrs. Plume Whitney's Century Note, a full brother to Twenty Grand, break a three-race jinx here Wednesday.
The Greenlee stable's gelding, after finishing second in its last three starts, finally crossed through to a three-length triumph in the featured Hermosa Handicap. The race was the first of a heavy track under leaden skies, and only 4165 fans were on hand.
N. I. Asell's The Field, after being the pace maker of the race, finished second, with the Greenlee stable's Kasbah, sixth. Kasbah, a half brother to Century Note, had a length and a half behind the winner and 1 1/2 behind the pace maker. Century Note, which was clocked in 1:33 1/2, was well-hunched most of the way to the stretch turn.
Century Note and his brother The Field, who had both to us and to have that small crowd for a debut, had a good time in their first race. Century Note, who had a good time in his first race, had a good time in his first race. Century Note, who had a good time in his first race, had a good time in his first race.

Dundee Suffers Headache With 3 Top Boxers

NEW YORK, Aug. 2.—(AP)—Chris Dundee took the ice pack on his head, pulled over the apron and leaned on an invitation to let him in a nice friendly headache.

New Chris gave a particularly healthy job of connecting fight-ers. And since he has, at the moment, three championship challenges lined up front and center by all critics, these signs of pain in the region seem as considerable a surprise.

Then, as I got Ken Overlin and George Adams, the middle-weight and Jimmy Webb, the Texas light heavyweight, Chris seemed "the what. Adams beat Billy Seaman, the middleweight champion, the other night in an over-weight fight and figures to get a title shot. Overlin lost to Gene Tunney and "deserves" a return match. New Overlin is looking for a fight with Gene Tunney for the light-heavyweight championship next month. So I match him with old Gene Tunney in Pittsburgh last week. Tunney is giving him some work. I don't know what to do. I don't know what to do to satisfy me both.

And if that isn't enough, Gene Tunney has beat Tommy Griffith for months ago and is expected to get the fight with Gene Tunney for the light-heavyweight championship next month. So I match him with old Gene Tunney in Pittsburgh last week. Tunney is giving him some work. I don't know what to do. I don't know what to do to satisfy me both.

OH Always three victories over Seaman, the fact that Overlin has the title in the Pennsylvania, Georgia probably ready to crash at Billy with the title on the line. But promoter Mike Jacobs has toward Overlin, and he is looking for a fight with Billy in regard to the title which is reported to be in New York, California and a few other states.

Airport Project Success Pleases City Officials

(Continued From Page One) From Congressman Joe Hendricks and Senator Charles O. Andrews, who said that \$215,000 had been about for the CAA for Sanford's airport. Mr. Higgins said:

Since the two parallel runways will be built and the field will be lighted regardless of the cost, Mr. Higgins said he did not view the exact amount of the CAA allocation as important, though he said he believed the figure of \$215,000 was close to the amount that would be required.

In addition to the runways, the field will have a 30-foot paved road entrance from Melville Avenue, which borders the airport on the west and two 20-foot exit roads leading from the center of the field to Melville Avenue. Mr. Higgins said:

The entire project will be financed by the CAA. The CAA will provide the steel fence, the trade body secretary said.

The Engineering Department of the City of Sanford has all but completed the engineering plans for the WPA project and will probably submit them to officials for approval next week. In addition to Sanford's airport, 35 other Florida airports designated as essential to national defense yesterday by Gen. Donald H. Connolly, administrator of civil aeronautics. All work in the program is expected to be completed by Jan. 1, 1942, Gen. Connolly said.

Roosevelt Will Not Press Saving Time

TALLAHASSEE, Aug. 2.—President Roosevelt thinks Governor Holland's "advisers" had exaggerated the effect of daylight savings time on the economic life of Florida but he will not press the matter at this time.

The President acknowledged that the "advisers" had exaggerated the effect of daylight savings time on the economic life of Florida but he will not press the matter at this time.

Eyes Right! by Squier

ANCIENT EGYPTIAN... SAV DELICIOUS PROCESSIONS AND CEREMONIES LIGHTED BY TORCHES IN THE HANDS OF SLAVES OR ADULTS. THE TORCHES WERE METAL RODS TIPPED WITH A BALL OF FAT-SOAKED RAGS.

ALTHOUGH CITY OFFICIALS WERE ABLE TO ENJOY THE BEST LIGHT AVAILABLE FROM TORCHES FOR OVER 4,000 YEARS...

BACK IN THE NINETEENTH CENTURY, THEY WERE USED FOR ANY OTHER THAN ILLUMINATION. ADJUSTING RODS OF THE TORCHES WERE MADE OF IRON...

TODAY SCIENTIFICALLY CORRECT LIGHTING FOR HOMES IS SO INEXPENSIVE THAT IT IS AFFORDABLE TO ALL. EVENING WORKERS CAN PLAY BY CHEERFUL, CONSIDERABLE GLASS-FRAME SURROUNDING DOES NOT OVERHEAT THE EYES.

United States Is Said Best Informed

WASHINGTON, Aug. 2.—(AP)—A radio network executive told the Federal Communications Commission Friday that the United States was the "best informed country in the world" as a result of the present relationships between newspapers, press associations and the radio broadcasting industry.

Paul White of the Columbia Broadcasting System testified that the "dark ages" when newspapers and radio battled over the right to broadcast news had passed and the public has become accustomed to "all the news and it will not tolerate restrictions."

Finns Claim Bombing Of Russian Railroad

HELSINKI, Aug. 2.—(AP)—The Murransk railroad, strategic link between Leningrad and the ice-free Arctic port of Murmansk, has been cut in several places by the Finnish air force, the Finnish high command declared last night.

Russian transport ships and trains were bombed in the northern sector, and a 1000-ton Soviet vessel was sunk, the Finns announced.

More than 2000 friends and relatives mingled Friday at the Navy transport West Point docked from the Baltic Sea, including United States consular officials from Germany and Italy.

Consular officials spoke guardedly of conditions in Germany and Italy, but the three British American ambulance drivers who escaped from Germany captors in occupied France told stories of sympathetic treatment by the French as they fled towards the frontier.

Full Valuations For Railroads Are Asked

TALLAHASSEE, Aug. 2.—(AP)—County tax assessors formally called on the State Railroad Board by resolution Friday to put full cash valuations upon railroad and telegraph properties for taxation this year, in accordance with a 1934 law.

The resolution asked the board to meet and assess railroad and telegraph property at its full cash value and to submit to the tax assessors such railroad and telegraph assessments immediately, so that their rolls may be closed and the public and levying authorities be advised at the earliest possible date of the total full cash valuations of the respective counties.

West Point Arrives In U. S. From Lisbon

NEW YORK, Aug. 2.—(AP)—The cheers and tears of more than 1000 Americans who met the British transport West Point at the New York harbor today were a fitting tribute to the ship's crew and passengers.

Governor Holland's recent letter explaining that he did not consider it necessary or advisable to put Florida on daylight time because of shortage of electric power in the state.

Roosevelt advised the "advisers" that "steps are being taken to assure stronger transmission lines between the power systems serving Florida and the systems serving states immediately to the north."

NOTICE OF SPECIAL REGISTRATION TO BE HELD TUESDAY, AUGUST 19, 1941

Notice is hereby given that an election will be held on Tuesday, August 19, 1941, at which time the qualified voters of the County of Seminole, Florida, shall be called upon to elect a County Commissioner to fill the term of office for the County of Seminole, Florida, to be held for the term of one year, commencing on the 1st day of January, 1942.

News Of The World In Pictures

Shown recuperating in a Norfolk, Va., hospital, these four American nurses were adrift 12 days in a lifeboat after a German submarine sank without warning the Norwegian steamer on which they were passengers. Their last flare attracted the attention of the American patrol destroyer which rescued them. They were bound for London. Left to right they are: Lillian, Pesnick, of Albany, N. Y.; Marion Blissett, of Detroit, Mich.; Rachel St. Pierre, of Boston, Mass.; and Victoria Pele, of Auburn, N. Y. Watching over them is Miss Mary Beard, of the Washington, D. C. Red Cross.

Mrs. Mary L. Crawford
Mrs. Mary L. Crawford, of New York, is serious as she denies guilt of anything in connection with the stabbing in his Butler, N. J., home of Milton F. Untermyer, 62. Mrs. Crawford and Miss La Junta Whitcomb golfers, were released in Morristown, N. J., on \$5,000 bail each. Bookmaker Frank Erickson was arrested for the slaying and released in \$15,000 bail.

Freddie McDaniel, 20-year-old Puerto Rican, stands on a roof in Brooklyn, N. Y., (left) where he fled after allegedly slaying Mary Salgado, 32, a fellow Puerto Rican, with a razor blade during a poker game. McDaniel makes good his threat to jump but lands in life net erected by police. He was unhurt and taken to a police station to face felonious assault charges.

Literally smoked from their mobile fortress, Russian soldiers are shown with their hands in the air as they emerged from their tank and were captured by Nazi forces in Russia, according to Berlin, which transmitted this photo to New York by radio. The tank can be seen still burning.

Harold G. Hoffman
Ex-governor of New Jersey, Harold G. Hoffman is shown as he arrived at the Federal Building in Camden, N. J., where he appeared as a character witness for Enoch L. (Nucky) Johnson, Atlantic City Republican leader, on trial for income tax evasion.

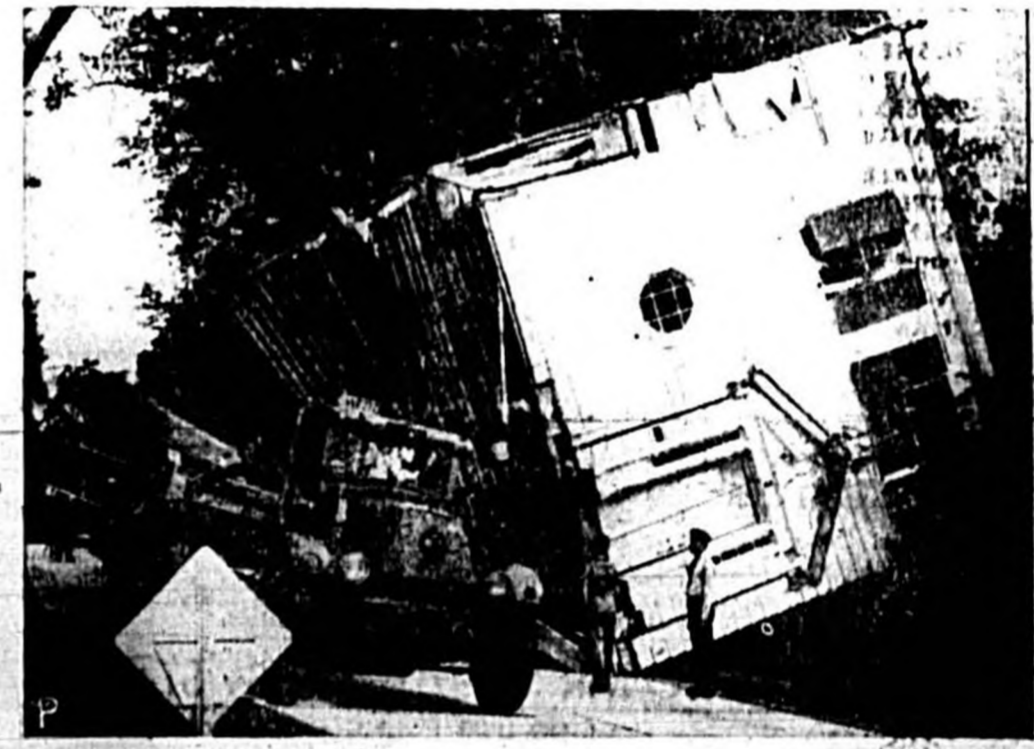

A Nazi bomb with the power of a colossal knife, exploding alongside this apartment house, shored away the rear wall, exposing every room. Moscow radioed this photo by way of evidence that military targets are not being damaged in the German air raids.

SUCH SCENES OF DESTRUCTION occur in London hospitals during nearly every bombing raid—destruction that adds to the number of injured and maimed, and impairs or halts the work of mercy. This is a ward in one of twenty hospitals "adopted" by Bundles for Britain, to which \$110,500 already has been cabled to replace bed apparatus and to help maintain other vital war time services. Here nurses clear away debris in a ward from which patients have been moved.

Recognition for manufacturers who are working "all out" for defense will be made by award of a Naval Ordnance flag to those abreast or ahead of production schedules. It was announced in Washington by Navy Secretary Frank Knox, shown displaying one of the banners.

The trailer truck had brought this model demonstration house to within one block of its destination in White Plains, N. Y., when, at a curve in the road, truck and house parted company, as shown above. A section of the house had previously been successfully moved to its new location.

Four of the four former Broadway showgirls who will share the more than \$1,000,000 estate left by the late showman in New York. His widow (top left) and his two daughters, the former showgirls of Broadway and "hardly distinguishable" in the girl era, (bottom left) Ethel Merman, (top right) Mary Alice Rice, (top, right) and Mildred Berns (bottom, right). The fourth girl is shown in the center.

President Roosevelt receives the report on the 1941 President's Birthday campaign to raise funds for the National Foundation for Infantile Paralysis, which is the work of the A. A. S. With F.D.R. at the head of the parade are (left to right) E. A. Tamm, assistant national chairman of the campaign committee; James H. Allen and James F. McLaughlin, past presidents of the foundation; and C. V. Whittier, president.

Helen Morgan
Helen Morgan, the best loved singer and toast of Manhattan during most of the bootleg prohibition days, is now Mrs. Lloyd Johnson. She married the Los Angeles business man in Miami Beach, Fla., two days after Johnson got a final divorce from his first wife.

David Herman
His aspirations of becoming a movie star thwarted, at least temporarily, David Herman, 11, is shown as he left New York for return to his Washington, D. C., home. Running away to Hollywood, he got as far as LaGuardia Airport, New York, but was detected when he tried to buy a plane ticket in California on his way.

Fred Wright
Fred Wright, 55, was struck by a Southern Pacific switch engine in San Francisco and pinned under a box car, where he is shown. His hospital report later revealed that he escaped with only a broken arm, nose and bruises.

Sanford Theater News for the Coming Week

CLARK GABLE and Claudette Colbert are together again in "Boom Town," old favorite being returned next Tuesday as part of the double program at the Ritz. Spencer Tracy and Hedy Lamour also are starred in the popular hit of last year.

ANNA NEAGLE and Ray Bolger are shown as they appear in "Sunny" famous musical comedy success coming to the Ritz Theater Wednesday and Thursday. John Carroll, Edward Everett Horton, the Hartmans, famous dancers and many others are in the capable cast.

PROGRAM FOR THE WEEK OF AUG. 2

Tonight, Midnight Show—"THE INVISIBLE GHOST" with Bela Lugosi, Polly Ann Young, John McGuire and Clarence Muse. Also—Buster Keaton Comedy, cartoon and screen snapshot.

Sunday, Monday—"CAUGHT IN THE DRAFT" with Bob Hope, Dorothy Lamour, Lynne Overman and Eddie Bracken. Also March of Time presents, "PEACE, by ADOLF HITLER"; Disney cartoon and Metro "New of the Day"

Tuesday, Bargain day, double program—"FOR BEAUTY'S SAKE" with Ted North, Marjorie Weaver, Joan Davis and Ned Sparks. Also—old favorite returned, "BOOM TOWN" with Clark Gable, Spencer Tracy, Claudette Colbert and Hedy Lamour.

Wednesday, Thursday—"SUNNY" with Anna Neagle, Ray Bolger, Edward Everett Horton, The Hartmans and Helen Westley. Also—Novelty and Universal News.

Friday, Saturday—"THE SINGING HILLS" with Gene Autry, Mary Lee, Smiley Burnette and Virginia Dale. Also—"FORCED LANDING" with Richard Arlen, Eva Gabor, Nils Asther, Evelyn Brent and J. Carroll Nash.

DOROTHY LAMOUR has two sweethearts to whom she's true—Bob Hope and the rest of the army. Here she is with Lynne Overman, Eddie Bracken and Bob in a scene from "Caught in the Draft," Paramount's hit coming to the Ritz tomorrow and Monday.

THIS WEEK'S CASTS

CAUGHT IN THE DRAFT
 Don Bolton Bob Hope
 Tony Fairbanks Dorothy Lamour
 Steve Lynne Overman
 Bert Eddie Bracken
 Col. Peter Fairbanks Clarence Muse
 Sergeant Burns Paul Hurst
 Yetta Ferike Boros
 Margie Phyllis Ruth
 Cogswell Irving Bacon

 Patchnikoff Harold Goodwin
 Felig Thornton Edwards
 Nando Bobby Dillon
 Major Xanders John Galand

SMILEY (FROG) BURNETTIE and Gene Autry appear to have George Meeker dead to rights in this scene from "The Singing Hills," Gene's latest hit coming to the Ritz next Friday and Saturday. Popular Mary Lee and Virginia Dale are the feminine members of the cast.

TED NORTH and Marjorie Weaver (above) furnish the romantic interest while Joan Davis and frozen-puss Ned Sparks supply the comedy in "For Beauty's Sake," an excellent hot-weather relaxer showing at the Ritz next Tuesday.

PRETTY EVA GABOR, who makes her debut in Paramount's "Forced Landing," showing next Friday and Saturday at the Ritz, is torn between suave Nils Asther (remember him!) and breezy Richard Arlen who has been very popular locally.

Pirates still infest the island-studded waters off the coast of Kwangtung province, South China, and occasionally attack junks in the vicinity of Hong Kong island.

Dr. Garwood Is Appointed Acting Dean At Stetson

DELAND, Aug. 2.—(Special)—Dr. H. C. Garwood, member of long standing of the faculty of Stetson University, has been appointed to the position of acting dean of the institution, it was announced today by President W. S. Allen. Dr. Garwood fills the vacancy left by Dean Benson W. Davis, who resigned Tuesday to accept a position at Meredith College.

The new dean, whose appointment will be effective on Sept. 1, is an alumnus of Stetson, having received the bachelor of arts degree here in 1913. He attended the Southern Baptist Theological Seminary to obtain the masters degree in 1917, and graduated from Yale University in 1924 with the Ph. D. recognition.

After serving as pastor of the Hinton Memorial Baptist Church for three years, he began his long career as a member of the Stetson faculty. He has been head of the Department of Bible since 1931, and last Spring was appointed by President Allen to the chairmanship of the division of religion.

In addition to his duties as acting dean for the coming year, Dr. Garwood will serve as professor of religion, the announcement indicated.
