

it's Christmas

Christmas is the Bright Star that welcomes the Prince of Peace. It is the shining eyes of a child, transported by the magic of the Christmas Story. Christmas is a warmly lighted home where kindly thoughts abide in friendly people. It is the look of wonder on a child's face when the glittering Christmas Tree twinkles with colored lights. Christmas is a mighty city lighted up, a peaceful village glowing warm against a wintry sky. Christmas is a lighted candle in the window - a gracious welcome to all who pass... the weak, the friendless, the tried, the true. May lights of Christmas and its tender blessings shine in our hearts throughout the coming New Year.

Merry Christmas and Happy New Year

Future Of Cobia 'Cloudy' Question

By FRED VAN PELT

"The crystal ball is cloudy as to the future of Cobia Boats; it all depends on the new year." This was the report by Morrison Bump, vice president of Ashland Chemical Company, of which Cobia Boats is a subsidiary, from his Ashland (Ky.) headquarters in a telephone interview this morning. Ashland Chemical is, itself, a subsidiary of Ashland Oil and Refining Company.

Bump admitted there had been a lay-off of personnel earlier this week, before Christmas, and said it was from this probably that the rumor spread Ashland was "pulling out" from Cobia Boats.

"We lost orders in 1969," said Bump, "because we had no stock when the demand started. Earlier this year we reorganized Cobia and we have a good stock of boats on hand for the new year, so that we will not lose orders because of 'no stock.'" We have the stock, now we wait. It was no point in keeping on personnel when we do not know which way the business pendulum will swing."

Cobia launched a new product this year, the Mini-Yacht, a small houseboat. "We had good reception at the dealers' meeting in Sanford," said Bump "and we received orders for the houseboat. But it fell flat at the Chicago show, which is where the big orders are received."

Pointing to an "unknown quantity" in the economy for the new year and the current "tight money," Bump said his company is confident there is a big future for boats, "and we are ready with this big inventory — it's just a case of wait and see."

By JOHN A. SPOLSKI

Yes, it does seem like Monday today, doesn't it? And for those who literally got into the "spirits" yesterday... it's a L-O-N-G one at that.

Airport Authority Study OK'd

By BILL SCOTT

The Sanford Airport Industrial operations will probably be restructured in some form of separate authority. At least this was the impression gained today after a 90-minute breakfast meeting of Sanford City and Sanford Industrial Commission.

Even W. K. Knowles, city manager, and Commissioner Earl Higginbotham, who in previous statements had voiced opposition to an authority, said they would prefer an autonomous authority to the creation of an authority that would operate somewhere in the "limbo" of a city aviation department and a weak authority such as contained in the legislative passed House Bill 3,000, which the City Commission had opposed and on advice of W. C. Hutchinson, city attorney, would not implement.

Knowles circulated a Dec. 23 memo to city and industrial commissions in which he recommended a municipal department of aviation be created to operate the airport with the industry function as a division of this department.

Knowles recommended J. S. (Red) Cleveland for director of aviation post and further recommended that an advisory industrial board be worked out now with the Greater Sanford Chamber of Commerce to integrate all activities into one coordinated industrial program for the city.

Commissioner Higginbotham agreed that one board should operate the city's industrial task but feels the chamber's industrial position should be emphasized and all industry seeking should stem from the SIC board.

Higginbotham said this would eliminate having two boards fighting among themselves for industry and would also cut down expenses. He said he realized this would not be too popular but felt was best under the circumstances.

Mayor Lee P. Moore, chairman of the joint session, said the chamber would be coming to the city for more money since it was separated from the county's budget, and admitted that some conflict between the SIC and chamber over industrial prospects had happened. He said this must be resolved.

Don Rathel, retiring SIC director, said it could be ascertained by looking at the industrial aspect of Dade County, Jacksonville and other sources that more industry can be obtained through the workings of an industrial board rather than a chamber.

Rathel's recent announcement of his intent to leave the city's employ effective Jan. 15 has complicated the present situation concerning the airport and the SIC operation, Mayor Moore advised.

The mayor praised Rathel for his industrial work despite his not receiving the co-operation he should have obtained. "Should we stay with the Rathel type of operation or go with a lesser type man?" Moore asked.

He admitted at least three applications from retired persons seeking Rathel's job were on his desk and if it is decided to hire a skilled Rathel-type man, then it would take some time to find such a person even if hunting started now.

Ernest Southard, SIC member, indicated his desire to ask Rathel to serve as part time director or hire someone local for help until a capable man is located.

Meeting ended with announcement that Moore, A. K. Shoemaker Jr., SIC chairman; W. C. Hutchinson, city attorney; and Knowles will get together to decide on the interim and ultimate courses SIC and city should take concerning the establishment of an autonomous authority, authority or department of aviation operation for the airport.

Moore observed, "Once that decision is made, it will be expected that everyone will work to make it a success."

'CINDY' AND HER THREE GODFATHERS
 JAMES R. HUNTER (Inset left), of Sanford, and Lt. Jerry W. Smith (right) look on as Robert Kindred, father of five, cuddles "Cindy," an abandoned waif found in a ditch. Hunter's wife, Lois, and two daughters reside in Sanford. (Navy Photo)

Sailors Care For 'Tots' Orphans Get Medical Aid

Three weeks before Thanksgiving, a Vietnamese girl named "Cindy" did not have a name. But that was the least of her worries: for Cindy was also lacking parents a home, and the proper care due to a two-week old child born one month premature.

Cindy lay abandoned in a gutter by a rural road near Cam Ranh Bay, almost lifeless, cold and without food, mercy appeared in the form of a passing good Samaritan who rescued the child and took her to the Vietnamese Catholic Sisters of the Tan Binh Orphanage where over 70 children are cared for.

On Nov. 2, volunteers from the U. S. Naval Air Facility, at Cam Ranh Bay, traveled to the orphanage to continue their installation of a fresh water system as part of a regular program of Civic Action.

Lt. Jerry W. Smith and Storekeepers 1-CL Robert Kindred, of Detroit, and James R. Hunter, of Sanford, Fla., were among the volunteers. When they arrived the sisters alerted the men to the critical condition of the abandoned three-pound girl and a young boy whose feet were seriously cut.

Cindy then lay in a crib, her lips, blue and feet blue from chilling. "Her condition was so critical," observed Hunter, "that immediate hospital care was necessary if the child were to live past the next few hours."

Hunter is the father of two girls, ages three and five, who live with his wife, Lois, in Sanford.

Bob Kindred and Lieutenant Smith rushed Cindy to the Cam Ranh Bay Air Force Hospital after taking Hunter and the young boy with the injured feet to the Naval Air Facility dispensary. The doctors at the Air Force Hospital examined Cindy and placed her in an incubator.

For the next few weeks, the three men kept a close vigil over the rehabilitation of the girl they decided to name Cindy. In two weeks Cindy had gained both a name and 14 ounces in a time recovery to acceptable health.

Volunteers from the Naval Air Facility now make regular trips to the orphanage for the express purpose of transporting ailing children to the Air Force hospital where a special ward has been established to treat seriously ill Vietnamese. Less serious ailments are treated at the orphanage by visiting doctors and hospital corpsmen working through the Medical Civic Action Program.

This Christmas the children of the Tan Binh Orphanage delight

CLARENCE REDDING, an elder in the First Presbyterian Church of Sanford and retired manager of McCrory's, died of a heart attack Christmas morning while visiting his daughter and her family in Wichita Falls, Tex., with his wife. The family will accompany the body back to Sanford later today. Funeral arrangements are incomplete at this time. Brisson Funeral Home is in charge.

DESERTED, COLD AND HUNGRY

APPARENTLY grieving for and waiting for the person or persons who deserted him, this dog has been observed in one spot on Oregon Avenue for 10 days. He now appears to be sick and shows fear when approached. Maybe his former master will see this photo and rescue the dog.

Christmas At Viet Recalled

By CHARNER LEONE

It wasn't a white Christmas in Vietnam this year. Rice paddies, a lush, green tropical forest, tiny artificial trees set from home, and gun fire in the distance were more characteristic of the day. That was Christmas, Vietnam style.

Carlton Callenberger, 21, a student at Seminole Junior College, has vivid, moving recollections of the day last year. The Lyman High 1966 graduate was serving as an advisor to the Vietnamese Army. The lieutenant, recently commissioned from Officers Candidate School in Ft. Benning, Ga., had been stationed in Vietnam since August, 1968. He was in the southern tip of Vietnam, in Ca Mau, a part of the swampy Mekong Delta.

Christmas Eve was an eventful day. "I didn't think I was going to get back in time for Christmas Day."

He helped liberate 140 Vietnamese women, children and soldiers from a Viet Cong prison camp.

"One hundred and twenty of us (mostly Vietnamese soldiers) went into the swamp area via helicopter. A VC defector was our guide. How he led us through that swamp, I'll never understand," related Callenberger.

The Viet Cong had fired about five minutes ahead of the arrival of the liberating force.

"About 70 of the troops accompanied the former prisoners back to safety while the rest of us pursued the VC," said the lieutenant. "We couldn't find them." They returned to the landing zone to await a pickup up from a helicopter. The landing zone (LZ) was a lake of mud.

"A Chinook (a helicopter which carries about 10 men) came to get us, but had trouble getting into the LZ," Callenberger remembered. "The pilot had to hover a few feet off the ground to avoid getting stuck in the mud.

"Helicopter gunships circled overhead, their mission to protect the Chinook. One of them fired into the bush nearby, sighting something. "With that the pilot scared and the Chinook went straight up, about 20 feet, dropping 15 of the Vietnamese troops in the mud as he did so!" said Callenberger.

"There we were—the Vietnamese emerging from the mud of the swamp, and the rest of us awaiting pickup," he lamented. He urged the pilot to return by radio and returned (Continued on Page 10A, Col. 2)

Voters Checked

Action to bring Seminole County's voter registration list up-to-date will be hastened Monday by Mrs. Camilla Bruce, supervisor of elections.

Mrs. Bruce said today she will place in the mail Monday cards to all persons now registered. If they wish to continue registered they must follow instructions in filling in the cards and mailing to Mrs. Bruce by Jan. 28. Otherwise, those who fail to return the filled-in cards will be purged from the voters' list.

Voter Registration Ready For Overhaul?

Editorial Comment

With the extraordinarily important mid-term election year of 1970 about to make its bow the circumstances which surround the registration of voters are receiving increasing attention.

It is in Florida, especially, and in Florida generally should need to be reminded that the percentage of eligible voters who register and the number of the registrants who cast ballots is unparagonably low.

Apathy is usually tagged as the villain in this civic tragedy.

But there are other factors which have been specifically named in a task force report under former Attorney General Ramsey Clark made to the Democratic National Committee.

It is bold. It is revolutionary. It is most welcome. It would shift the burden of registration from the individual to the government. This is already done in Canada.

Restrictive voter registration requirements which exist in many regions are believed to keep millions of men and women who would vote if allowed from casting ballots.

Of course this whole study is based on the national election but what is revealed has application to every election in every state with varying importance.

Here in Florida the aspect which is so obviously a hindrance to large voter registration is the national character of our society and civilization — its extreme mobility.

One year residency in the state is required at that level and six months in the county. This is bad enough as a voting hindrance but there are regions in our nation when a move across the street can make a family lose the right to cast ballots.

Thus what the Clark task force has produced

and which is under study by the Democratic National Committee is something which can contribute immensely to the modernizing of the voting machinery.

The proposal to have the government rather than the individual responsible for registering is, of course, subject to sharp criticism. For the basic fact of American tradition is the responsibility of the individual to make his own way, to carve out his fortune, to fly his own political flag.

It would also involve the creation of another bureaucracy, a neutral national election commission with a national director. This commission would canvass all residences and register the eligible citizens giving them a certificate of enrollment.

On election day he would sign this, present it to the proper office and receive a special ballot for president and vice president. Extension of this to include state and local elections would be permitted.

Give a little thought to this and arguments pro and con come marching in. But this is exactly what our voting record needs, hard-headed thinking. Ever since 1840 the percentage of voting-age citizens who have voted has gone down hill.

Our suggestion which has been made would be of a sort of reverse poll tax. It would involve the inclusion of a credit on one's income tax for voting.

Think that one over, too. But remember that 1970 will have to be subjected to the voting rules now in force.

But 1972 is not far away, in political calendar, and that is the year when some bold action now at the national level would pay very high political dividends then!

How about putting this on your "New Year's Resolution" list? Voting reforms to reform voting percentages!

Bows All Around

In this hiatus between Christmas and New Year's Day it seems to us to be just good manners to express our appreciation to all those who are so important as this page is put together.

To our cartoonists, there goes a very deep bow as it is with their skilled hands and bright minds that messages and comments are sent home with a force that words alone cannot do.

In this respect we trust that all of our readers get the pleasure we do in "Berry's World" where a light touch often conceals a deeper thrust.

Words are, however, the very substance of an editorial page. Breadth of view is sought as the national point of view comes from NEA's Alice Blomest and Ray Crowley, plus the sage columns from Richard Wilson, experienced and open philosophical interpreter of news.

Then there is Helen Fuller whose intimate and perceptive reports from Washington add a liveliness so welcome. Recently we have added the LPI news service and with this we are welcoming at least two new names. One is Merriman Smith, senior White House correspondent. Watch the "Washington Window" for scenes worth viewing!

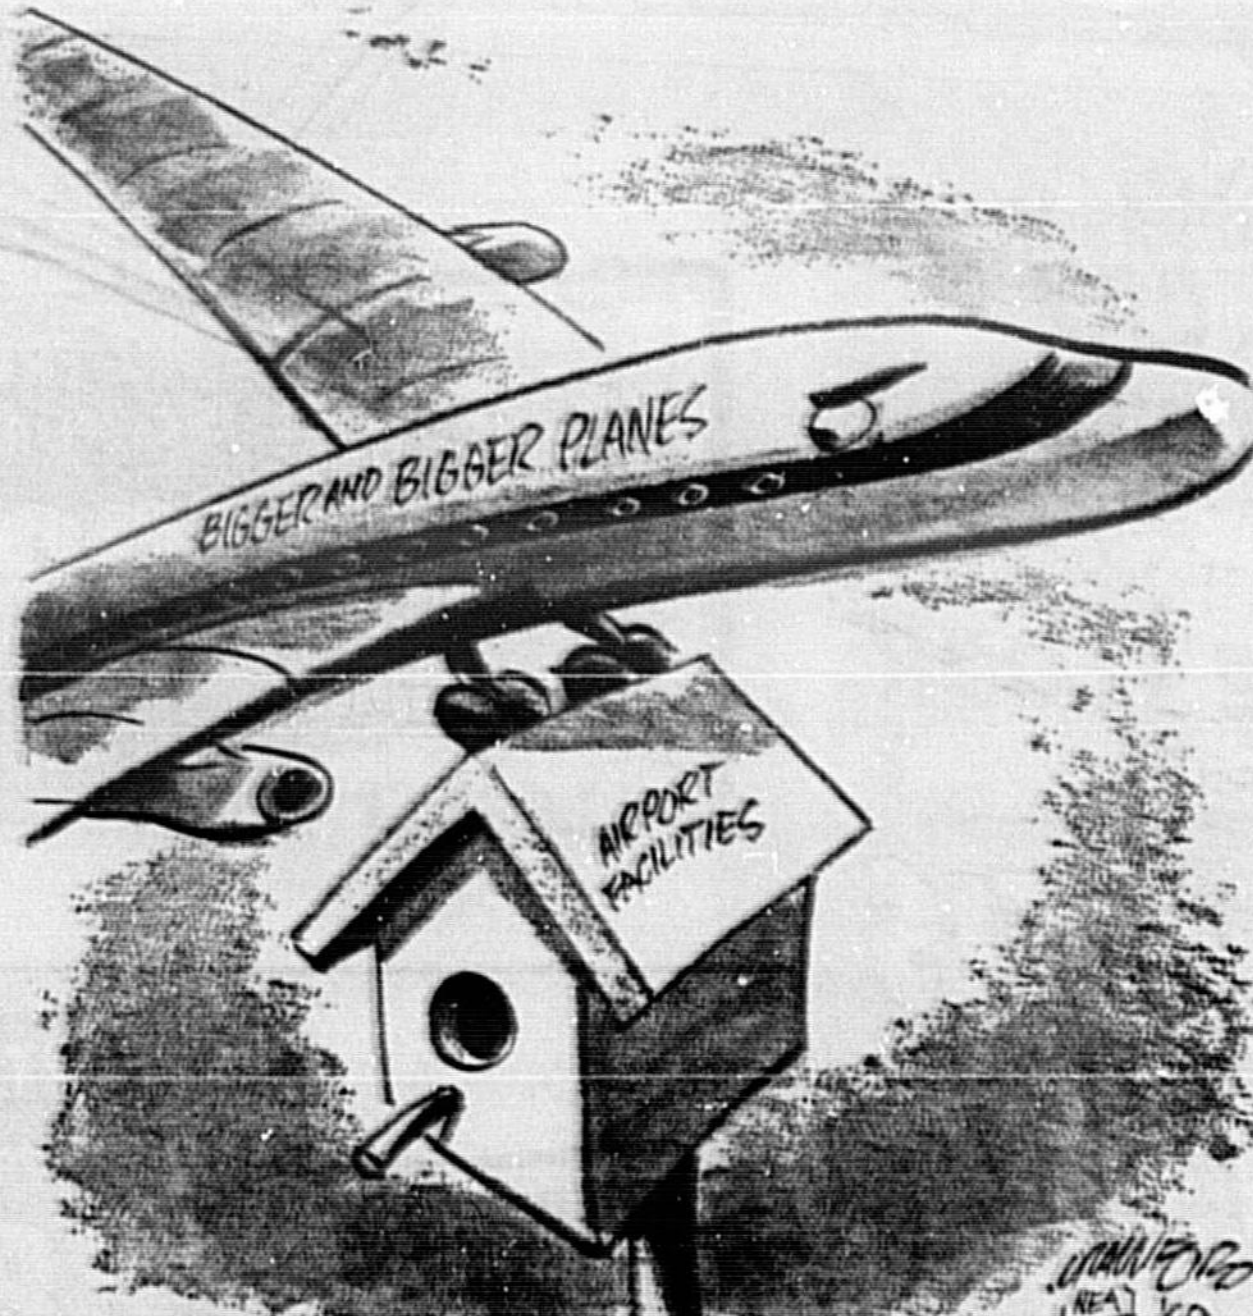

Phil Newsum's analysis of foreign news is also lending its substance to the overall informational strength of the page.

Under the cartoon every day, Dr. George W. Crane holds forth on extremely intimate and, as a result, extremely useful topics which produce widespread reader reaction.

There are other contributors whose close touch with local affairs and county doings are, as a result, extremely useful. For the policy of this paper, devoted to the furthering of Sanford-Seminole affairs, encourages such editorial efforts.

Thus we would end this "thank you" and acknowledge with bows spread all around our news room.

For it is the reporter who steals the time from jounding the pavements, sitting on the curb what are (and we've been there) endless conferences and meetings and writing the news reports to do some editorializing that often opens up to us more brilliance from our editorial writer with your help!

Crane's Worry Clinic:

How To Set A Marriage-Trap

By GEORGE W. CRANE, PH. D., M. D.

CASE L-595: Ada G., aged 20, is a college coed.

"Dr. Crane," she began, "why do men seem to think that girls are always trying to catch them for marriage?"

"They act so gushy, as it were, when the subject of marriage is old-fashioned stuff!"

Male emotion is a partial explanation!

The man flatters themselves by thinking every woman is madly eager to lease them with a wedding band.

Another factor to explain their diffidence is the great surplus of women over men, running well over 5,000,000 above the age of 21.

If this ratio were reversed and men far outnumbered women, then you'd see much greater eagerness by males to get a woman to match down the center aisle with them.

It's thus a man's world, with men having far more freedom and privileges than women, so they shy away from limitations which they think marriage will bring.

If you girls really wish to win husbands in our highly competitive American marriage market, then follow this formula:

(1) Adopt ancient Roman's sage advice which he offered a young fellow who was trying to win a girl's favor, but girls can reverse it.

"Go to the archer," advised Seneca, "and see how he uses his bow.

"With one hand he pulls it back but with the other he pushes it away."

That means, in essence, tease 'em but leave 'em or keep them guessing and they will soon be urging you to accept an engagement ring!

(2) Be lavish with compliments for year long friend, for men's ego demands a heavy input of praise.

Your cheery smile is a non-verbal compliment but also ask him for advice and affect helplessness so he will then feel more important.

(3) In 1964, girls won their

men by coquetry and "fams" instead of their "fams." Many modern girls rely mainly on mini-skirts and their "measurements."

These attract attention, but do not seem to think that girls are always trying to catch them for marriage?

For winning a wedding band is comparable to winning an order for an automobile or life insurance policy.

And the standard sales formula is: (1) attract attention; (2) maintain interest; (3) create desire; (4) get action; (5) produce permanent satisfaction.

Your mini-skirts may help attract attention. And your rich use of compliments will maintain interest, as well as create desire for more dates so he can receive additional praise.

Then resort to Seneca's advice to get action. With slight old-fashioned, you may need to import a male cousin and then respectfully tell your reluctant "steady" that you must stop dating him for awhile because a man from your home town is now in the city and you must entertain him till he leaves.

Divorces indicate the failure of women to apply the 5th part of the sales formula!

(4) Take your boy friend to church with you, for men expect girls to be the chief custodians of morality and music, idealism and altruistic concern for handicapped kiddies, the blind and star-walk.

Remember, too, that 80 percent of the applicants to our Scientific Marriage Foundation forbid our even introducing them to a woman who smokes!

So send for my 200-page "Tests for Sweethearts," enclosing a long stamped, return envelope, plus 20 cents, and pick quality astronomical "merchandise" at the outset!

(Always write to Dr. Crane in care of this newspaper, enclosing a long, stamped, addressed envelope and 20 cents to cover trying and printing costs when you send for one of his booklets.)

Stilley Says:

Leg "Art Nouveau"

NEW YORK (AP) — Her on the heels of the masculinists, we now have the Max fashion avant-garde artist Peter Max.

It is actually they're not only on the heels, but also on the toes, calves, knees and thighs of a new collection of hoisery that bears his cosmic design.

The 36-year-old exponent of art nouveau for the masses followed his initial success with psychedelic posters by putting his bold and colorful imprint on cloaks, toys, towels, dishes, napkins, ash trays, scarves, stationery and even the sides of buses.

Now, looking for new spaces to conquer, Max has gone out on a limb—and given a new meaning to the term "er art."

His brilliant-lined geometric, flowery fantasies, contemplations and

Washington Window:

Nixon - Johnson At Breakfast

By MERRIMAN SMITH, NEA Washington Correspondent

UPI White House Reporter WASHINGTON (UPI) — When former President Lyndon B. Johnson met President Nixon in a two-hour breakfast conversation at the White House recently, there was widespread speculation about what they discussed.

The White House released a sparse list of foreign affairs topics which came up in the talks, but nothing more. Before his large measure by what Johnson avoided reporters except for a few of his favorites. Even with them, however, the conversation amounted essentially to small talk.

But with former associates in his administration, LBJ did drop a few hints about his talk with Nixon.

Among other things, Johnson during his brief Washington stay spoke of how Nixon was being mistreated by the press.

He felt the current chief executive was on the right course in Vietnam, but the public was being confused and confused Nixon peace efforts.

That situation was attributed to the large measure by what Johnson viewed as biased interpretation by columnists, commentators, cartoonists and other figures of Washington journalism.

From second and third-hand accounts, it was difficult to determine the extent to which Johnson compared Nixon's difficulties with his own experiences as a widely criticized President.

Johnson, however, was quoted by one friend as having said, after his first White House visit since he turned over the presidency to Nixon last Jan. 20:

"Dick Nixon is doing a lot better as President than most people realize. And he would do a lot better in conduct of the Vietnam War and peace efforts if the blanket-bank press would leave him alone and give him a chance."

Domestic Comment:

Some Intriguing Alaskan Items

By RAY CROMLEY, NEA Washington Correspondent

WASHINGTON (NEA) — We all know, when we stop to think about it, that most students are not interested in campus violence, and that very few are members of those well-publicized hate groups which, like their counterparts in other parts of the country, are causing problems for their campuses to speakers with whom they disagree.

(4) Take your boy friend to church with you, for men expect girls to be the chief custodians of morality and music, idealism and altruistic concern for handicapped kiddies, the blind and star-walk.

Remember, too, that 80 percent of the applicants to our Scientific Marriage Foundation forbid our even introducing them to a woman who smokes!

So send for my 200-page "Tests for Sweethearts," enclosing a long stamped, return envelope, plus 20 cents, and pick quality astronomical "merchandise" at the outset!

(Always write to Dr. Crane in care of this newspaper, enclosing a long, stamped, addressed envelope and 20 cents to cover trying and printing costs when you send for one of his booklets.)

Dick West Says:

Technology-Drums

WASHINGTON (UPI) — I've been getting a lot of feedback from a column in which I advocated that the government develop a network of tom-tom and smoke signal message centers to serve as a backup system for our overworked telephone, telegraph and mail services.

These problems also had occurred to me, of course, and the solutions already are in hand.

The pitch of tom-toms can be raised by tightening the skins across the drum heads. Very well. To avoid increasing the decibel count, and to distinguish the tom-tom beat from other sounds, we simply raise the pitch to the point where it becomes inaudible to the human ear.

And how are we to interpret the smoke signals through the swirl of automobile and industrial smog?

Other electric intellectuals pointed out that the tom-toms and smoke signals would themselves raise the level of noise and vibration, thus offsetting any advantages they might offer as communications media.

These problems also had occurred to me, of course, and the solutions already are in hand.

The pitch of tom-toms can be raised by tightening the skins across the drum heads. Very well. To avoid increasing the decibel count, and to distinguish the tom-tom beat from other sounds, we simply raise the pitch to the point where it becomes inaudible to the human ear.

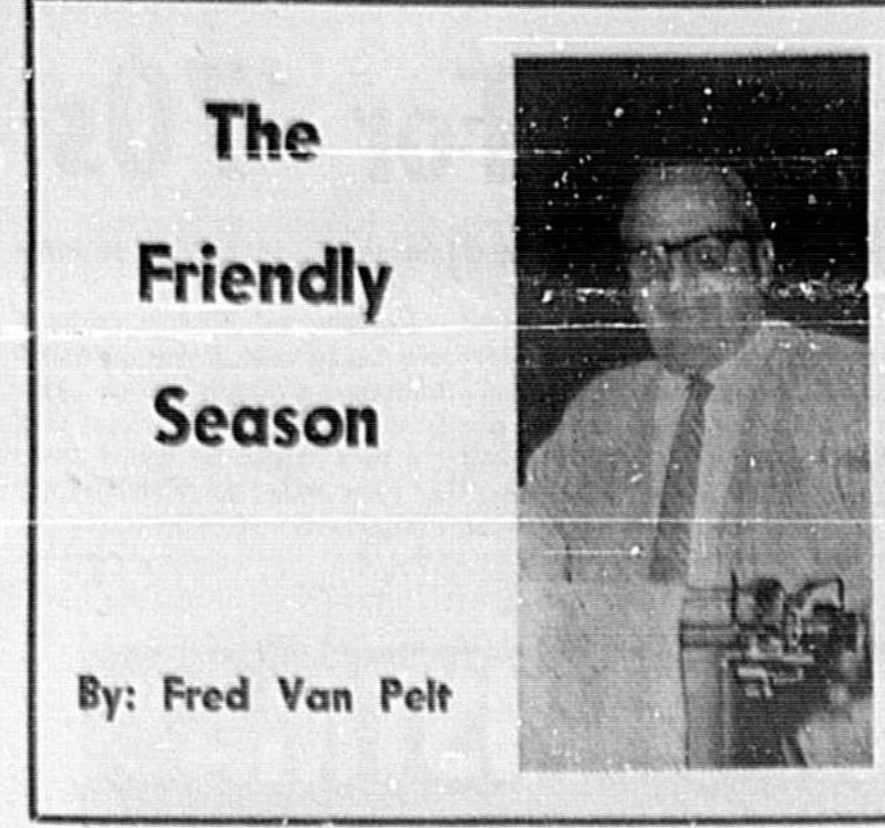

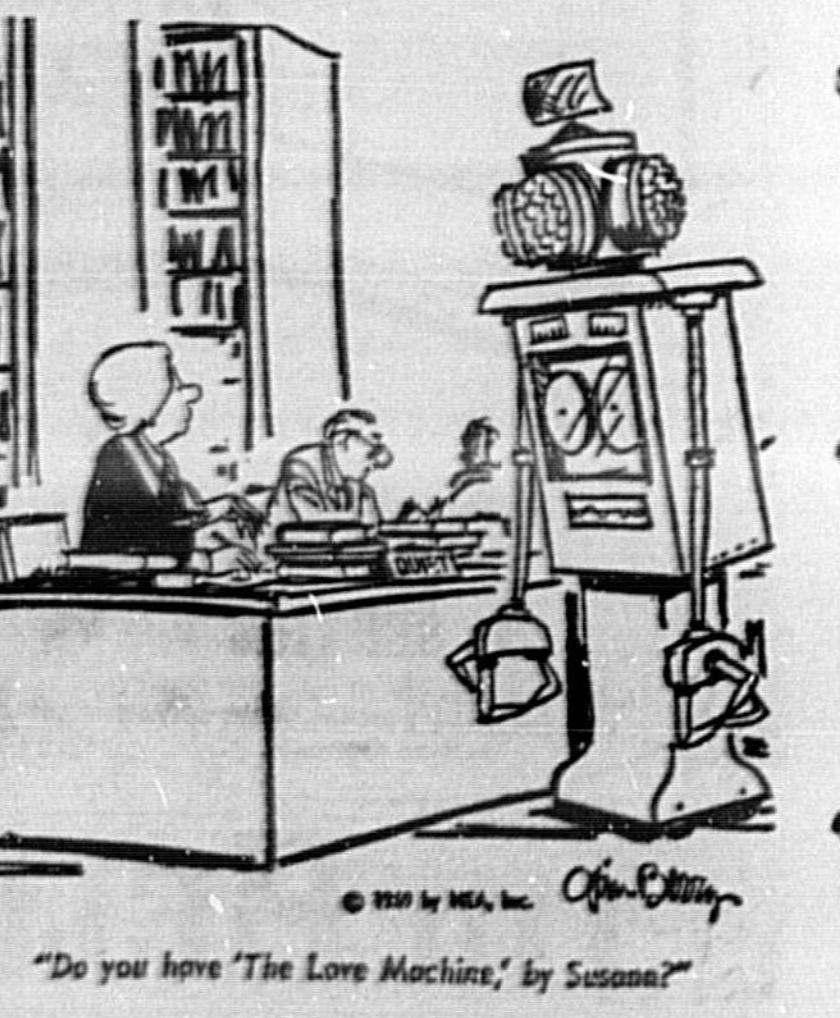

And how are we to interpret the smoke signals through the swirl of automobile and industrial smog?

BERRY'S WORLD

Mr. Abel stated that "Two people answered right away wanting to buy but within 2 hours after appearing in the paper they had changed their minds and AD AND GET LOW RESULTS!"

DIAL 322-2611 or 425-5928

By: Fred Van Pelt

The "holiday season" has taken over the "friendly season" it is rather difficult to dig interesting political news from dull facts. About the only noticeable interesting item was the receipt of greeting cards from just about every politician in the state, especially those who will be candidates for high office. This happens only in campaign years.

And, of course, top interest locally is... who will be selected as the fifth city commissioner of Sanford by the master politician?

Politics is dull at this writing, what with the members of Congress scurrying out of Washington and the Capitol at Tallahassee closed tighter than a drum... all the politicians headed for home and Christmas with families... along with some political fence mending at the same time.

There has been one interesting political item crop up this last week: State Rep. Leonard Wood, of the Seminole-Orange legislative delegation, has let it be known he is very much interested in the Republican nomination for U.S. representative from this Congressional district.

Bill Herlong, who went down to defeat before Democrat Bill Chappell last November, hasn't shown much interest in making another effort to top Chappell. Wood has thrust himself into the picture, having been quoted he will run if Herlong does not.

REP. WOOD GOV. KIRK

Judging from Wood's oral performances in the State Legislature and in legislative conferences, this Fourth Congressional District will know it has a representative in Washington if the people elect Wood over Chappell. The people will be able to hear Wood, all the way from Washington, and that is meant as a compliment. He has made it a point to let the people know where he stands and, in at least one legislative conference when this reporter was present at Tallahassee, he brought out in the open some items that were supposed to have been kept quiet for the time being.

Camel Bruce received some interesting and welcome information from The Herald's LPI news wire out of Tallahassee. A technical change in a state law requiring one voting machine in a district with 23 registered voters. The "majority" signature.

Kirk allowed the 15-day time limit to expire without signing or vetoing the measure.

The county supervisor of elections explained that the new law provides one voting machine for each 350 voters or major fraction thereof. "As passed in the regular session, it required three machines in a district of 23 registered voters. The "majority" makes a difference, Cam!

Seminole County now owns 90 voting machines, including 30 new ones. All the county's 37 precincts have more than 3,000 registered voters, with some 10-12 having more than 1,000.

The "pre-election workshop" planned for county election officials Jan. 16-17 at Tallahassee has been delayed until after the regular 1970 legislative session.

Mrs. Dorothy Bishop, supervisor of elections in Secretary of State Tom Adams' office, said the reason for the delay is that "there will be changes in the election code coming out of the session."

She said that if Governor Kirk should veto the bill moving the primaries from May to September, the workshop will be held at 3 p. m. Saturday at First Presbyterian Church, Jacksonville. Mrs. Page Bragg, Fairborn, Okla.; five stepsons, Dr. Harry R. Ansley, Apopka; Lewis Ansley, Jacksonville; Hugh Ansley, Atlanta.

SJC Presents A Smashing Hit

By MELINDA CASSELLBERRY

Seminole Junior College's Soft Green Theatre presented "A Hatful of Rain" by Mike Guido Friday and Saturday nights at the Lyman High School auditorium in Longwood to a receptive audience composed mainly of their peers.

The play was directed by Jim Turner assisted by Robert Comelongo, both students. A serious drama, it presented a penetrating glimpse into the relevant problem of drugs in today's society.

The contemporary setting in the New York City tenement apartment of Johnny Pope, Jr., a veteran, who had become addicted to heroin while in an Army hospital, played by Mike Yakima. Johnny had managed to withstand three days of hell while enduring "cold turkey" to kick his habit, shortly after his discharge from the Army, but he was no different from thousands of other addicts in that it wasn't long again until he was back on it.

His addiction was unknown to anyone until the climax of the play except his brother, Polo, who had confessed his love for her.

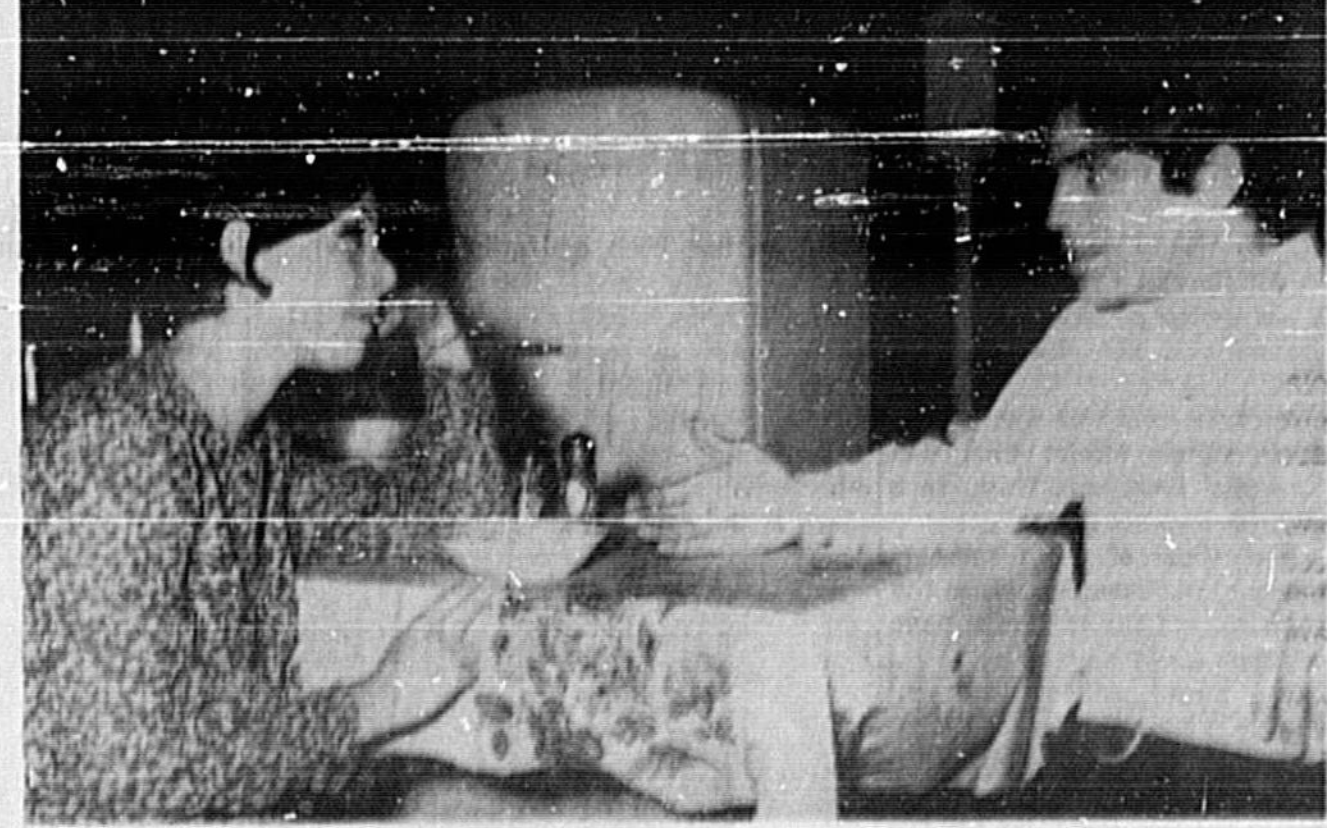

Miss Sonne was outstanding in her portrayal of the sensitive young mother-to-be, Mike Yakima and Mike Guido were both well cast and did outstanding jobs.

D. L. Ebert, a SJC humanities teacher played Polo, a selfish dominating father, who favored his son Johnny over Polo having many psychological scars upon his sons. Ebert played the part effectively enough to cause the audience to have disdain for the character.

Also in the cast were Jim White as the pusher, Rick Joyner as "Apples" his assistant; Ken Jenkins as a fellow addict; and Robert Comelongo, as "Patsy" a "dumb blond."

The drama unfolded against the background of an ordinary apartment and the players were somewhat at a disadvantage as the stage of the new auditorium is still sans curtain.

The drama group is planning another production in the spring.

KAREN Sonne and Mike Guido of Seminole Junior College's Soft Green Theatre players are shown in a scene from "Hatful of Rain" in which they had leading roles. (Melinda Casselberry Photo)

ACTING in the lead role in the SJC production was Mike Yakima who played the part of a drug addict, shown with his wife in the play, Karen Sonne. (Melinda Casselberry Photo)

Bankers Ask For Six Per Cent Interest

WASHINGTON (UPI) — The American Bankers Association today urged the government to permit commercial banks to pay the 6 per cent interest rate authorized last week for savings and loan associations.

ABA President Nat S. Rogers said the increase in savings and loan interest rates places savings banks at a disadvantage.

The Federal Home Loan Bank Board last week authorized savings and loan associations to pay 6 per cent interest on certificates of deposits with terms of 12 months or longer.

The top interest rate for other savings and loan accounts is 5 1/2 per cent. Banks normally pay five per cent on time deposits although some large certificates carry higher rates.

Deaths In The Area

MORRIS H. SPENCER, 72, of 121 N. Virginia Avenue, died Thursday morning. Born in Sanford, he was a member of the First Methodist Church, Sanford. He was a retired carpenter, and a member of the V.F.W. and a retired carpenter.

Survivors include his wife, Mrs. Ruth Spencer, Sanford; two daughters, Mrs. Guy Vitale, of Munich, Germany, and Mrs. Fitcher, of Sanford; three sons, Miss Emma Spencer, Sanford; Mrs. Lillie Schumacher, Winter Park; and Mrs. Carolyn Kirk, of Sanford.

Funeral services and burial will be in Henderson, Ky. Fairchild Northside Chapel, Casselberry, in charge of local arrangements.

MACK L. McDANIEL, 60, of 365 Palmetto Street, Longwood, died Wednesday at his residence.

A native of Savannah, Ga., he came to Longwood 13 years ago from Rome, Ga. He was a retired builder and contractor and a member of the Pentecostal Church of Longwood.

Survivors include his wife, Mrs. Pearl G. Hoggard, 74, of 420 Cypress Way, Casselberry, died Thursday at a DeLand nursing home. A native of Davis County, Ky., she moved to Casselberry 15 years ago from Henderson, Ky. She was a Baptist and a retired post office and defense plant employee.

She is survived by her husband, Morris H. Spencer, 72, of 121 N. Virginia Avenue, who died Thursday morning. Born in Sanford, he was a member of the First Methodist Church, Sanford. He was a retired carpenter, and a member of the V.F.W. and a retired carpenter.

Survivors include his wife, Mrs. Ruth Spencer, Sanford; two daughters, Mrs. Guy Vitale, of Munich, Germany, and Mrs. Fitcher, of Sanford; three sons, Miss Emma Spencer, Sanford; Mrs. Lillie Schumacher, Winter Park; and Mrs. Carolyn Kirk, of Sanford.

Funeral services and burial will be in Henderson, Ky. Fairchild Northside Chapel, Casselberry, in charge of local arrangements.

Rejected Romeos

YEKVIL, England (AP) — Local Romeos flocked here when they heard 72 attractive teenage girls were spending their vacation in a nearby country house. But they found their path barred by Somerset police guarding the girls for their influential fathers—they are all daughters of senior French post office officers.

NO-BATTERY HEARING AID
Costs Nothing To Operate

Even if you wear it 18 hours a day or more, this hearing aid completely recharges at night! Because there is no battery, no maintenance and corrosion, a constant source of service problems in all other aids, you almost eliminate.

No more fusing with batteries! This unique hearing aid uses a gold-plated nickel cadmium powercell, completely eliminating the need for batteries. The revolutionary powercell does away with background noise and hum in the amplifier and its universal automatic suppression circuit automatically controls feedback noises!

I would like more information.

Global Political Struggle Is Assuming Strong New Look For '70s

by WILLIAM L. BYRAN
AP Special Correspondent

The global political struggle is assuming a new look for the 1970s. The cold war was a relatively simple affair: East was East and West was West, each with its own set of goals. Now some of the dissident values are changing. The major dangers are obvious: Vietnam, Asia, China, Russia, the Middle East, Europe and Germany, and so on. But in the long run there are far bigger problems: how to end the nuclear arms race, how to avert a catastrophic world conflict, how to deal with population expansion, competition for living space, competition for trade and raw materials, worldwide pollution of land, sea and air.

These are common problems shared by all advanced nations. Failure to attack them effectively could mean one day that armed forces will not mean much.

More and more, therefore, the word "realities" crops up in the press of both the West and the Communists. One reality, conflicts of the cold war may stand in the way of solving problems which can mean life or death.

Marines Happy Over Reductions
By FRED S. HOPMAN
AP Military Writer
WASHINGTON (AP) — Marine leaders are welcoming planned reductions in the size of the corps as an opportunity to improve the quality of their traditionally "gung ho" branch of the armed services.

"With a smaller force you can be selective in who you take in and who you keep," one general said.

Marine planners believe a force of about 200,000 men would enable them to operate three divisions and supporting aircraft wings in a high state of readiness.

The Marines had 250,000 men in the summer of 1965 when the United States launched its big military buildup for Vietnam. The corps reached a Vietnam peak of nearly 315,000 last March.

Since then, as President Nixon has pulled some forces out of Vietnam, the administration has moved to trim Marine strength by 20,000 men before June 30. The new defense budget probably will provide for a further Marine manpower cut of 30,000-40,000 men.

That would bring the corps down to about 234,000 by mid-1971. At this rate, the hoped-for force of about 200,000 would be reached in 1972.

The Marines consider themselves an elite group composed of almost all volunteers. However, the Vietnam war requirements forced the Marines to turn to the draft in 1965 for the first time in 13 years. The Marines would like to dispense with the draft entirely and a return to the level of 200,000 men probably would enable them to do so.

Marine generals say the corps can meet its traditional mission as a quick responding crisis force with three divisions. This would place the 1st Marine Division on the East Coast where it now is stationed, the 3d Marine Division on the West Coast, and the 2d Marine Division split between Okinawa and Hawaii.

Marine installations, in ready-to-land condition are normally kept aloft in the Mediterranean, the Caribbean and the Far East.

Preserved
LAFAYETTE, Colo. (AP) — Tom F. Jones, 41-year-old paper salesman, said 30 photos from a 35-shot roll of camera film turned out well. He considered this very good, since the film came from a camera that had lain in a mountain wilderness more than two years, even since Jones was hurt in a fall in Roosevelt National Forest while hiking. He found the camera about 20 feet from where he had fallen.

A partridge is armed with 30,000 barbed, hollow quills from above its eyes to the tip of its tail. Each quill has 20 to 30 barbs.

Eastern Europe is Moscow's private backyard and that the Soviet liberal movement went to the core of the Russian-Western conflict, and that event is likely to color much of what happens in the next decade. The doctrine of sovereignty served notice on the West that Europe is at the center of Soviet calculations.

And so something like a new "security" arrangement between the Soviet Union, after years of considering West Germany the main threat to peace, is making gestures toward the Bonn government. The United States, after years of considering China the most dangerous antagonist, is making gestures to Peking.

Moscow and Washington have decided to talk in earnest about limiting strategic arms systems. This implies hope that the race might be cooled down or even ended in the 1970s, but the obstacles are formidable.

Reds Charged With 111 Cease-Fire Violations

Fighting In Lull After Yule Truce

By GEORGE ESPER, Associated Press Writer
SAIGON (AP) — No major fighting was reported in Vietnam today after allied forces ended their 34-hour Christmas truce. The three-day cease-fire proclaimed by the Viet Cong last night, but U.S. and South Vietnamese forces had resumed combat operations Christmas night.

The allied commands charged the Viet Cong and North Vietnamese with 111 attacks violating the truce and said 106 of the enemy were killed and 11 were captured. Allied casualties were

12 South Vietnamese troops killed, 23 South Vietnamese and three Americans wounded and 100 American soldiers missing, the commands reported. U.S. B52s went back into action with raids in the northwest corner of South Vietnam, 70 miles northeast of Saigon and in the Mekong Delta about 80 miles southeast of Saigon.

The U.S. and South Vietnamese commands said there were no B52 missions or fighter-bomber sorties flown throughout South Vietnam during the 34-hour allied cease-fire. However, official sources said

American helicopter gunships flew in support of allied ground troops threatened by enemy forces. Both B2s and fighter-bombers continued to bomb the Chi Minh Trail network through eastern Laos during the cease-fire in an effort to slow infiltration of North Vietnamese troops and supplies into South Vietnam, sources said.

The allied commands reported a sharp drop in casualties on all sides last week, and South Vietnamese headquarters attributed this to a 31 per cent decrease in enemy activity.

Israeli Jets Blast Arab Missile Sites

By THE ASSOCIATED PRESS
Tel Aviv (AP) — Israeli jets thundered across the Suez Canal for 8½ hours Christmas Day to destroy an intricate missile sites the Egyptians were trying to rebuild, an Israeli spokesman said.

The attack against the surface-to-air missile sites was one of the longest air actions since the 1967 war. The SAM sites were hit in previous Israeli raids, but the Egyptians were trying to rebuild them and our planes went in again to clean them out," an Israeli spokesman said. "The missile batteries were destroyed."

The two visitors put the Arab-Israeli conflict aside for a while Thursday night to attend the wedding of Kadafi to the daughter of Chief Nuri Khalef, a political figure under the Egyptian government, and Col. Muammar, the Libyan strongman is 37, and this is believed to be his first marriage.

LBJ Airs Politics Over TV Saturday

NEW YORK (AP) — Lyndon B. Johnson says he never wanted to be president of the United States and would have left the 1964 Democratic nomination open for Robert F. Kennedy or Hubert H. Humphrey except that his wife, Lady Bird, persuaded him to run.

Although convinced he could have beaten Richard M. Nixon in 1968, the former President says he retired from last year's race because by then Mrs. Johnson wanted him to and because: "I was convinced that there were forces in my own party, that there were forces in the minders of public opinion in this country that would continue to oppose a tax bill, to arouse questions that would make peace (in Vietnam) impossible, that would continue to agitate in the cities for the effect it would have on the President who would be the Democratic nominee."

He said that Sen. Eugene J. McCarthy's showing in the New Hampshire primary and Sen. Robert F. Kennedy's entrance into the battle for the nomination did not affect his decision. Johnson made his explanation of his March 31, 1968, decision not to seek a second full term in an interview with Walter Cronkite taped in Texas last September for broadcast on CBS-TV Saturday night. The former President was paid for this, the first in a series of television in-

terviews on his political career, but CBS declined to say how much. During the interview, Johnson disclosed that the late President John F. Kennedy, while a senator, and his father, the late Ambassador Joseph P. Kennedy, were the first men to urge him to seek the presidency.

The late Adlai E. Stevenson won the nomination that year. Johnson says he never wanted to be president of the United States and would have left the 1964 Democratic nomination open for Robert F. Kennedy or Hubert H. Humphrey except that his wife, Lady Bird, persuaded him to run.

Perot Is Refused

By LEWIS M. SIMONS, Associated Press Writer
WASHINGTON (AP) — North Vietnam refused today to admit H. Ross Perot and his two companions to Christmas gifts for American prisoners of war.

Budget Cutbacks To Reduce A Million

By FRED S. HOFFMAN, Associated Press Writer
WASHINGTON (AP) — Pentagon officials predict about 1 million fewer Americans will be involved in the nation's defense as a result of budget cutbacks over the first 30 months of the Nixon administration.

The reduction of the Vietnam war has been responsible for a considerable part of a planned savings for this year, but Secretary of Defense Melvin R. Laird also has ordered economies by closing bases, canceling and stretching out hardware programs, cutting back air defense, and laying up ships and air squadrons.

More is in prospect, including probable major base shutdowns in the coming year. At the United States has reduced its troop commitment in Vietnam, the Pentagon has arranged for a slimming down of the armed forces. So far, nearly 270,000 men are being cut from the armed services rolls this fiscal year and there are hints the total force reduction could reach about 500,000 before mid-1971.

Half-Dollars Minted With Scarce Silver

By JOHN M. PEARCE, Associated Press Writer
WASHINGTON (AP) — The Mint is forging ahead with its production of scarce silver half-dollars despite a Treasury Department desire to make them of a copper-nickel sandwich in order to preserve the nation's dwindling silver supply.

The Denver Mint — the only one producing half-dollars — stamped \$16.6 million of the 6-cent pieces during November. Roy S. Cahoon, the Treasury Department chief coin manager, says he is in an interview. "This is almost 20 per cent of the \$10 million ceiling set by law and, Cahoon said, isn't nearly enough to go around."

Although it's not possible to judge how many of the 26 billion Kennedy halves minted since 1964 are still in circulation, Cahoon said "we do know they're circulating as they should in daily commerce."

The Mint judges a coins' circulation by the number returned to Federal Reserve regional banks by commercial banks in their areas. Now, Cahoon said, the reserve banks "have no inventory."

One problem causing the limited circulation, Mint officials believe, is the notion that the silver in the coins may one day be worth more than 50 cents, making it profitable to hold them now in the hope of selling them for their silver content later.

But the silver in one half-dollar, at the latest prices of about \$175 an ounce, is worth something less than 20 cents, meaning the price would have to double before the metal in a half-dollar will be worth more than its face value.

Cahoon said the Mint put on the big production push in November because "we try to get as many out on the banks before the Christmas holidays as we can."

SANTA awards a sleigh full of gifts donated by the Sanford Plaza merchants to happy Mrs. George Brister, 216 West Coleman Circle, Sanford, on Christmas Eve. From the 2,939 separate family entries in the contest she came closest with guess of \$355.49 and the actual value of the gifts was \$355.62. The Bristers are parents of six children and he has been working hard on the Cretian fruit cake sale so that others could have a merrier Christmas. (Herald Photo)

NEW YORK (UPI) — A 43-year-old man suffering from terminal emphysema was given a new heart and lungs on Christmas Day in an operation of a kind that had been attempted only once before.

A team of 14 surgeons at New York Hospital, headed by Dr. C. Walton Lillehei, transplanted the heart and lungs of a 26-year-old woman who died of a brain hemorrhage into the man's body in a 3-hour and 15-minute operation.

A hospital announcement Thursday night said the patient was "progressing satisfactorily." No further information is expected until noon today.

The only previous heart-lung transplant was performed in Houston on Sept. 15, 1968, by Dr. Denton Cooley of St. Luke's Hospital. Two-month-old Debra Lynn Lee received the heart and lungs of a day-old girl.

Little Debra died of cardiac arrest the following day. The operation had never before been attempted on a patient suffering from emphysema.

Among the friends taking an active part in the fund raising are Miss Mabel Morrison and Edward Mortimer. Donations may be sent to the bank designated for the "David and Cheryl Murray Fund" or left at the Bellu Salon on 25th Street.

The young people had lived in this section of Sanford for many years before moving to DeLand last May. With the glorious Indian summer weather and the sheer joy of being young, how could they foresee that their would be no return trip on that fateful day? As they started homeward, a car struck them on Country Club Road, and they have been hospitalized since Nov. 22. Physicians are making a valiant effort to save their legs, to repair the bone damage and to graft new skin. The trip, taken in such eager anticipation, may extend from Thanksgiving until Easter, at which time the young brother and sister will face the task of learning to walk again.

A fund has been started at the Sanford Atlantic National Bank to assist the family with the overwhelming financial problems. The young people are well known in Sanford, having grad-

Heart, Lungs Given Man For Christmas

In Candlelight, Double Ring Ceremony... Miss Marilyn Partin And T. L. Bellhorn Exchange Vows

By LIZ MATHIEUX
Miss Marilyn Partin, daughter of Mr. and Mrs. James Augustus Partin of Oviedo, became the bride of Theodore Louis Bellhorn of Slavia, son of Mr. and Mrs. Ernest Louis Bellhorn, also of Slavia, on Saturday, Dec. 20, 1969, at 7:30 p. m. at the First United Methodist Church of Oviedo at a candlelight double ring ceremony with Rev. C. N. Ogg officiating.

The church was festively decorated with poinsettias, and four tea-branched candelabra holding burning white tapers, two standing pedestal baskets of white gladioli, mums, stock, pom poms, and ferns interspersed with pink sweetheart roses. White satin bows designated the family pews.

Miss Jeanette Ogg presided at the console of the organ as a special honor to the bride and played the traditional wedding marches along with many love-appropriate nuptial selections.

The bride wore a gown of white tulle with a long, flowing train, and carried a bouquet of white and pink roses. The groom wore a tuxedo with a white shirt and a black bow tie.

The bride's mother chose a blue silk and worsted ensemble, trimmed with white lace and accented with pearls around the neckline and bell-shaped sleeves. Her accessories were matching and a feathered corsage in pastel blue adorned her shoulder.

The groom's mother chose a pink silk shantung gown with matching jacket which was embellished with sequins on the collar and sleeves. She chose matching accessories and her flowers were a delicate pink carnation corsage.

Immediately following the wedding, a gala reception was sponsored by the bride's parents, Mr. and Mrs. James Partin and her uncle and aunt, Mr. and Mrs. James Stewart of Clearwater, at the church Fellowship Hall.

The flowers used for the wedding ceremony were also used to adorn the reception site. An added feature an arrangement of pine and candles graced the piano and a lighted Christmas tree was at one end of the Fellowship Hall.

The bride's table was covered with white tulle which was edged with a deep edge of white satin. Each corner was draped and white satin bows and streamers of glittered white tulle were placed at vantage points.

Centering the table was an elegant four-tiered traditional wedding cake, frosted in white and embellished with pink roses and white wedding bells. Flanking the cake were two, three-branched sterling candelabra, as an added note of grace the bride's bouquet was also used to ornament the table.

MISS CHRISSEY SHEDDEN was guest of honor at a recent miscellaneous bridal shower at the home of Mrs. L. L. Wilson. Left to right are Mrs. Wilson, mother of the bride, Mrs. Richard Galloway, mother of the groom, Miss Shedden and Mrs. Robert Shedden, mother of the honoree. (Mrs. Farmer Photo)

Bridal Shower Honors Miss Shedden

By CECELIA FARMER
Miss Chrissy Shedden, bride-elect, was guest of honor at a miscellaneous shower, Dec. 17, at the home of Mrs. L. L. Wilson, 244 South Grandview Ave. Co-hostesses with Mrs. Wilson were her two daughters, Judy and Diane.

The entire party area was decorated with Christmas arrangements and a tree in the living room. The refreshment table was overlaid with an off-white embroidered linen cloth and the centerpiece was an arrangement of blue and white mums, pom poms, fern and Christmas greenery, flanked by two crystal holders with white tapers.

Cranberry punch was served from a crystal punch bowl with lemons and cherries floating in a block of ice along with peaches, wedding cookies, nuts and mints.

Members of Sanford State League met in the home of Mrs. Evarose Robb for a Christmas party and covered dish dinner.

After the business meeting members and guests enjoyed entertainment consisting of Christmas poems and stories and the singing of Christmas carols.

The rooms were beautifully decorated with every imaginable kind of Christmas ornament. A table display of a tiny, unique village scene, hand-carved many years ago, was admired by all.

Everyone was in a very holiday mood and agreed that it was an evening to remember. Protect hands from the raspings of harsh soaps by wearing rubber gloves lined with cotton. And pamper your hands occasionally with a relaxing beauty treatment by wearing this cotton gloves over rich cream to bed.

Dinner Entertains Wedding Party

By CECELIA FARMER
Mr. and Mrs. H. E. Leach, parents of the groom, hosted the rehearsal dinner for the Cullum-Leach wedding, Saturday, Dec. 20 at Spencer's Restaurant at 6 p. m.

The bride and groom's table held an arrangement of pink sweetheart roses and a miniature bride and groom. Other tables were adorned with white candles surrounded by white poinsettias.

Guests joining the bridal couple were Mr. and Mrs. John Cullum, parents of the bride; Mrs. Mildred Bishop, Mrs. W. A. Hunter, Mr. and Mrs. Wendell Hirt, Warren Keene, Lonnie Keene, Johnny Cullum, Susan Leach, Feta Leonard, Martha Lee Rose, Beth Hirt.

Also Mr. and Mrs. Bob Clark, Sallie Clark, Bobby Clark, all of Eau Gallie; Mrs. Judith Adams and Kim Harder, Haw River, N. C.; Col. and Mrs. George Arnold, Sandra, Phyllis and Cindy Arnold, Marietta, Ga.; Buddy Hancock, Heath Brookville, Charlie Barnett, Brookville and Dr. Richard Darry, Tallahassee.

Hibiscus Lodge Party Reflects Holiday Mood

The annual Christmas party of Hibiscus Lodge No. 634 took place Saturday night at the home of Mr. and Mrs. Edgar Cook, 1205 S. Park. The hostess was Mrs. Alfred Greene, outgoing president led the members and their husbands in several varieties of unique games.

The challenge of the evening came when identification was to be made of the pictures drawn by each guest of his or her spouse. In that event 100 honors went to Mrs. Walter A. Cook for her artistic ability to tell tales "saw out and eiger."

After an exchange of gifts, the guests were served refreshments from the dining table which held an assortment of open-faced sandwiches, vegetable dips, punch and the traditional fruit cake.

Enjoying the holiday mood were Mr. and Mrs. Walter A. Cook, Mr. and Mrs. Harry Tishshaw, Mr. and Mrs. H. H. Fortner, Mr. and Mrs. Alvin Calhoun, Mrs. Bob Eisenoff, who will be installed as president in January to serve for 1970. Mrs. Pauline Gothe, Mrs. Allan Jeffords and Mr. and Mrs. Bruce.

Rev. Robert M. Baker, of Louisville, is spending the holidays with his mother, Mrs. M. E. Baker, of Grapeville Avenue, and his brother, M. E. Baker Jr. Mrs. Baker has just returned from a visit to DeFuniak Springs, where she attended the golden wedding anniversary celebration of her uncle and aunt, Mr. and Mrs. O. M. Thompson.

Chulota Homesteaders Club held their Christmas party at the home of Mrs. Rita Homer in Chula Vista. The house was regally decorated with ornaments that Rita had made at the Homesteaders club. A covered dish luncheon was served and gifts were exchanged.

UDC Chapter Gathers For Christmas Program

Mrs. H. B. McCall and Mrs. W. B. Kirby were co-hostesses for the December meeting of the UDC Chapter of the United Daughters of the Confederacy which was held at the home of Mrs. McCall on Mellenville Avenue.

The Christmas program featured the Christmas season of the Early American home throughout. Mrs. McCall, president of the Chapter, presided. The meeting was opened with the reading of the ritual, followed by the Flag Service led by Mrs. Victor Green, chaplain. A stirring devotional talk was given by Mrs. Green on the Christmas message taken from Luke in the Bible.

The Christmas message was given by Mrs. F. E. Roumillat and descriptive pictures displayed. Mrs. T. J. Taylor gave a southern poem by Ruth H. Fletcher entitled, "I Love a Florida Rose." She stated the author was born in Lake City, attended high school in Leesburg, and attended Stetson University in DeLand.

Following the program a letter of thanks from Mrs. Nanette Perry to the chapter was read for making her an honorary member. The Christmas message was carried out in the entire program, decorations, refreshments and favors. There were 18 members attending and one visitor, Mrs. C. W. Roberts of DeWinter, Ga., guest of Mrs. Green.

Try using a protein shampoo if your hair has lost its bounce. Because protein is the natural element in each hair, it will readily absorb more in liquid form. For this reason, protein shampoos give body, bounce and curl to tired, limp hair.

Fragrance can enrich your life in many ways. Think of it as a treasure, and care for it accordingly. Don't board a plane. Open each bottle within six months of purchase to prevent spoilage and evaporation and its wife Delores.

New Yorkers Invited To Deltona Meeting

By MILDRED HANEY
Jolly old St. Nick has promised to have gifts for everyone when he comes to the meeting of the Empire State Club on Sunday, Dec. 28, at 4 p. m. in the Deltona Community Center.

There will be a social hour following the meeting with food prepared and served by Mr. Ernest Chucky serenaded each table with accordion selections of their choice, and the evening progressed with dancing provided by Norm Right's Orchestra.

Everyone was in a very holiday mood and agreed that it was an evening to remember. Protect hands from the raspings of harsh soaps by wearing rubber gloves lined with cotton. And pamper your hands occasionally with a relaxing beauty treatment by wearing this cotton gloves over rich cream to bed.

If you have noticed the big smile upon Mr. E. L. Bellhorn's face lately, it surely has to be because his gracious misadventure, Virginia, is home after recent bout with the surgical scalpel at Winter Park Memorial and I am happy to tell you that after the holidays Mrs. Bellhorn will return to her classes at St. Luke's Christian Day School. Another reason for that big smile could be that son, Ted, has taken himself a charming new wife, the former Miss Marilyn Partin in nearby Oviedo.

Gals Dream Of 'Their House'
By ARLEEN ABRAMS
AP Newswriters Writer... The country's only woman builder and general contractor with an "A" classification (allowing her to contract for all types of dwellings from one family houses to multi-story complexes) and also holder of a National Society of Interior Designers license, Mrs. Richmond can take credit for everything in her Sarasota, Fla., dream house from the drawing of the blueprints to the decorator blue spreads. And, as vice president of the Richmond Construction Co., her own house is but one of 8,000 she has designed and constructed in the Florida area.

DUFFING WITH DON

By: Don Farrens

If you are a member of the Mayfair Country Club let me take this opportunity to invite you to join our Mayfair Golfing Association. As this year's president, I am very hopeful that we can make it a successful, but most important, an enjoyable year. But in order to run the type of program that most of you will enjoy, we will need your support as a member. If you have not done so as yet, just drop a check in the mail to Harold Brooks at the Florida State Bank, and we will take care of the rest of the details. You will have to be a paid-up member to participate in the January event, and as it is planned to be one that mixes the classes of golfers, we will need each and every one of you.

The Tom Botta family went on a rampage a few days back (going that is). Margaret bought one of those new fangle gloves and proceeded to go out and shoot an 84 for her best score of the year. Husband Tom not to be outdone managed to get home in two on the past five 12th hole and then sank one of his famous snakes for an eagle three.

Larry Sherwood made our birdie on the same hole, but another hole later he cannot a five foot putt on the 47th yard and over water with a drive and a five iron.

Jim Creamer went on one of his birdie binges, and led his hole to a net 61 victory in last week's dogfight. The rest of the foursome was A. Simon, Larry Johnson and Ron Kittinger. (Must be long on golf balls, huh Jim?)

Land O Lakes

The Gary O'Neil event was a great success as we had hoped it would be. Joe Ryals led the contingent of 88 golfers as he carried a net 70 for first place honors in the Men's division. Nellie Mason managed a net 72 for the best of the ladies for the day. Mike Hayes shot a net 71 for the male runnerup spot and a net 70 to the same spot for Ruth Lance in the gal golfers division.

In the hole in one contest, Buck McLean threw one up 43 inches from the pin to win the golf bag, and 7 other lucky (or good) golfers got their choice of a turkey or ham.

Rolling Hills

In the weekly event for the Men's Golfing Association, a two ball best ball was the contest of the day. Joe Cusick and Al Mayrard toured the course in a great 74 for best in the Men's bracket. The best net score was a 61 turned in by Dick Paul and Bill Richards.

Seminole

In the Christmas Ham Shoot, a net 65 took the biggest prize for Bob Graffius. In second place with a net 66 and the next best ham was Herb Leudentger. Kelly Slusher was one shot off that pace with a 67, but it was good enough to put him home free with the third prize.

Mid-Florida

The weekly dogfight Don Brown shot a plus five for sure to take first place over Dan Watson who shot a plus five for the runnerup spot.

The shot of the week in Seminole County has to go to Shirley Smith as she scored the par 2, 125 yard fifth hole with a 4 wood. That is as fine a Seminole present any golfer, male or female, could possibly ask for.

This weekend will see Mid-Florida's pro Al Kelly and a contingent of Seminole Golfers head up Gainesville way for the Gator Bowl Pro-Am. Heading the list of A's foursome is Jack Shubert, along with Clay Keaton and Bob McCullen. This sure sounds like a formidable group and we just hope that former Gator Golfer Kelly can add this tourney to his list of laurels.

Valley Forge

The Holiday Jr. Event will be off and running this week on Monday and Tuesday. There will be over 130 youngsters from all over the South coming to tee it up in this first event which we hope can become an annual contest. If you are of a mind to see just how good some of the younger set can get that's all a humming, go on out and give a look on either day. If you are an Allee, like the old duffer, the way that things take off will make you want to turn away. And who knows, you may end up watching the next of the Young Alons who is going to be making Jack and Arnie hang it up in a few hours to just count their millions and make comments on TV about how that kid from Florida can really make that ball.

In the weekly Senior's Event, H. W. Noyes had the best score of the day. The second place spot went to M. C. Mathewson and Art Lamm tied the third place.

NO RESOLUTIONS THIS YEAR AS WE WERE NOT ABLE TO KEEP ANY OF LAST YEAR'S, BUT MAY WE WISH FOR EACH OF YOU A BETTER GOLFING YEAR AND LOTS OF IT.

Readies For O-Bowl

FORT LAUDERDALE, Fla. (UPI)—The University of Mississippi is getting back to its regular season level. Devine said.

Orange Bowl preparations to day after a brief Christmas workout and a Christmas party thrown by Coach Dan Devine. Devine, who put his team through a brief passing drill while entering a hospital to deliver a baby, Brown will return to Miami to see the North-South Shrine All-Star game through twice-a-day drills and taping were beginning to shape up.

"Our passers and receivers will be much better and our timing is getting back to its regular season level," Devine said.

Place kicker Henry Brown, Missouri's leading scorer with 71 points, will be in emergency practice leave Thursday to fly to St. Louis to be with his wife, through a brief passing drill while entering a hospital to deliver a baby. Brown will return to Miami to see the North-South Shrine All-Star game through twice-a-day drills and taping were beginning to shape up.

"Our passers and receivers will be much better and our timing is getting back to its regular season level," Devine said.

GOOD SPORTS!

VED THAT'S WHAT YOU GET IN THE SANFORD HERALD! WHO PRO SCOUTS TO THE ANNUAL GAME. THE THIRD WAS MIKE PHIPPS, THE PURDUE ALL AMERICAN WHO LED THE NORTH TO ITS 31-10 VICTORY IN THE ORANGE BOWL CHRISTMAS NIGHT CONTEST.

In rushing, the South netted minus 20 yards, compared to 200 yards for the North. But in passing, Cappleman and Bradshaw had a combined total of 289 yards, not bad for taking turns running a throw-together ball club. Phipps and Gary Baxter of the Air Force threw for 154 yards.

Cappleman started with a bang by hitting Tommy Spinks of Louisiana Tech for 79 yards

Thrilling Pass-O-Rama Set For T-Bowl Delight Tonight

ORLANDO, Fla. (AP)—Tan-high-scoring game. Orlando quarterback Chuck Easley of touchdown-loving group — a typical Sophomore Chuck Easley of Toledo is a fellow who really doesn't know what it is to lose.

After last year's Richmond Ohio University game they'll be only once since the ninth grade had to please when unboasted in a freshman battle against Toledo meets Davidson tonight, Michigan last year.

Ohio came in with a 16-0 record. Easley was named the Mid-American Conference back of the year as a rookie as he connected on 88 of 182 throws for 1,381 yards.

Seminole Sets FB Banquet

For the first time ever, a separate football banquet has been planned for Seminole High School grid players. Usually all the school's sports participants are honored at the end of the school year in one "mass celebration," but this year, the SIS booster club has changed the procedure slightly.

A football banquet has been set for January 19 at the Holiday Inn to honor Seminole High's 1969 grid players according to Dr. C. M. "Brooke" Smith president of the boosters club.

Dr. Smith stated that tickets for the banquet could be bought from himself or SIS athletic director Tom Perrin. Smith said that as the banquet becomes constructed, hand tickets will be distributed for sale in other areas of the city.

Dr. Smith stated that tickets for the banquet could be bought from himself or SIS athletic director Tom Perrin. Smith said that as the banquet becomes constructed, hand tickets will be distributed for sale in other areas of the city.

SPORTS

Undeclared Seminoles In Tourney

By GARY TAYLOR Herald Sports Writer

Most gyms are silent today. Most county basketball teams and their coaches are taking a rest after a long Christmas Day of fun and eating and just thinking about action starting after the New Year.

But not Seminole High gym. Not Coach Joe Miller's Fighting Seminoles. The Seminoles have a date this Monday night in Ft. Myers. It is there that they will participate in the annual Ft. Myers Christmas Tournament.

The Seminoles are flying high going into the tournament. They depend a lot on their bench, and Mills has praised them continuously, game after game. A big blow came to the Seminoles as they were in the process of winning their third game of the season. They were battling the Apopka Blue Darters, and Bill Parker, one of Seminole's top defensive players, crashed into the end wall of the Seminole High gym. He suffered a broken wrist and was lost for much of the season.

But the bench came through. Ricky Smith has done an excellent job making up for the loss of Parker, as has Mike H. Chard. Both boys have been coming through exceptionally well on offense.

Tommy Barks has really been improving on offense. Coming off the football field, and going directly onto the court, Barks took a while to find the basket. Now he is connecting on big shots from the outside, and giving the Seminoles the points they need.

After the tournament, the Seminoles will have their work cut out for them as they go back to the grid. The Seminoles started out with their first four games at home, and consequently, will play the majority of their remaining games at their opponent's home court.

After the tournament, the Seminoles will have their work cut out for them as they go back to the grid. The Seminoles started out with their first four games at home, and consequently, will play the majority of their remaining games at their opponent's home court.

SEC 'Power' Bowl

Volunteers Meet Gators

By F. T. MACFEELEY Associated Press Writer JACKSONVILLE, Fla. (AP)—Doug Dickey will send the Tennessee Volunteers he now coaches against the Florida Gators who may soon coach in the silver anniversary Gator Bowl football game Saturday.

In these bizarre circumstances, Dickey's team is favored by just under a touchdown to defeat that of the man who may become his boss, Ray Graves.

While the teams prepared for their first meeting since 1955, reports erupted that Graves will forsake the head coaching job and remain at Florida solely as athletic director. Dickey, it was said, would return to his alma mater as head coach.

Although both coaches tried to quiet the fast flying reports lest they affect the players, an evasive statement by Dr. Stephen O'Connell, University of Florida president, gave them credence. The game didn't need any added attention. All 70,000 seats will be filled by the noon EST kickoff and a national television audience (NBC) will get to see the two teams battle for prestige and improvement over their rankings of 11th for Tennessee and 15th for Florida when the final AP poll is taken after all the bowl games.

Florida will rely on the sophomore receiver John Reeves, sophomore runner Carlos Alvarez and sophomore runner Tommy Durrance to produce an avalanche of points as they did in setting records all season.

"Our best chance is to out-score them," said Graves. Dickey, seeing even his seemingly perfect defense facing a high test from the Florida offense, predicted a close game. He wouldn't say whether he thought it would produce many points or few.

His Volunteers were in double figures every game except one — when Mississippi knocked them out of third place in the rankings with a 38-0 bump. Fullback Curt Watson, Tennessee's leading ground gainer, were hurt then and in later games as the Vols struggled to beat Kentucky and Vanderbilt for a 9-1 record.

"Everyone is recovered now and we are at full strength," said Graves. This frightened Graves, who said Tennessee might be the best team in recent years to play south when all its players are healthy.

"But our team rose to the occasion," he said.

Florida will rely on the sophomore receiver John Reeves, sophomore runner Carlos Alvarez and sophomore runner Tommy Durrance to produce an avalanche of points as they did in setting records all season.

How To Serve Leftover Turkey

CHEESE Crescents Milano... Great accompaniment for chef's salad.

When there's leftover roast turkey, that's the time to make a chef's salad. The other main ingredients of the salad—cooked ham, Swiss cheese and salad greens—are easily had at the amount needed.

The turkey, ham and cheese should be cut into thin strips; the salad greens in bite-size pieces. Just before serving, the combination is tossed with French or Russian dressing.

If guests are coming for the lunch or supper, chef's salad meal, you may want to exert yourself enough to make a great accompaniment. Cheese Crescents Milano. These are made from a yeast dough with a delicious filling of provolone cheese and pepperoni. The method used is the new one of mixing the yeast with flour so that dissolving of the yeast in liquid is unnecessary.

As a preface for the chef's salad and rolls, serve a hot soup. Dessert can be as spare or luxurious as you please.

CHEESE CRESCENTS MILANO
4 cups (about) sifted flour
2 packages instant blended dry yeast
1 cup milk
1/2 cup water
1/4 cup plus 2 tablespoons shortening
2 tablespoons sugar
1 teaspoon salt
1 egg, at room temperature
1 cup 1/4 pound shredded provolone cheese
1/2 cup (2 ounces) chopped pepperoni

New Year's Day Dessert

NEW YEAR'S Day dinner will benefit from a chocolate torte whose recipe comes from Switzerland.

Butter the bottom of a nine-inch spring-form pan. Sprinkle lightly with bread crumbs. On wax paper sift together the flour, baking powder and salt. Stir in almonds. Set aside.

In large bowl of electric mixer, cream butter and granulated sugar; set aside.

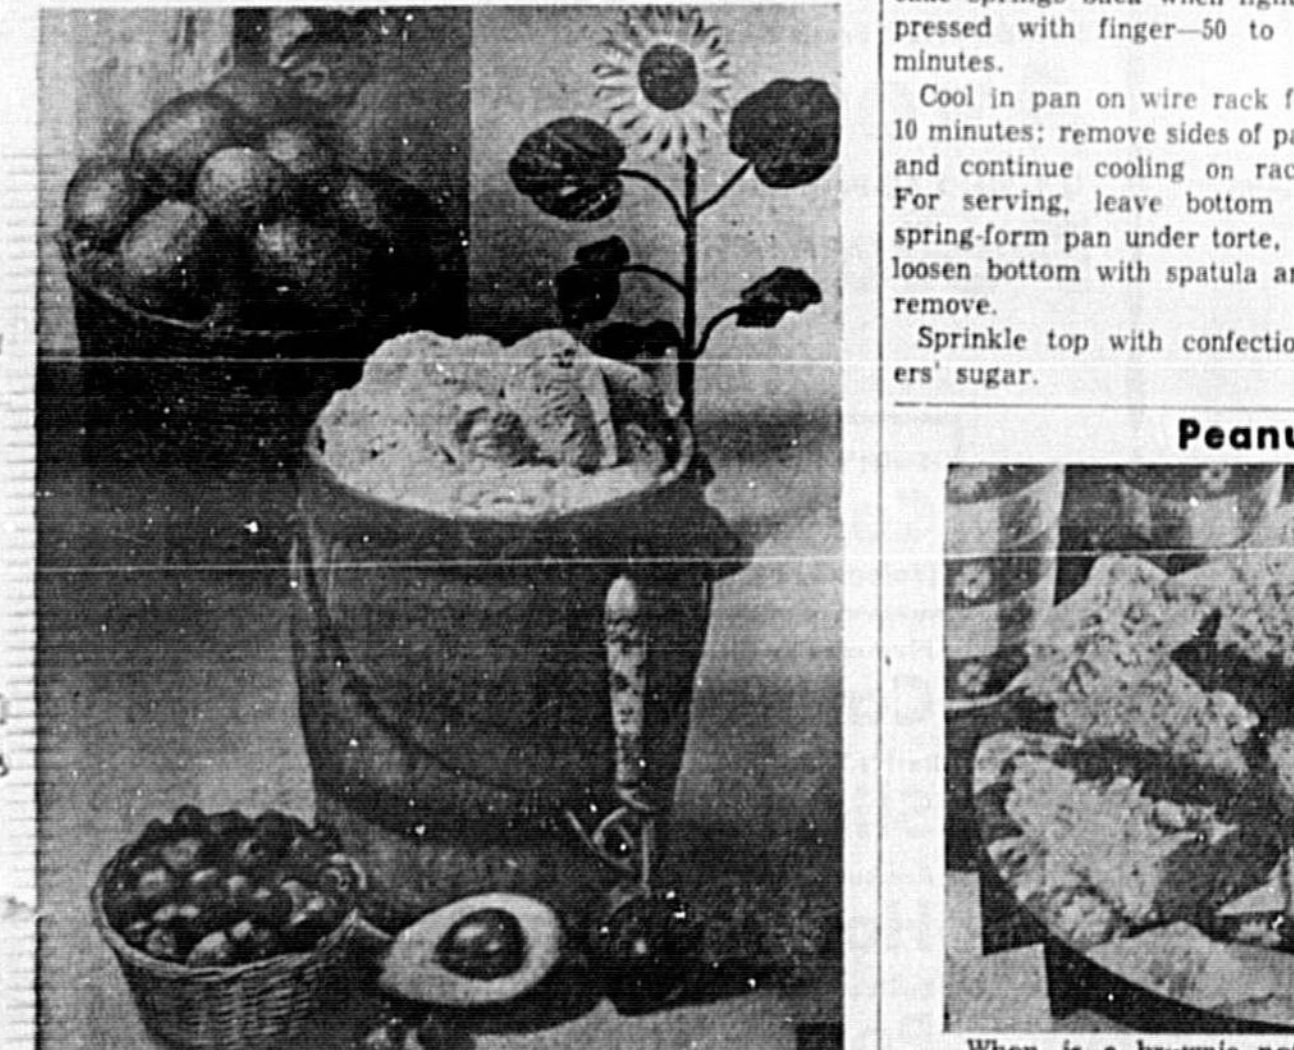

Separate eggs, putting yolks in a small bowl and whites in a medium bowl. Without washing beater, beat egg yolks slightly; add to butter mixture and beat well. Stir in sifted dry ingredients.

With clean beater, beat egg whites until straight stiff peaks form when beater is slowly withdrawn; fold into flour mixture; fold in chocolate. Turn into prepared pan. Bake in preheated 350-degree oven until cake springs back when lightly pressed with finger—50 to 60 minutes.

Cool in pan on wire rack for 10 minutes; remove sides of pan and continue cooling on rack. For serving, leave bottom of spring-form pan under torte. Remove to wire rack; brush with melted butter. Serve warm or reheat.

Sprinkle top with confectioners' sugar.

Ice Cream From The Avocado Bravo

Avocado ice cream? Don't be surprised. While the idea sounds new to us, Spaniards and Central Americans have known this secret for years. The avocado has such a delicate rich taste, it takes on the boilder flavors you add to it. Cool green avocado ice cream has a creamy smoothness and a hint of nutty flavor. Your friends will never guess that avocado is your secret ingredient.

AVOCADO ICE CREAM
4 California avocados, purred
1 envelope unflavored gelatine
1/4 cup milk
1 cup sugar
2 teaspoons vanilla
1 teaspoon salt
1/2 lime juice
1/2 cup rum
3 cups heavy cream, whipped
3/4 cups chopped bilberie, toasted

Soften gelatine in water 5 minutes. Scald milk; add softened gelatine, sugar, vanilla and salt, stirring until gelatine and sugar dissolve. Cool, then chill in bowl.

Beat chilled mixture until smooth; heat in avocado puree, lime juice and rum. Fold in whipped cream and bilberie. Freeze in refrigerator covered with aluminum foil. Let meltow 30 minutes. Makes about 2 quarts.

One hundred thirty-seven more recipes smacking of adventurous good taste are in the booklet where we got Avocado Ice Cream. The booklet is called the Avocado Bravo. Recipes reflect the same heritage as the avocado, Spanish, Mexican, Indian and Californian. How to select, ripen and serve avocados is explained.

To order The Avocado Bravo, send 60 cents to AVOCADO Box 2182-K, Costa Mesa, California 92626

Dear Abby:

By Abigail Van Buren

DEAR ABBY: After being married to Lester for eight years, he developed a heart condition. He was advised to work at his job, but he had to leave and live around the house, until now he just doesn't do a thing. I do all the yard work, painting, and everything there is to do when you own a home.

A friend came by the other day and saw my shivering and saw me shivering. He asked me why I was breaking my back that way and I said, "Well, you know Lester can't do this on account of he has a heart condition." All he said was, "Why don't you work up?"

"Now this has started me thinking to Lester on how to fish and hunting and all the things he has done. He even drove 500 miles to visit his folks. He says it "relaxes" him to drive. I would ask his doctor, but he said Lester is a friend. So could you please find out if driving 500 miles is "relaxing" to him? Thank you.

DEAR ANXIOUS: It tires most people out. But I think what you really want to know is whether your husband has been putting one over on you. His doctor is the one who told you that a man in Lester's condition can't safely do it. I suggest you ask him. And don't assume that because he and Lester are "friends," they are in cahoots. Most doctors are on the up and up.

DEAR ABBY: Linguistics is a science—not a guessing game. If you want the etymology of the word "COFF," here it is: "COFF" is derived from the Latin, "coffare," meaning "to seize or take captive."

There was an Old English word COFFSE meaning "to seize," and this was also the source of "COFFS," "COFF" and possibly HANDCUFF are derived from this root.

The "unstable on patrol" type of explanation is what is called "folk etymology," which means it is often wrong, sometimes amusing, but utterly without factual foundation. "COFF" is a legitimate word for policeman, and means "to seize or take captive."

DEAR ABBY: My Ph.D. would ask his doctor, but he said Lester is a friend. So could you please find out if driving 500 miles is "relaxing" to him? Thank you.

DEAR ABBY: I have asked my husband to drop a hint in their direction to have the little guy come over. My husband says, "I don't want to hurt the baby. I think you're hurting the baby. I think you're just..."

DEAR ABBY: I have asked my husband to drop a hint in their direction to have the little guy come over. My husband says, "I don't want to hurt the baby. I think you're hurting the baby. I think you're just..."

Horoscope Forecast

SATURDAY, DEC. 27, 1969

GENERAL TENDENCIES: A wonderful day for you to receive others in any way possible and thus show that you really do care for the people around you. Later in the day you are able to get in touch with those with whom you have an alliance. Let them know you are conscientious in the performance of practical matters.

ARIES (Mar. 21 to Apr. 19): Step out for some form of amusement that will relieve tensions and put you in a delightful mood. Use that artistic talent that you possess. Show affection to loved ones. Don't be as matter-of-fact.

TAURUS (Apr. 20 to May 20): Do whatever will make your home more charming and restful, and then extend invitations to people you like. Bring an unusual twist to your aims. Stop being so reticent and have fun.

GEMINI (May 21 to June 21): Out visiting with people you like and who can give you the assistance you want in career and other matters. Be certain friends and add to present good will. Anti-ability of being almost unapproachable will be almost unapproachable.

MOON CHILDREN (June 22 to July 21): Plan for more prospecting during the New Year by getting the support of good friends. Try to cut down on expenses so that you have more for something important later on. Be kind with mate in evening.

LEO (July 22 to Aug. 23): You like a good day by showing good friends you value their alliance. Do them favors that they will appreciate. This is a good day for some creative writing that you are so adept at.

VIRGO (Aug. 24 to Sept. 23): Start thinking and analyzing your position in life and how you have gone about it. Do something about it. Get that data you need, too.

LIBRA (Sept. 24 to Oct. 23): Forget anxieties and be with fine folk for a few hours of delightful recreation and show how much you enjoy their company. You have some aim that can become a reality if you get busy on it. Apply yourself seriously.

SCORPIO (Oct. 24 to Nov. 21): Delve right into those civic or career matters that will give a whole new feel of interest on the part of others. Work swiftly and efficiently. Your activities now do so much to improve image with general public.

SAGITTARIUS (Nov. 22 to Dec. 21): Plan some action that will enable you to realize that important change and be sure to get the right information first. New contacts on the part of great assistance if you listen carefully to their ideas.

CAPRICORN (Dec. 22 to Jan. 20): You have been procrastinating on certain responsibilities that are ahead of you, so get busy on them right now. Clear the slate for new outside you want to go into. Be an active, happy person.

AQUARIUS (Jan. 21 to Feb. 19): This can be a delightful day for you if you get a touch early with a job that really like and plan social or "outing" outlets you relish. That means time to get a good rest, talent you have. Be wise.

PISCES (Feb. 20 to Mar. 20): Change conditions at home so that all is more harmonious and you get along just fine with him, those who dwell there. Look for something new that can bring much more pleasure. If your child is born TODAY... he, or she, will be a heroic vision of self.

YOUR CHILD IS BORN TODAY... he, or she, will be a heroic vision of self. Your progeny will be a most people who live order and delightful sense of humor. Best work will be done in conjunction with large groups. A religious education in science will be ideal here. Give all the sports that your son, or daughter, really likes. They respect religious training early. A fine mind here.

The Starz impel, they do not convey! What you make of your life is largely up to YOU! Carroll Righter's Individual Forecast for your sign for January is now ready. For your copy send your birthdate and \$1 to Carroll Righter, Forecast, The Starz Herald, Box 629, Hollywood, Calif. 90028.

Invited NEW YORK (AP) — The New York City Opera has engaged the Pennsylvania Ballet to perform "Carmen" at the New York State Theater in the spring.

Indian First BOMBAY, India (AP) — K. S. Kumar, noted Indian film director, was sentenced to two months in jail for income tax evasion after being convicted of evading the income tax of \$21,000 in the 1961-62 income. The conviction was believed to be the first of its kind in modern Indian history.

Costliest Bull In The World BRISBANE (AP) — A world record price of \$27,720 was paid for a Brahman bull at an auction here today.

Not only was it the highest price ever paid for a Brahman bull in the world, but it was twice the top amount previously paid for a bull or any breed in Australia.

The expensive fellow was "Waverley No. 2," owned by Dr. F. W. Stone, of Stanley Park, Waverley. Owned and bred by the Innes Pastoral Co. in Glen Queensland. It was sold by the Strathmore Pastoral Company, Waverley, Queensland.

NARCE Cancels

The regular meeting of the NARCE scheduled for Friday, Dec. 26, has been cancelled. The next meeting will be held on Jan. 23 at 2 p.m. at the Parish House of the All Saints Church in Enterprise.

Drinking Law?

Frankfort Ky. (AP) — A Kentucky Crime Commission conference of police officials from throughout the state has proposed a law against motorists who refuse to answer an on-the-spot alcohol test in a drunken driving trial.

Vertical text on the right edge of the page, likely a page number or publication information.

Guess Who's Wanting A Lady Jurist??

WASHINGTON (AP) — The 10 lady members of the House say it's high time a woman is named to the Supreme Court and they think the first female justice could very well come from their own ranks.

"I think it would be great. There's no more reason not to nominate a woman than not to nominate a man," said Rep. Joe R. Biden, D-Del., one of the 10 members.

"It's not an outlandish idea. Women are the one minority group that it is still considered fashionable to discriminate against," said Rep. Margaret M. Heckler, R-Mass.

Rep. Edith Green, D-Ore., agreed. "I hope the day is not far off when the American people will demand the discrimination against women as they demand it against other minorities."

It's still considered fashionable to discriminate against women as they demand it against other minorities.

"I think it would be great. There's no more reason not to nominate a woman than not to nominate a man," said Rep. Joe R. Biden, D-Del., one of the 10 members.

Tornadoes Cause Heavy Damage

By United Press International
Tornadoes ripped out of grey Christmas skies in Georgia, Florida and Louisiana Thursday, killing one person, injuring at least 15 and causing heavy damage.

An 81-year-old woman, Mrs. Rivett Vanczy, was killed by a tornado that struck her home 30 yards from her wrecked home at Kaplan La. Eight other people were injured in Louisiana and seven in Georgia.

Damage at Kaplan was estimated at \$200,000. Another 15-year-old woman was killed and three black business districts at Quincy, Fla., tornadoes ripped through Florida's panhandle.

One struck in Georgia, and one or more in Louisiana. Several waterborne tornadoes were sighted in the Gulf of Mexico off Florida's west coast, but they did not come ashore.

Who Are The Drunken Drivers?

By ROBERT BUCKHORN
WASHINGTON (UPI) — When you get into your car, think about this: One out of the next 56 drivers you pass will be drunk.

Even worse, in the bloody litany of highway death statistics, he may be an alcoholic, unable to control his drinking and thereby even more dangerous.

If you pass the drunk safety test, you are more likely to be a driver who has had more than one drink.

Since the first drunk driver was killed, safety experts tend to blame the social drinker for the death toll which was barely a serious problem as early as 1924.

Education Programs
There were education programs on the hazards of drinking and driving. The slogans: "If You Drink Don't Drive," and "Make the One for the Road Coffee—became part of the American culture. But still the death toll climbed.

Next, Who decides when a man is too drunk to drive?

Realtor Mentioned For Sanford Post

By BILL SCOTT
 A Sanford real estate man is being mentioned by certain influential persons as the fifth city commissioner to be appointed by the remaining four commission members some time between now and Jan. 6 organizational meeting.

John W. Williams, of Sanford Realty, is the latest name to be linked with the opening created when Lee P. Moore was elected to a mayor's term of three years in Dec. 16 run-off city election, thus leaving a year on his present term for which the city will appoint a person to fill.

Williams, a retired Navy captain, is being considered despite his not having sought the post, certain sources say.

The Sanford Herald also learned that A. L. Wilson and Earl Higginbotham, two defeated commissioners, have asked their names be considered for the vacancy. Wilson was defeated for reelection by Gordon Meyer, insurance man, and Higginbotham was beaten by Moore for the mayor's post in a run-off election by 173 votes.

Higginbotham, in an exclusive Herald interview, said he would run for commission next year "come hell or high water."

Presumably he would seek the seat now being vacated by Moore, since this is the only spot open next year on the five-member governing body.

At least 20 names are under consideration for the commission appointment and one of these is Henry (Hank) Johnson, who opposed W. Vincent Roberts four years ago for commissioner.

He was defeated 1,590 to 233 by Roberts, who was re-elected without opposition in 1968 city election.

Four city commissioners will meet some time this week to appoint the fifth man to the body, which holds first meeting Jan. 12 at 8 p.m. in city hall.

Teenager Is Hospitalized
2 Arrested On Drug Charges

By TOM ALEXANDER
 A minor disturbance call last night turned into an apparent narcotics bonanza for the Casselberry police department, with one person arrested and one sent to the Florida Sanitarium and Hospital for treatment of a drug overdose.

Arrested and lodged in the Seminole County Jail under \$10,000 bond was Joyce C. Huber, 20, of 854 North Winter Park Drive in Casselberry. In satiation factory condition at Florida Sanitarium was James Davis, 19, of Kerhankson, N.Y., believed living with his grandmother in Daytona Beach.

According to Police Chief Donald Brumley, his department received a call at 9:18 p. m. Sunday that a rabid man was seen running near the Huber residence. Sgt. Harold Peck and Patrolman Gilbert Hughson responded.

According to Casselberry police, on arrival at the scene Peck could hear someone screaming on the east side of Miss Huber's trailer home. Peck then proceeded some 300 feet into a wooded area near the trailer, where he spotted Davis, naked and incoherent. Davis charged at Peck, screaming and cursing, but was subdued by the police officer. The teenager was suspected to have had a "bad trip" from an overdose of drugs and was sent to the Orlando hospital.

The officers stood by the residence until 1:33 a. m. this morning, when they received search warrants and entered the trailer. They discovered a sizeable cache of marijuana and assorted pills, some believed to be LSD.

Miss Huber was then arrested and charged with possession of narcotics and possession of barbiturates. Peck has not been officially charged as of the Herald's press time.

In another narcotics arrest 1 1/2 days night, Constable Robert Jane arrested James L. Gallo, 27, of 922 Minnesota Avenue, Winter Park, for possession of drugs and carrying a concealed weapon. Making the arrest outside of a South Seminole eight-spot was Deputy Constables Hal Granberry and S. Davis. A vast number of pills and marijuana was found in Gallo's car, the officers said.

Gallo is presently in the Seminole County Jail under \$5,000 bond.

'ENOUGH FOR SEVERAL TRIPS'
 MARIJUANA and other drugs, some believed to be LSD, seized in a raid at a Casselberry trailer home, are displayed by Police Chief Donald Brumley.

\$800 Loot Taken At Solon's Home

Approximately \$800 in Christmas gifts were stolen from under the Christmas tree at the Altamonte Springs home of State Rep. E. Pope Bassett.

Bassett's home was entered by someone breaking the glass partition of a door and reaching inside to open the lock in a Dec. 27 incident.

Seminole County Investigator L. J. Kris said a hi-fi set, tape recorder, electric drill and other gifts were taken in the entry. Kris said an investigation is underway.

Another county report listed \$511 stolen from the Robert J. Adams home on Derbyshire Drive at English Estates.

The amount was part of a coin collection and was taken from several locations at the home. Deputy D. R. Schuster said. The theft occurred last night in the space of one hour, when the family was out of the house.

Another Dec. 27 incident occurred at Midway Groves, when a young hoodlum armed with a .22 caliber pistol took an undetermined amount of money from Ben Chadia's store operation.

Brumley To Know Tonight

Tonight, at a work session of the Casselberry city council, Police Chief Donald Brumley will learn whether he will be named as the city's next mayor.

Another county report listed \$511 stolen from the Robert J. Adams home on Derbyshire Drive at English Estates.

The amount was part of a coin collection and was taken from several locations at the home. Deputy D. R. Schuster said. The theft occurred last night in the space of one hour, when the family was out of the house.

Another Dec. 27 incident occurred at Midway Groves, when a young hoodlum armed with a .22 caliber pistol took an undetermined amount of money from Ben Chadia's store operation.

County reports list a 13-year-old boy and a 12-year-old girl were taken from a car in the Midway area.

A report of rape by two 16-year-old boys against two juvenile girls has proved to be unfounded.

Chief County Deputy Duane Harrell said two girls, ages 12 and 14, had accused two boys of raping them, but upon investigation it was established the accusation was untrue.

Harrell said no rape charges were made after both girls were questioned by authorities.

BULLETIN

TALLAHASSEE, Fla. (AP) — Secretary of State Tom Adams said today he is abandoning plans to resign by Feb. 1 as result of a Fort Lauderdale supporter's plan to help pay off Adams' \$190,000 campaign debts.

Adams said in an interview he would allow deputy-man Hamilton Forman, "a reasonable time" to see the results of a statewide drive, announced earlier by Forman in Fort Lauderdale.

Optimism Appears For FP&L Contract

Optimism appeared on both sides today that the two-month-old strike of 3,100 members of the International Brotherhood of Electrical Workers (IBEW) against the Florida Power and Light Company (FPL) may be settled in a 11-local vote being conducted today in 35 counties.

Union council, meeting Sunday at the House of Steak, voted 41-6 to accept a new agreement offered by FPL. The question then was passed to the membership vote at large.

W. W. Tyre, president of Sanford local 102, said it is hoped the vote would be completed before midnight, ending "11's looking good." The second round attempt may see the strikers back to their jobs by New Year's Day.

A new agreement, salvaged from the first rejected settlement package voted by members of the International Brotherhood of Electrical Workers two weeks ago, was overwhelmingly approved Sunday by the union's council. A full membership vote is scheduled tonight.

Sunday's 41-6 vote was in sharp contrast to the council's earlier 23-22 rejection, which was subsequently backed up by union members in 11 locals scattered across the state.

The 11-local membership, affecting 35 Florida counties, will cast ballots on a proposed package which includes an 83 cents per hour wage increase scaled over two years. The contract, effective through Oct. 31, 1971, offers a 46 cents per hour boost the first year, and an additional 37 cents the second, according to an FPL statement.

Negotiators also settled on another clause which allowed the strikers to pay back insurance premium advances during the strike through a payroll deduction stretched over the next four months.

The company promised the strikers, of their jobs since Oct. 21, that New Year's Day would stand as a paid holiday if the men are back at work by then.

The latest package represents an increase of 11 cents above the offer rejected Dec. 19. Union spokesmen said they originally sought a one-year contract and an immediate pay hike of \$1.33 an hour.

Home Lighting Winners Named

The Sanford-Seminole Jaycees released today the winners of the annual Christmas lighting contest.

Director Jerry Ellis said that area participation surpassed all previous years. Lighting displays were of such high caliber that judges had to make several trips in making placement decisions.

The coveted Florida Power & Light traveling trophy goes to Thomas H. Brown, 172 Pinecrest Drive. The Browns displayed a multi-classed arrangement that ranged from artistic, traditional, to religious.

In the commercial division the Congregational Christian Church ranked first with the Manger scene, Florida Forestry Service, Highway 471, north of Longwood, placed second in this division.

Judges named the religious display presented by Miss Ola Brock, 612 Sanford Avenue, first in this division. Ranking second was Daniel Peck, 708 Cherokee Circle. Third place winner in the religious division went to Gretchen L. Crowell, 1800 Palmto Avenue, Winter Park, ranked first in the traditional division. According to Ellis, this division was the most widely participated in. The John Mercers at 201 West 19th Street placed second. Placing third in the traditional division was Mrs. Harold Gilliland, of East Calary Avenue.

In the artistic division, Robert Beverly, 911 Cherokee Circle, was given the first place nod. Danish family, 105 Pinecrest Drive, and Homer Piper of 2428 Laurel Avenue, placed second and third, respectively.

Go Ahead And Sue!

STOURPORT - ON - SEVEN, ENGLAND (AP) — Mrs. David Forley has been living in their new home for eight months and so far has received eight gas bills, three demands to read their gas meter, two threats of legal action from the gas company, a warning that their gas will be disconnected, a visit from a gas engineer and hints of a court warrant over the affair.

"There's only one problem," said Forley. "We don't have gas in our house. We cook on electricity and we don't even have a gas meter."
