## THE WEATHER

Fair this afternoon, tonight and Wednesday. Not quite so warm this afternoon, cooler tonight, continued cool Wednesday. Moderate to fresh northeasterly winds diminishing tonight.

# TWELVE NAZIS TO DIE ON GALLOWS

## Activities Of KKK And Bund Linked Today

### Government Official Asserts Evidence Proves Organizations Collaborated

WASHINGTON, Oct. 1. (AP)—A Justice Department investigation today linked the pre-war activities of the Ku Klux Klan with the former German-American Bund.

An official of the federal agency says that uncovered evidence definitely proves that the two organizations collaborated during the period from 1937 to 1941 "to promote racial and religious dissension prior to the war."

The Justice Department spokesman revealed that FBI agents uncovered the positive evidence of a link between the two groups. He said that a number of "new complaints" of alleged civil rights violations may lead to an extension of the federal investigation.

At present, government investigators still are checking on the notorious KKK in seven states, namely, New York, Michigan, Tennessee, Florida, Mississippi and Texas.

The Justice Department official listed three points of evidence linking the Bund and the Klan.

First, are documentary statements that in 1937 the two organizations discussed the formation of an anti-Semitic party as a move to align labor against other elements of the population.

Secondly, the official revealed the discovery of records of a joint meeting by Klan and Bund officials at Camp Nordanland, N. Y., in 1940.

Thirdly, the Justice Department stated an affidavit that an assistant Bund director stated in 1937 that the Bund was "cooperating with the Klan."

The affidavit alleged that the Bund also was cooperating with organizations similar to the Klan, "because our aims are similar in many ways."

The Justice Department promised a swift prosecution of the Klan if any violations of federal laws are found. The German-American Bund has been disbanded. It was a pre-war organization of German-Americans and was reported by the FBI in 1939 to have slightly more than 6,000 members. One of the Bund's main objectives, as described by the FBI report, was to foster what was termed "Germanism and German ideals" in the United States.

### Myron A. Meyer On Pacific Coast After Bikini Tests

Myron A. Meyer, MM-1c, USNRE son of Mrs. Gall Meyer of Sanford, has arrived at Port Hueneme naval station on the Pacific coast aboard the KA 39, otherwise the Rolette which participated in the atom bomb tests at Bikini.

Due to fear of radioactivity, all crew members are kept aboard and visitors are barred from the ship from which no cargo has been unloaded since its arrival. Officials have been awaiting the coming of a Navy investigating crew, which, traveling up and down the coast as Bikini would dock, go aboard and test for radioactivity. If this is negative, the boat may be unsealed.

The KA 39 carried personnel who had a vital part in the many scientific installations at Bikini. Myron Meyer has been in the naval service for six years and is looking forward to a furlough, now he is released from the boat according to his mother.

A recent report on the Bikini tests, based on casualty among animals aboard ships in the atomic test area, shows that radioactivity did not harm them. Many animals died in the first half of a week after the explosion.

Nazi War Criminals Sentenced To Death

## Shipping Paralyzed Again In U. S. Ports By Another Maritime Strike

### Airmail Service Will Start Here Around Oct 15th

### Reduction In Rates For Airmail Goes Into Effect Today

Air mail service by means of planes arriving and departing from the Sanford Municipal Airport will be inaugurated on or before Oct. 15, according to information received today at the Post Office from Ben H. Lockett, regional superintendent.

A special circular three inch cachet or stamp showing a map of Florida with Sanford and DeLand printed thereon will be stamped on all outgoing mail on the single day that the new service goes into effect. Persons sending envelopes for air mail on that day are advised to leave a three inch space on the left side of the envelope for this purpose.

The reduction of first class air mail from eight to five cents an ounce, goes into effect today. This rate also applies to mail sent to service men at APO address, the former rate for which was six cents per half ounce.

Local postmen today predicted that a 30 to 40 percent increase in air mail postage would result from the rate reduction. An air mail letter that leaves Sanford in the morning, whereas if mailed with an ordinary three cent stamp, it will arrive in New York on the second morning following.

Postmaster Jess Field is now attending the national American Legion convention at San Francisco.

### City Issues Permit To Build Laundry

H. A. Steffer has secured a city permit to erect a one story concrete block building 30 by 52 feet, for use as a "help self" laundry. This type of laundry, which has attained much popularity in Miami, permits the use of washing machines.

It will be located on West Fifteenth Street between Elm Avenue and French Avenue and the estimated cost of construction is \$4,232.

### 2,000 Drivers Yet To Obtain Licenses

County Judge R. W. Ware today estimated that about 2,000 drivers had yet failed to secure licenses for the coming year.

Today the office will receive applications at from 8:00 A. M. until 5:00 P. M. the last day that license can be secured without having to take a driver's examination.

### OPEN FOR NIGHT FLYING

DAYTONA BEACH, Fla.—The Daytona Beach Airport is open for night flying. The airport committee, headed by Mayor Julian Clegg, has agreed to let the field again, after the strike of 1,000 A. F. of L. hotel employees. The hotel workers have struck for higher wages in eight major hotels.

### Prepare Gallows For Executions

NUERNBERG, Oct. 1. (AP)—The gallows in the ancient Nuernberg jail are being prepared today for an execution that will go down in history.

Oct. 15 is the probable date, and the scene will be the prison courtyard of the same building in which Hitler's top lieutenants were sentenced today by the International War Crimes Tribunal.

Hermann Goering and ten of his fellow-plotters will die by hanging, unless the sentences are reversed by the Allied Control Council.

WASHINGTON, Oct. 1. (AP)—Shipping is paralyzed again today as American seaports by the second maritime strike in less than a month. Government efforts to head off the strike of deck and engine room officers continued through the night but finally failed at 4:00 A. M. Eastern Standard Time. The Labor Department arranged for new talks this afternoon, but in the meantime, the crews began to leave their ships.

After a waiting the walkout faded last night when Pacific shippers rejected the demands of two unions of marine officers for a more favorable hiring system.

Even after that failure, federal conciliators kept union leaders and east coast ship owners in session for four hours past the midnight strike deadline. The government officials were hoping to bring about a separate agreement for the east coast.

The two unions are the CIO Marine Engineers and the A. F. of L. Masters, Mates and Pilots organization. Their working contracts expired at midnight in each time zone.

The officers began quitting the ships when the deadline was reached in their port.

On the west coast the CIO longshoremen whose contract also expired at midnight, plan to hold mass meetings today instead of showing up for work.

Both the east and west coast shippers were invited to the renewed conciliation sessions to be held today. The government appears to be pinning its chief hopes on an Atlantic coast settlement.

The deadlock on the west coast developed when the Pacific-American Shipowners Association rejected the demands of the two unions for a form of union security similar to that which prevails on the east coast. In most eastern shipping companies, the two unions have preference of hiring, that means that union members are hired in preference to non-union officers. They also have maintenance of membership, in that after a man joins the union he must keep up his membership or lose his job.

The unions' demands for the same advantages on the west coast, which deadlocked the negotiations.

STRIKE UNDERWAY

COLUMBUS, Oct. 1. (AP)—The capital city of Ohio, Columbus, is without public transportation today following a walkout of CIO transport workers in a wage dispute. The strike started at midnight when city and federal negotiators failed to settle differences between the street car operators and bus drivers and the traction company.

TO PILOT REDS

CINCINNATI, Oct. 1. (AP)—The new manager of the Cincinnati Reds is Johnny Nevin, who joined this season as pilot of the New York Yankees, he succeeds Bill McKechnie. Nevin, being named acting manager of the Yanks following the resignation of Bill Dickey. Nevin had been a coach of the disease of South Florida, reported on the recent triennial convention of the Episcopal Church in Philadelphia to which he was a delegate.

## Anderson Warns Government May Seize All Market-Bound Livestock

### U. S. Navy Plane Breaks Non-Stop Distance Record

### Ship Lands In Ohio After Flight From Perth, Australia

COLOMBO, Oct. 1. (AP)—The Navy patrol bomber the Triton, this afternoon landed at Port Columbus, O. It's 11,274-mile trip from Perth, Australia, has set a new world record.

Mr. Eastern Standard Time, Captain of the Columbia Naval Air Station and delegations of navy officials from Washington and Chicago were on hand to greet the twin-engine Lockheed Neptune P2V plane at the end of its record flight. The trip made by the four crew men and their baby kangaroo mascot exceeded by 321 miles the non-stop mark of 7,916 miles set last November by an Army B-29.

The Triton's crew was headed by Cmdr. Thomas Davies of Cleveland, and included Commanders Eugene Rankin of Sapulpa, Okla., and Walter Reid of Washington, D. C. and Lieut. Cmdr. Roy Tam of Jacksonville, Fla. The men were scheduled to tell their experiences to newspapermen after they had undergone a flight physical examination for fatigue.

The prosecution attempted to prove that the Prelate had knowledge of the forced reconversion of the alleged forced reconversion of Serbian forces from the Orthodox of 330,000 Serbs from the Orthodox to the Roman Catholic Church.

Serbian denied knowledge of the forced reconversion of the Serbian forces from the Orthodox to the Roman Catholic Church.

The prosecution attempted to prove that the Prelate had knowledge of the forced reconversion of the Serbian forces from the Orthodox to the Roman Catholic Church.

The trial is set to begin at 10:00 A. M. on Oct. 15.

When the churchman appeared in his defense the prosecutor accused him of not even using the logic of a simple man, let alone that of the high clergy. Then a Serbian peasant gave a statement that he had been told if he wanted to stay in Croatia he must become a Catholic.

When the churchman appeared in his defense the prosecutor accused him of not even using the logic of a simple man, let alone that of the high clergy. Then a Serbian peasant gave a statement that he had been told if he wanted to stay in Croatia he must become a Catholic.

The request for the agreement has been published in the Federal Register, and interested persons have until Oct. 14 to file exceptions.

After that date the matter will go to the Secretary of Agriculture. If he holds there is sufficient demand for a market-

ing agreement a referendum will be held for the industry.

However, Clayton flatly denied

published accounts that Turkey had already appealed to the United States for help in the situation.

Clayton also asserted that he has no information to indicate that the Turkish army is on what amounts to a war alert.

Snoopy, a young Boston dog from East Cleveland, Ohio, can talk—believe it or not—and on a visit this morning to the Court House with his owner, Mrs. Eleanor Schleifer, proceeded to say, "Oh Mamma" so that everybody around the Hobby Lobby could hear her canine inflection.

Unlike many public speakers, Snoopy has no fear of microphones and several years ago appeared on the Hobby Lobby broadcast and then toured New England with a Hobby Lobby stage show with her owner.

Snoopy has only been here about three weeks and so yet has not had time to acquire a southern accent. Mrs. Schleifer, together with Mrs. Ann Purush, have purchased the Red Barn restaurant on the Orlando Highway, formerly operated by Roy Johnson.

Quite a group gathered around Snoopy at the Court House as she said, "oh Mamma, I love mamma and I love my mamma."

37 County Lots Sold At Public Auction

A total of 37 county foreclosed lots in Seminole County were sold yesterday at public auction by O. P. Herndon, county clerk.

The most spirited bidding was on a lot on Second Street back of Safford's garage on which bidding started at \$1,000 and ended at \$1,330 with D. A. Williams giving the highest bid. Total sales amounted to \$9,000.

CHAMBER MEET

The Board of Directors of the

Gainesville Chamber of Commerce will meet tonight at 8:00 o'clock at the Community Building, and annual election of officers will take place, according to Edward Higgins, manager.

## Seven Top Leaders Handed Jail Terms By World Tribunal

### Hjalmer Schacht, Frans Von Papen and Hans Fritzsche Acquitted In International Court; Defendants Have 4 Days To File Appeal

NUERNBERG, Oct. 1. (AP)—Twelve of Germany's top war criminals this morning were sentenced to death by hanging.

They include former Reichsmarschall Hermann Goering; Nazi Foreign Minister Joachim Von Ribbentrop; Nazi philosopher Alfred Rosenberg; and notorious Nazi governor of Poland, Hans Frank.

Also sentenced to die on the gallows were Colonel General Alfred Jodl, chief of staff of the German High Command; Jewish Reich Minister of the Interior Wilhelm Frick; the slave labor boss, Fritz Sauckel; the head of the Security Police, Ernst Kaltenbrunner; traitor Arthur Seyss-Inquart, gaoler in The Netherlands, and former Nazi Field Marshal Wilhelm Keitel.

Former ditty poet Martin Bormann, convicted in absentia, was sentenced to death.

Those are the men who have been sentenced to hang in verdicts handed down by the international tribunal.

In addition, Rudolf Hess was sentenced to life imprisonment. In addition, Rudolf Hess was sentenced to life imprisonment. Former youth leader Baldur Von Schirach was sentenced to 20 years in prison.

Also sentenced to 20 years was Albert Speer, Hitler's munitions minister.

Three defendants were acquitted.

The three are the German financial giant, Hans Schacht; diplomat Franz Von Papen, and Hitler's adjutant and chief Hans Fritzsche. The last member of the tribunal, not present at the acquittals, Lord Justice Lawrence, said the Russian member of the trio convicted.

Prison terms also were shaped on Nazi economist Walter Funk, and Gauleiter Erich Raeder.

Prison terms also were shaped on Nazi economist Walter Funk, and Gauleiter Erich Raeder.

Kurt Doenitz, former Admiral of the U. S. Navy, was sentenced to 10 years.

Former Nazi Deputy Propaganda Minister Fritzsche told the new men that he was surprised at the acquittal verdict of the Nuernberg court. He said he now hoped to go before a German court and vindicate himself in the eyes of the German people.

Former Nazi Deputy Propaganda Minister Fritzsche told the new men that he was surprised at the acquittal verdict of the Nuernberg court. He said he now hoped to go before a German court and vindicate himself in the eyes of the German people.

Talking Bull Dog From Ohio Gives Performance Here

Some members of the Allied prosecution staff expressed emphatic but unofficial disapproval of the verdicts in the war crimes trial.

One prosecutor declared on behalf of his delegation that the acquittal of Franz Von Papen surprised and irritated them most. Commenting on the Nuernberg's judgment of Von Papen, the legal spokesman said, "frankly, we are a little pained about Von Papen. Von Papen himself remained quiet, but smiled broadly when the verdict was announced.

A number of other prosecutors expressed no opinion, and brusquely turned aside all questions.

TO ADDRESS KIWANIS

Dr. Marshall C. Denby, pastor of the First Presbyterian Church of Orlando, and president of the Orlando Kiwanis Club will address Sanford Kiwanians at their Wednesday luncheon meeting at the Community House on Loyalty.

Furnituremen Cop 2nd Playoff Tilt

The Haynes and Williams softball team downed the Security Lumber Company in the final playoff series in the City Softball League last night by a 4 to 0 score.

Red Williams, on the hill for the Furnituremen, allowed but one run as he set the Lumbermen down the second game in the final. Junior Dyess, pitcher for Security, was nicked for eight safeties, but went the route.

Red Williams was the big gun for the Furnituremen. Williams blasted three hits in four trips to the plate.

The two teams resume play in the three out of five game series tonight.

## Notre Dame And Top Ten Hitters Texas Stand Out And More Leaders As Grid Champs In Majors Named

### Challenge The Army Two Year Reign Over Rival Teams

By THE ASSOCIATED PRESS

In the collegiate grid world, Notre Dame and Texas stand out as the most serious challengers of Army's two-year reign over college teams.

Notre Dame will face Pittsburgh this week, and should get by that one without any difficulty. Texas, meanwhile, will meet the Oklahoma Aggies, and that may be the best game of the day. Army will clash with an improved Cornell team.

Other top games this week: Navy against Columbia, Colgate vs. Yale, Brown at Princeton, Syracuse at Dartmouth, Tufts at Harvard, Detroit at Holy Cross, Lafayette at Pennsylvania, Iowa at Michigan, Wisconsin at Northwestern, Indiana at Minnesota, Purdue at Illinois, Kansas State at Nebraska, Texas at St. Louis, Boston College at Michigan State, Tulane at Drake, Arkansas at Texas Christian, Texas Tech at Southern California, Oregon at California, UCLA at Washington, Idaho at Washington State, Utah State at Colorado, Alabama at South Carolina, Tennessee against Duke, Furman at Auburn, Florida at Tulane, VMI at Georgia Tech, Xavier at Kentucky, Mississippi State at Louisiana State, North Carolina State at Clemson, Virginia at Georgetown, Wake Forest at Georgetown and Mary at the Citadel.

The Barracudas

The New Smyrna Barracudas are rounding a point eleven into condition in an attempt to recapture the North Central Florida Conference championship for the second straight year.

The Barracudas have at present a strong eleven and without incurring difficulties entering the picture the New Smyrna eleven will be as potent as they were last year.

Capt. Johnnie Ferris, a big 222 pounder and David Ritchie at 180 hold the tackle positions.

George Musser, 166 and George Vaughan, 160, guards; J. W. White, 40 center; Bobby Henderson, 148, and John Fenall, 140, half backs.

The backfield combination will probably be Tommie Hall, 152-QB; Leslie Clayton and Walker Middleton at the halves; each 150 pound mail juggler; and Broce McCray, 170, in the full back slot.

The ends are backed up by a pair of heavy boys: Jerry Cole, 160, and Tim Spangler, 150. Tackles' positions also have been well and well-trained replacements: William Rape, 210, and Bob Cain, 170; guard replacements are few and small; Allan Ward, 125; Joe Holland, 117, and Duncan Eason, 138.

## Plans Being Mapped Out For Hanging Of Hitler's Henchmen

Redoubled Force Of American Guards Surround Ancient Palace Of Justice

NUERNBERG, Oct. 2. (AP) — Allied Control Council delegates are disclosed to have met secretly today to map out details for the hanging of Hitler's eleven surviving henchmen.

The detail committee was composed of four men, one each representing Britain, Russia, France and the United States. They assembled under a security blackout in the deserted courtroom where for ten months Nazism's leading war criminals were tried.

A redoubled force of American guards surrounded the ancient Nuremberg courthouse to assure that justice is not hampered. The American soldiers are under orders to "shoot to kill" in the case of any provocation and it has been announced that security measures will be maintained until the day of retribution has passed.

Meanwhile, with the shadow of the gallows hanging over the doomed war criminals, their defense attorneys are busy preparing appeals. The four-power Allied Control Council in Berlin is the last hope of the condemned Nazis. But there appears little likelihood of a reversal of the decisions of the International Military Tribunal.

The convicted war criminals have until midnight Saturday to file their pleas.

Unless there is a reversal of the tribunal sentence, Goering, Von Ribbentrop, Rosenberg, Streicher and the rest of the international gangsters will hang on Oct. 16, two weeks from today.

Convicted Nazis who drew prison terms, from ten years to life, will serve their time in a four-power jail in Berlin, ironically enough the city in which they once ruled supreme. The name of the prison is being withheld for the present for "security reasons." For the same reason, the time of the transfer of the prisoners is being kept secret.

The three defendants whom the court restored to freedom shortly will depart to their proper domiciles: The freed man, Hjalmar Schacht, Franz Von Papen and Hans Fritzsche—spent last night in jail; in greatly improved quarters. They merely are awaiting the arrival of proper papers and for transportation.

There still is the possibility, however, that they must face German concentration camps in their home areas. The point has not been settled.

London Conclave Is Temporarily Adjourned Today

LONDON, Oct. 2. (AP) — An official British source today announced the temporary adjournment of the Palestine Conference at London. The spokesman says the Arab plan for settlement of the controversial Holy Land problem will be announced tomorrow.

It was said, meanwhile, that the Arab delegation probably would return to their homes as a result of the indefinite adjournment and that the British and Arab views on the desirability of the adjournment would be discussed later today.

The official said that a date for reconvening the Palestine Conference would be announced later. The spokesman made his disclosure after Foreign Secretary Ernest Bevin and Colonial Secretary George Hall today attended the sixth meeting of the Arab sessions, begun 22 days ago.

Sturdivant Joins Thorpe Sales Group

R. M. W. Sturdivant, formerly of the Sanford Atlantic National Bank and resident of this city for the past 20 years, has joined the sales force of the Thorpe Furniture Company, and replaces A. W. Upchurch who has been transferred to company's store in Orlando.

G. W. Austin, manager of the local Thorpe store, reported that September business had exceeded that of any month since the store was reopened. He declared that he is optimistic over the general outlook of business in Sanford.

Driver Survives 225-Foot Fall

CRASHING OVER THE SIDE of a 225-foot cliff in his station wagon at Port Washington, N. Y., Oscar Goeckeler, 22, a veteran, managed to climb back to the road, despite being badly injured, to be picked up by a passing motorist. The car, which bounded against huge boulders as it fell, is shown being removed from the rocky gorge. (International)

## Marshall Dendy And Alex Waite Speak At Kiwanis Luncheon Today

Catholic Bishop Declares Future To Vindicate Him

Bishop Joseph Hurley Of St. Augustine Is Attending Trial

ZAGREB, Yugoslavia, Oct. 2. (AP) — A Franciscan monk today testified that Yugoslav Archbishop Alojzije Stepinac once wrote a pastoral letter which called for passive resistance against the government of Marshal Tito. The monk, Father Modesto Matanic, testified that the Archbishop had told him, "If Rome thinks I am harmful to the Catholic Church, I will die. Otherwise I will continue to fight for the rights of the church."

In his talk, Dr. Dendy stressed the Kiwanis motto of priority of the spiritual over the material and in translating the Golden Rule into private life. He told of the need of aiding the churches in fighting evil, intemperance and immorality. He pointed out that juvenile delinquency is on the increase and told of arrest of 13 boys in Orlando recently for stealing.

Stories of business men who had done outstanding aid to young men were cited. New and latent possibilities of life as revealed by research such as was done on peanuts and the sweet potato by George Washington Carver, the great negro scientist, were explained.

Dr. Waite predicted that despite the fact that Rollins had a new and untried team with many GI veterans, something spectacular and interesting might result. Up until four weeks ago, at least half of the men had not seen each other or the coach, he said. Bob Johnson of Winter Park and Howard Montooth of Sanford introduced the speakers.

Winter Park visitors included: Dr. Waite, G. N. Denning, Harold Mutisburgh, R. C. Baker, Ray Travillian, Herb Barnum, Bob Johnson, Russel Library, Dave Andrews and Bob Houche. From Orlando were Dr. Dandy, Charles Clementson, Jr., and Otis Taylor. Other visitors were Holmes Melton, Dr. L. B. Amich of Iowa and A. V. Clark of Arcadia.

QUAKE RECORDED

NEW YORK, Oct. 2. (AP) — The seismograph at Fordham University today recorded two earth quakes described as being of moderate intensity. The tremors, one last night and one this morning, were said to be more than 5,000 miles away, probably Chile.

T. B. MEET OPENS

JACKSONVILLE, Oct. 2. (AP) — The Southern Tuberculosis Association will open a two-day meeting in Jacksonville Thursday.

## Local C. O. C. Names Bitting As President

H. H. Coleman Reviews County's Progress During Past Year; Higgins Is Praised

W. V. Bitting, manager of Touchton Drug Store, was elected president of the Sanford Chamber of Commerce yesterday. A meeting of the board of directors held in the Community Building last night, E. G. Kilpatrick was elected vice president, J. L. Ingle, treasurer, and Edward Higgins, manager.

The retiring president, H. H. Coleman, reported on the progress of the Chamber of Commerce since 1940 and particularly stressed the accomplishments of the past year. The organization at present has a membership of 427, he said, with an annual budget of \$19,100 and a cash balance of \$6,073. Mr. Coleman also thanked the directors for their service and paid high tribute to the untiring work of Manager Higgins and the efficiency of Miss Margaret Delta.

Upon suggestion of George Touhy, Senator L. F. Boyle was appointed temporary chairman of the meeting. A nominating committee was then appointed consisting of R. L. Dean, H. James Gut, John Iver, Andrew Caraway and W. A. Patrick. They retired and later presented a list of nominees for the various offices. Nominations were called for from the floor but there being none, the nominating committee's selections were unanimously elected.

In addition to the officers already named the following district vice presidents were selected: District No. 1, Frank Shanes; District No. 2, B. R. Crispley; District No. 3, J. A. Bistline; District No. 4, R. F. Wheeler; and District No. 5, W. G. Kilpatrick.

Previously in the meeting, the directors adopted the report of a committee headed by Leo Lesser to complete improvements to the home of "Whistling Willie" as authorized by the Chamber of Commerce two and a half years ago. And a request from the Junior Chamber of Commerce for assistance in establishing a Information Booth was granted to the extent of \$1,000.

Fred R. Wilson and W. A. Lettie were appointed as a committee to present to former President T. W. Lawton a plaque expressing the appreciation of the Chamber of Commerce for his unselfish work for the organization during the years of 1943-45.

In outlining the work of the organization during the past year, Mr. Coleman had particular emphasis on the importance of the various St. Johns River projects and revealed that despite recent government action in holding up virtually all public works project, he had the assurance that both the proposed 10-foot channel and the 12-foot channel would be completed within the coming year. He also said that progress has been satisfactory in establishing a large line on the river with lower freight rates in prospect.

The Chamber of Commerce has been active, he pointed out, in assisting in the reconstruction of the Sanford Naval Air Station to peacetime activities. Contracts have been signed with Roy Browning to operate the airport and with the Intercession Institute to operate a vocational training school. The Fernald-Loughron Hospital has taken over the Naval dispensary and is expected to occupy it within a short time. Applications are pending for the use of a number of other buildings at the station.

Mr. Coleman mentioned the work of the Chamber in promoting road construction in this county, revealing that No. 44 is about completed from Mineo to Lake Jessup, that No. 203 will be under contract in about 30 days, that No. 202 will be rebuilt this year and that approximately \$100,000 will be spent involving No. 17 to Orlando.

## Goering Term As Phony By Experts

NUERNBERG, Germany, Oct. 2. (AP) — Two experts on mental disorders at Nuremberg agreed that at least one of the Nazi ring leaders condemned to die is strictly a phony.

The phony is the titular head of the 11 Germans who will be hanged two weeks from today — Hermann Goering.

The experts said Goering thinks of himself as a devil-may-care type, but that in reality he is a phony through and through — and all the other defendants know it.

The experts said

## United States And Britain Charged With Betraying Big Four Agreement On Trieste

King George Returns To Throne In Greece

ENDING FIVE YEARS OF EXILE, King George II drives through the streets of Athens on the way to the royal palace with his brother, Crown Prince Paul of Greece, Frederica, his wife, beside him. He drove from Phaleron Bay, where he landed in a small boat, to the capital, where he was greeted by a medium-sized crowd. The Greek monarch was recalled from exile by a royal decree. ## Reds Say Chiang Varied Comment Expressed Today On Is Using Nearly Verdicts Reached By World Tribunal 2,000,000 Troops

Nationalist Forces Only 35 Miles From Key City Of Kalgan

Exiled Boy King

By Associated Press

From Red China, Mao Tse-tung came early this morning to the Chinese government to present his demands and negotiate a truce. The Chinese government accepted the demands and the negotiations were continuing.

The official Chinese government newspaper, *Yi Lin*, said that the Chinese government was informed by the release of the *Beiping* issue that the Chinese government had accepted what it called the surprising softness of the country's existing Randolph Hearst off with a big sentence. It terminated the demands of the Nazi High Command, a common mistake. In Peking, two foreign organizations, the Chinese Society for Promoting the Health of the Chinese and the Chinese People's Anti-Tuberculosis Association, held a press conference.

Alfred Bokius, a paper like *Yi Lin*, told the reporters, we are communists, but our politicians were quoted as demanding that Gehring, Von Papen and Fritzsche be handed over to German courts for reckoning. These men, they are guilty in the eyes of the Chinese people.

A Chinese spokesman from the Chinese People's Anti-Tuberculosis Association, a medical organization often accused of being a communist party, said that the Chinese government had accepted the demands of the Chinese people.

The Chinese spokesman said that the Chinese government had accepted the demands of the Chinese people.

Within a few days, he added, he will name a committee to assist him in conducting the campaign.

"I should be happy to have people volunteer for the committee," Mr. Touhy added. "Any one who feels he can help in this important community undertaking will, I hope, communicate with the office of the association.

George Touhy To Direct Christmas Seal Sale

George Touhy has been named chairman of the committee which will direct the 1946 Christmas Seal sale throughout the county to raise funds for tuberculosis control work, according to an announcement made today by Mrs. Mary Rawlins, president of the Seminole County Tuberculosis Association. The County campaign is part of the nation-wide 10th annual Christmas Seal sale which opens Nov. 25 and will continue until Christmas.

"We are deeply gratified that we shall have a man of Mr. Touhy's caliber to head our annual fund-raising campaign," said Mrs. Rawlins. "We know that the contribution which he will make to our program to prevent and control tuberculosis will extend beyond seal sale time into the year ahead when seal funds will go to work to improve the health of our communities."

Mr. Touhy said he readily accepted the chairmanship because he recognized the value of the work of the association and because he knew the people of the County were 100 percent back of the association in its fight against tuberculosis.

Within a few days, he added, he will name a committee to assist him in conducting the campaign.

"I should be happy to have people volunteer for the committee," Mr. Touhy added. "Any one who feels he can help in this important community undertaking will, I hope, communicate with the office of the association.

Security Lumber Cops First Tilt

Security Lumber Company trimmed the Haynes and Williams Furniture in the third game of the playoff series to determine the champions in the City Softball League by an 8 to 3 margin last night.

Red Williams and Roy Britt on the hill for the Furniture allowed ten safeties while their mates committed a pair of miscues. The Security batter, Junior Dyers, allowed the Haynes and Williams nine but five scattered bingles.

Haynes and Williams held a 2 to 1 game margin over the Security Lumber aggregation. Play will be resumed at Lakefront Park on Monday night.

## Coast Guard Plane Spots Missing Boat

NEW YORK, Oct. 2. (AP) — A Coast Guard PHR plane has spotted a missing boat overdue since late yesterday at Shark River Inlet, N. J. The plane is directing a rescue vessel toward the boat which has five persons aboard.

The Coast Guard said that

the boat had been no word as to

what was wrong with the craft.

The fishing boat, named the Blue Fin, went out yesterday morning and was due back at
