NUMBER 231

VOLUME I

NEW YEAR WILL CHANGE GOVERNMENT

MEANS DIFFERENT POLICY WITH REPUBLICAN RULE

THE SOUTH IS OUT

NORTH AND EAST WILL BE ON TOP FOR THE NEXT FOUR YEARS.

WASHINGTON, Jan. 1.—For the first time in history the territory which pays the bulk of the federal taxes will have full working control of the house of representatives after March 4th.

Checking up the new list today, Rep. Madden, Republican, of Illinois, found that with the opening of the new session the section east of the Mississippi and north of the Ohio rivers would have a solid Republican voting strength of 228. The house majority is 218.

Madden's figures indicated this section pays 84 1/2 per cent of all taxes with the south and west, at present able to control the house by joint action, paying the balance.

"This will give the Republicans from the taxpaying belt a clean majority hereafter, over all combinations," Mr. Madden declared, "and I believe we will soon begin to see a change in the sectional or class legislation.

"Under Democratic administrations the south has been in the saddle, and the south paid only 6 per cent of all taxes. Almost all people have admitted that the landslide would put the west on top in the house, but they were wrong. The territory paying the freight will run the executive engine. It ought to be a good omen. It means that the majority of stockholders of the country will have the last say in the question of legislation.

"By the vote in November the people have said that the tail no longer should wag the dog in congress."

With the change of administrations early in the new year will come the adoption of a new foreign policy by the government, a shake up in federal departments, many new faces in congress and a start on the legislative program which leaders are formulating.

Occupying a prominent place in public interest will be the peace program of the new administration, including the formal ending of the state of war with Germany and the framing of new commercial treaties. Tariff and revenue revision also have front rank in the Republican program for the extra session, which President-elect Harding is expected to call soon after his inauguration.

Action by the present congress is expected to be limited to urgent business, including appropriations for next year; farmers' relief measures; government regulation of cold storage and, possibly establishment of a national budget system, together with preliminary preparation of legislation for its establishment.

There is legislation in prospect for an extra session which includes reorganization of many departments; development of the American merchant marine; revision of the Panama canal tolls; new army and navy policies; disposal of enemy alien property seized during the war, regulation of immigration and alien land ownership, provisions for former service men and the establishing of policies of closer relations between the federal government and business and labor.

FT. PIERCE GOLF LINKS OPEN NEW YEAR'S DAY WITH TOURNAMENT

FT. PIERCE, Jan. 1.—The golf links of the Fort Pierce Golf and Country Club will be formally opened today by a golf tournament in the afternoon to which will come many of the prominent golfers of the county. Prizes have been offered to professional players. A tournament for clubs will be held at the same time.

The handsome new club house was opened Christmas night with a formal ball, which will be the first of a series of formal entertainments. The second was a ball last evening.

A daily boat passenger and mail service between Palm Beach and Moore Haven on Lake Okeechobee is probable within the next few weeks.

Speed the Old—Welcome the New

WE, the people of Sanford and Seminole County, can look ahead with the most pleasant anticipations today, as we stand upon the threshold of another year. Without stopping to look behind us we can sum up one of the most prosperous years in our history. 1920 had its shares of troubles and sorrows and trials and tribulations, but in the summing up of affairs in the last analysis the people of this section of the greatest state in the union can well feel that we are blessed in many ways and more blessed than many in other states. It is true that all is not peace and prosperity and yet the trials that beset us as we speed toward another year are but the difficulties and the hills to be surmounted that will eventually lead us into the plains and the valleys of peace and contentment—not the contentment that comes of a work well done.

The year 1921 offers more to the citizens of this city and county than can well be summed up in these few lines. If the real facts and figures could be set forth here they would be astounding and this paper will present them in a later issue for they are well worth public notice of those who are not residents and will also prove interesting to those who reside here. The Banks have had a most prosperous season. They have met every demand made upon them by the people who wanted assistance, they have showed remarkable gains in deposits and as usual have exhibited that safe and stable condition that follows conservative banking. They are the bulwarks of our social and financial status and upon them we depend for our commercial enterprises. The business men of this city and of the county state that they never had a better season. Despite the fact that falling markets have made merchandising a difficult matter our merchants have adopted a conservative policy but a most progressive one of marking down their goods as the markets fell thus not only giving their customers the benefits of the prices but avoiding the policy of carrying over the old lines when the new fashions were coming in and the many sales here have brought hundreds of new shoppers to the city as well as keeping the local trade at home. Our merchants have many surprises in store for the trade in the next few months and they will continue to sell goods at the same close margins of profit and will stock up with the best and the very latest in everything that the buying public desires. Many changes in the business world are contemplated here. As recorded yesterday there will be a new bank here, a new trust company, several new firms will embark in

business in the next few months, many new business blocks will be built to give room to the many new firms that have chosen Sanford for their future field. Contractors are being besieged for plans and specifications for new homes and new business blocks. New capital is here and more of it is coming to invest where they know it will bring a big return.

The farmers in this section were hit by the declining markets that hit every section of the United States but they have ten chances to recover here where they have only one in other states. They have lost some money on their lettuce crop but they are not discouraged for they realize that the big prices do not prevail this year as they have in the past. If labor and freight rates and the prices on crate and fertilizer follow suit the farmer will be content to take his share of the burden that follows readjustment after a great war. Sanford farmers are on a solid foundation and will get together and make good on the celery crop and the many spring crops. The world is obliged to eat and Sanford farmers will supply them. They are not discouraged by a temporary loss for they can recoup and come back easier and more quickly than their less fortunate brethren in other states. There is no need for pessimistic thoughts today as we face the future in this great section that offers so much to the home-seeker, to the seeker after health and wealth and the man who wants to live in the finest part of the world.

This city has taken a new lease on life, has taken a fresh start that is not a boom or a bubble that will burst at the first pin prick of adversity. Sanford is growing steadily with a healthy growth that will carry it ahead of all competition in the next five years and with the spirit that accomplishes results there will never again be even a whisper of failure or of a retrograde movement in the section that has been blessed by nature as no other part of the world.

And in this prosperity and good fellowship the Sanford Herald joins its hundreds of readers and patrons with the wish that they will stand together, forget all differences, political and otherwise, and work together in the year of 1921 that holds such golden promises—golden fruit that is ready to pluck by the people who have shown the faith in the years gone by and who have never wavered in their allegiance to their home.

Push ahead, look forward and not backward, look upward and not downward, take up the horn and drop the hammer, push forward and not pull backward. This section will be what we make it in 1921.

PUTNAM INN AT DELAND IS SOLD FOR \$75,000

DELAND, Jan. 1.—One of the largest real estate transactions made the past year was closed here yesterday when the Putnam Inn, Deland's leading commercial hotel, was sold to Frank Harree, who will take charge today. Consideration is understood to have been \$75,000.

For years Mr. Harree was lessee and manager of the Hotel Springer at Columbus, Ga., and of the Aragon and Wynnecoff hotels of Atlanta. Mr.

Harree is accompanied by his wife and daughter who will be associated with him in the management of his new property.

Mr. and Mrs. B. E. Brown, former owners of the famed hostelry for over 25 years, plan to retire from the hotel business of which they have made such a success, and will live at their home adjacent to the Putnam Inn, which was not included in the sale.

Now that women have the vote, it is no longer proper to say that politics make strange bedfellows.

STATE TEACHERS TO MEET AT ORLANDO

ORLANDO, Fla., Jan. 1.—The 1921 State Teachers Association convention will be held in Orlando next December, when between 1800 and 2000 teachers from all parts of the state and some of the foremost educators in the United States are scheduled to address the convention.

Farmers in Dade county are looking forward to the school to be held here by specialists from the Agricultural College late in December.

BANKERS ARE OPTIMISTIC OVER AMERICA'S FUTURE COMING YEAR GOOD ONE

CONGRESS ADJOURNED FOR NEW YEARS

THE GOVERNMENT MACHINERY PAUSES TO CELEBRATE NEW YEAR

(By The Associated Press)
WASHINGTON, Jan. 1.—Government machinery at Washington paused today to greet the incoming year. On account of the president's illness the usual New Year reception at the White House to members of the diplomatic corps was dispensed with and a reception tendered at the home of Acting Secretary of State Morman Davis. Secretaries Baker and Daniels held open house to receive New Year calls from the public and officers of the Army and Navy and Marine Corps. Both houses of congress adjourned.

WOMAN IS SHOT DEAD NEAR WINTER PARK

ORLANDO, Jan. 1.—One of the most cold-blooded murders in the history of Orange county occurred last night about 7 o'clock at Goldenrod, about five miles east of Winter Park, when J. P. Wilson shot and killed Mrs. George E. Dyal as she drove to the gate of her home in company with her husband and three children. A load of No. 10 shot was fired at close range into her breast, killing her instantly. She had leaped from the wagon in answer to the summons of Wilson to "sit perfectly still," and was approaching Wilson when the shot was fired.

The horse, becoming frightened, shied and plunged down the road, carrying with it Mr. Dyal and his children.

Chief Vestel, of Orlando police department, was in Winter Park at the time the murder was reported, and in company with Chief of Police Dave Overstreet of Winter Park, arrested Wilson at his home, finding him washing his bloody hands. He was brought to Orlando and lodged in jail, where he is said to have talked freely of the crime later to the police.

Sheriff Grodon immediately left for Winter Park when notified of the murder and viewed the body, with Dr. Howard of Winter Garden. A coroner's inquest will be held this morning.

The motive for the crime was declared to be jealousy.

RECOVER PART MONEY STOLEN FROM NAVY

ARREST TWO MEN THERE
WHEN THEY GO TO
GET THE COIN

MIAMI, Jan. 1.—Two men arrested here late today by agents of the department of justice and local police are being held for investigation in connection with the theft last Monday of \$72,000 from the destroyer Satterlee at Norfolk, Va.

They were seized by police at the office of the American Express Company, where one of the young men called to procure a package, said to contain approximately \$18,000 of the stolen funds, which was addressed to him from Norfolk.

Both men denied complicity in the robbery. Government officials and police refused to divulge the names of the prisoners pending advices from the authorities in Norfolk.

Each of the men arrested is under the age of twenty-one and have been identified as seamen on the Satterlee when it was in this port recently, it is said. The men received their training at the naval air station in Miami during the war.

Police officers refuse to divulge the names of the alleged culprits.

The only certainties of life are death, disappointment and taxes.

EASTERN, CENTRAL AND WESTERN FINANCIERS CONFIDENT

GEN. IMPROVEMENT

ALL ALONG THE LINE IS GENERAL TREND OF FINANCIAL THOUGHT

NEW YORK, Jan. 1.—Leading New York bankers whose business extends into all parts of the country, declared today that a sound basis was being created for more stable and healthful business during the year of 1921.

The concensus of opinion is that deflation is loosening the speculative grip on many basic commodities, and has brought sounder and more normal conditions into the nation's business life. Credit will be more flexible in 1921 they declare. Employers, wage earners and merchants must share alike in cuts for their commodities and service, they pointed out. The business crisis precipitated by retrenchment has passed.

Chicagoans Confident.

CHICAGO, Jan. 1.—Heads of Chicago's greatest banking institutions in statements today predicted a general stabilization of prices and twelve months of very steady improvement in general conditions to the coming year. Cessation of unusual expansion of credits and currency and a probable construction campaign in every line of industry were the major notes in a statement made by George Reynolds, president of the Continental and Commercial banks.

Optimistic in West.

SAN FRANCISCO, Jan. 1.—Confidence that America is fundamentally sound and that courage and faith will restore American business and finance to normal, stabilized conditions was expressed today by leading San Francisco bankers.

ANOTHER MURDER MYSTERY

MAN AND WOMAN WERE NOT
SUICIDES BUT WERE
KILLED

JACKSONVILLE, Jan. 1.—Bit by bit the tangled skeins of the mystery surrounding the killing of a man and the fatal wounding of a woman Thursday morning in the Florida Hotel on West Bay street, are being unwound by the police.

But, with the clearing up of every point so far proved, the mystery yet grows deeper and now the authorities are inclined to believe that the man who registered at the hotel as W. F. Meadows was not killed by the woman thought to be his wife, but by a third party. Likewise, the theory is now advanced that the woman did not try to kill herself, but that she, too, was shot by a third party. The woman, up to Friday afternoon was still alive, but has not regained consciousness since the shooting and her death was momentarily expected.

These facts were established Friday.

The man who was killed as he lay asleep in bed was not M. F. Meadows of Tulsa, Okla., but Jack Sandfeur of Oklahoma City, Okla.

A letter found in the personal effects of the woman showed that, last October, she married a man by the name of W. F. Meadows.

W. F. Meadows, Sr., of Moultrie, Ga., father of W. F. Meadows of Tulsa, Okla., coming to Jacksonville to try to identify the body of the man at first thought to have been his son, says that the dead man is not W. F. Meadows, Jr., of Tulsa, Okla.

SENATOR CHAMBERLAIN REPORTED IMPROVING

WASHINGTON, Jan. 1.—Senator Chamberlain, Oregon, underwent the second operation yesterday. He is reported as resting well today and his condition said to be satisfactory.

SHIPPERS SCORE IN FIGHT AGAINST DIVERSION RULE

SOUTHEASTERN AND EASTERN
ROADS TAKE OFF PRO-
POSED TAX.

JACKSONVILLE, Dec. 31.—Growers and shippers of Florida won a complete moral victory in their conference yesterday in Jacksonville with traffic executives of southeastern and eastern railroads on the subject of diversion privileges on citrus fruits and vegetables, even though some details remain to be adjusted later with the northern lines, and the case must be heard by the Inter-State Commerce Commission.

A large number of citrus and vegetable growers and shippers came to Jacksonville to meet the railroad executives. At a preliminary conference on Wednesday night the shippers selected a committee of their number to handle the presentation of their case, which was most ably made yesterday. J. C. Chase, president; J. H. Ross, of the Florida Citrus Exchange; E. D. Dow, traffic manager, and George A. Scott, sales manager of that organization; John F. Thomas, George Williams and W. H. Mousset for the Florida men, made a tremendously strong case against the proposed new restrictions upon diversions. Dr. Ross pleaded with the railroad men "not to lay the last straw upon the back of the camel which already is overburdened by outrageously high freight charges and high costs of production."

The speakers were heard with grave attention by the railroad men, who then adjourned to talk things over among themselves. After an hour they requested the growers' and shippers' committee to meet with them again at 4 o'clock, and the meeting adjourned for lunch.

At 4 o'clock began an informal conference of the committee and the traffic officials. At the end of an hour and a half the officers of the southeastern railroads announced they were convinced of the justice of the case presented by the growers and agreed to withdraw their proposed new diversion rules, allowing shippers all the former diversion privileges south of the Ohio river, but by mu-

tual agreement a charge of \$5 per car will be made for the detention of cars at division points for more than forty-eight hours.

What action will be taken by northern lines is not yet indicated. Those northern representatives present stated there was not a sufficient representation from their territory to take action and said they had not the necessary authority to commit their lines to any action. Under the circumstances it will be necessary for Florida shippers and the Florida Railroad Commission to go ahead with the contest of the case before the examiner of the Interstate Commerce Commission in Jacksonville Jan. 21, and a final hearing before the commission in Washington Jan. 31. Points then to be made will be practically the same as made yesterday. Representatives of southeastern lines at this hearing will announce their withdrawal of the new rules voluntarily, but it was doubted here if final action in the matter will be taken by northern lines until the case is adjusted by the Interstate Commerce Commission.

Growers' representatives were greatly gratified by the action of the southeastern roads, and encouraged by it to believe the final outcome will enable perishable shippers to retain practically all the advantage of former diversion privileges.

D. C. Gillett and C. E. Stewart of Tampa, respectively vice-president and business manager of the Florida Citrus Exchange, were among the active members of the committee selected to handle the growers' plea for relief from the transportation companies.

GOVERNMENT TO SELL A MILLION DOLLARS WORTH OF LIQUOR IN NEW YORK

NEW YORK, Dec. 31.—Liquors of all kinds valued at \$1,000,000, seized since prohibition went into effect were today ordered disposed of without undue delay by Chas. R. O'Connor, Federal director of prohibition for New York state. The liquor will be sold to "the highest bidder," he said, "but bidders are restricted to physicians, hospitals and other persons and institutions authorized to purchase if for 'non beverage purposes.'" Wood alcohol and other dangerous "beverages," he said, "would be officially spilled."

AUTO LICENSES ARE DUE JAN. 1

PROVISIONS OF THE LAW AND
SCHEDULES ARE GIVEN
BELOW.

Automobile licenses for the year 1921 will be due after January 1st, and for the state must be paid at Tallahassee while on cars and trucks used for hire and traffic an additional license for the county must be paid at the tax collector's office.

On motor vehicles for private use only the only state and county license is paid at Tallahassee. For vehicles used for commercial purposes the addition for the county is one-half that paid to the state. The law also requires that the city cannot collect more than the amount of the license tax for the county.

All auto licenses for the year 1921, that is for those who own cars now, is due the first of the year, and violators are subject to penal handling for failure in complying with the law. Application blanks, as a rule, can be secured from either the sheriff's office or the tax collector's office. Following is the schedule of licensed tax:

- Passenger Vehicles
- Series A—Motorcycles, \$2.
 - Series B—Automobiles and other vehicles of 22 h. p. or less, \$5.
 - Series C—Automobiles of more than 22 and not more than 27 h. p., \$8.
 - Series D—Automobiles of more than 27 and not more than 35 h. p., \$12.
 - Series E—Automobiles of more than 35 h. p., \$15.
 - Series F—Any type of automobile with a seating capacity of more than 10 passengers, \$100.
 - Motor trucks for hauling any load other than passengers are:
 - Series W—Trucks of not more than one ton capacity, \$10.
 - Series X—Trucks of more than one ton and not more than two tons capacity, \$25.
 - Series Y—Trucks of more than two and not more than four tons, \$50.
 - Series Z—Trucks of more than four tons capacity, \$100.
 - Hearse, casket wagons or ambulances owned and operated by undertakers in connection with their regular business shall not be subject to a license of more than \$10.
 - Motor vehicles having been licensed by any other state of the Union

shall be subject to the provisions of the Florida tax law after such a vehicle has been in this state for a period of 30 days.

WILL KILL DOGS JAIL OWNERS IF TAX NOT PAID

City Manager Eugene Masters announced this morning that the city will begin a drive against untagged dogs on January 1st, police officers being instructed to kill all dogs upon which the legally required license tax has not been paid and arrest the owners of such animals. This license was due October first along with the commercial and professional occupation tax. The latter have been paid up for the most part, but dog owners to date, with a few isolated exceptions, have ignored the purchase of tags for their dumb friends. Through the columns of the Evening Record the city administration is giving a final notice to all dog owners in St. Augustine. Friday midnight is the last hour of grace; beginning Saturday morning all untagged dogs will be slain by the police and the owners of such animals arrested for violation of the law.—St. Augustine Record.

AN OPEN LETTER

To the Members of the Chamber of Commerce of Sanford,
Gentlemen:

Sanford is a nice town—nice location—nice people—good business—good air—good times. We like Sanford! We cannot believe, however, that Sanford likes us.

Why? For one month, 30 days, my wife and I have been diligently searching for an apartment. At last I offered a reward to anyone who will find us one within certain limits. That ad is three days old. As yet nothing doing.

To stay in your town we must have a place to live. It is presumed that others must be in the same predicament.

Get me??? Get wise!

J. W. R.

N. B.: The reward of \$10 is good until further notice.

Happy New Year.

To the people of Sanford and Seminole County: I thank you for the biggest Christmas business I ever had.

HENRY M'LAULIN

YOUR JEWELER FOR 33 YEARS

The average school teacher nowadays has to take a vow of poverty before going into her work. The salary is like some of the children—a case of arrested development.

Our friends the Russians seem to be using nails in place of money nowadays, if we are to believe the latest news dispatches. Next thing we'll hear they are carrying nail scissors to cut down expenses.

Johnny Jones Big Shows

Will Furnish the Amusements and There Will Be Something Doing Every Minute With Plenty of Music, Attractions, Noises and Fun of the Right Sort. Read what the Palm Beach Tropical Sun says of the JOHNNY JONES SHOWS This Season

The Seminole Sun Dance committee were wise in selecting Johnny J. Jones to come to West Palm Beach to give a show to help in making expenses for the next Sun Dance, March 9-10-11, next spring. He has the best Carnival we have ever seen. He has everything and so much of it is new. He has undertaken a new departure in amusements and is cutting out the clap-trap and filling in with educational and art work. His free war museum is a wonder and is a liberal history of the war in itself. The European battle front with a thousand moving figures, siege guns and disappearing batteries and regiments of soldiers in trench and shell proof dugout and in trees and on mountain tops is an exact picture of an engagement, and all electrically controlled. And to think that an American from Urbana, Ohio, took away the special job of the Swiss music box makers—why it is more wonderful than the Strasburg clock.

In art the classic "Stella" that cost the St. Louis collector \$100,000 is the most talked about picture of the modern painters and is the masterpiece of Napoleon Ninni, the premier Italian artist. In the same list is "Superba" a beautiful combination of painting and life sized human figures representing the masterpieces of the European and American galleries.

The feature here is the lighting effects and the artistry of posing, in pictures so famous and so artistically reproduced that nothing lewd or suggestive ever enters the mind of the beholder. It recalls the electrical shows at the Chicago World's Fair with colored storm effects. It should be seen for its educational value and art expression.

The Lilliputians are meritorious in the extreme for they are the most refined and commanding since the days of Mr. and Mrs. Tom Thumb and Commodore Nutt. Prince Denison, M'le Salone, Princess Marguerite and Baroness Leonie, are very attractive and hold receptions with true courtliness.

The educational animal show where a whip would seem unnecessary except for show. Lions, jaguars, leopards, elephants, camels, goats, performing monkeys, pumas and a wild West Show of real plainsmen and trick riders in an original border drama, in which the trick mule is a star and the horse thief is caught, the audience encored and on all sides was exclamations of "That's some show ain't it?"

There are hundreds of things not on the bill with this show aggregation. It is a constant surprise and everything is a novelty and so clean and devoid of the rough house speller that one thinks he is in a museum. The one show is laid out on both sides of our concrete roadway through the park and runs from Althea north through the park to the railroad bridge for two long blocks and every twenty feet is something else. It would take us a week to see it, and hear entertainer Ed. R. Salter tell how good Johnny J. Jones was and how particularly he scrutinized all shows daily and all new acts to see that no vulgarity or short change acts are given. There is only one Ed. Salter and he is with Johnny J. Jones and there is only one Johnny J. Jones on the show map in the carnival routings. We are trying to get him here for the Sun Dance March 9-10-11.

SOCIAL CALENDAR FOR THE WEEK.

Saturday—
Mr. and Mrs. David Thrasher and Dr. and Mrs. Samuel Puleston gives reception and the Dansant in honor of Miss Lee at the home of Dr. and Mrs. Puleston.

Mr. and Mrs. Lee Haskett, parents of Mrs. Sam Yontz, and Miss Haskett and Master Jack Haskett came yesterday and will have an apartment in the Welaka for the winter.

Miss Emma Owen, who has been the guest of her sister, Mrs. L. P. McCuller for the holidays, left Friday for Fort Pierce.

Quite a number of Sanford teachers are attending the State Educational Association in Tallahassee. They are Mrs. Stella Arrington, Miss Claire Walker, Miss Ethel Moughton, Miss Gray, Mr. Bach, Mr. Fred Williams and Mr. T. W. Lawton.

DINNER FOR MISS LAKE.

Mrs. A. R. Key entertained with a dinner New Year's Eve in honor of Miss Sarita Lake.

The table was tastefully and beautifully decorated. A centerpiece of a candlestick surrounded by ferns and roses and little flower pots with lighted candles to mark the places made a beautiful picture.

A sumptuous dinner was served at six o'clock. Covers were laid for Mrs. Key, Miss Sarita Lake, Miss Ethel Henry, Miss Florence Henry, Miss Marie Tighe, Miss Agnes Dumas, Miss Dorothy Rumph, Miss Helen Peck, Miss May Thrasher, Miss Fern Ward.

"13" CLUB DANCE.

The dance given by the "13" club on New Year's eve at the Hotel Valdez surpasses in every pleasant way any ever given by this Club.

The ball room was beautifully decorated in Christmas greens and shaded lights.

The hall was opened by the grand march which was led by Mr. and Mrs. George Knight.

The music was furnished by an orchestra from the Million Dollar Band and was splendid.

At twelve o'clock a "Midnight March" was formed which was also led by Colonel and Mrs. Knight. This was the occasion for favors of horns, caps and balloons to be given and to bid the old year out and the new year in.

After this a delicious supper of sandwiches, ice, cakes and coffee was

served. Punch was served all thru the evening.

There were about one hundred couples who counted this one of the most pleasant of the many pleasant dances which have been given during this holiday season.

DANCE AT PALMETTO CLUB.

Younger Daytona society men arranged one of the prettiest of holiday parties for Wednesday evening, which was given at the Palmetto Club house on Orange avenue. The ballroom and supper-room were massed in heavy Christmas greens, the palm leaves being artistically arranged in the manner which the clubhouse makes possible.

Koester's orchestra, under the direction of Paul Koester, played the dance program, which was a succession of encores throughout. The young women in their pretty dancing frocks and the opportunity of meeting again for holiday festivities made the evening most pleasant.

The floor was good and the music worth while. Punch was served between dances, and visiting was the order of the evening along with the dancing.

Among the guests of the evening were the Hon. and Mrs. Forrest Lake, Miss Sarita Lake and Messrs. Chittenden and Robinson, of Sanford, who came over for the party.—Daytona Journal.

GLORY ACCRUES TO LEADER

To Be Remembered, One Has Only to Be First in Some Undertaking That Succeeds.

Adam's glory was in being the first man, and Eve's in being the first woman. They have been talked of through all the centuries for nothing except that they were the first to live, the first to be tempted and the first to fall.

And so it is with many other persons and events that find their places in history. Always it is the beginnings of things that shed glory on the participants. Christopher Columbus has just been honored again because he was the first to discover America, and the landing of the Pilgrims is celebrated because they were the first to colonize Massachusetts. Harvard rejoices in being the first institution of learning in what is now the United States and having set up the first printing press. The first settlers of any community are always persons of prime interest, and the first man to wear pantaloons or carry an umbrella, if living today, could coin money by putting himself on exhibition.

If one wants to be remembered, one has only to pick out the spot where a great city is to be built, or connect himself with an industry that is bound to grow, or do something that is bound to become the fashion. He is at once immortalized. Generation after generation will speak his name, and on anniversary occasions orators will sound his praise. He may be individually no greater than thousands who have come after, but the glory of having been the first will be upon him forever and a day.—Columbus Dispatch.

ANOTHER BIG IMPROVEMENT IN THE EQUIPMENT OF THE SANFORD DAILY HERALD

With a great deal of pride, the editor of the Sanford Herald announces the installation of a new Model 14 Linotype. This mechanical marvel is specially equipped with the necessary type faces to enable us to serve efficiently the great army of readers who depend on our publication for enlightenment and entertainment, and who patronize our job printing department.

The rapidly increasing circulation of the Sanford Herald, together with the demands of our advertisers and others for more varied typography, induced us to add to our equipment of Linotypes a multiple-magazine ma-

chine controlled from a standard keyboard of ninety keys and an auxiliary keyboard of twenty-eight—and gives the operator instant command of 568 different characters.

Besides enabling the operator to set type, the Linotype makes it possible for him to produce the rules and dashes and borders which are used in various advertisements of each issue of our publication. For such work as advertisements, newspaper headings, booklets, catalogues and the various other kinds of printed matter our Model 14 Linotype enables one operator to set in the same time more type than can ordinarily be pro-

OUR NEW MODEL 14 LINOTYPE

duced by five or six men or women doing the work by hand.

While for a long time we have received the patronage of a host of readers, advertisers, and printing buyers in general, still we look forward to an increased volume of business now that we are so well qualified to render the sort of service most to be desired. It has been our constant endeavor to present the ideals and ambitions of our constituents clearly and concisely and to give the news without fear or favor. We shall continue to devote our talents and resources to the purpose of helping our readers to a better realization of the finer things of everyday existence. And our new Model 14 Linotype will be of great help to us in the carrying out of our purpose.

In connection with the new Model 14 the Herald also has a quick change Model 5 Linotype making our battery of typesetting machines one of the most complete in the state. The best of machines are useless, however, without good operators and in this respect the Herald Printing Co., is fortunate in having two of the best operators in the South, in Ralph K. Gore and Harry Reed, two men who are probably among the fastest and best men in the profession. They have worked on machines from Honolulu to Timbuctoo and the editor and proof reader wants to state right here that he appreciates such men when it comes to reading proof, the head of the job department appreciates them when it comes to reading proof on jobs and the whole force is proud in the fact that the office has such men on the Linotypes for they keep them working and they keep them right and the office moves along like a well greased machine with such men as Gore and Reed on the job.

In fact the Herald office in its equipment and in the personnel of its force is probably as efficient as any in the state and this fact will be apparent to our many patrons in the years to follow. Few people in Sanford realize what a fine printing office the Herald has grown into during the last six months and we want to tell you that you are welcome to visit the office any time, see the wonderful machines that set the type and print it on the presses and get a better idea of the great work that is being done here by your home paper.

This installation is a testimonial to the prosperity of Sanford and vicinity. And that the good people of the community are duly appreciative of our efforts to serve them in all departments of the printing business to the very best of our ability is manifested by the many complimentary remarks received from individual patrons since the arrival of our new machine. The accompanying illustration will give our readers some idea of the marvelous mechanism of the Linotype which is a machine on which are assembled matrices (or molds) and lines of type cast—lines such as you are now reading. The particular model of machine that we have just installed carries four sets of matrices

Autolog for Wolves.
The motorcycle threatens to deprive the broncho as an instrument of locomotion on Western ranches and cattle ranges. According to the Illustrated World, cowboys are using it for rounding up cattle, driving in stray animals, inspecting long lines of fences and other such work. By all odds the most remarkable purpose for which the motorcycle is employed, however, is that of chasing coyotes. Such a machine, if the terrain be not too difficult can easily overtake one of those little gray wolves, tiring the beast down to a point where it can no longer turn and dodge successfully. Then it is simply a matter of a whirl of the larlet, and the vicious brute, with a few quick spurts of the motorcycle is choked to death.—Philadelphia Public Ledger.

VARIOUS "WAVES" HIT THE COUNTRY DURING PAST YEAR

We have had various "waves" in this country since the ending of the great war, and the beginning of reconstruction. First in order was a wave of extravagance, when everyone from the millionaire to the dock walloper seemed possessed with the sole idea of getting rid of their "easy money" as completely and expeditiously as possible. The peculiarities of this wave entitled it to be known as the "silk shirt wave." Nothing was too good for the buyers of that era. The higher the price the greater the demand. It has been called an "orgy" of spending and such indeed it was.

It was followed very naturally by an entire reversal of conditions. With the end of the war came the cancellation of the fat government contracts, with their cost-plus opportunities for plunder, the discharge of thousands of men from the shipyards and munition plants, where they had been drawing extravagant wages, and the return of millions of soldiers to the employments of civil life. Then there was a wave of strikes caused by the determination of labor to carry the wages of war time into the different conditions of civil life. Every strike aggravated the cost of living, which was its main excuse, and naturally failed of success except in those employments where the politicians ruled and granted increases as a cheap way of getting votes.

But gradually the fact that they were being mercilessly exploited by the profiteers dawned upon the people and a wave of parsimony set in. Buying except of the absolute necessities was reduced to a minimum. The merchants, seeing their shelves piled high with goods which were slow of sale, canceled their orders with the wholesalers, the latter with the manufacturers, and an era of retrenchment and economy set in. The manufacturers met the declining demand for goods by closing their factories, or running on part time and thousands of men were laid off. This intensified the need of economy, which the people were already practicing almost to the limit. Economy is better than reckless extravagance, but it can be

carried too far. It is better for all concerned that buying reasonably and sensibly should be continued than that it should be stopped altogether while the people deny themselves the necessities of life. Waiting until things get cheaper may be carried too far. Action is always followed by reaction, and there is a limit to low prices as well as high prices. The pendulum that swings forward, must also swing backward. It is not likely that prices will reach the pre-war level for a long time to come, and buyers who expect it will find they have made a mistake.

The last "wave" has set in, and by far the worst of all, is the wave of crime that is sweeping our big cities. New York is patrolled by squads of riflemen in the attempt to suppress crime, and conditions there are not much better than they are in Dublin. The citizens of Chicago, Toledo and other great cities are terrorized by gangs of bandits, who seize their victims in broad day and make their escape in swift automobiles. The only remedy for this state of things is speedy and merciless enforcement of the law. Run the robbers to earth and when convicted give them the extreme limit of the law. Put them where they can no longer terrorize society.—Tampa Times.

CARDINAL GIBBONS VERY LOW TODAY, ADMINISTERED SACRAMENT

(By The Associated Press) BALTIMORE, Jan. 1.—Cardinal Gibbons, who suffered a severe relapse yesterday, was still living early today. Last sacraments administered to him yesterday.

(By The Associated Press) BALTIMORE, Jan. 1.—Cardinal Gibbons rallied after a good night's rest and is much better this morning, according to report received here at 10:00 o'clock from Union Mills, Md., where he is ill at the home of friends.

PRESIDENT-ELECT HARDING IS BUSY

(By The Associated Press) MARION, Jan. 1.—President-elect Harding took only part of a holiday, spending much of the day at work on miscellaneous business accumulated in last few days. Arranged to have New Year's dinner at home with his wife and several personal friends.

SMALLPOX AT SEVERAL PLACES IN FLORIDA

(By The Associated Press) JACKSONVILLE, Jan. 1.—The presence in Florida of a number of cases of smallpox is causing a general warning to be issued by the State Board of Health. Persons who have had contact with the disease are advised to protect themselves by vaccination at once. Vaccination points are furnished free by the State Board of Health and may be had on request.

This warning, according to Dr. Ralph N. Greene, state health officer, should not be taken in the sense of an alarm. The smallpox cases existing in Florida are of a sporadic nature and are widely scattered. At no place is the disease of an epidemic nature and the total number of cases is small.

"There are many visitors in the state at this season of the year and this warning is being sounded for their protection as well as for the protection of Floridians," Dr. Greene said. "The presence of some smallpox cases in Florida is not an alarming sign. The State Board of Health is taking this means, however, to warn persons of the danger from contact and to advise all who have been exposed to smallpox and who have not been vaccinated within seven years to protect themselves by vaccination."

AMERICAN CHAMPS MAKE CLEAN SWEEP IN TENNIS TOURNAMENT

(By The Associated Press) AUUCKLAND, N. Z., Jan. 1.—Wm. PENNSYLVANIA R. R. AGREEMENT

WITH EMPLOYEES MARKS NEW STEP IN PREVENTING STRIKES

PHILADELPHIA, Jan. 1.—The Pennsylvania Railroad announced tonight that it has concluded a mutual working agreement with the representatives of its engine and train service employees regarding the settlement of future labor differences, which "if lived up to in spirit by both sides, should, in the belief of the management," eliminate any question of strike on the Pennsylvania system, as far as train operation is concerned.

The plan will go into effect tomorrow. "The joint reviewing committee of the Pennsylvania Railroad system" has been established as a medium to carry out the purposes of the peaceful settlement. Through this committee, the employees involved will for the first time in the history of the railroad have equal voice and vote with the management. The committee will constitute a court of review involving grievances, rules and working conditions, including discipline.

The committee will be composed of two representatives of the management from each of the four regions of the system and on behalf of the employees of the general chairman of the union. All votes will be of equal power and not less than a two-thirds vote will be necessary to reach a decision upon any question presented.

Employees, who, through their accredited representatives, have joined the railroad management in the plan, according to the announcement, include the enginemen, conductors, firemen, hostlers, trainmen and switch-tenders. They constitute the most numerous groups of employees directly engaged in the movement of freight and passenger traffic.

CENTER COLLEGE MEETS TEXAS TEAM AT FT. WORTH

Johnny Jones Big Shows

Will Furnish the Amusements and There Will Be Something Doing Every Minute With Plenty of Music, Attractions, Noises and Fun of the Right Sort. Read what the Palm Beach Tropical Sun says of the JOHNNY JONES SHOWS This Season

The Seminole Sun Dance committee were wise in selecting Johnny J. Jones to come to West Palm Beach to give a show to help in making expenses for the next Sun Dance, March 9-10-11, next spring. He has the best Carnival we have ever seen. He has everything and so much of it is new. He has undertaken a new departure in amusements and is cutting out the clap-trap and filling in with educational and art work. His free war museum is a wonder and is a liberal history of the war in itself. The European battle front with a thousand moving figures, seige guns and disappearing batteries and regiments of soldiers in trench and shell proof dugout and in trees and on mountain tops is an exact picture of an engagement, and all electrically controlled. And to think that an American from Urbana, Ohio, took away the special job of the Swiss music box makers—why it is more wonderful than the Strasburg clock!

In art the classic "Stella" that cost the St. Louis collector \$100,000 is the most talked about picture of the modern painters and is the masterpiece of Napoleon Ninni, the premier Italian artist. In the same list is "Superba" a beautiful combination of painting and life sized human figures representing the masterpieces of the European and American galleries.

The feature here is the lighting effects and the artistry of posing, in pictures so famous and so artistically reproduced that nothing lewd or suggestive ever enters the mind of the beholder. It recalls the electrical shows at the Chicago World's Fair with colored storm effects. It should be seen for its educational value and art expression.

The Lilliputians are meritorious in the extreme for they are the most refined and commanding since the days of Mr. and Mrs. Tom Thumb and Commodore Nutt. Prince Denison, M'le Salone, Princess Marguerite and Baroness Leonie, are very attractive and hold receptions with true courtliness.

The educational animal show where a whip would seem unnecessary except for show. Lions, jaguars, leopards, elephants, camels, goats, performing monkeys, pumas and a wild West Show of real plainsmen and trick riders in an original border drama, in which the trick mule is a star and the horse thief is caught, the audience encored and on all sides was exclamations of "That's some show ain't it?"

There are hundreds of things not on the bill with this show aggregation. It is a constant surprise and everything is a novelty and so clean and devoid of the rough house speller that one thinks he is in a museum. The one show is laid out on both sides of our concrete roadway through the park and runs from Althea north through the park to the railroad bridge for two long blocks and every twenty feet is something else. It would take us a week to see it, and hear entertainer Ed. R. Salter tell how good Johnny J. Jones was and how particularly he scrutinized all shows daily and all new acts to see that no vulgarity or short change acts are given. There is only one Ed. Salter and he is with Johnny J. Jones and there is only one Johnny J. Jones or the show map in the carnival routings. We are trying to get him here for the Sun Dance March 9-10-11.

Herald Readers

Old year we give you up.

New year we greet you. Here's hoping.

Some fine day to start the new year right. Florida weather.

Sanford saw the old year out with many gay parties and several dances.

Mrs. Rena D. Wright of Kansas City, Mo., is visiting Mr. and Mrs. Frank Talbott.

Sanford people believe in having a good time and when they work they work and when they play they play.

Mr. and Mrs. Louis Dowler and daughter, Miss Amy Dowler of Dana, Ind., are visiting Mr. and Mrs. Frank Talbott.

The city was filled with people yesterday and the streets looked like Christmas times. Sanford stores are getting a wonderful trade now.

J. D. Marlowe of Liberty county, Georgia, is in the city the guest of his son, D. C. Marlowe. Mr. Marlowe has been a visitor to Sanford several times and has many friends here who are glad to see him again.

Howard Lyman of Altamont was in the city last night attending the dance at the Hotel Valdez. He was accompanied by his old schoolmate, Mr. Barrett, who is also an old friend and schoolmate of Fred Walsma of this city.

The editor of the Herald wishes to acknowledge with thanks the receipt of a box of fine Portina cigars donated by Harry Fleetwood of Fleetwood's place where you get everything in candies, cigars, cold drinks, etc. He knows our falling and has supplied it.

The patrons of the Seminole Grill are sorry to learn that it has closed temporarily for some changes that will be made in a few weeks. The Seminole Hotel Grill has become famous for the many fine meals served to the people. The hotel will open the grill some time in the near future.

Rev. J. F. McKinnon of Rutherfordton, N. C., recently pastor of the Oakland Presbyterian church, is in the city mingling with friends. Mr. McKinnon came from North Carolina on the invitation of the Oakland church to conduct the services in connection with the dedication of the beautiful new church building erected during the past year.

CLOTHING CLUB**

MONDAY, JAN. 3RD, 1921

A CLOTHING CLUB, WORKING ON THE SAME PLAN AS THE CHRISTMAS SAVINGS CLUBS, GIVING YOU AN OPPORTUNITY TO PURCHASE THAT NEXT SUIT OR THE NEXT BILL OF MERCHANDISE FROM US ON THE SAME PLAN THAT YOU SAVED YOUR CHRISTMAS MONEY AT THE BANK, AND ON THE SAME PLAN THAT YOU PURCHASED YOUR WAR SAVING STAMPS AND LIBERTY BONDS.

THIS IS ANOTHER ONE OF YOUR CHANCES OF RECEIVING REAL SERVICE AT OUR PLACE. READ THE RULES AND REGULATIONS BELOW. IF POSSIBLE CALL IN AND TALK IT OVER WITH US, OR BETTER STILL, PHONE US AND WE WILL COME TO YOU.

THIS IS AN HONEST TO GOODNESS METHOD OF MERCHANDISING THAT MEANS A WHOLE LOT TO THE CUSTOMER, AND WE WANT A CHANCE TO EXPLAIN IT TO YOU FULLY. WE CAN CONVINCE YOU THAT THIS IS THE EASIEST WAY YET IN BUYING A SUIT.

THIS CLUB CAN BE JOINED BY MAN, WOMAN OR BOY. READ THE RULES.

THIS IS HOW PERKINS & BRITT'S SUIT CLUB IS RUN

Any man, woman or child can join this Club, without paying any entrance fee, other than the first week's payment.

The payments each week shall be \$1.00 and any member can take out as many membership cards as they choose, paying for each one at the rate of \$1.00 per week.

Payments must be made each week in advance. Payments will be accepted for as many weeks in advance as the member wishes.

After a member has paid in the full amount of the suit that he or she wishes to purchase he or she can get the suit. If the member has an account or can establish credit relations with us they can get the suit after they have paid half the amount, the balance to be paid at the same rate, \$1.00 per week. In the event that a member joins this club and later wishes to withdraw he or she can do so by accepting the amount paid, in merchandise.

In addition to receiving a full dollar's worth of merchandise for each dollar spent, we are going to give away FREE SUITS and many FREE PRIZES to the members of this Club from time to time.

To begin with we are going to place each hundred members in a class to themselves and with each hundred members we are going to give away ABSOLUTELY FREE A SUIT OF CLOTHES each month. If we have five hundred members we will give away five suits of clothes each month.

Members in order to be entitled to free chances each week or month on these free suits or free prizes must have their dues paid up to date, and any member allowing his or her dues to get as much as two weeks in arrears will not be allowed to participate in the free drawings.

These prizes and free suits are not offered you for your \$1.00 a week as you get your suit or merchandise when it is paid for, but we offer these as an inducement for you to join and keep up your payments after you have joined.

Women can take advantage of this Club offer and prepare themselves for their next year's Christmas Gifts for him and at the same time share in the drawings for the free suits as well as the other valuable prizes offered from time to time as we expect to offer prizes at different times that will appeal to the woman.

Mothers can have their sons join and in this way get him his next suit without having to pay more than \$1.00 at a time.

THERE ARE MANY OTHER VALUABLE FEATURES CONNECTING WITH THIS CLUB AND ALL FOR YOUR BENEFIT AS WELL AS OURS. Come, talk it over with us.

OBITUARY.
James Philip was born of English parentage in Port Hope, Canada, Aug. 10th, 1851, and came with his parents to Huron county, Michigan, when but seven years of age.
He followed the farming in Michigan until six years ago, when he came to Sanford, Florida, on account of the cold weather in the north being too severe for his declining years.
He died at his home here December 16th, 1920.
He was clearly converted to God when a young man and continued in the faith, leaving a good testimony that all was well with his soul. He had very decided convictions as to the daily walk of one that professed to know and love God. His favorite hymn was "The Old Time Religion is Good Enough for Me."
He was married May 12th, to Miss Annie O'Neil, of Huron county, Mich. and to this union were born four children, two boys and two girls, all preceding him to the land that is fairer than day.
He leaves to mourn his loss, a wife and four grandchildren, two boys and two girls, the children of Robert Shimmons, of Sanford, Fla., two brothers and two sisters of Bad Axe, Mich., and a host of friends wherever he was known.
He was a member of the Free Methodist church which means the Wesleyan type of long ago. A good man has gone to his reward, "and his works do follow him."
The funeral was held at his home on the West Side, conducted by Rev. E. P. Kinsler, from the text: Rev. 22-14. Burial was made at Lake View cemetery.—Contributed.
