## Today's Interesting Personality

### Mr. Hardy Is Familiar Figure To Townspeople

How would you like to walk 13 miles a day? That's a lot of miles and Meter Patrolman James T. Hardy's feet will attest to that. They have to take the punishment.

Hardy is on the job six days a week, but on Wednesday he gets sort of a rest—he only has to walk about seven miles. He spends Wednesday afternoon collecting money from the 408 parking meters and that is a little easier on the feet than policing the meters.

Hardy has been pounding the pavement in his present job since September 1, 1953. With thousands of miles behind him, it seemed he might have some "secrets" to account for the way his feet survived the ordeal.

Does he have any suggestions to pass on to footsore walkers? "No, I certainly haven't. If I did, I'd be trying them myself," Hardy said with a grin.

After he started work, Hardy could not help but wonder how many miles he walked daily. To find out exactly, he obtained a pedometer, a gadget which measures the distance covered by a pedestrian. It figures between 12 and one-half to 13 miles each day.

Hardy begins his day at 8 a. m. and he walks until 4 p. m. On Wednesday he gets off when he finishes his collecting, usually about 3:15. Sunday is his only full day away from the job and he regularly attends Sunday School and church.

Hardy admits he hasn't any time for hobbies and although he likes to fish he doesn't like to do it on Sunday.

Before Hardy took over the job, two men policed the meters. During his first year, Hardy said he collected \$2,081 more than had been collected the previous year. The meters now take in an estimated \$23,000 annually.

Meters often become jammed up, and occasionally slugs are to be found in the meters during the past three or four weeks.

In case you're wondering who left the parking tickets on your car, he's the fellow. Hardy says he writes about 30 tickets a day.

Hardy displays no reluctance to tell his age. He's 63 and he has been with the city for 28 years. Before taking over his present job, he was with the water department, Hardy, prior to becoming a city worker, was with the old Southern Utilities for two years.

Southern's gas and water facilities, were purchased by the city and Hardy switched to the city force.

Hardy's father, he says, was a farmer and a carpenter. He was a member of the First Baptist Church in Sanford.

Survivors include her husband, two daughters, Mrs. G. O. Adams, Mrs. John Boniface, Sanford; five sisters, Mrs. Austin Wilson, Mrs. W. F. Harriette, Sanford, Mrs. C. C. Doster, Milledgeville, Ga., Mrs. W. T. Meriwether, Newburn, Ga., Mrs. Sam Spears, Madison, Ga., two brothers, Will Bowden, Coalington, Ga., and Walter Bowden, Gray, Ga.; and four grandchildren.

Funeral services will be at 10:30 a. m. Friday at the Brison Funeral Home with the Rev. W. P. Brooks Jr., officiating. Burial will be in Oak Lawn Memorial Park.

**Seminole County Receives Vaccine**

Salk polio vaccine sufficient to give the second series of shots to Seminole County children has been received at the County Health Unit, it was announced today.

The inoculation program will be resumed in "about a week." It will take that long to get things lined up, a Health Unit spokesman said.

The spokesman said the schedule would be announced later.

**WATER TURNED OFF**

Water was off in the city from midnight until about 7 a. m. today while city crews moved hydrants on 18th and 24th and raised and lowered water lines at First and French.

**Public Is Invited To View Movies**

The youth organization of the Church of God located on 22nd St. and French Ave. are sponsoring religious films Friday and Saturday at 7:45 p. m.

Friday night's film is "Venture Into Faith" produced by the evangelist, Oral Roberts, and Saturday night, "Rapture of the Church."

The Rev. Harry Henderson, pastor, announced that the public is cordially invited to attend.

**Softball Proposal Rejected At Meet**

A proposal that the Jaycees and Jaybees combine their softball teams and enter the combined team in the City Softball League was turned down at the weekly luncheon today of the Junior Chamber of Commerce.

The proposal was made by Carl Overstreet, who has been acting as manager of the Jaycees team. Today's meeting was in the form of a fellowship hour and no program was presented.

**PENINSULA CONSTRUCTION CO. IN AWARDED CONTRACT**

Peninsula Construction Co. of Pine Castle was low bidder and was awarded the job for the addition and alterations to the Orlan High School. Their bid was \$22,254. Architect is Arthur W. Givens of Sanford. Construction will begin within a week and is expected to be completed within 30 days.

### Members Predict Passage

WASHINGTON (AP)—Two key members predicted today the House will follow the Senate's lead in voting to increase the minimum wage from 75 cents to \$1 an hour.

President Eisenhower has asked for no more than 90 cents, and reiterated that position yesterday.

Rep. McConnell of Pennsylvania, senator Republican on the House Labor Committee, told newsmen he expects the committee to approve a bill for \$1 and said the House "very definitely" will pass it.

Rep. Kelley of Pennsylvania, second-ranking committee Democrat, said, "Most members of the committee are for \$1."

Chairman Barden (D-NC) on the other hand, was backing the administration figure and declared he would accept no more than 90 cents.

The Senate, with rare speed and a minimum debate, called up the wage bill yesterday and pushed it to passage without a record vote.

The increase, effective Jan. 1, would bring automatic wage increases for an estimated 2,100,000 covered workers now making less than \$1 hourly.

**Secretary Of State Appoints Gerely To Refugee Relief**

WASHINGTON (AP)—Secretary of State Dulles today named Pierce J. Gerely, general counsel of the Civil Service Commission, to take charge of the bogged down refugee relief program.

The State Department said Gerely will serve under Scott McLeod, the department's security chief, but will have "complete authority and responsibility for the operation of the refugee program."

A spokesman said the job description for Gerely's position is virtually the same as the work done by Edward Corsi, ousted in April as an immigration adviser to Dulles. Corsi, fired after 90 days on the job, denounced the refugee program at the time as "complete failure and a national scandal."

The refugee program authorizes the admission of 214,000 refugees to the United States by the end of 1955. As of mid-April only 1,044 had been admitted and 3,722 given permits to enter the country.

**Services Tomorrow For Mrs. R. Vaughn**

Mrs. R. D. Vaughn, 55, died at the local hospital at 10:10 a. m. Wednesday after a lingering illness.

Born August 21, 1899, in Jasper County, Ga., she had made her home in Sanford for the past 26 years at 411 Palmview Ave.

Survivors include her husband, two daughters, Mrs. G. O. Adams, Mrs. John Boniface, Sanford; five sisters, Mrs. Austin Wilson, Mrs. W. F. Harriette, Sanford, Mrs. C. C. Doster, Milledgeville, Ga., Mrs. W. T. Meriwether, Newburn, Ga., Mrs. Sam Spears, Madison, Ga., two brothers, Will Bowden, Coalington, Ga., and Walter Bowden, Gray, Ga.; and four grandchildren.

Funeral services will be at 10:30 a. m. Friday at the Brison Funeral Home with the Rev. W. P. Brooks Jr., officiating. Burial will be in Oak Lawn Memorial Park.

**Sizeable Contract Awarded Lockheed**

LOS ANGELES (AP)—Lockheed Aircraft Corp. has won a \$5-million contract with its design for the first commercial turboprop transport to be built in the United States.

American Airlines announced yesterday it has placed an order for 35 of the high-speed, medium-weight planes with cruising speeds of more than 400 m.p.h. and a range of 2,000 miles.

Delivery is to start the latter part of 1956.

Awarding of the contract gives the first challenge to British leadership in the commercial jet-with-turboprop field.

### Senate Committee Meets To Consider

TALLAHASSEE (AP)—A Senate committee met today to consider six reapportionment proposals—including one for a hurry-up vote on the 67-senator plan which has drawn fire from Gov. Collins.

Sen. Stratton of Callahan introduced a measure calling for a special election within 90 days on the constitutional amendment proposal approved during the regular session of the Legislature which would end reapportionment squabbles by giving a senator to each of the 67 counties. It also would expand House membership from 95 to 135.

Stratton said a quick decision by the people on the proposed amendment—which otherwise will be on the November 1956 general election ballot—might make it unnecessary to reapportion Senate seats among the present 38 districts.

"I don't think the proposal is sound from any point of view, constitutional or otherwise," said Collins.

The other five proposals introduced in the Senate yesterday were varying plans for reapportioning senatorial representation within the present 38 districts.

Perhaps the most support was attracted to one offered by Sen. Barber of Volusia which would give senators of their own in Bradford, Seminole and Bay counties.

For work on that and other reapportionment bills, the AEC asked 134 million dollars—one third more than its current reactor budget.

### Williams Lumber Firm Burns

Spark Believed Cause Of Blaze

Believed to have been started by a spark blown from the slab pit, an early morning fire today caused an estimated \$25,000 damage at the Williams Lumber Company in Oviedo.

The fire leveled a 30 by 50-foot building in which the planing machine was housed. Ruins of the building were still burning at 10 a. m. and the foreman, C. R. Pipkin, said construction of a new building would be started "as soon as things cool off."

Pipkin said the fire was first reported by Mrs. Curtis Cox, who lives near the mill. The fire broke out between 2 and 3 a. m. Pipkin said a spark from the slab pit apparently was blown under the floor of the building by the high wind.

No night watchman is employed by the lumber company, which is owned by Robert W. Williams of Sanford. The mill has a working force of 11 men including the foreman and produces about 1,000 feet of lumber per hour.

Forest fire fighters from Chuluota answered the call for help, and the Sanford Fire Department dispatched its booster truck to the scene. The booster truck, however, was ordered to return to Sanford to protect the city while water was off during the night.

First Chief Mack N. Cleveland said:

"In other words," Williams pointed out, "it takes 21 feet to stop your car at 20 miles per hour, but it takes 84 feet to stop that same vehicle if it is traveling at 40 miles per hour."

Three out of every 10 drivers involved in fatal accidents were breaking a speed law at the time of the crash.

"Let the other fellow be a 'Hurricane' Williams said, 'Slow down and you'll live longer.'"

**Approach To Talks Marked By Doubts Humphrey Says**

WASHINGTON (AP)—Sen. Humphrey (D-Minn.) said today the Eisenhower administration's approach to Big Four talks is marked by "doubts, fears and hesitations that a great nation like ours should not exhibit."

Humphrey and Sen. Capehart (R-Ind.) Foreign Relations Committee members, in separate interviews urged President Eisenhower and Secretary of State Dulles to set forth a clear and complete agenda for the projected "summit" meeting.

Russia must be confronted with promises Stalin made to the United States and Britain at the Big Three wartime Yalta conference, the senators said.

"We got promises and agreements from Russia at Yalta that we should now insist on holding them to," Capehart said.

### Pitmn. Williams To Offer Traffic Safety Tips Daily

City Patrolman Arnold Williams will offer a traffic tip each day in The Herald, beginning with Monday's issue. The tips, in one-paragraph form, are designed to help cut down traffic accidents in Sanford.

In announcing plans for the series, Williams referred to the current "Slow Down and Live" campaign which is being sponsored by safety groups throughout the state.

He warned motorists against three great dangers of going too fast:

1. If an emergency arises, you have less time in which to act to avoid a smashup.

2. As speed increases, braking distance increases at a greater rate. When you double your speed, for instance, you quadruple your braking distance.

"In other words," Williams pointed out, "it takes 21 feet to stop your car at 20 miles per hour, but it takes 84 feet to stop that same vehicle if it is traveling at 40 miles per hour."

Three out of every 10 drivers involved in fatal accidents were breaking a speed law at the time of the crash.

**Sympathy Strikes By Dock Workers Threaten Singapore**

SINGAPORE (AP)—Sympathy strikes by 10,000 factory, transport and dock workers threatened today as Singapore's government struggled to end three walkouts and prevent Communist-inspired rioting.

The 40,000-member Singapore factory and shipworkers' union warned it would call a stoppage within 18 hours unless a 40-day-old strike of 1,500 Singapore harbor clerks is settled.

The leader of the union, Lim Chin Seng, is a Legislative Assembly member from the extreme leftist People's Action party. After a strike parked on May 12 in which four persons were killed and 38 injured, Colonial Secretary W. A. C. Goode charged Lim's party was "riddled with Communist backstabbers."

Leaders of unions numbering 30,000 workers in the harbor and at the big British naval base also threatened to walk out in support of the harbor board clerks.

**Suburban Officers Summoned To Face Cook County Jury**

CHICAGO (AP)—Five suburban policemen were summoned today before the Cook County (Chicago) grand jury in connection with holding an estimated \$500 of merchandise from a suburban supermarket.

Three of the five policemen constitute the entire law enforcement agency of Norridge, a suburb west of Chicago. The other two policemen are from neighboring River Grove.

They were released last night after being questioned by State's Atty. John Giltmech. He said the five admitted looting the Jewel Food Store in Norridge early last Friday.

Directed to appear before the grand jury were Police Chief Raymond H. Peters, 29; Patrolman Herman Marchel, 26; and Richard Polempe, 30, of Norridge; and Patrolman Clarence Herman, 36, and Frank Kurowski, 39, of River Grove.

### Opportunities Ample, Students Reminded At Oviedo Graduation

Thomas Corbett, title officer of Central Title and Trust Company of Orlando, delivered the address to the 16 graduates of the Oviedo High School, telling them that their opportunities for a higher education and prosperity were far superior to that of their grandparents. He pointed out the fact that they would face many obstacles but gave them courage and hope for a bright and pleasant future.

The processional and recessional music was rendered by Mrs. Helen Leinhardt, and the choral music by the High School Glee Club under the direction of Mrs. Dorothy Land, accompanied by Miss Nadine Bostick at the piano.

Marshall, the Misses Pat Walker and Betty Lou Millikan, also Lorne Mathers and Myron Willis. Ushers were Terry McMahon and Johnny Selph, all members of the Senior Class.

Johnny Jones received a four year athletic scholarship to the University of Florida; Rebekah Tuhy received a scholarship to any state college of her choice by state competitive examination; and Joan Brown received a scholarship to an Atlanta beauticians school.

Mrs. James Pearson, president of the P-T-A, presented the valedictorian award to Edith Dishman and the salutatorian award to Ann Pierzon.

Mrs. Dorothy Land presented the music awards to Rebekah Tuhy and Joan Brown for service. Michael Fisher presented the band award to Andrew Aulin for service.

A. B. Peterson, of Sanford, gave the Junior Chamber of Commerce award for leadership to

Here's an easy way to fix strawberries to serve over ice cream. Wash a pint of berries in cold water and drain; hull and slice. Mix the sliced berries gently with a quarter cup of honey; refrigerate about an hour so the berries and honey will be kin! You'll have about 1 1/2 cups — enough for six scoops of vanilla ice cream.

Summer squash takes to tomato sauce, but cut it into slices first and cook it in a small amount of boiling water. If you like you may add a little lightly browned onion to the cooked drained squash; but don't do so if the tomato sauce has a noticeable amount of onion in it. Final treatment: turn the squash and tomato sauce into a shallow baking dish, sprinkled heavily with grated cheese and heat in the oven or broiler.

Planning to serve creamed shrimp with green peas? Use the cooking liquid from the peas and some of the stock the shrimp was cooked in for the sauce. The peas, of course, should be cooked in a small amount of water so there won't be much liquid in the pan when they are done. The shrimp should have bay leaf, a clove, a few peppercorns, some celery leaves and salt.

## Attendance Lagging At Games

Is there a doctor in the stands? Baseball is sadly ailing in Sanford and there is no need of further attempts to gloss over the dismal situation. Fans are failing to properly support the local team. Such a trend, if carried too far, may doom professional baseball here for years to come.

The Sanford baseball organization, under the capable direction of president R. J. Bauman and business manager Jay Walter, is doing everything possible to cater to the fans and has gone to considerable lengths to build up a power-packed team. New blood has been added to a large extent and all drawbacks to a winning combination have been weeded out in a business-like fashion.

It has been said the lack of public support might be attributed to the fact that the Cardinals, up to this week, had been losing most of their games. It has been said that the public will support only a winning team. We do not feel this is so and we do not feel it should be so.

It is unfortunate that a team must lose. It is unfortunate that defeat must come instead of victory. However, when such high emphasis is placed on triumph and not on entertainment and sport, the National Pas-

time becomes a deadly dull business and soon loses the vitality that made it great.

We choose to believe that Sanford is interested in baseball as a game. We do not think the city will stand idly by and see professional baseball fade out of the local picture, perhaps for many years. The Sanford baseball club has never held the vain hope of getting "rich" off the game, but it understandably expects to take in enough money to operate and perhaps to "break even" at the end of the season.

Baseball is an important part of the local scene. With the coming of the new Navy personnel, it will rise to an even more important height next season. Baseball provides low-priced, clean, American entertainment. While we can no longer throw pop-bottles at the umpire (soft drinks now come in paper cups), we can get away from the work-a-day world and let off steam in a manner that is damaging only to the eardrums.

In the words of Mayor Denver Cordell: "Sanford without baseball is a dead duck in the summer." Let's keep it from reaching that state.

## Unlimited

Sanford is rapidly becoming a boat-building center. With the coming of Charles Culver, the scheduled arrival of Virginian Arthur O. Russell, and the possibility of obtaining a Correct Craft plant, the situation holds unlimited opportunities for the city.

Correct Craft is generally accepted as the second largest producer of pleasure boats in the United States. At present, the company is operating two plants under its own management, one at Pinecastle and the other at Titusville. It also has a Jacksonville plant under exclusive contract to build outboard boats. Correct Craft has approximately 425 employees in the two plants operated under its own management.

All the plants are operating at full capacity, and Correct Craft now holds more than \$700,000 in civilian orders ahead of production. Correct Craft has almost a million dollars in unfinished orders for Army and Navy boats. In the past 12 years, the company has received more than 30 contracts from the U. S. Government.

This year orders for pleasure boats have been received in such number that Correct Craft has been forced to discontinue production on about half the models shown in its catalog so that the most popular models can be turned out in the quantity demanded by dealers and customers.

## Sanford Slugs Orlando, 10-3, In First Game Of Series

# Cardinals, CBs Clash Again Tonight

Their fourth victory this week may come tonight for Sanford's Cardinals when they take on league-leading Orlando in the second of a

two-game series. The Cardinals took last night's game, 10-3.

In the action last night, Sanford jammed seven runs

into the last two innings to break a 5-5 tie and spoil Sammy White's pitching debut. A crowd of 907 saw the game at Tinker Field. Howie Kaplan went the distance for the winners, making

Sanford tied the count in the third. Orlando manager Tommy O'Brien's triple-chased in two runs and Jim Shirely brought O'Brien home to give

the Cardinals feed off with singles by Ron Schmidt, Kotula and Miller and walks to Connie Mack Diller and Manager Mario Mauriello to score two runs.

White had allowed only four hits until the fatal eighth when Orlando, a Florida State League

stalwart since 1937, will remain in baseball.

Last night the CB management said its financial difficulties had been resolved with the raising of \$3,000 new capital. Flo Barry,

## Jabneh Named Dark Horse

NEW YORK (AP)—Jabneh is the dark horse for the \$100,000 Belmont Stakes Saturday, and he's a pretty good story even if you like Nashua at 1 to 5 in the 87th running of the 3-year-old classic.

Landy Lawrence, a retired motion picture executive who lives in Paris, owns this bay son of Bismarck out of Bellesueir. Jabneh has the pedigree to make the mile and one-half Belmont interesting for anybody.

On the day the California colt swaps—who will be absent Saturday—upset Nashua in the Kentucky Derby, Jabneh captured an obscure \$4,000 race named the Johnnie Purse at Belmont Park. He's been idle since. Untraced as a 2-year-old, Jabneh was the \$1.40 to \$1 favorite, and beat War and Peace by 2 1/2 lengths. The colt started racing last winter at Hialeah.

C. V. Whitney's Little Doll was the latest to join the Belmont field, which now numbers six definite, including Nashua, Jabneh, Blazing Count, Flying Fury and Retamer.

Possibilities are the Clearwater Stable's Porterville, and Clifford Noer's Traffic Judge.

## Champ DeMarco Arrives In Holbed Of Basilio Rooters

SYRACUSE, N. Y. (AP)—A 17-10 underdog in his first title defense, welterweight champion Tony DeMarco arrives in this holbed of Carmen Basilio supporters today quietly confident he'll still be wearing the crown after Friday night.

The Boston buzz—bombed looked strong and sharp in sparring 31 rounds at his mountain training camp at downtown Monticello. His party was in make the 150-mile trip here by plane.

DeMarco and Basilio clash tomorrow night on a sell-out crowd of 8,000 at the War Memorial Auditorium.

The fight will be televised and broadcast nationally, starting at 9 p. m. (EST).

Neither Basilio nor DeMarco, who took the title from Johnny Saxton in Boston April 1, is making any predictions. But Basilio cracked back at DeMarco's handlers who predicted the champion would win by a knockout.

"Let him come in and try it," Carmen challenged. "Then he'll leave himself wide open."

## Big Clarence Churn Is Helpful Boost To Pelican Roster

By THE ASSOCIATED PRESS  
New Orleans, playing at an unimpressive 407 clip since a six-game winning surge in early May, would likely be far from its present first division seat in the Southern Assn. except for the presence on the Pelican roster of big Clarence Churn.

Churn, 23-year-old, 205-pound rookie right-hander who carries a 6-1 mound chart which includes only one victory as a starter, has made 21 relief appearances for Manager Andy Cohen and saved a cluster of games for faltering Pel starters.

Last night the 8-foot-3 Virginian rescued Uring Fred Green in the eighth and retired five consecutive Memphis batters to insure the 4-4 New Orleans victory.

The narrow decision over Memphis kept New Orleans in fourth place, one percentage point ahead of Birmingham.

Birmingham fired a six-run salvo in the eighth to trounce the crumbling Atlanta Crackers 11-7 before the largest crowd of the season, 13,150 at Birmingham's Shrine Night.

Bobbie edged Little Rock 3-2 and rain washed out a scheduled doubleheader between front-running Chattanooga and Nashville.

The first thing Sam Jones of the Chicago Cubs did after pitching his no-hitter against the Pirates was to telephone his wife at their home in Memphis, W. T.

## Don Newcombe, Chilly Weather Can't Get Along

BROOKLYN (AP)—Don Newcombe doesn't like cold weather and he's not alone. He's a hitter but recent records belie him.

It was cold and rainy at Ebbets Field last night, but the big Brooklyn right-hander racked up his 10th victory without a defeat as the Dodgers turned back the Cincinnati Redlegs 3-1. And Newk figured in two of the league leaders' runs. He carried home the first run after a single and drove home the third with a double.

"I don't like cold weather," said Newcombe after hurling a four-hitter and striking out seven with only 91 pitches. "But I never got a chance to cool off because Staley (Gerry) also pitched a good game and it was wrapped up in short order." The time was 1 hour and 38 minutes.

Newcombe still is long way from the major league record of 19 successive victories hung up by Tim Lincecum of the old New York Giants back in 1888 and matched by Rube Marquard of the same club in 1912. But he is a different pitcher from the one who had only a 9-8 record last season after returning from the service.

In 61 innings this year, Newcombe, who'll celebrate his 30th birthday next Tuesday, has given up 13 hits, handed out only 9 walks and struck out 57. He has a 2.44 earned run average.

Last night he retired the last 16 Redlegs in order. The only blot on his record was Ted Kluszewski's 18th homer in the fourth.

## Infielder Floors Chattanooga Fan

By THE ASSOCIATED PRESS  
A 43-year-old Chattanooga fan, A. H. Thresh, pondered ruefully today on the folly of taking drastic action in speed up Southern Assn. baseball games.

Annoyed because the Atlanta Braves were delaying things by arguing with umpire Bob Ross over the arbitrator's opinion of a Bob Gligle pitch, fan Thresh raced onto the playing field Tuesday, shoved the Atlanta pitcher, and was

hoofed for his trouble by husky Atlanta infielder Paul Ransom.

The uncheduled action came during the eighth inning of the first game of Chattanooga's twin victories over the contending Crackers. The Lookouts won the opener 2-1 in eight innings and copped the nightcap 11-5 to shove Atlanta into third place and increase their own league lead to three games.

## Sports Roundup

By GAYLE TALBOT  
NEW YORK (AP)—There's only one gambler left in the big leagues to day, and that is Frank Lane of the Chicago White Sox. The American League is buzzing over the two player deals swung by the master trader in recent days and wondering if he has not finally stretched his luck to the breaking point.

Here's what it amounts to. In order to acquire Jim Busby, a fleet and stylish outfielder from the Washington Senators, Lane has stripped his pitching staff right down to the bone just when the Sox have become embroiled in a make-or-buy struggle with the Yankees and Indians and the double-header are beginning to pile up.

In maneuvering to land Busby and tighten up his defense, Lane parted with his two best relief pitchers, Harry Doherty going to Baltimore and Bob Chakales to Washington. Doherty is recognized as one of the best short-term men in the game. In the general shuffling of talent, the Sox came by no pitcher of any kind.

As of the hour we write, Manager Marty Marion had exactly eight curvers at his call, and two of those were of extremely doubtful value. Bob Keegan, a big winner last season but a sore arm disappointment this year, had worked only 24 innings and yielded 17 earned runs. Morrie Martin had been hazed for six earned runs in 10 relief innings.

That left a thin, anxious line consisting of Billy Pierce, Sandy Consuegra, Jack Harshman, Mike Fornieles, Virgil Trucks and rookie Dick Donovan to try to hold the fort against the Cleveland and Yankee sluggers, with no relief column in sight.

The only conclusion we can draw at this point is that Lane isn't through and that his mind continues to tick madly along as the June 15 deadline for deals approaches. Our best guess would be that the Barnum of the midway has a promising reliever spotted somewhere in the minors. Until he does come up with one the Sox are on treacherous ground.

Washington (AP)—Fifty golfers from 26 nations tee off today in the International Golf Championships over a Columbia Country Club course soaked by rain and with more showers promised.

The sponsoring International Golf Assn. bills it as a \$150,000 tournament, but that figure includes expense money and a \$500 payment to each man who participates. Actual prize money is \$11,600.

Chick Herbert, the U. S. PGA champion, said he thought a figure of \$500 would win the Canada Cup, which goes to the country with the lowest combined scores for its two team members for 72 holes of medal play.

Par for the 6,310-yard course in suburban Chevy Chase, Md., is 72. Herbert, who attended a banquet for the entrants last night, along with Vice President Nixon and ambassadors from a score of countries, said he thought 275 would be enough to win the \$2,500 first prize which goes to the individual who scores the lowest number of strokes in the individual tournament. It runs concurrently with the international event.

Peter Thomson and Ken Nagle of Australia, defending champions in the third annual Canada Cup competition, were rated as favorites.

Lou Creekmur, Detroit Lions tackle, hasn't missed a game—league, championship or exhibition—since he joined the team in 1958.

But last night Ken had the answers. He kept his left shoulder up and his head buried in the taller and heavier Holman's chest and never gave him a chance to unloose those powerful rights which wrecked Charles in their last fight.

Charles still says he's ready to fight anyone—and of course that goes for heavyweight champion Rocky Marciano.

Ess, the Cincinnati Negro who has failed three times to regain the heavyweight championship, bounced back a bit last night when he won a unanimous 10-round decision from long-armed Johnny Holman of Chicago.

It was Holman who scored a surprising ninth-round technical knockout over Charles in Miami last April.

And at Kansas City a two-run homer by Clint Courtney—the ex-White Sox catcher—wasn't enough

## Hank Keeps Eye On HR Record As Team Drops

By ED WILKIN  
The Associated Press  
It might be a good idea if General Manager Hank Greenberg told his Cleveland Indians to forget about breaking the American League home run record and get them busy hitting the singles that win ball games.

Particularly since the Tribe is snarled in a slump just last spring. "Wouldn't be surprised if we hit 104," said Hank, with an eye on the record 182 hit by the 1936 Yankees.

Manager Al Lopez agreed. "Singles?" he scoffed. "I'll take the home run any time."

Oh yeah? In the last six games, the Indians four times have hit three home runs in a single contest. Result: They've lost five of the six, including the four home-run games.

Going for the fences, the Tribe has batted just .225 in the slump, and has slipped into third place, 4 1/2 games behind the Yanks.

And here's the kicker: Even with the increased home run race, which has netted 32, Cleveland is just second best. The Yanks have clubbed 70.

The Indians had one of their three-homer games last night, but wound up losing to Boston in 12 innings 5-4. The Red Sox had only one homer—and six singles.

The Yanks also were beaten, 3-1 by Detroit. The second-place Chicago White Sox lost to Baltimore 3-2. And Kansas City topped Washington 3-2.

The National League placed'em close too. Brooklyn beat Cincinnati 3-1 as Don Newcombe became the first pitcher to win 10 this year. The New York Giants retained third from Milwaukee, defeating the Braves 6-4 in 10 innings. Pittsburgh edged the Chicago Cubs 5-1. Rain postponed St. Louis at Philadelphia.

Boston beat the Tribe on Jim Piersall's double and a fielding error. Vic Wertz tied it 4-4 for the Tribe with his solo homer in the ninth. Gene Stephens' three-run homer gave the Red Sox a 4-1 lead in the fifth. Al Rosen and Ralph Kiner homered for the other runs scored by the Indians, who had only six hits.

Detroit had only six hits too but made the most of Bob Turley's 10 walks to hand the Yankee right-hander his fourth defeat. Frank Lary, with the help of four double plays, won his sixth.

Tuesday's four-player deal between the White Sox and Senators failed to pay off immediately. Jim Busby, retained by the Sox, hit into a bases-loaded double play at Chicago, where Boet Evers won it for the Orioles with an eighth-inning homer.

And at Kansas City a two-run homer by Clint Courtney—the ex-White Sox catcher—wasn't enough

for the Senators. The A's took it or a pinch single by Enos Slaughter in the ninth.

Newcombe was in command all the way for the Brooks, who moved nine games ahead of the second-place Cubs. The unbeaten right-hander, despite rain and cold, tossed a four-hitter, fanned seven, walked none and retired the last 16 men he faced. Newk, who was 2-8 a year ago, also singled and doubled to figure in two runs.

A pinch single by Bobby Holman won for the Giants. The Braves had tied it 4-4 in the sixth with the help of two New York errors.

At Pittsburgh, Dale Long's bases-empty home run in the ninth packed it away for the Pirates. Jim Davis was the loser. Ron Kline won this third.

Rookie Luis Arroyo of the Cardinals hurled two no-hit games in the minors.

## Weather

Clear to partly cloudy through Saturday; scattered showers extreme north; widely scattered showers over the keys; little change in temperature.

## Strolling In Sanford

Oddly enough, the world's shortest sermon is preached by a traffic sign: "Keep Right."

A meeting of people interested in bringing a series of first-class entertainments to Sanford next season will be held tonight at 7:30 in the First Federal Savings and Loan Association office. A representative from the Alhambra Theatre Bureau will be present to discuss the possibilities for and against. The meeting will last one hour.

They were giving away balloons at a local store recently and the place was crowded with children anxious to receive one of the playthings. One small boy walked up to the clerk and asked, politely, if he might have two balloons. "I'm sorry," was the reply, "but we only give one balloon to each boy. Have you a brother at home?" The youngster was truthful but he did want another balloon. "No," he said, "but my sister has, and I want one for him."

## Russians, Indians Toast Each Other As Peace Champs

MOSCOW (U.S.)—The premiers of Russia and India toasted each other as champions of peace last night and chorused hopes the rest of the world would follow in their footsteps.

The exchange took place at a Kremlin dinner honoring India's Prime Minister Nehru. Russia's top leaders were present.

Soviet Premier Nikolai A. Bulganin led off by voicing hope that the joint efforts of India, Russia and Red China could "ease the tension" over Formosa.

## Man Safe 1 1/2 Million Miles

CHICAGO (U.S.)—William C. Hatten, a truck driver who has won many prizes for safe driving, today completed 1 1/2 million miles of driving in 30 years without a serious accident.

"I always drive as if everyone else on the road is going to do the unexpected," Hatten said.

"You just can't let down for a minute when you have a wheel in your hands. But even so, there have been some close ones. I guess the Lord has been with me all the time."

## Courtesy Party Will Be Held

SAN FRANCISCO (U.S.)—The United Nations' 10th anniversary commemorative session here later this month will be more than a polite birthday party, says Sir Leslie Hutton, New Zealand ambassador to the United States.

Sir Leslie told a news conference yesterday developments at the meeting may have a large bearing on future world politics. He added, they will reflect the internal meetings of foreign ministers and concern over the approaching "summit meeting" of the Big Four chiefs of state.

## DeLand Stolen Car Found In Sanford

A car stolen at DeLand was found parked on Oak Ave. here yesterday, City Police reported. No keys were in the car and it was towed to the Police Station.

The license number was checked after A. C. Williams, 1401 Oak Ave., informed Police the car had been parked by his home all day. The car, a 1953 Pontiac, was stolen yesterday morning from Earnest Jenkins of DeLand.

The annual "short course" is put on by the general Extension Divisions of Florida State University and the University of Florida as a "brush-up" course and has 25 members affiliated with it. The National Association has 1600 members.

The governor proclaimed the week of June 6 as Sanitation week and the course co-ordinated with this week.

## City Supervised Recreation Slate To Start Monday

The city's supervised recreational program will get under way Monday and will continue through August 5, Edward Christensen, director, announced today.

The program will be divided into two divisions: the 6 to 11 age group and the 12 and up age group. The 6 to 11 group will register at 9 a. m. Monday at the Elks playground.

## Forest Fires Plague Dry Districts

By THE ASSOCIATED PRESS  
A new series of forest fires plagued drought-stricken Florida today and little relief was in sight despite weather bureau predictions of some thunderstorms.

The weathermen said the showers will be "widely scattered" with emphasis on the widely. The forest likely won't be affected unless it rains hard over one of them.

Woods fires were reported in Volusia, Flagler, Marion, Levy and Wakulla counties.

Backfires were set on the west outskirts of Daytona Beach yesterday to protect Hialeah Hospital and a suburban development of hundreds of new homes from a nasty blast, along U. S. 1.

IN A JOVIAL MOOD, Adlai E. Stevenson (left), Democratic presidential candidate in 1952, bates his arm as though inviting an inoculation from Dr. Jonas E. Salk, discoverer of polio vaccine. They got together at dedication ceremonies of the New York University Medical Center at which both received honorary degrees and Stevenson, in the major address, paid tribute to the work of Dr. Salk.

## Condemnation Tags To Be Issued Soon

City Building Inspector John Gillon said today he is going out "in about a week" and place condemnation tags on all houses in Georgetown lacking proper sanitary facilities. He estimated about 75 houses are subject to tagging.

"We want to give everyone a fair chance to fix up their homes," Gillon said, but he pointed out that only a small number of property owners have thus far promised to equip their houses to conform with the city code.

Unless the other property owners act promptly, Gillon said he planned to hit Georgetown first and then go on to Goldboro, where he said about 75 below-standard houses also exist.

"I'm going to tag everything that's not up to standard," Gillon declared. "That's the only way I can keep up with it."

Property owners will be given 60 to 90 days after their homes are tagged to bring them up to standard, Gillon said. If they fail to do it within that period, the Board of Adjustment and Appeals "will probably close them up," he added.

Gillon said no protests had been set for hearing by the board. A property owner filing a protest must pay a \$10 fee, he said.

Turning to building permits, Gillon said permits valued at a total of \$10,081 have already been issued thus far this month. Permits issued during the entire month of May totaled only \$149,952.

## Business Education Need Brought Out At Meeting Today

The need for business education was cited by Ron Bailey, Jacksonville, district manager for the U. S. Chamber of Commerce, at a meeting today at Toddy's Restaurant.

Bailey was the guest at a called meeting of the County Chamber of Commerce's educational committee, headed by School Superintendent R. T. Milwee.

The business education program, Bailey said, is designed to dispel the widespread misunderstanding about business and business men and to acquaint the general public with the real facts.

He spoke up after getting a report of 30,000-acre blaze in Levy County began after an alligator hunter walked away from a smudge fire built to drive away gators.

## Roman Catholic Bishop Arrives After Release

HONG KONG (U.S.)—Roman Catholic Bishop Frederick Donaghy of New Bedford, Mass., arrived in Hong Kong today after nearly five years confinement in Red China.

His return leaves only one American bishop in Red China. The Most Rev. James Edward Walsh of Cumberland, Md., who is in Shanghai.

Bishop Donaghy, 52, arrived by train from Wuchow, Kwangsi province, wearing a plain white shirt, shabby brown trousers and black leather shoes.

"I am very happy to be in Hong Kong and pleased to see all you people," the bishop said. Looking pale and tired, he said he would talk to newsmen after a few days rest.

He was arrested on Christmas 1950, and after five months imprisonment placed under house detention. He was tried three days ago, convicted of subversive activities and ordered expelled from Red China.

## Precision Needed For Effectiveness

NEW YORK (U.S.)—Gen. Thomas D. White, vice chief of staff of the Air Force, said technological intelligence must be precise to be effective.

White told the Military Intelligence Review Society last night that it is not enough to know the approximate performance of an enemy plane.

"If for example," he said, "information over-estimates the speed of an enemy bomber, he is merely by a few per cent, we might be induced to conclude erroneously that our entire inventory on interceptor planes is obsolete and must be replaced at a cost of many billions of dollars."

## Marine Being Paid Unusual Tribute

CRESTAPTON, Md. (U.S.)—People of Cumberland and Cressap towns are planning a unique tribute to the memory of the late "Bull" Evans, once known as the "One Man Army of the Marine Corps."

A drive for about \$1,000 has been launched to send Evans' mother, Mrs. Rosa Evans of Cressap, to Japan to visit Bull's widow, a Japanese girl, and his son.

The marine, a native of nearby Cumberland, earned a niche in corps history for his exploits during World War II on Bougainville, Midway, Tulagi, Makin, Guadalcanal and during the Korean fighting.

## Navy Base Makes Location Changes

Several changes of location were necessary for NAAS Sanford offices this week as preparations were made for the arrival of the staff of Commander, Heavy Attack Wing ONE, from Norfolk.

The entire first floor of the Administration Building will be occupied by the HAWING staff.

As a result of the move, the Disbursing and the Special Service Offices are now located in Building Three.

The "Sanfly", station newspaper, as well as the Personnel Office and the Education Office have moved to the second floor of the Administration Building.

## Satisfaction Shown By School Official At News Of Action

"We're very happy about it," Superintendent of Schools R. T. Milwee said today as preparations were made to begin work Monday on converting the old Greyhound bus station into administrative offices for school officials.

Milwee said he and his staff hope to move into their new quarters about the middle of July.

Moving with them will be Fred C. Murray, director of adults and veteran education, who now has his office on the top floor of the Court House.

The present administration of the school board from the Reconstruction Finance Corporation, and the board was informed in a letter from Fleming, Scott and Botts, Jacksonville law firm representing the RFC, that it could take possession at any time. The letter was read at yesterday's school board meeting.

Milwee said the bus station will undergo a complete renovation at the hands of the school board's maintenance crew. Partitions will be erected to divide the 1300 square feet of space into offices. As for the exterior, Milwee said a little fence may be put around the building and the grounds will be beautified.

The school superintendent pointed out that acquisition of the building by the school board has done away with the "vacant spot" in the center of town. The building, he added, is so constructed that additions can be added "as the county grows."

Milwee cited the fact that the county has been growing at the rate of about 8 per cent a year for the past two or three years. This, he said, makes it necessary to have larger administrative quarters.

County school supervisors will take over the present offices when they are vacated, he said.

## Lake Monroe Area Recreational Plan Starts This Month

A recreational program has been organized by the people of the Lake Monroe and surrounding areas for their children of pre-school age up to 14 years from June 14 through the coming six weeks.

Hugh Carlton, with the cooperation of the Seminole County School Board and the people, is to be director. He will be assisted three days a week by C. E. Hittell.

Registration will start on June 14 at 2:30 p. m. in the Lake Monroe School building. The recreation will last five days a week from 2:30 to 5 o'clock and will offer a full course in various crafts, arts, swimming and a regular play day program.

Anyone interested is invited to bring his children for registration to next Tuesday. Transportation to and from the grounds will have to be furnished by the parents. For further information call C. E. Hittell or Hugh Carlton.

## GUN BATTLE FATAL

## Florida Methodist Conference Initiates College Fund Campaign

LAKELAND (U.S.)—The Florida Methodist Conference, for the first time in its history initiating a fund drive for a college, has voted to raise at least a million dollars for Florida Southern.

One of the major uses of the new funds will be to raise faculty salaries, a speaker told the delegates yesterday. Another 1/4 million dollars will be given to the college to lend to churches erecting new buildings.

The money would be added to the endowment fund of the institution, bringing it to about five million dollars.

Dr. Ludd M. Spivey, school president, reported it has grown from 120 students and two buildings 30 years ago to more than 3,000 students and 60 buildings now.

It has trained more than 18 per cent of all public school teachers in Florida, he said, and is almost master for more than half the

## Clara Jobe Fund Over \$1,000 Mark, Gifts Still Coming

The Clara Jobe Fund, at the Sanford Atlantic National Bank reached a total of \$1,000.00 this morning, with additional gifts sent directly to Mrs. Jobe and others yet to come in. Mrs. Ruth Scott, trustee of the fund, will accept gifts as they are brought in.

Contributions have been received from as far away as Palm Beach County and certainly the surrounding communities have had a great part in making the Clara Jobe Fund what it is today.

Mrs. Jobe's needs are unlimited. She has no money and medical expenses come high. And so, the fund will remain open indefinitely for those who would like to contribute. In telephone conversations, the 38-year-old mother has expressed an unending love for her friends here who have made possible the opportunity to accept hospitalization that could produce some relief for the tired body that has been enveloped with an incurable disease.

Lupus erythematosus, a disease of the skin caused by shock and nervousness, has made an invalid of Mrs. Jobe. And with an arthritic condition, the pain at times, is unbearable. But this courageous mother prays that she may continue to have an unclouded mind so that she might guide her two daughters through the perilous years of their lives.

Doctors have convinced her that she will never be well. But they revealed that there may be some relief from the pain. As soon as a remedy occurs at the hospital where doctors have agreed to look into Mrs. Jobe's case, she, accompanied by a nurse, will leave by medical designated transportation for the treatment that might give her some relief.

She has dedicated the best part of her life toward the relieving of suffering here in Sanford and Seminole County. She put others ahead of herself.

And now she says, "I do not know how to express myself. No one will ever know how deep the love in my heart goes for those who have helped me in my time of need."

And she continued, "knowing that someone was doing something for me, lifted me mentally and spiritually."

Through tears that contained both smiles and relief she said, "God bless you."
