Celery Feds Win South EFC Title From DeLand, 13-7 All-Time Attendance Record Is Set As 2,600 Fans Storm Crooms-Eustis "Celery Tilt" Game Is Rated Toss Here Today

2,600 Fans Storm Memorial Stadium

Over 2,600 fans — an all-time high — watched an all-time dream come true last night as the Seminole High School's griding braves accessfully repelled DeLand onsuccessfully repelled DeLand onversity's fleet break-away runner,
will not make the trip to Spartanburg, S. C., for Saturday's football
game with Wofford.

Dealer of Fabulous . Months' Profits

By ARTHUR EDSON

WASHINGTON (M-An oil lease buyer has told the Security and Exchange Commission (SEC) that within a seven-month period he made almost a million dollars on a thousand-dollar investment -- and that he has prospects of walking. plenty more.

The story came out in a pros-pectus filed with the commission yesterday by Canadian Prospects, Ltd., of Calgary, Alberta, which wants to sell 303,595 common shares in this country.

"The shares are speculative se-

curities." the prospectus says. It then tells why, in 30 figure-filled

The company says it was founded in May, 1950, by Wilbur L. Griffith. He still is its president. The prospectus says he formerly was in the oil brokerage business in Mt. Verbon, Ill., and that in 1950 he opened a similar business in Denver.

At the time the company was founded, the commission was told, it had 1,000 shares, valued at 31 each. Griffith and his sister, Mildred, owned 966 of them.

The company specialized in buying and selling oil leases, and apparently business was good.

On Jan. 31, 1951, the company came up with 315,000 shares, at no carry value. Griffith sold 95,000 of par value. Griffith sold 95.000 of these to New York underwriters at \$10 a share, or for \$950,000.

split three ways.
As hear as can be told from the prospectus. Griffith still has around and gave his heart to Christ and went singing out on the highways prospectus. Griffith still has around a half million shares in this company that started out as a thousand dollar investment. If that's true, and the stock is selling for \$6, he has around three million dollars of stock left.

A. C. Trice, Pestor Sunday will be observed as Young People's Day at Trinity is stock left.

And what are the assets?

The prospectus says the company now holds leases on almost five million acres of land scattered from North and South Dakota on through Western Canada.

or returns to face the music.

The British are suffering from a which is being used on some new coins put out by the Royal Mint. Her neck is too long, they say. Now she knows how Alice in Wonderland must have felt.

Director declares, "business will dog. have to demonstrate that it can work with the government not only for its benefit, but for the benefit of all the people". We hate to think

Professional gamblers are taking a gamble when they violate the laws, even as you and I. Sometimes they are convicted, as when Lovick E. Adams, chief of the bolita racket in Pinellas county, was found guilty the other day on all three counts of an income tax violation indictment. He could break the gambling laws with impunity apparently, but he could not leave Uncle Sam out of a share of his illegal profits.

It is hard for us to realize sometimes how fast Florida is growing. We were reading the other night that in 1900 the density of population on the lower east coast was two persons per square mile. You know something of how that condition has changed. Yesterday the Census Bureau revealed that the value of farm lands in Florida has increased from 281 million dollars to 900 million dollars during the last 30 years and the farm acreage increased from six million to 16 million. Meanwhile, farm labor income rose from 10 million dollars to 69 million dollars. Who can deny that Florida is the fastest growing state in the union?

There are now on deposit with the Florida Industrial Commission in Tallahasses over 80 million dollars collected in taxes from business men of this state for the purpose of paying people not to work. More than 70 million dollars more has already been paid out in these "jobless benefits" but they couldn't get rid of all of it, so they still have 80 million dollars lying idle in a special fund. Now if the State of Florida really wants to benefit the taxpayers of this state, there is an utterly unnecessary tax it could do away with, or if it needs some money for legitimate purposes such as building schools, highways or hospitals, there is a fund which it could use. business men of this state for the

Income Of Colleges

It becomes more and more necessary for colleges and universities to find new sources of income. A 2,300 page report by the Commission on Financing Higher Education makes this plain. The Commission was set up by the Amercan Association of Universities and began making its study of financial conditions of colleges and universities three

The commission warned against extending the amount of federal aid given to universities. It is feared that further government assistance might endanger the independence of the educational institutions which receive it. It is only natural to assume that when colleges and universities are supported by public funds governing bodies expect and deserve a say in how close institutions are run. But the independence of the colleges and universities is the factor which pendence of the colleges and universities is the factor which of the colleges and universities is the factor which of the colleges and universities are supported by public funds governing bodies expect and dehave steel figuratively "running that was nead or the Laun department at Washington and Jefferson from 1905 to 1920, dean the have steel figuratively "running that was nead or the Laun department at Washington and Jefferson from 1905 to 1920, dean the have steel figuratively "running that washington and Jefferson from 1905 to 1920, dean the have steel figuratively "running that washington and Jefferson from 1905 to 1920, dean the have steel figuratively "running that washington and Jefferson from 1905 to 1920, dean the have steel figuratively "running that washington and Jefferson from 1905 to 1920, dean the have steel figuratively "running that washington and Jefferson from 1905 to 1920, dean the have steel figuratively "running that washington and Jefferson from 1905 to 1920, dean the have steel figuratively "running that washington and Jefferson from 1905 to 1920, dean the have steel figuratively "running that washington and Jefferson from 1905 to 1920, dean the have steel figuratively "running that washington and Jefferson from 1905 to 1920, dean the have steel figuratively "running that washington and Jefferson from 1905 to 1920, dean the have steel figuratively "running that washington and Jefferson from 1905 to 1920, dean the have steel figuratively "running that washington and Jefferson from 1905 to 1920, dean the have steel figuratively "running that washington and Jefferson from 1905 to 1920, dean the have steel figuratively "running that washington and Jefferson from 1905 to 1906 makes them such valuable assets to society.

makes them such valuable assets to society.

The report urges that business and industry play a bigger role in subsidizing education. In recent years big companies have taken on the job of supporting the schools that

Survivors include his widow, Julia, two sons, Burns Hill English, Marathon, and Charles L. Minini, and a daughter, Mrs. Henry Bruwn, Norway, Me.

Youth Is Killed On Motorbike In Miami

He was identified as James B. Munden Jr., of 33512 Plymouth St. County Road Patrolman B. A. Wheat said Munden was making a left turn into Sunset Drive when he collided with Gene Barker, 22, a Miami fireman who was riding the motorcycle.

Barker was no thurt. Munden died at Dade County Hospital a few hours after the crash.

of more than 2,200,000 a week. The Iron Age, metalworking trade weekly, today predicted dustry last Jan. 1 was only 2,077, steelmaking capacity will be close 040 tons a week.

Give the Christmas present that can bring you thanks for Years!

Who is the child that you love the most?

You want that little one's Christmas to be the brightest possible, don't you? This year that will probably mean toys. But you can give him another gift too-one that will keep your thoughtfulness in his heart for many years to come; a United States Defense Bond.

A Christmas-given Bond will be a fine savings start for the youngster you love. It will go on earning interest until he's fully grown-an ever-increasing reminder of your thoughtfulness.

Make the bank one of your Christmas shopping stops and find out more about Bonds and other forms of savings as mift possibilities.

and the last and a value of the last

For your youngsters's ecurity, and your country's, too-give a United States Defence Bond this Christmas.

East Florida Conference Rules Against Grid Play-Off Ketterlinus - Fed Metts Ends Season With 104 Points And 1,191 Yards Rushing

Post - Season Tilt Is Unconstitutional

BY KENT CHETLAIN For the second traight year Seminole High School's gridiron achievements have been bypassed by the loose East Florida Conferelice rules and decisions. Scheduled to play the winner of the northern balf of the EFC in the pest-easor play-off for the championship, minole High School had its football season cut abruptly when EFC President Box Danlop anhounced that there would be no

play-off this year. Instead, the EFC officials will meet here on Dec. 16 to iron out the newly adopted play off plan and declare a winner of the football conference.

The latest decision grew out of A recret EFC meeting several weeks ago when P. K. Yonge, who had just won the northern section title, sent notice to Daniop that they would be unable to play in the title game with the southern winner, because of the school's ban

Dunlop considered permitting Ketterlinus of St. Augustine, who had the next best record in the northern section, play in the championship encounter. How-ever, after looking up the rules, he stated that his hands were tled sir. e the conference by laws couldn't permit naming another

According to the EFC statutes. teams and their final standings will be determined on the basis of the Dickinson point system. Thus a team winning a game from a first division school would get 30 points, A squad winning from a second division team would get 20

This has to be done after the season-the reason for the Sanford meeting on Dec. 16. Cothe best Sanford could hope for was a co-championship with P. K. Yonge this year.

In order to avert confusion, Dunlop promised all the EFC of-ficials to secreey in the Palatka meeting several weeks ago. Just prior to the football camunanimously to split the conference into north and south and have the winners of each section play at the end of the season in a championship game.

However, P. K. Yonge's post-

season ban caused this year's title tilt to be called off. The north was accorded the privilege of being the host team, and if the championship had been played, it would have been in the home of the northern winner. Next year the southern winner will play host to the title play-off, thus alternating each year be-

It was, indeed, a blow to fighting little Celery Feds, who surprised the fans with a good showing this year and played their hearts out in beating DeLand last Wednesday evening, thinking all the time they would have a championship shot at the northern win-

ners.
This further proves the need of a better organized league.

Eustis Defeats Panthers, 20-0 In Celery Bowl

11 Seminole High School Senior Gridders Close Their Careers

place, but since they did not play the necessary five conference games, the Feds were not the official second place winners.

It was, indeed, a blow to field the conclusion of Sanford's clorious J3-7 victory over DeLand last Wednesday night when the startling announcement, canceling the post-season EFC champion. ship play-offs was made known for the first time,

A vastly underestimated Celcry eleven upset pre-season dopesters by winning six, tying ing two and losing a pair. The brilliant victory over DeLand appropriately climaxed the amazing 1952 gridion edition of Seminole High School.

A small, inexperienced, but determined band of football braves used an intangible quality known

recommend band of football braves used an intangible quality known as "team spirit" or the old fashion, "college try," in upsetting many schools this year.

Last Wednesday night's contest was as both coaches said, "Our greates victory this sea-

Passes Intercepted Yards Punting

By KENT CHETLAIN | SEMINOLE GRID RECORDS Another chapter in the Seminole High School gridiron saga came to an end last Wednesday night. With its close, just as in preceding the chapters, the 1952 edition had its Davis distinctive and outstanding fea-tures to embellish the perpetu-ating Celery Fed football history.

Considering all the various Interlocking achievements and players of the 1952 season, there Totals omes into view an incandescent | Player star rising above all others, never wavering, withstanding Reynolds all the acid tests of gridleon feats, leadership, and the more Important qualities of manhood. It is respectfully called "The ake Monroe Locomotive" Junior Hovell Metts, a little, somewhat incon-spicnous, dark-eyed had who earn-thocking of the respect and admiration of Table his opponents and temporates alike, not only by his produces Player athletic provess and three-letter parifents, but in a greater sense Motathrough his bomility, friendliness. Totals undying competitiveness and incomparable estirit de coros - a Player

fancy phrase for team spirit These latter qualities even more than his unprecedented San. football records have imprinted the name of Virgit Talmadge Junior" Metts indeliby among the mythical scrolls of gridicon immortals of Seminole High

Lorer after the athletic exploits; f this triple threat star have fallen by the way-side, the symbol of the clean living, and teampirited Junior Metts will be long remembered, just as is Lon Gehrig has been remembered in taseball as the unequivocal exemplication,

Turning from the man to his nots we must appraise the second and statistics that speak for them-

Metts carried the ball 110 times and ate up 1.191 net yards of the Seminoles' 2001 this seaon. The faut muscle-packed 16vear-old dynamo maintained the best average ner try with a 8.5 vard mark. Of the team's total 302 yards gained in the air, for a sum figure of 302 yards by Junior accounted for 263, completing 21 of the 22 Celery the air. Adding this to his rushing the air. Adding this to his rushing the lake Monmark we find that the Lake Monwith only short legs and an abhreviated physical fulcrum, the
kicking nower of the Lake Monroe
athlete is aptly illustrated as he
maintained a robust 37 yard average per boot, good enough to
stand up in the best collegister.

The 5-foot-9, 165-pounder has

Undefeated U.S.C. Has To Overcome Notre Dame Next SOUTH BEND, Ind. on - Southern California's Trojans may have to open their full bag of tricks against Notre Dame Saturday if they expect to keep their record unblemished for their Rose Bowle engagement New Year's Day.
And that probability makes the game a scouting paradise for the coaching staff of Wisconsin's Badgers, the Trojans' Rose Bowl opponent

ponent.
Saturday's game is a sellout and both schools have requested that it be televised. The NCAA Television Committee is studying the request and has promised an answer. The NCAA's television Game of the Week Saturday is the Army-Navy contest at Philadelphia.
The Pacific Coast Conference champions have won nine in a row. champions have won nine in a row and haven't been beaten since they last faced the Irish in Los Angeles in the 1951 finale, when Notre

Dame won, 19-12.
And the Irish, ranked No. 7 in the current AP poll and one of the nation's upset kings, might do again.
Ralph Guglielmi, who as a fresh-

Ralph Guglielmi, who as a fresh-man quarterback last year sparked the Irish to victory over the men-of Troy, is ready for another try. Ilis passing arm will be aided by a running attack which has aver-aged 200 yards per game, paced by halfback Johnny Lattner and fullback Neil Worden. Southern California's fine record has been compiled largely on a great defensive unit which has been responsible, directly or in-directly, for 141 points. That's more than 106 points taillied by the offensive crew.

Change In Law Urged To Curb Election Fund

Both Republican And Democratic Moguls Agree It's Time For Plugging Loopholes

WASHINGTON IN - Republican and Democratic political leaders agreed today that it's time for a change in the laws that cover campaign spending They agreed too, that they don't know just how to make the changes. to make the changes.
It all came on at a hearing of a House committee investigation

campaign expenditures. Chairman Hale Boyes (D-La) started the hearing off with a statement that there are too many loopholes in the present laws Rep. Chrence Bross of Ohnone of the leaders to Sea Robert Taff's unsuccessful bid for the Re-

blican nomination for president. publican nomination for president, told the committee it is time "to mit kidding the public about po-lited expenditures."

He said the present laws, which limit spending by national political committees to three million dollars.

just aren't practical. A national campaign can't be ron on three million dollars, he said, adding that the offeet of notion that limit on national committees Is to encurage organization of City Manager Is by the law. He estimated that 20 or 30 such committees were active in the recent election

Brown said that as "n wild guess," he would estimate that more than 100 million dollars was apont in the recent campalen
Herman D. Smith of Lake Forest, chairman of the Volunteers for Stevenson, said present curbs on campaign spending do not pro-yide "effective limitations" to atend, he said, these curbs act as only "a mild deterrent"

He suggested a system by which othere would be a limit on the total
