BIBLE VERSE FOR TODAY

**SOME CALL THIS THE SUB-
CONSCIOUS MIND, BUT IF
YOU HEAR THE INNER VOICE
IT WILL GROW STRONGER
AND CLEARER: The Holy
Ghost whom the father will send
in my name, shall teach you
all things.—John 14:26.**

Bliss Hour in Papers

(From The American Mercury)
The heavy hand of afternoon
weighs down
upon the damped forehead of
the law.

The island city sleeps; its train
full dust,
imbued with dubious, obscure
signatures
of silent wheels, its pietry and lust
alike held nestled in the film
tubes.

The roofs, like sleek and
drowsy cats,
bask in the sunlight, and the
plated mats
are ports for fragile cargo-fleets
of dreams.

Only the coco-palm is wakeful.

Teasing, its tawny mane in flash-
ing beams
challenges to vanilla-drunk
slip.

So the heart sleeps in its due
season, making
no secret rendezvous for its
awaking.

CLIFFORD GESSLER.

What about the boys in North
Africa? And the men in
England?

Now everyone is worrying about
income tax payments next month.
Some of them figure if you
haven't got it you can't pay it.

Secret Service agents are trail-
ing Harry Luce these days
everywhere he goes. May be they
are afraid Mrs. Luce will take a
potshot at him.

"Well, Gen. Eisenhower had been
captured at Sidi Bouïd, it would
have been the first time in
American history that a general
had been captured by the enemy."

We see where the British gov-
ernment has nine physicians look-
ing after Gandhi during his hunger
strike. Why don't they give
him something to eat and send
about eight of those doctors over
here?

The Germans are said to have
launched a new peace offensive
based on the propaganda that if
the Russians overran Germany
they will undertake to Sovietize
the whole world. But that's no-
thing. They undertook that 20
years ago.

The Timesville Star-Advocate
reveals that a horrible automobile
accident occurred over there last
week. It seems a woman driving
the front car signaled a left turn,
and the old, completely in-
competent driver of the second
car followed.

The master of a church up in
Georgia is said to have lauded re-
ligionists for the 300 cents
in the church. We suppose the church
was as simple as that.

That's all we want more than
that. You human nature.

—Augustine Record.

That's human nature. All right,
but that's funny nobody seems
to notice it.

After a week of registration
at the recruiting office, the
recruit is filling out

WHAT ABOUT YOUR SOLDIER?

By MRS. ERNEST HOUHOLDER

(Continued from Page One)
will into the Army when Roy did—November, 1942.

He has been with the Supply Detachment, 2nd W.A.A.C. Training Center, Dayton Beach Fla.

After all four of your brothers we send our best wishes and to your family, congratulations for representative service to our America.

But worry won't help a bit.

They only make a man unfit (he a Soldier, fellah).

Here are two "since" items. Since beginning this column we have received another one check.

for the GRANDMA? Please send from Mr. Fred V. Wilson, and please let us say that this check was not solicited; nor was it even hinted for. It came voluntarily from a man whose heart is with all of you Soldiers. Thank you again, Mr. Wilson.

And here's the second "since".

Since arrangements were made for the Patriotic Rally, Mr. Net Smith has learned of two other mothers here who have four children in the Services—Mrs. J. N. Hobson of Sanford, and Mrs. Berta Redenbaugh of Longwood.

These two mothers, too, will be presented with four star pins by the American Legion as soon as the can be ordered; Mr. Smith

In the meantime, a Walter W. shell arched to you mothers for the patriotic spirit of your children.

Young Soldiers get a big kick out of K.P., don't you—when the other fellow's doing it. Well, that's the way with us. We don't like it either, but you've got to take it with a laugh. Here's this:

This thing that you Soldiers call

K. P.

Haven't got a thing on poor ole me.

I'm tied at home to house and lot;

Even can't get down-town to see what they've got.

I clean up a room

Till it's neat as a pin

And in less than two hours

It needs it again.

The flowers I put in

Just yesterday

Are faded and have

To be thrown away.

I answer the phone and then run

To the kitchen stove an' the

For we've got to have meals

(Though I'm on a diet)

But if food isn't ready,

There's a family clot.

And then after that, comes the

I wash my own clothes and my

Red Armies Drive To Point 25 Miles North Of Taganrog

In North, Russians Storm Onward At Rapid Clip Toward Nazi Base Of Orel

(By Associated Press) The Russian armies today slashed more than half the army through the 70-mile Nazi "escape corridor" from Rostov, driving to a point only 25 miles north of Taganrog on the Sea of Azov. Dispatches said Taganrog's lifeline was severed with the capture of Matveevkurgan on the rail line.

In the north, the Russians stormed within 30 miles of the major German base of Orel and drove on at a rapid clip beyond Khar'kov.

Advancing with a speed indicating little effective opposition, the Red Army in pursuit of beaten Nazi troops in the area west of Rostov has cut the only escape railway on this front, the Russians advanced in the midday communiqué recorded.

Bereka, the Soviet monitor, The rail line was cut with the capture of the district center of Matveevkurgan, 25 miles north of the Asow port of Taganrog, and although it was not immediately clear from which direction the victorious Russians came, it was entirely possible that large forces of Germans were trapped by the stroke.

The Russians have been operating both north and east of Matveevkurgan, and the front could have been taken from either direction. If the Soviet forces came down from the north the trapped Germans might be counted in great numbers—probably less than the Russians advanced from the

west. The two sides have observed a believed stalemate. Nazi troops might well be caught in the Taganrog area.

The bulk of the midnight communiqué dealt with Red successes in the areas north and northwest of Rostov. The Soviet armies were quickly cutting into the Germans retreating from this great area.

Elsewhere the Russians were moving still closer to the Nazi stronghold of Orel at the mouth of the Donets River. The communiqué reported the capture of the railway town and district center of Zalegoshch, only 30 miles east of Orel, Verkhneaya Borna, 40 miles southeast of Orel, and Pekovskoye, 40 miles southeast of the strongpoint.

John W. Melsach Is Commissioned First Lieutenant In F.D.F.

A commission as first lieutenant was given to John W. Melsach by Capt. J. L. Galloway last evening at the regular drill of Company C, Fourth Battalion, of the Florida Defense Force, held at the Armory, Lieut. Melsach succeeded Clarence Brown, who has resigned.

Three privates, Walter H. Back, R. E. King and Stephen O. Shinkman were promoted to the rank of corporal. Capt. Galloway stated.

The drill, which was well attended, included formations under a mate believe to be the best which were led by First Sgt. Porter Lansing. A short order drill was led by Lieut. Melsach. Forty-six members of the company were present, Capt. Galloway was present.

Dr. Dame Addresses Social Workers' Group

Dr. Leeland Dunn, director of the Seminole County Health Unit, spoke on pre-natal care of mothers and the program followed by the health unit, at a meeting of the National Women's Association of State Social Workers held last evening at Stetson University. Mrs. Troy Ray announced this morning.

Mrs. Ray disclosed that a panel of the association will be held at the university on March 18 when Judge Prentiss of Deland will speak on juvenile delinquency. Miss Ray will preside over last night's meeting and George W. Johnson, Army captain, was a speaker at the program.

Goebbel's Talk Seen As Poor Attempt To Keep Off New Allied Offensive

(By Associated Press) R. A. F. bombers thundered today to attack Wilhelmshaven, Nazi naval base, and other Allied planes strafed rail yards and shipping areas.

A series of vague rumors in smaller Axis nations and an amateur address by German Propaganda Minister Goebbel's warning of "danger for the west" were seen by diplomatic observers as part of Nazi strategy to weaken Allied determination to attack Europe.

Goebbel's talk to the German people, which he had to repeat, disclosed some of the unvoiced truth regarding Germany's situation on the eastern front and Berlin broadcast recorded by the Associated Press.

"It is not the moment for us to ask questions how it happened," Goebbel said in his speech as voiced by the British radio as important. There is no time for useless discussions. We must act, and this immediately and thoroughly."

"It is incomprehensible," he declared, "that in view of the big camouflage and bluffing maneuvers of Moscow we did not correctly estimate the war potential of the Soviet union. Only now is it revealed to us in its true wild greatness."

"The fight, however, we can continue, demands the exertion of all our national energies. Here there is a danger which is threatening the couch and Europe which eclipses all the dangers of the western world."

Other men leaving from here following a "Send Off" at which Comdr. F. Monte Hughes, captain of the San Juan Naval Station, and Governor Steward Holland will take part, include:

Solon Makes Plea For Local As Well As National Unity

Claude Pepper Visits Sanford And Says He Will Introduce Bill On St. Johns

A plea for unity in local as well as international affairs was sounded by Senator Pepper who discussed the inland waterways of Florida, the problems of the farmers and little business men, and the progress of the war, at the regular weekly luncheon of the Rotary Club at the Marlin Hotel today.

Stating that he expects to introduce a bill providing for a 100 foot channel 12 feet deep in the St. Johns River when he returns to Washington, Senator Pepper said that Florida has an opportunity to develop the inland system of inland waterways of any state in the union if sectionalism can be eliminated and all agree on a broad plan for the development of the rivers and canals of the state.

Senator Pepper said for the benefit of the farmer he has already introduced in Congress a bill providing for the creation of mobile labor camps which could be rapidly shifted from one area to another as labor shortages develop and for the payment of wages to this corps by the central government at sufficient levels to compete with industry and offered to the farmers at prevailing scales in the particular community.

With respect to the war, Senator Pepper warned against excessive optimism as a result of the German advances and suggested that the Germans may be temporarily shortening their lines within the well fortified fortresses where they have dug without greater sacrifice and more blood letting than has been seen. And he said that "We are fighting the same battle, any place we go."

Senator Pepper who was introduced by Mayor Ed Higgins to Sanford from Winter Park yesterday where he spoke on the program of Rollins College Anti-Nazi Magazine. He spent the night on inspection trip of St. Johns River, accompanied with Mayor Higgins, George Ware of Leesburg, Martin Andersen of the Orlando Sentinel-Star, and Gene Rounilat. This afternoon he was taken on an inspection trip of the Sanford Naval Air Station by Condr. F. Massey Hughes.

Senator Pepper said that the anti-seaboard development of Florida envisioned the construction of canals 125 feet wide and 12 feet deep down the east coast from Jacksonville to Key West along the Gulf coast from Key West to Corpus Christi, Tex., two cross state canals, one from Yantown to the St. Johns River and the other embracing the St. Johns River and then the connecting of the St. Johns River and its connection by canal with the Kissimmee River, thence to Lake Okeechobee.

He said that the opportunity is now ripe to bring all this about if all can agree on the plan and get it done. Another section of his speech was that nothing of this nature could be accomplished until after the war is over unless it can be shown to be essential to the war effort; he estimated that federal authorities might look with favor upon Florida's inland waterway development as the petroleum transportation problem.

He said that petroleum is now moving over the St. Johns River, but in larger less than full because of the shallow depth of the river and he said that he believed it to be an economy measure both in materials and money to increase the depth to 12 feet. But he said that a divided navigation on Congressmen and the divided navigation on the St. Johns River throughout the state made it extremely difficult to accomplish anything.

I further emphasized his plea for unity, he said there is grave danger in fighting among ourselves over what is to come after the war and he stressed that such a program must be carried to the utmost to the advantage of both the British and American peoples.

He said that Judge Hines was sent to England to see Britain and the way of withdrawal from the war while the Germans were still in North Africa.

Allies Continue Hitting Japs In Solomons, Burma

Chinese Repulse Nips In Several Attempts To Cross Salween

By Associated Press

In the Pacific, Allied bombers continued attacks on the Japanese in the Solomons and Burma.

The Chinese repulsed the Japs for the third time in three days in an enemy effort to cross the Salween River in southwest China as the Japanese advanced French concession of Kunming, a French concession in the southern Chinese provinces of Kunming.

Japanese forces trying to expand their grip along the Burma road in western Junan province attempted to cross the Salween yesterday for the third straight day and again were driven back by the Chinese high command reported Sunday.

A Japanese attempt to smash the Chinese in northern Kunming also was foiled, the communiqué said. It added that the Chinese withdrew before converging columns, carried out a "counter-attack" and won, and at present are sandwiching the enemy with considerable success.

In that area, north of Shanghai, the Japanese are trying to complete a 45-mile semi-circular line through the lake country from Pao-yang to Fowning, near the sea.

The communiqué reported no change in the situation on the Chinese front.

Yesterday the fighting in Yun-nan, the communiqué said, "the Japanese on the west bank of the Salween in areas southward from Mamenkwan advanced to Meng-yung-hua Feb. 2, but further progress was halted by the Chinese, who inflicted many casualties."

Another group of the class, after receiving reinforcements, pounced on Lashapah and made an unsuccessful attempt to cross the river the same evening.

Cigarettes Are Not To Be Rationed

By Associated Press

WASHINGTON, Feb. 22. (AP) — Cigaret smokers here have heard rumors of rationing got good news today. The government announced, "No restrictions on the manufacture distribution of cigarettes are necessary at present." Domestic consumption of cigarettes totalled 250,000,000,000 in 1942 an increase of 29,000,000,000 over 1941, but stocks of cigarette leaf tobacco described as adequate.

It is estimated that the opportunity is now ripe to bring all this about if all can agree on the plan and get it done.
