County Officials Seeking Solution To Highway, Residential Flooding

Seminole County officials are trying to find a solution to flood conditions in the several areas of the county caused by the prolonged rainy spell.

It was indicated this morning that canals may be dug in the flooded areas to aid drainage.

Tuesday's heavy rains covered the south end of the county, making State Road 436 impassable near Lake Harriet Estates and spilling water in some places as deep as 12 inches.

The Loch Arbor area also was troubled by the recent rains.

B. F. Whitner Jr. at the Central Florida Experimental Station reported that thus far in October five inches of rain

have been recorded in the Sanford area and 14 inches since Sept. 1.

The excess water also is causing citrus men to sing the blues as rains are hampering shipments of citrus to markets and in many cases causing damage to crops.

County commissioners have been surveying flood damage areas this week.

At this week's commission meeting, Commissioner Vernon Dunn reported that 30 per cent of his district was under water and he had been barraged with complaints on drainage.

Dunn said he had surveyed many front yards and found them 12 inches deep in water this week.

CHECKS FOR \$500 were presented yesterday to the United Fund by Pres. T. E. Tucker of the Florida State Bank and Pres. Robert J. Bauman of the Sanford-Atlantic Bank. Receiving the contributions by the banks is Clifford McKibbin Jr., president of the United Fund. To give the fund campaign a boost in its effort to raise \$41,621, the banks increased their donations this year.

Shopping Center Bid Denied

The County Zoning Board last night denied a request by Hettler Homes to establish a commercial zone for a shopping center on Reubug Rd. east of the present Hettler construction area on Highway 436.

The request was denied on the basis that the proposed strip of land is too narrow, would not provide sufficient buffer zones and possibly would depreciate values of other individually owned property in the Lake Howell area.

C. C. Crump, representing the Hettler organization, asked approval of the commercial center which he said "we feel we are obligated to the residents of this growing community to provide."

The proposed location of the commercial area had been opposed at an earlier meeting by residents of the Reubug Rd. area, but Hettler had not been heard before on the application.

Crump said he figured the center would be a convenience to homeowners in the general area outside the Hettler property as well as to the new residents there. He said the company is selling 500 homes a month and predicted that the commercial area would be a necessity within six months.

Attorney Gordon Frederick presented the appeal of the opposing home owners and cited two court decisions at Miami Beach in which changes in zoning were denied because "the immediate need did not exist."

Frederick told the board "you

cannot protect yourselves into future planning, but must decide on this permit on present need."

Crump stressed that the Hettler organization "is here to stay and will continue to develop property as part of the growth of the area."

He took issue with the letter sent to the board earlier by Lake Howell residents which speculated on whether the area of homes might become a "slum."

"Everybody doesn't live in a \$40,000 likefront home. It's no disgrace to be a working man who lives in a \$15,000 home with a mortgage on it," he said in criticizing the letter of protest.

Tickets On Sale For Civic Dinner

Tickets for the joint civic club dinner Oct. 21 with Sen. George Smathers as guest of honor went on sale to the public at Roumillat and Anderson's and Touchton's drug stores today.

State Senator Douglas Stenstrom will introduce Smathers at the Civic Center dinner. A public reception will be held afterwards. Sale of the tickets will end Oct. 19 and reservations must be made.

Swashbuckler Flynn Dies On Canada Holiday

VANCOUVER, B. C. (UPI) — Errol Flynn, who cut a larger swath in real life than he did in his swashbuckling movies, died here Wednesday night during a holiday with his 17-year-old girl friend, Beverly Aadland.

Flynn, 50, died in the penthouse apartment of Dr. Grant Gould, a friend with whom he had been staying for the past week while negotiating sale of his \$100,000 yacht, Zaca.

A Fire Department inhalator squad was unable to revive the actor. It was believed Flynn died of a heart attack.

The city coroner said an autopsy would be performed later today at Vancouver Hospital where the actor's body was taken.

Friends said Flynn had complained of not feeling well since his arrival, and sought to return Wednesday to Hollywood. His death came seven days after the sudden death of tenor Mario Lanza, 34, in Rome and only several weeks after the fatal heart attack of Paul Douglas, 52, in Hollywood.

His daughters, who strongly resemble their father but rarely saw him, collapsed in tears in Hollywood on hearing news of his death.

Denise, 14, sobbed, "I knew dad was ill, but I didn't think he was sick enough to die." Rory, 13, overcame with grief, was unable to speak.

The girls were staying at the home of their maternal grandparents, Mr. and Mrs. John Edgington, in Beverly Hills. Their mother, Nora Edgington Flynn Haymes—Flynn's second wife—was out on a dinner date when she returned. Miss Edgington said, "Oh, I didn't know." Then broke down crying, and closeted herself from family and news-men.

Flynn's first wife, Lill Damita, lives in Paris. She bore him a son, Errol Sean Flynn, in 1941. The actor's latest wife, Patricia Wynne, with whom he was involved in a divorce battle, was performing in a Washington, D. C. night club when the news came.

First told that her husband was seriously ill, she exclaimed, "It is his heart? Is it worse than that?"

Told that Flynn was dead she burst into tears and went into shock, according to friends. She said Flynn was the parents of a daughter, Arnela, 6.

Miss Aadland, deeply shocked, was under sedation and staying with friends in a West Vancouver suburb.

NEW MAYFAIR INN MANAGER George C. Palmer said this morning that he was impressed by the progressiveness of Sanford and is looking forward to a great season here. Assisted by his secretary, Mrs. Roy Williams, Palmer will manage the Mayfair Inn and Country Club. He arrived a week ago after appointment as manager by Horace Stoneman, San Francisco Giant president. Palmer was previously manager of New York's Hotel Wentworth.

FTC Warns Networks To Keep Shows Honest

Steel Settlement Not Without Hope, Chairman Reports

WASHINGTON (UPI) — The chairman of President Eisenhower's fact-finding board said today "we are not without hope" of settling the 83-day-old steel strike.

Prof. George W. Taylor made the statement when asked to assess the prospects for settlement.

But David J. McDonald, president of the United Steel Workers, said he has "seen no progress in reaching a strike settlement."

The board was told today that even if the strike is settled, ore shortages incurred during the dispute will hamper production for months.

The testimony came from William K. Montague, a Duluth, Minn. attorney representing the iron ore companies, as formal hearings by the board drew to a close.

The three-member fact-finding panel has until midnight Monday to achieve a "miracle" settlement of the strike or report to the President, thereby opening the way for the government to obtain a court injunction. The order would send the 300,000 striking workers back to the mills for an 80-day cooling off period.

However, Montague said that ore shortages created during the strike would result in steel production "dislocations" until possibly next spring.

J. H. CRAPPS

J. H. Crapps Enters Commission Race

J. H. "Jimmy" Crapps has qualified to run for city commissioner against incumbent Commissioner Merle Warner.

Crapps became the only candidate to run against the present officeholders on the final day for qualifying for the Nov. 3 election.

Crapps said he is running "in the interests of good government and for progress if we have the money to pay for it." His efforts will be to run the city on a sound business basis, he explained.

Born in Cairo, Ga., Crapps has been a Sanford resident since 1942. He joined Hill Lumber Co. after being discharged from the Navy in 1943. Mr. and Mrs. Crapps have a 15-year-old daughter and a nine-year-old son. They live at 2412 Melonville Ave.

Only a write-in ballot can oppose Commissioner Earl Higginbotham in his race for a third term on the commission.

Official Says Policing Action May Be Needed

WASHINGTON (UPI) — Earl W. Kintner, chairman of the Federal Trade Commission, told the broadcasting industry today that if it cannot keep quiz shows honest, government "policing" will be necessary.

Kintner said that "as a believer in our capitalistic, competitive free enterprise system," he hoped the industry, "can keep radio and TV programs free of deceit and fraud" without tougher government regulation than now exists. The FTC is responsible for seeing that advertising is not fraudulent and that products are not misrepresented to the public.

Kintner told the fall conference of the National Assn. of Broadcasters that its reputation "faces a serious threat... brought on by too much lip service to high principles and not enough diligence in enforcing compliance with them."

He said "only a trustful public brings value to an advertiser's dollar. Let any abuse of public confidence undermine this trust, and the broadcasting industry is hurt and hurt badly."

The FTC chairman restated his belief that his agency lacks authority to regulate any aspect of broadcasting other than advertising. He took this position in testifying before the House subcommittee which has been investigating charges that TV quiz programs were rigged.

The counsel for the congressional subcommittee investigating quiz shows indicated today the inquiry would spread to other network question and answer programs in the disclosure was made shortly after Charles Van Doren, one-time champion of the now defunct "20" program, came out of his New England hideaway to be served with a subpoena.

Van Doren, who claimed he was not aware that U. S. marshals had been searching for him since last Friday, accepted service of the summons just before he held a 10-minute news conference in the Roosevelt Hotel.

Van Doren flunked his first quiz by newsmen when he refused to answer questions concerning his appearance on the "20" program.

He said he would have nothing to say about alleged "fixes" on the show until he testifies before the subcommittee Nov. 2.

The 33-year-old Columbia University instructor came to the news conference with an attorney, two bodyguards and a brief prepared statement.

Stenstrom Reveals He Will Not Run For Senate Again

State Sen. Douglas Stenstrom announced today that he will not be a candidate for re-election in 1960.

"Stenstrom, former county judge and senator for the 37th District since 1954, said he wants to devote more time to his family and his personal business.

"I decided some months ago not to run again. I just want to rest some and spend a little more time with my family and personal affairs," he said.

"I have felt a special pride in the district I represent, and I hope that in some small way I have contributed to its material needs and, more importantly, to the cause of clean and sound government."

"I want each of the 140,000 people in my district to know that I have enjoyed serving in the Senate. While I am certain there are many in the district more suitably qualified than I, and while I must have been wrong many times on the scores of issues, I have hoped that my public and personal conduct has reflected favorably upon the people of the 37th District.

"May I thank sincerely each one who helped to make possible for me this privilege of public service."

Stenstrom first went to the Senate in 1954 to fill the unexpired term of the late Sen. Lloyd F. Boyle. He was re-elected in 1956.

He gained several honors, including selection in 1955 by senators as the outstanding first term senator and being named by the Capitol press corps as one of the four most valuable members of the Senate in 1957. The U. S. Junior Chamber of Commerce named him one of the five outstanding young men of Florida in 1953.

News Briefs

Actor "Critical" — DUBLIN (UPI) — Barry Fitzgerald, 71-year-old Irish-born actor, underwent an operation here today and his condition was described as "critical." He has been ill for several weeks.

Piaf Released — PARIS (UPI) — French singer Edith Piaf was released Wednesday from the American Hospital of Paris where she underwent an operation for inflammation of the pancreas three weeks ago. Miss Piaf said she hoped to resume her singing career in February.

Road Addition — TALLAHASSEE (UPI) — U. S. Highway 1, the major arterial route between the Georgia line and the lower east coast of Florida, has been four-laned a distance of 330.39 miles. Another 19.8 miles is under construction and 51.33 miles are budgeted to be built during the coming year.

New Market — LAKELAND (UPI) — Florida citrusmen looked hopefully today for a possible free market in England for American citrus. General Manager Robert W. Rutledge of Florida Citrus Mutual reported Wednesday night his European representative cabled that the British treasury "is on the point of removing quotas on practically every dollar commodity now restricted by import barriers."

New Boundary Okay — WASHINGTON (UPI) — Sen. Spessard L. Holland told the Supreme Court today that Congress thrice has approved a seaward boundary for Florida 10 1/2 miles out in the Gulf of Mexico. The Florida Democrat concluded arguments by five Gulf states which claim ownership of the rich offshore oil resources. Florida, Mississippi, Alabama, Louisiana and Texas contend the area was ceded to them by Congress in the 1853 submerged lands law.

2 Americans Win Medicine Award

STOCKHOLM (UPI) — Two American biochemists were jointly awarded the Nobel Prize for medicine today for discoveries that shed light on the chemistry of life and cancer.

The awardees are Spanish-born Dr. Severo Ochoa, 54, of the New York University medical school, and Prof. Arthur Kornberg, 41, of Stanford University.

The decision to award the prize which carries a cash award of \$42,610 was made this afternoon by the professional staff of Sweden's Caroline Medical-Chirurgical Institute.

The award was based on the biochemists' discovery of nucleic acid. Reporting on their discovery in 1957, the American Cancer Society said:

"This achievement will shed increased light on the basic chemistry of life, normal and abnormal, and is already considered a major step in the study of such abnormal growth as is involved in the cancer process."

Squall Warnings Out In Caribbean

MIAMI (UPI) — A suspicious squally area in the Caribbean gained intensity during the night and the Weather Bureau advised all small craft in Jamaica and southern Cuba to remain in port.

In a special bulletin, the Miami Weather Bureau said winds of 45 miles an hour were raging in some of the fiercer squalls.

Forecaster Arnold Sung said the disturbance apparently has slowed in forward movement and was drifting to a more northerly direction. It had been moving on a westerly course for the past three days.

The advisory said the main part of the squall line stretched from Latitude 13 north and Longitude 78.5 west, or near the South American coast, all the way to Cuba and Haiti. Jamaica was in the middle of the squall line.

A hurricane hunter plane was dispatched to look over the area this morning.

Forecasters could not be sure whether the squalls had taken on a circular motion characteristic of a true tropical storm. If it does become a tropical storm it will be named Judith.

Students Develop Atom Tool Design

GAINESVILLE (UPI) — A University of Florida student team has developed a new design in a basic atomic research tool which may have broad significance in the field, the university said Wednesday.

The device is a cheaper and simpler linear atomic accelerator. An accelerator is used to produce nuclear energy for research purposes.

William F. Fagen, professor of nuclear engineering and leader of the project, said the new design promises to make the tool available to many more research units through a reduction in cost.

Fagen said the great value of the new design is as an educational tool.

About 20 undergraduates and 11 graduate students had a part in the project under Fagen.

The purpose of the accelerator project was to develop a 10 million electron volt, a rating several times more powerful than anything in Florida at present.

Fagen said preliminary testing indicated development of a potential perhaps twice that, or more.

Citrus Group To Hold Hearing On Shipment Date

LAKELAND (UPI) — The Florida Citrus Commission will hold a public hearing on a proposal that it seek the authority to set an opening date for fresh fruit shipments to Northern markets.

The proposal was presented to the commission at its meeting here Wednesday by its fresh fruit committee.

Commissioner Hershel Sorrells, recently returned from New York, said he was "ashamed" of the "rapefruit he saw offered for sale there."

ALL SET FOR SURVIVAL as Parachute Rigger Second Class Donald Williams showed DeBary residents just how an aviator is equipped to parachute into water. Gathered around Williams at the DeBary Community Center are, from left, Lawrence Tinsley, Major R. C. Wood of the Marine Corps, Capt. J. D. Ramage, commander of Heavy Attack Wing One at the Sanford Naval Air Station, and Chester Rearick of the DeBary Civic Assn., for the program. The raft and "Mae West" life preserver were compact and deflated parts of the gear strapped on Williams until he quickly pulled a few cords.

Butler Is Called England's Second Most Powerful Man

LONDON (UPI) — Richard A. Butler, who narrowly missed becoming prime minister three years ago, held unprecedented powers today that made him unquestionably the second most important governmental official in Britain.

UF Has The Effort, Needs Cooperation

The United Fund is getting some good help in its efforts to raise more than \$41,000 this year for use locally. The men at the Naval Air Station have started their own base campaign, the Pinecrest Addition areas, Sunland Estates, Lake Mary, Lake Monroe, Fern Park and other divisions of the drive have formed committees and are working.

Fern Park became the first area to make a formal report, turning over \$264 in its first effort. The two Sanford banks gave checks for \$500 and other contributions through Tuesday totaled \$3,471.75.

The United Fund office is busy supervising the campaign and its people are finding the job is not the easiest one in the world. A campaign such as this requires the cooperation of everybody in the county. Each individual volunteer worker has to give of his time and energy and these contributions ought to be matched in funds by the rest of us who can help, even if only with a small donation. Every little effort and every little bit of money can do some good. When the workers in your area make their appeal for contributions, remember that they're helping you solve community problems. So help them too.

Jazz Singer Is Called A 'Sincere' TV Effort

BY FRED DANING
NEW YORK (UPI)—An attempt to recreate the classic story, "The Jazz Singer," on NBC-TV Tuesday night was a "sincere" effort that it was a pity it was so cliché-ridden and often misguided.

The familiar story by Samson Raphaelson was adapted and reworked by Ernest Gluckman and Ralph Nelson, producer and director, respectively, of Tuesday night's presentation, second in the new Star-Time series.

Jerry Lewis starred as Joey Robins, Cantor Rabinowitz's son, who broke his father's heart by breaking a family line of five generations of Cantors to go into show business.

Because there was only an hour for the story, there was no time to explore the merits of the father-son conflict, up to present full portraits of each. Nor was there an attempt to resolve the question, although the play did make the point that children cannot roam too far from their heritage.

The conflict was set up in such lines as this, recited by the cantor, played by Edward Franz: "If our young ones move away, who will be left to record the heartbreaks?"

Lewis said later on: "Without audience acceptance, I am nothing. Telescoping caused many of the serious scenes to take on burlesque-style dimensions, for every line had to cover too much ground. It had to try to present symbolic values as well as down-to-earth ones, and when characters became open symbols, they make for troublesome dialogue.

By burlesque-style scenes, I mean such things as: Joey's arrival home during his father's birthday party, when his father slaps him for joking about ritual and says, "Better I should be dead than my son should sing jazzed holy songs in my house. Get out of my house," Joey gets.

Later, when his father suffers a stroke before the start of Yom Kippur services, Joey tries to put off a bedside visit because he is about to make his TV debut. He tells his mother, backstage, that he can't because... "Just look at all this." Someone shouts, "You're on, Joey," and he goes on to sing part of "Be A Clown," in clown makeup. It made me groan, it was so creaky.

Lewis was convincing as an insecure, nervous, guilt-ridden comic at the start of the show, but he pounded too hard on his big dramatic scenes. Molly Picon played his mother and gave it the old schmaltz, as did Franz as the father. Ann Maria Alberghetti was Joey's discoverer in the show and she had very little to do.

The Channel Swim: Dave Garrowsay has selected Florence Henderson to be the new "Today Girl" on his weekday morning NBC-TV show. Miss Henderson, signed to the role after a year-long search for a successor to Betty Palmer and Helen O'Connell, is a frequent guest on the Jack Paar show and was co-star of last season's Oldsmobile Theater.

Heavyweight boxing champ Ingemar Johansson continues his show business career in CBS-TV's Nov. 19 production of Ernest Hemingway's "The Killers." Ingo will play the part of Uly Anderson.

Assignment Washington

By ED KOTERBA
WASHINGTON—That Lunik III was spiraling up around the moon and I was highlighting it to Andrew Haley's office to get the latest legal word on it. And I did. And it was bad.

Mr. Haley—not to be confused with the man with the comet—is probably the world's No. 1 expert on space law, and there he was in his office. Glum.

"Who owns the moon?" I said and he began shoving heavy legal documents at me from his groaning shelves. But the meat of it all had been boiled down into a speech which he delivered to 28 universities four full years ago.

This is what this expert was saying then, and he wasn't backing down now: "If the Russians get to the moon first they can claim it; if we get there first, we can."

He followed that with: "Planting a red star on the moon would be much like Columbus planting the Spanish flag on this soil and claiming all of America."

Well, the Russians have already planted their symbol on the moon. Whether it disintegrated, as President Eisenhower intimated, they still planted it there, and let us just try to dispute that.

Another sobering observation Mr. Haley made then—four years ago: "The Russians may claim the reverse side of the moon simply by mapping it."

And that's exactly what the Soviet scientists said they were setting out to do with Lunik III—photograph the yet "undiscovered" hidden half of the moon.

It had never dawned on me that the reverse side of the moon had not yet been discovered. But, in truth, it never has, even though we all knew it must have always been there.

So, this legal eagle of space was now saying: "Simply discovery confers real, legal sovereignty."

Does this, then, mean the Russians already own the moon? He put it this way: "They now have two principles in a claim." The third principle would come when they land a man up there.

Mr. Haley, former president of the American Rocket Society, is winding up as president of the International Astronautical Federation. He's been hounding lawyers over the world for international space law long before Sputnik I hit orbit.

What Mr. Haley'd like to see would be a moon governed by the law of community—a moon that belongs to everybody, lovers and scientists of all countries. But the Russians haven't been willing to talk about it yet.

What, I asked him, can Joe Public do about the lack of laws of the moon? And the laws of Mars and Venus and the rest of the universe, for that matter? Well, he said, it's a bit tougher for us to bargain these days since the United States hasn't yet established any priorities up there. But he suggested: "Get interested about it and try to get some action by the United Nations."

There should be some way to deter piracy of outer space. I'd hate to think of God's universe going to the Reds.

Uniform Traffic Laws Get Wider Acceptance
WASHINGTON (UPI)—It's getting to the point where you can drive through almost any state in the nation reasonably certain that the basic traffic laws are pretty much the same as the ones you learned back home.

This is a recent development. Take stopping for school buses. Present law says traffic must stop in both directions when a school bus unloads its unpredictable cargo on a two or three-lane highway. When there are four or more lanes, traffic in back of the bus stops, but cars going in the opposite lanes do not.

But until this year, Florida police reaped a bonanza from vacationers because of the bus law in their state. In Florida, you were supposed to stop in either direction no matter how wide the highway. It wasn't until 1958 that the Sunshine State fell in line with the rest of the country.

The movement to standardize traffic laws is almost as old as the automobile itself. In the early 1920's, Herbert Hoover—then Secretary of Commerce—set up a National Committee on Uniform Traffic Laws and Ordinances. Ever since then, state officials have been prodding state officials to adopt a uniform traffic code.

It hasn't been easy, as witness the matter of automobile inspection. In 25 states, there's no inspection setup at all. The other 15 demand periodic checks. States are reluctant to adopt the inspection system because of the complicated legislative and bureaucratic processes involved.

The committee puts out what it considers the ideal traffic code each year. It contains more than 400 provisions covering everything from streetcar regulations to accident reports.

Many states—especially in the Northeast—are adopting large sections of the code. One particular section, dealing with speed limits, is gaining the widest acceptance. This one calls for a 50-mile-per-hour speed limit for daytime driving, 35 at night and 30 in urban areas.

More states are adopting these provisions each year. Someday you will have one less excuse when the police flag you down—a strange state.

Cheese Mark
COPENHAGEN (UPI)—Exports of Danish cheese in the first six months of this year broke all records. Exports amounted to 40,000 long tons worth \$2 million dollars.

Norwegians eat more cheese per capita than the people of any other country in the world—19.3 pounds last year. This put them ahead of the Swiss, the prewar champions, whose per capita consumption was 18.7 pounds in 1958.

Washington Calling

BY MARQUIS CHILDS
LOS ANGELES — The Democrats in their search for a presidential candidate—a search that is beginning to look more and more like a hunt for treasure long lost—are turning to this state and its governor. But Gov. Edmund G. (Pat) Brown refuses to make any of the conventional noises for a candidate.

He is just what he is—an able, decent, hard-working citizen who happens to have made his career in politics. If you encountered him behind a door marked sales manager or personnel director he would look entirely in character.

With every evidence of sincerity, Governor Brown says that he is surprised to find himself where he is today, the governor of what the next census will show is the second largest state in the Union.

He had been scheduled to make an extensive swing around the Pacific this fall and perhaps come home by way of Europe, thereby advertising his familiarity with the issues of foreign policy. But he has called off the trip and will settle for possibly two weeks in Osaka, Japan, where a conference of city officials of nations bordering the Pacific is to be held. The governor says he has too many problems here at home and he is too busy to leave California for a month or more.

The familiar evasion of the candidate playing coy—"I just want to be a good governor"—from this man sounds somehow genuine. It was his line on "Meet the Press" when he answered the questions without any bravura of a kind of understatement rare for the politician making a national appearance.

Certainly, the problems here are many and diverse. Some 10,000,000 or more people are living in the southern half of the state where 50 years ago 5 million would have been considered excessive for the visible resources of land and water.

Brown succeeded in getting through the legislature a water diversion plan calling for the eventual expenditure of \$1,750,000,000 to be raised through state bond issues. Never before have the southern and the northern halves of this Western empire been able to agree on how to allocate water.

What is contemplated is a vast undertaking that, if it succeeds, will achieve what no other civilization has ever achieved. Hitherto peoples who have made the desert flower through great man-made works of irrigation and river diversion have invariably overplayed the game. What with overpopulation and war, the system has broken down and the desert has

claimed its own. This has been the history of one great civilization after another in the Middle East.

Water must be moved from the north over the Tehachapal Mountains to the Los Angeles area if the phenomenal growth rate of the state is to be maintained. About 450,000 people a year are coming into California, most of them in the South. This will soon have to be stopped in another four years if the water project is not begun. It is estimated that it will take until 1975 to get substantial amounts of water, now being lost as it flows to the sea, across the mountains.

This is only one of the problems that the governor in his quiet and unassuming way is wrestling with. The concentration of ownership in a part of the area to be benefited by the new water project is such that one percent of the people own 47 percent of the land. Brown has been trying to do something to improve the lot of the agricultural laborers hired to work these vast holdings. In so doing he has incurred the wrath of the farmers who suspect him of encouraging the establishment of farm workers unions.

On the basis of the present school population, not counting the

continuing influx of people, the state must build three new universities as big as the University of California, which with all its campuses is the largest in the world. Each one would cost an estimated \$100,000,000 or more. Just as Gov. Nelson Rockefeller has to do in New York so Brown persuaded the California legislature to raise taxes by more than \$800,000,000. This was distributed between various sales levies and an increase in the tax on incomes over \$10,000 a year.

Modest as he is, Brown says he is convinced that if as governor of New York he had succeeded in doing what he has done in California he would be an almost-inevitable candidate for President. This recognizes the fact that the new flows from east to west and the New York executive is bound to get a better break than any other governor.

California's problems are in exaggerated form those that in almost every state faces with the current population explosion. If what the nation needs is a first-rate personnel director strong on administration, then Brown may be the answer to the treasure hunt. But in that classic phrase his party will doubtless go farther and do worse.

Arms Inspection Stressed By U. S.
UNITED NATIONS, N.Y. (UPI)—The United States told Russia yesterday "there cannot be 100 per cent disarmament with only 10 per cent inspection."

U.S. Ambassador Henry Cabot Lodge made the statement in the first official American reaction to Soviet Premier Nikita S. Khrushchev's proposal for total world disarmament within four years.

Lodge told the United Nations main political committee the sensible amount of controlled disarmament by Soviet Deputy Foreign Minister Valery V. Kusnetsov, could be summed up in three points:

"First, the United States unreservedly supports, and has always supported, the greatest possible disarmament program, whether it be 100 per cent or 1 per cent disarmament, adequate and timely inspection and control must be built into the system, so that both sides reduce their armaments in plain sight of each other, every step of the way. Such a program creates confidence; anything less creates fear, mutual suspicion, increased tension and increased danger of war."

"Third, we do not know what inspection and control the Soviet Union would accept on its proposal for complete disarmament. And I am sorry to say that Mr. Kusnetsov's general assurances on this point in his speech last Friday did not do much to enlighten us. In fact, as he himself said, at this stage it would not be advisable to examine details, 'including the details of control.'"

Summit Conference Time Slated Soon
WASHINGTON (UPI)—Western agreement on when to hold a summit conference is expected to be reached fairly soon, American officials said yesterday.

An exchange of views has been going on through diplomatic channels since the British elections last week. Spokesmen said complete agreement between Great Britain, France and the United States is likely within the next week or two.

Grower Asks Damages In Push-Treat

TALLAHASSEE (UPI) — A Lake Alfred citrus grove owner yesterday asked the Supreme Court for \$40,000 damages against the State Plant Board for the destruction of 10 acres of trees in the "push and treat" program for the destruction of the burrowing nematode.

Mr. and Mrs. James L. Cunningham contended their grove was destroyed by the Plant Board on Sept. 11, 1959, despite the fact they refused permission to the board to go into the grove.

Their attorney, Henry L. Jolley, Winter Haven, said at the time the grove was destroyed there was no way for a grove owner to go to the Plant Board to seek administrative relief.

He said the destruction of the trees violated the bill of rights. The 1957 Legislature passed the nematode act which provided for board action and provided the board to compensate grove owners.

The Cunninghams filed their suit against the board in September, 1957, after the nematode act went into effect, but contended the damage occurred before the act was passed.

Jolley told the court the members of the Plant Board were "personally responsible" for the damage because it was done outside their authority.

Special Assistant Atty. Gen. William Roberts told the court it had no jurisdiction in the case. He said the district court of appeals had ruled the Cunninghams had not exhausted their administrative remedies before the board.

"If he (Cunningham) doesn't like the Plant Board's compensation, it can be reviewed by the courts," Roberts said.

The high court did not immediately rule on the case.

According to the American Dietetic Association, the Roman emperor Nero ate leeks to clear his voice and the Greeks used to "purify" their criminals by making them chomp on garlic.

Auto Production Hurt By Strike

DETROIT (UPI)—Steel shortages are expected to force curtailment of 1960 model car production for the first time Friday as auto industry layoffs climbed toward 40,000.

General Motors plants reported layoffs totaling 29,100 at the end of shifts Wednesday and said layoffs planned for today and Friday would boost the figure upwards of 39,500.

The layoffs scheduled include 500 workers at GM's Chevrolet plant at Farmington, Mass., the first final assembly line to be hit by the steel shortages. The Farmington shutdown signalled the end of the last hope of the industry that it could avoid actual losses in output of 1960 model cars.

A recent survey by the American Music Conference indicated that 450,000 Americans now play the harmonica.

Shooting This Movie Was No Picnic

By VERNON SCOTT
HOLLYWOOD (UPI) — Not since Ingrid Bergman and Roberto Rossellini filmed "Stromboli" has a movie company suffered the hardships encountered in a new German picture filmed on a rocky Mediterranean island.

One of the survivors, actor Cliff Robertson, returned to Hollywood this week looking like a refugee from a prison camp.

During the 17-week shooting schedule Cliff was knocked out with fever, lost weight and found working conditions all but impossible.

"The island was the size of three city blocks," Cliff said. "I lived in an adobe hut which was part of the set we were using in the picture. And the cast and crew were limited to a single pan of water each—for drinking, cooking and shaving."

"There were no trees, grass or any sign of life among the rocks except for lizards. And I'll be

darned if I know what they lived on."

Locale of the film, "The Search for Chorofo," is Greece, but to save costs cameras were set up in Yugoslavia, including the small island off the Dalmation coast.

Linguistically the picture was almost as bad as working conditions.

Robertson and Cameron Mitchell were the only Americans in the cast. Co-star Maria Schell and her director-husband Horst Hechler are German. About 100 Yugoslavian peasants played extras, the five stunt men were Italian, 80 crew members were German, and a couple of Frenchmen were signed on as cameramen.

"Now that I look back on it, the language problem was pretty funny. We all picked up a few words in the various tongues," Cliff grinned, "but that just confused matters more."

"Every scene was shot outdoors, and in the worst possible weather. Most of the cast was laid low by fever at one point or another. But it was worth it. Working with Maria is a great experience."

When he wasn't before the cameras Cliff took time to study the Yugoslavian people, whom he found tremendously pro-American.

"They are poorer than any people I've seen except the Chinese," Robertson said. "But you can see they are better off than they were a few years ago, and they are devoted to Tito."

"They are proud of the break with Russia and never fail to mention it. Personally, I liked the country—except for that miserable little island."

Court Hears Views On Oil Land Right

WASHINGTON (UPI) — Mississippi, Alabama and Florida Tuesday took a turn at trying to convince the Supreme Court that the Gulf states are entitled to the rich submerged oil lands out to a distance of 10 1/2 miles from shore.

In a suit which also includes Texas and Louisiana, the federal government is trying to restrict states' territory to a three-mile belt along the coast.

Sorority Pledges Five New Members

Five girls became pledges of the Gamma Omega Chapter of Epitonia Sigma Alpha Tuesday evening in an impressive ceremony at the home of the president, Mrs. John Bickley, on Lake Minnie.

Gil Celebrates Fourth Birthday

Master Gil Tye, son of Mr. and Mrs. F. Wade Tye, was feted at a party honoring his fourth birthday Saturday afternoon at the Tye home on Summerlin Ave.

The young guests were greeted by Gil in the carport which was gaily decorated with crepe paper streamers and balloons. Prizes were awarded to Melissa Echols and Toni Farrow as winners of children's games.

Favors were given out while the young guests assembled to watch Gil open his presents. Ice cream and cake were served to the children.

Invited guests were Gail, Paul and John Grayson, Selma and Jenny Mills, Diane Dyess, Toni and Tommy Farrow, Jeane and Ray Dombrowski, Lynn and Melissa Echols, Debbie and Pam Dague, Ann and Jan Cuthaw, Mike Goodspeed, Debbie and Dave Laude, and Steve Thompson. Mrs. Dave Laude acted as hostess.

Refreshments were served by the hostess to Mrs. Barnett, Miss Florence Bishop, Mrs. Grantham, Mrs. J. L. Horton Sr., Mrs. Ralph Kuhn, Mrs. O. D. Landress, Mrs. Elsie Latham, Mrs. W. P. Yesley, and Miss Annie Feinberg, niece of Mrs. Horton, a visitor.

Time for Homework
When should your child do his homework? The answer to this question involves important needs of the boy or girl which should be considered. For instance, children need freedom for active, outdoor play after being confined in school for hours. Study periods right after school are therefore not recommended. A good time for homework may be just before or soon after dinner.

Leaving the study until the last thing before going to bed is questionable. By that time, the child is weary from the day's activities. Besides, relaxation of the mind and body before retiring is as important for a sound sleep as a good mattress.

Individually wrapped sandwiches have one big advantage. They make it easier for Junior to fill his lunch box on the run on the bed-breakfast-school bus relay.

Jerry Lumberson, conducted the ceremony pledging Mrs. James DeBrine, Mrs. E. W. Fife Jr., Mrs. James Butler, Miss Jeannette Kinlaw and Miss Dottie Metts.

During the business meeting, the group decided to hold a bake sale Saturday, Oct. 24, to help raise funds for the chapter's shoe project.

A report was given on donations collected for the United Fund Drive in the door-to-door campaign. This is the third year the sorority has assisted in the drive.

The girls are selling Christmas cards again this year and reveal that the sales are progressing well.

Plans were made and committees appointed for the annual Halloween party scheduled Oct. 31. Following adjournment of the meeting, refreshments were served to the 17 members present.

Church Group 3 Holds Program

Group Three of the First Christian Church, met at the home of Mrs. L. Thary, with Mrs. V. H. Grantham, chairman, presiding. The worship period was devoted to religious experiences as told by Mrs. Grantham, Mrs. A. B. Huntley, Mrs. W. P. Yesley, and Miss Florence Bishop.

Mrs. J. L. Horton Sr., church librarian, urged each member to join in the international reading plan, and distributed individual records for the plan to those present.

The program "Town and Country Churches" given by Mrs. J. W. Barnett on problems of small churches was followed by a discussion period.

Refreshments were served by the hostess to Mrs. Barnett, Miss Florence Bishop, Mrs. Grantham, Mrs. J. L. Horton Sr., Mrs. Ralph Kuhn, Mrs. O. D. Landress, Mrs. Elsie Latham, Mrs. W. P. Yesley, and Miss Annie Feinberg, niece of Mrs. Horton, a visitor.

Time for Homework
When should your child do his homework? The answer to this question involves important needs of the boy or girl which should be considered. MRS. RUBY STANLEY will promenade in a black velvet dinner dress. She is one of many models who will take part in the Monday night fashion show at the Woman's Club. (Bergstrom Photo)

Miss Julie Gore was prize winner during the game period. The honoree was assisted in opening the gifts by Miss Bessie Fleming. Miss Sandy Chambers kept the bride's book. Hostess gift was a bedspread.

Flamboyant is the word for this sport outfit to be modeled Monday evening by Mrs. G. A. Warnke. The bulky sweater, slim pants and Italian boots are from Mary-Esther's shop. (Bergstrom Photo)

Studio Dorm for Sisters
Have two girls attending public school? Do they share a room at home? For extra space why not make it into a studio dorm. There are many types of dual purpose sleep equipment on the market that can be adapted for this purpose. Placing good mattresses and springs on a pair of metal bed frames will make an inexpensive sleep-sitting set. Arrange these pieces each parallel to a wall. This will leave plenty of space for an uncluttered arrangement of desks and other furniture.

Programs Planned By Circle

The Woodrose garden circle held their first business meeting at the home of Mrs. E. E. McCorkle, 185 Oakland Ave., with Mrs. D. K. Dorman, president, presiding.

Mrs. R. A. Hollingsworth, program chairman discussed future programs and plans with the group. A box of plants, donated by Mrs. A. W. Epps Sr., was given to each member.

Mrs. John Stankiewicz won a potted plant as a door prize. No program was planned for this meeting. It was decided to devote the time to organizational and future activities.

Personals

Friends of Mrs. Julius Dingfelder will be interested to know that she underwent major surgery at the Florida Hospital and Sanitarium in Orlando this week. She is planning to stay at the home of her daughter, Mrs. Arthur E. Corey, 4000 Kasper Dr., in Orlando while recuperating.

Mrs. G. B. Hudson will leave this week and for a weeks visit with her daughter Mrs. R. F. Nasrallah and her family in Tampa.

Mr. and Mrs. Paul B. Wells of Los Angeles, Calif., announce the birth of a son at the U. C. L. A. Hospital, Oct. 12. He has been named Paul Wilson Wells.

Mrs. Wells is the former Carol Skinner daughter of Mr. and Mrs. A. L. Skinner of Sanford. The maternal grandmother is Mrs. P. B. Wells of Houston, Texas.

Mr. and Mrs. Darrell Brock announce the birth of an 8 pound daughter, Terry Lynn, born Oct. 10 at the Orlando Air Force Base hospital. Mrs. Brock is the former Beverly Evans daughter of Mr. and Mrs. Earl Evans of Sanford.

—Omit potatoes from frozen stew until the reheating period; spuds soften and lose flavor during long storage.

Linen Shower Fetes Bride-Elect Miss Beasley In Oviedo

A linen shower held last Thursday at the home of Mrs. Bud Galloway, Oviedo, feted Miss Nellie Ruth Beasley, bride-elect. Co-hostesses were Mrs. Bryant Hickson and Mrs. Harold Lyles.

Floral decorations and miniature dolls dressed in bridal attire were displayed throughout the party rooms.

A game and refreshment period was enjoyed following the opening of many gifts by the honoree.

Miss Ann Lundy and Miss Yvonne King were hostesses at another shower honoring Miss Beasley, Tuesday night, at the Lundy home, Lake Jessup Ave.

Personals

Mrs. W. T. Chance left by train for Long Island, N. Y., Sunday, where she will visit her daughter and son-in-law, Mr. and Mrs. Al Thomas. She will see, for the first time, her new grandson, William Chance Thomas, born Friday, October 9. Grandmother of the new arrival is Mrs. E. F. (Claudia) Mitchem.

Mrs. J. N. Thompson, who has been at the Serepta Rest Home in Sanford, has been moved to the home of her son and daughter-in-law, Mr. and Mrs. J. A. Thompson in Vero Beach where she will remain until she is recovered sufficiently to manage at home.

Mr. and Mrs. James Wilson have returned home after a six-weeks vacation spent with relatives in Lubbock, Tex. and Denver, Colo.

Mr. and Mrs. Norman Nolle and daughter, Patti, of Fairville will be weekend guests, here, to attend the Beasley-Riggins wedding.

Mr. and Mrs. Al Dawson of Cocoa were recent overnight guests of Mr. and Mrs. A. H. Ray Jr.

Mr. and Mrs. Jerry Arndt are the parents of another daughter, Marsha, born recently at the Winter Park Memorial hospital.

Mr. and Mrs. Carlton Hendey also are announcing the birth of a daughter born Tuesday at the Winter Park Memorial hospital. Pat McConaha underwent surgery recently.

Rev. and Mrs. John Obeda of Ontario, Canada, are expected in the near future to visit their aunt, Mrs. Martin Stanko. This will be their first trip home since their wedding two years ago.

Refreshments of punch, sandwiches, pretzels, cookies and nuts were served to the 32 women attending.

To prevent skin from forming on a pudding, cover it with a light sprinkling of sugar immediately after the hot mixture has been poured into the mold or cup.

Azalea Circle Enjoys Tours Of Nurseries

The Azalea Circle of the Sanford Garden Club started the season last week with Mrs. O. P. Herndon and Mrs. Porter Lansing, hostesses, serving a 10 a. m. brunch before leaving on a "Garden Run" to Deland and Daytona Beach.

In Deland at Mason and Hoppy's studio, the group watched the women demonstrate how they artfully create arrangements from exotic dried materials into articles of beauty.

From there circle members went on to lunch at Daytona. The next stop was Parrot's Paradise, where many rare birds are featured among a lush background of tropical plants of special interest to garden club enthusiasts.

After a very pleasant day they all agreed to do the same thing again soon.

Oviedo Students Enjoy Parties

Sixty-two Oviedo Junior High students attended the first seasonal dance at the school gym Friday evening.

Mr. and Mrs. Wesley Swenson and Mrs. John Evans were chaperones. Party arrangements were under the direction of Jimmy Courier, Marilyn Partin, Nancy Ann Swenson and Arthur Evans, seventh grade representatives, and Carol Beasley, Jane Lundy, Al McCall and Tommy Minter for the eighth grade.

Oviedo's Senior High students also held their first party Saturday night at the gym. Senior class members were hosts and all arrangements were under direction of Benne Wainright and June Fleming.

Lighting and decorations were arranged by the student council. Mrs. James Partin and Mrs. W. H. DeShazo, recreation chairmen, chaperoned the 35 students present.

Country Frolic Planned

A country frolic party will be held by the Oviedo Women's club tomorrow night honoring members' husbands and the faculty of Oviedo schools. It will be a "come as you are" party beginning at 7 p. m. in the school gymnasium.

Among girls who marry between the ages of 15 and 18 in the U. S., the divorce rate is 12 per 1,000, compared with a rate of 4.8 per 1,000 for those wed between 21 and 25.

Sanford People Enjoy Music As A Part Of Everyday Life

BY JEANNE WARNEK
Mrs. Noah Booth (Olive) of Sanford grew up in West Virginia with fourteen brothers and sisters and they all could cry a tune before they could talk.

It was a busy household with always a song in the air. Her father sang in a quartet, once taught music in what she refers to as "the old fashioned school of song", and passed on the love of it to his large family.

Olive and her brothers and sisters attended a two room school house and for thirty years a member of her family was either attending school or teaching there.

Four of her brothers now record albums for Bibliotone and have their own TV show in Detroit. They perform under the name of the Toney Brothers Quartet. Because of family traits, it is difficult to find brothers with such a wide range of voices and their blend and harmony has been called superb. It is even more remarkable that there is always another Toney brother around to fill a vacant spot in the quartet.

The Booths lived in Sanford a few years ago while Mr. Booth was in the Navy. It must have been a pleasant tour of duty as they returned here last December to become permanent residents. He is a barber and she works at the Pinecrest school cafeteria. They have two school age youngsters, Sharon and Mike.

MUSIC IS PART OF FAMILY LIFE, too, for the Birger Wester family in Lake Mary.

When friends meet at their home it often becomes a music jamboree. Frances Wester plays the piano and Birger might feel inclined to do his "strolling minstrel" act with his violin. Birger Harry has furnished the music for such songs as "My Hazienda" and "Smile A Little Every Day."

Birger was born in Goleborg, Sweden, the son of Sixtus Engelbert Wester, a violin maker. They moved to Florida when he was still an infant and settled in a

MRS. NOAH BOOTH

ed extensively and it was while in London that he furnished background music for the Lunt-Fontaine movie, "Reunion in Vienna."

His musical career has varied from playing first violin in the Florida State symphony (under conductor John Bitter, Jr.) and the Central Florida orchestra at Rollins, to leading his own "Birger Wester orchestra."

During his maestro days he performed at the old Ritz theatre in Sanford and was master of ceremonies of the "Amateurs of the Air" show. "Major Boles without monacles" is his self-description of that period and he recalls that some of the local talent included Senator Douglas Stenstrom, Judge Volle Williams, Dick Alken and Francis Roumlat.

After their marriage the Westers performed in supper clubs throughout the country and their "informal table to table" show met with much popularity.

Four young Westers who like music, too, are Joy, David, Sonja and Jon.

Mrs. Booth studied the violin at the Swedish colony at Upsala.

He studied the violin at the New England Conservatory in Boston and the New York College of Music. From there he continued his studies and performed with Aladar DeSlo and his international gypsy group in New York. With this group he traveled

Mimosa Circle Meets With Mrs. Jo Peck

The Mimosa Circle of the Sanford Garden Club met at the home of Mrs. Jo Peck with Mrs. Herman Lederhaus as co-hostess.

Mrs. Peck, chairman, opened the meeting with the reading of the garden collect, followed by the Lord's Prayer. A poem "From One Gardener to Another" by Ogden Nash was read.

Members discussed entries for the flower show at the Civic Center.

A list of plants was submitted which are to be used at the Big Tree. Members wishing to donate plants for this project are to contact Mrs. A. W. Epps Sr.

Several members gave brief accounts of the hobby classes presented at Mt. Dora. A covered dish luncheon was served at noon, followed by a social hour.

Guests were Mrs. Margaret Herr of Dayton, Ohio, Mrs. J. W. Schwarz and Miss Dorothea Henninger of DeBary.

Members present were Mrs. Herbert Behrens, Mrs. Raymond Cluennol, Mrs. B. F. McWhorter, Mrs. Walter Price, Mrs. Mary Swankhouse, Mrs. Gerald Behrens, Mrs. W. B. Moye, Mrs. Alice Robello, Mrs. C. L. Wallis and Miss Kay Henninger.

Cub Scouts Enjoy Outing In Oviedo

Chummaster and Mrs. John Evans were hosts Saturday when Cub scouts of Pack 243 and parents enjoyed a picnic at their Lake Pickett place.

About 40 attended the affair, beginning with a motorcade in front of Nelson and Company at 3 p. m.

Swimming, skiing and boating were enjoyed by all, followed with a delicious supper. Fireworks concluded the program of entertainment.

Mrs. J. M. Staley was named den mother for October, November and December for the Oviedo den. Mrs. James Frater and Mrs. James Crabtree will be den mothers for the Chuluota den. Mr. and Mrs. Tom Albert and daughter of Sanford were special guests at the party.

Officers Installed

Mrs. Helen Carter, president of the Woman's Missionary Society of the First Baptist Church, installed officers of the Elsie Knight Circle at the meeting of the group at the home of Mrs. Sue S. Stevenson Monday evening.

Mrs. Henry Hutchison was installed as circle chairman; Mrs. V. G. Hasty, co-chairman; Mrs. J. V. Jones, secretary-treasurer; Mrs. F. L. Dampier, program; Mrs. Estelle Glisson, prayer chairman; Mrs. H. A. Moreland, stewardship; Mrs. Fred Fisher, young people; Mrs. W. H. Duncan, publications; Mrs. Sue Stevenson, publicity; Mrs. V. C. Messenger, mission study; and Miss Martha Cox, children's home.

Following the installation Mrs. Dampier presented the program, based on the work being done in China by Baptist missionaries. She was assisted by Mrs. Fisher, Mrs. Glisson and Mrs. C. A. Anderson, Jr.

The stewardship lesson was given by Mrs. Moreland and plans were made to send packages of clothing to the refugees in China. Clothing will be brought by members in the next meeting Nov. 9 at the home of Mrs. A. B. Lovejoy.

HOW TO FASTEN A FUND FEATHER was demonstrated on Mrs. H. L. Stogner Tuesday evening by Pinecrest United Fund captain Mrs. Michael Caolo at Mrs. Caolo's home. Joining Mrs. Stogner and Mrs. Caolo in soliciting for the UF last night were, in the background from the left, Mrs. Charles Winship, Mrs. Philip Keck, Mrs. Gerald Fitzgerald, and Mrs. Charles Rossman.

Pink Tea Scheduled Saturday

Sanford Drive 100, Benevolent Patriotic Order of Dons, will feature the Central Florida Accordion Symphony conducted by Louis Muller at a "Pink Tea" in honor of the Orlando and Winter Park Drives at the Elka Lodge from 4 to 6 p. m. Saturday.

The Sanford Drive is the first to schedule a series of concerts by this symphony which was chosen by Galla Rini, world famous accordionist, as the best of its kind in the South. An added feature of this concert will be the TV and radio accordionist, George Slansky.

Sorority Plans Halloween Party

The Xi Beta Eta Chapter of Beta Sigma Phi met Monday evening at the home of Mrs. Harold Chapman. Final plans were made for a Masquerade Halloween party Friday night, Oct. 30, at the V. F. W. building. Refreshments will be served and prizes awarded to the man and woman wearing the best costume.

Mrs. Carlton Bliss announced plans for a childrens clothing bank to be started by the sorority. Mrs. George Speer gave an interesting program on "Taste and Smell."

The next meeting will be held Oct. 24th at the home of Mrs. Vernon Hardin. A white elephant sale will be conducted at that time.

Mrs. Chapman served cake and coffee to Mrs. Speer, Mrs. E. C. Harper Jr., Mrs. Frank Moreland, Mrs. Lovejoy, Mrs. W. H. Duncan, Mrs. Grady Duncan, Mrs. Anderson, Mrs. Dampier, Mrs. Fisher, Mrs. A. B. Mattox, Mrs. Glisson, Mrs. Jones, Mrs. Stevenson and Miss Martha Fox.

Ladies Auxiliary Plans Activities

The Ladies Auxiliary of the Fleet Reserve association met at the CPO club this week for their regular business session.

Plans were made for a coffee honoring Mrs. Jack Hippa. It was voted to support the united fund and members will help with solicitation. It was also decided to sponsor a bake sale Nov. 17 at the Navy exchange from 10 a. m. to 2 p. m.

Future activities discussed included a Christmas party and buffet dinner at the home of Mrs. William Holcomb.

Mrs. Billy Massey won the linen basket project. Guests were Mrs. Della Carver and Mrs. Henry Far-

COST OF HIGH LIVING

It's the cost of high living—even more than the high cost of living—that puts a strain on family budgets these days.

Church Women Plan For Community Day

Mrs. Gus Schmah, presided, at a recent meeting of the local United Church Women, at the Congregational Church, to plan for the World Community Day, to be held Nov. 6, at the First Christian Church, 10:00 a. m.

Plans were made to appoint hostesses from each member-church to greet arrivals at the door, and pin name and church cards on them. A dramatic presentation, of five women, also from various Churches, representing Africa, South Sea Islands, Eastern Asia and South American countries will be a highlight of the program.

Instead of a speaker, this year, a film strip on "The Nation, Women and the Church," will be shown, followed by the offering of gifts to the sick Church, consisting of clothing for babies and tiny tots to be sent overseas to help meet the great need of homeless children in camps and hospitals.

Attending the meeting were — Grace Methodist Church; Mrs. John P. Dominey; Presbyterian Church; Mrs. L. G. Hunter; Episcopal Church; Mrs. Roy Holler; First Methodist Church; Mrs. Eugene Williams; Christian Missionary Alliance; Mrs. George E. Wells; Congregational Church; Mrs. O. M. Zittrower, and Mrs. Gus Schmah; and First Christian Church; Mrs. J. N. Barnett, Mrs. Vincent Larson and Mrs. L. Tharp.

Church Calendar THURSDAY

The Ladies Aid of the Lutheran Church of the Redeemer will meet at 7:30 p. m.

Methodist Men meet at the home of Alvin Calhoun for the annual smoked mulllet supper. Royal Ambassadors of First Baptist Church 7 p. m.

Tearoom Show Slated

The public is invited to a "Tearoom Show" presented by the American Home Department of the Sanford Woman's Club, Monday evening at 8:45, at the club house on Oak Ave.

Mrs. A. W. Woodall, general chairman of the style show, announces that the latest in fall and winter fashions for every occasion will be shown by Mary-Esther's. Hair styles and make-up for the models will be done by Phillip Boyd and Grace Holt of "Leilani House of Beauty."

Laasie Smith, former Conover model, and director of "Leilani Charm School" will be commentator for the evening. Musical entertainment will be presented by Mrs. Marie Broodmeyer, Miss Bauna said. Big city women go in for lightening, toning down the hair, and use of glamorous colors.

Coffee Planned For Sorority Rushes

The Gamma Lambda chapter of Beta Sigma Phi met Tuesday evening at the home of Mrs. Paulette White in Sunland Estates for the bi-monthly meeting.

Mrs. Joyce Covington presented an interesting and informative program on "Prose," reading selections of "The necklace" by de Maupassant.

During the business session it was announced that a membership committee had been appointed with Mrs. Barbara Green, chairman and Sylvia Howe, Ver-melle Peterson, Arthurene Cook and Reida McCall.

Mrs. Ann Cowan will preside as parliamentarian at all future meetings. Mrs. Arthurene Cook, chairman of the budget committee reported on the proposed budget for the coming year. It was accepted as presented.

The service committee, with Mrs. Ann Cowan reporting, presented plans for the birthday celebrations for the old people at the county home. A party will be celebrated on each of the individuals birthdays with decorations and a cake to be furnished by the sorority members.

Plans were announced for a coffee for new rushes to be held at the home of Mrs. Carol Den-nison, Wynwood Dr. Oct. 21. Names of rushes will be announced later.

A dinner is being planned by the social committee for Nov. 7. Place to be announced. Mrs. Betty Bruestle, chairman said the dinner will be for the purpose of observing the ritual of Jewels and the pledge ritual. Hostesses of members will be invited to the dinner.

President, Reida McCall reported on the leadership day meeting held in Orlando, Oct. 10. Attending were the president, Mrs. Ver-melle Peterson, Sylvia Howe, Paulette White and the sponsor, Mrs. Katie Corley. International staff member, Mrs. Elsie Gentles was in charge of the meeting.

The hostess gift was won by Mrs. Ann Cowan. Mrs. White, hostess, served coffee, cake and nuts to those present, Mrs. Cowan, Patricia Stenstrom, Jean Hunter, Paulette White, Carol Den-nison, Betty Bruestle, Betty McKee, Joyce Covington, Virginia Robertson, Reida McCall, Katie Corley, Sophia Shoemaker, Arthurene Cook and Darlene Toy-

Pilgrim Fellowship To Hold Work Day

The Pilgrim Fellowship of the Congregational Christian Church, an enthusiastic and dedicated group of teenagers will hold a "Work Day for Christ" Saturday. They will wash cars, mow lawns, or do any jobs you want done about the house or yard. Call their president, Robert Bullard. The group is anxious to raise funds for some needy causes in which they are interested.

The National Education Association estimates that the shortage of fully-qualified teachers this fall will total 135,000, or about the same as last year.

Sanford JV's Blank DeLand, 6-0

By JERRY COVINGTON
A hard hitting Sanford defense spelled the difference in a thrilling 6-0 victory over the DeLand Bulldogs last night.

The local defensive unit continued to knock the ball from the Bulldog ball carriers and in the first quarter, the Seminoles made one of them good for a touchdown.

The Seminoles dominated play practically all evening and missed several chances to score in the first half.

Bob Edwards played an important role in the victory last night. The youngster gobbled up three fumbles with the final one accounting for the score.

In addition to recovering the ball he hit hard and was responsible for several other fumbles.

Billy Ray Johnson, Don Harvey, Pee Wee Knight, and Eugene Williams were also standouts in the great defensive effort.

In the first half of the contest, the Seminoles moved into Bulldog territory several times on the nice running of Bobby Bowers, Bubba Davis, Butch Riser, and Jim Terwilliger but when they reached striking distance their efforts fell apart. In the first period Edwards picked up a fumble on the Bulldog 46 and the Seminoles offense began to roll. They moved to the one-yard

line on third down but the stubborn Bulldog defense held.

Again they took advantage of a DeLand fumble and moved to the six yard line but several attempts up the middle failed to produce a score. The first half ended with the two stubborn defenses battling it out at mid-field.

Early in the third period the Seminoles found themselves in a little trouble and were forced to punt from their own 35 yard line.

Fullback Butch Riser's punt was blocked and a DeLand player scooped it up and ran to the Sanford five where he was nailed. This looked bad for the lo-

ops but when the four downs were over the great defensive effort had driven the Bulldogs back to the 22 yard line where the Seminoles took over.

From this point of the game the Seminoles offense finally caught fire and began to roll. Gary Davidson, and Bobby Bowers ran well and moved the ball into Bulldog territory. In the fourth quarter, the Bulldogs took over on downs and began their march. With the ball resting on the Seminoles 34 yard line the hard charging line hit the DeLand halfback and shook the ball loose. Edwards picked up his third recovery of the night and

romped all the way to the Bulldog two where he was nailed. On the first play Gary Davidson ripped up the middle for the only score of the game. An attempt to run the point failed and that was it. The final whistle blew and the Seminoles had pulled out a fine 6-0 victory.

The JV's now have an impressive 3-1 record in the yet young season. They lost their opener to Leesburg 7-0, then followed up the next week with an impressive 35-0 victory over New Smyrna. Although the defense lacked that familiar punch, the defense came through in the victory.

77 Grid Elevens Remain Unbeaten United Poll Shows

United Press International
A total of 77 college football teams, led by such major powers as unscathed-upon Mississippi, Pennsylvania and Yale, went through the first month of the 1959 season without a defeat or tie.

The elite list, compiled by United Press International, includes 20 schools classified as major by the N.C.A.A.

Mississippi, hoping to top its 52-0 record of 1954, has scored 108 points in four games without yielding a marker. Pennsylvania and Yale, two Ivy League surprises, have tallied 87 and 81 points respectively in three games while holding their rivals scoreless.

Three small colleges — Huron College of South Dakota, Lamar Tech. and Los Angeles State — top the nation's perfect records with five victories each.

Following Mississippi in perfect performance among major colleges are national champion Louisiana State, which has limited the opposition to two field goals, Arkansas, Arizona State, U. Air Force Academy, Penn State, Syracuse, North Texas State, Washington, Holy Cross, Northwestern, Texas, Oregon, Cornell University, Rutgers, Georgia Tech, Wichita and Southern California.

Sportswriters 'Blast' Florida Coach Woodruff

GAINESVILLE (UPI) — Florida sportswriters have aimed a writing barrage at Florida Coach Bob Woodruff, charging his football team has posted the best opening four-game record of any Gator squad in 31 years.

Columnists began grumbling at Woodruff's methods early in the season. There were charges of needless play, misuse of personnel, poor tackling, and uninspired offensive thinking.

Through it all, the Gators kept winning. They smashed Tulane 20-0 in their opener, squeaked by Mississippi State 14-13, and crushed Virginia 52-10.

But when Florida and Rice played to a 13-13 tie last Saturday, the state's sportswriters let Woodruff have it with both barrels.

The main criticism was the veteran coach's decision to run out the clock in the last one and a half minutes with the Gators in possession of the football on their own 40-yard line.

Woodruff was quoted as saying he did not want to risk the chance of Rice running back an intercepted pass for a touchdown.

"We'll gamble to lose," he said. "I'm not crazy about the tie but it sure beats getting beat."

"You can't go 40 yards and score in two minutes against a good football team."

Edwin Pope, assistant sports editor of the Miami Herald, said "Florida appears reluctant to shoot for the big play in any close situation."

He quoted an assistant Rice coach as saying he was "amazed" when Florida chose to run

Inter-Conference Tiffs Highlight SEC Grid Action

United Press International
Southeastern Conference coaches this week their teams would be ready for either wet or dry fields in a full slate of inter-conference tiffs this weekend.

Rain let up in some practice centers Wednesday and clearing was promised for others today. One result of the slow work and indoor sessions was that injuries dropped off.

The Vanderbilt Commodores put in over an hour of offensive and defensive dummy drills for their Saturday night game with unscathed Florida. Right Guard Joe Bates was still sidelined and the first two left halfbacks are still out.

Florida ran through a little of the same, then attempted to devise ways to stop Vandy's multiple offense. Coach Bob Woodruff said the Gators would be in top physical shape.

Mississippi quarterback Bobby Franklin was running at full speed and passing well. He has missed the last two games with a leg injury, but he is against Tulane's cellar dwellers at Oxford.

"We finally got outside and I thought we had a good practice," Alabama Coach Bear Bryant said. "I'm still very much concerned about the injured boys, Buddy Wesley fullback and Billy Neighbors (tackle)."

Tennessee, minus two regulars, went indoors for offensive and defensive drills in preparation for Alabama. Coach Bowden Wyatt said, "Due to the weather we haven't been able to get in as much work as I would like."

Auburn center Jackie Burkett returned to heavy work Wednesday and Coach Ralph Jordan hoped he can go full strength against Georgia Tech in Atlanta. Tech worked out in the downpour, and continued to emphasize its passing game.

Georgia marked its first practice session without injuries, according to Coach Wally Butts. Butts moved fullback Don Soberdash to fullback, a position very weak on defense this year.

Mississippi State, which plays Georgia in Atlanta in the nightcap of a Saturday doubleheader, went through a lengthy pass defense drill.

HIGH HOPES By Alan Mauer

New NFL Boss

PHILADELPHIA (UPI)—Austin H. Gunesel, former FBI agent who joined the National Football League seven years ago as a special investigator, began his job today as acting commissioner with a pledge to support the policies of the late Bert Bell.

Gunesel, 50, league treasurer since 1956, was named by the club owners Wednesday to direct the league until a permanent commissioner is selected next January. One league source hinted that the job he does in the next four months could determine if he would be offered the permanent post.

The league owners, still shocked and saddened by the sudden death Sunday of the man who brought the Philadelphia Eagles — Pittsburgh Steelers game at Franklin Field on Sunday.

Gunesel, a strapping 6-footer who never played football, was named to the interim post until the annual league meeting next Jan. 28.

Gunesel's selection came after the funeral for Bell, who collapsed and died while watching the Philadelphia Eagles — Pittsburgh Steelers game at Franklin Field on Sunday.

Gunesel told newsmen he had worked closely with Bell since the late commissioner brought him in in 1952 as a watchdog against possible gambling and "I can safely state I was in his confidence and knew what was going on."

Chisox Combo Sparks 1959 All-Star Nine

NEW YORK (UPI) — Luis Aparicio and Neil Fox, the Chicago White Sox' brilliant double play combination, were unanimous choices today on a United Press International 1959 American League All-Star team that does not include a single New York Yankee.

Two other members of the American League champions — pitcher Early Wynn and catcher Sherman Lollar — were named to the team which also included pitcher, Cal McLish, outfielder Rocky Colavito and first-baseman Vic Power of the Cleveland Indians, outfielders Al Kaline and Harvey Kuenn of the Detroit Tigers and third-baseman Frank Malzone of the Boston Red Sox.

Mickey Mantle, who received eight votes for an outfield position and Yogi Berra, who got two for catcher, were the only Yankees among the total of 29 players receiving at least one vote.

The complete voting position— Catcher: Sherman Lollar, White Sox (18), Gus Triandos, Orioles (4), Yogi Berra, Yankees (2). First-Baseman: Vic Power, Indians (16), Tom Francona, Indians (7), Pete Runnels, Red Sox (1). Second-Baseman: Nelson Fox, White Sox (24). Shortstop: Luis Aparicio, White Sox (24).

Wynn, whose 271 victories make him the biggest winner among active major league pitchers, also was a unanimous choice of the committee. Lollar received 18 votes, and Power, Malzone, Kaline and Colavito had 16 each. McLish got 11 and Kuenn won the third outfield berth with 10.

The complete voting position— Catcher: Sherman Lollar, White Sox (18), Gus Triandos, Orioles (4), Yogi Berra, Yankees (2). First-Baseman: Vic Power, Indians (16), Tom Francona, Indians (7), Pete Runnels, Red Sox (1). Second-Baseman: Nelson Fox, White Sox (24). Shortstop: Luis Aparicio, White Sox (24).

Injuries Rack Miami Grid Team

CORAL GABLES (UPI) — The injured tackles are worrying Miami Coach Andy Gustafson as the Hurricanes prepare to face the Navy football team here Friday night.

One of the starting linemen, Shleida Gay, has been out since Miami's opener against Tulane. Charles Lanning, another starter, received a scrimmage injury Tuesday and is expected to see only limited action against the Middles. Charles Livingston, a big gun for Miami against Louisiana State, was hurt in that game and continues in doubtful condition.

Gustafson handed out a few minutes of contact work Wednesday as he had the first two squads punting, kicking extra points and field goals. The rest of the afternoon was spent in dummy scrimmage with the Hurricanes spending somewhat more time on their own offense than on Navy plays.

House Group Warns Baseball On Move

WASHINGTON (UPI) — The chairman of the House Judiciary Committee warned big league baseball today that it would invite "strong" anti-trust legislation if the Washington Senators moved to Minneapolis.

Chairman Emanuel Celler (D-N.Y.) served notice that any move by the Washington club "will give me more ammunition and impetus" to push a baseball anti-trust bill in the next session of congress.

Mississippi Southern Paces Small Colleges

NEW YORK (UPI)—Mississippi Southern strengthened its grip on first place today in United Press International's small college ratings and West Chester, Pa. Teachers regained second place in a shuffle effecting every other position in the top 10.

Ohio University was the only actual newcomer in the top 10 but eight of the teams switched places and Xavier, Ohio dropped out in the wake of five defeats suffered by last week's select group. A 41-man board of coaches rates the nation's smaller schools for UPI.

Coach Dave Nelson's Delaware Blue Hens made the biggest advance, moving from ninth to third following their 28-8 victory over Lafayette. Montana State College advanced from seventh to fourth. Miami of Ohio, upset by Kent State, 14-6, slipped from second to fifth.

Middle Tennessee State moved from eighth to sixth. East Texas State, beaten 7-0 by Texas A & I, dropped from third to seventh. Ohio University was eighth, Chattanooga ninth and Buffalo, N. Y., 10th.

Leahy Returns To Grid Wars In Pro Circuit

LOS ANGELES (UPI) — Frank Leahy, returning to football after three years retirement, said today he accepted a post as general manager of the Los Angeles entry in the new professional American Football League as a huge challenge.

"I accept this assignment with much joy and am most grateful to Barron Hilton and his associates for giving me the opportunity of working and residing in Los Angeles," said Leahy after the announcement of his \$50,000 a year front office post.

It will mark the first time the fabulously successful college coach ever has held a front office job.

The hiring of Leahy was understood to be part of the new team's fight for recognition in a city where the Rams of the National Football League regularly draws huge crowds.

Leahy, who first gained fame for coaching Fordham's famous seven Blocks of Granite line in the 1930s, compiled a record of 107 victories, 13 losses and nine ties during his career as a head coach at Boston College and Notre Dame. At Notre Dame, Leahy had a record of 87-17-9 and won national championships in 1943, 1947, 1948 and 1949. He was chosen Coach of the Year each time.

The new entry in the American Football League has yet to indicate who its coach might be.

Shoemaker Named To Hall Of Fame

BALTIMORE (UPI) — Willie Shoemaker, headed for an unprecedented fifth national riding championship this year with more than 300 winners, today was elected to the jockeys' Hall of Fame along with two riders of the past—Black Garner and Carol Shilling.

Shoemaker, at 26, is the youngest jockey ever enrolled at the shrine, which is maintained at Pimlico by the Maryland Jockey Club. He received 336 votes in the nationwide poll of sports writers and sportscasters. The total was exceeded in past elections only by the 371 cast for Earle Sande and Eddie Arcaro's 443.

Orange County Golf Play Opens

COSTA MESA, Calif. (UPI) — Touring professional golfers teared off today in quest of a share in \$15,000 prize money in the 72-hole Orange County Open on the new Mesa Verde Country Club course.

Among pre-tourney favorites were Wes Ellis Jr., Aldecross, N. J., current Texas Open title-holder; Ken Venturi, the young pro from the San Francisco area, and Jay Hebert, the Louisiana-born stylist who plays out of Sanford, Fla.

Resting

OXFORD (UPI) — Athletic Director John Brickels, 53, of Miami University was reported resting comfortably at McCullough-Hyde Memorial Hospital today after being taken ill with heart trouble.

New Florida State head coach Perry Moss has had a hand in the development of a number of "name" football players, including Don Heinrich and Hugh McElhenry at Washington (Seattle), Don Bossier and Whitby Rouviere at Miami, and Dale Hackbart at Wisconsin.

Guard-linebacker Al Ulmer of Clearwater, considered one of the best little linemen in college football, will co-captain Florida State's 1959 Seminoles. Ulmer (5-10, 175) has befuddled opposition with some 150 individual tackles and 50 assists during the past two seasons.

Coach Says Team Got 'Raw Deal'

BLACKSBURG, Va. (UPI) — Virginia Tech Coach Frank Moseley said Wednesday that he was "disappointed and almost bitter" over the calls of one official in the penalty-marked Florida State game last week.

Moseley, after viewing films of the game, which the Gobblers dropped by a 7-6 count, charged his team got a "raw deal" when it drew 140 yards in penalties to only 33 against the Seminoles.

Pitchers Recalled

NEW YORK (UPI)—The New York Yankees have recalled pitchers Bill Short, Johnny James, Ed Dick, Bill Betzel, George Haney and Harold Stow, outfielder Derron Johnson and first-baseman Frank Leja from minor league farm clubs.

Traffic Is Getting To Be A Nightmare In Europe

(Editor's Note: This is the fourth of a series of articles by A. M. and R. H. Marshall who are now in Europe.)
PARIS—Here are a few random thoughts on European travel:
Traffic in London, Brussels and Paris has assumed nightmare proportions. Increased prosperity means more cars, and streets laid out in the middle ages, in some instances, are not up to the added strain. One factor which has added to the trouble in Brussels is the great number of larger American cars. Driving in the country is still

fun and is the best way to get to know a foreign country; in larger cities, however, it is very hard work.
We attended the 48th Paris automobile show. A couple of new semi-sports cars were shown for the first time. One is made by Renault, the other by Facile Vega. They will be on the general market in a few months. Both are in the \$4,000 class and are two of the most beautiful open cars we had ever seen.
In talking to a London stock broker the other evening, he said he was paying an income tax which took 50 per cent of his earnings.
London taxi drivers, with whom we came in contact, all were freshly shaved, wore suits and ties. The remarkable thing, though, was the way they said "Thank you, sir" for a very small tip.

We had ordered and paid for a Sunbeam Rapier touring car to be delivered to us in London. The night before we landed the factory burned down. We were lucky to be able to get a Hillman Minx, which is a very small car, but which, so far, has been fine.
We went to Bruges, Belgium, before going to Brussels. Famous for its many medieval buildings, it is known as the "Venice of the North" because of its many canals. It was interesting, but rather disappointing because of its tourist trap attitude.
Brussels is very largely a new city. New for Europe, that is. A very large part of the city was built during the past century, the old town having been largely wiped out by a fire. The big square before the town hall is illuminated at night and is a sight to remember. In general, though, we had a feeling we were in a town which was trying to be Paris and wasn't making the grade.
Belgium, like England, has very poorly marked roads. This sometimes makes getting from one town to another an adventure. In France, roads are as well marked as they are at home.
The only extensive damage we

have seen is in the north of France. The area around Dunkirk still shows many scars. London is building new buildings at a great rate. We saw our first American type skyscraper in Brussels. The outskirts of Paris are a mass of new apartment buildings, most of them ugly.
The entire taxi fleet of Paris must have been replaced in the last five years. We have not seen a single one of the old, familiar and uncomfortable vehicles. They even have radio cabs now.
The old and famous restaurants are still here, but Cole and the "hot dog" are fast taking over, along with modern bus stations.

Longwood Brush Firm Purchased

The Haldeman Brush Company at Longwood has been taken over by the Coronet Corporation, a newly formed industrial unit.
The Coronet Corporation also has industrial property on the Markham Road and the Atlantic Coast Line Railroad, west of Longwood, where they plan to develop an industrial park open to light industries desiring railroad frontage and access to local through-highways.
The Haldeman Brush Company will continue the manufacture of industrial brushes, both machine-made and hand-drawn. Harry Goff, a long-time employe of the company, will continue to manage the production facility, with R. E. Thompson as general manager.
Announcement of a new line of household cleaning aids will be made within a week or ten days.

Here's Bottle Cap Kids Can't Open

CLEVELAND, Ohio (UPI) — Two-year-old Keith Christian, like most children his age, likes to unscrew bottle caps.
But Keith can't get anywhere with the pill bottles in the medicine chest at his home. He can't bite, slip or unscrew the covers because they are protected with a foolproof cap designed by his father.
Kenneth Christian, a barber by profession, is an inventor on the side. The patent on the safety cap is pending in Washington and he has a plastic manufacturer lined up to make it.

Macmillan Names New Defense Boss

LONDON (UPI) — Prime Minister Harold Macmillan completed a broad reshuffle of his government Tuesday including appointment of a new defense minister.
Harold Watkinson, minister of transport in Macmillan's last cabinet, was given the defense post. He replaced Duncan Sandys, son-in-law of Sir Winston Churchill, who was transferred to the new job of minister of aviation.
The three top jobs were untouched.
Home Secretary Richard A. Sorell, Foreign Secretary Selwyn Lloyd and Chancellor of the Exchequer Derek Heathcoat Amery kept their jobs.

Ford In 40th Year

HOLLYWOOD (UPI) — John Ford marks his 40th year as a motion picture director with "Captain Buffalo" being filmed for Warner Brothers.
Ford's first picture was a two-reeler, shot in five days at a total cost of \$10,000.

ANNOUNCING THE NEW PLYMOUTH!

SOLID FOR '60! AT YOUR DEALER'S TOMORROW!
BUILT A NEW SOLID WAY TO GIVE YOU SOLID SATISFACTION

CHRYSLER ENGINEERING INTRODUCES A NEW KIND OF PLYMOUTH THAT MARKS A MAJOR BREAKTHROUGH IN CAR DESIGN. BODY AND FRAME UNIT ARE WELDED TOGETHER AS ONE, IN A NEW WAY. MANY PARTS THAT WORK LOOSE, RATTLE AND NEED FIXING IN ORDINARY CARS ARE ELIMINATED. THIS LOW-PRICE '60 PLYMOUTH IS STRONGER AND ROOMIER. IT USES LESS GAS THAN BEFORE. IT RIDES MORE COMFORTABLY, WE BELIEVE, THAN ANY OTHER CAR IN ITS CLASS.

Chrysler Corporation development behind it. It will suit you particularly if you want a feeling of quality and a sense of craftsmanship. It is built carefully and precisely. We believe there is no other car in the low-price field that resembles it.

PLYMOUTH'S NEW DURA-QUIET UNIBODY is a rigidly-formed structure, locked by approximately 5,400 precise welds. It has no conventional body bolts, braces, struts or stays to give trouble. Road noises and road shocks are dampened. Even the sound of the wind is hushed.

AN ALL-NEW INCLINED OVER-HEAD VALVE "6" IS AMONG FIVE PLYMOUTH ENGINE OPTIONS FOR 1960. The first inclined engine ever in an American passenger car is the new Plymouth 30-D Economy Six, most powerful "6" in America. Very economical, it is inclined to make servicing simpler, to lower the car's center of gravity and to make handling and riding easier. Also for 1960: the limited-production **SonaRamio Commando V-8**.

We doubt if any car at any price has ever ridden or handled as well as this new low-price automobile. Practical Stabilizer Design, incorporating rear stabilizer fins, adds stability on the road, cuts wind resistance, gives better gas mileage.

SOLID PLYMOUTH 1960 OFFERS FEATURES NO OTHER CAR IN ITS CLASS CAN OFFER. Custom-Positioned Front Seat. Safe-T-Matic doorlocking system*. RCA "43" Record Player*. And many more.

The new Solid Plymouth is a young, exciting car with ten full years of

MODEL SHOWN FIAT 500
4-5 Passenger Runabout \$1110 P.O.E.

FIAT

Nothing is more valuable than experience when it comes to automotive engineering... and no auto manufacturer in the world can claim more experience than FIAT of Italy.

When you select FIAT... you select a car with a heritage that started 60 years ago, shortly after the invention of the motor car. Through these years... FIAT engineers and designers have researched, and progressed... turning out a succession of superbly refined automobiles.

Today's FIAT with its fine quality, supreme economical performance and advanced design is obviously no accident... it is the evolution of 60 years of know-how! Another important thing they've learned is that every buyer wants selection, so you are offered 6 series and 17 models which include sedans, station wagons and sports cars... priced from \$1098 Port of Entry, Transportation and pre-delivery servicing slightly extra.

Steel Talks Resumed By Negotiators

WASHINGTON (UPI)—Union and management negotiators resumed steel contract talks today. They discussed a scaled-down union wage demand designed to settle the 94-day strike.

The revised union proposal raised hopes of agreements to end the worst steel strike in the nation's history.

R. Conrad Cooper, chief management negotiator, led his four-man bargaining team into the hotel suite of Steelworkers' President David J. McDonald five minutes before the scheduled hour.

McDonald declined to comment on the new union proposal. He posed for photographs with Cooper for about five minutes before bargaining began.

Cooper reiterated that he knew nothing about the pared-down union peace offer.

Eisenhower was described as gratified at the resumption of negotiations.

"Naturally he is gratified at anything that indicates some progress," the White House said.

The resumption of talks marked the first direct union-management negotiation since both parties broke off bargaining Oct. 8. Both sides agreed Thursday to go back to the table at the urgent suggestion of Eisenhower's fact-finding board, to avoid a Taft-Hartley strike-stopping injunction.

The first hint of a break in the stalemate came after secret meetings between Edgar Kaiser, head of Kaiser Industries, and representatives of the union. Kaiser said later that he had made no commitment toward a contract.

Reliable sources said the union pared down its wage demands by a considerable amount in its latest peace offer. It was said to be a two-year proposal calling for much less than the 20-cent package the Steelworkers previously had insisted on in a two-year pact.

Two sources said the union is now asking about a 20-cent wage and benefit package spread over a two-year period.

There was no immediate reaction from industry sources. Chief Management Negotiator R. Conrad Cooper declared: "It's news to me."

Both sides agreed to resume bargaining late Thursday after George W. Taylor, chairman of the fact-finding panel, appealed to them to act "promptly."

Taylor planned to stay away from the talks and concentrate on writing a report to the President with the aid of his fellow board members, Paul Lebowitz and John A. Perkins.

Once he gets the report, the Chief Executive may seek a court order directing the 500,000 strikers to return to work for 80 days.

But use of a court order seemed less likely today in light of the stepped-up pace of backstage developments typical of pre-settlement maneuvering.

PONY EXPRESS NEWSBOY Gary Ganus of Silver Lake delivers The Sanford Herald with the help of his friend, "Smoky," which he considered a bargain in transportation at a \$50 purchase price. Gary is one of The Herald newsboys observing National Newsboy Day tomorrow. He is the 12-year old son of Mr. and Mrs. Fred Ganus. (Staff Photo)

U. S. Bureaucrats Hostile To Press, Editor Charges

LOS ANGELES (UPI)—Virgil M. Newton Jr., managing editor of the Tampa Tribune, might charge federal bureaucrats with showing a "hostility of attitude" toward the nation's press.

Newton said he doubted "that we could find a single federal public servant who has come altogether clean with the people in the matter of the facts of government."

He spoke before an audience of journalists at the kickoff banquet for the 20th annual Newspaper Week.

Comedian Bob Hope and Red Skelton received special "friends of the press" awards at the banquet.

Newton said no records of the federal expenditure of billions of tax dollars are open to the citizen.

"Give the free people the truth," he said, "and an informed public opinion always will respond to the challenge, whether it be the need for more taxes or the danger of atomic fallout."

Collected during the Easter Seal drive were donated to Forrest Park School for crippled children to help defray the expenses of the children who attend from Seminole County.

The society plans to open the Easter Seal drive with the Easter Lay Ball again in the early Spring. The date will be announced later. Co-Chairman of the drive last year will be Catherine Bauer and Kenneth McInnis.

Judge Alexander Says No Curfew Needed In County

Seminole County Juvenile Judge Wilson Alexander today said that there is no need for any curfew in the county to curb juvenile delinquency.

Judge Alexander made the statement after Volusia County officials today ordered a curfew for all youths 17-years of age or younger.

Judge Alexander said that there is not a large enough percentage of juvenile delinquents in Seminole County to warrant such action.

He added that many times he has issued court orders on an individual basis imposing curfew of juveniles "where I think the hours they are keeping are the cause of their delinquency and contributing to it."

City Operations Impress St. Augustine Officials

St. Augustine city commissioners who inspected Sanford Wednesday were "very favorably impressed with our operations and our personnel," Sanford city manager Warren Knowles said yesterday.

The commissioners, headed by St. Augustine Mayor J. Earl Mickler inspected the town on the advice of local City Planner Jerry Duke who recommended Sanford as a place to see good city operations.

Knowing that refuse disposal cost \$101,000 per year for St. Augustine's 16,000 people, while Sanford pays only \$33,000 to get rid of garbage and trash for more than 18,000 persons surprised the

commissioners from the coast, Knowles said. Sanford uses five disposal trucks and St. Augustine uses seven. Both cities use the sanitary land fill disposal method.

The visitors asked how our pay plan for city employees works, Knowles said. They wanted to know how Sanford can operate with 21 police officers while St. Augustine has 24 and is a smaller town. Discussion of how Sanford can levy 11 mills for city operations at a 62 per cent level taxes 22 1/2 mills for operations of assessment while St. Augustine at a 50 per cent level was also brought up.

Sanford operates with 143 employees while the smaller city has 179. We have one building official; they have three, Knowles explained.

The Police Department, Civic Center, new fire station, recreation facilities and municipal stadium were inspected by the visiting commissioners. They liked the neat appearance of departments and said department heads were impressive, Knowles pointed out.

"They made me proud to be city manager in Sanford," he said.

School Trustees To Run Again

Seminole County school trustees R. F. Cooper, Jim Birkenmeyer and Roy Mann qualified yesterday to run for reelection in the Nov. 3 elections. They have held the three trustee posts for the past two years.

Monday is the deadline for qualifying as a candidate for trustee. Candidates must be registered voters and pay real or personal property taxes. A petition which may be obtained from the county school office must be signed by five petitioners.

Acceptance of the school board's recommended eight mill tax levy for support and maintenance and two mills for the building and bus reserve fund will also be voted on in the election.

Chase And Co. Faces 4 Suits

Four suits to collect \$60,000 from Chase and Co. were filed in the Seminole County Clerk's office yesterday.

Plaintiff's Martin and Frisdo Rundblad, and Irma and Harold Strecker filed complaints saying that on March 18 as they were stopped on the Orange Blossom Trail, waiting for a red light near Given St., a Chase truck struck the rear of their car. As a result of this the couples were thrown forward and suffered permanent back injuries, the complaint said.

California Brush Fire Still Rages

LOS ANGELES (UPI)—A gigantic brush fire raged unchecked in the Los Angeles foothills today and there was no immediate hope of bringing it under control.

About 30 to 40 homes were within less than a mile of the blaze and in peril. Several hundred other homes were in potential danger.

An estimated 80 persons were forced to spend the night away from their threatened homes in the big Tujuanga Canyon in the flare-up area. Other residents were warned to be ready to flee at any time.

A hurricane hunter plane radioed it found top winds in the disturbance at 25 to 35 miles an hour, compared to the 45 mile an hour peak Thursday.

At 11 a. m. the Weather Bureau said the easterly wave stretched from the western tip of Cuba south-southwest into the Gulf of Honduras. It was moving to the west at 15 to 18 miles an hour.

Minute Maid Adds Two New Directors

ORLANDO (UPI)—Two new members have been added to the board of directors of the Minute Maid Corp.

The company said Thursday Edward Aborn and Harold F. Reindel brought the number of directors to 18. Aborn was president of Tenco Inc., which was acquired by Minute Maid. Reindel is a New York attorney.

Nuclear Loaded Bomber Collides With Air Tanker

TV Industry Plans Own Police Action

WASHINGTON (UPI)—The president of the National Assn. of Broadcasters said today the radio and TV industry will take action to prevent the rigging of quiz programs.

There is no need for the government to step in, he said. Harold E. Fellows said the industry "has proved, in its four decades of service, it can clean its own house when necessary."

The NAB official made the promise in a speech to more than 300 radio and television executives holding a conference here.

He announced that the industry's board will meet Nov. 13 in Los Angeles to weigh the question.

"Should the television code require additional language to further safeguard the viewing audience against misrepresentation or deceit, in this or other areas of programming," he said, "the needed steps will be taken."

Fellows, however, blamed the recent scandal on outside packaging producers who "have hoodwinked the public and broadcasters whose facilities they use."

He said the NAB was recommending that the review board study the testimony given at recent congressional hearings on TV quiz shows to see what action was needed to clean up the situation.

At the same time, he warned that "this unfortunate episode in broadcasting" may result in a challenge to the industry's own system of voluntary self-regulation presumably by possible new legislation in Congress.

His pledge followed a warning from Earl W. Kintner, chairman of the Federal Trade Commission, that the government would police quiz shows unless the industry took steps "to keep radio and TV programs free of deceit and fraud."

Fellows said the congressional investigation of rigged quiz programs showed that broadcasters "like the public — had been naive."

He said the industry would "take every precaution to see it doesn't happen again."

Seminole Voters For Election Up

DETROIT (UPI)—Steel shortages forced curtailment of 1960 model car production for the first time today as the auto industry reported near record sales of the new models. Ward's Automotive Reports, statistical agency for the auto industry, reported dealers sold more cars in the first 10 days of this month than in any other new model introduction period since record-smashing 1955.

Art Center Proposed In County

Application to the County Zoning Board for a use permit has revealed a proposed arts and crafts center for Seminole County which would provide a clearing house for talent and art work.

The zoning board approved a public hearing on the application by Harold Walsh, who divides his time between here and Chicago and who said he expects to establish the art center on his property south of Highway 436 near Spring Lake Rd.

Walsh told the board that his proposed center would be similar to the Art and Research Institute at Maitland and would provide an outlet for the talents of "hundreds" of persons, especially those of retirement age, who do various forms of art work.

No Danger Of Explosion Expected

HARDINSBURG, Ky. (UPI)—An atomic bomb-carrying B-36 Stratofortress collided in flight Thursday night with a KC-135 refueling plane and both planes crashed to the earth in flames.

Air Force disaster crews picking through the wreckage of a B52 jet bomber which collided with its tanker plane found the nuclear bomb it was carrying, today, and the Air Force said there was no danger of explosion or radiation.

An Air Force spokesman in Washington emphasized that the bomb was found intact and presumably would be removed from the area at once. He said that had the weapon been broken apart by the impact, there might have been limited radiation danger.

Five of the 12 crewmen aboard the two planes survived the crash. Bodies of three others were recovered and four more were missing, the Air Force said.

The crash between two giants of the jet age occurred about 8:45 p. m. 20 miles south of here in rugged, tree covered country in the rough River Dam basin.

Witnesses said the wreckage of the two planes seemed to fall in four flaming balls. Wreckage was spread over a seven mile area. The flash of the explosion was seen as far away as Evansville, Ind., about 80 miles to the northwest.

Both planes were from Columbus Air Force Base in Mississippi. Base officials said this was the first crash of its kind since the Strategic Air Command began its round-the-clock refueling program nine years ago.

The Air Force had cautioned away sightseers but said there was no need for an evacuation of the area. A helicopter search was being made for additional survivors.

The five survivors were taken to Ft. Knox Hospital. No interviews with newsmen were permitted.

The B-52 cost seven million dollars and the KC-135 costs more than four million dollars.

Reds Have Lead In Mathematics

PARIS (UPI)—Dr. Solomon Lefschetz, Russian-born American mathematician who came out of retirement to help the United States space program, said today the Russians are ahead because they have a 10 to 15 year lead in mathematics.

Lefschetz, 75, professor emeritus of Princeton University, is considered one of the leading mathematicians in the United States. He will be awarded an honorary degree by the Sorbonne University today.

Stemper Named To Realtor Post

William Stemper, president of the Seminole County Board of Realtors was elected district vice president of the state board at the group's convention in Tallahassee.

Stemper made a report of the convention at a dinner meeting of the local board last night.

Attending the convention with Stemper were Wally DeLoach, Gladys Dawson, and Neal Farmer. At last night's meeting, the group also heard from Seminole County Zoning director who spoke on new zoning changes.

Oviedo C Of C Meet

Oviedo Chamber of Commerce President Ben F. Ward Jr. today urged all members or the organization to attend Monday's meeting scheduled to start at 8 p. m.

TURNING OVER THE RESTAURANT to the Jaycees for tomorrow's Pancake Day, Mrs. H. A. Appleby added her endorsement of the culinary ability of the Jaycee grill men, chairman by Don Royer, center, and assisted by Tom McDonald and others. The pancakes will be served from 6:30 a. m. until 8 p. m. at Mrs. Appleby's Valdez restaurant. "All you can eat" of the pancakes, sausage and milk or coffee will go for \$1 per adult or 50 cents for children. The funds raised will go to the Jaycees' youth activities and community development efforts. (Bergstrom Photo)
