Steel Heads Meet Murray Over Issues

Strike Deadlines Reported As Saturday For Steel, Thursday For Ford Co.

By ASSOCIATED PRESS
The three-day bargaining struggle between big labor and big business ended today with the prospect of new action in two of the areas—steel and automobiles.

Steel Union Agrees To Truce

After the 170-man wage policy committee of the United Steelworkers met here today to discuss the steel strike until Oct. 1, Philip Murray (right), CIO president, gives details of the new agreement. Afterward, U. S. Steel agreed to a bargaining meeting.

President Philip Murray of the CIO United Steelworkers talked contract with United States Steel Corporation for two and a half hours today and declared "we are seriously considering our problems."

Murray and his negotiators got together behind closed hotel doors with Vice President John Stephens and other U. S. Steel executives. Stephens had no comment as they took a recess for lunch.

Crucial talks to head off a paralyzing nationwide steel strike set for Saturday were renewed under a truce of preliminary agreement.

The CIO "stewards" union kept a steady pressure on the steel company, insisting on a company-paid pension insurance program to cost 10 cents per man hour of work. Negotiating conferences were resumed after a week-end recess, with a strike of 1,000,000 steelworkers set for Oct. 1.

James J. Thibodeau, an international vice-president of the union said he thought there was "little chance" that the strike would be averted.

A "workable" demand was made by a presidential fact-finding board which investigated the steel industry on Sept. 22.

Florida Farmers Raise Huge Supply Despite Storms

JACKSONVILLE, Sept. 26—(Special)—In spite of the vagaries of weather conditions, Florida farmers are busily preparing to feed the multitude with the usual supply of fresh fruits and vegetables during the time when most of the country is ruled by King Winter.

Prospects are for the biggest tomato harvest in a number of years. A heavy increase in pole bean acreage is expected as is a slight increase in potatoes.

The Palm Beach market area has suffered during the past week from excessive rain, three inches having been recorded in a period of four days. However, there is a wide variance in that some places in the area are getting more rain and others less, but the rain will undoubtedly cause some damage to the crops.

The Wauchula market is already supplying the trade with some offerings of yellow squash and peppers in addition to a fair volume of cucumbers. Cucumber volumes is expected to increase rapidly and a heavy cucumber deal is indicated for the fall.

The Fort Pierce market reports favorable growing weather since the storm. Crops in the area have made tremendous growth. Harvesting of the cucumber crop is expected to get underway about the middle of October. Tomatoes will start about three to four weeks later. The cucumber acreage is expected to be between 800 and 900 acres. The tomato acreage between 4,000 and 4,500 acres. Smaller acreage of other commodities are being planted.

FISHING LAW
W. W. Johns, state game warden, pointed out this morning that fishing from bridges is a violation of state law. He is a department of the state is passing out pamphlets on fishing from bridges. Bridges which present such dangers are the Ocala, Vevina and Geneva bridges, he said.

Sheriff P. A. Mero also announced this morning that a driver was arrested on the highway for driving a car with a broken headlight and a broken taillight.

Legislature Levies \$40,000,000 In New Taxes, But It Isn't Enough

TALLAHASSEE, Sept. 26—(AP)—The Florida Legislature levied \$40,000,000 a year in new taxes before it went home Saturday, but the state's financial worries aren't over yet.

The Budget Commission, which has the job of releasing money to agencies and institutions, still may have to hold back some of their appropriations—at least for the time being.

It will be up against the problem tomorrow, perhaps, when it starts discussing what to do about the 25 percent that has been withheld from appropriations for every agency for the last three months.

Should they now be allowed to go back and spend what they were kept from spending, or must they wait that off as water over the dam?

One thing is sure. Although the Legislature levied new taxes, the money isn't going to start coming in for another two months.

The customer doesn't start paying the sales tax until Nov. 1, and the merchants won't turn it over to the state until December.

In the meantime, the state will start giving most of the cigarette tax to cities and diverting the seventh cent of gas tax to the county roadbuilding fund on Nov. 1.

On top of that, if tax analysts' figures are correct, the state's net proceeds from the new revenue program still may not produce quite enough to cover all the checks the Legislature wrote for spending by agencies and institutions.

The Legislature in its regular session appropriated \$249,000,000 from the general fund for the two-year period ending June 30, 1951. In the special session it added \$60,000,000 to those appropriations and passed a bill which will turn \$12,000,000 over to cities and counties between now and the end of the biennium.

So the net drain authorized on the general fund is about \$262,000,000.

Will there be that much money? Figures of the tax analysts and state financial officers indicate the income won't quite measure up, but Governor Warren said he (Continued on Page Three)

Russia's Atom Bomb Produces 2 Suicides

ARCADIA, Calif., Sept. 26—(AP)—Reportedly despondent over Russia's atom bomb, a college instructor killed himself and a student, police said.

The victims are Walter H. Griffith, 35, language professor at John Muir College in nearby Pasadena, and Donald Otto Magness, 22, a University of Southern California student.

Their bodies were found in their home yesterday. Magness was in a bathtub and Griffith's on the floor nearby. Near his hand lay a .38 caliber revolver.

The professor's father, Walter H. G. Griffith, told Brown: "Walter's mother and I died with him the night President Truman announced Russia had developed an atom bomb, and he seemed very disturbed about it. I can't think of any other possible reason for his doing a thing like this."

SEMINOLE HIGH
The Seminole High School Press Club regrets an error in its story released last week in stating that the parents of high school students would attend the school for an "all day" program. The event will take place on Thursday evening at 8:30 o'clock at the school.

Attlee Regime To Stake Life On Money Plan

Parliament Called Into Emergency Session To Deal With Pound Devaluation

LONDON, Sept. 26—(AP)—Conservative leader Winston Churchill is expected to ask the Labor government for more information on the atomic bomb race tomorrow when Parliament opens its emergency session. Reports of new uranium discoveries on both sides of the Iron Curtain in Czechoslovakia and Spain-sourced talk today of such a race now that Russia has discovered how to set off an atomic explosion.

LONDON, Sept. 26—(AP)—Atomic scientists from the United States, Britain and Canada met here today to trade information on locating and producing uranium. Their meeting was scheduled several weeks ago.

Parliament reconvenes tomorrow in an emergency three-day debate on the crisis raised by the cheapening of the pound from \$4.03 to \$2.80 eight days ago.

If the Labor Party's motion should fail in the House of Commons, Prime Minister Attlee would be forced to disband Parliament and call an immediate general election. The government has a 60 percent majority in the House, and if untried Laborites can be whipped into line, the government will win out.

Some Labor leaders worried that some of the leftists in their ranks might abstain from voting and cut down the Labor margin.

The Labor leaders prepared a motion today asking the House to call on the British people for "their full cooperation with the government in digging out of a deepening trade deficit."

Rollins greets new students to campus. WINTER PARK, Sept. 26—(AP)—The advance guard of an expected enrollment of 800 students began arriving on the campus of Rollins College today as the 45th session got underway.

Beginning with four days of freshman orientation and registration of new students, the actual start of classes will not take place until Friday.

Pres. Paul A. Wagner and Harvey F. Woodruff, new director of the Conservatory of Music, will be introduced with their faculty members to the teaching staff at a faculty meeting today.

The new president of Rollins will introduce to new students along with his administrative staff at the annual get-together of the student body in the Student Center at 7:45 following dinner in the commons.

Welcoming committees of upperclassmen met incoming trains today.

Besides these, the department included in the orientation program will be English placement tests, choir auditions, swimming tests, TB chest X-rays, conferences with faculty advisors and three assemblies at which they will be addressed by Dean Wendell C. Stoner, A. D. Nyquist, dean of men and Marian Cleveland, dean of women.

Yugoslav Hits Soviet Effort To Break Tito

U. N. Official Accuses Russia Of Stirring Up Border Nations Against Tito Reign

NEW YORK, Sept. 26—(AP)—Yugoslavia today accused Russia of using every kind of pressure, including armed demonstrations, to force Premier Marshal Tito to bow under Moscow's will.

Addressing the United Nations Assembly, Yugoslav Foreign Minister Edvard Kardelj blasted at what he called Russia's imperialistic methods. He called on Russia to prove her desire for peace by leaving Yugoslavia alone.

He spoke directly to the Russian in his own language. Soviet Foreign Minister Andrei Y. Vishinsky, an early arrival, listened intently. He took many notes during the speech.

Referring to Vishinsky's appeal for peace in the Assembly last week, Kardelj said:

"The Soviet Union cannot possess peace-loving intentions while hounding Yugoslavia and threatening the government of the U. S. S. R. is showing its support for it."

He recalled that Vishinsky had cooperated with all nations in seeking peace.

Kardelj said Yugoslavia also is threatened by the Tito.

Man Found Guilty Of Petit Larceny Fined \$300, Costs

John Edward Lamb, 24 year old negro, was convicted on six charges of petit larceny Friday and Municipal Judge J. G. Blanton fined him \$300 and costs on a charge of such count. Police Chief Roy D. Williams announced this morning.

Arrest and conviction of the negro last Monday by Lieut. Max Hays and Patrolman Patterson cleared up the mystery of a number of thefts of bicycles, clothing, radios and cash. An FBI report disclosed that Lamb had a criminal record. He was reported to have come from Miami, said Williams.

The Sept. 10 Lamb entered the second hand store of George Mills on Sanford Avenue to dispose of some of his loot. Failing to do so, he assaulted Mr. Mills who was injured to the extent of requiring medical attention.

Following a complaint of a small theft last Monday, Lieut. Hays and Patrolman Patterson arrested Lamb at Fifteenth Street and Williams Avenue. The negro broke home, but after a brief chase they recaptured him and took him to jail.

The case of Willie Isaac, charged with the recent robbing of Thompson's Grocery on the South West Road was due for trial today in City Court.

Meanwhile, two attempted break-ins in the region of Fifteenth Street and Oak Avenue was reported to police. Mrs. E. O. Shindler stated that at midnight Saturday she heard a noise in the dining room of her home at 1408 Oak Avenue, turned the light on and someone went out through the screen of the window. Nothing was reported missing.

Police reported that Hohenlohe telephoned last night to his lawyer and friend, Francis P. Garvan, telling him he intended to shoot himself and giving instructions about a sealed note in the lawyer's possession.

Garvan tried to dissuade Hohenlohe and finally picked up a policeman and a doctor and sped in a taxi to his client's apartment at 200 East 82nd Street. There they found Hohenlohe lying on the floor with a .38 caliber revolver beside him.

A note was found in the apartment, but police did not disclose its contents.

Hohenlohe's wife, 27, has been living in New York City recently and her two small children have been living with relatives in suburban White Plains, N. Y.

The couple met while they were attending the same school in Potomac, Md.

Congress Atomic Committees Faces Issue

After holding an emergency top-secret meeting in Washington, the congressional Atomic Committee launched a study of political and military implications of the announcement that Russia has set off an atom bomb. Above, three members of the group check news dispatches. They are (l. to r.) Sen. William Knowland, California; Chairman Dean Acheson, Connecticut; and Sen. Tom Connally, Texas. Sen. McMahon urged that President Truman appeal for international control of atomic energy. (International Brotherhood of Bookbinders)

Prince Wounds Self In Suicide Try Over Wife

Alexander Hohenlohe, Former Nobleman, In Critical State

NEW YORK, Sept. 26—(AP)—Prince Alexander Hohenlohe, who had been leading over a reputation for his suicide attempt, police said.

The member of a once leading German and Austrian noble family was reported in critical condition today at City Hospital with a bullet wound in the chest. The shot collapsed one lung.

A police guard was posted at the bedside of the 30-year-old Hohenlohe. He was arrested on a charge of illegal possession of the pistol he used and of another found in his apartment.

Police said Hohenlohe had been depressed since separation last spring from his wife, the former Joyce Thompson Schuler. She is the daughter of a former wife of Anthony J. Drexel Biddle, Jr., ex-ambassador to Poland.

The prince's estranged wife and her mother hurried to the hospital when informed of the shooting. They waited in an anteroom while he underwent an operation. Later they were permitted to talk with him.

Police reported that Hohenlohe telephoned last night to his lawyer and friend, Francis P. Garvan, telling him he intended to shoot himself and giving instructions about a sealed note in the lawyer's possession.

Garvan tried to dissuade Hohenlohe and finally picked up a policeman and a doctor and sped in a taxi to his client's apartment at 200 East 82nd Street. There they found Hohenlohe lying on the floor with a .38 caliber revolver beside him.

Elks Benefit Dance Draws 300 Persons

The benefit dance given by the Elks Club Wednesday night at the San Orlo Club for the benefit of the Harry Anna Home for Crippled Children in Umatilla proved a big success with more than 300 persons attending, Harry Kudell, Elks program chairman, announced today.

Mr. Kudell stated that the Elks would like to thank everyone who participated in the dance, and especially Ted Greer, manager of the club for furnishing the orchestra. All net proceeds went to the Harry Anna Home.

DRIVERS LICENSES
Saturday is the deadline for securing a drivers license, County Judge Douglas Stenstrom stated this morning. After Oct. 1, those who have failed to renew licenses will have to pay a \$1 delinquent fee or take a drivers examination.

JAX RAINFALL
JACKSONVILLE, Sept. 26—(AP)—Waterlogged Jacksonville, which had the heaviest rain in its history yesterday, got more of the same today. Rain started again at midday and was expected to continue intermittently throughout the day.

A whopping 10.19 inches fell in the 24 hours ending at the midnight. The September average for the city is 7.50 and the highest 24 hour rainfall ever recorded previously was 9.86 inches on Sept. 25-26, 1944.

Drive For New Federal Taxes Is Foreseen

Rayburn Says Government Can't Keep On Spending More Than Its Taxes Produce

WASHINGTON, Sept. 26—(AP)—Democratic congressional leaders indicated today that they will make a concerted drive next year to get the federal treasury out of the red even if it takes an increase in taxes.

Speaker Rayburn hinted at this possibility after a White House call. He told reporters the House definitely will act before adjournment of the present session, on legislation expanding the federal Social Security program. However, the Senate is not expected to act on this bill until 1950.

Rayburn said one reason for seeking House action on Social Security expansion is to clear the track for the House Ways and Means Committee to get down to work early next year on a general revision of tax statutes. The committee handles both Social Security and tax legislation.

Although he did not directly predict an increase in taxes, Rayburn said the government "cannot continue deficit financing indefinitely."

Some economists expect the government to spend \$1,000,000,000 to \$1,500,000,000 more than it takes in during the current fiscal year, ending next June 30.

Meanwhile, President Truman pushed the Senate to vote yesterday on his cabinet and top-ranking government appointments.

In a letter to Vice President Buckley, Mr. Truman said he was surprised to hear reports of opposition to increasing the salaries of officials in executive positions.

"I urge the Senate," the President wrote, "to act favorably upon this legislation which will do so much to help me in properly discharging the duties of my office."

A Senate House committee was called into conference at 2 P. M. to try to work out a final compromise version of arms aid legislation.

Motorists Warned By Sheriff's Office On Law Violations

Sheriff P. A. Mero announced this morning that stern measures will be taken against truck drivers of lumber or pulpwood who stop trucks on the road and fail to comply with the law requiring flags at night or flags in the day time.

He also warned that persons who drive past standing school buses are subject to arrest and fine, and stated that the period for warning such violators has passed, and that action will be taken on such cases in the future.

He revealed that the worst violations take place on the Orlando Highway, where five violators recently received stern warnings.

The incident caused by a stalled logging truck on Celery Avenue Wednesday night was the second of its type within the past two months, said Sheriff Mero in announcing his drive against violators. In addition to a tail light, two rear reflectors are required for such trucks, he said.

Howard Morrison, negro driver of the truck, who was thrown from the running board of his truck and run over by the truck and by the automobile of Leonard White of Orlando, who ran into the truck, suffered eight broken ribs, but will probably recover as no serious internal injuries have been revealed, according to Dr. Orville Barke, attending physician.

Dr. Barke was summoned last night to Fernald-Laughton Memorial Hospital to attend Calvin Palmer of Deland, who received scalp lacerations when his truck turned over on the DuLand Highway near the F.E.C. Railroad crossing. Mr. Palmer will probably be able to go home today, said Dr. Barke.

Today's High 78

Most mornings have this feeling... the sun will shine beautifully in a very short time.

We suppose there are some advantages in the poor Indian trying to ape the white man's ways.

More than \$170,000,000 was paid to people out of work in this country during the month of August.

A new book by a Yale professor attempts to give a fair and unbiased picture of one of our early Presidents who was so unpopular he could not get elected for a second term.

Five years ago Jose Manuel Aleman was a salaried employee of the Cuban ministry of Education making \$200 a month.

Everyone with special eyes to find is trying to make the most of the news that Russia has a hydrogen bomb.

Life was too much for Jose Manuel when they learned that Russia had the bomb.

The record of the minutes of the City Commission of August 22, 1949, shows that Mr. C. J. DeBass was present.

The warrant in question on this occasion which brought on the present discussion was also based on Section 9 of Ordinance 430.

Further, the City Manager is advised that the public in this article that he understood that a warrant had been made between Dr. Bass and DeBass.

Dr. Bass and I are also busy, but we have had numerous people contact us and give us their very sincere opinion of the unfairness of the action.

Years ago, I was Attorney for Dr. Raymond L. Bass and Dr. Clifford McKibbin.

New China Government

The Communists of China have set up their own national government of "the Peoples Republic of China".

This will pose perplexing problems for the other governments, even for that of the Soviet Union.

Even no recognition may be withheld, sometimes for many years, on grounds that the new government is not representative of the people.

The problem in China is delicate. While its position is desperate, the Nationalist government has not been overthrown in fact.

Unless the tide of battle should miraculously be changed, it may soon become difficult to avoid the question of dealing with the Communist government.

Strike Victims

Who suffers most from a strike? Is it the employer, who loses the profits of production, or the consumer, who loses the goods that might have been produced?

The pay of coal miners, who went on strike September 19, runs around \$14 a day. Normally they work a five-day week, which means a gross income, before deductions for such items as income tax, of around \$70 a week.

It might be that the coal strike hurts someone else worse than the miners and their families, but the point would be hard to make.

New Job For Marshall

Gen. George C. Marshall has a new job as president of the American Red Cross.

Now reported in restored health after resigning his State Department post early this year because of his health, Marshall will find the new job no sinecure.

Sanford Forum

Mr. R. L. Dean, Editor, The Sanford Herald, Sanford, Florida.

I read with interest the letter of the City Manager published in your paper of Friday, September 23rd, wherein certain statements were made about Dr. Raymond L. Bass.

On September 20, 1948, Dr. Bass was first prosecuted in the Municipal Court of Sanford on the complaint of U. G. DeBass and two others whom he induced to sign an application for a warrant.

It therefore appears from the testimony given by the main complaining witness that someone was sleeping in the hospital on the very night of the complaint who could not be awakened.

Based on this type of testimony, Dr. Bass was found guilty. In that case the record shows that Dr. Bass was prosecuted under Section 9 of Ordinance 430 adopted May 24, 1948.

The warrant in question on this occasion which brought on the present discussion was also based on Section 9 of Ordinance 430.

Further, the City Manager is advised that the public in this article that he understood that a warrant had been made between Dr. Bass and DeBass.

THE WORLD TODAY

By DEWITT MACKENZIE, AP Foreign Affairs Analyst

Britain's Socialist government tomorrow faces a crucial test of whether it has lost ground with its big majority of followers in the House of Commons.

Parliament has been called into special three-day session for a full dress debate in which the government will undertake to justify its action.

Moreover, complications quickly developed. The devaluation will force up the price of some essential commodities which have to be imported.

Clearly, Attlee feels very sure of the result, as well he may unless the Conservatives have better development among his followers.

What will be demonstrated, however, is whether the Socialist membership in Commons will stand solidly behind him.

If Attlee gets the routing majority which he anticipates, and the government's acceptance of the new program will be well received by the public.

DeBass and another withdrew their complaint and warrant.

The City Manager also stated that Dr. Bass was convicted in the first action in the Municipal Court because the court determined that he was operating a small animal hospital in an unlawful manner.

The Municipal Court made no such determination. The charge against Dr. Bass was "keeping, howling and barking dogs in violation of Section 6 of Ordinance 430".

Let the public also understand that Dr. Bass was only fined \$10.00, but that he is so satisfied with the situation he will not let it rest until the last court in the country can decide whether the City has such authority as it attempted to invoke and did invoke in that case.

"SO SORRY TO DISTURB!"

What To Do About The Bomb

Worries Few, But Bores Many

By HAI HOYLE, NEW YORK, Sept. 27—(AP)—Naturally everyone today is wondering what he should do about the atom bomb.

The best possible advice to follow is—don't buy one now on a rising market.

Imagine the communique: "A joint force of allied bombers today attacked and wiped out Minsk, according to plan. Our interceptor fighters engaged an enemy flight over the eastern seaboard and shot down 50 planes. Boston is missing."

There is much to talk about how to protect yourself in the event of atom warfare.

The plain truth is that the atomic era to date has been nothing but an affront to the dignity of man.

Abraham Lincoln is reported once to have been challenged to a duel. Over the choice of weapons he immediately suggested "shillelaghs at five paces." His opponent wisely dropped the matter.

Survey Is Made To Correct Speech

A survey of schools throughout the county is being made by Mrs. Marguerite Graham, speech correction teacher, to ascertain the number of pupils needing corrective work in speech.

The final testing, he stated, will include a check by the County Health Unit. Following completion of the survey, individual instruction will be given to each child needing assistance.

Speech correction is a new service that has been added to the county school curriculum this year.

Actually about all the ordinary children in any country can do about the atom bomb is to dislike it—and pray that nobody blows a fuse.

U. S. PASSPORTS WASHINGTON, Sept. 27—(AP)—The State Department expects to hand out this year a record total of about 250,000 passports to Americans going abroad.

Officials said today the estimate is based on the number of passports issued in the first half of the year and spot checks on later applications.

They said it tops the number issued in the late 20's when there was a wave of foreign travel. Last year 230,000 were issued.

Mrs. Ravenel Honored At Navy Luncheon

Mrs. Eleanor Ingraham Ravenel left Friday for Charleston, S. C., where on Saturday she was honored as guest at a luncheon given by the U. S. Navy aboard the U. S. S. Ingraham. In 1941 Mrs. Ravenel went to Charleston to charter the ship and later to its commissioning.

This is the third U. S. ship to bear the name of her illustrious forebear, Commodore Duncan Nathaniel Ingraham, U. S. N., who received world wide recognition in 1807 for his daring rescue of Martin Kootzka, an Austrian resistance fighter, who after taking anti-aircraft papers was returning to get his family when he was seized by the Austrians and held as hostage.

As an American he was entitled to the protection of the United States and Commodore Ingraham, although outnumbered in ships, demanded and obtained release under threat of opening fire.

In recognition of this gallant action many nations sent presents to Commodore Ingraham, including silver services, swords, braces of pistols, etc. The working class of England gave him a chronometer. In America, by special act of Congress he was given the second Congressional Medal of Honor ever presented by this country.

The D. B. 604 is the third Navy ship to bear the name of Ingraham, and slid down the ways Jan. 16, 1944 and now service in the Pacific theater against the Japs. The first "Ingraham" was named July 1, 1918, but after the London naval treaty of 1930, was scrapped.

The second "Ingraham," the D. B. 144 was built at the Charleston Navy Yard and christened at the beginning of World War II. Her career was brief and tragic as she was sunk in a collision in mid-Atlantic Aug. 2, 1942 while on convoy duty.

Mr. and Mrs. C. V. Houder have returned to Sanford after visiting in Kentucky for the past four weeks.

Mr. and Mrs. Hestlet Stoothoff and Mr. and Mrs. Walter Moss spent the past weekend at Miami Beach.

Harold Kastner, Jr. has left for Tallahassee where he will enter his junior year at Florida State University.

Harold Kastner returned last night from Ft. Pleasant, Pa. where he has spent several months.

Dale Scott, Jr. is spending some time at the Naval Air Station in Jacksonville in connection with his duties in the Naval Air Reserve.

Mr. and Mrs. Roy Marion and son Ken arrived last week to spend some time with Mrs. Marion's Parents, Mr. and Mrs. Turner Lodge at their home at 511 Elm Avenue.

Miss Esther Christmas, Miss Martha Wight, Bobby Newman, Kirby Pitt and John Pope were among those from Sanford who attended the football game in Gainesville between the University of Florida and Citadel.

John Garfield will skip doing a Broadway show this season. He'll take on another picture after "The Big Fall" and produce his own "The Italian Story" in Italy next summer. John is still a commuter from New York; says it gives him a fresher approach to movies not to live here. He is now in a dazed spell, watching serious, the studio says.

Winners has registered a bevy of "beach" titles. It plans a series along the lines of "The Girl From Jones Beach." Richard Conte is the latest to feature male cheesecake in ads for his latest picture. He joins Vic Mature, Alan Ladd, Douglas Fairbanks, Jr., and other beach-chested stars. If this trend keeps up, young actors won't be asked "can you act?" but "let's see your chest."

Ralph Edwards says new and unusual stunts will be his answer to the FCC's ban on giveaway shows. His latest on "Truth or Consequences" is his own entry to swim the English Channel. Don't be surprised if the swimmer has flippers. If this trend keeps up, young actors won't be asked "can you act?" but "let's see your chest."

Mr. and Mrs. D. T. Hardy, Jr. announced today the birth of a daughter on Sept. 26 in Rome, Ga. Mrs. Hardy will be remembered by her friends as the former Carol Jean Nix.

Mr. Earl Williams, Daytona Beach; Mrs. Edith McElreath Cameron, Gainesville. A skill on parliamentary procedure will be presented in the afternoon by members of the Seminole County Council. All interested persons are invited to attend.

Hollywood

By BOB THOMAS

HOLLYWOOD, Sept. 27—(AP)—Eleanor Powell, who tapped her way through many a musical a few years back, may make a permanent thing of her film return.

The long-stemmed tapster is set for a guest appearance in "Duchess of Idaho" with Esther Williams. Her old home lot also wants her to sign on for one picture a year for the future.

This information comes from her husband, Glenn Ford, on "The White Tower" set. He next returns to his old Alma Mater, Columbia. Glenn turned down a chance to co-star with Lana Turner in "A Life of Her Own"; he didn't like the role. That's getting to be a tradition; what with Lana reportedly balking at doing it, too.

Chomping For Caesar

By BOB THOMAS

She has a couple of play deals cooking and if one jells, she'll give movies the go-by for a year.

Bob Skelton must be training for his future film, "Watch The Bird." He was taking flash photos all over the Chautauque party following Ed Wynn's telecast. Ed had a vein and a half left of his studio contract and is well and up with vehicles. They are Yellow Cab Man, "Three Little Words," A Lassie Film, "Blonde," "How To Win Friends And Influence People" and "Joe Alamo." After that he heads for television. If he has strength left.

Ye Mature was asked about reports of trouble at home. "Nothing unusual for a guy like me," he replied. "I'd say it was put for the course."
