VOLUME XLIV Established 1908

A former resident of Sanford is the author of a new World War I novel which is now to be found on the nation's bookshelves...

Items created by personality clash among his own men, makes by compelling reading. The novel is based upon Mr. Merrill's own war experiences...

Major Joseph Caccavajo dug up some interesting facts about Sanford while gathering material for his history...

Thoughts While Shaving—Motorists who speed through areas where children are playing aren't choosing too much consideration for our leaders of tomorrow...

They have a representative who makes the rounds looking for the red flag, and he drops a bomb into the mixer and leaves the customary 'no' under the parker's windshield wiper...

Bar Peterson, Seminole County Civil Defense director, has released a copy of brochure on 'How to Prepare for Disaster'...

The Sanford Herald

INDEPENDENT DAILY NEWSPAPER SANFORD, FLORIDA, FRIDAY, JULY 21, 1953 Associated Press-Press Wire No. 230

THE WEATHER Partly cloudy to cloudy with scattered thunder showers south and central portions this afternoon and evening, otherwise partly cloudy and mildly scattered afternoon thunder showers through Sunday. Little change in temperature.

Red Boss Of North Korea Ousts Rival

Seven Men Missing As Tanker Explodes, Burns Alongside Dock

Cargo Of Gasoline Goes Up In Flames

WILMINGTON, Del. (AP)—A sailing tanker exploded and burned alongside a dock last night and this morning today showed seven men missing, six of them crewmen from tugboats that were caught by the blast.

The 1,175-ton tanker Pan Georgia was completely discharged of its 11,000-barrel cargo of fuel oil and high octane gasoline when flames spouted from one of the holds.

A complete check of the Pan Georgia's crew list showed all but one man, Ray Ott, of Galveston, Tex., the second assistant engineer had been accounted for.

Chinese Reds Slam Into Allies With Truce In Offing

SEOUL, (AP)—Up to 5,000 Chinese Reds slammed into Allied lines Friday night in two attacks on the Korean western front.

Frontline officers called the new fighting "hot and heavy." It came as truce negotiations were reported to have drawn the Korean cease-fire line in sessions at Panmunjom, a few miles to the south.

Refugee Bill Gets Varied Reactions

WASHINGTON, (AP)—Nine senators said in a formal report today that passage of a special refugee immigration bill President Eisenhower has asked would further strengthen the free world.

FEC Doesn't Have To Build Station, Judge Strum Rules

JACKSONVILLE, (AP)—Federal Judge Louis W. Strum refused yesterday to require Florida East Coast Railway trustees to build a new station for the railroad until the necessary financing is assured.

Rains Subside In Most Of Country

By THE ASSOCIATED PRESS The heavy rains that this week drenched widely scattered parts of the nation dwindled to a trickle today.

Traders With Reds Would Be Deprived Of Aid

WASHINGTON, (AP)—Sen. McCarthy (R-Wis.) today proposed a tough system of withholding foreign aid from free world nations which trade with Red China or whose commercial ships haul goods for the Chinese Reds.

Hoover And Farley Are Named By Ike To New Commission

WASHINGTON, (AP)—President Eisenhower today appointed former President Herbert Hoover and James A. Farley former chairman of the Democratic National Committee, as public representatives on a new commission on government reorganization.

de Gasperi Faces Possible Defeat In Forthcoming Vote

ROME, (AP)—Premier Alcide de Gasperi, Italian government chief for nearly eight years, today appeared on the verge of defeat in the forthcoming parliamentary vote of confidence.

Wandering British Ship Nearly Hit As US Navy Maneuvers

TOKYO, (AP)—A 3,000-ton British freighter steamed through a U. S. Navy maneuver area in the Japan Sea during fleet maneuvers and narrowly escaped destruction or serious damage, the Navy said.

City Vindicated In High Court Ruling

The State Supreme Court today affirmed Seminole Circuit Judge M. E. Smith in the case of Rosa E. Perkins Murphy, Dan Deleage, Jim Walden, and others versus the City of Ocala.

County Sportsmen Fete Legion Team

The Seminole County Sportsmen's Association honored Sanford's high-flying Junior Legion baseball team after they won the 6th District tournament on a 5-0 win over Winter Park at Tinker Field in Orlando last night.

House Turns Down Tariff Hike Bill

WASHINGTON, (AP)—The House in a vote that split the Republicans along party lines today turned down a bill to increase tariff duties on many foreign goods.

Final Payment Is Voted Caccavajo

The Industries and Finance Committee of the Senate today voted to pay the final installment of the \$100,000 loan to the Republic of Cuba.

Cowan Reports On Building Progress

Richard A. Cowan, president of Sanford Industries, Inc., reported today that construction of the new southern chemical building is progressing satisfactorily.

Civil Rights Trial Changed To Ocala

TAMPA, (AP)—The civil rights trial of Jesse W. Hunter, former state attorney of the Fifth Judicial Circuit, will be at Ocala instead of Tampa.

Industry Employs Record Numbers

WASHINGTON, (AP)—The Labor Department reported today that industry employed almost five million more workers in June this year than three years ago when the Korean War began in June 1950.

Picket Funeral

CHICAGO, (AP)—Striking AFL-CIO workers picketed the funeral of an AFL official Thursday. A strike leader said the dead man "wouldn't have had it any other way."

PRINCESS MARGARET, daughter of King George VI and Queen Elizabeth, is seen with other guests seated at a dinner table.

Potato Famine Fans Anger Of Germans In Eastern Zone Against Red Misrule

BERLIN, (AP)—A report today showed the anger of hungry East Germans against Communist rule today. Lack of potato supplies in the eastern zone has caused a famine-like situation.

Mrs. E. E. Colburn Wins Dot Contest

There were nearly 1,000 dot contest entries mailed to the United States Post Office in July 1953. Mrs. E. E. Colburn, 424 Orange Avenue, had the earliest postmark on her entry, which was judged the winner.

Industry Employs Record Numbers

WASHINGTON, (AP)—The Labor Department reported today that industry employed almost five million more workers in June this year than three years ago when the Korean War began in June 1950.

Record Crowd Expected For Merchants Night

Whiz Kids for the first time this year, since all of the games have been played during the day. This is the first time most of us have had the chance to watch our Legion team.

Movie Time Table

THE "GREAT SONG" 7:15, 9:15, 11:15 Sat. "The Grand Canyon Trail" 7:15, 9:15, 11:15 "Band of Sherwood Forest" 7:15, 9:15, 11:15 Sun. "White Witch Doctor" 7:15, 9:15, 11:15 "Movie Land" Starts 7:45 - 8:23 last complete show 9:32 Sat. "The Vision Years" and "Sister Susie's Rape" Sun. "Ivanhoe" Show opens - 7:45

'Unconfirmed Reports Say Kim Himself Has Been Purged In Fight For Control

TOKYO, (AP)—Major Kim Il-Sung, North Korean leader, was reported today to have been purged in a fight for control. Unconfirmed reports say Kim himself has been purged in a fight for control.

Truce Signing Sunday Is Seen Almost Certain

SEOUL, (AP)—A truce in the Korean war is seen almost certain by the United Nations. The signing of a truce is expected to take place on Sunday.

Arrowsmith Named Sales Manager Of Cemetery Business

W. W. Arrowsmith, who has many years experience in the cemetery business, has been named sales manager of the new company headed by A. H. Hill, Jr., and R. H. Hill, Jr.

Ike Will Seek Big Sum To Help Korea Following Truce

WASHINGTON, (AP)—President Eisenhower is expected to seek a big sum of money to help Korea following a truce. The amount is expected to be in the billions of dollars.

New NAS Executive Officer Expected

WASHINGTON, (AP)—The National Aeronautics and Space Administration is expected to name a new executive officer. The search is currently underway.

Heavy Downpour Nearing Record

ATLANTA, (AP)—A heavy downpour in Atlanta today is nearing a record. The rainfall is expected to reach several inches.

'Nice Man' Proves To Be Pet Thief

PEORIA, Ill. (AP)—When the man stopped his car near the home of Mrs. Frank Lovelace and asked her three children to let him see their dog, 3-year-old Kathy handed him the animal.

Elks Delegation Goes To Cocoa

Feathered Delegation S. Bill Imper led a delegation of local Elks Club members to Cocoa last night for an inter-bodge visitation.

Jacksonville, Insurance Capital

The Jacksonville regional office of the State Farm Mutual Automobile Insurance Co., the nation's largest automobile insurer, has announced that Jacksonville is to become the insurance capital of the South.

The Prudential Insurance Co. of America, one of the world's largest financial concerns, started construction this summer on a 22-story office building to cost between 10 and 15 million dollars for its South-Central headquarters, which covers one-fifth of one-fourth of the nation. The day it opens its doors the Jacksonville regional office will be the ninth largest insurance company in the nation.

Also under construction is a million-

Passing Of A Great Star

Maude Adams, one of the greatest actresses of her day, died recently at the age of 80 in a small village in the Catskill mountains of New York, far from the applause and adulation she had known at the peak of her career.

Miss Adams first appeared on a New York stage in 1888. Four years later she became John Drew's leading lady in "The Masked Ball" and from that play, until she retired in 1918, her place in the theater was unchallenged.

Perhaps the play for which she will be best remembered was Peter Pan, in which she made her role so completely her own that all who have played the part since have suffered by comparison. Among her other successes were "The Little Minister," "What Every Woman Knows," and "A Kiss For Cinderella" all by Sir James Barrie.

Within herself, in fact, she possessed the gentle humor, the witfulness and whimsy which was the very essence of Barrie.

Except for a brief tour she made with Otis Skinner in 1931, Miss Adams did not appear on a stage for 35 years before her death. Yet her reputation was such at the time of her retirement that she became a living legend. She is likely to be remembered so long as there is an American theater.

Ponds That Help Farmers

Harold S. Ward, an Ohio county agricultural agent, urges farmers to build ponds on their farms. He wants them to start the work during the summer months, as that's when snow falls and spring rains come the pond will be ready to fill. He maintains that ponds are good for both kinds of farmers—the serious, make-a-living farmer and the city man who farms for fun and makes a living elsewhere. First of his reasons is water for the livestock. Second is water for irrigation during dry times. Then there is fire protection.

Fish are a good addition to the farm diet. Boating is fun if the pond is big enough.

The United States Soil Conservation Service has booklets and technical help for the honest-to-goodness farmer. The city farmer must go it alone—but he can learn from his neighbor. Not every farm needs a pond. But where the terrain and kind of farm are both suitable, the pond is a welcome addition.

Cost Of Living Seen Rising Again

NEW YORK (AP)—The cost of eating is up again. The cost of living is likely to push still higher this month and next. The purchasing power of the dollar, which rallied for a time—is slipping again.

The government's official measure, the cost-of-living index, is slipping for all this—its consumer price index of the Bureau of Labor Statistics—set a record high in mid-June, pushing through the previous record high set a year ago and touched again at a year ago.

The index measures what was happening to your pocketbook six weeks ago. Since then, most prices have gone up. The price of gasoline has been raised most places. Some basic industrial prices have gone up, too—steel and various chemicals.

Even the housewife doesn't run out to the store to buy a pound of steel that she does buy this month. The cost of making these things will be rising.

Beats continue to rise here and there across the nation. Another beat may be in store for some time before it comes off the shelves. In other

places good rains boosted the outlook for a bumper corn crop, weakening these prices.

The government's cost of living index, moreover, doesn't necessarily mirror your own case too accurately. The index reflects the list prices paid for items at the store and for rent and services. Smart shoppers can do a lot better than that.

Housewives who have been shopping the sales—and stores are putting on some very attractive ones this month—have been providing for their families with much less wear and tear on the pocketbook than the government's official sample of list prices report.

Most housewives shy away from a particular food when its price gets out of line. The government's price samplers don't.

Many shoppers report they can make good deals with merchants on many occasions where inventories are a little sticky and new-car dealers, for example, complain that customers are putting on the heat for higher trade-in allowances and for discounts on the prices of accessories and extras.

But added to the national companies there are five home companies that have spent or are spending 8 million dollars for new buildings and expansions. These include the Independent, Pensacola, United Gulf, Blue Cross and Blue Shield.

The reason for choosing Jacksonville for regional headquarters can be traced in part to a law passed by the 1953 Legislature permitting out-of-state insurance companies refunds of up to 80 percent of their state tax payments on premiums if they locate within Florida regional headquarters serving three or more states.

This tremendous development of Jacksonville into a huge insurance center will benefit the whole state. It will focus more attention on Florida as an investment opportunity. It will create a vast amount of new publicity that will help dispel any lingering thought that the state is 100 percent tourism and it should be a key factor in spearheading any future industrial expansion in all areas of Florida.

This Afternoon

By GORDON DEAN
TODAY'S BIBLE VERSE

Fear is the enemy of happiness. If we are conscious of the presence of a powerful and friendly friend on our side, we can be fearless. For I am with you always, even unto the end of the world.—Matt. 28:20.

Harold Truman's memoirs will be ready for publication some time in 1955. It is that when the statute of limitations runs out?

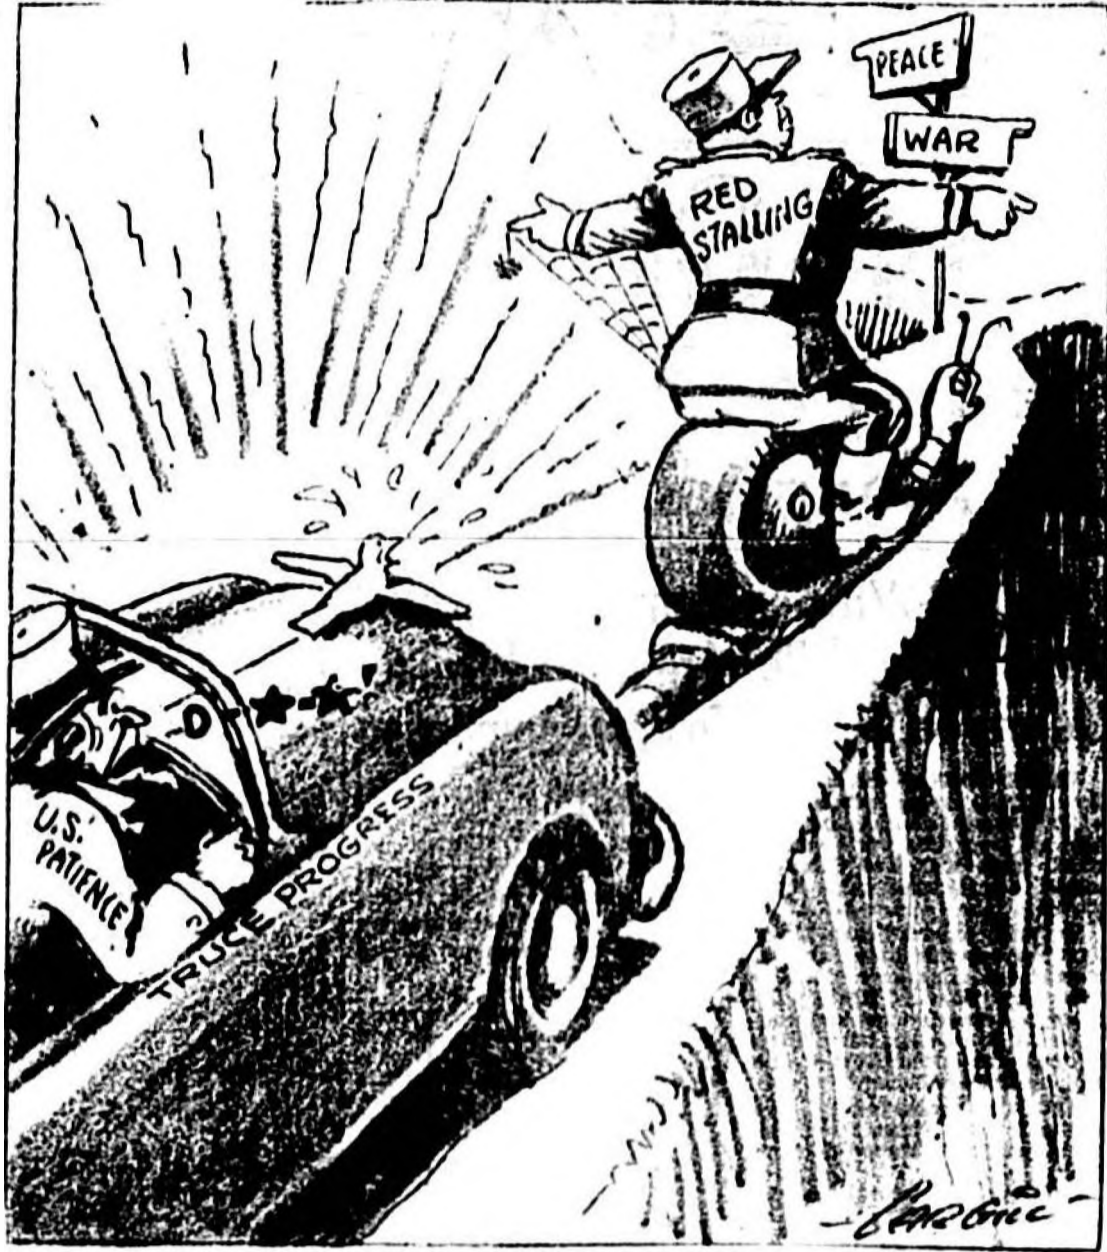

A senior cabinet member in Egypt announced that the fee is facing extinction in his native country because "it is simply useless; it provides no shade from the sun, it is only a symbol of something gone." That's all right by us, but let's not bar the door as the distinctive headgear of Shriners.

An item from Denver tells us an Indian was arrested for drunkenness after officers found him "weaving down the street." Most of the Indian weaving we have seen has been of baskets in front of palmetto huts on reservations where many of the remaining descendants of former tribesmen earn an honest dollar utilizing the natural skills with which they are endowed.

New York City is experimenting with rubber streets and we are moved to contemplate the unlimited possibilities this may open in the field of graft. Even with streets made of concrete and brick, where the difficulties of making the material stretch are most apparent, there has been more cheating and grafting with the taxpayers' money than in most any other avenue of public disservice. But, with an elastic substance to manipulate, the political road contractors in the future should have a field day and the time may well come when some of our roads will be so tightly stretched they will resemble slingshots.

Fourteen cities in the state went through 1952 without a traffic death but Sanford was not among them. The enviable communities which established such a commendable record last year are Hollywood, Lake Worth, North Miami, Ocala, Delray Beach, Jacksonville Beach, Lake City, Miami Shores, New Smyrna Beach, Palatka, Quincy and Sebring. Sanford has already been eliminated from gaining the honor in '53, but that is no reason why we shouldn't strive, perhaps even more than ever, to make the balance of the year as devoid as possible of the fatal accidents which bring so much grief and such adverse publicity to the town.

NO PASSING ZONE

Problems Described As Chronic

NEW YORK (AP)—Do you worry yourself sick trying to reach a final solution to your problems? Well, you can't. So why not save your time, health and strength and quit trying to?

Most people in this world fret themselves into misery because they think there is a complete answer to every problem. But there isn't. The nature of problems in this world is that they breed each other. You can't find one problem only to find yourself at the entrance of another.

Your definition of a group is a human being who deals with problems as he does with eating grass. Just as he doesn't foam at the mouth and wildly grab his lawnmower when the first spear of grass rears up in his front yard in the spring, neither does he get too excited about the onset of other problems.

For example, a few problems that wreck people's nerves are worth noting more than half a dozen. And many others cannot be completely solved, because they merge into another problem.

When you are a child you yearn for the time when you will be big enough to whip the bully down the street. But later in life he comes to you in need—and how can you spare the dough he wants to borrow?

In youth a fellow could have such a good time if he only could afford to. By the time he can afford to he isn't sure what a good time is.

A girl reconciles herself to marrying a man she doesn't love on the grounds that, after all, he does have character. Then she discovers he doesn't really have character. He just is a character.

A boy marries a girl only to escape his silent loneliness—and finds out he is still lonely—and with sound effects.

A young couple decide to have children who will provide for them in their old age, and end up by baby sitting their grandchildren—and paying the milk bill, too.

You figure it is silly to spend all your paycheck. But as soon as you get a bank account, the value of money starts to fall.

At 23 you can't afford the cost of a haircut. At 30 any honest barber shouldn't charge more than half price to trim the hair you have left.

If you have a kid, the neighbor

on one side of you says you are running the boy through lack of discipline. But if you spank him the neighbor on the other side calls the cops.

You give up smoking because the doctor tells you it can be bad for your heart. Then you eat so much you gain 25 pounds, and the same doctor says that's bad for your heart too.

So you starve yourself slim, and this time the doctor says you got low blood pressure. You brood and brood. And when you come back the doctor says, "Now you got high blood pressure." Can you win? Nice. You're so nervous you start smoking again.

You take up color photography to relax. Then you find that only a man of inherited wealth can support both a wife and a stable of cameras.

Some older men then turn to wine, women and song. But the wine annoys their liver, and song annoys them only when they are not singing. And what does that leave them to sing but the blues?

Or take the ambitious man or woman. At 30 they are "too disaffected" because they aren't sure where they are going. At 45 they are even more disturbed because they have found out.

So it goes, from problem to problem. Yet there is only one real problem in life—and that's how to get the most out of it.

The only sensible rule for dealing with problems along the way is to think them through—and never solve a small one by trading it for a bigger one. It is foolish to have to weep at the end because you have wasted your years by measuring your worries from a tumbler and your joys from an eyedropper.

Figures Reveal States Are Spending Public's Money At All-Time Record

By WILLIAM J. CONWAY
CHICAGO (AP)—Your tax dollar may not go so far in state capitals these days, but it will go pretty far.

States are spending money at a record clip.

Appropriations were made by legislatures in 44 states in the legislative season now at a virtual end. A survey by the Associated Press showed:

There were definite reductions in only four states.

Appropriations followed a rising trend in most of the other states, and reached new record highs in 32 of them.

The sums added up to five billion dollars or more in five states: California \$1,280,000,000 and New York \$1,080,945,000 for one-year periods; Illinois \$1,591,320,000; Texas \$1,900,000,000; and Pennsylvania approximately \$1,400,000,000 for two-year periods.

New York's total was \$19,900,610 under the record set last year.

The Massachusetts total was \$2,000,000 lower than in 1952, and it was the first slash in more than a dozen years.

Montana's general fund appropriations were cut about \$2,500,000, and they were down slightly in Utah.

Herlong Reports

By SYD HERLONG
A subcommittee of the House Judiciary Committee reported a bill to the full committee this week recommending the admission of some 247,000 additional aliens into this country. Members of the full committee tell me the bill will be reported favorably. It should also have been voted against this bill when the Rosenber case was being heard by the Supreme Court.

The bill would allow all those "commies" and "ellow-tray-der" were flooded into Washington. I don't see how I can convince me I have been advised by a usual "I shall see enough to clearly that the 40 percent of the aliens sought to be brought in are possible subver-

Oviedo Postmaster Issues Invitations For Sunday Meet

By MARION JONES
OVIEDO Postmaster I. H. Jones secretary and treasurer of the Fifth District Postmasters' Association has issued invitations for the quarterly meeting and family picnic to be held on Sunday, July 26, at Clermont.

The meeting, according to the invitations, will be held across the street from the Methodist Church. All are invited to attend. Church at the Methodist Church that Sunday, so all are urged to come and make a day of it.

The host postmaster, Oakley Seaver, is endeavoring to make this the largest meeting ever to be held by the association. Many postmasters from other districts as well as all post office inspectors from this area have been invited to attend.

Mrs. Juanita Tucker, postmaster at Christmas, also new president of the Fifth District Association of Postmasters, will preside over the meeting. Howard Warner, postmaster at Orange City and new state president, has called for an executive board meeting that day; therefore, many state officers are expected to be present.

Come and bring your families, your friends and, of course, the baskets, and help our host postmaster, Oakley Seaver, obtain his goal—a little state convention. Lunch will be served at 1 p. m. Drinks, paper plates, etc. will be furnished. See you in Clermont, sives. Why anyone wants to bring

Korean Benefits Told

WASHINGTON (AP)—With a Korean truce apparently very close, what benefits did the United States get from three years of fighting?

At the moment these seem to be the positive benefits:

1. The Communists' first post-war aggression was stopped and the South Korean Republic was saved from them.
2. The United Nations, of which the United States is the main supporter, met its first big challenge. Could the nations act together to stop aggression? They could and did.
3. The shock of the Korean invasion has spurred the West into a big re-arming and closer alliance, thus making it a tougher target for bigger attack later. If the Communists planned one.
4. A small country, seeing the U. N. rush to Korea's rescue, was heartened to withstand any future pressures and threats from the Communists.

Summed up, this was the net effect of the four benefits.

The United States, because of its re-arming, is in better shape to handle Russia, if it has to. Then it was before the Communists' expansion, for those three years at least, was stopped cold.

Yet, these benefits which seem so obvious and real now may in the end prove to have been illusory and temporary. The whole Korean War, because of future events, may turn out to have been wasted effort by the United States. Why? Because Korea, through infiltration and subversion, may yet wind up in the Communist camp.

And China, with time to grow stronger economically and militarily after a truce, may be able to terrorize the rest of Asia into submission without the necessity of direct military attack.

The Western Allies, through fatigue, economic entanglements with the Communist bloc, or disagreements with the United States, may grow soft toward Moscow and move closer to it than before Korea.

A severe depression in Western Europe, for instance, would be a supreme test of each country's ability to resist Communist infiltration, internally and externally.

The people of the United States, long tired of the Korean War, later on may be reluctant—to the point of being too tired to move against the Communist aggression elsewhere.

But guesses about the future are not the meat of action. The Eisenhower administration can not get on guesses in trying to reach decisions and plans in Asia.

It can only hope that what seem now like positive gains from the Korean War will prove, in the history books of the future, to have been true and lasting benefits.

To make them last the administration will have to work ceaselessly for the rest of its term with its eyes wide open.

In the peace negotiations with the Chinese one wrong decision on the part of the United States could lead to such disaster for this country and such victory for Communism that the whole Korean War would have been in vain.

COUNTY AGENT'S COLUMN

By C. R. DAWSON

The Florida Forest Service gives some mighty fine advice in a very few words when they say, "Stop Wildfire—Grow more trees—Cut timber wisely."

Col. Paul Bissell, Lake Mary citrus grower, returned recently from South Carolina where he was called to the bedside of his brother who is now recovering from serious illness.

Cows—C. G. Hart, Geneva, is the newest member of Seminole County Cattlemen's Association.

Taxes—Taxes are nothing new around these woods. An old tax notice was uncovered and put up for display at the Court House the other day. It read: "As required by Section 12 Chapter 5596 Laws of Florida, I will be in Forest City on the 25th day of February 1928 between hours when he will and 12:00 noon for the purpose of receiving tax returns for the year of 1928. Signed A. Vaughn, tax assessor."

Tent and Clothes Pins—There are more clothes pins sold per capita in Seminole County than almost anywhere else in the whole blooming world.

About this time every year the tents go up. These tents, while a constant source of wonder to strangers, are but a normal part of the scheme of things here and about. The "tents" are celery seed bed covers made of muslin in 72 inch widths sewed in 100 yard lengths—and cost money. A late quotation was 45 cents per yard. The covers give protection from the sun and beating rains and are held in place by clothes pins.

Milk Board—The three vacancies on the Florida State Milk Board have been filled by the appointments of William J. Schmidt, business agent of the Miami Plumbers Union, and Raymond Lee, insurance agent and Ben Waring, Madison dairy farmer. These three will serve with five holdovers, Bertha Elliott, Jacksonville; Harry Schmidt, Eustis; milk distributor, John G. Hentz Jr., Panama City; producer distributor, Fred B. Hagland, Jacksonville; and J. M. Scott, L. K. Nicholas Jr., Jacksonville full time administrator for the board, lost his vote on the commission by terms of the new law.

Mad Dog—A positive case of rabies in a dog has been reported to the Marion County Health Department.

Two years ago a fox in the Ocala National Forest was found to have rabies. Owners of dogs should consult with their veterinarians regarding the frequency of immunization.

Florida Turkey Association has elected W. G. Butler of Havana, president.

Twelfth Annual Poultry Institute will be held at Camp McQuarrie Aug. 24 to 29. This program is being sponsored by the Agricultural Extension Service in cooperation with the various poultry organizations of Florida and state educational institutions. Outstanding poultry talks and discussions will be coupled with swimming, boating, fishing and other sports to furnish a worthwhile and enjoyable week for all poultry-minded folk in attendance.

Salt Tolerance Studies—Studies made by the Experiment Station show that snap beans should not be planted in areas where salt concentration exceeds 250 parts per million. Potatoes, tomatoes, cabbage, and broccoli are more tolerant in the order named, and can be grown in the areas where the starting concentration is not more than 1000 to 1200 parts per million. Shallow rooted crops generally are less tolerant than deep rooted crops, because during the growing season the movement of salt is toward the surface where the soil has been moved upward around the plant. By cultivation, good crops of tomatoes have been grown where the concentration of salt at the surface was 15,000 parts per million, but only 3000 to 3000 parts per million in the root zone.

Cow Pens—Work has started on cattle pens at the Sanford Farmers Auction. C. T. Lawson is boss carpenter on the job.

Half-Million Are Poised For Strike

WASHINGTON — Well over a half-million workers are poised for a possible mid-summer series of strikes across the nation. They include about 100,000 workers in the vital copper producing industry and more than 5,000 at the Orono Ridge, Tenn., atomic energy plants.

Trucks Blamed For Weight Violations

TALLAHASSEE — Florida trucks are worse violators of the state's highway load limit law than out-of-state vehicles, the highway patrol has found.

Transit Line Will Spend Over Billion

NEW YORK — The Transit Authority, which upped fares on city-owned transit lines, has voted to spend \$1,065,000,000 to improve the system including plans to build a new subway.

Insurance Rates Are Going To Jump

TALLAHASSEE — Premium rates for Florida workmen's compensation insurance are going up an average of 4 1/2 per cent Aug. 1.

Egyptians Told Of Impending Action

CAIRO, Egypt — Egypt's minister of national guidance, Maj. Salah Salim, told Canal Zone Egyptians today that the time is near for arming them for "serious action to remove the occupation yoke from your territory."

4 Men Must Stand Gaming Tax Trial

TAMPA — Two Tampons and a couple from Lakeland must stand trial here on charges they failed to purchase federal gambling stamps.

Fire Captain Dies In Philadelphia Fire

PHILADELPHIA — A fire captain was killed and 80 firemen overcame today fighting a blaze in a frame-filled plant in South Philadelphia.

Bia Haul Is Made

CHICAGO — Deputy sheriff's extra break headed Thursday after visiting a Northwest Side tavern. Finding their best friend especially for the occasion, were 47 persons, many of them women identified by deputies as "blaming grandmas."

DeBary Doings

By KAY HENNINGER

A new DeBaryite arrived last Saturday in the Sanford hospital when Mrs. James Randall had her 7 lb. 13 oz. son, Mr. Randall is on duty with the U. S. Army in Germany. We fear he will not have his son when he returns as three year old Nancy Brenner claims the baby for her own because he was born on her birthday.

Mrs. Edward Heppner is in the same hospital for surgery and doing nicely at this time.

Arthur A. Beauchamp was transferred from the Sanford hospital to the Bay Pines Hospital in Passa-Grille. His wife will not know the diagnosis until later in the week.

On Wednesday morning, Mrs. Anthony Opel flew to Kansas City to attend the funeral of her father who died at the age of 78. This is the third death to occur in the family in the past few months and the sympathy of the community is extended to them.

At the meeting of the Executive Board of the DeBary Civic Association on Tuesday the chief business was the report of the building committee and the payment of bills. We had planned to report weekly on the progress of the building but work has been moving so fast that we are unable to do so before it is printed. We therefore suggest to all who are interested, that they go there to see for themselves what has been done.

This is a reminder to members of the DeBary Home Demonstration Club that the meeting of the County Council on July 31 is an open meeting to which they are invited. It will be a covered dish luncheon in the Florida Power Lounge in Deland following a business meeting which starts at 10:00 a.m. The afternoon will be spent in De Leon Springs.

The congregation of the DeBary Baptist Church will meet on Sunday in the home of Mr. and Mrs. Harry Brown on Green Lake. Mr. Billy Self, who is conducting services during the absence of the pastor, will preach on the most controversial doctrine in the Bible. All are welcome at the service. Mr. and Mrs. Howard White who generously gave their home for these services, have left for a vacation of a month.

Folks are going to and coming back from vacation daily. Among those who returned recently are Mrs. Carl Smarling who brought Miss Ruth Smarling with her from N. Y. for a week's visit.

Mrs. Margaret M. Roth is back from a family visit to Erie, Pa. and her son is home from camp.

Mr. and Mrs. Ed Heagy visited their family in the North and are back home.

Mr. and Mrs. Joseph Schmeier took their five daughters to visit relatives in Long Island, N. Y., Pauline, Marjorie and Joann stayed there with a cousin, Mildred, and Dorothy went on to Tonawanda, N. Y. to visit Bill Langbehn's brother and from there to Toronto, Canada, where she saw a former DeBaryite, Earl Miller, Jr.

Miss Elizabeth Giacchino is again employed in one of the Lake George hotels for the summer.

Mr. and Mrs. Steve Butler and their grandchild were visitors in the home of Mr. and Mrs. Samuel Leigh. They are from Narberth, Pa.

Mr. and Mrs. Robert Owens and their sons, Ralph and David, have returned to their home in Dover, Del. after having spent two weeks with Mrs. Owens' parents, Mr. and Mrs. William L. Fidler.

The Fidler's also had news of the arrival last Saturday of a new granddaughter in the Florence Crittenden Hospital in Detroit. She is the daughter of Dr. and Mrs. William J. Fidler, III.

It was a happy reunion when Mr. and Mrs. George Westerman and Mrs. J. came to spend a vacation here with his brother, William Westenberg, whom he had not seen for 60 years.

William Kratz, a retired fire department captain from Syracuse, was a visitor last week in the home of his sister, Mrs. George A. Kalvin. He left on Friday to go to Green Hills, north of Panama City where he will inspect his time and citrus groves.

Mr. and Mrs. William Williams are visiting his parents Mr. and Mrs. William Williams Sr. of Plantation Road.

Mr. and Mrs. Alfred Bingham and their daughters, Diana and Rosalinda of Washington, D. C. are visiting Mrs. Bingham's parents, Mr. and Mrs. John Korman of Medina Road.

Mr. and Mrs. Roy Becker, who recently bought the Volkammer house, were visited this week by Mr. and Mrs. William J. Moran in Mr. Becker's sister.

Mr. and Mrs. Lee C. Nash left on Thursday for a vacation in the North.

Mr. and Mrs. Robert Vance drove with their son, daughter-in-law and grandchild to St. Petersburg and returned home the next day.

Our best wishes to Mr. and Mrs. Willard Nelder who were married Friday in the Methodist Church in Tavares.

House Group Votes For Immigrants

WASHINGTON — The House Un-American Activities Committee today voted to call the Rev. Jack R. C. McMichael, Methodist pastor at Upper Lake, Calif., for questioning next Thursday. It has received testimony he was a Communist party member.

Laguardia Field Is Closed By Big Rain

NEW YORK — One of the heaviest rainfalls in recent years closed Laguardia Field to planes for 32 minutes today and disrupted the city's subway service.

About 3 1/2 inches of rain fell between 4:10 a. m. and 11 a. m. and was not expected to stop until early afternoon.

Planes were not allowed to land at Laguardia between 11 a. m. and 11:32 when conditions dropped below minimum landing safety.

Florida Power Is Granted Rate Hike

TALLAHASSEE — New electricity rates for Florida Power Corp. customers will go into effect with the Aug. 1 billing date.

The State Utilities Commission approved rate revisions and increases sufficient to give the firm a \$1,266,740 hike in its annual gross revenue. This would permit a 6.45 per cent return on its investment instead of the less than 5 per cent return it estimates it is getting now.

The order may mean sizeable increases for Pinellas County home consumers who have been paying about 15 per cent less than consumers in the other 30 counties served by FPC.

The commission strongly urged uniform rates.

Turk Charged With Several Stabbings

ISTANBUL, Turkey — Police today charged a 17-year-old Turkish boy with the fatal stabbing of his father, stepmother, and five brothers and sisters.

Workman Drowns In Shallow Water

NEW YORK — A 30-year-old workman drowned in 15 inches of water yesterday on the flooded rooftop of a five-story midtown building.

ANTS

There's a new and better way to kill ants. It's called Roach Film.

When applied to any surface with a brush, cap, applicator, or sponge, it leaves a thin, dry, clear, invisible film. The film can't harm or kill any surface; but, when ants touch it, their legs become paralyzed and they die in 15 to 30 hours. A single application remains effective for months. You never see it, but it sure does get rid of ants and roaches. Roach Film is available at Touchton Drug.

CHURCH NEWS

All Church Notices must be presented at The Herald office by 4:00 P. M. on the day before publication.

Appeasement Gets Warning By Chiang

TAIPEH, Formosa — Chinese Nationalist President Chiang Kai-Shek called today for a strong American policy after a Korean truce and warned, "If the United States appeases the Communists, the truce in Korea will be meaningless."

In an interview at his forest retreat at nearby Taoshan, the Nationalist leader predicted a firm American policy would result in unification of Korea, withdrawal of Russia to its pre-World War II boundaries and deliverance of Russian satellites from Red control.

CARE To Distribute U. S. Surplus Milk

PANAMA, Panama — CARE, the private American agency for foreign aid, is going to distribute 25 million pounds of the U. S. government's surplus powdered milk in Latin America, Europe and Asia.

The distribution program was worked out last night at a conference here of CARE mission chiefs from 40 countries. The powdered milk will be provided by the U. S. Department of Agriculture. Each country will pay from 4 to 5 cents a pound to cover transportation from storage points in the United States.

General Magruder Dies In Orlando

ORLANDO — Maj. Gen. Bruce Magruder, retired, died at the Orlando Air Force Base hospital last night. He was 70. His 49 years of military service included duty on the Mexican border and in France in World War I.

He retired in 1945 while commanding general of the infantry replacement center at Camp Walters, Tex.

Teen-Age Girl Gangs Defy Cops

NEW YORK (AP)—Two teen-age girl gangs formed battle lines in the Bedford-Stuyvesant section of Brooklyn last night and were ready to fight with ice picks and knives when police broke it up.

Veteran police said it was the first time in their memory that girl gangs prepared for formal combat, although teen-age girls often have carried weapons for gangs of boys.

The belligerent girls called themselves the Esquire Debutantes and the Cheyenne Debutantes. They agreed to a battle as the result of a dispute two days ago between an Esquire and a Cheyenne. The quarrel was over members of a boys' gang called the Mighty Champions, a group numbering 100 members and made up of a merger of the Champions, Frenchmen, Thun...

Wheat Crop Adds To Church Funds

Child Drowns In Indian River Fall

NEW SMYRNA BEACH (AP)—A 6-year-old boy drowned here last night when he fell from a dock into Indian River while fishing for food for a pet cat.

Members of the Methodist church at Berlin Center planted 10 acres of wheat on a share-crop basis for the church last fall. They reported today a harvest of 400 bushels. The church's share, 200 bushels, will add \$100 to its building fund. Berlin Center is a farming community five miles southwest of here.

DO YOU NEED EXTRA MONEY...

today for the kids... investment on stove, refrigerator or other needs? Why not try your hand at raising broilers, hives, rabbits or hogs? For every dollar invested in poultry today, successful farmers are getting back a dollar in return. This, Mr. Farmer, is 100% profit. What business today can give you so much profit from your money? There is a big demand for rabbits today and they bring in a big return on the dollar. The same is true of hogs. CHECKERBOARD FEED today is micro-mixed. Remember, Mr. Farmer, it's not what's on the ingredient tag that counts, but what's in the bag. Dollar for dollar. Purina feed is the cheapest. Service is our motto. See or call us right away and let us help you get started in a profitable business.

Sanford Legion Wins 6th District On 5-0 Victory

Cards Play Lakeland On Merchants Night Here Tonight

Jimmy Krider Blanks Winter Park; Post 53 Advances To Area Tourney

By SAM JACOBSON

"Big Jack" Krider blazed his way to a masterful two-hit shut out of Winter Park, 5-0, last night in Orlando to lead Sanford's Junior Legion team to its second straight District Six championship. It marked the 14th straight victory for the new champs. The team's unbeaten record, which has been nothing less than a record, is now 12-0. Krider, who pitched only one and a half innings, struck out 12 batters while allowing only one hit.

The three-day tournament, which is the first of the series, ended last night with Sanford's 5-0 victory over Winter Park. Krider's performance was the key to the team's success. He pitched a complete game, allowing only one hit and no runs. The team's offense was also strong, scoring five runs on six hits and no errors.

Sanford's victory in the District Six tournament advances them to the Area Tourney. They will play Lakeland in the semifinals and Clearwater in the finals. The team is led by Manager Jim Fields and Coach Al Pettit.

Jr. Legion Plays Daytona Post On Merchants Night

Sanford's surging Junior Legion baseball team will open tonight's big Merchants Night at the Memorial Stadium with a game against the Daytona Beach Post 53 team beginning at 6:00 p. m. Past Commander of the Campbell-Loring Post No. 53, H. Z. Johnson announced today.

Following the Legion game will be the regularly scheduled Sanford-Lakeland game. Tickets to Merchants Night will be honored for both games and an extra admission or ticket will be necessary.

Sanford's undefeated Legion team will be seeking its 15th straight victory after having won the sixth District tournament in Orlando last night by blanking Winter Park behind the two-hit pitching of Jimmy Krider. Tonight's Merchants Night clash between Daytona Post and Sanford will be the first match between the two Legion clubs.

The Sports Register

By KENT CHELAIN

While the Sanford Cardinals will be shooting for 4,000 attendance at this evening's gala "Merchants Night" game in the Memorial Stadium when the Sanford Cardinals play the Lakeland Pilots, General Manager Jim Fields, personally would settle for that 3,327th paid admission. If the turnout hit that mark, Sanford will have set the all-time Florida State League attendance record for a regular season game.

Back in 1949 when big Al Pettit was the blazing toast of the FSL hitting and Gainesville's biggest batsman at the bat and at the plate, the G-Men drew 3,327 paid customers through the gates on June 8th for a new FSL attendance record. That record has weathered nearly four years of FSL play, standing as the league precedent today.

H. Z. Johnson, immediate past commander of the Campbell-Loring American Legion Post No. 53, reports that the much debated Legion game doubleheader with the Sanford-Lakeland game tonight is definitely coming off. Yes, it will be a real bargain Merchants-Night game this evening. Sanford Junior Legion will top things off with a game against the Daytona Beach Post No. 53 at 6:00 p. m. in the Memorial Stadium. At 8:00 o'clock this evening following this Legion tussle will be the regular Sanford-Lakeland clash.

In between innings the following merchants will present free gifts to the fans: Yowell's, Senkarik Glass and Paint Co., Earl Higginbotham, Standard Oil Agent, Sunoco Service Station; Warner's Gift Station; Crawford and Lake, Thrift Service Station; Strickland and Morrison Inc.; Wilson-Miller Furniture Co. Inc.; W. E. Kader Jeweler, Colonial Jeweler, Super Shoe Service; Brown's Amoco Service Station; Gene's Texaco Service Station; H. L. Perkins and Sons; Sweeney's; Sanford Avenue Amoco Service Station; Frank Neel, Jeweler; Touchton's Drug Co.; H. B. Pope Co., Inc.; Roumillat and Anderson Drug Store; McCreary's 5 and 10 Cent Store; Hill Hardware Co.

A complete list of the 99 merchants in Sanford sponsoring the gala event are listed elsewhere on this page. They all deserve the thanks of every fan in Sanford for their loyal support of the local club. Without this support Sanford might be like Palatka, St. Augustine, and Gainesville today. These towns all had entries in the Florida State League but they folded because of the lack of cooperation from the fans and merchants alike.

Legion Will Play In Area Tourney At Clearwater

After winning the Sixth District tournament in Orlando last night from Winter Park, Sanford's Junior Legion team advances to the State Area Tourney in Clearwater next week. The Sanford "Whiz Kids" will play a team yet to be designated Monday in Clearwater. The Sanford Herald will carry full coverage of all of Sanford's games in the Area Tourney at Clearwater next week, including all the box scores and stories on each tilt.

Redbirds Win 3rd Straight, 6-4; Sanford Is Only Game Out Of 4th Place

By KENT CHELAIN

Those persistent Sanford Cardinals will carry a big three-game winning streak into this evening's Merchants Night classic at the Memorial Stadium after sweeping a two-game set from the Orlando Senators on a 6-1 victory here last night.

Acc newcomer to the Sanford mound corps—Jim Flannigan—will be on the rubber for this evening's Merchant game against the invading Lakeland Pilots. Flannigan is the Tucker Georgian who began the season with Atlanta, Ga., winning three of seven before coming to Sanford one month ago.

In Flannigan's brief tenure he has started in striking fashion racking up three straight victories in his first three mound appearances before losing to Leesburg last Monday night. 7-3. The young pitcher this evening will be seeking his fourth triumph of the season and will also be trying to extend Sanford's winning streak to four straight.

Having won the last three in a row, the Redbirds have amassed 11 victories in the last 17 games to catapult from last place to within one game of the fourth place Jax Beach Sea Birds. A combination of a victory for Sanford and loss for Jax Beach this evening would put the Cardinals in a two-way tie for fourth place with the Sea Birds.

Having a huge downpour before game time, Sanford may be a new Florida State League attendance record for a regular season game. The Merchants Association, backed by 99 local merchants and the Sanford Cardinals, have worked feverishly distributing 4,000 tickets to local fans for the big bargain classic. Sanford President John Callahan predicted tonight's crowd in excess of 3,000 with the possibility that 4,000 may jam their way into the 4,200 Memorial Stadium capacity.

The existing FSL record is held by Gainesville when 3,327 fans paid their way to see the Men in Blue. General Manager Jim Fields predicted the record would fall tonight if the weather holds up.

Another indication that a new attendance mark may be set here is the fact that Sanford's high-living Junior Legion team will play in the first game of tonight's bargain Merchants Night doubleheader. Most local fans have not been able to see the Legion "Whiz Kids" in action since all of their games have been played in the daytime.

Fresh from winning the Sixth District Tournament in Orlando last night, Sanford will be seeking its 16th straight victory against the Daytona Beach Post.

In the third and fourth frames, he walked six men in addition to giving up three hits and hitting one batsman that let him off.

Ross Hannum owned the third for Sanford by striking out the third "Whiz Kids" began to show signs of life as "Doc" McCall and Randy Reynolds blasted out base hits Jimmy Butler was walked to fill the bases and then Snodgrass singled. "Luscious Larry" Bates in the side, forcing in a marker.

After Junior Metts popped out, Bubba Hisee also walked for another run. With the bases still loaded, Krider grounded out to cut short the rally.

The next frame, though, the locals started right back in where they had left off. Snodgrass, having like a throwback to the aboriginals, put Hannum and McCall on base with base-on-balls. Reynolds pushed out his second hit leading in McCall's head. The next frame, though, the locals started right back in where they had left off. Snodgrass, having like a throwback to the aboriginals, put Hannum and McCall on base with base-on-balls. Reynolds pushed out his second hit leading in McCall's head. The next frame, though, the locals started right back in where they had left off. Snodgrass, having like a throwback to the aboriginals, put Hannum and McCall on base with base-on-balls. Reynolds pushed out his second hit leading in McCall's head.

Orlando	18	11	121
Winter Park	18	11	121

The Seminole County Sportsman's Association treated the Sanford Junior Legion baseball team to a free driver after last night's championship game with Winter Park in Tinker Field. Joel Field, Postmaster and past Commander of the Sanford American Legion Post No. 53, informs us that Sanford has first "refusal" on the State Junior Legion tournament here next year. If Sanford comes out on the four-day diamond extravaganza. If Sanford comes up with another five team again in 1954, there will be no question the Legion could pay the guarantees and have money to put in the bank, not to mention the business impulses it would create in the community and feeding the nearly 1,000 fans, players, legionnaires and spectators.

It might be worthwhile for the local Legion post spent some time seriously considering this offer. If nothing else, fans and merchants could help the local post in raising the guarantee until the gate receipts are collected.

Ironically enough, Al Pettit is the only player who will be playing in the Memorial Stadium tonight who played in Gainesville when the FSL record was set. If Sanford can set the new record Pettit will have the distinction of being the only player to perform before both FSL record crowds.

Another attraction for local fans at this evening's big Merchants Night Classic will be the return of ex-Sanford Manager Chuck Aleno. Big Chuck piloted the Seminole Braves here last year and this year after a fling at independent ball in Canada. Chuck assumed the job of business and field manager of Lakeland.

With Aleno, Pettit and Manager J. C. Dunn all playing in the same game, local fans may be in for a night of long distance hitting. Aleno led the long last year with 25 while Pettit hit 18. This year Aleno has about five after a late start and Pettit has hit five despite his two-week leave. The two of hitters are not about the longest ball swatters in the league with the single exception of opener of the twin bill and Sanford battling Lakeland in the night Daytona's Ed Levy.

With the Sanford Junior Legion playing Daytona Post 53 in the same game, local fans may be in for a night of long distance hitting. Aleno led the long last year with 25 while Pettit hit 18. This year Aleno has about five after a late start and Pettit has hit five despite his two-week leave. The two of hitters are not about the longest ball swatters in the league with the single exception of opener of the twin bill and Sanford battling Lakeland in the night Daytona's Ed Levy.

County's Fishing To Be Featured In Magazine

Gene Gruber, state editor of the Florida Wildlife Magazine, and the publication's advertising representative Bernard Orr are in Sanford and Seminole County to make a study of the county's fishing opportunities for a feature article in the August issue of Florida Wildlife.

Besides gathering data, the two men are collecting appropriate pictures for the article, which will be the third time in a year that Florida Wildlife has published features of Seminole County. One of the highlights of the forthcoming feature will be the progress of the Seminole County Jaycee fishing medal and map program.

Korean Conflict Cost U. S. Over 22,000 Dead And \$15 Billion

WASHINGTON — What did the Korean War cost the United States? More than 22,000 dead on the battlefield, part of a 110,000 casualty total.

More than 15 billion dollars to help pay for over 1,250,000 tons of artillery ammunition; over 1,800,

000,000 bullets and grenades; 800 tanks and 40,000 trucks used in battle, more than two million shells for naval guns; hundreds of thousands of tons of bombs.

It triggered a general rearmament program for which the government has spent to date over 101

billion dollars.

The shooting and the casualty lists will stop.

But the boys won't start home tomorrow or next week Secretary of Defense Wilson says. "It will be a long time before we can safely withdraw our troops from

Korea." A long time can mean six months or more, depending on how fast prisoners are exchanged and how soon peace, instead of mere armistice, can be assured.

Everyone — President Eisenhower, Secretary of State Dulles, Wilson — hurried to caution the coun-

try that a Korean truce should not be a signal for demoralization or letdown of the defenses against a bigger war to Russia.

The government is obviously worried that industry think that the truce means quick and wholesale cancellation of munition orders.

Hardly had the truce signing announcement been made when Wilson issued a statement saying current production plans would be continued and such times as an orderly production plan can be worked out that will take into account the changed Korean require-

ments. He did not, however, give a hint of whether that plan would be ready soon or at a distant date.

On the day the war started, June 25, 1950 the United States had under arms 1,000,000 men in the Army, Navy, Marines, and Air

Force. Less than half a dozen Army divisions were manned and equipped to a point where they were ready for action.

Today the military manpower counts up to about 1,000,000 although it is being trimmed down under the economy program. The Army has 29 divisions.

VOLUME XLIV Established 1908 SANFORD, FLORIDA MONDAY, JULY 27, 1953 Associated Press Lease Wire No. 210

SHOOTING STOPS IN WAR-TORN KOREA

Total Of 3,313 American Prisoners Will Be Returned Within 60 Days

MINNEAPOLIS — The secret record of the Panmunjom truce negotiation released today showed that the Communists have told the Allies they will return 12,738 prisoners of war — including 3,313 Americans.

The Communists gave this breakdown of the captives they will release:

- 3,313 Americans
- 8,196 Koreans
- 322 British
- 15 French
- 298 Turks
- 15 Australians
- 10 Filipinos
- 11 Canadians
- 22 Colombians
- 6 South Africans
- 1 Greek
- 1 Belgian
- 3 Japanese

This makes a total of 13,771 prisoners of non-Korean nationality to be returned.

The Allies informed the Communists that about 2,000 Chinese prisoners and 60,000 North Korean captives will be returned to the Reds in the big exchange of prisoners.

The information was exchanged in an informal staff officers' session held at Panmunjom July 27. Major Gen. James C. Murray spoke for the Allies and North Korean Col. Lee Pyong Il for the Reds.

The U. S. said that about 7,800 North Koreans and 11,500 Chinese captives will be turned over to the neutral nations repatriation commission. These prisoners have been captured since the armistice was signed and will be returned to their homes.

The Communists said yesterday they would return 300 prisoners a day, including sick and wounded. They did not give the number of disabled men they still held.

The U. S. Command informed the Reds they will turn back the Communists captured at the rate of 2,400 able-bodied prisoners daily, plus 300 sick and wounded each day until the disabled are released. The Allies said they held about 3,000 sick and wounded in U. N. camps.

The truce document requires that all prisoners desiring to return home be exchanged within 60 days after the signing.

Careening Auto Crashes Tavern, \$6,000 Damages

A careening automobile Saturday night plowed through the south wall of the Blue Bird tavern, three miles south of Sanford on Highway 1702, causing damages estimated at \$6,000 to the structure, but failing to injure seriously the four occupants of the car and the four people in the tavern.

The vehicle, driven by William Jimenez, 21, Sanford, made a shambles of the recently re-modelled business according to Constable J. Q. (Slim) Galloway, as it went completely through the wall and came to rest against the bar.

Inside the tavern were Mr. and Mrs. R. W. (Hons) Leisenring, who were operating the business in the absence of the vacationing owner, Joseph S. Garry, and Mr. and Mrs. Elmer Sanders, near residents. The accident occurred at five minutes before the midnight closing time.

Other occupants of the car were Jimenez' wife, Jane, his sister, Anita Jimenez, and his brother, Roger. Their injuries consisted of minor scratches and bruises, the constable related. The group was returning from Orlando where they had taken the brother's baby to a hospital, he continued.

About 250 yards south of the tavern, the right front wheel of the car dropped off the pavement. The car shot over to the other side of the highway where both left wheels went on the shoulder. The vehicle, out of control, then mowed down two mail boxes, glanced off a big tree and finally plowed through the wall of the tavern.

The driver told Galloway that an oncoming car with bright head lights had blinded him. His sister, the owner of the car, told the constable the car was covered by insurance. The policeman set the damage to the car at \$750.

Mr. Garry made the estimate of damage to the tavern.

House Journal Comes Off Press

FALLAHASSEE — The House Journal for the last day of the 1953 legislative session of the state today almost two months after the close of the session.

THESE SANFORD students are now attending the University of Miami sixth annual Summer Music Camp. The fifth and sixth annual camps attracted a sum of 200 students in the camp started last year. Standing are Nancy Houtner and Rosemary Garner. Seated are Wayne Moran, Lee DeLoach, James Owen and Henry Locke.

Tears Water Cheers As Truce Brings Close To Hostilities

It looked like an other Sunday night in Seoul, Korea, as the surface of the sea calmed in the hearts of the American people — there was a stirring.

Doubts removed by Moscow, replaced demoralization. Better morale with news of truce.

Other national and international organizations of American citizens from the thousands of our friends.

But there was no such relief this time.

Welsh Episcopal Priest Addresses Sanford Rotarians

Father A. Samuel Welch, Episcopal Priest who is serving in the church in New Smyrna Beach on a brief exchange, addressed the Rotarians at a meeting in the Court House, it was announced today by Mrs. James J. Fern, Secretary.

The public is invited to attend the meeting which begins at 8:00 o'clock. Preceding the meeting plans will be made for the annual stag fish fry to be held in September. Plans for the proposed opening of a block at the Wekiva River will also be discussed by the Sportsmen.

Gets Ike's OK

WASHINGTON — President Eisenhower today signed a bill appropriating \$440,000,000 for the Army Engineers for use in the fiscal year which began July 1. Most of the money is for flood control, navigation and power projects.

Bookertown Man Jailed On Bolita And 'Shine' Counts

A 51-year-old Negro was arrested at his home in the Bookertown section of Lake Monroe late Saturday afternoon on two counts of bolita and moonshine by Constable J. Q. (Slim) Galloway and Deputy Sheriff Andy E. Evans.

James Smith, is being held in the county jail with a \$1,000 bond for the bolita charge and another \$200 bond for possession of unlicensed liquor.

Norman Jones, Negro, 1506 West Thirteenth Street, who was fined \$200 and sentenced to 90 days in jail in City Court Friday afternoon for possession of lottery devices, was released on a \$500 bond Saturday.

His Orlando Attorney Sam Murrell Jr. posted the bond Saturday and simultaneously announced he would appeal Jones' case before Circuit Court Judge M. H. Smith.

Jones, who was arrested over a week ago, sought to forfeit the bond Monday but was re-arrested and tried Friday. He pleaded guilty and City Judge Volle Williams Jr. passed one of the lightest sentences yet meted out to a bolita operator in Seminole County.

'37 Months Of Death And Destruction Brought To Halt By Cease-Fire Order

SHANGHAI — Shooting stopped along the Korean battlefield at 10 p. m. Monday as a truce came into effect, bringing to an end about half a month of death and destruction.

While ground fighting was all but out in the final hours, mounting Communist artillery fire took an toll of Allied soldiers up to the last minute.

Rezoning Hearing, Old Ordinances On Commission List

A hearing on rezoning within the City and a discussion of rezoning the city ordinance will be held at 8 o'clock on Monday at the City Commission meeting.

Highlights of the rezoning of the city ordinance will be at 8 o'clock, including a rezoning of the city prepared by Tom Hanson, City Manager.

The hearing will be held at 8 o'clock on Monday at the City Commission meeting. The rezoning of the city ordinance will be at 8 o'clock, including a rezoning of the city prepared by Tom Hanson, City Manager.

The City Attorney pointed out that there is no single ordinance for all the laws which are pertinent to city operations.
