

The Conservatism Of Age

It is fair to speak of the "conservatism" of the San Francisco Court of the United States as a conservative of reactionary group who is trying to reverse the progress made beyond the "house and buggy" days of their own youth. If it is what about Louis Brandeis, one of the oldest men on the bench, and one of the most liberal in the country?

It is fair to speak, however, of old men as conservative (or reactionary), and young men as radical or liberal. In the country, Mr. Brandeis is not an old man, but a young man. He is not an old man, but a young man. He is not an old man, but a young man.

Dollars In Bank But Not Many In Industry Of Land

Bank deposits have gone up steadily last three years. This is the fourth in a series of articles on the progress of economic recovery.

By CLARENCE A. JACOBS
 SANFORD, Fla., May 6.—The fourth in a series of articles on the progress of economic recovery is published today in this issue of the Herald. It deals with the fact that in the early stages of recovery many old loans which were frozen during the last year have been liquidated and cash paid to offset new loans.

New Court Rules Become Effective On State Oct. 1

Apply To Courts Of Record, Bar Provisions 105 Rules

TALLAHASSEE, May 6.—The Florida courts of record will be governed by a new set of rules which will become effective on Oct. 1 for the first time in the state.

The Supreme Court approved and adopted a new set of 105 court rules prepared by a special committee of the Florida Bar Association. The new rules will become effective in the courts Oct. 1 unless they are changed.

Social And Personal Activities

HONOR ROLL

Honor roll of the First Baptist Church Sunday school for the month of April was announced today by the pastor, Rev. H. J. Clouse. It includes the following members: Gracie Bell, Edna Holsinger, Bettie Roland, and Mrs. George W. Huff.

VIOLIN RECITAL
 Word has been received here that Mrs. Edna King, the former Miss Marie Stoler of this city, will give a violin recital Saturday afternoon at 2:00 o'clock in the school auditorium on East Pine and Main Streets in Orlando.

Friendship Class Has Regular Meet

Mrs. George Townsend presided over the regular meeting of the Friendship Class of the First Christian Church held Tuesday evening at the home of Mrs. A. H. Byrd. Mrs. O. T. Pearson, secretary, reported on the work of the class during the past week.

Pauline B. Carr

Mrs. Carr says her primary reason for entering the race for National Committeewoman is her desire to see for the coordination of the efforts of men and women in the party. Many women are entering politics this year through the work of the National Women's Political Caucus.

A WOMAN PRAYING

For the grain in the field, for the wheat in the field, for the bread that we eat, for the wine that we drink, for the oil that we use, for the clothing that we wear, for the shelter that we live in, for the health that we have, for the strength that we need, for the wisdom that we seek, for the peace that we desire, for the love that we give, for the mercy that we need, for the grace that we seek, for the glory that we desire, for the kingdom that we seek.

Special Nightly Attraction at SHORT'S CAMP

Starts Thursday Night, May 7. Come and be entertained by and dance to Shelley and Reeves Versatilians. Direct from Miami's most popular night club. See and hear them at Short's, 5 Miles out DeLand Highway.

Apply To Courts Of Record, Bar Provisions 105 Rules

The Florida courts of record will be governed by a new set of rules which will become effective on Oct. 1 for the first time in the state. The Supreme Court approved and adopted a new set of 105 court rules prepared by a special committee of the Florida Bar Association.

Ritz To Show "Little Lord Fauntleroy"

Isidore Castello Barronero makes her return to the screen after four years' absence, starring stellar honors with Freddie Frelle, in the Ritz Theatre. The play was arranged by the assistance of other employees of the store, and it will remain in the Ritz through Mother's Day on Sunday.

WEST POINT EXPANDS

MANHATTAN, May 6.—The Philippine National Military Academy at Baguio, the "West Point" of the islands, is being enlarged. The capacity of the academy will be increased from 60 to 250, thus assuring trained officers for the national army by the time the islands gain independence in 1945.

Almost Supernatural

When the Santa Maria, the Nina and the Pinta holed into sight off San Salvador's coast, the natives aghast thought the beautiful white sailing crafts were monstrous white birds with huge wings settling down out of the heavens. And when they saw white men, the first people they had ever seen, they had a hard time believing that they were supernatural beings sent possibly by the sun goddess to reward them with beads and other trinkets for their bravery in battle.

Medical Developments Help Doctors Move Toward Goal Of Safe, Happy Motherhood

WARD W. BLANKENHORN, New York, May 8.—(AP)—The great advances in case of motherhood have been made by the medical profession in the last few years.

Last Mother's Day other mothers have been put forward, but all pointing to the goal of a happier motherhood.

At present, the convulsions caused by frightful suffering have become almost a rarity. Many lives have been saved by the administration of this single medicine.

Combined with riding (women) the risk are increasing.

Knowledge of diet, vitamins and gland products for this period. The great diet change lies in feeding starchy foods, eggs and milk with fresh vegetables. Formerly the expectant mother was fed on "delicacies" even if they nearly killed her.

Third is the effort to alleviate pain. This began with the much heralded twilight sleep. It is not solved. The trouble with all artificial pain relief is risk of injury to the baby. But the recent analgesics, or pain relievers, known as barbiturates, are making progress.

Fourth, and more dramatic than any other, is the dating of motherhood. Within a week to 10 days after conception it is possible now for a physician to know that motherhood is on its way. One method considerably used is to note secretions of the pituitary gland, at the base of the brain. They change, and injected into immature female mice they give visible evidence.

Transmissions are the fifth boon. They save many lives and much suffering.

X-rays have removed the danger from one worrisome question—the chance of a Caesarian operation. The rays warn definitely when it is needed, and long enough in advance to perform the operation more safely. The result is that once rare Caesarian operations are now no more dangerous than other abdominal operations.

Anemia is another hobgoblin in the newborn child drawing heavily on the mother for essential elements for skeleton building. Feeding lime salts, or milk with plenty of root vegetables, replenishes the store.

The daily sickness for weeks or months that has been a burden for many mothers is now mostly relieved. Its cause was a toxic condition, from food. Adding carbohydrates to the diet is one treatment.

Rated by medical men as the most important is the ninth advance. This is substitution of normal activity for the old idea of invalidism and "delicate condition."

Instead of isolation at home, today's mothers are advised to get outdoor exercise, fresh air, suitable food, adequate rest, freedom from worry and care, to feel assured of the safety of childbearing.

Best of all, the medical profession is not satisfied. The present death rate of American mothers, it asserts, should and can be cut 50 percent.

Danger Lurks In The Old Battlefields Of The World War

PARIS, May 8.—(AP)—While French and German soldiers close at hand, the respective frontiers, France's shell reclamation mission serenely goes along, excavating unexploded shells from the battlefields of the last war where 4,000,000 men lost their lives.

Farmers plowing in the shadow of the great Maginot line of steel-and-concrete frontier fortifications between Belgium and Switzerland, still come across unexploded shells, grenades and bombs.

Eighteen years after the Armistice, requests still stream into the war ministry from the devastated regions that explosives found in the fields be carried away.

The war minister reports that from January, 1930, to January, 1935, there were 4,320 such demands, that 1,456,000 tons of high explosives were removed and 167,000 tons—too dangerous to dispose—were destroyed on the spot.

After the war, the ministry of the liberated regions inaugurated the shell reclamation service to rid the battlefields of unexploded missiles.

Excavated shells, handled with care, first are submitted to a "dismantling" test, an operation which consists of withdrawing the fuse, if possible. The operator works

behind a heavy, armored steel protective shield. If the fuse can be extracted, the contents of the shell are emptied, placed in special containers, sealed and returned to the government. If the fuse remains the operation, the shell is detonated.

Unexploded shells—often termed "dormant"—are buried in a deep hole. Several inches above the interred shell is placed a quantity of dynamite or other explosive material, a detonator and a long fuse. The length of the fuse is calculated to give the operator ample time to run for cover.

Bill To Liberate Puerto Rico Read

WASHINGTON, May 8.—(AP)—A bill to give independence to Puerto Rico in 90 days was introduced in the House yesterday by Representative Marcantonio, New York Republican, who declared the United States has "ruined the island."

Marcantonio in a statement, said the Puerto Ricans "would welcome a real and absolute independence" but not on the terms proposed last month by Chairman Tydings, (D. Md.), of the Senate Territories Committee.

"Only the gentlemen who stand for reaction in America, the American Tories, the banks and sugar corporations who have kept the Puerto Rican people in hunger and misery, are interested in Puerto Rico as a colony," Marcantonio contended.

VILLAGE HONORS LAWRENCE TREMADOC, Wales, May 8.—(AP)—A national appeal has been launched for funds for an obelisk to be erected to Lawrence of Arabia in this, his native village of Caernarvonshire.

Soap Manufacturer Plans Sales Campaign

H. Gilentine, local representative for Lever Brothers Company, manufacturer of Lux Toilet Soap, Lux, Fluro, and Lifebuoy, says he hopes to work these days conducting a sales campaign which he declares is now meeting with much success in Sanford.

His company is conducting a "Greater Business Builders Contest" which "not only brings to everybody the benefits of a friendly rivalry among Lever representatives, but creates new and better selling opportunities for wholesalers and retailers." When the contest closes early in the summer prizes will be awarded to the men who prove themselves to be the best business builders.

The four products are consistently supporting greater business.

Congressmen Steer Clear Of Long Term Relief Plan By Much Shadow-Boxing

By BYRON PRICE
WASHINGTON, May 8.—(AP)—Any blow-by-blow account of the current congressional encounter over relief would show a large percentage of shadow-boxing. A few hard ones have been struck, but in the main both Democrats and Republicans have attempted only cautious and tentative approaches to a subject they both dread and are anxious to be rid of with as little roughing as possible.

Almost without exception the members recognize that a new appropriation must be voted, but that it will be merely a temporary measure, postponing for the future the larger problem of a long term policy toward unemployment. The vast majority has shown neither the initiative nor the desire to advance concrete proposals for dealing with the jobless on a permanent basis. As for the years to come, they seem content to fall back on the hope that something will turn up.

The trouble with such an attitude is that Mr. Roosevelt pointed out some weeks ago in his Baltimore speech, something already has turned up without even pointing the way to salvation. Industrial activity has made long strides toward recovery. Some thoughtful economists are

possible. One is to acknowledge that large-scale unemployment is inevitable, at least for years to come, and heavy federal appropriations therefore inescapable. Another is to work out an allotment of the burden, returning most of it to "states and municipalities. A third is to undertake to spread employment by reviving some of the wage and hour regulations of NRA.

The political opposition which would develop against anyone of these courses unquestionably would be strong and persistent. No taxpayer wants to be told he must go on paying for relief indefinitely, the states in general are dead set against taking back the responsibility, and every mention of NRA or anything resembling it stirs loud echoes of dissent.

So Congress shadow-boxes, making so great a stir over momentary aspects of the case that the real issue is forgotten. Some day, perhaps when this election is over, it must face the problem more squarely and take the consequences.

ROOSEVELT GETS BUDDY POPPY

President Roosevelt is seen receiving the first Buddy Poppy of the 1936 National Poppy sale from Iris Hildebrand, 8-year-old daughter of a deceased ex-service man. She is from the Veterans of Foreign Wars National Home at Eaton Rapids, Mich. (Associated Press Photo)

Berlin Phones Give Reports On Weather

BERLIN, May 8.—(AP)—With little more effort than dialing two figures on the telephone, Berlin residents now can get any kind of specialized information about the weather.

The service is particularly designed for tradesmen, sportsmen who want to know what kind of weather to expect the following day at some resort, and hotel keepers, who thus are informed whether to expect large or small crowds.

The cost for such calls to a division of the postal department is about 14 cents. The subscriber simply dials "K 4," makes his wants known, and is shortly called back with the required prediction.

Male citizens of San Saba, Tex., must not shave until after July 14, date of the state peach growers' convention and a beard contest. A city ordinance decrees no shaves until then.

Beauty Standard In China Is Upset By Provincial Decree

SHANGHAI, May 8.—(AP)—Admirers of old fashioned feminine beauty in the interior province of Honan most change their ideas on what is winsome and attractive, for the authorities have started a campaign against "lily feet" and long hair.

The cruel practice of binding little girls feet so that they would resemble the lotus lily in bud has been illegal for years, but in the interior girls still are deformed to meet traditional standards of grace.

Shingled hair for little girls and shoulder length bobs for young ladies is another order of the new day in a land where long braids or coiled tresses once were marks of gentility.

SENIC ROAD PLANNED
ST. GEORGE, Utah, May 8.—(AP)—Surveys have been started

for a road through Snow canyon linking St. George and Enterprise. It will open up a heretofore remote region of grotesque, brilliantly colored rock formations.

FORMER TAMPAN GUILTY

SAVANNAH, Ga., May 8.—(AP)—Lester L. Strickland, 28, formerly of Tampa, Fla., was convicted in superior court of the murder of Mrs. W. J. Silva Mar. 2. Life sentence was imposed.

BRITISH REBUILD HARBOR

ST. PETER PORT, Guernsey, Channel Islands, May 8.—(AP)—Sark, one of the smaller channel islands, British possessions off the coast of Brittany, is to have a new harbor costing \$225,000. This will enable larger vessels to call at the island, the present port, Le Creux, being the smallest commercial harbor in the world. Only 500 people live on the island and no automobiles are allowed.

E. B. McLean Is Showing New Bread

E. B. (Mac) McLean, who is well-known among local stores as an employee of a baking company for several years, is in Sanford this week introducing "Ski-Do" Bread, a new product which is manufactured in Orlando.

Mr. McLean said that this particular brand of bread is manufactured in "one of the most modern bakeries in Central Florida" and that "Once Tasted" it is "Never Wasted!" H. J. McGuire has been placed in charge of sales in the Sanford territory.

Ras Nasibu Flees

Abandoning Ethiopia's second city, Harar, after seven months of stubborn fighting along the Somali front, Ras Nasibu (above) followed Emperor Haile Selassie into voluntary exile. He was accompanied by his general staff in flight to French territory. (Associated Press Photo)

Lookouts Play Errorless Ball And Win Game

Double Steal Is Pulled By Locals On Sanford Field

Stuffy Gets A Three Bagger And Hardin Fans Four Assless

The Sanford Lookouts played errorless ball before a large Thursday half-holiday crowd at Sanford Field yesterday and defeated the Palatka Asaleas, 8 to 4.

Doc Hardin pitched for the locals and struck out four of the visitors; Buddy Lake, Fred Gleason and Swindell each batted in runs; Lake stole a couple of bases (and there was an argument as to whether Manager Stuffy McCrone hit for a three-bagger, and Joe Bluff got a two-bagger. A feature of the game, however, was a remarkable three-run home run by Swindell from deep center field, apparently to third base just in time to catch an Asalean runner from second.

It was an interesting game from start to finish, though the visitors took an early lead and made three runs in the first inning. They got their fourth and last score in the sixth frame.

The Lookouts scored two runs in the second inning as a result of singles by Barnes and Lake. Gleason was hit by the pitcher and Bluff singled, scoring Barnes and Lake. The home club chalked up three more in the third when Swindell singled and was safe at second on a fielder's choice by Cates who was also safe but Barnes tried out to Emerson. Lake singled, scoring Swindell. Lake stole second base, Gleason singled, scoring Cates. The ump called on him and Lake stole third, after the argument play was resumed and the Lookouts pulled the double steal on which Lake was safe at the plate but Gleason was out at second.

The Lookouts talked again in the fifth when McCrone tripled to left and scored on Swindell's single.

Coach Predicts U. S. Will Sweep Olympic Track

By COACH H. A. BRUCE
VIENNA, May 2.—(AP)—With less than three months to go, it looks as though the United States will sweep the boards in the majority of the track and field events, major features of the 11th Olympiad at Berlin.

European effort to halt American Olympic supremacy has been so far for some time, but a superior training and coaching over a longer period, his kept Yankee colors in the fore, and the Berlin location of 1936 should present repetition of U. S. triumphs.

Offhand it may be said that present unpopularity of tennis and badminton in this country are creeping into the Olympic program. Further, political and racial problems are big factors. When this is fully understood, one often wonders how the 50 or more states of this old continent manage to keep any Olympic teams in working order.

Sanford Junior High Beats Daytona Beach Track Team

TROPHY OFFERED BY NEWSPAPER IN TARPON TOURNEY AT SARASOTA

SARASOTA, May 3.—The Sarasota Tribune Tarpon Trophy will again head the list of prizes to be awarded in the Tenth International Tarpon Tournament which starts May 15 and runs through August 1, under the sponsorship of the Sarasota County Anglers Club.

A special feature of this year's tournament will be the week-long tournaments within the period of the competition, devoted to members of national, state and regional organizations. There will be a Kiwanis week, a Rotary week, an Elks week, Masons week, Junior Order week, Lions Club week, and several others, with prizes for the member landing the biggest tarpon during the week.

Lake Will Pitch Saturday's Game Here

Arm In Condition For Contest With Gainesville Nine

Hurter's Right Wing Lame When He Joined Local Club

Buddy Lake, Sanford's own, will be sent to the mound to pitch for the Lookouts in tomorrow afternoon's game against the Gainesville G-Men on Sanford Field. It was announced today by Manager Stuffy McCrone.

Buddy joined the local club a week ago with a lame right wing, and though he managed to get through the first game he pitched for the locals with a win for the Lookouts, the arm failed him in last Sunday's game at home and he was taken out of the box in the third inning.

But the wing is O. K. again, thanks to daily chiropractic treatments, he says, and he is confident he will be back in form Saturday.

While Buddy's arm has not been in shape for pitching, he has played in the outfield all week. He batted in a run in yesterday's winning game against Palatka here, and figured in a thrilling double steal of bases.

Winners Yesterday In Major Leagues

Florida State League Clubs Victory March Of All Cut Lineups To 14 Men Daytona Beach Is According To League Rules Halted By Saints

Teams Were Allowed To Carry 18 Men First Of Season

Stought of each club in the Florida State League was cut today to 14 men, in accordance with league rules. Eighteen men were permitted during the first 20 days, but this is the 21st day of the season.

The personnel of the Sanford Lookouts is announced by Manager Stuffy McCrone as follows:
Jack Pinhorn, catcher.
Joe Bluff, pitcher.
Bill Cates, 3rd base.
Dave Swindell, left field.
Doc Hardin, pitcher.
Buddy Lake, pitcher.
Ted Veal, pitcher.
Slim McGowan, pitcher.
Bill Loper, pitcher.
Lefty Thompson, pitcher.

There may be some substitutions later, Manager McCrone said. Coach Zim Beck is looking for likely material to plug a weak hole or two unless the men playing those positions show up in better form, and Stuffy said that all the men are getting better and better every day. Should Beck send down a player it will be necessary to suspend a man now on the lineup while the new man is being tried out.

"We've got our feet on the ground now," Stuffy said today, "and you can look for the Lookouts to go ahead from now on."

Dick Adair Is Back With The G-Men After Season's Vacation Off Diamond

After a season's vacation from the ranks of organized baseball, Outfielder Dick Adair of the Gainesville G-Men is back on the job this year, determined to make a go of it and find his way to a higher level in the game.

Adair got his professional baptism in 1931 when he joined the Alexandria Aces of the Evangeline League, which was just starting out on the seas of baseball.

He had a pretty good year for a starter, batting .292. That does not sound like a dynamic average, but the hitting wasn't so heavy in the Evangeline, with pitchers holding the upper hand, and Adair's mark put him in the upper straits of the circuit's hitters. He was the only right-hitter in the loop who held his job throughout the season, but in spite of the promise displayed, the Aces cut him adrift last year and he spent the winter in semi-pro ball.

Adair falls from Wazahach's 1932, where he was a star athlete in high school and later in independent baseball.

Football fans in his home town still talk about the great run he made one fall to give his team a 6 to 0 victory. Taking a kick-off behind his own goal line, Adair sped through the entire field for a sprint of 135 yards and the game's only touchdown.

Local Boys Score 42 Points To 12 On Famous Strand

Forguson Wins Three First Places, Brown In Third Position

Smarting under a recent defeat by the Daytona Beach Junior High School baseball team on Sanford Field, the Sanford Junior High School track team journeyed to Daytona Beach yesterday and captured the meet, defeating the Beach, 42 to 12. The meet was held on the sands of the world famous beach, and on such a track the Sanford youngsters dug their toes into the sand and showed plenty of speed.

Darrell Forgyson of Sanford won three first places and tied for another. Forgyson was high point man of the meet with eighteen points while Waits also of Sanford won six points to help swell the total for Sanford.

Jim Brown of Sanford won third place in the running broad jump while Forgyson and Waits took first and second place respectively. These three boys also had control of the shot put. Forgyson heaved the eight pound shot fifty feet eleven inches to capture first place. Brown was second with forty feet ten inches, and Waits tossed for forty-three feet eleven inches.

The Sanford relay team won first place in the three hundred yard relay. The first team of Dunn, Whitten, Clausen, and Smith all ran a good race to put Sanford in the lead which was lost only when Waits in handling the baton to Forgyson dropped it. The Sanford team, nevertheless, recovered in time to come in first under the wire.

In the high jump Sanford again had complete control. The three Sanford boys of Forgyson, Sapp and Koloff all tied at 4 feet and 9 inches.

All in all the meet was quite a success and especially for the Sanford boys. The Sanford Junior High teachers were well represented in Mrs. Durden, Miss Takach, Miss McCullar, and Mr. Forgyson.

After the meet the team enjoyed a short swim in the surf and returned home a victorious team.

Results of the events were as follows:

- 50-Yard Dash: Melintosh, Daytona, 8 points; Marsh, Daytona, 8 points; Walthall, Sanford, 1 point.
- 75-Yard Dash: Forgyson, Sanford, 5 points; Waits, Sanford, 3 points; Marsh, Daytona, 1 point.
- 300-Yard Relay: Dunn and Whitten, Sanford 6 points; Forgyson and Waits, Sanford, 1 point; Clausen and Smith, Daytona, 0 points; Dyson and Brown, Daytona, 1 point.
- Shot Put: Forgyson, Sanford, 50 feet 11 inches, 5 points; Brown, Sanford, 40 feet 10 inches, 1 point; Waits, Sanford, 43 feet 11 inches, 3 points.
- Crane, Melintosh and Sherriff, Daytona, nothing.
- High Jump: Forgyson, Sanford, 5 points; Waits, Sanford, 3 points; Brown, Sanford, 1 point.
- High Jump: Forgyson, Sanford, 4 feet 9 inches; Sapp, Daytona, 4 feet 9 inches; Koloff, Daytona, 4 feet 9 inches.

2 Runs In The First Only Scores Made By The Islanders

Errorless G-Men Defeat The Reds By 6 To 1 Score

Three Double Plays Feature Game In University Town

ST. AUGUSTINE, May 3.—(AP)—Spurred on by another five-hit exhibition by John Schneider and aided by a brilliant triple play, the St. Augustine Saints stopped the victory march of the Daytona Beach Islanders in the Florida State League here yesterday afternoon by capturing a 10-inning mound duel, 3 to 2.

After Daytona Beach was given two runs on two errors and Morner's triple in the opening frame, Schneider hurled a masterful ball, settling the Islanders down with five scattered hits and fanning seven.

The Islanders scored again in the eighth when Dillingham opened with a single and went to second when Mittelman was safe on Manager Kunes' error. But the Saints pulled the first triple in the Florida State League to kill the rally. Gas House Parker made a one-hand stab of Davis' smash over first, touched the sack to double Mittelman and threw to McGowan at second in time to nip Dillingham.

John Schneider drove in the tying tally to a two-run spree in the sixth. Going into the tenth, Russell Turblom doubled to left, was scarified to third by Fitzgerald and came home with the winning tally when Mayo Langston singled over short.

Hank Gromicki was touched for eight hits by the Saints. Adding spice to the spirited contest was a fist fight between Furman Owens, St. Augustine catcher, and Davis, visiting shortstop.

The score: Daytona 200 000 000 0-2
St. Augustine 000 002 000 1-3

New Jersey Anglers Can't Fail Of Catch

NEWARK N. J., May 3.—(AP)—One of the most effective antidotes for empty creels, fishermen have found, is a quiet visit to one of the trout "pools" scattered in the vicinity of Pompton Lakes in New Jersey.

These small ponds are stocked abundantly with brook, brown, rainbows, natives, steelheads, and landlocked salmon that can't escape.

Anglers don't even need a fishing license. The initial fee of 25 cents covers of that and also for the first 20 "inches" of trout taken. Afterward fishermen may take all the trout they wish at five cents an inch.

Windsor Golf Links Will Be Lengthened

WINDSOR, England, May 3.—(AP)—The nine-hole course at Windsor Castle is being extended to 18 holes and the hazards are being made more difficult as part of the alterations ordered by King Edward.

He has intimated that late in the year, when court mourning is ended, he will use the castle for entertaining.

King George and Queen Mary seldom stayed at Windsor, preferring their Norfolk home, Sandringham House, when not at Buckingham Palace.

Michigan G. O. P. Vandenberg Vote Causes Surprise

Senator Was Looked On As Republican No. 1 Dark Horse

By BRYON PRICE
WASHINGTON, May 1.—(AP)—The Michigan Republicans surprised many of the political prognosticators by their open endorsement of Senator Vandenberg for President.

It had been assumed widely that, however strong the sentiment for him might be in his home state, that the brakes would be kept on effectively until convention time.

Senator Vandenberg long has been viewed by his friends as the No. 1 dark horse possibility for the nomination in case of a deadlock. Many of these friends have argued that absolute aloofness from the pre-convention scramble would strengthen him in that position.

If he had no delegates at all pledged to him, it was suggested, he could hardly be accused of having kept a single vote away from any other candidate, and he would come up to the starting post singularly free of those animosities which normally spring up among presidential aspirants.

It can only be conjectured whether, or in what degree, the action of the Michigan state convention may have changed this situation.

The senator himself has been entirely faithful to the role marked out by tradition for presidential dark horses.

He has become somewhat more active in recent months in the Senate where he has sworn official duties, to perform, but he has embarked on no extended speaking trips and if he has any organization outside of Michigan no one has been able to discover it.

He rarely has referred in his speeches to the coming presidential contest, and he had made no public comment on the activities of the several candidates. He has conferred in private with adherents of the various rival camps but seems to have done nothing and said nothing to offend any of them.

During all of this time talk of

his availability as a compromise candidate has persisted. In some respects, the prevalence of this talk has gone against precedent, in view of his own continued failure to ask for delegates or even declare himself.

The important thoughts of Senator Vandenberg's Michigan admirers are not available, but it would seem that only one or two explanations are possible.

Perhaps they felt this style of campaign really was getting nowhere, and that the nomination was about to be foreclosed for someone else, or perhaps they decided that regardless of the wisdom of the first approach, the time had come for a bolder strategy.

At any rate, the Michigan Republicans have done what they could to put the Vandenberg hat into the ring, and he has expressed gratification at the act.

Future calculations of the delegate situation must go on from that point.

The development, furthermore, has come at a time when it appears certain the national convention will contain a very large number of uncommitted delegates. Many of these are pledged to one candidate or another, but the nature and binding quality of such pledges vary widely. Many are not openly pledged to anyone.

Does the Michigan action, plus the circumstances under which it was taken, remove Senator Vandenberg technically from the "dark horse" paddock weeks sooner than expected, and list him definitely among the candidates?

If so, does it mean that Senator Stetson or someone else now moves up into the vacancy thus created?

Only the future—perhaps only the convention itself—can answer these questions.

HAILE EXILED WITH FORTUNE IN GOLD AND GEMS

Bringing along a fortune in gold and jewels, to say nothing of six carloads of coffee and six automobiles, Emperor Haile Selassie (arrow) is shown arriving at the railway station in Djibouti, French Somaliland, in flight from his fallen Ethiopian empire to exile in Palestine. The monarch is in white beside him to the French governor and grouped around are French colonial troops on guard. In the background can be seen the train that brought the self-called emperor from Addis Ababa. This picture is the second ever sent from Africa by radio. (Associated Press Photo)

Ship's Profits Cut By Too Many Cooks

CHUNGKING, China, May 1.—(AP)—A British steamship company operating on the Yangtze River said today that its profits have been falling off, it is a case of too many cooks.

When officials of the company learned that cooks on their vessels were engaging in petty pilfering, the cooks were told to pick in their pots and pans immediately the cooks' guild ordered a walkout. The company said it was their traditional right to pick a committee to pick the crew, with a crew of 15 the kitchen force of 25 cooks and 100 other crew members with less food than their 25 predecessors.

DALLAS, Tex., May 1.—(AP)—An hour after her mother's death Mrs. F. E. Walker said she

which will become part of the mainland when the work is completed in 1931.

RIO BECOMES 'DOGGY' CITY
RIO DE JANEIRO, May 1.—(AP)—Julio Amaro, municipal veterinarian, says this city of approximately 1,500,000 people, has 150,000 dogs, many of them vicious and running loose.

DESERTER WELCOMED
LONDON, May 1.—(AP)—British army authorities have decided not to claim as a deserter Private

John M. Cross, who took French leave of the Wiltshire regiment in Hong Kong 18 years ago from the United States to rejoin his mother.

Dutch Sighting New Zuyder Zee Section For Draining Lands

AMSTERDAM, Holland, May 1.—(AP)—Work on the second stage of the vast scheme to reclaim 400,000 acres of the Zuyder Zee is to be started shortly.

Six thousand men, under direction of the Dutch government, will be given employment on the second of the four regions which it is intended to reclaim from the sea.

This region, known as the Northeastern Polder, includes the islands of Urk and Schokland.

"Much Relieved," Says Lady After Taking CARDUI

Although they may be very active and apparently in good health, many women, at certain times, will do well to take Cardui. It may relieve some of the nagging symptoms that are so annoying every month.

Mrs. F. T. Foster, of Greensburg, Ky., writes that she has "derived great benefit" from Cardui. "Before taking Cardui, I was weak and extremely nervous, and suffered from sleeplessness. This made me tired and worn in daytime. My back ached continually. Being an active woman, I did not want to continue in this condition. Having heard a great deal about Cardui, I found, after just a few bottles, I was much relieved. I continued taking Cardui and was so much helped."

Of course, if Cardui does not benefit YOU, consult a physician.

4-Foot Ballot Will Be Given To The Voters

Names Of Candidates Will Take Up Three Columns On Ballot For First Primary

101 Candidates For State Jobs

Every Office Except U. S. Senator To Be Filled This Year

TALLAHASSEE, May 9.—(AP)—A ballot four feet long, with three columns of names, will be handed to voters in the first Democratic primary June 2.

It's a new record for size of the voting sheet which bears the names of candidates for nomination. On June 2, however, it will be trimmed to a more slip of paper because when the second primary comes around there will be only two candidates' names in the various races. The others will have been eliminated.

Names of 101 candidates for state-wide offices will appear on every ballot. In addition, there will be names of candidates for Congress from the five districts which will appear on ballots with 120 districts, and names of candidates for district delegates to the Democratic national convention.

Added to all this will be the names of scores of candidates for county offices.

This is the "big election" year for every elective office except United States senators, four justices of the Supreme Court, two railroad commissioners, some members of the judicial branch and the governor.

Fourteen candidates for governor lead the parade. The winner will oppose the Republican nominee in the November general election.

Second place for the size of the field goes to the state's new fifth congressional district in Central Florida. Ten men seek the Democratic nomination there, and the winner will oppose the Republican nominee in November.

So far as the senatorial offices are concerned, it's a contest among men this year. There is no woman candidate. In the counties, however, some races have women aspirants.

In its history, Florida has had only one woman in major office. She was Mrs. Ruth Bryan Owen, who represented the fourth district in Congress. She was defeated for re-election and afterwards became American minister to Denmark.

Some of the outstanding contests will end with the first primary because there are only two candidates. In a few, the incumbents were unopposed for re-nomination.

Republicans will offer 11 candidates for major offices in November. They are governor, Comptroller, and the first, fourth and fifth districts, and seven candidates for presidential electors.

Indications not weak that Florida voters were not anxious to pay their own expenses as delegates from the state at large to the Democratic national convention were displayed before the time expired for qualifying. Within the last three qualifying days, several thousands signed up, but the state, along with Mrs. Paula C. Cleveland of Everglades who previously qualified, was Mrs. Frances Shelle Albert of Sebring, Miss V. H. Moore of Palm Bay, and Mrs. A. M. Hines of Sebring.

Approved Citrus Fruit Marketing Pact Won't Be Put In Force Till Next Year

LAKELAND, May 9.—(AP)—The Florida Citrus Commission organized yesterday as the central committee for the fruit industry's new federal marketing agreement and immediately voted to allow oranges and grapefruit to move without regulation for the rest of the season.

Another decision was to make no levy for operating expenses before next season.

L. P. Kirkland, chairman of the commission, was elected unanimously to lead the new group. John S. Taylor was chosen chairman, Frank E. Robinson secretary-treasurer, and John S. Taylor attorney.

The vote not to regulate citrus fruits until next season was a significant one, it was pointed out, because it meant that the fruit growers would not be bound by the federal marketing agreement until next year.

Each chapter of the commission is now being organized in each county. It will hold a session on May 12.

7295 Patients Cared For In Fernald-Laughton Hospital During 17 Years' Existence

Institution's History Related By Lawton, Association Head

By T. W. LAWTON
The citizens of Sanford realized as far back as 1911 the urgent need of a hospital located within the city and on May 5, 1911, at a mass meeting held in Eagle's Hall, Sanford, a constitution was adopted and the association was known by the name of The Sanford Hospital Association. The object and purpose of this association was practically identical with that of the present institution, viz., the establishment and support of a non-sectarian hospital for the sick and afflicted of the City of Sanford and its vicinity.

The records available are somewhat incomplete but it appears that Mrs. George H. Fernald nee Mabel Laughton was treasurer and Mrs. A. T. Rosetter's name appears on one of the early papers as chairman of the association. Mrs. H. M. Papworth was also treasurer during the early days of the Association, probably succeeding Mrs. Fernald. It seems that this Association did not purchase or erect a building and hence did not enter actively into the operation of a hospital. It did, however, through campaigns, and other activities accumulate land and stocks and some cash. These assets were turned over to the Fernald-Laughton Memorial Hospital Association some years later. The total in money and cash realized from the sale of the lots and stocks amounted to \$7,985.24. No records are available indicating the date on which the Sanford Hospital Association ceased to function, but it was between 1919 and 1920.

A preliminary meeting of interested citizens was held at the Court House in Sanford on June 9, 1919, for the purpose of considering a hospital proposition and the organization of the new hospital association. As a result of this and subsequent meetings the Fernald-Laughton Memorial Hospital Association was incorporated on July 23, 1919. In June of this year Mrs. Mabel Laughton Fernald donated to the City of Sanford her beautiful home at 500 Oak Avenue to be used solely for hospital purposes and to be known as the Fernald-Laughton Memorial Hospital. This gift (Continued on Page Five)

Young Filipinos To Get Army Training

MANILA, P. I. May 9.—(AP)—Military training for all able-bodied school boys ten years and older and training of school girls for auxiliary service has been announced by the military service regulations division of the Army of the Philippines.

The boys will perform preparatory service until they are 21, when they become subject to service with the colors. At eighteen, they will enter the junior reserves. After his birth in the regular army the young man will enter the reserve forces until he is 30.

Under the regulations, school girls will receive such instructions and training as the chief of staff of the army may deem necessary for auxiliary service.

York Won't Accept Nomination By Drys

NASHVILLE, Tenn., May 9.—(AP)—Explaining why he refused the party's nomination for vice president, Sergt. Alvin C. York, the World War hero, said here that if he ever ran for anything, it will be on the Democratic ticket.

"I'm a Democrat first, last and all the time," he added.

Approved Citrus Fruit Marketing Pact Won't Be Put In Force Till Next Year

LAKELAND, May 9.—(AP)—The Florida Citrus Commission organized yesterday as the central committee for the fruit industry's new federal marketing agreement and immediately voted to allow oranges and grapefruit to move without regulation for the rest of the season.

Another decision was to make no levy for operating expenses before next season.

L. P. Kirkland, chairman of the commission, was elected unanimously to lead the new group. John S. Taylor was chosen chairman, Frank E. Robinson secretary-treasurer, and John S. Taylor attorney.

The vote not to regulate citrus fruits until next season was a significant one, it was pointed out, because it meant that the fruit growers would not be bound by the federal marketing agreement until next year.

Each chapter of the commission is now being organized in each county. It will hold a session on May 12.

They will hold a session on May 12.

\$7,231 Spent By Candidates Seeking Office

First Accounts Are Filed With Clerk 2 More Statements Required By Law

Candidates in Seminole County for public office have already spent \$7,231.19, according to their sworn statements filed this week in the office of O. P. Harnden, clerk of courts, and the first primary is more than three weeks away.

None of the first statements had subscriptions, but the law provides that these must be made public before the campaign closes. The second expense statement must be filed by each candidate between May 21 and May 24, and the third and last statement must be filed between June 24 and July 1.

Expense statements were filed by 68 candidates for offices in Seminole County, by the one Seminole County resident who is a candidate for the State Senate from this district, and by the (Continued on Page Five)

City News Briefs

The weather: Fair tonight and Sunday. Extreme northwest Florida: Fair tonight, Sunday partly cloudy.

Jan. C. Roberts, Justice of the Peace in the Fourth district, is the only candidate for that office.

Sunday's tide: High at 10:41 A. M. and 11:09 P. M., low at 4:24 A. M. and 4:25 P. M. Monday's tide: High at 11:35 A. M. and 11:46 P. M., low at 8:19 A. M. and 8:18 P. M.

A charcoal burner set fire to an interior wall of the kitchen in the W. J. Terry residence at 612 West Twentieth Street yesterday afternoon, but only slight damage was done before the fire department extinguished the blaze.

State Senator W. C. Hodges, candidate for governor, will speak in Seminole County twice next week. The first address will be in Oviedo at 10 o'clock Monday morning and the second in Sanford at 8 o'clock Wednesday evening.

Yesterday's paper reported that O. P. Harnden had qualified as a candidate for constable in the Fifth district, comprising Oviedo, Gabriella and Slavia. That district was known as the Fifth in the last election, but it has since been changed to the Third district.

Police yesterday recovered a dozen stolen porch chairs when they arrested Johnny Allen, negro boy, who was trying to sell some of them. Some of the chairs have been identified and claimed by their rightful owners but there are eight others at headquarters awaiting identification.

Evidence property at the southwest corner of Ninth Street and Elm Avenue was sold yesterday by Louis V. Hestinger, of Center, Pa., to Herman G. Long of Livermore, Pa. Two lots in Altamonte Springs were sold by Ernestine E. Murray to Richard J. Bandy.

Chief Mack Cleveland of the Sanford Fire Department returned last evening from Atlanta where he attended the annual convention of the Fire Chiefs Association for the southeastern states. He also received instruction from the Atlanta School of Fire. The chief said he received much information that will be of value in fighting fires in Sanford.

While Raymond Eilers of Orlando, candidate for First District Congressman, is addressing a Sanford audience this evening, Judge Joe G. Jones of Sanford, candidate for the same office, will address the audience in Kissimmee. Mr. Eilers is to speak at 7:30 o'clock and R. F. Fatty, candidate for governor, will speak here at 8 o'clock. They will hold a session on May 12.

HERE'S CHANCE TO HELP FAMILY TRYING TO KEEP OFF THE DOLE

Do you want to help a destitute Sanford family which is trying to get along without going on government relief? If you do, get in touch with Miss Dorothy Lamb, county nurse, whose office is in the Court House.

Miss Lamb says that this family consists of a man and his wife, six children, five of whom are in school, and their grandmother.

They all work and are trying to make their own living, but are having a hard time doing it. Miss Lamb says they do not have enough to eat, and the children often have to go to bed without any supper.

One of them, she says, sleeps on a bed without any mattress, because there is no mattress and the family hasn't any money enough to buy one.

Sanford people who appreciate the predicament of this family and who admire their efforts to try to support themselves, are asked by Miss Lamb to assist them by donating food and clothing, or other things such as mattresses, which might be of help.

Anyone wishing to make a contribution may get in touch with Miss Lamb by telephoning 148 or 194-J. Donations will also be gratefully received at the County Nurses headquarters in the Court House.

Future Farmers From Six Towns Debate Tonight

The best speakers in chapters of the Future Farmers of America in seven towns in the seventh district will engage in a public speaking contest in the assembly hall of City Hall at 7:30 o'clock this evening. The winner of the contest will represent the district in the state meet.

An admission charge of 25 cents will be made and the public is invited. The program will last about three and one-half hours according to the expectations of Alex Johnson, instructor in agriculture at Seminole High.

Boyd Coleman will represent Seminole County Chapter, and has chosen as his subject "Cooperation and American Farm Needs." Speakers from other towns and their subjects will be as follows: Apopka, Oscar Vickers, Jr., "Farm Conservation"; Deland, Tom Stewart, "Self-Relief for American Farmers"; St. Cloud, Oscar Hutchinson, "Soil Conservation"; Hastings, Charles White, "Future Farmers and After School"; Crescent City, Mangin Peacock, "Soil Conservation."

The judges will be H. R. Pierce, instructor in public speaking at Rollins College; J. D. Walker, superintendent of schools in Orange county; and C. R. Hiatt, Lake county agricultural agent.

In addition to the public speaking, there will be music by string bands, fiddlers, harmonica players and vocalists. The string bands of Sanford and Deland will compete; Dave Shannon of Sanford and a Deland boy will fiddle; William Burnett of Sanford and boys from Apopka, St. Cloud and Crescent City will play harmonicas; and Sanford, Oviedo, Apopka, Deland and St. Cloud quartets will sing.

Kidnaper Mahan Pleads Guilty, Gets 120 Years

TACOMA, Wash., May 9.—(AP)—William Mahan, sea-ferred ex-convict, pleaded guilty today in federal court to the \$200,000 kidnaping of George Waychasser, nine-year-old lumber fortune heir.

Mahan was on both counts, Mahan's first reply "guilty" was in a low tone of voice and Federal Judge E. E. Cushman lifted his head and looked quizzically at him. Mahan repeated in a louder tone, "guilty." Judge Cushman then sentenced him to 60 years on each count. The sentence was to McNeil island penitentiary in Puget Sound near here.

Tampan Who Missed "Bank Night" Prize Asks \$3,000 In Suit

TAMPA, May 9.—Suit for \$3,000 was filed in circuit court yesterday against Gulf Theaters, Inc., operators of the Tampa, Fla., by W. A. Rice, whose name was on a list of names of those who missed the "bank night" May 1 and who missed the pot of \$1,500 by one minute, according to an announcer's statement: "Here a loud speaker to a crowd waiting outside at the time."

WPA Allotment For Florida Nearing End

JACKSONVILLE, May 9.—(AP)—E. A. Pyrah, Florida work progress administrator, said today the present WPA allotment all funds available are "being exhausted about the middle of June."

Of \$1,747,488 allotted to the state, \$730,000, only \$1,523,000 remains.

He estimated \$985,000 would be spent for salaries and \$150,000 for materials in May.

Efforts have been made to obtain additional WPA funds for Florida.

WALTER HAYES, May 9.—(AP)—Walter Hayes, Florida State Banker, said today that the Federal Reserve Bank of Atlanta, Ga., had approved a bond issue for the state.

Party Committee May Nominate Men For Trammell Seat

Record Crossing Of Atlantic Made By Big Zeppelin

Hindenburg Arrived At Lakehurst At 5:23 A. M. Today

LAKEHURST, N. J., May 9.—(AP)—The Hindenburg, newest and largest zeppelin, complete her first trip across the North Atlantic today in the record time of 61 hours and 53 minutes. The giant ship was moored at the naval air base here at 5:23 this morning. It left Friedrichshafen Wednesday at 3:30 in the afternoon, following shipping lanes across the North Atlantic.

The Hindenburg did not pass over America's soil until it skirted Long Island and cruised over New York City just as dawn lighted the sky.

A landing crew of trained sailors of the United States Navy aided by 50 civilians brought the ship safely to ground here.

While a dozen airplanes circled above, Dr. Hugo Eckener, famous dirigible designer, leaned out of the control cabin and waved a greeting to a welcoming throng of 5,000. The landing completed the first of a series of commercial trips this summer between Germany and America.

Badoglio May Be Made Viceroy To Govern Ethiopia

ADDIS ABABA, May 9.—(AP)—Marshal Pietro Badoglio was understood today to have been selected for the post of viceroy of Ethiopia—the first viceroy in Italian history. Proclamation of his appointment is expected to be issued soon in Rome. The marshal could turn to the task of governing Ethiopia in the name of King Victor Emmanuel since the military campaign in which he was commander-in-chief has virtually ceased to exist.

The last evidences of war were a bandit attack on an ambulance outside Addis Ababa and the departure by train yesterday of the native Eritrean Askari for probably unopposed occupation of Direwawa.

Despite the presence of a dead man opposite the front door, the general merchandise store of Mohammed Ali, which alone of Addis Ababa's business establishments was not looted, is doing a booming business. Mohammed Ali and his retainers systematically mowed down the bandits as fast as they charged his store, and held out until the Italians arrived.

The story of Park Trammell's life was another "poor boy makes good" tale.

Hard work and very little talking carried him from a none too prosperous citrus farm in Lakeland, Fla., through college, all important state offices and four terms in the United States Senate.

He capped his long public career by sponsoring the bill that authorized building the United States Navy up to full London treaty strength. He was an unwavering supporter of New Deal policies.

His other Senate interests were flood control, river and harbor, highway aid, veterans' aid, bank deposit guarantee, relief, and measures to establish the Everglades National Park and to assist fruit growers of his state.

Trammell, a huge man with long, dark curly hair, took very little part in Senate debates. His most active participation in floor discussion, perhaps, was his joining with James A. Reed of Missouri in his first term, in fighting the League of Nations.

Trammell was credited with originating the provision in the Public Works bill setting aside \$400,000,000 for highway grants to states without receiving states to match the federal funds. They received more than \$5,000,000 these grants.

Never defeated for public office, Trammell worked as a salesman to finance his college education.

His early schooling was (Continued on Page Five)

Engineer Says War Department Won't Dig Canal That Will Injure Florida

"Please be assured that this (the U. S. War) department is thoroughly appreciative of the importance of the agricultural and citrus fruit industries of Florida, and does not propose to undertake any construction work which would result in serious injury to those industries."

This warning Captain Lucius D. Clay of the Corps of Engineers of the War Department in Washington is to James Lewry Papworth (Mrs. E. E. Papworth) as chairman of the conservation committee of the Garden Club of Sanford.

The letter was in reply to one Mrs. Papworth wrote President Roosevelt in care of the secretary to Dr. Hamilton Zell, president of Rollins College, who handed it to the President's secretary when the Chief Executive recently visited the college. Captain Clay's letter to Mrs. Papworth follows: "I am in receipt, by reference,

Successor To The Late Senator Is To Be Chosen At General Election In The Fall

To Be Buried In Lakeland Monday

Funeral Train Will Leave Washington Tomorrow Morning

TALLAHASSEE, May 9.—(AP)—Capital attorneys today said the State Democratic and Republican Executive committees to be elected in June in the second primary will have the power to name party nominees for the office of United States senator, left vacant by the death of Park Trammell in Washington last night.

Governor Shotts may appoint a successor who would serve until the office is filled by the electorate at next November's general election.

The person elected in November would take office in January to serve until 1941 when Trammell's six-year term expires. In addition to Democratic and Republican nominees named by party executive committees, any independent candidate for office could have his name placed on the November ballot by a petition signed by 25 qualified voters in each county. The electorate also could write in the name of any person.

Since the time for candidates to qualify in the regular way expired a week ago today, Trammell's successor cannot be nominated in the June 2 primary, although some constitutional lawyers said it might be possible for the state executive committee to call a special nominating primary to be held on June 22 at the same time as the second primary.

Membership on party executive committees will be filled at the June 2 primary and the new committees must meet to organize within 30 days after that time. They are expected to name the party nominee for office at organization meetings.

The body of the late senator will be forwarded early tomorrow to Lakeland. The train carrying the body, members of the family and a congressional escort will arrive at Lakeland at 4:20 A. M. Monday. Funeral services are set for 4 P. M. Monday. There will be no mourning in Washington.
