ATTORNEY GENERAL WILL BE IMPEACHED

WILL IMPEACH DAUGHERTY REPRESENTATIVE KELLAR SAYS HAS FOURTEEN REAL POINTS

HAVE BEEN SUBMITTED TO
HOUSE JUDICIARY WHICH
WILL MEET MONDAY

TO CONSIDER SAME

Kellar Sent Letter to Volstead,
Says He Can Prove All His
CHARGES

WASHINGTON, Dec. 2.—A statement of formal charges by Representative Kellar, setting forth fourteen specific grounds on which he seeks the impeachment of Attorney-General Daugherty, has been submitted to the House Judiciary committee which meets Monday to consider the charges.

Kellar sent a letter to Chairman Volstead declaring his specifications, "set out and I am prepared to prove Daugherty guilty of serious misconduct in office."

WASHINGTON, Dec. 2.—Chief Justice Taft was named today in a statement to the House Judiciary committee by Representative Kellar, Republican, Minnesota, as a witness to be called in support of his demand for the impeachment of Attorney-General Daugherty.

The chief justice was desired to testify, Mr. Kellar wrote in connection with his charges formally filed, that Attorney General Daugherty had appointed "untrustworthy, corrupt and dangerous men" to high office, knowing at the time that they were men of such character.

George W. Wickersham, former attorney general; Samuel Gompers, president of the American Federation of Labor; and Guy Oyster, Mr. Gompers' secretary, also were mentioned by Mr. Kellar as other witnesses he would ask the committee to summon as to this particular allegation.

Regarding the committee request that he give the names of all persons who could testify as to any further charges on which he based a demand for impeachment, Mr. Kellar wrote that he would not comply, except in certain particulars, as he and his advisers regarded as safe.

Setting forth fourteen specific grounds for impeachment, Mr. Kellar alleged that Mr. Daugherty had practiced fraud and deceit on Mr. Taft while President to obtain the release from prison of Charles W. Morse, and that on Mr. Morse's failure to pay Daugherty's associates in the pardon proceedings an agreed fee, he "instituted" the office of attorney general for "personal revenge" by securing an indictment of Morse.

In his letter to Chairman Volstead of the Judiciary committee, Mr. Kellar said the specifications he enclosed "set out and I am prepared to prove that the said Daugherty is guilty of serious misconduct in office, highly prejudicial to the public interest; of grave abuse of his discretionary powers; of willful and repeated violations of his oath of office, and of high crimes and misdemeanors in fourteen particulars, each one of which is supported by numerous instances."

"If any of these fourteen specifications against the said Harry H. Daugherty can be said to be more important than any other," said Mr. Kellar, "it is that group of specifications that relates to the refusal and neglect of the said Harry H. Daugherty to enforce the anti-trust laws of the United States of America."

The reasons why Mr. Kellar desired to have Chief Justice Taft and Mr. Wickersham testify were set forth in his list of particulars: He cited the case of William N. Jones, convicted in 1907 for alleged land fraud against the government in Oregon and subsequently pardoned by President Taft. He alleged that William J. Burns, now chief of the bureau of investigation of the Department of Justice, and then employed by the government, "got possession in advance" of the prospective jurors who were to be called in the trial of Jones, and placed opposite their names a notation

FOUR HUNDRED ARE HOMELESS BY FIRE FIEND

TERRERONE, QUEBEC, IS VISITED
BY DISASTROUS FIRE

(By The Associated Press)
TERRERONE, Quebec, Dec. 2.—Four hundred persons are homeless the result of a fire which last night wiped out the entire lower part yesterday and destroyed more than 75 residences and store buildings, including the town hall and the post office. When the fire apparatus arrived from Montreal, 25 miles distant, a large section of the town had been mowed down by the blaze.

DISARMAMENT CONFERENCE AT MOSCOW

WILL BETTER RELATIONS BETWEEN
RUSSIA AND HER
NEIGHBORS

(By The Associated Press)
MOSCOW, Dec. 2.—The disarmament conference which officials believe will be the most important meeting ever held for the bettering of relations between Russia and neighboring states opened here today. In addition to reducing armies it is expected the neutralization of Baltic settlements of neutral second frontiers will be discussed.

Senate Republicans Are Taking Counsel Among Themselves

REGARDING FILIBUSTER
AGAINST DYER ANTI-
LYNCHING BILL.

(By The Associated Press)
WASHINGTON, Dec. 2.—With an extra session of Congress fast drawing close Senate Republicans took counsel among themselves as to means of bringing an end to the Democratic filibuster against the Dyer anti-lynching bill so as to obtain confirmation of about fifteen hundred presidential nominations before adjournment.

Abandonment of the Dyer bill was considered at conference prior to today's session, but no decision was reached. Arrangements were made for a Republican caucus late in the day.

As to their so-called fitness from a prosecuting standpoint.

Through the influence of a secret service agent associated as a defendant, he said, "Jones was induced to accept as jurors men to whom otherwise he would have objected." Attorney-General Wickersham after investigating the circumstances reported in Mr. Taft as set forth in the Kellar bill that he could not "countenance the methods employed in the prosecution of these cases by requiring an enforcement of the sentence imposed in the Jones case."

On receipt of the report by Mr. Wickersham, President Taft promptly pardoned Jones, the bill set forth. At the time of Burns' appointment by Mr. Daugherty, Mr. Kellar asserted that Mr. Gompers went to him and protested, called attention to the record in the Jones case and that Mr. Daugherty, in his presence, sent for the files which were "produced" and which contained the report of General Wickersham and the direction of President Taft for the issuance of a pardon in the full knowledge of the fact. Mr. Kellar stated that Mr. Daugherty went ahead and made the Burns appointment.

TWO MILLION DOLLAR LOSS IN NEWBERN, N. C., FIRE WHICH SWEEPED THE TOWN

Homes of Thousands of People Were Destroyed
Yesterday

(By The Associated Press)
NEWBERN, N. C., Dec. 2.—Property damage estimated at \$2,000,000; loss of employment by five hundred persons and the destruction of homes of approximately 1,800 persons with one fatality was the toll of the fire that swept through town yesterday. With the approach of dawn the firemen finally conquered the flames, and were replaced with soldiers who guarded heaps of household goods scattered over the town. The mayor called a mass meeting to take action towards relieving the sufferers.

Killed His Wife Or Buried Her Alive In Lime

NEW YORK, Dec. 2.—Abraham Brecker, taxicab chauffeur, was indicted today for the murder of his wife, Jennie, who, authorities believe, was buried alive in a quick lime filled grave from which her body was taken Wednesday.

The official theory that the woman was buried alive was formed after the report of Dr. Karl Denard, assistant medical examiner of Bronx county had been submitted to the district attorney. Dr. Denard said that while she had been dealt a heavy blow on the head, it was a plain fact that it would have stunned her and not ended her life.

Her hands and feet had been bound and a coat had been placed over her face. The body bore other evidences, he reported, that the woman had regained consciousness in the grave on a vacant lot and that she fought against death.

Heuben Norken, a welder, who led the district attorney to the grave and asserted Brecker had told him she was buried there, was held in \$100,000 bond as a material witness.

Mrs. Anne Alias, who says that Brecker is the father of her two-year-old child, also is being held as a material witness.

No More Italians Will Enter the U. S. Until June, 1923

(By The Associated Press)
NEW YORK, Dec. 2.—Immigrants from Italy will not be permitted to enter the United States until after June 30, 1923, it was announced by immigration officials, who said that 1,455 immigrants who arrived on the Italian steamers Giuseppe Verdi and Conte Rosso early yesterday exhausted the year quota and exceeded the December quota by 355.

The vessels raced across the Atlantic to get immigration preference, but their race ended in a tie, both ships splashing their anchors in American waters one minute after midnight. The monthly quota was divided proportionately between them, the Giuseppe Verdi being 159 in excess and the Conte Rosso 195.

Immigration officials said numerous exemptions from the law would cut down the excess number who would be handled by a preference system, wives and children of naturalized citizens and of former residents being admitted first.

It was explained that the 1922-23 quota was filled because the law permitted it to be exhausted during the first five months of the fiscal year.

One Child Burned To Death in Fire

(By The Associated Press)
HAMPTON, Va., Dec. 2.—One child was burned to death and ten families were rendered homeless late yesterday when fire swept through a section of Battery Anderson at Fort Monroe and destroyed five of the large double barracks used by non-commissioned officers and men at the fort as residences.

Helen Burnett Galloway, infant daughter of Sergeant and Mrs. Merrill Galloway, was asleep in one of the barracks. Efforts to rescue the child failed.

SIMPLICITY MARKED SERVICE IN HOUSE TODAY

FOR REPRESENTATIVE MANN,
OF ILLINOIS, WHO DIED
YESTERDAY.

WASHINGTON, Dec. 2.—Simplicity marked the arrangements for the funeral services in hall of the House of Representatives for James R. Mann, of Illinois, whose death Thursday night ended his career in that body for more than a quarter of a century.

Dr. Harvey Urges Treatment For Nation's Ills

TELLS ANGLo-AMERICAN SOCIETY
JUST WHAT WE
MUST DO.

MANCHESTER, Eng., Dec. 1.—George Harvey, the American ambassador, speaking as the guest of honor at a Thanksgiving dinner of the Anglo-American Society tonight, outlined in six points what he considered a good formula for the national policy of the United States. The points as given by Mr. Harvey were:

1. To foster the strength of the republic by just legislation and economy at home.
2. To preserve the nations of the world the blessing of peace.
3. To strive to cultivate and maintain a concert of Europe.
4. To avoid needless and entangling engagements.
5. To acknowledge the equal rights of all nations.
6. The foreign policy of the United States should always be inspired by love of freedom.

Dr. Harvey, who responded to the toast, "Cordial Relations," said a very few words would comprise a comprehensively adequate response.

"The relations between Great Britain and the United States, both between governments and people, ought to be cordial and they are," said Mr. Harvey. "They should continue to be cordial and they shall. What more need be said? The toast has been proposed and the response has been given. Argument is unnecessary. The assertion is accepted and the incident is closed."

But having freely disposed of the subject of the toast, Mr. Harvey proceeded to comment at some length on the present industrial situation as compared with the period immediately following the Napoleonic wars. The Ambassador emphasized that, although conditions now admittedly were bad, they "are vastly better, both in fact and promise," than obtained for "fifteen long, dreadful years," following the Napoleonic wars.

Speaking of trade conditions and the exchange rate, the Ambassador quoted a list of figures. He declared that 20,000 pounds sterling would buy more foodstuffs from the United States now than 25,000 pounds sterling would have bought a year ago. The chase of the pound sterling after the dollar had been a fascinating one, although the pace of the pound sterling had somewhat slackened last summer, its stride had been resumed and the goal parity, although hardly within striking distance, nevertheless, was in sight.

"The day when it has been reached," the Ambassador continued, "will indeed be a happy day worthy of celebration on both sides of the Atlantic. We want all the people of the world to make money; to make our money, if they can, by work, but not by lying down or by pleading the baby act. Uncle Sam resembles the delfy in one respect, at any rate he prefers to help those who at least try to chip themselves."

"The United States has become what has been called a creditor nation. What of it? She was a debtor and a very hard working debtor through many generations. It isn't a crime to be a creditor, is it? I ask you, Englishmen, you ought to know. If it is, beware the hereafter!"

ONE HUNDRED PROGRESSIVES FROM ALL OVER COUNTRY MEETING IN WASHINGTON

TO PARTICIPATE IN OPEN
DISCUSSION PLANS FOR
REAL LEGISLATION

(By The Associated Press)
WASHINGTON, Dec. 2.—More than a hundred Progressives from all parts of the country are assembled here to participate in open conference for the discussion of progressive legislative aims and purposes, with nearly two score senators and representatives who met yesterday to form another unofficial bloc in Congress to further these aims during the present and next session of Congress. The morning session of the conference was called as an open forum for the exposition of progressive opinion.

CLEMENCEAU HAS PROGRAM AT ST. LOUIS

PUBLIC RECEPTION, AUTO
PARADE AND HIS FOURTH
ADDRESS

(By The Associated Press)
ST. LOUIS, Dec. 2.—Georges Clemenceau, war time premier of France, who is touring the United States on a good will expedition, faced a busy program here on his second day of his visit to St. Louis. Public reception, automobile parade, delivery of his fourth address intended to cement closer relations between France and the United States were the main events scheduled for Tiger before departure for Kansas City tonight.

MEXICAN TROOPS READY TO QUELL LABOR DISORDERS

(By The Associated Press)
MEXICO CITY, Dec. 2.—The federal troops were held in barracks yesterday in anticipation of another demonstration similar to that of Thursday night, when 17 persons were killed and more than 60 injured in consequence of the police firing upon a mob which was attempting to storm the city hall in anger over the shortage of water.

The confederation of labor, which staged last night's parade of protest against the aldermen, had an extended meeting later and immediately called on its adherents to strike as a sign of mourning for eight of its members who were killed during the disturbances and whose bodies are lying in state at confederation headquarters. The strike will continue until noon today. The victims of the disorders will be buried today.

The radical elements which comprised the bulk of the demonstrators on Thursday night, assumed a defiant attitude today.

COMMISSIONER HAYNES LEAVES FOR THE SOUTH FOR PERSONAL SURVEY

(By The Associated Press)
WASHINGTON, Dec. 2.—Federal Prohibition Commissioner Haynes left this morning for a personal survey of enforcement conditions in the South, which will take him as far as New Orleans and will include visits to practically every important Southern city. He is expected to take up with prohibition directors several Southern states relative to the question of prospective changes in the organization.

JACKSONVILLE, Dec. 2.—Prohibition Commissioner Haynes will confine his forthcoming visit to Florida to a one-day stay in Jacksonville, according to A. B. Stroup, chief of the prohibition forces here.

TIERNAN UNBALANCED SAYS WIFE'S SISTER BUT HE DISAPPEARS

CANNOT FIND MARRYING PROFESSOR OF
ILLINOIS

(By The Associated Press)
CHICAGO, Dec. 2.—John P. Tiernan has not been committed to Cook County Psychopathic hospital this morning on writ issued by Judge Righeimer last night and whereabouts of Tiernan, his wife and three children is unknown. Tiernan left with his family when it was learned a writ issued on behalf of his wife's sister, Mrs. Frances Palaski who asserted the belief that Tiernan was mentally unbalanced.

New Hardee Officers Take Over Positions

WAUCHULA, Dec. 2.—Hardee County is now manned by its new officers selected at the recent election, the clerk, judge, tax-assessor, tax collector and county superintendent, all taking over their respective offices Monday, and the county machinery is already running smoothly.

S. W. Conroy, the county clerk, has Mr. Gordon Langford as his chief assistant. Mr. Langford was formerly office man for Roberts, Henderson & Co., Zolfo, and has put in some time in Arcadia learning the workings of a clerk's office and the patrons of the Hardee county office may look for an efficient service.

Judge Frank E. Conner is filling his office like a veteran.

Mr. John McEwen, the tax assessor, expects to spend some time with each county commissioner going over their districts and get just as near a correct assessment as possible.

Things are moving along as usual in the tax collector's office. Mr. Lloyd Carlton, the newly elected collector, has practically had charge of the office since the county was organized, therefore there will be little or no change in his office.

County Superintendent Rooney was retained Mr. F. N. Witt as his assistant and there, probably will be little change in the conduct of this office.

Sheriff Dison's office, with Messrs. D. E. Gillett and Tom Whiddens as deputies, and M. Eaton Southernland as office man, is running smoothly.

ASSISTANT DIRECTOR OF PROHIBITION FORCES OF GEORGIA RESIGNS

(By The Associated Press)
ATLANTA, Ga., Dec. 2.—Neufield T. Jones, assistant prohibition director, and head of the field forces for this state of Georgia, handed in his resignation, effective December 5th, to enter private business, it was announced.

His withdrawal from the service has been accepted by Commissioner Haynes.

PHILADELPHIA, Dec. 2.—The condition of John Wanamaker, who has been ill at his home here several weeks, was reported tonight by his physicians as having assumed a grave aspect.

TWO SCORE MET YESTERDAY TO FORM ANOTHER UNOFFICIAL BLOC IN U. S.

(By The Associated Press)
WASHINGTON, Dec. 2.—Another unofficial "bloc" in Congress was born today when Progressives, Republicans and Democrats, called into session by Senator LaFollette, Republican, of Wisconsin, and Representative Huddleston, Democrat, Alabama, formed a progressive group for promotion of progressive legislation during the present and the next Congress.

About forty senators, representatives and members-elect, meeting behind closed doors in the senate agricultural committee room, adopted resolutions unanimously declaring their purpose "to drive special privilege out of control of government" and outlining a general program of liberal legislation.

Politics was declared to be banned and it was announced officially that no third party movement was contemplated. Republicans, Democrats and Farmer-Laborites joined in the conference, which was declared to be bipartisan and legislative, but not political.

Organization of the new bloc, which is similar to the unofficial senate farm bloc and includes many of the latter's members, is to be followed by two open meetings tomorrow of Progressives from all parts of the country. Between 100 and 200 are expected for a morning meeting and the Progressive conferences will close tomorrow night with a dinner, for which accommodations for 800 have been made. The speakers at the dinner, it is announced, will include Samuel Untermyer, New York attorney; Senator LaFollette and former Senator Bristow, of Kansas. The morning meeting will be an "open forum" for exposition of progressive opinion and the speakers will be Samuel Gompers, Governor Blaine, of Wisconsin; and Senator LaFollette.

The Congressional bloc's resolution today pledged members to co-operate in behalf of progressive legislation, to be brought forth by committees of the bloc during the present and next congress. A program announced includes as subjects agriculture, labor, railroads, taxation, shipping, natural resources, direct primaries, corrupt practices act and constitutional amendments to abolish the electoral college and to obtain earlier meetings of Congress.

Organization of the new bloc included appointment of a committee of committees to specify the various legislative subjects. Advisory committee composed of two members of each party from the Senate and House also was decided upon. The question of holding weekly or monthly regular meetings was disclosed but no decision was reached on this question.

Even regret has its compensations. The greater your remorse next morning, the better the ice water tastes.

Walking is cheaper, of course, but it's cheaper to be in the silver than under it.

TRUTH SEEKERS MET

One of the most enjoyable social and business meetings of the Truth Seekers Class was held at the lovely home of Mrs. Will Hoolahan, on West First street last Tuesday afternoon, when Mesdames Hoolahan, Shoemaker, Turner, Darcy, Flowers, Allen, Grow, Fields, and Marsh entertained the class very delightfully by celebrating their birthdays, which occurred in November. The usual business was transacted.

The meeting opened with a song, followed by prayer by the assistant teacher, Mrs. Camp, and devotional reading by Mrs. Mitchell. Many topics were discussed, after which a social hour was enjoyed by all present, when the hostess served cocoa, topped with marshmallows and three kinds of individual fancy cakes, which were enjoyed by all present. The house was beautifully decorated in poinsettias. About twenty-five enjoyed the hospitality of these ladies.

Scott, Mr. and Mrs. Charles Fedder, Mr. and Mrs. Fred Walsma, Mr. and Mrs. Frank Miller, Mr. and Mrs. Bert Herndon and Mr. and Mrs. A. J. Richardson.

COUNTRY CLUB DANCE AND BRIDGE

Last evening the Sanford Country Club was the scene of one of the most brilliant social events of the season, when the members were entertained by bridge and dancing.

Never had the club house looked lovelier than on this occasion. The decoration committee being Mrs. L. E. Hausholder, chairman, assisted by Mrs. G. D. Hart, Mrs. R. J. Holly, Mrs. J. M. Wallace and Miss Margaret Clarke, with the aid of Benjamin Whitner, Jr.

On the porches were tall corn stalks grouped together at intervals were large golden pumpkins. The whole lower floor was opened en suite, and it was here that the dancing was enjoyed until a late hour.

The mantles, arches, doorways and windows were draped with Spanish moss entwined with clusters of kumquats, oranges, grapes, grapefruit and autumn foliage. Suspended from the arches were wicker baskets filled with fruits and foliage. On the mantles were large golden "Horns of Plenty" overflowing with all sorts of tropical fruits. The chandeliers were entwined with graceful asparagus ferns and myriads of tiny golden kumquats. The lights were covered with gold paper and cast a mellow glow over this beautiful scene.

Upstairs the card tables were arranged for those who did not dance, the decorations being also of moss, fruits, flowers, autumn foliage and corn stalks. Here bridge was enjoyed at five tables. The prize for high score among the ladies was made by Mrs. Copely, who was awarded a dainty gold lace vanity. The men's prize, golf balls, went to R. R. Deas.

The music for the dancers was exceptionally good, and was furnished by Newberry's Orchestra of Daytona. Punch was served throughout the evening, at an artistically arranged table in the dining room.

The success which the club has achieved and will achieve has been by the hearty co-operation of the ladies of Sanford, which every one who is connected, at heart and in accord, intends to have intensified in the future development of the second home of all its club members.

ONLY FEW DAYS OF SUNSHINE

Composers of Popular Ditties Seldom Repeat, Though They Never Seem to Give Up Hope.

Tin Pan alley, like its lyrical refrain, has its joys and sorrows. Obscure youths with a flair for popular ditties are suddenly showered with gold. Broadway welcomes them with open arms. In the dazzling new world the glimmers of the White Way are soon on the trail. O. O. McIntyre writes in the New York Mail.

Four composers whose tunes were whistled in every city and hamlet have in the last few days fallen upon evil days. Still another—the composer of 50 successful songs—died friendless in the charity ward of the bleak Blackwell Island charity hospital.

It is possible to count on the fingers of one hand song writers who have made fortunes and kept them. The two most noted examples are Irving Berlin and Gene Buck. The Society of Authors, Composers and Publishers has voted donations amounting to \$1,500 to indigent composers during the last month.

The money comes suddenly and Broadway has its hall fellows who are ever ready to aid in the spending. There are quite a few composers and lyricists who have dashed off a song in a publishing house in a single afternoon and received royalties of more than \$50,000.

Because of this miracle they believe that they can do the same thing almost any afternoon they gather around the piano. The truth is that no composer has more than four distinct song hits. A hit, incidentally, is not a mere successful song. It means that the sales must amount to more than 100,000 copies.

WOMAN'S CLUB COLUMN

CALENDAR

Wednesday, Dec. 6.—Board meeting 9 a. m.

Wednesday, Dec. 6.—Business meeting at 3 p. m.

To the Members of the Sanford Women's Club

Dear Club Members: Can you think of anything more discouraging to your president than to have to adjourn a business meeting because there was not a quorum present to transact business?

Such was the case Wednesday, November first, our regular day for our monthly business meeting. Why is this? Can it be that other interests are claiming your attention or have you thought you are not necessary to a business meeting?

But, my dear club member, you are, and if you know what an inspiration it is to a presiding officer to have a full attendance you would be willing to make some sacrifices to attend these meetings.

To your president the business meeting is the most important meeting of the club.

It is there we get together to formulate and discuss plans for carrying on the work of the club. Through the exchange of ideas we gain co-operation and inspiration and, it gives you a broader interest, a more thorough understanding of what the Woman's Club is trying to do and should create in each club member a deeper feeling of club loyalty.

You have voted to remodel your club house and an architect is at work on plans for remodeling.

Do you think it possible to carry on this work unless you, as an individual club member can find time to attend the business meetings and give your support and co-operation?

It will mean work and it will mean team work. Not the work of fifteen or twenty loyal club members but the united effort of every club member as Kipling says:

It ain't the guns nor armament we find that they can pay, but the close co-operation that makes them win the day. It ain't the individual nor the army as a whole but the everlasting team work of every bloomin' soul.

The work of the Sanford Women's Club has had a vital far-reaching influence in club and community life.

Think back on what has been done for our schools and city and think of the work there is yet to be done along educational lines and civic improvements.

Is it not fitting that we have a better home to house an organization that has done so much and can do so much for our city. Can you afford to slacken your interest just now when you are needed so much?

You have signed the pledge. Holding worthy of unflinching loyalty my membership in the Woman's Club of Sanford, Florida, I will sustain its good work and guard its reputation. Won't you study this pledge and thus be loyal to yourselves and to your club.

Many each member come to realize the real worth while work of the club and take a deeper interest in the business affairs of the club.

Watch for the articles in club column every Friday. They are written for you and every woman of Sanford. May your president beg of you to keep in mind Wednesday, December 6th and come to the business meeting at 3:00 p. m.

Most sincerely,

EVA G. TOLAR,

President.

County Federation Meeting The regular meeting of the County Federation of Women's Clubs was held in the Club House Saturday, November 24th with the Woman's Club of Sanford hostess.

The morning session was devoted principally to reports and discussion of plans for further work to be taken up by the Federation.

One of the most important things the Federation hopes to do is to secure a tract of land for a County Park. Oviedo already proudly boasts of ten acres which have been given for a park. Have we not some public spirited citizen who can and will do as much or more for Sanford? These parks scattered all over our state will be a source of joy to the traveler as he goes from county to county.

At the afternoon session we had with us Miss Skinner of Welaka, the president of the Florida Federation of Women's Clubs; Mrs. Galloway of Sanford, vice-president at large of the P. F. W. C., and Mrs. Vet Brown of Bartow, chairman of the Community Service of the P. F. W. C. Miss Skinner, who is thoroughly alive to her work, briefly outlined the four bills recently endorsed at the convention of the P. F. W. C. just closed at Green Cove Springs. These bills are to be presented to the next legislature. They are as follows: State Board of Education.

State Public Welfare Department. Children's Code Commission. Better Marriage Law.

Mrs. Galloway spoke interestingly of the junior work of the state, a department of Junior work has been added to the work of the P. F. W. C.

Mrs. Brown told what her department really was and gave a few hints of work Clubs might do.

Mrs. Clarke, the county nurse, came before the Federation and told of the work she was doing in the schools. Calceolarias being the latest adjunct.

We were indebted to the Woman's Club of Sanford for a very lovely luncheon and we wish to take this opportunity of thanking Mrs. Claude Herndon, who had charge of the luncheon and her splendid corps of helpers. The next meeting will be held at Longwood in February.

SPECIAL NOTICE TO BLKS

You are requested to meet at the Masonic Hall Sunday afternoon at 2:30 o'clock to form in line of march to attend memorial services to be held at Presbyterian Church at 3:00 o'clock. Kindly be prompt.

PLANT SALE ON SATURDAY OF THIS WEEK

HELP TO MAKE SEMINOLE COUNTY THE MOST BEAUTIFUL

Be sure to plan to go to the Woman's Club plant sale Saturday. There may be some things there that you will want for your garden—there is sure to be a warm welcome, and some interesting garden talk. If you have roses, foliage plants or fall blooming flowers, be sure to take a basket or vase, no matter whether you think they may take a prize or not. We folks have a wonderful county—this Seminole, and the more we realize this, and the prouder we are of the fact the better for all of us and our children, and the strangers who are daily thronging in to cast their lot with us. Bring your beautiful flowers—let us look our possibilities in the face, and see if we cannot build up into wonderful beauty our county that is already so wonderful in the more practical side of horticulture. Bring your flowers—if you happen to have something remarkable in the way of a fruit or vegetable, bring that. Who knows but that from some small

Orange county still wants brick to the ocean. But bonds are bonds and the taxpayers are to be consulted.

The strawberry will be a most important part of our fruit crop this year and next in Seminole county. And it will be a winner.

Another tong war is feared in New York. We hope the Sanford Chinamen will not be involved. All the tongs are needed just now in the fire-places.

Taft will testify against Attorney-General Daugherty, says dispatches in the dailies. Looks like they will get Harry in bad before they get through with him.

Letty is picking up, says the latest reports and while it takes a long time for a poor market to recover it is the thought the growers will be getting good prices next week again.

The Winter Park Herald will appear next Sunday morning and will be an innovation in the journalistic field. The paper will be carried to subscribers in Sanford every Sunday.

Christmas business is right here on us. Everyone should begin shopping now for Christmas and not have the big rush come on at the last moment. The Sanford stores are all ready for the Christmas trade and you can do your shopping now.

Woodrow Wilson says that the Democrats will win in 1934 and that he will get out and help them win. We would like just to remark that if Woodrow takes the stump there will be something doing in the political field and the Republicans will have to hunt for cover.

There is just one way to bring new business into Sanford and that is for the merchants to keep advertising, keep quoting prices and keep after the new business. It will come to Sanford if it is sought in the right way. The Daily Herald is the vehicle that will bring you the business.

William Rockefeller, one of the billionaires of this country, died the other day. He went to a football game and took cold, developed pneumonia and all his immense wealth could not save him. All of which reminds us that we would rather be a poor editor and alive than a dead billionaire.

Representative Mann, who served Illinois for so many years and was one of the Republican leaders in the House is no more. Regardless of his views that probably did not always coincide with that of the majority, Representative Mann had a very useful career and he no doubt represented his own people satisfactorily or he would not have been returned time and again to Congress. He was one smart Mann.

The citizens of Mexico City were out of water yesterday due to some political wrangle and the water famine was laid at the doors of the aldermen of the city. The mob, becoming enraged, stormed the city hall and the troops were called out and many people were killed. The people had a perfect right to protest, when the water gave out. Some people here in the United States protested when the beer gave out.

The Herald wishes to thank the Chamber of Commerce for their kind words of yesterday when they passed resolutions giving due credit to the Daily Herald for the work in the past and present and the fact that the Herald was giving the people a real daily paper. Such actions from the public bodies of the city make the newspaper men feel that they are

SHALL OUR MUNICIPAL CENTER BE ON THE LAKE FRONT?

An effort is being made to make the lake front the municipal center for the Sanford of the future and this opens up a broad vista of events and improvements all to be made on this new land just acquired by the city. The Herald wishes to congratulate the City Commissioners upon their excellent move made a few days ago when they purchased the property from Park avenue west 117 feet and all of the lake front north on this parcel of land and the riparian rights to the property from the railroad on the west to Palmietto avenue on the east, thus giving the city the chance to have some beautiful parks and also to build streets and beautify this property. That parcel of property still owned by the Lake Front Improvement Co., on the lake shore will no doubt be a tourist hotel site some day in the near future and the grounds will be beautified and made into a park to correspond with the efforts of the city.

Now that the city has acquired this property there is a discussion about the new library going up in the parks and many of the citizens are in favor of a compromise and build the library building on the lake front. The majority of those in favor of placing the building in the park, favor that spot because the land would not cost anything and all of the money appropriated for the library could be spent on the building. The same holds true of the site on the lake front and if the city intends to make the lake front their municipal center and in the near future to place all the administration buildings and the big auditorium there such planning should be made at once with the comprehensive plan of outlining these buildings commensurate with the future growth of the city. The library building if built on the lake shore should be placed with the view of the future growth of the city and remembering the city buildings that will follow all laid out with broad grounds and beautiful surroundings that will take the eye of the visitors. The lake front when the new pier and boat basin are built will be the most beautiful spot in the city and will probably be one of the finest lake fronts in the state. All that we do on this lake front then should be done with that idea in view and we should make every effort count and even if but a little can be accomplished each year it should be accomplished on the unit plan with the single idea of having the best and the most artistic plans of development on this lake front—the most valuable asset that any city ever had.

The Chamber of Commerce went on record yesterday as favoring the lake front for the library site and there is no doubt but what other organizations in the city will do likewise and the citizens in general would favor the lake front. There is only one objection to the lake front that could be raised and this is the distance from the center of the growing city. However, if all the municipal buildings are to be there some day it will be no hardship on those wanting the use of the library building to come a few blocks farther.

This question should be discussed and pondered by the citizens of Sanford and your expression given to the City Commissioners before they get ready to build.

WATER PROTECTION FROM FROST

There is a saying in Florida that if the lakes are full of water in the fall there will not be a freeze. It is possible that there never has been a freeze under such conditions but is there anything in the theory? Do Texas blizzards that sweep in a southeasterly direction across the Gulf of Mexico have any respect for the situation in Florida and if not is there not just as much chance that they should originate in such years as any other? If they do come will lakes full of water protect this state from a freeze? We should say not although we do believe that with lakes full of water the protection is better for such groves as are near and on the south side of these lakes, but to argue that full lakes would help those properties that are not near water seems foolish. There are more groves far from lakes or other bodies of water than otherwise. It has been stated that the average lake gives protection only for about one mile on the south and southeast sides; certainly there could be none for property on the north or northwest side.—Florida Grower.

BOB HOLLY BELIEVES IN SAFETY FIRST

The flight of the Sultan of Turkey from Constantinople has provided many a joke for the "funny men" of the American press. Florida is not without its share of real wit as represented in the editorial chair as may be readily seen from the comment of Bob Holly in his Sanford Herald in which he says: "The former Sultan of Turkey having been forced to leave the palace and flee to where the wicked pursue not,

IMPROVEMENT NOT YET GENERAL SAYS BABSON

STATISTICIAN SAYS ONLY HALF OF BUSINESS WORLD YET AFFECTED

IMPROVEMENT ... 2 col box headed WELLESLEY HILLS, Dec. 2.—Roger W. Babson today called attention to a very important fact in discussing the general industrial revival.

"Depression hit the country very much like storms," says Mr. Babson "and just as they affect different localities of the country in regular sequence they also affect the different divisions of our business world in different degrees and at different times."

"The fact that a depression ordinarily starts in the Northeast works South and West, finishing its course in California, is clearly evident from a statistical study of the evidence. If we look at the business world we find it dividing itself into four big divisions and we find that the business depression traces its regular course through this industrial fabric.

"First, there is the Raw Materials Group, or iron and steel companies, coppers and oils, crop and live stock producers. Second there is the Transportation Group, the railroads and steam ships. Third, there is the manufacturing group with its automobile factories, textile mills and the other fabricators of finished products. Fourth, and finally there is the Distribution group headed by the wholesale houses, mail order firms, chain stores, and finishing with the multitude of retail establishments.

"Now what happens to these Big Four Groups when a business depression hits the country? The first to suffer is the manufacturing group. This is partly the result of financial stringency. Take the recent depression, it appeared first among shoe factories, textile mills, and other fac-

tories. In a broad way these are concentrated in the Northeast section of the country, and it was exactly in this region that trouble first appeared. This was entirely characteristic. It is what happened also in earlier periods of business depression. Farsighted executives foresaw long in advance that this would be the first part of the country to weaken, because it is the home of the manufacturing group.

"Then comes the next act in the drama of depression. As the logical result of curtailed manufacturing, we get a slump in the raw materials group. When a shoe factory shuts down, orders for leather shrink. When a textile mill closes, demand for cotton and wool dies down. So the initial weakness in the Northeast spreads to the West and the South. The West and the South are the home of the raw materials group.

"As traffic in finished goods and raw materials subsides, there is lessened activity for the transportation group. The railroads fall into line on the downward march. "The tragedy closes with the last act, namely, the downfall of the distributing group, numbering the great mass of retailers scattered throughout the entire country who are caught with high cost goods. The economic curtain falls on a land sunk in almost universal depression.

"We have just seen all this enacted before our eyes. With this sequence of events still fresh in memory, a business man is blind, indeed, who cannot foresee the payment of returning prosperity. Manufacturing activity has been resumed. The Northeast is well advanced on recovery. The South and to some extent the west are looking better as the raw materials group begin to struggle to their feet. Car surplus has changed to car shortage,—reflecting and measuring the revival of the Transportation Group.

"But the final stage is still before us. We have yet to witness full resumption among the great rank and file of retailers who constitute the final group of the Big Four, the Trading Group.

"Therefore, I estimate that improvement is not yet general and that the best is yet to come, when all the Big Four Groups shall participate in prosperity. Those who apprehend that the bell movement in the stock market is at an end, might well question whether recovery can in any sense be complete with the enormous Distributing Group still to be heard from.

"It is true, of course, that the stocks of the so-called trading corporations show a substantial advance. This is partly because the stock market discounts the successive steps in business revival. But a more important reason is that the trading corporations, so-called, with their immense national ramifications tend to part company with the smaller individual retailer and move more in harmony with the other groups.

"If you are a retailer, don't get discouraged if your sales seem to lag behind general business. This is merely the working out of economic laws. Your turn will come—and how who laughs last sometimes laughs best. If you are an investor, I suggest that the bull market—so far as the long swing is concerned—will not finally culminate until improvement is general. Improvement cannot be general until shared by the millions of big and little retailers in cities and cross roads throughout the entire nation.

General business is holding its recent improvement. The index of the Babson chart shows general activity about 3 per cent below normal—the same as last week.

STEADY SEARCH IS REWARDED

Many Unfortunate People Who Had Despaired of Regaining Health Are Now Rejoicing

Thousands more people every day are being rewarded by their constant search for revived strength and endurance by the wonderful new treatment known as RE-CU-MA. It is an actual revelation to see the many folks who had worried through day

after day in misery, now released from the clutches of bad health, weakness, nervousness, rheumatism, malaria, indigestion, headaches, etc., by a simple, pleasant and really remarkable discovery of modern science.

Authorities on health have long contended that the human system is fast degenerating on account of lack of proper and thorough elimination of waste matter, and the assimilation of the necessary vitamins from the food into the blood, which the system must have to nourish it, keep it alive, active and able to produce health, strength and endurance.

When your system is working right, like it does when RE-CU-MA is there to make it do right, your blood is filled with iron and vitamins—nourishment—and carries them to every part of the body and precious system to feed your withered tissue and worn nerves. Clear complexion, attractive appearance, strength and plenty of energy and endurance are the natural result.

RE-CU-MA is sold in Sanford by the Union Pharmacy and the leading druggists in every city.—Adv.

Poor Richard Said. "A penny saved is a penny earned." In his day pennies were as large as our quarters. Yet all the pennies in the world wouldn't have taken Poor Richard to a movie; bought him a flivver, or paid his street car fare. The pennies of a hundred years ago were not as big in buying power as those of today. But Poor Richard's advice is still good. And it is no less valuable when applied to dollars instead of cents. Every year you spend a large proportion of the money you earn. So much for clothing. So much for shoes. So much for things to eat, house furnishings, garden seeds, tools and what not. Boll Weevil May Be Vanquished By Florida's Method

Planters of South Urged to Give New Plan a Thorough Trial.

WASHINGTON, Dec. 1.—Planters throughout the South, especially those growing cotton on low yielding land, were urged today by the department of agriculture to give during the coming season a widespread and thorough trial of the new method of boll weevil control developed by Dr. H. G. Smith, at the Florida experiment station, at Gainesville, Fla., and recently announced by Dr. Wilmon Newell, of the Florida state plant board.

In its first official announcement on the subject, the department of agriculture said it took great interest in the new method as announced in the Florida bulletin dealing with the experiments of Mr. Smith.

"In these experiments, which were conducted in northern Florida," said the department's announcement, "the treated fields average 439 pounds of seed cotton per acre; the untreated checks averaged only 164 pounds of seed cotton per acre in all tests. The average cost of treatment for the entire season was \$1.57 per acre. The new method consists of the removal and destruction of all squares on the plants at a time when about two squares per plant are present. This operation destroys a large percentage of the weevils and is immediately followed by a thorough dusting to poison the terminal buds where the remaining weevils are forced to feed.

"This announcement is particularly important because it apparently offers a means of controlling the boll weevil on low yielding land on which it has so far been unprofitable to use the dusting method. A very large proportion of the cotton crop is produced on low yielding land and the bureau of entomology is greatly pleased that this new method has been developed, well knowing Professor Newell's standing as a careful and reliable investigator, and urged a widespread and thorough trial of this method during the coming season wherever the conditions appear suitable for its use."

HEAD OF THE WETS ENDORSES THE LAWS BUT HAS NO FAITH

WASHINGTON, Dec. 2.—Endorsement of President Harding's stand for stringent enforcement of the prohibition laws as long as they remain on the statute books was given tonight by W. H. Stayton, founder and national executive head of the association against the prohibition amendment. Although the President's stand leaves the forces of the government committed to a losing struggle, he said, in a formal statement, "A way out will be found through the initiative of congress itself in amending the Volstead Act."

"President Harding's position is thoroughly logical and a complete keeping with his clear recognition of the responsibilities as well as the limitations of his high office," Mr. Stayton declared.

"There should be no occasion for surprise in our hearty and unqualified endorsement of his stand, for it represents most definitely, the precise position our entire membership has taken, namely, respect or submission to all the laws of the country, so long as they remain on the statute books.

"It is for Congress itself, acting in response to the will of the people to effect the necessary changes in legislation that will enable the President to maintain his position and yet rescue him and the whole executive machinery of the government from the intolerable condition in which they are now helplessly entangled.

"That this will be accomplished through the initiative of the next Congress in effecting wholesome modifications of the Volstead act, we have every reason to expect."

ST. PETERSBURG POLITICS STIR UP THE CITY IN ANOTHER FIGHT

ST. PETERSBURG, Dec. 2.—St. Petersburg, which in days gone by had the reputation of brewing more politics than any city in Florida its size, is in the throes of another campaign preceding a battle of ballots. This time the position at stake is the presidency of the Chamber of Commerce and early indications are that the vote in the election will be one hundred per cent. of the registered "voters," or members.

J. W. Coburn is being backed by numerous influential members for the presidency and Ed. T. Lewis, one of the city's oldest citizens and business men opposing him also has a large following. Supporters of Coburn have charged that the Lewis backers intend to deliver control of the organization to the city administration.

Mayor Frank F. Palver, C. C. Carr, business manager of the St. Petersburg Times, both with plural memberships, W. L. Straub and others

lined up with Lewis are charged by the Coburn cohorts with assigning their memberships so they may be voted for Lewis. The Coburn supporters allege that policemen and other city employes have been given membership cards through these sources so that they may vote in the election.

The Lewis men charge that Coburn supporters holding plural memberships are assigning them to others who will vote for Coburn, an allegation freely admitted by the Coburnites.

The election will be held December 11 and it is expected not less than 1,000 votes will be cast.

Government May Recover Big War Graft

THAT WOULD AMOUNT TO OVER TWENTY MILLION DOLLARS.

WASHINGTON, Dec. 2.—Additional civil suits, involving \$20,000,000 to \$30,000,000; which the government hopes to recover for alleged overcharges and waste in connection with the construction of certain army cantonments during the war, are being prepared by the Department of Justice, and it was understood today, probably will be filed within ten days.

The first of the department's civil suits against war camp contractors were filed last week and it was understood then that they were the forerunners of other actions. It was also indicated that criminal proceedings were possible.

The actions brought last week involved the construction of Camps Upton, Sherman, Jackson and Funston and sought the recovery from the involved constructing companies of more than \$20,000,000. Cantonments built during the war cost the government a total of \$208,000,000 and it is said Attorney-General Daugherty hopes to recover between \$60,000,000 and \$80,000,000 as over-charges.

Preparation of the civil suits has been under the direction of Roscoe C. McCulloch, a special assistant to the attorney general, who, as a member of the special house committee, made an extensive investigation several years ago of alleged war frauds, particularly those relating to army camp construction.

During the past week, Mr. McCulloch, with a corps of assistants, has been before a special federal grand jury, called into session here to consider alleged wartime frauds. No information has been obtainable from either Mr. McCulloch or the attorney-general as to the nature of the evidence being presented to the grand jury here, but it has been strongly indicated recently in the Department of Justice that Mr. Daugherty was determined to make an exhaustive investigation of alleged war frauds with a view to institution of criminal action as well as civil suits against alleged offenders.

RUMOR THAT U. S. TROOPS ON RHINE MAY BE HOME SOON

COBLENZ, Dec. 2.—Notwithstanding the fact that no official information to the effect has been received here, a rumor that the American troops on the Rhine are soon to go home was circulated recently.

While anxiously awaiting definite news, the soldiers did not allow their anxiety to interfere with their celebration of Thanksgiving. Races, two football games and a boxing match, together with the usual holiday dinners, figured in the day's program.

Major General Henry T. Allen, in a Thanksgiving message, urged the troops to work for "peace and harmony."

PRESIDENT'S STRAWBERRIES

President Harding has some knowledge of Florida. He has visited the East Coast. That has given him an introduction to the society pages of the great open book of the state that has long been known as the land of sunshine and flowers.

Mr. Harding had a good time on the East Coast as any one can. As a vacation resort the East Coast of Florida has no equal in the United States and the thousands who flock there each year testify to the genuineness of that long stretch of sun-kissed seashore as a place for rest and recreation. But Mr. Harding has not seen Florida. This great state of magnificent boundaries embraces so many different varieties of climate and soil that it is an empire within itself. To travel in Florida and witness the many and various lines of industry from oyster fishing to cattle raising; sponge fishing to lumbering; gardening to general farming; floriculture to horticulture is a revelation to the average man unfamiliar with conditions in this state.

At this season of the year when everybody is thinking of Thanksgiving turkey, grown in nearly every state in the Union, and several states

have contributed to the President's Thanksgiving dinner by sending him a big fat gobbler, it remained for inferior Florida to put the chef of luxuries on the President's table on this national holiday. To Kissimmee comes the very great honor of furnishing the strawberries for the White House Thanksgiving dinner.

Oliver Wendell Holmes once wrote, "God might have made a better berry than the strawberry, but God never did make a better berry." The American berry has been the favorite of berries and it is not strange that this great American writer distinguished it in one of his most interesting books. It would be in order for the President to invite Justice Holmes, the venerable, supreme court judge, son of the great author, in to share in the feast in which this luscious berry from South Florida is served. No state can compete with Florida in this honor.

Strawberry growing has become such a large enterprise in Florida, and the strawberry has so long been a favorite and wholesome item in the diet of the world that it is entitled to a wide consideration at this, the approach of the holiday season when people the world over are looking for the best of things. As far back as the early settlement of Virginia the strawberry was eagerly sought and widely used. Izak Walton quotes the early American writer, Dr. Butler, in nearly the same language of Dr. Holmes in the praise of the strawberry. And the growing of strawberries has been, by breeding and cross-breeding so extended in fruitage and in length of life in various latitudes, until now they are grown from the sun-kissed shores of Florida to the frozen regions of Alaska where the frost is never entirely out of the ground, and fresh strawberries are grown every month in the year some where in the United States possessions. But Florida has the distinction of furnishing the crop of mid-winter berries and the staying qualities that hold fast until the gentle springtime enables states farther north to produce their crop of the favored fruit.—Reporter-Star.

GOLF BOWLING TENNIS BOXING

DEMPSEY HAS NO CAUSE TO FEAR JESS WILLARD

ack Jungmeyer, writing for the Times says that Dempsey need not fear of the ex-champ, Jess Willard. He says: LOS ANGELES, Dec. 2.—Jess Willard, seeking to recover the crown that Dempsey hooked, asked the public to go, after a few months' training, either he deserved another chance his conqueror.

The public has judged—that part to which he had appealed, at least. The occasion was his first arena exhibition, in the Hollywood stadium of the American Legion, a few nights ago, when he boxed a charity bout. And the verdict was a good-natured thumbs down.

A pitiable giant garnished with na and pathetic yearning for the glory of yesterday, plodding the long trail to fighting fitness, but failing to show come-back requisites of championship.

So ringsiders and sports writers and estimated Willard in action about his sparring adversaries, Tommy and Joe Bonde. Said a veteran sporting editor, an end of the big Kansas: "Any promoter who matches Jess with Dempsey ought to be hanged—it would be a me."

Said another ring critic: "If Jess me in to Jack with his hands down he did here Dempsey would break every rib in his body before he could 'em up."

Still another: "It was expected that Jess Willard, clamoring for a return match, would at least go about his business with some show of something, earnestness for example. He did not show one characteristic of the champion, let alone a championship aspect."

There are whispers that Jess himself has about concluded that he can't make the grade. He has trained seriously for several months and has ripped off some 30 pounds of fat, still covering the neighborhood of 250. But packs considerable overweight which seems to elude all training rigors—apparently nature's irreducible minimum for a man of his years, 39, name and poundage.

In clownish bravado he presented at fulsome tummy to be hammered at by his sparring fellows. They hacked away at it with dull thuds while Jess giggled. He was slow and awkward. His capers suggested a reticent at sp lightness which you expected him to relax in the privacy of his dressing room.

Notre Dame Players Attend Church, Then Play Foot Ball Game (By The Associated Press) PITTSBURG, Dec. 2.—Centre college gained much fame by defeating Harvard.

That great victory over the Crimson caused Centre to be known wherever football is played. Long before Centre defeated Harvard, however, the little Kentucky school had received much favorable comment because even in the heat of competition the athletes found time for prayer.

Centre college is a denominational school. Coach Charles Moran, a great fellow, a maker of men, always had his boys kneel in prayer before the start of the game. Each member of the varsity squad indulged in silent prayer.

ness had been caused among Centre supporters by the rumors, in which the University of Alabama was among those mentioned as bidding for Moran's service.

It was "Uncle Charlie" who groomed the "Praying Colonels" for their first offensive against Harvard and who has taught them their gridiron tricks since then. Plans for the erection of a concrete bowl on Creek field to be named Moran stadium, have been approved by the athletic association, Director Myers said.

Following the game with the University of South Carolina, the Colonels elected Edwin Kubale captain for 1923. Kubale, a sophomore, is from Fort Smith, Ark., and has played two years on the team.

Tex Rickard Planning Big Boxing Doings

(By The Associated Press) NEW YORK, Dec. 2.—A boxing innovation through which it is hoped to bring out hidden ability in the younger and lesser known pugilists is being advocated by Tex Rickard, Madison Square Garden promoter.

The promoter has announced that he is seeking the permission of the state athletic commission to conduct a series of eight five round bouts between aspiring boxers whose qualities are not generally known because of their failure to secure bouts at local clubs. Special permission is necessary as the commission limits a club to one show a week. If the innovation is made Rickard said it would help to break up "the same old ring" of boxers.

(By The Associated Press) WICHITA, Kans., Dec. 2.—A score of spectators at the Friends Fairmont football game were injured here late Thursday when a portion of the grandstand collapsed. Six were removed to hospitals with serious injuries.

Jack Johnson Will Soon Become Actor

(By The Associated Press) NEW YORK, Dec. 2.—Jack Johnson has decided to give up pugilism and become a Shakespearean actor, he stated just before leaving for Detroit. "I am going to play Othello," said "Lil' Artha."

Harding Condemns Twelve Hour Day

NEW YORK, Dec. 2.—President Harding favors abolition of the 12-hour day, it is revealed in a statement issued by him today by the federated American Engineering societies.

The statement follows: "I rejoice to note the conclusion of this great body of experts are identical with those which I have reached from a purely social viewpoint. 'It has seemed to me for a long time that 12-hour day and the type of worker it produces have outlived their usefulness and their part in American life in the interest of good citizenship, of good business and of economic stability.'

"The old order must give way to a better and wiser form of organization so that the proper family life may be enjoyed suitably by all our people. "This clear and convincing report of the engineers must prove extremely helpful in showing that this much-to-be desired result can be achieved without either economic or financial disturbance to the progress of American industry."

The report referred to by the President was issued by a committee of the societies after a two-year's investigation of more than 40 continuous industries, including iron and steel. The report found that the 12-hour day was not economical.

A good roads program of \$493,000 has been submitted to the county commissioners by Engineer W. C. Peacock of Sebring, the program providing for \$114,000 for a road from Sebring to Bassenger and only \$25,000 for the Kissimmee River Lake Annie main trunk line for the state cross state highway. For State Road No. 8 north and south \$323,880 is provided in the Sebring engineer's report and \$20,000 for the Sebring-Crews-ville road. The proposal for a road from DeSoto City to Bassenger was not mentioned by the engineer and no provision is made, the Bassenger road being run to Sebring instead, according to the report.

Moran Will Coach Centre at Least Another 5 Years

(By The Associated Press) DANVILLE, Ky., Dec. 2.—Rumors current for the last month that Charles Moran, Centre college football coach, was considering outside offers were at rest today, following announcement yesterday by Athletic Director Myers that "Uncle Charlie" had signed a 5-year contract with Centre College Athletic Association. Some uneasiness

Kansas Awarded Decision Over Hartley at Buffalo, N. Y.

(By The Associated Press) BUFFALO, Dec. 2.—Rocky Kansas of Buffalo won the decision over Pete Hartley of New York, in a ten-round bout here Thursday night. It was Kansas' first appearance in the ring since he broke his arm in a battle with Benny Leonard at Michigan City on July 4th.

Coaches Are Rated High in Grid Iron

(By The Associated Press) NEW YORK, Dec. 2.—Who are the leading football coaches of the year? Bill Roper of Princeton is deserving of a high rating. The Tigers won all eight games on their schedule, defeating Harvard, Yale and Chicago in the list.

Gil Dobie, of Cornell, who has developed another great team at Ithaca, is deserving of consideration. Then there is Knute Rockne, of Notre Dame. Having lost a dozen of his star players of 1921, he took a green team and molded it into one of the strongest eleven of the year.

Andy Smith has met with his usual success at California. It is second nature for him to win football honors on the Pacific coast. Fielding Yost at Michigan is having one of his very best years. He has developed a smart, versatile team at Ann Arbor.

C. W. Spears, former Dartmouth star, is having a big year at University of West Virginia. His team is rated as one of the best in the country.

Of course there are many others, who have far exceeded expectations, but the above are the outstanding figures in the football world.

Naval Academy's Headed Called By Board of Inquiry

ANNAPOLIS, Md., Dec. 2.—The administration of the naval academy today was virtually placed on the defensive by the board of inquiry investigating the charges of drinking and revelry among midshipmen after the football game at Philadelphia last Saturday.

After Rear Admiral Henry B. Wilson, superintendent of the academy, had testified as the first witness called before the board, Rear Admiral Ashley H. Robertson, presiding, informed him that he was in the position of an interested party to the proceedings and was therefore entitled to be present at the sessions and be represented by counsel.

Admiral Wilson stated his duties would not permit his regular attendance, but that he would be represented by Capt. John J. Halligan, and Lieut. M. S. Tisdale, both attached to this station.

The order of Secretary Denby designating the board of inquiry directed it to "determine and fix the responsibility for the lack of supervision over the midshipmen's ball at Philadelphia on the evening of Nov. 25, 1922."

Admiral Wilson told the board that he was in direct charge of all arrangements for the football game. He did not remain for the midshipmen's ball, he said, but returned to Annapolis directly after the game because of the illness of his wife. The only information of what transpired at the ball came to him direct from Secretary Denby, the admiral said.

Since the publication of the naval secretary's charges, he had received unsolicited communications, oral as well as written, from persons who attended the ball to the effect that it was properly conducted, the superintendent stated. He said that although the midshipmen were on leave at the time, they were regarded as under naval academy regulations and discipline. The ball was arranged by the midshipmen, but it had his approval. So far as supervision of the ball was concerned, he added, it was the duty of any officer, whether attached to the naval academy or not, to report any dereliction of duty or improper conduct on the part of midshipmen or that came under his notice.

In keeping with the building program of the rest of Lake county, and in order to supply the demand for houses by people who desire to move to Leesburg and make it their home, many new cottages are being erected in various parts of the city. This building program for the city was begun early last spring, and is being kept up. Even the summer months, which are supposed to be dull months for building in Florida, saw many new homes erected here.

Kubale Will Lead Centre Through the 1923 Campaign

FORT SMITH, Ark., Dec. 2.—Edwin Kubale, of Fort Smith, has been elected captain of the Center college "Praying Colonels" for 1923. It was stated in a telegram received last night by Norris Armstrong, 1921 captain of the Colonels. Kubale is the third Fort Smith boy to be elected captain of the famous Centre squad.

Major All-Stars in Orient Winn by 13-1

(By The Associated Press) OSAKA, Japan, Dec. 2.—The touring American baseball team of major league stars yesterday defeated an all-star Japanese team, 13 to 1. The Americans made 21 hits and one error. Their opponents recorded six hits and four errors.

Question of Turkish Capitulation Discussed At Conference Today

(By The Associated Press) LAUSANNE, Dec. 2.—The question of Turkish capitulations on the Near East conference program for discussion today. Ismet Pasha and associates are preparing to make a hard fight to sustain claim Kemalist government has successfully terminated special privileges accorded foreigners under Constantinople regime.

RAILROAD MAKES SECRET OF RECORD RUN

(By The Associated Press) LONDON, Eng., Dec. 2.—A record railway train run in England is described in a document kept secret for nearly 20 years, but now published in the Great Western Railway Magazine.

On May 9, 1904, one of the Great Western boat specials from Plymouth to London attained an overall speed, exclusive of stops, of over 60 miles an hour, and at times during the journey exceeded 102 miles an hour. The speed was officially recorded, but the company, for some reason not given, decided not to announce the accomplishment.

ANCIENT LETTER RETURNED

NEW YORK, Dec. 1.—A letter mailed Nov. 4, 1896, by the American Credit Indemnity company, of New York, to Corquinez Packing company in San Francisco, has been returned to the sender by the post office department. New York Police Fear Tong War and Make Manv Raids

Amorv of War in New York, Chiga-
town.

(By The Associated Press)
NEW YORK, Dec. 2.—Operating on
reports of a threatened Tong war,
Special Deputy Police Commissioner
Simon and a dozen detectives yester-
day raided Hip Sing Tong headquar-
ters in Chinatown, arrested the presi-
dent, Lee Yee Hong, and confiscated
15 pistols and a box of daggers and
rooms of ammunition.

Simultaneously, another squad con-
ducted a raid on a shop near the Hip
Sing Tong headquarters, which netted
four prisoners and quantities of
drugs. For five weeks detectives, as-
suming the garb of celestial, lived in
Chinatown, anticipating reprisals for
the death of Ko Low, national presi-
dent of the Hip Song Tong, who was
shot in the doorway of the Chinese
Delmonico's last August 8.

They noted that Lee Yee Hong,
state president of the Hip Sing Tong,
never went alone, for wherever he
appeared, two other Chinese were beside
him; that the door at 15 Pell street, a
foot from the famous Tong bulletin
board where Tong wars centered years
ago, did not exist for Hong and al-
though it was the nearest entrance he
climbed the roofs and entered his
headquarters by a secret opening;
that by night furtive groups of Chiga-
men scrambled over the same roofs,
all lowering themselves into the Tong
headquarters, carrying bundles.

Today the detectives, stationed at
strategic points on the roofs, watch-
ed while Craleton Simon, head of the
narcotic division, William H. Williams,
special treasury agent, and police of-
ficers went up the narrow hallway to
the Tong rooms.

In the president's rooms, they say,
were Hong's two body guards, smok-
ing opium. Both were arrested. Olaf
Lamp, safe expert of the police squad,
opened two depositories. In them
were found the pistols, the brass
knuckles and ammunition.

In a large hollow idol in the as-
sembly room the squad say they found
fourteen packages of opium and 100
peppery beads, from which the drug is
extracted. More opium was found
upon ripping up the floor. Its value,
Dr. Simon stated, was in thousands
of dollars.

FUNERAL OF REP. MANN TO BE HELD THIS AFTERNOON

WASHINGTON, Dec. 2.—Funeral
services for Representative James R.
Mann, of Illinois, who died at his
home here Thursday night, will be
held this afternoon in the hall of the
House of Representatives, where he
served in peaceful and stormy days,
for more than a quarter of a century.
There will be no eulogies by his as-
sociates. The rites will be conducted
by the Rev. James E. Freeman, rec-
tor of Epiphany Episcopal church,
Washington, which Mr. Mann attend-
ed, and Dr. Shera Montgomery, of the
House chaplain. Late in the day, the
body, in charge of a congressional es-
cort of honor, will be taken to his old
home at Chicago for burial Monday.

The president, the cabinet, the su-
preme court, the diplomatic corps,
and the Senate and House have been
invited. President Harding said he
hoped to attend because of the "very
great reverence; personal and official"
he had for the Illinois veteran.
Knowing Mr. Mann's service, the
President feels the country has sus-
tained a great loss.

Vice-President Coolidge appointed
the following committee to represent
the senate at the funeral of Represen-
tative Mann in Chicago: Senators
McKinley, of Illinois; Ball, of Dela-
ware; Cameron, of Arizona; Wat-
son, of Indiana; Harold, of Oklahoma;
Willis, of Ohio; Leavort of Wisconsin;
Pomerene of Ohio and Glass of Vir-
ginia. All except Mr. Pomerene served
with Mr. Mann in the House.

CHICAGO, Dec. 2.—Successor to
Congressman James R. Mann probably
will not be elected until the
spring mayoralty election. He was
just completing his thirteenth term in
congress and had been elected for an-
other which he would have started up-
on in March. This term must be fill-
ed by the calling of a special election
but the expense of holding this sep-
arately is considered by local politici-
ans to be too great.

GASOLINE MOTIVE POWER ON SEABOARD RAILWAY SUBSIDIARY LINES

BRADENTOWN, Dec. 2.—The Sea-
board Air Line, has arranged to place
gasoline-propelled motor cars on
another of its small subsidiaries. It has
been announced here that this serv-
ice would become effective on the
East and West Coast railroad be-
tween Bradentown and Arcadia De-
cember 20. Operation of the car will

afford a better schedule for it will
make one round trip daily and sup-
plement the service now accorded by
the mixed freight and passenger
train which makes a round trip a
day. The schedule of the motor car
will be such that passengers can
leave Fort Myers in the morning on
the Atlantic Coast Line, change at
Arcadia, come to Bradentown, and
return to Fort Myers the same night.

METHODIST MINISTER CHRISTENED FOUR OF HIS GRANDDAUGHTERS

KEY WEST, Dec. 2.—The Rev. Dr.
E. L. Ley, pastor of the Memorial
Methodist Episcopal Church here, con-
ducted an unusual ceremony a few
days ago when he christened four of
his grand-daughters, whose ages var-
ied only five months. One of the
four was attired in the same dress in
which her grandmother was christened
44 years ago in Key West by the
Rev. Mr. J. C. Ley, father of Dr. E.
L. Ley.

The four granddaughters are the
children of Mr. and Mrs. W. D. Ley,
Mr. and Mrs. J. L. Ley; Mr. and Mrs.
Harry Heyward and Mr. and Mrs.
E. L. Ley, Jr., of Jacksonville.

FT. MYERS PHONES WILL BE MADE OVER FOR BETTER SERVICE

FORT MYERS, Dec. 2.—Fort
Myers, which for many years has suf-
fered because of poor telephone lines
from the city to the north, soon will
be in a position to obtain the best
service, according to G. M. Heitman,
owner of the local telephone company,
who announces that two copper tele-
phone circuits, soon will be installed
between Fort Myers and Arcadia. Ar-
cadia has copper lines north with per-
fect connections to all parts of the
country.

CENTER HILL BEANS GOING TO MARKET BRING GOOD PRICES

CENTER HILL, Dec. 2.—Center
Hill has started with a rush to uphold
the reputation of Sumter County as
Florida's banner truck shipping sec-
tion by having moved since the ship-
ping season began a little over two
weeks ago more than 40,000 hampers
of beans of the fall crop. The beans
have brought from \$3.00 to \$3.25 a
hamper on the railroad platform and
more than \$100,000 cash already has
been paid to truckers.

The total fall crop of beans here is
expected to reach about 60,000 ham-
pers while the spring crop, to be plant-
ed in January, February and March,
usually averages from 250,000 to
300,000 hampers.

MOSQUITO CAMPAIGN WILL BE STARTER AT DAYTONA MEETING

JACKSONVILLE, Dec. 2.—The
State Board of Health in connection
with the anti-mosquito conference to
be held in Daytona December 6 and 7,
announces that representatives of
both the Federal Department of Agri-
culture and the United States Pub-
lic Health Service will be in attend-
ance and will deliver addresses. The
speakers at the conference will in-
clude George W. Simons, Jr., Chief
Sanitary Engineer, State Board of
Health; George F. Mozzette, United
States Department of Agriculture;
Dr. Joseph Y. Porter, former State
Health Officer; Dr. Ralph N. Greene,
Mr. Wagenhals, U. S. Public Health
Service; C. W. Murray, Miami; Dr.
W. W. MacDonnell, City Health Of-
ficer, Jacksonville; Dr. W. E. A. Wy-
man, City Health Officer, St. Peters-
burg; W. A. MacIntae, State Commis-
sioner of Agriculture and Dr. Ray-
mond C. Turck, State Health Offi-
cer.

"Voters Will Give Democrats Victory in 1924"—Wilson

TAMPA, Fla., Dec. 2.—That for-
mer President Wilson in his greatly
improved physical condition pur-
poses to take an active part in the politics
of the Democratic party during the
next two years and to have a share
in shaping party policies for the next
presidential campaign is indicated in
a personal letter from the former
President to Frank G. Heatop, of the
Tampa Tribune. Mr. Wilson's letter,
in part, said:

"The task of 1924 is to successfully
mobilize our intellectual and moral
forces as to assure a complete de-
feat of the party which has done the
country so serious a disservice and
to win again for our Government the
leadership in the affairs of the world
which the Republicans, for the time
being have deprived it, and personally
I feel confident this can and will be
done. My pulses are quickened by
the prospect of battle.

"I think with you that the voters
of the country have already seen
how grossly they were misled, and
have already turned their faces to-
ward the truth.
"Cordially and sincerely yours,
(Signed) Woodrow Wilson.

Nephew of John D. Rockefeller Dies

NEW YORK, Dec. 2.—Arrangements
for the funeral of William G. Rocke-
feller, nephew of John D. Rockefeller,
who died last night as the result of a
cold contracted at the Yale-Harvard
football game, yesterday were de-
layed pending receipt of word from
his wife, who has been touring Euro-
pe. Word of his death was cabled
her last night.

ANOTHER HUNTER KILLED IN ACCIDENT NEAR TAMPA

TAMPA, Dec. 2.—T. Austin Man-
ning, 18 years old, was instantly kill-
ed while hunting near here today,
when his shot-gun was accidentally
fired as he held the weapon between
his knees. The full load of shot en-
tered the young man's neck under the
jaw. Manning was the second victim
of a hunting accident here, Arthur
Goyanes, 20 years of age, having been
shot and killed accidentally yester-
day while hunting on the Hillsbor-
ough river, a few miles above this
city.

Cucumbers, egg plant, and other
vegetables are being shipped from
Fort Meade now, and large shipments
are expected to be sent out in the
next few weeks.

As Lake county is only assessed at
\$10,000,000 the citrus-crop represents
25 per cent of the assessment. With
vegetables, lumber, naval stores, ka-
olin and other resources from the
soil Lake county will produce 100 per
cent of its total investment this year.

More than 150 new members have
already been added to the board of
trade of Avon Park in its drive for
the new year, according to Mem-
bership Secretary F. P. Borch, who with
Secretary Norton T. Smith, is al-
ready planning for a big get-together
banquet at the hotel the first week in
December.

As has already been reported Fort
Meade is getting to be enthusiastic
regarding her civic improvements,
that is the revival of the board of
trade, which organization is known as
the Fort Meade Development Com-
pany. This band-of boosters have
lunch each Monday at noon, and this
hour is devoted to talking of things
that would best benefit the commu-
nity.

"Lettuce starts moving to the
Northern markets," announces the
Okechobee News. The statement re-
fers to Sanford lettuce, however, and
goes on to tell of the expectations of
a large crop of this favorite salad
vegetable in Florida this winter. The
weather having continued warm but
has not been what the lettuce grow-
er like, but cooler weather will find
it maturing nicely and going forward
at a lively rate. The demand is
strong, and prices will no doubt be
satisfactory.

The St. Cloud Tribune says that C.
A. Bailey and H. I. Hillebrand ship-
ped several crates of kumquats to
the Chicago market in an effort to es-
tablish a selling point for this popu-
lar fruit. Outside the state the kum-
quat is little known, and it is the in-
tention of the men mentioned to ship
many East and West, and thus ac-
quaint the people with the diminutive
citrus fruit. Kumquats are used
in preserving and jellies, and are eas-
ily manipulated and made a delicious
confection or preserve.

Wuchula's one hundred and fifty
acres of strawberries are looking
fine, especially when one considers
the weeks of wet and unfavorable
weather. Mr. W. S. McEwen, of the
Wauchula Farmers' Supply Company,
has been through the country the
past week, and reports the berry fields
looking surprisingly good, and pre-
dicts that the growers will make
shipments about the tenth of Decem-
ber. R. H. King, one of our progres-
sive growers, was exhibiting ripe
strawberries on the street Tuesday.

REVIVAL MEETING.

At the Methodist church tomorrow
a revival meeting will begin, preach-
ing by Dr. Walker and singing led by
Mr. Boyd. The meeting will run just
one week and every service is planned
for special purpose.

Every christian is urged to give
this meeting support by attendance
and prayer.

It will not be a Methodist meeting
but a revival for all churches.

A pressing invitation is extended to
saint and sinner, to come at 10 a. m.
and 7:30 p. m. every day next week.

SCRAP IRON'S ATTENTION

Tomorrow the Scrap Iron class will
be a year old and we will have our
picture taken. We want every old
member of the class present and we
want every new man you can bring.
Why not our big day tomorrow? Dr.
Walker has a special message and
Mr. Boyd a special song. Come!
