Is Your Home Really Modern?

Perhaps you have a new house, with strictly modern plumbing and heating. Do you realize that, unless it is wired for electricity, you have neglected the most valuable and up-to-date feature of all?

Wire Your Home This Month

You can, at comparatively small cost, remedy this serious defect. Without doing any damage to your house we can put at your constant disposal all the wonderful, modern conveniences of electric lighting and household labor saving appliances. Heat, light and power at the turn of a switch transform the simplest home to a veritable Alladin's palace of wonders.

Let us tell you what comforts electricity can bring to your home

NEWS ADVERTISING WILL BRING RESULTS

Florida Epworth League

State League Conference to be held at Sutherland, May 29-June 1 promises to be the best in our history, which proves that Florida Leaguedom is advancing: "All for Christ," our motto is, we "Look Up, Lift Up," too. We'll bear our banners in the strife and valiant be and true; We'll make this old world better" and our strength we will renew As we go marching on!

Sanford Seniors and Juniors are busy—These are in Miami district, which for convenience is divided into three divisions, under Mrs. Hilda Smith, Key West; Miss Kate Wilcox, W. Palm Beach and Miss Ira Skipper of New Smyrna.

Quincy Seniors held their last business social at the home of Miss Margaret Woodberry. All obligations were met, including \$16.00 African special, and \$1.00 on Southern College share. They sent the Handbook and Epworth Era to Seniors at Enterprise, to be followed by a large donation to the Orphanage. They are divided into white and gold, each side to be awarded according to their efficiency in League work. Leaguers Malcolm Lester and Raymond Parrs are captains.

Umatilla Seniors have a mission study class, have paid all assessments and have elected two delegates to their Institute to be held at Kissimmee, the home of their secretary, Miss Cecelia Overstreet, in April. Membership is sixty.

Our president, Garfield Evans, writes, "The work of the state officers this year is one of pleasure, made possible by the cheerful cooperation and even sacrifice on the part of many. Our consecrated district secretaries are keeping their work before the Throne and things cannot fail to happen." Cooperation is strictly essential in all organizations.

Mrs. LaVorgne Blue, (formerly Miss Verdie Haddock) our superintendent of "Culture and Recreation" visited Gainesville League recently. She is a well posted Epworth Leaguer.

With the assistance of the pastor, Rev. J. E. Hartsfield, we organized a junior League at Reddick Mar. 19. Mary Belle Wilson, president; Anna Bessie Hammon, secretary and Mrs. Clay, superintendent. They complete organization this week. Reddick Seniors are at work under Mrs. S. C. Mayo. They meet on Sunday at 6:30 o'clock.

Dr. F. S. Parker, General League Sec'y and editor of the Epworth Era is expected to be present from Nashville during the entire Conference at Sutherland. Dr. Parker on his League visit to Florida in 1914 endeared himself to the young people who will be delighted to know of his return.

Our third department officer will occupy League space in the Florida Christian Advocate next week under her department of "Culture and Recreation". She insists that our entertainments be so distinctive, instructive and elevating in their nature as to cause young people to lose taste for the coarse, frivolous and light amusements offered by the public. She stresses the importance of finding League talent, and developing it "All for Christ." She advocates hospitality, Christian fellowship and the welcoming of visitors and strangers in our Leagues. Good literature is one of the strongest features of this department, circulate the best of books and get them read, for, if they be good and true, they are the message of Christ, the maker of all things, the teacher of all truth.

Miss Anna Dickinson has been appointed Jacksonville district secretary to fill out the unexpired term of W. C. White. She has a new League at Grand Crossing, one at Marietta and expects to organize others soon. She is an exceedingly busy young person, being an enthusiastic worker in state, city and local Leagues.

Secretary E. A. Gallagher, Tampa district has been ill but is now convalescent, much to the delight of all Florida Leaguedom, since every moment of his time counts "All for Christ." He is also president Tampa City League, first department officer in his home League, League transportation officer and is connected with the Annual Conference League Board. Yet he never craves "too busy." He finds time while others are framing excuses.

Annual Conference last December reported 171 chapters and 5,464 League members, an increase at League Conference many new chapters have been formed, and old ones reorganized.

Mrs. W. C. Wicks has an excellent article for publication in her department of Junior work. She is also an active worker in Waldo League.

League Manuel H. Jones represented his department of social service in the League columns of last week's Christian Advocate. This

is the most practical every day service within the reach of every Leaguer and if he be disposed he can "help somebody today" by preventing some evil, or helping some one else to overcome.

Maud B. Little, Department Editor. Ocala, March 21.

PREDICTS MORE SPEED

Great Runner Does Not Take Pessimistic View of Outlook.

Believes That Within Year or Two Another Crop of Fast Ones Will Come Along — Distancers Show Much Improvement.

George V. Bonhag, probably the greatest long-distance runner ever developed on the American cinder path, does not take a pessimistic view of the present condition of the distance game.

"I believe," he said, "that it is purely a question of cycles. Just at present there is a lull, where a few years ago we were turning out fast distancers by the dozen. Probably within a year or two another crop of fast ones will come along. One thing is certain, our distancers, as a class, have improved marvellously in the last decade.

"What we need now," continued Bonhag, "is a distance champion coming from the ranks. He will take to running fast and set a standard. The boys who will try to beat him will gradually work up to that standard, and when they have reached it the real champion will move along to a still faster level. I know it was that way when I was coming along at my best. The last year I was running fast there were a dozen men who could smother the performance I did when I first won the two-mile championship.

"Had Hannes Kolehmainen developed in this country, running against our distancers, the chances are that he would have carried half a dozen of our men along with him, and as a result we would have had just so many

George V. Bonhag.

runners capable of running closer to him than we now have."

Bonhag saw Jole Hay, the sturdy Chicagoan, run for the first time at the New York Athletic club games and he was greatly struck with the national mile champion's ability. "If that boy ever learns to judge his pace properly 4 minutes and 10 seconds will be possible for him," was Bonhag's comment. Recently Ray ran his first 220 yards around 26 seconds, after which he slowed down, finishing with a terrific quarter sprint at the end.

BANKS THEIR VICTIMS

NEAT SWINDLE PRACTICED BY PAIR OF ROGUES.

Man With Certified Check, and Fat "Detective" Make a Handsome Sum Easily and Run Small Risk of Detection.

A tall, well-dressed young man strode vigorously into a large bank. He walked to one of the glass-covered desks, took from his pocket a piece of paper, scribbled something upon it and went to the paying teller's window.

"I would be obliged if you will give me that in new fifties," said the young man with a certain air of positiveness.

It was a certified check for \$850. The paying teller examined it, recognized the signature of the bank and counted out 17 new \$50 bills and slipped a little rubber band around them.

Just as the tall man started from the window with his money in his overcoat pocket a shorter, older and fatter man edged up alongside of him. "If you move a step or say a word I'll shoot you for the crook you are," said the stout one.

"At the same time he shoved a pistol against the side of the younger man and handed a card through the window to the paying teller. "Pinkerton" was there in big type and below a man's name as special detective.

"This fellow," said the man with the man with the gun, "is a counterfeiter wanted in Cincinnati. Now hand back that money," he said to the captured criminal. The little sheaf of new fifties was returned.

"If you will let me take that check I'll do the rest," added the detective, and the obliging teller returned it. There had been no noise, no excitement and no observers to this odd transaction. When the pair left the bank they didn't go to a police station, but to another bank not 200 feet away.

There they went through exactly the same performance—got 17 nice new \$50 bills, handed the little bundle back and also got their alleged bogus check.

And from this second bank they went to six others in the space of less than an hour. Later in the day when counting up their cash eight bank tellers made a remarkable discovery.

Each one was shy, as the poker players say, exactly \$150.

What happened was this: While the stout confederate posing as a defective went through his role, the other slipped three of the \$50 bills from the rubber-band sheaf and returned not 17, but 14.

Unless you stop to count them, 14 new bills feel and look as much like 17 as one guinea pig looks like another. It was done, so quickly the tellers didn't seem to think it necessary to count the returned cash.

As for the check for \$850, it was really genuine and the swindlers got back that money before leaving town with their \$1,200 in those nice new fifties.—Philadelphia Ledger.

LITTLE PICKUPS OF SPORT

Ed Geers has given marks to forty-eight 2-10 trotters, which is the record.

George F. Slosson has accepted a position as billiard instructor at the City club, Boston.

Walter Cox drove in 132 races over various courses in light harness circuits last season.

Rube Oldring, who announced his retirement last fall, has signed a 1916 contract with C. Mack.

The Southern Intercollegiate Athletic association embraces in its membership thirty institutions.

"What is the lightweight limit?" a fan asked the St. Louis Post Dispatch "Freddy Welsh," was the answer.

Canadian sportsmen who enlisted in the war have been gazetted as the One Hundred and Eightieth battalion.

Dr. W. G. Kendall has been elected president of the Boston Bicycle club for the twenty-eighth consecutive year.

Connie Mack has eighteen pitchers, five catchers, ten infielders and six outfielders with which to construct a winning team this season.

Fred Toney, pitcher, says he will win twenty-five games next season. Evidently he does not expect to pitch for the Cincinnati Reds again.

Charley White, the Chicago light weight boxer, has registered sixteen knockouts in his last 33 contests, extending over a period of over two years.

"Sun Follower."

The old name of the sunflower was solselec, the sun follower. The ancient sunflower or sun follower, was the marigold, the tall plants of the present day are of American origin.

Peace.

Nothing can bring you peace but yourself, nothing but the triumph of principles.—Emerson

Optimistic Thought.

He should possess wealth who knows how to use it.

FOR SALE

For Sale—Two Platt Keystone potato planters, good condition, never used. Slightly shopworn. \$25 each. Geo. H. Fernald Hdw. Co. 62-2tc

For Sale—40 acres unimproved land near Cameron City, in irrigation district. Part cash, balance on good terms if desired. A bargain

for some one, if sold soon. See or address R. H. Davis, 1002 W. First street. 62-4tp

Wanted—A late model Ford. Must be in good condition and a bargain. Box 976, Sanford, Fla. 63-2tc

Wanted—3 or 4 rooms furnished for light housekeeping. Must have 3 beds. Apply Harry Green, Robbins Nest. 63-2tp

For Exchange—Will accept Ford automobile as part payment on good 5 acre tract, 2 acres cleared and fenced and under cultivation 5 years. Not tiled. This land if tiled will raise any kind of crops. Enquire at Herald office. 58-tf

Found—Ladies' white glove. Owner may have same at Herald Office by proving property and paying for this ad. 62-2tc

Lost—Gold Elgin watch, single case, open faced. Reward if returned to Herald Office. 63-2tp

I want to borrow \$2000, 3 to 5 years, 8 per cent, on Sanford Delta property value \$6,000 to \$8,000. Address "Loon" c-o Herald. 63-2tc

CITY ELECTION LAST TUESDAY QUIET AFFAIR

ELECTION FOR ALDERMAN PLACES NEWMAN IN OFFICE

The city election last Tuesday was nothing more than a preliminary skirmish for the big affairs to come but while it lasted it was some affair. The election was held to supply the position of alderman made vacant by the recent resignation of Alderman R. C. Maxwell and there were three candidates in the field, A. D. Parrish, R. A. Newman and O. P. Herndon. It was to be regretted that Mr. Herndon was forced to be away on election day as Mrs. Herndon was seriously ill at Daytona, necessitating the absence of Mr. Herndon all day, otherwise the election would have been as picturesque as one could wish for.

Newman and Parrish both worked at the polls the greater part of the day and the voters were waltzed around about as lively as they would be at a big election. There was much good humor and banter injected into the election and this kept it from being as quiet as it fore-shadowed.

The count did not take long after the polls closed, as there were but 283 votes cast and the result was as follows:

- R. A. Newman 144
- A. D. Parrish 107
- O. P. Herndon 32

On account of there being so many candidates out in the spring primary for county offices the majority of the voters were absolutely non-committal and the candidates in the city election had a difficult time getting a line on those who were candidates themselves.

Our Library

Among the notable and delightful additions to our city library, perhaps none have acquired greater fame and appreciation than Mary Antin's "Promised Land."

To those who have not yet read it there will be a revelation of the situation in Russia regarding the Jews that will be appealing, if not appalling.

What they have suffered in oppression and suppression can never, perhaps, be fully recorded. A brighter day may be dawning for this down-trodden race in the land of the Czars, but the light has been slowly, slowly coming, and the long reign of injustice, inhumanity and cruelty has been black with a darkness that "could be felt."

Mary Antin's family after a checkered career of comfort followed by dire misfortune finally emigrated to America, and under our own fair sky of freedom, equality and justice it became to them indeed "The Promised Land." Never will we have an alien transplanted to our country who has so revealed in its privileges as this gifted girl did—none ever more enthusiastic and grateful as this little Russian Jewess.

In the words of one who speaks with literary authority, "The Promised Land seems to me one of the most remarkable human documents of these later years. It might be called a great book, I think. Certainly it has so impressed thousands of readers in this city (New York). I think it most truthful and sincere and that it is written right from the heart. Whatever crudeness of style it may have vanishes in the light of these higher qualities."

For a Russian Jewess starting in the first primary grade, Mary Antin's command of English is wonderful. Her poetic temperament is betrayed in lovely flights of fancy, and it may not be too much to say that this book sparkles with fascinating gems of imagination and delicious suggestions of beautiful visions and happy dreams!

Well may America, the "home of the brave and the land of the free" welcome such ardent, appreciative, devoted citizens to her hospitable, kindly and beneficent bosom.

Bad Wreck in Ohio
Cleveland, O., March 30.—Federal and state investigations were begun today into the wreck on the New York Central at Am-

hurst, O., early this morning when two sections of the Chicago Limited came together in a rear end collision killing at least thirty persons and injuring forty or more. The Twentieth Century Limited, traveling westward crashed into the wreckage.

The wreck, which occurred before daylight was one of the most disastrous in the history of the New York Central Road. Two sections of the Chicago Pittsburgh Limited, No. 86, were said to have been proceeding eastward at a rapid rate when the second section crashed into the first. The Twentieth Century Limited, proceeding in an opposite direction on a parallel track, plowing into the debris and toppling over coaches and engine.

The heavy steel and woodwork of the first section was piled thirty feet in the air by the rear-end collision. Two coaches of the first section were demolished. Fourteen were overturned.

All the casualties were on No. 86. The Twentieth Century, notwithstanding its heavy impact, with the wreckage, emerged almost unscathed and proceeded on its journey, its passengers suffering only a severe shake-up.

A heavy fog from Lake Erie had settled down over northern Ohio and the night was of almost inky darkness. Many of the injured, pinned in the wreckage called desperately for help. Injured passengers, half clad, emerged from the sleepers and joined with trainmen and others in rescue work. Firemen from Amherst quenched flames which started in the coach where most of the fatalities occurred.

Hospital trains were sent from Cleveland, Elmhurst and Lorain and hundreds of villagers and farmers from Amherst and vicinity helped with the rescue. The dead were mangled beyond recognition and it was believed the death list would be large.

Want Check on Gas
Washington, March 30.—Two measures looking to putting a check on the rise in the price of gasoline were offered in congress today.

Amendment to the Federal Trade Commission law was proposed by Representative Stearns of Minnesota. His bill would require certain dealers in petroleum, gasoline, kerosene and fuel oil to post prices, file them with the commission, require them to be just and reasonable and empower the commission to prescribe just and maximum prices.

Representative Howard of Georgia introduced a resolution proposing authority for the President to place an embargo on shipments of gasoline.

Mr. Howard said he drafted his measure after a conference with Secretary Redfield of the Department of Commerce, who told him that producers were asking the government not less than forty cents a gallon for gasoline.

Can Use Carranza's Road

El Paso, Tex., Mar. 30.—A statement coming from Alfredo Obregon, Carranza minister of war, charging that the United States is blameable for border conditions has caused a new cloud on the Mexican horizon.

Obregon declares had Wilson permitted him to take out of the United States Villa spies and execute them all trouble would have been prevented.

He declares that scores and scores of enemies of Carranza are harbored across the border.

Consul Garcia said late today that he had received no information relative to the American forces being permitted to use Mexican railroads.

Natal Hay

Farmers who intend to sow Natal grass should avoid seed gathered since the recent cold spells. It is probable that seed has been damaged by frost. Frost stops development and hastens maturity. The heads look ripe when they are really dead.

A. P. Spencer, district agent for the University of Florida Extension Division suggests that it will be unwise to sow until a new crop has matured. It will be beat to wait until June or just before the rainy season because the present drouth will lessen the chances for a good stand.

VILLA ESCAPES THE PURSUERS ONCE MORE

ELUSIVE BANDIT SEEMS TO HAVE SLIPPED BY AGAIN

El Paso, March 31.—Army men made no secret of the belief that Villa has slipped through the cordon of American and Carranza troops, who are pursuing him in Mexico. The latest dispatches said the bandit is moving through the Santa Maria valley. Once among his peon friends Villa might escape detection for a long time. It is said that roving Villa bands are reported everywhere in the Santa Maria valley. Apparently the American flying columns have not come into contact with them. The Mexican officials have no information.

Chihuahua ranchers said that as soon as there was known that there was a price on Villa's head dead or alive he would be in constant danger of betrayal. Whether American troops made the reward known is not learned. Brigadier General Bell of Fort Bliss is awaiting orders to ship supplies over the Mexican Northwestern Railroad, permission to use same having been granted late yesterday by Carranza. Meanwhile great quantities of supplies being sent to Columbus will go forward by motor truck.

El Paso, March 31.—The report that Villa on Tuesday raided Santa Tomas south of Nampiquipa is not confirmed. Mexican officials had no information.

Will Entertain Editors

Kassimere, March 30th. All the preliminary plans have now been made for the entertainment of the members of the Florida State Press Association, which meets here on April 13, 14 and 15th. The committee on entertainment has been divided into three special committees to handle the various details of the entertainment as follows:

Boat trip on Lake Tohopekaliga on Friday afternoon, April 14th—C. W. Griffin and J. W. Thompson.

Reception at the Golf Club Thursday night, April 13th. W. H. Crawford and Arthur E. Donegan.

Banquet at the Graystone Hotel Friday night—W. B. Harris and E. E. Naught.

These three events cover the main portion of the entertainment of the visitors, but it is likely that a social affair of some sort will be planned for the ladies of the party by the Woman's Club. This matter will be taken up at the meeting of the club on Monday afternoon.

On Thursday afternoon at the close of the business session the visitors will become the guests of St. Cloud and a delegation from the Wonder City will come here to take the visitors there in automobiles. The good people of St. Cloud are planning an entertainment at the lake pier, a program in the G. A. R. hall and a luncheon to be served by the Ladies Improvement Association.

In Crones in Sanford?

Chicago, March 31.—The possibility that Pean Crones, charged with poisoning a banquet tend Archbishop Mendelein here, five weeks ago, is in a Florida resort, was intimated today by those directing his hunt.

Only a few of the derisive letters Crones wrote have been made public and more recent ones sent to the York police have not been made public.

The last one published was post-marked Charleston, so it is believed that Crones is still farther south.

Presbyterian Church

At eleven o'clock there will be communion service. No services at night on account of the temperance meeting at Allen's Theatre.

Notice to Children

The children who are to take part in the play "Thistle-down" will please meet in the Woman's Club rooms on Saturday morning at 9:00 o'clock.

BIG CHANGE IS SUGGESTED IN POST OFFICES

WOULD MAKE THE POST- MASTER GENERAL KING OF NATION

Washington, D. C., March 30.—A large number of postmasters in Florida will lose their jobs if legislation which is now on the verge of passage is finally approved in conference.

That such legislation is even contemplated will be news to most persons, as it has attracted virtually no attention. Under its sweeping provisions 50,000 postmasters throughout the country would be abolished. The offices themselves would not be wiped out, but after the postmaster-ships have been abolished the offices would be open to the appointment of superintendents. Postmaster General Burleson is backing the legislation and doing all he can to procure its passage.

The legislation referred to is now in conference and is in a bill which provides a reorganization of the postal savings system. The house committee on postoffice and post-roads refused to recommend it and the bill as it passed from the house did not contain the provision. It was incorporated in the senate bill, however, and is now one of the amendments in dispute between the house and senate conferees.

The provision which would go so far toward uprooting the established postal service reads as follows:

"Hereafter the Postmaster General may establish under such rules and regulations as he may prescribe, one or more branch offices, non-accounting, for the transaction of any postoffice business which may be required for the convenience of the public."

In a statement before the house committee explaining the operation of the proposed legislation First Asst. Postmaster General Daniel C. Roper said:

"By making the county the unit and each postoffice located therein subsidiary to the main office situated at the county seat the number of accounting offices would be reduced from 56,000 to 3,000. The county postmaster would be assisted by a clerk in charge, under his immediate supervision at each subsidiary office, instead of a regularly appointed postmaster and the business conducted in precisely the same manner as at stations in the larger cities."

Mr. Roper clearly stated in hearings before the committee that the legislation would abolish the present postmasters. Representative Madden of Illinois was one of the members who asked questions and one of his queries was:

"This would put the Postmaster General in a position to appoint one postmaster in each county, would it not, and would put all other postoffices in the county as non-accounting offices, subject to his jurisdiction?"

Mr. Roper said that it was so. It is said that more than fifty members of the house have been in conference with the Postmaster General during the last week in regard to this item. The conferees have been at the request of the Postmaster General, who is insistent on the approval of the item.

There was a similar proposition once before when the Postoffice Department wanted to get rid of all assistant postmasters by abolishing the office. Congress would not stand for it and it is believed by many that the firm attitude shown on that proposed measure will be repeated in the house on the present wholesale proposition.

It is anticipated that there will be a general and sweeping opposition to the measure from local communities that will lose their postmasters and become sub-stations if the legislation goes through congress.

—Jacksonville Metropolis.

In Memoriam

In the death of N. H. Fogg, Altamonte loses one of her most valued citizens. The people of this community are deeply sensible of their great loss and mourn his passing with hearts filled with sincere grief

and deep appreciation of their friend and neighbor.

For more than thirty years he has been identified with this place, giving to its every interest his most enthusiastic support, working always for its growth and advancement and giving generously of his time and means to that end.

He loved this beautiful region with his whole heart and never tired of describing its beauties and merits and of praising its location and advantages.

A lover of nature and all things beautiful, he longed to inspire others with his own enthusiasm and deep appreciation and to bring to all the fullness of joy which he experienced because his heart was open to the knowledge of God's great gifts.

Kind of heart and generous of hand, unselfish and thoughtful of others, his kindness and gentleness endeared him to every member of the community and one and all with one accord they desire to pay him a tribute of great love and respect to express their heartfelt sorrow, extending to his wife and family their deepest sympathy and condolence.

Grant to him, O Lord, eternal rest, and may perpetual light shine upon him.

Altamonte Springs, Mar. 20th.

Letter From Paul Biggers
Mr. R. J. Holly, Sanford, Fla.:
Dear Mr. Holly:

Enclosed find check for \$2.00 for the paper. I don't know what I would do if I didn't get the Sanford paper.

I have been away from Sanford two years the first of next September and it seems like it has been Sanford some days and I hope some of the dead ones their will open their eyes and get busy, build a hotel or two and advertise Sanford in the north and west. You would be surprised to know the people that go from this town to Florida. This past winter killed California dead. Florida is the coming state for winter tourists from now on, and I hope Sanford will get its share, but it won't unless you build a first class hotel.

This town that I live in is the best town in the west and the best lighted in the United States—of its size—but I can't help from wanting to go back to Sanford.

Wages are mighty good but it costs an awful lot to live.

I am glad that the Sanford farmers made money this year.

My wife and baby are getting along fine.

Regards to the boys.

Very truly yours,
Paul S. Biggers,
Lewistown, Montana.

NEW POSTOFFICE

Postmaster Elder is Having Building Renovated and Cleaned

Sanford will not get that new postoffice building this year but our new postmaster, P. M. Elder thinks that the old building being cleaned up would help some and is having all the woodwork and walls in the lobby done over. The postoffice is one place that sees considerable wear and tear and is apt to wear a very tired look.

Capt. P. M. Elder, the new postmaster expects to take his position tomorrow and all this week has been busy putting the office in shape and the new and neat appearance of the office is proof sufficient that a change is taking place. The woodwork is receiving a new coat of varnish and the walls are being calcimine and painted.

Some day in the near future the new postmaster expects to get into a new government building that will be a credit to the city but until that time comes Capt. Elder will endeavor to keep the present quarters in good shape.

The present force of valuable assistants will be retained by the new postmaster, headed by the first assistant postmaster, Harold C. Haskins with Miss Muller at the money order window, Dwight Babbett and R. A. Terhoun at the stamp window, M. L. Wright mailing clerk, and R. C. Shaffer clerk.

Congregational Church

Communion service next Sunday morning, and in the evening we unite in the Big Temperance Rally at Allen's Theatre. All members are urged to remember the morning services.

Jno. Wilson and wife have returned

from a trip to St. Augustine where they accompanied Mr. and Mrs. H. W. Conway and family, who are returning to their home in Ohio.

LATE NEWS FROM WAR IN EUROPE

SPRING BRINGS ON GREAT- ER OPERATION IN EUROPE

London, Mar. 31.—A dispatch to the Daily Mail from Petrograd says:

"With the breaking up of the ice the Russians are preparing for an expected renewal of German attacks on Riga, which it is anticipated will begin within the next four weeks. There is every indication that the Germans this time plan to attack Riga by land and sea at the same time, as they are now assembling large numbers of ships at Libau with the apparent intention of attempting to destroy the Russian fleet, so as to control the Baltic.

Paris, March 31.—Several German infantry attacks upon Avocourt Wood, in an endeavor to retake lost positions, were made last night. The war office report today says these assaults failed. No further advances against Malancourt were attempted by the Germans. East of the Meuse there was heavy fighting.

Commanding Attention

Florida today is commanding the attention of the nation and the careful study of business men, home-seekers and investors because of the rapid awakening of the outside world to its wonderful advantages and attractions.

The Manufacturers Record of Feb. 17th contains many articles of interest about Florida, the principal of these being a two page display by "R. H. E." Richard H. Edmunds, the owner and editor of this powerful trade paper, on Florida as the "Motor Tourists' Winter Paradise."

These two pages are most attractively illustrated showing some of the improved highways of Florida the improved highways of Florida and the beauty spots that make them so enticing to the automobilist.

Other very interesting articles discuss Florida as a possible producer of natural oil, and South Florida as a field for the production of the avocado pear.

The state owes much of its recent growth in popularity and prosperity to the powerful pen and influence of Mr. Edmunds.

The Country Gentleman of Feb. 10, also pays Florida the compliment of giving an article by James H. Collins on "Florida's Neglected Products," the first place in a very interesting issue.

Mr. Collins calls attention to "Some Delicacies that Have a Future" which are being profitably raised in Florida, but he dwells also upon the great waste and loss to the farmer and fruit grower in their neglect to utilize the culls for canning and preserves.

COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS COVER TERRITORY FOR HERALD

WEKIWA AND ETHEL ITEMS

An enjoyable social event in the way of a picnic was given at the school at Ethel by Mr. Archie Woods who so kindly motored them up the river to Wekiwa Springs. They all met at the dock with well filled baskets of good things to eat, leaving at half past eight. They arrived at the springs at 10:30. There were eighteen in the crowd. Mrs. Chas. Vermillion and Mrs. P. J. Coates were the only married ladies in the crowd. Some of the young ladies had their best friends with them. A delightful luncheon was served at noon in a nice little dining room which is near the spring, for the public, in which all partook heartily, except one who had a se-

vere toothache and his lip was swollen so he could not get his mouth open. We could sympathize with friend Rex as we have gone through with the same. We found Mrs. Vinson, the proprietor's wife of the hotel very pleasant and kind. Everything was delightfully pleasant and enjoyed so much by the children, as well as by the larger ones. It was the first trip to Wekiwa Springs by the greater part of the crowd and we feel that we want to go again in the near future. We started home at 3:30, stopping over at the camp to investigate the beautiful scenery along the river. After spending nearly an hour there we re-entered the boat homeward bound, arriving all safe and sound at 6:30. All thanked Mr. Woods for his kindness. There was quite a lot of fun in a water battle, all taking a hand in it. If there were any Baptists in the crowd they were made Lutherans, Presbyterians or Methodists from the sprinkling they got.

Mr. N. D. Goates motored over from Daytona last Wednesday and spent the night with his brother, P. J. Coates, at Wekiwa.

Miss Axie Holiday came in last Thursday from Winter Park and is spending several days with her parents.

Rex Holiday left Saturday for Enterprise where he will enter school for the next two months, as he wishes to finish up the eighth grade this year. School closed at Ethel last Thursday.

Mrs. Will Lee's little boy, two years old had the misfortune to have one of his fingers cut off this week and was taken to Sanford to Dr. Denton.

Miss Annie Sheppard who has been teaching our school at Ethel this year leaves for her home Monday, which will take one more of our young ladies out of the community and the worst of it is we are afraid we will lose one of our young men after she leaves, and we don't know whether either will return again.

Mr. Archie Woods has opened up a nice little grocery store here at Wekiwa, which is quite a convenience to the people. He is doing a real good business and we wish him great success in his undertaking.

It is fearfully dry here. The gardens need rain so much and people can't plant the seed they want to until there is rain.

Mr. Vermillion had the misfortune to lose one of his oxen last week. We will miss poor old Jersey going around through the woods.

Miss Axie Holiday returned to Winter Park Monday, after spending several days with her parents at their home at Wekiwa. She was accompanied as far as Sanford by her two sisters and brother, Fannie, Esther and Earl, also Mrs. P. J. Coates.

Mrs. Lipford is out on her farm for a few days. She has been spending the winter in Sanford as her children are going to school there.

Frank Powell spent Sunday with his mother and has accepted a job with Mr. Archie Woods.

The saw mill that Mr. Kersey has put up in this section is now running.

There is quite a crowd working on the hard road out here and it makes things lively around Wekiwa.

The church was crowded last Sunday, both morning and night, with new faces which we were glad to see. There is quite a little interest shown in the prayer meeting and Sunday school every Sunday.

Miss Annie Shepherd left for her home last Sunday night. Oh we were so sorry for the young man, he seemed bewildered when he came into church after the train pulled out, taking his seat between a young man and his girl, though of course he was excused by both. They understood the situation and therefore there was no trouble. I will ring off.

EAST SANFORD

Rev. Mickey filled his regular appointment at Moore's Station church last Sunday.

Howard Britt has gone to Georgia for an indefinite stay.

Duncan Mitchell is with Capt. Bell again guarding convicts.

Mr. and Mrs. C. E. Chorprenig and Mr. and Mrs. Harry Rivers were in Orlando Monday, making the trip in the Rivers' car.

Mr. and Mrs. I. D. Hart, Miss Ruby and Miss Laura Parker drove to Chuluota to attend church last Sunday.

Mrs. Ben Monroe has been very ill indeed, having taken a poisonous tablet by mistake for something

else. Dr. Neal and two nurses have her in charge. She is said to be on the gain a trifle.

Mr. and Mrs. E. C. Starnes recently from Ft. Mills, S. C., have bought the old Mitchell home from W. A. Knight.

Mrs. G. C. Williams of Oxford was the guests of her daughters, Mrs. J. H. and Dave Hickson a portion of last week.

Mrs. R. L. Grier of Cameron City last week received the sad news of the sudden death of her mother, Mrs. McCall, from paralysis at her home in Charlotte, N. C.

Alex Marshall of Cameron City has purchased the two town lots next north of the Marshall store.

C. E. Chorprenig has purchased the grocery stock and store building and land adjoining at Moore's Station known as the McClelland store and has opened for business. He will be thankful for a share of the public's patronage and will try and have what the people wish to buy.

J. R. Hayden is having a tenant house built on his property recently purchased of Joe Cameron and we understand there will be a modern house for his own use built soon.

Marquette avenue is finally being finished. The work beginning at Beardall avenue and going west to join that is already completed.

Edward Higgins, the Hurry Ford man has sold Mr. Stowe & Son of Cameron avenue and Mr. and Mrs. J. C. Ellsworth of Beardall avenue new cars recently. Mr. and Mrs. Angus Chappell and family of Celery avenue are also enjoying a new auto.

WEST SIDE ITEMS

Mrs. F. L. Greene is visiting friends in Woodbine, Georgia. On her way home she will visit her daughter, Miss Gladys, who is in college at Tallahassee.

Mr. and Mrs. Swanson and son, Norman were Sunday visitors at the home of Mr. Alfred Van Ness.

Mr. N. J. Stenstrom is home after spending several months in Tampa, with his daughter, Mrs. Reynolds.

The news is now from Washington that May 1st Mr. Shaefer will be our mail carrier on Route No. 2 and will also be the mail carrier on Route No. 1. Mr. Thomas has given the people good service on Route No. 2 the time he has carried the mail.

The breeze this morning is cool enough to make sweaters and coats feel comfortable.

Mr. McBride has planted a large patch of watermelons, with which we all wish him success.

The Celery Fair and Carnival was well attended from this side of town Friday and Saturday. All report having a fine time.

We hear of a wedding to be soon. Who is to be the April bride?

Progress in Southeast

Columbus, Ga., March 29. The Industrial Index says in its issue for this week:

"The southeast will enter the second quarter of the year with full steam ahead."

"With the ending of the first quarter there is a great volume of substantial industrial and construction activity throughout this section, with prospects for an exceedingly busy spring and summer. Important construction operations are under way and a larger number are definitely planned for the immediate future. New industrial enterprises are being established upon a larger scale in numerous instances than in months before."

"Total of twenty two corporations have been formed in the past week with minimum capital stocks aggregating \$1,416,500."

"A lumber company has been organized at Savannah, Ga., with capital stock of \$1,000,000 and will soon begin extensive operations."

Ground has been broken for the foundations for the sugar refinery to be established in Savannah at a cost of about \$3,500,000."

"A company with capital stock of \$500,000 will operate saw mills in the vicinity of Gulf Pine, Fla."

"A contract has been awarded for the erection in Clarksdale, Miss., of a six story bank and office building to cost \$146,500."

"A company has been formed to build an electric railway between Birmingham, Ala., and the Warrior River and Jasper."

JAX BISCUIT
Soda cracker, made of the best materials in cleanest bakery of the South. Guaranteed fresh and crisp. Dealers and grocers. One 12 pack.
Buy Jax Biscuits
Made by Jacksonville Cracker Works

"A Jacksonville, Fla., bank building will be remodeled at a cost of \$100,000 or more."

"Among the items of construction work to be done as reported this week, are:

"Apartment house, Miami, Fla.; court house, Wheeler county, Ga.; court house and roads, Lee county, Ga.; church buildings, Greenville, S. C., three, Miami, Fla., Jacksonville, Fla., and Thomasville, Ga.; bridges and road, Manatee county, Fla.; a district of Broward county, Fla., has voted \$150,000 of bonds for building roads and bridges and a district of DeSoto county will expend \$130,000 for the same purpose; factory buildings, Grantville, Ga.; and Laurel, Miss.; paving, Clearwater, Fla.; roads, Hinds county, Miss.; school buildings, Leale, Ga., Martinsville and Wesson, Miss., New Decatur, Ala., and New Smyrna, Fla.; hotel building to be completed, New Decatur, Ala. Contracts have been awarded for an apartment house in Atlanta, Ga., bridge, Hall county, Ga., and paving, Birmingham, Ala., Columbia, S. C., and Ft. Pierce and Starke, Fla."

"Industrial plants will be established as follows:

"Box factory, Laurel, Miss.; bottling plant, York, S. C.; cotton mill enlargements, Athens, Ala., and Grantville, Ga.; crate factory, Mims, Fla.; hosiery mill, Penfield, Ga., and to be enlarged, Gainesville, Fla. W. W. to be enlarged, Gainesville, Ga.; gasoline plant, Brunswick, Ga.; gineries, Cordele and Eastman, Ga.; handle factory, Tuscaloosa, Ala.; vehicle factory, Decatur, Ala. A contract has been awarded for grading for the extension of the line of a railroad in western Georgia."

"DeLand gets lug-cut brick, cement grouted."

Daytona gets asphaltic concrete, with brick from the Daytona city limits to meet the road halfway to DeLand.

Southern Clay and Mfg. Co., Chattanooga gets the entire contract for the DeLand district, at \$300,248.28. F. G. Proudfoot of Chicago, gets the Daytona contract, that is, so much of it as is now let, and probably the rest of the work at the regular meeting of the commissioners on Monday. Pathfinder Construction Company, Fulton, N. Y., was the lowest bidder for the Daytona brick and was awarded the contract, but refused to accept unless they were given 60 per cent of the entire contract. This left Proudfoot the next lowest bidder for the Daytona district work, and he will doubtless receive the contract.

F. T. Smith of Daytona gets the contract for the Tomoka fill and bridge."

DeLand contract calls for grouted lug-cut brick 9 feet wide, except in the center of DeLand, with 3 feet of shell on each side. The brick will be gin half way on the Daytona road, run through DeLand and half way to Orange City, begin at Lake Helen station, run through Lake Helen, to DeLand and thence to DeLand Junction. Contract for the shell road from Lake Winnemissett, halfway to New Smyrna, and from DeLand Junction to the river, was not let. It is thought that there will be enough money on hand to lay this road of asphalt concrete toward Smyrna, and with brick or asphaltic concrete from the Junction to Crows Bluff ferry, instead of using shell. The handsome premium of \$21,050 obtained from the bonds added, 6 per cent to the amount available for road building."

DeLand district pays from \$1.45 to \$1.75, depending on length and condition of haul, per square yard, for its cement grouted brick."

Daytona district pays 81 cents per yard for its asphaltic concrete roads."

Bonds of N. M. Alexander, G. A. Dreka and E. R. Conrad as bond trustees were presented and approved. Mr. Conrad takes the place of Mr. J. W. Todd of Lake Helen, who was selected for the office, but later declined to serve. It's a good, safe, conservative board.

It is thought that work will begin within 30 days and will be rushed to completion.—DeLand News.

Comparatively Unimportant

Mrs. Strongmind (about to start with the picnic party)—"Let me see—here are the wraps, here's the lunch-basket, here's the opera glass, and here's the bundle of umbrellas. I think we've got everything, and yet—children, we haven't forgotten anything, have we?" Husband and father (standing meekly at the horses' heads)—"Shall I get in now, my dear?" Mrs. Strongmind—"Why, to be sure, James. I know there was something else."—Dallas News.

Two Ideas of the Picnic

The Hindu term for picnic is said to be, by literal translation, "fools' feast." But the Anglo-Indian who likes to take his best girl and a basket of indigestible edibles upon an arduous journey to a distant place, to eat delightedly a much worse dinner than he might have at home, has more imagination and a keener rest of life than the native who assumes an air of superiority.

Davis Cypress Tanks Cost Less—Last Longer

Davis Cypress Tanks withstand excessive heat and moisture, are impervious to acids, do not rust and last for generations. Cypress Tanks made the Davis way are more durable and cost less to keep in repair than galvanized steel tanks.

It can no longer even be claimed for the galvanized tanks that their initial cost is less, owing to the unprecedented advance in the price of galvanized steel and other material.

Now is the time to buy a Davis Cypress Tank.

WANT ADS PAY

WARNING TO CANDIDATES

Governor Sets Forth Provisions of Election Law

To the Sheriffs of Florida:
As Section 16 of Chapter 6470 of the Laws of Florida—being the corrupt practice act, specifically requires the sheriffs of the state to exercise strict vigilance in the detection of violations of its provisions, I beg to bring to your attention certain important provisions of this law as follows:

Section 5 makes it unlawful for a candidate to attempt to further his candidacy by promising to give or appoint a person to a public or private position or to assist him in procuring any office or position.

Section 6 makes it unlawful for a candidate or other person directly or indirectly or by any pretext whatever to hire or to employ political workers or persons, canvass, electioneer or to make public addresses for or against a candidate or to pay their traveling or other expenses for such purposes. It is unlawful for a person to accept such employment.

It is also unlawful for a candidate or any other person to hire or employ a person to go around over the state to circulate campaign literature. A reference to Section 6 will show that it prohibits all forms of graft.

Section 9 requires that all campaign literature be signed by the author and political newspaper "ads" be marked "Paid Advertisement," and provides penalties for failure.

Section 10 is against eleventh-hour attacks. This section makes it unlawful for any candidate or other person during the 18 days next before the primary to publish or circulate or cause to be published or circulated any charge upon any candidate unless a copy of said charge or attack has been personally served upon the candidate attacked at least 18 days prior to the date for the primary.

Under this law a candidate who expends more than he is allowed to expend under its limitations is subject to punishment and forfeits his right to get his name on the primary ballot or general election ballot.

The law allows the candidate to spend money only for the following purposes, to-wit: "For his traveling expenses, fee for qualifying, stenographic work, clerks at campaign headquarters, to address, prepare and mail campaign literature, telegrams, telephones, postage, freight, express, stationery, list of voters, office rent, newspaper advertising, advertising in campaign book, printing and the rent for hall in which to address the voters."

A candidate who expends money for other purposes in behalf of his candidacy violates the law.

This law requires all candidates to make at certain times sworn detail statements of their campaign expenditures.

REWARD

A reward of \$150.00 will be paid for the arrest and conviction of any person violating the provisions of the said Chapter 6470 or for the violation of any of the provisions of the constitution or primary election laws or for the violation of the law which forbids the payment of poll tax except by the person who owes the same.

With the exception of a few grafters and a few corrupt politicians who would attempt to buy their way into office the people of Florida overwhelmingly want honest, clean elections.

I feel sure that the sheriffs will be active to this end.

Yours very truly,

Park Trammell,
Governor.

Tallahassee, Fla.,
March 27th 1916.

MUST HAVE AUTO TAX

Supreme Court Decide That Law is Valid

In a decision handed down yesterday at Tallahassee the Supreme Court of Florida upheld the act of providing for the payment of fifteen per cent of the automobile license tax into the treasury of the state for the use of the state highway department. M. M. Smith of Orlando, a member of the state commission was immediately advised of the action of the court by both the attorney general, T. F. West, and the secretary of the commission, J. P. Clarkson. The case was taken into the supreme court on mandamus brought against the tax collector of Leon county. It was a test case, and now that it has been decided the state highway commission may proceed to the employment of a state engineer, which has been held up pending the outcome of the litigation. Secretary Clark advised that every contention of the commission had been sustained, and that peremptory writ would issue in the course of a few days.

Mr. Smith stated that a meeting of the commission had been called

by the chairman, Ed Scott of Arcadia, for Tallahassee, April 12. He is of the opinion that a state highway engineer will be chosen at that time. "Thus far the commissioner's hands have been tied because of the litigation. The act providing for the payment of the fifteen per cent automobile license tax was held to be defective, and the tax collectors would not pay over any portion of the amount received by them until the matter was settled. When the commissioner held a meeting in Orlando there were a number of applications for the position of state engineer, the Orange county engineer, G. R. Ramsey being among them. He was strongly endorsed, and it is believed his chances for appointment are good. He has an excellent record, and his experience in Florida road building has given him a seasoning that other applicants cannot lay claim to. Mr. Ramsey's friends will strongly urge his appointment." H. Clay Crawford,
Secretary of State.

Getting on His Nerves.

They say Pat Pierce waked up in the middle watches of the night with a burglar standing over him. "Where's your money?" inquired the burglar. "In my pants hanging over there on the chair," replied Mr. Pierce. The burglar walked over to the chair. "Which pocket?" he demanded. "Oh, demmit!" returned Mr. Pierce. "Just take pants and all; you're getting on my nerves."—Macon Telegraph.

Wedding Ring Always Used.

Wedding customs have varied with changing periods but the wedding ring has always been used. Its earliest form was iron, then, in turn, copper, brass, leather, sedge and adamant; and, after this, the precious metals. The first record of its use is in Genesis 4. The old Gimmel ring was cunningly fitted in two sections, so that one went to the bride and the other to the bridegroom, and it is often copied for modern brides.

Aeroplane Testing.

In a French aeroplane factory wings are testing by turning machines upside down and loading them with sand, evenly distributed, until a weight exceeding the pressure the wings must withstand is reached.

New Treatment for Obesity.

A German physician's new electrical treatment for obesity compels patients to perform muscular work automatically and independently of their will by stimulating their muscles.

BIRD DAY

State of Florida, Executive Office
By the Governor A Proclamation

In recognition of the valuable and laudable work which is being done in this and other states by many benevolent persons and a number of worthy civic organizations to promote the study, protection and preservation of the song and game birds of our state and country, and for the purpose of arousing increased interest in the value and utility of the birds with which our state is so richly blessed:

I, Park Trammell, governor of the state of Florida, do hereby designate and proclaim

Tuesday, April 4, 1916 as Bird Day and earnestly recommend that it be appropriately observed by all the

Congressman Joe Sears proposes to take the state editors on a boat ride on the lake at the Klammssee meet. No "Salt River" ride for him. The editors will see to that.—Orlando Citizen.

We make frequent trips to Sanford. Thursday we went to see the fair and saw it, viz: The fair face of Editor Holly and gave him "the glad hand" in his legislative canvass.—Orlando Citizen.

Editor Bob Holly of the Sanford Herald has "yielded to the solicitation of many friends" and announces as a candidate for the legislature. And now the voters of Sanford and Seminole county should elect him by a large majority.—Clearwater Sun.

If the ambition of Lake, of Seminole county, in competition with Sears, of Osceola county, for United States congress results in a break of the " Gordian Knot," said to have tied these counties to the northward and southward of Orange county, resulting in a unanimity of feeling in the three counties, then we may conclude that Lake is purely a public benefactor.—Orlando Citizen.

SAID ABOUT HOLLY
Bob Holly is in politics now up to his neck. Last week he was in a quandary because Forrest Lake had announced for congress. Because Lake is a Seminole county man, he would like to support him, but he stated that he was pledged to Joe Sears. His solution of the matter was tritely expressed in the statement: "May the best man win." Now Bob has announced for the legislature and with three opponents in the race he will probably be so busy trying to prove he is the best man that he'll leave Joe and Forrest to fight it out for themselves. Klammssee Gazette.

Improve Look of Fruit
The Florida Growers and Shippers League, through its manager, Lloyd S. Tenny is making an effort to secure better looking fruit by more general and spraying methods. Florida has a reputation for producing fruit of unusually good quality. It is unfortunate, however, that the oranges and grapefruit produced in the state do not look as good as they taste. California has had a decided advantage over this state in this matter. The splendid record Florida has made in selling fruit at high prices has been done in spite of the handicap from rather unattractive looking fruit.

The League believes that this campaign for better looking fruit is altogether too large for any individual or organization to accomplish alone. The industry should be aroused to the necessity of taking steps to bring about an improvement. It has been demonstrated beyond a doubt that a large proportion of the insects that produce poor looking fruit may be controlled with an expenditure of a comparatively small sum of money. The experiment station at Gainesville, the Entomological Laboratory at Orlando, with Mr. W. W. Yothers in charge, the different marketing organizations in Florida, and every progressive grower should not only TALK better spraying methods, but also ENCOURAGE action.

Mr. Tenny and Mr. Yothers have been holding some field meetings recently where the growers could become familiar with the common insect pests of the citrus trees. Mr. Yothers takes a high power microscope to these meetings and gives a very practical talk and demonstrations of the three most important insect pests of citrus, namely, white fly, purple scale and rust mite. Following this there is a discussion on the best methods of controlling these pests. Both Mr. Tenny and Mr. Yothers are willing to cooperate with any community that desires to encourage the production of clean bright fruit. The critical time for next year's crop is near at hand, and it is urged that any person who is interested in this work get in communication with either of these gentlemen by addressing them at Orlando.

—Florida Growers News.

Mulch Conserves Moisture
Do you know how much moisture the Florida sun and the March wind can take out of the soil in eight hours? C. K. McQuarris, state agent for the University of Florida Extension, estimates it at one inch. One inch of rainfall is a big rain, yet that amount may escape from the soil every day. At that rate it does not take long to lose the supply of water available to plants. The longer this evaporation goes on unchecked, the harder it will be to obtain good germination of seeds.

Mr. McQuarris has called attention several times to this season as exceptional for the wide-spread drouth. The longer it continues the harder it will be to raise a good crop. The farmer can avert the lack of moisture to some extent, however, by working his land well. Probably 90 per cent of the winter and spring plowed land lies in the rough state until planting time. The rougher the land, the greater the surface that is exposed to evaporation. Soil should be worked immediately behind the plow. Use a spike tooth harrow, a disk, a weeder or anything that will level the surface. A mulch should be made and maintained on top.—News

Father of Baseball.
Henry Chadwick, the "Father of Baseball," is buried in Greenwood cemetery, Brooklyn, on the Twenty-fifth street side of the cemetery, near Eighth avenue.

Unfortunate in His Friends.
"There are, said the gloomy man, who had just parted with a V to a retreating friend, "only two kinds of men: There are those who sometimes get into trouble, and those who sometimes get out. I don't seem to know any of the latter."

Floods in North
Detroit, Mich., March 30.—Several cities and towns in Lower Michigan reported improved flood conditions today, the situation at Flint became worse. Local traffic was dislocated when the Flint river went out of its banks and flooded Saginaw street, the city's principal business thoroughfare. Damage totalling thousands of dollars already has been wrought in Flint alone.

A boy was drowned in the flooded Kalamazoo river at Battle Creek today.

Flood conditions throughout Michigan generally were improved today except in the vicinity of Flint, and in the Saginaw river valley, where the waters still were rising and reaching out over a widening territory. Train service was nearly normal in the greater part of the state, but north of Bay City washed out tracks and destroyed bridges still hampered communication.

Flint, Mich., Mar. 30.—South Saginaw street, the principal business thoroughfare of Flint was inundated to a depth of nearly two feet today.

Property loss in Water street will be heavy. Several families were rescued from partly submerged houses.

Columbus, O., March 30.—Fair skies and falling rivers today dispelled flood fears over Ohio.

Pittsburg, Pa. Mar. 30.—Pittsburg is having its first flood of the year today. The swollen Allegheny and the Monongahela rivers passed the flood stage here of twenty-two feet at an early hour and continued to rise rapidly. Merchants with business houses along the rivers were prepared for the rise and little damage is expected. People living in the low lying sections moved their household goods to second floor.

When the flood mark was reached and the stream became stationary, all danger passed.

Cincinnati, O., Mar. 30.—With the river at 46.9 feet here tonight and rising 1 1/2 inches an hour, the local weather forecaster predicted late today that it would reach 53 feet by Friday night or Saturday morning. It is expected to pass the danger line of 52 feet late tomorrow. Men chanted along Water and Front streets are moving goods from their cellars while residents in the low lands are seeking higher quarters. A stage of 53 feet will bring the water out in Newport, Ky., covering several blocks.

The Ohio river will pass the danger mark of 50 feet some time tonight, according to the weather bureau. It may reach 53 feet, the forecaster announced.

HONOR ROLL

For Month of March, Sanford Public Schools
Lower First Grade—Evelyn Price, Ruby Martin, Hazel Newton, Wilbur Davis, Jr., John Lord, Morris Benjamin, Claude Locke.
Advanced First Grade—Gilbert Ericson, Robert West, Martha Wallace, Vera West, Briggs Arrington, George Putnam, Rebecca Stevens,

Maudie Portson, Gertrude Benjamin, George Wilbur.

Second Grade—Claud Wright, Junior Dutton, Frederick Weeks, Calvin McGahagie, Edgar Shiles, Elizabeth Mitchell, Mary Elisabeth Moye, Lena Cretchen Long, Evelyn Schell, Mildred Hand, Bobbie King, Kermith Hurley, Cornelias Weth.

Third Grade—Irma Smith, Paul Strong, Paul Thompson, George Wilson, Mary Elizabeth Puleston, Katheryne Wessner, Maude Lake.

Fourth Grade—John Wilson, John Brumley, Emma Spencer, Dora Arneri, Nan Paxton, Mabel Wilkinson, Mayda Carraway, LeClaire Jones, Helen Kennedy, Corinne Steinmeyer, Helen Carlson, Elmer Lundquist, John Henry Lundquist.

Fifth Grade—Beulah Brown, Emily Bailey, May Holly, Nora Jenkins, Rosa Milheim, Marie Stemper, Thebesa Venable, Florence Witte, Isabel Strong, Wesley Foster, Roy Howard, Edward Rumph, Robert Williams, Wallace Bell, William Moye, Albert Hickson, Ralph Woodruff, Robert Thrasher, Dick Tereshun, Ira Tillis, Doris Moore, Madge Woodcock, Gladys Wilson, Erminia Houser, Ollie Vera Glisson, Margaret Ericson, Sarah Wheelless, Charlotte Smith, Lizzie Flowers.

Sixth Grade—Margaret Zachary, Annie DuBose, Nellie Messenger, Aline Lipford, Eunice Lynch, Mary Belle Allen, Eva Taylor, Lucile Jenkins, Marian Hand, Tom Brotherson, Sidney Kennedy, Willie Mallem, Bertram Shepherd, Victor McLaughlin.

Tenth Grade—Muriel Rhodes, Erce Little, Clifford Walker, Mary Bell Lynch.

Eleventh Grade—Marion Gove, Antoinette Lkue, Ettie Johnson, Ruth Hand, Katherine Aycock.

Twelfth Grade—Agnes Anderson, Allie Anderson, Alma Goertz, Oscar Brown.

Hysteria on Public Questions

The Reporter-Star is opposed to the working of children in factories or engaging them in occupations which tend to grind out the joy of childhood, or stunt their growth and development. Yet there can be no question that the legislation aimed at this evil is so sweeping that its practical application would make it criminal for boys and girls under fourteen to perform any useful service for pay. For example, it would prohibit boys from delivering newspapers, or doing messenger service. Perhaps this is wrong; it may be that we are purblind when it comes to viewing the question at close range, but it is evident from the viewpoint that those who are paid to advocate child labor, as well as those who do it from a high sense of duty to humanity, will themselves go to unreasonable extremes. They fail to draw the line, and if their ideas were followed to the letter the child would grow up in idleness, which is the acceptor of vice and crime. The old-fashioned way of rearing children may be all wrong, but the plan of keeping the child busy at useful things hasn't been much improved upon by modern methods.

The Reporter-Star would not attempt to defend Congressman Joe Sears for voting against the child labor bill until the contents of the bill are known and it positively appears that he voted against a dangerous measure. If this is so he deserves to be commended. The likelihood is that the bill contained provisions that made it impracticable and unjust. There are reasons to believe that Sears would not vote to put children in bondage or keep them there. For many years he was county superintendent of schools, and in such position he came in contact with child life in its varied forms and phases. Nothing could have a more softening influence. There is no human element or essence more innocent or trustful than the affection of a child. He would be a brute who would betray or abuse it. But that parent is not wise or considerate of the future welfare of the child who builds a wall about him. The man least prepared to cope with the world is the one who has been brought up under cloistered conditions. He is not equipped and oftener than otherwise is doomed to a career of discouragement and failure. It is pleasing to know that such views are held by level headed people who are actively engaged in child welfare work. A few days ago a Washington paper contained the following:

"Objections to national legislation on child labor, with particular reference to the Keating-Owen bill were made before the Senate Interstate Commerce Committee today by Miss Mary F. Garrett of the Pennsylvania Juvenile Court and Probation Association, and Mrs. A. A. Burney of Washington, national corresponding secretary of the mothers' congress.

Both insisted that it was increasingly apparent in the legislation of the different states that any cast iron rule on child labor was a mistake and that the best thought of women interested in children was being addressed to the problem of securing the fullest development of the child, both in training of the head and hand and in development of character.

They declared that the general view of mothers now was that idleness was greatly to be dreaded, especially in children under fourteen years, and that moderate vocational training in various industries was a good thing, rather than a bad thing for the child."

Such sentiments were expressed by Congressman Sears in his speech against the Keating-Owen bill. The sentiments are shared by persons who cannot be charged with being tools of industrial concerns that seek to suck the life blood of little children. There is need for the dominance of a rational view in all such legislation, where it is necessary to draw the line between unwise sentiment and common sense.—Reporter-Star. (Adv.)

GENEVA NEWS

Work has been commenced on the Barr tract, between here and Oviedo. Mr. Sheldon is building a house on the tract, and there are quite a number of men clearing the land. About 80 acres of this tract will be planted to citrus fruits.

The members of the Baptist church gave a picnic last week at Lake Harney in honor of Rev. Stone's seventieth birthday. There were about a hundred present and all enjoyed the day.

Mr. C. E. Patterson is improving in health quite rapidly.

Mr. and Mrs. Carrol Culpepper spent Sunday in Sanford.

Miss Lydia Geiger has returned from Indian Springs where she has been teaching school.

Dr and Mrs. Lewis have returned to their home in Defiance, Ohio. They have been spending their winters in Geneva for a number of years past.

Mr. Barber has gone to Macedonia to look after the loading of machinery which he will ship to this place for the saw mill.

Mrs. C. E. Watson, who has been visiting her mother Mrs. Hart, has returned to her home in Des Moines, Iowa.

Mrs. Cressy and Mrs. Brennan, who have been visiting Mrs. Endor Curlett have returned to their home in New York.

Mrs. W. J. Daniels gave an oyster supper to her Sunday school class on Friday night of last week. Sixteen young people were present and spent a very pleasant evening.

Miss Kate Flint has gone to DeLand to attend the normal school.

GRAPEVILLE AND UPSALA

We understand that Axel Nylund, now of Miami has recently remarried.

Mr. Aaron Lundquist left for a visit in Jacksonville, a week ago, stopping at his brother Gardner's, where he will combine business and recreation.

Mrs. Thompson was a visitor at Mrs. Collier's in town last week and Mrs. Ballinger visited there on Wednesday morning.

Charlie Cramer was out our way last Monday, delivering his books.

Mr. Henry Lundquist has obtained employment in the car shops with Mr. Tyner. Mr. Howard who also works there has been changed to night work.

We notice the pressman left out Mrs. Borell's name from those who entertained Rev. Albertson and daughter while they were here.

Mrs. Magnusson has been subject to the grippe the past week.

Anjelo Sanserino has been sitting up with Mr. Rotunda, who is very ill at his home in town.

Mr. Jack Thompson has been under the weather for a few days.

Mrs. John Lundquist and Mrs. Magnusson were in town Saturday.

Tuesday, the 28th, was the fourth birthday of Ellen, daughter of Mr. and Mrs. H. G. Lundquist and as usual in this favored section it was properly celebrated by the coming of her loved ones with presents and

lovely cakes, the latter being served to all present with steaming cups of fragrant coffee. This time there was a cake for each year and it gladdened the heart of the little maid. Besides her immediate family there were present her grandmother, Mrs. John Lundquist, Mrs. Annie Magnusson, Mrs. Elmer Lundquist with her two children, Adrian and the baby, and later Mrs. Ballinger also ran in for a short visit.

Sunday school will be at 3 o'clock next Sunday and prayer meeting on Thursday evening at 7:30, at which Rev. Ericson is leader.

Rev. Edwards and Rev. Albertson came according to promise last Saturday and on Sunday Rev. Edwards, the pastor evangelist gave us two very searching sermons. We look for good results. The little child of Mr. and Mrs. Edwin Lundquist was baptized. Rev. Albertson went over in the afternoon to the Paola service. Mrs. Bertelson and Mr. and Mrs. Ballinger entertained them this time.

NOTICE

City Taxes for the Year 1914

After April 1st, 1914, Tax Certificates will issue on delinquent taxes of the year 1914, thereby creating more expense. To avoid this extra expense call at city clerk's office and pay the 1914 taxes before Certificates issue.

Jan. C. Roberts,
City Clerk

On Friday, April 7th, 1916 Four good work mules, wagons, harness. All kinds of farming implements, sprayers, plows, harrows, etc. Sale begins at one o'clock. Terms strictly cash. Sale will be held on O. W. Brady's farm, corner Celery and Beardall avenue. 63-3tc

BIG DAY AT BAPTIST CHURCH

Dr. A. P. Montague, President of Columbia College will be The Speaker Sunday

Next Sunday is a big day for the Baptist Church here. For the past two weeks a Training School for Sunday School Workers has been conducted and many have completed the work. Supt. B. F. Ezell taught a class of fourteen "The Seven Laws of Teaching." Rev. George Hyman taught "The Normal Manual" to a class of twenty. The graduation service will take place next Sunday.

Dr. A. P. Montague, president of Columbia College will deliver the address of the occasion and present the diplomas. Many in Sanford will recall that Dr. Montague was the speaker at the High School commencement of 1914.

Those to receive diplomas are as follows: Mrs. James F. Hurley, Mrs. John Hamrick, Mrs. F. R. Savage, Mrs. A. C. Williams, Mrs. Ruth Ballard, Mrs. John J. Gibbald, Mrs. G. A. Radford, Mrs. Robert L. Rowe, Mrs. M. M. Stewart, J. Row

The three unions will meet in their respective places. 8:00 P. M. Extension Pattern of Tennessee will speak at Allen's Theatre.

NOTICE PRINTING CUSTOMERS

Owing to the recent advances in the price of all kinds of paper and ink it is necessary that we withdraw all prices on printing. In some lines this advance has been very strong, while in others only a small increase has been made. Let us have your orders for your 1916 printing. Other advances are sure to follow. We will give you the very lowest prices possible at all times, consistent with prevailing prices of paper and ink and good workmanship.

THE HERALD PRINTING CO.

EIGHT HOUR DAY

100,000 Railway Employees Ask for It

New York, March 31.—The demands of nearly 100,000 locomotive engineers, firemen and train men were given to the general public in a press conference today. They want an eight hour day and time and a half for overtime. This is expected to be conditionally refused, pending further negotiations. The railroads are given until April 29 to make reply.

Eastern managers replied, submitting propositions of their own for discussion. They did not refuse the demands.

It is understood that the railroads already have made ready a tentative answer which amounts to a conditional refusal that leaves the way open for further negotiations. The demands of the men went to the Wheeling & Lake Erie Railroad yesterday and the eight hour day proposal was refused.

The position of the unions is explained in a statement by the executive committee of the adjustment boards, which has in charge the submission of the demand's today. The committee's statement says:

"In making the demand for the eight hour day, the unions feel themselves justified, believing that trains can be so managed that the 100 miles required of a railroad man per day can be put inside of eight hours. As the train service is now, single crew engines in the switching

ABOUT PEOPLE ...AND EVENTS...

Fish Fry

One of the most enjoyable events of the week was the fish fry on Tuesday in the grove on the Heights given by the members of the Truth Seekers Class of the Methodist Sunday school. There were about sixty five members and guests who went out about ten o'clock in the morning to enjoy the fun and frolic and incidentally to fry fish, the most fun of all, the majority of them remaining until the late afternoon. At one-thirty the "fry" with all the appetizing et ceteras was served. "Corn pone" was a favorite dish, baked as it was in the ashes. Rev. and Mrs. F. E. Steinmeyer chaperoned this giddy crowd of girls, the members of the Sunday school and found their hands quite full. About three o'clock in the afternoon the class was called to order by the president, Mrs. Chas. Smith, for the business meeting. Mrs. Kelly gave an interesting review of the lessons for the month on the book of Acts and was followed by Mrs. Rayton with a splendid paper on "Some of the Things We are Doing in the North to Christianize America." She touched especially on the work that is being done in her home town, Rochester, N. Y. It was a fine paper on the Home Mission Work. Rev. Steinmeyer closed the program with an informal talk, complimenting the class on its activities and the excellent work that is being done, also giving a brief outline of the life of "Asbury in America." The Truth Seekers are a live organization, always busy. They are now having their class room in the Sunday school completed and hope to have their memorial window placed by Easter. This will be a class memorial. The enrollment is now seventy-one mothers and continuously growing under the excellent supervision of their teacher, Mrs. Steinmeyer.

Elks Dance

One Wednesday evening members of the Elks gave another informal and enjoyable dances that was well attended by the dancing set. That the Elks and their friends delight in "tripping the light fantastic" is testified by this having been the third informal little gathering within a week.

Informal Luncheon

Mrs. Thomas A. Neal entertained on Monday with a pretty little luncheon at her attractive home on Park avenue. Covers were placed for six, the guests being Mrs. Norman DeForest, Mrs. Cecil Gabbett, Mrs. J. B. B. Stryker, Miss Emma Irvin and Miss Harlet Hulley.

Personal Mention

Mrs. J. Hanenstein of Mevulin, Minn., is the guest of Mrs. S. Runge.

Friends of Mrs. M. F. Robinson will be glad to hear that she is improving after a severe illness.

Mr. and Mrs. L. M. Tyne, Jr., of Lakeland are visiting Mr. and Mrs. R. B. Jarvis.

Mr. and Mrs. V. Pryce and little daughter left on Monday for home after a pleasant visit to Mrs. Miles A. Camp.

News-News

A very delightful meeting of the Sew-Sews was held yesterday afternoon with Mrs. John Smith hostess, at the home of her mother, Mrs. J. S. Wilson. There were a number of other friends enjoying the charming hospitality extended them, Mrs. A. K. Powers, Mrs. Geo. Hoy and Mrs. John Smith rendered a number of instrumental and vocal selections that enhanced the informal pleasures of the afternoon. The living room was aglow with quantities of nasturtiums, the fireplace being screened with cedar and the bright flowers. A tempting refreshment course was served consisting of fruit salad, hot rolls and olives, strawberries, lemon cake served with care and coffee. Those present were Mrs. J. S. Wilson, Mrs. Geo. Hoy, Mrs. M. M. Stewart, Mrs. W. E. Watson, Mrs. McCosham, Mrs. R. J. Holly, Mrs. D. L. Taylor, Mrs. Oscar Conklin, Mrs. C. E. Henry, Mrs. Taylor, Mrs. A. E. Powers, Mrs. Bell, Mrs. Minnie Jones and Mrs. B. A. Johnson.

Clean-Up Campaign

The spring clean up week will be the week of April 18, under the auspices of the Woman's Club, Mrs. C. H. Dinger, chairman. The cooperation an support of the towns people is earnestly requested. The institution of the annual or rather semi-annual clean up campaign has added much to the beauty of our town and in the past three years have been a successful feature of civic wars. Let us all pull together to make this the best one yet. The street and park committees of council will cordially cooperate, the sanitary inspector is always on the job and if our owners and renters of property will give their usual support our town will be a "thing of beauty and joy forever." The plant sale and flower show will follow the campaign.

Concert at Orlando

Many of Sanford's music lovers motored over to Orlando Wednesday night to attend the concert at the Lucerne, to hear the famous Polish pianist, Godowsky. Among them were Miss Edith Stewart, Mrs. C. H. Leffler, Mrs. Arrington, Miss Peacha Leffler and Max Stewart, in the Stewart car. Riding with Mr. and Mrs. Roy Symes were Mrs. Fannie Munson, Miss Fannie Roba Munson, Miss Margaret Davis, Miss Fern Ward and Royal Klintworth. With Mrs. Harry Papworth were Mrs. Margaret Barnes, Mrs. Forrest Lake, Mrs. Thomas A. Neal, Mrs. Julia B. B. Stryker and Miss Harlet Hulley.

services on which only one crew works in the twenty-four, are often compelled to work from ten to sixteen hours a day. It is injustice such as this that the railway unions want ended.

Eight Hundred Club

Delightfully pleasant was the meeting of the Eight Hundred at the home of Mrs. T. DeWitt Hayes on Wednesday afternoon, with their needlework and social chat the hours sped rapidly. A sherbet course was served late in the afternoon. Enjoying Mrs. Hayes' gracious hospitality were Mrs. Chittenden, Miss Laura Chittenden, Mrs. Anna Walker, Mrs. Minarik, Mrs. Bradford, Mrs. Roy Symes, Mrs. Warren Tyler, Mrs. Browne, Mrs. Frank Adams and Miss Beale Zachary.

Elks Dance

One Wednesday evening members of the Elks gave another informal and enjoyable dances that was well attended by the dancing set. That the Elks and their friends delight in "tripping the light fantastic" is testified by this having been the third informal little gathering within a week.

Informal Luncheon

Mrs. Thomas A. Neal entertained on Monday with a pretty little luncheon at her attractive home on Park avenue. Covers were placed for six, the guests being Mrs. Norman DeForest, Mrs. Cecil Gabbett, Mrs. J. B. B. Stryker, Miss Emma Irvin and Miss Harlet Hulley.

Personal Mention

Mrs. J. Hanenstein of Mevulin, Minn., is the guest of Mrs. S. Runge.

Friends of Mrs. M. F. Robinson will be glad to hear that she is improving after a severe illness.

Mr. and Mrs. L. M. Tyne, Jr., of Lakeland are visiting Mr. and Mrs. R. B. Jarvis.

Mr. and Mrs. V. Pryce and little daughter left on Monday for home after a pleasant visit to Mrs. Miles A. Camp.

News-News

Mrs. J. C. Roberts has as her guest, her daughter, Mrs. A. C. Smith of Pomona.

Mr. and Mrs. Frank Helms, Mr. and Mrs. Royce Phillip and Mrs. J. Fleets of Orlando were the guests of Mrs. R. J. Powell this week.

Dr. J. Edgar of Lakeland, editor of the Florida Christian Advocate will be the guest of Rev. and Mrs. F. E. Steinmeyer on Sunday.

Friends of Mr. Geo. A. Radford will regret to hear that he has been sent to the hospital at Waycross, Georgia, suffering with an injured leg.

Mr. and Mrs. Boyd who have been the winter guests of their daughter, Mrs. Edgar Biggers left on Monday for their home in North Carolina.

Mr. and Mrs. M. Roudelle of Orlando spent Sunday, with Mr. and Mrs. Frank Adams.

Mrs. J. E. Pace is spending several days this week in St. Augustine and Jacksonville with her guest, Mrs. T. E. Ruby of Madisonville, Kentucky.

Mrs. A. E. Hill with Mrs. F. L. Woodruff motored over to DeLand on Thursday to attend the state missionary meeting of the Presbyterians.

Dr. and Mrs. C. E. Walker have returned from a short visit to their daughter at Seabreeze.

Mrs. Henry Wilson of Green Cove Springs is visiting her daughter, Mrs. I. F. Rivers. Mrs. T. A. Stevens of St. Louis, Mo., as sister of Mrs. Rivers is also her guest.

Miss Emma Irwin, who has been spending the winter with her sister, Mrs. Cecil Gabbett leaves today for her home in Washington, Ga.

On their tour through Florida, Dr. Pinckney, Dr. and Mrs. Oakes and little son of New York City, spent a few days in Sanford last week as guests of the Hotel Carnes. Having seen both East and West Sanford they were both very much impressed and declared that Sanford was the nicest place in the Florida that they had travelled through. They unexpectedly met Mrs. Schuch (who is a nurse whom both doctors knew professionally in New York) and spent a pleasant time in West Sanford.

Market News Service Washington, D. C., Mar. 25th.—Field men of the Office of Markets and Rural Organization have left Washington to inaugurate the Department of Agriculture's Market News Service for perishable crops this year. Branch offices have been established in New York, Boston, Philadelphia, Buffalo, Pittsburg, Chicago, St. Louis, Minneapolis and Kansas City, to collect and distribute information in regard to marketing conditions. Other men are stationed in the producing sections in Florida, Louisiana and Texas, where onions, tomatoes and strawberries are already being shipped in carload lots to the big markets. By collecting in this way information concerning conditions in producing districts and marketing centers, the Market News Service of the Department of Agriculture is designed to aid both shippers and dealers in perishable crops. The information collected is sent out free by telegraph to all those who are sufficiently interested to pay the telegraph charges and by mail to those who do not care to incur this expense, but have a good reason for wishing the reports. Each of the field men in the marketing and producing centers acts as a distributor of this information and in addition it is sent out direct from Washington. The first reports for this season are to be sent out on Monday, March 27. Those will deal with our load shipments, receipts and general conditions for the onion, tomato and strawberry crops. Other crops will follow as the season advances, the service being designed to include a total of 16 altogether. In the opinion of marketing specialists this work, which was begun last year has already demonstrated its value in preventing the glutting of markets, in securing more profitable distribution for perishable crops, and in avoiding delay and waste through unnecessary diversions of carload shipments en route. Florid Growers News.

Many Kinds of Marble Used. There are said to be more than 400 different kinds of marble used in New York city, and in color they range from bright reds and greens to the most delicate shades of pink, turquoise and yellow. Some are known as dead stones because of their flat, somber hues, while others are alive with dashes of vermillion, scarlet, emerald green and lavender.

Daily Thought. Life never seems so clear and easy as when the heart is beating faster at the sight of some generous, self-risking deed.—George Eliot.

Holding Off. "What are your ideas as to the future of your party?" "I haven't any to express," replied Senator Borah, "until I ascertain the ideas of the party concerning my future."

Uncle Eben. "Don't get discouraged, son," said Uncle Eben, "if you find you can't do what you're tryin' to do Mebbe it's puttin' you in trainin' to do somethin' that you kin."

Notice of Application for Tax Deed Under Section 8 of Chapter 4834, Laws of Florida. Notice is hereby given that M. B. Burgett purchaser of Tax Certificate No. 1491 of the 5th dis of June A. D. 1899, has filed a certificate in my office, and has made application for said land to issue in accordance with said certificate and certifies the following description property situated in Seminole County, Florida, to-wit: W 1/2 of E 1/2 of N E 1/4 of section 4-7-21, R. 23, T. 10 S., E. 10 W., the said land is a parcel of the size of the square of such a lot as in the name of Geo. W. Frankum. It was sold on license shall be returned to the law tax deed will issue thereon on the 27th day of May A. D. 1916. Witness my official signature and seal this the 25th day of March A. D. 1916. J. J. Douglass, Clerk Circuit Court Seminole County Fla. 61-77-51c. By V. M. McDaniel, D. C.

Needs Plenty of Water In many places the sweet potato beds will not produce slips for early April setting unless they are watered. The continued drought this season has delayed many beds. C. K. McQuarrie, state agent for the University of Florida Extension Division.

AMONG THE THEATRES

Chit-Chat of the Play Houses in Sanford

"The Lost Bridegroom"
The incomparable Jack Barrymore has played many roles on the screen including princes, dictators, gentlemen of extremely elegant leisure and other interesting types but he has never before played a crook. This remarkable characterization he has reserved for his latest Famous Players Paramount Picture "The Lost Bridegroom" which is the attraction at the Star Theatre on Mar. 31st. Of course Barrymore is not a bona fide crook in the picture. He has been hit on the head by two thugs while returning from his bachelor dinner on the eve of his wedding to Dorothy Hardin, and has completely lost his memory as a result of the blow.

After falling off a deck from which he elects to take an impromptu nap, Bertie—for that is the alias under which Barrymore travels in this film—stumbles into a saloon which is the headquarters for an assorted gang of thieves, hold-up experts and card sharps. Bertie's entrance into this hitherto unexplored stratum of society is nothing if not picturesque. His assailants stole his overcoat, dress coat and waistcoat, but left his top hat. So our hero enters the saloon clad in dress trousers, the upper portion of the B. V. D.'s and his top hat, carrying his white shirt over his arm, having removed that to dry it after his fall into the river.

Mary Fuller
Bluebird Photoplays, Inc., will present a screen version of the great problem play, "The Strength of the Weak," at the Star Theatre on Saturday, April 1st with Mary Fuller in the leading role. When Florence

Roberts toured the country a few seasons ago in the original stage version, "The Strength of the Weak" was the most widely discussed play of its time. This great problem-play involves a decision which must be made by an orphan girl who has been led astray by her legal guardian. She must determine for herself whether she shall marry in later years a young man who is deeply in love with her. She man she loves is the son of the villain who betrayed her. Don't fail to see the problem solved.

"THE SALESLADY"

Famous Players Star Graduates from Ribbon Counter to Footlights in Superb Film

Beautiful Hazel Dawn, who deserted musical comedy to become a Famous Players star, returned to the footlights for a brief time not long ago. The result will be seen when the Paramount Picture, "The Saleslady" is shown at the Star, April 13. The stage was erected in the Famous Players studio and the members of the chorus of one of New York's most celebrated musical comedies was especially engaged to do its turn before the camera while the orchestra played one of the popular tunes that all Broadway is whistling.

This, however, is not the only instance where realism has been resorted to in this picture. Before Helen, the character played by Miss Dawn, becomes a stage favorite, she is a saleslady in a big department store. For these scenes one of New York's most famed department stores was placed at the disposal of Frederick Thomson, who directed

the picture. There hundred of the store's employees were engaged to take part in these episodes in order to insure their being staged with just the right touch. It is the first time that a great department store has ever been used in this way by a motion picture company, the average producer preferring to erect a little scene in his studio which will give the general effect of a department store.

Dimples

Little Miss Miles Minter, the charming and gifted young actress, who has been seen in the stellar roles in "Barbara Frietchie," "Emmy of Stork's Nest" and other Metro wonderplays will be seen here at the Star on Tuesday, April 4th, in "Dimples," a two-part Metro feature produced by the Columbia Pictures Corporation. "Dimples" is an original story written especially for Miss Minter by Mary Louise Downing, and adapted for the screen by Harry O. Hoyt. Miss Minter is supported by an exceptionally strong cast including Thomas J. Carrigan, her new leading man, William Cowper, Peggy Hopkins and other prominent stage and screen artists. The production is mounted on an elaborate scale and there are many beautiful exteriors made in the picturesque country around Jacksonville, Florida. "Dimples" promises to be one of the most delightful photoplays of the season.

Sarcasm of a Dainty Housekeeper.
A housekeeper on the South side, who is fussy about the family provisions and usually does the shopping for her table in person, recently sent an order to her butcher over the telephone. The result was not satisfactory and on her next visit she greeted the butcher sweetly by asking: "Where in the world did you get the idea that we had bought a dog?"—Kansas City Star

More Than One Universe.
With the naked eye one may see 5,000 stars, with the telescope 50,000, 000. And beyond planet and star and Milky way are the nebulae, of which Herschel counted more than 2,000—stellar disks composed of billions of suns unexplored universes far outside our own, not friendly, next-door neighbors to us, like the North star, whose light requires only 50 years to reach us, or like Sirius or Hercules.

One Drawback.
"I maintain a corps of Amazons would be a failure in the D-D-I. Why so?" "Because after every change, each one would want to stop to see if she had too much powder on her nose."

Test of Good Flour.
Good flour adheres to the hands and retains the imprint of their lines when pressed tightly.

NEW STEAMER BEING BUILT NEAR OVIEDO

RUMORED IT WILL MAKE REGULAR TRIPS TO CHARLESTON

Transportation problems in Florida will be settled some of these days by the placing of more boats on the river, the building of electric railways and many other means of hauling freights other than railroads and the making of the St. Johns river into the Inland Waterway will be the first step in this direction.

Now comes the report that at the old Suway wharf on Lake Jessup, about three miles from Oviedo, a boat is being built that will make regular trips between Jessup lake and Charleston.

The maiden voyage of the boat will be as far as Washington where many people from this section will attend a convention and upon their return the boat will begin the regular run.

The Herald gives this story today for what it is worth and notes that sooner than expected the dreams of the Commercial Club for an inland waterway through the St. Johns river will soon come true and when this possibility is a fact Sanford will be the largest city in Middle Florida and the very best.

Too long have we rested upon the laurels already won and the great St. Johns river and all the wonderful possibilities of the same have been left to take care of themselves.

INVESTIGATING GASO

Recent Rise in Gaso Brings Government Inquiry

Washington, April 3.—Government agencies investigating the spectacular rise in the price of gasoline have virtually concluded preliminary phases of their work and will report to congress this week.

Every available field agent of the Federal Trade Commission has been assigned to the gasoline inquiry un-

der the direction of Commissioner W. J. Harris. Reports of the various companies involved in the inquiry are being made as far as possible by mail or by express.

The Department of Justice virtually left the entire matter to the commission. The commission has received by the Attorney General and forwarded for investigation to the commission and have been added to hundreds of other complaints received by the commission itself.

The first report to congress will contain comparative figures showing the amounts of gasoline and crude oil produced at present and two or three years ago, the volume exported, relative to the production and consumption in each section of the country then and now and comparative wholesale and retail prices.

Whether there is any real competition among the former elements that went to make up the oil trust, if there is, to what extent and how the small independent producer is affected thereby.

Whether there is any real competition among the former elements that went to make up the oil trust, if there is, to what extent and how the small independent producer is affected thereby.

SANFORD GROWERS WILL REALIZE THAT SUM FROM TWO CROPS

The story of money made in growing vegetables in the Sanford section is an old one refreshed each year as it were by the new ones and yet old enough to create but little furore among the people here who have grown accustomed to hearing of this one or that one making thou-

sands of dollars from the crops of lettuce and celery. Since the sale of land here has slackened for want of material to sell there is very little doing in the line of advertising and this more than any other reason is given for the little publicity in the Sanford section.

The Herald has received so many inquiries regarding the prices of lettuce and celery this season and so many of the growers are receiving good prices and the end of the season not yet in sight that a brief resume of the shipping season will not be amiss.

The Sanford section was supposed to have about 500 acres in lettuce and 1000 acres in celery this season and the car lot shipments are a good

barometer of what the farmers have been doing. The growers themselves are usually very reticent on what they are doing but the real figures are always obtainable in the amount of refrigerator cars shipped and knowing what the stuff has brought and is bringing gives the story in cold figures.

Up to Saturday last there had gone forward in refrigerator cars alone 2340 cars of lettuce and celery. 1010 of this was lettuce and 1330 celery, making a total of 2340 cars altogether. There will be about 700 cars of celery to be shipped yet be-

fore the season is over and 150 cars of spring crops. With this amount of lettuce and celery and taking 350 crates of lettuce and celery to a car there has already been shipped from Sanford in refrigerator cars alone this season \$912,000 and as there are still about 700 which will easily bring to the grower at least \$1 per crate brings up the grand total of celery and lettuce from Sanford in refrigerator cars alone to \$1,157,100.00 and as there has been a tremendous express shipment this season, many firms making a specialty of washed celery there is no reason to doubt that celery and lettuce will total about ONE AND ONE HALF MILLION DOLLARS F. O. B. Sanford.

fore the season is over and 150 cars of spring crops.

With this amount of lettuce and celery and taking 350 crates of lettuce and celery to a car there has already been shipped from Sanford in refrigerator cars alone this season \$912,000 and as there are still about 700 which will easily bring to the grower at least \$1 per crate brings up the grand total of celery and lettuce from Sanford in refrigerator cars alone to \$1,157,100.00 and as there has been a tremendous express shipment this season, many firms making a specialty of washed celery there is no reason to doubt that celery and lettuce will total about ONE AND ONE HALF MILLION DOLLARS F. O. B. Sanford.

The spring crops do not enter into this calculation and these deductions are made on the very low estimate of lettuce bringing the growers \$1 per crate here and the celery \$1.20 per crate here and no one will deny that this is a very fair average for the season.

Allowing the last 700 cars to bring only \$1 per crate is also a fair estimate as the celery growers and buyers all admit that owing to the cool weather the last of the celery is bound to bring a good price and it is estimated that the prices this season will probably over top all other seasons.

This million and a half dollars of course is not all net profit as there will probably be some items to subtract from it, but the estimate is taken with the idea of eliminating the expense of growing the crop and as many growers cut from 800 to 1000 crates to the acre proves that one acre of Sanford land will grow more money than any acre of land in any other part of the world regardless of location.

Another important item to be taken into consideration is the better pack that is being maintained by the experienced growers who will not ship any stuff from here now unless it is of the best and is packed under the personal supervision of the grower. The day of putting up any old kind of lettuce and celery and trusting to luck is past and the growers of this county are now putting up only the best of fruit and vegetables and making their trade mark the guarantee of the contents.

The mail order shippers here are also responsible for a better pack as they are now supplying the southern states with celery and putting it up after being washed and packed in paper wrappers and the package is ready for the retail trade upon arrival and never fails to be a top notch price.

The growing of winter vegetables has resolved itself into a real business instead of the gamble it was a few years ago when inexperienced growers were attempting to grow stuff with improper drainage, improper irrigation and upon new land with no knowledge of fertilizers or soil conditions. The experienced growers who have been here for many years are making good every season and will continue to make good and that they are making good money in the growing of winter vegetables than they could make in any other business is very patent.

The f. o. b. market established here is another important factor for the growers for they can sell their products here at the field or contract for the crop a season ahead. Very few of the growers consign their stuff any more and the vegetable game becomes more of a business with each succeeding year than a mere scramble to see who can get to the good markets first. The field for winter vegetables is also being extended until there are few points in either the United States or

BIG BUILDING MOVEMENT TAKES START

MANY NEW HOMES AND SOME BUSINESS BLOCKS BEING STARTED

Sanford is not on a building boom but the remarkable growth being made along every line is keeping pace with all the other great improvements. The great work of bulkheading Lake Monroe which is pronounced by experts to be one of the finest pieces of work in the state is bound to make Sanford great and with the many new factories coming, with the new hotel, with the fair grounds, golf links, ball park and many other forms of development and amusements this city is one of the busiest in the state.

Real work of development along more substantial lines is not lacking for Sanford people have such strong faith in their own city that they build more and better homes and business blocks all the time. Among the very latest dwellings noted this week are the fine homes of Wm. Bothamly at the corner of Park avenue and Ninth street and the beautiful suburban home of John Melach on the west side, both of these elegant structures just starting. No details of these two homes are obtainable as yet but that they will be the best that money can purchase can be assured as neither Mr. Bothamly or Mr. Melach do things by halves. These are two successful Sanford men who believe in building up their city.

Another beautiful home that will soon be completed is that of W. J. Thigpen on Park avenue between Eighth and Ninth. This is one of the very latest types of California bungalows, known as the Swiss chalet style and will add greatly to Park avenue when finished. Mr. Thigpen is another successful business man who has the interest of the city at heart and this is the second fine home he has built here.

S. O. Shinholser has a fine new residence on Magnolia avenue corner of Third, and built it for rental purposes, making the third on this block owned by him. He believes in Sanford and invests his money in the city that promises rich returns.

There are several other homes being built and contemplated here and also several business blocks. Among these is the large garage building that will be erected on the Miller lot on Magnolia avenue between the Miller Bakery and the Imperial Theatre. This lot was purchased from T. J. Miller last week by N. H. Garner and he will start the erection of a large fire proof garage at once on the lot. Mr. Garner is one of the largest owners of real estate in the city and is continually building homes for rental purposes and business blocks and remarked today that he would never stop building if he could obtain the vacant lots, but vacant lots at nominal figures are scarce in Sanford now.

It is conceded by those who know that this season will be one of the busiest in Sanford's history in the building line and the plans of the school board for the remodeling of the grammar school and the primary schools and the building of another primary school on the west side will also give employment to many men and be a great improvement along every line.

Binford Place Sold Mr. and Mrs. Levi Binford have sold their beautiful suburban home, Swastika Gardens, on the west side to J. D. Hood, the bustling vegetable grower and mail order shipper. Mr. and Mrs. Binford will go to Atlanta, where they will spend some time with their son.

Dr. Montague Here Dr. Montague, president of Columbia College at Lake City was here several days and spent Sunday the guest of Rev. and Mrs. Hyman. Dr. Montague is no stranger here, having been here upon several occasions and delivered the baccalaureate address at the high school last year. He reports Columbia College as being in a flourishing condition.
