Partly cloudy south and central portions with scattered showers beginning tonight.

Bicycle Safety Turnout Great

More than 200 children and their bicycles were at the initial meeting of the Bicycle Safety Club Saturday morning.

The children, in spite of cold and threatening weather, were on hand at Fort Mellon Park at 10 o'clock to take tests, make applications, and get through their papers around circles and squares to demonstrate their ability to handle bicycles safely.

Each child that registered was given a membership card, a decal denoting his membership in the club, and a set of safety rules to observe while riding bikes on streets and roads. They were also given scotchlite tape for reflectors. On hand to register the children was Mrs. Frances Murray, originator of the Bicycle Safety Club idea, who was assisted by a number of ladies volunteering to assist in the venture.

Police Chief Roy G. Williams, with members of the Sanford Police Department, put the children through a number of tests designed to reveal the skill of the youngster in the handling of his or her bike.

Chief Williams noted that "most of the kids like the test so well that they are reluctant to stay off the diagrams after completing the tests." The series of tests were given along outlines painted on the street marked off for the Bicycle Safety Club meeting.

Safety tests were given by Bob Karns, assisted by a number of Sanford men who volunteered to help in this phase of the Bicycle Safety Club activation. Hand signals, proper speed, proper riding habits and how to handle a bicycle were among questions posed to the youngsters.

Sidney Vihlen, assisted by a couple of volunteers, gave each bicycle a thorough going over as they examined each bike for bad tires, no tail lights, no bell, improper brakes and other defects. Each defect was noted on a sheet given to the youngsters in order that their bikes could be put in safe riding order.

"The first meeting of the club was a complete success," said Mrs. Murray as the last boy and girl left the scene of the meeting near noon Saturday.

The Bicycle Safety Club will get together for outings, winter roasts, and other entertainment events from time to time.

Ed Christensen, recreation director for the City of Sanford, will include the Bicycle Safety Club in his summer long citywide recreation program, said Mrs. Murray. Christensen was on hand Saturday morning to assist in the initial meeting of the more than 200 charter members of the club.

BICYCLE SAFETY CLUB tests get underway Saturday morning as Sgt. Russell W. Tench of the Sanford Police Department (in checked coat) instructs the first child boy to go through the first test. Looking on are (left) Police Chief Roy G. Williams and Patrolman Roy Butler (center). (Staff Photo)

"We expect another big year for 1956," Rothmeyer said. "With about a 700 net gain in telephones for this year. This is in keeping with our estimate of a population increase of 100 people, or about 150 families."

The story behind the installing of telephones is a big one considering the tremendous amount of equipment necessary to make additions. For example, in Sanford alone, Southern Bell spent a total of \$247,000 for new central office equipment and outside construction.

"In line with our continued growth, we have earmarked another \$1,627,000 for 1956 for the further expansion and improvement of telephone service here in Sanford," Rothmeyer concluded.

McDonnell Voodoo Reported To Fly Over 1,000 mph

WASHINGTON — The McDonnell F101 Voodoo, probably the biggest, heaviest and longest-ranged fighter in the world, is reported to have flown faster than 1,000 miles an hour a number of times.

Informed sources said today it has flown faster than 1,000 miles an hour at least once, and has exceeded 1,000 miles an hour per hour half a dozen times.

It also is believed to be superior in climbing as well as in level flight. The Voodoo has two Pratt and Whitney J47 jet engines.

It is known that a number of Voodoos are in operation. Estimates of the number that have flown range between 20 and 30. They are said to have performed impressively at altitudes up to 30,000 feet and above.

Florida Guardsmen Prove Efficiency

STUART — Florida National Guardsmen proved over the weekend they are "ready to take the field and put effective plans into operation for offensive and defensive combat," a U. S. Army adviser said yesterday.

A total of 1,039 guardsmen were given the position of defending against an imaginary enemy which landed on the Southeast Florida coast, centered Miami and extended north.

The guardsmen, from the St. Petersburg, Panama City and from several southeast Florida towns, flew up the 101st Airborne Division and about 20 miles north of West Palm Beach.

Rev. Lester Doerr Delivers Sermon

The Rev. Lester C. Doerr, M. Dora, supplied the pulpit yesterday at the First Christian Church for Pastor Perry L. Stone who is convalescing from surgery. In his morning message the Rev. Doerr used as his subject the question, "Why the church?"

In answering the question he developed three points: (1) "We need the church because it provides comradeship and experience in serving the best." (2) "We need the church because we need the kind of faith that is fostered by the church," and (3) "We need the church because we need in worship, and the church provides the kind of worship that cleanses, re-creates and empowers."

GERALD M. PARK was not only wearing a proud smile in the above picture, but a brand new uniform to boot. Park, who is attached to the Ground Control Approach Unit at the NAAS, Alaska, is the only white hat of First Class Petty Officer last week in favor of the hat but being presented to him by Cdr. Henry C. Cole, Executive Officer of the station. He is now an Electronics Technician Chief. During a brief ceremony held aboard the base, Cdr. Cole presented Park with his certificate of advancement and hearty congratulations.

Apopka Outlasts Seminole Hi Feds In Friday's Match

In a hard-fought basketball contest Friday night, the Apopka Blue Darters outlasted the Seminole High School Celery Feds.

In a low scoring first half, the two teams played about the same brand of ball. Seminole High School led by a 19-18 margin at the end of the second quarter.

The "ahead feeling" however, was short lived. The Darters started off scoring right from the start of the third quarter and outscored the Feds, 19-8 to lead by a 37-27 score at the end of the third period.

From this point on the closest Seminole High School came to the leaders was six points. The Darters stretched their lead to 12 points by the end of the game to win a 55-41 score.

David Barriger of Apopka took high-scoring honors of the evening by racking up 26 goals of the Darters' 53 points. High point man, Robert Samuel, dropped in six total goals and five free throws to score 16 points for the Seminole High School Celery Feds.

After playing nice of Seminole High School's 18 scheduled games, Sampels has scored 147 points.

The Seminole High School "H" squad also found themselves on the losing end when the Junior Darters outscored them 42-34.

29 Estimated Killed In Train Disaster

LOS ANGELES (AP) — A two-car Santa Fe diesel train its engineer apparently blacked out, rounded a curve too fast last night and tipped over, killing an estimated 29 persons and injuring at least 100 in one of California's worst railroad disasters.

Bodies were so badly mangled and dismembered—some were decapitated—that the coroner's office had difficulty identifying them and determining exactly how many were in the mangled. At least two were children.

Deputy Coroner Richard Davis said, "We believe that there are 29 bodies here."

The highest rail death toll in this state was 32 in 1907.

The train last night was en route to San Diego — 125 miles South of here — with 161 passengers, about 40 per cent of them servicemen returning to their bases. Two cars overturned on their left sides a few minutes after leaving the station here at 5:30 p. m. It was dark.

Light Agenda Faces City Commission

A light agenda faces the Board of Sanford City Commissioners tonight at a regular meeting of the Board which will begin at 8 o'clock.

A discussion regarding a request of the American Legion for a waiver of the license fee for the sale of the first item to appear on the agenda prepared by City Manager Warren E. Knowles.

Bids for the resurfacing of certain streets of Sanford will be discussed. Bids for the resurfacing program were submitted last Thursday morning with an Orlando firm as low bidder.

The Board of Commissioners will also consider resolution in regard to the park property on either side of South Park Ave. between 24th and 26th Sts.

Miscellaneous business from the floor and from members of the City Commission will be considered following the agenda.

Lions Conference Held In Clearwater

CASSELBERRY — Lions Club Zone Chairman Raymond Morris, accompanied by Mrs. Morris, left Saturday for Clearwater where Morris will attend a two day mid-Arctic Lions Conference.

The conference will include forums for deputy district governors, zone chairmen, presidents and secretaries. Lions wives will be entertained by the Clearwater Lions Auxiliary while club members are attending the business sessions.

Mr. and Mrs. Morris joined College Park Lions President Howard Jennings; Secretary Harold F. Jenkins; and Dan Wasserman and their wives for the trip.

THEIR BOB CHURCH NEW ORLEANS (AP) — Two men walked into the Good Faith Baptist Church last night during the evening services.

They ordered at gun point the congregation of six to lie on the floor and then moved to collect the purses and valuables. A woman screamed and fled. The pastor, the Rev. Charles Dillard, advanced on them with a chair.

The men fired two wild shots and fled with one purse containing about \$15. No one was hurt.

Animated Magazine Will Be Presented By Woman's Club

Five Youths Charged With Entering Store

The theft of firearms from Bobson Sporting Goods and a number of breaking and entering cases were solved Friday night and Saturday morning when five youths were taken into custody.

Three Sanford youths, two 16 and one 17 years of age and two Orlando youngsters, 15 and 16 years old, are to appear before Juvenile Judge Ernest Housholder to answer charge of breaking and entering.

Law enforcement agencies of Sanford, Seminole County, Orlando and Orange County cooperated in solving the series of thefts that ranged from taking the firearms to stealing soft drinks and siphoning gasoline from trucks and cars.

A cache of firearms taken from Bobson Sporting Goods was recovered and included five pistols and one rifle. The sporting goods store was entered on Jan. 2 and an attempt to enter the store again was reported several days ago.

Sanford Police Chief Roy G. Williams said Saturday morning that Patrolmen Carl C. Dodson and Joe Holston had obtained confessions from the boys when they admitted the theft of firearms and numerous other thefts from various locations in Sanford and Seminole County.

A break in the constantly investigated case came Friday night when two detectives of the Orlando Police Department traced the sale of a pistol. The apprehension of the other four was accomplished by Saturday morning.

State statutes prevent the publishing of the names of youths under 17 involved in delinquency cases when such names are obtained from law enforcement officers or representatives of Juvenile Courts.

Jan. 25 Showing Slated

Public Invited To 3 p. m. Show

The 26th Edition of the Animated Magazine presented each year by the Fine Arts Department of the Sanford Woman's Club will be given on Wednesday, Jan. 25, at 3 p. m., at the Club House, 315 Oak Ave.

Mrs. George E. Wells, Fine Arts Department chairman, announced today that Mrs. B. B. Crumley will be Editor-in-Chief of this year's presentation with Mrs. Ralph Austin Smith as Assistant Editor.

The magazine will include a Prologue, "Flight 1792", under the direction of Frances Rounhill with the cooperation of the Sanford Theatre Guild. Miss Dorothy Evelyn of Brazil, a student of Rollins College, will be seen in native dances and costumes. Jose Ramon of Venezuela, also a student at Rollins College, will speak on his country; Captain E. W. Kempton of the Sanford Naval Auxiliary Air Station; Roland Dean, Associate Editor of the Orlando Morning Sentinel; Mrs. Charles H. McDowell, Chairman of Public Affairs, Florida Federation of Women's Clubs; Winter Park; and Richard Holzclaus, harmonica with the Metropolitan Opera Company of New York, accompanied by Roger Harris.

Mrs. Wells said that the publication of the 26th Animated Magazine is open to the public free of charge.

Cold Spell Brings Several Good Turns At Farmers Market

"Generally more satisfactory prices are among the good turns the prolonged cold spell brought Florida growers," L. H. Lewis, Director of State Markets commented after reviewing weekly market reports. "While considerable damage was suffered in most areas throughout the State, all markets reported activity and light to fair volume last week. Planting in many areas of such wintering crops such as peas, carrots and tomatoes is already underway and the spring planting is going forward ward as the cold came just prior to the time growers had planted their fields. It looks like, without any more bad breaks, Florida will go right on furnishing fresh vegetables to the country," Lewis said.

Manager Sandy Anderson, at the Sanford State Farmers Market said, "All items were very much in demand at the Sanford State Farmers Market last week, including fuel for our stove. The latest survey covering most seasons indicates 75 per cent damage to lettuce, 30 per cent to cabbage. Damage to other crops growing and being harvested in this area, such as celery, turnips, collards, English peas, cauliflower, green onions, parsley and radishes show slight damage. However, full extent cannot be determined for 10 days to two weeks."

Volume moving through the market, he added, will show a decrease for a few weeks due to freeze damage throughout the State. Sales for the weekly report period total 54,972 packages at a gross valuation of \$126,282.00. There was a decided increase in volume on all items as compared to the preceding week. Fair to good supplies of all items except iceberg lettuce are anticipated this week."

Police Comb Miami For Clarence Revel

MIAMI — Police scoured Miami all weekend without apparent success for Clarence O. Revel, a fugitive from the Phenix City, Ala., vice cleanup.

He was spotted by officers but escaped in a taxicab. Revel, 30, is wanted by Alabama authorities for questioning in the 1954 slaying of Albert Patterson, the Alabama attorney general nominee, which touched off a cleanup of the town.

Alabama authorities said they were holding more than 50 warrants for Revel charging lottery operations and gambling.

Police, watching the home of Mrs. Kathryn Davis on a tip from Alabama authorities, was Revel enter the house Saturday after noon. By the time they entered the house, however, he had escaped.

Nurse Hospitalized Following Accident

A Sanford nurse, on the staff at Seminole Memorial Hospital, was hospitalized yesterday following an accident on U. S. 11, 11 miles west of Brundage.

Mrs. Jane E. Brummond, 29, the Seminole Memorial Hospital nurse was carried to the First Memorial Hospital in Deland with possible internal injuries. Two other nurses with Mrs. Brummond, equipped, injured. They were Mrs. Eugenia Johnson and Mrs. Dorothy Wells.

Others taken to the First Memorial Hospital with possible internal injuries were Mrs. and Mrs. James Rogers of Jacksonville. Mrs. Rogers was driving the car. The couple's children, also in the car, escaped unhurt.

The accident was an almost head-on collision on a curve. Florida Highway Patrolman John Warden investigated the accident.

Assembly Of God To Feature Quartet

The Favorite Melody Quartet of Knoxville, Tenn., will appear at the Sanford Assembly of God Church, 1200 Laurel Ave., tomorrow night at 7:45.

The Rev. George S. Ross, pastor of the church, has invited the quartet to hear the quartet during the program of favorite songs planned for the evening.

Police Comb Miami For Clarence Revel

MIAMI — Police scoured Miami all weekend without apparent success for Clarence O. Revel, a fugitive from the Phenix City, Ala., vice cleanup.

He was spotted by officers but escaped in a taxicab. Revel, 30, is wanted by Alabama authorities for questioning in the 1954 slaying of Albert Patterson, the Alabama attorney general nominee, which touched off a cleanup of the town.

Alabama authorities said they were holding more than 50 warrants for Revel charging lottery operations and gambling.

Police, watching the home of Mrs. Kathryn Davis on a tip from Alabama authorities, was Revel enter the house Saturday after noon. By the time they entered the house, however, he had escaped.

Sportsman's Assn. Meets Tomorrow

A meeting of the Seminole County Sportsman's Association will be held Tuesday night, Jan. 24, at the Tern Park Legion Hall which is located one block west of Study's Station off U. S. 92.

Officials of the organization announced that a barbecue supper will be served at 6:30 with the regular business meeting getting underway at 8 p. m.

A representative of the Florida Game and Fresh Water Fish Commission will attend the meeting to explain the rules and regulations of the 1956 fishing season.

Members of the Seminole County Sportsman's Association are urged to bring a new member with them to the meeting.

Oviedo Negro, 93, Is Found Dead

A 93-year-old negro man was found dead Friday night in his home at Oviedo.

Quoniam W. Hugh Duncan said today that Lewis L. Jones, who lives just south of the Lake Charm machine lot, 21 1/2 miles, was found by Sheriff's Deputy Friday night.

He lived alone in his house on three acres of land which he owned. Quoniam Duncan said that the aged negro had been dead since approximately 2 a. m. Wednesday morning.

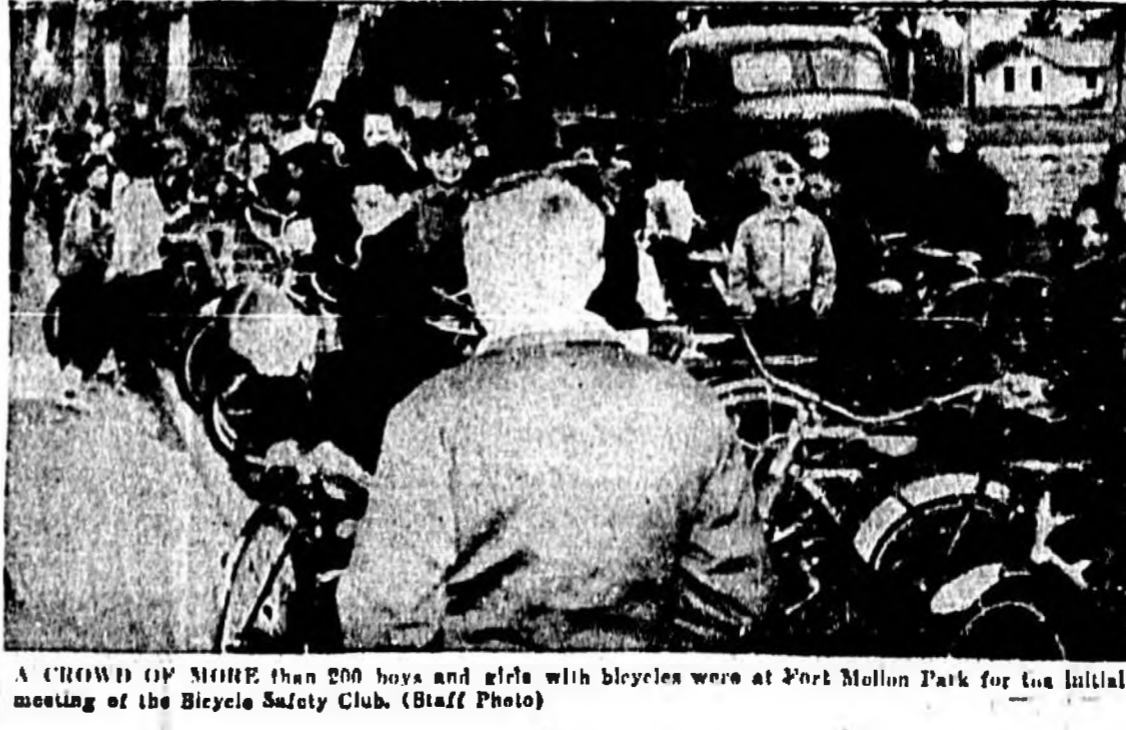

"There were no indications of foul play," said Duncan. "He apparently died in his chair and \$30 in money was still intact in his pants pocket," he said.

REVENUE PROMPTED BY RENOS AIRS, Argentina

The government says it has broken up two new plots in a significant crackdown on supporters of ex-President Juan D. Peron.

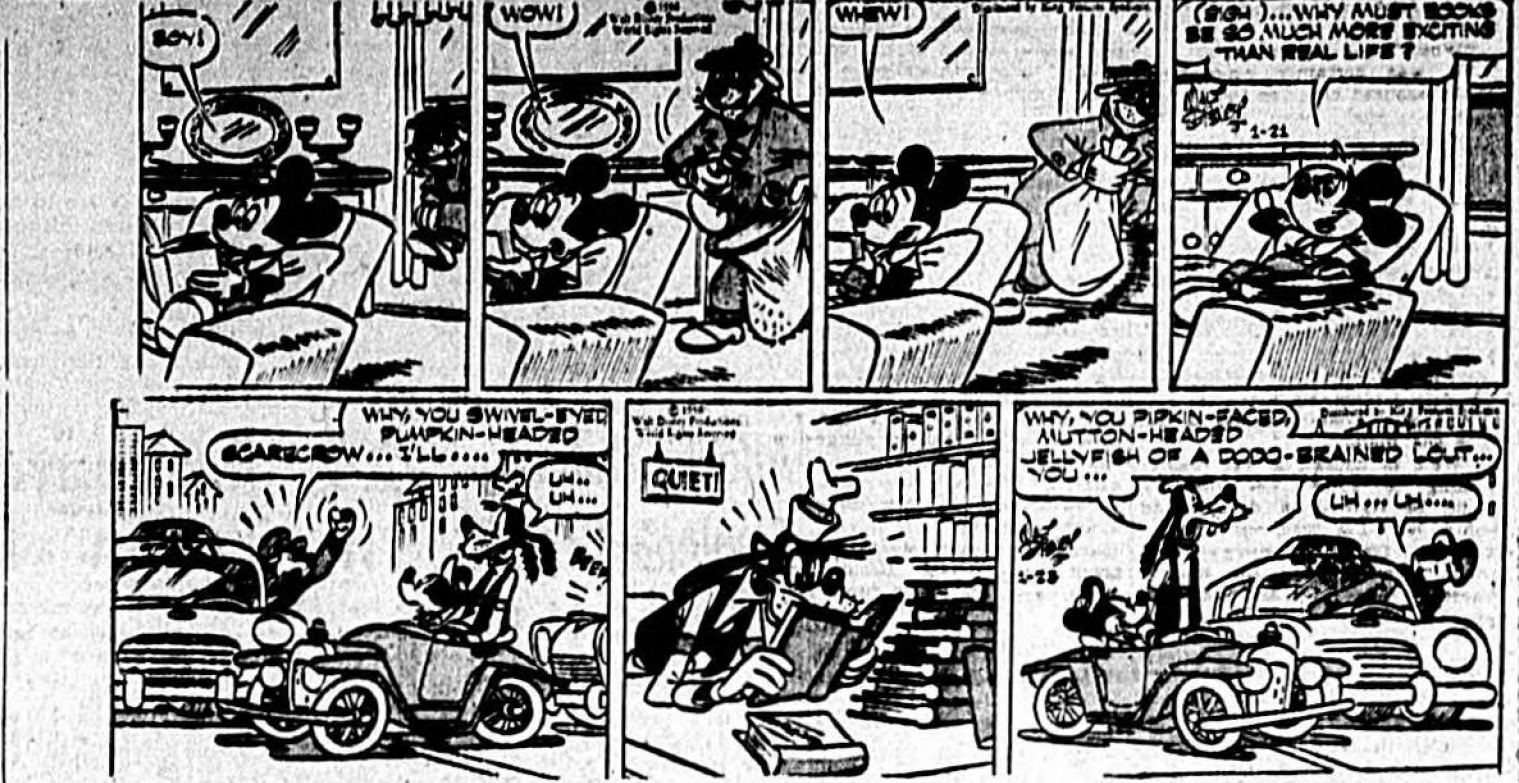

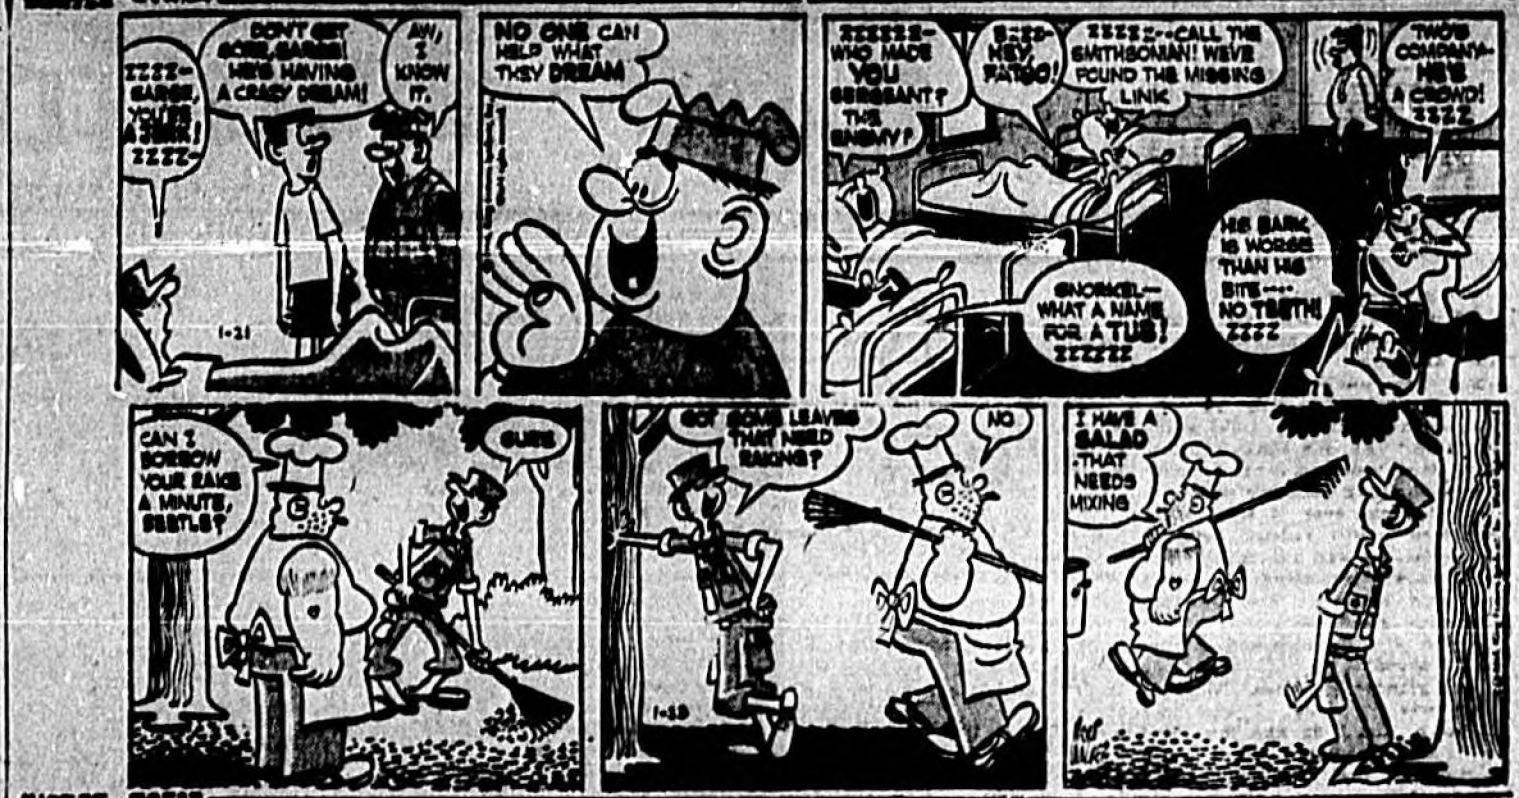

Spokesmen for the regime of Provisional President Pedro Aramburu said one plot was uncovered in Jujuy province, on the Bolivian border. There 23 persons were arrested in the city of San Pedro.

An undisclosed number of persons were reported arrested at San Juan, capital of San Juan province on the Chilean border.

A CROWD OF MORE than 200 boys and girls with bicycles were at Fort Mellon Park for the initial meeting of the Bicycle Safety Club. (Staff Photo)

People Careless In Cashing Checks

NEW YORK. (AP) — "People are so careless," said George Adlam. "I'll bet you that, within half an hour I could cash a check signed 'Santa Claus' or 'Easter Bunny' in some store here in Rockefeller Center."

Adlam, chief investigator for a company which manufactures check-protecting machines, says that careless attitudes is making phony check passing the fastest growing area of crime in the country today.

Last year by the most conservative estimates, bad checks totaling a half billion dollars bounced around the country. That equals the size of the recent Ford Foundation contribution to education and hospitals, or the amount of damage caused by autumn floods to the Northeastern states.

In his work for the Todd Co., Adlam finds the most popular method of committing what he calls check crimes are the passing of completely phony checks—fictitious names signed on checks drawing on a nonexistent bank account in signature of the maker or endorsee on a legitimate check, and counterfeiting.

More than half of the nation's bad check passers are what the authorities classify as amateurs and about one-fifth of them are women.

Recently, a big Texas company took on a young man who claimed to be a bookkeeper. Not only did the company neglect to check his four days he was put in the payroll department. He stole 185 company checks, cashed \$4,000 worth in his own name in local supermarkets in two days, and before he was picked up in California had cashed another \$4,000 worth in hotels, stores and other spots.

With the popularity of no-minimum balance checking accounts, the number of bank depositors has quadrupled since 1928. It didn't take bad boys and girls long to figure out they could open an account with a few dollars, get checks printed with their own names or aliases, and turn a \$50 deposit into \$500 or \$1,500 almost overnight by writing a lot of checks.

Adlam and other experts have been preaching for years that neither social security cards nor driver's licenses are proof of identity.

Be careful about cashing checks outside of business hours or after banks are closed. Don't cash bank counter checks which are designed for use only in the banks issuing them. When a previously endorsed check is presented, ask the bearer to endorse it, state, in your presence. Get his address—and check it. Make it a rule to cash checks only for the amount of the bill or less—and look out for checks in amounts considerably larger than the bill run up by the would-be passer. Don't cash checks signed with a

MARRIAGE FOR THREE

By ELIZABETH SEIFERT

CHAPTER FIFTEEN

IT WAS a gay meal and a gay evening followed. Pinky was very amusing. She teased Ann about her southern accent, and Ann laughed. "You must be from the South," she teased. "Missouri talk seems southern." At this Pinky's pleasant face sobered, her mouth stopped smiling, and she was more beautiful than ever. A smile made her face glow like candlelight. Her face glowed like candlelight. "I don't think about my past," she said soberly. "You see, my marriage didn't work out. I had counted on it so much and—"

Ann glanced at Adam. "It probably was my fault. I was only sixteen, and I do like the fun. Rod—"

"Her shoulders lifted in a shrug. Her pretty brows drew together. "How can a woman be so extravagant when her husband has a million dollars?"

"Well," said Adam again. "I was certainly a naïf. Pinky shouldn't have mattered. Then she tossed her head and her bright hair flew out, and settled into new patterns against her throat. "It wasn't the money. He was a spoiled brat, an only son. There was his mother and his grandmother and dozens of aunts and cousins—and they didn't any of them like me. Of course not. They would like any woman their precious Rod might have married. And anyway, I'm not particularly a woman's woman."

Ann and Adam laughed at the back of their heads.

"Well, of course, it was disillusioning to know that romances could be figured in dollars and cents, but—I'm well out of it, I suppose. Only, I'm sorry that I made a mistake in the man I chose. I think love and marriage are the most wonderful experiences of a person's life, and when they foul up—well, what else is there that can be grand?"

"You'll meet someone," Adam assured her.

"Well, of course," Pinky continued in a wisely resigned tone. "I don't mean to let it end my life. That's why I'm trying to settle on a pattern. Oh, Adam, would you build me a house?"

He blushed a fiery red. "That's my business," he cried, and laughed in a hooting way that made Ann turn and look at him. Pinky ran her tongue around one cheek.

Then she turned enthusiastically to Ann. "Does that really mean the will?" she cried. "Oh, Ann, tell me it does!"

"It means he might," said Ann soberly.

"How about that, Adam?" asked Pinky.

"I'll get Ann's house built first," he told Pinky, "and then we'll talk about yours."

"All right," she agreed cheerfully. "But do let's get started on Ann's!"

Adam smiled and nodded. "We will. I'll tell you—Sunday, we'll take a drive, look at some houses

Point Four Program Open To Tests

WASHINGTON, D. C. — Sen. Walter F. George of Georgia, chairman of the powerful Foreign Relations Committee, says this country's Point Four program is open to reexamination.

In an exclusive interview, he told three Associated Press writers that he has gone along with "this country's economic aid program but cannot see that it has been really effective. Asked if he thought that in a state of competitive co-existence with the Soviet, the big American weapon is economic, he replied: "I very much doubt it."

"That's a fine idea," said Pinky. "How about a drink?"

He took her into the bar, and bought them each a drink. The place was always well filled, and with all sorts of people. Adam's sport shirt and slacks, Pinky's off-the-shoulder blouse, full skirt and thigh sandals marked them as residents against the more formal, or the more extremely western-dress of tourists.

"At these prices, one drink's going to do you!" Adam assured the pretty girl. And, gosh, she was pretty! Every man in the room obviously thought so. Tonight the brown glancing curve of her shoulder invited Adam's cupped palm; when he helped her up from the low couch where they'd been sitting, he put his hand just there. And kept it there as they walked out through the softly lit patio. A little fountain tinkled among the palms and flowers. At the door into the lobby, Pinky turned, her head went back and she lifted her lips. "Thank you for a wonderful date, Adam," she said dreamily.

Of course, he kissed her. It meant nothing to either of them. Pinky was a frank, uninhibited girl who liked men. She liked Adam, and she showed it.

Men liked her, Adam did. She had come into his life at a time when he was emotionally hungry, and the gay, warm friendship she offered promised to fill the gap which Adam didn't care to close, or yet, and he believed that the budget may be brought into practical balance and at the same time give a leeway for some tax reduction.

"If there is actually a balanced budget, I would favor reducing taxes before paying something on the debt."

Q. Do you think the President's recommendations on his new farm program are adequate to lift the economy in the immediate future?

A. No, I do not. I think that the President's recommendations, to the extent that they do go, move in the right direction, but I think they are not adequate to meet the immediate necessities of agriculture. As a long run program, I think it would be helpful to agriculture.

Q. Several nations in the Mediterranean and Southeastern areas have recently shown an even greater interest in what they call neutralism as between the Western powers and the Soviet Union. Do you think this is a matter of interest or concern for the United States in developing its own foreign policies?

A. Oh, yes, I think so but I think what they mean by neutralism is

MARINES GET \$32,000 IN MARCH FOR DIMES

AUSTIN, Tex. (AP) — Two members of a Houston Marine Reserve unit trudged into Austin yesterday and estimated that they collected nearly 10 cents for the March of Dimes on 1 of the 50,000 steps they took in their 100-mile hike.

Staff Sgt. Nolan G. Henry and Hospital Mate 2.C. Charles R. Blannan left Houston Jan. 7. They collected more than \$32,000 for the polio drive and lost 10 to 12 pounds on the hike. They were given heroes' welcome along the route and were escorted by high school bands at a number of towns.

THE SANFORD HERALD

Mon. Jan 24, 1955 Page 2

Behold, what manner of love the Father hath bestowed upon us, that we should be called the sons of God.—(1 John 3:1)

Each of us came into this world filled with the love, the good, of our Heavenly Father. We depart from them through our own willfulness, selfishness. But even then God continues to love us. His children, ever ready, through our prayers, to forgive and help us.

Don Mueller in 1955 and Fred Lindstrom in 1930 hit safes in 24 straight games a record for a member of the New York Giants.

Over the last two seasons Duke Snider of the Brooklyn Dodgers has driven in more runs than any other major league. He has sent in 266 tallies.

Eyes Focused On County at Opening Of New Hospital

The eyes of the State, even the South on Sanford and Seminole County, this week are focused on the opening of the \$1 million dollar Seminole Memorial Hospital.

Already, thousands of hospital officials, doctors, and technicians have read about the "most ever" hospital to be opened on the peninsula in this month with the probable receipt of patients on the 1st of February.

Hospital staff members are working feverishly to get everything gleaming and in the best of appearance for the reception of visitors next Sunday afternoon.

It is expected that several thousands of patients of Central Florida will file through the corridors of one of the most modern structures ever constructed in this section of the country.

Seminole Memorial Hospital is equipped with the latest developments for the care of a patient. From the very minute items to the huge machines, intricate surgical instruments, linens, kitchen equipment, and recording devices, all have been assembled to present one of the most dazzling pictures ever seen.

Our local hospital, equipped with its modern creations, latest innovations, and comfort devices, is even a picture of beauty. Color presents one of the most important items in the panorama of medical facilities.

At no time, when you enter Seminole Memorial Hospital are you out of sight of a clock. At every intersection of hallways, wherever it becomes important to remind everyone that time is important, there is a clock.

We believe that Seminole County citizens are grateful for this important addition to the economy of Central Florida.

And, at the same time, we believe that Central Florida will turn out en masse to see the attraction that we have long looked for.

The open house celebration has been set for next Sunday, January 29, beginning at 1 o'clock.

Home Products

Did you know that ladies gowns and shortie pajamas are manufactured in Sanford?

And did you know that men's sport shirts and pajamas are manufactured here? Add to the list lawn mowers, brushes, canned heart of palmettos, concrete pipe, concrete block, ornamental ironwork, and hundreds of other items to get a better picture of the community in which you live.

Sanford and Seminole County is growing industrially. Various manufacturing plants are being added slowly. But, adding them slowly is the best way to build securely.

With these new industries, which also include boats, the list of jobs that Seminole County people fill becomes larger too.

As more people are added to payrolls in these various industries, more people become necessary at our banks, at the counters of our stores, wherever there is a service or sale to be made, additional help is needed to dispense them.

No doubt with forward looking farmers in our section, that industry will find produce, fruit, and agricultural items that not only we need here, but families around the nation want.

It all points to the reason why the Florida Products Festival is in progress. We must learn about the products that are manufactured and grown round about us. Not only find out about them, but use more of them ourselves.

The Florida Products Festival is an important event. Surely during the ten days of the Statewide celebration, Florida citizens will learn about the many blessings they have not yet counted.

M DAWSON

Businessmen Wonder About D.C.

NEW YORK (AP)—Easing of federal restraint on mortgage credit—and an spirited drive to reverse the tight money policy aimed at discouraging installment buying—has businessmen wondering today if Washington is changing its thinking on the state of the economy.

A few months ago the big boys in the administration's mind was the fear that inflation might threaten again—in other words, that the business boom might get going too fast.

This week's actions—and talk—have businessmen wondering if Washington is now more worried about the chance that business may be at or past the peak.

There are suspicions that the Federal Reserve Board is shifting from its policy of active restraint on credit to a milder form called just "restraint." The board, many thought, would hike its interest rates again at the start of the year. It hasn't. And New York

bankers say the money supply may get a little easier soon.

The two spots in the economy where a downturn is now apparent are: auto production and sales, and home building.

The Veterans Administration and the Federal Housing Administration have taken note of the drop in home building and canceled part of the restraints on credit they ordered last July.

The agencies again will permit 30-year mortgages instead of a 25-year limit, as decreed last summer. They eased up on the reins just when builders gathered in the capital to predict a 7 per cent cutback in home building because of tight money.

On the auto front, Harlow F. Justice, president of General Motors, has protested against the credit curbs imposed by federal reserve policy. He blames the tight credit situation as a chief cause for the prospects that the auto in-

Eisenhower Must Avoid Fatigue

WASHINGTON (AP)—President Eisenhower has given the country plain notice he will never again be quite the man he was before, physically, and that henceforth he must avoid undue fatigue.

Although he says he still hasn't made up his mind on running again, this concern about his health has run through everything Eisenhower has told newsmen, even as long ago as last August, before his heart attack.

He said yesterday: "It would be idle to pretend that my health can be wholly restored. My future life must be carefully regulated to avoid excessive fatigue."

While he has decided to let his name stay in any state presidential primary where it may be entered, he practically invited all Republicans would-be presidential to get into the state primaries to get voters a wide choice.

He no doubt meant this as encouragement to all of his party's presidential hopefuls to get active but it may have had the effect of

chilling their blood. In almost any state primary against Eisenhower they'd almost certainly lose.

Newsmen who went to his news conference were not surprised when he left them still guessing on whether he'll run again. He said he hasn't decided and won't for a while.

It was last summer—weeks before his heart attack Sept. 24—that Eisenhower began raising

Record Shattering Crowd Is Expected At Orlando Fair

ORLANDO—A record shattering crowd of 150,000 is expected to attend the 1954 edition of the Central Florida Fair.

At 7-11 last edition of the fair making plans to handle that crowd spread over the six and nights of the fair to be held February 20-25. An all time record crowd of 129,796 attended last year. It ranks the Central Florida Fair as second largest in the state.

Already, workmen are busy shaping the fair. Some \$20,000 has been earmarked by fair directors for permanent improvements, including fluorescent lighting of all the 15 exhibition buildings.

Crawford T. Bickford, fair manager, said that one of the primary attractions of the 1954 fair will be the boat and marine show which was introduced last year for the first time. It was such a huge success and attracted so much attention that it will be enlarged. He said early indications are that boats with a value of more than a million dollars will be on display.

Along with the free boat show there will be the 15th annual Florida Beef Show, the 8th annual State Four-H Dairy

questions about his health when asked about seeking a second term.

In August he spoke about the eroding effect of the presidency on the man in the White House and said, when he had no reason to expect a heart attack, that the state of his health would be a major factor in his decision on running.

That concern about his health appeared in statements he has made since then. He has noted that no man has reached 70 in the presidency. He'd be 70 three months before the end of a second term.

He has said the presidency is more wearing than any military assignment he ever had. He told newsmen Jan. 9 he would have to be careful to avoid fatigue. He has emphasized his decision would be based on what is good for the country.

Alone that time he has said it is "very critical thing to change governments in this country at a time that it is unexpected," a statement which could only mean it is critical if a president dies in office or, for health reasons, can't carry on with his job.

There have been 10 two-hit World Series games. The last was by Vic Raschi of the Yankees against the Phillies on Oct. 4, 1950.

The Greater New York Assn. is the new name of the New York racing associations.

Show, the renewals of both the State, Four-H Pony and Egg Show, and the Central Florida Rabbit Show.

The fair has already issued its premium list, largest in the 44-year history of the mid-Florida exposition. More than \$25,000 in cash premiums will be distributed to exhibitors. A copy of the 76-page premium book is available to anyone by writing the fair office.

Turnout

There's never been such a turnout in all our life.

Saturday morning at 10 o'clock, bicycles were in evidence on Seminole Boulevard where the Bicycle Safety Club was formed.

Mrs. Frances Murray, originator of the club for Sanford and Seminole County, Police Chief Roy G. Williams, and other leading citizens were on hand to inspect bicycles, put them through their riding course, give them tests, and then register them.

More than 300 children, all with their bicycles, and some accompanied by parents, attended the initial session of the youth organization designed to teach bicycle safety and to create a recreational outlet that each child might enjoy.

Who knows, from the efforts expended during the Saturday morning session a child may have been saved.

You see, each youngster's bicycle was carefully examined for defects and suggestions to remedy such defects were made. This alone could mean the saving of a youngster's life. Then scotch reflector tape was given each child for his or her bicycle. Highway rules were passed out.

Certainly there will be tremendous renewal in the Bicycle Safety Club is continued from week to week—month to month—and year to year.

HAL BOYLE

Alec Has Restrained Enthusiasm

NEW YORK (AP)—Alec Guinness, regarded by many as one of the finest actors alive, regards his success with restrained enthusiasm. "We can be real intimate," he said yesterday. "It's practically all due to lack of food and plenty of disappointment," he said wryly. "Believe me, they can really intrigue." Critics praise Guinness for his character-like ability to play any role. Perhaps no actor since the 17th Century has used so many dialects.

Alec's roles have ranged from the third murderer in "Macbeth" to Hamlet, in "Kind Hearts and

Coronets" he played eight different characters. In his latest film, "The Prisoner," he portrays a cardinal, who fights the brain-washing of a totalitarian government.

"I like variety in life as well as in the theater," he said, "I don't like to be typed. If I see any danger of that, I make a dash in the opposite direction."

"Some people like to fine a success formula and stick to it. I don't have a formula. I live from hand to mouth, from instinct to instinct."

Guinness also dislikes formulas in plays or films.

"Why should they always have to deliver a message, or try to make some final comment on life?" he asked. "Isn't it enough if an evening in the theater merely provides one with entertainment and something to talk about?"

"I don't know of any major problem in living that can be settled in two hours. Do you?"

Few actors have had a harder struggle reaching the top. At 11 he decided on a career in acting but was told by his teacher he lacked ability. The first time he tried out for a film role the producer told him he would never make the grade.

For years he subsisted in London in an apartment the size of a piano box on one meal a day and sandwiches brought him by friends.

"For a time I even went bare-foot," he recalled. "I only had six pence a week for pocket money, just enough to buy me a gallery seat at the old Vic Theater."

"I wouldn't go through that again I'd do a bit of stealing first."

"But I suppose, actually, that I followed the right pattern. There was something about those days I still miss—a feeling that at any moment something wonderful and unexpected would happen to me."

Hit by hit, role by role, he worked his way to the top in both the theater and films. Now Alec, who leads a simple, placid life of ease, modestly wonders how long his present fame will endure.

"After all, one has to face the fact that the average film star only lasts about seven years," he said, grimacing. He thought hit, then added cheerfully:

Your City Charter

Part 48
Section 147. COMPREHENSIVE PLAN OF REGULATIONS. OBJECT OF REGULATIONS. That such regulations shall be made in accordance with a comprehensive plan and designed to lessen congestion in the streets; to secure safety from fire, panic and other dangers; to promote health and general welfare; to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population; to facilitate adequate provisions for transportation, water, sewage, schools, parks and other public requirements. Such regulations shall be made with reasonable consideration of the character of the district and its peculiar suitability for particular uses and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout said municipality.

Section 148. THE REGULATIONS, ETC., GOVERNING AUTHORITY MAY PROVIDE MANNER OF DETERMINATION, ETC.: NOT TO BE COME EFFECTIVE UNTIL PUBLIC HEARING; NOTICE. That the governing authority of said municipality shall provide for the manner in which such regulations and restrictions and the boundaries of such district shall be determined, established and enforced from time to time amended, supplemented, or changed. However, no such regulations, restrictions or boundary shall become effective until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. At least fifteen (15) days notice of the time and place of such hearing shall be published in a newspaper of general circulation in said municipality.

Section 149. REGULATIONS, ETC., MAY BE AMENDED, ETC.: PROTEST AGAINST AMENDMENT; EFFECT OF PROTEST.

NOTICE OF AMENDMENT. That such regulations, restrictions and boundaries may from time to time be amended, supplemented and changed, modified or replaced, in case, however, of a protest against such change, signed by owners of twenty per cent or more either of the area of the lots included in such proposed change, such amendment shall not become effective except by the four-fifth vote of the members of the City Commission. The provision of the previous section relative to public hearings and official notice shall apply equally to all changes or amendments.

Section 150. ZONING AND PLANNING COMMISSION, GOVERNING AUTHORITY MAY APPOINT; MEMBERSHIP; TO HOLD OFFICE AT PLEASURE OF COMMISSION; DUTIES. That in order to avail itself of the powers conferred by this Act, said governing authority of the City of Sanford, Florida, shall appoint a commission, to be known as the Zoning and Planning Commission, to recommend the boundaries of the various original districts and appropriate regulations to be enforced thereon. Such commission shall make a preliminary report and hold public hearings thereon before submitting its final report and the governing authority of the City of Sanford, Florida, shall not hold any public hearings or take any action under the authority of this Act definitely establishing any zoning districts in the City of Sanford, Florida until it has received the final report of said Zoning and Planning Commission. Said Zoning and Planning Commission shall consist of not less than three (3) nor more than nine (9) members, to be appointed by the governing authority of the City of Sanford, Florida, the members of said commission to hold office at the pleasure of said governing authority.

IN FRANCE 8,500 or more candidates are expected to seek seats in the Chamber of Deputies in the January elections. Wonder how a citizen picks the man to vote for?—by consulting the telephone book?
There are only some 100 seats in the French Chamber but what politician was ever afraid of one-to-10 odds?
Perhaps 40 million Frenchmen may be wrong but it looks as though 4,500 of 'em are sure to be.
A Harrison, N. J., veteran Santa Claus has increased in weight in the last few years from 300 to 340 pounds. We wouldn't doubt but what he's beginning to look more like Santa than the Jolly Old Saint does himself.
Japan's national table tennis tournament drew 500,000 entries. Ever there the question: "EVERYBODY" for tennis?
New Jersey voters topped 840 deer this year. The survivors, no doubt, wish the almonds would go back to using something other-like guns.
Some post-lover broke into the city pound in Port Arthur, Canada, and freed all 30 of its canine inmates. It's a good bet if the cops find him he himself will wind up in the doghouse.

Drugs And Diet Control Nausea In Pregnancies

By MERRILL K. HODSON, D.D.S.
NAUSEA and vomiting of some type occur in the majority of pregnancies—about 75 per cent of them.
If you are one of the many expectant mothers bothered with this trouble, you should, of course, be under the care of a doctor from the very beginning of pregnancy. He may recommend certain drugs which often can effectively control morning sickness.

omit Certain Foods
In addition, he probably will advise that you omit certain foods and beverages from your regular daily meals, at least temporarily.

It is probably best not to drink too many beverages with your meals. Fluids are retained better if you take them one hour before or after meals. Generally, any beverages except alcohol are permitted. Some women tolerate carbonated beverages better than plain drinking water under these circumstances.

To Be Avoided
As to foods, the following are banned:
Fatty meat, fish or fowl, salty foods such as salted nuts, pastries, doughnuts and steamed puddings.
The following foods are permitted in a normal pregnancy:

Any other meat, fish or fowl, chicken, omelette, macaroni, spaghetti, noodles, hammy, any vegetables, any cooked, canned, fresh, frozen or dried fruit without juice.

Break and Cereals
Any bread or cereal, especially enriched or whole grain; crackers and rolls.

Butter, small amounts of tinned, frozen margarine, shortening, salad oil and dressing. Moderate use of gravy and unsalted nuts; peanut butter, popcorn, herbs, spices and vinegar.

Use only enough salt for palatable seasoning.
Desserts such as cookies, plain cakes, gelatin, custard, puddings, rennet, fruit whip, ice cream and custard. Honey, jam, jelly, sugar, syrup, molasses and candy also are permitted.
Hard candy probably is better for you than soft candy.
Soups should be eaten between meals, not with them.
QUESTIONS AND ANSWERS

H. E.: I have lost my sense of smell. What causes this?
Answer: Loss of sense of smell may be due to chronic sinus infection or to some type of nerve lesion. The sense of taste will return with the sense of smell, since one depends on the other.

A survey by the Chicago Board of Health showed almost half of Chicago's school children had that bad condition in varying degrees. One of the chief causes for it, the survey found, was the too-early loss of the "baby" teeth. The survey concluded that a "displaced" baby tooth can be as hazardous as a diseased permanent tooth.

Here is what happens when a primary or baby tooth comes out too early because of decay: teeth on either side of the gap tend to move together and close the vacant space. A few years later, when the permanent tooth is ready to come in, there isn't room for it where nature intended. It may, therefore, push its way through high up in the gums, or in some other wrong place.

With teeth growing out in odd positions in a growing jaw, the shape of the child's face may change decidedly. In this age, when people are more conscious of the value of fine teeth than ever before, this can be a personal tragedy.

No one knows how much juvenile delinquency stems from the rebellion of a dentally deformed youngster against a society that jeeringly called him "rabbit face" or "Andy Gump" or "dripping teeth."

Social workers believe there are hundreds of girls like Jane who gave up life goals at an early age and retreated from the world.
The story of "baby teeth" neglect doesn't end with a lost personality. Well-functioning teeth are a necessary part of a child's digestive apparatus, particularly in a period of rapid growth and development. With the capacity to chew affected, proper foods often cannot be eaten.

Social Events

Dorcas Class Holds Yearly Family Nite Supper At Church

The Dorcas Class of the First Baptist Church held its annual Family Night supper in the fellowship room of the church last week. A covered dish supper consisting of baked ham, green beans, candied yams, tossed salad, cake, rolls and coffee was served. The room was beautifully decorated with varied colored leaves and candles. The centerpiece on the speaker's table was a vegetable and fruit arrangement.

The president, Mrs. Ruby Spears, welcomed everyone and asked the Rev. Brooks to speak a few words to those present. The Rev. and Mrs. F. B. Fisher were then introduced as new associate pastor and educational director. She then introduced the class teacher, Mrs. W. D. Gardner; department superintendent, Charles Muirhead; and Sunday School superintendent, J. Roy Britt, after which each person in turn introduced himself.

Richard Holtzclaw was called on to sing for his supper and rendered a hymn accompanied by the Rev. Fisher. The social hour was turned over to Mrs. W. I. Crabtree. Games were played and prizes won by Mrs. Richard Holtzclaw, Raymond Murry, Charles Benham and J. Roy Britt.

The following enjoyed the evening: Mrs. F. L. Lamb, Donald and Brenda; Mr. and Mrs. Charles Benham and Corne; Mr. and Mrs. Clyde Pierce and Susan; Mr. and Mrs. C. W. Ergle and Hilda; Mr. and Mrs. J. Roy Britt, Mrs. W. D. Gardner, Mrs. G. A. Harris, Wanda Lee and Butch; Mr. and Mrs. W. I. Crabtree, Lynn, Nancy and Kathy; Mr. and Mrs. Fred B. Fisher, Mrs. J. P. Cullen.

Mr. and Mrs. A. L. Thomas and Mary Lynn; Mr. and Mrs. R. Z. Johnson, Bobby and Billy; Mr. and Mrs. J. A. Riser, Ethel Lee, Sharon and Butch; Mr. and Mrs. Richard Holtzclaw, Mrs. Curtis Lavender, and Judy; Mr. and Mrs. W. P. Brooks Jr., Mr. and Mrs. Michael Thomas, Cindy and Kirk; Mr. and Mrs. John Cullum, Johnny and Linda; Mrs. W. W. Horne, Charles Muirhead, Mr. and Mrs. H. J. Finch, Max and Henry; Mr. and Mrs. J. E. Andrews and Joe; Mrs. Richard Crain, Mr. and Mrs. R. A. Cohen and family; Mr. Raymond Murry, Raymond Jr., David Cheryl Jean and guests, Mrs. Dan Benmash, Bobby, Janie and Mike; Mrs. George Brown, Richard, Mike and Brenda; Mr. and Mrs. Hubby Spears and daughter.

The regular class meeting will be held the third Tuesday in February at the home of Mrs. G. A. Harris on W. First St.

Landscaping Topic Of Talk At Circle Meet Thursday Eve
The Camellia Circle of the Sanford Garden Club met Thursday evening at the Garden Center with Mrs. Ed Hunt, Mrs. James Wilson and Mrs. David Gatchel as hostesses. The meeting was opened by a reading of the prayer, "Garden Collect."

Mrs. Ralph Betts gave a report on garden therapy stating the circle was responsible for an arrangement to be placed in the hospital for its opening, also flowers for the hospital during the month of February.

The president reminded everyone of the Flower Show School to be held here Jan. 25-28. Mrs. Dan Batten, Mrs. Ralph Betts and Mrs. Vernon Hardin will attend from the Camellia Circle and the circle will also place an arrangement in the Flower Show. Mrs. S. C. Dickerson gave a very interesting talk on landscaping.

Those present were Mrs. John D. b. Mrs. Harold Chapman, Mrs. Vernon Hardin, Mrs. Robert Douglas, Mrs. Dan Batten, Mrs. Ralph Betts, Mrs. Benny Austin, Mrs. Donald Knight, Mrs. E. C. Harper, Mrs. S. C. Dickerson and the hostesses.

Future Nurses Club
The Seminole High School Future Nurses Club has had two meetings this month with a film, "Keepers of the Lamp," being shown at the first session.

The last meeting took place last week in the home economics room with Miss Rosemary Garner giving a talk on "nurses' training."

Mrs. D. Baron Feted With Stork Shower Recently

Mrs. Donald Baron was honored recently with a stork shower given by Mrs. Calvin R. Wright and Miss Annette Brooks at 1517 Douglas Ave. at 7:30 p.m.

As a novelty a stork was placed in the yard and a smaller stork in the house. The gifts were placed on a table overlaid with a white cloth. Games were played with winners being Mrs. W. R. Howaro and Mrs. F. C. Stenstrom.

Refreshments of cup cakes topped with pink and blue booties, open face sandwiches, peanuts, candies and cakes were served.

Those invited were Mrs. W. R. Howard, Mrs. Robert Berg, Mrs. Jimmy Wade, Miss Paulette Cason, Mrs. Gerald Covington, Miss Jeanette Cleveland, Miss Jeanette Kinlaw, Mrs. Eloise Pfeiff, Miss Joni Saunders, Miss Patty Walker, Mrs. Otto Thomas, Mrs. Melvin Dekle, Mrs. Leland Rudd, Mrs. F. L. Woodruff Jr.

Mrs. W. L. Stoudenmire, Mrs. A. J. Peterson, Mrs. R. F. Cooper, Mrs. Benny Austin, Mrs. C. L. Clark Sr., Mrs. Lula A. Miller, Mrs. Roger Schmidt, Mrs. Barbara Reagan, Mrs. H. M. Pearce, Mrs. F. C. Stenstrom, Mrs. W. P. Brooks Jr., Miss Beverly Benton, Miss June Vance, Mrs. Gerald Behrens, Mrs. T. A. Stiles, Miss Hazel Stiles, Mrs. Sam Dunn and Mrs. Betty Yates.

Department Ladies Hear Talk On Civil Defense; View Film

The American Home Department members heard a very timely and important message from Sgt. Burton Clyde, U. S. Air Force. He spoke on Civil Defense and showed an informative film on what we now have and what the military is doing for defense. Sgt. Clyde was introduced by Bart Peterson, who also introduced Al Dundy as Director of Ground Observer Posts in Seminole County.

There are three ground observer posts in the county and beginning Feb. 1, 72 volunteers each day will be needed to fill these posts, as ordered by President Eisenhower. In asking for volunteers the speaker pointed out that anyone from 13 years of age and up who can read, see and speak can be of help in the Ground Observer Corps. "All you are asked to give is your time—any amount you can spare," he said. Sgt. Clyde told the group that Florida is the number three target in the USA because of the tremendous military installations in the state. "We military are trained and will protect the country," he said. "But they cannot do it alone. They need your help—the help of everyone."

The business session of the meeting was presided over by the chairman, Mrs. Willis Peacock. The activities of the American Home Department during the past two months were reported. The chairman appointed a nominating committee composed of Mrs. Bob Karns, Mrs. Bacot Ellerbe and Mrs. Bill Kirk.

Delicious refreshments were served by the hostesses, Mrs. Irving Feinberg, Mrs. John Lee, Mrs. Walter Morgan and Mrs. F. E. Breckenridge.

Those present were Mrs. Bill Kirk, Mrs. W. C. Hires, Mrs. W. Morgan, Mrs. D. P. Lanier, Mrs. John Carlton, Mrs. J. P. Wilson, Mrs. H. H. Grier, Mrs. James Ekern, Mrs. W. J. Peacock.

Mrs. F. E. Breckenridge, who was in charge of the program. Guests were Mrs. Henry D'Amico and Mrs. Earl Van Fleet.

Meeting Slated
The officers and committee chairman of the Civic Department and all department and finance chairmen are requested to meet at the club building at 2 p.m. Jan. 25 to complete plans for the hospital benefit card party to be held Monday, Feb. 20 at 8 p.m.

When your family requests baked fish, you'll save yourself the bother of hauling it if you select fat fish rather than lean. Some of the fat varieties are sea bass, butterfish, halibut, lake trout, mackerel, pompano, porgie, salmon and whitefish.

MRS. FRANK DAVID ELLIS

Odilon Baker, Frank D. Ellis Say Vows In Episcopal Church

MONDAY
The installation of officers of the Rainbow Girls will be held at 7:30 p. m. at the Masonic Temple.

TUESDAY

A practice meeting of the County Chorus is slated. This will be a district meeting and the chorus groups from Brevard, Lake and Seminole counties will meet in Sanford at the community center, 401 E. 25th St. at 9:30 a. m. James

Miss Marjorie Odilon Baker, daughter of Colonel William Ewing Baker USAF Ret. and Mrs. Baker of Lake Mary, was married Saturday, Jan. 21 to Frank David Ellis, son of Mr. and Mrs. Donald Francis Ellis of Kansas City, Kan.

The nuptial mass was celebrated at 10:30 a. m. by Father H. Lyttleton Zimmerman in Holy Cross Episcopal Church.

The bride's gown was of ivory satin in princess style and her veil was attached to a Mary Stuart bonnet of lace and pearls. She carried a bouquet of white tulips and stephanotis.

The matron of honor and only attendant was Mrs. James W. Basham of Miami, who wore a turquoise crystalline gown and tiny turquoise satin bonnet. She carried Tallahassee tulips.

Lt. (jg) Don Ellis acted as his brother's best man and ushers were Lt. Cdr. Boyd York Weber and Lt. (jg) Kenneth Wootler.

A small reception was held at the home of the bride's parents in Lake Mary following the ceremony.

For the wedding trip Mrs. Ellis wore a powder blue suit with slate blue hat and accessories.

Upon their return, Mr. and Mrs. Ellis will reside in Kansas City where he is in business.

Out-of-town guests were Mr. and Mrs. Donald Francis Ellis of Kansas City, parents of the groom; Mrs. C. A. Grun of Claydon, Miss. aunt of the groom; Lt. (jg) Don A. Ellis, Norfolk, Va.; Mrs. R. D. Baker of Orlando, the bride's paternal grandmother; Mrs. L. O. Broussard, maternal grandmother of the bride and Miss Della Hancock, her great aunt, both of Lafayette, La.

Mr. and Mrs. William H. Kilpatrick, the bride's sister and her daughters Gail and Susan of Lakeland; Mr. and Mrs. James W. Basham of Miami; and Mrs. Paul B. Fulton, of Charleston, W. Va., aunt of the bride.

Harris, music professor at Florida State University, Tallahassee, will direct the group. Mrs. Clyde Kerce, Casselberry, is music director for Seminole County.

DeBary Social & Personal Activities

Vesper Organ Recitals
Mrs. Laura Platt Brown, the well-known organist of DeBary will play for a series of Vesper organ recitals beginning Feb. 3 at 4 p. m. in the Baptist church. The collections will go to the organ fund.

Mrs. Brown's first program will contain the Largo from Dvorak's New World Symphony and Liszt's Liebestraum, Helen Miller, violinist, will join Mrs. Brown in duets from Bach's Arioso and Beethoven's Andante.

Club Women Entertain Husbands
The DeBary Women's club entertained their husbands at a covered

3 Ladies Honor Mrs. R. McVey At Bridal Party
Mrs. C. C. Hanna, Mrs. O. P. Wade and Mrs. C. W. Ergle were hostesses for a bridal shower honoring Mrs. Richard McVey Thursday evening at the Ergle home.

Floral arrangements of white gladioli along with white wedding bells were used effectively in the party rooms. The gifts were placed on a table where a large wedding band formed the centerpiece.

Several games were enjoyed by the guests and winners were Mrs. H. H. Martin and Mrs. R. E. Soderblom, Mrs. Mary Lou Bennett, Mrs. J. P. LaRuche, Mrs. Leon Steinmeyer, Mrs. H. A. Steinmeyer, Mrs. W. O. Nolan, Mrs. Marie Carpenter, Mrs. W. U. Siansell, Mrs. G. W. Miller, Mrs. Lewis Barley, Mrs. S. J. Brooks.

Mrs. Marvin Register, Miss Evelyn Bennett, Miss Edna Jenkins, Miss Betty Carpenter, Miss Juanita Wynne, Miss Donna Newton, Miss Faye Ashley, Miss Linda Soderblom, Mrs. Sally Johnson and Mrs. Don Dreggers.

Clubs Represented At Meet Of County Council—Last Week
The County Council of the Home Demonstration Clubs met Thursday at the Community Center with seven clubs being represented. Mrs. J. M. Dingman, county president, presided over the business meeting.

Later, entertainment was furnished by the County Chorus which was enjoyed by everyone. Any person wishing to join the choral group may meet with them each Tuesday morning at the Center, it was announced.

Forrest Breckenridge gave an interesting talk on "Florida Products' Festival Week" which is being observed in Florida this week and urged members to serve Florida meals often.

Special guests were Mr. Breckenridge, John Meisch, County Commissioner; John Fox, County Road Department; and O. P. Herndon, County Clerk. Lunch was served at noon with the Chululua Club acting as host.

Miss Anna Mae Sykes, state agent from Tallahassee, spoke in the afternoon on "Home Extension Service." She discussed the organization of the Florida Agriculture Extension Service and its growth in Florida.

To climax the day everyone was invited to tour the Brookfield Mills which is one of Sanford's industrial plants, in observance of Florida Products Festival Week.

Missionary Society
Mrs. Howard White entertained the Missionary Society of the DeBary Baptist church Tuesday. Mrs. E. Leon Magee, president, presided. Mrs. F. B. Cooper was in charge of the program in which five members gave scripture readings. Mrs. Finwill join Mrs. Brown in duets from Bach's Arioso and Beethoven's Andante.

Civic Association Installs Officers
The Civic Association installed officers at their January meeting held at the Community Center. They are: Mrs. Kay Henninger, president; R. R. Page, vice president; Mrs. Christ Butler, secretary; Mrs. A. Edwards, recording secretary; Mrs. Lenora Neyer, financial secretary and Harry Keck, corresponding secretary.

Committees were appointed and are ways and means, Harry Newcome, chairman; Mrs. Frank Hill, Frank Ballyntyne, A. L. Lincoln, Albert Salisbury, Mrs. Arthur Hall and Lee Sprague; Membership; Harry Krue, chairman; Mrs. R. Strinach, Herman Lederhaus, Ewald Michelson, William MacKenzie, Mr. and Mrs. Price Goodson, Mrs. G. Rapp. Social activities, Mrs. Ray Peck, chairman; Joseph Kreis, Mr. and Mrs. Sydney Wilkes, Mrs. Harry Brown, Mrs. Horace Colcher, Mrs. Herman Lederhaus, Mr. and Mrs. G. Wakefield, Mrs. Henry Lasher, Mr. and Mrs. J. W. Schwarz, Mrs. Albert Salisbury and D. Henninger. Welfare and welcoming; Dr. Gertrude Welton, chairman; Miss Alice Elliott, Mrs. Russell Cooper and Mrs. Howard White, House and Building; James Romney, chairman; Horace Colcher and Henry Lasher; Finance and auditing, Talmay Van Arsdale, chairman; Henry Sellers, Sentinel, William Hoyer.

Card Party At Firehouse
The Plantation Estates Woman's club entertained at cards Monday afternoon. Sixty-eight were present for dessert, coffee and games. Hostesses were Mrs. Horace Colcher, Mrs. Charles Berlich, Mrs. Harold Lynch and Mrs. Arno Erickson.

Local Briefs
Mr. and Mrs. Elmer Tideman have returned from a visit which lasted through the holidays with their children and grandchildren of Bloomfield, N. J.

Mr. and Mrs. Arthur Willgoose recently returned from a Northern visit which lasted from the first week in December until the first week of January.

Mrs. Casper Robblin found that rain up North is slippery. She learned it the hard way by falling on the ice and breaking her wrist.

Mr. and Mrs. John Cocklin of Mechanicsville, Pa. have been guests of D. L. Snavely for six weeks. Mrs. Snavely motored with them through South Florida. They returned and the Cocklins bought a home in DeBary and plan a move here in the spring.

Mrs. Robert Cox and Miss Kathryn Litch who were badly injured in an automobile accident recently in DeBary are still in the Fernald Laughlin hospital. They are improving and receiving visitors.

Various club officials were guests of the Nautican on Sunday last. Mrs. David Runkel of the Plantation Estates Woman's club and Mrs. James Valentine and Mrs. David Rothchild represented the DeBary Woman's club.

Mrs. Marlon R. Jensen who has been visiting her parents, Mr. and Mrs. Alfred Richer of Clearwater spent several days with her aunt and uncle, Mr. and Mrs. Robert Brown. She was entertained at a dinner of 24 by the Browns.

Captain and Mrs. F. J. Downing and children have been guests of Mr. and Mrs. Price Goodson.

Flower Show School To Begin Wednesday

Course No. 1, Flower Show School of the Sanford Garden Club will get underway Wednesday at the Garden Club Center, at 9:15 a. m.

The three-day school, said Mrs. Kaylie Housholder, chairman of the Flower Show School Committee, will have a panel of three instructors.

Mrs. Ira J. Varnedoe of Jacksonville will be among those teaching enthusiasts here the fundamentals of the Flower Show. She recently met the requirements of the National Council of State Garden Clubs to receive her credentials.

Mrs. Varnedoe is well known in Garden Club circles appearing in many events to judge entries in many events. She was in Sanford for the "Christmas Flower Show" as one of a panel of judges early in December.

The well-known instructor staged the 1954 Camellia Show in Jacksonville, which won the Green-Ribbon Award. The theme of the show was "A Symphony in Camellias." Mrs. Varnedoe is also an accomplished musician. She received her training at Peabody Conservatory in Baltimore and has taught music in the public schools of Jacksonville for 15 years.

Art is also one of the admirable backgrounds of the instructor coming to Sanford for the three day Flower Show School. Her background of art was obtained by study at the University of North Carolina and the University of California.

One of the principles of flower arrangement taught by Mrs. Varnedoe is that it should be done for pleasure, although maintaining the established standards of design which have proved to be successful in the artistic result.

Mrs. Varnedoe is also a garden-grower as can be seen in her hillside garden on Brookwood Road in Jacksonville.

Garden Club Group Urged To Attend Conservation Study

Mrs. L. E. Spencer, district director of the Florida Federation of Garden Clubs, wishes to urge all members of the Sanford Garden Club to attend a conservation workshop Wednesday beginning at 8:30 a. m. at the Winter Park Garden Center located at the end of Garden Drive just off Highway 17-82. A chicken box lunch will be enjoyed at noon.

Mrs. A. R. Boehlert, conservation chairman for this district, will have charge of the program. Prominent speakers to be on hand are Hall Tenny, executive director of the Florida Audubon Society; Representative William C. Coleman; Mr. Carol Beck, botanist for Florida State Parks; Mrs. Ray Greene Winter Park speaker, and Col W. M. Hampton, Orlando Air Force Base.

Trailside identification will be made in Mead Botanical Garden.

Doudney Reveals He's Not Candidate In Demo Primary

Tax Assessor Sanford Doudney said this morning, "I will not be a candidate to succeed myself in the forthcoming Democratic Primary."
Doudney, making the announcement of his retirement from the office of Tax Assessor said, "At the end of this term I will have completed 42 years of service in the Tax Assessor's office."
Future plans have not yet been completed, said Doudney when he stated that he would not be a candidate in the coming election.
He said that he originally began his service in the Tax Assessor's office here on the first Tuesday after the first Monday in January, 1915.

Captain Robert W. Jackson, Commanding Officer of the NAAS, awarded Good Conduct Medals to four men attached to the station recently.

The medals are awarded for an outstanding conduct record over a period of three years. (L-R) Capt. Jackson, E. L. Williams, Airman W. B. Johnson, Aviation Mechanic Mate Third Class; C. D. Haas, Aviation Ordnanceman Third Class and D. L. Merritt, Aviation Stenographer Third Class.

State Still Needs Hi-way Betterment To Cost Millions

TAMPA 48 — Even with such projects coming up as the state-long turnpike and a Tampa Lakeland Orlando limited access highway, Florida still will need high-way improvements costing hundreds of millions of dollars to keep up with traffic growth in the next 10 years, the State Road Board chairman says.

Common Sense Said Best Cure For Delinquency

A large dose of plain, old-fashioned common sense is the best cure for problems of juvenile delinquency, says Sir Basil Henriques, who recently retired after 18 years as chairman of the East London Juvenile Court.
Tall, silver haired and one of Britain's foremost authorities on the problems of the young, Sir Basil paused briefly in New York at the start of a nationwide lecture sponsored by the British Foreign Office.
"I blame many of the ills of today's young people on unrealistic educational theories which ignore the characteristics of real life and try to train young people in an environment where there are no punishments, no rewards, no competition and no repression," he said.
"Naturally some of the youngsters go berserk when they leave school to meet a world where things become unpleasant if you break the rules, where life rewards of integrity and skill are great, where life is constantly competitive and where it is necessary to exercise some repression."
"Some of the so-called progressive schools instill in children the idea that they should exercise every whim at any time, that they must express themselves, no matter how disastrous the results, that if they don't like to read or do sums they don't have to, and that, no matter what they do they will never be punished."
"I believe you have more of this kind of schools in America than we do in Britain, but even there discipline is much more lax than it used to be."

Spotlight On Hollywood

By BOB THOMAS
HOLLYWOOD 48—Now the tail is wagging the dog.
Television used to be a dirty word among the movie studios. Film bosses spoke of the tiny screen only in terms of disdain.
Look at them now! The studios are scrambling to cash in on the TV gold. Most of them are making films for TV, several are selling their features and shorts to the new medium, and all are using it to exploit their new pictures.
The most TV-conscious of the lots is RKO, which has already sold its old pictures to TV under the new ownership of the O'Neill of General Tire. Heading the studio is Daniel O'Neil, former Selznick executive most recently with CBS. His production chief is Bill Dozier, another film veteran who served with CBS.
Dozier is outspoken in his regard for TV as an aid for films. "I believe that television is the greatest developer of talent this country has ever known," said Dozier, who was in charge of CBS dramatic shows in the East and has a Hollywood production base. "Even more than vaudeville, which developed mostly entertainers, TV has provided training ground for actors, writers, directors, producers in comedy, drama and all fields."
"Look at the names TV has brought forth already. A few years ago, Audrey Hepburn did a show for me at \$600, including a week's rehearsal. Now you'd probably have to give her \$250,000 a picture plus a cut of the profit."

Army May Intrude In Air Force Claim On Enemy Attacks

WASHINGTON 48—The Army may be edging into a field where the Air Force lays claim to primary interest—strategic air attack against distant enemy war goods centers far behind battle lines.
The Air Force has waged some long and wordy battles with the Navy over the same issue during the last decade.
The impending development of long-distance rockets, which can be designed and used by any of the three services, has broadened the ground for argument.
A weekend public showing of a scale model of the Army's new Redstone missile pointed up the matter. The Redstone itself, with a comparatively modest range of about 300 miles, probably can be considered a tactical weapon for the Army's traditional tactical role. But in offering the Redstone model for view, the Army suggested that it would be the basis for development of a mid-range, 1,500-mile ballistic rocket.

BEWARE!

COUGH FROM COMMON COLDS THAT HANG ON
Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Chromalene. It goes into the respiratory system to help loosen and expel germ-laden phlegm and aid return to normal and heal your bronchitis and prevent relapses.
Chromalene kills germs, loosens mucus, relieves irritation, soothes inflamed throat, and relieves cough. It contains no narcotics.
Get a large bottle of Chromalene at your drug store. For children get smaller size. Chromalene for Children is on hand in the package. Ask.

Silhouette Gets Softened Look

NEW YORK 48—A woman should never look severe, in the opinion of Hannah Troy, who softens the uncompromising look of the straight silhouette this spring with feminine and trimly fingered touches, ranging from a wide cape collar of crisp, white, embroidered organdy on a navy silk afternoon dress to a discreet little collar of linen and lace on a sheer beige wool sheath.
The white-collar girl is this designer's favorite for spring, and her crisp accents of linen and lace give a fresh and flattering look to the new fashions, viewed by the nation's fashion press.
Many of the Troy outfits achieve a two-piece look in a one-piece dress by simulated boleros and jackets. Others have real jackets which may be removed to turn a tailored costume into a cocktail dress.
For after-3 wear, this designer presents varied silhouettes, ranging from slim shafts of silk to draped harem skirts and full, gauzy skirts of chiffon or net.
Oleg Cassini dramatizes the feminine figure in new ways this spring, using various devices to make a simple and carefully shaped sheath look daringly naughty. A case in point is his black linen sheath called "Hands Off," in which a cut-out section just above the bust provides air-conditioning and manages to give the high neckline a definitely daring effect.
With skillful drapery and fluid handling of fabrics, Cassini builds his dresses around the figure of the woman, considering that the principal purpose of fashion is to make women look more exciting.
George Carmel shows a distinguished group of trim spring suits with soft dressmaker touches that still look tailored. A highlight is a belted suit in navy shantung-weave collar and pockets.

River Dedication Pictures Are Shown

Television news of the Sunday ceremonies when the St. Johns River was dedicated the "Nile of the Americas" have been shown in many places and to thousands of TV viewers.
The film, made by the State Development Commission, during the ceremonies here, was seen on two television newscasts in the Tampa area, according to word received from Tallahassee today.

Sanford Mfg. Firm Is Receiving Bids

Bids are being received on plans to expand the Sanford Manufacturing Company facilities here in Sanford, according to an announcement this morning by the Seminole County Chamber of Commerce Industrial Committee.
Local contractors who would like to bid on the construction of the new facilities can get in touch with Don Bales, Industrial Committee Chairman of the Seminole County Chamber of Commerce, Phone No. 1570.

THE OLD HOME TOWN BY STANLEY

British Producer Alexander Korda Dies At Age 62

LONDON 48—Sir Alexander Korda, leading British film producer, died today. He was 62.
The Hungarian-born movie magnate was noted for his lavish film production with which he made—and sometimes lost—fortunes.
He made pictures for 40 years and since the early 30s had been a leader in the British film industry.
Korda died as his latest epic, Sir Laurence Olivier's filming of Shakespeare's "Richard III," was moving the silver-haired producer back to the peak of Britain's film heap. The star-studded picture will have its American premiere on television in March.
"The Private Life of Henry VIII" was his first smash hit.
The silfala weevil was found in North Carolina for the first time in 1945.
The life and death of a western mining town that went from boom to bust in four years is being studied by a University of California historian.

Osceola WOULDN'T KNOW HIS EVERGLADES!

Today's vast stretches of rich Everglades farmland are a far cry from the savage wilderness of Seminole chief Osceola's time. Within our lifetime, free enterprise has carved huge modern farms all over Florida from wastelands of palm, pine and sawgrass. These farms, supplying a whole nation with healthful fruits and vegetables during dark winter months, are shining examples of private enterprise at work in Florida!

Another example of free enterprise at work in Florida is the remarkable expansion of Florida Power & Light Company—not only to keep pace with present population increases, but to stay ahead of all future needs as well. Since V-J Day, electrical capability has grown from 210,000 kw to 882,000 kw today. Freedom at work in Florida is your best guarantee of happier Florida living today...and tomorrow!

Seven Men Charged In Stealing Copper

MOBILE (AP)—Seven men were arrested on charges of stealing more than 800,000 feet of copper wire from lines ranges at Eglin Air Force Base, Fla., the FBI said yesterday.

American Legion Fair Permit Okayed By Commissioners

Miscellaneous items discussed and approved by the Board of Sanford City Commissioners last night included a request from the American Legion Fair Association for a permit to operate their fair here this year.

Karoly Housholder, representing and speaking for the American Legion's Fair Association said, "It's been our policy to make the Seminole County Fair a bigger and better one each year."

However, Housholder revealed that there would be no livestock exhibit this year because, he said, "No funds are available this year for the exhibit."

The Board of Commissioners approved a permit for the fair. A letter of inquiry was authorized by the Board of Commissioners last night to be directed to Hubbard Construction Company of Orlando to determine the status of Project No. 10 of the Sewer and Water Expansion program.

An ordinance changing the minimum plumbing fee from 50 cents to \$1 was approved last night by the Board of Sanford City Commissioners.

Church Conference Will Open Tonight At Orlando Site

A Church Leaders Conference will be held at Central Christian Church, Orlando, opening at 7:30 tonight and closing at noon on Thursday.

Coffee Club Meet Set For Tomorrow

The Seminole County Chamber of Commerce Coffee Club will meet tomorrow morning at 10 o'clock at the Chamber of Commerce Building.

Mayfair Is Setting For Jaycee Caucus

The District Caucus of the Junior Chamber of Commerce will get underway Sunday afternoon at 1 o'clock here in Sanford at the Mayfair Inn.

Tank Test Findings Submitted

A report was submitted to the Board of Sanford City Commissioners by Robert M. Angus and Associates, consulting engineers for the City, on the "new tank and pumping procedure for the water system."

The report is a result of a series of tests conducted by the consulting engineer's firm during a five day period Jan. 9 through Jan. 13, following a similar but shorter period test conducted by City.

Accompanying the report was a graph "plotting the line pressure at the plant against the height of water in the new tank and showing the actual time of pumping each filling period."

The tests, during the five day period, were conducted by Dave Newman, field engineer for Robert M. Angus and Associates. The report on the tests, submitted by Richard L. Lampp, following data on pumping time at the Sanford Water plant, stated, "It will be seen that these total pumping times compare favorably with those during so-called normal operations, insofar as they are in the same range."

"From a review of the above limited pumping records, we do not believe," the report said, "that the overall pumping time will be appreciably increased if the pumping is done principally during periods of daily maximum demand."

Six recommendations were submitted with the report. 1. That a minimum height of water of 10 feet be maintained in the bowl of the new elevated storage tank at all times;

2. That pumping operations be coordinated with peak demands as much as possible;

3. That steps be taken to determine when the Naval Air Station is pumping from the City mains so that, as often as possible, the City pumps can be operated at the same time;

4. That age and condition of the 12-inch geared gate valve at the old tank will probably necessitate its replacement in the near future. When anything is done at this location we recommend that a fully automatic altitude valve;

5. That, if it is your desire to operate the water plant without the manual operation of the aforementioned gate valve, the altitude valve be installed immediately; and,

6. That the plant engineer be instructed to shut down the pump when their reservoir exceeds 70 pounds per square inch during pumping operations, regardless of the height of water in the tank. It is highly improbable that pressures will exceed 70 p. s. i. before the tanks are full, but this will insure against excessive pressures in the water mains.

The Board of Commissioners, after hearing the report, and questioning closely the Field Engineer, approved the installation of an altitude valve to replace the 12-inch geared valve. Cost of the valve will slightly exceed seven hundred dollars. Installation will be done by city crews.

Fire Department Is Hit By Blasts

Hospital Preview Seen By Rotarians On Guided Tour

From the moment they entered the spacious reception room until they left to resume their various business and professional activities, the more than 50 members of the Sanford Rotary Club, who enjoyed a pre-open house visit to the Seminole Memorial Hospital,

expressed themselves as well pleased, not only with the time they took to make the visit but with the building that culminated dreams and plans covering a period of over 20 years.

Following their customary luncheon at the Yacht Club at noon, the members accepted the invitation of Hospital Board Trustee Chairman, T. E. "Gene" Tucker to get an advance view of the building and its equipment.

Forming a motorcade to the east end of the hospital, the Rotarians were divided into groups of 12 men and were personally conducted on a tour of the entire building by several members of the Hospital Auxiliary. After being greeted by Mrs. R. M. Blackwelder at the reception desk, they were escorted by the following newly formed guides: Mrs. Warren Adams, Mrs. Gordon Dean, Mrs. William Toll, Mrs. T. F. McDaniel, Mrs. Charles Vodopich, Mrs. F. E. Rouseffat Sr., Mrs. George Harden, and Mrs. John Crawford.

To mention the fact that the Rotarians were pleased with what they saw would be minimizing their feelings. The many favorable comments heard might be summed up in the statement of a past president of the club who remarked: "This is certainly one time that the taxpayers of Seminole County got their money's worth."

A special souvenir edition of The Sanford Herald, to be published Friday, will give to all its readers a comprehensive, detailed story of the new hospital, showing the floor plan of the three stories and will cover the route of the trip the Rotarians made yesterday.

Raleigh King Puts Hat Into County Tax Assessor Ring

Raleigh King, a resident of the County for 23 years but who has been in the ring today in Seminole County, as a candidate for Tax Assessor.

King was born in Putnam County, Florida, where he attended the public schools. After coming to Sanford and while working with the utilities company, he enrolled with the LaSalle Extension University and took its course in public accounting. He resigned as chief clerk of the utilities company to enter the real estate field. In 1927 he left the real estate business to engage in celery growing, and for 28 years was active in all phases of the vegetable industry. He is now connected with the sales department of the Panther Company of Fort Worth, Texas, as a Florida representative.

He is a recent graduate of the Dale Carnegie Course a member of the Masonic Lodge and a member of the First Presbyterian Church.

In 1923 he was married to Miss Kress Little, Mr. and Mrs. King have one daughter, Mrs. Gilbert Blocker, and two grandchildren. This is his first venture into politics.

Gatchel Questions Legality To Answer Calls Outside City

Campaign Needed To Keep Properly Free From Litter

A concentrated campaign will be conducted by the City, according to the Board of Sanford City Commissioners, to clean up vacant lots.

A discussion of the possibilities of using present ordinances and requirements of the City Charter resulted in Commissioner David Gatchel saying that "We need a law with some teeth in it."

Citing examples of other cities where commissioners have visited, methods of collecting costs for cleaning lots, within the City limits, where owners refuse to clean them up, City Manager Warren E. Knowles revealed that such methods have not produced results here.

The City Charter of the City of Sanford, Florida, states that "The City Commission shall have power, by ordinance or resolution, to require that all lots and lands and other premises within the City be kept clean, sanitary and free from weeds, trash and other litter, or make them so at the expense of the owner, where the owner fails or refuses to keep them clean, assessing the cost thereof against the property, and the City shall have and hold a lien on any property from which weeds, trash or litter shall have been removed at the expense of the City for the amount of costs and expenses incurred in so cleaning such property, and may enforce payment of the same against the owner or against the property in a suit at law or in equity."

The Board of Sanford City Commissioners agreed "that a campaign be started to get the lots cleaned up—and if an action is taken by the property owners, to take legal steps to have it done."

Garden Club School Course One Begins Tomorrow Morning

Course No. 1 of the Flower Show Garden School of the Sanford Garden Club will get underway tomorrow morning at 9:15 at the Garden Center located on East First St. and Melonville Ave.

Mrs. Mabel Boone of Orlando will instruct tomorrow morning with P. E. Parvin, a well-known member of the faculty of the University of Florida's School of Agriculture, teaching the horticulture phase of the school tomorrow afternoon.

Mrs. Ira J. Varnedoe of Jacksonville will instruct the school all day Thursday.

Mrs. Karoly Housholder, chairman of the Flower Show School committee, said today that each day's session will begin at 9:15 a. m. and end at approximately 3:15 p. m.

Mrs. Housholder said that a small fee will be charged to defray the expenses of the school.

Present Well Field Inadequate To Fill Additional Demand

"We might be sitting on a powder keg," Commissioner John Krider told the Board of Sanford City Commission last night.

"Should the Navy want additional water," and we find our present well fields inadequate to get additional water to furnish our City," Commissioner Krider asked.

The City, some months ago, piped chased a site on the old Lake Mary Road to locate, possibly, other wells to furnish the City with an adequate water supply. However, the well field has not been tested as to whether or not water is available at the new location.

"Suppose our present water supply is depleted and we find that there is no water available at this new well field we have purchased? —we will then be sitting on a powder keg," Krider said.

As a result of the explosive situation that might exist, the Board of Commissioners approved for the calling for bids for two-inch test wells on the new field site, of varying depths, to determine the quantity and quality of water available there.

Hospital Auxiliary To Meet Thursday Bailey Is Speaker

The auxiliary of the Seminole Memorial Hospital will meet Thursday night at 7:30 at the Yacht club, it was announced by Mrs. T. F. McDaniel, program chairman. The speaker will be Arthur Bailey, Administrator of the Orange Memorial Hospital in Orlando.

Mrs. A. W. Epps, president of the local group, urges every member to be present because of the widespread benefit that is to be derived from Bailey's talk.

One of the most successful operations of the ladies who assist in the many duties of hospital administration is carried on at Orange Memorial. It was said, and the speaker's experience there will be such that can make the individual jobs here easier and more comprehensive in the relations to the others.

In this way, Mrs. Epps said, it is possible to get the most effective results.

The importance of attendance at this session can readily be appreciated by each lady who has accepted a responsibility with the Seminole Memorial Hospital and will have its open house on Sunday and that will be ready to accept patients on Feb. 7, Mrs. Epps added.

At 7 o'clock immediately preceding the general meeting the Board will convene, Mrs. Epps said.

French Ave. Work 75 pct. Completed

Almost \$45 millions in road construction projects were underway in the state during December, according to a monthly progress report issued today by Wilbur E. Jones, Chairman of the State Road Department.

In addition to the \$24,950,598 of projects already under construction, Chairman Jones said, 249 bids were received for \$12,531,423 in new construction. During the month contracts were formally awarded for other road construction totaling \$9,010,426 while work completed and accepted by the Department in the period amounted to \$6,401,001.

William H. Dial of Orlando, Road Board member from the Fifth District, reported that construction under 40 contracts in the 12 counties comprising this district amounted for \$17,740,568 of the state total.

In Seminole County, the grading and paving of French Ave. in Sanford was reported 75 per cent completed.

Mrs. L. C. Glisson Dies In St. Pete

The friends of Mrs. L. C. Glisson will regret to learn of her death at the home of her daughter Mrs. Ralph E. Stevens, in St. Petersburg.

Mrs. Glisson was a former resident of Sanford, but made her home with her daughter for a number of years.

Besides Mrs. Stevens, survivors include a granddaughter, Mrs. Don Krause, and a nephew, Ralph E. Stevens Jr., both of St. Petersburg also a nephew, R. E. Williamson of Orlando.

Funeral arrangements will be announced later. Burial will be in St. Pete.

Van Eeghen Indicted On Slaying

Jury held the slaying was "at the hands of a person or persons unknown."

Sheriff M. T. Williams' deputies recalled him a few minutes after the grand jury report.

When found, Mrs. Van Eeghen, a native of Scotland, was covered with a blanket on the front seat of the family convertible. The child's body was in the trunk. Both had been struck in the back of the head three times.

Van Eeghen Indicted On Slaying

Van Eeghen, a former Canadian Army artilleryman, has denied any knowledge of the killing. He says he last saw his wife and child Dec. 7 at the laundry, thought they went to a movie that night and went to bed, waking up about 6:30 a. m. to find them missing.

The Van Eeghens were married at Ft. St. Johns, British Columbia in 1947. They moved to Melbourne three years ago. He is a native of St. Louis and once lived in Tampa.

The couple had one other child, Roger, 4, who died in 1934 of a head injury believed received when struck by a baseball while playing with friends.
