

Ag Zoning Board Created By Law

By CHAS. A. WOODRUM
County Agricultural Agent

The control of such land classification should also remain in local hands.

Thus the Board of County Commissioners was set up as the so-called "Ag. Zoning Board," acting with the advice of the county engineer whose areas of responsibility are most affected, namely, the Agricultural Agent and the Tax Assessor.

In brief, the Board of County Commissioners is authorized to:

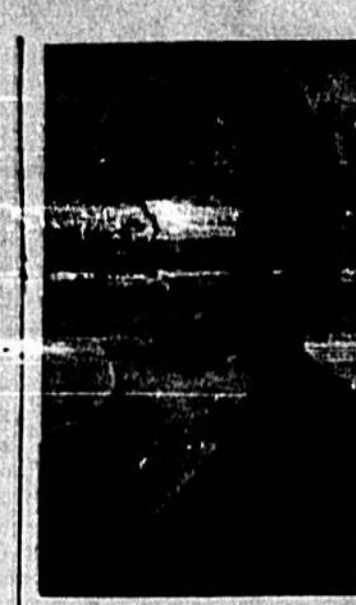

1. There shall be in each county an Agricultural Zoning Board which shall be composed of the Board of County Commissioners as voting members, and the County Engineer and County Agricultural Agent as non-voting members.
2. The County Agricultural Zoning Board, in order to promote and control a more orderly growth and expansion of urban and metropolitan areas, shall be an official body of the county and shall have the same powers and authority as the Board of County Commissioners, and shall have the same powers and authority as the Board of County Commissioners, and shall have the same powers and authority as the Board of County Commissioners.
3. No lands shall be zoned as agricultural unless a return is made as required by law which shall state that said lands on Jan. 1

Sweet Corn Lines Tested

During the Fall of 1967 a series of sweet corn varieties were tested at Belwood on the lines and of standard on each line. This trial was begun to find sweet corn varieties which can be used for fall production. Some of the varieties tested were considered desirable for fall planting on a large scale. The best of these lines, which are producing ears too large in the spring, will be included in tests this fall. From these lines we should find one or more which will be suitable for fall production. Until one is found, every ear cannot be produced during the fall at Belwood. Resistance to stalk rot caused by Fusarium spp. and Diplodia spp. will be needed because of the supply of these organisms present.

Honor Contracts, Teachers Advised

State Attorney Domick Salft put to rest rumors which ran rampant today by declaring, "There is no indication at the present time that Gov. Claude Kirk intends to include the City of Sanford in his present itinerary."

Honor that the Governor intended to visit the FEA (Florida Education Association) meeting at the Civic Center had raced through the crowd of teachers without attending the event. "The Governor may come, but it is not expected," Salft stated.

The young state attorney issued "a plea to all of the teachers who are still on the job and honoring their contracts. In the event they are contacted

State Atty. Asks: Tell Of Coercion

and in any way influenced, enticed or intimidated to walk out or otherwise breach their contracts," Salft said. "I urge that they immediately contact my office and report such incidents. It is not to be used as an injunction order being served in no way prevents discussion but only prevents a calculating design on the part of the FEA members to bring whatever pressure they may have to bear upon those teachers who are faithfully performing their legal and moral obligations," Salft stated.

The mass teacher rally in Sanford on Wednesday afternoon, approximately 25 more restraining orders being issued by Judge Ben Willis of Leon County.

Peter Dikur, Sanford Junior High School, received his restraining order at 10:05 a. m. from Deputies Ken Roberts and J. R. Jenkins of the Seminole County Sheriff's Department.

The Florida Education Association's field representative from Orlando, C. G. Corbett told the teachers things must be had when "we have to be restrained from speaking."

"We will be out until the unions are adequately funded," Corbett stated. "Others are with us—we're not alone."

The teachers were told that the FEA was concerned about the children and about the Legislature passing a bill that "anyone could go into the classroom and teach."

"They would have you believe that only a few of us have left the job," Corbett said. "The Legislature was for tax relief first and education second."

The teachers were told that the people in the 30 states were supporting them.

"Those here believe Florida's children deserve better," Corbett said. "We will win because right always triumphs."

'Will Go On' - Petree

Reports are untrue that striking teachers are being paid their salaries during this school year. Teachers who have not signed are being paid, it was said, but those who submitted resignations have been removed from the payroll. Question: Then why are extra funds needed to pay "idle teachers?"

Remember it was suggested here last week that a "Gray Flannel Auxiliary" could be formed to aid the Pink Ladies and Candystrippers at Seminole Memorial Hospital? That is, men with time on their hands could help out. Well — The Herald's Mrs. H. L. Johnson reports there was a "Gray Flannel" here at one time.

Rummage sale plans will be finalized by SISTERS at a meeting Thursday noon at the Hof Brauhaus.

Grand jury called for first week in March. Will probe two murder cases. B. E. Porter hearing nothing of a political nature will be taken up at this time.

A strong (smalling) point in favor of the teachers' demands for more pay — and that is the garbage men's strike in New York City. We have nothing against garbage men — they are necessary and here in Sanford do an excellent job. But the striking teachers are asking for LESS pay than the striking NYC garbage men received BEFORE their strike for higher pay. It takes a lot more training to be a teacher than a garbage man. But then — it takes a lot stronger back to be a garbage man than a teacher.

Andrew Nichols, president of Seminole County Future Farmers of America, was honored at the Florida State Fair. His year-old Guernsey cow won grand champion female in the FFA division and he placed fifth in the open show with the adult.

Seminole County mothers collected \$14,431 for this year's March of Dimes. Goal report issued by Mrs. Arva Barnes, chairman states. Mrs. Barnes, in making her report, publicly expressed her appreciation to "each of the many ladies who gave of their time to help in the fight against birth defects."

'Action' Without Funds

Money of the organization had been expended with about \$10 remaining in the bank and payroll tax of \$22 remaining to be paid. He was instructed by the president to write no further checks and incur no further obligations.

Petree said the group faced several alternatives: To fold the program and quit; to solicit a loan from a local bank in anticipation of the administrative grant being funded again by the government; to determine which of the members of the administrative staff are financially able to remain without salary temporarily, or to aid staff members in obtaining personal loans to tide them over. The president discouraged obtaining a loan in anticipation of the grant.

Robert Overby, 25, of Rt. 2, Sanford, was admitted to Seminole Memorial Hospital and is listed in "good" condition.

A Sanford Naval Academy youth, Wayne Holloway, 16, of Geneva, was slightly injured in an accident on Highway 46 at 7:30 a. m. this morning. The Holloway car swerved to miss a car driven by Eddie Lewis Williams, of Sanford, and hit a pulpwood truck driven by Willie T. Wright, of Sanford. Williams was charged with failure to yield the right-of-way by Trooper Jerry Hawthorne, of the Highway Patrol.

Sanjay Mills, of Sanford, and

Three Men Injured In Auto Accidents

Three men were injured in a series of accidents which occurred in Seminole County last evening and early this morning, police and sheriff's department reported.

Two men had been drag racing just before their car hit a utility pole at 25th Street and Park Avenue, police said. The accident occurred about 8:30 p. m.

Jimmy Henderson, 24, of 619 Palmtoe Avenue, was admitted to the Florida Sanitarium Hospital and placed in the intensive care unit. His condition is listed as "fair."

Builders To Hear Gunter

William Gunter will speak on the Florida education crisis at 7:30 p. m. Tuesday at a meeting of the Seminole County Builders Association at Mayfair Country Club.

The meeting will be open to the public and interested persons are invited to attend and ask questions regarding the school situation.

Fire District

Tanglewood Area Civic Association has voted to support the placement on the ballot a referendum on the proposed \$3 mill tax increase to support a new southeast Seminole fire control district.

The association discussed the question at the request of County Commissioner Robert Parker.

Parents Oppose Closing

By MARJORIE GREEN

Schools in Seminole County will be closed until Monday. The Seminole County School Board decided that more time was needed to work with substitute teachers to provide the best possible teaching program. The decision was reached after tempers flared between the board, parents and secondary school principals.

The principals presented the board with a resolution that the schools should be closed until qualified people could be found to teach. The principals' unanimous vote.

"Government cannot step due to crisis," said John Evans, assistant school board chairman. "Part of our charge is to find the best possible teaching program. The decision was reached after tempers flared between the board, parents and secondary school principals."

The principals presented the board with a resolution that the schools should be closed until qualified people could be found to teach. The principals' unanimous vote.

"Government cannot step due to crisis," said John Evans, assistant school board chairman. "Part of our charge is to find the best possible teaching program. The decision was reached after tempers flared between the board, parents and secondary school principals."

PETER DIKUR seems amused as he reads a court order restraining him from "speaking out" to other teachers about resigning. (Herald Photo)

Grand Jury Sits Mar. 4

By DONNA ESTES

Date for impaneling of the grand jury in Seminole County is March 4—only 12 days away—Circuit Judge Volle Williams told The Herald.

"Consider the teachers who have walked out—even though they may be wrong," Bracken said. "They have been good enough to teach and they need your consideration."

Alison Wharton, chairman of the school board, stated the board had not asked these teachers to come back to school and that it was not going to do so.

"We have not condemned them," Wharton stated. "However, I cannot accept that these people are working for quality education."

"Ad valorem tax cut does help this school board," he continued. "Tours does not get the school, and labor union and the teachers will be taking over the schools."

"These items are not part of quality education," Wharton continued.

Wharton continued to state that no member of the Florida Education Association, the Seminole Education Association or Classroom Teachers Department (Continued on Page 2A, Col. 6)

According to law, no person "shall be tried for a capital crime (murder, rape, etc.) unless on indictment brought by a grand jury." One of the few ways the citizens have of removing a corrupt official from office, other than at the ballot box, is by way of a grand jury. It has the power to investigate and ferret out crime in the community.

The research further revealed that any citizen, after following certain procedures, can appear before the grand jury to give information to aid the body. The grand jury does not try individuals and it cannot establish anyone's character. Absolute secrecy of the actions of the jury is maintained.

'If Necessary' Teachers Will Go To Highest Court

Robert Petree, attorney for the Seminole County Education Association, today pledged to carry case of the resigned teachers to the United States Supreme Court, if necessary, to vindicate their rights, Petree concluded.

"As an officer of the court, I do not think it appropriate to comment on pending litigation," Petree said. "As an individual, however, my sympathies are 100 per cent behind the courageous teachers who are not in their classrooms."

"As a parent, I believe these are the real educators, the real persons concerned with better education in Florida," Petree declared.

"I deplore any efforts to restrict their rights of free speech as guaranteed by the first amendment to the Constitution of the United States."

"I sincerely hope that matters have not reached the state in this country in which involuntary servitude and lack of free

Bulletin

Dr. Phil Constantine addressed the teacher rally in Sanford this afternoon. He told the teachers that there were joining the walkout every day. Constantine, served with a restraining order as he entered the Civic Center, stated that the more of Florida's people were joining the teachers.

Student Discipline Weakens With Subs

TALLAHASSEE, Fla. (AP) — Gov. Claude Kirk said today that the NEA's first attack by the National Education Association on a state but it had fallen below expectations of the NEA and the Florida Education Association.

"The invaders are here," Kirk said after an hour-long huddle with State School Supt. Floyd Christian — Kirk's first briefing since his return earlier today from a California trip.

Kirk said he had not communicated with anyone in the NEA since Saturday. He said he had returned to Tallahassee to talk to anybody on strike.

The governor insisted that the walkout did not accomplish what the FEA had hoped, but he would not call it a failure.

"I will go into the county as always do and break the core. That is to say, I will go to Miami," the governor said. Kirk has said the source of the discipline being exercised. And he called this "a very dangerous practice."

The governor took note of criticism about his six-day absence from the state. "I can handle my job by telephone," Kirk said last Friday, awaiting his manager or vice.

While many schools remained open in the face of the walkout, the Florida Education Association said they were open "in name only" and that the uncertified substitutes could not replace the real teachers.

Phil Constant, executive secretary of the Florida Education Association, said many schools were staffed with volunteers who were not trained to teach.

Blaming the walkout on Democrats in the legislature, the Republican governor said he would "certainly not" consider calling another special session to deal with the crisis.

Kirk: NEA Attack Below Hopes

TALLAHASSEE (AP) — Gov. Claude Kirk said today that the NEA's first attack by the National Education Association on a state but it had fallen below expectations of the NEA and the Florida Education Association.

"The invaders are here," Kirk said after an hour-long huddle with State School Supt. Floyd Christian — Kirk's first briefing since his return earlier today from a California trip.

Kirk said he had not communicated with anyone in the NEA since Saturday. He said he had returned to Tallahassee to talk to anybody on strike.

The governor insisted that the walkout did not accomplish what the FEA had hoped, but he would not call it a failure.

"I will go into the county as always do and break the core. That is to say, I will go to Miami," the governor said. Kirk has said the source of the discipline being exercised. And he called this "a very dangerous practice."

The governor took note of criticism about his six-day absence from the state. "I can handle my job by telephone," Kirk said last Friday, awaiting his manager or vice.

While many schools remained open in the face of the walkout, the Florida Education Association said they were open "in name only" and that the uncertified substitutes could not replace the real teachers.

Blaming the walkout on Democrats in the legislature, the Republican governor said he would "certainly not" consider calling another special session to deal with the crisis.

Pupils Must Make Up Lost Time

Seminole County students will be required to "make up" the lost time in the school year that this week caused by the walkout of 208 teachers of the Seminole Education Association.

That in some schools it was as high as 74 per cent, while in others all the teachers were present. Overall 27.4 per cent of our teachers were out, and it is essentially the same at this time.

We are doing everything we can to obtain substitutes, but these people must not only be qualified in subject matter, but also in industrial arts, physical education, language arts, drivers education, and business office.

Locating qualified people is almost impossible, as we have been unsuccessful in many instances in filling the positions during the regular school year.

Kirk was asked if he was considering a special legislative session at this time.

"Certainly not," he replied. "I need a Democratic Legislature in '68. I won't say."

Kirk said he would not call the teacher walkout a failure, but knows it fell below hopes of the NEA and FEA.

Christian, holding a news conference with Kirk, said he was well known that the NEA has observers and workers here who are helping the FEA talk to resigned teachers.

Parents Oppose Closing

The safety and education of your children are paramount in our minds, but we do not want to run a school that is not safe in our classrooms.

Therefore after reviewing the recommendations of elementary and secondary principals, the School Board last night extended the pupil holiday and

Substitute Pay Scale

2nd Certificate 18.00
3rd Certificate 20.00
4th Certificate 22.00

"This board considers all employees — even those who have walked out," Wharton said. "We have not threatened the teachers and those who wish to come back with no questions asked."

Some teachers did pick up their assignments from their principals. The principal of South Seminole Junior High School, told the board that the principal's concern was for the students.

"We have tried to get qualified people and we are still trying," he said. "I understand that my primary concern is getting people who can control the students."

Christie Hensley, principal of Lagoon High School, told the board that it was no problem getting people to go into the classrooms. The problem was getting certified people.

One parent, Louise Coffey, 1218 Colonial Pkwy., said she had a letter from a woman who the regular teacher told the students to "make hell out of it."

House Speaker Says FEA Info Incorrect

TALLAHASSEE (AP) — House Speaker Ralph Turfington, saying the Florida Education Association's information has called a meeting for Thursday to try to get the record straight on the Legislature's school package.

FEA leaders and Gov. Claude Kirk and State School Supt. Floyd Christian or their representatives are invited to come to the meeting with legislative and state financial experts.

The fact is a lot of the information is incorrect or grossly misleading," Turfington said he was sure the FEA officials would "want to come in and correct" their errors so teachers will know the truth.

"I think we've been exceedingly accurate," said FEA Executive Secretary Phil Constant. "The amount that would go in (public) education is \$127 million."

Constant said the most recent figures increased the tax estimate from \$300 million to \$350 million.

The tax package includes \$29 million for the state over the last 18 months of the biennium and \$21 million for cities and counties from a portion of the cigarette tax increase.

"The amount that would go into education is \$127 million," Constant said. "We can discuss this thing and talk about it all they want. These figures are their figures and they are damning."

The speaker said more than \$30 million of the Legislature's \$29 million program will go to the public schools, not counting

3 Arrested in Holdup

Three suspected robbers who allegedly held up the L.V. General store at 26th and French Avenue last evening were captured by Patrolman Gary Swain of the Sanford Police Department, with assistance from Auxiliaryman William Hogan just six minutes after notification of the robbery.

Swain took into custody Oscar Blackwell and Joseph Lopez of Gotha, and Francis R. Hill, of Daytona Beach. stolen money was all recovered by the police department.

The three suspects also are currently under investigation for armed robbery in Ocala, Daytona Beach and Orange County and will be turned over to Seminole County for prosecution for the Sanford robbery.

Police department was notified of the robbery at 8:07 and the suspects were apprehended at 8:13 by Patrolman Swain at the intersection of Fulton Street and French Avenue.

Fire completely destroyed the contents of one bedroom Tuesday afternoon in the home of a Sanford family and caused extensive heat and smoke damage to remainder of the frame dwelling.

Owner-occupant of the two-bedroom home at 1806 Elliot Street in Fort McLean. Fire was presumed to have been caused by an electrical appliance in the bedroom, Sanford Fire Chief G. M. Harvett reports.

Pueblo's Crew Face Reprisals

WASHINGTON (AP) — President Johnson is depicted by White House visitors as quietly confident that diplomacy eventually will win release of the captured intelligence ship Pueblo's crew.

In the face of a new North Korean threat to try the 52 surviving crew members, Johnson was said to believe a way will be found to reach a settlement after the other side has had its day of blustering.

In Moscow Tuesday, Zang Le Zoon, counselor of the North Korean Embassy, told a news conference the Pueblo's crew will be punished and any American reprisals would bring immediate war.

The United States already had warned that any such action would be a "deliberate aggravation" of the crisis. The North Korean diplomat said the ship's personnel, "having committed crimes in one country, will get the punishment provided by that country."

"If the American imperialists dare to make reprisals then war will break out immediately," he said.

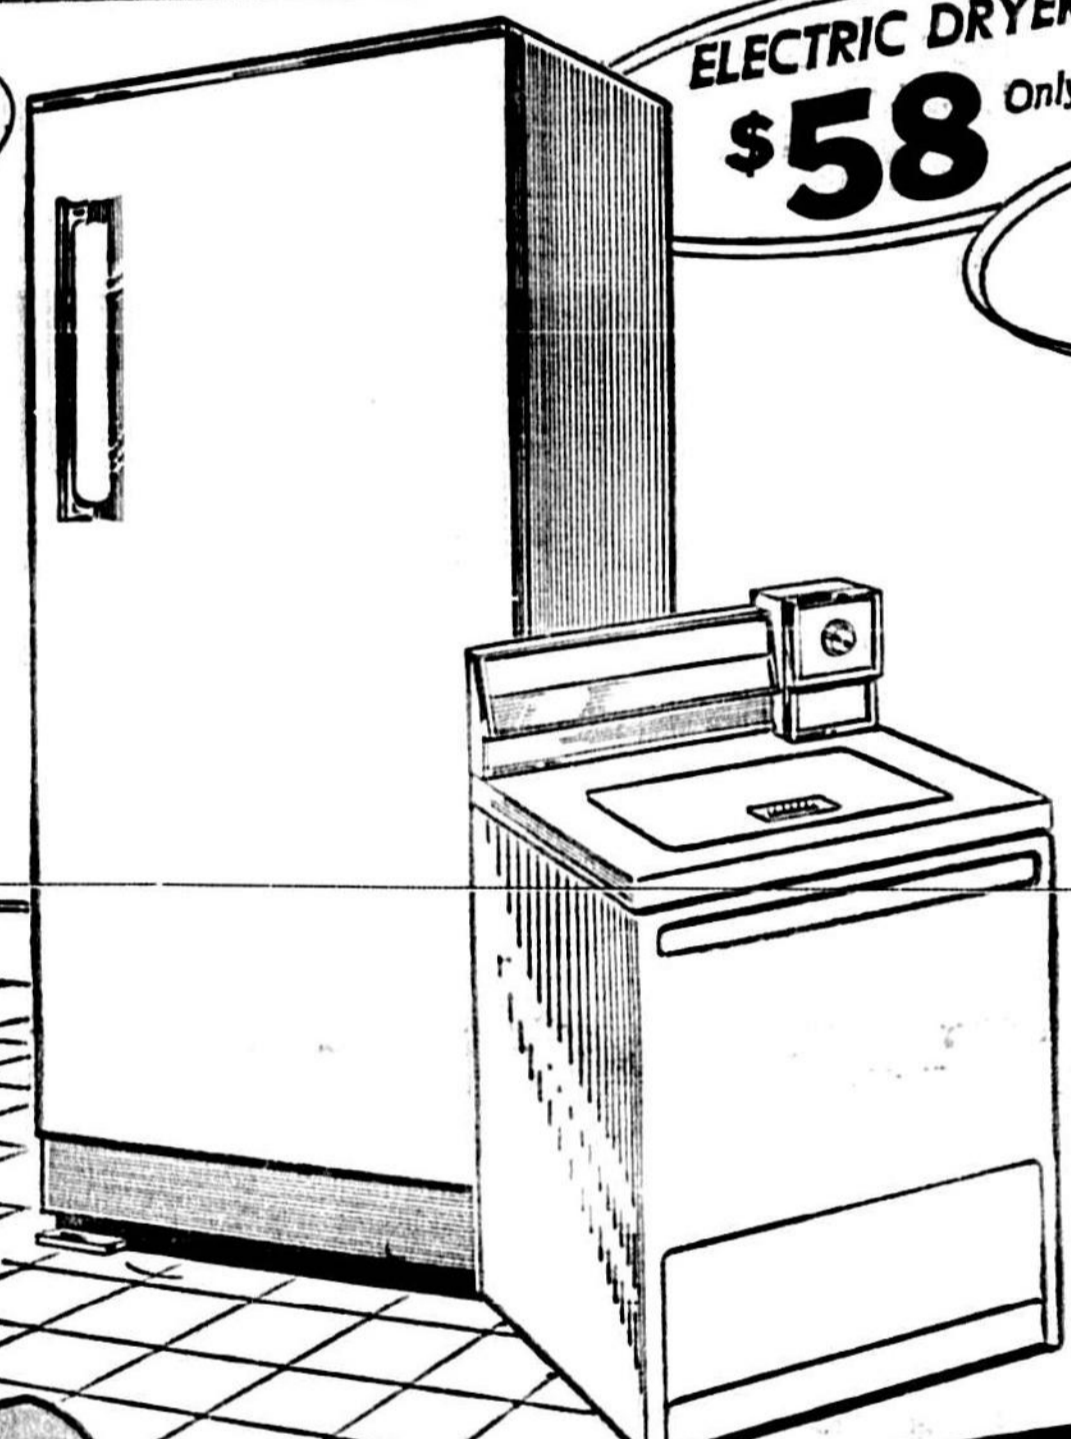

These threats seem to be regarded at the White House as a part of the game when dealing with the Communists. More important, it was said, was that after early shouting sessions at Panmunjom some real negotiating now is going on.

Alp Resort Entrance By Back Door
RIEZERN, Austria (AP) — This alpine resort lies in one of Europe's strangest valleys—a ski paradise which you have to enter by the back door.

The valley, Klein Walsertal, is in Austria. But, unless you are a mountain climber, you can only get to it from West Germany. It's a place of peaks and plateaus.

The peaks are a range of U-shaped mountains which cut the valley off from Austria. The only way in is through the small town of Oberstorf in West Germany.

The plateaus are many. Klein Walsertal—it means Little Walter Valley—is really a valley a part of Austria. Its 4,000 inhabitants are ruled by Austrian law, vote in Austrian elections and pay Austrian taxes.

But Austrian goods are subject to import duties while West German goods move in free. That's because economically it is part of West Germany.

Citizens from the "Austrian mainland" who visit the valley find that West German marks and not Austrian schillings are the official currency.

Here's another curiosity. All the vehicles carry Austrian license plates—bought in German marks and paid to West German authorities. But the plates are issued by Austria.

The postal trucks which serve "Austria's only colony" come in from West Germany. But the stamps on the letters are Austrian, payable in West German marks. The three valley towns have both West German and Austrian postal zip code numbers.

Law and order in the valley is maintained by Austrian police. But German custom officers have the responsibility of controlling the frontier.

Ludwig Lettner, the Olympic alpine combination champion in 1964, also got caught up in the double nationalities of the Walsertal. Lettner, who runs a hotel in the valley, is an Austrian. But he won his Olympic title at Innsbruck for the West German Ski Federation.

His brother who lives next door served for the Austrian Ski Federation and was unplaced.

Other sports don't go unaffected. Local soccer clubs belong to West German leagues. Other wise they'd have to travel more than 30 miles to their nearest away game.

For tourists there is little difficulty in getting here—provided you don't start out in Austria. The valley is about 100 miles southwest of Munich and 50 miles from the West German shore of Lake Constance.

Klein Walsertal isn't listed on many maps. It's only a few miles long and, at the most, four miles wide. But it's fast becoming one of the most popular winter and summer resorts in the region.

Sharing the valley with Riezern are Hirschbach and Mittelberg. Between them they have 80 hotels and nearly 400 boarding houses. Almost everyone who lives in the valley and has a spare bedroom is in the tourist business.

The valley was once the gathering spot for western nobility before they set out on hunting trips. Then settlers moved in and it became farmland.

Today's inhabitants are Austrians, but their ancestors were neither Austrian nor German. The settlers, who came during the 13th century, moved in from the valley of Valais. And that's in Switzerland.

Food Bills Can Be Cut 10-20%

By JOHN CUNIFF
NEW YORK (AP) — With a bit more care, education and training, households could cut \$9 to \$20 per year from their food bills, saving \$90 to \$200 a year at the supermarket, insists Dr. Hans Beisler of Cornell University.

Beisler's program for using the supermarket as a savings institution contains no magic, but still is attracting growing attention in New York State, as testified by hundreds of people using his "Better Shopper" company.

The program is bound to get even more attention as food costs go up. Farm prices rose last month, meaning retail prices increase even further. Increases as much as 3 per cent over 1967 are feared by Washington.

To combat rising food prices, Beisler and his associates use methods that are deceptively simple. They may offer little advice that is altogether new to wise shoppers. But, collected into a program, these bits of advice add up to big savings.

Among the suggestions: plan ahead, keep records so real bargains can be spotted, take advantage of weekend specials, buy in quantity for future use, study labels, reduce prices to amounts per pound or ounce, consider substitutions.

Nothing sensational, but that isn't all. The program then seeks to motivate the shopper. Self-study booklets and extension service instructions then attempt to take the recreation out of shopping and substitute business.

Shoppers are motivated to attack their job with cold efficiency, a little savagely perhaps, judging items critically and perhaps as adversaries trying to deprive them of cash for other things. Savings are always kept in mind.

For example, Beisler and Mary Burris, a home economist and coauthor of the program material, shopped carefully and then carefully for a family of four. One cart cost \$26.89, the other \$22.78.

"If you're not impressed by cost cutting of \$3.90 a week, think of it as a yearly total of \$207.60, or a savings of 18 per cent on your grocery bill," they reminded students. "And that's tax free," they add.

A study of meat prices in different supermarkets showed that if you bought five pounds of chuck roast a week for a period of 20 weeks, the 20 roasts would cost \$62.30 if bought early in the week, \$29.20 on weekend specials.

Frozen orange juice that cost \$1.34 regularly was purchased for 99 cents on sale, or a saving of 35 cents on less than a dollar invested. "One dollar at 5 per cent interest would take six years to earn 25 cents," the shopper is reminded.

As an example of substituting one food for another, the program asks shoppers to consider using dry skim milk for the liquid product. Nutritionally there is little difference, and the dry product's taste is being improved.

The largest living African Antelope is the eland. Some of these animals have been known to stand 6-feet tall at the shoulders and to weigh over 1,200 lbs.

VD Now No. One Problem

Seminole County health director Dr. Frank Laine, in conjunction with the continuing education program on venereal diseases, today released for publication the following "Did You Know" facts for publication.

That the venereal diseases, syphilis and gonorrhea, have become the number 1 infectious disease problem in the United States.

That syphilis and gonorrhea are attacking 3 million persons a day in the United States, of whom 400 a day are teenagers. Syphilis alone attacks 10,000 persons per month.

That syphilis particularly has moved up in society as well as down in age. It is now regarded as a public health problem, although it has been demonstrated that such education does not require expensive programs.

That fewer than five per cent of young people leaving or graduating from high schools last year had the benefit of adequate VD education, although it has been demonstrated that such education does not require expensive programs.

That VD is costing \$50 million a year in our nation just to support the victims of syphilis insanity in (tax-supported) mental institutions; another six million per year to aid the victims of syphilis blindness.

That the U.S. Public Health Service estimates that at least one million persons in this country need treatment for syphilis as the present time. If they are not treated, one in 11 will develop syphilis heart disease; one in 25 will be crippled or incapacitated; one in 44 will develop syphilis insanity; and one in 200 will become blind.

That over half of all new VD infections are found in teenagers and young adults under 25 years of age.

KARL F. McGilvray, communications officer at SNAS, has been promoted to lieutenant. (Navy Photo)

Kirk Urged To Probe Judges

MIAMI (AP)—Gov. Claude Kirk has been asked by the Greater Miami Crime Commission to probe judges in the Miami area who use their discretion to release on bond convicted criminals.

In a telegram to Kirk, the commission said: "The citizens of greater Miami are being plagued by robberies, muggings, assaults, murders and other crimes perpetrated by notorious, habitual, convicted criminals.

"Local courts have abused their discretion by releasing such criminals with extensive criminal histories on appeal bond after being convicted of crimes.

"The courts have further abused their discretion by reducing bonds of known criminals with extensive criminal backgrounds, thereby permitting these criminals to go back into society to outlive their depredations upon the community," the wire said.

Strikes And Spares

Well, it's like we've been saying all along... For those who've not yet participated in a tournament, after they've rolled in on, it becomes one of their bowling highlights. And more often than not, it doesn't really matter whether they've won anything or not. Just the thrill of being a participant is enough to warrant the old blood pressure thumping a notch or two.

And now they all ask the inevitable... "When's the next one?"

If you're one of those gals in the above mentioned category, then by all means start making your plans now for the Florida State Tournament.

And if by chance, you're a gent and you just might be more than a little hesitant on getting your name onto an entry form, kindly... you only have until this Wednesday before the entries close for the Florida State Bowling Tournament. This one will go for two weeks, March 23 and 24.

Incidentally, this year's tournament has been scheduled a bit earlier than normal to permit all of our Navy friends the opportunity of competing prior to the closing of Naval Air Station.

Our most sincere thanks to all of the women who competed in this past weekend's women's singles tournament, and a special salute to all of our "young friends" who kept score for us, too.

The presence of the many spectators always adds still another dimension of excitement, which made all of the time and effort expended by Tournament Manager Margie Farris so much more worthwhile. **BOWLING POT POURRI**... Before it slips my mind (oh, boy) this Friday evening at 7 p.m. will be the 10 game marathon tournament. It's handicapped and open to both men and women, with a minimum of \$100 guaranteed in prize money.

It happened for the very first time this past Saturday evening when we had a tie in their division for the Bowler of the Week honors between Don Witt and Peg Patey. According to the rules, both were presented individual trophies as was the other division winner, Barbara Gibbons.

Due to the women's tournament taking so many lanes, the number of entrants this week was limited to only 25, with a huge snags anticipated for this coming Saturday.

Our Saturday afternoon Junior League Open, Carolyn Clifton will be leaving the area shortly, and will be giving a deal of pride that we're able to announce the appointment of Agnes Butcher to assume the new duties as Head Coach.

Mrs. Clifton has done an outstanding job with the Junior League and now that Mrs. Butcher has completed the American Junior Bowling Congress school for bowling instructors, (along with Bantam League Coach Marge Redman) Sanford's youthful bowling program will continue in the hands of two extremely qualified and dedicated leaders.

CAROLYN CLIFTON

And since we're on one of our favorite bowling groups, let's take a quick look-over at the action in both of these youth leagues.

First of all, in the Bantams (ages seven thru 12) Denko Tournament 190, Danny Daugherty 133, David Myers 142, Ricky Payne 132, Jim Link 144, Ricky Kessel 132, Mike Moore 150, and with the league high - Pete Peterson, Jr. - 190.

In the slightly older Junior - Senior Division: Pinky Siano 180-494, Jim Brubaker 174, Bill Oney 184, Jim Dunham 182, Billy Martin 181, Dave Schilling 171 and Kevin (who really knows how to hurt his dad) Spolaki with a 190-530 series.

Three of the teams in the Tuesday evening Unprofessionals League had clean sweeps over their opponents with Witt's Amos leading John Fischer for leading their assault with a 228, 230-607, in taking all four points from Joe's Grocery.

Junior Lewis led the Sanford Fashions team with a 211-564 while creating Pincetraz Liggett Reaxal; Ken Hardin's 218-573 and teammate Jim Brewer's 212-286 were more than enough to take care of Dana's Service Station.

George Drummond and Fred Iach upheld the gent's honor in the Friday evening Mr. and Mrs. League with outstanding bowling this past week. George topped the list scoring with 230-571, closely followed by Iach's 234-558. Others who bowled well were Gary Trent 183, Woody Wilson 198-555, Ed Felsch 203.

If you're looking for big scores, then normally all you have to do is be at the lanes on Wednesday evening at 7 p.m. for the action in the City League. Proof of that statement lies in the really, really big ones which were tabulated in last week's play.

Red MacLay punched over wood for a 230-555 and teammate Jim Farris bobbed a 237 in leading Joe's Cremona, Inc. to three points over the Mayfair Country Club. Two other notable names who were in the B.L.S.H. league - Bill Parker (232) and Dick Schuchler (242).

Frank Schuchler couldn't miss (at least for one game, huh Frank!) and shot a 255 for Trophy League, who clipped in three points from Youngblood's and...

The week prior to the start of so many of the other local tournaments and leagues, the B.L.S.H. league is going to be an excellent time to come out and join the ranks of bowlers. Of course, you know that bowling is the world's largest participation sport.

That's because you always have as much fun at it (or as it says here in the book) as you have in the game.

For those who've not bowled before, there are free bowling lessons each Saturday at 11:30 a.m.

Cougars, Are Due Rematch On March 22

By THE ASSOCIATED PRESS
You college basketball fans, better circle the date of Friday, March 22.

Assuming that all goes well the eagerly anticipated rematch between Houston and UCLA will take place that night in the semifinals of the NCAA championship tournament at Los Angeles along with another duel between the Big 5. Elvin Hayes of Houston, and Mr. A., Lew Alcindor of UCLA.

The date was set up Tuesday when Houston's basketball Coach, Tom Izzo, and UCLA's Coach, John Wooden, met in the city of Los Angeles. Izzo, who is the head coach of the Houston Cougars, No. 1 in The Associated Press poll, accepted a bid to the NCAA tournament along with eight other teams. St. Joseph's, 19-2; St. John's of New York, 16-4; Florida State, 17-5; Marquette, 18-3; Chicago Loyola, 13-4; New Mexico State, 18-4; Boston College 13-7; and either Columbia, 17-3; or Princeton, 17-4, which ever wins the Ivy League crown.

UCLA still has to clinch the Pacific-8 title to qualify for the NCAA along with other automatic conference winners, but the Bruins are heavily favored to do so.

After that the Bruins will have to win the West Regional at Albuquerque, N.M., while Houston has to overcome Chicago Loyola at Salt Lake City, on March 9 and then take the Midwest Region at Wichita, Kan., on March 11.

UCLA, now second ranked, hasn't lost since and has a 20-1 mark.

Three independents, Army 18-4, Oklahoma City 17-4 and Fordham 14-6, were named to the other major postseason tourney, the National Invitation in New York, which opens March 14. Army passed up a bid to the NCAA in favor of the NIT.

The remainder of the 14-team NIT team likely will come from the runners-up in the Missouri Valley Conference, Atlantic Coast Conference, Southern Conference and Western Athletic Conference. Duquesne, a leading independent, also is hopeful of an NIT invite, having passed up the NCAA.

Duke's Blue Devils, eight-ranked nationally and the only team in The AP Top Ten, Tuesday, trimmed Clemson 52-20 on the road for their seventh straight and a 17-3 record.

Pressure Game?

By THE ASSOCIATED PRESS
"We're pretty good under pressure." Tennessee Coach Ray Meyer said after his Vol-Canter conference game last week.

The 7-0 victory sends the Volunteers back to their home court on a winning note after a long and disastrous road trip.

"I think this game proved Meyer said, 'Bill Justus has been playing clutch basketball on all five of our road games, stalled out the last three minutes of the second overtime to try for a final shot, which resulted in the winning free throw."

Justus led Vol scorers with 23 points and Phil Wagner paced Georgia Tech with 27.

The Vol-Vols' big impetus for a share of the Southeastern Conference title goes home, where they have won their last 23 games. They lost to Georgia, Kentucky and Vanderbilt on the road before outlasting Tech.

Georgia Tech finishes up with three games on the road starting at Florida State Saturday.

The Seminoles, already invited to the NCAA playoffs, have an earlier engagement, however. They visit Florida on 27-27, Thorne hit a long jump shot as the buzzer ended the first extra period to tie the score 47-47. After each team scored a basket, Tennessee

led the 66-64 behind Charles Murray's 31 points. Ed Jerry hit for 16 and Marvin Jones popped in 12 points to add to the Rams' margin. Lloyd Morgan led the losers with eight points.

The Hawks stayed in contention for the league title as they rolled past the jets 57-43. Allen Peterson led the winners with 19 points followed by Gerald Bentley with 18 markers. Ron Wells was top for the losers with six points.

In the Junior League the Vikings kept their record spotless with a 73-57 victory over the Celtics. Fred Dennis led the Vikings with 31 points followed by John Ashford with 25. Joe Harper was high man for the losers with 16 points followed by Terry Brinson flipped in 40 points in a narrow 62-60 win over the Trojans. John Ashford followed Brinson in the scoring for the Warriors as he knocked in 10.

MIAMI BEACH, Fla. - Al Jones, 2274, Gouls, Fla., stopped Lee Batts, 2414, Philadelphia, 3.

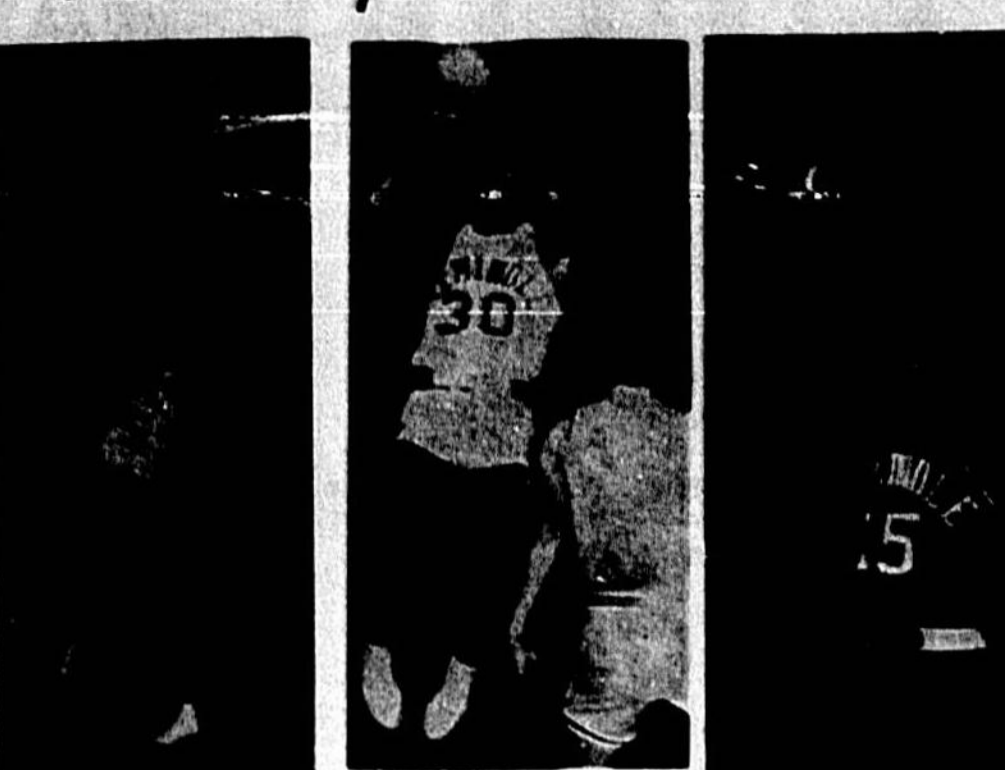

HOUSTON - Mark Thomas, 171, Houston, outpointed Tony Montano, 1704, Phoenix, Ariz., 10.

CAROLYN LINDENBERG of the Cobia Boats Mary Wagon looks over the trophy to be awarded to the Bowler of the Year in May. Carolyn is wearing the Bowler of the Month shirt she was recently awarded after chalking up 68 pins over her average in the monthly roll-off. (Navy Photo)

All Conference All Stars

THREE SJC RAIDERS were selected for the Division II All-Conference team in Florida Junior College League. Coach Joe Sterling announced yesterday that Vernell Eilly 6'3" freshman forward, John Thomas 5'11" sophomore guard, and Dewayn Wynn 5'7" freshman guard were picked for the All-Star squad. Receiving honorable mention from SJC were Steve Groover and Fred Milton, both sophomores. Lake City, who edged Seminole out of the championship, also placed three men on the team. (Herald Photo)

Pressure Game?

By THE ASSOCIATED PRESS
"We're pretty good under pressure." Tennessee Coach Ray Meyer said after his Vol-Canter conference game last week.

The 7-0 victory sends the Volunteers back to their home court on a winning note after a long and disastrous road trip.

"I think this game proved Meyer said, 'Bill Justus has been playing clutch basketball on all five of our road games, stalled out the last three minutes of the second overtime to try for a final shot, which resulted in the winning free throw."

Justus led Vol scorers with 23 points and Phil Wagner paced Georgia Tech with 27.

The Vol-Vols' big impetus for a share of the Southeastern Conference title goes home, where they have won their last 23 games. They lost to Georgia, Kentucky and Vanderbilt on the road before outlasting Tech.

Georgia Tech finishes up with three games on the road starting at Florida State Saturday.

The Seminoles, already invited to the NCAA playoffs, have an earlier engagement, however. They visit Florida on 27-27, Thorne hit a long jump shot as the buzzer ended the first extra period to tie the score 47-47. After each team scored a basket, Tennessee

led the 66-64 behind Charles Murray's 31 points. Ed Jerry hit for 16 and Marvin Jones popped in 12 points to add to the Rams' margin. Lloyd Morgan led the losers with eight points.

The Hawks stayed in contention for the league title as they rolled past the jets 57-43. Allen Peterson led the winners with 19 points followed by Gerald Bentley with 18 markers. Ron Wells was top for the losers with six points.

In the Junior League the Vikings kept their record spotless with a 73-57 victory over the Celtics. Fred Dennis led the Vikings with 31 points followed by John Ashford with 25. Joe Harper was high man for the losers with 16 points followed by Terry Brinson flipped in 40 points in a narrow 62-60 win over the Trojans. John Ashford followed Brinson in the scoring for the Warriors as he knocked in 10.

MIAMI BEACH, Fla. - Al Jones, 2274, Gouls, Fla., stopped Lee Batts, 2414, Philadelphia, 3.

HOUSTON - Mark Thomas, 171, Houston, outpointed Tony Montano, 1704, Phoenix, Ariz., 10.

Savage Campaign At Hue In 4th Week

Amateurs Leave For North Pole

MINNEAPOLIS, Minn. (AP) — Six amateur adventurers leave today for their overland attempt to reach the North Pole. Led by Ralph Plaisted, a St. Paul insurance man, the expedition of five Americans and one Canadian hopes to become the first to reach the Pole by surface since Adm. Robert Peary made it in 1909.

Peary made the trip by dog sled. Plaisted and his crew will use snowmobiles.

Plaisted failed to complete the trip last year when his expedition was forced to turn back in May after 38 days, 370 miles from the Pole.

His reason for attempting the difficult and dangerous polar trek a second time is simple: "It's there and the challenge is ours. Even if we fail, we have more satisfaction than those who remain in the gray areas, and the warm house, the television set—of those who never try and can never know success or failure."

Accompanying Plaisted are a pathologist, a geographer, an instructor and three engineers, but they are not inexperienced.

In addition to the experience they gained on last year's attempt, they have been training on weekends since December in the frozen muskeg and timber of northern Minnesota.

With Plaisted on the trip will be Donald E. Powell, 46, of St. Paul; Arthur C. Aufderheide, 43, of Duluth; Gerald R. Pitzl, 34, of St. Paul; Dean Luc Bombardier, 28, of Montrose; and Walter H. Pederson, 40, of St. Cloud, Minn.

Plaisted said the first expedition was defeated by blizzards and the spring ice breakup. Since then Plaisted has trimmed the size of his party from eight to six, lightened the load, reduced the number of snowmobiles from eight to four and increased the amount of horsepower from 10 to 15.

The crew hopes to start over the ice cap by March 1 from their base camp at Ward Hunt Island. That would give them 29 day headstart over last year and they would be 200 miles farther north than last year's start at Eureka, Northwest Territories.

The starting point will leave the expedition a zigzag trip of about 600 miles across the top of the world to the Pole.

Sanford (AP) — U.S. Marines left today for the first time in five days as one of the Vietnam war's most savage and sustained campaigns went into its fourth week.

The Marine pilots sent bombs, rockets and napalm into Communist troops dug in among a row of shanties just outside the south wall of the Hue Citadel.

Correspondent George McArthur reported that the bombs scored a direct hit on a Communist ammunition dump touching off a spectacular flash and a fire that cast a pall of black smoke over the city.

Marines on the south bank of the Perfume River, across from the 15-yard strip bombed by the jets, could see figures running from the area and heard the sound of their machine guns. They cut down a dozen small groups.

Earlier, the Marines on the south bank of the river broadcast warnings across telling all civilians to leave the area and the North Vietnamese and Viet Cong holding out in the former Imperial Palace to surrender or die.

Marines on white flag went up, the Marines sent artillery barrages slamming into the Communist strongholds and spread them with tear gas. This touched off a heavy firefight that echoed all over the coastal city 100 miles northeast of Saigon.

Lt. Gen. Robert Cushman Jr., commander of the U.S. Marines in Vietnam, said the battle in Hue could go on for several more weeks because the enemy still was able to send in fresh troops and supplies through the mountainous terrain.

Cushman told newsmen in Da Nang one Marine battalion had suffered serious casualties in the fighting and would be replaced.

He estimated that the Communists had put an entire division into the Hue battle and said they are committed to fight to the last man. The enemy is believed to be moving in fresh men and supplies through gates they control in the northwest and southwest corners of the Citadel and through tunnels and passages beneath the east wall.

Cushman said soldiers of the U.S. 1st Air Cavalry Division were attacking a fortified village on the outskirts of Hue along the Communists' supply route and, once it falls, the soldiers would move to seal off the last enemy approach to Hue.

The Communists still hold all of the Citadel's south wall, much of the west wall, and control sections south, east and west of the Citadel, despite the efforts of 4,000 allied troops to dislodge them.

U.S. Marines and South Vietnamese troops have reported killing 3,000 enemy soldiers since the Communists seized most of Hue Jan. 31 in the lunar new year's offensive against 35 cities and towns.

About 100 Marines have been killed and many more wounded. Lt. Gen. Hoang Xuan Lam, commander of the 1st Corps area, said 400 of his troops had been killed and 700 wounded in and around the Citadel.

Lam claimed 85 per cent of the 1 1/2 mile square Citadel was in allied hands and said the rest could be taken in three or four days once the weather cleared enough for allied planes to operate.

South Vietnamese Marines reported cut in three sharp clashes Tuesday they killed 32 Communist troops just outside the Citadel, while U.S. Marines edging along the northeast wall said they killed another 33 enemy troops.

Sporadic fighting continued in Saigon's western and northeastern suburbs and U.S. and South Vietnamese forces reported killing 113 Viet Cong there Tuesday and Wednesday.

Communist gunners also kept up sporadic rocket and mortar attacks on Saigon's sprawling Tan Son Nhut Air Base. A 122mm rocket hit a civilian construction firm complex in the base about noon, but no casualties or damage were reported. Four and a half hours later a 122mm mortar round hit the base, two of them near the base, but there was no immediate report of damage or casualties.

Sanford Vegetable Report

Shipping point information for Tuesday, Feb. 20. All sales FOB for stock of vegetables good quality unless otherwise stated. Precooling charges extra.

Sanford-Oviedo-Zellwood districts:

Cabbage—Demand Moderate. Market Steady. Domestic type, 14-bushel crates, medium to large mostly medium size \$1.75, 50-lb. sacks \$1.50. Few poorer very small size lower.

Seminole High, FSU Grad Interns At Grammar School

Shopping Tips Told Home Club

By KAT BARTON
 Sanford High School's home club is bringing over Diane Hackett's shopping tips to the members of the club. A "New Junior" who has no intention of leaving with the tradition of "once Florida sand is in your shoes, you will re-

"THAT'S WHERE I come from!" Marcy Brorup, center, along with Nancy Walker and Mark Whitley, tell their intern teacher, Miss Diane Hackett, where their ancestors originated.

turn. Diane went to FSU and majored in elementary education and back for her internship at Grammar. And what's more, she would love to come right back and teach at Grammar!

But then, the Seminole High graduate of 1964 says she "always wanted to be a teacher." And she seems as if she is starting a tradition in her own family—her father, a retired naval officer, is a student at Seminole Junior College and plans to attend the new Florida "Tech" this coming fall. A teacher in the making!

PLANNING AHEAD is important at Westside Grammar's interns from FSU. Miss Diane Hackett, who is pictured at right conferring with her supervisor-teacher, Mrs. Frances Kuleel.

Maverick Minute That Got Away

By THE ASSOCIATED PRESS
 Management, spurred by a new federal minimum-wage law, laps after the maverick minute that got away.

Labor, which opened the payroll gate, takes a front seat for the last-minute spectacle.

Maverick time is unearned wages for laborer Joe Deak II, appears in his paycheck regularly.

Joe's a good guy with an expensive habit. He manages to lose the company out of an average five minutes daily by loafing on the job or showing up late for work.

His time larceny will cost the company \$60 this year. Multiply that by the number of workers in Joe's office who perform the identical time maneuver and you'll see why employers feel every minute counts.

Employers nationwide are realizing a deeper lost-time bite as of Feb. 1 when the minimum-wage law went from \$1.40 to \$1.60.

The Cincinnati Recorder Co. has made a study of what lost time can cost.

In figuring the total cost, overhead was considered equal to the hourly wage. On the minimum wage scale, a company can expect to lose \$2.30 for each hour lost.

The study was based on an eight-hour day, five days a week, 25 working days a year.

A typical example is the small employer with 10 workers who lose the minimum scale. If all 10 lose five minutes each working day, the company loses \$200 this year.

For the 50-worker firm whose employees take home \$4 an hour, that's an annual \$60,000 for those five minutes.

The new minimum-wage law now extends coverage to workers in laundries, dry cleaners, schools, hospitals, auto dealers, hotels, restaurants, motels and taverns companies.

One-Year Viet Tour Continues For GIs

WASHINGTON (AP) — The Pentagon apparently intends to maintain the one-year Vietnam duty tour regardless of any other actions to bolster U.S. military manpower in Southeast Asia.

"There is no sentiment in favor of stretching the tour," one high official said. "The one-year tour is a useful as a morale builder."

Defense authorities are studying several possible measures to ease the manpower pinch resulting from their ever-rising demands of the Vietnam war.

Possible actions include calling to active duty thousands of National Guardsmen and reservists, increasing draft calls, shortening the interval between tours of duty in Vietnam and bringing more troops back from Europe.

An already tight manpower situation would become worse if President Johnson should order an increase in authorized troop levels for Vietnam beyond the currently planned 523,000 by mid-summer.

Johnson said last weekend he will boost the level "if we need it."

Pentagon officials said Gen. William C. Westmoreland, U.S. commander in Vietnam, has not yet requested any overall increase. But military sources expect that he will.

Last week Johnson approved the speedy shipment to Vietnam of about 10,500 Army paratroopers and Marines specifically asked for by Westmoreland as insurance against an expected Communist assault on the Khe Sanh stronghold in northwestern South Vietnam.

This development highlighted the manpower squeeze because it drew from the United States a brigade of the 2nd Airborne Division, the last division size Army outfit capable of quick reaction to meet new crises which may develop in the Caribbean, Mediterranean or elsewhere.

The necessity to draw also on an already tight Marine contingent in the United States also tended to underscore the overall manpower problem.

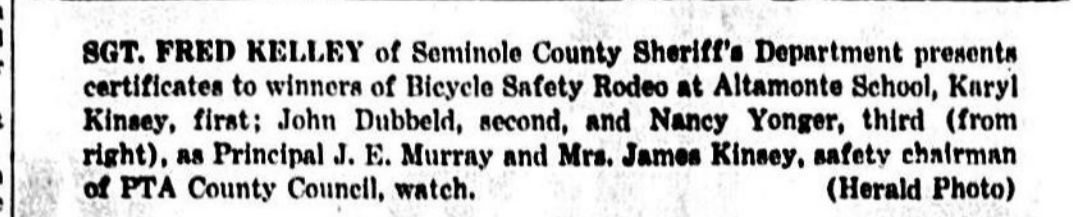

Little Optimism For LBJ-Thant Talk

WASHINGTON (AP) — Administration sources express little optimism that U.S. Secretary of State Dean Rusk's talks with President Johnson on Vietnam will produce any new U.S. peace move.

As Thant and Johnson prepared to talk, several Senate critics of U.S. war policy expressed doubts about the South Vietnamese government's stability following a new rupture in its program to rebuild cities shattered in repulsing Viet Cong attacks.

Thant's visit to the White House today is considered, sources said, simply an extension of his recent trips to Europe and Asia in which he sounded out North Vietnamese officials about peace talks.

Diplomatic sources at the United Nations said Tuesday Thant would tell the President that the North Vietnamese will discuss anything the Americans want if U.S. bombing of North is halted.

Used in astronomy, the word "parsec" is a coined expression from the combination of parallax and second. One parsec equals 3.26 light years.

FFA Builds Mouse Trap
 DALLAS, Ore. (AP) — The Dallas, Ore., chapter of the Future Farmers of America has built a better mouse trap. Here's how it works: You take a coffee can with a plastic top and fill it with water. Then you cut several slits in the plastic top, making its surface very weak. Next you put peanut butter on the underside of the top. Then you bury the can in a field that has a mouse problem. The mice smell the peanut butter, step on the slit plastic, fall in—the coffee can—and down—the future farmers hope.

Alpha Kappa Alpha Has 60th Birthday

By Mrs. S. S. THOMAS JR.
228-2728

The Crooms High Tri-Hi-Y and the Hopper Elementary Club wish to use this method to express their sincere appreciation to Mrs. First Chief Gasky and the local firm for having the opportunity to assist them in collecting funds for the Crooms High Tri-Hi-Y.

They wish to extend their gratitude to all citizens, community churches, clubs, and students for their contributions. The Tri-Hi-Y sends a special thank you to the Ladies Association, Mrs. Mattie Holt, president of the Merry Twentieth Club, Mrs. Dorothy Daniels, president.

The Crooms High Senior Chorus under the direction of E. E. Minott really represented Sanford well. Congratulations to the group of fifty active members.

The Founder's Day observance was held at St. Paul Missionary Baptist Church, Sanford, on Saturday, February 17th. Members of Delta Omicron Omega Chapter of Alpha Kappa Alpha Sorority joined many of their sisters in helping to make their headquarters.

This chapter founded in 1917, has grown in number from its fourteen charter members to a group of fifty active sisters.

The Founder's Day observance was held at St. Paul Missionary Baptist Church, Sanford, on Saturday, February 17th. Members of Delta Omicron Omega Chapter of Alpha Kappa Alpha Sorority joined many of their sisters in helping to make their headquarters.

CROOMS HIGH SENIOR CHORUS male ensemble presented several musical selections at Negro History Week assembly at Crooms.

BENITA TILLMAN places star beside the name of Paul L. Dunbar during Negro History Week assembly at Crooms High School.

Crooms High students under the supervision of Miss I. Brown, presented an assembly in observance of Negro History Week.

Marion Anderson presided over the program, assisted by Mrs. E. E. Minott. Participating students paid tribute to the new Negro in the fields of politics, sports, entertainment, literature, and education. A special dedication to the Negro Mother was given by the teacher in charge.

The recent Record Hop sponsored by radio station WOKB last Friday night at Crooms was a big success. Over 80 persons danced to recordings so beautifully played by Melvin "Little Daddy" Grace. The cheerleaders and their sponsor, Miss I. Smith are grateful to all persons who assisted them in collecting soda top tops and at the record hop.

During the month of February, Alpha Kappa Alpha Sorority will celebrate its 60th year of continual growth. Chapters throughout the United States, were active and the Sorority will participate in Founder's Day programs.

Alpha Kappa Alpha, a national "Greek" letter society, was first organized at Howard University in Washington, D. C. in 1908 and has grown from one small undergraduate group to a national organization with an

active membership of over 100,000 members. Sorority and more than one hundred fifty undergraduate chapters.

AKA women, are of high scholastic and moral standards. Many of its graduates possess some of the highest degrees in education, science, and medicine.

"Service to all mankind" is the aim of this sorority. It offers leadership, gives scholarship, and creates an awareness for the need for continuing higher education in communities wherever chapters exist.

On Saturday, February 17th, members of Delta Omicron Omega Chapter of Alpha Kappa Alpha Sorority joined many of their sisters in helping to make their headquarters.

This chapter founded in 1917, has grown in number from its fourteen charter members to a group of fifty active sisters.

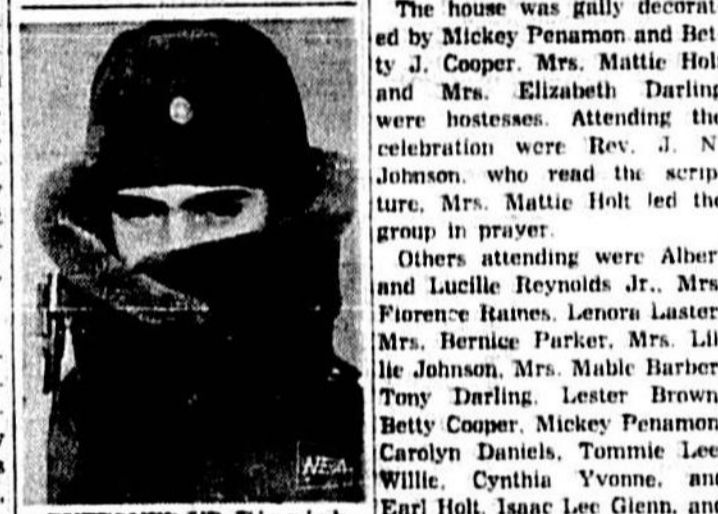

The Founder's Day observance was held at St. Paul Missionary Baptist Church, Sanford, on Saturday, February 17th. Members of Delta Omicron Omega Chapter of Alpha Kappa Alpha Sorority joined many of their sisters in helping to make their headquarters.

The Young Women's Valedictorian Club will hold its regular meeting tonight at the home of Mrs. Betty Gerstel, 1205 Lincoln Court at 8 p. m.

All members are asked to be present and on time. Mrs. Estelle Peterson, president.

OFFICERS: CHAIRMAN, Mrs. Betty Gerstel; TREASURER, Mrs. Betty Gerstel; SECRETARY, Mrs. Betty Gerstel; CLERK, Mrs. Betty Gerstel; ASSISTANT SECRETARY, Mrs. Betty Gerstel; ASSISTANT CLERK, Mrs. Betty Gerstel; ASSISTANT TREASURER, Mrs. Betty Gerstel; ASSISTANT CHAIRMAN, Mrs. Betty Gerstel; ASSISTANT PRESIDENT, Mrs. Betty Gerstel.

The Fourth Week-Union will begin tomorrow night at Macedonia Baptist Church. Ministers on program for this session are as follows: Thursday night, Rev. Berran; Friday night, Rev. T. J. Jones; Sunday morning, Rev. M. P. Epp; Sunday afternoon, Rev. Hines. The next session will be held at North Baptist Church, Rev. E. Mark, pastor.

Mrs. Mattie Holt led the group that waited at the home of Mr. and Mrs. James Daniels last Thursday night by Miss Betty J. Cooper. So we waited, and waited. No Emira. It turned out that the car she had heard was next door. So again we waited and relaxed for about ten minutes for the great moment. It finally came, and as she opened the door, she was greeted with "Happy Anniversary."

CHEERLEADERS of Crooms pause for picture taking at the WOKB sponsored Record Hop. Knowledge: Gladys Dunn and Patricia Merthle. Standing (l to r) Ora Mae Butler, Bernadette Baker, Joyce Lowe, Ella Wiggins, Frances Williams and Diane Wynn.

TORY AND THE 14

MRS. I. M. ANDERSON, school program chairman, G. W. Allen, special speaker from Ft. Lauderdale, and Mrs. J. P. Merritt, Allen's first grade teacher and present school librarian, pause for picture during Negro History Week Observance at Jackson Heights.

AN OPEN STATEMENT TO THE PEOPLE OF SEMINOLE COUNTY FROM MEMBERS OF THE FACULTY OF SANFORD JUNIOR HIGH SCHOOL

MEMBERS OF THE SANFORD JUNIOR HIGH SCHOOL FACULTY WISH TO MAKE THE FOLLOWING STATEMENTS REGARDING THE CURRENT CRISIS:

We believe it will be impossible for the schools of Seminole County to operate in terms of quality education without the services of persons who are trained and educated to teach children in this complicated world. We believe parents are unwilling to settle for untrained instructional personnel simply to keep schools open.

Although, for a variety of reasons and circumstances, a majority of Sanford Junior High School teachers have remained on the job, we support the actions of those FEA members who have chosen not to do so.

In the best interests of present and future generations of children who will be affected by the educational environment of our school system, we urge you to contact immediately your legislators and Governor, either by letter, telegram or personal contact, and ask for a resumption of the legislative session, in which, hopefully, the crisis may be resolved.

JACKSON HEIGHTS principal, E. T. Muller has just signed Gregory Washington's "Petition" for completing a special reading course with the Orlando school's reading teacher, Mrs. Corbin Moore proudly stands by. The sixth grade will now return to his regular class under the tutelage of Eversmore Baker.

H's Pork Roasted to Juiciness

Juicy, glazed pork roast makes a distinctive headliner. Pork roast, cooked to the recently-researched 170 degree F. is truly more juicy than a roast cooked to the older, internal temperature of 185 degree F. This roast is also lower in calories than formerly because of the lean type hogs being marketed as well as close trimming by retailmen, states Reba Stages, meat authority.

Glazed roasts look fancy but they're easy-to-prepare. Glass used only three ingredients. This sweet glaze is applied only during the last half hour or so.

Pork Roast - Apricot Glaze 4 to 6 pound pork loin roast Salt Pepper

Have the backbone loosened from rib side or removed from the roast. Place the roast, bone side down, on a rack in an open roasting pan. Insert meat thermometer so the bulb reaches the center of the thickest part, being careful that the bulb does not rest in fat or on bone. Roast in a slow oven (325 degrees F.) 3 to 4 hours or until the meat thermometer registers 170 degrees F. Allow 25 to 40 minutes of roasting time. Spread Apricot Glaze over meat and return to oven to finish roasting.

1/2 cup apricot preserves
2 teaspoons dry mustard
2 teaspoons lemon juice
Combine apricot preserves, dry mustard and lemon juice. Mix thoroughly. Yield: 1/2 cup glaze.

Feature Psychodelicious Fare for Teen Gathering

Thompson says experts find...
...to serve hot or chilled. All so simple, and so good.

Next time the home gather at your house to listen to the latest...
...do a little studying, bring out the "V-S" juice. Not only is it good for them, but the flavor is new and different... something home use always something for...
...to be from the sea, chilled, or heated with spices.

These refreshments can be made in minutes. In fact, the whole party could revolve around preparing the "sea". Have one group prep the popcorn and blend the Parmesan-butler sauce. Another contingent can mix up plenty of Psychodelicious "V-S"...
...to serve hot or chilled. All so simple, and so good.

PSYCHODELICIOUS "V-S" 1 can (1 pt. 8.5 oz.) "V-S" juice Generous dash crushed lentils Generous dash crushed lentils In season, combine all ingredients. Simmer 15 minutes; stir now and then. Serve in mugs. Makes 6 servings.

PARMESAN POPCORN 1/4 cup butter or margarine, melted 1 tablespoon grated Parmesan cheese 6 cups popcorn Combine butter and cheese. Toss with popcorn.

**Luncheon
Ideal For
The Girls'**

By CECILY BROWNSTONE
AP Food Editor
SNOWDRIFT LUNCHEON
When "the girls" come for a
noon meeting, this is ideal.
Stuffed Eggs on Salad Greens
Orange Herring Celery Stick
Chicken Tray Assorted Breads
Cookie Bars Beverage
JAR (8 ounces) herring fillets
cut up) in wine sauce
1/2 cup commercial sour cream
1 medium or large seedless
orange
Parsley sprigs
Drain herring well. If neces-
sary, cut into smaller pieces—
about one inch maximum. Mix
with sour cream, cut peel away
from orange so no white mem-
brane remains. Slice into 1/4-
inch thick rounds; quarter each
round; fold into herring mix-
ture. Garnish with parsley.
Makes four to six servings.

SATURDAY TEA
Plenty of extra-delicious cook-
ies for afternoon nibbling!
Tea with Lemon, Milk
or Cream Pecan Crisps
PECAN CRISPS
1 1/2 cups sifted regular flour
—teaspoon baking powder
1/2 teaspoon salt
1 cup sugar
1/2 cup butter or regular mar-
garine
2 teaspoons grated lemon rind
2 egg whites from large eggs
1 cup chopped medium-fine
pecans
Into a medium mixing bowl
sift together the flour, baking
powder, salt and sugar. With a
pastry blender, cut in the butter
until particles are fine. Add
lemon rind and egg whites, stir
to mix well; stir in pecans.
Tightly pack dough into three
empty six-ounce frozen fruit
juice concentrate cans. Tightly
cover tops with plastic wrap-
ping. Chill overnight or until ex-
tremely firm. Remove bottoms
of cans and use to push out
dough. With a long thin sharp
knife, using a sawing motion,
slice into very thin (1/8 inch)
rounds. Bake in a 300-degree
oven until browned around
edges—8 to 10 minutes. With a
wide spatula, remove to wire
racks to cool. Store in a tightly
closed tin container. Makes
about seven dozen.

SUNDAY COMPANY SUPPER
An epicurean dessert!
Chili con Carne Sautéed Rice
Mashed Potatoes Salad Bowl
Crispy Rolls
Spiced Oranges in Red Wine
**SPICED ORANGES IN
RED WINE**
6 1/2 pint bottle domestic
burgundy or about 1 1/2 cups
other dry red wine
1/3rd cup sugar
8 medium seedless oranges
12 whole cloves
Half of a long (4 inch or
1 whole short (2 inch) cin-
namon stick
Into a 1 1/2 quart container turn
the wine and sugar; stir until
sugar dissolves. Holding each
orange over the container to
catch juice cut away peel so no
white membrane remains. With
a long thin sharp knife, slice or-
anges into thin rounds. Remove
any stray seeds and, where pos-
sible, white membrane at the
center of orange slices. (Dis-
card or eat small orange slices
from ends!) Add oranges to
wine mixture with cloves and
cinnamon. Cover tightly. Re-
frigerate overnight, or hold two
nights and remove cloves and
cinnamon. Cover tightly. Re-
serve in wide dessert dishes
with dessert. (tablespoon-size)
spoons. Makes six servings. Or-
anges will take on some of the
color of the red wine.

**Mental Health
Skate Party
Set Sunday**
Bennet County children,
teenagers, and adults are urged
to "Skate for Mental Health"
this Sunday at Melodee Skating
Rink on Onora Road for benefit
of the County Health Depart-
ment's program for the mental-
ly retarded.
The "Last Sunday" parties
are being sponsored the last
Sunday of each month through-
out 1968 through cooperative ef-
forts of Jacob Best, rink owner,
and Gamma Lambda Chapter of
Beta Sigma Psi. Already a
total of \$128 have been turned
over to the program from pro-
ceeds of the opening New
Year's Eve party and the Jan-
uary session.
Hours are from 12:30 until
1:30 p. m. and from 3 until 5
p. m.

In Party Plans

DON'T overlook brunch
for your holiday plans. A
breakfast party has a quality all
its own—a leisurely pace, an in-
teresting chat is not found in other
entertaining. Choose a lazy Sat-
urday or Sunday. Set the hours
around 11 o'clock and serve a
meal that fills for a roll, but
has a hint of breakfast.
Many foods fit into this plan.

Beef And
Biscuit
Roll Tops

By CECILY BROWNSTONE
AP Food Editor
When it's the day before pay-
day, you may want to make a
Beef and Biscuit Roll.
Just 1/2 pound of ground beef
plus an egg and seasonings
make the filling for a roll that
serves four to six.
Biscuit mix adds flavor and so
do the seasonings—poorly sea-
soning, chili sauce and frozen
chopped chives. Frozen chives
are great to keep on hand to add
piquancy to a dish. A few table-
spoons of chives go a long way.
We've suggested two season-
ings—marinara or mushroom sauce
to accompany the roll. If you
follow our choice, you'll use the
marinara sauce—really does
something for the main dish.
BEEF AND BISCUIT ROLL
1/2 pound ground lean chuck
beef
1 egg, slightly beaten
Special Biscuit Dough (see
recipe)
Marinara or Mushroom Sauce,
homemade or canned
Heat a 10 inch heavy skillet;
add the beef. Over medium heat
cook the beef, crumbling into
tiny particles with fork tines,
until meat loses its red color.
Drain off any fat that accumu-
lates.
Off heat, stir in the poultry
seasoning, chili sauce and
chives, then the egg; cool.
On a prepared fork tines,
knead the Special Biscuit Dough
until smooth. With a prepared
stockinet covered rolling pin,
roll out to a 3 by 4 inch rectan-
gular.
Spread cool meat mixture
over dough, but not right up to
edges. Tightly roll up, starting
at the 3 inch side. Place seam
side down in a greased shallow
baking pan.
Bake in a moderate (375 de-
grees) oven until browned—
about 30 minutes.
Cut in crosswise slices and
serve with piping hot marinara
or mushroom sauce.
Makes four ample or six me-
dium servings.
Recipe Note:
You may make the Mushroom
Sauce by combining condensed
cream of mushroom soup (from a
10 1/2 ounce can) with 1/2rd
cup milk and 2 tablespoons
frozen chopped chives. Place ac-
cording to directions on can.
For marinara sauce, just heat
with a couple of tablespoons of
the chives.

SPECIAL BISCUIT DOUGH
2 cups packed biscuit mix
1/2 teaspoon celery salt
2 tablespoons butter or
margarine
2/3rd cup milk
Into a medium mixing bowl,
turn the biscuit mix. Stir in the
celery salt. With a pastry blend-
er, cut in the butter until par-
ticles are fine. Gradually add the
milk, stirring with a fork until a
dough forms. Use as directed in
recipe for Beef and Biscuit Roll.

There are 300,000 Indians living
in reservations in the United
States.

AROUND THE CLOCK

Jason Wharton, chairman of the School Board, reiterated today that Seminole teachers have not... repeat have not... presented their demands, either to him or to other school officials. In answer to an editor's note in Wednesday's Herald, Wharton said today: "The teachers did present a proposed salary schedule but they claim that it is not what they really want, that the salary question is secondary. We have not been formally told what they are striking for."

Elbert Kutz, of 1801 Magnolia Avenue, has called a protest meeting against the closing of the schools for all parents at 7:30 Friday evening at the First Federal lounge.

"The Clock" is delving into a tip that the Sanford Naval Air Station, before removal to Albany, Ga., will burn many of its library books. Some are going to Albany, some to McCoy AFB and some to Key West but many old volumes are slated to be burned. Capt. H. N. Houck, base commandant, said this morning that "it's a pity and I'll check into it." He agreed it would be ridiculous to burn any books which could be given to area libraries.

A film on LSD will be shown to Sanford Junior High School students on Monday, Tuesday and Wednesday of next week and to their parents at 7:30 p.m. Monday.

R. E. Porter would like to hear from any area residents who celebrate their birthdays on Feb. 29. Telephone during the day to 322-2011.

...of the Max 1 science fiction of San Seminole Junior High is causing at least one domestic crisis as a population explosion faces a boy who had acquired rabbits for use in his science project. The teacher without has dashed hopes for many a student who works long and hard in anticipation of the annual science fair.

Principal John Angel of South Seminole Junior High has a real sticky question to contend with. Will he stick with the teachers and walk out or will he stick with the administration? Especially since he is an announced candidate for elections as supervisor of public instruction.

Membership of the DeBary Civic Association has expressed unanimous disapproval of a petition being circulated for a zoning change on a 4 1/2 acre plot where building of a New Life Baptist Church, parsonage, and "associated buildings" has been proposed. The matter, on agenda for Monday night's meeting of the Volusia County District 6 Zoning Board, was postponed for lack of a quorum.

Casselberry City Council practiced "government in the sunshine" and admitted the press to its work session Monday night. They discussed subjects ranging from recommendations on animal control officer for the city to proper sites of traffic warning signs near two schools and concessions being requested by developers of Indian Hills and Rembrandt North before annexation to the city of the two areas is accomplished.

Here's an unexpected and unhappy off-shoot from the teacher walk-out: "Our friend told me a couple of kids today and I'm so shook-up - how long are the youngsters going to be on the streets?" Our friend told how some "stray" boys had turned the bicycle abruptly in front of her car - they were "enjoying" their holiday, but he surely ruined the day for our lady on the telephone. "How long?" she asked. Does a teacher have an answer?

Interesting development at Casselberry is the way developers are getting around the city's requirement in its subdivision ordinance that five per cent of the land in the proposed subdivisions be donated for parks. One has expressed the intention of dedicating a muck bed as a park.

Area Schools Open Monday

By MARJORIE GREEN

I feel that Seminole County schools are adequately prepared to meet the school crisis and keep schools open," said William W. Friedman, area consultant from the State Board of Education.

Friedman was sent to Seminole County by the state education department to help in opening the schools. He was briefed on the county school situation by School Supt. William J. Phillips. After the briefing he left for Tampa.

Phillips has called a meeting with William Leyer, president of the Seminole Education Association, to let him know that teachers can still pick up their resignations. Their absence will be termed personal leave.

The principals from Lymon High School, Crosson High School, South Seminole Junior High School and Seminole High School are to report to Phillips today on their progress in reopening their schools. These schools were the hardest hit by the teacher

without. A list of critical areas will be compiled from the meeting with the four principals.

Schools will be opened on Monday and principals from all county schools are to report their progress on staffing their schools at a meeting with Phillips at 8 a.m. Friday. The principals also will report if they are going to stay at their posts. So far, no principal in the county has resigned.

School officials are requesting that parents and students

DOUGLAS Stenstrom, of Sanford, has been elected a trustee of his alma mater, Stetson University, at DeLand.

Teachers' Meet Here Dwindles

Third and last teacher rally at Sanford Civic Center drew a smaller crowd today. There were 900 teachers present.

No restraining orders were given to the speakers by Judge Ken Brown and Bob Street of the Seminole County Sheriff's Department, as on previous days.

The teachers heard telephone and tape recorded announcements from other teacher organizations throughout the country. They were told that all teachers were backing their stand for higher educational standards.

John Arnold, president-elect of the Florida Education Association, told the educators that the legislators did not understand the bill they passed.

Teachers were informed that their action had helped get the Florida Legislature called in to session by Gov. John Law. The state is also facing a teacher walkout.

Charles S. Wynn, 21, received the maximum penalty for jailbreaking when he appeared before Judge A. R. Longmire Tuesday in Volusia County Circuit Court. He was fined \$300 and 60 days in jail with 30 days being suspended.

Escapée Gets 10 Days, \$200

Charles S. Wynn, 21, received the maximum penalty for jailbreaking when he appeared before Judge A. R. Longmire Tuesday in Volusia County Circuit Court. He was fined \$300 and 60 days in jail with 30 days being suspended.

Wynn was being held in Longwood City Jail for jumping bond when he escaped by removing a bar on the cell window. He was picked up in Casselberry some seven hours later.

Rustlers Hit L&L Ranch

...continuing investigation in the reported rustling of a cow from the L&L Ranch located near Interstate four in Lake Mary sometime during the late hours last night.

Sheriff Peter Miller reported deputies were called to the ranch at 11:15 this morning when one of the cows was found bit, shorn and part of the carcass carried away. The remains were discovered and reported by a neighbor, Joseph Hopkins.

Zero Cold Settles In Southland

An Arctic blast that stung the northern states with zero cold settled into the deep south today and pushed the mercury down to the teens across Georgia, Alabama and Mississippi.

An inch of snow blanketed Augusta, Ga., and Columbia, S. C., during the night. Sleet pelted Jackson, Miss., in the southern half of that Gulf coast state, late Wednesday. In Alabama, ice coated bridge floors from Montgomery northward. Birmingham was dusted by a trace of snow.

Florida - at least through Wednesday night - escaped the worst of the chill.

Sub-zero cold hung onto the northern plains. Great Lakes region and northern reaches of the northeast.

South Seminole Civic Council Last Night Elects Officers

SOUTH SEMINOLE Civic Council last night elected the following officers: Clifford Jordan (left), chairman; Mrs. Ralph David, secretary; and Carl Setje, vice chairman.

SOUTH SEMINOLE Civic Council last night elected the following officers: Clifford Jordan (left), chairman; Mrs. Ralph David, secretary; and Carl Setje, vice chairman. (Herald Photo)

Hospitalization Needs Cited Mental Patients Held In Jail

Inclusion of a five-bed unit in the proposed new wing at Seminole Memorial Hospital for the temporary care of mental patients awaiting commitment to state mental hospitals was suggested today by Dr. Michael Gutman, psychiatrist with the county mental health clinic.

Dr. Gutman, a resident of the county, currently works with the mental health clinic in Sanford one day each week.

"At the present time patients certified or committed to the state hospital must be kept in the county jail during the interval period prior to obtaining a bed at a state hospital," Dr. Gutman said. "Although this situation is far more acceptable than their remaining free in society, it falls far short of the ideal circumstances. It would be very beneficial if hospital beds were available for the patients locally."

The psychiatrist estimated that three to four beds are needed now but with the availability of the county grounds in the next 10 years, five beds would be a comfortable figure.

"No elaborate facility is required and the expense for such a unit would not be inordinate," Dr. Gutman declared, pointing out no special equipment would be needed for the unit other than locked doors and furniture not easily destroy-

able. Suicide prevention must be a consideration.

"Patients would not require any special treatment other than tranquillization and treatment for pre-existing conditions such as diabetes or alcohol," the doctor stated.

Dr. Gutman further stated he would be available if needed to watch after adult patients.

Robert Bessner, administrator of the hospital, meanwhile told The Herald that "no thought" had been given to what will be included in the proposed new \$1.5 million wing.

"We will have to wait and see what the architects come up with I'm not even sure where we are going to put the wing," Bessner said.

At the same time, spokesman for Florida Sanitarium and Hospital, which does have a unit for the care of mental patients, reported that it does "not take Seminole County mental patients since Seminole County does not pay for such care."

Physician charged at Florida Sanitarium and Hospital in the unit range from \$30 per day in the three-bed ward or semi-private room to \$50 to \$100 per day in private rooms.

(Tomorrow: Sanford Police Chief Ben Butler and Sheriff Peter Miller tell their thoughts on need for a facility other than jail to hold mental patients temporarily.)

SECOND GO-ROUND—for Alfred Davis, justice of the peace for the Sanford area, he was sworn into office this morning by County Judge Karlisle Housholder—for the second time, after Hugh Duncan was suspended again last Saturday by Gov. Claude Kirk. (Herald Photo)

Trinity Prep School Groundbreaking Set

By JANE CASSELLBERRY

Goldenrod will take place at 10 a.m. Sunday. Official groundbreaking for Trinity Preparatory School near construction of the three main buildings at a cost of \$11 million.

Signing the contract in the office of Stevens and Walton, architects, were Rev. Canon A. Rees, Hay headmaster and chairman of the board of trustees, and Daniel Draper, vice president of business affairs for the school. Also present were Dean Benton Wood, George Sturart, chairman of the finance committee Ray Stevens, architect, and Jennings.

The buildings, to be completed for the September opening of the on-educational day school, will consist of a main building, classroom building, and shower-locker building.

This will provide facilities for 100 students, the limited number being accepted the first year.

The George Winter Science Building, designed eventually to take care of 200 students, will at first be used as a multi-purpose building, housing two laboratories, chapel auditorium, library and administration.

Design of the building is called Florida Japanese. These three structures, when completed, will represent an investment of just under \$11 million.

Contributions for the establishment of the school have come from individuals, the major banks of the area, industry and utilities.

Registration is now open for grades 7-11. The school is programmed to give the finest in college preparation and will feature classes of 30 with no more than 10 students having more than 30 students.

Altamonte Willing To Sell Services

Indication was given by the Altamonte Springs City Council last night that it is "willing to cooperate with the City of Eatonville and grant its request for use of the proposed Altamonte sewage treatment plant planned to be constructed as soon as approval is received from the Department of Environmental Development.

Eatonville officials, present for the meeting, told the Board feasibility study had been completed in their municipality and proposed to be made of city officials in Altamonte.

But that officials have been contacted in obtaining a suit for a treatment plant.

HUD officials in Altamonte indicated to Altamonte officials previously that use by Eatonville of the city plant would be approved. Officials from Altamonte are expected to be in the area in the next few days to inspect the site. It was announced.

In other business, Council heard report from City Attorney S. Joseph Davis, Jr. that application forms for federal grants and loans for the sewerage system had been completed and would be mailed to the regional HUD office today.

Approved expenditure not to exceed \$1,500 for purchase of a fire alerting system to include 10 receivers and one transmitter and gave permission for the fire department to enter into a mutual aid agreement with the fire departments of the cities of Longwood and Casselberry and the Forest City-Bear Lake Fire Control District.

Authorized the purchase of a graphic type platenmaking machine for the water department at a cost of \$875.

Approved the appointment by Police Chief Fred Polom of

Longwood Clerk Free On Error

Charges against Omie R. Shumate, Longwood city clerk, for refusing to permit inspection of and copies to be made of city public records, were dismissed on a technicality by Peace Judge W. Thomas Lovett at a preliminary hearing yesterday afternoon.

Judge Lovett, in giving the decision, there was "no probable cause to hold Mrs. Shumate over for trial on the charge," stated "this does not mean if she is charged with a crime, she is not to be held on bail."

Shumate was charged in the warrant with violation of Florida Statute 119.01, refusal to permit inspection of public records when in fact, Shumate, according to his testimony, was to charge her with violation of 119.03 and 119.02 (refusal to permit photographs or copies to be made of the public records).

City Attorney Gene R. Shumate, who represented Mrs. Shumate, interrogated Shum for slightly less than one hour as to the sequence of events on the days when she allegedly to have refused permission to have copies made of the minutes of the Council meeting. Shumate stated the clerk had insisted she had been instructed by Council Chairman E. E. Williamson that "no copies of anything was to go out of City Hall unless a court order was presented or unless express permission was given by the city attorney."

Mrs. Shumate did not testify.

Raiders' To Cocoa

Seminole Junior College Raiders go after the state championship tonight when they meet Howard Junior College at 7 p.m. in the Broadward JC gym. The Raiders, who stand 27-3 in their second year of play, look to break all state records if they win this tournament.

WTRK Radio will broadcast the game, starting at 6:30 p.m. this evening. The Sanford Herald will have two sports reporters photographing on hand to cover all the action. Watch for pictorial reports in The Herald Sports Section Friday.

Burglars Hit Marine Store

Meadors Marine was broken into last night and some cash was stolen, Sanford police department reported today. Entry was gained to the business by removing three jalousie windows from the west side of the building.

No damage was noted at Goldenrod School from a breaking and entering apparently done during the night and found this morning. Little less than \$50 was stolen from the school, according to police report.
