

Secrecy Surrounds Negotiations Made For Return Of Baby

Norfolk Trio Declare Themselves Satisfied They're Dealing With Real Culprits

NORFOLK, Mar. 31.—(A.P.)—Maintaining secrecy concerning negotiations for the return of the kidnaped Lindbergh baby, three intermediaries here today expressed a firm belief that they had been in touch with the child's abductors and not with imposters, in a statement made by Rear Admiral Guy Burgess in behalf of himself and his two associates. No announcement was made however as to when the child might be returned.

John Curtis, another intermediary said no contact had been made in Philadelphia with representatives of the kidnaping band. He indicated that there is no significance to the report that an unidentified woman was approached a prominent club woman for an interview regarding the Lindbergh case. Philadelphia authorities said a woman is under surveillance there after she sought an interview with Mrs. Walter Hancock, prominent clubwoman, regarding the case.

"Watchful waiting" was the term used yesterday by Rear Admiral Guy Burgess, retired, to describe present activities of three Norfolk men seeking to bring about return of the kidnaped Lindbergh baby to his parents.

Assuming the role of spokesman for the Norfolk trio, Dean H. Dobson-Patterson, John Hughes Curtis, boat builder, and himself, the Norfolk men sought to answer questions asked by newspapermen.

He said, however, that he would not be serving as a negotiator for the return of the infant unless he was "satisfied" that he and his associates are dealing with the kidnapers of the Lindbergh baby.

"I wouldn't have gone into the case," Admiral Burgess said, "and I wouldn't be in now unless I was satisfied that we were dealing with the abductors of the Lindbergh baby."

Admiral Burgess said he could not give an approximation of the time that would be required in bringing the negotiations to a successful conclusion.

His most definite statement as to his opinion of the outcome of his efforts was that "if there is a falling in the Norfolk negotiations the kidnapers and they alone will know why." Asked for a possible reason for delay in their negotiations.

SINO-JAPANESE PEACE PARLEY IS REOPENED

Despite Contrary Reports Yesterday, Definite Progress Is Seen As Resulting

SHANGHAI, Mar. 31.—(A.P.)—Definite progress toward a settlement of the major issue of a withdrawal of Japanese troops from the Shanghai area was made today at the reopening of the Sino-Japanese peace parleys. A spokesman for the conference said both sides are gradually approaching an understanding on the question of a time limit for troop withdrawal, and mutual concessions are being made.

This news is in sharp contrast to reports circulated late last night that peace negotiations here approached a crisis last night after a sharp skirmish between Japanese and Chinese forces at Chiungmiao earlier in the day.

Chinese and Japanese military leaders still were far apart on peace terms. Chinese newspapers predicted the conference would collapse. A Chinese spokesman said the parleys might reach a critical stage today.

A Japanese officer, meanwhile, sought to wipe out in traditional fashion—by suicide—what he considered the dishonor he had brought upon the army by allowing himself to be captured.

Major Noboru Kaga, was captured by the Chinese during the fighting around Kiangwang. He landed yesterday, he went back immediately to the scene of his capture, and ended his life, leaving a note of explanation.

Ten Japanese said the Chinese were driven to the south side of Soochow Creek in the skirmish at Chiungmiao. The Chinese had built a bridge along the north side. The Japanese occupied on the ground that the Chinese were on.

Roosevelt Given Maine, Now Has Entire Delegation From Six States, Or 123 Delegates

PORTLAND, Maine, Mar. 31.—(A.P.)—An instructed delegation for Gov. Franklin D. Roosevelt of New York and a platform plank calling for recommitment of the Eighteenth Amendment to the people were voted by the Maine state Democratic convention yesterday at the close of a two-day session.

Instruction of the delegates to the national convention to vote for the New York governor as the party's presidential nominee, subject to the unit rule, brought out the only decided break in the party's ranks.

On a standing vote the resolution for instruction was lost but the vote was questioned and a poll of the delegates by counties carried the resolution 286 to 245.

It was a real test of strength of the power of the state leaders. Until yesterday morning they had strenuously opposed any move to instruct the delegation, fearing that such action might cause a split similar to that occasioned four years ago when the support-

GLASS CLAIMS CONSPIRACY IN DEBATE ON ACT

Charges "Stimulated Propaganda" Raised In Effort To Defeat Bank Revision Bill

WASHINGTON, Mar. 31.—(A.P.)—Senator Glass announced yesterday he would seek a senatorial investigation of what he described as a "conspiracy" of "stimulated propaganda" against the banking revision bill which bears his name.

As the banking committee concluded a week of hearings on the measure, the Virginia Democrat told news columnists.

"Two men here in Washington are the whole opposition sent out west, and I think they got it out here. I think we will develop that whole conspiracy in the next few days. We will develop it in a formal way, perhaps with the use of the subpoena power."

He said one witness had told him that after he came to Washington he was called into the telephone and told to oppose the bill.

"I made a similar charge earlier in the day in the hearings on the measure designed to keep federal reserve funds out of stock market speculation with a view to creating a repetition of the 1929 crash."

James Francis Burke, an attorney for the Republican national committee, was on the stand when Glass said sharply that those who have opposed the measure "were brought here and organized to protest."

"And I think you were told, he added, remarking that little in politics should be attributed to "stimulated propaganda."

Burke replied that the appearance of the bankers before the committee was "voluntary" and that they "have a right to come here."

He opposed the measure as "unwise and unnecessary" and called it "a nullity of the benefits of the federal reserve system created by the act of 1913."

A Democratic senator, Buckley of Kentucky, asked today whether he protested in his capacity of attorney for the Republican national committee. Burke replied in the negative, saying he was speaking for the Pittsburgh Courier House for which he is counsel.

House Okeys Taxes Seen As Real Aid In Balancing Budget

WASHINGTON, Mar. 31.—(A.P.)—Secretary Mills was called upon today by the House Ways and Means Committee to submit new estimates of yields of all levies in the new revenue bill to determine whether they are sufficient to balance the budget. The committee expects a vote tomorrow on levies on automobiles, wartime surtaxes, estate taxes, coal and oil import levies, and stock transfers.

WASHINGTON, Mar. 31.—(A.P.)—The House was driven hard yesterday by its leaders to complete the billion-dollar revenue bill by Friday and voted new taxes to produce \$293,500,000.

Working in the union inspired by Speaker Garner Wednesday in his appeal for a bill to balance the budget, the members turned in and brought the total of \$3.6 far approved to \$743,500,000.

The strong resistance to the Ways and Means Committee proposal to increase first class postage from two to three cents, to yield an additional \$135,000,000, nullified before the demands of former leaders of the opposition for revenue to meet the prospective \$124,000,000 treasury deficit for 1933.

This is the biggest item among the substitutes for the defeated \$600,000,000 sales tax provision. It was approved 147 to 80. The second largest proposition, to levy a tax of one fourth of one percent on the value of stock transactions for a yield of \$75,000,000, will be the first to receive a Friday vote.

Speaker Garner has promised his colleagues a holiday Saturday if the amount needed to maintain the financial stability of the government.

TREASURY LOSS OR U. S. OWNED RAILROADS SEEN

Couzens Continues His Attack On Big Loans To Bankrupt Lines

WASHINGTON, Mar. 31.—(A.P.)—An enormous loss to the treasury or government ownership of railroads was predicted by Senator Couzens yesterday as the eventual result of the Reconstruction Finance Corporation's policy on loans to the carriers.

Vigorously criticizing the recent \$12,000,000 advance to the Missouri Pacific, approved "with some reluctance" by the Interstate Commerce Commission, Couzens remarked that half the loan was to meet taxes and operating expenses. On the other hand, he said, the intent of Congress was that loans to the railroads be for refinancing purposes or for meeting maturities.

Couzens, who is chairman of the Senate Interstate Commerce Committee, said the securities offered as collateral by the Missouri Pacific for its \$12,000,000 loan had a market value of only \$12,450,000.

He said the Reconstruction corporation adopted a resolution approving the loan before asking the consent of the Interstate Commerce Commission.

"I have no knowledge of Couzens' (Continued on Page Three)

CURRY, TAMMANY BOSS DISCUSSES 1932 ELECTIONS

June Caucus To Decide Candidate His Group Will Favor, He Says

WASHINGTON, Mar. 31.—(A.P.)—The all-important question who Tammany and the rest of the New York delegation will support for the Democratic presidential nomination may be determined at a caucus just before the Chicago convention. That is the opinion of one of the most powerful men in the party, John F. Curry, boss of Tammany Hall.

The Tammany chief talked his political turkey for more than an hour with newspapermen here yesterday, but beyond predicting a Democrat would be the next president, maintained a strict neutrality as to new candidates.

"New York had the Democratic convention in 1924," he said. "It doesn't want to lug anything."

This convention had a series of questions. Does that mean New York is for someone else besides Roosevelt or Smith? Curry said such an interpretation could not be placed upon his statement.

He did say, however, that Tammany would control the New York delegation, or at least have a major voice.

LAST DAY OF TAX PAYMENTS FINDS LITTLE ACTIVITY

City Books Close With New Low Record Of Year's Collections

Texas, the last day of the city and county tax rolls were officially open for the payment of taxes, was marked by only a slight increase in last night's payments.

According to information from city Tax Collector Ellen Hoy and County Tax Collector Jno. D. Junk.

City Commissioners, who last week learned that less than 20 percent of taxes had been paid at that time, expressed the hope that some of the larger taxpayers would make payments during the last few days, and at 11 o'clock this afternoon one such account had been paid. It was the Atlantic Coast Line railroad, which had been delinquent for \$29,007.84. Another large tax payment reported by Mrs. H. H. White of the Sanford tax roll, which paid \$1000.

Other than those payments, a scattering of smaller payments were made, leaving the indication that a new low record for payments to the time the books closed, will be set.

Mr. Junk reported a steady stream of taxpayers in the city all day long, with the largest payment one made by the Atlantic Coast Line and another by the Florida Power and Light Co. The county tax collection is about six percent better this year than last. Mr. Junk reported that it is believed, to the fact that the millage is lower than it has ever been, during the past five years.

All personal property and tangible property returns were to have been in the hands of Alex. Aughton today also, but he said many had been filed at noon as was expected.

REGATTA PLANS INDICATE LARGE ENTRY LIST SURE

Suspended Drivers To Be Allowed Position In Afternoon Races

Positive assurance that every boated motor boat driver figuring in an alleged false start at Miami last race last week, including all the national champions, will be allowed to race in the regatta on Lake Manatee next Sunday afternoon, was received at a press conference today. The regatta drivers involved have not been suspended from the Florida Outboard Motor Boat Association, it was learned.

With that assurance, the Chamber of Commerce committee handling the event which will be three days of three heats each run off during the afternoon is satisfied that more than 300 drivers will participate. So important a regatta has been held in Florida since the Miami affair, and with an official hearing on the false start scheduled to be held here Sunday morning, one of the largest regattas ever recorded in this section is anticipated.

Committee men today checked the official title course which had been measured up by Tom Litchford, an city engineer, some weeks ago, and found that it was up to all requirements of the association, whose officials will be here with intricate timing apparatus with which to check each boat.

A track carrying amphiphones will make a tour of Volusia and Lake Manatee tomorrow, spreading the news of the regatta in every town, while on Saturday all Seaside and Orange county towns will hear announcements of the event.

Weather predictions for Sunday indicate that clear, sunny weather will be the order, and with it more assurance that the races will be a success. In case of a water with just enough roughness to slow boats to break through at several spots.

The trophies and \$30 gold purse which goes to the driver making the fastest time are on display at a downtown location, attracting much comment. The purse is added to prizes of \$10, \$20, and \$30 trophies offered for winners of each class.

As announced earlier, all street racing in the lakefront will be stopped off at noon Sunday, and permission granted by the local police, plus Ray Scott and National Guardsmen to arrange well directed traffic through the lines as well as gather tickets, sold at a small cost. All papers of the affair will be turned over to the Sanford Lake Regatta.

Garner's Appeals That Quick Action Be Taken Being Answered; Opposition Melts

WASHINGTON, Mar. 31.—(A.P.)—The House was driven hard yesterday by its leaders to complete the billion-dollar revenue bill by Friday and voted new taxes to produce \$293,500,000.

Working in the union inspired by Speaker Garner Wednesday in his appeal for a bill to balance the budget, the members turned in and brought the total of \$3.6 far approved to \$743,500,000.

The strong resistance to the Ways and Means Committee proposal to increase first class postage from two to three cents, to yield an additional \$135,000,000, nullified before the demands of former leaders of the opposition for revenue to meet the prospective \$124,000,000 treasury deficit for 1933.

This is the biggest item among the substitutes for the defeated \$600,000,000 sales tax provision. It was approved 147 to 80. The second largest proposition, to levy a tax of one fourth of one percent on the value of stock transactions for a yield of \$75,000,000, will be the first to receive a Friday vote.

Speaker Garner has promised his colleagues a holiday Saturday if the amount needed to maintain the financial stability of the government.

Teachers Make Ready For Convention In Jax

Benholme County's delegation of 18 teachers, who expect to take an important part at the convention of the Florida Educational Association to be held in Jacksonville tomorrow and Friday, today made ready to leave here early tomorrow, so that they might be present at the opening session.

Among those appointed by Prof. W. W. Lawton, superintendent of public instruction, who will head the delegation after G. E. McKay, Howard McCaskey, Mrs. Hazel Johnston, Prof. J. Tilden Jacobs, Mrs. Pearl H. Babbitt, Mrs. Stella Arrington, Miss Emma Owen, Mrs. J. C. Mitchell, Sanford; Mrs. W. G. Smedley, Longwood; Mrs. E. D. White, Lake Mary; Mrs. E. J. Laney, Oviedo; Prof. W. J. Sizemore, Margaret Golt, Mrs. Julia Goodson, Mrs. Mayme Holt, Geneva; Miss Eula McCullough, Lake Wales, and Mrs. Mary Della Paola.

Members of well-known organizations are not to be overlooked at the convention. L. A. Tate, E. T. Warren, and the most weighty of all, Mrs. J. C. Sizemore, are among the early morning speakers in the afternoon session. The special expedition to the convention is being organized.

Fish Tells Hoover Bonus Bill Shunted Aside By Congress

WASHINGTON, Mar. 31.—(A.P.)—Representative Fish, Republican New York, said today he had informed President Hoover that he believed possibilities of the adoption of a new bonus legislation by the House had been shunted aside by the chief executive's recent statement opposing such legislation.

He characterized proposals by Representative Patman, Democrat, Texas, and Hamilton Democrat, Mississippi, that new currency be issued to make new bonus payments, as "too absurd to discuss."

Fish said he told the President it is his opinion that more than half the veterans in the House are opposed to any additional bonus legislation, adding he believed "any attempt to appropriate \$200,000,000 for this purpose in the present national emergency would present the props from under the entire program of national economy and destroy economic confidence."

Communist Members To Get Salary Boost

MOSCOW, Mar. 31.—(A.P.)—Members of the Communist party, including highest government officials as well as factory workers who had heretofore been limited to the most meager of salaries may soon each in an substantial raises in their pay.

The political bureau, it was learned today, is considering treating the maximum monthly income allowed party members from \$30 to \$60, or about \$150 to \$250 a year, planned in accordance with a policy outlined by Joseph Stalin recently when he decreed on the abolition of the system of "equal wages" for all factory workers who had heretofore been limited to the smallest salaries in order to set an example for the rest of the proletariat.

Rollins Student Kills Himself With Pistol

ORLANDO, Mar. 31.—Frank M. Sommers, Jr., 20, student at Rollins College, Winter Park, near here, committed suicide yesterday morning by shooting himself in the heart and temple. He used a .38 Smith & Wesson high power pistol. The shooting took place while he was alone in a friends' room, adjacent to his own in the college dormitory.

The youth was in good health and had no financial troubles, it was stated by college officials. He had just returned from a trip to his home at Manford, Fla. So far his note from home has been found but a note from a girl in a South city was found in which she indicated him for his attention to another girl out of town of his town.

Young Sommers was on the business staff of the college paper and had no special particular success at his duties.

Hawks Flies Through Terrific Storm On Hop

NEW YORK, Mar. 31.—(A.P.)—Captain Frank Hawks carrying as his passenger, Amos T. Carter, landed at Floyd Bennett Field last night after a flight from Fort Worth, Texas, through storms of unprecedented violence.

Mr. Carter is publisher of the South Western Star Telegraph.

Captain Hawks said the wind was so terrific that at one time he was forced to bail out of his plane to parachute.

Between Birmingham, their only stop, and Atlanta, the worst of the front face of the right wing completely off and the resultant jar caused them to believe, at first, the entire wing had given away. They soon corrected their impression and kept their seats.

The wind later tore to a lesser extent the left wing's front fabric. Captain Hawks made the flight in a borrowed plane, having left his "Mystery" ship in St. Louis for an engine overhauling, preparation to a one-day flight to Porto Rico on behalf of the Porto Rico Child Feeding Committee. He will leave, Apr. 12 and on the journey will make a 250-mile over-water hop, the longest such flight he ever made.

Lumber Men Stage District Meeting Here Last Night

Newly elected leaders attended a district meeting of members of the Florida Lumber and Mill Workers Association at the Galaxy Club last night with Frank W. Jones, Orlando, state secretary, and Tom Robertson, Sanford, acting as hosts.

During the business session various matters were dealt with, including a public hearing on the lumber and mill work industry at the present time, and Ray Spalding, of Deland, was awarded a prize for the most comprehensive and best presented talk during the evening.

It was decided that the next meeting of the district group, comprised of members from Seminole, Orange, Lake, Volusia, and Osceola counties, will be held in Orlando late in April.

Among those attending last night were: Frank Williams, Joe McGinnis, E. H. Linton, C. E. Tyson, Neal Jones and A. N. Johnson, Orlando; F. R. Heston, Deland; J. W. Spaulding, R. T. Worth, Texas; through storms of unprecedented violence.

Mr. Carter is publisher of the South Western Star Telegraph.

Captain Hawks said the wind was so terrific that at one time he was forced to bail out of his plane to parachute.

Between Birmingham, their only stop, and Atlanta, the worst of the front face of the right wing completely off and the resultant jar caused them to believe, at first, the entire wing had given away. They soon corrected their impression and kept their seats.

The wind later tore to a lesser extent the left wing's front fabric. Captain Hawks made the flight in a borrowed plane, having left his "Mystery" ship in St. Louis for an engine overhauling, preparation to a one-day flight to Porto Rico on behalf of the Porto Rico Child Feeding Committee. He will leave, Apr. 12 and on the journey will make a 250-mile over-water hop, the longest such flight he ever made.

Local Citrus Groves Seen In Good Condition

"Orange groves in this section of Florida are in first class shape compared to those in the Polk county area," was one of the more interesting statements made by Karl Lehmann this morning, shortly after he had returned from a speaking tour of the Orange belt in the interests of the Florida Citrus Growers Clearing House Association.

Since Monday night, Mr. Lehmann has delivered addresses before citrus growers in Deland, Lake Wales, Leesburg, and Lakeland. At each city he had ample opportunity to place Sanford and its development prominently among the matters discussed, and large audiences were present at each speaking program.

Walker Says He Will Speak Freely If Asked

NEW YORK, Mar. 31.—(A.P.)—Mayor Walker, whose administration has been under legislative scrutiny for more than a year, intimated yesterday that he would speak out freely if and when he was summoned by the Hofstadter investigating committee, but not in a private session.

He was the principal speaker at a luncheon in the Bronx.

"The day is not far distant when I will discuss the city of New York and the past 16 months," the mayor said. "I'm good enough sportsman to give the fellow who claims to have the goods full opportunity to question me, but not under cover of under a protection which no human being has ever enjoyed under any form of government."

Presumably referring to Council Seabury of the committee, he challenged, "If he will stand up in public and take the criticism for his actions as I have done, I will say to him 'the road is yours.'"

Mayor Walker charged that his telephone wires had been tapped, his mail watched and that he had been shadowed after office hours at city hall.

Tampa To Re-Finance Part Of Bonded Debt

TAMPA, Mar. 31.—Under a refinancing plan submitted to the board of representatives by Mayor Chances and approved by the board, all city bonds with maturities during the next three and a half years, are to be refunded and replaced by 12 year bonds.

The total affected by the mayor's plan is \$2,700,000, replacing that amount of early maturity bonds to be issued in exchange, par for par, and bearing the same interest.

Refunding will be handled by the U. J. Van Ingen Company of New York, which is making the city's fiscal agent for the purpose of receiving a commission of 4 percent. The Van Ingen Company is to pay the cost of printing the new bonds out of its commission.

The new bonds contain the proviso that the city may call in any part of the new bonds, at any time before maturity, 12 years from date of issue, at 105. The plan includes all city bonds maturing up to the end of 1935, except waterworks bonds, which are retired out of revenues from the water department.

State Allowed Seven Electors, Landis Says

TALLAHASSEE, Mar. 31.—(A.P.)—Attorney General Landis today advised Secretary Gray that Florida is entitled to seven presidential electors in the November general election, and therefore candidates may file for seven places instead of six in the June primary.

This is due to the fact that the last census entitled Florida to a fifth congressional district, which, with two senators, gives the state seven electors, at one for each representative in Congress.

FILM PLAYERS WED

TIJUANA, Mexico, Mar. 31.—(A.P.)—Greta Nissen and Weldon Hoburn, film players, flew here from Hollywood and were married late yesterday in a civil ceremony read by Judge Ricardo Gilbert of the Mexican civil court, in the billiard suite at a popular hotel.

FLYING KING IN AFRICA

NAIROBI, British East Africa, Mar. 31.—(A.P.)—King Albert, of the Belgians, who is flying to the Belgian Congo, reached Britisha on the eastern shore of Lake Albert, in Uganda, yesterday.

TRIAL SET UP

BARTOW, Mar. 31.—(A.P.)—To enable defense counsel time to prepare its case Judge Petteway today postponed until Apr. 12 the trial of Perry Acres and Joseph Johnston for the murder of two Lakeland policemen. The trial was originally set for next Tuesday.

SCHEMELING BAILS

HAMBURG, Mar. 31.—(A.P.)—Max Schemling, world heavyweight champion, sailed today for the United States to begin an exhibition tour preparatory to a defense of his title against Jack Sharkey in New York June 16.
