Treasury Figures Indicated U. S. Owes Nearly Thirty-Four Billions Of Dollars

WASHINGTON, July 2.-(A)-Figuring it down to the last pennies the Treasury today put the government deficit for the year ended June 30 at \$1,763,-841,622 and the public debt at the close of that fiscal period at \$33,-

These figures varied somewhat from the round sums used last night by Secretary Morganthau n a radio adress on the nation's nancial situation.

The Treasury head flad given a leficit of \$4,400,000,000 but explained he was not counting debt relirements of \$103,000,000 during the 1936 fiscal year and used a public debt figure of \$33,750,000,-
