"SANFORD HELPY SELFY"
SELF SERVICE LAUNDRY
Ladies and Gentlemen, here is a way to get your
Laundry done as you desire—at a low cost. A clean
sanitary, easy way of doing two or three different
washings at once. Everything is available for your
convenience including plenty of soap, bleach, starch,
bleuing, drying lines, pins.
Plenty of courteous advice on how to wash with this
system.
The Public is invited to visit and inspect our Laundry
whether you plan to use it or not.

**Men, Women Over 40
Don't Be Weak, Old
Feel Peppy, Years Younger**

**Relief At Last
For Your Cough**
Creomulsion relieves promptly
because it goes right to the seat of the
trouble to help loosen and expel
germ laden phlegm, and aid nature
to soothe and heal raw, tender,
inflamed bronchial mucous mem-
branes. Tell your druggist to sell you
a bottle of Creomulsion with the
understanding you must like the way it
quickly silences the cough or you
will have your money back.

**WORN OUT FROM
GETTING UP
NIGHTS?**
If you get up nights—have frequent de-
sires to pass your water—yes, and have
trouble to sleep—this is the cause of
your trouble. It is the result of
acidosis, the acid condition of the
blood. Three generations ago Dr. Kilmor,
a famous doctor, found hundreds of his
patients with this trouble. So he made a
medicine of 10 herbs, roots, vegetables,
and minerals. He called it "Swamp-Root."
Millions of men and women have taken
it—often with amazing results.
Swamp-Root goes right to work to
flush out kidneys... increases flow of
urine, helping relieve excess acidity...
the irritated bladder gets a good flushing
out, too. Many report getting a good
night's sleep after the first few doses.
Caution: take as directed.
For free trial supply, send to Dept. B,
Kilmor & Co., Inc., Box 1153, Sanford,
Fla. Get full sized bottle of Swamp-
Root today at your druggist.

OPENINGS**
New For
Good Pay and Expenses
If you can measure up to the
standards of the pentecost
Regular Army, you now have
an unusual opportunity. By en-
listing for a year you can
choose one of the famous fight-
ing divisions now on occupation
duty in Japan and Korea.
The divisions in which you can
enlist include such outstanding
units as the 1st Cavalry Divi-
sion, 7th Infantry Division, 24th
Infantry Division and 25th In-
fantry Division, each of which
had a great battle record dur-
ing the war.
After initial training in the U. S.,
you can join the unit of your
choice and take part in the
interesting work of maintaining
a just peace in the Far East.
You'll have the advantage of
20% extra pay for overseas
service. Starting base pay for
a Private overseas is \$60 a
month in addition to food,
clothing, good quarters, medical
and dental care. And you'll
enjoy excellent living condi-
tions, plenty of sightseeing,
sports and recreation, and the
satisfaction of doing a worth-
while job. Enlistments open to
men 18 to 34, inclusive (17 with
parental consent). Get full de-
tails at U. S. Army Recruiting
Station, 6 Rutland Bldg., Or-
lando, Fla.
TRAINED PRACTICAL NURSER
are in demand—full or spare
time. Easy to learn at home
with Wayne plan. No high
school or previous experience
necessary. Get free informa-
tion. Wayne School of Prac-
tical Nursing, Box N c/o Her-
ald.

China Report Issued Today By Marshall

General Lashes Out At Reactionaries; Sees Vital Need For Liberal Leadership

WASHINGTON, Jan. 7.—(AP)—Gen. George Marshall outlined no words in a statement he issued today summing up the long months he spent trying to arrange a peace agreement between Chinese Nationalists and Communists.

The General bluntly denounced what he called the dominant reactionary group in China's government and the provocative policies of Chinese Communists. He pinned his hopes for a possible settlement on two things, China's new constitution and the chance that liberal leadership might come to power and end China's civil strife.

Lashing out at the die-harders in Generalissimo Chiang Kai-Shek's government, Marshall said: "The reactionaries in the government have evidently counted on substantial American support, regardless of their actions. The Communists by their unwillingness to compromise in the national interest, are evidently counting on an economic collapse to bring about the fall of the government, accelerated by extensive guerrilla action against long lines of rail communications, regardless of the cost in suffering to the Chinese people."

The American General then took a rap at what he called the very harmful and immensely provocative phase of the Chinese Communist Party's propaganda. He said he wanted to tell the American people that in the deliberate misrepresentation and abuse of the action, policies, and purposes of the United States government, the Communist propaganda has been without regard for the truth.

He said the evidence is plain that the Communists are trying to split the Chinese people and the world, and to arouse a bitter hatred of Americans. The Nationalist government propaganda, he added, also have made many misrepresentations but these have not been of the same vicious nature as the Communist propaganda.

Gen. Marshall said that as he sees it, one thing can save the situation in China and that is for the liberals in both the government and in the minority referred to them as a splendid group of men, but men who, as yet, don't have the political power to exercise a controlling influence. Then in a temperate note of optimism, the American General said that now that the form for a democratic China has been laid down by the newly adopted constitution, practical measures will be the best.

Football Directly Responsible For 21 Deaths In 1946

Football has been held directly responsible for 21 fatalities during 1946.

In a survey presented to the American Football Coaches Association, Doctor Floyd Eastwood of Purdue University said that of the 11 deaths that occurred in college ranks, Eastwood recommended that a committee be appointed to study the design of football helmets as a possible means of further safeguarding players.

The coaches, meanwhile, recommended that wearing apparel of players be so designed as to be possible. It was pointed out that many injuries had resulted from hard elbow pads, forearm and knee braces.

C. S. Woolworth, Dime Store Founder Dies

SCRANTON, Jan. 7. (AP)—The man who helped found the American dime store chain, C. S. Woolworth, died today. He was 84 years old, and had been ill for several weeks.

Woolworth opened his first store in Scranton 54 years ago. Later he formed the F. W. Woolworth Company with his brother Frank. It was Frank who was credited with thinking up the idea of a five and dime store. But Charles was credited with making the firm a success. He began his career as a traveling salesman for a firm in Watertown, N. Y., for 24 years.

The brothers formed the partnership in 1891 and later made Fred M. Kirby of Wilkes-Barre a partner. Charles was chairman of the board since 1919 when Frank died.

Nine Flee In Brooklyn Jailbreak

SAWING THEIR WAY through two iron window bars (center, arrow) of the Raymond Street Jail in Brooklyn, N. Y., nine hardened criminals scaled the prison's wall and gained their freedom. The break, touching off one of the biggest manhunts on record, was the largest ever made in the city. Among the convicts who escaped are (top, l. to r.) Christopher "Slag" George Gurnowich; Anthony Aiello, wanted for murder, and Edmund Godfrey. Below, (l. to r.) are Anthony Abbondello; Salvatore D'Aula, William Duffy and Carmine Emmino. (International)

Fire Toll For 1946 Reaches All Time High

\$503,393,000 Is Lost First 11 Months; Record Death Toll

By DAVID G. BARUTHER,
Newspaper Writer.

NEW YORK — Fire took a greater toll throughout the United States in 1946 than even in years when entire cities burned—greater than 1906 when San Francisco was leveled, 1904 when Baltimore, burned, or 1911 when Chicago was destroyed.

The National Board of Fire Underwriters, with statistics compiled for the first 11 months of the year totaling \$503,393,000, expects fire losses for 1946 to exceed \$500,000,000—an all-time high when final returns have been tabulated. By contrast, the loss in the year San Francisco burned, when many fire insurance companies failed, aggregated \$18,979,000.

A record death toll is expected to be revealed when statistics have been compiled. The Winecoff Hotel tragedy in Atlanta on Dec. 7, in which 121 persons died, eclipsed a series of hotel fires which were among the worst in history. These included the La Salle Hotel fire in Chicago where 81 were killed, the Canfield Hotel at Dubuque, Iowa, with 19 dead, and several others.

Although the hotel fires attracted the most attention, W. E. Maljaint, general manager of the Underwriters' Board, points out that "an average of 27 persons died every day in some of the 60,000 lesser known fires of 1946."

Thirty-seven persons were killed in one day in New York when a fire in an abandoned icehouse caused a tenement building to collapse.

The most costly fire of the year, according to the board's records, was the burning of a whisky warehouse at Fresno, Calif., on Aug. 28 with a loss to the government, alone, of close to \$11,000,000 in liquor taxes. In addition, the value of the spirits destroyed amounted to more than \$3,000,000. More than 10,000 barrels of brandy, 1,000 barrels of whisky and 7,000 drums of alcohol, each holding 55 gallons, were lost.

Industry was hard hit by other multi-million dollar blazes that destroyed valuable stocks of cotton, wool, and other materials as well as the factories that produced them. In Langley, S. C., a textile ware-

Pope Is Elected Chairman Of County Board

Group Is Re-Organ- ized At First Meet- ing Of New Year

If Pope of Sanford was to day elected as permanent chairman of the Board of County Commissioners at their initial session of the year, he succeeds W. G. Kilbee of Geneva in this post. F. McCallahan was elected as vice chairman.

R. C. Dodd, newly elected commissioner, was named as temporary chairman prior to the election of Mr. Pope. C. R. Cloutier, whom Mr. Dodd succeeded as commissioner, attended the meeting and received valuable information regarding the houses which will have to be moved to make way for the widening of State Road No. 112 from Ovelto to Chulusta.

The commissioners after consultation with L. F. Boyle, their attorney, agreed to take steps to have the houses moved and right of ways cleared. Included in the discussion was whether to move or to cut off part of the Mills Filling station, to permit the road widening.

M. H. Smith, who with Mrs. Smith operated the County Home on the Orlando Highway for the past 10 years, was presented by the Commission with a \$100 check in appreciation of these services, and was personally commended for faithful service by Commissioner W. G. Kilbee. The Board received from W. I. Sells of Fern Park, and from H. E. Brown, applications to operate the home.

W. F. Prescott, representing a group of home owners in the Brantley Lake region near Forest City, applied for the building of a mile and a half road into the property from the Apopka Road. County Engineer M. C. Hagan was instructed to make a survey and to get the deeds for the right of way of the road. Considerable building of homes was reported in the section.

W. C. Berger and Gerald Jones of the State Auditing Department were introduced by County Clerk O. P. Herndon. The men are here to make the regular audit of the county clerk's office.

Commissioner Dodd has recovered somewhat from a hip injury incurred in an accident several months ago.

Fraser Makes Formal Claim To State Job

Gay Refuses To Give Up Comptroller's Office At Meeting; May Be Court Case

TALLAHASSEE, Jan. 7. (AP)—In a tense, but apparently friendly meeting, Edwin G. Fraser made a formal demand this afternoon for recognition as State Comptroller. But Clarence M. Gay declined to surrender the office to him.

Fraser, a MacClenny nurseryman and state senator, presented his certificate of election to Gay and said "I am here to demand and assume the responsibilities of this office." Gay replied, "I am holding office by commission of the Governor and I don't think I can surrender it to you."

Apparently the skirmish was intended to set up a full scale court test. Fraser and his party left immediately for the office of Attorney General Tom Watson to seek permission to bring a court action for the ouster of Gay.

Fraser claims the office through his election in November, but Governor Millard Caldwell has declined to issue a commission to him. Caldwell said Fraser is ineligible because he was a member of the state legislature which raised the comptroller's salary.

Gay, who is in office by appointment of the Governor and said he will refuse to turn over the keys until he presented a commission for Fraser signed by the Governor.

Record Number Attend Meeting Of Tourist Club

A record crowd of 115 people attended the weekly meeting of the Tourist Club at the Tourist Center Monday evening at 8:00 o'clock according to E. M. Armitage, director of the club. The meeting was designated as Pennsylvania Night and the program was arranged by a committee headed by Carl Eisenhower, secretary of the club.

The proceedings were started with an invocation led by Dr. C. V. Stark after which the assembly sang "America."

During the business meeting, plans were discussed for a sight-seeing trip by a motor coach to some local spot of scenic interest. Further details will be announced at a later date.

The social part of the program consisted of a variety of musical entertainment. Prof. Ely, followed by A. D. Schwandt, sang two songs accompanied by the piano by Mrs. Schwandt. A quartet composed of Mrs. C. Ginn, Mrs. J. R. Hawthorn, M. B. Smith and E. M. Armitage sang a number of old songs.

\$603,361 Worth Of Buildings Tops 1945

A total of 318 building permits having an estimated value in construction of \$603,361, were issued during 1946, according to Gray Duncan, city building inspector. This represents a more than \$100,000 increase over permits which in 1945 totaled \$509,800 in value.

Permits for 70 homes for white and 84 homes for colored residents were issued. New business buildings totaled 27. Building of five cabins for motor courts was authorized. Private garages, other than those with new homes were 20.

There was much alteration, remodeling and repair of structures during the year and 137 permits were issued for this purpose.

Wendy Barrie To Be Guest Of Jaycees

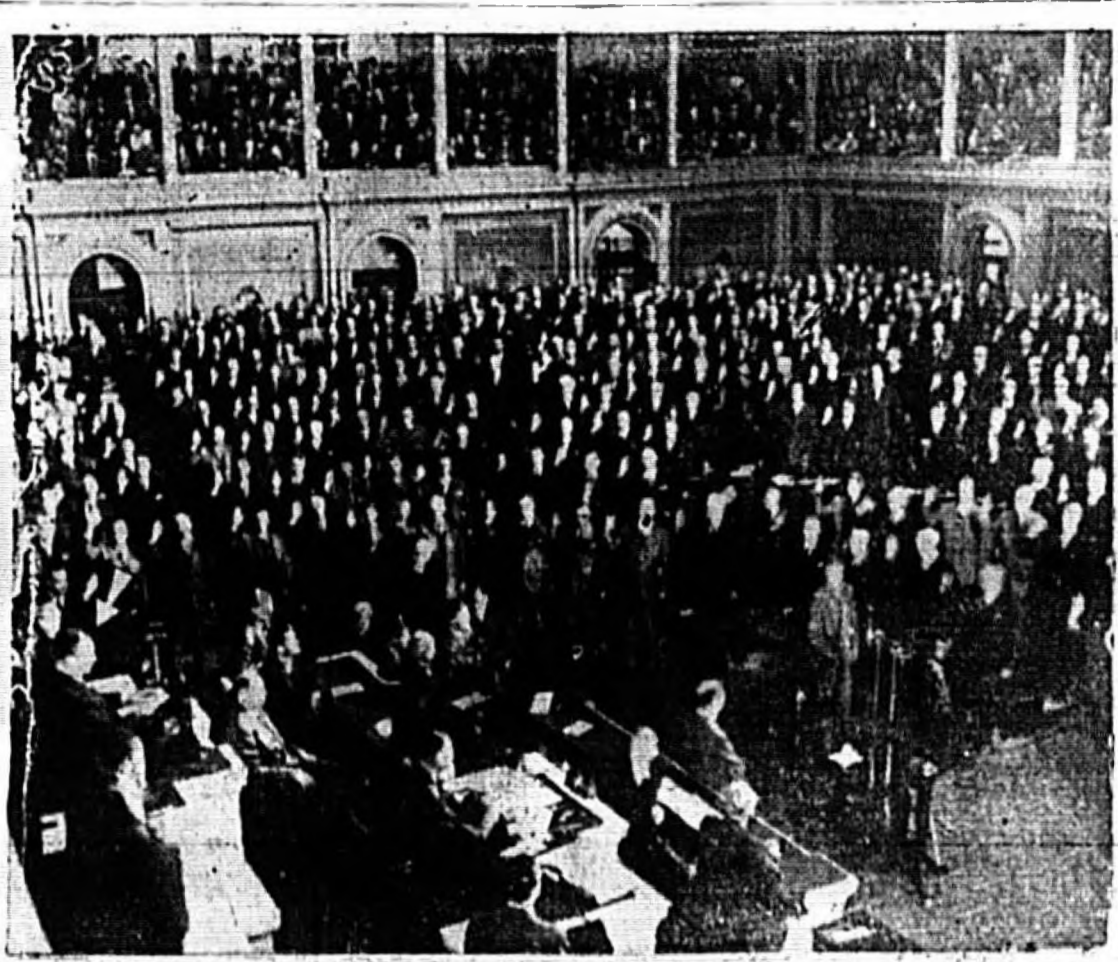

JACKSONVILLE, Jan. 7. (AP)—Almost a million dollars worth of surplus motor vehicles are to be offered for sale at the Jacksonville Naval Air Station to certified veterans and other priority groups. It was announced today. The sale will begin Jan. 18.

The vehicles on sale include every kind except those most widely desired, passenger cars.

FLORIDA SENATORS ACTIVE

WASHINGTON, Jan. 7.—(AP)—Florida's United States senators were assigned to important committees in the new Congress today. A Democratic caucus placed Senator Pepper on the Labor, Agriculture, and Welfare Committee. Senator Holland is slated for the Rules Committee and the District of Columbia Committee. Both senators, of course, in this Republic Congress, will sit on the minority side of the committees.

Swearing In The New Representatives

NEWLY-ELECTED Speaker of the House, Joseph W. Martin, Jr. (far right) administered the oath of office to new members of the House of Representatives at the Capitol in Washington. The view was made looking toward the Republican side of the chamber. A number of legislators were on hand as the first Republican-controlled Congress in 15 years convened.

Celery Growers Predict Shortage Of Winter Crop

With celery planting showing a decrease in acreage in the United States, growers are predicting a shortage of winter crop.

The celery crop in the United States is expected to be a record low this year, according to growers. The crop is expected to be a record low this year, according to growers. The crop is expected to be a record low this year, according to growers.

Fed Cagers Open Season Tonight In Daytona Beach

The Daytona Beach High School football team will open their season tonight when they play the first game of the season.

Scarcity Caused By Less Acreage, Vari- ations Of Growth

With celery planting showing a decrease in acreage in the United States, growers are predicting a shortage of winter crop.

T. B. Seal Drive To Be Continued Through January

The sale of Christmas trees will be carried on through January in order that the 11,000 jobless donations received and the sale of 14,000 may be budgeted according to George T. Seal, chairman of the drive being put on by the Seminole County Health and Hygiene Association.

Surplus Vehicle Sale

JACKSONVILLE, Jan. 7. (AP)—Almost a million dollars worth of surplus motor vehicles are to be offered for sale at the Jacksonville Naval Air Station to certified veterans and other priority groups. It was announced today. The sale will begin Jan. 18.

French Use Paratroops

PARIS, Jan. 7. (AP)—The French used paratroops in their battle against Viet-Nam forces in Indochina today. The assault with airborne forces was made as the French fanned out from Hanoi and extended their control to Namdinh. French Colonial Minister Marlon Moutet is ready to leave Saigon tomorrow to report to the Paris government on his efforts to reach peace with the Viet-Namites.

Oxygen Explodes

QUINCY, Mass., Jan. 7. (AP)—After an all night search fire officials announced today that no one was trapped last night in an explosion of 2,000 oxygen tanks at a West Quincy plant. At first it was feared that at least one workman had been killed by the blast but a search of the ruins at the Air Reduction Sales Company proved the fear was unfounded. Eight persons were injured in the explosion.

Negro Workman Dies In Truck Accident

A Negro workman died in a truck accident in Daytona Beach.

The accident occurred on Monday night when a truck carrying a load of lumber overturned on its side, crushing the driver.

Victim May Be Ex- pected To Recover

The victim of the truck accident is expected to recover from his injuries.

City Commission To Elect Mayor Tonight

The City Commission will meet tonight to elect a new mayor for the city of Sanford.

Home Service Assistance to Servicemen, ex-Servicemen, and their Dependents — American Red Cross, Lakefront Boulevard
Veterans Administration — George S. Anderson, Sheriff's Office every Tuesday.

Truman To Ask Budget Of 39 Billion

Demand Would Be 7 Billion More Than G. O. P.'s Estimate; McCormack Is Whip

WASHINGTON, Jan. 7.—(AP)—President Truman is expected to ask Congress for a budget of \$37,000,000,000 it was revealed today. That's \$7,000,000,000 more than the estimate given newsmen by the new House Chairman of the House Appropriations Committee, Rep. John Taber of New York.

House Minority Leader Sam Rayburn announced the appointment of Rep. John W. McCormack of Massachusetts as Democratic whip.

The Senate will introduce a bill to amend the Federal Reserve Act to require that the Federal Reserve Board be composed of five members, but the House bill would require six.

Congress has before it a bill to curb the pollution of American rivers by waste from industrial and municipal sources. The bill was introduced in the House by Representative Karl Mundt, Republican of South Dakota. It is similar to legislation which got passed in 1945, but it is more comprehensive.

The bill would require that all cities with a population of 10,000 or more have a sewage treatment plant. It would also require that all cities with a population of 10,000 or more have a sewage treatment plant. It would also require that all cities with a population of 10,000 or more have a sewage treatment plant.

Short Founder Of Miami Herald, Dies

FRANK M. SMITH, the man who founded the Miami Herald in 1905, died today at his home in Miami. He was 77 years old.

Smith started the Herald when Miami was a small town and he sold the paper through the ages. He left the newspaper in 1937 to John S. Knight.

City Commission To Elect Mayor Tonight

The City Commission will meet tonight to elect a new mayor for the city of Sanford.

Terminal Leave Bulletin

WASHINGTON, Jan. 7. (AP)—The War Department announced today that widows, children and other survivors of former soldiers who died after honorable discharge from the army and who did not claim the veteran's terminal leave pay are entitled to collect these payments. It is estimated that \$40,000,000 is due eligible survivors.

Truman Declares Lower Prices Are Key To Prosperity

President Cites Need For Greater Production, Reasonable Pay Demands

WASHINGTON, Jan. 8. (AP)—President Truman told Congress today he thinks the key to American prosperity this year is lower prices. And he added that means labor must stop pushing wage demands that will keep prices high. Said the President:

"As the year 1947 opens America has never been so strong or so prosperous. For never have our prospects been brighter."

And then he went on to say: "I reject, and I know the American people reject, the notion that we must have another depression. I am referring to minor detours and bumps in the road ahead—these we know we shall have."

In an economic message to Congress, President Truman outlined his views on how depression can be avoided. He said we need more production—about 5 percent more than last year. He said, we've got to keep employment at its record-breaking high level. But to do both of these things, the people have got to be able to buy the goods to keep production going.

Mr. Truman said that means prices have got to come down so the people can buy. He asserted that businesses should reduce prices whenever it can to increase the purchasing power that will bolster markets. He added that labor should refrain from demands for excessive wage increases that would require price increase or prevent price reductions.

The President called for labor laws that do not punish labor, but that do not stop jurisdictional strikes and some secondary boycotts.

The President does think some wage adjustments are necessary. He said management must recognize that greater production can permit bigger pay checks as well as lower prices. The President declared that the minimum wage should be raised above its present 40-cent base—and the fair labor standards act should be extended to classes of workers that now are excluded.

Beyond that, the President thinks taxes ought to stay high for a while. He agreed that they ought to come down as soon as possible, but he doesn't feel this is the time. When taxes do come down, Mr. Truman believes the cuts should be distributed fairly so as to lighten the load on the mass of consumers and still give business the incentive for high production.

The President called for an extension of rent controls. He said we ought to start a long-range housing program to reduce the cost of housing and help start a million new houses this year.

Mr. Truman said that Social Security benefits should be increased.

Legislation Offered By Senator Ball To Outlaw Closed Shop

WASHINGTON, Jan. 8. (AP)—Legislation was presented to Congress today which would have far-reaching effects on labor unions and their contracts. Under a measure offered by Senator Joseph Ball of Minnesota, Congress would outlaw closed shop contracts, union shop contracts and maintenance of membership contracts.

The Minnesota Republican seeks to ban agreements which require workers to join a union before they can be hired. He also is seeking to end contracts under which non-union men may be hired but then made to join a union within a certain time.

In maintenance of membership agreements which Ball wants to see barred, no one is compelled to join a union but those who do must remain in it while the contract lasts or else lose their jobs. In addition to these three types of contracts, Ball wants specially to prohibit the so-called yellow dog contract under which employers make non-membership in a union a condition of employment. But actually this type of contract already is banned under the Norris-LaGuardia act and the National Labor Relations Act classifies it as an unfair labor practice.

Lester Tharp Installed As Kiwanis Head

Club Votes Endorsement Of City Plan For Colored Park

Lester Tharp was today installed as president of the Kiwanis Club, and retiring President J. W. Hall was congratulated on his administrative record for the past year by Lieut. Governor Earl Myers of Florida. Mr. Tharp, who is manager of the local office of the Western Union Telegraph Company, has served during the past year as first vice president of the club.

Other officers installed were: Frank Lamson as first vice president; W. A. Morrison as second vice president; P. P. Campbell as treasurer; Oscar Harrison as financial secretary and Ralph A. Smith as secretary.

Directors installed were: Roy Mann, Joel Field, Luther Doss, Edward Lane, Sanford Doudney and B. B. Crumley. E. G. Kilpatrick was absent due to illness. Edward Lane, Julius Dingfelder and W. B. Zachry were greeted as past lieutenant governors, and the following past presidents of the Sanford Club: Rev. E. D. Brownlee, C. C. Hall, Rev. W. B. Zachry, Ed. Hargrave, Fred Wilson and John Dingfelder. "Pop" Campbell was highly commended for his 10 years of service as club treasurer.

Upon suggestion of the Rev. J. E. McKinley of the First Methodist Church, and the Rev. E. D. Brownlee of the First Presbyterian Church, the club voted to endorse the City program for the establishment of a recreational park for young colored people, also to assist in the program in every way possible. Dr. Brownlee stated that the colored people have made a very careful survey in regard to establishment of this project.

W. B. Zachry reported that Kiwanis had bested other civic clubs and organizations by raising \$202 for the Salvation Army Christmas fund. Capt. Byrd, president of the local Salvation Army post, congratulated the club on this project.

Henry McLaughlin and F. Haaky Wright won attendance prizes. Jack Russell announced that tickets were for sale to the colored people at the South Side Primary School. Guests were Mr. Myers, E. B. Adams of Gainesville, C. O. Bradley and A. J. Thomson of Jacksonville, Frank Dees of Jacksonville, Blaine Mitchell of Jacksonville, A. V. Claine of Sanford and Clyde Hutt and Harold Kastner of the key club.

Experiments Are Made With Hot Gas Insecticide

Experimental work has been going on for several weeks at the Central Florida Experiment Station and at east and west side farms in celery and vegetable crops. Control by means of hot gas generators which were first developed to screen troops landings during the war. A generator for this purpose was first built by the Todd Shipbuilding Corporation, according to Alfred Ougherson, company representative who is now staying at the Mayfair Inn.

He explained that the insecticide, in the form of hot gases covering large areas have better penetration qualities than sprays, and also envelope all parts of plants. It is hoped that this new method will open new possibilities in insecticide control, he declared.

Col. J. H. Williams, representing the Lister Company of England, who spent 30 years in Burma breeding and training elephants and who served in Mesopotamia and in the British invasion of Gallipoli in World War I, has been devoting several weeks study to the fog spray work with the idea of using it to tame death dealing insects in Africa and India, such as flies that spread dysentery and cholera, and malarial carrying mosquitoes. He has also been staying at the Mayfair Inn.

ATWA BOMBS CASUALTY

ATWAJALIN, Jan. 8. (AP)—It was disclosed today that a British capital ship, the former heavy cruiser Prince Eugen, has gone to the bottom as a result of the underwater atomic explosion at Bikini last July. The Prince Eugen capsized suddenly and sank on Oct. 18.

Tresses Snipper

ACCORDING to the Santa Monica, Calif., police, William Pyle (above), 16, of West Los Angeles, is reported to have admitted that he had snipped the tresses of six young women with barber shears he is holding. In each case the women were waiting on bus benches when he approached them and cut their hair. (International Soundphotos)

Need Is Revealed For More Space At Court House

Ware Says Increased Records, Service Call For Addition

Seminole County Commissioners are faced with a new problem: how to provide more space for cramped departments in the Seminole County Court House. This problem was brought squarely to their attention yesterday by County Judge R. W. Ware, who told them that his office space was inadequate and too crowded to carry on the increased business.

Judge Ware pointed out this morning that he required more vault space to store valuable records, also declared that there has been quite an increase in the business of his office, with as many as 200 to 300 persons a day, applying for some sort of service. Many types of licenses including marriage auto drivers, hunting and fishing licenses. In addition, there are legal matters pertaining to divorces, adoptions, the detailed work on all county court proceedings.

Tax Assessor Sanford Doudney said today that he had brought up the matter of more space for his department last year but that the Commission did not agree with his requests. He said that he would not bring up more requests of this nature until building is on a more substantial basis. At present, he is double to two and a half times the space he has been using.

The commissioners yesterday passed a resolution commending C. R. Clontz, retiring commissioner who was present for his services to the people of Seminole County while in office.

Hilton Brown of Chulotua was appointed as superintendent of the County Home.

Securing of right of way for State Road 410, a report as complete except a small strip through an orange grove for which the Commission is now negotiating. Contract was let to J. R. Wadsworth and Son of Lake City.

Application of Ruth St. John, Carlos to operate a liquor package store at Five Points on the Orlando Highway was approved.

The Board confirmed all present appointments in the present status. Mr. Herndon reported. A clerk he was directed to advertise for bids for two dump trucks to be used by the County Road Department. Attorney L. F. Boyls was instructed to attend the coming meeting of the State Road Department. James C. Rhodes applied for a lease on Rat Island which is south of Lake Harber and north of State Road 46 where it crosses the St. Johns River. Action was deferred on the request pending study of State Road Department requirements.

Lawton Back, Calls Meeting Of Board

Supl. T. W. Lawton, after months of absence due to illness, has resumed his duties as county superintendent of public instruction, and has been welcomed at the Court House by many friends.

He is occupying his office during mornings, he said, during his absence. Herman Thorpe, principal of the Seminole High School, assumed the duties of the superintendent.

A meeting of the County Board of Public Instruction will be held Thursday morning at 10:00 o'clock, Supl. Lawton announced.

Selection Of Marshall Is Widely Hailed

Appointment Is Approved In Washington, Entire World; Marshall Is Silent

WASHINGTON, Jan. 8. (AP)—The Senate unanimously approved the nomination of George Marshall as Secretary of State today. It acted less than an hour after the President sent the appointment to Capitol Hill for approval.

By ASSOCIATED PRESS
General Marshall said today that he would be foolish to comment at this time on matters of State Department policy. In fact, the General refused to say anything about his plans as number one Cabinet officer.

Marshall talked to newsmen when the plane carrying him home from China stopped at Guam. He said that he had discussed the possibility of his appointment with President Truman, but the General's aide explained that the actual appointment was not known to Marshall until he heard it over the radio in the plane, as it flew westward from China.

The appointment of General Marshall was hailed today by James A. Farley as an excellent choice. Former Postmaster General Farley said that President Truman had obtained Marshall for the post. Farley added "I think he will carry on in the same excellent manner as did secretaries Byrnes and Cordell Hull."

In Washington, where the appointment is being applauded both diplomatically and congressionally, leaders agreed that the General likely will follow the international line set by Byrnes and that will include a firm stand toward Russia.

Foreign quarters are alert to these and other possibilities. Chinese political circles in Shanghai believe the State Department will give its chief attention to Russo-American relations, with emphasis on the Far East. Chinese Communists are keeping quiet for the moment.

But in the first expression of opinion from Russian-controlled sources, the Berlin newspaper Night Express welcomed Marshall as a sign of what it called more flexible views and policies than Byrnes. It predicted that Marshall would work for closer cooperation with Russia.

English and French journalists are measuring the switch in Truman of early tactics, with Mr. Truman thus having made another move in dealing with the problem of organizing next year's presidential campaign.

The Italian press is talking about political crisis in America, although in Italian journalistic parlance any Cabinet change is a crisis.

The Germans, probably more than any others, are nervous over Byrnes' resignation. They seem to be sorry because they feel that Byrnes' speech in Stuttgart last September gave them a hope of existence. Now he won't be on hand for the approaching peace conference in Germany.

But Lieut. Gen. Lucius D. Clay, who becomes the European commander in March, told German leaders in Stuttgart today that he believed Marshall's appointment would not change American policy in Germany.

About the happiest man in the entire picture seemed to be Byrnes. When a group gathered around Byrnes at a diplomatic reception in the White House last night to wish him well, he said with a smile:

"There are two happy days in the life of a man in public life—the day he is elected, and the day he steps out."

In 1896, the United States had a horse population of 20,000,000 and a truck population of one. In 1946, there were 10,000,000 horses and 5,000,000 trucks.

French Count, Great Grandfather Of J. M. Moye, Planted First Citrus Grove

By Willard Connolly
The great grandfather of J. M. Moye of Sanford, Count Odette Phillippi, a titled Frenchman, and pioneer white settler of the Florida peninsula, is credited with planting the first citrus grove in Florida near the Indian River where he first settled prior to locating on the west shore of old Tampa Bay.

According to D. B. McKay, former publisher of the Tampa Times, Count Phillippi was a great nephew of King Louis XVI of France. He was a schoolmate and intimate friend of Napoleon Bonaparte, who became emperor of France. He was distinguished as a chief surgeon in the French Navy. At the great naval battle of Trafalgar, Oct. 21,

Three Killed In New Jersey Plane Crash

SHOWN ABOVE is a general view of the Miami-to-Newark plane which crashed into a wooded area near Carmel, N. J., with at least three reported injured. The DC-3 carried 20 passengers and a crew of three. Shown in the foreground, N. J. Hospital are hostess Venetta Britt, Lambertson, N. C., talking to Paul Fuchs of New York City, a passenger on the ill-fated craft. The couple are hailed as "heroes" of tragedy by helping passengers from the wrecked airliner. The transport was within 75 miles of its destination when the crash occurred. All of the injured were taken to nearby hospitals. (International Soundphotos)

Music Association Presents Concert By Miriam Solovieff

Members of the Seminole County Music Association have been notified and the last of them should have reached holders by this morning. H. H. Coleman, president of the music group. The first meeting for these cards will be Friday.

Those who have heard Miss Solovieff's concert say that the young girl who is charming them with her artistry has over ten years of concert work to her credit in a spite of two severe and five years of age. He asserted "In addition to her many concerts, she has been heard in frequent recitals and a soloist with major symphony orchestras throughout the United States."

During the past two seasons alone Miss Solovieff has performed in concert and with orchestras in the Herald Tribune, San Francisco, Calif., and from Maine to Arizona. Many of these appearances have been in cities that, having heard her play, have called her back for more. "Sanford is indeed fortunate to have an accomplished artist appear in concert here," said Mr. Coleman. "and I am sure that the full membership will take advantage of this rare treat."

Following one of her recent appearances in Sanford, New York City, the Herald Tribune wrote: "Once again Miriam Solovieff proved that she is one of the most gifted to our younger violinists. Her tone is exceptionally large for a player of the gentler size and its texture is luminous and sensuous."

While attendance at the concert is limited to members of the music association, there are some tickets available at the front center for winter visitors who would like to avail themselves of the opportunity to hear this accomplished musician.

Music Box, Echols Retail Display Move

F. C. Winn has moved his Music Box store from its former location in the Princess Building to roomier quarters near downtown Sanford. The store is now located at the east half of the former Supply Store, which for the past year has been occupied by the Echols Bedding and Furniture Company.

The Echols firm, which still occupies the rear portion of the store section, will move its retail display today to its new quarters at 300 Sanford Avenue. The mattress factory established here 25 years ago is still in operation at Celery and Sanford Avenues. Roy W. and H. G. Echols operate the firm, which reports a growing business in the Seminole, Orange, Lake and Volusia county areas.

LONDONERS GO HUNGRY

LONDON, Jan. 8. (AP)—Millions of residents are threatened with hunger today in the mounting strike of truck drivers. Strike leaders estimate that from 13,000 to 14,000 men are involved in the walkout which has halted the movement of food from all of the city's principal markets. Many London butcher shops had no meat at all and there was a heavy drain on vegetable stocks. The strike started Monday following failure to write a new contract after nine months of negotiations.

Five Persons Hurt As Fire Destroys Pier

Damage Estimate Is Several Million In Railroad's Export Dock Fire In Jersey

WEEHAWKEN, N. J., Jan. 8. (AP)—A spokesman for the New York Central Railroad said that damage is expected to run into several million dollars in the general alarm fire today in two of the road's export piers at Weehawken, N. J. New York Central Fire Chief Ernest Wevill expressed a belief that the blaze was started by the lighting of gas when a drum of carbide sprang a leak and the carbide came in contact with water.

The fire was tamed by high winds and dense clouds of smoke hovered over the Hudson River waterfront opposite mid-town Manhattan. Five railroad employees were injured when the fire broke out on pier three, which was destroyed. The flames spread to pier four and thousands of New York bound commuters watched spurts of flame leap hundreds of feet into the air.

A fleet of three New York City ferries unmoored 20 railroad piers and land apparatus from Weehawken, West New York, and Union City, N. J.

There were 50 railroad cars of freight on pier three when the fire started and all but about ten were removed. The railroad said that all of 40 freight cars on pier four were taken to safety.

So tremendous was the fire that black clouds of smoke rolled across from the west side and spread over the midtown Manhattan area. The New York Fire Department had at least two false alarms from Weehawken residents who believed the tremendous blaze to be on the New York side of the river. Two calls came from locations 24 blocks away from the 42nd street ferry slip in New York which is directly opposite the blazing railroad pier.

H. James Gut Is Re-elected Mayor By Commissioners

Andrew Carraway Is Sworn In As New Member Of Board

Mayor H. James Gut was re-elected for a second one year term, and Andrew Carraway signed his oath of Commissioner of Public Safety today at the initial 1947 meeting of the Sanford City Commission last evening.

Plans for a \$20,000 strand steel and stucco building to be erected at Palmiste Avenue and Second Street by the Heller Motor Sales Company, were submitted by Bob Heller, Jr. and by Frank Ashdown, contractor, and were approved, H. S. Sayer, city manager, said today.

G. W. Spencer, representing licensed cultural businesses, requested that the city adopt an ordinance requiring certificates from all persons practicing beauty treatments. The City Attorney, Fred R. Wilson, was directed to draw up such an ordinance, requiring that beauticians, white or colored, be required to secure a state certificate attesting that they are qualified beauty operators, before being allowed to practice.

Purchase of 15 refunding Series A bonds at \$800 apiece was approved, said Mr. Sayer. A total of \$125,000 for the purchase of standard sized lots on the new section of the cemetery just opened.

A letter was read from M. E. Webb, who said he wishes to erect a garage on West First Street between Palmiste and Second streets. He requested that this block be rezoned from residential to commercial status. The matter was referred to the zoning committee.

Fraser Files Suit In Supreme Court To Gain Position

(BY ASSOCIATED PRESS)
State Senator Edwin G. Fraser filed action today with the State Supreme Court to oust Clarence M. Gay from the office and surrender the position to him. The count did not immediately set a date to hear both sides of the case.

The atmosphere was cleared for this step late yesterday when the State Supreme Court refused to accept an action filed by Attorney General Tom Watson. The State's legal expert sought to force both claimants to present their contentions to the Supreme Court, but the high tribunal said this action wholly failed to comply with State statutes.

Watson's petition was stricken from the record and the docket was cleared for a suit by Fraser. The senator was elected Comptroller in November. But Governor Millard Caldwell refused to issue Fraser a commission on the grounds that he was a member of the legislature which raised the Comptroller's salary. Meanwhile, Caldwell appointed Gay to serve as Comptroller, and Gay refused to relinquish the job.

PARIS GUILTY OF BRIBING

NEW YORK, Jan. 8. (AP)—The verdict in the Alvin J. Paris case is guilty. The 28-year-old novelty salesman and dapper Broadwayite was convicted today of offering bribes to two New York Giant backfield stars in an effort to fix the pro-championship game on Dec. 15.

During World War II, psychiatrists found more mental illness among troops led by poor officers than among those led by good officers.

THE WEATHER

Mostly cloudy and occasional light rains in extreme north portion. Fair in south and central portions. Considerable cloudiness and fog in north portion tonight. Cooler extreme north, otherwise little change in temperature. Gentle east to southeast winds in south and gentle variable winds over north.
