## WOMEN RALLY TO DEFENSE OF DRY STATUTE

Come To Hearing Prepared To Disclose Common Opinion Of Womanhood Of U.S.

WASHINGTON, Mar. 12—(AP)—More than a score of prominent club and society women from all sections of the country were mustered to the defense of the prohibition laws today, by dry leaders presenting testimony before the House Judiciary Committee in opposition to the report of the Eighteenth Amendment.

They came with prepared statements intended to show a cross-section of the opinion of American womanhood. All said the majority of their sex was in favor of the dry laws. Brief statements from Miss Henry Ford and Mrs. Thomas A. Edison were submitted.

It was the prohibitionists' third day before the committee. Four more are to follow, giving the dry side a total of 12 days taken by the wets in their efforts to defend the multi-billion statute and the conditions which they attributed to it.

Under the leadership of Mrs. Henry W. Peabody of Beverly, Massachusetts, the chairman of the woman's national committee for law enforcement, the claim was presented that 12,000,000 women favor a continuation of prohibition.

A prominent witness was Miss John Stimpson of Baltimore, president of the General Federation of Women's Clubs, who had traveled in an anonymous telephone truck advertising her views and turned up at the hearing.

**Former League Of  
Nations' Official  
Will Visit Rollins**

WINTER PARK, Fla., Mar. 12.—Sir Herbert B. Ames, Canadian diplomat, and former treasurer of the League of Nations, is coming to Rollins College next week to visiting Carnegie Professor of International Relations to hold student conferences on the League of Nations throughout the week. A such, it is announced. Sir Herbert will take his place as a member of the Winter School faculty. His schedule will include, chiefly, the members of John Martin's class in "International Relations."

Sir Herbert was for seven years the financial director and treasurer of the League of Nations. He was one of the original members of the Secretariat, joining that organization at London in September, 1919, and remaining with it until the summer of 1920. In the latter year he was one of the Canadian representatives at the Seventh Assembly.

Since returning to America, Sir Herbert has devoted himself mainly to lecturing in universities and colleges, and in more than forty American educational institutions.

**New Orleans Blaze  
In Warehouse Ruins  
Many Cotton Bales**

NEW ORLEANS, Mar. 12—(AP)—Between 400 and 500 bales of cotton were destroyed today in a waterfront fire in a section of the dock board's cotton warehouse at Valencia Street. Firemen had the flames to one section of the tall structure by closing down the partitioning doors.

Today's fire let policy to start an investigation to determine if the three front fires of the last few weeks were of incendiary origin. The first blaze was in the Charbonneau Wharf three weeks ago, destroying the wharf, burning the steamship Scantic and causing the death of six persons.

Later yesterday a fire of undetermined origin started under the Mandeville Wharf and burned down the structure and caught the steamship Minnie tied alongside. The fire today, like the other two, started from an undetermined cause and spread quickly. The firemen had an easier fight against today's fire because of the steel building, the others being of wood.

## BY NO MEANS

### "ONE OF THE STANDARD MAKES"

EVERY so often someone refers to the leading tire companies as "the big five," and to their tires as "the standard makes."

Candidly we feel this is a grand "break" for the other four, but something of a hardship on Goodyear.

The fact is, Goodyear builds more tires than any other manufacturer — more than *one-fourth* of all the tires sold in America, the remainder being divided among some fifty other companies.

Goodyear reached this position of

world-leadership not by building tires that are "one of the standard makes," but by building tires that are emphatically and conspicuously super-standard!

There is only one reason why year after year "more people ride on Goodyear Tires than on any other kind," and that is because year after year Goodyear Tires are better tires to ride on.

They are *provably* superior — super-standard — and the whole world knows it, which is why you should visit your nearest Goodyear Dealer without delay!

## Spencer Child Given Party By His Mother

George Spencer celebrated his second birthday anniversary on Monday afternoon at his home on Myrtle Avenue when his mother, Mrs. G. E. Spencer, entertained with a bir day party in his honor. Games and contests were enjoyed throughout the afternoon. Doris McCall was given a jar of candy for winning in the peanut race while Jewell Bettie and Asa Kilk Powell, who died in the peanut hunt, were presented with jars of candy.

At the conclusion of the games the guests were assembled about the refreshment table which was centered with a birthday cake. The hostess, assisted by Mrs. George McCall, Mrs. J. G. Michel, Mrs. L. A. Renaud and Mrs. C. W. Baker, then served ice cream, cake and lemonade.

Those invited to be with the hostess were: Mrs. Jim Baker, Herbert Moreland, Jimmie McHugh, Edmund and Ansil Powell, June John, Alice Jean, and Oscar Brooks, Oren Adams, Helen Adams, Doris and Robert McCall, Sylvia Melton, Jewell Bettie and Jimmie Lee Renaud.

## Officers Of P.T.A. Are Elected For This Year

New officers for the coming year were elected at the meeting of the Seminole High P. T. A. held recently at the school auditorium with Mrs. H. B. Gilham as hostess. The officers are as follows: Mrs. A. M. Phillips, president; Mrs. J. E. Preston, vice-president; Mrs. R. R. Dear, secretary; Prof. R. C. Heslep, treasurer, and Dr. Virginia Spencer, historian.

Mrs. Phillips as president, told of a letter that had been mailed to all members of the P. T. A. urging them to attend the meeting and to lend their co-operation to the school. It was then reported by the cafeteria committee that their work was successful, which their treasurer reported, had a good balance in the bank.

Miss T. W. Lawton later gave a talk on the appreciation of the work done by the P. T. A. Just before the close of the meeting it was decided that the April meeting will be held in the evening and an interesting program is being planned. Refreshments were then served by the hostesses.

## New York Theatre Magnate Succumbs To Heart Attack

PALM BEACH, Fla., Mar. 12—Death has laid hands on Edward F. Albee, New York theatrical magnate. He died suddenly at a hotel here last night from a heart attack, a malady to which he had been intermittently subject for some time. He was 72 years old last October.

Mr. Albee's body will be taken back to New York, leaving here Thursday at 12:45 P.M., and funeral arrangements will be completed there. Mr. Albee retired from active control of the Keith-Albee enterprises last November with the merger of the Radio-Orpheum group.

For a number of years he had in Mr. Albee's custom to spend portion of the winter in Palm Beach. It was on such a visit that death failed him. He passed quietly in his room. He and his wife and son, Reed A. Albee, were talking together when he stricken.

## Civil Disobedience Leader Completes First Lap Of March

AHMADABAD, India, Mar. 12—Mahatma Gandhi, Indian national leader and 50 of his disciples today completed the first lap of their 200-day march to Jalalpur, inaugurating his civil disobedience campaign for complete Indian independence.

There were about 20,000 persons gathered at the entrance of Gandhi's quarters here when the mahatma and his followers set out from Ahmedabad last Friday. Most of those who had followed the procession turned back at the boundary and returned to their homes.

The procession then traversed the road to the village of Aasai which was reached after a four hours' march. There were about 25 in the group which reached the village. Here about 100 townsmen with flags, garlands and music received the marchers.

Two places have been set aside in the village for the party, one a rest house and the other a place for meals. Gandhi plans to remain in Aasai today making one public address when a purse will be presented to him in behalf of the villagers.

Leaving Aasai tomorrow morning a halt will be made at Barera and then at Navagam where the procession will halt for the night. Seven film companies including one German accompanied the party taking films.

## Theatrical Producer Is Injured In Fall

BRIDGEPORT, Conn., Mar. 12—(AP)—Philip Dunham of Webster Playwright and theater producer was under observation today at the Bridgeport Hospital with possibly internal injuries, and an injury to his back received in a fall in a gaudy station on 10th Street.

The accident occurred last night while he was going to the aid of Mrs. Adele E. Henry, a chambermaid of a commercial employer, who had fallen into the pit as she was getting into an automobile. Mrs. Henry recovered as he plunged into the opening. Believing that the woman had fallen to the ground, and unable to see the pit or the darkness, Dunham ran in the direction of the woman's station and stepped into the opening.

But five minutes of solo dancing every day to the music of songs and soliloquies over the radio is inspiring. It braces tired muscles, relaxes the nerves, and is an excellent uplift for the spirits.

Take the spirit and you lift the fatigued muscles, the dancing then is beautified.

## Houston Testifies At Hearing Before Senate Committee

WASHINGTON, Mar. 12—(AP)—Apparently wholly at ease, Condine H. Huston, chairman of the Republican national committee and a committee member in a chair 10 feet apart, comported himself well before the Senate lobby committee here today and testified that he knew nothing of missing records of the Tennessee River Improvement Association.

Called to testify concerning Miami knowledge of the improved association's activities in connection with Muscle Shoals legislation, Huston, a former president of the organization, said that J. W. Worthington, executive chairman of the association, was probably the only person who could give the committee the desired information. He promised, however, to attempt to obtain the record.

Chairman Caraway of the committee had previously charged that Worthington was "dodging" the committee. After Huston added that the secretary was ill in a Detroit hospital, Caraway remarked that he would remain "sick" until there was no danger that the committee would question him. Huston suggested that if the committee members did not believe Worthington was "really ill" they should make efforts to have him appear.

FRIDAY, MARCH 14TH, WE START A SPECIAL 9-DAY DEMONSTRATION OF THE NEW FRIGIDAIRE HYDRATOR

TOLEDO, Ohio, Mar. 12—(AP)—Several thousand visitors came to the site of the first launch of the Southern Biplane Inc. and stopped with 200 men and an equal number of girls.

**HYDRATOR**

Hydrogen your opportunity to find out all about the marvelous new Frigidaire Hydrator.

On Thursday, March 13th, we start a special 9-day demonstration—one of the most interesting ever held in our showroom.

We will show the Hydrator in actual use—just as you would use it in your home. You will see how lettuce is made tender and brittle by the Hydrator's moist reviving cold. You will see how celery and radishes take on added crispness—how tomatoes are improved in texture and flavor. And that is not all you will see.

The latest household cabinets in Porcelain-on-steel will be on display. The famous "Frigidaire Cold Con-

trol" will also be demonstrated. You will be shown how this device freezes ice cubes faster—how it permits you to make scores of unusual desserts that require extreme cold.

Will you be our guest?

## SPECIAL OFFER

Until Saturday, March 22nd.

We are prepared to make a liberal special offer to all who buy Frigidaire during our 9-day demonstration. Let us tell you about this offer. Let us tell you about our easy payment plan. Come in at your first opportunity. We will be open evenings until ten o'clock every day of the demonstration.

### BYRD MAY GO ON SECOND JOURNEY INTO ANTARCTIC

#### SAYS HIS PLANS WOULD CAUSE SENSATION IF HE DIVULGED THEM

DUNEDIN, N. Z., Mar. 12.—(AP)—The possibility that Rear Admiral Richard Byrd will take another expedition into the antarctic was foreseen here today.

Admiral Byrd in an interview said, "If I were to say what I am going to do next, my remarks would cause a sensation."

Although the intrepid explorer, who returned Monday after more than a year at the bottom of the world during which he flew over the South Pole, declined to commit himself further, the trend of events here and feeling among his party indicate that he hopes to return to the antarctic to make further explorations east of the Ross Sea.

Although Norwegian and other expeditions are now working west of the sea, it was pointed out that there are still vast territories unexplored, notably between the Bay of Whales and Deception Island, the latter the base of Sir Hubert Wilkins in his antarctic flights.

"I feel under obligation to those who have donated material to this expedition," Byrd said, "and all unused gear will be returned to them."

Although most members of his expedition have left Dunedin on trips for fishing or hunting, Adm. Byrd is rushed with work here in an endeavor to start for home next Wednesday or Thursday. The City of New York is on the dry dock and the steamer Eleander Bolling goes on tomorrow for refitting.

When leaving the British warship Laborum, after an inspection tour, Byrd received a 13 gun salute, his first admiral's salute since his promotion by his country.

The government today granted Byrd and his party free travel over railroads and the premier's lounge car has been placed at the admiral's disposal. In a radio broadcast Byrd said that Americans would hold everlasting gratitude toward the people of New Zealand.

"In no other country," he said, "could we receive such hospitality as have been accorded our expedition."

Dr. Lawrence Gould, geologist of the expedition, said that his discovery of coal on Mount Nansen had convinced him that the antarctic until comparatively recent years had either had a tropical or subtropical climate. Dr. Gould said he had determined further that the great barrier was a floating sea of ice anchored to islands and mountains; that the Ross Sea extended many miles eastward than that supposed and that the Queen Maud Range of mountains was the greatest in the world, and unlike either the Himalayas or the Andes, it is of the fault block type, he said, and on them were

### Shanghai Has Gone Talkie Mad Despite Speech Handicaps

SHANGHAI, Mar. 12.—(AP)—Shanghai has gone "talkie" mad. There are enough English speaking and understanding Chinese in the metropolis to keep the motion picture theatres equipped with sound and talking apparatus packed at nearly every showing.

Houses are sold out three and four days in advance and the man or woman who tries to buy tickets at the box office a few minutes before the show starts is cut off luck.

The Chinese are not the only race living in Shanghai to turn devotee of the latest development in motion pictures. Foreigners of all nationalities and tongues flock to the cinema palaces nightly and whether French, German or British find keen enjoyment in what Hollywood gives them.

The "talkies" were first introduced in Shanghai early in the spring of 1929. One first run theatre was wired and several productions were shown. After the novelty of hearing voices on the screen wore off, receipts began to drop and the owner went back to showing silent.

#### RAPS ALIENS

WASHINGTON, Mar. 12.—(AP)—Asserting that aliens were "stealing the birthright of hundreds of thousands of American citizens who are driven out of employment" Senator Heflin, Democrat, Alabama, today introduced a resolution calling upon the secretary of labor to take census of aliens and immediately deport those illegally resident.
