

Poison Warning Issued

For the first time in four years, the number of poisonings reported in Florida last year exceeded 6,000, and overloads of aspirin are still the leading single cause of poisoning, Seminole County Health Director Dr. Frank Leone stated today.

Dr. Leone's statement came in the first of a series of releases for publication in connection with "Poison Prevention Week," March 19-23.

Other medications, both internal and external, accounted for 2,383 poisonings, or roughly one-third of all poisonings reported. When the 1,386 poisonings that resulted from overdoses of aspirin are added to this figure, the total number of poisonings attributable to medications climbs to 3,769. This means that about 60 percent of some 6,000 poisonings reported last year were due to various kinds of medications, Dr. Leone said. There were 80 cases of poisoning in Seminole County in 1967.

Various kinds of household chemicals are the blame for a total of 101 poisonings, or about 16 percent of all cases reported. Within this category, cleaning and polishing agents accounted for 534 poisonings, and accidental ingestions of kerosene accounted for another 305 poisonings.

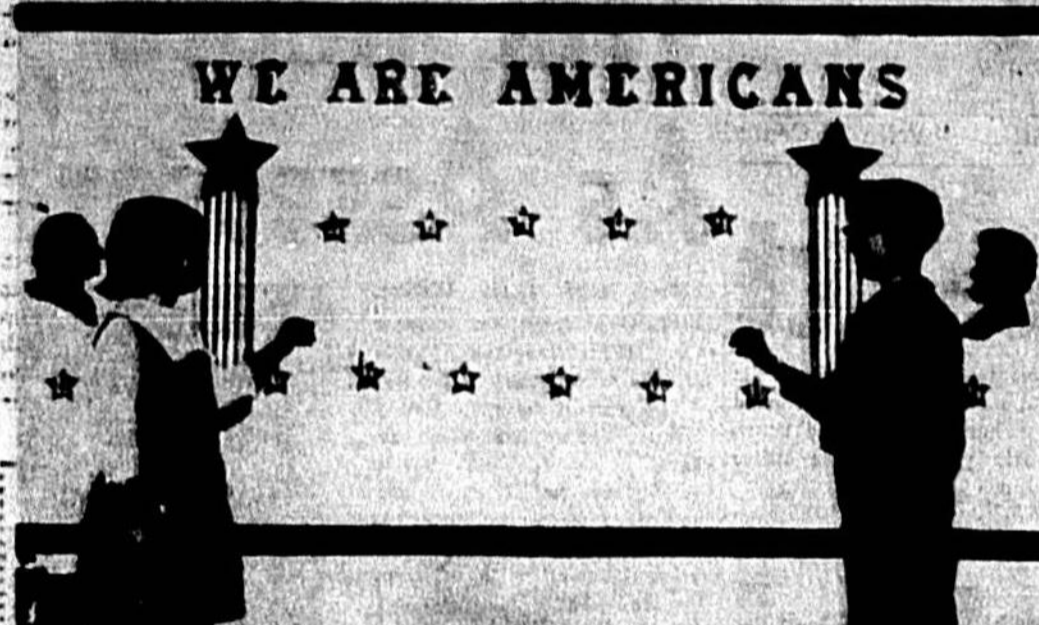

The third major cause of poisonings in Florida last year was chemicals such as bug sprays, weed killers and other pesticides. The 437 cases reported in this category accounted for less than eight per cent of all poisonings.

Poisonous plants resulted in 135 poisonings in Florida last year. Among the dangerous plants are the oleander bush and Jimson weed. There were another 500 poisonings were attributed to "miscellaneous products."

Dr. Leone explained the term "poisoning" doesn't mean that the individual died, although all of those poisonings reported did require some sort of hospital treatment. The poisoning data is based on reports from 33 hospitals that have been designated as Poison Control Centers around the state. Each of these hospitals reports the number of poisonings to the Florida State Board of Health. The most important thing parents can do to prevent a poisoning accident is to keep pesticides, medicines, cleaners and other potentially poisonous products out of the reach of children.

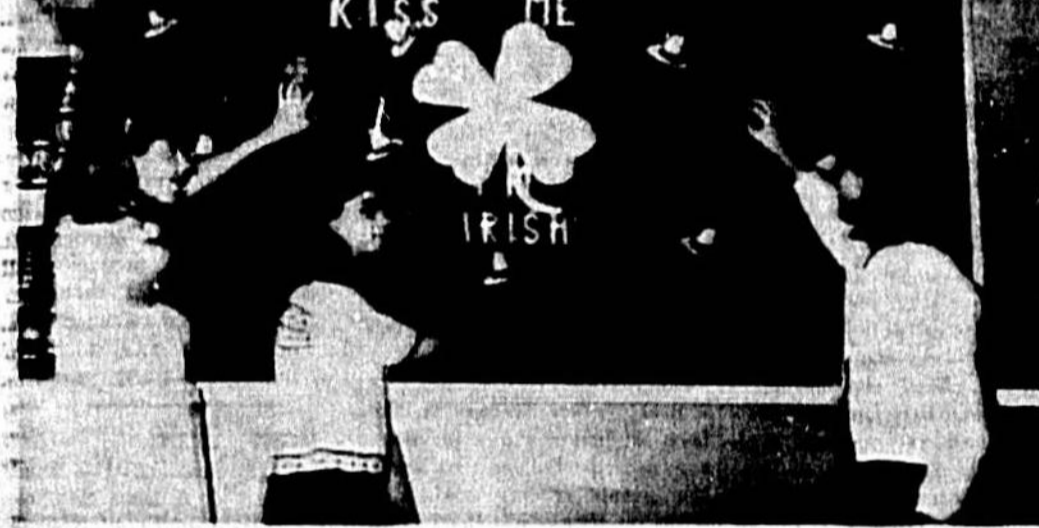

He cautions against storing left-over chemical products in soda pop bottles because children may mistake them for a soft drink. And never refer to medicines as "candy." Failure to properly dispose of old medications and empty containers for pesticides and other chemical products is often the cause of household tragedy.

EASTER SEAL GIRL for Volusia County this year is petite Melissa Aileen (Missy) Rutherford, five-year-old daughter of Mr. and Mrs. Tom Rutherford of Lake Ashby. Missy has returned home after her second bout with surgery at Orange Memorial Hospital to lengthen and strengthen leg tendons. Her operations, and those of many other children in similar circumstances, are made possible through contributions to the annual Easter Seal Campaigns.

WE ARE AMERICANS

Eye-catching, as well as informative, bulletin board on "We Are Americans" was prepared for office at Altamonte School by fifth graders. Adding finishing touches are Nina Zuker and John Farmer. Board in Mrs. Lorna Battle's classroom this month reads "Kiss Me, I'm Irish." Those designing the display are (left to right) Eileen Roch, Tina Tompkins and Elizabeth Menzel. (Herald Photo)

KISS ME I'M IRISH

COLLAGES are being made in art classes at Altamonte School. Among the outstanding work created were designs and pictures made by (left to right) Cheryl Pickett, Sue Woody, Johnny Williamson and Cheryl Copeland. (Herald Photo)

Park To Denote Russia-in-Hawaii

HONOLULU (AP)—The Hawaiian State Parks Division has announced plans to develop Fort Elizabeth on the island of Kauai as a historic site to depict Imperial Russia's involvement in Hawaii's history.

The parks division is conducting an archaeological investigation on the site to determine the first steps in developing the site. The site is located on the island of Kauai, near the town of Hanalei.

The Russian built an expedition to trade and found an agricultural colony in Hawaii that could supply their northern and California ports.

The Russians built an expedition and three forts on Kauai—Fort Elizabeth at Hanalei and Fort Alexander and Fort ...

AMONG members of the Sanford-Seminole Art Association exhibiting at the recent Sidewalk Art Festival in Winter Park were Mrs. Catherine Dodson of Lake Mary (in sun hat), Mrs. Mildred C. Jones of Sanford (in printed blouse) and Mrs. Susan Highsmith of Sanford. (Herald Photo)

Several of the firemen pointed out the great need for rest.

O'Grady To Address GOP Club

Sen. Dennis J. Patrick O'Grady, 15th District, of Inverness, will be featured speaker at Monday's 7:30 p.m. meeting of the DelRay Republican Club in the Community Center, Anthony Nicastro, club president, announced today.

Sen. O'Grady has appeared in DelRay on a previous occasion and was well received as an outstanding speaker, Nicastro advised. All residents of the area, Republican and Democrat, are invited to attend.

Feasibility that several candidates for Republican nominations will be introduced at the meeting also was announced by Nicastro, who urged all the 800 Republican club members to be present.

Refreshments will be served at conclusion of the meeting.

Pinellas Striking Teachers Get \$103,600

TALLAHASSEE (AP)—Pinellas County teachers, among the most militant of the state's 1,600 school boards, voted to go back to classrooms in disputes with local school districts to go back until they could do so "with honor."

Constans told the cheering teachers the NEA would come up with more money when the first gift was depleted. The money, which Constans said was an outright gift and not a loan, would go first to those teachers in the greatest financial need.

Some 1,400 Pinellas teachers have refused to return to the classrooms until the school board accepts all teachers back to the public school system, still locked in a three-week strike, faced a series of simmering disputes as teachers and local officials tried to settle differences over reinstatement of strikers.

More than a third of the 7,000 teachers still out, remnants of a strike force that at one time approached 30,000 teachers, were in Duval and Escambia counties. School boards in both counties have taken steps to the return of some of the teachers.

The Escambia board, meeting

The Florida Education Association removed another 12 counties where all teachers were reinstated, but said the ban would continue on the state's other 53 counties.

State School Sup. Floyd Christian requested removal of the sanctions, contending it would free teachers to seek other positions inside the state without being declared unethical by other teachers.

In Gainesville, a spokesman for the new University of Florida chapter of the American Federation of Teachers, AFT-CIO, said it was seeking recognition as a bargaining agent for the university's faculty. "We will strike if necessary," said Dr. Paul Adams, temporary president of the chapter.

Stephen O'Connell, president of the university, said, "If the AFT wants to challenge the administration, it'll have to stand in line with everyone else."

M. L. GARY, mayor of Oviedo for 18 years and councilman for three terms before that, and Mrs. Gary were honored at a testimonial dinner attended by their fellow-townspersons and sponsored by members of the local City Council which the ex-mayor was associated.

U.S. Crime Rate Up 16%

WASHINGTON (AP)—The nation's major crime rate last year, and cities last summer's rise as a factor.

The FBI Director J. Edgar Hoover said in a report released today that crime in the suburbs was up 16 per cent and jumped 13 per cent in rural areas. A 17 per cent jump was recorded in cities of 25,000 population and over.

The FBI said arrests of persons under 18 years old rose eight per cent.

"Included in the increased police arrests is a rising volume of arrests for offenses against public order"—or riots—the bureau said in a statement accompanying statistical data.

Arrests of adults rose by three per cent after declining slightly in 1966, the report said.

Crimes of violence were up 15 per cent, led by robbery which increased 27 per cent from 1966. There were 12 per cent more murders, 9 per cent more rapes and 8 per cent more aggravated assaults.

Property crimes jumped 16 per cent. Auto thefts were up 10 per cent, and burglary and larceny of \$50 and over in value were up 10 per cent, the report said.

Hoover, who favors federal firearms control, said serious assaults where a gun was used as the weapon rose 22 per cent and one of five assaults was committed with a gun.

Armed robbery had a sharp upswing of 30 per cent and a firearm was used in 58 per cent of all robbery offenses, he reported.

The FBI chief said police solved 23 per cent of the crimes reported to the bureau, a decline of seven per cent over 1966.

The FBI report did not include change in the crime picture for New York, Detroit, Kansas City and Baltimore. The bureau said 1966 figures were not comparable with the 1967 figures in these cities because of changes in reporting practices for some offenses.

City Hears Rules On Getting Base

(Continued From Page 1) many problems which have arisen during the past year when the vacating of the base has been a prime local concern.

For instance, the controversial proposal that the area would be a fine place to locate a skilled training center as proposed by a study by GE experts, brought forth the

formation that the state had no such request of the General Services Administration.

The facts that the question to be answered by the Hoover committee was directly that of conversion to a public airport brought forth a comment from City Commissioners Earl Higginbotham and Lee Moore.

Airport use has been a "hot topic" since the city's comment from City Commissioners Earl Higginbotham and Lee Moore.

W. E. Knowles, city manager, who has been in and will be in close touch with the Hoover study, as well as the federal agencies involved, pointed out that there are studies being made by the Orange-Seminole-Ocala Joint Planning Commission and the East Central Florida Joint Planning Council which would be of importance in determining the future course of Sanford.

Key points made by Carter and which were not — he emphasized — be regarded as "findings" included: If the conversion would be to a "public airport" it must be the kind that would be operated for the convenience of the public; that if the finding is affirmative then it must include recommendations that would make such an airport one "that you can live with"; that one of the aims must be "to provide new jobs."

Retaining the existing airport as a "public airport" was also a recommendation that characterized his remarks. Carter also said that his few days had indicated that the base offered many uses, a wealth of resources, that the Hoover study would proceed at full speed and meet the May 13 deadline.

Altamonte 'Burns' On Fire Protection

(Continued From Page 1) dents of the Suburban Fire Central District (Fern Park) to become members of the volunteer department. "We need men," Fire Chief Howard Wiloughby declared.

In other business, the Council: Heard Mayor W. Lawrence Swofford proclaim the week of March 17 through 24 as International Fire Week in the City as requested by Ted Hauser and Donald Morrison, Lyman High School students and members of the Sanford DeMolay chapter.

Received report from Elizabeth Central of the City Utility Commission recommending Mrs. Marcella Hansen, deputy city clerk, be appointed to serve as secretary to the commission.

With compensation to be set by the Council. No action was taken on the recommendation.

Called further recommendations on behalf of the commission that the city authorize it to investigate thoroughly city ownership of utilities versus utility franchises to private companies.

LBJ Pleads: No Foreign Aid Cut

WASHINGTON (AP)—The Johnson administration has opposed the Senate Foreign Relations Committee not to un-

dermine its majority position against Vietnam war policy by cutting the \$3 billion foreign aid bill.

But Sen. George J. Allen, R-Vt., who opposes the war, told Gaud's committee that it would be a disservice to the war effort if the aid bill were cut.

Another war policy critic, Sen. Wayne Morse, D-Ore., said: "We've got to resolve our difficulties in Vietnam before we think we can go ahead with what I hope will be to enlarge the foreign-aid program eventually."

The \$3 billion being sought is 600 million more than the current appropriation, which is the lowest in the 28-year history of the foreign aid program.

PRESIDENT JOHNSON has good reasons to feel strongly about South Korea. President Johnson has ordered 40,000 men to Vietnam. But they are not alone, in addition to the United States, 21 nations are assisting the effort in South Vietnam.

Apartment Is Tabled

(Continued From Page 1) Mary at Fourth Street and Crystal Lake Avenues.

Recommended by the County Commission for approval were the following:

Arthur Lot from R-1 to C-2, lots 8 through 15, Washington Heights, north of Plat Road 426 and east of Oviedo.

Helene M. and Robert B. Peterman from A-1 to R-5, E.W. of the SW 1/4 of Section 24-21-30E lying west of SR 450 and north of the Orange County line.

Douglas Mac Tompkins, from R1AA to R1A (both single family residential) lots 12 to 22 inclusive, Block G; lots 1 to 9 inclusive, Block G; lots 1 to 4 inclusive, Block F; lots 1 to 4 inclusive, Block G; lots 1 to 4 inclusive, Block F; lots 1 to 4 inclusive, Block G.

Among other items either set for hearing or tabled was a zoning change proposed by George A. Speer Jr. from A-1 to T-1 Trailer, in the Washington Park Subdivision. Spear told the commission members that the tract contained ten acres and would be divided into 30 lots for the location of trailer homes.

Atlanta Shivers With 27 Degrees

BY THE ASSOCIATED PRESS

Arctic air pushed freezing temperatures nearly to the Gulf coast and Miami, one of the nation's favorite winter vacation spots, had a record March 14 low of 46 degrees this morning.

The clear, cold weather was general throughout the East and South. Atlantians shivered in 27-degree weather at dawn today.

It was coldest in northern Michigan, where Pellston registered six below zero, and in upstate New York where Massena had five below.

Snow dusted the Dakotas and Minnesota and showers were scattered southwestward into the Rockies. A separate storm system off the Pacific coast spilled rain into Washington and Oregon.

WILLIAM F. MURFIN is chairman of the Florida Nurses Association, Associated Press committee, Associated Press quoted the Miami Herald today. Reason given was that "Murfin is less than enthusiastic about Gov. Claude Kirk's vice presidential possibilities."

State Top In Water Controls

ORLANDO (AP)—A federal official says the Sunshine State is a leader in water pollution control and other states may benefit from a Florida growth idea of "zoning for water use."

John R. Thomas of Atlanta, regional director of the Federal Water Pollution Control Administration, said today the concept may be the most important product of a two-day meeting here on the national estuarine pollution study.

Under the zoning system mentioned by several speakers, water-producing industries could be restricted to certain bodies of water while other bodies could be held for the use of boats and swimmers.

Zoning might affect shipping routes, port areas, causeways, landfills, construction of canals, discharges from commercial and private boats and the construction of docks, speaker said.

Thermal pollution by nuclear powerplants was a subject of length. Conservativists said the generators transfer so much heat to estuarine waters — those at the mouth of rivers that animal and plant life in the waters is threatened.

The nuclear facilities are less efficient and in most cases longer, then conventional by fossil generators. More water is required for cooling equipment.

Postcards Is Hobby

SAN JOSE, Calif. (AP)—Some people save mugs, others collect rubber bands, Mrs. Leo Langford, a young housewife, does on postcards—she has now collected 10,000 of them, all in one.

The project started when she was in grade school. Her father had tried to interest her in stamp collecting and she had given up her absorption of geography. Stamps did not appeal to her, so her father turned to postcards.

Gathering did not flow from various states that she would be studying in school. These she saved carefully and soon was acquiring others until a shooting was overflowing.

Then her father built a cabinet just the right size for postcards. Now it has a duplicate and both are nearing capacity. Cards have been acquired from friends and relatives, from attic hideaways, from flea markets and other sources. Mrs. Langford has cards from all 50 states and from foreign lands the world over.

AREA DEATHS

ELLIS M. LLOYD

Ellis E. Lloyd, 59, of Sanford, died at Seminole Memorial Hospital at noon Wednesday.

Born May 8, 1908, in Bedford City, Va., he had lived in Sanford for the past 13 years. He was a member of the BPOE of Sanford and was employed by Aene Convoyer Company of Sanford.

Survivors are his wife, Mrs. Lillian Lloyd of Sanford; a son, Howard Lloyd, of Lake Mary, and two daughters, the Misses Penelope and Lillian Lloyd, both of Sanford; four grandchildren; two sisters, Mrs. William Dallenbach, of Orlando, and Mrs. L. M. Swain, of Sanford, and two brothers, Rudolph Lloyd, of Panama, and James E. Lloyd, of Petersburg, Va.

Funeral and burial arrangements are under direction of Harrison Funeral Home.

FRED J. HARRIS JR.

Fred J. Harris Jr., 39, of Cuyahoga Falls, Ohio, died Wednesday at his home after suffering a heart attack.

The son of Mr. and Mrs. Fred J. Harris Sr., of Ravenna Park, Sanford, he was born March 6, 1929, in Winter Haven. At time of his death he was plant manager of Firestone's No. 2 Plant in Akron, Ohio. He was a Methodist.

Survivors, other than his parents, are his wife, Mrs. Charmaine Harris, of Cuyahoga Falls; four children, Charles, William, Fred II and Nancy, all of Orlando, and two brothers and three sisters.

Funeral services will be at 10 a.m. Monday in Winter Haven. They were taken to a hospital for a checkup today after being taken there from a hospital in Toledo, Ohio.

A Navy spokesman said the crewmen were Lt. Carl E. Campbell, 33, the pilot, of Sanford, N. C., and Lt. Douglas W. Cook, 28, of Ft. Lauderdale, Fla.

Johnson Faces 'Tough Row' In Wisconsin Vote

MILWAUKEE, Wis. (AP)—Johnson faces a tough row in Wisconsin when he goes to the polls on Tuesday.

The President's most active supporters are Richard D. Cook, a businessman who became Democratic state chairman after the 1968 election, and the state's other Democratic congressman, Milwaukee's veteran Rep. Clement Babcock.

At an April 9 news conference, Johnson said he would not campaign in Wisconsin, but he would be on the Democratic National Convention vote, held by law in the state.

There is no registration of voters by party, Republicans and Democrats are on the same ballot. The GOP primary has been conceded to Richard M. Nixon by the withdrawal of Michigan Gov. George Romney.

The 32-year-old La Follette's father and grandfather were senators, his uncle a three-term governor.

Head of Wisconsin's McCarthy organization is a party regular, 19th district chairman Donald Peterson, who today asked Sen. Robert F. Kennedy to announce support of McCarthy in Wisconsin.

Portrait Painted For Club

Two For The Books

Five Books

Johnson is in trouble," said Jay Sykes, a journalism lecturer of the Milwaukee campus and metropolitan director for McCarthy. He predicted that the chance of carrying four of a 10 congressional districts, including those represented by Reuss and Kastner, and including the population bulk that would give McCarthy more than 50 per cent of the total Democratic vote. That would give him the 20-at-large delegates as well as 18 from those four districts.

There are differences in Wisconsin in addition to the political climate and the wide-open primary procedures. Unlike New Hampshire, Wisconsin has a substantial Negro population, and continuing racial problems. Milwaukee was hit by the nation's third worst race riot, in terms of its four dead, last summer, and civil rights demonstrators have been marching since last August for a strong city and students.

Some political observers in Wisconsin were even more pointed than Aspin. The Milwaukee Journal, which supported Johnson in 1964, headlined an editorial "New Hampshire says McCarthy will do better here" than in New Hampshire.

McCarthy's political advisers, generally liberal University of Wisconsin students, are also in a demonstration so violent against the Dow Chemical Co. that on-campus recruiting has been suspended since.

Johnson is in trouble," said Jay Sykes, a journalism lecturer of the Milwaukee campus and metropolitan director for McCarthy. He predicted that the chance of carrying four of a 10 congressional districts, including those represented by Reuss and Kastner, and including the population bulk that would give McCarthy more than 50 per cent of the total Democratic vote. President's Political Advisers Overhauling Strategy

WASHINGTON (AP)—President Johnson's political advisers are overhauling their strategy to win the Wisconsin vote.

One of these, the well-placed informant said, is the message that "Hanoi is watching" for an anti-Johnson turnout that might slightly U.S. disunity over the war.

Johnson's advisers definitely do not share the President's public expression of indifference to the New Hampshire results.

McCarthy's opposition to conduct of the war has been the basis of his steadily mounting campaign to wrest the Democratic nomination from the President.

Johnson's advisers believe their major failure in New Hampshire was "not nothing" but a lack of a strong campaign in the primaries.

Johnson's advisers believe their major failure in New Hampshire was "not nothing" but a lack of a strong campaign in the primaries.

Osteen Gets New Center

By MRS. CLARENCE NYDEN
 Osteen Civic Association will proceed with completion of the new Civic Center and arrange for drilling of a well and placing of a septic tank. It was agreed at Monday night's meeting.

The building committee reported the structure is now ready for the roof if funds could be made available. Loans were pledged by Wesley Lee, Leo Butler, Wilby Coleman, Walter Hawkins, Norman Miller, Albert Fell, Herman Bowen, James Cook, Joe Masters and Eddie Allman.

A committee, made up of Fell, Masters and Lee, was appointed to meet with District 3 County Commissioner J. Harris Saxton to discuss having a public dump site located for the community. It was voted to purchase insurance for the new Center and to also buy a bronze plaque upon which names of old settlers of Osteen will be inscribed. The Osteen Cemetery committee advised it will report at a later meeting.

WASHINGTON (AP)—The Pentagon has ordered 844,100 lbs. of multiple-warhead Poseidon missiles designed to saturate new Soviet defenses, it is reported.

A Mioponnam can stroll along the bottom of a stream for 10 to 12 minutes before attaching for air.

MRS. ANNE GUTHRIE, left, State and National Flower Show judge of Florida, recently conducted a workshop on flower arranging at DeBary Garden Club. Shown with Mrs. Guthrie are Mrs. Norman Miller, center, third vice president of DeBary Garden Club and Mrs. Donald Middleton, (Middleton Photo) second vice president.

Wayne Albert Speaks to Club On Politics

The monthly meeting of the Sanford-Seminole Jaycees was held at the Jaycee Information Booth on French Avenue, March 6.

Speaker for the March meeting was Jaycee president, Wayne Albert, who presented a vital and informative program with colored slides entitled "Your Stake in Politics - 1968". In the absence of Jaycee vice president, Gwen Murrice, following the business meeting, cake, coffee, and cold drinks were served by hostesses Mrs. Pat Hunt and Mrs. Jan Renaud.

Members present were Misses Jan Vihlen, Gwen Murrice, Gayle Richardson, Lou Bauer, Julie Hall, Jan Renaud, Pat Hunt, Ginny Wilson, Aurora Bergerson, Ole D. Walker, Fran Mills, and Kathy Mann.

Oxford-Dudley Engagement Told

Mr. and Mrs. Chester Oxford, 2417 Palmette Ave., Sanford, are announcing the engagement and approaching marriage of their daughter, Carol Jo, to Fred Wesley Dudley, son of Mr. and Mrs. Fred L. Dudley, 2417 Elm Ave., also of Sanford.

Miss Oxford was born in Atlanta, Ga., and attended schools in California, Georgia, South Carolina, and Florida. She was graduated from Seminole High School and is presently attending Murray State University in Murray, Ky.

An early summer wedding will be held at the First Baptist Church of Sanford. The wedding date and final plans will be announced at a later date.

N. Orlando Personals

By MRS. MARY HYATT

North Orlando Banchea Estate residents this week welcome the Raymond Fenoff family to their new home at 240 Babaham Road. The Fenoffs formerly lived in the village and are parents of three small sons. They will occupy the home of Mr. and Mrs. Gaston Bourches, who have moved to Orlando.

Homemaker's Corner

By MRS. H. L. JOHNSON

Shadette Behrens without a doubt is the best for Potato Candy. Here is a Claudia. Try it out on you. I am sure she will like it.

POTATO CANDY

- 1 cup mashed potatoes
- 1/2 cup confectioners sugar
- 1/2 cup shredded coconut
- 1/2 tsp. vanilla
- 1/2 tsp. salt

Squares baking chocolate. Mix potatoes and confectioners sugar. Stir in coconut, vanilla and salt, blend well. Press into large pan so that candy will be about 1/2 inch thick. Melt chocolate over hot water (do not allow to boil). Pour chocolate on top of candy. Cool. Cut in squares. Makes about 32 pieces.

Gwen Mue made a delicious dessert this other day and she has been requested also. So here it is. She made the pie using Graham cracker crumbs and cream.

GRAND JEWEL DESSERT (Green Window Glass Cake)

- 1 pkc. each orange, cherry and lime jello
- 1 cup boiling water
- 1/2 cup cold water
- 1 pkc. lemon gelatin
- 1/2 cup sugar
- 1/2 cup pineapple juice
- 1/2 cup Graham cracker crumbs

envelopes Dream Whip or 2 cups whipped cream. Prepare the three flavors of jellatin separately, using 1 cup boiling water and 1/2 cup cold water for each. Pour each flavor into an 8-inch square pan. Chill until firm, or overnight. Then combine the lemon gelatin, sugar and remaining 1/2 cup boiling water until gelatin and sugar are dissolved. Stir in pineapple juice. Chill until slightly thickened. Meanwhile, mix the remaining and melting jellatin; press into bottom of 8-inch pan. Cut the firm gelatin into 1/2-inch cubes. Then prepare whipped topping mix directed on package or whip cream; blend with lemon gelatin. Fold in gelatin cubes, pour into pan. Chill at least an hour or overnight. Run knife or spatula between sides of dessert and pan, and remove from pan before serving. If desired, spread additional prepared whipping cream on top and sides. Makes 8 servings.

Did you know that Americans consumed 10 1/2 billion pancakes last year? No wonder as they are tempting!

Mr. and Mrs. Otis C. Lee Mark 50th Anniversary

Mr. and Mrs. Otis C. Lee of Longwood are celebrating their 50th wedding anniversary by a week of memorable activities.

Members of the family, Mrs. Florence Kendall, Detroit, sister of Mrs. Hazel Lee, Robert E. Lee, Peoria, Ill., Richard D. Lee and wife, Ann, and three children, Miami, arrived on Friday.

A family dinner, presided by a boating party on the St. Johns River was held at the Holiday Inn, Monroe Harbour, Saturday evening. This was the first time the Lees' three sons had been together for ten years.

Sunday afternoon the three sons gave a reception for the parents in honor of the occasion. On Monday the Otis Lees, Mrs. Florence Kendall and Robert Lee motored to Miami to spend a few days with the Richard Lees.

The Otis Lees have lived in Longwood for the past ten years. They are active in the local community, members of the Civic League, the Tourist Club, Senior Citizens, the Garden Club and the Methodist Church at Casselberry.

Married on March 9, 1918, in Ypsilanti, Mich., the couple spent their early years in Detroit. They moved to Ypsilanti in 1923 and remained there until Lee's retirement in 1928. Mr. and Mrs. Lee were both active in Masonic and Eastern Star work. He is a Past Worshipful Master of Phoenix Lodge No. 15 and Past Patron of Ypsilanti Chapter, No. 119 OES, Ypsilanti. Mrs. Hazel Lee is a Past Worthy Matron of Ypsilanti Chapter.

Approximately 100 guests attended the reception held at the home of the Arthur Lees, Longwood. Besides the bride and groom, the bridesmaid, Florence Kendall, and the best man, Walter Vallett, Detroit, were present. Also present were five past matrons of the Ypsilanti OES which included the guest of honor, Mrs. Hazel Lee.

Pairing at the table were Mrs. Richard Lee, Miami, and Mrs. Boyd Gaines, Sanford. Miss Debbie Butsch, Tampa, officiated at the punch bowl. Mrs. Blanche Klamm was in charge of the guest book.

Other out-of-town guests were from New York, Michigan, Daytona Beach, Ft. Pierce, Leesburg, St. Petersburg.

Native Trees Discussed By Gardeners

The Geneva Garden Club met March 6 at the home of the hostesses, Mrs. W. G. Kilbee. The club members and friends will meet at the community house and leave from there by chartered bus at 8:30 a. m. Anyone interested in making this trip with the Garden Club members are welcome. Call and make your arrangements with Mrs. Bill White, 348-0215.

Mrs. W. G. Kilbee gave a very interesting talk on our native trees, the kinds that grow here and the best kinds to plant and have. Mrs. Simpson stressed that now is the time to fertilize evergreen trees for future plants and bushes.

A delicious luncheon was served with Mrs. Henry Simpson and Mrs. Ernest Ward assisting at the serving table. It was a very festive day and a good time was had by all. With 22 present.

Lake Mary Plans Community Center

By VIOLET WICKSTEIN
Initial steps toward building a Community Center in Lake Mary were taken at a meeting of the Lake Mary Chamber of Commerce board of directors yesterday by representatives of various churches and organizations in the area.

It was suggested that an incorporated building association be formed to be under management of a board of directors composed of an elected member and alternate from each organization participating. Duties of the board would be to manage

maintain and operate the building, select and secure a property site and come up with plans for a building that "would best serve the entire community."

It was suggested to those present that if their groups participated in the project, careful thought be given to the persons chosen to serve on the board as "success could depend on the

right person to serve with enthusiasm for the betterment of the community."

A basic building plan was presented by Donald Jackson, who also discussed possible variations with future expansion in mind.

Representatives who expressed approval and interest in the proposed undertaking, included Mrs. Kay Samaan and Mrs. Alice Clement, Lake Mary Garden Club; Mrs. Pat Barry, Extension Homemakers Club; and Mrs. Barbara Smith, Ladies Auxiliary of the Volunteer Fire Department.

Members of the C of C board present were Robert Rugenstein, Robert Kolar, Mrs. Katherine Gehr, Jackson and the president, John Norden.

Enemy Troops Ambush American Convoy; 12 GIs Killed

SAIGON (AP) — Enemy troops ambushed a U.S. Army supply convoy from an ambush along winding Route 14 in the central Highlands but American tanks and helicopter gunships splashed the attackers.

The U.S. Command said 48 North Vietnamese regulars and Viet Cong guerrillas were killed in the short, midday fight nine miles north of Pleiku City Wednesday. Twelve Americans were killed, eight were wounded and 12 GIs were captured.

The enemy sprayed the convoy with rocket and heavy automatic weapons, fire and rocket-fueled "moderate" damage on the vehicles, a command spokesman said. This indicates as many as a third of the trucks might have been damaged or destroyed.

Tanks and armored personnel carriers of the 3rd Vietnamese Cavalry reced past the ambush after the fight began at 11:15 a.m. and at 11:25 helicopter gunships splashed the attackers.

Fighter-bombers arrived at 11:30 and within minutes the enemy troops fled.

Army engineers with the convoy began clearing the narrow road, which links the 4th Division's headquarters near Pleiku with its units operating around Kontum and Dak To.

Just 17 hours later guerrillas ambushed a 36-vehicle convoy nine miles northeast of Saigon on the highway to the big military base at Long Binh.

The U.S. Command said one American soldier and one enemy soldier were killed, and damage to the trucks was light, but the ambush underlined the threat from Saigon's guerrilla bands operating in rolling suburbs.

At Khe Sanh, the 14th anniversary of the start of the siege of Dien Bien Phu passed with few gunners hitting the U.S. Marine base with a barrage of 200 shells Wednesday. Casualties among the 7,000 Allied defenders of the base in northwestern South Vietnam were as usual described as light.

Because of similarities between the situation at Dien Bien Phu and at Khe Sanh, there had been speculation that Gen. Nguyen Giap, the North Vietnamese defense minister, might mark the anniversary with a show of force against the besieged base. Giap directed the day before, reported the South Vietnamese command, that ended May 7, 1954, with the capture of the French.

The U.S. Marine command at Khe Sanh considers that the siege there began 54 days ago with the attack Jan. 21 on the base and Khe Sanh village. "We prepared much better now than we were in January," said a spokesman.

U.S. bombers hit the estimated 20,000 North Vietnamese troops surrounding Khe Sanh Wednesday with five raids. The 352d Air Force Wing's F-4 Phantom II fighters concentrated northwest of Dak To, in the central Highlands, and in the Shenn Valley. At the eastern end of the demilitarized zone, fighting in and around Dong Hiep, the U.S. Marine base near the North Vietnamese units attacked the day before, reported the South Vietnamese command, that ended May 7, 1954, with the capture of the French.

The U.S. Marine command at Khe Sanh considers that the siege there began 54 days ago with the attack Jan. 21 on the base and Khe Sanh village. "We prepared much better now than we were in January," said a spokesman.

The U.S. warplanes flew 94 missions over North Vietnam during a mission on Tuesday. The U.S. Command said 12 GIs were killed and 12 were captured. The U.S. Command said 12 GIs were killed and 12 were captured.

Senators Battle Over Gold Issue

WASHINGTON (AP) — A bipartisan Senate debate dashing administration hopes quickly proving U.S. determination not to raise current gold prices despite the stampede of speculative gold buying in Europe.

Sponsors of legislation that would remove the 25 per cent gold cover on U.S. currency—and thus show U.S. willingness to put all its gold stock behind its pledge to maintain the \$35-a-ounce price—conceded chances are slim for pushing the House passed measure through quickly.

When debate on the measure began Tuesday, the Senate managers expected it to clear their branch in two days.

But opponents are waging a dogged fight against the bill. A Senate amendment, Sen. Gordon L. Allott, R-Colo., said after a lengthy speech Wednesday denouncing the legislation that the battle may continue into next week.

The foes include senators convinced that retention of the gold cover might force President Johnson to cut back U.S. commitments overseas and others who insist the need to balance the federal budget by a drastic cut in spending.

Administration forces narrowly won the first test on the measure Wednesday, beating back 45 to 40 an amendment to reduce the cover to 12 1/2 per cent instead of lifting it completely.

Bobby On Brink Of Joining Race

WASHINGTON (AP) — Sen. Robert F. Kennedy has stepped to the brink of presidential candidacy and a key aide says he will make his decision in a week.

Kennedy huddled with political advisers in New York Wednesday night after saying in Washington he is rethinking whether to run against President Johnson.

The New York Democrat said the New Hampshire primary results removed "the major obstacle" to challenging Johnson actively in the primaries.

But Sen. Eugene J. McCarthy, who drew an unexpectedly high 42 per cent of the New Hampshire Democratic vote, said he won't pull out of the race without the New Yorker's decision.

"He's been rethinking his position all along the way," McCarthy told newsmen after a 20-minute meeting with Kennedy Wednesday night in New York. "I said I intended to stay in Washington and in the race." The Minnesota added.

A close aide said Kennedy will make his decision by March 22, the deadline for entering the May 28 Oregon primary. And Kennedy said if he runs he probably would have to campaign actively in the primaries.

"Otherwise, there is no reason why anyone should consider me," he told newsmen.

Kennedy said the major obstacle to his candidacy had been a fear of deeply dividing the Democratic party if he was in the race.

Kennedy said Senate Foreign Relations Committee hearings this week indicated the administration is sticking to its Vietnam policies—and he criticized Johnson for not saying what he will do with recommendations from his special rift commission.

Another factor in his reevaluation, McCarthy said, is what he called the New Hampshire indication that "Richard Nixon is very likely to be the nominee of the Republican party."

Nixon Reserving 'Big Guns' For LBJ

NEW YORK (AP) — Richard M. Nixon says the reason he is not ready to spell out the details of his plan to end the war in Vietnam is because he is reserving his "big guns" for use against President Johnson if he wins the Republican presidential nomination.

"I have to adapt my strategy so as to win the (presidential) primaries with the least expenditure of ammunition," Nixon said. "I am reserving my big guns for use against Johnson."

The former vice president discussed this and other questions in an interview in his Fifth Avenue apartment in New York.

In campaigning for the New Hampshire and Wisconsin primaries, Nixon repeatedly said: "We will end the war in Vietnam and win the peace in the Pacific."

Asked if he intends this as a pledge, Nixon replied emphatically, "It's a pledge."

He added, "I have no magic formula, no gimmick. If I had a gimmick I would tell Lyndon some experts in foreign policy."

"But I do have some specific ideas on how to end the war. They are primarily in the diplomatic area."

He said he considers the chance of "90 to 40 against" the possibility that the North Vietnamese will agree to come to the conference table before the national elections next November.

With regard to his own actions in the campaigning, Nixon said: "I'm not going to carry on my conscience anything that will destroy that 40 per cent chance."

Nixon has gone to South Vietnam several times in recent years. He published an article in the quarterly, Foreign Affairs, entitled "Asia after Vietnam." He said he believes that one reason he is now considered the front-runner for the GOP nomination is he has concentrated on studying foreign affairs.

"A man becomes a serious candidate only when events fit what he has to offer," Nixon said. "In my case, I think the fact that the foreign policy issue became predominant again—and I could travel abroad and speak with some authority on it—that raised me above the others."

If domestic problems, not the war in Vietnam, were predominant today, Nixon said, "I don't think there would have been a tendency to look to me. I think the tendency would have been to go to what has been the traditional reformer."

Candidates Vow Better Services

Better law enforcement services and paving of additional streets in DeBarry were promised by Volusia County Sheriff Rodney Thurby and District 5 County Commissioner J. Harris Saxon.

Speaking before the DeBarry Civic Association, Thurby stated plans for his department in the 1968-69 budget call for extended coverage for the DeBarry area, including Deltona and Enterprise. He noted that a full-time deputy already has been added to Deltona.

Saxon predicted that "all streets in DeBarry would be paved by 1970." He forecast that population growth in his district which he said is as large as Seminole County, would make it necessary to have two county commissioners for the district in the near future. He noted that at present, it is "impossible for one man to do the job needed."

A film on American Red Cross activities in Vietnam was shown by Christian Benke, president of the Orange City ARC Chapter and James McDaniel from Daytona Beach reported on activities of the Blood Bank in Volusia, Flagler and Brevard Counties.

A detailed report on employment was presented by Mrs. Ann Monroe, managing director of the Spaceport Tuberculosis League, and Mrs. Russell Miller, program director.

It was announced a program of tests for the apprehension of emphysema is scheduled at the DeBarry Civic Center, starting March 28, on a weekly basis, from 10 a. m. until 2 p. m. X-ray equipment for the detection of lung cancer will be at the center the first week in June.

In business of the meeting, Charles B. Cottrell, president, divided members and guests present that April will be "Music Appreciation Month" for DeBarry. A concert by the DeBarry Concert Orchestra, under direction of Conductor Roger Canini, is scheduled for Friday, April 5, and on Tuesday evening, April 8, the Full Station Chorus will present a program directed by Professor McGiffen.

Local Bankers Watch Gold Crisis

Seminole County *** on the St. Johns River *** "The Nile of America"

The Sanford Herald

Phone 322-2611 or 425-5938 Zip Code 32771
WEATHER: Thursday 71-57; cloudy, warm weekend.

VOL. 60, NO. 150 — AP Leased Wire — Established 1908 — FRIDAY, MARCH 15, 1968 — SANFORD, FLORIDA — Price 10 Cents

Wait-See Attitude Assumed

By DONNA ESTES

Adjustments upwards in the interest rate charged to consumers locally will "naturally" follow the raise in the rate by the Federal Reserve Board, local bankers predicted today.

DeWitt Mathews, of Sanford Atlantic Bank, said he thinks the rate of interest charged by the Federal Reserve will naturally cause commercial banking institutions to raise their rate of interest charged to the consumer.

"We would expect an early upward adjustment where the prime rate is concerned relative to our large commercial borrowers," Mathews said.

Meanwhile, leaders of other lending institutions in Seminole County are taking a wait-and-see position, watching carefully the developments as they occur in the gold crisis facing the United States in world finance circles.

Howard McNulty, president of Florida State Bank and United State Bank of Seminole County, said he does not know what people to quit pushing the panic button by buying up the nation's gold, everything will be all right. At this time, it looks very, very bad.

"The raise in interest rates by Federal Reserve is a matter of concern. All of us are going to wait and see what develops. It will have no immediate effect locally. The big New York banks will raise rates immediately, but it may take two weeks to six months for the Seminole County Democratic executive committee to meet."

Drummond, who was named chairman of the local Republican committee following the resignation of William Medford, said "some tangible announcements will be made at the March 21 meeting of the committee."

Medford, Drummond informed, the meeting with the committee and party candidates originally planned for next Monday night has been rescheduled for 7 p. m. March 25 at South Seminole Park in Fern Park.

Speakers at that time will include Mrs. Jerry Keith, Republican State committeewoman who will speak on what is expected of those candidates, while State Attorney Dominick Saffi will review the filing and campaigning laws of the State of Florida and State Sen. Kenneth Plantie will speak on the legislative position.

AHEM! LADY, YOU'RE BLOCKING THE VIEW! However, we do have an insight to the happenings at the Citrus Open in today's sports section, Page 11A. (Herald Photo)

Schools OK \$10 Million Bond Issue

Plans are in the making to have a \$10 million school bond issue on the ballot for the May 7 primary, it was decided at Thursday's school board meeting.

Action taken by the board named Kirk Gundry, representing Reynolds and Company, as fiscal agents for the proposed plan.

A required 50 per cent plus one of the registered freeholders is needed for the bond issue to pass. If approved, the resulting money will be used for a new school building, equipment and other school needs.

The present Lyman High facility will be named "R. T. Milwee Junior High" upon completion of the new Lyman High School.

Other board action included: Awarding low bid of \$2,120.61 to Home Builders for lumber to be used by the maintenance department; accepted low bid from Air Flow Designs for one unit air conditioner for Seminole Junior College in the amount of \$411, announced Monday following Foster will be a school day in order to make up days lost during the teacher walk out. The remaining days will be made up at the end of the school term.

Two Accept Demotions

Principals Become Teachers

By CAROL JAMES

Seminole Education Association President William Loyer and Rupert Jenkins, ousted from their positions as assistant principal at Lyman High School and principal of Monroe-Wilson School, respectively, have agreed to accept teaching assignments beginning Monday, School Supt. William Phillips reported today.

Loyer and Jenkins were removed from their administrative positions by the School Board yesterday afternoon.

Loyer has been assigned to teach biology at Lyman while Jenkins will teach sixth grade at Longwood School.

In an effort to temper James Birkenmeyer's motion for dismissal of the two educators, Chairman Mason Woodward amended the motion to return the administrators to classrooms as teachers.

From an overflowing crowd, a number of mothers objected to the board's action. Mrs. Michael Carlo, a resident of Pine Crest and former school board candidate, asked "If because these men stood up for what they believed to be right, should they be dismissed merely because they were serving in an administrative capacity?"

At the same time, another mother expressed "shock" at the board's decision.

Meanwhile, Phillips urged the board to reconsider its action, reminding "that teachers are not to be ousted from their positions without cause. If we take this action," said Phillips, "we will not be losing an assistant principal but gaining a top-notch teacher" to which Loyer, present in the audience, remarked, "You may gain one but you may lose 100."

Wharton asked, "Is this a threat?" To which Loyer replied, "No."

Another board member, John Evans, quipped, "These men had a responsibility to staff and operate their schools and this was not done. These men have violated their contracts and this board must act accordingly."

The board was unanimous in its decision.

W.M. P. LAYER, Seminole Education Association President, and S.O. (OZ) Dorniney, assistant county tax collector, today announced his candidacy for the Democratic nomination for tax collector. (Herald photo on page 1B).

Longwood OKs Annexation

Second phase of a massive annexation plan by the City of Longwood, which will take in property south of the current city limits on SR 427 and Seminole Boulevard, including the Sanford-Orlando Kennel Club, was taken by the City Council last night at a continued meeting.

Intent to annexed territory on the property on the west side of SR 427 and south of Seminole Boulevard was adopted on three consecutive readings.

The Council, in similar fashion, last week, adopted ordinance showing its intent to annex the east side of SR 427 and north of Seminole Boulevard. The annexation will go into effect within 30 days. No protests to the annexation have been heard.

In other business council accepted low bid of \$110 for fire hose; agreed for city officials, fire and police departments to participate in the official Little League parade March 25, authorized city attorney to look into subdivision ordinance; gave permission for a tent to be erected on property adjacent to Longwood Industries. The tent will be used for Bible study meetings for three weeks beginning May 1, sponsored by Forest Lake Academy.

Council adopted the cigarette

Sanfordites To Build Trawlers

Only South Africa currently manufactures fiberglass trawlers of equivalent size in commercial production, with most sales going to the Eastern Hemisphere.

Slama, who is the founder of Southern Fiberglass Products, Inc., a Sanford-based Ashland subsidiary which manufactures 15 to 24 foot fiberglass Cobia and Cobia pleasure boats, said fiberglass trawlers offer a practical solution to boat problems now faced by the nation's shrimp industry.

Until recently, shrimp boats were close to U. S. shores, making small boat trawling a matter of moving out and in on a given day.

With beds diminishing, the distances have increased — and recent discoveries of beds off the coast of Mexico and in and around the mouth of the Amazon River in South America have altered trawling operations considerably.

Vessels must cross the ocean and stay as long as three months to bring home the catch. Many vessels weren't built for those distances on the high seas while other types of ships — particularly those constructed from metal — corrode. The trawler themselves cause a destructive fluid that damages interiors. Salt and water action cause maintenance problems. Not too many years ago, the answer was a construct boats from cypress which could withstand the rigors. But cypress is in short supply, and other woods "Certainly with increased re-service requirements and higher discount rates, banks will be obligated to increase the interest rate charged to their customers. At the same time, banks will probably be permitted to pay higher interest rates for sav-

"It is an effort on the government's part to stabilize their relations in foreign markets rather than in the local market. Federal authorities realize this effort will be felt through the whole world of finance."

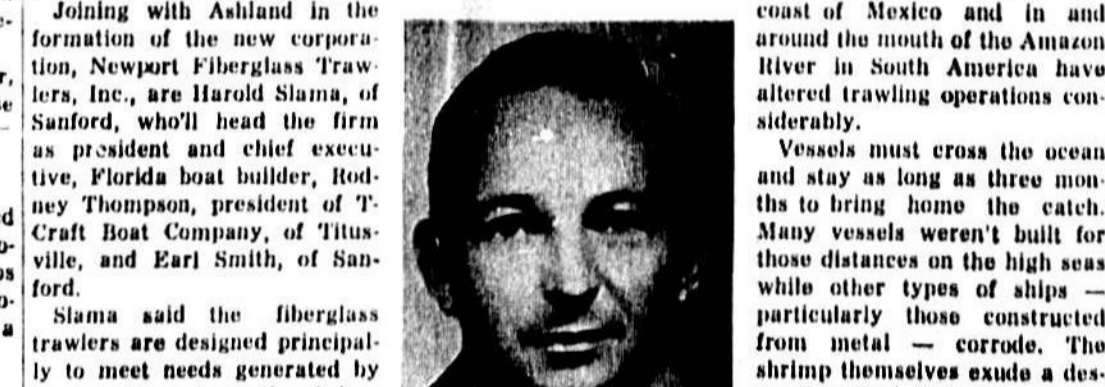

"The long range influence of the Federal Reserve Board's rate increase will be to step up the cost of money generally. Locally this should not have any serious effect, but will merit a watchful eye as the present moves into the future," Tully concluded.

"This is a very technical subject," Jack Toole, executive vice president of the South Seminole Bank, pointed out, "and world politics and world trade have much direct effect on the money market."

"Current increase has been building up long before the pound sterling devaluation in Great Britain."

"Clearly with increased re-service requirements and higher discount rates, banks will be obligated to increase the interest rate charged to their customers. At the same time, banks will probably be permitted to pay higher interest rates for sav-

Heart Case Going Home

CAPE TOWN, South Africa (AP) — Heart transplant patient Louis Hlaberg will be kept busy when he returns home from the hospital, probably this week, says Eileen Hlaberg.

"He tells me he feels like writing a book. There are hundreds of autograph books and cards from all over the world waiting for him at the flat," said Mrs. Hlaberg.

She is making elaborate preparations for the homecoming, including installation of a second telephone with a secret number in their Cape Town flat.

Although Dr. Christian Barnard has told everyone there was no need for isolation after his discharge Hlaberg will not be allowed visitors for one month.

Kirk Gives 'Analysis'

TALLAHASSEE (AP) — Republican Gov. Claude Kirk said today that results of the New Hampshire primary "show that President Johnson is losing the battle for the support of the American people."

He said that the vote Tuesday showed that Johnson got what he termed "a vote of no confidence," failing to win even a majority of the votes of the Democratic voting in New Hampshire.

"This vote of no confidence firmly establishes the defeatability of Lyndon Johnson. The man's win image now belongs to the man in the White House," Kirk said in a statement.

Kirk said, "The two saddest Americans this morning are LBJ, who now wishes he didn't run, and Bobby Kennedy, who now wishes he did."

HELP STAMP OUT STRANGERS

None are quite so alone as the stranger in town, or the newcomer in the neighborhood.

Remember your last neighbor — how he felt in the morning when he pulled away... how you must have felt when you never saw him again?

Share your new neighbor feelings such as these. Let the Welcome Wagon Network bring greetings and gifts to make them feel at home. Help welcome new strangers. Call Welcome Wagon today.
