McCloy's remarks on American determination to retain a grip on German policy affairs also struck at the German Minister President, Reinhold Maier, who has publicly criticized the American state representative in this area for interresentative in this area for inter-fering in deNazification affairs.

criticized the American state repropulation increase and supply of teachers." Dr. Mead said, "show that Florida must obtain 2,000 new teachers each year for the next few years, and that these must be almost all teachers for the elementary schools.

"It is true that Florida secures many teachers from other states, but the number thus obtained is rapidly decreasing. There is a section of Seminole County Tubers and the schools. And this tendency has continued for several years in spite of salvice given to students preparing to teach.

"The state teacher education advisory council has planned a program which is now partly in operation to readjust these persons and qualify them for teaching in elementary schools.

"It has been estimated that pierida itself must produce about 1300 to 1400 new teachers to supply the schools with teachers with minimum standard preparation.

"Many schools right now have thereased the number of children which each elementary teacher must care for at the same time that parents are demanding much greater variety of services from the schools."

## West Rapped For Blockade Complaints

Soviets Accuse Westviving Cold War, Telling Fairy Tales

LONDON, Feb. 7 - 6th ... Britain today recognized the French-sponsored Vietnam government of former Emperor Bon Dal. The British also recognized the governments in the IndoChinese states of Lucs and Cambodia.

LONDON, Feb. 7 - 015 The British Foreign Office said today West Germany's refusal to export from and steel to East Germany "is no blockade." The export ban was announced last night by the West termon Chancellor, Dr. Konrad Adenauer. Some observers interpreted the action as a first step in a western power counter-blockade of East Germany in retaliation for Russis's slowdown of road traffic in and out of Herlin. The West German iron and steel han was proposed by the high commissions of the United States, Britain and France, the spokesman said. Its purpose, he anid in to right the balance of trade between East and West

By ASSOCIATED PRESS The Russians slowed down West Berlin traffic today and then accused the Western Allies of trying to revive the cold war by complaining of a new blockade. After permitting truck traffic to (Continued 'On Page 412)

### NOTICE TO THE PUBLIC

The Sanford City Commission has placed an Ordinance on first reading, enacting the Southern Standard Building Code, revised, as the Sanford Building Code, Monday, 18 February 1950, it will be placed on second and final reading for adoption, after discussion.

The building Code will consist of the Southern Standard Building Code, as revised in 1948, together with a section on Churches as approved in 1949 by the Code Congress, with a requirement that plans and specifications be submitted with application for Building Permit, with Fire Resistive construction requirements revised to suit local conditions, with masonry wall requirements increased as to thickness, with requirements for tie beams for each story of masonry construction, and with sections approved in 1949 as recommended by the National Lumber Manufacturers Association.

Interested parties may inspect the Code and Ordinance at the office of the City Clerk, and will be welcome at the City Commission meeting at S P. M. 13 February.
