Street Lights Went Out Shortly Before ManWasKidnapped

DELAND, Fla., July 7.—(P) the Florida Public Service Company reveal the fact that it must have been due to some outside influence that the street lights of DeLand went out a few minutes before the overpowering and kidnapping of John O'Neill from a local hotel here Saturday night.

The two wires, in an open field near the power plant, were brought together, causing a short-circuit, blowing out the fuses in the main switchboard. Officials any that it could not have been accidental.

City officials, aided by private detectives are working on the case but so far no important clues have been upturned and no arrests are believed to be imminent.
