## TRADE EXTENSION JOURNEYS TO TOWN OF OSCEOLA AND SAW SOMETHING

Business Men of Sanford Found a Big Asset to Seminole

### WONDERFUL MILL

OSCEOLA CYPRESS COMPANY HAS GREAT INDUSTRY IN OUR COUNTY

The first trip of the Trade Extension Committee of the Chamber of Commerce was made to Osceola yesterday afternoon and was well attended and most successful. Six cars filled with business men followed the scout car over the winding trail from the Geneva-Sanford brick road to Osceola and the road was in the best condition yesterday that it has been in some time but one could easily guess the condition of this flat woods road after several hard rains. The committee was met at Osceola by Messrs. Feltner and Clark of the Osceola Cypress Co., and after an inspection of the general offices were taken to the big mill where all was bustle and business and the party was shown all over the main mill, watching the big cypress logs coming from the boom up the chute to the mill, rolled from the skids to the carriage and pushed through the many saws until a tree comes out at the end in the form of number one and two grades of boards, shingles and laths. All of this work that formerly was so laborious and consumed so much time in the handling is done by power at the Osceola mill and no time is wasted, every man seeming to be keyed up to his work of getting out as many feet of dressed lumber as possible in a day. Nothing is wasted at this mill even the shavings, and ends being used for fuel to fire the boilers. A fine power plant is also installed and the engine room that lights the mills and the homes of the people and with an immense tank and water plant gives Osceola lights and running water and all the comforts of a big city and also gives the mill better fire protection.

The Herald has had several articles about the Osceola Cypress Co., but a few words on the new plants will be interesting. The big mills have a capacity of 100,000 feet a day of lumber, laths and shingles, and have enough material at their plant and surrounding them to keep them running for fifteen years. They have some 300 people on their pay roll now and are not running to full capacity as they will when their new finishing mill is in operation. The new mill has recently been erected and is ready to operate that will manufacture flooring, sheeting, moulding, etc., and make up everything in the building material line out of cypress. In fact nothing but good cypress lumber is manufactured at the Osceola mills and it is a wonderful plant and a wonderful little city implanted in the heart of the wilderness a few years ago.

There are some very pretty homes built for the men who are operating the mills, nice business offices, a big general store where everything is neat and clean and has the appearance of doing a big business; postoffice, and other buildings. Tram cars that operate like automobiles run everywhere throughout the mammoth mill taking loads of lumber and lath and shingles here and there and the company owns and operates their own oil burning railway engines and cars and everything is right up-to-date and going good.

All that Osceola needs to make life worth living is a better road to Sanford that will allow the people out there a chance to get to town in the day time and at nights and give them a chance to shop and attend the shows and meet with the Sanford folks and this enterprising little city is entitled to the road.

Osceola is a big asset to Seminole county and would be an asset to Sanford if the folks out there could get to town over a better road.

Among those who went out yesterday were President Geo. W. Knight and Secretary Pearman, Jr., of the Chamber of Commerce; Arthur Yowell, chairman of the Trade Extension Committee and the following members of the Chamber of Commerce: J. G. Ball, R. C. Bower, J. D. Davidson,

### SPECIAL MEETING LEAGUE OF NATIONS TO BE HELD IN GENEVA.

(By The Associated Press)  
PARIS, Aug. 18.—A special meeting of the league of nations council will take up the upper Silesian question referred to it by the allied supreme council, will be held in Geneva beginning August 29. Viscount Ishii, president of the league council, sent out an official call for the meeting today.

### MASSACHUSETTS ASSAULT CASE STIRS UP BIG MOB BUT WERE FRIGHTENED AWAY

(By The Associated Press)  
WARHAM, Mass., Aug. 18.—A crowd of two hundred gathered about the local jail early today threatening violence to John Dies, who was arrested charged with larceny and criminal assault on a young white woman. The police fired several shots in the air before they succeeded in dispersing the crowd.

### SOLDIER BOY WOUNDED ON THE RIFLE RANGE AT CAMP JOHNSTON

(By The Associated Press)  
JACKSONVILLE, Aug. 18.—Private Theo. Edwards, of Starke, who was accidentally wounded on the rifle range at Camp Johnston yesterday was discharged from the local hospital today and returned to his company. Edwards was in the rifle pit working the target when a bullet glanced and struck the back of his head. It developed the wound was only a slight one.

## WORLD-WIDE DEPRESSION AFTER WAR

### MAKES THREE MILLION DECREASE IN AMERICA'S FOREIGN TRADE

(By The Associated Press)  
WASHINGTON, Aug. 18.—A decrease of over three billion dollars in value of the country's foreign trade during the last fiscal year was ascribed by Commerce Department today to world-wide trade depression coming as an aftermath of the war. Lower prices rather than diminishing quantities were to a great extent responsible for the decrease in exports, the department asserted.

### BREVARD COUNTY MAN PRODUCES TOMATOES WORTH \$1,178 ON ACRE

(By The Associated Press)  
COCOA, Aug. 17.—The productivity of Brevard county soil and the quality of its products have been demonstrated recently by S. A. Osteen, Lotus, Merritts Island, in producing \$1,178.13 worth of tomatoes from one acre.

Mr. Osteen harvested 260 crates of tomatoes which sold for an average price of \$4.53. In spite of heavy transportation and commission charges, a net return of \$627.64, an average of \$2.41 a crate, was realized. Shipping began the latter part of May and continued into July.

The following shows the yield, gross sales, charges and net return: Total number crates, 260; gross sales, \$1,178.13; express charges, \$430.90; commission, \$117.59; net returns, \$627.64.

The price received for these tomatoes speaks for their quality, since it is far above the average for this vegetable during May, June and July, according to County Agent K. E. Bragdon. In all ten different shipments, varying from three to sixty crates, were made of this crop.

Mr. Osteen was equally as successful last year.

W. M. Haynes, Edward Higgins, R. J. Holly, S. Lloyd, W. M. McKinnon, L. Urban May, F. L. Miller, E. D. Mobley, B. L. Perkins, A. Raffeld, D. L. Thrasher, Deane Turner, W. E. Watson, Hal Wight and some others.

They met with every courtesy from Messrs. Feltner and Clark and all their assistants and the people of Osceola generally and the visit was greatly appreciated by these good people of this thriving little city.

## Hungarians Celebrate End of War With America

Scene at the statue of Washington in front of the parliament building in Vienna, on the day that Hungary received the news that the state of war existing between that nation and the United States, had come to an end. The photograph shows Grant Smith, the United States high commissioner in Hungary, addressing the great throng.

## MANY PROMINENT OFFICIALS AND U. S. ARMY OFFICERS CHARGED WITH CONSPIRACY

### In Connection With the Escape of Grover Bergdoll

(By The Associated Press)  
WASHINGTON, Aug. 18.—Samuel T. Ansell, former acting judge advocate general of the army and of the prisoners legal counsel, Colonel John E. Hunt, commandant of the barracks at Governor's Island and Colonel C. E. Cresson are charged with conspiracy in connection with the escape of Grover Cleveland Bergdoll in a report signed by three of the five members of the special investigating committee filed today with the house. Characterizing Ansell as the "master mind" in the plan by which Bergdoll was released from the military prison under guard to dig up a pot of gold, the majority report recommended that he be disbarred from practicing in courts of the nation. The minority report filed at the same time held, however, that there was no testimony to support the charge that Ansell conspired to effectuate Bergdoll's escape or that his motive in having him released was improper. One Republican, Representative Lushing, of Indiana, and two Democrats, Johnson, of Kentucky, and Flood, of Virginia, signed the majority report. The minority report, signed by two Republicans, Peters, of Maine, and McArthur, of Oregon. The majority finding is the first of the many investigation reports submitted to the house since the close of the war where the Republican member joined with Democrats and enabled them the file majority views.

### WANTS EMPEROR WILLIAM, BOTTOMLY SAYS GET HIM, HOLLAND SHOULD GIVE UP

(By The Associated Press)  
LONDON, Aug. 18.—Declaration that Holland should be called upon to surrender former Emperor William of Germany, was made in the House of Commons today by Horatio Bottomley, independent.

### BAN ON TRANSPORTING LIQUOR THROUGH U. S. TEMPORARILY LIFTED.

(By The Associated Press)  
WASHINGTON, Aug. 18.—Temporary suspension of the customs ban prohibiting intoxicating liquors which are shipped from one foreign country to another, to move across the United States was announced last night by Secretary Mellon.

"In view of the injunctions granted at Detroit and at New York," Mr. Mellon said, "requiring the collectors of customs to continue to permit the transportation and exportation entries for liquor in bond, the treasury department has deemed it advisable temporarily to suspend its order regarding such shipments. Accordingly, and until otherwise advised, the collectors of customs will permit intoxicating liquors shipped from a foreign country to move over the territory of the United States when the destination of such liquors is another foreign country."

## Convicted Negro is Taken to Birmingham To Be Executed

### Slayer of White Girl Was Given Trial Yesterday

(By The Associated Press)  
BIRMINGHAM, Ala., Aug. 18.—Clyde Thomas, negro, convicted yesterday at Centerville and sentenced to die September 15th for the murder of a 14-year-old white girl, was lodged in Jefferson county jail here last night where he was brought on a special train accompanied by two companies of militia and a machine gun unit.

### ATTEMPTED P. O. ROBBERY IN MIAMI SUBURB, AUTOMOBILE STOLEN

(By The Associated Press)  
MIAMI, Aug. 18.—An attempt was made last night to rob the sub-post-office station in Beuna Vista, a suburb of Miami, but the robbers failed to chisel through the concrete wall of the stamp box. A grocery in the same suburb was robbed during the night and an automobile was stolen and burned on the Dixie highway several miles north. No trace of the robbers.

Fort Lauderdale will soon have a new bank. The First National Bank, which will be open in a few days.

## KITCHIN GOES AFTER SCALP OF REPUBLICAN TAX MAKERS, SUGGESTS DEMOCRATIC CAUCUS

### FOOD PRICES CLIMB AS POLITICIANS TALK REDUCTION OF TAXES.

WASHINGTON, Aug. 18.—Retail food prices increased 3.7 per cent in July over June prices, while the prices of wholesale foodstuffs advanced 1.5 per cent and wholesale farm products 1.75 per cent, the department of labor announced today.

Of forty-three articles on which retail prices were obtained, sixteen showed increases, including potatoes 26 per cent, eggs 20, butter 16, and sirloin steak 1 per cent, cabbage 8, onions 5 and bananas 2 per cent.

The general increase in prices included Jacksonville, 4 per cent; New Orleans, 2; Atlanta and Charleston and Richmond, 1 per cent, and Savannah, 3 per cent.

### RAILROADS REFUNDING BILL REPORTED FAVORABLY TODAY ANOTHER BIG SUM OF MONEY

(By The Associated Press)  
WASHINGTON, Aug. 18.—Favorable reports on railroad refunding bill were ordered today by the house commerce committee. Republican leaders plan its passage in the house early next week.

### BURNS IS APPOINTED DIRECTOR INVESTIGATION DEPARTMENT OF JUSTICE

WASHINGTON, Aug. 18.—The appointment of William J. Burns as director of the Bureau of Investigation of the Department of Justice was announced today by Attorney General Daugherty.

## REPUBLICAN PARLIAMENT MAKES REPLY

### Ireland Will Insist Upon Separation From England

## NOT REJECTED

BY PARLIAMENT AND SITUATION HAS NOT BEEN CLEARED

(By The Associated Press)  
DUBLIN, Aug. 18.—Debate on the reply of the Irish Republican Parliament to the British government's offer of dominion status to Ireland was begun by parliament in executive session here today. During public meetings the members heard DeValera denounce the British offer and assert Ireland would insist upon separation from England but with the exception of applause which greeted his utterances there was little to estimate the attitude of the majority of parliament toward the absolute rejection of the terms submitted by Lloyd George. Peace negotiations between the British government and the Irish Republican leaders were not mentioned during this morning's secret session of the Irish Republican parliament, it was announced officially this afternoon.

## 7 CHINESE HELD IN JAX AS ENTRY PROBE GOES ON

### HOW DID THEY GET HERE IS PROBLEM OF U. S. OFFICIALS

JACKSONVILLE, Aug. 18.—Seven Chinese were corraled by federal officers in a barn on a farm several miles from here yesterday and brought to Jacksonville and placed in jail pending an investigation as to how they gained entrance to this country. The Chinese were questioned by immigration officials for several hours but little information was obtained. Some of the men speak English, the officials say, but are feigning ignorance.

According to the farmer whose information to federal officers led to the arrests, five of the men came to his house Sunday and asked that they be permitted to sleep in the barn and be boarded for \$1 a day. These men were followed by two more the next day.

A white man sought by officials in connection with the entrance of six other Chinese arrested at New Smyrna several days ago, after they had aroused the suspicion of a railroad conductor, has not yet been arrested. All the arrests are said to be the outgrowths of a wholesale conspiracy to smuggle orientals into the United States through Florida.

### HERNANDEZ PURCHASED BY MEMPHIS CLUB

MEMPHIS, Aug. 18.—Pitcher Hernandez, of St. Petersburg, was purchased by Memphis, of the Southern Association Club, for a cash consideration. He is to report at the end of the Florida State League season.

States made net profits from Jan. 1, 1916, to Jan. 1, 1921, in round numbers, fifty billion dollars—to be exact, forty-seven billion dollars. After deducting all the taxes, they have paid since Jan. 1, 1916, income, excess profits tax and other taxes, they have a clear profit left of thirty-eight billion dollars, more than four-fifths of which was made by less than ten thousand corporations, and more than half of which was made by ten hundred and twenty-six of the big profiteering corporations, which includes the steel trust, the Bethlehem company, the Dupont companies, the various standard Oil companies, the coal combine, the wool trust, the meat packers, etc.

"Let our fellow Democrats bear in mind always that these same corporations were filling their coffers with these fabulous billions while our boys in France were spilling their blood for the protection and defense of their country. Remember, too, that not a large stockholder or officer or director of one of the rapacious corporations ever faced a German shell."

### MANATEE PUTS FACTS BEFORE I. C. COMMISSION

BRADENTOWN, Aug. 12.—Complaint recently made by the Manatee County Growers' Association against the exorbitant rates on vegetables, with the complete statement sent Senator Fletcher showing all items of cost that entered into the marketing of vegetables and the small amount of proceeds left for the growers, will reopen the question of a rate reduction on fruits and vegetables throughout the entire country, it appears from a letter from W. V. Hardie, director of the bureau of traffic, Interstate Commerce Commission.

Both Senator Fletcher and Director Hardie admit that the statements and letter sent them by I. T. Williams, general manager of the Manatee association, were the most complete, instructive and valuable they have had before them. Officers of this association believe that the figures conclusively prove to the powers in Washington that the vegetable industry in Florida is in a deplorable condition on account of excessive transportation charges. In the statement submitted by the association were exposed the entire records, showing the gross sales, selling charges, destination, drayage, harvesting and loading, crate costs, transportation charges and net proceeds left the grower to cover cost of production.

It is quite evident that the figures made a very forcible impression on Mr. Hardie and it is believed that if every concern in Florida similar to the one in Manatee will pursue the same course, there will be brought about an adjustment of the exorbitant charges that now exist.

It is the purpose of this association to instigate formal proceedings before the I. C. C. and it is desirous of securing the co-operation of all other vegetable concerns in the state.

Senator Fletcher, on Aug. 5, wrote Mr. Williams as follows:

"The data which you furnished for the Interstate Commerce Commission is the most complete, instructive and valuable they have had laid before them.

"I wish we could have had this data before June 20. I am quite sure we could have accomplished most important results. Even now, there is a chance of getting some real benefits, as you will see by the letter from Mr. W. V. Hardie, director, bureau of traffic, interstate commerce commission, herewith enclosed.

"You will, of course, follow this matter up."

The letter from Director Hardie to Senator Fletcher follows:

"Permit me to acknowledge on behalf of the commission your letter of July 20, enclosing a letter dated July 27 addressed to you by the Manatee County Growers' Association, M. I. T. Williams, general manager.

"I beg to say that there is a great deal of valuable information in Mr. Williams' letter, which is quite specific in character and bears directly upon the question of whether or not freight rates are materially injuring the growers. As you probably know, most of the complaints which the commission has heretofore received from shippers have been rather general in character and have contained very little specific information upon which to base a conclusion as to whether or not the difficulties being experienced are really the result of freight rates or of other causes.

"All the data that had been gathered up to June 20 was presented to a meeting of carriers and at that time they issued a statement to the public and to the commission to the effect that they were not convinced that reductions were necessary or would accrue to the benefit of the growers and gave a number of other reasons why they would not at that time voluntarily make any reductions in rates. As you know, the commission cannot order reductions except in a formal proceeding after full hearing.

"I think, however, that neither the carriers nor the commission were at that time in possession of quite as specific information as is given in Mr. Williams' letter, and I am having copies of the letter in question made and transmitted to the carriers with the request that they go into the matter further and furnish the commission with any information which they may have or can get bearing upon the matters brought up by Mr. Williams.

"It is also likely that this general subject of rates on fruits and vegetables will be discussed by representatives of the commission with the carriers again, in a week or so, and the data presented by Mr. Williams' letter will be used at that time.

"Further advice will be given you in the premises as soon as possible."

### KNIGHTS TEMPLAR HOLD MEETING

(From Tuesday's Daily)  
On Thursday evening, August 11th, at 8 o'clock the first convocation of Taylor Commandery K. T. was held in the Masonic Hall.

This organization was granted a dispensation by the Grand Commander of Knights Templar of Florida with the following officers to serve until chartered:

H. E. Tolar, Eminent Commander.  
James Moughton, Generalissimo.  
Ralph B. Chapman, Captain General.

After reading of this dispensation the Eminent Commander appointed the following officers to fill the remaining stations:

A. F. McAllister, Junior Warden.  
Julian N. Tolar, Senior Warden.  
George Hyman, Prelate.  
L. H. Gibbs, Standard Bearer.  
Thos. W. Jones, Sword Bearer.  
John M. Gilson, Warden.  
Geo. L. Bledsoe, Captain of the Guard.

Eugene McConnell, First Guard.  
W. M. McKinnon, Second Guard.  
C. M. Hand, Third Guard.

And the Commandery U. D. was duly opened.

This announcement is of more than passing interest to members of the Masonic fraternity in Sanford and Seminole County, as the matter has been brought before the Grand Commandery of Florida for a number of years past, and that body has now decided that Sanford is large enough and important enough to support this organization.

A goodly number of Royal Arch Masons have already petitioned for the Orders of Christian Knighthood, and during the next sixty days all equipment will be provided and the Orders will be conferred.

This organization, as is doubtless well known, is of York Rite Masonry, and only Royal Arch Masons who are likewise believers in the Christian Religion are eligible for membership.

### CHULUOTA

Mr. and Mrs. J. E. Snyder, our dry goods merchants, spent last week in Tampa visiting friends.

Mr. and Mrs. O. W. Townsend, of City Point, spent the week end with the latter's parents, Mr. and Mrs. Gabe Long.

Mrs. G. M. Jacobs and daughter, Mrs. Josie Prevatt, left Monday for Reklaw, Tex., where they were called by the serious illness of Mrs. Jacobs' two little-grandchildren, the little son and daughter of Mrs. S. H. Holmes, nee Miss Bertha Jacobs.

Rev. and Mrs. A. A. Wainright spent from Saturday until Monday at Kenanville where the former filled his regular appointments at the Whittier Baptist church.

Arch Hodges, of Cocoa, visited J. T. Jacobs and family last week.

N. C. Jacobs and family are camping on the St. Johns prairie for a few days.

Mrs. M. S. Averette spent several days in St. Augustine last week getting her house ready to move into in the near future.

Miss Hazel Jacobs spent the week end visiting her school friend, Miss Frances Graves, at Wagner.

The death angel visited our community again last week and called to follow him Vernina, the 13-year-old daughter of Mr. and Mrs. D. W. Simons. Vernina was stricken with a case of inflammatory rheumatism last Wednesday, a week ago, and suffered severely from the pain, but as she had had several attacks before her friends did not think but what she would recover. She grew worse and after one week's suffering she died last Wednesday night. She was a bright faced sunny dispositioned child whom all that knew her loved. Her parents and little sister Leona and the two married sisters, Mrs. Jack Gore and Mrs. Tom Lane, are almost heart-broken over their loss. After the funeral services which were conducted by Rev. Thompson, of Oviedo, she was laid to rest in the Chuluota cemetery. Her schoolmates and friends brought quantities of beautiful flowers and completely covered the little mound beneath which she sweetly sleeps in peace.

### KILLED BOB CAT

(From Monday's Daily)  
Aylett Fitts brought a bob cat to the Wight Garage this morning that he killed over in Volusia county. The cat was not such a large one but had a fine hide and will no doubt make a nice rug for some one who wishes to skin it. Bob cats are not so plentiful around here as they were in the early days but there are some to be seen from time to time in the swamps. Several years ago Robert Lord killed one with a club near his home south of the city that was one of the largest ever brought to this city.

### Society Wedding Interests the State, Hundreds to Attend

That Society wedding, that street dance, that prize dance, that good band music, that well lighted street with the many colored lights, those good things to eat and all of the other good points of that big time the Educational Committee of the Woman's Club intends to give the people here on the night of Friday, August 26th, is making the people sit up and take notice.

Not only in Sanford and Seminole county but in adjoining counties for everybody is invited—yes, mam—everybody, come right in and help the Woman's Club to erect that building for the school lunches that are to take care of the hungry children this year at our grammar school.

This movement is away ahead of any of the movements that would take care of the children living thousands of miles from here. This is charity beginning right at home and the kind you can see while it is working.

So get behind this society wedding and street dance and make it one of the big successes of the year. Now is the time to stimulate business and the merchants are all in line to offer big sales for that day and get the people here to, enjoy a big time at night. Watch the Daily Herald for future announcements.

### MEAT INJURIOUS TO THE KIDNEYS

#### TAKE A TABLESPOONFUL OF SALTS IF BACK HURTS OR BLADDER BOTHERS

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system. When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a table-spoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Adv.

### LEAGUE PARTY.

(From Tuesday's Daily)  
The Senior Epworth League of the Methodist church, entertained most delightfully last night at a Gypsy party, at the home of Misses Lillie Ruth and Carolyn Spencer, on Sanford Heights.

A large bon fire was built under the trees, and around this the young folks in picturesque costumes, made a charming picture. Fortune telling, games and stories were indulged in during the evening. At a late hour refreshments of hot waffles, rolls and coffee were served by several of the members.

There were about 30 members of the League who enjoyed this happy occasion all voting this one of the most delightful affairs given by the League.

THE U. S. USCO TREAD

Here is the U. S. Usco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Fabric line, the Usco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

## From the makers of U.S. Royal Cords to the users of Fabric Tires

"Giving to the fabric tire user fresh, live tires. Being shipped now."

In all of modern merchandising the biggest conundrum is the fabric tire situation.

Around 70% of all car owners use fabric tires.

Their instinct for quality is as strong and insistent as any one else's.

Why, then, are they offered such hodge-podge stocks of "discount tires," "odd lots," "seconds," "retreads" and other so-called bargains of uncertain origin?

People have gotten very close to the U. S. policy. Felt it. Benefited by it. And passed the word along.

It's a policy settled to one standard for all U. S. Tires. Whether fabrics or cords. Small sizes or large.

Giving to the fabric tire user fresh, live tires. Being shipped now. Being shipped now.

All the original U. S. vitality and service comes through when you buy a U. S. Fabric Tire.

  - U. S. NOBBY TREAD
  - U. S. ROYAL CORD
  - U. S. RED & GREY TUBES

Sooner or later the public always seeks out quality. As a matter of self-protection—if for no other reason. The out-and-out opinion in favor of U. S. Fabric Tires has spread more this year than it ever did.

"Usco," "Chain," "Nobby." Three different treads.

Built by the same brains, the same policy, the same quality ideals that have made U. S. Royal Cords the standard measure of tire worth.

## COMPANY D IS THERE, OFFICERS AND MEN ARE OF THE BEST MATERIAL

All the Officers and Men Are Working Hard to Make Our Company Among the Best Attending the State Encampment

JACKSONVILLE, Aug. 13.—To introduce Co. D, of Sanford, it is well to start with the most interesting side of the Company's activities in the great struggle of the world's war. Our captain, George DeCottes, is an experienced soldier of reputable ability, and in the early days of the Florida National Guard he was then as active in military activities as he is today. Captain DeCottes was born and raised in Jacksonville; at the outbreak of the Spanish-American war, when his regiment was mustered into federal service, he being too young to be admitted into active service could not go. He later entered Stetson University as a student of law in which college he came into the public's eye as Captain of the foot-ball team, and his work on the gridiron brought fame to his team. Though he has had and uphill grind through life since his graduation, today he is successful and one of the best lawyers in Seminole county and is also state attorney for that district. During 1917 when the fever of war was at our doors he was not lacking in initiative, for after repeated efforts and being turned down three times he finally succeeded in enlisting in the Tank Corps, and was sent to Ft. Screven, Ga., as a private. His military bearing was soon discovered, and his ever alert manner soon brought him a commission as first lieutenant in the Tank Corps at Camp Colt, Gettysburg, Pa., at which place he served honorably as summary court officer. His active service brought him the name of being a most competent officer and when the organization of the Florida State Guards was brought to his attention he showed the same spirit that was characteristic of his army days, for immediately he took the task set before him and was unanimously elected captain of the Sanford Machine Gun Corps, which today is one of the outstanding companies in Camp Johnstone. His work was so efficient that in less than ten days his men were standing federal inspection which was given by Major Moore, Federal Inspector for the War Department. Major Moore commented on the quick action and sound judgment used by Captain DeCottes in his organizing this Company, further stating that this body of men were one of the best he had inspected while on his tour of the state.

First Lieutenant J. C. Hutchison was born and raised in a small town in South Carolina by the name of Ninety-Six. He attended the high school in this town and graduated in his early teens, later he entered Wofford College at Spartanburg, S. C., taking a full course in Mathematics and the general prescribed course for the degree of Bachelor of Arts, specializing in mathematics. His efficiency along these lines soon put him at the head of his class and he finished the prescribed course which ordinarily takes four years in three years. The professor of this college gave him the honor of being one of the most proficient mathematicians that has ever entered this college. He came to Sanford in 1915 and was mathematics instructor, also athletic coach for all teams at the high school in Sanford, from which place he was called to arms in 1917. After two years of notable service Lieut. Hutchison was among the first six to be called on in Seminole county and responded with the same American spirit that has been so characteristic among all our soldiers. He was ordered to report at the Officers Training Camp, at Camp Jackson, S. C. Upon leaving there he went overseas as second lieutenant with the field artillery and served eighteen months in the war area, and returned to Sanford with the same honorary commission. The efficiency board of the U. S. army saw the material for an aggressive officer in Lieut. Hutchison and duly offered him a higher commission if he would remain in service, but having other plans Lieut. Hutchison expressed his thanks to the board and was honorably discharged.

His business life has been as progressive as was his army career owing to the fact that he entered the Sanford Truck Growers, Inc., as a book-keeper, and showing such marked ability, was not long with the position for the board of directors soon placed him at the head of his respective department as general sales manager and today he is holding this office and is a credit to this concern. The organizing of the National Guard found Lieut. Hutchison with the same initiative as is so characteristic of all true Americans, for he is a man among men and well liked by all the boys in his company.

Second Lieutenant F. H. Lossing enlisted in the Illinois National Guard

as a private in 1917 and in less than five days was made Corporal in this company. When the call to the colors spread over this universe, and patriotism was at fever heat and all blue-blooded Americans could not resist the call to arms, his company was ordered to Texas for overseas training. His usual alert manner soon brought attention from headquarters and in due course he was made sergeant. On arrival in France he was sent to the officers training camp where he received a commission in a short time as second lieutenant. His unsurpassed devotion and courage brought him many approvals from his commanding officer. His service in France, like many more of his type, brought him into the eyes of his many comrades, having more than five active engagements and his tenacious spirit was the means of his being commissioned to first lieutenant which honorary rank he held on discharge. The retrospective views of Lieutenant Lossing are very unpleasant to him this day as he was unfortunate enough to lose a younger brother who was killed in active service. The American Legion of Sanford to this day remembered this boy who stepped out into eternity with the same American spirit that has been ever foremost amongst all fighting nations of the world, and have commemorated to his memory the post that today is known as Campbell-Lossing Post No. 53 of Sanford. Few men are as high today in the memory of the Sanford public as are these two boys who sacrificed home and business to swing into step with our nation. Lieutenant Lossing is a successful contractor and is highly esteemed in the business circle of Sanford.

With such officers in command of a company of men, whether or not they have seen service in the army before is in itself enough to perpetuate the highest degree of discipline. It might be well to state that not only are the officers of this company good soldiers and pre-service men, but many of the non-commissioned officers and privates have also seen service under the colors in France and more than one has come back with wounds that will be well remembered, and a record that will go down in history. Not only in Sanford but in any other city where the spirit of the old days is still a reminiscence that is sweet to be remembered. Every boy in this company is doing his best to put this company at the head of the list.

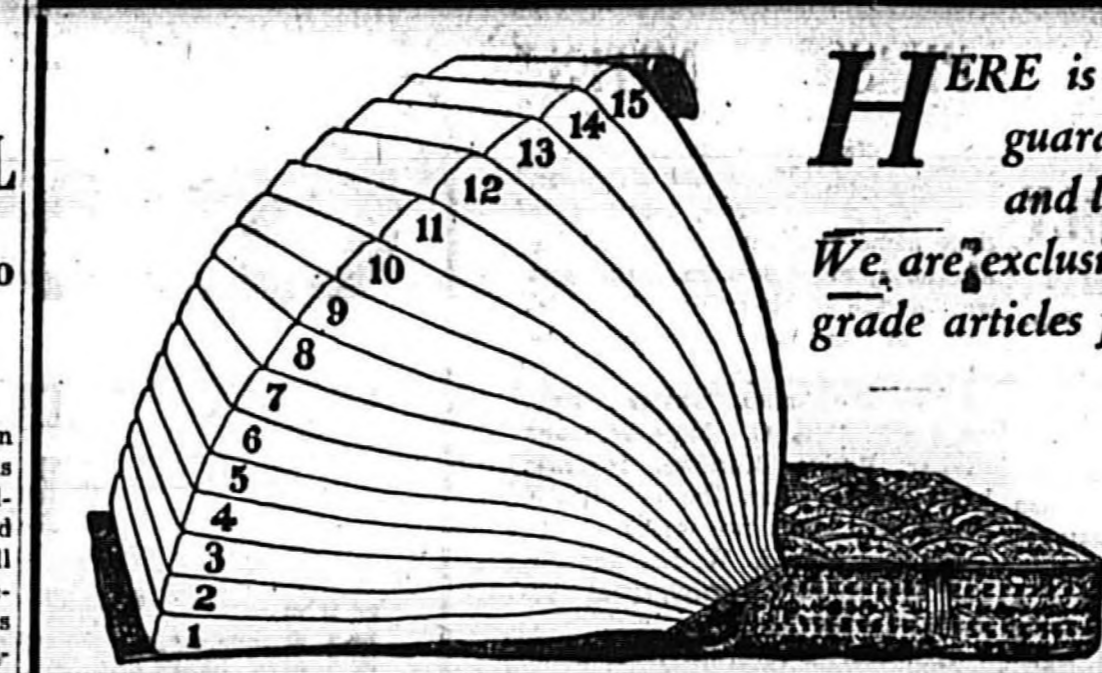

### ONE OF THE BOYS.

Private Murphy, formerly with the Canadian army for four years is keeping a few of the laurels of the Camp in Company D. He is an all around athlete and his work on the track is exceptional, being one of the fastest hundred yard runners in camp; and as a high jumper he has already proven his ability to coup with the best men in this class. He has also made center field on the First Battalion team and has on top of all this shown some of his quick work as a wrestler, throwing all that he has come in contact with. In the coming field day events we look to Murphy to uphold Company D in more ways than one.

Sergeant Eagan is helping the entertainment committee with his many good readings that some of the people of Sanford have already had the pleasure of hearing. He has also had experience with the gloves and can use them effectively, owing to a recent operation he is not in a position to take on any boxers in his weight, although he has had the gloves on with a number of men in camp and is now instructing a few that look promising; with his many talents he has helped out in more ways than can be counted. His kitchen being one of the best in the camp and through his good handling of rations, feeding of men and cleanliness his kitchen was picked by the camp quartermaster, Captain Dohm for the instructing of cooks. He has won a position as second baseman on the battalion team and is coaching on the line.

Sgt. Roy Chittenden is showing the other companies how to handle men and get results. His work has been well done, all the boys are showing good form and are working hard. With the co-operation of Sgts. Mero, Harper, Donald Whitcomb and Robinson, we are showing up on the field as one of the top notch companies in Camp. Sgts. Chittenden and Robinson are also on the ball team.

We are unfortunate in losing two of our best men, for just now we need every available man for field work. With Sgt. Washburn transferred to the Miami company on account of his being called to that city on business last Wednesday and Copl. White on

the same day called to Sanford it left the boys in a rather gloomy mood for the remainder of the day as it is mighty hard to forget Sanford and home even though the army life is strenuous enough to say the least, nevertheless the parting with these two boys, both of them being competent and worthy soldiers, made a great deal of difference on the grounds mentioned.

Capt. DeCottes and both Lieuts. Hutchison and F. H. Lossing are working with their utmost efforts to give Sanford the leading place and make Company D a remembered unit as long as this camp is standing. In conclusion I might add that every man is doing something to put our company where it belongs on the map and we are going to do it if we have to drill after meals.

## WHAT PROMINENT SANFORD PEOPLE THINK OF WORLD IN GENERAL TOLD

While travelling around the city this morning (on foot, as usual) we were struck with the wonderful knowledge displayed by many of the Sanford people. All you need to do if you want to find out what the world is doing is to take your stand on any of the corners or at any of the stores, get you a group of Sanford men and start them going. Only this morning we evolved the following words of wisdom from the following Sanford men:

Frank Miller says there is a cow for every inhabitant over in Holland, while here in America there is more or less "bull" to most of the inhabitants.

Felix Frank said: When women wore bustles they were misrepresenting. With the modern high skirts and roll down stockings—you've got to believe it because you can see it.

And then Ed. Higgins spoke up as follows: A lot of men who have a twelve cylinder voice and the nerve of a pirate, are running around on a Ford chassis and a "bad order" carburetor.

And Capt. Elder said: Not a few Democratic postmasters are willing to concede that "Billy" Cox would have made exceedingly good as president of the United States.

And then the Herald man said: On the very same day it was so hot that President Harding was receiving visitors and transacting business in his short sleeves, the same thing happened in the Herald office—which may, or may not, be a peculiar coincidence.

And George Knight blushingly remarked, that if some of the modern ladies would run for office, they would surely make good—as they have so little to conceal and produce so much favorable evidence.

And Fred Williams remarked in passing: Of course it takes drainage engineers to make ready for irrigation as well as for drainage, so I fall to see why the Volstead act should have anything to do with the salaries of the engineers.

### WHAT ABOUT THE BENCHES?

Sanford, Fla., Aug. 16, 1921.  
Dear Editor (holly):

It has been some time since you heard from me. I have been anxiously waiting to see some more benches along the business portion of our town, but up to the present time none have greeted my sight. Now is the opportune time for us to begin to get ready for the tourists, who are sure to visit us the coming winter, and nothing we could do would add more to their comfort than to have a goodly number of benches placed about First street. We really need them for the home-folks, but most especially for our winter guests.

And while on the subject of making Sanford more comfortable, why

not make it more beautiful? The old saying, "a thing of beauty is a joy forever," is only too true and beauty cannot be disregarded in the building of a city, certainly not in a tourist resort. It is true great progress has been made in the past few months towards beautifying our town, yet there is much to be done. Central Park is looking better now than it has ever looked, and the depot park will soon be made very attractive. The grounds surrounding the post-office building are a source of pride to us all, but the fact remains that the greater portion of our business section is devoid of beauty.

The banana plant by the Postal Telegraph office is a joy to the eye, but it's the only one anywhere near, and think of the uncounted number of

gorgeous tropical plants that could change our main street from a commercial, prosaic place to a bower of beauty—and all without much expense but of untold value to our future as a home for tourists.

Trusting that the above will be food for thought which will lead to a GREATER SANFORD, I am,  
Yours very truly,  
CYNTHIA DAY.

## What Henry Ford Says About Machine Power Farming

"In the tractor the farmer now has a machine in which is harnessed one of the most adaptable, efficient, economical sources of power in the world—the internal combustion engine.

"The tractor will multiply the productive capacity of each individual farm worker from three to four times over.

"It will put the farmer on a par with the city manufacturer. It will put his produce-producing factory—for that is what a farm is—on to an efficient production basis.

"It will enable each worker to earn so much more that he can be paid more and still leave a greater profit for the man who hires him. It will enable the farmer to work fewer hours in the day, giving him more time to enjoy life.

"I believe the tractor will make farming what it ought to be—the most pleasant, the most healthful, the most profitable business on earth."

## WOMAN'S CLUB FETE DAY WILL BRING PEOPLE IN AND ASSIST GOOD CAUSE

August 26th Will Be a  
Special Sales Day and  
One Big Event.

The Woman's Club of Sanford is one of the real live organizations of the city and are always in the forefront of every good movement for the benefit of the city and county.

Among their latest efforts to help humanity is the idea of hot lunches for the school children that bid fair to revolutionize the old idea of allowing the school children to go to school hungry and keep them hungry all day long. This movement started in the Welfare Department of the Woman's Club and the ladies have held several very interesting meetings on this matter and now have it in shape to present to the people. It was figured out that one thousand dollars would erect a suitable building at the grammar school where the hot lunches could be prepared under competent supervision and served in the proper manner. Since the world knows that there is no school funds available for building or any other purpose now when many schools are being closed for lack of funds it was impossible to build this building without a popular subscription and despite the fact that the city has been "driven to death" by various drives these ladies faced the music and solicited the families of the city and county in the effort to obtain the money from those mostly concerned and also to bring the matter home to the mothers and fathers of the children.

The campaign has been successful but more money is needed than was collected and the Woman's Club has conceived the idea of having a big time here on Friday, August 26th, at which time they will give the people plenty of entertainment in the form of a street dance, a public wedding and many other attractions.

It will be arranged in order that

### BIRTHDAY PARTY

(From Tuesday's Daily)

Frank Miller had a birthday yesterday but up-to-date no one knows just how old he was yesterday or how old he seems to be today. Just to celebrate and also to entertain his friends, Frank invited a few of them to meet him at Banana Lake, the suburban home of Frank Brown, last night and when the guests had arrived they found Chef Hambone on the lake shore with chicken pillau and all the side dishes almost ready to eat. After a swim in this clear water lake the entire party were ready for the big feed and how they did attack that chicken pillau, rolls, pickles, hot coffee and other good things. After the pillau they adjourned to the lake pavilion to enjoy the moonlight, to sing, to tell stories for a while after which they gathered at the house where Frank was made to sit still long enough for R. J. Holly to present him with a beautiful Shiner's ring, the gift of the members of the party. Frank was struck dumb for a minute but "came back" in a most graceful speech thanking the friends for their appreciated gift for it meant so much to him, not from its intrinsic value but on account of what it represented in true friendship.

The phonograph worked overtime while the happy couples danced until a late hour before the party broke up and returned to town with the thought uppermost in their minds that Mr. and Mrs. Frank Miller were royal entertainers and they are hoping Frank can arrange to have a birthday at least every six months.

Those present were Mr. and Mrs. Howard Overlin, Mr. and Mrs. John Smith, Mr. and Mrs. Edward Lane, Mr. and Mrs. Archie Betts, Mr. and Mrs. Sherman Lloyd, Mr. and Mrs. Don Bishop, Mr. and Mrs. R. J. Holly, Mr. and Mrs. Frank Miller and Arthur Yowell and Frank Brown.

I do not think I have ever seen anything give such prompt results. Mrs. Sykes had been in delicate health for ten months, suffering from stomach trouble and nervous breakdown. 'I frequently sought medical advice but Tanlac is the only thing that gave her any relief. After taking the medicine only a short time, she was able to sit up and help with the household duties. I think it only a short time until her health will be fully restored.'"

### NOTES FROM CO. D

SANFORD COMPANY MAKING  
GOOD AT JACKSONVILLE  
ENCAMPMENT

Headquarters, Co. D. 1st Inf. F. N. G.  
Camp of Instruction,  
Camp Johnston, Fla.  
August 13th, 1921.

Dear Mr. Holly:

No doubt you would like to hear from Company D as to whether we are doing our duty, or not. You may rest assured that the outfit is doing their part, and fully intend to bring home the bacon.

Captain DeCottis is up at 5:30 a. m. right with the boys getting them started early, always the first on the field, and is certainly doing everything for the boys that he can do to make the outfit more efficient in their work. Lieuts. Hutchison and Lossing are doing their part towards helping us along, towards the name of being the best outfit in camp. And I may say that if we are not the best, we are good as the best.

The boys are making a record on the 1,000 yard range, and will go, on Monday for all day. Major Wilson, the machine gun officer, is very much pleased with the organization that we have, and is throwing flowers our way. Every man is interested in his work, and doing his best. There are several cups offered, and Co. D is going to carry back a few with them, if such a thing is possible.

We want Sanford to be proud of Co. D and we are not going to fall down on the job.

Sincerely,

VIRGIL L. SMITH.

P. S.: Here are a couple of good ones we put in the Metropolis:

"Private Wimbish is some soldier. He believes in obeying orders. Friday night he was called from his cot and told that six policemen had been shot in a riot at the county jail. He jumped to his feet, raced to regimental headquarters and reported the company ready for action. What they said at headquarters has been deleted by the censor."

Two more good meals were served Friday. Some chow we're getting.

Private first class Isadore O'Brien Meredith, "budy hippo" has a pair of pants that will fit him now. Congratulations Meredith."

### On Parade

Yesterday morning we had big Tom Meredith, 190-lb. Kentucky bred, in the line up. Tom is a good soldier but likes to sleep in now and then. The captain put the question to Tom as to why he hadn't shaved. The conversation follows:

Captain: "Meredith, you understand you're to answer all officers with 'Yes Sir and No Sir.'"

Meredith: "Yes, Sir."

Captain: "Did you shave this morning, Meredith?"

Meredith: "No."

Captain: "No what?"

Meredith: "No razor."

### Capt. DeCottis Talking to Pvt. Green

Capt.: "Where were you born, Green?"

Green: "Florida, Sir."

Capt.: "What state were you born in, Green?"

Green: "Asleep, Sir."

Capt.: "I mean what state in the United States."

Green: "Pennsylvania, Sir."

Capt.: "What part?"

Green: "Why, all of me, sir."

### A Good Reason

Capt. to Sergeant Mero: "You were in the air force, weren't you?"

Mero: "Yes sir. I had poor feet, sir, and they put me in there because I used to fall out on route marches, sir."

Capt.: "Well you do yet, don't you, Sergeant?"

Mero: "Yes, Sir."

Capt.: "Well, I think I will have you transferred there again, Sergeant."

Mero: "Pardon, Sir, may I ask why?"

Capt.: "Yes, Sergeant, because you will only fall out there just once."

### THREE FLORIDIANS COMING ON ZR-2

WASHINGTON, Aug. 15.—Southern states will be well represented among the men on the navy's big dirigible ZR-2, when it sails from Howden, England, probably Aug. 25, on its trans-Atlantic air voyage for Lakehurst, N. C.

One of the watch officers is Lieut. Henry W. Hoyt, of Clearwater, Fla., and the assistant engineer will be Chief Machinist Shine S. Halliburton of Macon, Ga.

Among the riggers will be Maurice Lay of Greensboro, N. C., and among the mechanics will be Charles W. Cass, of Jacksonville, Fla., Lloyd E. Crowl, of South Carolina and Llewellyn T. Stevens of Atlanta, Ga. One of the radio operators will be John T. Robertson, chief electrician, of New Smyrna, Fla.

Lieut. Hoyt, who is thirty-one years old, is a native of Clearwater, Fla., graduated from the Naval Academy in 1914 and specialized in kite balloon duty at sea.

He won a navy cross during the war.

A number of other southern men will be aboard. They include Lieutenant-Commander Valentine N. Bieg, a native of Alexandria, Va., whose home is at Bryn Mawr, Pa., is senior engineer officer of the ZR-2. Lieutenant-Commander Richard F. Byrd, Jr., (retired), air navigation officer of the vessel, is a native of Winchester, Va., making his home in Washington, D. C.

Construction	2,902.98

Total disbursements \$24,439.86

Balance in bank 133.04

Statement of receipts and disbursements for actual operation of the hospital for 19 months shows expenses \$18,888.02. Receipts from patients \$16,506.59, making a deficit of actual operation of \$2,381.43, this, of course, is taken care of by donations. Outstanding accounts showing \$621.08 receivable bills payable \$296.41.

The report also shows that 358 patients have been taken care of in the hospital of which number there were twelve deaths (five babies and seven adults). There has been 163 operations.

Mr. Maines, as secretary, reported on the status of the old Sanford Hospital Association and showed that there was something over \$2,500 on hand in building and loan stock from the old association and also that the title to the lots given the old association was now in process of conveyance to this association.

Dr. Denton moved that Mr. Connelly be designated to get such papers as were necessary to the transferring of title to the lots and have them recorded; motion seconded by Mrs. E. Curlett and carried.

Dr. Marshall moved that Section three (3) of Article (3) of the by-laws, be amended to read as follows:

Section three (3), fifteen (15) members present at any meeting shall constitute a quorum, a lesser number shall have power to adjourn a meeting to a future date. This motion was seconded by R. J. Holly and carried.

Motion by A. P. Connelly that seven members of the Board of Directors be a quorum of that board, seconded by C. J. Marshall and carried.

Motion of A. P. Connelly, seconded by Dr. Marshall, meeting now elect Board of Directors for the ensuing year, carried.

Whereupon the following representing the several organizations and precincts as follows were nominated and upon motion duly carried were elect-

ed as the Board of Directors of the Association for the ensuing year:

Holy Cross Church: A. P. Connelly and B. F. Whitner.

First Baptist Church: Schelle Maines and Mrs. F. R. Savage.

Congregational Church: Paul Burhans and Harry Kent.

First Methodist Church: W. M. Haynes and Mrs. H. H. Chappel.

Presbyterian Church: H. C. DuBose and L. I. Frazier.

Catholic Church: F. W. Mahoney and Mrs. June Rounmillat.

Geneva: Mr. and Mrs. Endor Curlett.

Chuluota: C. D. Brumley and G. M. Jacobs.

Oviedo: T. L. Lingo and Mrs. S. W. Swope.

Altamonte: J. W. Osteen and Mrs. W. B. Ballard.

Longwood: Mrs. Elsie Dunbar and C. W. Entzminger.

Lake Monroe: L. B. Mann and Mrs. W. F. Blackman.

County Commissioners: L. A. Brumley.

City Commissioners: H. R. Stevens.

At Large: Mrs. E. M. Galloway, Mrs. A. E. Hill, T. W. Lawton, R. J. Holly, F. P. Forster and S. O. Chase.

Upon motion, meeting adjourned.

Immediately after the meeting of the membership of the Association, the Directors elected at the meeting held to elect officers of the Association for the ensuing year as follows:

President: T. W. Lawton.

First Vice-Pres.: Mrs. Endor Curlett.

Second V-P.: A. P. Connelly.

Third V-P.: Mrs. W. B. Ballard.

Recording Secretary: Schelle Maines.

Corresponding Secretary: Mrs. June Rounmillat.

Auditor: W. M. Haynes.

Treasurer: B. F. Whitner.

Executive Committee of the Board: R. J. Holly, Mrs. Endor Curlett, L. I. Frazier, Mrs. W. F. Blackman and A. P. Connelly.

It was decided that the president and secretary institute a campaign for re-natal of memberships and also for new members.

After several addresses and suggestions from members of the Advisory Board, to-wit: Drs. Puleston, Marshall, Langley and Denton, the meeting of the Board of Directors adjourned.

### EAST SANFORD

Mr. and Mrs. J. E. Worthington, were guests at the Ellsworth home on Beardall avenue Monday. Mr. and Mrs. Worthington were enroute to their home in Lake Wales, after being in Deland and Daytona at the Florida dailies association meeting Saturday and Sunday. Mr. Worthington is owner and editor of the Lake Wales Highlander.

Mr. and Mrs. Ashley Purvis are at Green Springs to remain for some time. Mrs. Purvis has been very ill with rheumatism and is taking the baths at the springs in hopes of benefit. They will visit in Tampa before returning home.

Mrs. Stiles, Mrs. McMahon and little folks were guests from town Sunday at the Zernovian home.

East Sanford mail man, F. L. Green, is having his mid-year vacation and C. J. Cranston, from the west side, is substituting for him.

Mr. and Mrs. R. L. Dorton from near Charlotte, N. C., are new comers here. They are living on one of the Joe Cameron farms. There are three interesting children, Margie, Eunice and Ned.

Mr. and Mrs. Fred Cowan, Sr., and two little girls, are at home from a two months' visit in Blairsville, Ga. Mrs. W. W. Dresser and children reached Watertown, N. Y., safely and found her mother, Mrs. Paige, very ill without much chance of recovery, as she is 89 years old and has not been in good health for some time.

Word comes from Zelma, Mo., that Leoti, wife of Charles Kink, died very suddenly on August 5th. Mr. and Mrs. King were quite well known here, having lived here about two years. Mr. King was here some months ago and bought the J. R. Hayden place on Beardall avenue, and they were expecting to come here soon to reside. Mr. King has the sympathy of many friends here.

Payton Fortson died Monday at the home of his brother at Beck Hammock. Mr. Fortson came here a short time ago from Brunswick, Ga., his wife reached here a short time before he passed away. Besides his wife there are two children and several other relatives to mourn his passing on. They have the sympathy of every one.

### GENEVA

Mr. and Mrs. W. H. Kilbee, Raymond Kilbee and Mrs. Grant and two daughters enjoyed a picnic at Lake Harney Thursday afternoon.

Stafford and Fred Leffles left Tuesday for Okechobee where they will start fishing.

Wm. Daniels, Tom McClain and Mr. Huelston were in Sanford Saturday on business.

Mrs. Endor Curlett attended a bridge party in Sanford Wednesday. Nazell Taylor, of West Palm Beach, was here last week on business.

Mrs. W. E. Wicks and Mrs. Culpeper called on Mrs. Rosa McFarlane Sunday.

Mr. and Mrs. G. W. Prevatt and Mrs. J. M. Prevatt spent Sunday in Moore's Station.

Mrs. Edna Ballard, of Black Hammock was a visitor here last Wednesday.

Rev. Wright, of Oviedo, preached a fine sermon here last Sunday.

Mrs. Yarber and daughter, of Ormond, and Mrs. Roy Tillis and children, of Sanford are visiting Mrs. W. H. Kilbee.

Mr. and Mrs. Franklin and daughter have returned from Daytona where they have been for the past two months.

Mr. and Mrs. Woodward are visitors at the hotel.

Mr. and Mrs. Wicks spent Monday in Sanford.

Misses Lois and Sallie Grant are visiting their mother here.

A jolly crowd of young and old folks enjoyed a moonlight picnic at Lake Harney Tuesday night. A fine supper was spread at 8:30 o'clock and about sixty enjoyed it. After a supper of fried chicken, ice cream and cake, bathing was enjoyed by all.

Friends and relatives of Mrs. Fred McFarlane, of Geneva, will learn with regret of the sudden death of her father, P. N. Stover. Mr. Stover made his home with his daughter, Mrs. McFarlane, but had gone to Tampa to recuperate before making a trip to see his son in Philadelphia. He was taken ill in Tampa last Saturday and Mrs. McFarlane went at once to his bedside and remained with him up to the time of his death on Thursday night, August 11th. His youngest sister came from Jacksonville to be with him. The burial took place in Tampa in the Masonic burial place.

The Masonic order holding the funeral at 3 o'clock Saturday afternoon from the undertaking parlor. Mr. Stover was 76 years old, a veteran of the Civil war and made his early home in Michigan. He leaves to mourn his loss besides his daughter, Mrs. McFarlane, three sisters, Mrs. Caroline Wilson, of Jacksonville; Mrs. J. H. Shultz, of Manistee, Mich.; and Mrs. G. Waltz, of Omaha, Neb., two brothers, Captain John Stover, of Pt. Huron, Mich., and W. Stover, of White Rock, Mich. He also leaves three sons, Mark E. Stover, of Somalia, Ontario; G. A. R. Stover of Philadelphia, and Neil Stover Schoales, of St. Clair, Mich. Arrangements will be made to take the body to his final resting place at the family burial grounds, Forest Lawn Cemetery, Saginaw, Mich., as soon as his son returns to the United States from the navy.

### Big Time in Sanford Friday, August 26th, Wedding and Dance

The wedding that will stirle the natives, the street dance that will be the best ever and the entire affair to be given in this city by the Educational Committee of the Woman's Club for the benefit of the school lunches for the children promises much to those who are making their arrangements to be present.

This affair will take place in front of the court house Friday night, August 26th and the ladies are making all arrangements for the largest crowd that has congregated in Sanford in many years. The wedding will be well worth the price of admission and by the way there will be no regular ticket booth for the sale of tickets but the girls will tag you for them and you pay fifty cents for the wedding and dance on the street to the good music of a fine band. And then the ladies announce that they will also serve a fine supper for a very small sum and the menu is published below:

Supper Menu  
Ham Sandwiches .....10c  
Potato Salad .....10c  
Baked Beans .....10c  
Coffee .....05c  
Iced Tea .....05c  
Pie .....10c

Ice Cold Drinks

### SANFORD SHOE & CLO. CO.

HAVE COLOR IDENTIFICATION LAMP, SAME EFFECT AS DAY

Some men are unable to get away from their business in daylight and are compelled to trust to their eyesight or to luck in buying a suit of clothes at night. They have a difficult time in determining colors and oftentimes are compelled to take a color that they do not like when they see it in daylight. The Sanford Shoe & Clothing Co., knowing this and wanting to keep abreast of the times, have installed the very latest wrinkle called the Color Identification Counter Lamp that stands 14 inches high and putting a piece of goods beneath the lamp gives you the exact color of the goods as in daylight. It is a wonderful machine and will be greatly appreciated by the many customers of the Sanford Shoe & Clothing Co., who before this lamp was perfected, were obliged to pick their clothes at night with no chance to determine the colors. Go in and see this marvel of the century and remember that you can pick your colors at the Sanford Shoe & Clothing Co., as well at night as you can in daytime.

### DAUGHTERS OF WESLEY ENTER-TAINED

## Hew to the Line

let the chips fall where they may. If you have been intending to build this year don't let a few pessimists and calamity howlers scare you away from a great opportunity. You never will have another chance to buy lumber at present prices. Experts agree that rock bottom has been reached. Use your own good judgment and start your building now. You will never regret it. We will get a better price for our lumber if you wait—but our advice is to build now.

**What This Is All About**

When the Educational Committee of the Woman's Club took up the question of providing a simple hot school lunch to serve for a nominal sum they soon realized that it would be more of a problem here than in the systems investigated in Orange county. Other places had a room or building that could be adapted for the purpose of preparing and serving. Sanford schools already congested, had no possible room, and the local board, with problems of their own, could not spare money to build such. However, the local board has given \$300 towards our scheme and the finest moral support and endorsement. We need about \$1,500, and tried to raise the greater part of this by small donations canvassed in our school district. We are still far from our goal, but our school must do as much for our children as has been shown to be right and proper, hence this **BIG DAY FOR SANFORD**, with good business all day, and good fun at night. Every dollar you spend or pay in business with our advertisers means something to us in our work as our merchants are giving us percentages in many instances and in others have promised donations. The money all stays at home, for we believe in fostering our own institutions, and we believe in Sanford.

**Educational Committee of Woman's Club**

*New Solution of an  
Old Problem*

All transactions in a retail grocery business are divided into three groups, requiring three kinds of service. First, charge and delivery, this transaction is the most expensive both for the merchant and the customer, requiring as it does, telephone, bookkeeper, gas and upkeep of the truck. Second, is the customer who comes to the store, has his merchandise charged but carries his goods home with him, eliminating a part of the expense. Third, is the customer who pays cash and carries his goods home with him, thus eliminating all expense of charge and delivery.

It is self-evident that there should be some distinction between the three classes of service. Recognizing this fact I have adopted the following plan without changing present prices:

- FIRST:—**  
All goods priced on a charge and delivery basis.
- SECOND:—**  
Customers charging goods but delivering same will be discounted 2%.
- THIRD:—**  
Customers paying cash for goods and delivering same will be discounted 5%.

THIS APPLIES TO ALL ORDERS OF \$1.00 OR MORE

### "Just As Good!"

In every line of merchandise there is always something good—next to this, there is something better—but always there is some one line that is known to be the best, and this line becomes recognized as the standard.

The "Just as Good" article nearly always loses a friend for the merchant who sells it.

We carry only standard line goods, recognized as the best, and don't try to sell you something that's an experiment—so called "Just as Good."

It pays you to buy this way—in this way you buy satisfaction—and it costs you less.
