Man trapped below ground

Rescuers pull injured worker out of drain pipe

By Jamie J. Anderson-Potter
Staff Writer

SANFORD — Rescue workers pulled an injured construction worker from inside a 35-foot cement lift station on 1st Street in downtown Sanford Tuesday afternoon.

According to Fire Inspector Tim

Robles, a 911 call was received at 12:46 p.m. Tuesday when the 38-year-old male worker lost his footing while moving from a scaffold to a ladder located inside the lift station.

The worker fell more than 20 feet to the bottom of the lift station, which is currently under construction to provide the city with better drainage.

This construction project is not part of Riverwalk, but will furnish the area with better drainage," said Deputy City Manager Roger Dixon, who said the lift station project is three-quarters of the

way complete. "I don't see that this will delay the project, but we will have to determine what happened and how it happened."

"I'm much more concerned about the worker's health than the project," he added. "I'm proud of our fire department for what they were able to do during this rescue effort."

According to Lt. John Smith of the Sanford Fire Department, the man's co-workers were taking care of him and

City will proceed with street renovations

By Dan Ping
Editor

SANFORD — City Commissioners endorsed a plan to begin renovating 1st street no later than March 2004.

Meeting in a joint work session with the Downtown Community Redevelopment Agency (CRA), commissioners directed CRA board members to begin the process of financing the \$1.6 million project. Commissioners also instructed city staff to begin negotiating with property owners for off-site parking during construction.

"It's time to move forward on 1st Street," said Randy Jones, District 3 commissioner. "We've talked about this for years, now it's time to act."

Members of the CRA requested a meeting with commissioners because they wanted their approval for the project. At its March meeting, the CRA unanimously approved moving forward with renovating 1st Street, which would include replacing stormwater drainage, upgrading electrical capacity, widening sidewalks and installing brick treatments on the street, as well as adding more landscaping. The CRA also agreed to do the construction in one 16-month timeframe.

However, that decision has drawn criticism from some downtown merchants who say their concerns are not being considered.

One merchant, Sharon Huggins, said store owners would be most effected by the construction and claimed that 90 percent of the merchants opposed the project.

"Our livelihoods are directly impacted by this," Huggins said. "We want this project put on hold until our views are heard."

Virgil Hurley, a property owner downtown, disputed Huggins' assertion that merchants had not provided input.

"They had people sign in at those meetings," Hurley said.

Millennium teacher wins fellowship

By Chris Bernhardt
Herald Intern

SANFORD — Last week Millennium Middle School pre-law teacher Sean Ashby went from instructor to student. The 28-year-old first year teacher traveled to Tallahassee and spent five days in the state's capitol studying at the Florida Supreme Court.

"It was unbelievable," Ashby said. "It was five days of being in the Florida Supreme Court building with 25 other teachers from the state of Florida. Most of the classes were taught by the justices themselves."

Ashby became one of those 25 teachers after a selection group that included the likes of Florida State University professors, staff attorneys and even the wives of some justices approved of his application and awarded him with the fellowship.

Once they arrived at the seminar, the participants had to put together a mock trial in front of a jury of fellow teachers. Then they got to see the real thing by sitting in as the state's Supreme Court heard a real case.

And when the justices weren't at work in the courtroom, they helped out in educating the program's participants. Ashby heaped much praise on the work of these government officials.

"It really amazed me that the justices gave up so much of their time to helping us out," Ashby said. "Justice Fred Lewis worked with us almost the whole time we were in the courthouse. He played a very instrumental portion of the week."

The work of the justice's further enhanced the chief goal of the seminar: providing better education for Florida's student through the people that teach them.

"The main thing we took out it was a better understanding of the Florida Court System and tools to relay that to the students," Ashby said.

A former Lake Howell student who also spent time at the University of Phoenix and Florida State, Ashby went to work at the local magnet school this year after seeing a posting for a law studies teacher on the school system's

County's schools have what parents want

SchoolMatch has selected Seminole County Public Schools for the 2003 12 annual School System "What Parents Want Award" for the seventh time.

Each year, hundreds of local articles are written about this prestigious recognition. All honored school systems are highlighted on SchoolMatch's web site.

http://schoolmatch.com that is currently accessed by more than 250,000 families each month.

More than seven million parents access SchoolMatch services through a variety of website locations including national, regional, and local real estate firms, various multiple listing services, Chamber of Commerce, economic development offices, and other family-oriented sites. Only slightly more than 14.5 percent of the nation's 15,576 school systems are designated for this year's special honor.

Twelve years ago, SchoolMatch developed an objective means to recognize the schools that are accountable and are meeting the needs of their students. SchoolMatch surveyed more than 95,000 parents to identify "What Parents Want" in public schools. Seminole County Public Schools is among that select group fitting the model of "What Parents Want."

Lake Mary's Home Depot to donate 20 soap box derby cars to Boys & Girls Club

By Jamie J. Anderson-Potter
Staff Writer

The Home Depot in Lake Mary will donate 20 soap box derby cars, worth an estimated \$10,000, to the Boys & Girls Club of Sanford Saturday.

The local donation is part of The Home Depot's national sponsorship of the All-American Soap Box Derby, which includes the city of Sanford.

"We're excited about the sponsorship," said Dan Boddy, Lake Mary store associate. "It's fun and something we can do to help at-risk children."

Sanford is one of 10 race cities chosen to receive the donation, which includes the 20 car kits, \$500 worth of entry fees and

transportation of the vehicles to and from next month's race.

The 20 Boys & Girls Club drivers, as well as eight reservists who will act as pit crewmembers, are new to the sport of derby racing.

The group will make their race debut during the 15th Annual All-American Soap Box Derby at 9 a.m. May 17 at Derby Park in Sanford.

According to the All-

American Soap Box Derby rulebook, it is mandatory for new participants to assemble their own cars and attend a practice run before they can race. As part of its sponsorship, volunteer Home Depot associates will assist the children in assembling their cars during a building clinic Saturday at the Lake Mary store.

"This is an opportunity for kids, at a young age, to have something that they can focus on that is structured, very rewarding and self-fulfilling," said Boddy. "It allows them to realize their potential and that they can literally build their dreams."

That is the beauty of build-

Safe-haven laws give shelter to babies abandoned by parents

DEAR ABBY: I am writing to spread the word that the state of Illinois has a "safe haven" law. Instead of taking the drastic step of abandoning a newborn infant, parents need to know that there is an alternative. Babies within three days of birth can be taken to any staffed fire station or hospital. You don't have to give your name — no police will be called. Your baby will get medical care and be placed for adoption. This no questions asked "safe alternative" is for parents who might otherwise panic and try to hide the birth by abandoning the infant.

If you or anyone you know needs more information, within Illinois call (800) 252-2873. The number is active 24/7.

***** CONCERNED IN ILLINOIS *****

DEAR CONCERNED: California also has a safe-haven law, but because my column appears in papers nationwide, I called my friend Bill Lockyer, attorney general for the state of California, to ask how many other states have similar laws. He informed me that 42 states have such protections; however, the grace period varies in duration. (Some states demand the child must be a newborn; others allow three days, 30 days or 45 days as the grace period.)

Only eight states do not have such a compassionate provision at this time. However, legislation is pending in Hawaii, Massachusetts, New Hampshire, Vermont, Virginia and Wyoming. Alaska and Nebraska have no such provision pending. They are far behind the times.

I recommend that concerned citizens in all eight states write or e-mail their legislators and let them know how important such a law is, and that when it has passed, it should be PUBLICIZED. As regrettable as the need for such a law may be, it's better than a child being left to die of exposure in a Dumpster or a restroom by a parent who could not cope with parenthood.

DEAR ABBY: I am a sophomore in high school and the class clown. I crave the spotlight. However, when it comes to giving an oral presentation in front of the class, I clam up, sweat, and get so scared I can hardly speak. It doesn't make sense because I sing in the choir and have taken large roles in school plays — all in front of huge audiences.

Why is it I'm shy in front of my class, but not in front of a crowd?

SHY CLOWN IN CALIFORNIA

DEAR SHY CLOWN: When you're singing lyrics or reciting lines written by someone else, you assume another personality. It's the mark of a talented performer. However, when you're making a presentation in front of the class, you are being yourself, and the ideas are your own. This makes you feel vulnerable.

Consider this: The next time you do an oral presentation, pretend you're a strong, confident newscaster. I'll bet you ace the assignment.

DEAR ABBY: I am in a relationship with a man I like very much. The problem is he's always laughing, and it makes me uneasy.

My father used to say, "Beware of people who laugh constantly. They usually have something to hide." Every conversation I have with this man is filled with laughter — even when there's nothing remotely funny.

I need to know if I should be concerned about him. Please help.

NO LAUGHING MATTER IN FLORIDA

DEAR NO LAUGHING MATTER: It could be a nervous habit, or it could be his way of coping with stress. Bring it to his attention and see what he says. Also, as with any other kind of relationship, listen to your gut. If that little voice keeps whispering that there's something not kosher, find another boyfriend.

ing their cars, they can tweak here and there to make it their own," he added. "By having them involved in building the car and participating in the time trials, it helps them realize that you don't get anything for free, you have to pay your dues."

According to Derby Director Norm Perry, while the children are "paying their dues," they are also building character through a competitive spirit.

"Too many people knock competition, but that's what makes America," said Perry, regional derby director for the southeast. "People want to be the best at what they do. It builds pride and character."

According to Perry, the group also helps children build self-esteem and team work, while promoting family togetherness. It is extremely important to the children and the progression of the race for parents to be involved.

"Parents need to be there to give moral support to their kids and to be part of their pit crew," said Perry, who raced in 1946 and 1947. "Soap Box Derby is not like other sports where you drop off and then pick up your kids. Parents need to stay and be involved in the practice and race experiences."

Parent Terry Pond of Altamonte Springs, agrees. "Soap Box Derby builds positive relationships between parents and kids. I have no doubt that our race city of Sanford goes beyond most cities to be involved and to extend the hand of friendship and cooperation with those around us."

Ashby

Continued from Page 1

Web site. Becoming a teacher was something of a fateful decision for Ashby. He possesses a strong teaching background within his own family.

"It was one of those things of destiny," Ashby said. "My wife is a teacher, my mom, grandparents, aunts and uncles, it was one of those things I kind of denied for a while and it was one of those things I decided I couldn't deny anymore."

He teaches a civics and legal issues class at Millennium. He said law is a subject he's always taken an interest in, learning about the subject through informal readings and studies.

Ashby's class, part of the rare middle school pre-law program that Millennium offers, teaches topics such as the U.S. Constitution, Bill of Rights, the criminal process, and the different parts of a trial. Students must also participate in a mock trial and after completing this and another law class students can serve on the student court, which provides a trial of peers for students with minor discipline issues to settle.

"He has helped raise the popularity of our pre-law program," Millennium principal Walt Griffin said. "He and the other teacher have made it a very enjoyable experience."

Ashby returned to his class last Friday and spent the day speaking to his students about his experience at the seminar.

"It was trying to tell them we were working hard over there," Ashby said. "Another thing I wanted to get through to them was that those on the Supreme Court were so kind and accessible."

With the seminar completed, Ashby said that he and several other teachers have a plan to help their colleagues in Central Florida.

"We will all be starting a local justice teaching institute to help teachers in the local area take the knowledge that we learned so we can help other teachers in our community teach the material as well," Ashby said. "Hopefully get (local teachers) the info we learned (at the seminar) so more students can get a better understanding of our court system."

Shaw named one of world's greatest global teachers

Global SchoolNet (GSN) recognized Rosemary Shaw of Millennium Middle School, as one of the top 13 Global Teachers.

Global SchoolNet's Online Shared Learning Award recognizes classroom teachers, media specialists, and other school-based educators, worldwide, who have distinguished themselves in the area of global collaborative learning.

Online collaboration supports active learners, who construct knowledge, rather than passively

absorb it, while preparing students to become literate and responsible global citizens.

Under the stewardship of these champion educators, students around the globe can interact with one another in meaningful educational, cultural, and scientific projects — ranging from sharing local folk tales, exploring world leadership, recording historical events on the day they were born, discussing solutions to save endangered animals, smoking prevention, to learning

math by stacking Oreo's.

This annual competition included 98 nominations from 21 countries. The entire award process is paperless, and managed by GSN's innovative Web-based system that solicits nominations, obtains candidate information, collects testimonials, and allows rubric-based judging.

Rosemary Shaw was previously recognized by Technology & Learning magazine as one of the 2002 Ed Tech Leaders of the Year in the nation.

Business Notes

Citrus estimate reduced to reconcile figures

The U.S. Department of Agriculture reduced the orange crop forecast for the 2002-2003 to reconcile with actual utilization figures.

The early and mid-season estimates were reduced by 1 million boxes, to 112 million boxes, which includes 54 million Navels.

Specialty fruit estimates were reduced with Tangelos declining by 50,000 boxes to 2.35 million boxes; and Temples declining by 100,000 boxes to 1.3 million boxes. However, Tangerines had a slight increase of 200,000 boxes to total 5.2 million boxes. The increase reflects the fact that officials are seeing more fruit than originally predicted. Tangerines are still being picked at this time.

In addition, the Valencia estimate remains at 86 million boxes.

The grapefruit estimate remains at 40 million boxes.

The yield for frozen concentrated orange juice (FCOJ) remains at 1.55 gallons per 90-pound box of oranges.

The Florida citrus industry has a \$9.1 billion economic impact to the state and employs nearly 90,000 people, directly and indirectly.

Florida Citrus Mutual, founded in 1948, is the state's largest citrus grower's organization with more than 11,000 members.

Winter Park e-business firm hires new account manager

WebSolvers, a Winter Park-based Web development firm, recently announced that Monty Hood has joined the firm as an account manager. Hood was previously president and founder of Hood Interactive, a Lake Mary-based programming solutions company acquired by WebSolvers in February 2003. A graduate of Florida State University, Hood brings to the firm eight years of experience in programming, designing and managing Web sites.

Completion of office addition McKee Construction Co. of Sanford recently completed the addition to the Seminole Family Practice building in Sanford.

Florida Retina Institute correction

Florida Retina Institute's new facility under construction in Lake Mary was erroneously identified as an outpatient surgery center. According to the institute's management, the new 4,500 square foot medical building will serve as a clinic for the treatment of vitreo-retinal diseases of the eye. Harkins Development Corporation is building the one-story building, which is schedule for completion in late 2003.

Goldman reaches 1 million man-hours of safety

In January S.I. Goldman Company, Inc./Comfort Systems USA reached a safety milestone of one million man-hours with no lost-time injuries. The last injury at Goldman's was in April of 2000. The team received special recognition from its parent company and safety awards from other associations.

Local company receives service contract

D & A Building Services, an Altamonte Springs-based company, recently received the service contract to provide janitorial and carpet cleaning for the 280,000 sq. foot, 10-story Orlando City Hall building.

Winter Springs resident promoted to manager

Erin L. Lawrenz, an associate at PR WORKS!, an Orlando-based public relations and marketing agency, has been promoted to production manager. Lawrenz began with the agency in 1989, and is now responsible for implementing, scheduling and coordinating client projects.

D & A Building Services wins Business Park contract

Trammell Crow Company, the commercial real estate firm handling property management for Northlake Business Park, selected D & A Building Services to provide janitorial, carpet cleaning and window cleaning services for two buildings in the park.

Fox & Jacob reports strong demand in Sanford
Fox & Jacob Homes, a divi-

sion of Centex Homes, began sales of single family homes at The Preserve at Lake Monroe on March 8, 2003, reporting 24 deposits.

The community is situated between Interstate-4 and Lake Monroe on U.S. Hwy. 17-92 in Sanford and is conveniently located near historic downtown Sanford, Lake Mary, Seminole Towne Center Mall, Heathrow International Business Center and the beaches.

"We anticipated that the demand for these homes would be strong due to the scarcity of moderately priced new single family homes south of the St. John's River Bridge," said Pat Knight, Centex Homes Orlando division president. "Fox & Jacob offers a winning combination of quality construction, energy efficiency and more square foot at an extremely attractive price in today's market."

Crescent negotiates new lease for space at Central Florida Research Park

Crescent Resources, LLC, recently negotiated a new lease for 10,000 square feet of office space at Three Resource Square in Central Florida Research Park, located off Alafaya Trail and University Boulevard near the University of Central Florida.

Whit Duncan, recently promoted to head up Crescent Resources commercial development in Florida, said the 150,000-square-foot building is still under construction. The new tenant is United Defense Corp.

Duncan said, Crescent plans to open the Three Resource Square building later this year. Crescent, one of the largest and most active developers of commercial facilities in the southeast, sees Tampa and Orlando as its prime growth markets in Florida.

"We have some strong ties in South Florida but we tend to view the Orlando market and the Tampa Bay region among the top markets in the state," he said.

Crescent Resources, LLC is a major U.S. developer of corporate office facilities, retail centers, multi-family and single-family development in the United States.

In Orlando, Crescent is developing Resource Square at Central Florida Research Park. The Crescent at Primera and New Century Park in Lake Mary and Gateway Crossing Shopping Center in Altamonte Springs.

Dora Landscaping awarded four major contracts

Dora Landscaping Co. of Apopka was recently awarded four major landscaping and irrigation contracts worth nearly \$2 million.

Dora Landscaping founder and Chief Executive Officer James Oyler said the new contracts include \$1.2 million worth of landscaping and irrigation work at Shingle Creek Golf Course in southwest Orlando.

Other new contracts include Audubon Oaks rental apartment community located off Heatherpoint Dr. in Lakeland, worth \$300,000; The Cascades at

Isewirth, a retail center, \$200,000 and the Lakes of Rosemont rental apartment community, \$130,000.

Dora Landscaping Co. was named one of the 50 best and most active landscaping companies in the U.S.

Stirling sales top \$96 million in first quarter

Stirling International Realty, Inc., which operates Real Estate Showcase Centers at Heathrow, Alafaya, Winter Park Village, the Dr. Phillips area, downtown Orlando and Seminole Towne

Center mall, reported record sales of homes and commercial properties from Jan. 1 through Mar. 31 worth more than \$96 million.

Roger Soderstrom, founder and owner of the firm, said sales during the first quarter were up more than 21 percent over the

same 2002 period. The projects Stirling will sell homes and commercial properties worth nearly \$400 million this year.

Soderstrom added that Stirling will open its seventh Real Estate Showcase Center before May 1 in Oviedo.

keeping him calm until rescue workers arrived.

The conditions were pretty tight, but there was room to work and he was very cooperative," said Smith, who was the first rescue worker to assist the man at 35 feet. The diameter of the hole was only 10 to 15 feet so it made things a little difficult.

After nearly 55 minutes at the bottom of the lift station, the construction worker was removed with minor injuries,

"Look at the list. Those who claim they knew nothing about the streetscape were at those meetings."

Hurley presented a petition of owners representing 36 properties in downtown requesting that the city move forward with the renovations.

"We own the buildings and we pay the taxes that will be used to fund the improvements," Hurley said. "We don't want this put on hold."

One of the controversies regarding the project is a plan to replace 1st Street's angled parking with parallel parking. Merchants say this plan would destroy downtown's small town charm and reduce the number of parking spaces in front of their businesses.

parking spaces in minimal.

On that point, the city's design consultant, Pete Sechler of Gladding Jackson, agrees.

The spaces along 1st Street are at such an acute angle — about 35 degrees — that the length along the street is almost equal to that of parallel parking spaces," Sechler said. "There are 78 angled spaces (in the renovation area). With parallel spaces, we have the number up to 71."

Both options have advantages, Sechler said, and neither approach could be labeled as the "wrong" choice. In terms of aesthetics, he said "having extra pedestrian space is neither better or worse. It comes down to what you like."

Merchants are also concerned that an 18-month construction phase could be fatal to their business. Sechler had presented two scenarios for construction phasing to the CRA, noting that both had disadvantages.

One scenario calls for a single 14- to 16-month construction period. The overall timetable would be faster, but construction would occur during merchants' peak season.

The second scenario would divide construction into two 8- to 9-month periods, avoiding merchants' peak months. The downside would be businesses would endure a longer overall construction period and the cost of the project would increase. Logistically, Sechler said, "the contractor would essentially be doing two projects as opposed to one."

City commissioners directed the CRA to pursue the single phase construction. Sechler pointed out that pedestrian traffic along 1st Street would remain uninterrupted and customers would have access to store fronts for almost the entire construction phase. The exceptions would be when new concrete is poured for sidewalks.

"Sidewalks are something that can be done rather quickly, block by block," Sechler said. "In Winter Garden, we had it down to three or four days from the time we ripped up the concrete to the time people were walking on the new sidewalk."

Sechler said in Winter Garden, which completed renovation project similar to Sanford's plan, the sidewalk contractor assigned a person to assist a television shop with deliveries.

"They hired a guy whose job was to dolly TVs to wherever that customer was parked," Sechler said, noting that no businesses closed as a result of the construction. "There was one place that went out of business, but that was determined to be caused by other factors."

Sechler advised city commissioners that if Sanford want to duplicate Winter Garden's success, they have to plan for "Phase Zero." In layman's terms, that means the city has to get their ducks in a row. Directional signs informing visitors where to find off-site parking destinations, points and other important information must be installed before construction. The CRA is discussing borrowing \$2 million — a little more than \$1.6 million to fund the renovations and about \$350,000 for Phase Zero items.

More importantly, Sechler said, the city has to identify and secure off-site parking options for temporary parking during construction and permanent parking as downtown grows economically.

"It's not rocket science," said Commissioner Jones. "The property that will make good alternatives to parking on 1st Street is already being used for parking by some people. We just have to secure the land."

Commissioners directed Planning and Engineering Director Jay Marder to begin negotiation with property owners for temporary parking sites.

Easter, K92FM on Cal Ripken agenda

Special to the Herald

SANFORD — There will be no scheduled games in any of the City of Sanford Recreation and Parks Department Babe Ruth Baseball Cal Ripken leagues this Saturday (April 19) because of the Easter weekend celebration.

A lot of these younger players will be at Lee P. Moore Park for the free Easter Egg Hunt Celebration put on by the Sanford Recreation Department that will start promptly at 9 a.m.

Get there early so you can celebrate with the Easter Bunny who will also be making an appearance.

Any Questions? Call the Recreation Dept. at 407-330-5697.

Play will start up again for the T-Ball and Rookie Leagues Saturday morning, April 26, and FM radio station K-92 will be at Chase Park that morning (8 a.m.-noon) for the games and will take pictures of the players as well as give out lots of prizes. Here are the results from the most recent games in the league.

SATURDAY, APRIL 12TH MAJOR LEAGUE (11 AND 12 YEAR OLDS)

Field # 1 - Cubs Win! Cubs Win! Cubs Win! The Railroader Cubs (2-9) finally ended their nine-game losing streak by thoroughly thumping the Volvo Store Red Sox, 14-6.

The Cubbies bats really woke up tonight with big Brandon Ellen burg leading the way going 3-for-3 with two huge doubles, a single and three RBI. Steady Zach O'Brien also had three base hits and drove in two runs as his bat continued to stay hot. Henry Coyle had two hits as did Michael Radzak, who also pitched a brilliant game, scattering eight hits over six innings, while only giving up two walks to pick up the win. Brock Terwilliger and Josh Pando also had base hits.

For the Red Sox, who now stand at 4-7, were led by Dustin Lee, who went 2-for-2, including a two-run double, and drove in three. TJ Morales stroked a double and a single with a RBI, while Justin Carter had an RBI double, Dalton Jones had a RBI single and Juan Santiago and Nile Owens also had base hits.

Field # 1 - The Gibson Truck World Braves (6-4) fell to the Sanford F&AM Masonic Lodge #62 Angels (9-1) by a score of 8-3.

The Angels were led by Jammal Graham who had three base hits on the night and Jim Daniels had two base hits with a double and Daniel Edwards extended his hitting streak to 10 games. Mike Sanders and Torreon Miller and Markitis Paige also had base hits.

For the Braves Adam Whiteside and Andre Debose had base hits as did Blair Lemon and Corinthian Freney and Kyle Winsor, who knocked a solid RBI single.

Volleyball determines Polar Bear champions

SANFORD — One of the most highly competitive seasons ever in the City of Sanford Recreation and Parks Department Recreational Volleyball League was completed last week with the play of the Post-Season Tournament.

The final night of the regular season went according to the standings as A League Champion Matt's Team and the B League winning Saints both went 3-0 to win their respective leagues by five and four games.

The rest of the results followed suit as

Saints double up in B; Matt's Team, Shoestrings split in A

the runners-up went 2-1, the third place teams 1-2, and the trailing teams both 0-4. But it was the tournament that ended up being a burn-burner.

The A League regular season runners-up Shoestrings came to play and virtually won the tourney by beating Matt's Team, 15-11, in the second game of the evening.

All the Shoestrings had to do then was avoid being upset in their other two games, which they did, easing past Sanford Church of God, 15-10, and S&S Fence, 15-3.

Matt's Team came back to win its final two games and finish second, with Sanford Church of God third and S&S Fence fourth.

The B League tournament saw the Saints repeat their regular season win, and the final line-up was the same as the regular season. But a few points difference in a couple of games and the results would have changed dramatically.

And the tone was set in the opening game when the third place Unknowns took the runner-up Hawks to extra points with the Hawks surviving, 16-14.

Morrison Homes, which went winless the entire season, also put up a good fight, falling to the Hawks just 15-10.

For all intents and purposes, the champions were determined.

SCC makes state

Raiders get big sweep of FCC-J

SANFORD — The race for the Mid-Florida Conference championship keeps getting tighter and tighter.

With five teams within breathing distance of each other Seminole Community College swept a huge double-header from Florida Community College at Jacksonville last Thursday at home and clinched a spot in the State Tournament coming up at the end of the month.

Raiders ace Lacey Swarthout (22-6) pitched another masterpiece in the opener, scattering five hits while striking out 15 and walking only one in surviving a pitchers' duel, 2-1, in the opening game.

In the nightcap, Oviedo sophomore Katie Field (3-1) continued her outstanding pitching in place of the injured Holly Lacko, allowing no earned runs on five hits with three strike outs and no walks and Swarthout came on to hurl two perfect innings as SCC won 4-1.

Swarthout struck out three of the six batters she faced to earn her school-record fifth save of the season. The sophomore from Orlando had set the record of four during her All-American freshman campaign.

The Raiders are now 40-10 overall and 14-7 in the conference.

Seminole Athletic Conference graduates have played a major role in the success of the Seminole Community College softball team this season. Sophomore Katie Field (above, left) from Oviedo High School has excelled all season with her bat and her glove at shortstop, but recently had to reassume the spot of number two starting pitcher after standout freshman Holly Lacko suffered a broken bone in her foot. And Field, who was a star pitcher for the Lions, has been outstanding, going 2-1 in her starts. Two freshmen, Oviedo's Megan Miller (top, right) and Lake Mary's Ashley Ditzer (right) have been the backbone of the offense, carrying the top two batting averages on the team for most of the season. A sweep of Florida Community College at Jacksonville last Thursday gave the Raiders an awesome 40-10 record and assured them of a spot in the State Tournament that will be held at the Osceola Softball Complex just north of Kissimmee starting April 30.

Raiders maintain lead in conference

SANFORD — The Seminole Community College baseball team bounced back from a tough road loss to gain vengeance over Central Florida Community College.

The Raiders traveled to Ocala last Tuesday (April 8) and were thrashed 11-4 by the Patriots, managing just five hits and striking out 17 times.

But on Thursday, CFCC had to pay a visit to Raider Field and it was as different as night and day as SCC blanked the visitors, 5-0.

Zach McCamie (9-2) pitched eight strong innings, giving up just four hits and two walks while striking out seven. Closer Kyle DeYoung came on to pitch the 9th inning and preserve the shutout.

Offensively, Tyson Malik went 2 for 3 with a RBI, Ben Sprague went 1 for 3 with 2 RBI, Courtney Propst hit his seventh home run of the season, a solo shot, and Mike Hynicka went 1 for 3 with a RBI.

But on Saturday the team that has become the bane of the Raiders' existence, Daytona

Beach Community College, once again knocked off SCC, 10-3, in game one of a doubleheader, tightening up the Mid-Florida Conference race even more.

The lone bright spot for the Raiders was a threerun home run from Hynicka.

Despite losing to the Falcons for the third time this season, no matter what the outcome of the late game was, SCC will still lead the conference race as it was 33-14 overall and 15-6 in the conference, while DBCC (25-12 overall), Lake City and Florida Community College at Jacksonville were all tied for second at 12-5.

The Raiders have been very inconsistent of late as prior to the aforementioned games, they were only 1-2 during the first week of April.

SCC did get a sweep of two games, from Santa Fe Community College, winning 6-2 at home on April 3 and after dropping a tough 7-6 decision to DBCC, outscored the Saints 7-5 at Gainesville on the 3rd.

The Raiders then took a triple to Jacksonville and returned with an important split with the Stars, winning the opening game 9-6 then dropping the nightcap

3-0. John Madden improved to 7-1 in the first game against Santa Fe, giving up no earned runs on five hits over eight innings, while striking out 13 and walking only one.

Contributing to an 11 hit SCC attack were John Michael Howell (2-for-4, home run, double, two runs, two RBI), Propst (2-for-3, run, RBI), Sean Green (2-for-3, run), Oscar Malave (2-for-4), Donnie Burkhalter (double, run, RBI), Hynicka (double, RBI) and Dan Quartararo (double, run).

The next night saw an extremely strange game in Daytona as David Timm allowed only one hit over 6 1/3 innings, but walked eight, which turned into three earned runs. For the first time in a while, the bullpen also faltered, allowing four runs, all earned, on just two hits in the bottom of the eighth inning. But one of those fatalities was a grand slam as the Falcons tallied from a 5-1 deficit in the fifth inning for the win. Sanford's Angelo Petracca scored two runs for DBCC.

The Raiders' offense also had a super game with 15 hits, but still lost. Doing the

JACKSONVILLE — A coach's decision to try to light a fire under his upperclassmen is paying off in other ways for the Seminole High School softball team.

Disappointed by the performance of his team so far this season, SHS coach Dave Rogers reached down to his highly successful junior varsity squad and brought up some younger players who have more than risen to the occasion.

Pitching in just her second varsity game, freshman Emilee Edelman struck out 11 and threw a perfect game in a 1-0 victory against Arlington Country Day in Jacksonville on Monday.

Edelman had also shutout Lake Howell in first varsity start last week.

Another of the newcomers, Sauffley scored the only run of the game on a hit by Andrea Poloche. Jenny Abendroth also had a hit for the Fighting Seminoles.

In other softball action from Monday, Beth Laurence struck out eight in six-plus innings and Caitlin Mahoney homered as Lake Mary blanked George Jenkins of Lakeland, 2-0.

Lake Brantley also got a shutout as Mier and Borland combined on a 3-0 win over Mount Dora. Uvino had a triple and double for the Patriots, while Alex Lofton drove in a run.

Clater tossed a complete game and struck out two, but Boone held off Lake Howell, 1-0. Ferrell had a hit for the Silver Hawks.

In baseball, Lyman pulled off a 6-5 upset of Lake Mary.

Jeff Hummel went five innings to get the pitching victory, while Brian McIrath was 2-for-2 with an RBI and Jimmy Rodriguez drove in a run.

Christian Rosado had a double for the Rams.

Oviedo, the top-ranked team in Class 6A, kept its winning streak going, rolling over Lake Howell, 12-5.

Hogan got the pitching win, giving up no runs and striking out four over three-plus innings.

Lenny Gomez led the Lions offense, going 3-for-4 with a home run and four RBI, while Matt Lopez was also 3-for-4.

Nick Tatt drove in a pair of runs for the Silver Hawks.

Lake Brantley also picked up a big win, romping past Winter Springs, 10-1.

Matt Dobbins led the way, hurling six innings and striking out eight and going 2-for-3 at the plate. John Venters was also 2-for-3 for the Patriots, while Allen launched a home run. Piard homered for the Bears' only run.

In tennis action, Lake Howell dropped both the boys and girls match to a strong Flagler Palm Coast squad, while the Lake Mary boys topped Seminole, 5-2.

ence. Depending on results of other games last week, SCC can be anywhere from a six and through fourth. From the latest information available, Daytona Beach was 14-4 as of a week ago, Lake City was 15-7 after dropping two of three to SCC, Santa Fe and SCC are both 14-7 and FCC is 13-7 after losing big to Santa Fe on Sunday in a make-up game. The standings have probably changed some since DRC had games scheduled with both Lake City and Central Florida.

The sweep of the Stars ensured the Raiders, as well as the other four aforementioned teams, of one of the five spots at the state tournament to be held at the Osceola Softball Complex in Kissimmee starting April 30. The only questions remaining are where the teams finish for seeding purposes.

SCC was to have traveled to Ocala to face Central Florida Community College in a double header on Tuesday and then return to Raider Field on Thursday for its final regularly scheduled home games of the season, hosting St. Johns River Community College from Palatka in a doubleheader starting at 2:30 p.m. The team is scheduled to complete the conference schedule on Friday when it again travels to Gainesville to face Santa Fe. The day will begin with a completion of a suspended game that was tied at 5-5 in Sanford back in March and then the two teams will play a doubleheader that was rained out last Tuesday.

The Raiders were also supposed to play defending National Champion Indian River Community College in a home-and-home doubleheader series in Sanford and Ft. Pierce last weekend, but the schedule was changed. Dates are not yet available, as Lark was supposed to get the cast off her broken tooth on Tuesday and it is hoped she can get in a little pitching before the state tournament.

FCC scored its only run against Swarthout in the top of the first inning on a leadoff single and a two-out single.

SCC tied the game in the second inning when Kiky Siefert singled up the middle, advanced to second on an Ashley Bitzer sacrifice and to third

on a single by Stacey Spell. After a fly out, the sophomore second baseman scored on a passed ball.

The winning run crossed the plate in the fourth inning. With one out, Bitzer and Spell both reached on errors and Carlee Wood also reached safely to load the bases when Bitzer beat a throw to third. After a strike out, Melanie Pace singled up the middle to plate Bitzer with what proved to be the winning run.

Pace led the Raiders attack, going 2-for-3 with an RBI. Also contributing were Siefert (single, run), Spell, Wood and Megan Miller (one single each) and Bitzer (run).

For all intents and purposes, SCC won the nightcap when it scored three runs in the bottom of the third inning.

Field helped her own cause when she led off with a single to left and wound up in third after an error on the throw back to the infield. Miller then put the Raiders ahead to stay with a single to left. Siefert then reached on an error with Miller going to third and Bitzer also reached when her sacrifice fly to left was dropped for an error, with both Miller and Siefert scoring on the play.

Both teams scored a run in the fourth inning, with SCC's coming on a single by Kristen Schrupp, a sacrifice bunt, and a pair of wild pitches.

Doing the damage offensively for the Raiders were Miller (single, run, RBI), Bitzer (single, RBI), Schrupp and Field (single, run), Spell (triple) and Mandy Course (single).
