Shop and Save
In Sanford

The Sanford Herald

AN INDEPENDENT DAILY NEWSPAPER

SANFORD, FLORIDA.

THURSDAY, JUNE 16, 1955

Associated Press Licensed Wire

No. 211

Weather

It is cloudy with local showers this afternoon and tonight and except in extreme northeast portion Friday. High this afternoon 86 to 92 low tonight 65 to 70 north and 70 to 75 south.

Strolling In Sanford

The Rev. Harold C. Cranston, son of Mr. John A. Cranston, Sanford, was graduated recently with a bachelor of divinity degree from Asbury Theological Seminary, Wilmore, Ky. The Rev. Cranston is a minister in the Free Methodist Church.

Don Fletcher, president of the Sanford Theatre Guild, reports that his group will have a workshop Monday, June 20 at 8 p. m. at the City Hall Auditorium. On the agenda will be a one act play, discussion, and refreshments. Anyone interested in little theatre work is invited to attend.

All West Virginians are invited to meet at the Upsala Community Presbyterian Church at 7:30 p. m. tomorrow. Sheriff J. L. Hobbs will be guest speaker. Upsala Church is located near the south end of town, about 10 miles west of Sanford on West 20th St. and about two miles north of Lake Mary.

Approximately 45 men attended a stag party held last night at the Federation Wayside Park by the Seminole County Sportsmen's Association. The party was in the form of a fish fry.

Adenauer Requests America To Prod Russia For Treaty

CAMBRIDGE, Mass. (U-P)—Chancellor Konrad Adenauer of West Germany asked the United States today to prod Russia again for an agreement on controlled arms reduction.

"The fate of this world and of peace rests in the hands of the two great world powers, the United States and the Soviet Union," the 79-year-old German leader said in a speech prepared for Harvard University commencement exercises.

"Unless these two great powers agree on an important step in the direction of controlled disarmament," he said, "the present state of conflict about a major war will continue."

President Eisenhower is scheduled to meet at Geneva July 18 with the Premiers of Russia, Britain and France. Adenauer has just concluded talks in Washington with Eisenhower, Secretary of State Dulles and others.

Careless Driving Charges Are Made

An estimated \$425 damage was caused to two cars yesterday when they sideswiped on Seminole Blvd., 300 feet east of Mangrove Ave. City Police reported.

A 1955 Pontiac sedan driven by Jacob Combs, 31, of 1110 E. Central, caused a \$350 damage, while \$75 damage was reported to the other car a 1948 Pontiac sedan driven by Frank B. Brannon, 52, of 612 W. Church St., Orlando.

Both drivers were charged with careless and negligent driving. Combs was listed as a chauffeur for the Earl Windsor Garage in Montreal, which owned the car he was driving.

Patrolman Joe Hickson was the investigating officer.

French Ave. Report On Progress Given

A monthly progress report on highway work on French Ave. in Florida has been issued by State Road Board Chairman Wilbur E. Jones, including one project in Seminole County.

Chairman Jones reported about \$28.5 million dollars worth of projects underway at the end of May. Jobs totaling \$15 million dollars were completed during the month.

Construction work included the following project and its percentage of completion: Twenty mile per cent of grade-pave construction on French Ave. has been completed.

It's Up To Jury To Make Decision

GAINESVILLE (U-P)—It's up to a federal court jury today to decide whether the suspected slayings of John B. Dees Jackson, 31, of Miami, and four other defendants conspired to set up a protection racket for members of the mob.

New York Meet Of Big Three Is Optimistic

NEW YORK (U-P)—The Western Big Three foreign ministers gathered here today to unify secret strategy for Big Four parleys with the Russians in San Francisco and Geneva. The two-day get-together started on an optimistic note.

Antoine Pinay, French foreign minister, arriving at Idlewild airport, said "We can hope" for relaxation of international tension if the Atlantic community continues as "a living reality."

Harold Macmillan, the British foreign minister, arriving at the airport less than an hour later, expressed hopes for "peace, security and freedom."

John Foster Dulles, secretary of state, came here from Washington last night with 23 staff members. The British and French foreign ministers each brought eight staff members from overseas.

Macmillan told reporters the summit meeting in Geneva might last four or five days — "long enough to make a start, but not a finish," he said. "That could take five weeks, or five months."

He said he hoped the Geneva meeting would give diplomacy a new phase in which negotiations would continue.

"In the words of Churchill 'Jaw-jaw is better than war-war,' Macmillan said.

J. D. Wright Jr. Works With Plans For 'Florida Day'

LAKELAND — The Florida citrus industry has announced plans for its participation in the International Apple Association's convention in Detroit beginning August 15. Highlight of activities for the Florida delegation will be the traditional "Florida Day" event to take place on August 17th.

A special committee appointed by the Florida Citrus Commission and Florida Citrus Mutual, co-sponsors for "Florida Day," announced that the Florida delegation will include Governor LeRoy Collins as head of the Sunshine delegation as guest speaker.

The industry committee responsible for overall planning for "Florida Day" is composed of J. J. Parish Jr., Titusville; Key Scott Jr., Weirsdale; R. N. Sorrells, Arcadia; John T. Lesley, Tampa; Fred S. Johnston, Tampa; Ben Hill Griffin Jr., Avon Park; R. V. Phillips, Haines City; J. D. Wright Jr., Sanford; Ralph Melton, Zellwood; J. C. Strickland, Lakeland; M. K. Stevenson, Waverly; and G. B. Hulbert, Mt. Dora.

Television Cameras To Watch Traffic

DETROIT (U-P)—Two television cameras will begin scanning Detroit's expressways tomorrow in a test of traffic control. If successful, the plan may become permanent.

During the two-week check officials will determine how far one camera can "see" efficiently, how many cameras would be necessary to cover the entire routes of the John C. Lodge and Edsel Ford expressways, and how much such an operation might cost.

One object is to learn whether police could dispatch emergency vehicles to scenes of accidents faster than at present.

The test also is designed to show whether police by watching the flow of traffic in TV screens can analyze it and get traffic cops there soon enough to prevent bottlenecks.

MOB STONES BUILDING

GUAYACUIL, Ecuador (U-P)—Dispatches from Quito reported members of a nationalistic political group stoned the building of the independent newspaper El Comercio, which has been critical of President Jose Maria Velasco Ibarra. Police reportedly broke up the demonstration after the mob smashed a number of windows.

U. S. Will Arrange Passage Home

EMERGENCY PRESS HEADQUARTERS, Operation Alert (U-P)—The government announced today it will arrange the return home of any of the 21 Americans war prisoners who chose to stay in Communist China after the Korean War, but who now have changed their minds.

However, the White House, and the State, Defense and Justice departments warned in a joint statement that any who do come back to the United States will be held accountable "for any wrongful act" they may have committed.

The government announcement said, "The military departments will instruct their field commands that if any of the 21 presents him-

Showdown Is Seen In House

WASHINGTON (U-P)—The House approached a showdown today on the private vs. public power fight prompted by the Dixon-Yates agreement.

Republican supporters of the private power contract sought to knock out of an appropriations bill a provision that would earmark \$15 million dollars of Tennessee Valley Authority funds for a steam generating plant at Fulton, Tenn.

The GOP strategy was to avoid any specific legislative commitment for use of the money. Rep. Hallock (R-Ind.), assistant GOP leader, has said elimination of the provision for the Fulton plant would clear the way for using the \$15 million for a transmission line to carry Dixon-Yates power.

The amount had been asked by the Eisenhower administration for a TVA transmission line to the middle of the Mississippi River. There the line would connect with lines from the Dixon-Yates generating plant on which construction has been started at West Memphis, Ark.

A new bill signed into law by President Eisenhower provides for annual pay increases ranging from \$160 to \$4,400 and for a new system of classifying postal workers.

Ever since he took over as postmaster general in 1953, Summerfield has been trying to do something about the Post Office Department's pay system. Employees were paid by title instead of by job and there was no incentive pay.

In fact, across-the-board salary increases granted by Congress from time to time to narrow wage gaps between the post office and some instances a postmaster made only five times as much as the janitor in the same post office. He would normally be expected to make several times that much.

Patrick Declares Savings Bond Sales Ahead Of Last Year

W. A. Patrick, chairman of the Seminole County Savings Bonds Committee today released figures on the purchase of Series E and H Savings Bonds for the period ending in May and for the first five months of 1955. Seminole County purchases were \$10,308 for the month and \$173,948 for the year to date, an increase of 99.4 per cent by comparison with the same months a year ago.

The month's purchases of \$4,469,707 for the state as a whole showed an increase of 11.5 per cent over May 1954 and bring the year-to-date figure \$37,328,693, an amount 30 per cent better than last year's high level of buying.

"During the first four months only one small state had established a larger increase in Savings Bonds purchases than the people of Florida," Patrick said, "and it is fairly safe that no more than a couple will exceed Florida's five month mark."

2 Softball Games Scheduled Tonight

Two softball games are on tap tonight at the Ft. Mellon Park softball diamond, with the first contest getting underway at 7:30.

Robson Sporting Goods will meet Wilson-Maler Furniture Co. in the opener and W. Atlee Burpee Co. will take on Hunt-McRoberts Inc. in the second City Softball League game.

In the first games of the season Tuesday night, Burpee beat Robson Sporting Goods, 9-6, and Hunt-McRoberts beat Wilson-Maler, 14-3.

Bombing Exercises Set For Next Week

week-long series of routine bombing exercises by Naval aircraft will be held at the Lake George bomb target area from June 20 through June 25. It was announced today.

The Lake George target area is located approximately 50 miles north of Sanford.

A safety precaution, all persons, boats and civilian aircraft are advised by the Navy to stay away from the area.

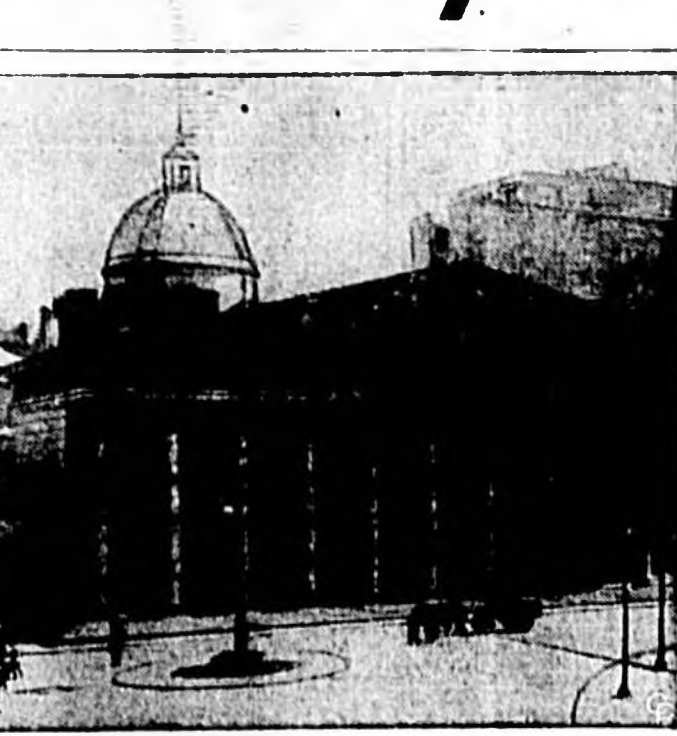

The bombing exercises will be conducted during daylight hours and from below 30,000 feet.

RADIO CUTS OFF

SANBURY PARK, N.J. (U-P)—For days radio station WJLK urged listeners to tune in during Operation Alert for latest information.

Yesterday, when the alert finally came, a short circuit had put the station temporarily off the air. It didn't get back on until the test was over.

Kidnap—Murder Is Theory Considered

THE METROPOLITAN CATHEDRAL (above) in downtown Buenos Aires was the scene of a pitched battle when hundreds of Catholics and supporters of President Juan Peron clashed in the latest outbreak of the church-state controversy. The Argentine fracas was broken up by police and firemen using tear gas and fire hoses. Peron has accused the church of trying to undermine his regime. (International)

Transportation Cost Hit By Sidney Chase

"The lowest cost and finest quality of citrus and vegetables produced cannot be sold competitively and to full advantage with a high wall of transportation costs to give another producing area a lower delivered price to the customer."

Sidney O. Chase, Sanford, president of the Growers and Shippers' League of Florida, made that remark yesterday at the 32nd annual meeting of the organization in Orlando.

Chase added: "Florida is located closer to more of the consuming public than any of its competing areas, and we should strive at all times to make the most of this geographic advantage."

Chase gave a brief resume of league activities during the past year.

"Some progress was made on our other objective of returning to highway improvement that part of the auto license tag money that is not earmarked by the constitution for schools," he reported.

"Four bills were introduced to allocate the balance of this motor tax to road purposes, but none passed due to the plight of the General Revenue fund which now receives the tag surplus."

"However, two possible first steps in restoring the tag revenue to highway purposes were taken by the Legislature. The Florida Citizens Tax Council was created to study the entire tax structure and to make recommendations to the 1957 session. The Governor and many legislative leaders who felt this year's budget condition would preclude putting the tag money on roads said that 1957 would be the best time to do it, during a general readjustment of funds and taxes."

"The other possibility is the Constitutional Revision Commission which could write into the new constitution a requirement that the tag surplus and the motor fuel taxes be used solely for road and street purposes, as 25 states have done," Chase said.

HAIRCUT PRICES RISE

DETROIT (U-P)—More Michigan areas have joined the rising spiral of haircut prices. Macomb County, adjoining Detroit, has adopted the Detroit city scale of \$1.75 for weekdays and \$2 for Saturdays. In Flint the price jumped from \$1.25 to \$1.50.

Japanese Papers Tell Of Demand

TOKYO (U-P)—Major Japanese newspapers said today Russia had demanded that the United States pull its troops out of Japan and Okinawa within 90 days as the price of a Soviet-Japan World War II peace treaty.

Similar stories in Tokyo dailies said Russia made a "drastic proposal" at Tuesday's session of the USSR-Japan peace talks in London which embraced the demands the Soviets failed to win at the 1951 San Francisco peace conference.

The newspapers quoted "authoritative sources."

Earlier, Foreign Minister Mamoru Shigemitsu said Russia has renewed almost the same demands on Japan which the Soviets failed to win at San Francisco.

The Russians tried unsuccessfully then to force Japan to oust U.S. troops from Japan and Okinawa within 90 days.

Couple Remains Missing

Motive Is Sought For Strange Act

WEST PALM BEACH (U-P)—Not one substantial clue had been uncovered 24 hours after the mysterious disappearance of wealthy, prominent Circuit Judge C. E. Chillingworth and his wife, causing a fellow jurist to theorize:

"I think it was the work of a fiend possibly the same fiend involved in the Ferri abduction."

The comment was made today by Judge Joseph S. White, who shared an office suite with the missing Judge Chillingworth.

Mr. and Mrs. Charles Ferri vanished from their Miami home May 1 and no clue has been found concerning their fate. Bloodstains indicated they had been murdered. Ferri was to have been a witness in a Newark, N. J., income tax case against Albert Anastasia, reputed head of Murder, Inc.

Judge White said he didn't believe his colleague was kidnapped, and possibly slain because of a grudge.

"If a person or persons had a grudge against Judge Chillingworth they would have gone up to the door and shot him. It is my personal belief we have a fiend in our midst."

Authorities leaned toward a kidnap-murder theory, and intensive checks were being made on a report that a small boat approached the judge's sand dune cottage at neighboring Manalapan. It was discovered they were missing from the cottage yesterday morning.

The FBI offered the use of its laboratories and crime-detection equipment to local authorities, but a spokesman said there appeared to be no federal violation and no agents had been assigned to the case.

Police Keep Watch For Girls' Slayer

WASHINGTON (U-P)—Police searched today for a 22-caliber weapon and the killer who sprayed 14 shots from it into two teenage girls heading for school on the term's last day.

Yesterday's double slaying in a suburban rustic park was first reported as a stabbing, but Dr. John T. Maloney, Prince Georges, Md., county coroner, said an autopsy showed the 14 bullet holes and no stab wounds. He said neither of the girls was sexually attacked.

Victims of the daylight shooting were Nancy Marie Shomette, 16, daughter of Mr. and Mrs. P. E. Shomette, and Michael Ann Ryan, 14, daughter of Mr. and Mrs. Thomas W. Ryan. Both families live at Lane Manor, Md., a housing development near College Park, Md., and only about three blocks from the park where the bodies were found.

LIBRARY PRESENTED

BUENOS AIRES (U-P)—Argentina has received from the United States a library on peaceful use of atomic energy. The two countries signed an agreement last week to exchange information on the subject.

DOCTORATE AWARDED

BERLIN (U-P)—West Berlin's Free University has awarded Helen Keller an honorary doctorate of medicine.

LUNG CANCER INCREASES

GENEVA (U-P)—A 30 to 80 per cent increase in deaths from lung cancer since 1949 in the world's medically advanced countries was reported today by the World Health Organization.

R. Brown Explains Functions Of City Zoning Commission

Robert Brown, who was awarded the Jaycee Good Government Award this year, today explained the functions of the City Zoning and Planning Commission at the weekly Jaycees luncheon meeting. Brown is chairman of the Zoning board.

Brown pointed out that the Commission is made up of persons representing the different sections of Sanford so that an impartial representation may be maintained. The various occupations of the members, he added, helps them to adequately size up about any situation.

He reminded the Jaycees that the board regularly meets on the third Thursday of each month and that the meetings are open to the general public. The people who oppose certain issues, he said, usually turn out at the meeting in greater force than those who favor the moves.

George Touhy, president-elect of the Chamber of Commerce, was a guest.

Maritime Stoppage Is Called By Union

NEW YORK (U-P)—A union call for an immediate maritime work stoppage on the East and Gulf coasts went out early today, and its effects began to be felt before dawn.

"No contract, no work" recommendations were telegraphed to locals in 13 ports by the CIO National Maritime Union after a breakdown of contract negotiations.

The union call affected passenger ships—including transatlantic liners—dry cargo vessels and tankers.

NMU members are seamen and other unlicensed personnel. Members of three other unions, embracing officers and licensed personnel on the ships sailing from ports on the East and Gulf coasts, also were left without contracts at the midnight expiration.

Radford Advises Against Present Aid Continuance

WASHINGTON (U-P)—Adm. Arthur W. Radford has advised against indefinite continuance of U.S. arms aid to Yugoslavia "without more assurance than we now have as to where they will stand in an emergency."

But this "may not be the time now to push for a showdown" on the question with Marshal Tito, Communist government, the chairman of the Joint Chiefs of Staff told the House Foreign Affairs Committee Monday.

Radford's secret testimony on this point came to light today as the committee called for new testimony on President Eisenhower's \$15-billion-dollar foreign aid program for next year.

Some committee members have made demands for reducing or restricting Yugoslavian aid, despite administration arguments to continue the program intact.

Honoring Churchill

Sir Winston Churchill has not been sufficiently honored, in the opinion of many Britons. Any reward that the nation might give would not repay the service that his leadership rendered in saving his country from Nazi domination. He received the Order of the Garter, entitling him to prefix "Sir" to his name, and refused a dukedom because that would take him out of his beloved House of Commons.

Now Col. J. R. H. Hutchinson, a Scottish member of Parliament, suggests that a new title be created for Churchill, that of "consul." The consul is the chief magistrate of ancient Rome, that other state which more than once stood steadfast against overwhelming odds and finally gained the victory. The consulship which Hutchinson proposes would rank higher than a dukedom, and would entitle its holder to speak in either house of Parliament as he wished. It would not be hereditary.

It is hard to conceive of any title adding new glory to Churchill, but one never before used in the nation's history, and created especially for him, might have its appeal.

TODAY'S BIBLE VERSE

Put away the evil of your doings. . . cease to do evil, learn to do well.—Isa. 1:16.
—Many bad men have become good men. God will help.

HAL BOYLE

Do People Get Better With Time?

KANSAS CITY (AP)—What does a man find if he comes back years later to his old home town, and tries to dig back into his boyhood?

Well, the surprises he discovers may rather in a small way reconcile him to the guy he has become.

He may find, for example, that dumb and lonely as he felt himself to be then, he wasn't altogether as dumb as he thought he was. He may even be sobered into a thoughtful new responsibility by the realization that, new calendar hasn't made him a new man.

Do people improve with time? Do they get worse? It's a great adventure to go back and try to decide. The opportunity to revisit myself when young fell to me during a stopover here on the way back from the Southwest to New York, where I work.

My mother had just said the old home that had been the center of our family for 34 years.

The job I had to do was a basement job. It was my own job. Since I was a small child I had early grown the habit of collecting small souvenirs of my adventures on this earth, and now the problem was that the storage place at home was gone.

The old family home was gone, too. What did I want to hold on to? What to let go of?

Throwing away the memories of your life is rather hard. These old memories have hands in them that grip you from old times.

The first day, when Mama was there and said, "you can't live ahead while you're still trying to live behind you," I was stubborn and threw little away.

The next day I came back without her and threw away my youth all alone with both hands. I feel now I threw too much away. But it's a personal handicap. Anything in life . . . if it's life . . . I don't like to see go.

As I said before, excavating the souvenirs of youth—only from your own living—is a surprising experience. I don't hesitate to use the word amazing. I am amazed to discover that, at the age of 44,

Public Parking Lots

Recently thirty nations were represented at the World Touring and Automobile Organization conference in Washington, D. C. To car owners it will come as no surprise that of all the topics thirty nations might find to discuss at a travel meeting the problem of parking should emerge as the most universally critical.

The automobile industry is one of the largest single industries in America. Our whole economy is to a generous extent based upon what happens to the car market. Every year more cars are sold, yet few communities have bothered to do much about off-street parking areas.

Public parking lots have, at a minimal fee to the parker, paid for themselves time and again. They have increased business in downtown areas, have relieved traffic congestion and have attracted new-comers, both professional and private, to the community.

It has been possible to build these public lots on shoestring budgets and great tax levies have not been necessary.

The businesses of our great cities and small towns cannot continue to function if people can patronize them only with difficulty. We are living in the automobile age and the time to up-date our facilities is now, before the idea of having a downtown area becomes hopelessly old-fashioned.

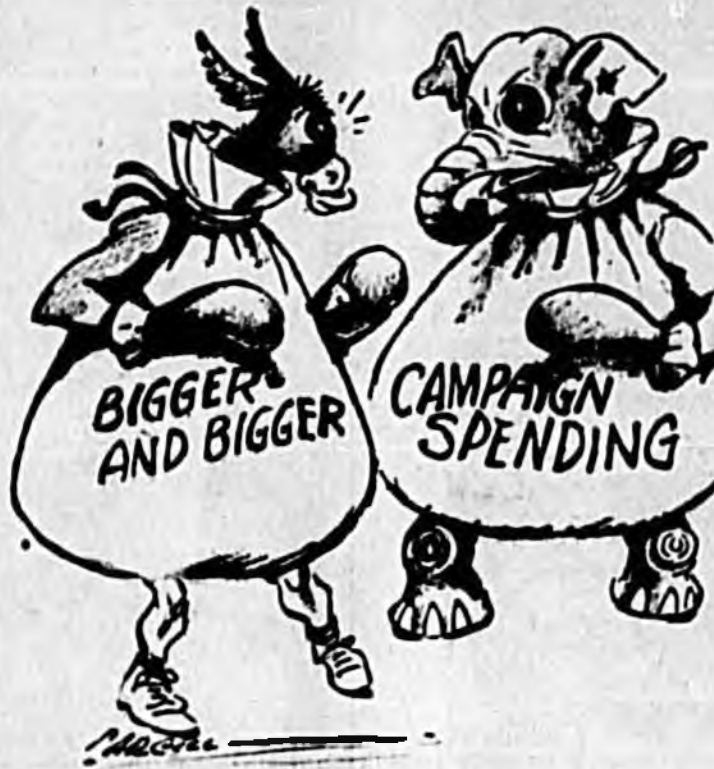

Look Who's Here

Some old-time favorites still appeal. A release of Frances Hodgson Burnett's "Little Lord Fauntleroy," which went the country when it was published in 1886, is selling amazingly. Little Lord Fauntleroy strikes most youngsters of today as a slay, with his long curls and his habit of sneaking and acting beyond his age. Actually he loved sports and was good at them. But thanks to him, his name of Cedric was loathed by the lady unfortunate enough to possess it.

Frances Hodgson Burnett followed this story up with one about a little girl which was almost equally successful, "Sara Crew," an abused orphan. In this as in "Fauntleroy," and all Mrs. Burnett's other books, everything comes out right in the end; her books have the mixture of tears and laughter that are apt to be adored by women.

The publisher was smart who decided to release "Fauntleroy."

POLITICAL FIGURE-HEADS

JAMES MARLOW

Insurances Pulled Closer Together

WASHINGTON (AP)—Guaranteed wages and unemployment insurance are not the same. They are being pulled closer together by the auto workers' efforts to bring some kind of wage guarantee from the auto industry.

This is the main difference: 1. Unemployment insurance (hereafter called UI) is money which a state gives a worker—for a limited time and in limited amounts—when he loses his regular job.

2. The kind of guaranteed wage now in the news is money given by an employer—for a limited time and in limited amounts—when a worker is laid off.

This is what the CIO United Auto Workers had in mind when it got its first guaranteed wage

contracts from Ford and General Motors.

That the guaranteed wage, when added to the UI which a laid-off worker would collect, would give him a figure closer to his regular pay than he would get from the UI alone.

Now it's up to the states to decide whether they'll give UI to a man collecting money from his employer. Some states don't permit that now.

Unemployment Insurance

All states, plus the District of Columbia, Alaska and Hawaii pay UI, collected through a tax of 3 per cent or less on employers' payrolls. Amounts vary from state to state and so does the length of time each state gives these benefits.

SAM DAWSON

Labor Peace Has First Reaction

NEW YORK (AP)—Labor peace in the auto field is having its first price reaction today in the field of industrial materials.

Some grades of steel scrap have gone up in price because dealers see a good summer ahead for the steel mills, now that one of their big customers is virtually assured of getting a new record for output this year.

Zinc producers say the same assurance has put the clincher on the price rise in that much-wanted metal.

The price of rubber for future delivery has gone up—partly in response to the labor peace at Detroit, and partly because of the racial and labor disturbances at Singapore.

Tin prices have risen too, with Singapore getting the immediate blame. But here also the belief that the business boom has been given a new lease on life is given some of the credit.

Prosperity prospects are holding the demand for aluminum high. So today some producers are predicting privately that the price

of that metal will rise again this summer.

Copper producers once more are pulling farther in the future the date when it could fall from its lofty price perch. They are saying the 30 cents price should hold this summer.

A basic steel price hike appears

Conservation News

The Conservation or wise use of our Natural Resources, land, water, timber, wildlife and minerals is now becoming a serious problem. The problem is of interest to every individual regardless of his occupation or profession. Every individual is dependent upon our land, water and other resources for his food, clothing and shelter. Several million acres of our once productive farm land is now destroyed or ruined as far as agricultural purposes are concerned.

The population of the United States is rapidly increasing from day to day. To meet the demands of this increasing population greater production is required. Proper land use and treatment along with improved methods of farming are the ways to obtain this increased production. The country whose population exceeds the productive capacity of its land and its natural resources becomes limited or exhausted usually finds itself in a state of lower standard of living throughout. China, India and some of the old European countries are good examples of what happens when land is abused and its natural resources wasted. The way present land owners and farmers use and treat our land and other resources will certainly have an important bearing on the standard of living of our children and their children.

The basic objective of the Soil Conservation Service is to train each farmer and land owner to use his land according to its capabilities and treat it according to its needs for protection and improvement.

Young Couple Exchanges Solemn Nuptial Vows At Baptist Church

Miss Freeda Beatrice Colvin, daughter of Mr. and Mrs. W. T. Colvin and John F. Peterson, son of Mr. and Mrs. W. H. Peterson of Atlanta, Ga., were united in marriage June 14 at 7:30 p. m. in the First Baptist Church with the Rev. W. P. Brooks Jr., officiating the double-ring ceremony.

The church was tastefully decorated with palms, fern, gladioli, carnations and pom poms. Two white candelabra holding 24 white burning tapers were placed in the background of the setting surrounded by palms and baskets of flowers. Fern was entwined through the candles and encircled the base of the baskets. The family pews were marked by white satin bows and fern.

Mrs. Marvin Milam, organist, played the traditional wedding march and rendered during the ceremony "O Promise Me". Miss Norma Faye Harvey, soloist sang "Because" and "The Lord's Prayer."

The bride given in marriage by her father, was radiant in a gown of embroidered nylon over tulle. The dress featured three-quarter length sleeves and a Peter Pan collar. The pointed waist gathered the skirt in soft folds which fell to a waist-length. On her wrist she wore her only jewelry, a dainty gold bracelet, a gift of the bridegroom. Her veil of imported nylon net was attached to a headpiece of baby's breath. She carried a white Bible topped with a corsage of white roses and tied with white satin ribbons and interspersed with baby's breath.

Miss Sandra Dunn, maid of honor, and Miss Dwanne Colvin, sister of the bride and attendant, were dressed in identically fashioned dresses of different colors. The fitted waists accentuated the soft draped effect of the low neck and the full skirt. They were made of rayon-cotton-mix-sher over tulle. Each carried a bouquet of carnations tied with white ribbon and angel feathers.

Tick bridesmaids as best man and usher-groomsmen included Jerry Pope and Robert Berg. Little Miss Connie Colvin, sister of the bride, was flower girl. She was dressed in a yellow or-gandy "little girl formal" dress and carried a nosegay of blue carnations encircled with blue nylon net.

Mrs. Colvin chose for her daughter's wedding a blue lace short-length dress and pink accessories. Her carriage was of pink carnations.

The groom's mother wore a white short-length lace dress over tulle and had matching accessories.

A reception was held immediately after the ceremony in the educational building of the church. The room was decorated with fern and bride's flowers. Miss Jeanne Lane Miller kept the bride's book and Miss Martha Owen and Miss Jeannette Cleveland served punch. Mrs. Polly Miller played the piano during the reception and Mrs. Christine Woodruff acted as floating hostess.

Others helping were Mrs. Sam Dunn, Mrs. A. C. Cleveland, Mrs. W. D. Colvin and Mrs. L. W. Brock. For a trip to Atlanta, Ga. Mrs. Peterson wore a white embroidered cotton gown dress with matching bolero. The top was trimmed with pink and studded with rhinestones. Her accessories were pink. Upon returning the couple will reside on Palmolive Ave. Out-of-town guests included Mr. and Mrs. W. D. Colvin of Maryville, Tenn.; grandmother and grandfather of the bride, and Mrs. L. W. Brock, aunt of the bride, also of Maryville.

The bride was born in Maryville, and attended schools there, later moving to Sanford where she was active in school activities being an honor student, a member of the Tri Xi Y, a majorette, in the band, secretary of the junior class, a Theopist and was engaged in many other projects. She graduated with the class of 1944 and is employed by the Bureau of Census.

Mr. Peterson was born in New Jersey and later moved to Atlanta, Ga., where he attended schools. He entered the U. S. Navy in 1951 and is now stationed at the Sanford Naval Auxiliary Air Station with VC-8. He will be discharged in August after which he plans to enter Georgia Tech University in Atlanta to study mechanical engineering.

Although Panama is the site of the first Spanish colony on the mainland of the New World, some of its history has not yet been explored.

Mrs. M. Coleman, Former Resident Speaks On Glass

Mrs. Martha Coleman, formerly of Sanford and collector and authority on Old American cut glass, presented a program recently in Daytona Beach for Beta Sigma Phi Exemplar Chapter members.

She gave a character comparison between people and glass, stressing the transparency, beauty, perfection, and imperfection of each.

The speaker explained that the process of glassmaking from ingredients to the turning of the wheel where the glass is cut. Mrs. Coleman illustrated her talk with a number of pieces from her collection.

Included in the display was a complete 126 years old, a presentation piece cut as a gift for a golden wedding anniversary, and many signed pieces.

USO

A swimming party and supper along with dancing on the outside patio will be held at Eughanviola Kennels on Twin Lakes, Sunday afternoon, June 18 for servicemen and junior hostesses from the USO.

Those interested will meet at the USO immediately after church, Sunday. High school seniors interested in becoming junior hostesses are welcome to join this party by making reservations with Viola Kastner, USO co-chairman, phone 2506.

Bruce Schirard, Five Years Old, Is Given Party

Mrs. C. B. Schirard honored her son, Bruce, with a birthday party Tuesday at her home on Grandview Ave., at 10:30 a. m. He was five years old.

The living room of the house was beautifully decorated with spring flowers. The guests sang "Happy Birthday" and the honor guest opened his many gifts. Ice cream and cake were served as refreshments and each child was given a favor.

Those attending were Bubba Lodge, Dale Davis, Martha Johnson, Beth and Mett Morgan, Linda Perkins, Patzy Kader, Brenda Bramley and Jimmy Williams.

St. Monica's Group Elects Officers For Coming Year

St. Monica's Chapter of Holy Cross Episcopal Church met at the parish house June 14, and elected its officers for the coming year as follows: chairman, Mrs. A. R. Pinkerton; secretary, Mrs. C. E. Carlton; treasurer, Mrs. Joe Nicholas; U. S. O., Donald Jones; promotion, Mrs. Kenneth Torbett; courtesy and fellowship, Mrs. Larry Johnson; supply missions, Mrs. Gordon Sweeney; and kitchen chairman, Miss Barbara Ruprecht. Those attending the meeting were Mrs. C. E. Carlton, Mrs. Larry Johnson, Mrs. A. R. Pinkerton, Mrs. R. W. Williams, Mrs. Donald Jones, Miss Barbara Ruprecht, Mrs. Gordon Sweeney, Mrs. Joe Nicholas, and Mrs. Kenneth Torbett.

The first meeting of the year will be held in September.

Here's a delicious Chinese-style soup. Slice canned water chestnuts thin and add them to chicken broth with sprigs of water chestnuts when you are heating the soup just before serving. The stems should be left on the water chestnuts and it should be wilted, not cooked. A clove or two of garlic (cut in half) should be added with the vegetables, then removed before serving.

MR. AND MRS. RICHARD BARINEAU
★ ★ ★ ★ ★
Ann Vance, Richard Barineau Say Vows Saturday Afternoon

In the lovely setting of the First Baptist Church Miss Rebecca Ann Vance, daughter of Mr. and Mrs. William Lewis Vance, and Richard Lee Barineau, son of the late A. L. Barineau and Mrs. A. L. Barineau, were wed on June 11 at 3 p. m. with the Rev. W. P. Brooks officiating at the candlelight, double-ring ceremony.

The church was beautifully decorated with palms, fern, white gladioli and burning white tapers held in a white wrought iron candelabra.

Mrs. Marvin Milam, organist, played the traditional wedding music and nuptial music was played softly during the ceremony. Soloist, Della Galloway, sang "Because" and "I Love You Truly."

The bride, given in marriage by her father, wore a princess style street length dress of white silk and carried a white Bible topped with two white orchids having cascading streamers of satin and orange blossoms.

Miss June Vance, sister of the bride and her only attendant, was dressed in a pink silk princess style dress with three quarter length sleeves and a scooped neckline.

Eugene Barineau, brother of the bridegroom, acted as best man and ushers were Bill Newman and Sonny Haskins.

The bride's mother chose for her daughter's wedding a green linen dress accented by a white rose corsage.

Mrs. Barineau wore a white nylon dress complemented with a corsage of yellow roses.

The couple left immediately for Camp LeJone. The bride chose for her going-away outfit a yellow sharkskin suit, with white hat, bag and shoes.

Their new residence will be at Camp LeJone, N. C. Out-of-town guests included Mr. and Mrs. Jack Evans and children.

The bride was born in Troy, Ala., and later moved to Sanford attending schools here. She is a student at Seminole High School. The groom was born in Sanford and attended local schools graduating with the 1954 class of 1954. He is now serving a tour of duty in the U. S. Marines.

Dance Is Scheduled For Friday Night At Celery Crate

A dance for teenagers will be held Friday night at the Celery Crate as part of the city recreation program, director Edward Christensen announced. The dance will start at 7 and continue until 11, he said.

The hall is being decorated along a ship-wreck theme, and a lot of new hit parade records have been placed in the juke box for the occasion.

Christensen pointed out that the Celery Crate will not be open Monday night.

Dentists running their own practices in the United States average net incomes of \$7,520 a year and doctors \$13,432 before taxes, says the Twentieth Century Fund.

CALENDAR OF EVENTS

THURSDAY
The First Baptist Church bus will leave the church at 7:30 p. m. for the DeLand Baptist Assembly.

The First Baptist Intermediate G. A.'s will meet at the church at 4 p. m.

The First Baptist Junior Royal Ambassadors will meet at 7 p. m. The First Baptist Men's Brotherhood will have its monthly meeting beginning at 7 p. m. with supper.

The First Baptist Church Choir rehearsal will be at 7:30 p. m.

The Ladies Aid Society of the Lutheran Church of the Redeemer will meet at 7:30 p. m. at the home of Mrs. John Senarik on Paola Road.

Seminole Chapter No. 3 OES will meet at 8 p. m. in the Masonic Hall. There will be an initiation.

FRIDAY
Preparation Day for the First Baptist Annual Vacation Bible School will begin at 9 a. m. Parents of boys and girls are urged to bring their children to the church at 9 a. m. that they may register for the school and assigned to their group. There will be a parade at 11 a. m.

SATURDAY
A cooked-food sale will be held in front of McCrory's Dime Store at 9 p. m. by the Ethel Root Circle of the Congregational Church with proceeds going to the building fund.

A barbecue supper will be sponsored by the Lake Mary Community Presbyterian Church from 5 to 7 p. m. in the park on the Country Club Road. Proceeds will be for the building fund for the church annex.

MONDAY
The Dependable Class of the First Methodist Church will meet with Mrs. Roscoe Taylor at her home on 2118 Orange Ave., at 8 p. m., for a regular monthly business and social meeting.

The GWP of the First Christian Church will meet at the home of Mrs. Harry Falk in DeBarry for a covered dish supper and installation of officers and will meet at the church at 8 p. m.

TUESDAY
The Unity Class will meet in the Valdes Hotel at 7:45 p. m., with Jerry Mescham as teacher. The public is invited.

The Ware Bible Class of the First Methodist Church will have a covered dish supper at 7 p. m. in McKinley Hall with the ladies acting as hostesses for the men in honor of Father's Day.

Europe produces 45 per cent of the world's coal and the United States 34 per cent.

Try serving this simple home-made syrup on French toast. Stir a quarter cup of water and two-thirds cup of firmly packed dark brown sugar together in a saucepan over low heat until the sugar dissolves. Boil for several minutes—or longer if necessary—to bring the syrup to a good pouring consistency.

Money wages received by the average Russian collective farm worker in a year are enough to buy about six pairs of men's shoes says the U. S. Information Agency.

Sports Roundup

By GAYLE TALBOT

NEW YORK (AP)—Seventeen years ago today the baseball world had something a whole lot more exciting to buzz about than the length of Brooklyn's lead over the National League and Cleveland's chances of overhauling the Yankees in the American.

On the previous night, in the first all-night game ever played at Ebbets Field, a slender young Cincinnati Reds southpaw named Johnny Vander Meer had pitched his second successive no-hit game, the first and only time up to this minute that such a feat has been accomplished. Chances are it will never happen again.

Only five days before, on June 11, the 23-year-old fastballer from Paterson, N.J., had set the then Boston Bees down 3-0 to open the gate to immortality. He completed baseball's greatest double by hamstringing the Dodgers 6-0 before a howling, capacity throng of nearly 39,000 which rode with Vandy's every pitch.

Vander Meer made the occasion exciting enough in safety every body present. Always given to wildness, he later was to lead his league twice in bases on balls as well as three times in strikeouts—the handsome kid teased the Bronx along with eight passes while fanning seven. They never came close to getting a hit off his Jersey lightning.

The high spot of the historic contest was saved for the very last. In the ninth inning, with only one out, Vandy issued passes to Babe Phelps, Cookie Lavagetto and Dolph Camilli to load the bases and send the crowd into a delirium of excitement.

The next batter, Roy, rapped a grounder to the Reds' third baseman, Lew Riggs, who fired to the plate for a forceout, leaving the bases laden.

That brought up a fellow named Leo Durocher, the Dodger shortstop, who still is around somewhere. Leo lofted a soft fly into center to ring down the curtain, and Vandy's wrought-up teammates rushed him through the dugout and to the locker room before the crowd could get at him.

Vander Meer remained in the big show for another dozen years, but he never quite lived up to those headlines of 17 years ago.

Johnny turned 40 the past winter. Last he heard he was player-manager of the Daytona Beach club in the Florida State League. You probably wouldn't want to catch him barehanded even now.

Weather

Considerable cloudiness with scattered showers and thunderstorms becoming partly cloudy and widely scattered showers, north and west portion tonight and elsewhere Saturday.

\$250,000 Center May Be Built Here

A \$250,000 recreation center which would be the scene of aquatic shows and other spectacles may be built on Lake Monroe in the vicinity of the bandshell and the new boat basin.

Through the efforts of the Chamber of Commerce, the Sanford site has claimed the attention of Orlando businessmen W. R. Kemp, operator of Orlando's Coliseum, and Richard Sodero, who have been seeking a desirable location for the proposed aquacade and amphitheater.

Many other areas have made strong bids for the open-air center which would undoubtedly be one of the top tourist attractions in the state. "Roughly 100 offers of sites" have been received by Kemp and Sodero, it was revealed. Many of the sites would be provided at no cost.

The structure would be modeled to a large degree after a similar attraction at Jones Beach, Long Island, which has grown in popularity each year.

Drawings are now being made of the proposed center, but everything is still pretty much in the "exploratory" stage it was pointed out.

Chamber of Commerce officials, at a meeting held in Orlando early this week, emphasized the many desirable advantages of the lakefront and the Orlando businessmen expressed favorable interest in a site here. Attending the meeting were interested Sanford businessmen and officials.

The amphitheater would seat approximately 5,000 persons, who would be treated to top-notch water shows and other high-quality entertainment, it was emphasized.

Kemp's Coliseum is pretty much a "miniature" of the proposed structure.

A few problems, such as parking space, still confront the project here, but these are expected to be ironed out in time.

Jury Will Consider Evidence In Death

Strolling In Sanford

Mrs. J. B. St. John, Superintendent of the Daily Church School of the First Methodist Church, requests that children go to their own departments, Monday at 9 a. m. and register.

Mrs. Margaret Reynolds is among 21 persons engaged in school administrative work who have enrolled on date for the workshop for school administrators to be held at Purdue University, Lafayette, Ind., June 20 to July 2. It has been announced by Dr. Clarence Pound of the Purdue education staff. She is the only one registered so far that is not from an Indiana school.

Japan Neutrality Sought By Russia In Newest Strategy

WASHINGTON (AP) — Russia is now seeking to neutralize Japan as well as Germany in a probable strategy aimed eventually at extending its influence over both Asian industrial nations.

U. S. officials said today that Russia's designs on Japan stand out clearly in one reported price tag which Moscow has put on making a peace treaty with Tokyo—withdrawal of U. S. troops 90 days after the treaty becomes effective.

When the United States and most of its World War II allies signed a peace treaty with Japan, a separate agreement was negotiated. It said American forces may remain in Japan as long as a danger of Communist aggression exists and the Japanese are unable to meet it effectively.

The State Department made no comment on the Tokyo reports. Officials said the treaty discussions between Russia and Japan, being held in London, are formally no affair of the United States.

Desegregation Plan Put Before Group

GAINESVILLE (AP) — A suggestion that county school boards name mixed committees of whites and Negroes to study desegregation problems was before a statewide meeting of county school superintendents today.

Executive Secretary Ed Henderson of the Florida Education Assn. made the proposal yesterday.

He said appointment of such committees would be in line with the U. S. Supreme Court decision requiring "a prompt and reasonable start" toward integration.

Findings of the committee, he said, would enable the county boards to file "intelligent briefs" with lower courts explaining what steps they were taking.

Service Tomorrow For C. C. Pearson

Charles Clark Pearson, 72, died yesterday afternoon at the Veterans Administration Hospital. He is survived by one brother, Oscar T. Pearson, Sanford; two sisters, Mrs. Leslie Getchell of Glenwood, Minn., Mrs. Flora Marsh, Miami; four sons, Jack Ralph, Emmett, and Lawrence Pearson, and several nieces and nephews.

Funeral services will be conducted at the graveside in Longwood Cemetery tomorrow at 4 p. m. by Dr. Miller Nelson of the Christian Church in Jacksonville.

Mrs. Arnold Hood May Appear On TV

Mrs. Arnold Hood, Sanford zoo keeper, believed to be the only woman holding such a job in the nation, may get a chance to appear on television.

An interviewer for the quiz show, "Two For The Money", which originates in New York City, talked with Mrs. Hood by telephone this morning after notifying her she was being considered for the show.

The interviewer, Mrs. Maureen Toomey, indicated, however, that if Mrs. Hood is chosen as a contestant, it may be sometime in the future. "We are just now using contestants we talked to six months ago," Mrs. Toomey said.

Mrs. Hood, in the telephone conversation, was asked the usual questions about her life, including how she happened to meet her husband, so that her complete background would be available for reference purposes.

Extension Workers Will Be Honored Sunday By Baptists

The First Baptist Church will honor the members and workers of the Extension Department of the Sunday School on Sunday at the 11 a. m. Worship Service. A special section in the auditorium will be reserved for the members and the workers of the department.

The Extension Department was organized to extend the Sunday School ministry to those who are shut-in because of ill health or age or who have to stay at home on Sunday to care for someone who is sick and cannot attend the regular Sunday School. Also to carry the Sunday School ministry to those who cannot attend because of their job which keeps them out of Sunday school on Sunday.

Mrs. R. T. Hunt is superintendent of this department and she has enlisted the following workers to work with her: Mrs. H. D. Smith, Mrs. A. J. Peterson, Mrs. Jim Fields, Mrs. O. P. Wade, Mrs. R. J. Brooks, Mrs. Cliff Ables, Mrs. Martha Marshall, Mrs. J. E. Hemmerle, and Frank Rockett.

The service Sunday has been planned with this department in mind and will be broadcast over WTRR at 11 a. m.

Testimony Given On Dirty Dishes By Young Mother

CHICAGO (AP) — A young mother testified in Circuit Court yesterday that her husband beat her twice because she left dirty dishes in the kitchen sink.

Mrs. June T. Dunne, 26, testifying in her divorce suit, said she had to go to her office job. She said her husband, Thomas, 35, a truck driver, had insisted that she work as a secretary.

"This seems a trivial thing to break up a marriage and cause a child to grow up in a fatherless home," remarked Judge Charles S. Dougherty as he granted Mrs. Dunne a divorce.

The Dunnes have a 5-year-old daughter, whose custody was awarded to Mrs. Dunne. Dunne did not contest the divorce suit.

Guatemala Boasts That Communism Almost Disappears

GUATEMALA (AP) — One year ago Guatemala was a Red Hot in the face of Central America, and communism was spreading to its neighbors. Today, although the government and some groups keep harping on fighting communism to death, and just about everybody stresses "anticommunism," the Reds are gone.

Communism in Central America, in the opinion of many observers, is no longer a serious factor. It stays barely alive in Honduras, under wraps, and it's resting on its sickles in the other Central American states.

The man who erased it in Guatemala, with a timely and determined push from Honduras, is President Carlos Castillo Armas.

Florida Bar Board Reveals Delegates

TALLAHASSEE (AP) — The board of governors of the Florida Bar today announced the five lawyers who will be its representatives on the 37-man commission to study revision of the Florida Constitution.

They are J. Lewis Hall, Tallahassee; Daniel H. Redfern, Miami; Rayner F. Maguire, Orlando; William A. McKee Jr., Bartow; and Morris E. White, Tampa.

Hall is a member of the bar executive committee and the board of governors. Redfern, a former president of the Florida Bar, is chairman of the bar's Committee on the Florida Constitution. Maguire and McKee both are former presidents of the state Bar Association.

Autopsy Reveals Fracture

Two-Day Session Begins Thursday

The circumstances surrounding the death of a Sanford Negro in the County Jail will be shifted by the Seminola Circuit Court grand jury when it convenes June 23 for a two-day session.

John Pittman, 55, the Negro, was found dead in his cell the morning of Monday, April 11. An autopsy performed by Dr. W. A. Derrick, pathological chief at Orange Memorial Hospital in Orlando, showed he died of a fractured skull and brain hemorrhage.

Pittman had been jailed about 7 p. m. the previous night after fighting two deputies at a night spot on the Southwest Road, at the edge of Sanford. They had been sent to pick him up for attempting to cut a Negro woman, the Sheriff's office reported.

In a scuffle, Pittman went after Deputy H. R. Cooper with a knife, Sheriff J. L. Hobby said. Cooper ducked the blade but was hit in the face by Pittman's hand.

He also attacked Negro Deputy W. L. Long before Cooper hit him with a blackjack, Hobby continued. Pittman reportedly got up by himself, submitted to arrest and got into the patrol car by himself.

The prisoner was obviously drunk but apparently was not injured when admitted to jail, Chief Deputy Ollis H. Owen reported. No charges were filed against Cooper, who not long ago resigned from the Sheriff's department.

Hobby said he could see no reason to file any charges. He pointed out that "officers wear badges and carry blackjacks and guns to protect themselves."

Western Big Three Turn To Germany; Discuss Problems

NEW YORK (AP) — The Western Big Three, preparing for high level talks with Russia in a hope that Soviet peace moves may be sincere, turned to Germany's problems today.

The three foreign ministers were to take up their new ally and World War II opponent after a morning session on procedures for the Big Four talks which begin Monday in San Francisco and culminate in the summit meeting at Geneva July 18.

West German Chancellor Konrad Adenauer came to New York to join U. S. Secretary of State Dulles, British Foreign Secretary Harold Macmillan, and French Foreign Minister Antoine Pinay at lunch.

The conference was much before-hand on whether the group would approve the date Adenauer will go to Moscow on a Soviet invitation. Adenauer has made it clear that the date must follow the Geneva conference.

Big Dates Await Prison Inmate

SAN QUENTIN, Calif. (AP) — Carl Chessman, sex terrorist, author and self-titled law student, has two big dates looming just ahead in his 34th year of life.

July 11 the second book he has written in condemned row comes off the press.

July 15 he has a date with death in San Quentin's gas chamber.

Publication of "Trial by Ordeal" is certain, but scheduled execution of the "Red Light Bandit" of lovers lanes around Los Angeles is by no means a certainty.

The wavy-haired convict has avoided it for seven years as occupant of "Cell 2433, Death Row."

Little of his first book, (His eighth year in death row begins July 2.)

Report Expected On Ocala Couple

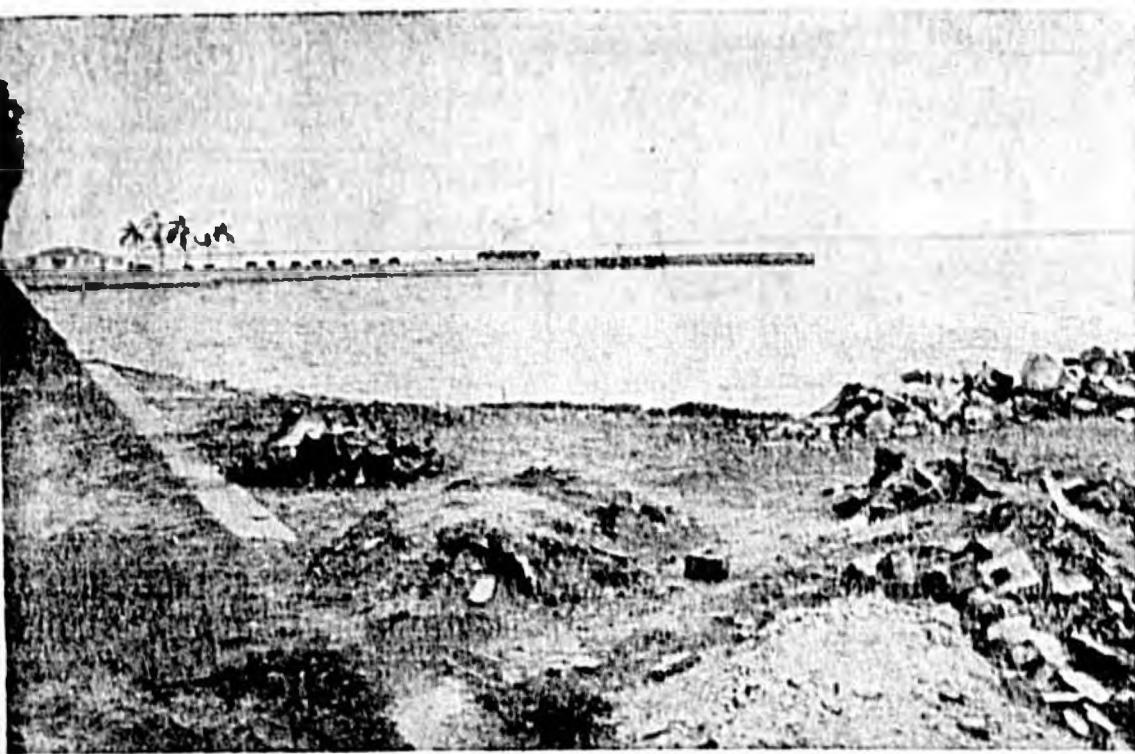

OCALA (AP) — After talking to nearly two dozen witnesses a grand jury is expected to report this afternoon on its investigation of the killing of three law officers in a gun battle with an elderly couple.

State Atty. A. P. Buie is seeking first degree murder indictments against both Edward S. Lindley, 73, and his wife Bertha, 70.

Barred in their small home and armed with a variety of guns, the Lindleys fought state, county and city officers more than an hour May 28. Officers went to the house on complaint of a neighbor that Lindley shot at him.

TRAFFIC DEPT. TOPS LIST BALTIMORE (AP) — There were 23 accidents involving police cars here last month, a Police Department summary showed today.

Heading the list was the traffic division with 11.

PROPOSED SITE of a \$250,000 open-air recreation center is this area between the boat basin and the bandshell. The location is being favorably considered by Orlando businessmen W. M. Kemp, operator of Orlando's Coliseum and Richard Sodero. (Staff Photo)

Security Benefits Go Over \$56,000 In 1954

Paul Weaver, Orlando District Manager, Releases Total Figure

Monthly Social Security benefits totaling \$56,800 were being paid to some 1,300 people in the Seminola County at the end of 1954, according to Paul K. Weaver, Social Security Administration district manager of Orlando. Of this amount about 7 per cent of \$4,280 was being paid each month to mothers and children. Weaver pointed out that payments to mothers and children have special significance to the community as a whole because they help families to stay together after the death of the breadwinner.

Weaver also pointed out that nine out of 10 mothers and children are now protected by old-age and survivors insurance in case of the death of the family breadwinner, and that in the entire country about half of the children whose fathers have died now receive benefits. In the nation as a whole 217,535 mothers and 1,169,730 children were receiving Social Security payments at the end of 1954. Total payments in 1954 were \$133 million to mothers and \$431 million to children.

Weaver stated that the \$56,800 being paid into Seminola County each month is an increase of 43 per cent over 1953. One reason for the increase was the passage last September of the 1954 Amendments to the Social Security Act. These Amendments increased all benefit payments and made it possible for the first time for survivors of some workers who died after 1953 and before 1950 to qualify for payments.

The Orlando Social Security office is at 24 E. Central Ave. and a representative of the office regularly visits Sanford on the first, second and third Friday of each month.

Natural Gas Well Bursts Into Flames

RENOVO, Pa. (AP) — The capping valve of a natural gas well, believed to be the nation's largest, blew off yesterday and escaping gas burst into flame, causing injuries to 10 men.

Millions of cubic feet of gas were still burning today as Paul (Red) Adair, a specialist in extinguishing well fires and trapping them, flew to this northwest central Pennsylvania area from Houston, Tex.

The well, described by workmen as a "wild one," was brought in only last week. Gas was flowing from the well at an estimated 150 million cubic feet a day.

The capping valve, weighing 2,500 pounds, flew off early yesterday. In the afternoon another loud explosion signaled the start of the fire.

Provisions Made For Stranded Group

LONDON (AP) — Cunard line officials chartered a fleet of planes today to carry more than 1,100 American-bound passengers stranded in Britain by a wildcat seamen's strike. The travelers will leave at least \$14 on the deal — plus the tips they won't have to pay.

The 1,500 strikers, who have tied up eight transatlantic liners, were warned they face drafting into the army. Merchant seamen are exempt from the draft while at sea but can be called up if they go 14 days or more without a ship.

Cunard provided the special airlift for passengers stranded by the cancellation yesterday of the 81,000-ton Queen Mary.

State Legislators Return To Capital

TALLAHASSEE (AP) — Florida legislators trooped back into the capitol today after a 72-hour recess and found a compromise reapportionment plan laid out for them that could break a tight two-week deadlock and send them home for good tomorrow night.

Gov. Collins announced details last night at the end of a round of conferences with opposing Senate groups and House leaders and said if the program passed both houses he would approve it.

ELEPHANTS KILL MAN NAGOYA, Japan (AP) — Visitors watched in horror at the Nagoya Zoo today as two female elephants knocked down a 25-year-old attendant with their trunks and then trampled him to death.

Sheriff G. Robbins Convicted In Case Of Moonshine Plot

GAINESVILLE (AP) — George T. Robbins, for 10 years sheriff of Levy County, was convicted yesterday of conspiring to protect moonshiners and faces up to 10 years in jail.

Federal Judge Dossier Devens delayed sentencing for 15 days to give him time to ask for a new trial. Meanwhile he remains free on bond.

Robbins, under suspension by Gov. Collins, heard the verdict of the jury without emotion. He left the courtroom without commenting.

Convicted with him were two other defendants, John Dees of Jacksonville and Charles T. Henderson Jr. of Ocala.

The jury acquitted Ernest C. Blair of Ocala, former state beverage department supervisor, and Luther M. White, Williston automobile dealer.

In his defense Robbins acknowledged he accepted protection money from a state undercover agent who posed as a moonshiner but claimed he was trying to "catch the boys higher up."

Maritime Strike Major Segment Hits Agreement

NEW YORK (AP) — A major segment of the maritime strike on the East and Gulf coasts has been settled by agreement on employment, insurance and unemployment benefits for seamen.

The CIO National Maritime Union, which represents mostly unlicensed seamen, came to terms last night with the operators of passenger ships and freighters.

It was estimated that benefits paid by the employers in supplement state unemployment insurance benefits would give an idle seaman a total of \$10 a week for up to 26 weeks.

The agreement affects 10,000 NMU members.

Francis T. Greene, chairman of the employers' bargaining committee, said he had "great hopes" that meetings would be held early today with two other maritime unions and that settlements would be reached quickly.

He said "our ships will sail immediately" if the agreements are reached.

Lamarr Says Gems Have Reappeared

HOUSTON (AP) — Actress Hedy Lamarr said yesterday that the \$51,000 worth of jewels which disappeared from her home here about three weeks ago had reappeared.

Oliver W. Howard Lee, the actress' husband, told police the gems were found on a sewing room shelf yesterday. They were all there, he said, in a satin bag.

Mrs. Lamarr reported the loss May 25 when she told police the jewelry vanished from a dressing table drawer.

Rewards \$11,500 For Missing Couple

WEST PALM BEACH, Fla. (AP) — Rewards totaling \$11,500 were offered today for the return of missing Circuit Judge C. E. Chillingworth and his wife.

The family designated the Rev. Harry H. Waller, pastor of the First Methodist Church, as intermediary, indicating a belief the wealthy and highly respected couple may have been kidnapped.

Sheriff John F. Kirk, weary from two days of intensive search for clues, had no comment on the kidnapping theory.

The family, speaking through the sheriff, asked that "only persons who are positive concerning the Chillingworths" whereabouts contact Rev. Waller."

Examination Dates Told For Nurses

The dates for the next licensing examinations of the Florida State Board of Nurse Registration and Nursing Education are Oct. 11 for practical nurses and Oct. 12 and 13 for professional nurses.

The examinations will be given at the Seminole Hotel in Jacksonville. Applications must be filed with the board office by Sept. 6.

Transmission Link Is Victory For Ike

WASHINGTON (AP) — In a big victory for President Eisenhower, the House has voted its approval of a transmission link between the Dixon-Yates private power project and the Tennessee Valley Authority system.

A \$1,972,132,000 public works appropriation bill including the project passed by voice vote yesterday and was sent to the Senate.
