SANFORD, FLORIDA, SATURDAY, JUNE 30, 1923.

BUSINESS CONDITIONS GOOD IN SIXTH FEDERAL DISTRICT DESPITE SUMMER DULLNESS

SPRIT OF CAUTION, CONSERVATISM AND WET WEATHER MARKS A SLIGHT DECLINE

FINANCES GOOD

And Value of Building Permits Greater Than Any Month on Record

(By The Associated Press)
ATLANTA, Ga., June 30.—Although fundamental business conditions in the Sixth Federal Reserve District, comprising southeastern states, are good, according to the Atlanta federal reserve bank's summary for May, made public today, "certain factors" had adverse effect. However, the summary adds, "it was not to be expected that the momentum of early months of the year could be safely maintained" through the spring and summer months indefinitely.

"Merchants earlier in the year placing orders for goods for which there was no current consumption, the review points out, and this kept manufacturing firms operating at a very high level in order to keep pace with orders.

A spirit of caution and conservatism and wet weather have marked the slight decline in business since the peak of spring business was reached in March, the summary declares. Lower prospective buying power of agricultural communities, due to unfavorable crop prospects, is believed to have augmented seasonal factors responsible for trade declines.

Retail sales during May were 12.4 per cent greater than during the same month of last year, and sales for the first five months of the year averaged 11.4 per cent greater than for the same five month period of 1922.

Wholesalers in the sixth district enjoyed slightly better conditions during May than during April, the majority of dealers reporting total sales increase for the month, with recoveries in many major lines. Most notable gain was made in furniture sales, the summary reports, with May sales 11.5 per cent greater than in April. April sales were but little more than one per cent less than in March.

Excessive rains during May and early June have put crops in a bad way throughout the district, says the summary, quoting reports issued by the department of agriculture showing nearly all crops are far behind normal stages. Considerable deterioration in the condition of Georgia wheat and oats, due to improper pollination, while reports from Florida indicate the corn crop there is in good condition. Much corn is yet to be planted in North Georgia and Tennessee and, the report says, that already planted in Georgia and Alabama is not good.

Unusual improvement was recorded during the month in Florida citrus fruits, indicating heavy crops for the 1923-24 season. Movements of fruits from Florida was greater during May than the same month last year, and to date for the season the movement exceeds that of last year.

Finances continue in a healthy state in the district, the bank reports, with savings accounts showing a steady increase. There was a slight decrease in loans and discounts during May, member banks reported to the Atlanta reserve bank, and demands deposits declined slightly during the month, 69 banks reported.

Commercial failures in the district in May were slightly larger, in number, and more than half again as large in total of liabilities, than during the preceding month, the summary says, but adds that these failures were substantially less than during the same month of last year. There were 101 failures in the district, compared with 97 in April and with 179 in May, 1922.

Value of building permits issued at principal cities in the district in May was greater than for any month on record, except last April. In 18 cities permits for new buildings represent construction valued at more than eight and a half million dollars.

ALL GREEK VESSELS TO CONSTANTINOPLE SEIZED BY TURKS

LONDON, June 30.—The Turkish authorities have notified the Allies that all Greek vessels coming to Constantinople will be seized says an Exchange Telegraph dispatch from Constantinople today.

GOLDEN RULE WOULD CONTROL ALL OF BUSINESS

Of Dry Goods Commission and Bailey Says It Will Work

(By The Associated Press)
NEW YORK, June 30.—Dry goods commission business controlled solely by principle of Golden Rule, in which profit making is not to be the primary consideration between firms, was launched by Fisher C. B. Bailey, it was learned today. Bailey has sent circulars to southern cotton mills expressing conviction that the enterprise conducted along altruistic lines is quite possible.

President's Statement and Labor Speech is Assailed by Gompers

Says Labor Requires More Than Speech For Acts.

(By The Associated Press)
WASHINGTON, June 30.—Statements made by President Harding in a labor speech at Helena yesterday, was assailed today, by Samuel Gompers, who declared "labor requires more than speech to balance against acts that have gone before."

NINE BELGIAN SOLDIERS KILLED ON TRAIN TODAY

BOMB EXPLOSION IS GERMAN REPLY TO OCCUPATION REGULATION.

(By The Associated Press)
DUSSELDORF, June 30.—Nine Belgian soldiers were killed today by explosion of time bomb in a passenger car of train carrying soldiers on leave back home from the Ruhr. Between 25 and 30 soldiers wounded. The explosion is regarded in military circles here as German reply to stiffening of occupation regulations in Belgian zone since the killing of two Belgian soldiers at Marl several days ago. It is thought to have been carried out by the same organization that arranged the explosion that killed two Germans in the waiting room at Weisbaden this week. It is announced penalties will be applied by authorities or occupation for the outrage.

And there is more moisture than even "the oldest inhabitant has ever seen."

This figure is compared with a total value of more than eleven million dollars in April.

In surveying the employment situation, the bank finds fewer men out of employment now than at any time in many months past, with large industrial concerns using more workers than in preceding months. Georgia cotton mills are reported operating on a full time basis, as are nearly all industries in Florida. Other states in the district reported employment increases, with farm labor shortages in Tennessee, Mississippi and Louisiana.

TWO THOUSAND MORE PEOPLE ACCORDING TO OUR STATISTICS SHOULD BE IN SUNDAY SCHOOLS

Interview With Business Man Brings Out Some Interesting Facts

(Contributed)
Mr. and Mrs. Reader, you are giving the chance of hearing the testimony of one of Sanford's busy business men regarding a matter in which you should be interested. It was nearly ten o'clock last night when I heard some one walking hurriedly along one of the city's busy streets.

REGISTRATION FOR CLASSES IN HOME CARE OF THE SICK VERY IMPORTANT TO ALL

Commencing Monday morning registration for classes in Home Care of the Sick and Hygiene at ten o'clock in Apartment 13, in the Welaka Block under the auspices of the Red Cross. These lessons will be free. This announcement, made this morning is one of the most important to the people of this community and being so important it is given space in the Herald today in order that everyone interested may note the same. On account of appearance of typhoid fever in some localities it is especially important that everyone should have these lessons and know how to combat not only fevers but other diseases that from time to time may threaten the people of this and other states. An ounce of preventative is always worth more than a pound of cure and in this instance especially it is vitally important that the women of this city and county should take the lessons and do their big share in keeping intact the health of the community.

Miss Falwell, of Greenwood, South Carolina, is here representing the National Red Cross in this great work and will be at the Welaka headquarters for the next two weeks if necessary to complete the work. Mrs. W. E. Watson, active chairman of the work will also register all who contemplate taking up the work. This course consists of fifteen lessons, one lesson daily of one to one and one-half hours each.

STRAP USED BY HIGGINBOTHAM DID NOT WEIGH TWO POUNDS SAYS DEFENSE WITNESS TODAY

Character of Witnesses Brought Into Court Proceedings

(By The Associated Press)
LAKE CITY, June 30.—"Black Auntie" the strap used by Thomas W. Higginbotham in whipping Martin Tabert weighed only one pound and eleven ounces, H. W. Duffill, former carpenter of the Putnam Lumber Company and defense witness testified at resumption of the Higginbotham trial today, and defense witness testified that the strap came from before it was weighed. Duffill said he didn't know where the strap came from before it was weighed. J. T. Hendry and Samuel Livingston testified they would not believe J. M. Tyson, state witness, on oath. On cross examination Livingston said he was served with a warrant charging theft of pistol but the warrant was torn up by W. P. Chavous, defense attorney, because it was defective. C. Butler, the next witness, testified he would not believe Walter Lyles who as a witness for the state testified he counted approximately fifty lashes given Tabert by Higginbotham. Mrs. J. W. Jackson, wife of a state witness, testified her husband was home, when according to his testimony he was on guard duty at the Putnam camp and saw Tabert unconscious in the stockade.

THREE CENT GASOLINE TAX GOES INTO EFFECT TOMORROW IN THE STATE OF FLORIDA

An Increase of Two Cents a Gallon Over the Present Tax

(By The Associated Press)
TALLAHASSEE, June 30.—Florida's three cents a gallon gasoline tax imposed by the recent legislature, becomes effective tomorrow. The three cents levy is an increase of two cents a gallon over the present tax. Of the new levy, two cents is to go to the State Road Department, or approximately \$1,600,000 annually, while the third cent, expected to yield about \$750,000 a year is to be split equally between the state's 63 counties, each receiving about \$12,000. In addition to providing for the increased levy this year's gas tax act is designed to bring all gasoline sold at retail with-in the levy. Heretofore, the wholesale companies that operated retail filling stations have not had to pay a tax on the gasoline sold at retail through these stations. The act also provides that effective October 1, every gasoline dealer must pay a tax of \$5 which will also go to the road department. An analysis of the new tax measure as prepared by Comptroller Ernest Amos, follows: "The law requires the three cent tax to be paid on every gallon of gasoline sold by wholesale or retail dealers in the state after June 30th, though this tax is payable only one time; that is, if the tax is paid by the wholesaler the retail dealer doesn't have to pay, but if not he does. "All dealers are required to report to this office all gasoline sold after June 30th, and either pay the tax or give the name and address of the dealer who paid or has agreed to pay the tax. "Stocks on hand at the close of June 30 must pay the three cent tax when sold out on such, as the one cent tax now collected has been paid only two cents more per gallon will be required but the dealer reporting and paying the two cents per gallon on such stock must at the same time furnish to this office the name and address of the dealer who paid the one cent tax. All dealers in the state are required by law to report under oath to the comptroller not later than August 15th next their sales for July and remit the tax to cover or furnish the name and address of those dealers who have assumed the payment of the tax on such gas as has been sold and similar reports are required of all dealers on the 15th day of each succeeding month and thereafter."

LADY ASTOR STOPS SPEAKER ON LIQUOR BILL

Grabbed His Coat Tail and Convulsed the House

(By The Associated Press)
LONDON, June 30.—Lady Astor, tugging at the coat tails of Sir Frederick Banbury in a vain effort to induce him to stop speaking so that she and her liquor bill might have the right of way sent the house of Commons into laughter last evening in which grave speakers were obliged to join. As Banbury stopped only five minutes were left for consideration of the liquor bill, her ladyship made desperate efforts move a cloture but failed. The bill was not lost as the government promises to grant facilities for eventual passage.

SECRETARY MELLON STATES GOVERNMENT INTENTION WAS NOT SEIZURE SHIPS

BUT WOULD NOT RELAX ITS ATTITUDE ON TAKING OF LIQUOR

(By The Associated Press)
WASHINGTON, June 30.—Andrew Mellon, American Secretary of Treasury, who arrived in England last evening on the Majestic, told newspaper men here today the United States government had no intention of relaxing its attitude regarding confiscating liquor on board of incoming liners. He saw no solution of the problem until congress met, he said. Mellon reiterated the statement that the United States government never had contemplated seizing foreign liquor-carrying ships or retaining their captains.

AVAILABLE SUPPLY SOFT WATER CAN BE OBTAINED FOR THE CITY ACCORDING TO ENGINEER'S REPORT

Deep Wells Will Be Sunk With View of Ascertaining Best Supply

Pursuant to a request of the City Commissioners, the Chamber of Commerce has analyzed the report of Joseph E. Craig, special engineer engaged by the city to locate available supplies of soft water for Sanford, and has recommended that the deep well system be adopted. Although several other sources of supply were outlined in the report, they were eliminated from consideration by the chamber's special committee, which reported its findings at the weekly meeting last Friday. The report submitted by Mr. Craig makes provision for a city of twenty-five thousand population. Most important of the possible sources of supply dealt with in the report, were the lakes surrounding Sanford, batteries of shallow wells, and the St. Johns river. On account of sewerage contaminations, etc., the latter was dismissed from consideration entirely. The objection raised to utilizing the lakes was that the requirements of a growing city would eventually drain them, as was the case when Sanford originally obtained its water from one of the adjacent lakes. While a number of the shallow wells in Sanford have splendid soft water, it would be necessary for the city to acquire several hundred acres on which to sink these wells in order to obtain a daily supply of three million gallons which is estimated is the required amount for a population of twenty-five thousand. There are a number of communities in Florida which are deriving an excellent supply of soft water from wells sunk to a considerable depth. It was the knowledge of this, and a belief that Sanford was similarly favored that prompted the committee to recommend that the chamber urge the city commissioners to immediately begin sinking deep test wells and ascertain if an adequate supply of soft water could not be obtained from this source. The meeting approved the recommendations of the committee which have been referred to the city officials for action. Mr. Craig has also completed an appraisal of the water works plant, owned by the Southern Utilities Co., which was done with the idea of the city acquiring this public utility. Appraisals of the power and gas plants

SEVERAL NEW LAWS IN EFFECT BEGINNING WITH JULY FIRST, SEVERAL PROHIBITION LAWS

Mandatory Jail Sentences and Drunken Drivers of Autos Will Get Theirs

(By The Associated Press)
TALLAHASSEE, June 30.—Several new laws enacted by the recent session of the legislature, become effective tomorrow, July 1. Among them are two drastic prohibition acts, the first providing for mandatory jail sentences for violators of the liquor laws, and the second providing penalties for persons who drive automobiles while under the influence of liquor. The state's new law covering the issuance of search and seizure warrants also becomes effective. High spots of this act provide that a search warrant must not be issued for any home used "exclusively as such" for service in the night time except for stolen or embezzled property; that a search warrant must not issue against the home for service at any time except upon sworn information that it is being used to store stolen or embezzled property, for gambling, or the manufacture or sale of intoxicating liquors, and a further provision prohibits the forcible entrance into a home under any circumstances at night. Two other changes in the present procedure are that a copy of a search warrant must be delivered to the person whose premises are to be searched, or in his absence, to some occupant of the premises, while a copy must also be delivered to the

Reorganization of Treasury Department Bureaus Shifted

Provided in Regulations Effective at Midnight.
(By The Associated Press)
WASHINGTON, June 30.—Reorganization of treasury department with shifting of several of the most important bureaus, was provided for in regulations issued today and effective at midnight tonight. Simultaneously with the issuance of regulations it became known that Assistant Secretary Edward Clifford, whose decision will be materially changed under re-organization, is to resign.

SOCIETY

MRS. FRED DAIGER, Society Editor
Phone 217-W

If you have any friends visiting you, or if you are entertaining, write a social card to this department, giving details, or telephone the item. It will be greatly appreciated.

SOCIAL CALENDAR

Friday—Circle No. 1 of the Methodist church will give a Silver Tea at the home of Mrs. James Cowan, on Park avenue, at 8 p. m.

Miss Chothilde Balsden of Liva Oak is visiting her father, T. S. Balsden.

Miss Loyola Stacy of Lakeland will arrive in Sanford this afternoon and will be the guest of Mrs. J. N. Tofer.

Miss Helen Kennedy of Lakeland, formerly of Sanford, is the guest of Miss Sarah Wheeler and is receiving a most cordial welcome from her many friends.

Miss Frances M. Hughey returned home last evening from Jacksonville where she has just completed a nine months course in the Jacksonville Business College.

Mrs. Charles Miller of Plant City and Mrs. Maud Yaion of Tampa returned to their homes yesterday after spending several days here with Misses Allie and Ruth Gillon.

Miss Virginia Smith left Wednesday for North Carolina and Virginia where she will spend the summer, during her absence, the Red Cross work will be in charge of H. C. DuBois.

Misses Lulu Brenner and Pearl Barber and Fred Fletcher and Malory Horn left yesterday for their homes in Gross City after spending the week here taking the teachers' examination.

SPLASH PARTY.

A delightful "splash party" and "wine roast" was given at Palm Springs Tuesday evening, by Miss Lucille Anderson and Mrs. C. A. Anderson, Jr., for their house guests Misses Grace and Maude Ballentine of Gainesville. Swimming and games were enjoyed until a late hour, when a tempting lunch was spread and enjoyed by all.

Those invited were: Misses Grace and Maude Ballentine, honorees; Viola Booth, Carrie Darsay, Evelyn Darrow, Thelma Lake, Florence Price, Marie and Gladys Stemper, Elizabeth Hoolehan, Lucille Anderson, Mrs. C. A. Anderson, Jr.; Messrs. Paul Bailey, Bowen Ferritt, Walter Price, Robert Jenkins, Leonard McLucas, James Hoolehan, David Fountain, Milton Haddock, Dean Treadwell, Ralph Lassing, Charles Anderson, Jr. Chaperones were Mrs. C. A. Anderson, Sr., and Mrs. H. B. Darrow.

THEODORE ROOSEVELT CAMP AND AUXILIARY WILL PICNIC AT ALTAMONTE JULY 4.

Col. Theodore Roosevelt Auxiliary, No. 3, have planned a big basket picnic July 4th, at the home of the Ballards at Altamonte Springs. Members of the local camp of U. S. W. V. and their families, as well as members of the Auxiliary and families and all other U. S. W. V. who read this notice are invited to attend the picnic. A flag will designate the entrance to the road leading to the Ballard home south of Altamonte Springs. The members of the Auxiliary are requested to report to Mrs. R. A. Terheun the number going, that transportation may be provided. Report not later than Monday a. m. Each family will carry a picnic lunch.

THREE MORNING NEWSPAPERS FOR SANFORD.

Sanford promises to be well served in the morning newspaper field in a few days. The Orlando Morning Sentinel for some time has brought the papers here early in the mornings and had them distributed by ten o'clock. The Times-Union was next in line putting on a truck service from Daytona and bringing in the Times-Union about ten o'clock. Now comes the Tampa Tribune with the statement that in a few days the Morning Tribune will be laid on the breakfast table of the Sanford people every morning. Verily, the world do move these days and Florida newspapers are showing signs of progress and thrift and enterprise. In a few years there will hardly be a spot in the state not covered by daily papers right on time.

ARMY FLIERS FORCED DOWN INTO BAY

Early This Morning After Effort to Break Record

(By The Associated Press)
SAN DIEGO, June 27.—Captain Lowell Smith and Lieut. J. B. Richter, army aviators were forced down into shallow waters of San Diego bay at 4:40 this morning after being in the air all day yesterday and last night in an effort to break the endurance records.

DON'T FORGET THE BULKHEAD BOULEVARD.

Don't forget about that bulkhead and that wonderful boulevard from Sanford to Lake Monroe and from Sanford to the Osteen bridge. In time there will be a beautiful boulevard all around the shores of Lake Monroe and the banks will be dotted with the homes of the wealthy tourists and this whole land will blossom like the rose. All it takes is a clear vision that sees farther than the nose, farther than the pocket book and farther than personal profits. When we can see things through such glasses we will have gained the world.

FEW WOOD ENGRAVERS

The real art of engraving has been supplanted by the half-tone process, and those artists whose skillful hands and accurate eyes traced lines on apple-wood and box-wood and wrought them into pictures that could be reproduced in magazines, are disappearing. Milwaukee, which was once the center of this branch of the arts in the United States, has but few of them left. Wood engraving as an art has come and gone. Those in possession of representative prints from celebrated blocks will sometime in the future have cause to congratulate themselves on the possession of what Du Fresnoy says is "a sad example of the combination of art and mechanical skill."

LOCALS

J. R. Watrous and daughter Wilma, of Gainesville, were registered at the Montezuma yesterday.

Miss Mildred Holly left Tuesday with Mr. and Mrs. R. A. Newman and family for Hendersonville where they will spend the summer months.

Mr. and Mrs. G. L. Loucke leave tomorrow for Detroit, Mich., where they will get a new car and motor to Rochester, N. Y., where they will spend the summer.

The many friends of Pearce Griffin are glad to see him up again after an attack of partial paralysis of the optical nerve causing complete blindness for several days.

Word comes from W. E. Scoggans that he is in McIntosh with the family and want the Daily Herald to keep up with the times. They will go to North Carolina later in the season.

The Pure Food Market advertises fat hens and fryers, beef, pork, mutton and lamb for tomorrow and Sunday's dinner. You get it fresh and you have it delivered to your home at the Pure Food Market.

Pack your troubles in the smallest bag you have and find a cheerful companion to talk off your shadows, misgivings and forebodings. We suggest Paul B. Dooley at the Seminole County Bank as a cheerful companion.

The Sanford Shoe & Clothing Co., are offering Saturday and Monday Specials in this issue at prices that will make them move. These special prices are on bathing suits, shoes, children's wear, men's suits, straw hats, mohair, palm beach and silk suits, etc. Read the advertisement in this issue and see the prices.

The Britt Realty Company asks you to look over some of their very attractive bargains in real estate today. The Britt Realty Company has offices in the Valdez Building on Park avenue and they have some real bargains in homes of all kinds. See the advertisement in this issue and then see Britt.

The Atlantic & Pacific Tea Company—the old reliable A. & P.—invite you to their store tomorrow to take advantage of their many bargains in potatoes, beans, rice, butter, bottled drinks, teas, soups, etc., and promise you that you will be waited upon promptly and that everything you buy will be just as advertised. Read their advertisement today.

"We Save You Money Because We Have no Clerks" says Stemper & Company and they can give you a list of smoked and fresh meats and prices that are astonishing. Stemper & Company have the world beat when it comes to low prices on all kinds of meats and a glance at their prices in this issue will convince you. See Stemper tomorrow and let him show you.

The Daily Herald, 15c per week.

Baumel's Specialty Shop advertises Choice Wearing Apparel for the mountains, the beach or the home and they mean just this and they will demonstrate it if you will read the advertisement in this issue and then see the goods. Attractive frocks, millinery, bloomers and vests, bathing suits, silk hose and everything for the ladies at Baumel's Specialty Shop—the place where you can always get the very latest at the very best prices.

Thirty Pounds of Sugar Free—and at a time when people are needing sugar badly—Piggly Wiggly takes the bull by the horns, knock out the bull and quotes you prices that will get your business. The thirty pounds of sugar will be given away Saturday night. Read the advertisement today and find out how you can get this sugar free as well as fill your baskets with fine fresh groceries and fruits and vegetables at prices that are cheaper than the cheapest.

The Herald for first class job work.

Mrs. G. A. DeCotter, Sr., and Miss Mary DeCotter and Master George DeCotter 3rd will return to their home in Jacksonville, Sunday after spending several weeks with Mr. and Mrs. George A. DeCotter at the Montezuma. They will be accompanied by Mr. and Mrs. G. D. Bishop who will be their guests for several days. During their absence, the Bishop children will be with Mrs. DeCotter.

The Daily Herald, 15c per week.

Churchwell's—sell it for less—and they want you to remember that Saturday will be the last day of the Big Fourteen Day Sale. The rare bargains are there in everything in this big store and the prices are quoted on some of the bargains today. Of course there are others in the store and if you want to save money go to Churchwell's—especially tomorrow.

After July 2nd the Herald will be put on a cash in advance basis for subscriptions, so pay up now.

CARD OF THANKS.

We wish to express our appreciation to our friends for their kindness and sympathy during the long illness and death of our dear one, Henry White, and for the many floral offerings. Especially do we thank the doctor's for their kindness. May God's richest blessings rest upon each one is our prayer.
Mrs. Kizzie White, Willie, Robbie and George.

LOANING MONEY FOR HOMES IS BUILDING THE CITY.

The man or men or association that loan money for building homes in Sanford are doing more for this city than any other agency. And where these institutions are selling stock or asking the people to invest their money it should be acted upon immediately for the money so invested is returning to the investor in many different ways. Sanford needs hundreds of new homes to accommodate the people here now and the people who are coming here this winter. Sanford needs at least twelve big and modern apartment houses to accommodate the people here now and the people who are coming. The situation in Sanford and other cities is just this: Unless more houses are built for the people the cities can not grow and expand into larger cities for they are handicapped and circumscribed by the amount of new buildings going up. There is no place to put the people who want to live here they cannot stay here and will move on to other cities that are building homes and apartments. The Palatka News says: "There isn't a vacant house in Palatka. "This was a statement we heard n

leading real estate and renting agent make to a home seeker today. It was amazing. The only qualification he made to the statement was that there were no houses for white families of moderate circumstances. He stated that not less than 200 new houses had been constructed in Palatka and suburbs within the last twelve months, and still the demand is constant and increasing, especially for the better classes of houses. The demand is not limited, he said, to houses, but there is also a steady demand for the better class of apartments, although houses were in demand at a ratio of two or three to one.

"Inquiry of those who have been constructing houses regularly and consistently brought out the fact that no sooner is a house started than there are a number of applications for it, either to rent or to buy.

"So, naturally inquiry turns to 'why not more homes?' The answer was not far. A little over a year ago the Palatka Building & Loan association was organized. It prospered amazingly, for there was a healthy growth, stimulated by a desire to build on the part of business men. Many applications for loans were made and promptly accepted. But the money poured into the coffers of the loan association faster than it was borrowed until now there is a comfortable surplus. It is ready for the young man or woman, to put into a home. It can be borrowed and paid back just like rent, and the rates and terms are so low and easy that the small salaried man can accumulate a home without feeling it.

"We know this is advertising—the strongest kind. But we know that it is for a concern that pays no profits except to the community. The more business the Palatka Building & Loan association does the more business will the merchant, the lawyer, the doctor and the newspaper do. We are all vitally interested. Let's encourage the young married couples to join the association and get a home to enjoy in their old days."

MY AUTO 'TIS OF THREE, TAXED UNTO ETERNITY.

It looks like the legislature was afraid to put the taxes on other property for fear of a storm of righteous indignation from the sons of the oil and the soil and toll and decided that the auto owners could stand more than anyone else since

few of them had any sense anyhow. They gathered this from the thought that people with sense, like they have in some of the Florida counties would not own automobiles and therefore it is all right to tax the automobile owner out of his property. Tomorrow, tomorrow, as the song goes the three cent tax will go on the auto and the only way to beat the game will be to stack the old buss in the garage and let her eat oats until the clouds roll by or the tax collector comes to take her off to the auction block. The Daytona Journal says: "After July first it would be best to frame your auto and hang the frame in the parlor—or perhaps it would be more correct to say it would be cheaper. On that date you begin paying three cents a gallon more for gasoline. This three cents, or nearly all of it, goes to West Florida to build roads.

"West Florida needs roads—not a doubt of it—and as we have automobiles and might possibly some day drive out that way it is wise to send the money ahead to build some roads for us to drive over. This is the view the legislature took of the matter. Of course if in your busy and eventful life you don't happen to have the time or the desire to drive your auto to West Florida you are out of luck—and cash.

"Then on top of this three cent tax you must send the State Comptroller a dollar. For this dollar he will send you word that you own your own automobile. Of course you already know you own it, after having mortgaged your home and lived on bread and water to pay for it. But the State Comptroller doesn't know you own it, i. e. he doesn't know it officially. But for a dollar a throw he is willing to learn. And to convince you that he knows you own your automobile he will send you a neatly printed certificate showing you that he is convinced that you own your automobile.

"The legislature was busy with the Tabert case and politics and didn't have time to think of any more penalties to tack on the automobile owner, but this august body meets again in two years and by that time some one will have thought of something else.

"Some day automobile owners are going to get mad at the indignities and injustices heaped upon them. They are going to rise in their wrath and lynch a few fool legislators. And it will be a good day's work."

GENEVA-OSCEOLA BAND CONCERT

In their opening concert Thursday night the Geneva-Osceola band was a decided success.

The stage of the Geneva Hall was most beautifully and tastily decorated all in white and flowers and dainty greenery and all the members and directors of the band were dressed in white, which was a lovely scene.

The program was opened with several selections by the band: March—Our Leader by Bancroft and Waltz—Belouers by C. L. King; vocal solos by Mrs. A. M. Phillips, "The Barefoot Trail" by A. S. Wiggins; Waltz song "Sunlight" by H. Ware. In these Mrs. Phillips' remarkable high, clear tones were heard to advantage and was greeted with great applause. Accompanied by Mrs. Tolar Master Johnny and Pete Schirard gave two cornet and Saxophone duets that were decided hits.

Two humorous readings were rendered by Miss McFarlan from Ovid in which she has a wonderful talent.

The program throughout was replete with many selections by the band and showed wonderful efficiency since its organization of only four months work. E. A. Ball, the director, is to be congratulated in his splendid effort and success in this new organization of which Geneva can be justly proud. The closing number by the band was The Star Spangled Banner, which was played during the unfurling of the flag.

Twenty members compose this organization which are as follows: W. L. Sieg, Mrs. E. A. Ball, Oliver Etheridge, Solo cornets; Jack Flynt, 1st cornet; Randall George, 2nd cornet; E. Dalbon, 1st trombone; Worth Elkins, 2nd trombone; Joe Stephens, 2nd trombone; Miss Margaret Lindsey and Miss Katie Summersall, 1st clarinets; W. L. Sieg and Miss Edwin Sutton, 2nd clarinets; W. G. Kilbee, C. Melody saxophone; Mead Baker, alto saxophone; Mrs. H. H. Pattison, first alto horn; Mrs. Worth Elkins, 2nd alto horn; Frank Elkins, bass; Miss Julia Geiger, baritone; Mrs. W. G. Kilbee, drummer; Lee McLain, snare drummer; Edgar A. Ball, director.

AVAILABLE SUPPLY SOFT WATER CAN BE OBTAINED FOR CITY, IS REPORT

(Continued from page 1) are now being made by Mr. Craig and municipal ownership of all public utilities in Sanford will become a reality within a short time. A motion was unanimously carried

at the meeting urging the commissioners to immediately draft necessary ordinances reducing rates on light, water and gas commensurate with charges made for the same service in other communities the size of Sanford.

Music Carnival Day fostered last year by the Chamber of Commerce, has been planned this year for Thursday July 19th. Bands from other communities will take part in the program. Lake Mary, with its pavilion and many other advantages for a affair of this kind, has again been selected for this occasion. Committees have been appointed to handle the various entertainment features, and it is expected that last years record attendance will be broken. The proceeds of the day will go to the Sanford band.

Invitations have been sent to both the Kiwanis and Rotary Clubs to hold one meeting a month with the Chamber of Commerce, the idea being to correlate the efforts of all organizations in the upbuilding of Sanford.

NORTH CAROLINA ABOLISHES WHIP PARDONS MANY

NINE HUNDRED AND FIFTY NINE GIVEN INDETERMINATE SENTENCES.

(By The Associated Press) RALEIGH, N. C., June 30.—In compliance with the new state prison regulations which provide abolition of the whip and setting up of system of rewards for good behavior Governor Morrison today commuted to indeterminate sentences terms of nine hundred and fifty-nine prisoners at the state penitentiary. Under the new plan prisoners who served less than half of their sentences get one-fourth of remaining time off. Those who served over-half get third of the remainder off.

WALKER INAUGURATED GOVERNOR OF GEORGIA IN ATLANTA TODAY

(By The Associated Press) ATLANTA, Ga., June 30.—Clifford M. Walker, Monroe, Ga., was inaugurated governor of Georgia today at a joint session of the general assembly. The Daily Herald, 15c per week.

Why worry with your Sunday dinner during the hot days? We take pleasure in serving you with a most appetizing dinner, anything your appetite calls for in a cool, clean and up-to-the-minute Cafeteria.

Lu-Beth Cafeteria

Crook in "Skin Deep" Wins Respect of Soldiers

Ex-Convict Cheered by Veterans for Bravery

Facing "Bud" Doyle, as he sat in the place of honor on a long platform were hundreds of disabled soldiers, veterans of the World War. In the crowd were "buddies," who had fought by Bud's side in the trenches, and gone over the top at the zero hour.

A hand seemed to catch at his throat and the ex-convict who had "atoned" at the risk of his life for past misdeeds choked suddenly as the faces before him blurred.

Some one was speaking—the doctor who had picked up a mangled mass of a man in convict's uniform and rebuilt the repulsive features of a crook into a handsome countenance.

There was a ringing cheer as the doctor acclaimed the convict with the "new face" the hero of the hour for invaluable services to the cause of the disabled veterans.

You will want to cheer him, too, when you see Thomas H. Ince's "Skin Deep" at the Princess Theatre tonight.

ST. PETE MAY HAVE DEEP WATER HARBOR

ST. PETERSBURG, Fla., June 30.

Lieut. Col. Gilbert A. Youngberger, district engineer for the war department, with offices at Jacksonville, is to be in St. Petersburg July 10 to hold hearings for the establishment of deep water harbor facilities for the port of St. Petersburg. At that time, he will be presented with a report on the probable savings which can be effected by the substitution of water for rail transportation of goods received here, which has been prepared by H. H. Richardson, of Jacksonville. Local deep water boosters are advocating the expenditure of from \$500,000 to \$5,000,000 on the project.

NOVA SCOTIA RIOT IS BEYOND CONTROL

SYDNEY, N. S., June 30.—Rioting among striking steel workers at the plant of the British Empire Steel Corporation reached proportions last night that police were unable to control. The arrival of troops from Halifax were expected hourly.

MOTOR VACATIONISTS

The campaign to interest motor vacationists in the movement instituted by the Motorists League for Country-side Preservation to keep camp sites and highways free from papers or

other litter, is meeting with enthusiastic co-operation, it was announced at the League's headquarters today.

Hundreds of letters and pledge cards, containing promises to "clean up" after stops along the roadsides, are being received daily. The response is not confined to men in public life but covers also the so-called private citizen who "tunes up" his flivver for week-end outings during the hot summer months.

William G. Shepherd made a pertinent query when he mailed in his pledge recently. "Where'll I throw it?" Mr. Shepherd wants to know.

At the suggestion of officials of the League, the editors of MoToR, the National magazine of Motoring, have undertaken to solve this problem in the current issue of the magazine. Of course, many municipally operated camp sites are equipped with receptacles for the garbage and litter of campers, but many tourists prefer to make their stops at spots removed from such sites. MoToR suggests, in this connection, that garages be equipped with barrels and that motorists convey their after-the-picnic litter to garages. Invariably, cars visit garages as they tour about and refuse can be gathered up and taken there without difficulty, and the garage owner is certain to get a return in the way of sales of fuel, etc.

It is suggested also that some of the litter may be buried or burned but care should be exercised not to disfigure the landscape when the former is done and to guard against fire spreading in the latter case.

Motorists interested in the movement are urged to write the League for information as to how they can help.

IS YOUR CAR EQUIPPED WITH A

If so, then Hof-Mac Battery Co. is your service station. If we are not, then we should be. Lest you forget we distill our own water and are the only station in the city who have their own distillery. We will tell you why.

JEWETT SIX PAIGE BUILT

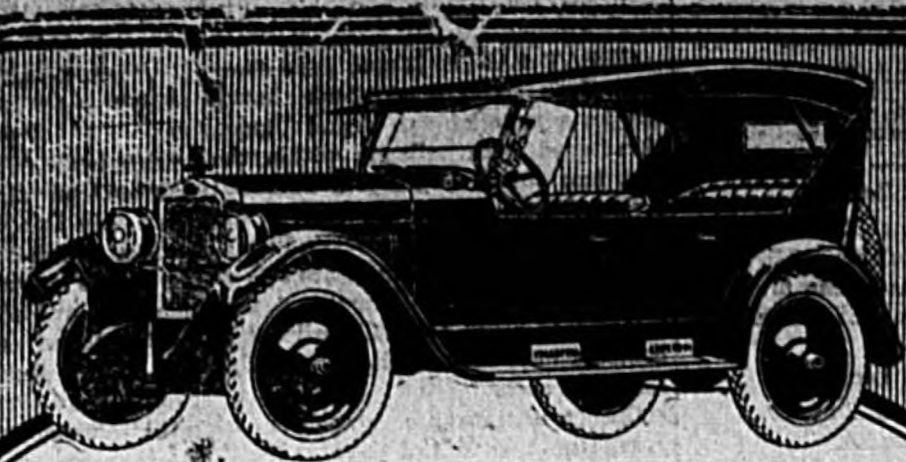

All-Steel Universal Joints—Oiled Once a Year!

OILED—not greased. And usually good for 15,000 miles or more of travel before they need re-oiling. An entirely new type of universal joint, all steel, with its lubricant sealed in; and dust, dirt and grit sealed out! Oil does not escape, and it penetrates bearings as grease never does or can.

"Back-lash"—that old affliction of neglected and poorly oiled universals—never develops in a Jewett. Even the wear of thousands of miles is imperceptible. Here at last is a part you can forget without neglecting! We'll gladly show it to you in the absolutely best Six around a thousand dollars now being built! Our time is yours.

SEMINOLE OVERLAND CO.

SANFORD, FLORIDA

June Days Are Motor Days

Now is the time to get your Oakland Six—now when the finest motoring season is just beginning—now when you can get early delivery—a statement true only for those who act promptly. Now—(and here is a word to the wise) when you can get the utmost in "known mileage", genuine quality and complete satisfaction at a price never before so low.

Sport Roadster \$1145 Sport Touring \$1165

Individual smart to a degree, and extraordinarily complete in equipment. Rich maroon finish with nickel-plated trimmings throughout. And—best of all—built chassis quality conclusively proved by Oakland's 19,000 mile engine performance guarantee and "Mileage-Bank Plan".

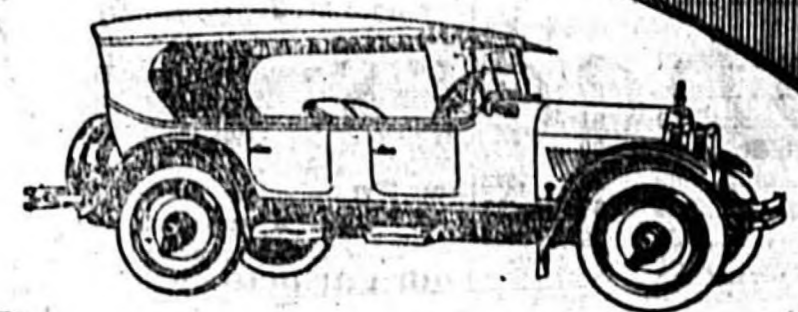

Roadster, \$975; Touring Car, \$995; Coupe for Two, \$1185; Coupe for Two, \$1445; Sedan, \$1545. All Prices f.o.b. Pontiac, Mich.

KENT VULC. WORKS

Oakland '6'

Try to match this equipment

- Walnut steering wheel and spokes.
- Transmission lock.

The Super Sport gives you Super Equipment and 8 cylinder Performance for \$1675

"The most completely equipped car in the country" is the tribute often paid the 4-passenger Super Sport. Have you seen this car? It will pay you to look it over, because it is designed and built to be a true sport car—it's not just a touring car with accessories added as an after-thought.

The chassis is built oversize for strength. The frame is 7" deep, instead of 5½", which is the average. The king bolts are 1", while the average is ¾". The shackle bolts are ¾"—the average is ½". The springs are 54" long—that's 4" longer than the average.

Read the long list of equipment. Then remember that the Super Sport has a 60 H.P. eight engine. Finally, consider that the price is only \$1675. When will you take a demonstration?

Other Eight Cylinder Models—Touring Car, \$1775; Sport Roadster, \$1625; Brougham, \$1775; Coupe, \$1875; Sedan, \$2025. Prices f. o. b. Lansing.

JACK WILL FIGHT GIBBONS IS THE LATEST DECISION

(By The Associated Press)
GREAT FALLS, Mont., June 30.—The Jack Dempsey-Gibbons heavy weight championship fight, twice threatened with collapse within the last two weeks because of financial troubles, has cleared the last hurdle and will be decided in Shelby July 4, as scheduled.

George H. Stanton, president of the Stanton Trust and Savings Bank, who personally advanced \$50,000 to make Dempsey's second \$100,000 installment, made the positive announcement that the final installment had been raised and that it would be available in total by tonight.

"It is our opinion, judging from Kearns' attitude, that Kearns is not overly anxious to have Dempsey fight Gibbons and would get out of the fight if he could," Mr. Stanton said.

QUICK TRANSFER COMPLETED BY FT. WAYNE CO. ON GOOD SERVICE

The following letter to A. J. Lossing of the Quick Transfer Company, was made his hat too small for him to wear:

Dear Sir:
You will find our check attached, in full for services rendered for crating and shipping one visible attachment by bill of lading which we received on the 23rd, covering return of this material.

We think you for the promptness shown and attending to this matter and also want to acknowledge to you through our agent SHIRD LSHRDL, that we agree with your letter head reading "We deliver the goods."

Very truly yours,
S. F. BOWSER & CO.

DON'T FORGET THE BULKHEAD BOULEVARD.

Don't forget about that bulkhead boulevard that wonderful boulevard from Sanford to Lake Monroe and from Sanford to the Osteen bridge. In time there will be a beautiful boulevard all around the shores of Lake Monroe and the banks will be dotted with the homes of the wealthy tourists and this whole land will blossom like the rose.

DELAND LEGION TEAM DEFEATED LOCALS THURS.

That baseball is not a dead sport in Sanford was proven Thursday when some five hundred people were on hand at Ninth Street Park to witness the game between Whiddon's Independents and the DeLand American Legion team.

Thursday's game was most interesting and until the last man was out in the ninth, it was anyone's game, as both teams were hitting well, and fielding about on a par.

Sanford went out easily in the first, every ball being an infield out, even though Crocker did reach first on Lopez' first error.

Harper and Culp were easy outs in DeLand's first half, but Elzy snuck one over short for the first hit of the game.

Dieter, first up for Sanford, reached first on a double play at first, which Douglass dropped a throw.

DeLand came back at Sanford in the third and with one out Smith reaches first when Henderson erred.

Sanford was easy in their half of the third, Ammon, McLucas and Crocker, all out on infield balls.

DeLand does the unexpected and comes back at Sanford with three runs this time.

Sanford came through this time, breaking the tie. Harris struck out easily, but Thompson singles to right.

Darned if Sanford don't come across this time with another run, and tie things up again.

ENDED THE INNING BY FOULING OUT TO RIVE.

Sanford came near a rally in this inning, and in an effort to do so, two new men were placed in the game.

DeLand scores again in the sixth after one was out, and they went ahead one more run.

Sanford came right back at DeLand and tied things up again.

Manager Whiddon wishes to say that if the Sanford fans want baseball and good base ball this summer, he can go the limit and secure some real ball players to assist those he now has and all he asks is that he be given a little more financial support.

DeLand began with a bang in the seventh, Smith singling to first, Harper striking out, Culp fouls to Dieter, and Emil ends this inning by striking out Elzy.

History repeats itself sometimes, and just as Sanford, in the days gone by, could always win games in the lucky seventh, so this new bunch of boys, really had this game won, by using Sanford's old lucky seventh to good advantage.

DeLand does the unexpected and comes back at Sanford with three runs this time.

Sanford came through this time, breaking the tie.

Sanford came through this time, breaking the tie.

Sanford came through this time, breaking the tie.

McCALL NOW PITCHING FOR SANFORD, AND AMMON GOES TO LEFT.

McCall now pitching for Sanford, and Ammon goes to left. This was the last inning, and the fans were hoping something wouldn't happen as far as DeLand was concerned.

Sanford came near a rally in this inning, and in an effort to do so, two new men were placed in the game.

DeLand scores again in the sixth after one was out, and they went ahead one more run.

Sanford came right back at DeLand and tied things up again.

Old Port Orange Murder Mystery at Last Cleared

DAYTONA, June 30.—The mystery surrounding the killing of Courtland Smith, farmer, at Port Orange, nearly two years ago, was cleared Thursday, police say, by the alleged confession of Mrs. Fred Tedder, formerly Mrs. Courtland Smith, that her present husband, Tedder, killed Smith. Tedder is being held at DuLand on another charge. Mrs. Tedder's confession was made Thursday morning, according to the police. She is alleged to have told the county officers that on the morning of the day on which Smith was killed, Tedder came

to Smith's home and asked his whereabouts. Upon being told that he was in the field some distance away, Mrs. Tedder is said to have confessed, Tedder took a gun from the Smith home, followed Smith to the field and returned later, saying, "I've killed him," according to Mrs. Tedder's alleged confession. Four of the Smith children were recently taken from the Tedder home and placed in the Moose home at Mooseheart. Tedder had been charged with the murder before, evidence brought against him at each time being insufficient to secure his indictment.

NEWPORT, R. I., June 30.—The destroyer Williamson, after an explosion in her engine room at sea this morning, has returned here with four dead, and four injured. There's health and longevity in the bread we bake. It's a safe food for the little ones and that makes it the proper meal-time stand-by for the rest of the family. If your food store doesn't handle it let us know about it.

Good Morning A good morning, one that is good in every sense of the word, follows a summer night spent in cool, refreshing sleep.

Before long you will need a pleasant sleeping porch which will let you get out of the stuffy interior rooms. Such a porch pays dividends in better health and the "pep" that comes from sound sleep.

Add a room to your home by building a screened, mosquito-proof sleeping porch this spring. We can help with the plans and furnish the lumber, screens and other things you will need.

HILL LUMBER CO. Phone 130—Sanford, Florida
