

Laos Conference Session Canceled As Truce Violated

GENEVA (UPI) — The Laos peace conference canceled its scheduled session today following major Communist-backed cease-fire violations in the Southeast Asia kingdom.

Speakers for Britain and the Soviet Union, co-chairmen of the 14-nation conference, announced the session was canceled officially because "no speakers were available" for the meeting.

However, Western delegation sources said a full-scale revival of Communist-supported rebel attacks triggered the action.

A Vietnamese report said Pathet Lao infantrymen, backed by a heavy artillery barrage, drove royal Laotian troops and Meo tribesmen from their stronghold inside the Padong perimeter today.

The first direct radio contact in more than 15 hours from a six-man American advisory team attached to the Padong garrison in the heart of rebel territory said the encircled defenders withdrew their headquarters to "an alternate position."

School Expansion Survey Looks Into A Basic Point

SAN MATEO, Calif. (UPI) — San Mateo County, concerned about the population explosion in its schools, has begun a fertility study among its women.

Frank Williams of the county planning commission said the purpose is to pinpoint "hot spots" so that expansion problems can be met in advance.

The study is based on the number of children under five years per 1,000 women 15 to 49 years of age.

The "hottest spot" found so far, he said, is in a Daly City subdivision of moderately priced homes just south of San Francisco. It had 707 small children per 1,000 women as compared with the county average of 465 and 520 for San Francisco.

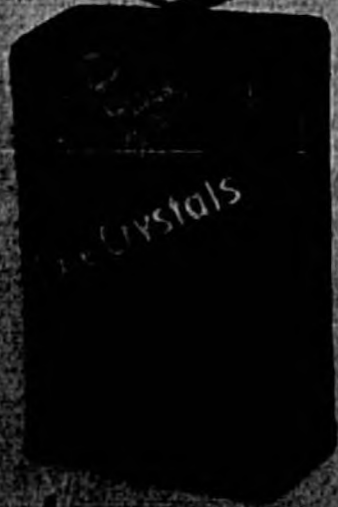

Though small, the moon appears to be the same size as the sun because the latter, with a diameter of 800 times that of the moon, is 400 times as far away.

Bolivia Sets State Of Siege
LA PAZ, Bolivia (UPI)—Bolivia was reported quiet early today under modified martial law imposed by President Victor Paz Estenssoro's government to crush a plot aimed at "armed Communist intervention."

Reports that workers in the nationalized tin mines planned "hunger marches" at Catavi, Llallagua and Siglo Veinte created the prospect of possible trouble later in the day. The Paz regime proclaimed a state of siege Wednesday and suspended civil rights. The governing MNR party called for a state of emergency and education authorities closed down the schools. Informed sources said at least 25 alleged plotters had been arrested, including union leaders Rene Pimental and Federico Escobar. The Communist party, in a statement protesting the arrests of Pimental and Escobar, said Red leaders Jorge Baral and Luis Jimenez had been arrested in Huancuni. It was not immediately certain whether the reported Red plot would affect U. S. goodwill ambassador Adlai Stevenson's plan to visit Bolivia June 15-16. Stevenson, who is on a three-week tour of South America's 10 countries, is in Argentina today.

Bear Lake School Plans OK'd; 22 New Teachers Set

The County School Board today approved final plans for the new Bear Lake Elementary School and at the same time boosted teaching personnel in the county by hiring 22 new teachers for the 1961-62 school term. Board members and architect John Burton went over the Bear Lake School plans and the board authorized Burton to advertise for bids on the 20 classroom school within the next two weeks. Cost of constructing the new facility will come from the sale of State Department of Education bonds scheduled next Tuesday in Tallahassee. The board also started relieving the critical teaching situation with the hiring of 22 additional teachers bringing the number of teachers in the county to 521. New teachers and their schools are: Mary Linda Parrot, Southside; James Hugh Hardin Jr., Seminole High School; Mrs. Josephine Betta Bradley, South Seminole; James Thomas Clark, South Seminole; Mrs. James M. Miller, South Seminole. Mrs. Nelda Kay Buckner, Grammar School; Mrs. Virginia S. Toth, Westside; Mrs. Anne N. Colling, Altamonte Elementary; Mrs. Polly Ann Morse, Altamonte Elementary. Marlene Y. Sherrod, Altamonte Elementary; Mrs. Mary F. Gregory, Altamonte Elementary; Edward Lorenzo Buckner, Sanford Junior High; Sarah E. Wright, Sanford Junior High; Clarence

Barnes, Pinecrest; Elizabeth Jackson, Pinecrest; Fletcher Walters Cockrell, Lyman; Mrs. Louise Stackpole, Lyman; Mrs. Eked Keyser, Lyman and Mrs. George Lillian Houston, Pinecrest. The board also accepted the resignation of Sylvia Beasley, Sanford Junior High and Sara Parker and Mrs. Alice Hook, both of Pinecrest.

Drought Ravages Citrus

The long dry spell in Seminole County has created a "critical" situation as far as the county's \$4 million citrus industry is concerned, County Agent Cecil Tucker said today. Tucker estimated that from 10 to 25 percent of the citrus in the county has been damaged—with the heaviest hit in the Ovelto, Chulota and Goldenrod areas. Tucker, who said he made a tour of the "critical" areas Wednesday, said that "if we don't get some rain soon 'we'll be in real bad shape.'" The weather bureau predicted today that some rain is forecast for tonight in the county. In discussing the citrus problem, Tucker explained that "we stand to lose not only the possibility of crop but also trees because of the lack of rain."

Tornadoes alternated with sweltering temperatures in the Southwest. At Kingdom City, Mo., a farm couple and their seven children escaped death in a twister-flattened milking barn. The Weather Bureau said sunnier weather east of the Rockies today would be confined generally to the northern Great Plains and western upper Great Lakes. Widespread showers and thun-

derstorms covered most of the nation's eastern two-thirds. Fair weather prevailed west of the Rockies except in rain patches along the northern Pacific and interior valleys. New rains in Kansas and Nebraska swelled the Saline toward an expected flood stage at 23 feet at Tecott, Kan. The Big Blue River caused minor flooding at Crete, Neb., and overflows were forecast on the Little Blue at DeWeese and Fairbury, Neb. The Republican River was due to hit flood stage Friday at Hardy, Neb. Funnel clouds were sighted Wednesday night near Daltart, Hartley and Plains, Tex., and winds up to 50 miles per hour caused minor damage at Amarillo where a truck driver was killed in a twister that blew his truck. He was not hurt.

Orlando Man Killed In Auto Mishap On 49

An Orlando man was killed on S.W. 419 Wednesday afternoon when his car went out of control and crashed into a gully near North Orlando, the Highway Patrol reported. Trooper J. L. Sikes said that Ernest A. Brixius, 66, died at Seminoles Memorial Hospital shortly after the mishap. Brixius suffered a crushed chest and severe head injuries. A passenger in the car, Josephine Sibold, 36, also of Orlando was seriously hurt and was listed in "fair" condition at the hospital today. Sikes said the car was apparently going at a high rate of speed and went out of control. The car, which was a compact, was completely demolished.

Water Saving Response 'Helpful'

Mayor Joe Baker said today that response to a plea Wednesday had helped to lessen the pressure on the city's overtaxed water supply and asked that residents continue to use only water necessary for household uses. "Folks seemed to ease off on lawn watering late yesterday and that allowed us to maintain good pressure and add a little to the reserve supply," Baker said. "The city appreciates the cooperation of the public and we hope the people will continue to use the minimum amount of water necessary for a little longer," Baker said. The water supply has been badly taxed during the 4 p. m. to 8 p. m. period of the day when lawns and shrub watering has been added to the normal heavy household use at that time of day.

Seminole To Get More Race Money

TALLAHASSEE (UPI)—Florida counties will receive more race track money this fiscal year than last. Comptroller Ray E. Green Wednesday said he was sending each county \$12,000, which brings to \$183,000 the total amount of race track money received to date this year. Some \$183,000 was doled out for the same period last year. Green said one more small distribution would be made before June 30.

BUENOS AIRES (UPI)—Foreign Minister Adolfo Mugica indicated publicly to Ambassador Adlai Stevenson Wednesday night that Argentina might not support U. S. action against Cuba's Premier Fidel Castro.

2 Women Dog Track Buffs Found Slain

JACKSONVILLE, Fla. (UPI)—Mrs. Althea Ottavio, 43, was known in her home town of Valdosta, Ga., as a wealthy widow who liked to make "hunch" bets at dog tracks. Although she worked as manager of a laundry and cleaning establishment, Mrs. Ottavio was said to have had considerable property in Valdosta, a tobacco-market city about 120 miles northwest of here. She owned the modest frame home in which William Hewitt, his 26-year-old wife, Patricia, and their four children lived. Mrs. Hewitt had become friendly with her landlady. Neighbors said Mrs. Ottavio, whose husband was killed on a bombing raid over Germany during World War II, had a passion for greyhound racing. "Althea loved to attend the dog races and she would drive many hours just for a night at the track," one acquaintance said. "She was no two-dollar bettor, either. I've seen her plunk down as much as \$50 or \$60 on a single race if she felt she had a good hunch about the dog."

There were rumors Mrs. Ottavio had "cleaned up" at a Florida track recently by playing a 70-1 shot that won. Hewitt said Mrs. Ottavio told his wife of dreaming the 2-5 combination had won the daily double at the Orange Park Kennel Club near here on May 29. He said she asked his wife to come with her while she bet on the "dream hunch," Mrs. Hewitt agreed. The 2-5 combination won the daily double that night and paid \$17 for a \$2 ticket. It is not known whether the two women bet Mrs. Ottavio's hunch or if they collected. Shortly after midnight on May 30, Mrs. Hewitt telephoned her brother-in-law, Robert Hewitt, from a service station and asked for directions to his home here. He told her to remain at the station and he would come and pick them up.

When he arrived the women had left. A service station attendant said they were headed south. The next day, a county patrolman found Mrs. Ottavio's car mired in sand on a rural road southwest of the city. Grass had been packed under the fenders, apparently in an attempt to free it. There was no trace of the women. City and county police in Florida and Georgia began a search that was capped Wednesday when detectives, working by helicopter, spotted the women's partially decomposed bodies in the general vicinity where the car had been discovered. Chief Duval County Criminal Investigator J. C. Patrick said Wednesday night it appeared after a preliminary autopsy that Mrs. Ottavio and Mrs. Hewitt had been strangled with their own garments. The bodies were lying alongside a crude path cut by logging trucks through a palmetto thicket. One was face up, the other face down. Bits of clothing were scattered around the bodies, which were clad in torn dresses. Officers said there were signs of a struggle near the spot where the bodies were found. Purse and jewelry were missing.

W. First St. Bids To Be Awarded June 27

The State Road Department will open bids on W. First St. June 27, it was announced in Tallahassee late Wednesday. The project will include 2.788 miles of converting two lane roadway on SR 48 between Interstate 4 and French Ave. County Engineer Carlton Bliss said today that all the rights of way on the road have been cleared and work should start within 30 days after the bids are awarded. Bliss said that the widening project will "contribute greatly to the expansion of Sanford."

Volusia Board Loses Mix Battle

JACKSONVILLE (UPI)—The Volusia County School Board lost a federal court battle Wednesday to quash a lawsuit calling for complete desegregation of pupils, teachers and school personnel in the county school system. U.S. District Judge Bryan Simpson denied the motion. He also denied a motion to strike out portions of an amended complaint submitted by the NAACP on behalf of 34 children and parents in the Daytona Beach area, including four white children. Lawyers for the school board argued the suit was improperly filed as a class action since both Negroes and whites were listed as plaintiffs. Simpson gave the school board 25 days to submit an answer to the amended bill of complaint, but set no date for final hearing.

West To Boycott Laos Peace Meet

GENEVA (UPI)—The United States, Britain and France told Russia today they will boycott all sessions of the Laos peace conference "for the time being." A British statement said the Western Big Three took the action to give them time to consult their home governments about Communist cease-fire violations in Laos. The British delegate Malcolm MacDonald, co-chairman of the conference, personally informed Soviet first co-chairman Georgi Puzhkin of the Western decision at an hour-long meeting. The British statement said MacDonald told Puzhkin that "some delegations had informed him that in view of the news of the fighting at Padong in Laos, overrun Wednesday by the Reds, they cannot attend a further session of the conference until they have completed consultations with their governments on the situation that was created by this apparent violation of the cease-fire."

An authoritative conference said that by "some delegations" MacDonald meant the representatives of the United States, Britain and France. The Allies "hope" the International Control Commission in Laos will soon report to the conference on the cease-fire breach at Padong. "In view of this, MacDonald expressed the view to Puzhkin that the next session should be postponed for the time being," the statement said. The statement said the date of the next conference session would be announced "in due course." A British spokesman gave no indication how soon that might be.

Realistic Laos Cease Fire Asked By Kennedy

WASHINGTON (UPI)—President Kennedy called today for a realistic cease-fire in Laos and said if this could not be achieved with the Communists it would be "impossible" to reach agreement on any other important international questions. In the light of his recent meeting with Soviet Premier Nikita S. Khrushchev who joined Kennedy in supporting a cease-fire and a neutral Laos, the President was plainly disappointed by the continuing fighting. Kennedy spoke before the 1961 conference of United Press international editors and publishers at the Statler-Hilton Hotel. He appeared before the editors shortly after the White House announced that he had suffered a recent back strain and would be being crutches occasionally. Kennedy appeared before the editors without crutches. Speaking informally before a short question and answer ses-

Bryant Hunts Items For Velo

TALLAHASSEE (UPI)—Gov. Farris Bryant disclosed today that he is "trying hard" to find items in the \$700 million state budget bill that he can veto in order to free some money for second priority building projects. At the same time, Bryant told his news conference chances are "fair" for a veto of the congressional redistricting bill adopted on the final day of the Legislature. The governor has until noon June 23 to act on all bills passed by the Legislature in its final week. Appropriations and redistricting are the major measures before him. Bryant said he does not know if he will be able to find enough items in the first priority appropriations bill that could be vetoed in order to free any substantial amount of funds for the nearly \$28 million second-priority building program. He declined to say what items he has under consideration for the gubernatorial veto.

Turnpike Action Nears, Bryant Says

TALLAHASSEE (UPI)—Gov. Farris Bryant said today his administration is "very close" to action on extending the Florida Turnpike northward from Fort Pierce. Bryant told his news conference he will be able to announce a definite route and start legal proceedings to validate bonds for financing it "within a month." He said data collected supports extension from Fort Pierce to Orlando. He said he is to say whether a final report would give a go-ahead to extension beyond Orlando to a point near Ocala in Marion County, which is Bryant's desire. The governor said his Turnpike Authority has begun engineering studies of a proposed Tampa to Fort Myers turnpike, but has not yet made any recommendation. The Legislature authorized the study and construction, if feasible, of a turnpike from Tampa to Miami or any section thereof.

WASHINGTON (UPI)—Forty-five Florida citrus fruit packers have agreed to a consent order barring them from making illegal brokerage payments, the Federal Trade Commission said today.

New 'Freedom Rider' Jaunt Opens

NEW ORLEANS (UPI)—Nine "Freedom Riders" set out this morning for Jackson, Miss., on the "City of New Orleans" passenger train, fully expecting to be arrested when they got there. It was the second group to leave here aboard the same train. Another group was arrested when it arrived at the Jackson terminal last week. Today's riders included one Negro girl and four white girls. All are members of the Congress on Racial Equality. One of the white girls, Jane Rowett, 18, now of Washington, D. C., and a recent graduate of Durham, N. C., high school, said she expects arrest "but we want to keep this thing going until anyone can be served." Jan Triggs, 18, a Negro from Howard University in Washington, said, "We want attention focused on Jackson so the Justice Department can step in."

TALLAHASSEE (UPI)—Gov. Farris Bryant strongly hinted today that the Road Board is not contemplating re-appointment immediately of the bidding chairman of Duval Engineering and Contracting Co. of Jacksonville.

Al Case Elected To Head Lake Mary Chamber

The Lake Mary Chamber of Commerce, meeting June 1 for the last regular session until September, elected Al Case president; Gus Rickleton, vice president; Mrs. Claudine Case, secretary and Mrs. Letha Fowler, treasurer.

These officers will serve a term which begins in October and expires in March 1962 at which time the new year set up under revised by-laws will become effective.

Mrs. Eleanor Martin, retiring secretary, was given a rising vote of thanks in appreciation

for her efficient work and deep interest in the group's activities during the past three years.

Also receiving a rising vote of appreciation was Mrs. Fowler who has served as treasurer for a number of years.

Outlines for next season's activities, including a covered dish supper and a concerted drive for new members, were made and a summary of undertakings and projects for the past three years was given by Mrs. Fowler.

Monetary contributions listed in the summary included \$38 to the Little League Ball Team; \$457 to the Boy Scouts; \$38 to the Lake Mary Cemetery; \$28 to repainting signs; \$150 to Seminole County brochure and \$100 to a lawsuit involving a dedicated park on Crystal Lake.

In addition, the summary continued, much time and labor has been contributed by members to cleaning of Lake Mary parks and of Crystal Lake Park before the Sanford-Seminole Jaycees assumed it as one of their projects.

Members were advised that the Jaycees have spent almost \$4,000 and untold hours in labor on the restoration of the swimming park where they have built a bathhouse, restrooms and a large picnic shelter. They also have placed four large picnic tables and benches in the area and have fenced the entire park. Gates are locked each night at closing time and no night parties are allowed. Trash cans have been strategically placed for convenience of persons using the free swimming beach and facilities.

Jaycees have learned from a recent land survey it was reported that the beach frontage is larger than the presently developed space and plans now are underway to open the additional area.

District 3 County Commissioner Jim Avery received a vote of commendation for his interest and assistance in restoring and developing Crystal Lake Park which is the only free public swimming beach in this part of the county.

Indians Run String To Nine

United Press International
 Jimmy Dykes, who hurled the game at Joe McCarthy 25 years ago, is likely to hear any day now that he's a "push button manager."

Jimmy's famed grip referred to in the case with which the 1938 New York Yankees demolished their opposition but it applies just as well today to the Cleveland Indians whose top-to-bottom hitting power makes victories look as easy as sitting back and lighting one of Dykes' favorite cigars.

The Indians ran their longest winning streak since 1936 to nine games and increased their American League lead to a half-game Wednesday night when they routed the Washington Senators, 6-0, behind Jim Grant's six-hit pitching.

In those nine games they've outscored their opposition, 71 runs to 31, and they're sporting a lineup that shows Jimmy Piersall hitting .348, Johnny Romano .337, Chuck Essegian .370, Johnny Temple .325, Vic Power .306 and Woody Held .288.

Held hit his ninth homer, Romano drove in two runs and stretched his hitting streak to 23 games and Willie Kirkland also homered to make Wednesday night another relaxing evening for the manager. The victory ran Grant's 1961 record against the league to 7-0 and increased his lifetime mark against the old and new Senators to 15-2. Grant stands only 15-24 against the rest of the league for his career.

The New York Yankees continued their long-range slugging to hand the Minnesota Twins their 13th straight loss, 5-1, the Los Angeles Angels vacated the cellar with a 6-0 victory over the Baltimore Orioles and the Boston Red Sox beat the Kansas City Athletics, 6-2, in other American League games.

In the National League, the Los Angeles Dodgers took over first place by a half-game when they beat the Pittsburgh Pirates, 7-3, and the Milwaukee Braves downed the Cincinnati Reds, 3-1. The St. Louis Cardinals defeated

the Chicago Cubs, 2-4, and the San Francisco Giants scored a 4-3 11-inning win over the Philadelphia Phillies in other games.

Roger Maris hit his 17th homer and Yogi Berra his ninth to give the Yankees a record total of 31 in 16 games and pave the way for Ralph Terry to give his third straight game. Terry yielded both Minnesota hits in the first inning and then pitched no-hit ball the rest of the way. The previous record of 25 homers in 16 games was held by the 1941 Yankees.

Ted Bowfield pitched a five-hitter as the Angels downed the Orioles and moved into ninth place in the AL. Ken Aspromonte hit a two-run double in the first inning and Steve Bilko a 400-foot homer in the sixth to lead the Angels' seven hit attack.

Rookie Don Schwall scored his fourth straight victory since being recalled by the Red Sox three weeks ago and also scored the tie-breaking run in the fifth inning when the Sox tallied four times. Schwall has allowed only

five runs in 35 innings since being brought up from Seattle.

Sandy Koufax matched his 1960 victory output when he won his eighth game of the season with a seven-hitter for the Dodgers. John Roseboro's two-run homer and Willie Davis' two-run double enabled the Dodgers to take a 4-1 lead in the second inning. Homers by Roberto Clemente and Don Hoak produced all the Pirates' runs.

Don Nottebart pitched a four-hitter for his first complete game in the majors to knock the Reds out of first place. Rookie Ken Hunt's wildness led to Milwaukee's three-run third-inning which was eliminated by Ed Mathews' two-run double.

Stan Musial enjoyed his best night of the season with two homers and two singles in four tries to drive in four runs and pace the Cardinals' 12-hit attack. Musial's perfect night raised his season batting average to .308, his lifetime homer total to 485 and his career hit total to 3,231, only 90 short of Hans Wagner's all-time NL record.

Orlando Cepeda's 11th-inning single drove in the decisive run for the Giants who saw relief ace Stu Miller gain his fifth straight win. The Giants had tied the score with two runs in the eighth inning climaxed by Willie Mays' double. Don Demeter had three hits for the Phillies.

Musial Proving There's Life In Career At 40

ST. LOUIS (UPI)—Sluggo Stan Musial of the St. Louis Cardinals is proving that life in baseball can be beautiful at 40.

Musial enjoyed his best game of the season Wednesday night when he drove in four runs with two homers and two singles to lead the Cardinals to an 8-6 victory over the Chicago Cubs.

The perfect 4-for-4 night raised Musial's season average to .308, the two homers lifted his lifetime total to 485 and his 3,231 career hits leave him only 90 behind the National League record of 3,320 held by Hall of Famer Hans Wagner.

It also marked the first time Musial had hit two home runs in one game since June 26, 1959 when he did it against the Cincinnati Reds.

Bonus Rumors Go As High As \$200,000 For Prep Player

LONG BEACH, Calif. (UPI)—An 18-year-old shortstop, who never hit lower than .440 in high school today was the prize in a polite tug-of-war between major league clubs, but at least one called a \$200,000 price tag "ridiculous."

Bob Bailey, 6-foot-1, 180-pounder from Wilson High School of Long Beach, worked out Wednesday night in a Pittsburgh uniform before the Pirates played the Dodgers at the Coliseum. The Pirates and Milwaukee Braves were reported most interested in Bailey, who can't sign with anyone before he graduates June 15.

Joe L. Brown, general manager of the Pirates, said "of course we are interested in Bailey." But he said there has been no agreement on terms thus far.

As for the \$200,000 bonus bidding battle reported Wednesday by Tom Mesha, a sports writer, Brown denied it emphatically.

"The Pirates have never bid nor will ever bid that much," he said. "One of the biggest offers on record is \$120,000 for pitcher Billy

multiple-A player for several years. Baseball sources said here in addition to the Pirates and Braves, the new Houston National League club and Kansas City are among others interested in Bailey, who hit .500 as a sophomore in high school and batted around .450 the next two seasons.

Dear Abby:

By Abigail Van Buren

DEAR ABBY Please answer this before Sunday. What would happen if, during a wedding ceremony when the preacher asks, "If there is anyone present who knows of any reason why these two should not be joined in holy matrimony, speak now or forever hold your peace," somebody stood up and stated an objection? You see, Abby, this girl is 17 and pregnant. The man is a widower, about 30. He has two children, 3 and 5. He doesn't know who this girl got mixed up with, and says he doesn't care. All he is looking for is a mother for his children. And all the girl is looking for is a man who will save her from disgrace. Shouldn't some decent citizen object to this marriage? NEEDS AN ANSWER

one very bad fault. When he walks, his back looks like a wet noodle, and his nose is poked down toward the ground. When we are waiting for a bus, he leans on anything that is handy. I would like to tell him to improve his posture, but I don't want to hurt his feelings. He is 15. Can you give me some advice? SLUMPY'S GIRL

DEAR GIRL: If you like this boy, tell him in a friendly way that he would be much better looking if he straightened up and stood and walked erectly. If he likes you, he will realize that you are telling him for his own good, and he won't be hurt.

DEAR ABBY: About two years ago an unusual item appeared in your column. I thought it was wonderful and clipped it out. It was your recipe for happiness. Would you please print it again for others who might have missed it? It has helped me so very much. Thank you. Take 2 heaping cups of patience 1 heartful of love 2 handfuls of generosity Dash of laughter 1 headful of understanding Sprinkle generously with kindness Add plenty of faith and mix well. Spread over a period of a lifetime And serve everybody you meet.

DEAR NEEDS: In my book, there is one ingredient that is essential to the success of every marriage—two people who truly need each other. This couple qualifies.

DEAR ABBY: I am a woman who has been a "practical nurse" for thirty years. I have been engaged to stay in homes with as many as six children while their parents have gone on vacations for a month at a time. Yesterday I was called by a wealthy woman who asked me if I would accept a job in her home for three weeks while she and her husband took a trip. She said she had no children, but would pay me my regular fee to stay there and take care of her DOG! Would you have accepted the position? INSULTED

DEAR INSULTED: You're dog-goned right I would have!

DEAR ABBY: I have been going "steadily" with a very nice boy, but he

TV Key Previews

Thursday's top television shows as previewed and selected by TV Key's staff of experts who attend rehearsals, watch screenings, and analyze scripts in New York and Hollywood:

The Real McCoys — "The Sorority Girl." A nice episode. Hattie is rushed by her school's top sorority and grandpa decides to help her along. Grandpa invites the members to the farm while Hattie writhes in embarrassment. Not as funny as usual but it's good to see grandpa the hero for a change and very lovable too, for the second week in succession. 8:30 p. m. ABC.

Ernie Ford — Ernie, the golf addict, has pro Gary Player aboard to discuss the forthcoming National Open and show off his splendid stroke. Player speaks with an attractive clipped accent and has an engaging personality. (Color) 9:30 p. m. NBC.

The Unouchables — "90-proof Dams." Entertaining show. Tonight's entry has a little class because of a showgirl who speaks French and provides Elliot Ness with a tie-in the bootleg brandy business. Steve Cochran also returns just as sinister as ever. 9:30 p. m. ABC.

CBS Reports — "A Real Case of Murder." (Repeat) This is a non-fiction crime show loaded with characters who seem perfectly type-cast for their roles. It's an intriguing probe of a Brooklyn murder case and the 15-year-old boy who was arrested and tried for the crime. The question of "justice" as posed in this documentary is both frightening and provocative. 10 p. m. CBS.

Jack Paar Show — Les Paul and Mary Ford, Jack Douglas and Reiko, and Lons Pierre Olaf of Broadway's musical "Carousel." Join Paar's adlibbling panel this round. (Color) 11:15 p. m. NBC.

McVicars Opens Newest Store In Sanford

The newest of McVicars gift, card and book stores is open for business in downtown Sanford. Manager is personable Doris Fleming, formerly of Chicago, where she was in the insurance and real estate business.

Miss Fleming said she was delighted with the reception people in Sanford have given this new store—they've been streaming in and buying ever since we opened our doors Tuesday morning.

She also said she is glad she has an opportunity to be in Sanford "with the big lake nearby and the friendly people."

"I think Sanford has an opportunity for development and growth right now that it never has had before and is equalled by few other places in the state," Miss Fleming said, basing much of her opinion on her background in the real estate business.

"Sanford has simply got to boom. I know we'll see the day before too long when it will be solidly built up between Orlando on the south and Daytona Beach on the north and east—even between Sanford and New Smyrna Beach," she said.

The McVicars store is the ninth in the Central Florida chain. Four stores are located in Orlando—with a fifth due next month. Another in Winter Park. Others are in DeLand, Daytona Beach and Melbourne.

The McVicars stores are combination gift, book and card stores "with a little of everything for everybody which makes it an ideal shopping place for gifts, cards and remembrances for almost every occasion."

Miss Fleming said she is considering moving from Orlando to suburban Sanford and that she has "two lovely houses in mind just a short way out of town."

The store is located at 210 East First St., where the gas company offices were located.

MISS DORIS FLEMING

We The Women:

By Ruth Millet

It ought to be obvious but maybe some of us need to be reminded HOW NOT to greet friend husband when he returns home in the evening.

With a note on the piano saying you'll be home at such-and-such a time.

With a long-winded complaint about everything that was wrong with your day.

With a note on the sofa reading a book of magazine, and no dinner preparations under way.

With a demand that he do something in the repair line immediately—before he even sits down to relax.

With a tale of junior's latest scrape and a demand that he punish "his" son.

In an old pair of slacks or the same house dress you were wearing when he left in the morning.

With the house in a mess because it was your bridge day and you played later than you counted on and didn't have time

to straighten things up before he came home.

With a definite coolness in your manner because you've brooded all day over your husband's grumpiness at breakfast.

With a look of reproach because your husband is a few minutes later than usual.

Those may seem like little things, but they can make a husband's homecoming a dreary business and get an evening off to a bad start for BOTH of you.

Jacoby On Bridge

By Oswald Jacoby

Look at the West hand and the bidding only! You will note that the bidding winds up with a question mark. What is your answer?

In rubber bridge your choice lies between a pass and a bid of four hearts. If you pass you may set the opponents. If you bid four hearts, you probably

will be doubled, but nothing really bad will happen to you. Your opening bid is sound and your partner is surely going to be short in spades.

In duplicate you have an entirely different problem. Here your choice is between a pass and a double.

If you double and set the opponents one trick you will score 200 points. This will be better than any part score in hearts and will surely be a good score. If you double and the hand makes you will score zero, but you probably wouldn't score much if

Convict Loses Another Round

JACKSONVILLE (UPI) — Norman Mackiewicz was a loser again today in his long battle to escape Florida's electric chair.

U.S. District Court Judge Bryan Simpson said Tuesday he had denied a last-ditch habeas corpus petition for release for Mackiewicz, convicted in Dade County in 1950 of the fatal shooting of Bal Harbour policeman Robert Stash.

Mackiewicz, decorated for gallantry in World War II, has taken his case unsuccessfully to the Florida Supreme Court and twice to the U. S. Supreme Court. He claimed in his petition he was given an unfair trial in Dade County.

Snake Victim Better

JACKSONVILLE (UPI) — A nine-year-old Baker County boy was listed in "fair" condition at a hospital here today after lying critically ill from rattlesnake bites since last Thursday.

Little Danny Hines of Glen St. Mary was bitten twice on the leg while playing with other children outside a church at his home town. His condition had been carried as "critical" until today.

Lavagetto Plans Trading Policy

NEW YORK (UPI) — Cookie Lavagetto is preparing a wholesale trading policy designed to jolt the Minnesota Twins out of a 12-game losing streak and save his own job as their manager.

Lavagetto is scheduled to make his suggestions to club President Calvin Griffith, who announced Tuesday that Cookie is being temporarily relieved of his command position. Griffith said he was "not recalling Cookie to Minneapolis to fire him" but it was obvious that the club could remain indefinitely under the leadership of interim manager Sam Mele if he should succeed in putting them on the winning track.

The Twins lost their 12th straight game Tuesday night with Mele being chased over ball and strike argument during the second inning. Lavagetto watched the game from the press box and said that he had been promised by Griffith that he would return to the helm in a few days.

But sources close to the club pointed out that Mele Tuesday night benched homer-hitting Jim Lemon and seemed to be calling his own shots.

Longwood Council Sets Hearing On Zoning

Elected officials of Longwood met for their first regular "city" council meeting on June 1 with a full hall in attendance. A bill, passed by this year's Legislature, granted Longwood the authority to change its status from that of "town" to "city." The bill was drawn earlier this year after councilmen approved the recommendation of Mayor Al Lormann calling for the change in

designation since the population of the area is increasing so rapidly.

Notice of a public hearing to consider requested zoning changes for properties now listed as residential and commercial to light industrial classification was announced for June 22 at 8 p. m. in the city hall.

Areas involved are the NW 1/4 of the NE 1/4 and the N 1/2 of the NW 1/4 of Sec. 6, Twp. 21 S., Rge. 30 E.

The board agreed to get bids for costs of putting an asphalt coating on Church St. from E. Lake Ave., east to the city limits and for three fire hydrants.

The low bid of Hughes Supply Inc., of Orlando, for 1700 feet of four inch water pipe at \$1.25 per foot was accepted by a unanimous vote.

An informal meeting with W. F. Little, building inspector, to discuss several changes in present building ordinances which he recommended last month was set for June 15 in the city hall.

Mayor A. R. Lormann read a proclamation issued from Gov. Farris Bryant declaring the week of June 4 through June 10 as Burglary Prevention Week and left with Mrs. Onnie R. Rickett, city clerk, a stock of printed vacationers check lists which contain 10 items for discouraging burglars and prowlers while the home is unoccupied.

Chairman E. C. Carlson adjourned the meeting subject to call after routine bills were okayed for payment.

Civic Association Approves By-Laws

By-laws of the North Orlando Civic Assn. were read and approved at a meeting of the new organization Monday during which eight residents became new members.

W. W. Anderson, president, advised that all future meetings will be held on the last Monday of each month beginning June 26. The second meeting will be necessary in order to make final plans for the Fourth of July Field Day which the association will sponsor at the park in back of the North Orlando Village Hall. Chairman appointed Monday night included Mrs. Pat Murphy, social activities and Mrs. Robert Stephenson, welfare and welcoming committee.

The civic group, which publishes its first monthly newsletter last Friday, is sponsoring a contest to name the publication. Friday's issue went out under the title "What's My Name?" Mrs. Ralph Probst, editor, says the person submitting the winning entry will receive a "nice gift." Suggestions may be mailed to her or to Mrs. Kay Dunn or Mrs. Madrona Hickey who are assisting with the newsletter.

LAKE MONROE SCHOOL honored many of its students for the last time Friday night when Principal Morris Ruby presented Certificates of Promotion to the 32 boys and girls of the eighth grade class who will enter Semi-

nole High in September. A capacity audience of parents and friends filled the school auditorium for the annual end-of-term program. (Herald Photo)

Monroe School Promotions Held

By MRS. H. L. JOHNSON
Promotion Exercises for 22 Lake Monroe eighth grade boys and girls were held in the school auditorium Friday.

Students were seated on the beautifully decorated stage amidst a profusion of brightly colored spring flowers.

Principal Morris Ruby opened the program, leading students, parents and guests in the flag salute followed by the invocation.

Virginia Roberts, first prize winner of the "Why I Am Glad I Am An American" essay contest; Linda Stapler, second prize winner and Penny Nichols, third, recited their compositions after receiving awards from Mrs. H. L. Johnson, president of the Lake Monroe Home Demonstration Club which sponsored the competition.

Receiving certificates before a capacity audience from their principal were Richard Hittel, Dwayne

Petty, Ben Johns, Terry Rabun, Neil Stafford, Larry Watson and Penny Nichols.

Linda Stapler, Virginia Roberts, Darlene Roberts, Ruby Hawkins, Wanda Petty, Sue Orseno, Pat Muse, Martha Keel, James Carroll, Charles Jarrett, Barbara Diehl, Sandra Burke, Norma Adams, Linda Swain and Janice Downey.

Karen Volker, Tommy Carroll, Kenneth Zipperer, Douglas Brasswell, Donald Bailey, Wendall Allison, Steve Cain, Eddie Harper, William Spivay and Mike Burke.

The program closed with the class joining voices with those of seventh grade students to sing "Your Land and My Land" and "This Is My Country."

Following the Promotion, Mr. and Mrs. Claude Hittel entertained the honored class, faculty members and seventh grade students at a reception held at their home on Orange Blvd.

Party rooms were decorated for the occasion with spring flowers and refreshments were served from the linen covered dining table.

Serving at the punch bowl of gigantic capacity was Mrs. Herbert Thurston, Mrs. Joe Orseno, Mrs. Robert Dorn and Miss Linda Hittel.

More than 75 guests called during the reception to offer congratulations to the promotion class members.

Lake Monroe Jottings

By MRS. H. L. JOHNSON

Well you can say now that it's all over with including the shouting, as the saying goes... School is out. The kids are happy and the Moms are sad. We were talking the other day about twelve months school. Some of the mothers were for it, others were not and a couple said it didn't make much difference with them. Happy vacation boys and girls. September will come pretty quick.

Wish all of you could have heard the essays that Virginia Roberts, Linda Stapler and Penny Nichols wrote on "Why I Am Glad I Am An American." They were just wonderful. I am sure glad I didn't have to be the judge. I did have the pleasure though of awarding them a cash prize from the Home Demonstration Club who sponsored the contest.

Gordon and Virginia Frederick's son, Ricky, has been in Seminoles Memorial Hospital taking tests and when I talked to Ginnie Friday night I think she has found him much better. Please hurry and get well Rick. I can see him coming out on the stage of the Monroe school during the Minstrel show and bowing to the audience and handing "Mobile" the wooden leg which was one of the jokes used in the play. He was so cute.

Mame Badgers house and the George house are being torn down on First Street and the Allison home and the Swagerty homes have been moved back. Next to go is the Forrester apartment house which will be set back in the orange grove. W. First St. can be classed as the loneliest street in town.

Frank Wheatland gave nephew Bill Liphrott a splash party by their pool the other day. Bill graduated from High School Tuesday evening. Congratulations and good luck Bill.

Home Demonstration club members don't forget tonight. We are having our covered dish supper and recreation night in the

Educational building of the Upala Presbyterian church. Will tell you something about the county dress revue which was held this afternoon in next week's column.

The Promotion Exercises at the Monroe School was so nice and then the reception afterwards at Claude and Mary Hittels was simply wonderful too. I guess there were around 75 there during the evening. That was sure a nice gesture on their part.

Miss Nancy Laks of Newark, N. J., has returned home after visiting her parents, Mr. and Mrs. J. L. Laks. They took her to several points of interest while she was here. The week she was here went by so swiftly she was gone before anyone knew it.

Had a call from my brother in Miami. He, Colleen and children will be up for the weekend. We are going over to New Smyrna Friday to the school to see their daughter

Dolores, graduate from High School. Dolores loves horses and has won quite a few cups and ribbons in rodeos.

Tommy Thompson is taking his Boy Scout troop on a camping trip up the Wekiva River tomorrow evening. I know they will have lots of fun.

I am sorry I didn't get to the fun night entertainment at the Monroe school Monday. Hear that Mr. Ruby sure hit a lot of balls in the ball game between the fathers and sons game. There was a large crowd there. That is fine because the proceeds are to be applied to the community building.

Glad to see the Williams Carroll Jr.'s, and children in their new home on Palm Terrace Lane. Well, Happy Vacation to all the boys and girls. Be careful this summer and be ready to go back to school in the fall.

Parade To Open Lake Mary VBS

A kick-off parade for the Vacation Bible School which opens Monday at the Lake Mary Community Presbyterian Church will begin its gay and enthusiastic way through the area at 9:30 a.m. Saturday.

All young people of Lake Mary and vicinity have been invited to attend the school and to take part in the parade. Mrs. Kay Sessman, superintendent, has advised that those who wish their transportation, bicycles, tricycles and wagons, decorated for Saturday may bring them to the church on Friday anytime during the afternoon from 1:30 p.m.

Bear Lake Women Invited To Join New Garden Club

Mrs. Allen Wentworth, president of the newly organized Bear Lake Garden Club, has asked all women of the area who are interested in joining the group to contact her.

She will be happy to provide information on the club from her home at 1217 Asher Circle or she may be contacted by telephone.

Altamonte Classes Make Field Trips

Many upper grade students at Altamonte Springs Elementary School took part in field trips during the final weeks of this year's term.

Fifth graders, accompanied by their teachers, Mrs. Helen Leihart and Don Hasley, visited the Central Florida Museum and Planetarium and parents of J. E. Noon's sixth grade class entertained the students at an outing at Rock Springs.

Bear Lake Club Plans Bake Sale

Members of the Bear Lake Garden Club have planned a bake sale for Friday at the Public Food Store in the Seminole Shopping Plaza.

Ladies of the area who wish to donate items for the project are invited to contact Mrs. J. Mathews or Mrs. Richard Smith, club chairman.

EDITORIAL COMMENT

A 'City' Now!

When a town gets to be a city, that's a sure sign of growth and progress. The 1961 legislature passed a bill permitting Longwood to be called "City of Longwood" instead of the former "Town of Longwood." This bill was asked by Mayor A. L. Lormann, who said he thought the growth there, and prospects for the future, warranted the change. Congratulations to our newest "city."

Longwood Celebration Gets Town's Support

Longwood Volunteer Firemen are well pleased with the town's enthusiasm for their Fourth of July celebration. Chief Claud Layo says, "with prospects for the day's activities growing bigger and brighter all the time."

A gigantic fireworks display to last at least 90 minutes will conclude the day of old fashioned fun which will begin in the early afternoon at Reiter's Pasture.

Among the games planned for children and adults are greased pig and greased pole contests and food items such as hot dogs, hamburgers, cold drinks and cotton candy will be available all during the festive hours. In addition, many booths for games of chance and skill will be set up.

The Chief, in reporting contributions, said that more than \$300 still is needed towards the fireworks expense. He expressed his appreciation for the donated electric hot water heater, used automobile and pressure cooker which will be awarded during the evening and also said that

smaller gift prizes, including a number of hams, will be awarded, one each hour, throughout the entire celebration.

Florida Power Co. has donated its services for installing and providing lights, Layo reported.

Civic Group Studies By-Laws

By ATLANTA MCGINNIS
The proposed constitution and by-law, was the main topic of consideration at the June meeting of Forest City's Community Assn. Monday.

Minutes of the May meeting concerning annual membership dues were corrected to read \$1 per person. This was done to clarify the assumption that an entire family could be entitled to hold member cards for the set fee.

President Allen Forward asked the attendance to urge friends and neighbors of the areas covered by the association to attend the July meeting in order that further work can get underway on establishing a fire district.

The association was organized to develop and improve protection and recreation facilities for those residents who live within the boundaries of Seminole County Voting Precinct 12.

Instructor Roger Harris says that enrollment will be limited to 24 students and acceptances will be on a "first come, first served" basis.

Classes of the \$2.25 course will be held on Mondays and Tuesdays of each week from 7 p. m. until 10 p. m.

Board Inspects Future Goldenrod School Site

The County School board inspected 15 acres in the Goldenrod area Thursday as a potential elementary school.

One of the main recommendations by the state survey team last year was the need for a new school in that area.

The board authorized Supt. of Schools R. T. Millwee to write the State Board of Education to inspect the site.

In other business, the board gave its approval to final plans for a new junior high school adjacent to the South Seminole school in the Casselberry area.

The new school will have 28 classrooms and the money for the facility will come from the sale of State Board of Education bonds.

Thursday, the board also approved final plans for the Bear Lake Elementary School.

Millwee said today that work on both schools should start by August.

Work has started on a clubhouse for Sanford police officers. The clubhouse will be located on N. Seminole Blvd. A pistol range will be built adjacent to the house. The work on the facility is being done by the officers themselves.

The City Commission chambers has a new look. The walls have been painted and the floor has been refinished. The City Commission is expected to take bids on theatre-type chairs in the near future.

Word from the Sheriff's office is that the new jail will be finished and ready for occupancy by September.

Mrs. Berta Cleary of the Telephone Company will be honored with a retirement party today at the Southern Bell office. Mrs. Cleary has been with the company for 27 years.

Eichmann Said To Have Confessed While In Hiding

JERUSALEM (UPI) — The Israeli prosecution asked the court trying Adolf Eichmann for mass murder today to accept in evidence a tape-recorded "confession" Eichmann was alleged to have made while he was hiding out in Buenos Aires.

Defense attorney Robert Servatius objected sharply that the document was "unimportant" and that Eichmann was under the "influence of drink" when he made the alleged statement.

The court recessed for the weekend without reaching a decision. It announced that it would begin the hearing Monday morning.

Atty. Gen. Gideon Hausner had hoped to complete presentation of his eight-week case against Eichmann this morning. A prolonged legal battle between Hausner and Servatius made this impossible.

The purported "confession" was the raw material on which was based the so-called "Eichmann Memoirs" published by Life magazine last December.

Hausner told the court they were tape-recorded over a period of several months in 1958 and 1957 during meetings in Buenos Aires between Eichmann and a former Dutch SS man named Wilhelm Sassen.

Hausner did not disclose how Sassen obtained the recordings. But he said they totaled 67 tapes, of which numbers 6 to 10 are missing, as well as a number of pages in Eichmann's own handwriting.

Earlier, the prosecution submitted documentary evidence which it claimed proved that: Eichmann himself estimated 25 million Jews were exterminated at the vast slaughterhouse of Auschwitz.

Shot Kills Woman; Lake Mary Man Found Dead In Car

A Sanford woman died of a gunshot wound Thursday and a Lake Mary resident was asphyxiated early today, officers reported.

Mrs. Annabella Joyce Rock, a Welaka Apartment resident, died in Orange Memorial Hospital after inflicting a wound in her head with a pistol, police said. She was found in her room by her daughter, taken to Seminole Memorial Hospital and transferred to the Orlando hospital where she died two hours later.

Coroner Hugh Duncan reported that Joseph A. DeSmet, 41, apparently died of asphyxiation in his car before his wife found him at 3:25 a.m. today.

Born in Kemperville, Va., Mrs. Rock had lived in Sanford since 1954. She was a member of the Lutheran Church.

Survivors are her husband, Leo Rock; one daughter, Mrs. Joyce Ray Boyd, of Sanford; a grandson; her mother and father, Mr. and Mrs. Thomas Kraberville of Lynchaven, Va.; two sisters, Mrs. Virginia Dant of Virginia Beach, Va. and Mrs. Carol Jean Wilson of Lynchaven; three brothers, Leonard, Floyd and Clifton Kraberville, all of Virginia Beach.

Funeral services will be at 1:30 p. m. Sunday at Brison Funeral Home with Rev. Herbert W. Goers officiating.

Burial will be in Oaklawn Memorial Park.

Serious Problem

TALLAHASSEE (UPI)—A Development Commission survey has disclosed "seriously" diminishing public ownership of Florida beaches in the light of needs and said erosion is so bad on some beaches that there is a chance they will become unusable.

Working Together

BUENOS AIRES (UPI)—Ambassador Adal Stevenson said Thursday night Argentina is interested in cooperation to curb "ideological intervention" in the new world, but he declined comment on this country's attitude toward "socialist" Cuba.

Gets Church Support

CHICAGO (UPI)—The general board of the National Council of Churches today reviewed a proposed resolution to support the "freedom ride" movement. The 27-member board deferred the proposal Thursday night for further study. Most of the members saw the resolution for the first time at the night meeting.

House Gives Okay

WASHINGTON (UPI)—The House passed and sent to the Senate a bill to continue for another year present taxes on liquor, beer, cigarettes, new cars, travel, telephones and corporation profits. Passage came late Thursday after administration forces beat back by only seven votes a Republican attempt to repeal the 10 per cent tax on airline, rail and bus tickets.

Kennedy Gets Bill

WASHINGTON (UPI)—The Senate early today handed President Kennedy an important legislative victory after a 18 1/2 hour scrap over his \$6 billion catch-all housing bill. Amid a flurry of amendments, the Senate worked until 1:18 a. m. EDT before voting. A final roll call vote was scheduled Monday, when the Senate meets next. No further amendments will be allowed.

U.S. Issues Firm Laos Note

GENEVA (UPI)—U. S. Ambassador Averell Harriman made an appointment with Soviet Foreign Minister Andrei Gromyko today to urge firmly that the Communists comply with the cease-fire in Laos.

A spokesman said Harriman would give Gromyko a copy of a note sent by the United States to Moscow urging an end to the Laos war.

Western diplomats said Asian Communists may be pressuring Russia to back down from the Vienna cease-fire pledge.

Officials said this appeared to be the only answer to continued

truce violations by the Communist-supported rebels in Laos and the stalling tactics here in Geneva.

Communist China and North Viet Nam have stepped up their barrage of abuse at the United States over Laos, both in lobby talk here and on their official

radios in Peiping and Hanoi. It started right after Premier Nikita S. Khrushchev and President Kennedy agreed in Vienna last week on the "importance of an effective cease-fire" in Laos.

Gromyko, back in Geneva after a two week absence, went into a caucus with the Communist Chinese, North Vietnamese and Polish delegates this morning.

But when newsmen asked him at the airport whether he had brought a Kremlin reply to Western demands that the Communists agree to strengthen the truce commission in Laos, he replied: "My pockets are empty."

At the same time, he said he thought the conference could progress "if the West has this desire."

This indicated the Communists would continue to insist on talking about a long-range political settlement for Laos while the shooting still is going on in the little Asian kingdom.

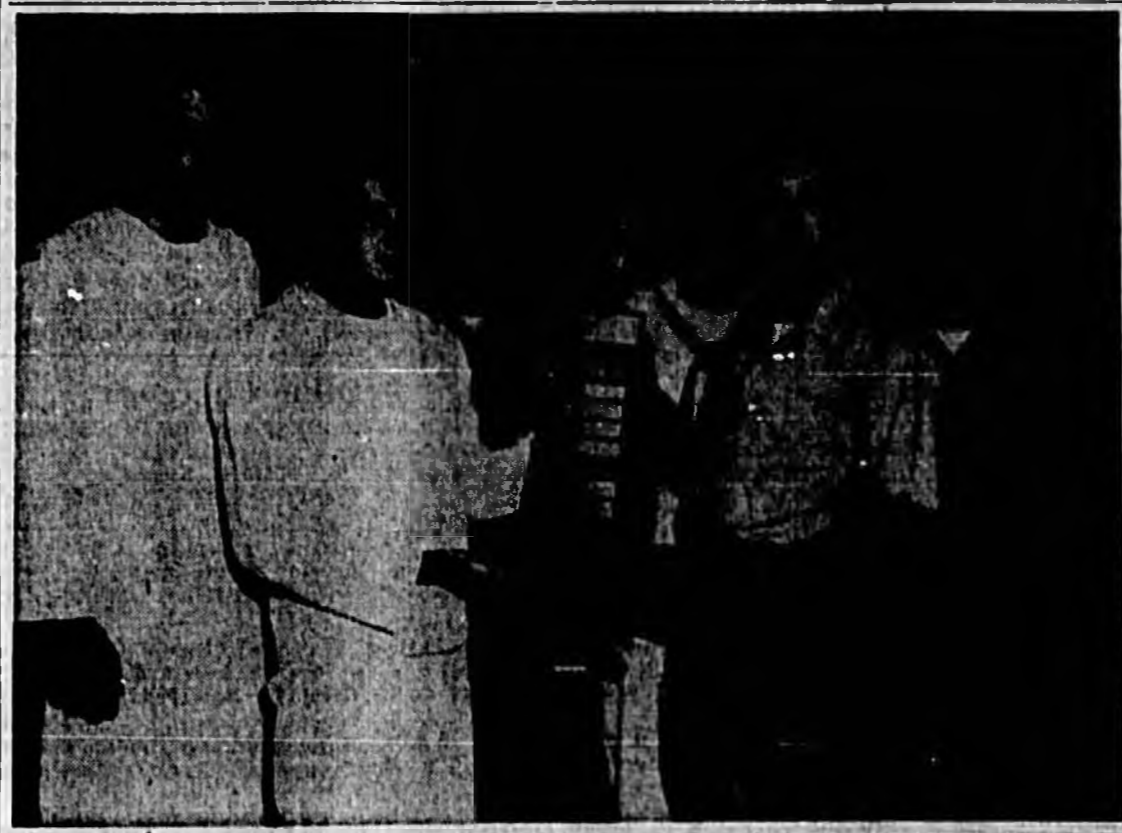

The United States, Britain and France have served notices they will not attend any more formal meetings until the truce becomes effective.

Other team members include, left to right, Kelton Carter, Ledr. Herman Finkel, Bill Hurst and John Reeves. They found fugitives in a gun fight with crewmen of the DCB they had seized at gunpoint after shooting and seriously wounding the pilot. They forced the cockpit to fly the plane to Curacao.

The Venezuelans surrendered to the marines, offering no resistance. It was not immediately certain what would be done with them.

Authorities in Curacao said the five men, all army officers, were being transferred from Puerto Cabello, 125 miles from here, to the Venezuelan capital to be court-martialed for "rebellion against the government."

Informed sources said the leader of the break was Juan D. Moncada Vidal, who had been imprisoned on "Achille" island.

Venezuelan Rebels Hijack Plane

WILLEMSTAD, Curacao (UPI)—Five fugitive Venezuelan army rebels arrived here aboard a hijacked plane Thursday night in a blaze of gunfire that started panicky rumors that this Dutch island had been invaded.

Hundreds of armed police and hastily mobilized Dutch marines rushed to the airport at nightfall when the crackling fire of pistols and submachine guns sounded the alarm.

Clean Up State, Church Leaders Told

LAKELAND (UPI)—Gov. Farris Bryant called on Methodist church leaders Thursday night to take the lead in "cleaning up Florida."

Speaking to spreading throughout the state and "it is always followed by an increase of crime and corruption," Bryant told the Florida Methodist Conference.

He said there has been a "flood of obscene literature" in the state. However, he said the Legislature took action to crack down on this when it passed a bill banning obscene literature at its recent session.

"But church groups should lead the way if we are to arouse public opinion," Bryant said. "Youth organizations and recreation facilities are fine, but they won't stop juvenile delinquency. That's the basic work of the church."

The conference adopted a resolution calling on church members not to patronize merchants who open businesses on Sunday.

"We are concerned about the alarming number of business establishments, especially retail stores, which are open for business every day of the week," the resolution said. "If Sunday loses its status as a day of worship, then the morals, spirituality and health of the whole community will decline."

The conference, attended by nearly 1,000 delegates, also adopted a resolution voicing "strong and vigorous opposition to federal aid to private and parochial schools."

The delegates said such aid would violate the position of separation of church and state in the affairs of the nation.

In other business the conference adopted an annual budget of \$738,116 and asked churches to raise an additional \$1,225,000 this year for missions and special benevolences.

The Rev. Milton H. Wyatt of Leesburg was appointed executive secretary of the conference board of education and a layman, Alton S. Kindred of Lakeland, was named conference treasurer.

North Orlando Residents Asked To Save Water

W. W. Anderson, president of the North Orlando Civic Assn. and Bob Stephenson, chief of the Village Fire Dept., have asked that residents discontinue use of lawn sprinklers should a fire occur in the area.

The lengthy dry period is putting a burden on the Village water supply, the officials explain, and use of excessive amounts of water could hinder the department while fighting a fire.

Reds To File Rehearing Motion

NEW YORK (UPI)—The American Communist party was expected today to file a motion seeking a rehearing of a U. S. Supreme Court ruling that it must register as a Communist-ation organization.

General Secretary Gus Hall announced Thursday the party would not comply with the decision, rendered Monday, which requires it to register under the Internal Security Act of 1950.

The decision left the way open for challenges against requirements of the act, which include providing the attorney general with membership lists and financial records and labeling mail as material distributed by a communist organization.

It's Up To Castro Now On Tractors

DETROIT (UPI)—The next move was up to Fidel Castro today in what is quickly taking on the aspect of an international "chess game" between the American Tractors-for-Freedom Committee and the Cuban dictator.

The committee Thursday night responded to Castro's latest move by proposing to send a six-man delegation of agricultural experts to Cuba to personally confer with Castro on the controversial plan to exchange tractors for prisoners.

The proposal, interpreted as a partial concession to Castro's recent demand that prominent members of the committee must come to Cuba to work out the arrangements, came after two days of intensive discussion by the committee.

Castro was notified of the offer by cablegram. The cable also included other proposals, among them a carefully-outlined plan for dispatching the tractors to Cuba.

The cable said, "we are prepared to dispatch 100 tractors not later than two weeks from today to be followed by additional consignments in lots of 100 each until the total of 500 is delivered."

This gesture was specifically a reply to Castro's May 17 proposal to exchange 1,000 prisoners, captured during the abortive April invasion of Cuba, for 500 American tractors.

Police Probing 'Dream Hunch' In Slaying Of Two

JACKSONVILLE, Fla. (UPI)—Investigators hoped to learn today whether two Georgia women collected when their "dream hunch" paid off at the dog races before they were strangled and their bodies left on a lonely road.

If they did collect, it would bolster the theory that robbery was the motive in the slayings of Mrs. Patricia Ann Hewitt, an attractive, 26-year-old mother of four, and her friend, Mrs. Althea Ottavio, 41, both of Valdosta, Ga.

They drove here to play the 2-5 daily double combination at the Orange Park Kennel Club on May 26 because Mrs. Ottavio had dreamed it was, paying \$17 for a \$2 bet. But investigators haven't been able to determine whether the women bet their hunch, or whether they collected if they did.

Pioneer Family Member, Mrs. Bessie Barnes, Dies

Mrs. Bessie Yowell Barnes, 85, died Thursday at an Orlando hospital.

The Communist morning newspaper "Avghi" today published a front page picture of the beautiful dark-haired wife of the President.

Freedom Riders Quickly Arrested

By United Press International

A biracial group of five "Freedom Riders" arrived in Jackson, Miss., by train early today, were quickly arrested in the segregated station waiting room and went to jail in time for breakfast.

The arrests, on the usual charge of ignoring a police order to "move on" from the "white only" waiting room, brought to 96 the number of riders jailed in the Mississippi capital since May 24.

The train arrived from Nashville, Tenn., at 8:42 a. m. after an all-night trip from the Tennessee city. It was met by a handful of police officers and newsmen.

A waiting police wagon sped the five to jail, on breach of the peace charges, through nearly empty streets.

The train riders, all from the North, included Wisonah Hammer, 68, of Dayton, Ohio, a white girl whose fiance, David Myers Noblesville, Ind., is lodged in the Jackson jail for participating in an earlier "freedom ride" into the city.

Tips For Watering During Dry Spell

Here are some common sense tips on how to water your lawn and at the same time conserve water.

They were prepared at the suggestion of the Herald by City and county officials.

Don't water at night, water in the morning after the dew has dried. Centipede and zoysia grass need more water. Bitter blue grass needs less.

Water more in hot, dry and windy weather. The wind evaporates the water faster.

Don't continue to water lawn again that don't respond, they probably are afflicted with nematodes and need treatment.

Don't water any grass afflicted with fungus, nematodes and chinch bugs at night. Water well in the morning and, as soon as the grass is dry, apply a fungicide or treatment needed.

It is stressed that watering should be done in the daylight and the saying that "watering in the sun burns up grass" is an old false "wives" tale.
