

TAX REFORMS ARE NEEDED IN FLORIDA IN OPINION OF COUNTY COMMISSIONERS

In Meeting Held at Tampa Yesterday and Today PASS RESOLUTIONS

AUTO TAX, BANKING AND FINANCE, WORK OF EQUALIZER, PUBLICITY, ETC.

TAMPA, May 10.—Florida's long needed tax reforms received an initial and appreciable impetus yesterday at the opening session of the State Association of County Commissioners, when a committee of three was appointed by President E. C. Wilkinson, of Naples, to draft resolutions favoring special laws and to assist in putting them through the legislature. This action was taken after a lengthy speech by Perry G. Wall, Tampa, who was appointed by the governor several years ago to be a member of a committee to investigate the tax problems confronting the state, in which he outlined the pressing need for state tax reforms.

Other important matters coming before the commissioners during the first day of their annual three days session, included the automobile tax laws, an outline of the relation of the banker to county finances, a literal interpretation of the work which confronts the state equalizer, the "selling" of a county through publicity, and what good roads meant to Florida. Definite action was taken on but one subject, that of the tax reforms. State Tax Equalizer M. L. Dawson also spoke on tax equalization.

Forcefully attacking the system of taxation now in vogue, Mr. Wall stated: "If the taxation provisions were enforced according to the constitution, every bank in the state would be forced out of business." He was selected as a speaker on this subject in view of the fact that he is considered one of the foremost authorities on tax problems in the state and for many years has worked for the betterment of taxation.

Commissioner Oscar A. Ayala, of Hillsborough, made a motion that the president appoint a committee to assist in securing needed legislation, which was seconded by Commissioner A. Schultz of Orange county. President Wilkinson appointed Commissioners Schultz of Orange, W. E. Phillips of Lee, and Chairman C. T. Friend of Hillsborough, to confer with Mr. Wall giving him whatever assistance possible to secure the tax reforms and to draft resolutions favoring the measure. A rising vote of thanks was extended Mr. Wall.

Mr. Wall severely scored the lack of interest taken by Florida Democrats in their party and the failure to hold a party convention, stating: "Either we Democrats haven't got sense enough or are afraid to get together." He urged that the Democrats of this state get together, hold a party convention, and take an active interest, as a body, in the affairs of the state.

Attacking the system of taxation now in vogue, Mr. Wall stated: "If the taxation provisions were enforced, according to the constitution, every bank in the state would be forced out of business. Between prohibition and taxation, there isn't an honest man living. It is the duty of every man, woman and child to contribute something to the government, but I want to say that the present system of taxation is all wrong. The government is not an abstract proposition—the every day man can understand it as a business proposition."

Valuable information regarding the relation of the banker to county finances was given the commissioners by President J. A. Griffin of the Exchange National Bank of Tampa. He stated that in any county government the most important factors are the county commissioners.

One of the most interesting addresses of the day was that regarding the state automobile tax law given in detail by Ernest Amos, state comptroller. Interesting statistics were presented by Mr. Amos, to show the tremendous increase in automobile registration during the past five years. He stated that the majority of the states

MOOSEHEART HOME DECIDED ORANGE PARK

MUCH MOOTED HOME WILL HAVE TWO YEARS LEASE ON PROPERTY

(By The Associated Press) WASHINGTON, May 10.—The Supreme Council Loyal Order of Moose authorized to lease for two years with agreement to purchase for \$50,000 the winter resort property at Orange Park, near Jacksonville, for use as a home for aged. It was announced here today by E. J. Henning, assistant secretary of labor, who is an officer of the fraternal order. Arrangements are being completed to transfer to a new location considerable number of elderly members of the fraternity who have been under care at Mooseheart, Indiana, where the lodge has a home for children. If the two year experiment in Florida is satisfactory the Supreme Council intends to enlarge the property and build a permanent establishment.

57 YEARS SINCE JEFF DAVIS WAS CAPTURED

One of Two Surviving Members of Party Tells Story Today

(By The Associated Press) SPENCER, Ohio, May 10.—Fifty-seven years ago today Jefferson Davis, president of the Confederate states, was taken prisoner by the Fourth Michigan Cavalry, near Irwinsville, Georgia. Today Thomas Hunter, 79, a Union veteran and one of the two living members of the capturing party, recounted reminiscences of the period. Davis was not attired in feminine apparel when troops surrounded him, Hunter asserted, historical statements to the contrary notwithstanding. He wore a gentlemen's morning robe over regular clothes, Hunter said, and had on no woman's belongings.

WILL HIT FLORIDA A HARD WALLOP IN POTASH TARIFF

(By The Associated Press) WASHINGTON, May 10.—Senator Fletcher yesterday read and had printed in the Congressional Record telegrams from the Wilson & Tomer Fertilizer Co., of Jacksonville, relative to the tariff on potash, in which it is stated that an enormous burden will be laid on the Florida farmers if this duty remains. This telegram in part is as follows: "This proposed duty will amount in dollars and cents, as far as Florida is concerned, for the period of five years, to \$2,850,000. Whoever pays the duty is going to be saddled with a bill for the five-year period of \$2,850,000. As to whether that bill is going to be paid by the Florida growers or be paid by the producers of potash, or somebody else, one cannot know in advance, but according to history such duties are usually paid by the consumer; hence the Florida grower is facing an increased demand on his resources in the next five years of \$2,850,000."

had adopted the weight system of taxing automobiles, it having been found to be more equitable than the taxing by horse power. Florida, he stated, has made more progress in registering cars than any other state. Mr. Amos pointed out that motor vehicle registration in Florida had increased from 53,687 in 1918 to 107,052 in 1922. He stated that he expected the 1922 receipts would reach a sum total of approximately \$1,750,000. He made the suggestion that as a preventative of automobile theft, that the state of Florida conduct automobile transfers under the same process as the transfer of real estate. This, he said, would be an easy policy toward curbing thefts of cars and would be a simple and inexpensive system. Mr. Amos said he was making demands and imposing penalties upon gasoline dealers who are not paying the one cent tax on gasoline.

TWENTY-FIVE MILLIONS IN ROYALTIES ARE DUE GERMANY FROM AMERICA

Patents on Guns Made by Krupp's Firm Cannot Be Touched

(By The Associated Press) WASHINGTON, May 10.—American government finds itself under revived patent treaty with Germany, faced with the necessity of paying royalties which it is estimated may reach \$25,000,000 to Krupp's firm on patents based on discoveries of American engineers, Thomas S. Miller, Allied property custodian, declared today. Miller said two hundred German patents filed here since July 1919, none of which can be touched by his office. At least eight patents dealing with mobile artillery which Miller said embody many principles of American railroad artillery. In official circles the belief is held that the tracings of American plans surreptitiously removed from War Department and tracings made.

TWO POLICEMEN KILLED AND ONE WOUNDED IN RIOTS; CHICAGO BUILDING BOMBED

(By The Associated Press) CHICAGO, May 10.—The police today raided the Building Trades labor headquarters and arrested three of Chicago's biggest labor leaders, Big Tim Murphy, Fred Mader and Cornelius Shea in connection with bombings and shootings which early today resulted in the death of two policemen and the serious injury of the third.

CHICAGO, May 10.—Two policemen were killed, another was wounded, two buildings were bombed today in disorders which the police attribute to labor warfare. The shootings were followed by a running pistol fight in which the killers eluded the police. Chief Fitzmorris immediately ordered every policeman on duty and directed all labor leaders of whatsoever calibre to be brought in.

(By The Associated Press) KALAMAZOO, Mich., May 10.—Henry Ford has offered John Duval Dodge, probationer from Kalamazoo circuit court, a job in his Detroit factory. It became known Monday. The young millionaire was placed on probation Saturday for one year for possessing and transporting liquor and one of the provisions is that he go to work.

STUDENT KILLS STUDENT ON THE COLLEGE CAMPUS

STILLWATER, Okla., May 10.—

Beckham Cobb, twenty-three, of Birmingham, Ala., student at the Oklahoma A. & M. college here was shot and killed just outside the campus yesterday by Earl Gordon, twenty-five, another federal student, while escorting the latter home at the point of a revolver to demand an apology to his pretty young wife for an alleged insult offered by Gordon. Gordon is held in jail pending an investigation but last night no charges had been filed against him.

Bertie Sue Cobb, eighteen, wife of Cobb, declared last night that several nights ago Gordon met her on the streets and insulted her. She had told her husband she said.

Recently, she said, Gordon followed her into a motion picture house and seated himself beside her. She immediately left, she said. The story of the killing was told last night by Alvin Cannon, student friend of both men.

Cannon said he came to the chapel at noon and met Cobb, and Gordon talking. Gordon asked Cannon to go to his room, according to Cannon. Cobb walked with them. As they left the campus, according to Cannon, Cobb said to Gordon: "Are you going down there with me?"

"No, I don't think I am," Gordon replied, Cannon said.

Cobb drew a revolver, Cannon said, and remarked:

"I guess you will."

Gordon then said:

"Put up your gun I'll go along."

Cannon declared he then said:

"Well that lets me out if there is to be gunplay," and turned and walked away.

Cobb and Gordon walked on about two hundred feet and Cannon said he turned just in time to see Gordon shoot Cobb. Cobb fell over a hedge into the corner of a yard and Gordon fired two more shots, Cannon stated. Cobb died instantly.

Witnesses reported that Cobb stopped out in front of Gordon just before the shooting began. Mrs. Cobb said she thought her husband an ex-serviceman, had been gassed in France. She declared that he was not unduly jealous. Gordon did not make a detailed statement.

"Cobb was after me," he said.

Cobb's home is at Birmingham, Ala. He is survived by his mother, Mrs. D. Cobb; two sisters and two brothers. He came to Stillwater with his wife about two years ago. Gordon's home is at Miami, Okla.

OCALA, May 10.—Ernest Turnpseed, former cashier of the Citizens Bank at Dunnellon, was indicted for embezzlement and grand larceny today by the Marion County Grand Jury.

Differences of English and French Being Smoothed Over

BELGIANS SORE

GERMANS AND OTHER DELEGATIONS WANT RUSSIAN NOTE TONED DOWN

(By The Associated Press) GENOA, May 10.—The Russian reply to the Allied memorandum handed to the Allied conferees here this morning. The reply, says the Central News, requests clause eight of memorandum be referred to an international committee of experts with Russian represented on it. Regarding war debts the allies are asked to state the exact discount that would be made if debts were acknowledged. On the whole, it is added, the reply is evasive.

GENOA, May 10.—The Russian reply to the Allied memorandum which was ready for presentation this forenoon was not delivered to the Allies as expected. At the last moment after a conversation between foreign ministers, Tchitcherin, of Russia, and Schanzer, of Italy, decided the reply would have to undergo some alterations. Tchitcherin left Genoa at 2:00 o'clock for Santa Margherita to consult other members of the Russian delegation. Not expected the reply now could be presented until tomorrow.

GENOA, May 10.—Genoa passed an uneasy day speculating on the effect the Russian reply to the allied memorandum would have on the future of the economic conference. The Russians were busily engaged last night in completing their reply which it is expected will be presented today.

M. Tchitcherin was in Genoa for only a short time; then he and the principal members of the Russian delegates gathered at Santa Margherita and began putting the finishing touches on the reply, which it is believed will be highly conciliatory and will open the way for a continuation of the negotiations.

The differences between Premier Lloyd George and M. Barthou have threatened to bring the conference to a halt. It is believed that the Belgians are less reconcilable in their attitude, and may be persuaded to approve the memorandum to the Russians on condition it be made clear that Belgian property in Russia must be restored to the former owners if possible, and cannot in any case be transferred to others.

Mr. Lloyd George passed almost the entire day in difference with Sir Laming Worthington-Evans, Sir Phillip Lloyd-Greame and other advisors. The row between the prime minister and the Northcliffe press over statements published in London has simmered down, and the conference atmosphere is more pacific although extremely foggy.

The German and many neutral delegations joined in the negotiations with Signor Schanzer, the Italian delegate, to have the Russians temper their response in such a way as to avoid disruption of Genoa gathering which seems less likely than 24 hours earlier. There is less electricity in the air and a general feeling of confidence that the Russians will modify their response so as to make it impossible for the French and Belgian to bolt without further negotiations.

STEAMER ON ROCKS NEAR NEW FOUNDLAND STRUCK LAST NIGHT

(By The Associated Press) ST. JOHNS, New Foundland, May 10.—An unidentified steamer is on Renews Rocks, twenty miles north of Cape Race today. She struck the rocks during the night and fishermen went out to her at day-break.

The steamer proved to be the Abasco, bound from Liverpool for Quebec, without cargo. The crew landed safely. The vessel is believed to be a total loss.

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stogall of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I am sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life." For over 40 years, thousands of women have used Cardui successfully in the treatment of many women's ailments. If you suffer as these women did take Cardui. It may help you, too. At all drug stores.

The Daily Herald will resume its accustomed brightness. Phone your society news to Mrs. Dalger as usual.

James Ward, of the Merchants and Miners Steamship Line is in the city today on business and his many Sanford friends are giving him a warm welcome.

Mr. and Mrs. William Berry, H. H. Witherington and Harry Witherington of Apopka were in the city yesterday the guests of Mrs. H. C. Waters, the daughter of Mr. Witherington.

F. L. Miller is in Jacksonville today attending the meeting of the Funeral Directors and Embalmers of Florida. Frank has been the secretary of the association for many years.

A. H. Goodwin of the Dodson Printers Supply Co., of Atlanta was in the city today calling on the local printing trade. Mr. Goodwin is a Florida booster and is now living in Miami having purchased a fine home there.

Mayor Henry calls for a Clean-Up Week in this issue and everyone should heed the call and clean up and get ready for the big Shriner's celebration here May 27th and thereafter for the many summer visitors who are coming here on the summer excursions.

City Manager Rhines and his assistants are to be congratulated upon their good work in planting grass in Central Park and otherwise beautifying this part of the city. Central Park could be made the show place of this city.

S. Robbins has an advertisement in this issue calling attention to the fact that he is now in the new store on First street recently occupied by A. Raffald and ready for the trade with a fine new stock of goods. New frocks, new suits and new hats at very low prices.

Will Stevens of Winter Park was in the city today passing through from Daytona Beach where he has been sojourning for several days. He has been with the Florida Post for some time but has severed his connection with that paper and is thinking of going to the mountains for the summer months.

The Clyde Line announces a special summer rate on the river trip between Sanford and Jacksonville of \$10 for the round trip effective May 15th and up to including September 30th. This is one of the finest trips in Florida and the round trip rate on the fine Clyde steamers is well worth the extra time it takes on the ships.

N. DeV. Howard Chapter U. D. C. of Sanford is one of the live chapters of the state and were well represented at the meeting in Orlando last week in the president, Mrs. L. G. Stringfellow, Mrs. B. W. COLLIE MOURNS FOR BOY MASTER BURIED ALIVE IN PLAY CAVE

JACKSONVILLE, May 11.—A large collie dog was one of the chief mourners at the funeral here yesterday of its master, J. D. Crabb, an 11-year-old lad who was suffocated to death Monday night when a tunnel the boy and his playmates had dug under his home, caved in. The collie was at the mortuary this morning when it was opened and during the funeral service in the chapel took a place under the casket where his howls were so frequent as to interrupt the proceedings. When the casket was placed in the hearse to be taken to the train the dog climbed in and all efforts to remove him were unavailing. He made the trip to the train.

When the tunnel caved in "J. D.'s" mother and the dog began digging for the lad at the same moment. With the removal of the body the collie was locked up, but broke out yesterday he remained at the scene of the disaster refusing to be driven away.

Florida Pastor Sways Methodist General Body

(By The Associated Press) HOT SPRINGS, May 11.—Following a hot debate in which one superior warned against what he characterized as growing form of radicalism within the church, the nineteenth General Quadrennial Conference of the Methodist Episcopal Church, South in session here, yesterday rejected by majority of eight votes, a recommendation that the right to administer the sacrament be invested in unordained ministers.

The vote on the recommendation, which was made in a minority report, was 178 to 170. The conference then adopted by a vote of 188 to 115, the majority report recommending that the legislation proposed be not enacted.

Half a dozen superiors argued the merits of the sacrament issue but it remained for Dr. J. P. Hilburn of Orlando, Fla., to swing the conference against the proposal through an impassioned address in which he injected his charge of growing radicalism in church affairs. He said he did not believe the church should depart from time honored customs and tradition which had withstood the test of the years that the denomination had existed.

Revision of the statutes governing operation of the Sunday school board of the church was accomplished at yesterday's session when the conference adopted a committee report separating the offices of the Sunday school editor and general secretary and providing for the addition of two bishops to the board. The report was adopted without debate and the church leaders said the new legislation promised to increase greatly the scope of the church's Sunday school work.

Heretofore the Sunday school board personnel has included only one bishop and the duties of editor and general secretary have been performed by one person. The reorganization plan provides that the editor and general secretary shall be elected. A number of minor changes in the Sunday school board law also were included in the report.

One presiding elder safely weathered a broadside attack upon his prerogatives at yesterday's session when the conference, by an overwhelming vote, sustained an adverse report on a bill which proposed to require him to submit written reports of his work quarterly to the bishop of his conference. Leaders said they saw in their action a disposition on the part of the church to leave unscathed the rights and authority of its presiding elders.

Many delegates said they saw in the conference's action a desire to retain the other customs and traditions of the denomination and last night they were predicting that other measures now pending before the body an containing radical clauses would meet a similar fate.

SANFORD'S TEMPERATURE

The weather makes but little difference in our young lives down here in the beautiful sunshine, moonshine and other kinds of shine. Did it ever occur to you that regardless of the weather we all seem to be making a living, somehow or other? Another Thursday afternoon. Wake up another sleeper. Nobody works but the bankers. We should worry. 5:40 A. M. MAY 11, 1922 Maximum 92 Minimum 64 Range 28 Barometer 30.04 Calm and cloudy.

SMALL CASE GOES TO JURY SOME TIME SOON

(By The Associated Press) WAUKEGAN, Ill., May 11.—The jury to try Gov. Len Small on charges of embezzlement of state funds was completed this afternoon soon after resumption of the trial following a two-and-a-half day delay due to the illness of Judge Clair C. Edwards.

CHICAGO, May 11.—Six women held in the county jail on contempt of court proceedings despite the fact that they were pardoned by Gov. Len Small, yesterday were ordered released by Judge Dennis O'Sullivan of superior court after he had conducted on his own initiative, an investigation into the affair. Three were ordered released outright and three were placed on probation for a year. Four of the women had their children in their cells with them.

PORTER FRACTURES LEG

(By The Associated Press) JACKSONVILLE, May 11.—"Snoddy" Porter, second baseman for the Daytona State League club, sustained a fractured leg when he slid into second in the eighth innings of yesterday's game between Daytona and Jacksonville. He was attempting to steal after having singled. It is believed he will be out of the game several weeks.

CHESSER ON TRIAL FOR MURDER NEGRO

(By The Associated Press) ST. AUGUSTINE, May 11.—Trial of William O. Chesser, charged with the murder of a negro chauffeur on a lonely road fourteen miles south of here Christmas Eve night, began here yesterday. The body of the negro was found sitting at the steering wheel of his car and with the motor still running. He had been shot in the head. The state's case is said to hang on a signed statement by Chesser's mother-in-law in which she charged Chesser with confessing the killing and said he had killed three ne-

groes previously. Investigation, the authorities have announced, has disclosed that the other killings referred to in the statement were myths.

STATE POSTMASTERS TO MEET AT DAYTONA

(By The Associated Press) DAYTONA, May 11.—The annual meeting of the Florida Association of Postmasters to be held at Daytona May 28 to 29 is expected to be more largely attended than any previous meeting because of the steps taken by postal authorities to facilitate the absence of those desiring to attend.

According to information received by those in charge of arrangements for the meeting it will not be necessary this year for a postmaster to obtain a leave of absence. He may go ahead to the meeting and on his return must file a report with his immediate inspector giving the number of days absent from his post. N. A. Stumps, of Palatka, president of the association, will preside at the meeting.

CENTRAL FLORIDA DENTISTS GATHER ORLANDO TODAY

Come From Eleven Counties to Form Central Florida Dental Ass'n.

ORLANDO, May 11.—Dentists from eleven counties in Central Florida will meet in Orlando this evening at the Empire Hotel to form the Central Florida Dental Association. The Orange County Dental Association will be hosts.

Dr. S. F. Thompson, vice-president of the Orange County organization, said yesterday that similar associations are to be formed in six districts of the state, to be known as the West Coast, the East Coast, the Southern, the Central, the Northwest and the Northeast Associations. When the organizations are completed it is planned to hold clinics when lectures on professional subjects will be given by prominent authorities.

The counties to be represented here this evening are: Osceola, Alachua, Seminole, Brevard, Lake, Sumter, Hernando, Citrus, Volusia, Marion and Orange. Nearly a hundred delegates are expected to attend.

KIWANIANS HAD FINE MEETING YESTERDAY

The Kiwanis Club of Sanford met yesterday at the Valdez Hotel and had a splendid meeting. The meeting day has been changed from Thursday to Wednesday on account of the half holidays on Thursday.

Kiwanian Dumas made a report on the intercity meet held at Lakeland some few nights ago, and from this report it appears that much good had been accomplished at the meeting. Mr. Dumas brought many good things to the local club, gleaned from the Lakeland meet. His report on the conduct of the individuals composing the Sanford delegation was great and brought forth many rounds of applause, this was especially interesting owing to the fact that one of Sanford's leading pastors was included in the delegation.

Vice-President Sharon reported on the Boy Scout work and stated that \$100 was needed from the Kiwanis Club to further the plans for the boys. Immediately the matter of finance was taken up, and taken care of, showing just where the Kiwanians stood when it came to doing something for the boys.

Mr. Christ, of Montgomery, was present as a guest and addressed the Club. Prof. McKay was taken suddenly ill at the luncheon and it became necessary to draw his capsule or pill from the box to quiet his nerves. The professor will speak four weeks from yesterday and needless to say his subject will be timely and his discourse will be good.

SANFORD ROTARY CLUB MAKES GENEROUS DONATION TO THE HOSPITAL

As president of the Fernald-Laughton Memorial Hospital, I wish publicly to express my appreciation of the generous donation of \$72.50, given the hospital by the Rotary Club of Sanford. Such gifts as this, indicating a kindly attitude on the part of this worthy club, makes more pleasant the burden of the management of the hospital. With both the Rotary and the Kiwanis making frequent contributions the continued success of the institution is assured.

Respectfully, T. W. LAWTON.

If they cannot settle their school troubles satisfactorily in Orlando we would advise them to send part of the children to the Sanford schools. We can take care of them and will promise perfect peace and harmony at all times.
