ALEX MOORE'S RESIGNATION IS NOT COOLIDGE

Ambassador To Spain Since 1923 Announces His Desire To Give Up His Post

President Looks For A Successor

Appointment of Minister to China Is Mo- mentarily Expected

WASHINGTON, Apr. 1.—The resignation of Alexander Moore, ambassador to Spain, since 1923 has been laid before Coolidge although it was not yet accepted. It is understood that the president is giving thought to the selection of a successor.

A prospect of another shifting major posts in the diplomatic service developed Tuesday when it was revealed that Alexander P. Moore, ambassador to Spain since 1923, had laid his resignation before President Coolidge.

It is understood that the resignation has been accepted, but there are indications that Mr. Moore's retirement from the service may be announced, and a successor appointed.

At the same time a probability of Special Tuesday was the post of minister to China made vacant by the promotion of Jacob Gould Schurman to ambassador to Germany.

Dr. Schurman advised the department he would leave about Apr. 20, and it is here that in view of the political situation in China the American legation should not be long without a fully qualified minister.

Mr. Moore, a Pittsburgh, Pennsylvania resident, has been in the department since 1923. He has been in the department since 1923. He has been in the department since 1923.

Pioneer Citizen Dies In Sanford Tuesday

Reuben E. Miller, 70 years of age, well known grower of Sanford, passed away Tuesday noon at the family residence on West Street, following a lingering illness.

He resided in this city continuing for 23 years, coming to Sanford early in 1902. Mr. Miller was a native of Georgia, having been born in that state in 1854, following the general prosperity which was to follow.

Mrs. Brandt Dies At Elder Springs Home

After a short illness, Mrs. Anna Brandt died Tuesday night at her home at Elder Springs. Mrs. Brandt was 83 years of age and had been a resident of Seminole county for more than 12 years. She had been in failing health for some time but was able to enjoy a few days ago.

Solons Arriving For Opening Session

TALLAHASSEE, Apr. 1.—

Early arrivals for the legislative session beginning next Tuesday began to come in today seeking quarters for two months' stay that ends the first of June.

SEEK MEANS FOR HELPING PRISONS OVER-CROWDED

Indications Are That Govern- ment May Turn Again to Use of State Penal Institu- tions to Housing Prisoners

WASHINGTON, Apr. 1.—Department of justice officials have been considering means of relieving overcrowded conditions in the federal prisons, and indications were given Tuesday that the federal government might have to turn again to use of state penal institutions to house some of its prisoners.

Superintendent White of the federal prison has been an investigator of the congestion and will seek out for Attorney Gen. E. A. Tamm a program to alleviate the situation. He also has been directed to consider methods for increasing the efficiency of prison management.

It appeared not unlikely today that a special meeting of the prison board would be called soon to consider the whole question with the attorney general and Mr. White. The board can take up the suggestion that state penal institutions be employed to a greater extent than heretofore and also will be in a position to recommend particular institutions for this purpose.

Most officials interested in the problem favor using the state prisons only for commitment of short term federal convicts, holding that such a move would go a long way toward eliminating further congestion in the government prisons.

Mr. Sargent hopes that while the federal government is considering the use of state prisons, the federal government can have complete records of all federal prisoners, wherever incarcerated. With this in view, he has instructed Mr. White to give thought to this problem also in his study of the situation.

It was said at the department that Mr. White would continue work on the program of industrialization of the federal prisons, as outlined recently at conferences with the attorney general and Mr. Mabel Walker Willebrandt, assistant attorney general who has jurisdiction over the prisons.

Mr. White notes that this plan in addition to other benefits, will alleviate the crowded conditions to which Mr. Sargent objects by keeping the prisoners busy.

Deal Consummated Involving Around 100 Million Cash

NEW YORK, Apr. 1.—News that the Dodge Bros. Auto Co. contract, acquired by a syndicate headed by the Banking House of Dillon Read Co., New York, was prominently published here today as one of the most important financial transactions in the history of automobile industry. The sale is said to have involved more than a hundred million dollars, practically all cash.

Representatives of the banking firm declined either to affirm or deny the sale. Clarence Dillon declared that while the final negotiations were not completed, some announcement relative to the deal will be made within a day or two.

The financial circles here it was declared the sale consummated a financial battle between the Dillon Read Company and the house of J. P. Morgan Company representing the General Motors Corporation to gain control of the Dodge Brothers property.

U. S. Itinerants Gain Solace From Puzzles

ROME, Mar. 31.—A new role for the crossword puzzle has been discovered. It being used by lonely American and English travelers in Europe as a means of finding fellow countrymen and colleagues.

BAN IS PARTLY WITHDRAWN ON MILITIA FUNDS

Following Conference With War Secretary President Lifts Ban Allowing For 48 Armory Drills Each Year

Weeks At Work At Once Raising Funds

Law Involves Requiring Mini- mum of 48 Drills and Maxi- mum of 60 Drills a Year

WASHINGTON, Apr. 1.—President Coolidge partially removed Tuesday the ban he imposed last week on employment of deficiency appropriations not included in budget recommendations for payment of National Guardsmen for attendance at armory drills authorized by federal law.

At the president's direction, Secretary Weeks and his military advisers took steps at once to make funds available for a total of 48 drills for each guard unit during the current fiscal year. The original war department plan upset by rejection in the budget bureau of a request for a deficiency allowance of \$1,232,000 to supplement the current appropriation of \$10,200,000 called for 52 drills, on the average.

Centurys With Weeks

The president's action was taken after he had gone over with Mr. Weeks a carefully prepared estimate of what the denial of the entire deficiency appropriation to the guard would mean. It disclosed that because of the increase in personnel in the guard during the year and the greater interest in their work manifested by unexpectedly large drill turnouts in many states, it would not be possible for the guard units to do the minimum amount of armory drill required by law under the approved appropriation. Mr. Coolidge, therefore directed that such part of the deficiency fund be made available as was needed to permit all guard units to attain this required drill status minimum and insure continued federal co-operation and support, but that no more be expected.

The law involved requires a minimum of 48 drills, but authorizes a maximum of 60 during each year.

Unable to Estimate

Lacking detailed reports from each guard unit throughout the country as to its drill status and probable percentage of turnout for remaining drills, war department officials were unable to estimate what part of the deficiency appropriation would be actually expended under the limitations imposed by the president. They were also unable to give definite information as to what units would be compelled to abandon weekly drill nights for a month or two to keep within allotments. Units may drill voluntarily but may not be paid for drills in excess of 48 for the year under the president's ruling.

Peddlers Discussed By Credit Men At Tuesday Gathering

The itinerant peddler and the problems he creates for retail merchants formed the theme of a meeting Tuesday night of the Retail Credit Men's association in Sanford, held in the office of the association in the First National Bank building.

Speakers declared that an appreciable amount of trade, rightfully belonging to legitimate merchants, is going to such peddlers. Peddlers were said to be getting trade belonging in Sanford because the merchants are locally established, raising local taxes and otherwise contributing to the progress whereas the peddler came and as soon as he had sold as much as he could, left without leaving anything in return.

Such peddlers were declared to be injurious in as much as they tend, by reducing the sales, to force the merchant from business. An enlargement of this process would show the local merchants actually forced from business would be the same as destroying one institution without creating another to replace it, as it was said, the peddler is always traveling.

The attendance of the meeting was lower than usual due to the fact that a number of members were attending the Kiwanis banquet at the Seminole Cafe. The next meeting will be held next Tuesday night at the association office.

County Court Will Open Next Tuesday

Owing to the April term of the Seminole county court has been set for Tuesday, Apr. 7, it was announced today by County Judge James G. Sharon.

Osborne Wood Plays April Fool Joke On Newspapers; Claims To Have Plenty Cash

TAMPA, Apr. 1.—Osborne Wood came sailing back to his native land Tuesday to "start all over again."

As for being "broke," however, Wood is to quote a junior officer on board the federal shipping vessel West Chetac, "loaded with money."

Wood arrived off Tampa early Tuesday on board the West Chetac and was brought up the bay on board a private yacht chartered by newspaper men. He proved to be a "good sport" in discussing his reported gambling losses at European resorts and loudly laughed at the report that when he boarded the West Chetac in Cadiz, Spain, his fortune, estimated at approximately one million dollars, had dwindled to two one-dollar bills.

Still Has Plenty

"It is true that during the four months in Europe I threw away a large portion of the winnings on Wall street in gambling resorts," the son of Major General Leonard Wood, governor of the Philippines, said, "but I still have plenty—sufficient enough not to worry," he added.

"If I have the same luck through my Wall street broker as I did a short time ago I think I will be able to recover what I lost during my stay in Europe," he continued.

Wood declined to state the exact amount of his losses nor would he attempt to make an estimate of the largest amount lost in a single night. "What's the use to talk about it now? Whenever it comes easy—easy it goes, so what is the use to cry over spilt milk," he declared.

Crew Cheer Him

The crew of the West Chetac, lying at quarantine, cheered Wood as he departed. "A jovial fellow," was the captain's comment. "A clean cut sport," added the chief engineer. "Thank you, Mr. Wood we thank you," were the remarks of three stewards and six mess attendants who tonight are each \$10 richer than at sunrise this morning.

Wood's bank roll came into play shortly after the freighter reached quarantine. A Tampa realty representative was on hand to financially "take care of the broke" youngster, but on catching sight of Wood's wallet tucked his own \$10,000 back into his pocket and became too discouraged to make Wood an offer to become a real estate agent as he had been planned.

Wood gave another real estate representative encouragement by saying that he was considering offers submitted by several firms but later said that in all probability he would leave Tampa at once for California.

"Why leave Florida?" he was asked.

"Well, I have many friends in California," he replied.

AVIATORS LOST IN EVERGLADES ARE FOUND IN SAFETY

Fliers Forced to Land Due to Leaky Cylinder; Had Re- paired Own Plane When Rescuing Fliers Are Sighted

SEBRING, Apr. 1.—After three days on short rations and little water Capt. R. A. Smith and E. P. Lett, New York, sailing craft, 20 miles north of Sebring, were back in Sebring today little the worse for their experience. The two as they completed the laborious work of repairing their engine late yesterday were discovered by two other aviators, who swooped down upon the hammock where they had landed.

LAKELAND, Apr. 1.—Exhausted and weakened from loss of sleep and lack of food, the two aviators, E. P. Lett and R. A. Smith, who started from Lakeland Friday morning to secure photographs of the Everglades section were back in Sebring today after a branch of Fish eating craft, 20 miles northwest of Palm Beach between Lake Securus and Moore Haven. Aviators George Halderman of Lakeland and Otis Harding of Sebring, located the stranded fliers who were forced to land Saturday morning when one of the cylinders of their engine cracked and let out all water. They landed on a little knoll on the creek and spent most of the time trying to repair the motor but were forced to give up and having only a few chocolate cakes for food with no water except what was in the radiator they soon became fatigued and felt that their time had just about come. They had not the sign of any human habitation in the air on land or water until Otis Harding and George Halderman saw something below them about 2,000 feet altitude waving a white cloth which proved later to be a signal.

WALTER SHEAN IDENTIFIED AS COP'S ASSAILER

Testimony Shows Skelly De- clared Before Dying That Chapman's Companion was Attacker Who Killed Him

Underworld Leaders Drawn Into Trial

Shean on Stand Declares He Was Innocent Victim of Notorious Bandit's Wiles

HARTFORD, Apr. 1.—James Skelly, New Britain policeman, for whose murder Gerald Chapman mail looter is on trial identified Walter Shean, Chapman's robber companion, as his assailant, it was testified today. The testimony was given by Dr. George W. Dunne, state witness, who attended Skelly when he was dying.

The underworld and some of its nationally known characters furnished the background for Tuesday's session of Gerald Chapman's trial for murder.

Frederick J. Groehl, Chapman's chief counsel, attempted to discredit the testimony given against his client Monday by the state's principal witness, Walter E. Shean, the Springfield, Mass., advertising man whose confession caused the spectacular mail robber's indictment for murder.

Shean on the stand Monday, depicted himself as the innocent victim of Chapman's wiles, ending in the accusation that the mail looter had led him into the robbery of Davidson and Lventhal's department store in New Britain last October 16 and the subsequent murder of Patrolman James Skelly.

Groehl, through merciless questioning of Shean Tuesday, most of it prompted by Chapman, brought to the attention of the witness that he had for eight years been an associate of nationally known criminals and had evaded criminal prosecution through the intercession of his wealthy family.

The day's end brought the state's case near its close. The state's attorney, Hugh M. Alcorn, told Judge Jennings as adjournment that tomorrow morning would see the last of his witnesses. Both sides predicted the trial would end this week.

Groehl opened his cross examination with a reference to Shean's companions. He brought out that the witness had been intimate with a number of notorious crooks, and that he had signed many worthless checks bearing his signature. Chapman upon entering court, had supplied Groehl with a sheet of questions which he had prepared in his cell last night.

Groehl named a number of alleged criminals some of whom Shean admitted knowing but he denied acquaintance with the majority of those named.

Groehl, under Chapman's prompting, asked Shean if it were not true that "you are known to a number of well known criminals."

Impose Heavy Fine In Municipal Court Session Wednesday

Fines and forfeitures totaling \$248 were collected in the Sanford Municipal Court Wednesday morning with the disposition of 19 cases by Judge W. E. White.

Condition of Crops Is Issued in Report

WASHINGTON, Apr. 1.—

The crop weather conditions of Florida, issued weekly by the Department of Agriculture say that much is needed in the west and on the uplands of the peninsula. Cool nights have delayed some of the truck, corn, cotton and melons. Early cotton is good on the peninsula. Chopping is active and planting was begun in the west. Oats are fair, although there is some rust. Transplanting of tobacco continued and shipments of tomatoes and other truck continued from the South central. Berry shipments are active in the north. Citrus needs rain.

WILL BEGIN WORK ON FIRST STREET EXTENSION SOON

Will Start Woodwork on Hotel Within 10 Days Contractor Declares; Right of Way Is Assured For First Street

Pouring the concrete foundations for the Forrest Lake Hotel, on the First Street extension, which began a short time ago, has progressed to the extent that plans now are being made to begin the foundation woodwork within the next 10 days, it was announced this morning by Howard Hulick, of the firm of Hulick & Hulick, which is building the hotel. It is the plan of the builders to have the hotel completed by Dec. 1 so that a month will be had to furnish the building for a grand opening on New Year's Day, 1926.

A crew ranging in size from 40 to 50 men is now employed on the foundations. This crew will be enlarged as fast as the progress of the work permits, it is said, and every effort will be made to expedite the construction.

Mr. Hulick, who has been making Orlando headquarters prior to the beginning of construction, has returned to Sanford where he will remain until the greater part of the hotel is finished. Bloomfield Hulick, the other member of the firm, is in New Jersey, attending the interests of the company there.

Operations opening the First Street extension between Sanford and Mellenville Avenues will begin during the first part of next week, it was declared Wednesday by Mayor Forrest Lake. The right of way through the last piece of property that hitherto has obstructed the construction of the street, was to have been secured Wednesday morning.

There is dredge work to be done before the level of the route is raised sufficiently to begin paving construction, it is declared. The securing of the right of way between Sanford and Mellenville Avenues removed, it is declared, the last obstacle of the project and speedy construction is promised.

Whether or not the construction will begin at the Sanford Avenue end of the Mellenville Avenue end is definitely settled though the clearing up as quickly as possible of what are termed unsightly buildings on the Sanford Avenue end is promised.

English Shy From High Priced Novels

LONDON, Apr. 1.—A problem just now facing publishers in this country is the evident disinclination on the part of the reading public to pay 7 shillings and 6 pence (\$1.85) for novels, 12 shillings and 6 pence (\$3.10) for memoirs and higher prices for classical literature. It is suggested that books will circulate through libraries quickly enough, but when it comes to outright purchasing the public is shy and wants something cheaper. An instance of this is given in the number of paperback novels and magazines which travelers buy when on a railway journey.

A possible way out of the difficulty, according to the representative of one publishing house, is to bind books in paper covers. The present binding costs nearly as much as did the whole book in previous days.

Washington News

WASHINGTON, Apr. 1.—The resignation of Alexander P. Moore, ambassador to Spain, was made known.

It was revealed that the administration policy toward Russia has not been altered by recent events. Secretary Hoover declared the business outlook is good despite adverse symptoms on the stock and commodity exchanges.

KIWANIANS TO OPPOSE FRENCH AVENUE ROUTE

Organization Desires Road to Traverse One of Four Streets Nearer Town Center

Milwaukee Team Is Honor Guest

Connie Mack and Otto Borchert Laud City As Training Ground

Unanimously adopting a resolution favoring the routing of the Dixie Highway through the business section of Sanford by way of Park, Magnolia, Palmetto or Sanford Avenue, instead of French Avenue, the Sanford Kiwanis Club went on record Tuesday night as opposing any effort being made to make French Avenue the principal thoroughfare for the state road.

The matter was brought before the club Kiwanian Edward F. Lane who stated that his attention was attracted to an article appearing in The Sanford Herald Monday relative to rumors being circulated concerning an attempt to divert traffic from the business section of the city. Emphasizing the fact that the Kiwanis motto is "We Build," Mr. Lane stated that it is his opinion that it is an important matter and one requiring the attention of those interested in the future welfare of the city.

I. C. Bebout and R. C. Davey spoke on the matter. Introduction of a resolution by Mr. Bebout to bring the Dixie Highway through the business section of Sanford, and opposing the making of French Avenue the through Dixie Highway, was adopted without a dissenting vote. A committee of three Kiwanians was appointed by Dr. E. D. Brownlee, president of the club, to represent the Kiwanis Club in the matter. The meeting of the committee will be held this evening at which time plans will be perfected to further action.

Kiwanians R. H. Berr, R. A. Winston and E. F. Lane compose the committee.

Th luncheon was given in honor of the Milwaukee team and the Philadelphia American league ball club manager, Connie Mack, and in appreciation of the Milwaukee club training in Sanford. A number of talks were delivered, in which the resources and natural advantages of Sanford were vividly pictured by the speakers.

Judge J. G. Sharron gave the initial talk and expressed his appreciation of the Brewers' training in this city and stated he hoped the management would decide to revisit Sanford next year.

The Milwaukee team has a days training since arriving in Sanford. Otto Borchert, president of the Wisconsin team said, "The climate has proven better than even that we enjoyed at Troy, Ala., Palmetto or any of our camps in the past. I think the Milwaukee baseball club will be the last team out of Florida. We will leave the state on Apr. 9, bound for Nashville for practice games before traveling."

Rum War Victim Is Found Dead in N. Y.

NEW YORK, Apr. 1.—The body of a man containing two bullet wounds and believed to be that of Mack Paswell of St. Louis was found today stuffed in a narrow arway of an upper Park Avenue tenement house. In the pocket was found a savings bank book showing deposits of \$80,000. Paswell is believed by police to deal in sacramental wines. Police are working on theories that he was slain in a bootlegger war or was shot by robbers.

Shepherd Counsel To Seek Bond Rehearing

CHICAGO, Apr. 1.—William D. Shepherd, indicted as slayer of his millionaire foster son, William Nelson McClellock, will be placed on trial almost at once if his counsel fall in their present effort to free him on bail. It has been decided. The defense attorneys today collected affidavits of six witnesses they hoped would cause Judge Hopkins to consider opening up the hearing for bail denied last week.

Nab Alleged Mail Crooks In Buffalo

BUFFALO, Apr. 1.—August Lehman, car cleaner and Herman Kels, alias Chuey Chuey, are in custody in connection with a haul from the mails of Buffalo of \$120,000 in currency Feb. 27. Lehman says he found a pouch containing Federal reserve notes in Detroit on a car sent to be cleaned in the yards where he worked. The authorities found all the money last night except \$20,000. Lehman says he lost in gambling.

MARKETS
CHICAGO, Apr. 1.—Wheat, May, 1.48 to 1.49; July, 1.39 to 1.40. Corn, May, 1.05 to 1.06. Oats, May, 41 to 42.
NEW ORLEANS, Apr. 1.—Cotton, May, 24.41; July, 24.71.

American Bakeries Company

SAY RODEOS ARE EQUALLY SAVAGE AS BULLFIGHTING

Committee Appointed By American Humane Association Eliminate Practice; Is Declared To Be Useless

CHICAGO, Mar. 31.—The only reason or excuse for the rodeo is crowd, indifferent to anything except being entertained and, when aroused, a bloodthirsty one," said a statement of E. K. Whitehead, of the Colorado bureau of child and animal protection, issued here today by George A. H. Scott, chairman of a committee named by the American Humane Association to study ways and means of eliminating the practice. For the brute "there is nothing except unwillingness, force fear, suffering and often death."

"Every spectator at a rodeo is the worse for being one," declared the statement, "as he is a little harder, a little more ruthless, a little more indifferent to the suffering of other creatures, a little more reconciled to injustice, to cruelty, to the pain and blood of helpless creatures."

The need of rough riding and bucking horses has gone, and the need of catching and holding cattle has been developed far beyond the requirements of its original usefulness, continued the statement which pointed out that most of the stunts of the rodeo today were never performed on the old cattle ranges, and many never at all.

In some of the other features of the average rodeo there is less chance for suffering or injury, but in none of it is there anything but fear and pain and sometimes death for the unfortunate dumb animals," said Mr. Whitehead.

"Men also are often injured in the violence between man and beast. But the man can choose, can do as he likes and is not forced in any way. He has, beside, the pleasure of exhibiting his skill, his chance at the prize offered.

"It is our American analogue of the bullfight, also with its eager, bloodthirsty crowds, its tantalized and tortured bulls, its old helpless horses disemboweled on the bull's horns."

HAWIANS TO ASK GODDESS OF FIRE TO AID IN PARTY

Will Ask "Pele to Stir Herself From Her Present Condition of Sloth and Laziness" As Honor For American Tars

HILO, T. H., Mar. 26.—In an attempt to propitiate Madame Pele, the Hawaiian goddess of fire, into activity at her home, the Halemau-pu-pu "House of Everlasting Fire" of the Kilauea volcano on this island, ancient Hawaiian ceremonies and rites in honor of the old gods will be carried out at the pit mouth on Sunday, March 29, according to announcement of Mrs. P. C. Beamer, an authority on Hawaiian ceremonies and legends, who will direct the affair.

The purpose is to persuade Pele to stir herself from her present condition of sloth and laziness, which has persisted since the last great eruption and explosion in May, 1924, in which one person was killed and several others injured, and to exhibit some of her ancient activity for the benefit of the personnel of the United States fleet which will visit the islands this summer.

There will be no lights at the pit on the night of the ceremonies save the flaming torches of ancient pagentry which will be used in the exercises. All the old Hawaiians of the island will be invited to participate in the rites, which will be an elaborate reproduction of those used in the past to honor the goddess.

M. Luahiwa, of Waikeke, Hawaii who was master of chants under the monarchy, will arrange chants and dances which are seldom seen in modern days. He will also prepare the offering of awa root, which is said to be one of Pele's most cherished delicacies.

An old Hawaiian now living at Waikeke, who participated in similar rites long ago.

Light Sought On Benefit Of Foreign Language Studies

NEW YORK, Apr. 1.—The initial step in a three years' nationwide study, aiming to make the teaching of foreign languages more effective in the United States, has been taken by a special investigating committee of the American Council of Education.

Questionnaires mailed to 20,000 secondary schools, asking for statistics on the study of French, Ger-

man, Italian and Spanish will be followed by an investigation in more than 700 colleges and normal institutions in an effort to learn how far the average American needs foreign language as a help toward understanding the English language, and whether modern language, pupils use English more correctly than others.

An interesting feature of the study will be the use of delicate instruments to measure the movement of the eyes in reading foreign texts. Mechanical devices also will be tested as aids in the study of French, German and Spanish.

A new kind of Pie

HIS favorite dessert? At any age sixteen or sixty—the chance are he'll firmly answer, "Pie!" Here a delicious new kind, with all the refreshing grapefruit flavor plus the smoothness of rich custard. And course it's nourishing, because it's made with Borden's Evaporated Milk. The only drawback—everybody'll want a second helping.

GRAPEFRUIT CREAM PIE

3/4 cup grapefruit juice	3 eggs
1 teaspoonful grated lemon rind	1 tablespoonful butter
4 tablespoonfuls flour	3/4 cup Borden's Evaporated Milk
1/2 teaspoonful salt	1/2 cup water
1 tablespoonful lemon juice	5 tablespoonfuls sugar
1 1/2 cups sugar	

Beat egg yolks. Mix thoroughly and mix together flour, and one and a fourth cups sugar. Beat into the egg yolks gradually. Dilute milk with water, bring to boiling point, and pour slowly over the egg-yolk mixture. Cook in a double boiler until it thickens, stirring constantly. Cook three minutes longer. Add butter, fruit juice, and rind. Mix well. Cool and fill baked pastry shell. Beat five tablespoonfuls sugar gradually into the stiffly-beaten whites of eggs. Cover top of pie with meringue; brown lightly in a slow oven. This will make one large pie or two small ones.

Borden's
comes in two sizes; tall (16 oz.) and small (6 oz.)
Order from your grocer's by the half-dozen or more cans.

A credit to any Community

Attractive Service Stations, that are a credit to any community, are erected by this Company and maintained for your benefit, convenience and comfort. The surroundings are clean and business-like. Driveways are safe and easy of access.

Polite and prompt attendants are always ready to serve you, even if you only require water or air.

At these Service Stations POLARINE OIL and CROWN GASOLINE are offered to you as the best motor products obtainable. FREE crankcase service; only charge is for oil used. Differential and transmission service also rendered.

Desert Rat Made Wealthy By Decision Of A Federal Court Has Warned All Women He Won't Wed

SAN FRANCISCO, Mar. 31.—No longer is it a matter of course that a man who has made a fortune in the desert should be a "desert rat" who became wealthy at least a multi-millionaire. The United States Circuit Court of Appeals here recently upholding its decision in favor of the defendant, a man who has made a fortune in the desert, has warned all women he won't wed.

The decision in favor of Carson is a triumph for the defendant, a man who has made a fortune in the desert, has warned all women he won't wed.

Famous Whaler To Enter New Career In Motion Pictures

LOS ANGELES, Mar. 31.—Conversion into a motion picture ship will be the fate of the picturesque old barkentine, Narwhal, which for more than 40 years was conspicuous in Pacific coast shipping, and whose romantic history over a half period reads like the pages of old time fiction.

The Narwhal, built at San Francisco in 1883, is one of the finest example afloat of sailing ship construction in the view of the shipping men. Immediately after her launching she was entered in the whaling industry, in which she remained for many years. During that time she established many records, both in whale catches and fast cruises. After leaving the pursuit of whales, the craft was used for a number of years in the trade to the South Seas.

The final voyage of the Narwhal ended last year when she crept into San Francisco harbor from an expedition to the South Sea. On her outbound trip from San Francisco, the barkentine disappeared for a period of 16 months and was recorded as lost at sea. She later appeared at a South Sea port, however, bearing stories of terrible hardships.

Shooting a year casting anchor at San Francisco the Narwhal was sold at auction to satisfy claims, and the motion picture interest that acquired the old-time whaler will move her down the coast to San Pedro.

On High Bench

Damages Locomotive, Court Fines Driver

SAN MATEO, Cal., Mar. 31.—A San Mateo woman has received the Supreme Court, Miss Dorothy Straus, New York sitting in the high court accounting proceedings is the first case to be given power to hear and determine the result of such a case.

The evidence indicated that the locomotive was damaged by the driver, and the court entered judgment accordingly.

Introduce Boxing In Curriculum of Japs

SAN FRANCISCO, Mar. 31.—James K. Fisk, state adjutant of the American Legation, has received word that as the result of Legion activities in Tokyo, boxing has been introduced into the curriculum of Japanese military academies.

This came about through a mixed boxing-judo-jiu-jitsu match arranged by the Tokyo post at the request of General Ugaki, military governor of the area.

BIBLE THOUGHT FOR TODAY.

PRAYER: Enable us, we pray Thee, O Lord of Life, to seek the things that do not pass in using but the things which abide.

IN THE LIMELIGHT

The fire upon the hearth is low,
 And there is stillness everywhere,
 And, like winged spirits, here and there
 The firelight shadows fluttering
 And as the shadows round me creep
 A childish treble breaks the gloom,
 And softly from a farther room
 Comes: "Now I lay me down to sleep."
 And, somehow, with that little prayer,
 And that sweet treble in my ears,
 My thought goes back to distant years,
 And lingers with a dear one there;
 And as I hear my child's amen,
 My mother's faith comes back to me—
 Couched at her side I seem to be,
 And mother holds my hands again,
 Oh, for an hour in that dear place
 Oh, for the peace of that dear time—
 Oh, for that childish trust sublime—
 Oh, for a glimpse of mother's face!
 Yet, as the shadows round me creep,
 I do not seem to be alone—
 Sweet magic of that treble tone
 And "Now I lay me down to sleep."
 —Eugene Field.

No let up this summer. Build for next winter.

The most sentimental man in the world is the onion eater.

Some subdivisions have deteriorated into long division.

Boost your home town. Don't expect outsiders to do it if you won't.

"Sleeps in Furnace, Burned to Death," reads a headline. Well, he ought to be.

Gerald Chapman apparently has brains. Too bad he didn't use them to some good end.

Poverty drives one man to steal and 99 men to work.—Boston Traveler. Or vice versa.

They say that the reason Bolshevism isn't spreading much any more is because Russia has quit raising Hell for export.

British who love scandal have been well supplied with material recently.—Tampa Tribune. Reading American newspapers.

The Marquis de la Falaise de Coudray is reported considerably better now. It has taken Gloria Swanson several weeks to get used to her name.

Reading about this Moving Mountain which is said to have shifted one hundred yards across Rio Blanca Valley in Colorado, reminds us of some of the men in our own office.

The Dearborn Independent has figured it out that when the baseball hero makes an extraordinary play and the crowd goes wild, the extra strain on the grand stand amounts to three hundred pounds a square inch. Moral: Don't shout.

Should the President's love of suspenders spread and the popularity of belts wane, it's going to be a little hard for the bachelors who have enough trouble trying to keep buttons on their shirts without worrying about suspender buttons.

Sanford is out after its prorata of publicity. Not content with being the champion celery section of the nation, it now claims to have the oldest bob-haired woman. She is 88 years of age, and says short hair is not only a time saver, but

Paying Your Own Way

The cost of a college education is steadily increasing year by year, according to figures which the Tampa Tribune has collected and presented in a well written editorial of a few days ago. Though these figures at first may appear discouraging to a poor boy seeking higher learning, still the increase is scarcely larger proportionally than the general increase in the cost of living.

The student at the University of Kansas, according to the figures, is put to an annual expense of \$827, while at the University of Illinois he must pay out \$900 each year. At some of the eastern colleges the necessary expenses run as high as eleven and twelve hundred dollars.

However, generally speaking, there is no reason why anyone, regardless of his financial status, cannot get a college education if he wants it and if he is willing to work for it. The self-help bureaus in practically all of the larger colleges make it possible for students to earn part, and in many cases all, of their expenses while going through college.

At the Kansas state agriculture college last year, it is said that forty-five per cent of the student body were entirely self supporting; eleven per cent paid part of their own expenses; while only thirty-three per cent earned no part of their expenses at all. From a recent vote taken in the senior class at Yale, it was found that nearly half were working for part of their expenses, and a large proportion paid their own way entirely.

How the students are enabled to do this, to work a sufficient number of hours to earn eleven or twelve hundred dollars a year, and yet keep up with their classes, is explained by the selfhelp bureaus. These bureaus are responsible in large measure for the placing of students in positions where they can earn the greatest amount of money in the shortest time. They get jobs for the students in eating houses, in cleaning and pressing establishments, in laundries, in wood services, in tutoring school, in the offices of the universities, and in a thousand and one odd jobs where they can make enough to make both ends meet.

So the time has past when only a rich man can continue in school. Were Abraham Lincoln alive today, he would not walk fifteen or twenty miles to borrow a book in which to glean knowledge, he would be doing out hash in the Commons of some big university in order that he might more readily have access to thousands of books in the library about which the university is built.

The Ten Commandments

Now that practically everyone in Sanford has become a real estate agent, or is working for someone who is, the matter of salesmanship is doubtless uppermost in the minds of all. The paramount question of the hour is, "How can I make him buy?" And everyone is asking that question, while, needless to say, quite a few have found the answer.

At the same time the ten commandments are being overworked. We do not mean the Ten Commandments, as Moses read them to his people, but the "ten commandments" of good health, the "ten commandments" of safety first, the "ten commandments" of etiquette, and the "ten commandments" of "How to be happy, though married." Now comes forth the Success magazine with the "ten commandments" of salesmanship.

So, while everyone is bored to death with commandments of one kind or another, it might not be amiss at this time when everyone is so tremendously interested in closing some sale, or other to list these few commandments on salesmanship. They might help in swinging that deal. Here they are:

- Thou shalt be a man first of all.
- Thou shalt be all there.
- Thou shalt smile even tho there is pain in thy heart.
- Thou shalt not radiate thy doubts to thy prospect's mind.
- Thou shalt not talk down, nor speak disparagingly of a competitor.
- Thou shalt size up thy prospect and adapt thyself to his mood.
- Thou shalt have confidence in thyself and in what thou art selling.
- Thou shalt always approach thy prospect like a conqueror, like a man in the habit of winning.
- Thou shalt know thy goods and be able to speak convincingly about them.
- Thou shalt keep thyself fit every day to tackle the most difficult prospect, to do the biggest thing possible to thee.

MY FAVORITE STORIES

BY IRVIN S. COBB

The original of Peter Dunne's immortal character, "Mr. Dooley," kept a saloon in Chicago much frequented by newspaper men. He was a born wit, and in his way—and a very good way it was, too—a philosopher and a student of human nature in its varying aspects. One wintry evening as he perched behind his bar in friendly conversation with two of his regular patrons there entered a so-called journalist whose reputation as a ready borrower and a poor payer was more than citywide.

"Uncle John," he said briskly, "I'm detailed to an out-of-town assignment and I'm a little short of cash—need some coin for traveling expenses. Slip me a ten-spot, will you? I'll hand it back to you sure on my night along with the rest of

the small loans I've had off of you lately.

The old man's face gave no sign of his feelings. He lifted his broad bulk, waddled to the damper, extracted from the till a bill and without a word passed it across the bar to the promising man.

The latter, murmuring his thanks started to cram it in his pocket but took a second glance at the green-back.

"Hold on here, Uncle John," he said. "I needed ten bones and this bill is only a five."

"That's all right, me son," said Uncle John; "it makes the thing come out even."

"What do you mean, makes the thing come out even?"

"Why, five I lose and five you on my night along with the rest of

As Brisbane Sees It

Good Friends With Canada.

 (Copyright 1924)

SOME OF Canada's able men suggest getting out of the League of Nations, which they call unnecessary expense and a dangerous entanglement for their country.

The fact that this country stays out of the league has some weight with our neighbors in the north.

A GOOD League of Nations might be constructed on this continent with Canada and the United States as foundation members. A league to take care of America, North and South, leaving Europe to look after Europe, would be popular and useful.

Close and friendly relations between Canada and this country over especially important. Our interests manner and standards of living are practically the same and this country could learn several things from Canadians.

THE LATE Theodore Roosevelt's letters to his friend, Cabot Lodge and his remarks to others are interesting. W. J. Bryan he called a "Small man and a demagogue," and of Woodrow Wilson, he said to a naval official, "The man (Wilson) is a physical coward."

Theodore Roosevelt spoke plainly, especially in these private letters, published after his death with the consent of his family.

WHAT YOU are at birth limits definitely your future possibilities. Your surroundings and education may enable you fully to develop all that you have in you. But nothing can be added to the limits that are fixed with your first breath of life.

THEREFORE it is a comfort to hear from Professor T. H. Morgan, eminent biologist of Columbia University, that every one of us has, from his ancestors, a mental and physical inheritance at least 90 per cent good.

Had the percentage been lower, the ancestors would not have survived and would have no descendants.

WHY A BLUE-EYED man and woman never have brown-eyed children. How it happens that a taste for drugs or drink is never inherited and many other interesting things Professor Morgan can tell you. But the most important is this:

Ninety per cent of the hereditary forces within you are working on the side of virtue and success.

NEWS FROM Paris will interest railroad men of the kind that think. For the cheapest airplane trips from Paris to Rouen, a distance of 80 miles, a 50,000 franc prize was offered. Brouhin, a French flier, made the trip at a total cost of 80 cents, one cent a mile for gas and oil. And he won the prize.

Up in the air there are no roadbeds or rails to be kept up, no friction or bumping, wearing out rolling stock. Before the Fords get through with their airplane building, they will carry ten passengers from Detroit to Florida for one-quarter of the present fare, in one-third of today's running time.

ALLA BUX WAZIR, aged uncle of the beautiful Nautch girl Muntaz Begum, tells how the girl's new "protector," a rich merchant, having taken the dark skinned Muntaz from her rightful "owner" the Maharajah of Indore, was murdered for his audacity.

IT IS THE old story of Troy, with Muntaz Begum in place of Helen, and with conspiracies, high officials paid to plan to murder and other details to warm the heart of any magazine editor, looking for an exciting story.

Could you imagine better names, ready made for romance than Muntaz Begum, Alla Wazir, and the Maharajah of Indore.

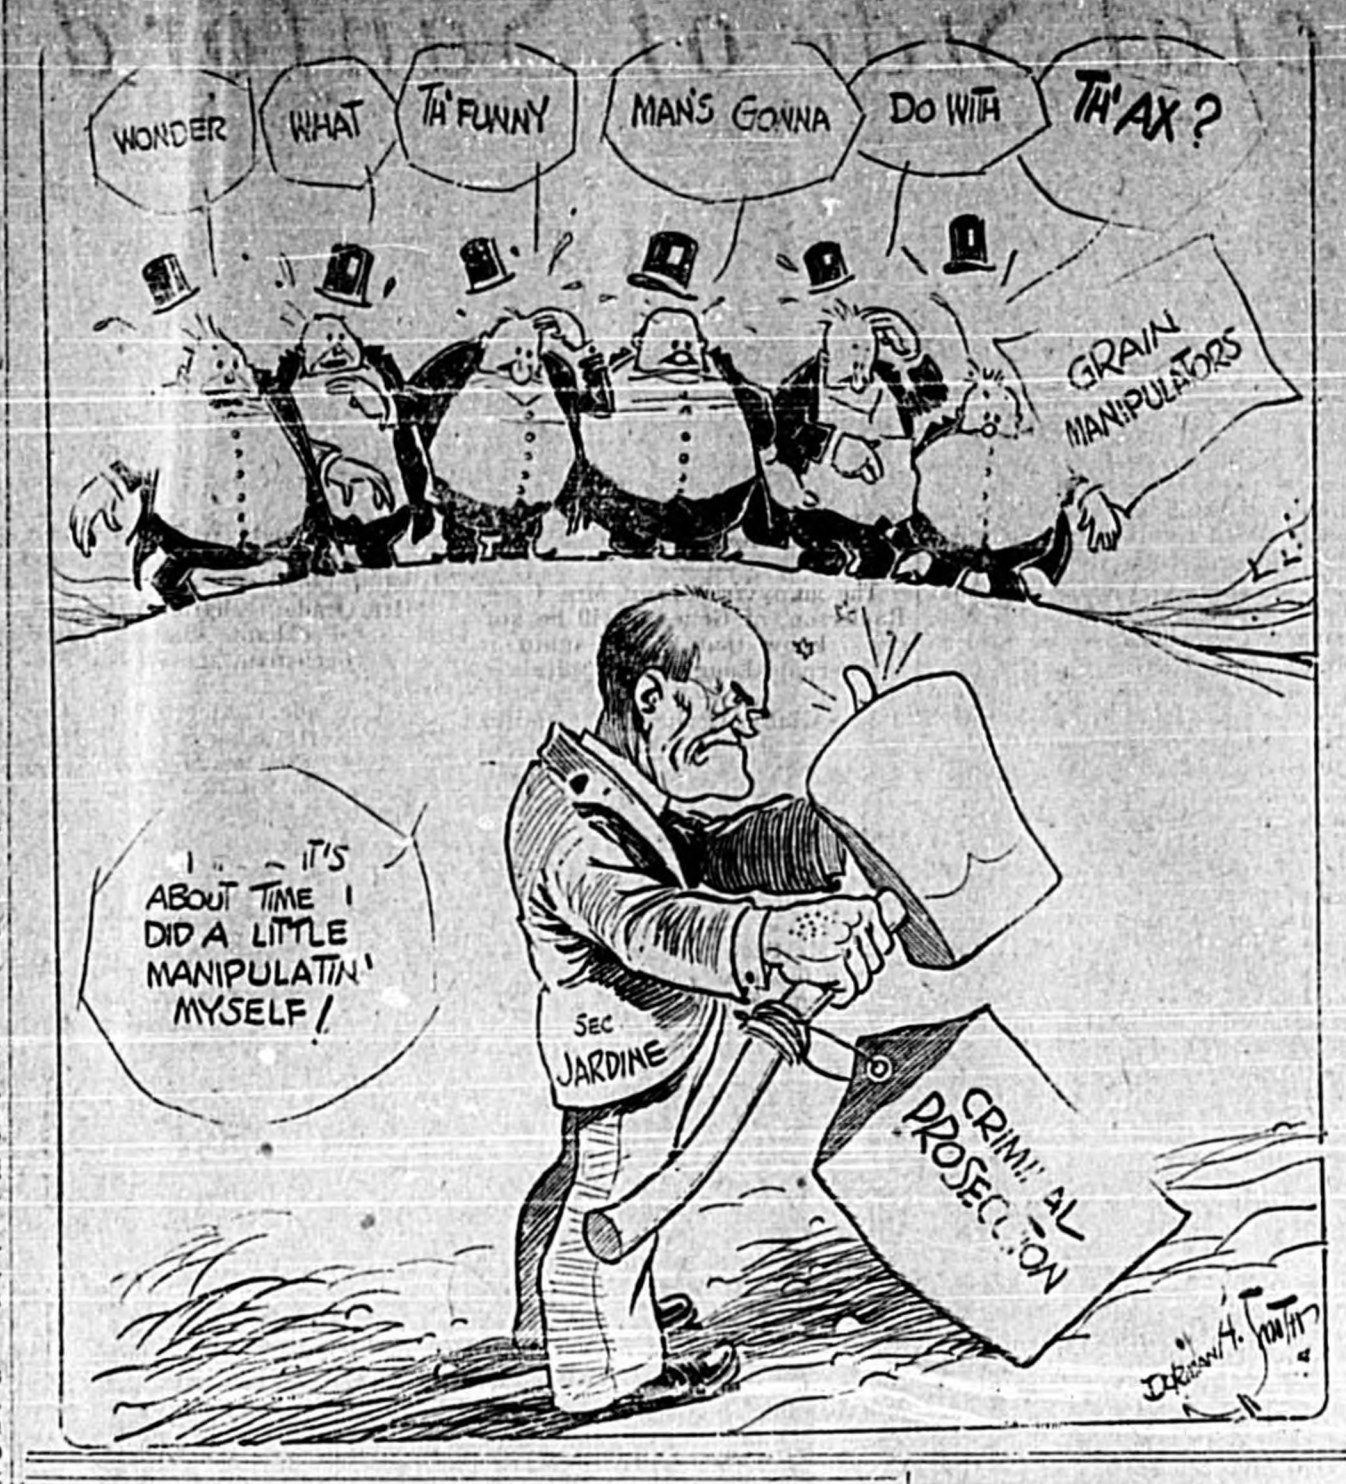

Poor little Muntaz, with the slim ankles, said and delivered had her delicate brown face slashed with the knives of hired murderers, to other man might own her beauty. That is the sad part of the story.

SECRETARY WILBUR, according to a dispatch to the New York Times, is worried. It seems that eleven warships, with all their anti-aircraft guns, blazing away to the limit, at an aircraft target, were unable to score even one zing hit.

THE SECRETARY has demanded a report, and that is a good idea. A better idea would be to build about 4,000 fast fighting airplanes.

What do you think a half dozen bombing airplanes would have done to those 11 warships, while they were shooting off their comic-opera anti-aircraft guns.

THEM MANIPULATING BLUES

A REAL PROBLEM
ST. PETERSBURG INDEPENDENT

Largely because of the attitude of her dominions, Great Britain stands today in respect to the Geneva protocol much as the United States did on the League of Nations. The protocol is a rewriting of the covenant specifying how the league members should proceed against recalcitrant members. The United States kept out of the league largely because of the fear that it would embroil her in quarrels in which she had no interest. British dominions now oppose the protocol because they do not want to enter commitments for the security of various European boundaries.

The Geneva protocol therefore will not be supported by Great Britain, despite the fact that it is the product chiefly of Ramsey MacDonald and M. Herriot. Some other way to assure the security of Europe will have to be worked out, and it is the purporters of this question which are agitating Europe today. Germany has made advances for the formation of a European peace association to include England, France, Belgium, Germany and possibly Poland. England appears favorably disposed to accept Germany in a new partnership of concord, but French suspicion presents a barrier.

ABOUT READING THE NEWSPAPERS

FLORIDA TIMES-UNION

The Spartanburg Journal recently said in this day and time there is a vast difference between reading the daily newspapers and reading it intelligently. Its printed pages should and does contain something more than the funny features, the sport page, the society column and the latest on current crimes, court litigations and politics. However important any of these features may seem, they are but incidents after all in the getting up of a paper.

Chronicling current events is recording history while it happens. Intelligent comment on these events is helpful to the reading public. There is room for improvement in the secular press, as elsewhere, and Prof. Grant M. Hyde, of the University of Wisconsin says: "If we are to have better newspapers, a better community, a better government, we must train a generation of young people to demand better newspapers and to read them intelligently," and adds that such a training is the job for high school and college teachers.

He emphasizes the necessity of the newspaper as follows: "Without the newspaper, our social system would be inarticulate, our democratic government impossible, modern business could not exist. But its influence is only partly effective because the American public, while buying millions of newspapers, does not read the important things in them."

Publishers of American newspapers are today undertaking to make their newspapers more entertaining and useful, and feel that they have an important work in thus offering and proposing a matter of intelligence and advice. As has often been said, and with full truth, the accuracy of the news printed is of first consideration. This must be maintained if the newspaper is expected to continue its clientele and if it is the number of its readers that determines the newspaper's capacity to make a living for the army of workers entailed in the average modern American newspaper.

It would be well to have the newspaper read in the high school and it is desirable to have the children at an early age, take an interest in them. Newspapers are sometimes thought to have matter that is not particularly designed for the improvement of young minds, but this surely cannot be helped. The world is not ready to reduce its mental exposition to the first or second grade understanding and profit. There is, however, the certainty of children hearing a great deal that is beyond their comprehension and the newspaper can hardly injure the prospect of the youngest readers. It can often add to their progress. Newspapers in school is not altogether a new proposition, but it is not nearly so general as it could be, with general advantage.

Story Hour at the Library at 10 o'clock.
Reading Club at the Library at 2 o'clock.

DISTANT STARS SURPASS SUN IN SIZE AND HEAT

One Star With Three Times Heat of Sun Is Found by Scientist of Smithsonian

WASHINGTON, Mar. 30.—Estimating the diameters of 10 of the brighter stars by separating their heat into a long spectrum and measuring the heat of the different colors and then calculating the probable temperatures of each of these heavenly bodies, was the work of Dr. C. G. Abbot, director of the Astrophysical Observatory of the Smithsonian Institution, during a recent series of field experiments, whose results have just been published.
A star, having nearly three times the heat of the sun, was among those observed by Dr. Abbot. This was Beta, Rigel, having an estimated absolute temperature of 16,000 degrees centigrade, compared with the sun's 6,000 degrees centigrade. Other stars observed with a greater temperature than that of the sun were: Vega, absolute temperature, 14,000 degrees centigrade; Sirius, the bright star in the heavens, 11,000; Procyon, 8,000. The other stars were Capella, 5,800; Aldebaran, 3,000; Rata Pegasi, 2,850; Betelgeuse, 2,600; and Alpha Herculis, 2,500.
The last two have an estimated diameter 500 times greater than that of the sun.
Dr. Abbot used in this work a radio-meter, constructed under the direction of Dr. E. F. Nichols, pioneer in measuring the heat of the stars. Utilizing the giant telescope at the Mount Wilson Observatory in California, with its 100 inch reflecting lens, Dr. Abbot was enabled to obtain fairly accurate measurements of the heat of the different colors, even far into the infra-red. Curves were drawn, indicating the spectral distribution in the radiation of blue, white, yellow and red stars, and estimates of their probable temperatures were made.

Big Prizes Offered To Cattle Breeders

CHICAGO, Apr. 1.—Agricultural fairs and dairy cattle shows having district, state-wide, regional and national prominence will share in the \$25,000.00 in cash and other awards offered by The Holstein-Friesian Association of America this year as special prizes for the showing of Holsteins. These awards are made in addition to the regular prize offerings of each fair and dairy cattle show.
A new feature this year is to be provided in the prize awards for State herds at the National Dairy Show. The rule requiring the appearance of not less than five entries in the judging ring to fill this class has been revised and the following sliding scale of prizes is now effective: One herd \$75; two herds, \$100 and \$75; three herds, \$125, \$100 and \$75; four herds, \$150, \$125, \$100 and \$75; and for five or more herds, the regular prizes, \$250, \$150, \$125, \$100, \$75 and \$50.
In addition, special prizes totaling \$500 are offered on Holstein herds in this class by the Holstein Association.

BRITONS FAVOR CYCLES.

LONDON, Apr. 1.—Great Britain has 1,242,000 motor vehicles, according to the latest figures announced by the ministry of transport, which states that during 1921 the gross receipts from motor taxation amounted to \$75,000,000. This number includes 434,000 private cars, 441,000 motorcycles, 210,000 commercial motors and 84,000 taxicabs and omnibuses.

AN EXHILERATING EFFECT.

A bottle of Herbine on the shelf at home is like having a doctor in the house all the time. It gives instant relief when the digestion gets out of order or the bowels fail to act. One or two doses is all that is necessary to start things moving and restore that fine feeling of perfect health. Price 60c. Sold by Laney's Drug Store.

Missionary Society Gives March Report

The regular business meeting of the Methodist Missionary Societies, was held in the church parlors, Monday Mar. 30. Mrs. G. W. Spencer, president, was in charge. After the devotional and regular order of business, many interesting reports were read from the six circles, showing an increase and much added interest in the work. Mrs. Spencer was elected as delegate to represent the Sanford Auxiliary at the State Woman's Missionary Conference to be held in Miami, Apr. 21-23.
Monday, Mar. 16, the "Program meeting" was held at the home of Mrs. Claude Herndon, with Mrs. Turner as leader. A very interesting program on "Korea" was given, after which the hostesses, Mrs. Elder, Mrs. Spencer, Mrs. Douglas and Mrs. Herndon served delicious refreshments.
Circle No. 3 met Monday, Mar. 30 at the home of Mrs. Walter E. Raines on Holly Avenue at 3 o'clock. There were 18 present and worked on the many beautiful things being made for the bazaar. Mrs. Raines and Mrs. A. W. Epps served a dainty salad course.

What a Difference!

WHAT do your walls mean to you? A drab surface which robs the whole room of its beauty or a clean, bright, restful playground for the eye?
If neglected walls could speak, they'd ask for Devco Velour Finish. It brushes out freely, covers perfectly, and dries quickly into a flat, velvety washable surface.

Ask us about the Devco Home Improvement Plan whereby you can paint your house—inside and out—and pay for it in ten monthly installments.

LOT SALE

Thursday, April 2

2:00 P. M.

UMATILLA

Free Lot

"The Town of Groves"

PALM COURT
My plans for the future make it necessary for me to dispose of my home place and other property at Umatilla, Lake County, Florida.

EASY TERMS
This property will be sold in public auction to the highest bidder for cash or on easy terms of suit purchasers.

FURNISHED HOME
Completely furnished 6-room house with second story, sleeping porch, bath, and electric lights, fronting on one of the very best paved streets overlooking Lake Umatilla. A desirable place to live and will probably sell for about one-half its value.

LAKE FRONTS
Palm Court and Orange Court subdivisions are both beautiful properties fronting on and high above Lake Umatilla right in the middle of the original town, surrounded by good homes and bearing orange groves. I will offer two wonderful corner lots fronting on Lake Umatilla as well as several other very choice lots in Palm Court fronting on a street lined with graceful palms twenty-five feet tall.

PALM AVENUE
I will also offer in Orange Court several beautiful corners and other lots that will make the finest homesites. Also nine big lots on grapefruit trees, every lot fronting on the lake or the palm-lined street, high and dry, overlooking the lake and all within five minutes walk of the churches, schools and the business center of Umatilla.

PAVED STREETS
Lots will all be sold free and clear. Purchaser of furnished home and orange groves may pay cash or assume the amount due on the original purchase price.

BEARING GROVE
Every piece of this property will be sold regardless of the price. Come and see it, but what you are willing to pay. It is not probable that another such opportunity will come soon to purchase such desirable property in such a splendid town and on such easy terms. You can get one or two years in which to pay at 5 per cent interest.

QUICK PROFITS
Come to Umatilla, Thursday, April 2, 1925. The sale will start at 2 P. M. on the property in the heart of the residence section east of the business district on beautiful Rose Avenue.

THOS. A. DAVIS, Owner.
Umatilla, Lake Co., Fla.

MACKMEN WIN FROM BREWERS IN GOOD GAME

Large Crowd Sees Athletics In Winning Form On Municipal Athletic Field: Final Count Contest Is 5 and 3

To Play Bisons Here Wednesday

Two Double Plays, A Triple And a Three Bagger are the Highlights Of Fast Battle

Manager Harry Clark's Milwaukee Brewers went down to defeat before Connie Mack's Philadelphia Athletics by a score of 5-3 yesterday afternoon before a good-sized audience at the Municipal ball park.

An attack in the ninth inning that belted two runs decided the argument in favor of the Mackmen. A neat single by Bishop, Lamar's sacrifice, a hit batsman, Hauser's single between first and second base and a sacrifice fly by Simmons brought the battle to a fitting close.

The Wisconsin team used a trio of writers, including Eideiman, who started, and Saunders and Smith, while Gray, who entered the fray for the Athletics, retired in the fifth inning in Walberg's favor. A triple by Armstrong, and McCarthy's double were the long distance hitting feats.

Two double plays were executed by the Philadelphia infield and a total of six errors for the two teams did not prevent the game from being one of the best seen at the local park this year.

The Milwaukee club crossed bats with the Buffalo Bisons of the International League this afternoon at 4 o'clock at the Sanford ball field. Inasmuch as the American Association and International league are considered on a par, the game should be evenly contested.

Reading of the International league opposes the Milwaukee club Thursday here for the final practice game in Sanford. The two teams will also meet at Leesburg Friday. The Reading-Milwaukee game at the local ball park will begin at 3 o'clock.

Following is the summary of yesterday's game:

MILWAUKEE	AB.	R.	H.	E.
Riehbauer, rf	5	0	0	0
McCarthy, ss	5	1	1	1
Griffin, 1st bs	4	1	2	0
Ernst, lf	4	0	1	0
Schulte, cf	4	0	2	0
Armstrong, 3b	4	0	2	0
Skiff, c	2	0	1	0
Young, c	1	0	0	0
McNenney, c	1	0	0	0
Eidelman, p	1	0	0	0
Saunders, p	1	0	0	0
Smith, p	1	0	0	0
Melillo, 2b	1	0	0	1
Strohn, 2b	1	0	0	0
Luce	1	0	0	0
Total	35	3	7	2

PHILADELPHIA	AB.	R.	H.	E.
Bishop, 2b	5	1	1	0
Lamar, lf	5	1	1	0
Miller, rf	4	4	4	0
Hauser, 1b	4	0	1	1
Simmons, cf	4	1	1	0
Cochrane, c	4	0	3	0
Dykes, 3b	3	0	1	1
Smith, ss	3	0	0	2
Gray, p	1	0	0	0
Walberg, p	1	0	0	0
Total	35	5	10	4

Three base hit, Armstrong; two base hit, McCarthy; stolen bases, Melillo, Brief, Miller; Struck out by Gray, 1; Malberg, 3; Smith 1; bases on balls of Eidelman 1; Saunders, 3; Gray 1; Walberg 2; double plays, Bishop to Smith to Hauser, Smith unassisted to Hauser; sacrifice hits, Schulte, Lamar, Simmons.

FIRST GAME OF LOCAL CLUB IS COMING FRIDAY

Tentative Lineup of Local Diamond Artists Announced By Nick Carter Today

The first appearance in Sanford of the local club of the Florida State League, when the Macon, South Atlantic League club, will be played, scheduled originally for Saturday, will be played Friday, it was announced Wednesday morning by Nick Carter, local team manager. The game will start at 3 o'clock, the time at which the majority of the exhibition matches have been started during the spring training season.

Local players have been working on the municipal field for the past week. Uniforms have arrived and the team otherwise is equipped to begin the season.

Expect To Close Gibbons-Tunney In Championship Bout

NEW YORK, Apr. 1.—Officials of the Polo Grounds Athletic club today announced they expected to close negotiations tomorrow for the pending light-heavyweight match here between Tom Gibbons and Gene Tunney. This announcement followed a conference between Jimmy DeForest, match-maker of the Polo Grounds A. C. and Eddie Kane, manager of Gibbons.

DeForest said he went into consultation with Kane following the abandonment by Gibbons' manager of all hope for a meeting between Tom and Harry Wills at the Milk Fund show in May. Kane had issued an ultimatum to the Milk Fund promoters last night that they must produce a signed contract from Wills by noon today or the fight would be considered off. The conference between Kane and DeForest followed the failure of the Milk Fund match-makers to meet Kane's demand. According to DeForest, the match between Gibbons and Tunney which has been tentatively fixed for June 12, was virtually clinched today, the only hold-up being the absence from the meeting of Billy Gibson, manager of the American champion. Gibson will be present at the conference tomorrow, and DeForest said he was confident of obtaining the signed contracts of the two principals.

The rest of the lineup is as follows: Thompson, catcher; Stanaac, third base; Hall, shortstop; Kinsey, second base; Bailey, first base; Curley, right field; McLean, center field; and Walsh, pitcher.

Admission for the opening game will be 50 cents for the bleachers and 75 cents for the grandstand.

New Standard Six Phaeton \$895

A New Companion to the Famous "43" Cleveland Six!

A Lighter Six of Finest Quality

NOW you can enjoy Cleveland Six performance in a model that is lighter, more compact and lower priced than the famous "43" Special Six.

Now—with an investment of less than \$900—you can revel in the sensational power, speed and stamina that Cleveland Six displayed when it smashed all records on Mount Wilson, Mount Diablo, and Mount Baldy—

—when it made its electrifying run of 1000 miles in 745 minutes!

For this new car—the Standard Six—embodies exactly and explicitly the fundamentals that stamp its famous companion as one of the outstanding cars of all time.

In its design, material, workmanship and equipment the strictest quality standards have been maintained.

All models have the "One-Shot" Lubrication System; all are finished in sagebrush green Duco; all are equipped with full balloon tires, four wheel brakes are optional at slight additional charge; all have the rugged construction that insures long life and low maintenance.

See this new car! Drive it!

Uncanny in performance, superbly comfortable, full dimensioned for five passengers, striking in appearance—it will give you an experience unlike any you have ever had before—no matter what size or type of car you are accustomed to driving!

"One-Shot" Lubrication System

Thousands of enthusiastic Cleveland Six owners testify to the convenience and economy of the "One-Shot" Lubrication System. Despite the high cost, this exclusive feature has been incorporated in the chassis of the new Standard Six. You step on the plunger and oil every chassis part. No grease guns. No oil cans.

(The "One-Shot" Lubrication System is licensed under Powers Products Co. patents)

THE PERENNIAL PEDDLER

All the selling devices and methods originated during the modern industrial age have not succeeded in eliminating the peddler, who was probably the first distributor of merchandise, the business embracing. If he does not exist in his old-fashioned guise, he is still with us in canvasser. And he is here to stay declares Alvin E. Dodd, Manager of the Department of Domestic Distribution of the Chamber of Commerce of the United States.

"House-to-house canvassing," he said in an address to a national trade organization, "although probably one of the earliest forms of merchandising, is manifested in a new form which, although of distinctly sporadic and apparently accidental character, now is accepted as a generic and seemingly of a permanent character. I do not know how many kinds of merchandise are distributed in this manner, but it must amount to many hundreds of separate articles embracing the whole alphabet of small commodities and even some larger sizes. The practice received a serious setback during the period when the sale of lightning rods was associated with the utterances of fraudulent notes, but this stigma has not attached to the sale of sewing machines in rural communities. A list of several hundred articles sold in this manner has been prepared. It contains nearly everything that can be bought and sold, including even cemetery lots."

ARKANSAS FOR BUSINESS

LITTLE ROCK, Ark., Apr. 1

The Arkansas legislature wants textile mills in the state and would exempt them from taxation for seven years. The question will be voted upon in the form of a constitutional amendment at the next state election.

Twice before the legislature has attempted to induce mills to locate to the state by cutting out taxes over a period of years. Each time the effort has failed, due to constitutional provisions regarding the adoption of constitutional amendments.

CITATION

—Ethel C. Marks, widow, a non-resident of the State of Florida, whose place of residence is Hartsville, Marlinton County, South Carolina, and Thomas L. Boyd, if living, and wife, if living, and if either, any or all of the said parties defendant, do hereby appear in and defend against the claim of the said plaintiff, claiming interest in the property hereinafter described, or any part thereof, and to the lands hereinafter described, situate, lying and being in the County of Seminole and State of Florida, more particularly described as follows, to-wit: The East 408 feet of the South Half (S 1/2) of the Southeast Quarter (SE 1/4) of Section 35, Township 19, South of Range 30 East; and to any and all other persons whose names are unknown, claiming any right, title or interest in the property hereinafter described, or any part thereof.

It is hereby ordered that you and each of you do appear before our said Circuit Court at the Court House at Sanford, Florida, on the 4th day of May, A. D. 1925, and there make answer to the bill of complaint exhibited against you in this cause.

It is further ordered that this order be published in The Sanford Herald, a newspaper published in Sanford, Seminole County, Florida, once each week for eight consecutive weeks.

WITNESS my hand and the seal of the Circuit Court of the Seventh Judicial Circuit of Florida, In and for Seminole County, Florida, this 1st day of April, 1925.

By A. M. WEEKS, D. C., Clerk of the Court.

By G. A. BACCHETTI, and G. W. SPENCER, Attorneys and Counsel for the Complainant.

IN CHANCERY

Henry W. Jefferson, Complainant, vs. Anna Harry Jefferson, Defendant.

Order of Publication

The State of Florida, to: Anna Harry Jefferson, defendant in the above styled cause.

It appearing by the sworn bill of complaint herein filed that it is the belief of the complainant in the above entitled cause that you are a resident of a State or Country other than the State of Florida and that there is no person in the State of Florida whose name is known to whom you would bind you, and who upon your order that you, Anna Harry Jefferson, do appear in and defend against the claim of the said plaintiff, claiming interest in the property hereinafter described, or any part thereof, and to the lands hereinafter described, situate, lying and being in the County of Seminole and State of Florida, more particularly described as follows, to-wit: The East 408 feet of the South Half (S 1/2) of the Southeast Quarter (SE 1/4) of Section 35, Township 19, South of Range 30 East; and to any and all other persons whose names are unknown, claiming any right, title or interest in the property hereinafter described, or any part thereof.

It is hereby ordered that you and each of you do appear before our said Circuit Court at the Court House at Sanford, Florida, on the 4th day of May, A. D. 1925, and there make answer to the bill of complaint exhibited against you in this cause.

It is further ordered that this order be published once a week for eight consecutive weeks in The Sanford Herald, a newspaper published in Sanford, Seminole County, Florida.

IN WITNESS WHEREOF, I have hereunto set my hand and official seal of this the 1st day of March, 1925.

V. E. DOUGLASS, Clerk Circuit Court.

Waters' Kandy Kitchen

By GEORGE McMANUS

DRINK WATER IF BACK OR KIDNEYS HURT

Too much rich food forms acids which excite and overwork the kidneys in their efforts to filter it from the system. Flush the kidneys occasionally to relieve them like you relieve the bowels, removing acids, waste and poison, else you may feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, the stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, the channels often get irritated, obliging one to get up two or three times during the night.

To help neutralize these irritating acids and flush off the body's urinous waste, begin drinking water. Also get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine and bladder disorders disappear.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive and makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help prevent serious kidney and bladder disorders.

By all means, drink lots of good water every day. Have your physician examine your kidneys at least twice a year.

—Adv.

SIGNS YOU CAN BELIEVE IN

If your breath is bad and you have spells of swimming in the head, poor appetite, constipation and a general no-account feeling it is a sign your liver is torpid. The only one really dependable remedy for all disorders in the liver, stomach and bowels is Herberine. It acts powerfully on the liver, strengthens digestion, purifies the bowels and restores a fine feeling of energy, vim and cheerfulness. Price 60c. Sold by Laney's Drug Store.
