

## PROPOSAL TO TAX WEALTHY IS ATTACKED

### Mills Says Democratic Plan Would Not Produce Enough To Meet Requirements

By CEDIL B. DICKSON  
WASHINGTON, Dec. 30.—(A.P.)—Democratic proposals that the wealthy bear the brunt of increased taxes were assailed as "inadequate" last night by Undersecretary Mills of the Treasury.

Sizing as the target of his criticism a statement by Representative Rainey, floor leader of the House Democratic majority, Mills asserted huge tax increases would not meet the Treasury's needs because the large incomes on which they would be levied have virtually been wiped out.

Rainey's program, with which many Democratic leaders are not in agreement, proposed repeal of the capital stock gains and losses provision of the present tax law and urged netting increased taxes payable on income of 1931. He opposed increasing the rate on small incomes and suggested a maximum rate of 60 per cent. He also proposed a bond issue to cover part of the Treasury deficit.

Informing of the Mills statement, Rainey's program said: "Nobody has been authorized to speak for the Democrats; Party on a tax program, and nobody has. There is no complete program yet. Mr. Mills can set up a straw man and knock him down if he wants to, but it's nothing more than a product of his imagination."

Other Democratic leaders made it clear today that Rainey was speaking as an individual and not for the party. They tendered in some of their views and differ on others. However, the Democratic leaders have agreed in general that the wealthy should carry the bulk of the tax increase burden. In addition (Continued on Page Six)

## Nathan Mayo Will Be Guest Of Trade Body On January 7

Nathan Mayo, of Tallahassee, Commissioner of Agriculture of Florida, will be the guest of the Seminole County Chamber of Commerce on Thursday, Jan. 7, the opening day of the Better Farming Show to be staged at the Sanford Army.

At 12:15 o'clock Thursday he will speak at a Seminole County Chamber of Commerce luncheon in his honor, at the Waldor Hotel. As the speaker of the dining room he will be seated at the table with Mr. Mayo. The City Hall will be the scene of the first 75 persons purchasing tickets at the trade body office in the City Hall will be accommodated. In the light of the experience of many who were turned away from the luncheon to dinner and Mrs. Doyle E. Carlson, because there were no seats available, the public is urged to secure these tickets early.

At 5:30 o'clock, Commissioner Mayo will officially open the Better Farming Show at the Army where a large audience will greet him.

This is the fourth annual Better Farming Show conducted by the Agricultural Department of Seminole County. More than 100 exhibits are anticipated, as well as some of interesting exhibits. All the commercial space, both in the Army and in the tents, except for 12 feet, has been sold.

## Elks Thanked For Fine Christmas Program

At a meeting of the Executive Committee of the Seminole County Chamber of Commerce at the City Hall Monday evening, that group passed a resolution unanimously commending the Sanford Elks Lodge for the splendid program it staged on Christmas Eve for the benefit of the children of this community.

President H. M. Pappas, in commenting on the matter said: "This was the finest demonstration of fraternal and community spirit I have ever witnessed. Sanford should be proud of the Elks Lodge and its wonderful achievement."

## BANKERS WIFE ROBBED

MIAMI, Dec. 30.—(A.P.)—Mrs. Frances McKnight, wife of Edwin T. McKnight, banker, indicated recently in Sanford, Fla., was robbed of \$1,000 in jewelry valued at \$1,000.

## Labor Asks Federal Aid For Jobless

WASHINGTON, Dec. 30.—(A.P.)—The American Federation of Labor appealed to the federal government today to aid in the relief of unemployment. Testifying before a Senate committee, Edward F. McGrady, representing the federation, said the government cannot "shirk its responsibility." Many states, cities, and local districts "frankly admit they are unable to meet demands that are being made upon them for relief of needy. In the federal government going to allow untold numbers of our American citizens to suffer, if indeed they do not die from cold and hunger in the coming months which will undoubtedly be the worst period of hardships this nation has ever witnessed."

## BIG SHAKE-UP IN U.S. GOVERNMENT IS HOOVER PLAN

### Many Consolidations Will Be Objective Of Present Session

WASHINGTON, Dec. 30.—(A.P.)—A general shake-up of the Federal Government—a wholesale consolidation of its overlapping branches—was set up before the eyes of an absent Congress yesterday by President Hoover as a major objective of the present session.

The Chief Executive named five specific consolidations which would touch almost every arm of the government. Such action at this time, he declared, would be a sharp weapon in the fight to top off federal expenditures. Here is his program:

Consolidation of all government construction activities under an administrator of public works to supervise all departments.

Combination of all merchant marine activities within the Department of Commerce.

## Taylor Declines To Say Whether He Is To Enter 1932 Race

TAMPA, Dec. 30.—Former State Senator John Taylor of Largo, in Tampa yesterday, declined to say whether or not he would make the race for the gubernatorial nomination, intimating, however, that he would have something to say within the next few days as to his position.

Since the entry of Dr. Fona A. Hathaway in the race, by formal declaration recently, Mr. Taylor said he had received scores of telegrams from all parts of the state urging him to make the race for governor.

Several weeks ago, according to some of the former senator's close friends, he had definitely made up his mind to withdraw, even going so far as to intimate as much in an interview. Since hearing from several hundred would-be supporters lately, however, his friends say the former senator's political aspirations have been rekindled and he is seriously considering what, in effect would be a re-entry into the race.

Announcement here yesterday that J. Tom Watson, representing this county in the last legislature, that he probably would be a candidate for the nomination for governor has further complicated the situation. Watson's friends say he has received substantial financial support.

## CHINA'S ARMY AT CHINCHOW PUT TO ROUTE

### Force Stampedes Before Swiftly Moving Columns Of Converging Japanese

TOKYO, Dec. 30.—(A.P.)—China's Manchurian army stampeded south from Chinchow today in flight from two swiftly moving Japanese columns converging for attack on Chang Hsueh-liang's last stronghold. On flanking and in breach the soldiers were loaded and trains hauled them down to Lanchow without a stop at the way-stations along the line. Meanwhile General Kamura and General Tamon, veterans of the Nomon Taltshir victory, drove from two directions toward Kowpenze, 10 miles north of Chinchow.

Complete victory for the Japanese army in Manchuria appeared assured yesterday when Marshal Chang Hsueh-liang ordered his troops to evacuate Chinchow and withdraw behind the great wall.

Marshal Chang gave this order as two Japanese armies were successfully carrying out a tactical movement apparently aimed at forcing the Chinese out of Chinchow, China's last stand in Manchuria, and thereby making Japan dominant throughout the province.

General Tamon's army continued its machine-like advance north from Yingkuo, breaking every line of Chinese resistance from capturing the city of Panhsien to stem the advance and four times they were blown out by air bombs and artillery.

Meanwhile a Japanese brigade moved from Mukden northward, apparently for the purpose of pushing southward to join General Tamon's column at Kowpenze for a frontal attack in Chinchow. A few Japanese planes flew over Chinchow, frightening residents of the city, but dropping no bombs.

At Nanking the national party selected a new cabinet with Eugene Chen, widely known journalist, serving as foreign minister. The new government is pro-Independence and swings distinctly to the left.

## Freight Rates Are Revised Upward In State Of Georgia

ATLANTA, Dec. 30.—(A.P.)—Freight rates on intrastate shipments in Georgia moved upward yesterday under an order, effective Jan. 1, by the Georgia Public Service Commission.

With the single exception of rates on sand, gravel and crushed stone the state commission approved the recent ruling of the Interstate Commerce Commission granting increases on a long list of commodities. The Interstate Commerce Commission had already accepted certain classes of agricultural products from the increases.

The new rates range from 1 to 15 per cent higher. Under the new rate structure, coal and ore will be increased 6 cents a ton; lumber, box and crate material 18 cents a ton; manufactured tobacco, vegetables, watermelons, fresh vegetables, fertilizer and naval stores 1 cent per 100 pounds.

Chairman J. A. Perry of the public service commission said "no increase whatever has been authorized on the principal products of agriculture such as cotton, grain and grain products, fresh fruits or livestock."

Decreases in the revenue of southern carriers since 1928 was mentioned in the opinion handed down by the public service commission with the rate increase order.

Chairman Perry pointed out the increase authorized was not a general 15 per cent increase. He stated the bulk of the Georgia Public Service Commission's ruling was to reduce the commission's order upon the good faith of the carrier with the new rate, an emergency measure, would be abolished after Jan. 31, 1932.

## LANE WORTH

Lake Worth, Fla., was the scene of a fire which destroyed a building owned by Lane Worth.

## Boy, Shot In Heart, Has Odd Experience

YOUNGSTOWN, Ohio, Dec. 30.—(A.P.)—shot in the heart with a 22 caliber bullet a boy here was saved when his blood pushed the bullet into an artery. The bullet finally lodged in the boy's groin where surgeons said today it would be permitted to remain for the time being. The boy, Harry Heshare, was shot by a playmate Saturday and his condition is today reported as good. The bullet lodged in the wall of the left aorta. Expansion and contraction worked it into the aorta with a blood clot building up behind it and preventing a hemorrhage. It got into the aorta and worked it to the groin. Doctors said if it had failed to make a turn of the aorta in the neck it would have been forced into the boy's brain and death would have followed.

## LEVEES ARE HARD PRESSED TO HOLD FLOODED WATERS

### Hundreds Of Refugees And Residents Set For Evacuations

GLENDORA, Miss., Dec. 30.—(A.P.)—Recession of flood waters brought hope to dwellers of the delta lowlands today but undermined levees compelled an evacuation of hundreds of refugees and residents set for evacuations.

Marshals Chang gave this order as two Japanese armies were successfully carrying out a tactical movement apparently aimed at forcing the Chinese out of Chinchow, China's last stand in Manchuria, and thereby making Japan dominant throughout the province.

General Tamon's army continued its machine-like advance north from Yingkuo, breaking every line of Chinese resistance from capturing the city of Panhsien to stem the advance and four times they were blown out by air bombs and artillery.

Meanwhile a Japanese brigade moved from Mukden northward, apparently for the purpose of pushing southward to join General Tamon's column at Kowpenze for a frontal attack in Chinchow. A few Japanese planes flew over Chinchow, frightening residents of the city, but dropping no bombs.

At Nanking the national party selected a new cabinet with Eugene Chen, widely known journalist, serving as foreign minister. The new government is pro-Independence and swings distinctly to the left.

## Gandhi Seeks Meet With Willingdon To Ask Needed Advice

BOMBAY, India, Dec. 30.—(A.P.)—Mahatma Gandhi yesterday sought a meeting with Viceroy Lord Willingdon to get his advice and help in reaching a peaceful understanding on India's troubled situation.

Apparently anxious to avert a renewal of the conflict with the government over his demand for complete independence for India, the nationalist leader sent the viceroy a telegram asking for the chance to see him. Lord Willingdon is expected to receive him, because renewal of the boycott of British goods would paralyze the country's business.

Some of Gandhi's followers said they would not be surprised if ultimately he accepted membership on one of the committees appointed by the British government to carry on the work of solving a new constitution for an all-Indian federation from the point where the recent round-table conference in London left off. In any event the fight is not expected to be renewed until the Indian Congress meets in March.

Since his return to India, Gandhi has shown signs of being impressed by the submissiveness of influential business men, who told him a repetition of the struggle would only destroy what little trade India has left.

Provincial leaders have reported that only a portion of the 50,000 nationalists who went to jail during the last struggle were ready to undergo another such ordeal. The Mahatma also is aware that the government has strengthened and consolidated its forces.

## GERMAN FINANCER DIES

BERLIN, Dec. 30.—(A.P.)—Arthur von Gwinner, 74, vice president of the board of the Deutsche Bank, died yesterday. He aided in the reorganization of the Reichsbank and other ventures in the United States.

## BAKER WON'T BE DELEGATE TO CONVENTION

### Continues To Leave Unanswered Whether He Would Take Party Nomination

CLEVELAND, Dec. 30.—(A.P.)—For the first time in many years, Newton D. Baker, former secretary of war, will not be a delegate at the new, Democratic national convention.

Baker announced that decision yesterday but continued to leave unanswered the question of whether he would be willing to accept the nomination if the Democratic candidate for president.

Political leaders speculated last night whether they may choose him as Baker's successor at the convention toward a possible nomination, and his decision not to be a convention delegate.

Baker's only comment was that he hoped to see Eleanor Roosevelt as she has done in the last several years. The date for the European trip has not been set, however.

Although several newspapers in Ohio and other states have named the former member of President Wilson's cabinet to be a candidate for the nomination, Baker has refused to allow Ohio delegates to be elected to support him. He said he understood they would go to the convention with the George White as their "favorite" candidate.

Despite this attitude former Congressman Martin I. Davey of Kent, Ohio, has organized several "Baker-for-President" clubs in Ohio, but the only remark that elicited from Baker was that Davey's efforts were "appreciated."

Baker at one time was mayor of Cleveland and remains the titular head of the Democratic organization in this city. He was an important figure in several of the recent Democratic national conventions. At the Baltimore convention, in 1912, Baker took a leading part in the nomination of Woodrow Wilson, after breaking away from the Ohio organization, which was backing Judson Harmon as Ohio's "favorite son." Wilson appointed Baker in his cabinet to succeed Lindley M. Garrison.

## Mrs. Barwick Badly Hurt In Auto Accident

The condition of Mrs. L. M. Barwick, who was seriously injured in an automobile wreck near Newnan, Ga., last week is reported as improving, according to Mr. Barwick, who returned to Sanford today to attend to business interests.

Mr. and Mrs. Barwick and a child were in Georgia visiting relatives when the accident occurred. Mr. Barwick was driving his Chevrolet along a main highway shortly after dusk when without warning an automobile appeared from a side-road, and before Mr. Barwick could bring his car to a stop it had crashed into the other machine.

Mrs. Barwick was the more seriously injured of the group which included Mr. and Mrs. L. D. Proctor, friends of the Barwicks, who were riding in the car. Mrs. Barwick suffered a broken arm and the loss of part of her right hand, as well as numerous cuts and bruises. Mr. Proctor's chest was crushed, while Mrs. Proctor, Mr. Barwick, and the Barwick child received bruises and are suffering from shock.

Mrs. Barwick is well known here as the proprietor of the Ladies Exchange in the Valdes Hotel building.

## MARIANNA

Marianna, Marianna Fruit Co., purchased patented Leghorn chickens of Kentucky-Poultry Farm and plans extensive poultry industry here.

## Florida Budget For World Fair Exhibition In Chicago Is Placed At \$250,000.00

WEST PALM BEACH, Dec. 30.—(A.P.)—A budget of \$250,000 to "sell Florida to the nation" through exhibits at the Chicago world fair in 1933, was adopted by the Florida century of progress commission here yesterday.

Governor Daws of Lake Wales, was appointed financial secretary of the commission and plans were started for a statewide campaign to raise the fund, beginning about Jan. 15.

Names of John D. Rockefeller, Sr. of Olmsted; John Ringling, Sarasota; and George Baker, Tallahassee, all winter residents of the state, were placed in nomination for membership on an honorarium committee of 100 to assist in the fund-raising campaign.

Other nominations were for John Wilson, Jacksonville; A. H. Brook, Fort Lauderdale; Ralph Caplin, Sarasota; Walter F. Coe, Jacksonville; Mr. H. W. Whitney, Tallahassee; Roger W. Watson, Hubert Park; J. Lewis Kraling, St. Augustine; Harry W. Blasing, Polk county; and J. Lloyd Gramson, Leon county. Local organizations will make other nominations.

The budget provides \$104,470 for planning, assembling and preparing the world fair exhibits; \$101,044 for construction of the exhibits and for the exhibition hall; \$32,919 for operation of the exhibits for six months; \$18,500 for entertainment features; \$9,526 for advance publicity and promotion; \$26,116 for publicity and promotion at the fair; \$11,800 for carrying on the finance campaign and \$21,735 for expenses of members of the commission who are serving without pay.

The board approved a plan of procedure offered by Daws for raising finances and promoting the campaign. This would include appeals to large owners of lands to donate one mill for every acre, and to city property owners to donate a mill for each 100 of assessed value. The plan also includes various private inducements, covering property who reside out of the state and others would be called on to help with publicity and money.

J. W. Copeland, Miami, and H. W. Swarth, Dunellon, were named to assist Daws. Central offices for the campaign will be opened at Deland.

"I am confident," Daws said, "that the opportunity for Florida to impress the United States will be an fully realized in the next four months that the commission by May 1 will be enabled by contributions and by pledges to work out this entire plan for the advantages of the state."

A new department of the state commission was formed at yesterday's meeting. It is to be known as the woman's relations division and will be in charge of Mrs. Edna D. Fuller, Orlando. Mrs. Fuller, speaking at the meeting, sketched plans under which such 12 districts of Florida Federation of women's clubs might pick representatives to assist in preparing for the exhibit. She said parent-teacher associations and other women's organizations appeared anxious to help.

## STATE PRODUCTS SUPPER PLANS IN HANDS OF GROUP

### Mayfair Hotel Affair Of Jan. 18 In Gaining Support Of Leaders

The general committee in charge of the all-state supper to be held at the Mayfair Hotel at 7:00 o'clock, Jan. 18, featuring a supper composed of products grown in Florida, has made a number of appointments from which it is indicated that success will accompany the affair.

The supper and dance which followed it is under the joint auspices of the Women's Club Committee of the Seminole County Chamber of Commerce and the Sanford Rotary Club, and the Sanford Kiwanis Club, and Rotary Club.

C. E. Adams has been appointed chairman of the program committee, with Mrs. Walter L. Spencer, Dr. H. W. Butler, and G. W. Spencer, as assistants.

Mrs. John F. Leonard has been appointed chairman of the decorations committee, with Mrs. Walter L. Spencer, Dr. H. W. Butler, and G. W. Spencer, as assistants.

Karl Schuler was made chairman of the committee handling the dinner, which follows the supper, and he will make his own appointments.

## FAR WEST DIGS OUT FROM BIG FALL OF SNOW

### Train Service Resumed But More Rain, Snow Is Forecast For California's Slope

The Far West was digging out from heavy snow deluges today but more rain and snow was forecast for California. Train services in the snow-stricken area was resumed, and high water from heavy rains at Long Beach and other cities was receding rapidly, however.

Three persons were dead as a result of the storm, one of them Gardner Hale, noted New York printer, who was killed when his automobile plunged from a mountain road near Santa Maria.

Los Angeles reported a 1.64 inch rainfall over the 24-hour period ending at 8 A. M., and San Diego reported a one-inch fall.

No snow weather was reported in the United States today, but in Europe 15 persons were reported frozen to death in the vicinity of Lisbon, Portugal. London reported a 70-mile gale which whipped up high tides in the Thames and threatened disastrous floods.

Nine men were lost when a tug collided with the steamer Anglican Trader in the Franco and transients waves prevented ships from leaving docks.

Heavy snows were reported yesterday in Idaho and Utah while highways were temporarily blocked in Northwestern Oregon. A snow fall of seven to 18 inches was noted in San Juan Valley.

## 1 Dead, 3 Seriously Injured When Bomb Wrecks Postoffice

EASTON, Pa., Dec. 30.—(A.P.)—One clerk was killed and three others seriously injured today when a bomb exploded in the parcel post division of the Easton postoffice.

Edward Werkheiser died in a hospital shortly after the blast. John House is in a hospital with both his forearms blown off, one eye out, and other injuries which may cause his death. Arlington Albert and Clarence Keller are not so badly hurt.

The entire postoffice was thrown into confusion, and all work suspended. Explosive experts from the city, county and state began an investigation.

The explosive is believed to have been mailed by two young men described as foreigners at the same time they mailed five other packages, addressing them in the postoffice lobby. The other packages were being examined. Werkheiser said before he died. He said the other clerks were suspicious of the packages and didn't believe they contained the merchandise declared, had began opening them.

## Postoffice Employees Get Holiday Friday

The Sanford Postoffice will observe Friday, Jan. 1, as a holiday. No services will be required of either the rural or city carriers on that day. General delivery windows will be open between the hours of 8:00 o'clock and 10:00 o'clock. Money order and receipt windows will be closed all day. Regular holiday collection will be made between 1:00 o'clock and 2:00 o'clock in the afternoon. Special delivery mail and perishable matter will be delivered during the entire day. Mail will be deposited the same as on other days.

## Dill Makes Plea For Governor Roosevelt

WASHINGTON, Dec. 30.—(A.P.)—Senator Dill asserted today that the "best" way for the Democratic party to meet the three and even erosion of a third party in 1932, will be to nominate Franklin D. Roosevelt for president. In a statement to Washington newsman, he said "No other Democrat stands in the opposition of Roosevelt's nomination in the United States in the Government."

NEW YORK, Dec. 30.—(A.P.)—Supreme Court Justice George V. Hughes died yesterday. He was 84.

### BRIDGE BATTLE'S LEAD STILL HELD BY CULBERTSON

#### Young Couple Lose 2 Of Five Rubbers But Regain Lost Points

NEW YORK, Dec. 30.—(A.P.)—A small slam made by Mrs. Ely Culbertson in the fifth rubber last night recovered some of the lead previously lost in the Contract Bridge match to Sidney S. Lenz and his new partner, Commander Whitfield Liggett, Jr., Mr. and Mrs. Culbertson lost two of the first five rubbers and their plus became 10,425. The rubbers standing 61 for Culbertson and 47 for Lenz.

Hand 627: Lenz contracted for three no trump and made five, getting game on the first hand dealt. Culbertson plus 10,635.

Hand 628: Culbertson made game and rubber. Net score Culbertson 17,375.

**Rubber 105.**

Hand 630: Mrs. Culbertson was doubled at two diamonds and made it. Net score Culbertson 17,505.

Hand 631: The first hand played by Liggett involved a two no trump contract. He made three. Net score Culbertson 17,385.

Hand 632: Culbertson bid one spade. Enough for game with the previous score, and made three. Net score Culbertson 17,515.

Hand 633: Lenz bid three no trump and made four and game. Net score Culbertson 17,360.

Hand 634: Lenz bid four hearts and made five, getting game and

rubber. Net score Culbertson 16,600.

**Rubber 106.**

Hand 635: Doubled at five clubs, Liggett took all the tricks. Net score Culbertson 16,240.

Hand 636: Mrs. Culbertson bid one spade and made three. Net score Culbertson 16,370.

Hand 637: Mrs. Culbertson bid three hearts, enough for game with the previous score, and made five. Net score Culbertson 16,560.

Hand 638: Liggett bid and made one spade. He had 100 honors. Net score Culbertson 16,430.

Hand 639: Mrs. Culbertson bid two spades and was set one. Net score Culbertson 16,330.

Hand 640: Doubled at four spades, Lenz made five, getting game and rubber. Net score Culbertson 15,290.

**Rubber 107.**

Hand 641: Liggett bid and made one no trump. Net score Culbertson 15,255.

Hand 642: Lenz bid four spades and was set one. Net score Culbertson 15,305.

Hand 643: Liggett bid three hearts, enough with previous score for game and made four. Net score Culbertson 15,165.

Hand 644: Mrs. Culbertson bid four spades and made five, getting game. Net score Culbertson 15,335.

Hand 645: Liggett made game and rubber at four hearts. Net score Culbertson 14,715.

**Rubber 108.**

Hand 646: Mrs. Culbertson bid and made three spades. Net score Culbertson 14,805.

Hand 647: Culbertson bid and made three spades, which was enough for game with the previous score. Net score Culbertson 14,895.

Hand 648: Mrs. Culbertson set one at four hearts. Net score

Culbertson 14,795.

Hand 649: Mrs. Culbertson bid and made a little slam in spades, getting game and rubber. Net score Culbertson 16,425.

**Rubber 109.**

Hand 650: Culbertson was set one at no trump. Net score, Culbertson 15,375.

Hand 651: Mrs. Culbertson bid and made three no trump, getting game. Net score, Culbertson 16,480.

Hand 652: Lenz bid and made two spades. Net score, Culbertson 16,420.

Hand 653: Culbertson bid two no trump and made three. Net score Culbertson 16,540.

Hand 654: Liggett bid and made three diamonds, giving him game on account of previous score. He had 100 honors. Net score, Culbertson 16,380.

Hand 655: Lenz made game and rubber at three no trump. Net score Culbertson 15,775.

#### RECEIVER FOR CONCERN

BALTIMORE, Dec. 30.—(A.P.)—J. Martin McDonald yesterday was named temporary receiver for the Atlantic Fruit and Sugar Company by Judge Samuel H. Dennis, on petition filed by James Z. Chadbourne, a stockholder, asking receivership and dissolution of the corporation.

#### TAKE CUT

SAN FRANCISCO, Dec. 30.—(A.P.)—Southern Pacific union shopmen agreed late yesterday to accept a 10 per cent reduction in wages, effective Jan. 1.

MIAMI BEACH—Additions and improvements being made at Villa Venice Supper Club, Fourteenth St. and ocean, at cost of \$10,000.

### STAR TO OPEN 1933 FAIR EXHIBITS

How light from the giant star Arcturus, 240 trillion miles away, will open the science exhibits of A Century of Progress, Chicago's 1933 World's Fair, is shown in the above photo-diagram.

At 9 p. m. of June 1, 1933, light which left Arcturus in 1908-year of Chicago's first world's fair will reach the earth's surface and Yerkes Observatory at Williams Bay, Wis. Light travels at the rate of 186,000 miles a second.

At Yerkes Observatory the star light will be focused by means of the fifty-inch telescope on a tiny photo-electric cell. The impact of this light will cause an electric effect in the cell which, amplified, will send an impulse over wires to the exposition grounds.

This impulse will throw the necessary switches to open the science exhibits, turn on brilliant illumination and start ponderous machinery whirling.

Above, Gordon S. Fuhrer, who is in charge of the exposition's exhibits in physics, is seen holding a photo-electric cell.

### State Products Supper Plans In Hands Of Group

(Continued From Page One)

men have already been appointed for the various states, and those who come from those and expect to attend the supper, are urged to get in touch with the chairmen at once.

Chairmen are still needed for the following states, and any person who wishes to volunteer for that duty is asked to get in touch with the trade body at once. Arizona, Arkansas, California, Connecticut, Delaware, Idaho, Kentucky, Louisiana, Maine, Minnesota, Mississippi, Montana, Nevada, New Hampshire, New Mexico, North Dakota, Oregon, Rhode Island, South Dakota, Utah, Vermont, Washington, West Virginia, and Wyoming.

Here are the names of persons volunteering to act as chairmen for state tables: Alabama, Dr. W. T. Langley; Colorado, Dick Kenney; District of Columbia, Alex R. Johnson; Florida, Frank Kay Anderson; Alabama Springs; Georgia, S. O. Shinkler; Illinois, Ray Fox; Indiana, H. J. Lehman; Iowa, F. S. Lanson; Kansas, W. M.

Haynes; Maryland, Ed Higgins; Massachusetts, B. F. Haines; Alabama; Michigan, F. W. Bender; Missouri, S. G. Gray; New Jersey, A. C. Fort; New York, Bert McBride; Altamonte; Nebraska, A. G. Wagner; Ohio, S. D. Highleyman; Pennsylvania, H. E. Stevens; South Carolina, J. C. Hutcheson; Tennessee, Dr. H. W. Rucker; Texas, Dr. E. Puleston; Virginia, B. L. Perkins; Wisconsin, Mrs. Emma Abbott Lyman, Altamonte Springs; foreign countries, H. M. Papworth.

### Couzens Tells Solons To Cut Own Salaries

WASHINGTON, Dec. 30.—(A.P.)—Congressional leaders were told today by Senator Couzens, Michigan Republican to start any salary slashing in the government with 25 per cent cuts in their own paychecks before going to the workers. "This business of cutting salaries is starting at the wrong point. Let us make a 25 per cent cut in the salaries of members of Congress and cabinet members," he said.

MIAMI — Annie's Hungarian American Cafe opened at 616 Collins Ave.

### Darrow Refuses To Associate Self In Trial Of Negroes

BIRMINGHAM, Dec. 30.—(A.P.)—Clarence Darrow's refusal to associate himself with the international labor defense yesterday dimmed prospects of him coming to the defense of eight Scottboro negroes under death sentences for attacks on two white girls.

Representatives of the international labor defense, in turn, said they would not permit him to enter the case as an attorney employed by the National Association for the Advancement of Colored People but would welcome his aid if he appeared independent of the association.

Arthur Garfield Hays of New York, likewise employed by the National Association for the Advancement of Colored People to argue motions for new trials before the Alabama supreme court Jan. 21, joined Darrow in saying they would consider acting independently of the association if the other attorneys would sever their connections with the international labor defense.

## HAPPY NEW YEAR!!

ESTABLISHED 1859

WHERE ECONOMY RULES

A&P stores wish you a very happy new year, and want to thank you for the splendid patronage you gave them during 1931. ### Crazed Man Shot Behind Barricade By Police Bullet

CHICAGO, Dec. 30.—(A.P.)—Adam Purecki, 38, was shot in the head last night by police after he, in an attack of insanity, had barricaded himself in his flat and withstood a three-hour siege of bullets and tear gas bombs. Doctors said he probably would recover.

His shooting was witnessed by his wife from a building next door. Purecki was struck by a shot gun slug fired from a building next door by Sergeant William McCarthy. He was found lying on the floor of his kitchen, a pistol gripped in each hand.

The neighborhood, a Northwest Side residential district was thrown into turmoil during the siege. Hundreds collected around the barricaded building despite intermittent fire between Purecki and several squads of police.

Police at first decided to capture Purecki, who they said evidently was crazed by financial troubles and ill-health, unwounded if possible, but were unable, because of his pistol fire, to enter the three-story flat building.

McCarthy took watch in a flat

facing Purecki and fired through a window when Purecki stepped from a closet. Mrs. Adella Purecki, the man's wife, was in the flat with McCarthy and witnessed the shooting. She was near collapse when her husband was shot.

Police were summoned to arrest Purecki after his wife reported he had threatened her and their four children.

Policemen Edward Kennedy and Peter Pacelli were threatened by Purecki, who held a pistol in each hand, they said. They sent for reinforcements. Several squads, armed with shot guns and tear gas bombs, responded.

**15 MEN RESCUED**

HELSINGFORS, Finland, Dec. 30.—(A.P.)—Fifteen men, feared to have been drowned in a shipping disaster off this port, were rescued last night after spending a day adrift in a howling gale.

STERILIZATION OF MILK BY SOUND IS NOVEL DISCOVERY

Explanation of Process Given At Meet Of U. S. Scientists

NEW ORLEANS, Dec. 30.—(AP)—Sterilization of milk by sound waves and production of vitamin A...

The laws of chance, which scientists call entropy, were shown to be more nearly like the "chances" of everyday life than formerly believed.

Milk can be sterilized by sound waves, said Dr. Newton Gaines and Dr. L. A. Chambers of Texas Christian university...

Scientists all over the world have been racing to synthesize vitamins, to produce them by test tubes from a handful of chemicals.

They produced vitamin D, the rickets preventive, from ergosterol, a plant substance which ordinarily turns into the vitamin under sunlight.

The resulting vitamin is not as powerful as that obtained from sunshine and ultra violet light, they stated, but "holds the important position of being the first chemical synthesis of a vitamin."

Laws of chance and their relation to the future fate of the universe were discussed by Dr. P. W. Bridgman of Harvard university.

Some scientists, applying laws of chance to the future, have predicted the universe is "running down" that it will eventually die because everything will be changed into heat and cannot be changed back into matter.

Big Shake-Up In U. S. Government Is Hoover Plan

(Continued From Page One)

Consolidation of all educational efforts under a single head. Creation of a single bureau to handle all conservation activities.

Addressing newspapermen in the most lively White House press conference in recent weeks, the President recalled he had urged a general consolidation plan upon Congress over the last 10 years.

"The subject is an old one and now that economy absolutely must be the first order in government it is an appropriate time for Congress to take up the question and bring it to conclusion," he continued.

At this point, the President departed from usual custom to engage in a question and answer period with correspondents.

In answer to one query, he said a special message dealing with his proposals in greater detail would be delivered to Congress as soon as action had been taken upon his emergency economic program, probably, he added, within a month or two.

Until minutely worked out plans of the various consolidations have been placed "check by jowl," he said, "No exact estimate could be made of the money to be saved through the various combinations."

He had held up earlier as an example, however, the consolidation of Veterans activities under a single department headed by Administrator Hines. This, he asserted, was saving between \$10,000,000 and \$15,000,000 a year.

The President said he considered the most important of his proposals the consolidation of certain activities under a public works administrator and the shift of the merchant marine.

He pointed out in answer to questions that 10 different agencies of the government now are engaged in building various projects, among them the interior department with its Boulder Dam, the Department of Justice with its prisons, the Department of Commerce with its lighthouses, and the War Department with its river and harbor work.

Although naval and military construction as a whole would be left under the Army and Navy Department, he said, the engineers and harbor work would be placed under the new administrator.

Of the shipping board transfer into the Commerce Department, the President said there were a number of shipping lines now in operation that could be profitably consolidated.

That marine administration would have control not only of oceanic and shipping business of national and international character but also of the construction of educational institutions, the President remarked at one point that such efforts were now spread through eight different departments. A consolidation would, he said, be a logical step.

Although he said he had little of the consolidation of educational institutions, the President remarked at one point that such efforts were now spread through eight different departments. A consolidation would, he said, be a logical step.

Although he said he had little of the consolidation of educational institutions, the President remarked at one point that such efforts were now spread through eight different departments. A consolidation would, he said, be a logical step.

Liquor Question Is Polling Big Vote Over All Finland

HELSINGFORS, Finland, Dec. 30.—(A.P.)—Voting yesterday in the consultative referendum on prohibition was fairly heavy despite a blizzard and a slow beginning in the morning.

Figures from 32 of the 62 Helsingfors districts indicated that about 37 percent of the voters trudged through the snow to the polls.

This was far better than in parliamentary elections. Finland takes two days to do its voting, and in parliamentary contests a 25 percent turnout is necessary, according to the first day of balloting.

Figures from other cities were slow in arriving, but shortly before midnight it was learned that 83 percent of the voters went to the polls in Viborg, 40 percent in Sortavala, 33 percent in Savonlinna, 25 percent in Kajakoski, 20 percent in Ouhou, 25 percent in Tornio, and 43 percent in Hanko.

Beyond the mere number of those casting ballots, nothing was available last night, as the count will not begin before midnight tonight.

Mr. Hoover is conscious of opposition to his consolidation plans. He directed that passages from his past messages to Congress be mimeographed, one of which says that "any specific plan at once evokes opposition from every official whose authority may be curtailed or who fears his position is imperiled."

LANTANA — Municipal water plant to be sold, as result of special election.
