(Continued From Page 1)  
not narrow, the carrier Philippine Sea named for an American victory-rides at anchor, her deck massed with planes, their folded wings pointed toward the sky.

To the left, near the end of Battleship Row, an American flag flies from a platform some 30 feet from shore. It marks the main battleship Arizona, where 288 men—from apprentice seaman to a rear admiral—were still aboard.

A white post sticks up from the water. It bears the sign: "Bow." Six hundred feet away is another: "Stern."

Between them, only a couple of rusted mushroom shapes and the tip of the Arizona's bridge show above water. Its main deck is feet under. Oil still oozes slow from the bowels of the ship. It is because of the oil the sailor explains, that the Arizona was never raised to the surface. Divers who attempted the job were killed when their torches set fire to oil pockets.

The Navy still lists the Arizona as an active ship. Every morning an honor guard raises her flag. At dusk, it comes down, along with those of the other ships at Pearl.

The head of the Arizona was playing for the raising of the colors at 8 a. m. when the Japanese planes swept in from the north.

A bomb plunged down her main smokestack—a "one in a million" hit—and eight minutes later she was on the bottom.

Many of the men below never know what hit them.

The visitors watch the oil-darkened water lap quietly against the Arizona. The chatter of a rivet gun in the shipyard comes clearly across the water.

"Daddy," ask a little girl, "why did they bomb Pearl Harbor?"

"I don't know, honey," the father says. "But it was a terrible mistake."

## Three Men Charged With Shooting At 5 Fleeing Teenagers

### SHS Freshman K. Carlos Named FFA Sweetheart

An attractive brunette who says her ambition is to "become a model" danced her way to success in the competition Friday night at Seminole High School for the title of "FFA Sweetheart."

Miss Kathy Carlos, Seminole High School Freshman, and member of Miss Barbara Ruprecht's "Home Economics" class, was chosen by a three man board of judges.

The young lady emerged from the contest with tears streaming down her cheeks. "Isn't it wonderful," she said, between smiles and tears, "I'm so happy."

Miss Carlos admitted that "I took dancing when little and just made this dance up myself," but it was sufficient to win her honors that will take her to the District FFA meet representing the local FFA Chapter.

Three other young ladies competing for the local title were Faye Garner, Glenda Collins, and Margaret Boyd.

Judges, who were Bonner Carter, Dr. Raymond Bass, and Ben Wiggins, admitted the contest was close.

More than 200 were in the audience to watch the contestants sing and dance in their bid for the coveted title Miss Kay Boyd was piano accompanist for two of the contestants.

### 3 Local Girls Will Complete Charm Course Saturday

Three Seminole County girls will be graduated from the Sandhills Springs Charm College at 2:30 p. m. Sunday and will compete in a Parade of Charm before chamber of commerce and motion picture judges.

Those who will complete the four-month course include Miss Linda Ventry, a junior at Saitson University. She is the daughter of Mr. and Mrs. H. G. Ventry of 2033 Jefferson Ave.

Miss Jof Filbrey, a cheerleader at Seminole High School, also will graduate. She is the daughter of Mr. and Mrs. H. W. Filbrey of 1809 Palm Way.

The third student is Miss Magale Lawson of Enterprise. She is the daughter of Mr. and Mrs. Sam Lawson of Stone Island.

They are among the 26 students who will vie for the title of Miss Sandhills Springs Charm College of 1956. The other contestants are from Orlando, Fern Park, Maitland, Winter Park, Eustis and Orla Vista.

The co-director of the school is Mrs. Robert Scott Stone wife of a naval lieutenant at Sanford Naval Air Station.

The girls recently participated in the school photographers' day, when an estimated 3,000 pictures were made in a single hour. They took part in a fashion show.

Three blasts from a 12-gauge shotgun sent buckshot tearing into the body of an automobile in which five Orange County youths were riding early Sunday morning.

The five teenagers, frightened by threats made by three men in a Cadillac automobile, were attempting to escape after being chased from "The Gateway" in Orlando to 26th St. in Sanford.

Shortly after 3 o'clock Sunday morning, the men were taken into custody by Florida Highway Trooper John Black on State Road 441 when both rifles and shotguns were found in the Cadillac car they were driving.

A preliminary hearing into the incident was being heard before Justice of the Peace W. Hugh Duncan. Beginning at 10:30 it was still in progress at noon today.

Warrants for the arrest of three white men were signed by J. P. Duncan following an affidavit signed early Sunday morning by the father of the driver of the car, Zack C. Watson.

The three men were charged with "assault with intent to murder," a charge that may be changed or withdrawn following today's hearing. Two of the men, James F. Brady, 22, and Robert S. Clark, 22, were placed under \$2,500 bond. Robert J. Eitman, alleged to have been an occupant of the Cadillac automobile was released.

Deputy Sheriff Ed Cowan stated that he found three 12 gauge shotgun shells which had been fired at the location where the three youths swung off French Ave. in getting away. After being hit by the three blasts the youths continued on to the Sanford Police Department where they reported the incident.

All five of the youths in the Studebaker car were teenagers, one of them, the driver, in the U. S. Marine Corps.

The three men who are alleged to have assaulted the five youths by firing on them, were taken first to the Orange County jail and later brought to Sanford. Damage to the automobile fired on by the three men was not estimated.

Two detachments from Heavy Attack Squadron Seven (VAH-7), Sanford's "Sunday Punchers," commanded by Comdr. L. B. Libbey, are returning from a month's duty with two carrier task forces in the Atlantic.

These powerful forces responded instantly to the "readiness alert" created by the Suez Crisis of a month ago.

A detachment with Comdr. S. R. Johnson as officer-in-charge was first to depart and first to return. This group of AJ heavy attack bombers served aboard the attack carrier, USS Franklin D. Roosevelt.

The officers and men with this ship were able to make liberty in Lisbon, Portugal.

Comdr. A. K. Simmons was the officer in charge of the other detachment aboard the attack carrier USS Lake Champlain.

Comdr. Libbey's crew and two crews of VAH-5's "Savage Sons of Sanford" served in this detachment.

Maintenance crews under Chief Petty Officers J. M. Clark and W. J. Payne were also returning today from east coast ports to which the carriers returned.

These task forces were assembled and dispatched with remarkable speed and secrecy by the Chief of Naval Operations, Admiral Arleigh Burke, to be ready for any eventuality in the nation's most recent alert condition.

As a footnote to this operation, it is noted that Sanford citrus products were presented to the skippers of both carriers.

## 2 Accidents Are Reported Friday; \$500 Damage Seen

Property damage is estimated at \$50 to the three cars involved in the three Seminole County collisions.

At 4:10 Friday afternoon, two miles north of Sanford on State Road 15-600, a 1950 Ford driven by Jimmy Lou Freeman, Negro of Lake Monroe, had apparently stopped at the end of a line of traffic when struck in the rear by a 1954 Lincoln driven by Charles H. Bentler of DeLand.

Damages to the Ford were estimated at \$50; \$400 to the Lincoln. Bentler was charged with failing to have his vehicle under control.

At 11:30 Friday night, one mile south of Sanford, a sedan driven by Olaf Joe Couch, attached to VAH-9 of the Sanford Naval Air Station smashed into a concrete culvert to escape striking two cars as he swung out of Onora Road onto State Road 13-600.

According to the report made by Trooper Mack, Couch apparently misjudged distance from an oncoming car and truck traveling in opposite directions when he swerved his car into the extreme left of the highway.

Damage to the car is estimated at \$50. The investigation is not yet complete the RHP Trooper explained.

## Singing Prisoner Back For Christmas

Little did Police Chief Roy G. Williams know last Dec. 22, when Nathaniel Manning left a working crew of prisoners singing "I'll be home for Christmas" that he actually meant what he said—Manning just failed to say "What Christmas."

Nathaniel Manning, 34-year-old Sanford Negro, is now passing around those "Merry Christmas" wishes he failed to distribute as he ran from the city crew singing a Christmas song shortly before Christmas 1955.

Saturday afternoon Florida Highway Patrol Trooper T. Mack Mack noticed the Negro in the south end of Seminole County

wearing a week's growth of beard, disheveled clothing, and in general acting suspicious.

Mack, checked with FHP officials, and the Sheriff's office to determine the status of the Negro.

It was during the radio routine check that Desk Sergeant Russell Fench, hearing the report, recognized Manning's name and signaled the "escaped prisoner" message.

Trooper Mack, in questioning Manning for his home address Manning thought briefly, scratched his head, summed up his predicament and answered "Sanford Jail."

## Christmas Means Giving Season

By WANDA GILBERT

Christmas is just around the corner. It's an expensive corner, but a very enjoyable one. Already the towns are lighted with festive decorations. Windows are full of children's dreams. You can already see little fingerprints on the windows of many shops. The little children's eyes light up brightly as they pass them.

The grown-ups rush around in a whirl trying to get Christmas shopping done in time. As they traverse the streets their hearts sing a melody of giving.

This time of year provides the spirit of giving which is what Christmas means. For nineteen hundred fifty-six years, approximately, people have been giving. It's better to give than to receive—it is stated.

From the gift of the wisemen to the gift of a dear friend has been a long time but there is still the feeling of "good will to men."

On Christmas morning when the children get up of bed before you ever think of getting up, you know it is the beginning of a wonderful day. Although you have spent more than you can afford, you feel sure everyone will be pleased with their gifts. What if Dad gets more ties than he could possibly wear in a lifetime; he's contented. He sees his family happy and contented. The children may like the boxes better than the new toys but they're still lonesome and free.

In this country we have so much to be thankful for. There is always the privilege to give as we see fit.

As Christmas draws near and as you rush about to do your last minute shopping remember how much you have received as compared to what you have given.

As Santa and his reindeer drive into view they also represent the giving season.

The children are very hard to persuade to go to bed the night before. Each seeks to spot Santa as he delivers his little pink elephants and little toy drums.

"Wouldn't it be grand to have seen Santa as he rode across the house tops in his sleigh? wouldn't the boy down the street be proud of me? — As a small tot would say.

The joy in their eyes is enough to repay you for the trouble you'd gone to!

## Advice For Lovelorn

Dear Miss Crisholder:  
What do you do if you're homely and none of the boys will look at you? I'm so lonesome. I don't like to stay home all the time. Help me, please.

P. A. H.

Dear P. A. H.:  
Homeliness like beauty, is only skin deep. Perhaps yours is a personality problem. It might be that you are too shy or aggressive. Or, are you too independent? Suggest you study the popular girls and watch their technique.

Dear Miss Crisholder:  
A famous singer wants to marry me, but I am afraid that I would always have competition even if I married him. His name is Elvis Presley. What should I do.

D. L.

Dear D. L.:  
If your daydreams are this fantastic, what do you dream at night?

Dear Miss Crisholder:  
I am a majorette at SHS and I am forever "killing" myself with my baton. Could you suggest any remedy?

M. G. H.

Dear M. G. H.:  
It is apparent that you are the "giddy type". Practice being more level-headed, then you won't hit yourself.

## Senior's Sudden 'Longing' Feeling

By PAT HARRINGTON

It doesn't seem as if I have been in school eleven years! When I try to think back to the time I first started into school, it seems like yesterday. I don't think seniors realize at first that they have only a few months until they are out of school. At least we don't think until it's too late.

One of the first times that you stop and think is when they call you in to measure you for your cap and gown.

I know I've been a little rough on my teachers at times; in fact, I think we all have. But most of us hate to admit it. Now is the time that you wish you had listened in those classes instead of talking your fool-head off!

You keep saying to yourself, "I've only got a few months to go. Boy, will I be glad when I get out of school!!" But will we?? Will we really be glad to get out??? Maybe some of us will, but most of us won't.

Getting out of school means starting a life of your own. You can't depend on "Good Ol' Dad" and the family car, and the money. Mother gives you for clothes.

Why shouldn't I get a "longing" feeling? To tell the truth, I'm scared!!!

So seniors, this isn't a sermon but I think we'd better get on the ball and get something done. It won't be long until we'll need everything we're learning.

Let's make the most of these last months we have in school, they aren't!! We've got a lot to live up to!! We can do it!!!

Teacher: What do we call a man who keeps on talking when people are no longer interested?

Pupil: A teacher.

## Our Heritage

By MARY ANN HALL

Our heritage which has been passed down to us by our forefathers through the centuries, is a big and a wonderful thing.

America has many opportunities for everyone—regardless of his color, creed, or race. It is a free place in which we may choose the religion we prefer, without the "State" tell us what religion we must be a member of.

In America we are allowed to attend school. This privilege—not thought as such by students—is wonderful, though all too often we do not appreciate it.

In Russia children are taken from their parents at an early age, and placed in a very strict military school where they are taught to place their state above everything else.

Living in America is truly a wonderful blessing. Every year thousands upon thousands of immigrants come to America with the hope of finding a better place to live and bring up their children. Their first reaction to seeing the "Statue of Liberty" is probably one of great anticipation and hope. In their minds, most of them are whispering a prayer of thanks to their God for bringing them to so wonderful a place in which they can make life anew.

This theme is by a student of an English class.

## Teen-Ager Pilots Plane Before She Learns To Drive

MADISON, Wis. (AP) — An attractive high school senior has taken to the sky as a pilot even before learning to drive an automobile.

Seventeen-year-old Jeanette Herring got interested in flying over a year ago. Since that time, she has become a licensed pilot.

The arimindd young miss took her first flight in December of last year. Since that time, she has been up alone to sharpen her takeoffs, landing and aerial maneuvers.

To meet the 200-mile cross-country flight requirements for a pilot's license, she flew to Lake Elmo, Minn., near Minneapolis.

Jeanette has tried to drive a car, but says she has trouble because the controls are not as sensitive as those in a plane. So instead of manipulating the wheel, brake and clutch, she takes to the cockpit.

A student at Madison High School, Miss Herring is looking to a sky future—she wants to become an airline stewardess.

## Question Of Week

By DALE LEWIS

"How do you manage to keep warm in this c-o-l weather?"

Evid Kratsert — Try to have an Armstrong heater around.

Agelo Compain — Arms!

Leslie Smith — I guess I'm just hot stuff any way! (Fahrdon me!)

Tressy Young — I have a real c-o-l way of keeping warm— he's 6'3" good lookin', and strong as a bear!

Mary Grace Hobby — I don't—I just freeze—majorette uniforms, ya' know!

Juanita Wynne — I've got my love to keep me warm.

Lois Barneau — Sit in a nice warm car and drink hot chocolate. That is, if you are with the right person. If not, just stay home and sit around the fire.

Bobby Little — I got a date, borrow my mother's car, go to the Drive-in, and turn on the heater!

Johnny Williams — Wear a T-shirt.

Erantay Schirard — I don't wear a coat!

Linda Smith — I stand around and shiver until I work up a sweat.

## Meet SHS Faculty

The teacher of the week, this week is Coach Fred Ganas. He is an alumni of Seminole High School. He received his B. S. Degree at Murray Kentucky State Teachers College and his Masters Degree at the Columbia University in New York.

Mr. Ganas is the Athletic director at the high school and really deserves a lot of credit. Mr. Ganas is a fine asset to the teaching staff at SHS.

**Surprise Rat Day**

By KAY IVEY

Tuesday morning certainly was a surprise to us freshmen. We all walked into the auditorium with no suspicion and sat in our seats. Mr. Bracken got up to make an announcement and told us that they had decided not to have "Rat Day". But with a blood curdling scream yelled "but we're going to have it anyway!!!" This was the day!

We were all called up on the stage and were "forced" to line up against the wall. Rat was written across our faces and of course those sophomores would have water guns with perfume in them. Boy, were we a sight and a wonderful fragrance (phew). They also had "paddles" to keep us orderly. Everytime we moved we got a lick and it hurt!

Other than this we had to sing songs, such as "Houng Dog", with a ukulele, play in a so called band, praise overclassmen, (which was the hardest job of all), and polish the shoes of some senior boys. The poor things went home with beautiful shined shoes. (Black shoes were polished with brown polish.)

All of this was thoroughly enjoyed by an audience of Juniors, seniors, and sophomores.

After our "clean-up" job we went back to classes thinking of the next years "rats" and the wonderful Rat Day being planned for them.

Dr. Root — Sit by an old heater.

Wally Phillips — I wear clothes (Really?)

Kay Ivey — Wear clothes!

Duke Schirard — Fat people usually generate heat so I just stay around Kay. . .

Richard Phagan — Penny. . .

# Lake Mary

By Virginia P. Anderson  
Nov. 20 the congregation of the Lake Mary Presbyterian Church honored their new members with an informal reception. P. D. Anderson, Senior Elder presided. The Rev. L. W. Scott, pastor gave a short address of welcome and the Rev. J. M. Thompson, Pastor Emeritus made the opening prayer. During the evening, Walter I. Piper led the group in the singing of hymns, with Mrs. Thompson at the piano. A holiday theme had been carried out by the members of the Business Women's Circle who took care of the arrangements. An appropriate winter scene graced the piano top as well as the small scale refreshment table for the children and the big table for the adults. Red candles flanked the gay centerpieces on the latter and were balanced by silver services at either end. Mrs. Piper served the children punch and cookies, while Mrs. Thompson and Mrs. Anderson assisted by Mrs. Joe Smathers gave the guests tea, coffee and cookies. This social hour was enjoyed by all, affording as it did the opportunity to get acquainted and to renew old friendships.

Mrs. L. O. Broussard of Lafayette, La., has arrived to visit her son in law and daughter, Col. and Mrs. W. E. Baker.

P. D. Anderson Jr. and son, P. D. III of Tampa spent Dec. 1 at the home of his parents, Mr. and Mrs. P. D. Anderson on Lake Emma.

James Newell of Baltimore, Md. is the guest of his brother in law and sister, Mr. and Mrs. A. N. Scott of Scotland Yard.

Mr. and Mrs. L. Q. Pickering have appropriately named their place "The Oaks" and erected a smart, reflecting sign on their front lawn.

A B-32 JET BOMBER lands (bottom) at Friendship Airport near Baltimore, Md., to end a record-breaking 16,000-mile flight that gave Russia a dramatic demonstration of the U. S. Air Force's striking power. Eight B-32s were involved in the project, with flights ranging from 26 to 32 hours and encircling both the United States and Canada. At top, Col. Marcus W. Hill, Jr., commander of one of the planes, points out the route covered to Lt. Col. Allen T. Ballard, navigator. If the flights had been in a straight line, the bombers could have flown over Russia and back home again. (International)

# Christmas Pageant Of Many Things Mixed Into Year's Happiest Holiday

The American Christmas, preparations for the observance of which are now under way on an unprecedented scale, is a pageant of something old, something new, a great deal borrowed and all of it blended into the happiest holiday of the year.

No other day combines such a harmonious pattern of religious, pagan, seasonal and national traditions from so many corners of civilization.

Three favorite symbols of Christmas are fairly new: the glittering, gift-laden Christmas tree, the greeting card and Santa Claus as he is known today.

Tradition says the original Santa Claus was St. Nicholas, a fourth-century bishop in Asia Minor who gave gifts to the young and poor. But the legendary patron of children underwent striking changes of robe, beard, personality and transportation as he drove through the ages.

The American Santa, rotund and ruddy, board his reindeer sleigh, evolved from the St. Nicholas of Dutch colonists in New York. The transformation reached full stature in Dr. Clement Clarke Moore's classic, "A Visit From St. Nicholas," in 1823.

Greeting cards are an English contribution. The first cards were designed in the 1840s, but not generally sold for two decades. Two prototypes bore an identical message which has not been improved upon to this day: "A Merry Christmas and a Happy New Year to You."

The origin of the tree tradition is not known. According to one theory, the Eighth Century missionary Boniface persuaded the Teutons to transfer their worship of Odin's sacred oak to an evergreen decorated in honor of the Christ Child.

The use of the Christmas Trees was confined to the Rhine country until about 1700. It is believed the tradition crossed the Atlantic with Hessian Mercenaries during the American Revolution.

Holly, mistletoe, the Yule log, wassail bowls and candies are relics of pre-Christian midwinter celebrations, chiefly festivals of the sun.

Ancient Romans feasted, exchanged gifts and decorated with evergreens during Saturnalia, a December festival honoring the God of Sowing.

Abuses of Christmas reached such a pitch in feudal England that Parliament outlawed

the holiday in 1644. The observance declined until the middle of the 19th century, when Charles Dickens published his "Christmas Carol." The heartwarming story helped revive the Christmas spirit and Dickens is often called the father of the modern Christmas.

The Puritan leaders in Massachusetts also banned the Yuletide holiday from 1659 to 1681, and a whole generation of American children grew up without Christmas.

## TV Programs Lack Culture

One lack to be found in the better television programs concerns serious books and culture, in the sense of the humanities. The reasons for this are various.

Program directors and sponsors probably do not think that these subjects will create interest. We still have many who are scornful of serious culture in America. Discussion of its phases is considered high-brow. Such attitudes are partly defensive. They are also partly the result of the fact that some cultural figures have been downright snobs. But the cold war has or should have taught us that culture is vitally important, if we had not learned this from direct experience.

As a matter of fact, the use of cultural programs could be a means to wean huge audiences from television to radio—or even the opposite. The well balanced program schedule of any radio station or television outlet should include cultural subjects.

A book like Tolstol's "War and Peace" makes human experience great. It could be discussed so as to make an interesting half-hour. A discussion of how Aristotle's logic is in your thinking whether you know it or not could be fascinating. If we can break the crusts of two types of snobs, the low-brow snob and the high-brow snob, new vistas could open before us.

For example, in some instances there are those alive who knew Americans who are way, Freud, Einstein, to cite a few. "Meet world cultural figures—Dreiser, John De Press" and other programs of this character rarely invite a cultural figure. Why? Books, illuminatingly discussed, help liberate us from ourselves. It is ridiculous of the television program directors—and program directors of radio stations—not to have thought of this, or to have ignored it. Television executives often speak of TV as a great cultural medium. A few top-notch cultural programs would be more convincing than their words.

A typical day in the life of a mother of a small boy can include such things as one permanently lost glove, one permanently lost overshoe, and one permanently lost temper.

A friend recalls the Christmas when he hurt his wife's feelings by mistaking the ribbon on the package for the tie that was wrapped inside.

One of these days a completely new cigarette will be announced—no tobacco, but the world's finest filter. It won't be much fun to smoke, but it will be healthful.

## Britain Looking To US For Help

By SAM DAWSON  
NEW YORK (AP)—Britain once more is looking to Uncle Sam to help her out of another financial

crisis for the pound sterling, which a large part of the world uses to transact business, have come along since the war fair regularly—1946, 1949, 1952, 1953. The present one looks like a dilly.

Uncle Sam would suffer too if the pound sterling were weakened too much. And U. S. foreign policy is based on alliance with England and Western European nations. Besides, England points out it could put up securities for the loans it seeks.

Here is what Britain asks:  
1. Forgiveness of an \$1 million dollar interest payment this month on the U. S. loan of 1946 which stayed off disaster for the sterling area at the end of the war.

2. A possible new loan, but based on British owned dollar securities as collateral.  
3. Help in getting the dollars needed to finance the shipment of Western Hemisphere oil to England to replace oil resources of the Middle East cut off by the blocking of the Suez Canal and by pipe line sabotage.

The latest onslaught on the pound sterling started when Nasser seized the Suez Canal. International confidence in the pound began to waver and the Bank of England had to step in to help hold it at the official rate of \$2.80 in terms of the American dollar.

British reserves of gold and dollars began to shrink rapidly. Then British and French troops landed in Egypt and the rout was on. During November the reserves dropped by 279 million dollars, slipping below two million dollars to the lowest level since December 1953.

It's going to be a rough winter in England at the best, even with the aid which Uncle Sam is likely to give her. Oil shortages mean more than just the parking of the family car in the garage. They threaten a drop in factory output. This could mean unemployment at home and a decline in exportable goods, further weakening the position of the pound in relation to the dollar.

The weakness would affect a large part of the world outside the Iron Curtain. The dollar area covers most of the Western Hemisphere. The sterling area includes the British Commonwealth nations, except Canada. Among them are India, Pakistan, South Africa, Australia, New Zealand. One fourth of the world's population is in the sterling bloc. And Americans trade with all of them.

Already, however, there is talk in England of imposing strict quotas on the importation there of American goods. The government will need what dollars it can lay its hands on—by trade or gift or loan—to pay for the oil and other raw materials its factories require.

But American bankers point out that while the crisis in the pound sterling is real enough and the winter's outlook bleak, Britain's financial position is far from desperate yet.

In addition to the official reserves of nearly two billion dollars worth of dollar securities owned by the British government. And it probably has left some of the \$5 billion dollars worth of short-term U. S. government securities it was known to hold until recently.

Britain is already talking with the International Monetary Fund in Washington for up to a half billion advance—part in credit and part in withdrawal of its quota in the fund.

And if Uncle Sam forgives the interest payment due this month, Britain will have around 14 billion dollars to help tide her over.

## Veterans Corner

Here are authoritative answers from the Veterans Administration to four questions of interest to former servicemen and their families:

Q. Last spring I sold my home and let the purchaser take over my GI loan. That was before a new law was passed, releasing veterans from liability when they sell GI homes. Would this new law cover me? Could I now obtain a release from liability from VA?

A. Yes, the new law could be applicable, even though you sold your home before it was enacted. You may obtain a release from liability, provided the loan is current and the present owner assumes liability and qualifies as a good credit risk.

Q. Under the War Orphans Education program may special restorative training be taken by a disabled young person on a part-time basis?

A. No. Special restorative training must be full-time. However, VA will determine what constitutes full-time training, based on the capacities of the individual.

Q. What does VA consider to be the effective date a veteran pays his premiums on his GI insurance by mail—the date on the check or the postmark on the envelope?

A. The postmark date on the envelope containing the payment is accepted as the date payment is made.

Veterans living in Central Florida who wish further information about their various GI benefits should write or visit the VA office at 42 E. Central Ave., Orlando.

## Santa Claus Is Having Troubles

By HAL BOYLE  
NEW YORK (AP)—Nobody worries about Santa Claus but he has his problems.  
Right now he's playing the stock market in an effort to pile up enough cash to tide him over from one Christmas to another.  
"Even a jolly old saint likes to eat regularly," said Santa. "I sure wish I could get on a steady payroll. As it is my work is highly seasonal, only about two months out of the year."  
"I can't get enough consecutive weeks of work to draw unemployment insurance. I had to go into the stock market. This year I hope to top the \$3,000-a-year bracket."  
Santa is Lucky S. Squire, a portly gentleman in his 50s with a genuine foot-long white beard. It's the real beard he feels, that sets him apart from the phonies in the hot hot—and red-curtain—cap industry.  
"I gave up two other careers to take this one," said Squire, who is top man in his field and wants it clearly understood he is no bowery-type Kris Kringle.  
Squire, who was born in Hungary—and likes to pun, "I still am hungry"—has been a lay preacher, a physical therapist and a children's camp counselor.  
About 10 years ago his moustache began to whiten and the camp kids started calling him Santa Claus.  
"I decided I would be Santa Claus," recalled Squire. "It took me two years to grow the beard."  
"Since then at least a million children have sat on my lap and told me what they wanted for Christmas. During the season I work sometimes from 7 a. m. to midnight. I've worked on a dozen department stores I've been on calendars, greeting cards, in newspaper and magazine ads, beauty pageants, auto shows, radio, television."  
"Why don't you stick to one department store?"  
"Each year I made I bettered myself," said Squire, who is a stout 225 pounds—advocate of the

free enterprise system.  
He starts fattening up in October, is ready to go by November. His art has its stern demands. Because of his beard he had to give up cigar smoking—stained it yellow—he has to avoid spaghetti and he finds it difficult to drink from a water cooler.  
"It is not too easy to be a Santa," he said. "The first and hardest thing to master is the merry ho-ho! You have to be able to break out laughing without any provocation."  
How does Santa fare in the stock market?  
"Pretty well," he admitted. "I am welcome any time of the year in Wall Street. They all want Santa's money."  
"But for real dynamic action give me the commodity markets—particularly eggs or onions. I made \$200 on eggs recently, that is, until the market went down again. I'm

still holding on.  
"I'm licensed to sell real estate or stocks myself. Do you know of anyone who would like to hire a good dynamic salesman, and wouldn't mind if he had a white beard?"  
Santa is really worrying that, come Dec. 26, he'll be up a chimney—reading the want ads, forgotten again.  
WOMAN'S VIEW  
PORT CLINTON, Ohio (AP)—Women are like newspapers. Mrs. Leo Hafkin Steele, Toledo Blade reporter, told the Junior Women's Club at nearby Oak Harbor.  
"Some use good makeup; others bad. Some have bold faces others do not." But, she advised, "Man should always have one of his own and not try to borrow his neighbor's."

Miss Ora Dee Ray, daughter of Mr. and Mrs. Quintus E. Ray, and James Francis Feltner, son of Mr. and Mrs. Ralph Feltner, were married Sunday at 3 p. m. at the Congregational Christian Church.

The Rev. J. B. Root officiated at the double ring ceremony, which was performed against a background of white chrysanthemums, white gladioli, and palms, with lighted candles on the altar.

The organist, Miss Helen Witte, played "O Promise Me" and "I Love You Truly". The bride given away in marriage by her father, wore a floor length gown of Chantilly lace and nylon tulle over bridal satin. The lace bodice was styled with a Sabrina neckline and buttons extending down the back to the pointed waistline. Buttons were also used at the wrist closings of the long sleeves. The bouffant skirt was of tulle, with a deep overskirt of lace. Her veil of silk illusion was held by a tiara of pearls. She carried a small white bride's bible with roses and ribbon streamers.

Maid of Honor, Miss Barbara Lillian Smith, wore a street length dress of blue tulle over taffeta with satin trim. Her accessories were white and she carried a colonial nosegay of pink and white roses.

Best man was Dean Marshall and ushers were Robert Sher and William R. Schultz.

The bride's mother was lovely in a dress of navy blue, worn with a white orchid and pink accessories.

Following the wedding a reception was held at the church social room, which was very attractively decorated for the occasion. In the center of the serving table was a floral piece made of large white chrysanthemums and on the bride's book table was a smaller bouquet.

For a wedding trip to Tallahassee, the bride chose a gray tailored suit, smartly accessorized with black and white.

Upon their return from Tallahassee, the couple will make their home at 320 1/2 Oak Ave.

Present at the wedding were the groom's parents, Mr. and Mrs. Ralph Feltner of Tallahassee, Fla.

The bride was born in Philadelphia, Pa. and attended schools in Philadelphia and in Sanford, graduating from Seminole High School, where she was a member of the Pan American Club, the Sally Staff, and the office staff.

The groom was born in Huntington, Ind. and attended schools in Tallahassee, Fla. While in high school he was on the varsity football team and was a member of the Camera Club. He is currently in the U. S. Navy, stationed at S. N. A. S.

## Miss B. Rogers Feted At Shower Friday Night

Miss Beverly Rogers bride-elect of Don Simon was honored Friday night with a bridal shower, given by Mrs. H. W. Goodspeed and Mrs. H. L. Moore in the home of the latter.

The rooms were attractively decorated with arrangements of asters and camellias. A silver color palm show, centered with a small figurine and candles, surrounded with green leaves and yellow chrysanthemums and graced with a large pink bow, was displayed in the room. The dining table, overlaid with a white cloth, held a miniature bride standing under a white bell.

The honoree presented the honoree with a ribbon corsage, featuring a wispbone, as a symbol of good luck. Each guest was asked to write a favorite recipe for the bride-elect, after which each read the ingredients of her recipe and the honoree was asked to guess what the finished recipe would be—a test of her knowledge of the culinary art. Miss Rogers was then presented an indexed file box for her recipes.

After the honoree opened her many lovely gifts, the hostesses served refreshments of cake, coffee and nuts.

Those invited to share this pleasant evening with Miss Rogers were her mother, Mrs. J. Rogers, Miss Zaida Varn, Mrs. Ella Varn, Mrs. C. P. Jones, Mrs. J. Benson, Mrs. J. A. Varn, Mrs. H. Harris, Mrs. W. B. Brinson, Mrs. Robert Purifoy, Mrs. Norma Kyle, Mrs. J. B. Williams, Mrs. Joyce Selbee, Mrs. Alice Palmer, Mrs. Gordon Brinson, Mrs. R. McKee, Mrs. J. N. Gillon, Mrs. R. T. ## Oviedo Bustling With Activity As Christmas Season Draws Near

By Marian Jones

OVIDEO—If you think Oviedo is not a bustling and bustling little community, you just move out for a while and try to keep up with all the activities that are going on. We personally guarantee that you will soon be a very tired person.

Now, if you want to eat—Oviedo is certainly the town to come to. If you want to lose weight—it is very hard to do so with no many "feeds" in the offing.

For instance—Monday night would take some traveling to get around. At 7 p. m. the members of the Katie-Sue Circle of the Oviedo Baptist Church will have a wonderful time at the home of Mrs. J. W. Beasley eating that covered dish supper, enjoying the exchanging of gifts and then their business meeting. Mrs. T. R. Phillips is chairman of the circle. Having been to Toppie Beasley's on numerous occasions, we know Mrs. Kathryn Lawton, leader, they will have a treat in store for you. It will be the usual exchange of gifts, etc. Well—it will be a good time.

At 8 p. m. take your choly and a good time will be had all night long. The Christmas party will be held at the home of Mrs. Charles T. ## Conning The News

By Virginia Conn

Belated news is my specialty, and here is some I insist upon mentioning. Mildred and Allie Lopez entertained the Class of '46 at during the Army-Navy game. The guests enjoyed grilled hot dogs as they watched the game on television. Although it was very informal, Mildred had lovely arrangements of brose and yellow chrysanthemums on her table. Attending were Mallie and John Barlow, Lew and Marty Millsaps, Cliff Dunson, Camille Metzger, Virginia Johnston (John in Glimo), and Sally and Howie Weigle. In talking to Mildred discovered that they, too, are going away for Christmas. The Lopez are going to Milroy, Alabama for the holidays.

Mike Michel of HATU, is in the Naval Hospital in Jacksonville on an operation on his knee. Treata has gone up there to be with him. We all wish him a speedy recovery.

The HATU wives met for dessert bridge at Mildred Lopez's on Thursday. Present at this function, which lost a lot of its members due to the fashion show, were Marty Millsaps, Mallie Barlow, Ruth Norvell, Joan Weigle, Virginia Johnston, Betty McLean, and Mac Edwards.

Missed the Peanut Bowl parade after all, but I did hear a great deal about one float which was the brain child of one of our Navy wives, Carty Stribling. The float was for Mrs. Routh's room, and consisted of a large blue bull dog, copied by the talented Carty from the bulldog in Lady and the Tramp. This fierce looking animal was perched on top of a white car, the whole very effective, especially since the class colors are blue and white.

Louise and Jim Parker are resigning from social life this weekend to spend the time quietly in Sarasota enjoying their children and a little rest. Susie's birthday is Saturday (at least her party is) and then they will take off. About this time I guess we all need a breather. Wonder who started all this holiday gale to begin with? For weeks nothing but all will happen and then all of a sudden you feel as if you had jumped on a merry go round that never stops. Not that I'm complaining, because there is nothing I like better, being the original party girl, but I do re-

member certain times in my life when the laundry was always ironed and put away, a pie was in the oven, and a good book traveled the proper attention. At one time I even baked bread! Procrastination is my middle name, though, and I will always settle down after Christmas, or July. They just don't put as many hours in days anymore. Anyway, I vote that when the holidays are over that we all take two weeks off to houseclean, to play golf to cook, to read to our children, or just to sit and think.

But meanwhile, a Christmas carol is playing, there are gifts to be bought, decorations to be put up and I'm going to a party, so I'd better end this right now.

But before I do—there will be an Officer's Wives Club board meeting on Tuesday morning at ten o'clock, at Betty Guy's home on Mellonville and First. All members are requested to come and their alterations, they may be initiated in the mysterious ways of this organization. Plans will be made for installing the new board at the luncheon/Thursday at the B. O. Q.

# Outclassed Seminoles Team Loses Game 83-37 To Boone Braves Friday

The Sanford Seminoles' quiet conquest stepped out of their class last Friday night when they traveled to the Southside gym in Orlando to take on the Boone Braves and were drubbed thoroughly for their effort 83-37.

Completely outclassed and outmanned the young and inexperienced Seminoles were unable to put their running game with the fast break into operation against the towering Braves from Boone High. Claude Hittell, high flying rebounder in Seminoles' season opener last week, was held for a meager four points.

Not only did the Braves tower inches above the visiting Seminoles, but they played more men than the Seminoles have on the "A" and "B" teams combined.

The Seminoles defense was comparatively ineffective against the

Boone Braves as Kent Starcher proved a sharpshooter from away out, and G-S Carl McLemore gave Starcher insurance for a loose shooting game with McLemore's domination of the backboards.

Starcher hit for 13 buckets, McLemore took advantage of the close guarding the Seminoles threw at him and turned 18 free throws into 13 points.

But the scrappy Seminoles had a fair of things to come. With no seniors making the trip, the tiny warriors showed that with time and experience they would become one of the more formidable quintets in the area.

Despite being almost completely locked out by the Boone zone defense, Joe High and Cecil Dandridge, well accounted for themselves. High connected for 13 points, Dandridge nine, and every member of the traveling squad scored the hoop at least once.

 The Carriago family has expanded. Dec. 7, at 10:45 p. m. was the arrival time of the little girl, Jerry and baby are reported in fine condition, but Mario is still a little shaky. Jerry is to be released Wednesday if all goes well. She says she hopes to be able to watch part of the PGA Open this week.

**Pro Ready for Qualifying Round**  
 Some 80 pros were practicing yesterday for the qualifying round Tuesday. Last year '74 was the golden key, but speculation has it that it will take a far lower score this year.

**Speculation on Winning Score**  
 Speaking of speculation, a variety of opinion exist on what score will take this year's championship. The course is in excellent shape, and the competition will be keen. Some opinions are:

Mario Carriago: still shaky from being a father, but otherwise rational and very familiar with the course. "Last year's 200

Walker: finished 8th in last year's. During three days' practice has been edging par with a 3 average. "The course is in the shape this year it will take better score this year. 13 under (267) should do it."

Bill Foukier for Par

**By R. Hugh Aneley Sports Editor**

In Sanford this week all the ingredients of human drama will be enacted, perhaps silently, around the game of golf. Tragedy, reward, hope, despair, disappointment, struggle with the inner man, the realizing and the shattering of dreams—the gamut of man's being will be closely knit with the Second Annual \$18,000 PGA Mayfair Inn Open.

Everyone remembers the tearful smile of Al Balding last year when he wrote a page in the record books by winning the Mayfair Open. The slim, modest, and well-tanned youngster that had to undergo the ordeal of qualifying had all the cards stacked against him. Only about ten percent of the men who attempted qualification made the grade; he was one of them. But then, no Canadian had ever won a major U. S. tournament before, so the gallery all but ignored him. He came through, though. His 2 under par 289 made him the champ at the Mayfair. He was the first Canadian ever to win a major U. S. tournament.

And then the human drama was made known. Everything depended on the Mayfair Open for Al Sanford represented the "Big One" in his life. Had Al not made good, he would have had to pack his bag and go home. The tour would have been over for him; his dream of being a great golfer would have crumbled down on him in darkness.

Al is representative of many young men who will bring their hopes, ambitions and aspirations with them to this friendly city.

The Pittsburgh Pirates set a one-day record last Sept. 23 when 4492 fans jammed Forbes Field. The gate was helped by giveaways.

Bill Foukier broke par again last week with a 68. In the round robin foursome with Bill, Carl Hubbell had a 73, Al Bryant 78, Bill Flemming 71, and yesterday Clarence Phillips 71.

## Star Told Could Never Walk Again Returns To Movies

**HOLLYWOOD**—The latest Hollywood success story concerns a handsome blond from Eagle Rock, Calif., who was told three years ago she would never walk again.

Shapely, healthy-looking Barbara Lang has walked right into an MGM contract. Today she's preparing to play the role of a Japanese accent, excuse it, please.

The confusion will be natural. For this week Meredith is on a merry-go-round that might even throw such a craftsman as he.

Here's his schedule for the week: On Sunday he was in Boston, helping with the rewrite of "Smoking of Murder," his first effort as a stage producer. Sunday night he flew to New York, where he caught an overnight plane to Los Angeles.

Monday and Tuesday he was dubbing dialogue for "Joe Butterfly," a film he made last summer in Japan and in which he plays a native black marketer.

Then he flew back to New York, arriving in time for the Wednesday matinee of "Major Barbara." After the evening performance, he had the rest of the week off to whip his own production into shape in Boston.

I somehow managed to catch up with him out here between recording sessions at Universal-International. He was affable, if somewhat frenzied. "Joe Butterfly" is his first film in six years, and I asked him about his absence.

"A lot of things have intervened," he explained. "I thought I should go back to the theater and re-establish myself as a stage actor. Alan Wells, she's convinced of the benefits that faith can bring."

Helpful hints for keeping your wardrobe in Tip-Top form during the holiday entertaining season

- After each party, let clothes air out at least overnight. Then inspect for food spots, beverage splashes, perspiration or other soil.
- If okay, a little shaking or even brushing won't hurt to smooth out minor creases. Hang in closet on wide (not wire) hangers protected by garment bags... and don't crowd.
- Have soiled or badly crumpled things reconditioned immediately. For this purpose nothing quite equals our Sanifone Dry Cleaning Service. So call us without delay.

## PRIVATE ROADS FOR ANTELOPE

**CHEYENNE, Wyo.**—Most states' traffic woes center around too many trucks and cars, but Wyoming faced a serious traffic problem with migrating antelope. It was simply this: Federal aid regulations require fencing along highways designated on the interstate system. The natural migration paths to food and fish department maintained the antelope herd, vital to the state's recreational and tourist economy, would be wiped out if the migration paths were blocked.

The solution? When U. S. 30 is improved to four lanes under the interstate highway program, underpasses will be constructed every two miles along nearly 300 miles of road—just to let the antelopes cross.

## Manpower, Strict Law Enforcement Cut Hi-Way Deaths

**TALLAHASSEE**—The Florida Highway Patrol Headquarters came up with some proof that manpower and strict enforcement of traffic rules can cut highway deaths.

Patrol Inspector Reid Clifton said that while there had been a 22 per cent increase in traffic fatalities statewide this year there was a 47 per cent in the six-county Headquarters Troop District.

In the state there have been 1,088 highway deaths, an increase of 204 over the like period a year ago.

But in the six counties in this area there have been 20 deaths compared to 47 last year.

The troop patrols Leon, Jefferson, Madison, Taylor, Wakulla and Gadsden counties. Five main traffic arteries—U. S. 90, 37, 210 and 10—cut across the district.

Franklin and Liberty counties were added to the troop's coverage area a week ago but these are not figured in the reports. Headquarters Troop operated with 13 men during 1954. The manpower now is 22. The troop is augmented on holiday weekends and other occasions when heavier than usual traffic is expected, by eight men from the general headquarters at Tallahassee.

"It shows what added manpower and strict enforcement of traffic rules can do in cutting fatalities," Clifton said.

"The motorist who sees a patrolman driving along the highway pays attention to the traffic laws."

He said results in this area give the patrol hopes for lowering the highway death rate.

The 1956 special session of the Legislature provided for 100 additional troopers to bring the patrol's strength to 400 men. Some of these added men are now in

**De Bary To Get New Telephone Building**

Southern Bell disclosed today that it has awarded a contract for construction of a new telephone building in De Bary.

Gordon Rothman, Sanford-Dade Group Manager for the Southern Bell Telephone and Telegraph Company says plans call for work to begin this week.

The new building will house the De Bary office, an unattended dial installation to be known as North 11, and will be put in operation March 17, 1958, coincident with the new dial service for Sanford.

The structure is to be approximately 21 by 28 feet and one story in height. The new telephone building, including the land and associated equipment will cost approximately \$125,740. John B. Orr, Inc. Miami was the successful bidder.

Construction of the new modern building is another step forward in Southern Bell's improvement and expansion program to provide De Bary with the best possible telephone service, Rothman said.

The new building will be located in De Bary on Highway 17-28 at the corner of Angeles Road.

**'Shine Confiscated Saturday In Oviedo**

A five-gallon jug of moonshine whiskey was confiscated Saturday morning as it was being delivered to the home of a Negro woman in Oviedo by Constable George Kelsey.

Julia Green, who Constable Kelsey says is the woman to whom the illegal and untaxed whiskey was being delivered, has been charged with the possession of the moonshine.

However, the Constable reported that "Billy" Jacobs, of Chuluota, has been named in a warrant for the possession and transportation of the untaxed liquor. Kelsey said "Jacobs got into his car and sped away."

"DOLLAR A CAR NIGHT"

**Four Steps Taken When Giving Blood**

When you come to the First Presbyterian Church tomorrow as a donor in answer to The United Church Blood Appeal, here's what happens:

- 1. Registration.**—An aide takes your name, address, where you work, and telephone number, and notes whether your blood is to be credited to the church or your choice or is to go to the "general fund" to rescue an unknown friend when most needed.
- 2. Medical Check-up.**—A doctor or nurse makes sure it's safe for you to give blood at the time by taking your temperature, pulse, weight, and blood pressure, and a drop of your blood is tested for hemoglobin level. Past or present medical conditions are checked. If you have had jaundice or malaria, further study by the doctor may be needed as to whether your blood should be accepted at this time.
- 3. Lending.**—While you lie on a clean bed, an effective skin antiseptic is rubbed on your arm before a small needle is inserted just below the bend of the elbow. (You hardly feel it.) The nurses are all especially trained to do their job. Now you relax for five minutes. (Snooze if you like.) The nurse controls the flow of blood into the collecting bottle.
- 4. Refreshments.**—It's all over before you know it. Now you can join the others for light refreshments. You have a mutual interest now. You hear "This is my first time."—"You're a gallon man!"—"Feel fine, nothing to it."

Sponsored by the churches of Sanford, the United Church Blood Appeal is a public service.

Tuesday, Dec. 11, from 12 noon until 8 p. m. is the time. The First Presbyterian Church at Oak and Third is the place.

For further information or to make an appointment to save waiting, you may call 361 or 329. Thank you.

**Church Grounds Beautification Fund Gets \$75**

The Sunday School annex of the Congregational Christian Church was the scene Friday night of a program announced as "An Evening of Fun" which, in the opinion of Dr. J. Bernard Root, Minister, was an understatement. Musical selections by some of Sanford's top talent, coupled with several quiz programs put on by Charlie Morrison, The Sanford Herald's Quiz Master, held the attention of a large audience for nearly two hours.

Heard on the program was a group of piano selections by little Miss Allyson Lee; trumpet solos by Sidney Vihlen Jr., accompanied by Mrs. Lulu Bailey; Ed Best's memory exhibition with a few magic tricks interspersed "for good measure"; a period of community singing which followed a musical quiz in which Miss Helen Witte and Raymond Ball won the prizes and for which Arthur Greer, was the accompanist.

Scoring their usual big hit with their harmonious selections, Seminole High School's Triple Trio, added to the balance of the program. The nine attractive singers, first soprano, Pat Harrington, Robbie Crutchfield, Penny Marian; second soprano, Lois Bauneau, Ann Davis, Carol Nutt, and Alto; Iris Causey, Shirley Anderson and Mary Grace Hobby were ably assisted by their accompanist, Nancy Cash.

Silver dollars and shiny, found their way into the treasury of the church grounds beautification committee who expressed their thanks to the Florida State Bank, the dollar donors and also their appreciation to all the artists who helped secure \$75 for the fund.

**Central Florida's Tender Crops Hurt By Severe Cold**

Severe cold in Florida the last of November and first of this month resulted in varying degrees of damage to crops, the U. S. Department of Agriculture and Florida agricultural experiment stations said today.

The report said hardy vegetables were only slightly hurt except in coldest locations and that while harvesting season for tender crops in Central Florida was about over most of what remained was lost.

Conditions as of Dec. 1 are given as:

Winter lima beans— Small acreage in generally good condition.

Fall snap beans— Everglades crops badly hurt; Pompano area crops fair to good.

Fall pole beans— Plant City crops ruined; Manatee Ruskin light harvesting expected for next 10 days; Dade County fair to good prospects.

Winter cabbage— Fair to good progress.

Winter cauliflower— Good.

Winter celery— Fair to good except in Zellwood and North Florida.

Fall sweet corn— Small acreage left; approximately a third of Everglades plantings lost to blight or cold.

Winter sweet corn— Everglades harvest to be very light; Pompano area and Dade County about same harvest as last year; Fort Myers Immokalee area good.

Fall cucumbers— Low yields and reduced grades.

Fall eggplant— Good.

Winter escarole— Slight damage.

Fall peppers— Some delay but overall progress good.

Winter potatoes— Severely frosted in Everglades; Fort Myers, Immokalee progress good; Dade County good.

Fall squash— Lighter production than last year; Central Florida crops hurt; South Florida minor damage.

Winter strawberries— Fair to good.

Fall tomatoes— Light damage.

was a huge bouquet of red carnations and white chrysanthemums, and elsewhere were roses and chrysanthemums, all carrying out the red and white theme. Several of the flower arrangements were left by the Garden Club Circles, and these received with comment.

The newly-decorated dining room warranted the admiration it received. The walls are flamingo trimmed in white, and there are two large photographic murals on the east wall underscored with planters. The delicious dinner consisted of New York strip sirloin, snowflake potatoes, peas, tomatoes and salad. The delectable dessert was made of ice cream and tinted whipped cream. The entire scene was one of gracious dining, with the rich-looking walls and gleaming crystal chandeliers.

In the main ballroom Harry Fuller and his orchestra, imported by Mr. Mebane for the winter season after much success in New York, played for dancing. The floor was constantly crowded with happy couples enjoying the fine rhythm of Mr. Fuller's music. The new dresses were, of course, the center of attraction all night, as Sanford's lovely ladies displayed

their charms in the latest creations. One of the striking ball gowns was a strapless white tulle with a silver pattern from bustline to waist, where after being confined in a crushed cummerbund, the silver burst forth on the skirt—a truly lovely dress. Another white ball gown was worn by one of Sanford's prominent women. This was another strapless gown, constantly crowded with tiny silver beads on lace and tulle. The wearer had pinned a lovely lavender orchid to the bodice of crushed tulle.

Red was perhaps the predominating color, and what could be more appropriate with the Christmas season upon us? An eye-catching red velvet sheath with empire waist and a boat neckline was set off with a tiny bit of metallic trim. Another was a red velvet strapless with a very full skirt that was breathtaking because of its simplicity. Velvet was the material of the hour, and showed

up in a square cut black tulle that extended in points over a pleated chiffon skirt of white, in a black velvet decollete top with embroidered skirt, in a red velvet sheath with white ermine trim around the low neck line and in a black velvet full skirted dress with a lace bodice of white.

A beautiful embroidered nylon strapless gown of pink and white caught many admiring glances. It had an apron effect in the front, and a large bustle bow in the back. Another bustle was featured on a simple white taffeta evening gown with a square neck, and princess lines. A lovely black lace full-skirted dress set off the wearers long blonde tresses to perfection as she whirled on the dance floor.

Some of the more informal dresses were equally as striking. A powder blue wool top bound in satin with a blue satin skirt and a gun metal satin sheath were both very handsome. Pink lace

was featured in another short formal. Little straps tied over the shoulder, and the wearer had shoes and bag to match. A black lace strapless over nude colored tulle ballerina length with a ruffle around the waist with a satin cummerbund.

There were far too many lovely gowns to describe. These are of course only a few. The men were in formal dress for the most part, although the party had a delightful atmosphere of friendliness and informality. The ball room was crowded as people took tables out there after coming from the dining room. Mr. and Mrs. Mebane bid farewell to guests from the couch of honor directly opposite the entrance in the lobby. It was indeed a gay and happy affair, and duly appreciated by those who attended.

The new offices and warehouse are located on approximately five acres in south Sanford. Landscaping and beautification of the new site will be completed within the next week or ten days.

Adding to the popularity of the new location will be a huge animated neon sign 6 feet high and 18 feet long which is soon to be erected just off the highway in front of the modern office building.

Paved parking facilities around the offices of Odham & Tudor, Inc. will provide for the parking of approximately 40 automobiles in addition to a parking area for a huge fleet of trucks and mechanized equipment.

## YOU HAVE 11 SHOPPING DAYS TILL Christmas

The Board of Sanford City Commissioners last night virtually urged you to give very serious consideration of not buying a package plan—you can profit very greatly by developing your own planning department.

Questioning Bair, the commissioner's next move comes in finding a young man to fill the position in the local job.

A move was approved to instruct the City Manager and Bair to begin their search for a young man qualified to handle the position and to be versatile enough to handle other assignments.

Bair told the commissioners that by developing their own department they will develop a general comprehensive plan instead of letting the plan become up-to-date today and out-of-date tomorrow, it will become a day-by-day plan.

Commissioner David Gatchel first suggested that the person for the position, asked "Would this plan take the duties away from our Zoning and Planning Board?"

"No," said Bair, "they would be right smack in the middle of it—the success of this plan would be the cooperation of the citizens."

One other warning was made by the Planning Consultant: He told the Board of Commissioners "Don't start depending on a jack of all trades—get a man who knows what he is talking about."

However, Bair further outlined the problems with which the city would be and is confronted.

"There are two of them," he said. "Retail trade and the developing of more buying power" and "what are you going to do with these big old homes."

"I would like to see this plan go into effect immediately but I don't see how we could get into it until we get a man," he concluded.

Mayor F. D. Scott, in his questioning of Bair leading up to the proposal to find a man suitable for the position, asked "Would this plan take the duties away from our Zoning and Planning Board?"

"No," said Bair, "they would be right smack in the middle of it—the success of this plan would be the cooperation of the citizens."

The Sanford Orlando Kennel Club will hold its second annual Charity Night on Thursday, Dec. 20, according to General Manager Jerry Collins.

Several Sanford charities will receive sizeable donations as a result of the benefit program while a portion of the funds raised will go to various charities in Orange County.

Among the organizations cooperating with the Sanford Orlando track to help raise funds for charity are the Sanford Elks, American Legion Post 33, Veterans of Foreign Wars and the Disabled American Veterans.

These groups will all receive shares from the Charity Night proceeds to administer to the charities they sponsor or support.

Collins also plans to set up a Sanford "Community Fund" to gain this year to distribute money to such worthy Seminole County causes as Polio Fund, Red Cross and the TB and Health Assn.

Last year, the dog track's first Charity Night raised \$5,143.97 and about half of that went to Seminole County charity causes.

"We are hoping to do as well and possibly better this year," says Collins who inaugurated the aggressive charity program last season after taking over operation of the SOCK on a long-term lease.

A Sanford Negro has admitted he doesn't know "much about the law" after nearly being jailed for a crime he had nothing to do with.

In fact, William Grace, about 30, pleaded guilty to the charge of defrauding an Atlanta, Ga. hotel by skipping without paying his bill.

Fulton County Chief Deputy Leroy Stynchombe said this is what happened.

A man named William Grace had been indicted by the Fulton County Grand Jury on the misdemeanor charge last Jan. 17. Information on hand was that the man was in the Florida prison at Raiford.

A detainee was placed on the man so he could be tried in Fulton Criminal Court when he was released after serving a larceny of auto sentence in Florida.

Grace signed a waiver of extradition and Deputy C. T. Thomason and C. M. Nelms were sent to pick him up on Nov. 28. (Continued On Page 3)

## 80 Places Available In Tourney

One hundred and twenty golfers teed off today to qualify for 80 places in the Mayfair Inn \$15,000 PGA Open which starts Thursday.

There are 60 exempt players. With the low 80 qualifiers and ties in today's round a field of 150 will make the run for the top money over 72 holes, 18 each day through Sunday.

Al Besselink, top money winner at Havana last week; and Gardner Dickinson Jr., winner at Palm Beach two weeks ago are scheduled to be on hand in Sanford Thursday along with the defending champion Al Balding of Canada.

Mayfair Inn Manager Frank Mebane Jr., late yesterday, announced the list of professionals who are scheduled to participate in the Clinic and exhibition starting at 3 o'clock tomorrow.

Already in Sanford, and a heavy contender for top money is the second annual Mayfair Inn \$15,000 Open, is Frank Stranahan. Teeing off today in the qualifying rounds were top baseball men headed by Carl Hubbell, Director of the New York Giants Farm System. With Hubbell in Sanford will be Bill Rigney, manager of the New York Giants, Rosey Ryan, General Manager of the Minneapolis Millers, Al Lopez, manager of the Chicago White Sox, Freddie Hutchinson, Manager of the St. Louis Cardinals, Paul Richards, Manager of the New York Giants Philadelphia team.

Mario Carfagno, host Pro, along with Ed "Porky" Oliver and Jay Hebert, has estimated that there will be at least 250 to 300 golfers here in Sanford for the Mayfair Inn Open.

Manager Mebane said that crowds are expected to more than double over last year's first annual tournament. Last year, he said, 4,000 enthusiasts lined the golf course to watch the tournament. This year, Mebane, estimated that there will be more than 8,000 here for the event.
