

CHINA REPLIES TO STIMSON'S PEACE OFFER

Insists Upon Redress And Withdrawal Of Japanese Soldiers From Her Territory

WASHINGTON, Sept. 29.—(A.P.)—A demand for "full redress" and withdrawal of Japanese troops yesterday was China's reply to American note urging settlement of Sino-Japanese troubles in Manchuria.

The note from the Nanking Japanese minister dated Sept. 27 and made public at the Chinese legation, charged that Japanese troops were still committing "acts of war."

Identical notes were sent to China and Japan by Secretary of State Stimson, requesting an end to fighting and withdrawal of troops from disturbed areas to avoid further hostilities.

"The Chinese government can conceive no other way," the note said, "to satisfy the requirements of international law and international agreements when international agreements have already been trampled under foot, than for Japan to withdraw her troops immediately from the occupied areas and to give full redress to the aggrieved party, the Chinese government and the Chinese people."

Japanese soldiers occupied Manchurian cities and territories after assertions that the Chinese provoked fighting. The Nanking government contends the Japanese attacks were without cause.

China expressed gratification at the American note and said it was her conviction that it had been prompted by the desire to preserve the "sanctity" of the Kellogg peace pact, which both Japan and China signed.

Then followed assertions that the Japanese had invaded Chinese territory, occupying and "in certain cases murdering Chinese public officers and citizens."

On the day the American note was dispatched, the foreign minister said there was an unprovoked attack by Japanese military planes on Chinese passengers on the Peking-Mudan railroad.

Railroad Protests Criticism Of I. C. C.

TALLAHASSEE, Sept. 29.—(A.P.)—A protest against "unwarranted and improper criticism of the Interstate Commerce Commission" by the state of Florida was made today by the Atlantic Coast Line Railroad Company. A formal protest along with the petition that the "criticism" be stricken from the records filed by counsel at oral arguments on a case which has been before the state supreme court and railroad commission several times and the United States supreme court once. The state of Florida, through the railroad commission, seeks to compel the Coast Line to restore between four and five miles of track which the railroad abandoned in 1927 between Monticello and Yustee in North Florida.

U. S. BUILDING PROJECTS TO HELP JOBLESS

Gifford Committee Is Studying Program And Its Relation To Unemployment

WASHINGTON, Sept. 29.—(A.P.)—Making public construction yield a maximum of jobs for the winter's unemployed yesterday became a major objective of President Hoover's relief organization.

Walter S. Gifford, national director, named a special committee to concern itself with the general program of public works and its relation to unemployment.

James R. Garfield of Cleveland, Ohio, former Secretary of the Interior, was named chairman.

Gifford said the committee "will consider whether, in its judgment, any further use of federal public works could be undertaken to of advantage."

This group, the fifth committee appointed by Gifford, will study the entire present program of public works—federal, state and local. Efforts will be made to (Continued on Page Three)

Gold Standard Still Prevails In Germany

BERLIN, Sept. 29.—(A.P.)—Reports that Germany had suspended the gold standard which caused a seven-point drop in German bonds on the London exchange today were discounted here. It is said seven percent bonds closed in the London exchange at 54. Speaking yesterday to members of the German association of savings banks, Chancellor Brüning said Germany could not risk another point of inflation and the government is determined to resist all inflammatory tendencies.

Hans Luther, president of the Reichbank who also spoke said it would be folly to suggest that Germany emulate the action of Great Britain and Scandinavian countries in suspending the gold standard.

REPORT GIVEN BY RUTH OWEN AT CITY HALL

Representative Tells Assembled Throng Of Activities During Work In Washington

Changing a day of activity during which she spoke to a throng of 500 at City Hall, Ruth Owen, representative from the 15th Florida district at the National Bureau of Health, today reported to the citizens of Sanford on her activities during her recent visit to Washington.

She reported that she had been successful in securing the passage of a bill to provide for the establishment of a national bureau of health, which would be a part of the Federal Public Health Service.

She also reported that she had been successful in securing the passage of a bill to provide for the establishment of a national bureau of health, which would be a part of the Federal Public Health Service.

Battle Is Begun To Break Large Wendel Will Which Left Fortune To Charity

NEW YORK, Sept. 29.—(A.P.)—A battle for one of America's largest fortunes, left up by the recently deceased Wendel Will and kept intact by three generations, today began in New York.

The will, which was drawn up by a lawyer of New York City, left a fortune of approximately \$10,000,000 to be divided among the children of the Will family, who have been living in the city since the late Mr. Will's death in 1910.

The will provided that the fortune was to be divided among the children of the Will family, who have been living in the city since the late Mr. Will's death in 1910.

The will provided that the fortune was to be divided among the children of the Will family, who have been living in the city since the late Mr. Will's death in 1910.

TEXAS SOLON SEEKS TO OUST ANDY MELLON

Will Begin Impeachment Proceedings On Ground Secretary Is In Business

WASHINGTON, Sept. 29.—(A.P.)—After accumulating data on Secretary Mellon all summer, Representative Patten (D., Tex.) yesterday introduced legislation providing for the impeachment proceedings against the treasury head when Congress convenes.

The bill provides that if the secretary of the treasury is found to be in business, he shall be impeached.

Patten said Mellon had violated his oath of office by accepting a position in the Mellon Company of America and that he and his family owned and controlled the stock of the company and the Mellon Company.

Patten said Mellon declined to comment on the charges, maintaining the same attitude as when Patten made a similar announcement in Texas some time ago.

It was recalled at the Treasury, however, that Supreme Court decisions had held that ownership of stock in a corporation did not constitute a business in conflict with the law which prohibits him from engaging in commerce.

Previously Secretary Mellon had said he had severed all business connections when he became secretary of the treasury and had no part whatever in carrying on the business of any corporation in which he owned stock.

The Gulf Oil Corporation, Patten said, was a holding company which owned many ships under foreign registry. He said the law provides that a secretary of the treasury shall not be "the owner in whole or in part of any vessel."

The law further stipulates that "every person who offends against the prohibitions of this section shall be deemed of high honor and shall be liable to the United States the penalty of \$2,000 and shall upon conviction be removed from office and forever thereafter be ineligible of holding any office under the United States."

The Texas solon said plainly, as a stockholder in these companies, he is directly interested in the business of trade and commerce, and comes under the meaning of the law.

LEAGUE ADOPTS RESOLUTION FOR ARMAMENT PACT

Effort Made To Avoid Difficulties Arising Over Year Pact

GENEVA, Sept. 29.—(A.P.)—The disarmament committee of the League of Nations late last night adopted a resolution designed to prepare for a possible one-year truce in armaments beginning Nov. 1.

The resolution, embodying a compromise between the Italian proposal for an immediate truce which the United States and the majority of the League members supported—and objections raised by Japan and France read as follows:

"The assembly requests the governments invited to the disarmament conference (to be held in Geneva next February) to prepare for this event by means of an armaments truce and acceding to requests of the Council of the League of Nations."

As it became known that government's fiscal experts regard such a suspension unfavorably, it was learned that various sources of new revenue open to the government are being canvassed.

Despite this apparent move for new taxes, it was made clear that no decision has been reached by the administration on any new fiscal program and means of raising a prospective billion-dollar deficit.

Administration opposition to suspension of the sinking fund operations was regarded also as indicative of some Democratic leaders to modify the debt retirement program so as to make a part of this money available for government expenditures.

Congress at the close of the war created the sinking fund for retirement of the public debt, then amounting to about \$26,000,000,000. The fund increases each year.

THRILL' SLAYER ADMITS HIS DEED AFTER SIX YEARS

Youthful Law-Abiding Husband Decides To Pay For '25 Murder

NEW YORK, Sept. 29.—(A.P.)—Philip Knapp, 28, recently quiet, law-abiding husband, yesterday paid for the crime of 1925 that culminated in the "thrill slaying" of a taxicab driver six years ago. He will serve a 20-year term in Sing Sing prison.

After a day of conference with his attorney and his family, he stood before county Judge Lewis Smith at Manhattan and said in other words:

"I plead guilty."

The charge was second degree murder. Judge Smith imposed a 20-year term in Sing Sing prison.

Philip Knapp was born in William W. Knapp, retired taxicab driver, N. Y. manufacturer, his mother and his wife were married but with no knowledge that he held a mortgage on his father's home. Knapp married her under an assumed name.

"I have been in conference all day today with the mother and father and present wife of the defendant," Knapp said after the trial.

Suspension In Debt Payment By U. S. Is Declared Bad Plan

WASHINGTON, Sept. 29.—(A.P.)—Suspension of debt retirement payments as a means of preventing tax increases was ruled out yesterday by the administration.

About \$15,000,000 must be spent next year by the treasury in curtailing down America's war debt which stands now at almost \$16,000,000,000 and some members of Congress have proposed a suspension of these sinking fund payments during the depression.

As it became known that government's fiscal experts regard such a suspension unfavorably, it was learned that various sources of new revenue open to the government are being canvassed.

Despite this apparent move for new taxes, it was made clear that no decision has been reached by the administration on any new fiscal program and means of raising a prospective billion-dollar deficit.

Administration opposition to suspension of the sinking fund operations was regarded also as indicative of some Democratic leaders to modify the debt retirement program so as to make a part of this money available for government expenditures.

Congress at the close of the war created the sinking fund for retirement of the public debt, then amounting to about \$26,000,000,000. The fund increases each year.

MacDonald Begins New Fight To Hold Country Together

LONDON, Sept. 29.—(A.P.)—Prime Minister MacDonald, who yesterday began his new fight to hold the country together, today called a meeting of his cabinet.

MacDonald, who has been in office since the late Mr. Baldwin's resignation, today called a meeting of his cabinet.

MacDonald, who has been in office since the late Mr. Baldwin's resignation, today called a meeting of his cabinet.

RUSSIAN EMIGRES GANDHI CONFERS IN GOTHAM STILL WITH MOSLEMS MAINTAIN TITLES TO SOLVE ISSUE

NEW YORK, Sept. 29.—(A.P.)—American has no doubts that every day here in the world's largest democratic city, says a correspondent who says "Ah, Gandhi" when they talk of the "Gandhi" who on they make out there.

Most of the titled foreign-born Russian emigres who left the country last year are here after the revolution.

They have been here for many years and have been successful in banking and many have prospered as business men of their own.

Although they have become through American an asset because of their money and still retain their titles.

At a steamship office one asks "Does that name of mine" if one wishes to see the man who was the first President of the United States.

In an early case, Madison Avenue, where the first President of the United States was born, the first President of the United States was born.

That the first President of the United States was born in the first President of the United States was born.

Many Ex-Royalists Of Mahatma Goes Alone To Meet Rich And Powerful Leaders

LONDON, Sept. 29.—(A.P.)—The Mahatma Gandhi went alone to the fashionable Ritz hotel Monday night to meet a dozen rich and powerful Moslem leaders in India in an effort to solve his nation's most troublesome internal problem, the ancient quarrel between Hindus and Moslems.

When he left the hotel shortly after midnight, the Hindu Nationalist leader indicated they had been little progress toward settlement of one of the chief problems in India's path toward self-government, but he said he would pray over the situation.

"Progress will be slow," Gandhi said, "but the prospects are hopeful. The conversation probably will be resumed later."

Gandhi complained that he was still hopeful the India round table conference would settle the problem, as there is no "deadlock," he said in Hindi and Moslem at present.

The Aga Khan, Islamic religious leader and Moslem prince, headed the Moslem delegation which in stated upon meeting Gandhi at the Ritz that the influential Hindu leader did not participate in the conference was understood to have threatened further difficulties in solving the problem of the status of Hindus and Moslems under the new constitution.

Such influential Hindus as Pandit Malaviya, Dr. B. S. Mookerjee and W. V. Jayakar, met simultaneously at the Aga Khan's home at a number of orthodox Hindus, with their minds definitely made up to meet with the Moslems. They charged that the Nationalist leader does not represent the influential Mahatma movement, which is less amenable to the Moslem demands for one-third representation in the proposed Indian legislature.

Gandhi has reportedly drawn away from the Mahatma faction since his arrival in London, which has greatly annoyed Pandit Malaviya and others.

Palm Beach River Named After First Municipality Head

WEST PALM BEACH, Sept. 29.—(A.P.)—Palm Beach County yesterday named the first municipality head of West Palm Beach, in recognition of the pioneer mayor's bravery.

Sixteen years ago, when Mr. Eaton was 69, he saved the county bridge across that river and properties of the Florida East Coast railroad from destruction by flood waters. He was obliged to work all night at his self-imposed task of stemming the waters, aided only by one negro.

The resolution adopted yesterday at the first meeting of the board since Mr. Eaton's death last week followed suggestion by C. H. Brugler, county engineer at the time of the flood, George Brown, engineer who repaired the bridge and W. J. VanBuren and the names of City Commissioners George O. Butler, then circuit clerk and Fred E. Forno, present clerk, which appeared on the resolution.

Sebring Questions Validity of Bonds Involved In Court

SEBRING, Sept. 29.—(A.P.)—Of Sebring's bond debt of approximately \$3,000,000, the validity of \$2,450,000 is questioned in the city's answer in the mandamus suit brought by a group of bondholders, who seek to compel the special levy of over \$48,000 for interest on the \$2,450,000 of bonds the claim to hold.

Among the grounds attacking the bonds are: Failure to validate many of the issues, using the proceeds to make improvements in sections wholly without the city limits; and failure to hold elections to give the taxpayers an opportunity to express their opinions.

Another allegation is made that the issue of Feb. 15, 1927, is null and void because it was issued for construction and improvements in streets in Lakewood Terrace located outside of the city limits and which was not even in the city limits by ordinance or by any act of legislature when the improvements were made.

The property as improved, it is alleged, was taken into the city limits after the contractor had constructed the streets in the subdivision. It is further alleged that the city was induced to issue the bonds and deliver them to the contractor after the roads had been constructed, and also after the development company went into bankruptcy.

Atlanta Mayor's Bible Class Votes To Stay With Him

ATLANTA, Sept. 29.—(A.P.)—Despite opposition of prohibition difference between Mayor James L. Key and Rev. R. Z. Tyler, members of the mayor's Bible class at Grace Methodist Church Sunday night voted to disband and to follow the mayor in a new inter-denominational class.

Mayor Key withdrew from leadership of the class, which he founded eight years ago, after Mr. Tyler objected to his criticism of the prohibition law and requested he refrain from further utterances on the subject.

Attempts made in several references to reconcile the differences between the pastor and the mayor were unavailing, and at Sunday night's meeting only one dissenting vote was heard when 150 members of the class voted to disband.

Plans for the organization of a new inter-denominational class already has indicated he would be willing to head such an organization, although he had advised the class against disruption at the time he retired as teacher.

Garage Apartment Fire Fatal To Girl

ST. AUGUSTINE, Sept. 29.—(A.P.)—Irene Burke, 13, daughter of Eva Burke, widow, was burned to death today in their garage apartment which was destroyed by fire. Mrs. Burke telephoned her daughter about midnight asking her to spend the night with her at the home of friends.

The daughter, however, declined, saying she was tired. The fire was reported several hours later but it was beyond control. The girl's body was found in bed. Firemen said the blaze was on the ground floor. The Burkes were formerly from Winnipeg, Canada.

Increase Ordered In Light Rates By Orlando Utilities

ORLANDO, Sept. 29.—(A.P.)—Electricity rates will be increased from their regular weekly meeting to announce an increase of one per cent in residential rates for electricity which would be a 10 per cent increase over the 50 K. W. source.

Formerly the schedule was 30 K. W. hours, nine cents, which has been raised to 11 cents, 50 K. W. hours, four cents, now raised to six cents. The minimum charge was \$1.75 and that has been raised to \$2.00. A 10 per cent rate would be given when the bill is paid within 10 days of the date.

In making the announcement the commissioners said "The Orlando Utilities Commission has cooperated in every way in easing the city of Orlando in these difficult times of stress and has for the past several weeks of consideration have decided to revise the residential schedule for electricity by a moderate increase and to put in another step to encourage the additional usage for cooking and heating." This is the 50 K. W. hour rate at two cents.

The average family in Orlando uses about 50 K. W. per month. A. P. Michael, general manager of the utilities, explained. He said the new advance in prices was made with the desire to increase revenue for the city of Orlando and at the same time encourage electrically users to increase their monthly consumption.

Franco-German Body Seen Important Step

BERLIN, Sept. 29.—(A.P.)—Premier Laval returned to France with Foreign Minister Briand today firmly of the opinion that the Franco-German Economic Commission was the first step toward world collaboration to restore prosperity.

"The commission will work in harmony with universal efforts to combat the economic crisis," Laval said. "Cooperation with all other nations will be sought wherever necessary. The action will be the first step in cooperation which has become the need of the hour and in which all are called to participate."

Irregularities Found In Suicide's Accounts

RICHMOND, Va., Sept. 29.—(A.P.)—The 2000-odd pages of an investigation yesterday charged irregularities had been found in the accounts of E. W. Hoffman, president of the Broadway Bank & Trust company, who died by taking gas Friday.

The petition for receivership for the bank is stated that there has been a shrinkage of from \$100,000 to \$200,000 in the value of the bank's assets. This amount was said to be more than enough to wipe out the bank's capital surplus and undivided profits.

Railroad Won't Hire Any Married Women

PORTSMOUTH, Ohio, Sept. 29.—(A.P.)—The Norfolk & Western railroad announced here yesterday that after Oct. 1, it would not employ any married women in its clerical positions or other service.

It also said that hereafter the marriage of any woman employee automatically would sever her connection with the railroad.

Asphalt Specimens Will Be Analyzed

WINTER HAVEN, Sept. 29.—Specimens of the asphalt used in the building of the Winter Haven streets have been sent to the H. C. Nutting company, Tampa chemists, for analysis to determine the cause of the cracking and blistering of certain of the streets and avenues in various parts of the town. The samples were taken by City Manager A. C. Newman on instruction by the city commissioners, and it is expected that the findings of Tampa chemists will be reported within 10 days.

The action was taken to determine the extent of the repairs which are necessary and which are to be made by the W. P. McDonald Construction company, which built the streets five and a half years ago.

PALMETTO—Addition being built to Thompson fish market.

Reduction In Cost Of Fruit Is Urged

TAMPA, Sept. 29.—(A.P.)—Reduction in cost of citrus fruits from grower to consumer will be necessary if adequate returns are to be obtained this season, C. C. Connesser, general manager of the Florida Citrus Exchange said today. Food prices are down and citrus can be no exception, he said, adding that production costs must be cut.

A larger gross and net profit may be realized from a higher sales volume brought about by a lower retail price and shorter markup, he said. Connesser returned yesterday from a visit to northern markets urging the practice of "most urgent economy throughout the industry, if we are to receive anything like adequate returns."

Bad Weather Delays Return Of 2 Airmen

SHAMUSHIRO, Japan, Sept. 29.—(A.P.)—Admiral Nagano, today caused Clyde Pangborn and Hugh Gordon, Jr., American fliers, to postpone the start of their proposed flight to the United States several hours and they may not hop now before Thursday morning. The fliers arrived here today from Tokyo, refueled, and made ready to take off as soon as the weather permits.

HITS RATE INCREASE

WASHINGTON, Sept. 29.—(A.P.)—New pictures of business districts were brought to the Interstate Commerce Commission today on behalf of old arguments against the 15 percent freight rate increase. F. C. Hillier presented the title of southern cities and industries on behalf of several southeastern cities.

Confederate Vets Of State Pass Up Meet

OCALA, Sept. 29.—(A.P.)—Gen. W. E. McGahagan, state commander of United Confederate Veterans, announced here yesterday there would be no annual reunion this year.

General McGahagan said he had heard from a number of the larger camps in the state and most of them expressed the belief it would be unwise to hold an annual encampment this year because of conditions. He hopes, he said, the reunion may be continued in 1932. The last encampment was held at Marianna.

TO VISIT HOOVER

BERLIN, Sept. 29.—(A.P.)—The newspaper Vossische Zeitung says Chancellor Brüning is contemplating a trip to Washington in late December to confer with President Hoover.

Hoover Seeks To Cut Naval Appropriation

WASHINGTON, Sept. 29.—(A.P.)—Armed by efforts of a certain navy official to gain an increased appropriation, President Hoover is seeking to subtract the total of \$1,000,000 from the \$200,000,000 requested by the department for the year of 1932.

The Hoover step in official matters today by the names of the navy officers involved were not known.

The president is endeavoring to get the navy department to recon- sider requests for appropriations.

GEORGIA EDITOR DIES

COVINGTON, Ga., Sept. 29.—(A.P.)—C. L. Snowden, 61, editor and publisher of the Covington News died yesterday after a lengthy illness.

Mr. Snowden came to Covington five years ago from Madison, Fla., where he published a newspaper.

Palm Beach County Claims Big Lake Area

WEST PALM BEACH, Sept. 29.—(A.P.)—Palm Beach county yesterday laid claim to the whole area of Lake Okechobee in an effort to obtain what it considers its share of that part of the state gasoline tax which is to be distributed on the basis of county areas.

County Engineer Jake Boyd estimated the county would receive \$20,000 to \$25,000 more revenue from the tax if the lake is held by the whole within the county. The county commission today voted to continue pressing the claim.

Democratic Planks

In spite of the opinion of many Democratic chieftains that the Democratic platform should include a major plank favoring the modification of the Volstead Act.

"This is a wise conclusion," says the St. Petersburg Independent, "and it is to be hoped that the senator will use his influence in the Democratic party to keep prohibition in its place in the campaign."

"If prohibition is made an issue it will be solely for political purposes and the result will be harmful. It is an inflammatory subject, productive of quarrels and bitterness."

"Nothing needs to be done about prohibition but enforce it. The 18th amendment as a part of the constitution must either be accepted and observed with the rest of it or repealed."

"The Democratic party had better leave prohibition alone if it expects to have a chance. Regardless of the hubbub raised by the wets there are millions of people who want the law to stand who will go to the polls and vote solidly against its repeal."

Women And Unemployment Relief

Are the women of the country doing what they can at this time to relieve unemployment? Women as individuals have been late in realizing the seriousness of the present situation.

"Six months later this same woman rushed into my office to say that she had just joined the relief committee in her city and wanted to know what further measure I would suggest their taking."

"My friend is now moving heaven and earth to raise an adequate budget for the local relief committee. But I am compelled to observe that she came to see where her duty lay somewhat tardily."

It is certainly no reflection on the women of the country that they were a little late in lending their assistance to unemployment relief. Most of us can think of a number of men who were no less late in realizing the seriousness of the situation.

SANFORD FORUM

Editor, Sanford Herald, Sept. 26, 1931.

I am in receipt of a clipping of your article "A Novel Experiment," which appeared in the issue of your paper of September 19th.

I stand for the abolishment of every unnecessary board and office in the state of Florida. I also stand for a three year holiday in new road construction.

In your editorial you state that it would be an interesting experiment, to say the least, if Mr. Hammond starts out with eight new Boards.

I can pledge you that no unnecessary boards will be appointed if I am elected governor and those who are selected for my advisory boards serve without compensation.

We won the war and it behooves us, at this late date, not to lose it.

Sweet literature is only a dozen years old, and there is no giant of that age.

FIRE PREVENTION WEEK OCTOBER 4TH TO 10TH

Thoughtful people throughout the United States will again observe Fire Prevention Week, as suggested by the President in his annual proclamation.

This year October 4th ushers it in. Commercial, civic, social and other organizations will hold appropriate meetings. Millions of school children will take part.

STOCK FIRE INSURANCE

Has always been an active factor in Fire Prevention Week through the National Board of Fire Underwriters and other organizations.

Personals

V. McRaynoide, who has been ill for some time, is able to be out again.

B. McCall Jr. has returned from Varnville, S. C., where he spent two weeks with Mrs. McCall and their children.

Miss Kathryn Takach left recently for Tallahassee where she is attending the Florida State College for Women.

Friends of Mrs. Wallace W. Wright will regret to learn that she continues to be ill at her home, Mellonsville Avenue.

Miss Mary Louise Sauls, of Wuchula, arrived today to be the guest of Mr. and Mrs. H. R. Roberling at their home in Ross Court.

Mr. and Mrs. Frank L. Miller left to leave tomorrow for the Mich., where they will attend a convention of the National General Directors Association.

Friends of Herman J. Lehman will be glad to learn that he is able to be out again after a recent stay at his home on Palmetto.

Ernie Laney, son of Mr. and Mrs. E. H. Laney, who entered the University of Florida at Gaines this year, has been pledged to Pi Kappa Alpha fraternity.

Mr. and Mrs. T. C. Pritchard spent last night from a two-day visit to Springfield, Mo., where they will attend a convention of the National General Directors Association.

Miss Katharine Schirard, who is in charge of rushing season for Delta Delta Delta sorority at Florida State College for Women at Tallahassee, has returned home after spending two days there.

Dr. T. Allen Jones, of Orlando, Dr. Ralph Woodruff left for New York City to spend about a month's course at New York University while Dr. Woodruff is in Philadelphia.

Party Given Friday At Edwards Home

The members of the Young People's Service League of the Holy Cross Episcopal Church were entertained with a party on Friday evening by Miss Margaret Edwards and Miss Henrietta Edwards at their home on Mellonsville Avenue. A treasure hunt and various games were enjoyed. Punch was served throughout the evening while other refreshments were served at a late hour.

Those present were the Misses Margaret Young, Hazel Harvey, Kathryn Morrison, Alice Harvey, Nancy White, Florence Lutz, Pauline Crawford, and the Rev. H. Irving Louth. St. Charles White, Jack Morrison, George McKory, John Morarik and Lester Phillips.

Sunday School Group Presents Program

A special program arranged for promotion day was given at the meeting of the Primary Department of the First Baptist Sunday School last Sunday morning at which time 25 members of the department were promoted to the Junior Department. During the meeting the Rev. W. P. Brooks Jr. made a short talk after which R. H. Pippin, superintendent of the Sunday School presented a report on awards to the following children of the department who had a good attendance during the past year: Lucille Lawton, Elizabeth Pippin, Gladys Pippin, Carol Jean Sax, Mary Alice Hill, Madeline Truluck, Leona Vaughn, Alvin Odham, Bernard Collins, Frank Allen, Elizabeth Vaughn, Grace Speer, III, Charles Anderson, Mack Cleveland, Jr., Albert Huff, Glenn Odham and McKay Truluck.

Dispute Over Beer Continues To Keep Capital Agitated

WASHINGTON, Sept. 29.—(A.P.)—The beer conflict that has been before Congress since yesterday at the capitol.

Opposite sides were stoutly held by two Republican senators, Bingham and Capper. The former went ahead on his plan to back a four per cent beer bill, while the latter issued a lengthy argument against such legislation.

Bingham, who comes from Connecticut, is determined that Congress should vote on his bill.

Capper, a Kansan, insists vehemently on the lawmaking sentiment which opposes liberalizing the Volstead act. He challenged contentions the beverage would have salutary economic results.

This division in the Republican ranks extends also to the Democratic fold. It led Senator Watson, of Indiana, the Republican leader, to predict both national conventions next year would abandon any attempt to commit their parties on this issue.

Meanwhile it was learned that a movement for a national referendum on prohibition had been begun with the solicitation of votes of members of Congress by one of the anti-prohibition associations. This organization is reported to be asking members to state whether they favor submission of the prohibition question to state conventions to be called for the sole consideration of the amendment.

Jury Acquits Slayer In Domestic Affair

HACKENSACK, N. J., Sept. 29.—(A.P.)—Harry Elbers, accused of slaying Richard Graham when the latter taunted him about intimacies with Mrs. Elbers, yesterday was acquitted by a jury of five women and seven men.

The jury's action brought freedom also for Mrs. Elbers, who had been indicted with her husband for the killing 10 months ago.

Prosecutor Losche moved to nolle prosequere the indictment against Mrs. Elbers. The motion was granted.

Graham was killed when he came to the Elbers home at Teaneck in response to a summons. Mr. and Mrs. Elbers testified Graham had been intimate with Mrs. Elbers, but that her husband had forgiven her.

Kentucky Educator Dies

Malicious Trick Is Seen In Finding Of Arsenic In Grove

TALLAHASSEE, Sept. 29.—(A.P.)—Governor Carlton and Agricultural Commissioner Nathaniel Mayo, yesterday said authorities are seeking to arrest the person or persons who employed three boys to throw arsenic dust on citrus trees in the Governor's grove near Vaucluse.

Both state officials said they believed the guilty person or persons sought to "maliciously discredit" the governor and break down enforcement of Florida's green citrus fruit law which prohibits use of arsenic on citrus trees to hasten maturity of the fruit.

The fact that three boys who put the arsenic dust on the trees have been located in two other southern states but would not be prosecuted, they said efforts were being made to learn from these youths who employed them to put the powder on the governor's trees. The guilty person or persons will be "dealt with severely" if identified, they said.

Thirty-eight trees were dusted with the powder on the night of June 16, they said. Mayo said it was a crude job as the dust was thrown on the trees by hand and the trees were late-season bearers and could not be greatly affected by the treatment. He said the state citrus inspection bureau had charge of the fruit from the trees.

The caretaker at the grove disclosed the dust on the trees and notified the governor, who informed the Department of Agriculture. The investigation has been under way since that time.

Woman Is Charged With Slaying Her Mate With Hammer

CLEARWATER, Sept. 29.—(A.P.)—A warrant charging murder in the first degree for the slaying of her husband was served yesterday on Mrs. Maude Gresham in the county jail here.

Her husband, J. W. Gresham, died in a hospital Sunday night. He was beaten about the head with a hammer at his home two weeks ago, Mrs. Gresham told authorities shortly after her arrest that she tried to kill her husband "so my children could be brought up right."

A preliminary hearing for Mrs. Gresham was set for Wednesday morning. Funeral services for Gresham were arranged for today.

"I'm sorry he died, but I still stick to my confession," was Mrs. Gresham's only comment when the warrant was served on her.

Mrs. Gresham's brother-in-law, Claude Gresham, was arrested in connection with the case when Mrs. Gresham first told authorities he had attacked her husband. Later, she changed the story and said she was responsible. Her confession absolved Claude Gresham and he was released from jail.

Two Scandinavian Countries Abandon Standard Of Gold

LONDON, Sept. 29.—(A.P.)—Norway and Sweden were off the gold standard today, apparently as a precautionary step, and the Danish cabinet called a special session of the Folkething (Congress) for today to consider whether Denmark, too, should suspend the gold standard.

A suspension bill, which also would reduce the metallic coverage from 60 per cent to 33 per cent, was expected to be introduced in Folkething.

Otherwise the principal financial developments in Europe were an increase in bank rates.

Dutch bank discount rate went up from 3 1/2 per cent to 4 per cent and that of the Bank of the Netherlands was raised from 2 per cent to 3 per cent.

Sweden, because its currency is pegged with that of England, also was off the gold standard.

The bank of the Netherlands has announced that Holland does not intend to suspend the gold standard.

Temporary suspension of the gold standard in the two Scandinavian countries was in line with the similar action of other nations, their finances having a connection with those of England.

Lighted Match Causes Blast

MEMPHIS, Ala., Sept. 29.—(A.P.)—A lighted match carelessly tossed into a container of gasoline in a filling station today caused an explosion and fire which resulted in the death of a man and serious burns to two companions and a negro.

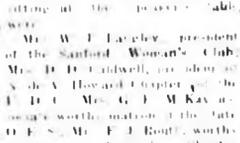

Harry Kelly, 27, was killed when the blast which wrecked the station exploded.

Carl Nelson, 20, Edward Paul, 19, Paul Spear, 21, and Harry Kelly, 20, were severely injured by the fire which started when a lighted match was tossed by the negro.

Special for 30 days. An 8x10 photograph for only \$1.00.
