**JACKSONVILLE** — A single-seat jet Banshee fighter plane crashed into a small lake seven miles south of here today, killing the pilot. A spokesman at the Naval air station said the crash occurred near the main Jacksonville-Miami highway as the F2H-2 Harrier was making a ground control approach for a landing.

#### GOP Kicking Off Drive To Regain Congress Control

**WASHINGTON** — The Republican Party will start organizing for the 1958 congressional campaign by exploring ways to recover its traditional strength in the farm belt.

A meeting of GOP leaders from farm belt states at Omaha, Neb., April 12-13 in the first of a series of six regional conferences scheduled Monday by the national party leadership. GOP National Chairman Mendel Rivers said the party is kicking off "the most intensive campaign" in its history to regain control of Congress next year. He admitted it will be "tough" for the Republicans to win.

#### Mrs. M. Gowdy Dies In Daytona

Mrs. Margaret Gowdy, 91, died at 6:30 p.m. last night at the home of her granddaughter, Mrs. Billie Livingston at 425 Braddock Ave., Daytona Beach.

She was born Nov. 11, 1865 in Bridgeport, Conn., and has made her home in Daytona Beach for the past 25 years.

Mrs. Gowdy has had a lengthy illness.

She is a member of the Mother Church, Church of Christ, Scientist, in Boston, Mass. She was one of the original members of the Church of Christ, Scientist in Orlando.

A notice of a public hearing on the feasibility of connecting the St. Johns River with the Indian River to provide a channel for water traffic between Sanford and Titusville, has been announced. The notice, issued yesterday by the Corps of Engineers, U.S. Army Office of the District Engineer, Jacksonville District, sets the hearing for 9 a.m. April 10 at the Mayfair Inn in Sanford.

#### Famous Explorer Admiral Byrd Dies Of Heart Attack

**BOSTON** — The world of science and adventure today mourned the passing of Admiral Richard Evelyn Byrd, who unlocked the frozen secrets of Antarctica in five famed explorations that covered a record two million miles.

His bereaved family or naval authorities were expected to announce burial plans today for the "Pioneer of the Poles," who died unexpectedly Monday night of a heart attack in his Beacon Hill home at the age of 68.

His family and physician, Dr. William E. Greer, were at the bedside when death came "peacefully in sleep" at 4:26 p.m. EST to the man who excited the world with his exploits in exploration and naval aviation.

It was barely three weeks ago that Byrd, the first person ever to fly over North and South Poles received the last of his many decorations. He was presented the Presidential Medal of Freedom, accompanied by a personal note from President Eisenhower, in recognition of his distinguished scientific contributions to the nation.

#### Pioneer Resident Of Sylvan Lake Succumbs Monday

Mrs. Augusta R. Schmels, 90, a pioneer resident of the Sylvan Lake section near Sanford, passed away last night at 11 p.m. at the Seminole Memorial Hospital following a lengthy illness.

Mrs. Schmels was born Aug. 1, 1866 in Munich, Germany and had been a resident of the Sylvan Lake area for 69 years.

Survivors include: one son, Lester P. Schmels, Sanford; one daughter, Mrs. Mabel P. Snow, Sanford; four grandchildren; eight great grandchildren; and one sister, Mrs. Walter Brower of Chicago, Ill.

Funeral services will be held at 10 a.m. Thursday morning at Brison Funeral Home with Father John W. Thomas of Holy Cross Episcopal Church officiating.

Burial will be in Sylvan Lake Cemetery.

#### Shuffleboard Club Given Trophy Cup

A tournament among the men of the Sanford Tourist and Shuffleboard Club started this morning and will be completed by late this afternoon.

In the women's singles played last week, Mrs. Jackie Bushong drew first place and Mrs. Lois Eckhart emerged with the consolation. Both of the ladies won trophies.

However, a big trophy cup has been presented to the club by Captain Earl Louches. The huge trophy is a 10 year award with the person whose name appears on it most often during the 10-year period will receive the cup to keep. This is the first year for the trophy play.

In a recent tournament played by the Sanford Tourist and Shuffleboard Club at New Smyrna Beach with the Coronado Club, Sanford was defeated by a score of 24 games to 12.

ing included announcement that general design studies for the upper St. Johns are nearing completion in the office of the District Engineer.

"Those studies," said E. E. Kirkpatrick, Colonel, Corps of Engineers, "show that the most feasible water-control plan for the upper basin would consist of conservation areas from the Sanford-Titusville locality. These conservation areas would store flood waters for eventual release down the St. Johns River, and would flood heights about two feet in the Lake Harney-Sanford area."

All interested parties, the announcement stated, are invited to be present or represented at the hearing. This would include representatives of Federal, State, county and municipal agencies, and those of commercial, industrial, civic, highway, railroad, and waterway transportation interests, and property owners concerned.

"Full opportunity to express their views concerning the character and extent of improvement desired and the need and advisability of its execution," Col. Kirkpatrick said in his notice setting the hearing.

"It is understood that interests concerned primarily with navigation desire a channel 12 feet deep and 100 to 125 feet wide from Sanford to the Intracoastal Waterway near Titusville, and that those interests and others desire as part of the plan a lock to conserve water," the District Engineer stated in the notice setting the public hearing.

"It is further understood that other interests desire operation of (Continued on Page 3)

#### Board Asks Closer Union Between Businesses, Police

In controversy over the use of alleys in downtown Sanford, the Board of Sanford City Commissioners refused to set aside a "freight zone" for the use of four stores. In turning down the request, the Board of Commissioners asked for closer cooperation between the places of business and the Sanford Police Department.

Another request for changes in alleyway use, the Board of Commissioners "turned the problem over to Police Chief Roy Williams to handle the best way possible."

"There's going to be trouble any way you can arrange it," one commissioner said.

A request to widen Mellonville Ave. from First to Eighth was tabled until funds are available.

The Board of Commissioners also approved pay schedule changes affecting fire members of the Sanford Fire Department. Classifications were changed from "C" to "D."

A public hearing to abandon four-tenths of a foot on Sanford Ave. has been set for April 8.

Commissioners approved the installation of 18 street lights, four of them in the Sanford Trailer Park section and the other 12 in Franklin Terrace section. Two others will be installed on Mellonville Ave. in the Sanford Memorial Baseball stadium area.

The rezoning recommendations of the Planning and Zoning Commission were denied by the Board of Commissioners. The recommendation would have rezoned from R-1 to C-1 an area between 20th and 25th Streets to allow a commercial skating rink to operate. "The area would complete a buffer zone," according to the recommendation.

#### Scholarship Loan Exams Mar. 19

The examinations for the General Scholarship Loans for the preparation of teachers and State Nurses Scholarship loans will be given at Pinecrest School for all white applicants, Tuesday March 19, with the examinations beginning promptly at 8:30 a.m.

Colored applicants will receive their examinations at Crooks Academy on the same date beginning at the same hour.

### To Meet With Holt, Engineer

An immediate meeting with W. M. Bostwick, of Daytona Beach, who prepared a survey for proposed docks and terminals facilities at Sanford and with Wilson Holt of Goodbody and Co., fiscal agents for the City of Sanford has been set up following the full approval of the facilities by the members of the Board of Sanford City Commissioners last night.

Commissioner F. D. Scott proposed, following discussions surrounding the proposed docks and terminals, that "we invite Bostwick and the fiscal agent to meet with us."

Mayor David Gatchel openly admitted to the audience at last night's meeting that "What we're looking for is a way to do it."

Commissioner Merle Warner commented "Let's keep this thing rolling and in motion in order to find a way to do it."

Commissioner A. L. Wilson stated "The picture in our favor has changed so much in the past 12 months it should not be hard for us to do this."

Commissioner Earl Higginbotham, already aware of the vast tonnage shipped by barge on the St. Johns to Sanford said "Citizens all over the county should be for the docks and terminals."

City Manager Warren E. Knowles described the Bostwick Survey, which names Sanford as the "Wholesale Distributing Center for Central Florida," as "conservative in his figures; allows a contingency for construction; conservative in his estimate of cost; figures about to be made a reasonable layout and quite practical."

At Lee, who heads the Chamber of Commerce waterways committee, said that "the channel is cleared for 12 feet and usually for safety, they go a foot or two deeper," when the question of the need for additional clearing of the channel came up. He said "I think they're a little wrong on that channel deal."

The survey, said City Manager Knowles "Shows the need of dock facilities for Central Florida. The vital thing that comes up in our looking over plans is the acute interest in Sanford and its ability to handle bulk shipments. Dredging of the channel isn't a major problem but there would be needed a sounding survey."

Sanford Merchant Jack Hall asked the pointed question "Are you optimistic about the venture?"

Knowles said "Comparing maps, highways, railroads, truck lines and all other data—Sanford is in a much better position to handle the proposed docks and terminals—it should have been done before. If anybody is in a position to handle heavy freight, Sanford is."

John Krider, Manager of the Seminole County Chamber of Commerce, armed with information surrounding the project, told the Board of Sanford City Commissioners that "We have three points which we didn't have previously (Continued on Page 3)

### Holland Continues To Work With City In Retaining Base

The Board of Sanford City Commissioners took only seconds last night to approve, unanimously, a resolution supporting the effort to retain the Naval Air Station in Seminole County.

In the meantime, additional resolutions are beginning to be received by the Seminole County Chamber of Commerce, to increase the size of the bound volume of requests from government, civic and church bodies of the county requesting that the Naval Air Station be left and expanded in the Seminole County area.

Yesterday, Seminole County Chamber of Commerce Manager John Krider called on organizations, churches, and groups for their resolutions supporting "the effort to retain the Naval Air Station here."

"Much work is yet to be done," said Krider, "in getting the resolutions ready to be submitted to Washington officials."

Senator Spessard L. Holland, in a letter to The Sanford Herald yesterday, said "I fully realize the importance of this facility to the economy of your entire area and you may be assured of my continued insistence that the Navy Department exhaust every possibility of converting the present base so that it will meet the requirements of the jet plane operation which is projected for the future."

Senator Holland pointed out that "I am happy to work with your community and its representatives toward preserving this activity for Sanford."

The fund, started several weeks ago to support the "effort to retain the Naval Air Station in Seminole County" has grown slowly to a total of \$13,313. More funds are expected to be added to the total as checks and pledges are received. (Continued on Page Three)

#### Volcano Threatens To Erupt; Natives Flee Tiny Village

**ANCHORAGE, Alaska** — Coast Guard cutter sped toward a remote island in the Aleutian chain today prepared to evacuate natives if an 8,000-foot volcano should "blow its top."

About 25 natives fled the tiny village of Nikoloski in Unimak Island Monday when Mount Veselovo, a long-slumbering volcano, began belching huge puffs of white steam.

They bedded down for the night in a barn on a sheep ranch owned by Art Harris, only white man in the vicinity.

Mount Veselovo began smoking during a series of minor earthquakes which shook the islands on the western tip of the Aleutian chain Monday morning.

The earthquakes occurred about every half-hour during the day, but were reported as "not too severe."

### Newcomer Appealing For Blood Donors

A comparative newcomer to Sanford has appealed to the readers of The Sanford Herald for "seven kind people who will go to Seminole Memorial Hospital Monday, Wednesday or Friday afternoon and donate a pint of blood in my name."

"Anyone having had to have transfusions will know how numbing and grateful I am that someone's blood was available when I needed it," said Mrs. Eileen E. Laisey in her letter this morning.

"I owe the Central Florida Blood Bank seven pints of blood and they need replacements badly, especially O-Neg which I needed," she said.

"Being comparatively new in Sanford, we aren't too well acquainted and I have tried to get donors among the people I know," said Mrs. Laisey, "but there's been the age factor, blood pressure, allergy, asthma, recent surgery, even yellow jaundice—out of four who did go one was accepted, so now I'm desperate."

Mrs. Laisey praised the Seminole Memorial Hospital, its staff and the Women's Auxiliary as she appealed for donors to replace blood that has been used. "We in Sanford are so fortunate in having such a fine hospital," she said in her letter, "a perfectly grand staff of nurses and doctors, they can't possibly be beat."

"The ladies of the Hospital Auxiliary are doing so much to add to the patients' comfort," she added.

"I've said many times over that as long as I had to be sick I'm glad it was in Sanford," Mrs. Laisey concluded.

"You can't buy life," the Sanford newcomer said in her letter to The Sanford Herald.

Donors may contribute blood at Seminole Memorial Hospital between the hours of 4 and 6 p.m. on Monday, Wednesday and Friday of each week. In answering this appeal, the donors should specify that the blood is being contributed for Mrs. Eileen E. Laisey.

### 17-Year-Old Boy Gets Wish; Spends Birthday In Jail

**NEW YORK** — Octavio Arcoho, 17, wanted to spend his 17th birthday in jail. Today is his birthday and he has his wish.

Arcoho was charged with felonious assault for the "Blackboard Jungle" knife attack on his teacher in a Greenwich Village vocational high school.

Arcoho showed up for his mathematics class Monday armed with a five-inch kitchen knife and a bottle of liquor.

The teacher, Edwin Phillips, 40, reconstructed the classroom drama as follows:

While conducting the class he saw Arcoho take several gulps from the bottle. The youth then became boisterous. Phillips ordered the boy to remain after class.

After the other students left, the five-foot Arcoho hurled a chair at Phillips, pulled out the knife and screamed:

"I want to fight you, teacher, so I can go to jail for my birthday tomorrow."

For 10 minutes, Phillips said, the student slashed him in the classroom, slashing away with the knife while the teacher defended. (Continued on Page 3)

#### Funeral Services Are Set Tomorrow For J. Peterson

James Sanford Peterson, Jr., 41, passed away at 4:15 p.m. Sunday afternoon as a result of injuries in an automobile accident.

He was born Aug. 17, 1912 in Jacksonville and had lived in Osteen for the past nine years.

He was a student at Seminole High School and member of the Osteen Baptist Church.

Survivors include: his father and mother, Mr. and Mrs. James J. Peterson, Osteen; one brother, John Allen Peterson; one sister, Sandra Peterson; and his grand mother, Mrs. Emma Peterson, all of Osteen.

Funeral services will be held at 1:30 p.m. Wednesday at the Osteen Baptist Church with the Rev. J. A. Cardozo, of the Osteen Baptist Church, officiating.

Burial will be in Oaklawn Memorial Park in Sanford. Brison Funeral Home is in charge.

#### School Officials' Meets Postponed

The Wednesday meeting of the Board of School Trustees and the Thursday meeting of the Board of Public Instruction have been postponed until next week, said Superintendent of Public Instruction R. T. Milwee.

The meetings were postponed until Mar. 20 and 21 due to the Florida Education Association Convention in Tampa, said Milwee.

Superintendent of Public Instruction Milwee is attending the convention.

He announced yesterday that Seminole County schools will be closed Friday of this week to allow teachers to attend the convention.

### Religious Question Threatens To Delay Civil Rights Action

**WASHINGTON** — A new dispute, over investigating religious discrimination, threatened today to delay further a House committee's action on civil rights legislation.

Backers of the legislation voiced confidence the judiciary committee will approve it before the week ends. But they said the religious question dimmed hope of a vote today.

The committee scheduled a closed door meeting to consider the administration's civil rights program plus amendments.

Rep. Lester Holtzman (D-N.Y.) is sponsoring an amendment to restore authority for a proposed bipartisan civil rights commission to investigate religious discrimination.

Provision Stricken  
Such authority was included in the Eisenhower administration's bill. But a subcommittee struck it out in an attempt to make the measure less controversial.

Rep. E. L. Forrester (D-Ga.) said Southern members will offer new amendments to "improve the bill."

The subcommittee already has added four to make the administration measure "less unpalatable to the South."

One new Southern amendment was expected to call for jury trials. In any court proceedings brought by the government to prevent civil rights violations.

#### Early Depositing Of Mail Speeds Up Delivery

Postmaster Joel S. Field said today that mailers of Sanford can speed delivery of their mail as much as a full day by depositing it earlier in the day.

Explaining that many local mailers, particularly businessmen, needlessly hold their daily mail until the end of the day and then deposit it in the post office or mail box, Postmaster Field said these advantages would be realized, if these patrons would mail earlier and more often in the day.

1. The mail that is deposited earlier will frequently make same day transportation connections, whereas, if it is deposited late in the day, it may sometimes have to wait until the next morning before it goes out.

2. The chances of human error in handling the mail earlier in the day when the post office is not deluged with work are reduced.

3. Deposit of mail earlier in the day will benefit the local post office and postal employees, enabling them to spread out their work over a longer period of time and helping to reduce jams and emergencies that may delay local deliveries and outgoing dispatches of mail in some instances.

"I urge all mailers, particularly (Continued on Page 3)

### Rotarians Induct 4 New Members; Adopt Resolution

The unanimous adoption of a resolution advocating the retention of the Naval Air Station here, following a report by John Krider on the results of his talks with high Naval officials in Washington, shared honors with the formal induction of four newly elected members at the regular weekly meeting of the Sanford Rotary Club yesterday afternoon, at the Yacht Club.

George Touhy, a past president of the club, explained to "Kim" Kimbrell, local theatre manager; Wally Phillips, operator of a dry cleaning plant, "Bud" Talley, lumber company manager and Ambrose Oliff, head of a local abstract company, some of the benefits, privileges and responsibilities of membership in the international organization which has clubs in over 90 countries of the world.

Touhy explained that the classification of each member is "loaned" to him while he is in good standing in the club and told of the acceptance by the member of any club assignment.

Krider, as on previous appearances before other groups, stressed the importance of the Naval Air Station here and offered many suggestions as to helpful means of keeping the activity here. At the close of his remarks, Club President Dr. Charles L. Persons (Continued on Page 3)

#### Railroad Ferry is Aground On Reef; 37 Persons Aboard

**MIAMI** — A railroad ferry with 37 persons aboard is aground on a reef south of here, the Coast Guard reported today.

The Coast Guard said the vessel Grand Haven crunched onto the coral reef at Molasses Reef 40 miles south of here late Monday but did not appear in danger of breaking up or sinking. The cutter Gentian was sent to the scene this morning to tow it off.

The Grand Haven is a railroad car ferry owned by the West India Fruit and Steamship Co. of West Palm Beach. A spokesman for the company said it was carrying railroad cars loaded with general cargo for Havana on a regular run.

The weather bureau reported seas in the area are calm and should not hamper rescue operations.

### U. S. Sets Tuna Record In 1956

Lowering the purchase price of canned tuna resulted in the sale of 10 million cases, last year, the highest in the tuna fishing industry.

Harold Cary, manager of the American Tunaboat Association, said the American public ate enough tuna to equal three cans for every man, woman and child in the country.

Cary said the tuna fishers voluntarily cut their prices to canneries late in 1955 to stimulate a sluggish market and to provide a competitive price against imports of Japanese tuna.

(1) southbound freight is the heaviest (2) Sanford-Titusville Canal nearer being a reality, and (3) 620,000 tons of freight is available from one source alone.

"Things have opened up which we have never dreamed of before," said Krider, "such as cement."

Opening up another avenue of importance for the docks and terminals, Krider explained that "I am told that money is on hand to plan the Sanford-Titusville Canal and locks. Even the Cross State Canal opens up another complete program of freight traffic to the Gulf."

This project is so practical, he explained, "for we have access to everything, including steel and lumber." Turning to an explanation that pleasure craft will use the local facilities, he said that 50 to 60 thousand pleasure boats will pass through Sanford annually to open up another avenue of money.

"We should get away from this 'one shot' economy," emphasized Krider in his bid to the Board of State Commissioners for its support in putting over the proposed docks and terminals project.

"We've all been through the period of farming, Naval air station, and now it's up to you fellows to make a decision—if we're afraid to take a gamble then why should we expect private investors to gamble," Krider told the commissioners.

"I feel like the time is come now when we're going to have to decide if we're going to sit here

the channel or a larger channel so as to lower flood heights in the Lake Harney-Sanford area by discharging floodwaters into the Indian River," he said.

A survey of the Water-Borne commerce for the proposed Sanford-Titusville Canal has been completed by Geo. and Jensen, Consulting Engineers, Inc., of West Palm Beach for the Florida Geological Survey and the St. Johns-Indian River Improvement Association. It is being released by Earl W. Brown, president and Forest Breckenridge, secretary, for the association.

The 10-page survey cites the tonnage of water borne commerce and traffic as well as the number of pleasure craft which will use the new canal proposed for the area.

Never Under Sold—  
Never Out-Traded  
216 Palmelle—Ph. 778

This is the Custom Royal Lancer 2 Door, one of 6 dashing Dodge hardtops. You'd feel like a king (or queen) in any one of them.

First new idea in station wagons in years—the "Observation Lounge" The third seat of this Custom Sierra faces the rear, and passengers board at rear, also.

Here's sports car lowness with sports car handling. You sweep along in a "Realm of Silence," master curves with race-car torsion bars. Up to 310 h.p. V-8.

Swept-Wing sweeps country!  
Orders doubled on '57 Dodge!

Look around you. People everywhere are stepping up to the fun and pride of owning a Swept-Wing '57 Dodge. (Including a great many who have been sold on other makes for years!)

What's caused this swing to Swept-Wing that has doubled orders over last year? Styling so fresh it makes other cars look "old hat" by comparison.

The greatest advances of 1957: Torsion-Aire Ride, Push-Button TorqueFlite, Total-Contact Brakes. Luxury car looks and performance at a price just above the very lowest.

# Soviet Government Suffering Tremendous Economic Pressures

"We are now seeing the first of a long series of upheavals generated by the internal contradictions of the Soviet economy. For Soviet Communism has turned out to be a kind of capitalism—a kind that won't work." That is the substance, developed in great detail, of an article by Gilbert Burck and Sanford Parker in the February issue of Fortune.

The writers begin with a striking analogy—"The Kremlin today is like a reckless corporate board of directors that has become obsessed with the ambition of making its company the biggest in the world; having expanded plant and equipment too fast, it must now adjust its ambitions to reality." Every Soviet effort has been dedicated to overtaking and surpassing the United States in military and economic fields. The process has been one of forced, not normal or logical, growth. Russia's very real achievements, in other words, have been obtained by such iron-handed stratagems as collectivizing the farms, forcing peasants into the factories, and holding production of consumer goods to minimum levels.

However, Burck and Parker state, the nation can no longer grow by the same devices. Little if any more manpower can be taken from agriculture to serve industry. Population growth has been retarded by famines, war losses and deaths in slave labor camps. So increased industrial production can come, for the most part, only by increasing productivity per man-hour—a fact which the latest Five Year Plan recognizes. But, as the writers put it, there is a big dilemma here: "Because popular resentment is actually beginning to effect production, the Kremlin must now make real concessions to consumers. But if the Kremlin makes such concessions, it cannot keep pace with, much less surpass, the military and economic progress of the U.S."

The Fortune article is illustrated with some revealing charts and tables. The Soviet labor force is half again as large as ours—yet produce only a third as much. The way the labor forces are divided is also highly significant. Both nations employ about the same number of people in government. But Soviet agriculture employs about seven times as many workers as we do, and Soviet industry 10 per cent more. On the other hand, Soviet workers in the trades and services number less than a third of the U.S. total—which in itself clearly shows why Soviet living standards are so low.

In no field of consequence does Soviet production rival ours, even though she has managed to greatly increase her industrial output over the years. Russia produces less than half as much steel; about a third as much energy, and only a tiny number of automobiles, comparatively speaking. Her farm output as a whole is but half of ours, and meat production but a quarter. As for Russian consumers, this observation is made: "Never in modern history has a big econ-

omy vouchsafed so few crumbs to so many consumers."

How can the Kremlin relieve its tremendous economic pressures? It can continue its emphasis on heavy industry—but that, as the authors say, "... would require a new crackdown on the people and might end in violent revolution." Or it could place the emphasis on consumer goods—"Get a real shift toward consumer goods, because it would end the myth of the necessity of absolutism, would pave the way for gradual downgrading and disintegration of the Communist party dictatorship."

In other words, the Kremlin hasn't much choice. Matters might reach a state of desperation which would result in World War III. However, these writers believe, the crisis is more likely "... to spawn a long period of stopgap measures, policy changes and Kremlin reshufflings. These might, over a period of years, effect a substantial and primarily peaceful change in the Soviet system; or they might let the people's appetite for faster and greater change and so lead to coups d'etat and popular uprisings."

## Important Anniversary

February 25th marked an important anniversary. But it wasn't one that was received with cheers. It was the 44th anniversary of the federal income tax.

A look backward is in order. In 1913, in the tax's infancy, the normal rate was one per cent and the highest surtax was six per cent.

Today the tax starts at 20 per cent, on the lowest taxable incomes, and rises to a high of 91 per cent.

A paper from up in the northwest makes this wry and apt comment: "We didn't invent the income tax... The British started using it to support their military campaigns in the late 1700s, shortly after we licked them at Yorktown and won our independence."

"Well, they have their revenge."

## Get Polio Shots!

Suppose someone took you aside and said: "You have an enemy who may waylay you and cripple you for life. But I know how you can stop this enemy. You'll have to act fast. It won't cost much money, and it will take only 180 seconds of your time."

If you knew the facts were true, you'd take him up on it, wouldn't you?

Well, the facts are true. The enemy is paralytic polio. If you're under 40 years old, you're a possible victim. If polio strikes, you may face a life shattered by disease and disability.

There is no cure for paralytic polio, but there is a way to prevent it. The preventive is the Salk Vaccine. It is safe and it works. Three properly spaced shots—at 60 seconds a shot—given you protection.

Over 45 million Americans have been smart enough to get this protection. But 60 million in the susceptible age group have been foolhardy enough to neglect it.

Don't be one of the foolhardy ones. The polio seasons starts soon. You still have time to safeguard yourself and your family if you act at once. Go to your doctor or your clinic now. Vaccinate—before it's too late!

## Too Late To Classify

By RUSSELL KAY

Washington and Oregon, where a Senate investigating committee is uncovering disclosures of wholesale graft, racketeering and corruption in the ranks of the Teamsters Union, may seem a long way off to Floridians, but it happens that the Teamsters are busy in Florida right now organizing citrus workers and with considerable success.

Local Teamster Union organizers laugh off the west coast disclosure and while not denying their affiliation on a national basis contend that Florida is being organized by a southern branch while Oregon is in the western jurisdiction.

It happens however that David Beck, who galloped off to Europe when the Senate began its investigation, is still head of the International Brotherhood of Teamsters, and is as much identified with the southern group as he is with the western group now under investigation.

The Teamsters now represent citrus workers at Stokely, Ill., in Haines City, Adams parking Association, Abundant, Lake Wales, Minute Maid at Auburndale, and the Florida Citrus Canners Cooperation at Lake Wales. Petitions are now pending for elections at Ridge Citrus Concentrate Plant, Lake Highlands and the Minute Maid plant at Frostproof.

Florida has been relatively free from Union domination in the past but now with our industrial growth and development the state has become worth while picking where enough dues paying members can be signed up to insure a profitable return on the cost of organizing.

With thousands of workers involved and substantial monthly dues, a portion of which goes to Beck's International means that the Union can afford to spend plenty of money sending organizers into the state and attempting to take over. Assuming that the Southern

Conference of Teamsters is "lily white" and pure as the driven snow, and assuming that the organization would not be caught pin-ball racketeer, we have no dead with a Bowdy House Madam or professional gambler or assurance that in the years ahead the Teamster group won't get grandiose ideas just as their leaders did in Washington and Oregon and decide that Florida with its gigantic tourist potential would be a wonderful place to set up shop and control every form of illegal operation, gambling, pin balls, juke organs, prostitutes, politics, whiskey, beer and what have you.

When organization was in progress in Washington and Oregon their local operations were probably pictured as clean and unquestioned as those in Florida today but once such groups become firmly entrenched anything can happen and usually does despite our federal, state and local laws to the contrary.

Senate investigators are simply checking on a situation that they and their predecessors made possible through passage of federal laws that opened the way for wholesale corruption. By kneeling and crawling to gain the so-called labor vote, our political leaders have brought about an intolerable situation and with all credit to their feeble attempt to look behind the scenes, their action comes pretty late and their hope of accomplishing much in the way of correction seems far from promising. There was a time when organ-

## When Is Bull Fiddle Vehicle?

OXFORD, England — The question is—when is a bull fiddle a vehicle?

Toby Jessel, a philosophy student at Oxford University who plays the bass in local orchestras, had trouble moving his bulky instrument from place to place.

Toby solved his problem, or thought he did, by putting wheels on the fiddle and rolling it along the sidewalk.

Along came a policeman who declared:

"That's a vehicle. You must push it along the road."

But when he rolled his fiddle in the street Toby found he would have to put headlights and tail lights on it, as well as a green light to identify the fiddle as university transport.

Not a little exasperated, Toby wrote Oxford's police chief asking for a ruling.

A police sergeant came to measure the fiddle and found it was 23½ inches wide, half an inch under the regulation minimum for a vehicle.

But since the fiddle was over six feet high, that put it back in the vehicle class.

Toby, by now at the end of his string—or strings—volunteered to roll the fiddle along at an angle, so it wouldn't stand up to the full six feet.

Police said finally: "We advised Mr. Jessel that while he did not need lights at night, it would be helpful if he carried a torch flashlight to give adequate warning of his approach."

The four-week course includes all phases of combat training coordinated with the training taught in "boot camp." Graduates will be transferred to permanent duty stations.

ized labor was a courageous effort on the part of the laboring man to improve his condition. Under the leadership of Samuel Gompers much progress was made, but with growth and power Unions lost sight of their original goal and used the working man as a pawn to gain power above and beyond any that industry ever achieved. Confronted with the situation today Sam Gompers would turn over in his grave.

## Whooping Cough Still Has Not Been Licked

By HERMAN H. BUNGESEN, M.D.

WITH vaccine capable of protection until it develops the trachea available for virtually all children. The patient who every child, we shouldn't be as he breathes in. This is followed by an extended cough, sometimes lasting for a minute or more.

Unfortunately, though, we are. Too many parents fail to have their children inoculated or forget to have them given periodic booster shots.

### Protective Injections

And even mothers who think their youngsters may have had protective injections, frequently become worried when they begin to cough.

So I think a review of the symptoms of this extremely contagious disease is in order.

Whooping cough can occur at any time of the year and can attack anybody, no matter what his age.

Children under the age of five are most susceptible. However, the disease is most serious when it strikes a child of one year or younger.

### Ordinary Cold

Generally, it develops within one to two weeks after the victim has been exposed to the disease. It begins like an ordinary cold and frequently is mistaken for nothing more serious. The victim probably will develop a slight fever, a running nose and a cold that has a tight-

Usually these coughing spasms are so severe that the face becomes deep red or purple, the veins on the face and scalp swell and the eyes water.

### Child Weakened

Repeated coughing will quickly weaken a child. It may be several months before his strength is fully regained.

The best advice I can give any parent is to prevent whooping cough from attacking your child by having him inoculated.

Your doctor can inject an alum-precipitated pertussis vaccine when your youngster is only two to three months old. For children over six months, there is a plain pertussis vaccine.

A diphtheria toxoid and pertussis vaccine combination also is available for children over the age of six months and for booster shots.

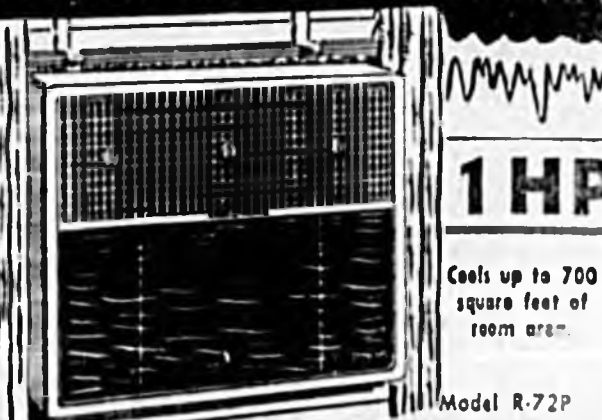

### QUESTIONS AND ANSWERS

Q. H.: Is it possible to heal a rupture by injection treatment? Answer: Most cases need surgery. However, in certain cases, the injection treatment is helpful, especially when the person is old and unable to withstand surgery.

### Sallie Harrison Chapter Held Meet Friday In De Bary

The Sallie Harrison Chapter, NSDAR met at the home of Mrs. Ralph Leonard at DeBary last Friday, with Mrs. Charles Green and Mrs. G. A. Wakefield as co-hostesses.

Mr. Fred Demotte Supervisor District of Civil Defense from Daytona Beach spoke for an hour explaining the national and local set-up for Civil Defense in time of emergency, either war time disaster or national disaster. The Federal Government has only within the last few months turned over to the local authorities this last responsibility. He invited the ladies to visit the offices in Daytona Beach, but urged them to get leaflets explaining what to do in emergency and home protection from their local Defense Offices.

Mrs. L. P. Hagen read an article by William E. Fort of Rollins College on the influence of Communism through school textbooks and stressed the importance of teaching History of America in all schools.

It was reported that three members are working on the current Red Cross Drive and a collection was taken up for this needy cause.

Mrs. F. E. Roumillat Sr. reported that as Radio Chairman she had sponsored a radio program over the local station on George Washington during February.

The chapter decided to offer its services to the City of Sanford in keeping the General Sanford Memorial Library open one afternoon a week for exhibit until such time that a Librarian is secured.

A letter of thanks from Mrs. Carole Sanford Dow was read for the numerous courtesies extended by the Sallie Harrison Chapter during her visit in Sanford. She said she had acquired a cottage and would be in Sanford all next winter.

Plans were made for elected delegates to go to the Florida Convention on March 24-25 at Winter Haven. Members were also requested to attend the Continental Congress in Washington on April 15-17.

The following members were present: Mrs. W. B. Ballard, Mrs. F. E. Bole, Mrs. C. S. Brown, Mrs. C. R. Dawson, Mrs. L. I. Hagan, Mrs. E. M. Hoke, Mrs. A. R. Key, Mrs. A. W. Lee, Mrs. Ralph Leonard.

Mrs. R. M. Mason, Mrs. F. E. Roumillat, Mrs. J. B. Ray, Mrs. G. A. Wakefield, Mrs. Howard Brewer, Mrs. Charles Green and Mrs. Raymond Smith.

### Baptist Circles

The Circle of the Woman's Missionary Union of the First Baptist Church met Monday at 10:45 a.m. in the Educational Building.

Following this a covered dish luncheon was enjoyed after which the program meeting was held with Mrs. E. A. Covington presiding over the short business session.

Mrs. Covington welcomed the members and introduced the visitors. Arrangements were made for remembering the sick members.

Circle One presented the following program: "Love Gives". Brotherhood Love was the devotional given by Mrs. A. J. Peterson and Mrs. Louie Hoop. John 3:16 was one of the scriptures used.

Mrs. M. H. Wade spoke on discrimination against the Jews. She told of the many benefits enjoyed as the result of Jewish scientific contributions to humanity.

Discrimination against the Negro was the subject presented by Mrs. Volle Williams Sr. She stressed the fact that Christ died for all people.

Mrs. W. P. Brooks who arranged the program gave an inspiring talk followed by prayer.

The hymn "From Greenland's Icy Mountains" was sung after which Mrs. R. F. Cooper offered prayer.

CIRCLE NO. ONE

The meeting of Circle One was called to order by Mrs. A. J. Peterson presiding in the absence of Mrs. R. L. Dann. An interesting program was opened with a devotion given by the new member, Mrs. Louie Hoop. The topic was "Prayer".

Mrs. Peterson then gave a quotation on "Faith" after which Mrs. Brooks led in prayer. Mrs. Brooks gave a report on the Carver School and Mrs. Wade presented a stewardship message.

Mrs. Wade also reported on a visit and service at the jail.

\$4.07 was given for Home Missions. Mrs. John L. Miller, wife of the former education director of the church, who lives in Lantana, gave an "interesting" talk on the mission work there, where her husband is pastor.

The meeting was closed with prayer. These present were Mrs. A. J. Peterson, Mrs. Louie Hoop, Mrs. E. R. Wood, Mrs. W. P. Brooks Jr., Mrs. Volle Williams, Mrs. B. R. Beck.

Mrs. J. F. Lewis, Mrs. W. I. Vesley, Miss Isabelle Simmons, Mrs. J. H. Truluck, Mrs. Nell Wade, Mrs. E. L. Lunquist. Also visitors, Mrs. John L. Miller, Mrs. W. L. Stouffville, Mrs. May Mintze and Mrs. Goode.

CIRCLE NO. TWO

Circle Two met with Mrs. G. C. Dixon presiding. Committee reports were given and plans were made for the community missions assignment for March.

Mrs. R. F. Cooper gave a "most interesting" talk on stewardship which was enjoyed by the eight members present.

CIRCLE NO. THREE

"God's Purpose" was the subject of the devotional by Mrs. M. N. Cleveland at the opening of Circle Three's meeting. Mrs. Clyde Humphrey, chairman, presided and welcomed each one present.

Mrs. Francis Bole offered the lesson on stewardship. Mission chairman, Mrs. John Fox, reported the members who attended the "Mission Study Book Home Missions U. S. A." which was taught by Mrs. Lewis of Orlando, on Feb. 28, and the books being circulated for home reading.

The offering was taken and disbursements made for a gift to one of the remembrance list, refreshments for the Girl's Auxiliary and for cement blocks for the Elder Springs Baptist Mission building.

Mrs. John Fox offered the closing prayer. Those present were Mrs. Humphrey, Mrs. M. N. Cleveland, Mrs. Francis Bole, Mrs. H. E. Turner, Mrs. O. G. Roller.

Mrs. Volle Williams Jr., Mrs. J. L. Jackson, Mrs. H. W. Rucker, Mrs. John Fox, Mrs. Gus Lovejoy and a visitor Mrs. Lillian Colbert.

CIRCLE NO. FOUR

### Taylor-Devericks Nuptials Held

Miss Linda Lee Taylor, daughter of Mrs. Francis Taylor, became the bride of Donald L. Devericks Sunday afternoon in a double ring ceremony at the Lutheran Church of the Redeemer.

The Rev. Phillip Schlessman officiated before an altar decorated with fern, white gladioli and baby breath.

The bride, given in marriage by her brother, Dean Taylor, was attired in a white lace over tulle ballroom length gown. Her finger tip veil of illusion fell from a tiara of orange blossoms and tulle. She carried a bouquet of yellow rose buds mingled with baby breath.

Miss Ellen Patterson was maid of honor and only the attendant. She wore a ballerina length gown of pale pink net over tulle and carried a bouquet of pink and white carnations.

The best man was Tom Polard.

Mrs. Taylor chose for her daughter's wedding a blue cotton dress with black accessories and a corsage of red carnations.

Circle No. Four gathered in the Educational Building with Mrs. B. C. Moore, chairman, presiding, who opened the meeting with prayer.

Mrs. O. C. Gibbs gave an inspiring devotional from John 15:16, "I have chosen you". Mrs. Fred Myers read the minutes and treasure report of the last meeting for Mrs. John Abrahams who is ill.

Mrs. H. H. Newman took the offering of \$4.45 after which she reported that she took charge of refreshments for the G.A.'s.

Mrs. Martha Marshall, stewardship chairman, gave an interesting talk from the book "Stewardship Enriches Life", the true values of life.

Mrs. Myers the mission study chairman, gave a talk on Miss Juliet Mathews, young peoples secretary, who will soon go to Japan as a missionary. She also read a letter from one of the missionaries in Hawaii, Sam F. Longbottom.

Mrs. Pippin, reporter for the circle said that each meeting was reported in The Herald and Mrs. Moore said that circle members visited the Scepta Home and carried flowers.

Mrs. C. L. Park, co-chairman reported 23 visits; 12 contacts; five cards and 60 telephone calls were made. Mrs. Pippin closed the meeting with prayer.

Members present were Mrs. B. C. Moore, Mrs. Fred Myers, Mrs. Bea Newsome, Mrs. O. C. Gibbs, Mrs. J. A. Cunningham, Mrs. Martha Marshall, Mrs. Turner Lodge, Mrs. H. H. Newman, Mrs. C. L. Park and Mrs. Willie B. Pippin.

### Conring The News

BY VIRGINIA CONN

The phone is tied up waiting for a call for Robert Conn, so I am fairly newsless tonight, and a little annoyed with the aforementioned character, as he has been fiddling with the typewriter. As I drove by the golf course there was a large crowd watching the exhibition match between Jay Herbert, Porky Oliver, Mario Crasano, and Frank Mebane. Don't know the results, but it should be interesting. Frank Mebane is the kind of player (I hear), who plays a few times a year, and still shoots in the seventies, while the rest of us practice day after day and duff around in the hundreds. Of course

not much need be said of the skill of Jay Herbert, and all of Sanford is proud that he has been spreading Sanford's name over the country side. As long as I'm discussing these golfers, might as well mention our genial pro, Mario, and the comedian of all, Porky, although Mario's dry wit runs him a close second. Probably most of the crowd gathered at the Mayfair Country Club was more interested in the remarks that would be passed than the game itself, and now I'm sorry I missed it—because the match must have been a great show.

The Driftwood Circle met Monday morning at Marge Hill's. Betty Guy discussed Garden Show practices, and refreshed members' memories in basic designs, arrangement and composition. All this was in preparation for the annual flower show to be held here in Sanford the thirteenth and fourteenth of April. Marge Hill presented some pertinent information necessary for entering the show. A nominating committee was selected by president Mike Stone. They will select a slate for election of new officers next month. Marge had several interesting arrangements throughout the house. On the mantle was an arrangement (what a word) bunch of cut flowers, and varied shades of greenery and foliage graced the dining table. Attending were Alice Mills, Betty Guy, Mike Stone, Marge Hill, Sally Weigle, Sadie Knolde, Virginia Deremio, Jean Fowler, Lois Elder, Spook Hook, Doris Francisco, Kay Dwyer, and Joan Weigle.

### Little Theatre Group Meets Sunday

The Sanford Little Theatre met Sunday afternoon in the Commissioners Room of the City Hall to hear Mrs. Sara McCalm, president of the Mt. Dora Ice House Players explain how their little theatre group achieved success, and popularity. She stated that success depends on group determination to keep live theatre alive and to bring it to as many people as possible. You have to have dedicated desire! Instead of selling tickets! The Ice House players have a group or patron membership plan that has been very effective and she suggested the Sanford group try this. Discussion followed each point brought out and at the end of the program fresh enthusiasm and determination to make their next production the most successful of all, was the expressed desire.

## Eagles, Houston To Meet Again Tomorrow

Dallas Eagle Field Manager, "Sally" Parker, said this morning that he was not too disappointed in the showing of his team during the Sunday afternoon spring training exhibition season opener against the Houston Buffs.

During the game, which the Eagles lost 7-5, the regular Dallas pitching staff was not used at all. Tomorrow probably there more youngsters anxious for a berth

on the regular hurling spot will try to make a good showing for the Eagles.

The general disappointment in the Eagle camp was over the lack of strength at the plate. "We would have liked to have had more hits," Jack Swartz said, "but the hitters haven't caught up with the pitchers yet."

Dallas admittedly looked a little ragged in comparison with Texas League champions Houston, but it must be remembered that the Eagle have only been in Sanford for a week, whereas Houston has more than doubled that amount of practice

and have had many members of the team in St. Petersburg for earlier practices.

"These boys get in shape awfully fast," Swartz said this morning. "The two days that we will have worked—yesterday and today—will make a lot of difference in the showing we make against Houston tomorrow."

There are five more newcomers in the Eagle pitching staff who have not tried out their forties as yet, and probably three of them will get the nod tomorrow.

Gil Bassett, 22 year old right hander from Brooklyn, is in a good position to get the nod for action tomorrow for three innings on the mound. Gil has just signed with the Eagles and has not pitched in Class AA baseball before. His fine performance with Sandersville, Ga., a Class D team, last year earned him attention and a chance to better himself.

Dwight Cook, also a right hander from Class D Georgia ball, will probably be another to get the nod.

21 year old Charles Davis is another right hander that would love the chance to get into the thick of things tomorrow. Last year Davis had an impressive season with Danville, Va., a Class B team, and would like very much to better his standing.

Laurus Lastris, a right-handed Florida product from Key West, is another in position to see action tomorrow. Lastris had a good season last year with Lake Charles, La., and indicated that he could perform in a higher league than the Class C team.

There is also a possibility that John Wall will see action on the mound tomorrow, but usually it is not the custom to work a pitcher that is seasoned as soon as a young one. Wall, 23 years old, proved to be a formidable man to deal with on the mound in Class A ball last year and has been figured to move up into stiffer competition for the last two years. The right hander was purchased conditionally from Albany, Class A, last year.

Game time is 1:30 tomorrow afternoon in Memorial Stadium.

## Canadian Team To Race At Sebring

Two of Canada's foremost sports car drivers will co-drive one of the three Humber MGA team entry cars in The Sebring Grand Prix of Endurance March 23rd.

Although both drivers, Alan Miller and Edward Leavens, of Toronto are well known on Canadian circuits, this will be their first appearance at Sebring.

Drivers of other cars for the Humber team of MGA's will be Gus Ehrman, Coe-Cob, Conn.; David Ash, Stony Point, New York and Steve Spiller and Bill Kinchloe of Washington, D. C. They will attempt to repeat their success of the last year when they topped the Sebring Team Trophy.

## Seminole Accelerate Practice

Sanford Seminoles baseball training rushed to its highest tempo of the early season yesterday with extended batting and fielding practices and heavy conditioning exercises for the pitching staff.

Another intra-squad game was scheduled for tomorrow afternoon and that game is shaping into the big payoff for all the candidates for the team. After the game the starting team will be named and uniforms will be issued.

So far the heavy stick at the plate indicates Johnny Yeakle as the power man with the bat. Ronnie Russel shows perhaps the best all-around baseball head on the team, and Brantley Schlirard is rapidly whipping his batting eye into shape.

Though small in number, the Seminoles pitching staff offers versatility. Ken McMurray represents the level headed hurler with a lot of control and a deliberate style of baseball pitching that is liable to pay dividends. His companion, Eddie Barbour, shows power, speed, and strength at the mound. Barbour has a good fast ball but lacks the stability that the somewhat slower McMurray possesses. Barbour tends to be erratic and a little moody, but indication seems to be that he is trying to get into shape and is under a strain. Barbour will probably "cool off" some as the season progresses, but he will no doubt regain enough emotionalism to give the game some color.

The Seminoles will continue the accelerated practice through the rest of the week and will not begin to taper off until the day before the season opens next Tuesday night in Memorial Stadium against Winter Park.

## Tough jobs demand a Universal 'Jeep'

**Traction.** 4-wheel drive gives the extra traction for traveling up steep grades or broken ground. The 'Jeep' is built to stand up and take it in tough usage.

**Mobile power.** With power take-off, the Universal 'Jeep' provides mobile power for operating welders, compressors, generators and many other kinds of specialized equipment.

**Hydraulic lift.** With hydraulic lift, the 4-wheel drive 'Jeep' operates graders, scrapers, post hole diggers and most 3-point hitch implements.

Now a 'Jeep' with longer wheelbase — the new model C36. Carries larger, bulkier loads, has all the features that made the 'Jeep' famous.

A 4-Wheel-Drive Universal 'Jeep' takes you to the job, wherever it is — on the road or off! This rugged performer carries men and equipment over the highway in conventional 2-wheel drive. Then, when work calls for travel off the road — through mud, sand or snow, up hill or down — you shift a single lever for the extra traction of 4-wheel drive. With power take-off, or hydraulic lift, the Universal 'Jeep' does an almost endless variety of jobs. To find out what it can do for you, ask for a demonstration.

## Opening Track Event Called Off

Track coach Fred Ganas breathed a sigh of relief yesterday. The season opening track event scheduled for tomorrow in DeLand was called off because of an extended basketball tournament program in which DeLand participated.

"Now we can make up for the week we lost because of bad weather," Ganas said.

DeLand has many basketball players who are also veteran track performers and they requested Eustis and Sanford to agree to a postponement. Both schools agreed.

Now the scheduled season opener is set for Mar. 21, Thursday week, in a home meet with Eustis. The meet will be held behind Seminoles High School on the newly completed track at 4 p. m.

Ganas had a double chance to breathe a sigh of relief yesterday when Claude Hittell, David Stanley, and Cliff McKibbin—all new members to the track team—began to whip into shape.

"Our main trouble right now is

still physical conditioning," Ganas said, "but it is nice to look at a fellow and know that he is shaping up."

Ganas said that he would accelerate his training program a great deal as soon as the weather warmed up. "This weather is terrible on track members who are not in shape," Ganas said. "They need hot weather to warm up in."

Ganas said the extension of the opening date for more than a week would give his charges an opportunity to make up for lost time last week when rain and chilly winds forced the school to call practices.

"We lost a lot of ground then," Ganas said, "but we'll make up for it now. The spirit of the boys seems high, they still have a lot of enthusiasm and they are trying hard to get into shape."

## Swimming Team Starts Season At Golden Lake

The Sanford Seminoles swimming team, after waiting impatiently through a cold spree for several days, began their swimming season yesterday afternoon with a brief swim at Golden Lake.

The team will participate in a meet each week during the month of April, including the Conference meet in Leesburg.

The Seminoles will have no home meets this year, but it is hoped that by next year the facilities of the City swimming pool will be available to them so that they can carry on a full season schedule.

Some 20 swimmers, mostly girls, showed for the initial dip yesterday and swimming coach Bill Fleming said that he would begin training programing sometime this week. "It's too cold for long workouts in the water," Fleming remarked.

Athletic Director Fred Ganas remarked last night that he hoped SSS could model a swimming program after Leesburg by next year. They have already opened their swimming season," Ganas said, "and they have a wonderful layout with city facilities and have a well rounded program."

Sanford will face Leesburg twice in the three regular meets before the Conference meet. The other will be with Mt. Dora.

Fleming said he hoped he would have candidates enough that he would be able to have contestants in all 10 events and the diving events of each swimming meet.

The Seminoles open their first swimming season April 5 in Leesburg.

## CHAPTER 19

**W**HILE Steve set up the recording machine, I went into the kitchen and got something to eat. I had forgotten what a good idea food and drink was. Then I poured a beer for Steve, more milk for me. I was stepping back into the living room just as Steve said he was ready.

He dipped a switch. There was music, soft, sweet music: it was playing a gentle accompaniment of a husky, vibrant, but very female voice.

Steve said, "That's Anita . . . Anita . . . take it easy, Kipp, darling, don't be impetuous. . . I said, 'Kipp! That's Wendell Kipp! . . . beautiful, the most beautiful . . ."

Anita Kipp, your hands aren't doing good little hands. . . not at all. . . Kipp: Anita . . . Anita: No, let's have another drink. . . Kipp: That would be a waste of time. . . Anita: Your hands, Kip! Stop it now. You're like a high school kid on Saturday night.

Kipp: I'm high school! What about you? What are you saving yourself for . . . the Junior Prom? Anita: (Laughing) Kipp, you're cute . . . you're witty . . . take some more, No . . . talk. Kipp: (Angry) Oh, for God's sake . . . is that why you let me come home with you? To talk? Anita: Were you expecting something else, darling? Kipp: I was expecting what you said me expect. That wasn't dancing you were teaching me tonight.

Anita: Why, Kipp? Kipp: The hell with it! See you around. You know, there's a name for dance like you.

Anita: Don't be angry, don't go. Kipp: Then make me want to stay. Anita: Kipp, you know, I'm a little surprised at you. I thought you were a happily married man. Kipp: Where'd you get that impression? Anita: You've talked so much about your

The Jeannette Circle of the Sanford Garden Club met at the Civic Center in Fort Mellon Park Friday night at 7:30 p.m. with Mrs. Stanley Holland, Mrs. L. E. Steele, and Mrs. Nick Koss as hostesses.

Mrs. N. E. Whitney, chairman, presided and led the group in reciting the Lord's Prayer.

Reports were given by various committee chairmen, after which Mrs. George Hardin gave a talk and demonstration on flower arranging. She was presented with a small gift.

Refreshments of coffee and cake were served to 18 members; decorations were on a St. Patrick's theme.

The Homeville Circle of the Sanford Garden Club met at "San Clara Farm," the home of Mrs. Ralph Jarvis, Thursday night, Mrs. J. C. Sikes and Mrs. R. A. Bennett were co-hostesses. Mrs. C. H. Moss, chairman, announced that the flower show will be April 13 and 14, and the theme will be "Carnival of Flowers."

The new officers elected for the coming year are: Mrs. R. L. McKnight, chairman; Mrs. C. F. Lind, co-chairman; Miss Ethel Riser, secretary; and Mrs. E. L. Vihlen, treasurer.

Dr. Phillip J. Westgate, associate horticulturist at the Central Florida Experiment Station, gave a very interesting talk on "Plant Nutrition." He then showed a number of colorful slides that he had made in his experiments in correcting "Black Strap" in hibiscus.

The door prize was won by Mrs. F. B. Adams.

Delicious refreshments were served to Mrs. C. H. Moss, F. B. Adams, G. C. Dixon, T. R. Hunt, Watson Road, M. E. Baker, C. E. Hunter, B. E. Wiggins, R. L. McKnight, J. G. Haderer, J. P. Hall, E. L. Vihlen, E. J. Routh, and C. F. Lind.

The Magnolia Circle of the Sanford Garden Club met at the garden circle where a workshop on arrangements was directed by Mrs. Fred Ganas, president of the Garden Club.

Mrs. Ganas explained how to frame an arrangement and then to hold it to its proper proportion. She demonstrated with gladioli and each member made an arrangement.

Mrs. Ganas was presented with a gift by Mrs. P. H. Colbert.

Mrs. R. I. Elam, chairman of the circle gave a report from the board meeting. She urged the women to exhibit at the flower show on April 13 and 14 at the Mayfair Inn and to bring plants for the plant sale. Mrs. J. E. Nichols was appointed to represent the circle at the State Convention in Miami.

Mrs. G. G. Bamberger was welcomed as a new member.

Guests included: Mrs. Fred Ganas, Miss Lee Dianne, Mrs. William A. Wasson and Mrs. L. L. Hokenbury.

Hostesses were: Mrs. P. H. Colbert and Mrs. Harry Robison. They served coffee and cake to Mrs. Bradley Odham, Frank Lesko, William Sinclair, Mrs. L. P. Hagan, Mrs. Frank Deane, Mrs. R. I. Elam, Mrs. A. H. Harris, Mrs. R. W. Herron, Mrs. W. E. Kirchoff, Mrs. H. K. Ring, Mrs. J. E. Nichols and Mrs. Bamberger and guests.

A circle flower show highlighted the March meeting of the Camellia Circle of the Sanford Garden Club. The meeting was held at the home of Mrs. Vernon Hardin, 1326 Forest Drive, Thursday night at 8 p.m. Jack Martin and Mrs. Robert Douglass served as co-hostesses.

Mrs. J. E. Terwilliger Jr. was speaker for the evening and judged the arrangements. There were several outstanding arrangements. Blue ribbons went to Mrs. E. C. Harper Jr., Mrs. Don Batten and Mrs. Ralph

Betta. Mrs. Terwilliger explained the various points to remember when making an arrangement for a flower show.

Mrs. Betta, circle chairman conducted the business meeting. Discussed was held concerning a booth at the flower show. It was decided to have a cake and coffee booth. Mrs. Betta appointed a nominating committee to select a vice-chairman. Those on the committee are: Mrs. Malcolm Lodge, Mrs. Alfred Chiles and Mrs. Vernon Hardin.

Mrs. Batten volunteered to serve on the House and Grounds Committee for the Garden Center.

The hostesses served refreshments to the following members: Mrs. Betta, Mrs. Batten, Mrs. Harper, Mrs. Lodge, Mrs. Chiles, Mrs. Duval Hunter, Mrs. Donald Flamm, Mrs. Benny Austin, Mrs. Donald Knight, Mrs. Alfred Greene, Mrs. E. W. Peterson, Mrs. Martin, and Mrs. Hardin.

Mrs. George C. Hardin conducted a short business meeting of the Dirt Gardeners Circle at the home of Mrs. M. L. Colburn, after which the members drove to the Central Experimental Office and Farm on Celery Ave.

Dr. R. W. Ruppert welcomed the group at the office and explained that the services of this staff were primarily for research in the production of vegetables and other crops of economic importance that might be grown more profitably than celery by small growers.

Dr. J. F. Darby, plant pathologist illustrated one phase of work in his special field, showing slides under microscopes of this area. He said that some ornamental shrubs are subject to the same or similar diseases as vegetables.

Dr. J. W. Wilson, entomologist, answered questions from the group concerning the control of insects in the garden and recommended particular care in the use of parathion, which is dangerous to use. Dr. Wilson explained that there had been considerable progress since World War II in the development and availability of controls against disease and insects. About a mile and a half east on Celery Ave. the Dirt Gardeners were privileged to meet Dr. R. J. Westgate, Mr. R. F. Whitner horticulturist, and Mr. John Carter, laboratory assistant at the Central Florida Experiment farm. The group saw an analysis of soil being made and were told something of the experimental use of plastic as a mulch.

Members of the Circle found the trip a stimulating experience.

The Azalea Garden Circle met Friday night at the Garden Center. The members discussed the flower show to be held at the Mayfair Inn April 13 and 14.

Mrs. J. A. Young and Mrs. L. E. Spencer were nominated to attend the National and State Convention in Miami March 31.

Mrs. Henry Russell conducted the meeting.

Hostesses for the occasion were: Mrs. W. R. Jennings and Mrs. Porter Lansing.

Refreshments were served to:

## C of C Directors' Talks Are Centered Around Important City Matters

### Top News In Brief

**DURHAM, N. C.** — The United States will propose a five-point disarmament plan, based on President Eisenhower's "open sky" inspection plan, at next week's London disarmament conference.

**TOKYO** — The U. S. Air Force listed two planes and 14 men missing today. Rescue planes were dispatched to learn whether one of the missing craft had crashed into a mountain on Honshu Island.

**ADDIS ABABA, Ethiopia** — Vice President Richard M. Nixon left by plane today for Khartoum, capital of the Sudan, which recently won its independence from British and Egyptian rule.

### Resolution Tells Happy Relationship Between City, NAS

"We earnestly hope that the enlargement problems can be worked out satisfactorily and that the Navy's and taxpayers' big investment here may continue to be utilized," said the resolution by the Official Board of the First Christian Church in its appeal to "retain the Naval Air Station" in Seminole County.

"A considerable proportion of the members, supporters, officers and workers of our church and its organization is made up of Navy men and their families," the resolution pointed out.

### Weather

Partly cloudy through Thursday  
low tonight 57 to 62.

### Additional Local News On Page 2

Important questions discussed at a meeting of the Board of Directors of the Seminole County Chamber of Commerce included the Naval Air Station, County-wide Zoning, Highways, Docks and Terminals, and the Sanford-Titusville Canal.

"We have a long hard battle ahead of us," Manager John Krider explained to the more than 18 members of the Chamber of Commerce board attending last night's session held in the Educational Building.

Krider reported on the efforts

### Students Complete Course In 'Home Care Of Sick'

Longwood, Altamonte Springs and Casselberry should be prepared for minor emergencies now that 25 more students at Lyman High School have completed the course in "Home Care of the Sick" made available through the Seminole County Chapter of the American Red Cross.

This makes a total of 54 students of Lyman High that have qualified in this "Home Care of the Sick" course—29 certificates were awarded in May of 1956.

Both courses were taught by Mrs. James Gilpin of Casselberry, Chairman of Nursing Services Committee, Seminole County Board, American Red Cross. Mrs. Gilpin was assisted by Mrs. Clay Williams, Home Economics Teacher at Lyman School.

Those completing the course last week were: Mary Ann Anderson.

### Mrs. Spendlove, 101 Succumbs Saturday

Mrs. Josephine Virginia Spendlove, who observed her 101st birthday a week ago, died Saturday at her home near Crewe, Va.

Mrs. Spendlove's health had been good until recently and was not able to receive visitors on her last birthday.

On her 100th birthday she received birthday greetings including one from President Eisenhower.

A native of Jackson County, Iowa, she had lived in Nottaw County since 1911.

Surviving are a daughter, Miss Lorena Spendlove of Crewe, Va.; and two sons, Frank Spendlove of Crewe, Va.; and V. J. Spendlove of Sanford.

The funeral service was conducted by her pastor, the Rev. Ray Kelly assisted by the Rev. Beal of Burkeville at 3:30 Sunday afternoon at Milton L. Jennings Funeral Home with burial in Ward's Chapel Cemetery in Crewe, Va.

that have been made and those yet to be made concerning the "re-entention of the Naval Air Station" in Seminole County.

"All decisions on strategy are being made by the Armed Forces Committee," said Krider as he reported that "there isn't much time left to submit the material requested by Naval Officials," he said "but it shows good faith to get the material to Washington in the time designated."

A letter of thanks to Senator Spessard L. Holland, Senator George Smathers, Congressman A. S. Herlong Jr., and Secretary of the Navy Charles S. Thomas has been written, said Krider.

Brady Odham commented "I think we've got a continuing job to do and I think that it's up to us to make every study and do everything we possibly can to speed a decision."

Turning to the Sanford-Titusville Canal hearing on April 10, Krider told the Board of Directors "It's what we've wanted for the past 50 years." A. L. Lee stated "The opportunities are out of this world and if you can get those fellows in Washington who fought for the Naval Air Station to help on this project we'll get somewhere."

George Touhy, immediate past president of the Chamber of Commerce, reported as chairman of a committee to look into a commercial landing strip near Sanford said that "a spot had been found that seems feasible." He said the strip is available near roads, near Sanford and of about 5,000 feet in length.

The Seminole County Chamber of Commerce Board of Directors last night went on record "endorsing the principle of planned development of our county which can be accomplished with countywide zoning with the power to zone invested in the Board of Seminole County Commissioners."

A meeting of the Long Range Highway Planning Committee was announced on a date prior to Mar. 23.

### Mrs. Marz Urges Canvass Workers To Submit Report

Mrs. Philip Marz, member of the Executive Committee of the Seminole County Chapter of the American Red Cross, and director of the residential district canvass, urgently requests the 100 or more women who are making the local canvasses to contact her between 6 and 10 p. m. tonight or tomorrow night.

The purpose, said Mrs. Marz, is to give an up-to-date report of the canvass.

Mrs. Marz stated that a progress report will be given at the county progress meeting which is to be held Friday morning. She lives at 1920 Magnolia Ave. and her telephone number is 759-J.

### Proposal To Make Sunday Dry Tabled For Further Study

By Mrs. Raymond Morris CASSELBERRY — Discussion on a proposed ordinance to dry up legal Sunday liquor sales in the Casselberry, oasis of Seminole County, was tabled for further study, at the meeting of the Board of Aldermen Monday night.

Establishments which would be effected if such an ordinance is adopted, are the Buckhorn Bar in the center of the business section, and the Seminole Park Raceway. Mayor Don Willson said the action was in accord with what he estimates to be the desire of at least 90 per cent of the residents. Local bars had been operating for more than two years on a limited Sunday schedule.

In November, the Buckhorn Bar was voluntarily closed on Sundays, by the owner. Since that time, package sales only had been conducted. Mayor Willson also said that opposition to Sunday liquor sales in any form here continued to increase, not only in Seminole County but in other adjacent counties as well.

A letter of resignation, submitted by Chairman Raymond Morris, was read at the meeting and Graham Wilson was appointed by the Mayor to serve out the unexpired term of Morris. A heart attack in January was the cause.

### John P. Thurmond Dies Early Today

John Paul Thurmond, 52, died at the Veterans Hospital, Bay Pines at 12:30 a. m. this morning.

Mr. Thurmond had been confined to the hospital for three weeks. He had been in ill health for about 11 months.

He made his residence in Sanford at 612 Elm Ave., and had lived here since 1921.

Mr. Thurmond was formerly employed by the Standard Oil Company here before he retired because of ill health.

He was born Dec. 2, 1888 in Lincoln, Ga. and was a member of the First Methodist Church of Sanford.

Survivors include his widow, Mrs. Sara P. Thurmond, Sanford; a daughter, Mrs. Charles R. Bowen, Sanford; one son, Samuel W. Thurmond, Sanford; two grandsons, Stephen Charles and David Bowen, Sanford; and a sister, Mrs. R. G. Harper, Washington, Ga.

Funeral services and burial will be in Sanford and will be announced later.

Brisson Funeral Home is in charge of arrangements.

### President To Pass Up Florida Vacation For Bermuda Cruise

WASHINGTON — President Eisenhower announced today that he will pass up a Florida vacation and take a leisurely cruise to Bermuda, improving his health while going to meet British Prime Minister Harold Macmillan.

The President said he expects to board a Navy cruiser at Norfolk, Va., late Thursday. He is due in Bermuda March 20.

The President, who has been suffering from a head cold, cough and inflammation of the left ear for some time, had hoped to go to Florida for a few days.

He told his news conference today, however, that he had decided not to go to Florida, but would seek out sunshine aboard a cruiser, turning what he called a very slow trip to Bermuda.

He said he plans to sail from Norfolk late Thursday unless some unexpected event forces a change in his schedule.

The chief executive seemed in much better physical shape today than at his news conference last Thursday. Last week he suffered from a hearing difficulty due to inflammation of the eustachian tube of his left ear. He also coughed repeatedly and displayed hoarseness.

Today his voice was stronger. He gave no indication of the hearing difficulty and his color was much improved.

The President underwent a one-hour examination Tuesday at Walter Reed Army Medical Center.

### Organizational Meeting Tonight

The United Fund Drive organization meeting will be held tonight in the City Commission room of the City Hall.

The meeting is slated to get underway at 8 o'clock.

Serving as temporary chairman is William Peacock, Tommy Peterson is temporary secretary.

## VAH-5 Reenlistments Highest

Thirty six years of combined service were represented at a Heavy Attack Squadron Five reenlistment ceremony this week when Ralph E. Boone, AOJ, Robert DeArmas, AD2, and William J. Ziegler, AM3, were sworn in by the commanding officer for another hitch.

Comdr. Joseph M. Tully, Jr., congratulated the three on helping the Savage Sons maintain the excellent record set last year when VAH-5 leading all Heavy Attack Units, attained an overall reenlistment average of 63.6%.

In a letter from Vice Admiral W. L. Rees, the squadron was commended on their outstanding achievement which the Commander Air Force Atlantic Fleet stated was significantly higher than the average of all units of the Atlantic Fleet from 1 July through 31 December.

### F. Siegrist, 26, Dies In Maryland

Frederick George Siegrist Jr., 26, died in the Bethesda Hospital, Bethesda, Md. on Mar. 11.

His home address was Route 1, Box 120, Maitland.

Mr. Siegrist was a senior at Florida State University in Tallahassee, a member of Sigma Alpha Epsilon fraternity, and Post 19, American Legion of Orlando.

He graduated from Seminole High School in June, 1954, entered the Navy in 1954 and served in the Korean Conflict.

Survivors include his mother, Mrs. Maude Siegrist; grandmother, Mrs. Mary Twitcheings; and a brother, William Siegrist, all of Maitland.

Funeral services will be conducted tonight at 7:30 in the Chapel of the Cox-Parker Funeral Home at Winter Park with the Rev. Darwin Shea, pastor of the Community Methodist Church of Casselberry officiating.

Interment will be in George Washington Memorial Park, Paradise, N. J.

### Pilot Club Names Confab Delegates

Mrs. D. K. McNab, president-elect of the Pilot Club; Mrs. W. L. Carter and Mr. J. P. Hall, vice president-elect, were elected to represent the local club as delegates to the Spring Convention of District Four, Pilot International to be held at Silver Springs on May 3, 4 and 5, at the meeting of the club held in the Yacht Club last night with Mrs. Sue S. Stevenson presiding.

Alternates will be Mrs. A. K. Shoemaker, Mrs. John Lambertson and Miss Dorothy Fouracre. Mrs. Shoemaker also will serve on the registration and credentials committee for the convention.

A resolution, requesting that the Naval Air Station be retained in Sanford, was unanimously adopted at the meeting. The resolution will be turned over to the Chamber of Commerce to be forwarded, with resolutions from other civic clubs, to Washington.

Members also expressed the willingness to serve with the Jaycees on "Navy Appreciation Day" Mar. 30 in any capacity in which

### Red Cross Drive Workers To Meet Friday At 10 a. m.

Major Roy Brown, campaign chairman for the local Seminole County Red Cross membership campaign, said today that a meeting of all campaign workers for memberships and funds will be held in the Sanford Chapter Rooms Friday morning at 10 a. m.

Major Brown said that the campaign is now getting into full swing.

### President Reveals Plan

WASHINGTON — President Eisenhower revealed today that the United States has submitted to the United Nations new proposals for dealing with the Middle East situation.

But the President made clear at his news conference that it is up to the U. N. to take the lead in making arrangements for negotiations aimed at settling problems of the troubled Middle East.

Mr. Eisenhower gave no details of the U. S. proposals which he said have been sent to U. N. Secretary General Dag Hammarskjöld. But he said Hammarskjöld plans to leave for the Middle East Saturday.

The President said he had not heard late news reports from Cairo to the effect that the U. N. and Egypt had agreed that Egypt will take over civil administration of the Gaza Strip.

Wants Negotiation  
A newsmen asked the President whether he would like to see Egypt delay plans to take over civil administration of Gaza.

Without replying directly, the President said he would like to see arrangements made which the U. N. and Hammarskjöld believe would be most effective in bringing on negotiations to settle Middle East problems.

Other highlights of the news conference:

The President said that if Congress wants to cut his budget it will have to decide itself which programs are to be cut, eliminated or slowed down.

Aid in Poland  
He said that if the United States decides to make aid available in Poland, he will ask Congress for the power to make loans to the Polish state should there be any legal ban on such loans.

As for reports of congressional grumbling because of his inaccessibility to members of the House and Senate, the President said he had never received any complaints.

### Speaker Says Three Types Of Grasses Adaptable To State

Another record crowd attended the third session of the Sanford Garden Club's Landscape School last night in the court room of the Seminole Court House.

Jasper Joiner, Asst. Horticulturist for the University of Florida, Agricultural Extension Service spoke on Lawn Grasses and Lawn Management.

There are three types of grasses adapted for use in Florida, he pointed out, as he named the low maintenance grasses, moderate maintenance grasses and one high maintenance grass. In the first group, he said, were carpet, Bahia and centipede; in the second, St. Augustine and Zoysia; and in the third was improved Bermuda.

Nine characteristics are important to watch for and consider in choosing a lawn grass, Joiner emphasized. These nine characteristics are: Cold tolerance; drought tolerance; shade tolerance; maintenance; maintenance requirements; tolerance to traffic; salt tolerance; tolerance to insect and disease attack; method of propagation; and growth characteristics.

The Asst. Horticulturist then turned to the fertilization of lawns in their maintenance and the types of fertilizers to use. In choosing the kinds of fertilizer he said that a 6-6-6 or 8-8-8, or similar formula fertilizer are necessary with additional nitrogen.

### State School Officials Open 4-Day Session

TAMPA — State School Supt. Thomas D. Bailey reviewed measures for federal aid for school construction today at the opening session of a four-day meeting of Florida's top school officials.

Bailey spoke at an early morning joint session of the Florida School Board Assn. and the department of county school superintendents of the Florida Education Assn.

Some 6,000 educators arrived for the meetings, all being held in conjunction with the 71st annual convention of the FEA, which gets into full swing Thursday.

Superintendent of Public Instruction R. T. Milwee is attending the convention today. Schools will be closed Friday throughout the county to allow teachers to attend the meeting.

Bailey was followed on the speaker's platform by D. R. Snyder, assistant superintendent of Dade County schools, whose topic was "School sites in housing projects."

A panel on industry, business and the school curriculum was scheduled this afternoon.

The school board group's final session will be held Thursday morning and the education association's first full session is scheduled in the afternoon. The convention ends Saturday.

WASHINGTON—CONGRESSMAN SYD HERLONG was a special guest of the Florida Nurserymen and Growers Assn. at the Florida display of the National Capital Flower Show here. The display featured Florida's Seminole Indians, in a typical village. Shown are
