**Reception For Mrs. J. W. Barnes**  
Mrs. O. W. King, delightfully entertained her many friends and Sanford society, at a lovely reception which she gave Friday afternoon, in honor of Mrs. J. W. Barnes, one of the early fall brides. Mrs. Barnes possesses a charming personality, and will be quite an acquisition and ornament to Sanford's social circles. Her reputation as a delightful reader is not unknown in Sanford; as it has been the pleasure of a number of ladies to hear her in that role.

The rooms were lovely in their artistic decorations of graceful green vines and pink roses.

The mantles were banked with beautiful pink roses. The soft sweet music of the piano and violin, lent an additional charm to the animated scene. The refreshment table was very attractively decorated with vines and roses. The centerpiece, being a handsome large doll dressed as a bride, with veil, orange blossoms, brides bouquet, and train; standing on a bed of roses. The dainty refreshments of sandwiches, coffee with whipped cream, olives and pickles; were charmingly served by Misses Elizabeth Kay, Mell Whitner, Rose Dickinson, Mabel Bowler.

The occasion will be remembered with pleasure by Mrs. King's guests.

Mrs. Forest Lake was the charming hostess of the Every Week Bridge Club, in Miss Keelor's pretty and attractive tea room; Saturday afternoon. Two tables of bridge were played. Mrs. G. O. McLaughlin made the highest score, and won the first prize, a handsome red leather bridge score. The booby prize, a very pretty brass beehive tape measure, was received by Mrs. O. W. Brady. When the games were concluded, delicious chicken salad, sandwiches, olives and coffee were served. Mrs. Lake's guests were, Mrs. R. S. Keelor, Mrs. L. P. Hughes, Mrs. W. D. Holden, Mrs. C. O. McLaughlin, Mrs. W. W. Prather, Mrs. O. W. King.

**Welaka Club**  
The Welaka Club entertained its members and visitors of the Wednesday Club and Lead A Hand Society with a very interesting Civic program; Thursday afternoon.

Mrs. Henry Wight was leader, which of itself, was sufficient guarantee of an entertaining and profitable meeting. Miss Charlotte Keelor, secretary of the State Federation of Women's clubs, read for the benefit of those present, the paper prepared by Mrs. Gay of Palatka; chairman of Civic Work in Florida; and read by her at the convention of the Federation in Jacksonville recently. Miss Keelor also told of a number of reports by the delegates to the convention from other Florida towns which are actively engaged, in the civic betterment of their communities.

Mrs. Wight after a short talk explaining many of the problems, to be overcome and suggesting ways and means of dealing with many others, read a very able and interesting paper giving a general

review, of the "Progress of Civic Betterment" along all lines of improvement; and which contained so many wise and timely suggestions and inspirations; that were they earnestly and carefully heeded, and lived up to, by the men, women and children actor's on life's stage of today; would inevitably, hasten the lifting of the curtain of Time, upon the "Millennial Dawn."

**Homecoming Week**  
Mr. B. M. Sims, president of the Orange County Pioneer's Association has issued the following invitation to former residents of Orange County, to be present during the week of the Orange County Fair.

Orlando Fla., Nov. 17, 1911.  
To the Pioneers of Orange County, Florida Everywhere:

Through the courtesy of the Orange County Fair Association, the Pioneers of Orange County Florida, in all parts of the globe are most cordially invited to a general home-coming during the week of the fair to be held in Orlando, Fla., from January 30, to February 3, (inclusive), A. D. 1912.

It is with pleasure that the Orange County Pioneers' makes this announcement, and it is to be hoped that as many as possible of those who residents of Orange County, Fla., prior to January 1, A. D. 1885, will avail themselves of the opportunity thus afforded to attend the Fair and renew old acquaintances, and for the time live over again, the "Days of Auld Lang Syne."

The organization of the Orange County Pioneers' Association was completed at a meeting held in October last, and the various committees were appointed to their several reports on the 31st day of January, A. D., 1912—that day being set apart by the Fair Association as "Pioneers' Day," and it is the wish that all the old settlers made an especial effort to be present on that day, if not throughout the whole week of the fair.

By order of the Orange County Pioneers' Association.  
B. M. SIMS, President.  
L. J. DOLLINS, Secy.

**Citrus Fruits Moving Rapidly**

The citrus fruit movement including this week is about 1,500 cars. Cool nights have brought out the color and sweetened the fruit. The movement was heavier this week as growers anticipate a good market for the Thanksgiving trade and others want to play safe and get the fruit moved before a killing frost arrives, if the state is so unfortunate as to have one this season. The large growers who have heating apparatus can laugh at "Jack-Frost" and many of them will hold a large portion of their fruit until it is superior to shipments now moving.

The Clyde Line hauled out of Jacksonville this week about 20,000 boxes for New York and Philadelphia, and probably 25 per cent of their cargo was transported into Jacksonville by their St. Johns River line which operates as far south as Sanford. Heavy shipments by this line during the week was made from Crescent City, Beresford, Sanford and other points on the river. The Atlantic Coast Line, Florida East Coast and Seaboard Air Line railroads hauled the balance of the crop to this city, where it was distributed to the different railroads leading north and west.

The Florida East Coast railroad moved some fine stock from Merritt's Island this week and shipments from Miami were also heavy, as four packing houses are shipping and each is averaging from one to three cars daily. South of Miami at Homestead, Maranja, Goules and Coconut Grove the packing houses are working full time and from one to three cars are moving daily from each point. As far north Titusville the movement has been general and some of the stock has been particularly fine, especially grapefruit.

The growers realize that the grapefruit is short and many are holding out for \$1.50 to \$2.00 per box on the trees, but the fruit bringing \$2 is for fancy Brights. Fully 50 per cent of the fruit this year is Russet and large deals are being made at \$1.50 per box on trees.

The orange crop has improved wonderfully the past ten days. The nights have been cool without frost, with bright sunshine during the day in almost all sections of the state and growers and shippers are at work in earnest. The crop, while largely Russets, is bringing 85c to \$1 per box on the trees and buyers are closing many deals. Many of the growers are shipping on consignments as returns which have been received are very satisfactory, in many cases better than if they had sold on the trees. The fruit tastes sweet and wholesome.—Produce News.

Here the readers will find a brief historical spring flowing for hurried readers.

There is quite a possibility that there will be a material in the case of Mrs. Gertrude Patterson, who has been on trial at Dover for the murder of her husband.

The United States government today formally offered the government of China the services of 2,500 American troops now in the Philippines.

South Carolina, according to information on file with the public health and marine hospital service, is the only state in the Union which has control of the corn market to prevent the spread of pellagra.

No battleship will ever enter the service of the United States navy with handsome gifts from the people of the state after which the war vessel has been named.

Political eyes in Tennessee today are agog on the conference of the friends of prohibition, called by Governor Hooper and now in session at the state capitol.

Yesterday was a real Thanksgiving day for Mrs. Clara W. Moore, wife of the former New York banker who was recently transferred from the Federal penitentiary at Atlanta to the hospital at Fort McPherson.

With what is declared to be the largest attendance in its history upon the initial day, the twenty-second annual convention of the Southern Educational Association met at Houston, Texas, yesterday for a three days' session.

Patriotic Hibernians in New York attacked a play which they thought was a slur on the Irish.

Uncle Sam's eagle-eyed food inspectors at Chicago have held up several carloads of peanuts intended for shipment to western cities for Christmas.

Sanford free delivery started yesterday on carriers in full regalia taking the routes.

One mile of cement walks is to be laid in Lake Helen. This is an evidence of the town's growth.

## SILVER SERVICE FOR FLORIDA

### New Battleship Will Have Swellest Outfit in Navy

The silver service to be presented by the citizens of Florida to the officers of the battleship bearing the name of this state is fully described in an article appearing in yesterday's Jacksonville Times-Union.

The silver service for the new battleship Florida, the greatest fighting ship in Uncle Sam's navy, is here, and it is safe to say that no warship in the service will have as fine, as beautiful, a service outfit as the superdreadnaught named after the "Land of Flowers."

The service arrived at the jewelry establishment of Greenleaf & Crosby Co., which the committee appointed by Gov. A. W. Gilchrist gave the honor of designing and furnishing the service, at 3 o'clock yesterday.

The punch bowl, which, of course, is the main piece of the set, represents the scene of the silver smith's art.

Other exquisite pieces of the service are two candelabras, which have the design of the palmetto tree in which are perched four cranes.

The whole service consists of the following pieces, each of which bears the seal of the state in bas relief:

One punch bowl, one punch bowl plateau, one punch ladle, twenty-four punch cups, one centerpiece, two candelabra with seven electric lights and fittings, one waiter, one pitcher, one pitcher tray, two goblets, one fish dish, one meat dish, one entree dish, one sauce boat, one sauce tray, one coffee urn, one sugar bowl, one cream pitcher, one coffee set tray, one fruit dish, one cigar box.

## THE SCOUT BALL GAME

### Troop 2 Won By the Small Score of 5 to 3

The game started to be a hot contest. Troop 1 scored one run in the first and one in the second innings.

Troop 2 tied them up in the third inning by scoring two runs, and gained one run in the seventh inning.

Troop 1, in their half of the eighth inning, scored one run. But when Troop 2 came to bat in the eighth, the game was started.

The opposing pitcher, Hume Rumph, weakened and Troop 2 scored two runs. That won the game. THE MANAGER.

### Chicago Land Show Crowded With Visitors Wanting Fertile Florida Lands

Chicago, Nov. 30.—(Special.)—Florida scored heavily today at the big land show in Chicago. Being Thanksgiving day in the nation's second city, enormous crowds turned out to visit the land and irrigation exposition.

Products that are strange to the North were on display everywhere and even the black soil of the reclaimed lands of Florida was handled and sifted between the fingers of the land show crowds.

Since the land show opened the paid admissions to the big Coliseum where the exposition is being held have been more than 200,000.

Few of this crowd got by the Florida booth without seeing and being told about it. The booth is drawn along lines of a log cabin as it appears in the cotton picking season.

The unbounded interest in Florida and its products is best demonstrated by the fact that the visitors to the land show even carried home the humble cotton seed, looking upon it as a wonderful creation.

The whole booth is surmounted by long strips of live oak moss, while the entrance to the booth is made of a bowler of sugar cane. J. D. Rooney, assistant industrial agent of the Seaboard with headquarters at Jacksonville, is one of the familiar and busy figures at the land show.

The passenger station at Fort Meade has been wired for electric lights, and two large lights will be erected outside, near the station, for the accommodation of passengers on the night trains.

The grand-stand of the South Side Athletic field, in South Jacksonville, was destroyed by fire a few days ago. It is thought that this was the work of incendiaries.

James B. Hammond, the millionaire New York typewriter manufacturer, narrowly escaped death a few mornings ago in a fire which partially destroyed his \$50,000 yacht, as she lay at the foot of Main street in Jacksonville awaiting repairs to her machinery.

The contract has just been awarded in Fort Dade for the installation of a new set of boilers to operate the electric light plant and water supply of the reservation.

## BROKEN RAIL CAUSES WRECK

### Train No. 85 Has Accident Last Night Near Kissimmee

Going south last night with a load of tourists and returning excursionists, train No. 85 was derailed near Kissimmee. The engine, in charge of Engineer Toler, and the mail car passed over the rail, but the baggage car and the rest of the coaches were turned over into the ditch.

Had the engine turned over there would have been a different story to tell, and many lives would have been lost.

## GOING OUT OF STYLE

### Ladies Are Discarding The Old Style Lace Shoes

Yes, said Manager Tillingshat, of the Duckworth shoe store, the other day.

I sell three pairs of button boots to every pair of laced ones. The boots are undeniably smarter, and with the short walking skirts now they are almost essential, for they make the foot much daintier and more graceful than the laced models, which of course, suggest utility rather than beauty.

## "The Chorus Lady"

The great big success of the past dramatic season, "The Chorus Lady" by James Forbes, author of "The Travelling Salesman" and "The Comuters," will appear at the Imperial Theatre on Wednesday Dec. 6.

The story of the play deals with the life of the chorus girl, of the present day, and shows the temptations and the dangers she is exposed to, but when she knows the good from the bad, as our "Pat" does, she routs her tempters in characteristic fashion.

## Were Married in Sanford

Our readers, or some of them at least, will remember that Mabel Paige, who is filling an engagement here and who with her company will present the play, "Billy" tonight, was married to Mr. Charles W. Ritchie, her present manager, in Sanford some three years ago.

The Pensacola Electric Company has found it necessary to order four new street cars in order to accommodate its increasing passenger traffic.

An electric light plant will be installed at Winter Haven just as soon as the machinery and material can be gotten and put up.

Four of the large Mallory Line steamers were at the docks in Tampa at the same time one day last week and there was great activity on the water front in that city.

The E. O. Painter Fertilizer Company in Jacksonville has recently purchased thirteen acres of land adjoining its big plant in South Jacksonville.

##### LAKE MARY MELANGE

Special Correspondence to The Herald:

Mr. J. R. Moody of Ebenezer, was a visitor to Lake Mary, Sunday. He has been in north and west Florida on a business trip, but he says Orange county for him.

Rev. J. F. Sundell, who has been ill for two months, is improving slowly. He had the misfortune to lose his old faithful horse, Tommy, last week. Tommy will haul the parson no more.

Wedding bells were set ringing recently when Miss Lunquist of Upsala, and Mr. Thompson of this place were married. We wish them many happy days together.

Miss Lenora Arnett, our efficient school teacher, spent the week-end with her people at Longwood.

Rev. J. McKinnon, county superintendent of education, visited the school here last week. Come again.

Mr. Joe Fortler, who is a faithful assistant to Capt. Francis Karet, paid his old home a visit last Sunday.

Mr. Barney Ingersoll is reported on the sick list; also Goodheart Slabom, who came home sick from Sanford, where he has been at work. Trust all will be about soon.

The sound of the auto boat is music in our ears—it has been silent so long. But it did not take Mr. John Evans long to overhaul and put the boat in commission when he had a few days off. We will have to be on good terms with John now.

The Lake Mary Social and Industrial League had their monthly work day and picnic last Friday. It was a grand success. Cleaned up the road and strawed it; also cleaned up the church property. Now there is some talk of painting the church. If anyone is interested in such good work as improving church property, contributions can be sent to Mr. Samuel McBride and will be thankfully received.

Dr. Lewis, of the Lewis Exchange has been in this neighborhood buying oranges.

We are very sorry to hear that Mrs. B. J. Overstreet had to go to the Jacksonville Sanitarium to be treated, but trust she will soon be among us again, well and strong.

Mr. Wm. Lynch of Clyde, was over this way Sunday.

Mr. and Mrs. Duncan Smith have moved to Sanford. We regret to lose them from our midst.

##### BUDA ITEMS

Special Correspondence to The Herald:

Rev. Brooks of Ovelto, was visiting at the home of Mrs. G. A. Nicholson last Saturday. He came to fill his regular appointment.

Mrs. H. A. Nicholson has been on the sick list for the past week. We hope she will soon recover.

Quite a number of people from here attended church, last Sunday, at the Geneva Methodist church.

Miss Mildred Rehbinder, a former pupil of Buda school, but now of Stetson, made a flying visit to her parents last Saturday and Sunday.

Miss Bobbie Nicholson and her two aunts have returned home from a visit to relatives in Sanford and Daytona Beach.

Several of the ladies of this place attended the Ladies' Society last Thursday at the home of Mrs. Faltz, on Lake Geneva, and report some fine articles being made for the Bazaar, to be held at the hall on the 15th of December. Everybody is invited to be present.

##### MOORE'S STATION

Special Correspondence to The Herald:

Mrs. Moore has been ill three weeks with a severe attack of grip, at the home of her daughter, Mrs. Joe Cameron, on Cameron Villa road.

Ward Hasty has been entertaining a brother from North Carolina for a man time.

The D. H. Moss place, on Rallic ad street, has been rented to a family by the name of Irwin, from Georgia. That was the last vacant habitation of any kind about here.

Mr. and Mrs. Sam Schwartz have returned to their home, on Lake Golden, from the north, where they have been spending the summer.

Mrs. James McMillan of Lake Golden is recovering from a serious illness of several weeks duration.

Our Enridge, who has been working on the street cars in Jacksonville for several

months, while on duty a week ago was assaulted by a negro man and badly cut on the left side, just below the heart. He is resting easy, we are told.

Mrs. Vaughn of Geneva avenue, is out again, after an illness of several weeks.

Byrd Willis is at home from Cow Creek, where he has been on camp guard duty.

Several of the young folks are planning to take in the John Sparks Circus, December 7th.

The truckers are happy over the cool weather; quite a lot of stuff being shipped from here now.

Mesdames E. S. Greenland and P. G. Miller, of Cameron avenue, entertained at euchre last week—Wednesday evening. The following were guests at the very pleasant affair: Mr. and Mrs. Welker, Mr. and Mrs. Houston, Misses C. B. T. Clay, Laura Fish, Neva Gormley, Messrs. Benj. Fish and Early Gormley.

Mr. and Mrs. Humes have moved from Rutledge into the Grim house, on Cameron avenue.

Every male person of shot-gun-carrying size is going hunting Thanksgiving day.

##### PAOLA POINTS

Special to The Herald:

Thanksgiving this week, and "Sparks Circus" the next and it will be surprising how many grown people, it will take to steer the "kids" to the show.

Mr. and Mrs. T. E. Wilson have returned to their home at Sylvan Lake, also, Mrs. C. A. Fox, whose health has greatly improved. Mrs. Fox was accompanied by her son Charles and family, who made a short visit, returning to their home in Greensboro, N. C.

Mrs. H. A. Rush left last week for Holly Hill, to visit relatives.

Miss Isenhour of Columbiana Ohio, has returned to their home at Twin Lake to spend the winter.

J. F. Marshall and family have removed from the Planner cottage to their new home across the Wekiva.

Fredrick Stone just from England, is a new comer among us, visiting his friend, J. W. Booth at Twin Lakes.

##### MONROE NEWS

To the Editor of The Herald:

Chester Miller of Lawrenceburg Ind., is visiting friends here.

Mrs. Dukes of Watertown, Fla., is visiting her parents. Mr. and Mrs. J. M. Oglesby.

Great interest is being taken in prayer meetings and Bible readings. Subject for Sunday night is sin. Everybody invited to attend.

E. D. Knight of Kansas, is visiting his sister, Mrs. H. Iserman.

V. S. Hawkins killed 2 fine wild turkeys weighing 23 each this week.

Mr. and Mrs. J. M. Burk have returned home, having spent the summer with friends in Ohio.

J. W. Bell, Jacob Imboden and John Warren were on a pleasure trip up the Wekiva this week and reported a good time.

The recent heavy rains have damaged the growing crops on lower lands very considerably here.

##### GENEVA JOTTINGS

To the Editor of The Herald:

Mrs. T. W. Gelger recently visited her daughter, Miss Lydia, who is teaching school near Tampa.

Mr. Lamroe arrived last week from New York and reports things freezing up there.

Dr. and Mrs. Lewis and son reached Geneva Monday last to spend the winter months at their home on Lake Geneva and enjoy the beautiful Florida climate while their Daifance friends shiver and shake in Ohio.

Mrs. H. H. Patihall is visiting her mother Mrs. Gratie in Jacksonville for ten days.

Mrs. Harley of Chicago, who will winter at Daytona, is expected to visit her friend, Mrs. C. A. Harrison, this week.

The McNeil has been helping the boat Howard to move the fruit from Lake Harney. Quantities of the best fruit is shipped from this place.

Each year Chase & Co. inspect fruit from their various packing houses as it passes through Jacksonville and this season the blue ribbon was won by C. W. Culpepper of Geneva, his fruit being perfectly packed. This is something to be proud of as there was much competition. Geneva is justly proud of Mr. Culpepper's success as he is a home boy and very much liked by every one. This is not only a good pointer but is foreman in the packing house on Lake Harney.

The ladies will hold their bazaar on the afternoon and evening of the 15th of Dec. at the city hall. Everybody is invited to come and enjoy a pleasant evening as

well as purchase their Christmas presents. All kinds of fancy and useful things will be for sale at very reasonable prices. The ladies have used nothing but the best material in making things and the work is well done also. Refreshments will be served and a program of some variety will be rendered. We hope our friends will remember the date Dec. 15th and be with us.

The many friends of Miss Sallie Taylor who is a nurse in Dr. Persons office in Orlando, will regret to know that she is in the hospital where she has just had an operation for appendicitis. She was resting well at last report.

We hope to see quite a crowd from our vicinity at the circus in Sanford next week.

Miss Mildred Rehbinder, who is attending school at Stetson University, visited friends in Geneva last Saturday.

Gordon Flynt is expected to arrive in Geneva from Forsyth, Ga. this week.

J. H. Holder returned home recently after spending the summer with relatives and friends in Ga.

**CHILDREN INJURED.**

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping, nausea and other distressing after-effects that are frequently health-destroying.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy, which we know, for constipation and associated bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies commonly completely relieve constipation, except of course when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes of packages, 10 cents, 25 cents, and 50 cents. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store.

POULTRY RAISING IN THE SOUTH

Section Offers Advantages for Industry Large Profits Realized

There are hundreds of places in the North and southeast today which are rapidly growing in importance as poultry raising regions—sections from which annually thousands of crates of eggs are shipped and thousands of dressed birds.

In northwestern Alabama poultry buyers have worked up a considerable business, and are now shipping live poultry and eggs to various parts of the country.

Instances of success with poultry in the southeast are legion. One grocer in southern Alabama keeps about 500 chickens for their eggs alone.

Another case is that of a poultry raiser near Citronelle, Ala. who came to that section some years ago from Wisconsin and settled on a 40-acre place.

He bought 30 white leghorns at the beginning, and has increased his number of hens considerably.

At first he got an average of about 200 eggs per day, which were contracted for before they were laid by hotel men in Mobile, to whom he ships three times every week.

Miss Stone's Lecture It was very gratifying indeed to see the large crowd of interested listeners, who filled the Baptist church, Wednesday evening to hear Miss Stone's lecture.

Mabel Paige Coming

Imperial Theatre, two nights, commencing Monday, Dec. 4th. Opening bill, "The Lost Trail." The following is what the Tampa Morning Tribune has to say of this excellent company:

"The Lost Trail" as presented by the Mabel Paige Stock Company last night is one of the most intensely human plays ever presented here.

It was the old story told in a new way. It was that of the man who starts out in life with bright prospects for success, but who falls in with evil companions and "loses the trail."

Ed Lawrence, who has been chafing in boiled shirts and high collars during the present engagement of the company here, was permitted to go back to his favorite role, and he made "Bud" Larrabee a part well worth seeing.

Tickets now on sale at Maxwell's Ice Cream Parlor. Price—25, 35, 50, and 75 cents.

Miss Stone's Lecture It was very gratifying indeed to see the large crowd of interested listeners, who filled the Baptist church, Wednesday evening to hear Miss Stone's lecture.

It is of course understood that there was a two fold interest and desire to see and hear what Miss Stone had to say apart from the subject matter of her lecture, there was a natural inclination on the part of the audience to see the women who had unintentionally and without the shadow of desire on her part, attained such international fame and played such a conspicuous part in American history.

Miss Stone however, possessed an interest purely personal. She is a forceful and fluent speaker, evidencing great interest in her theme. She was very happy in her introduction to her lecture, using the Thanksgiving occasion, some beautiful thoughts and suggestions of the brotherhood of man and the fatherhood of God.

She then spoke of her great work for years as a missionary, and her present great work as a W. C. T. U. helper, the same work and thought practically only under another name.

She spoke of the several eastern countries she had labored in and touched briefly on her experience, of the capture of her party by the brigands, of her six months captivity and more briefly of her release.

Important Alaskan Industry. Alaska's fishing industry, next in importance to mining, gives employment to 12,588 persons, of whom 2,823 are natives.

HOME TOWN HELPS

LONG ISLAND'S MODEL TOWN

Forest Hills Gardens, Financed by the Russell Sage Foundation, to Open Next Year.

A model suburban town, financed by the Russell Sage Foundation, whose general operations are shaped by Mrs. Sage, will be opened next year on Long Island, nine miles from the central business district of New York.

This idea is not new, though there are modifications in some of the details. Enterprising real estate men have long been working along similar lines, apart from the philanthropic backing, and building associations have reduced the financial requirements to a co-operative basis.

GROWTH OF PARIS IS SLOW

Its Gain is Steady. However, and Berlin Alone Disputes Third Place With It.

The French census, taken last month shows that the increase in the population of Paris in the last five years has been 83,528. In ten years, at the same rate, the growth would be about 167,000, less than the gain in Cleveland in the last decade.

But the gain in Paris has been enough to show that the French metropolis is not likely to come to a standstill, and it is evidently as prosperous as it has been at any time.

This question of the suburbs renders somewhat doubtful the assertion that Paris is still the third city of the world. It is clear that the French capital has a wide margin over Berlin, inside the limits of the two great cities, but it is not at all certain that the population of Greater Paris, with adjacent suburbs included, is larger than the total for Greater Berlin.

Tokyo is growing much faster than Paris and so is Chicago. Both promise to be on the heels of the French metropolis within ten years.

ALWAYS CURES

Why Leonard's Blood Elixir is the Best Remedy in the World. The Only Medicine That Cures Blood Poison.

Sold Under \$1000.00 Guarantee That It Will Cure or Cost Nothing

"When everything else has failed, Leonard's Blood Elixir has cured me of blood poison."

In thousands of instances this has been said; scores of people in every town and in every city have told this simple story, the downright cold, hard facts, the grateful testimony of men and women who have suffered from the diseases that are caused by sluggish, impure blood.

The unfortunate person who is ailing with scrofula, skin diseases, boils, tumors, ulcers, sores, syphilis, rheumatism, catarrh, or any other disease arising from impure blood, should use this great remedy and get immediate relief.

It is by merit, and merit alone, that Leonard's Blood Elixir has achieved its wonderful pre-eminence. When a sick man or woman finds that he or she has taken a remedy that has actually done all that is claimed for it, their friends will all be told about it.

A person will continue to suffer from the evil effects of blood poison for years and will go from bad to worse unless he attacks the disease by getting rid of the unnatural and unhealthy poisons in the system.

As proof of the marvelous power of Leonard's Blood Elixir to cure all diseases arising from impure blood, such as rheumatism, catarrh, indigestion, kidney and liver complaints, etc., it is sold under a \$1000.00 guarantee.

Wish that Jacksonville "Queen of the Shoppers" would take a Silent King and get off the boards for a few days.

The recent cold snap in the North is bringing the people down here and Sanford must prepare to interest them in winter homes. There is no city in Florida that can give them more for the money than Sanford.

J. M. Carhart has given up his position on the Tampa Tribune and will be the private secretary of Senator D. U. Fletcher. Good old Mack deserves it all and we hope he will make two Florida crackers in the Washington press gang.

The cold wave is here and now the lettuce prices ought to soar and green oranges ought to turn and Mr. Merchant, you want to get busy with your copy for that big Christmas edition of The Herald. Business is at the flood tide and you must get your share.

There is a bunch of small boys that hang around the two moving picture shows and make themselves generally obnoxious. They evidently do not attend school and from the way they smoke cigarettes and use cuss words their parents have been sadly neglecting them. The marshal ought to look them up.

One of the most talked of men today is Hon. Lew Schenck, mayor of Indianapolis, who has taken a unique way to reduce the cost of living in Indiana's capital. Not long ago he brought into the city carloads of potatoes and broke the market price into little pieces. This week he has been collecting turkeys by the hundreds in the southern part of the state and has offered them for sale at prices low enough for many a poor family to afford. "Honorable apart from the mob of swaggering windy humbugs," says the New York Sun, "who whack loudly at the tariff and trusts and yawn about the cost of living, while doing nothing to bring it down, the Hon. Lew Schenck, sole and unapproachable, has punched the middlemen in the gorged middle and dreadfully laid him low."

**THE HOMESEEKERS**  
This seems to be the favorite season of the year for the coming of homeseekers to this state. The explanation seems to be that the western farmer waits until he has handled his crops before striking out "home-hunting." Then, too, your westerner wants to come to Florida and enjoy the salubrious climate just the same as we do. This being so, he drops down upon us for the first time in the fall.

Florida should be proud of this class of prospective citizens, and should do all that is possible to induce him to come and locate. This state needs more men, real men. Your western farmer is a real man, he is an American. Bring him here and you will not have to teach him American ways—he knows them. He conquered the Indian and the western plains and he can win out over every obstacle to be met with here.

If we get citizens for this state from Old Europe, so much can not be said for them. They do not know our ways of living; and, in fact, if they come from Southern Europe they can scarcely be said to have our traditions.

Therefore, welcome, ye westerner. Come and make your home with us and we will treat you right.—Jacksonville, Metropolis.

**DO YOUR SHOPPING EARLY**  
Local merchants are making every effort to take care of early Christmas shoppers. Stocks have been displayed earlier this year than ever before and word from all places is to the effect that the movement for a safe and sane Christmas has made considerable progress. It took years to bring about a safe and sane Fourth of July and the work towards that end was slow and discouraging, but it finally brought results. No one would think of returning to the old fashioned Fourth with its dangers and annoyances. To bring about a sane Christmas will probably require just as many years, but after we have seen what a blessing such an innovation can be we will wonder why we clung to the old way for so long.

There are dangers in the present Christmas the same as there were in the old-fashioned Fourth of July. People overwork themselves and over-burden others by trying to do a month's work in a few

days. We know right now just about what presents we intend to give. We could go forth on a shopping tour and see practically everything that there will be to see four weeks from this time. Now we can shop with comfort and satisfaction. Three weeks more and the stores will be simply packed, there will be green salespeople at the counters and the time and attention which we like to have given us will be missing. Does it seem reasonable to postpone shopping when we know the conditions mentioned, here will be realized? Certainly not. Then why do we do it? Simply because it has been our custom for years and years. Reforms are slow to bring about and they will probably not be put in force until there are sacrifices too great to be unheeded. However, there are more women doing early shopping this year than there were last and next year there will be even more. The reform may be slow in coming, but it is bound to materialize. The unreasonable, inconsiderate way of buying for Christmas that has prevailed for so many years cannot be continued much longer. There will be a general awakening some of these times and then the safe and sane Christmas will be a fact.

**ON A BUSINESS BASIS**  
The Perry Herald will conduct the spring campaign along business lines as is evidenced by the following:

Politics are expected to soon warm up and we wish in the very outset to make the position of the Herald clear.

In state and national affairs, we expect to furnish such information as we think will be of service to the voters in selecting the best available men for the offices to be filled; but in county affairs we shall take no stand, editorially, either for or against any candidate. Every man who is likely to run for any office in Taylor county is as well known to the voters personally as he is to the editor of the Herald; therefore, any information as to the fitness or unfitness of any candidate from this source would be superfluous.

All candidates desiring to place their claims before our readers through the columns of the Herald are invited to do so, at the same rate and under the same restrictions as all other advertisements are taken.

**THE EAGLE OR THE TURKEY?**  
If we could only replace the eagle with the turkey as our national emblem, suggests the Boston Globe, we should then stand before Christendom for our highest ideals—"peace and plenty, with a proud port, bespeaking self-respect and a full stomach."

This may sound rather materialistic, coming from the Hub of the Universe and the sanctuary of culture, but the jest reflects a sentiment which the average American of today harbors deep in his vitals, albeit he may protest to the contrary. The truth is our nation is chiefly concerned the year round, as well as on Thanksgiving days, with gobbler meat and cranberry sauce, or with their equivalents. Our great slogan is "prosperity," by which we mean plenty to eat and wear together with a superfluous wherewith to put on pretentious frimmings. We are far more interested in the loaves and fishes than in the miracle which has multiplied them. The great thing is to get along well in the world and to "keep the pace."

There is nothing surprising or especially lamentable that such conditions should prevail in a nation so young as ours, and one which, until recent decades, has been forced to think primarily of bread and meat. And to be sure we have lived zealously and successfully up to our ideal. We have produced more millionaires and skyscrapers, perhaps, than any other country under the stars. We have at least not failed to achieve in our particular field of endeavor.

But evidently there are new impulses afoot. Having eaten our mess of Turkey, we are turning to other things, to art and music and literature, to the things of the spirit.

Did you bite? Of course you did—we mean on that railroad schedule card that the traveling gentleman—who will never spend a nickel in the town put up to you this week. Yes, we presume you did bite, because he had already worked the merchants to the tune of \$100 when seen by a member of the Telegram staff. The railroad schedules will change in a few days, but your ad will be there all the same (if anybody can find one of the cards) as out of date as the schedules. Then, when you are approached by a concern that pays several hundred dollars a month in wages to people who spend it with you, you can say that you can't afford to advertise, and that you "don't believe that advertising pays, nohow."—Lakeland Telegram.

Misses Rose Dickinson and Louise Shepherd accompanied by Messrs. Frank Milteer and Braxton Perkins went out to Longwood, Wednesday evening to attend the Thanksgiving dinner and opening hop, at the new Hotel Longwood.

Carriers For Herald

Next Tuesday the Herald will be delivered by two carrier boys and any one wishing the paper delivered to their homes can have same by making application to this office. There is nothing too good for the Herald subscribers.

That Christmas Edition

The Herald as usual will issue a big Christmas edition on Tuesday, December 15th, which will give the merchants ample time to take a large space and give the shoppers a chance to read the advertisements a week before Christmas. The edition this year will be bigger and better than ever and will go into 2,000 homes in this vicinity. It will be filled with good Christmas cheer for the young and old and is bound to be the greatest made pulper that has ever been published in this section.

Caldwells Celebrate

A party composed mostly of the men connected with the D. A. Caldwell & Sons' Department Store, celebrated Thanksgiving by a hunting trip to Wekiva yesterday.

Leaving the dock in a launch with Mr. John Bell, they arrived at the Wekiva at 8 a. m. The day was spent in hunting and fishing, and all report a fine time and plenty of game.

The party consisted of Messrs. David and Wideman Caldwell, G. O. Cox, S. A. Irvin and little son LaClare, J. C. Alexander, W. S. Lyon of Greensboro, N. C., and Capt. John Bell.

WINTER LEAGUE IN FLORIDA

Major Leagues Will Try Out Players Here in Winter

Chicago, Ill., Nov. 30.—To allow baseball recruits a better chance to show their worth as players, President Charles W. Murphy of the Chicago National League team, has proposed the formation of a winter league. The leaders of the Clubs would have eight teams in Florida, below the frost line, to play through the winter months. He believes the plan is a probability of the near future.

So many players are picked by major league teams at the close of each season that it is impossible for them to be given a fair trial. According to his belief, before the weeding out process starts in the spring. He would have no player on any of these winter teams who had more than a month's experience in big company. The players on lease would represent teams in both major leagues and opportunity would be given team owners to study these players and know exactly whom they desired to keep when the time for spring training came.

Sanford, Florida has been spoken of as one of the places for winter training, as the citizens of that city are willing to make any concessions.

### THE GAME LAWS OF FLORIDA

#### Synopsis of Vital Points of Interest To Sportsmen

Although a month has passed since the hunting season opened, it is not too late for some of the unexperienced sportsmen to post themselves on the law applying to game in this state. The Florida Audubon Society has published an article giving, in a terse and clear manner, information on the subject that may be of value to many hunters, the substance of same being as follows:

It is always unlawful to kill, capture or have in possession, living or dead, buy, sell or offer for sale, any wild non-game bird; to take or have in possession the nest or eggs of any wild non-game bird. Penalties: Fine of \$3 for each offense and \$5 for each bird or part thereof, nest or eggs possessed, or imprisonment ten days, or both.

To have wild turkeys, quail or partridges in possession between March 1st and November 1st is unlawful—fine \$25 to \$100; to kill in one day more than twenty-five quail and four wild turkeys; party of two or more, fifty quail and six wild turkeys—fine \$25 to \$100.

Trapping quail or partridges, except upon one's own enclosed cultivated land, is prohibited under penalty of fine of \$25 to \$100, as is also the shipping of wild turkeys, quail or partridges out of the state. The same fine is also imposed for shipping beyond the limits of the county where killed, any of the same game.

It is unlawful to hunt on Sunday, the fine for so doing being \$25. Non-residents are required to procure a license to be entitled to hunt in the state, and for a violation of the requirement are subject to a fine of \$100.

To enter upon the enclosed lands of another that are posted, to hunt or fish, subjects the offender to a fine of \$25.

The game birds of the state are: swans, geese, brant, ducks, rail, coots, mudheads, gallinules, plovers, snipe, woodcock, sandpipers, tatters, curlews, wild turkeys, partridges or quail, turtle doves and robins. All others are non-game birds.

Not protected: English sparrows, big and little blue chatters (Cooper's and sharp-shinned hawks), the great horned owl, crow, rice-bird, meadow-lark, jackdaw, and butterbird or shrike.

Hunters may take their game home with them within the state, but not for sale. The open season for quail and wild turkeys is November to February, both inclusive; for ducks, October to March, both inclusive.

As a rule, deer hunting is lawful throughout the state from November 1st to March 1st, but the same law applies to selling venison and to killing more than the allotted number of animals, as fixed by the various counties. Selling deer meat or shipping it out of the state is a violation of the law. In most counties hunters are restricted to a small number of deer each season, and game wardens have strenuously enforced this rule.

No protection is given to other animals, native to Florida, which would tempt the hunter in search of edible food.

#### No Trial This Week

Kissimmee, Fla., Nov. 29.—(Special).—There is little likelihood now that the trial of Elder Egbert Gilmore and Sister Sears of the Shaker colony at Ashton, on the charge of murder in the first degree in connection with their administering chloroform to Sister Sadie Merchant, another member of the colony, on August 22 last and causing her death, will begin before next Monday.

The grand jury this morning began its investigation of the case. It is likely indictments may be returned late this afternoon.

In discussing the case this morning Judge Price said he did not think he could render a verdict in the case before next Monday, when indictments be returned. The grand jury was drawn for the case.

#### Telephone Association

The telephone Association, which honored Sanford as the place for holding their convention, evidenced every desire to perfect in every way the telephone system. Although their coming together was for one brief day, much business for the association was accomplished. They were a representative body of men in their special line.

The meeting of the telephone men was purely for business pertaining to general conditions and a desire to improve and extend the toll system. Their stay was for one day only, but they enjoyed a trip on the traction line.

There were twelve visitors present: W. C. Breteir, Peninsular Telephone Co., Tampa; Ed Scott, Arcadia; R. L. Whetstone, Eustis; W. A. Adkins, Atlanta, Ga.; D. Murch, Eustis; Dr. Moore, Tallahassee; C. E. Sidmall, Milton; Bower, Fort Meade; E. T. Knight, Lake Butler; W. H. Reynolds, Ocala; R. E. Reynolds, Orlando; W. A. Parr, Sanford; Geo. H. Fernald, Sanford; E. E. Vogle, Gainesville.

### Murderer Escapes

Gainesville, Fla., Nov. 29.—It was rumored here Monday that J. M. Kelley, the white man who was sentenced to a life term in the State prison for the murder of W. C. Sellers, a special agent of the Atlantic Coast Line, has escaped from the convict camps in Volusia county.

The information was brought to Gainesville by parties returning from Jacksonville. They state that the police department in that city received word that Kelley got away from the camps near DeLand last Saturday, and that he not only escaped, but he also marched the guard away ahead of him. Kelley, it is said, succeeded in getting possession of the guard's gun and at the point of the weapon forced the guard to leave the camp ahead of him. Particulars are lacking, hence it is not known what became of either party, but the Jacksonville police were asked to be on the lookout for Kelley.

It will be remembered that Special Agent Sellers was shot down in cold blood at High Spring about two years ago, the murder being committed in the dark while the victim was endeavoring to apprehend alleged car robbers at that place. Kelley was arrested at that place several months later and, together with D. M. Davidson, was convicted of the crime at Palatka, the case going there upon a change of venue from Alachua county. Both men were found guilty of murder in the first degree with a recommendation to the mercy of the court. When Kelley was asked by Judge Willis if he had anything to say why sentence should not be imposed upon him, he said that he had nothing to say for himself, but that Davidson was as innocent as a new-born babe.

### Tarred Lady Teacher

The case of the young woman out in Kansas who was the center of interest in the tar and feather case, is primarily one of woman's inhumanity to woman, says The Indianapolis Star. This young person, Miss Chamberlin, was a country teacher near the hamlet of Shady Bend, and, when school was out in the summer she went to the village to serve as saleswoman in the general store of the place. She was a competent person, serving her employer well and being of a cheerful disposition laughed and talked with customers and others who loafed about the place, as people do in little town stores and made herself generally agreeable.

Too agreeable some of the women of the village thought, and when the husband of one of them began to hang around the store apparently for no other business than to chat with Miss Chamberlin, these women held a "mother's meeting" and plotted and planned for the girl's disgrace. The result was the tar, tarring and feathering, one man decaying the unsuspecting victim to a remote spot, where he was joined by half a dozen others, armed with feathers and a bucket of melted tar. Stripping the clothing from the girl they decorated her according to the customary manner in such cases and left her to herself, kindly refraining from giving her the traditional ride on a rail.

It is difficult to conceive of the state of mind and morals of a group of men and women who could plan and perpetrate such an outrageous act, yet presumably they count themselves of average intelligence and respectability. One of the men concerned in the affair is a "leading" citizen, and his wife, who must have been one of the interesting hostesses who pronounced the girl's fate, is presumably a, if not "the" social leader of Shady Bend. At all events the town has gained a very unenviable reputation. Really respectable and self-respecting people would not care to take up their abode there. Acquaintance with the fathers might involve too many perils from both fathers and mothers.

### Maine Was Blown Up

Havana, Cuba, Nov. 30.—The Maine inspection board will start for home one day this week.

It has already been amply demonstrated, is the general opinion here, to the members that the Maine was destroyed by an outside explosion which occurred under the ship a little to port of the keel between frames 28 and 30. The outside skin was blown up and doubled over toward the starboard side by the first explosion.

After this the transverse spar bulkhead was blown off from frame 24 by a second explosion and buried itself in the mesh through the hole left by the first explosion, which removed that part of the bottom of the vessel.

### The Charger at the Funeral

The charger led at the funeral of a cavalry officer to a salute of the gun when a horse was sacrificed at the grave. An officer led the charger behind the line to the bank of the grave and it was there that the charger threw upon the coffin. The same occurrence of this kind took place at Treves, Germany, in 1781.

### BRUCE BROWN WINS RACE

#### Grand Prize Again Goes To Millionaire Driver of Fiat Car

Grand Prize Racecourse, Savannah, Ga., Nov. 30.—David L. Bruce-Brown, driving a Fiat car, won the grand prize auto race, the blue ribbon event of the auto world, here today. He made the full distance of 411.26 miles in 331.29-13, an average of 74.45 miles per hour.

Victor Hearne, driving a Benz car, was second. His time was 334.40-80.

Ralph De Palma driving a Mercedes car, was third. His time was 334.40-80.

It was a great race, Bruce-Brown proved himself the greatest driver of them all. He duplicated his feat of last year, when he won the great race over the same course. He won today by a margin of about one minute over Hearne, who also drove his car to the limit. Mulford won the Vanderbilt cup race on Monday, drove the same car that he had in the other event. He led for a considerable portion of the distance. Bruce-Brown and Hearne passed him in the nineteenth circle of the seventeen-mile course.

When Bruce-Brown flashed across the winning line neither of the others were in sight. He received a great ovation.

### Elks Memorial Service

The annual memorial service of the Elks lodge of this city as well as every other lodge in the United States will be held on Sunday Dec. 3rd. This day is set aside by the Supreme Lodge for the purpose of holding a memorial service for the deceased members of the order.

The Sanford Lodge will meet in the Imperial Theatre at 2:30 p. m., on that day. This lodge being recently organized, this will be the first Memorial Service held here. Through good luck they have secured the services of W. R. O'Neal of Orlando who will deliver the principal address of the day.

The public generally are cordially invited to attend this service. A fine program has been arranged as follows:

- 1 Voluntary.....
- 2 Ritualistic Work.....Lodge
- 3 Solo.....Miss Hays
- 4 Ritualistic Work.....Lodge
- 5 Solo.....Frank Campbell
- 6 Prayer.....Chaplain
- 7 Thanatopsis.....Mrs. J. W. Barnes
- 8 Solo.....Miss Bowler

- 10 Ritualistic Work.....
- 11 Auld Lane Sync.....Led by Miss Hays
- 12 Benediction.....

### To Parents

We must enlist the press, the platform, and the pulpit. Every press should warn, every platform should speak, every pulpit should reprobate in the name of God and humanity against the prevailing indifference of parents to the welfare of their children. For I am forced to say to all who hear me that, although we put in every schoolhouse a teacher of spotless character, of the highest attainments, as long as parents allow their children to run the streets at night, to associate with the low, the lewd, the vicious, as long as they encourage insubordination and disregard of law; as long as the cigarette and film novel flourish in our midst, the grave of the drunkard will not be unfilled, our jails and our prisons will not lack for inmates, and the den of the harlot will not lack recruits.—Henry Sabin.

Communication of Mr. F. A. Shumpert in regard to erecting a building inside the fire limit, referred to the fire committee.

On motion the following was adopted: Resolved by the City Council of Sanford, that the City of Sanford shall contribute to the Geneva bridge fund one thousand dollars (\$1,000) as follows: \$500 to be deducted by Orange county from the city's share of the road and bridge fund due the city from the county for 1910, and \$500 to be deducted from the same fund to become due for the year 1911.

These amounts are hereby appropriated and the city clerk is hereby instructed to mail a certified copy of these resolutions to B. M. Robinson, esq., secretary of the Board of County Commissioners, Orlando, Fla., and to J. T. McLain, esq., Geneva, Fla., and the city clerk is hereby instructed to engross these resolutions in the minutes of the City Council and make them a part of the record of this meeting.

Be it further Resolved, That a former resolution appropriating \$500 from the road and bridge fund, to become due the City of Sanford by the county of Orange for the year 1911, as hereby revoked.

Signed: D. L. Thrasher, president; Harry Ward, W. D. Holden, S. Runge, B. A. Howard.

On motion an ordinance entitled, an ordinance granting certain rights and privileges to the Sanford Telephone Company, a corporation, the assignee of a franchise granted by the Town of Sanford, Florida, to W. B. Mitchell by an ordinance duly passed by the City Council of the City of Sanford, Florida, on July 7th, 1902, and modifying and changing certain conditions and stipulations in said franchise contained, was placed on its first reading and carried.

On motion, an ordinance entitled, an ordinance prohibiting the erection or maintenance of bill boards, bill postings, and the lettering and marking of sidewalks for advertising purposes, was placed on its first reading and passed.

On motion, an ordinance entitled, an ordinance prohibiting the sale of the beverage commonly known as near beer, or malt brew, was placed on its first reading and carried.

A report from the Rev. Geo. B. Waldron, who represented the city at the meeting of Associated Charities, held in Jacksonville Nov. 17 and 18, was read and referred to the ordinance committee.

On motion, Council now adjourned.

M. W. Lovell, Clerk.

Mayor's Proclamation

In accordance with the laws and ordinances of the City of Sanford, Florida providing for an annual election of municipal officers, I, Forest Lake, Mayor of said city, and by the power vested in me as Mayor, do issue this proclamation, calling an election to be held according to law on the first Tuesday in December, being the fifth day of said month, 1911, to be held at the usual place, for the purpose of electing Mayor, City Clerk and Assessor, Treasurer and Collector and seven Aldermen, all to serve for a term of two years. Polls open from 8 a. m., to sundown. I hereby appoint as inspectors E. W. Dunn, F. A. Schumpert, H. C. Dubose, and R. C. Maxwell to be clerk of said election.

In witness whereof I have hereunto set my name, attested by the clerk of said city, with the seal of said city hereon.

Done this 16th day of November, 1911. (Seal) FOREST LAKE, Mayor.

M. W. Lovell, Clerk, Fri 20-30

The KITCHEN CABINET

IT IS a noble and beautiful thing to find ourselves growing out of our contempt.

Success treads on the heels of every right effort.

CARE OF THE SICK.

It is hard under the best conditions and care to be confined to a bed in hot weather, but often much of real suffering could be relieved if people only knew how.

Heat must often be applied to patients; even in hot weather, and when hot water bottles are not obtainable, glass bottles or fruit cans answer very well.

To relieve a patient in hot weather from the heat, hang a wet sheet before an open window or door; the evaporation will reduce the temperature quite noticeably.

Common sense and a quick brain and hand has saved many lives.

Fill hot water bottles with cold water or pieces of ice. An old, leaky bottle may be mended with surgeon's plaster and hold cold water without leaking. Put these bottles around the patient's bed.

An electric fan is a wonderful help in the sick room when it is obtainable. Fresh pure air in a sick room is an absolute necessity. Sunshine is a great germicide.

Sun the bedding each day. Keep the room free from all dust and odors. A good screen to be used in a sick room to keep off draughts is a pair of clothes bars, baste or pin sheets on them with safety pins.

Rest in the morning is more important than having the room in order early. When possible remove the patient to another bed and room while airing the room. It will rest and divert her to see something besides her own four walls.

A sick bed should be high enough to care for a patient without stooping and straining the back. A woven wire spring and a hair mattress made in three pieces so that it may be reversed often and thus wear longer, are considered the best.

Cover the mattress with a cotton pad made of white cloth, and a roll of two of batting stitched with a long stitch on the machine.

Have the sheets plenty long to tuck in well at the bottom and fold over the blanket at the top.

Nellie Maxwell.

MODEL HOME FOR COUNTRY

How It Can Be Made Attractive, With All the Conveniences of the City.

Every one longs for a home and strives to obtain one. All desire the best comforts and luxuries. The country home, especially, could be improved. All the conveniences that the city affords can be had in the country.

In erecting a model country house many things are to be considered: its relation to directions, the water supply, drainage, plumbing, wiring for electricity, heat, chimney, ventilation, nature of the soil, the arrangement of rooms, bath-rooms, closets, stairs, the materials of construction, adorning, and painting.

The most important question is the site. A plot with a gentle slope is best. This will prevent a damp cellar, enable one to build a reservoir cheaply, and gives an opportunity to dispose of sewage. Placing the well above, and the barn and other buildings below, will prevent sewage from draining into the well. A gravelly or sandy soil, which is fertile enough to grow blue-grass and trees, is ideal. A few trees add much to the beauty and comfort. Two rows of evergreens on the north side make good shelter.

Few farmers have a water reservoir. The water is pumped by a windmill or a gasoline engine. If a gasoline engine is used it may also serve the purpose of running the dynamo for electric light. If a hot-air furnace is used it can be fitted to a water tank to warm the water for the kitchen and bath rooms. The well should never be placed within 200 feet of the cesspool. If the house is on a gentle slope this danger of contamination can be avoided by placing the well higher up on the slope.

The outside of the house should be neat and attractive. It should have at least three coats of paint. A veranda adds much to beauty and comfort. The Virginia creeper gives the veranda a tasteful and home-like appearance.—Exchange.

GREAT VALUE OF AWNINGS

Improve the Appearance of the House While Making the Interior More Comfortable.

Not all the rooms of a house can be on one side to receive the morning sun and be cool in the afternoon, so the awning man comes along to make everything right. He makes awnings for the sunny windows, which improve the appearance of the house while contributing to the comfort of the interior.

Every ideal home now knows the value of awnings. There are many uses for the awning man's product other than the shading of the windows. One end of the porch is certain to be sunny at the close of the hot afternoons and a shade there lengthens the day out of doors. Sun shades on the lawn or over the seats in the garden contribute to the comfort of the summer days and a tent for the children gives them more happy hours than any toy ever invented.

A hammock in the shade of the tree is a joy until the sun gets in a position where it shines through the lower branches. An adjustable canopy over the hammock makes the joy complete. And there are various other uses for the canvas shades as a protection against sun, wind and rain. The manufacturers have fallen into the "home beautiful" movement and they display good taste in their trade and help to make the home and grounds attractive.

Japanese Banks in China. Japanese banking facilities in China are good now, but are to be made larger and still better. In anticipation the older banking interests are doubling their capital and embarking in new banking lines.

**The Wednesday Club**

The club met at the residence of Mrs. J. W. Dickens, Wednesday afternoon. Owing to the illness of Mrs. S. O. Chase, the secretary, Mrs. Dickens read the minutes of the last meeting. The committee appointed by the president to select a suitable color and motto for the club, made their report, subject to the approval of the club.

Miss Florence Frank entertained the club with the very interesting "Story of Sigmund," one of the traditional valiant hero princes of Norsland. Mrs. L. R. Phillips read the "Story of Sigmund," one of the mighty kings who reigned and did marvelous things in those ancient days. This paper was prepared by Miss Farnsworth, who could not be present. "The Story of Helge," the warrior son of Sigmund, and the noblest of them all, was written by Miss Alice Whitner, who was not able to be present, and read by Mrs. M. H. Bowler. Mrs. Henry Wight gave "The Origin of the Niebelungenlied."

Mrs. L. R. Phillips invited the club to make her house their club home for the month of December. The next meeting, on Dec. 6th, will be held at Mrs. Phillips' residence.

One visitor was present, Mrs. Maris, the charming daughter-in-law of Mrs. Geo. L. Maris, the president.

**An Appreciated Treat**

Miss Carrie Ensminger, one of the members of the Lend A Hand Society, where so many good and helpful ideas originate, enlisted the sympathy and interest and suggested the thought to her companion teachers of the Grammar school of promoting the helpful spirit among the school children, by interesting them in a kind and lovable way of doing a good deed, in trying to give pleasure to others less fortunate than themselves.

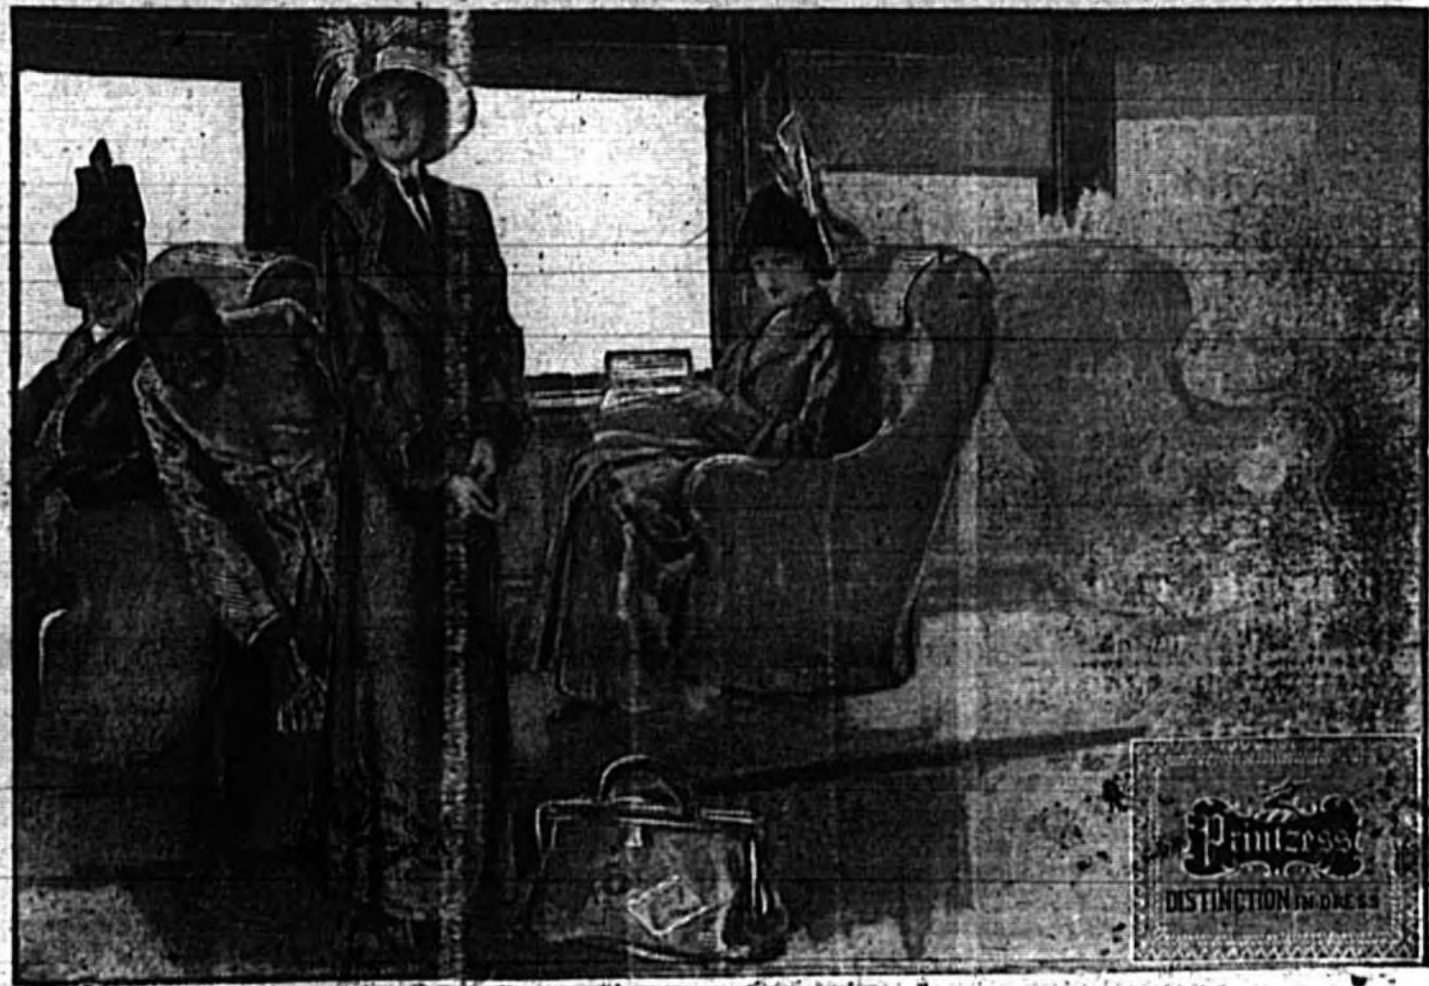

Each child was asked to bring a nice, good apple to the teacher the day before Thanksgiving. The collected apples were to be sent to the orphans at Enterprise, from the school teachers and children of Sanford.

The result was wonderful; a barrel of beautiful apples were sent to the Orphanage as a Thanksgiving offering. How those children enjoyed those apples.

Beautiful made audible often multiplies into beautiful acts. This object lesson of self-denial, even of one apple, will not be wholly lost. "Blessed is He who Remembereth the Poor."

**Bridge for Mrs. Bell**

Mrs. C. F. Smith, most delightfully entertained at Bridge, complimentary to Mrs. Charles Eric Bell of Atlanta, Ga; the charming guest of her parents, Mr. and Mrs. F. A. Schumpert. The hall and rooms were artistically decorated with graceful green vines. The flowers lending their beauty to the decorations were yellow daisies; green and yellow being the color scheme. The stairway, was interlaced with the trailing green vines, the chandeliers and portiere rods, were gracefully entwined with the glistening vines and suspended from each, were handsome clusters of yellow oranges. The rear of the long hall facing the front door, was banked with lovely palms and ferns. Seven tables of bridge was played. Mrs. O. W. Brady, made the highest score, and won the first prize, a lovely gold brooch. The booby prize, a very pretty china match stand was received by Mrs. F. E. Roumillat. Mrs. Deane Turner drew the consolation prize, a pack of cards in a handsome leather case. After the cards a delicious salad course was served by Mrs. Smith's charming assistants: Misses Rose Dickinson, Irene Brady, Mabel Bowler. The occasion was a very brilliant and enjoyable social event. Mrs. Smith's guest were Mesdames Chas. E. Bell, O. W. Brady, A. W. Brown, S. O. Chase, A. P. Connely, A. M. DeForrest, J. W. ### The General News of The Land of Flowers.

### CULLED FROM THE STATE PRESS

#### An Epitome of the Week's Most Important Happenings in the State's Domain.

Active preparations are being made in Tampa for the erection of the new factory of the Tampa Brush and Specialty Company. This company is organized for the manufacture of specialties from palmetto wood.

The Woodmen of the World in Jacksonville are soon to erect a handsome home in that city. Plans for the new structure will be prepared at once and actual work on the building will commence as soon as they are completed.

Fort Pierce is planning a big celebration when the good roads boosters meet there on the 6th of this month. A big barbecue will be enjoyed.

Several hundred acres of land has recently been purchased in the vicinity of Palmetto and 150 acres of the land will be planted in sugar cane.

Supt. Holloway has designated January 5th, 1912, as Arbor Day. All the public schools are requested to observe the day by planting trees, and an appropriate suggestive program has been issued by the State Superintendent of schools.

Wednesday is the date for the good roads rally when the boosting clans of the East Coast will gather together in council at Fort Pierce. This meeting is expected to have a far reaching influence upon the rushing forward of the work of building a highway from Jacksonville and St. Augustine to Miami.

The State Drainage Engineer will soon issue the first accurate map of the Everglades for distribution. The great work of surveying the Everglades is being done by Engineers Fred C. Elliott and Mr. Ingess, of Tallahassee.

A Gainesville dispatch says: The store of J. E. Thrasher, with all contents, burned at Gainesville this morning. His general stock of merchandise, hardware and farming implements was destroyed, aggregating a loss of \$40,000, with insurance of about \$5,000. The origin of the fire is unknown, but it is supposed to have been burglary and incendiary, as no fire had been in stoves all afternoon. Mr. Thrasher is one of the oldest merchants in Micronesia, having been in business there many years. He will rebuild at once.

This morning State Attorney John C. Jones filed a motion with Circuit Judge W. H. Price, in which he asked that Elder Egbert Gillette, whom the grand jury refused to indict for the murder of Sister Sadie Marchant, a member of the Shaker colony at Ashton, this county, be held without benefit of bail to await convening of the court for the spring term, that the grand jury, to be impaneled then might consider his case and that of Sister Elizabeth Sears, his aged co-defendant. The motion will be argued this afternoon.

Mrs. W. J. Quinan, who left Lakeland Tuesday night for her home in Savannah, had the misfortune to be relieved of the contents of her pocket book on an A. C. L. Pullman just a few miles out of Jacksonville, her loss being in the neighborhood of \$100.00, half of which was in bills.

### Election Very Quiet

The regular election of city officers is taking place today, and what a difference between the election and the primary. Then all was bustle and hustle with the candidates taking the voters in free automobiles. Today all is quiet as a country churchyard, even the inspectors being silent. The voter who wanted to vote walked to the polls and the candidates never even noticed the voters.

The election today is merely a ratification of the choice at the primary and is the legal election. As every one seems satisfied it is not anticipated that any changes will be made.

The first regular session of the Sixty-second Congress convene at noon yesterday. Legislative machinery is ready for a long session. Speaker Clark and other leaders having predicted that adjournment may not come until after the national convention of the two big political parties have been held.

## LODGE OF SORROW

### Elks Held Annual Memorial Services Last Sunday Afternoon

The annual Lodge of Sorrow of the Benevolent and Protective Order of Elks was held at the Imperial Theatre last Sunday at 2:30 p. m. This was the first memorial service ever held by Sanford Lodge, and there being no deceased members of this lodge part of this beautiful ceremony was withheld, but enough could be given to impress the audience who had gathered to witness the exercises.

Hon. W. R. O'Neal made the annual address and was at his best. He spoke of the value of fraternal organizations at this period of our development, and of the need of cooperation among men to further the cause of good government and the general advancement of mankind.

The solos rendered by Miss Hayes, Miss Bowler and Frank Campbell were fitting additions to the services, as was also the reading of *Thanatopsis* by Mrs. J. W. Barnes.

Sanford Lodge of Elks now numbers over eight hundred members and is in a most flourishing condition. Their annual memorial services are a most fitting tribute to the absent brothers, and are greatly appreciated not only by those bereaved but by the general public.

### Dancing Academy

Messrs. Maloney and Witherington have leased the City hall and will give regular dances every week. Good music will be furnished on each occasion and good order will be preserved.

## LETTUCE BRINGS GOOD PRICE

### Record Sale of Some of Our Sanford Lettuce

A. H. Gerber, who is temporarily located at Sanford in the interests of Crutchfield & Woolfolk, the well-known distributors, of which firm he is sales manager, reports the arrival and sale of their first straight car of Sanford lettuce, which sold at an average of \$3.00 per hamper delivered, or a net to the shippers of about \$2.00 per hamper at Sanford.

This car was packed by Roy F. Symes and was only of fair quality, and was shipped in order to take advantage of the Thanksgiving market, but on account of a slight delay en route it did not reach the market until too late for Thanksgiving trade.

Mr. Gerber states that Crutchfield & Woolfolk are more strongly entrenched this season to look after the Sanford growers' interests, which fact is clearly demonstrated by the sale of the car of lettuce above referred to. Crutchfield & Woolfolk have been identified with the Sanford deal for many seasons and have been instrumental in introducing Sanford products in a large number of markets; also in effecting a very wide distribution, and are constantly developing new outlets.

Now is the time for shippers to arrange for the marketing of their season's output, and to take advantage of the excellent facilities offered by this up-to-date firm.

### Lend A Hand Society

This society will hold a meeting in the Welaka Club rooms Friday afternoon, Dec. 8 at 3 o'clock. Every member is urged to be present, as important business will be discussed. The members are reminded that the dues are to be paid at this meeting.

There can be no broader or more suggestive promise of usefulness than the declaration of the Lend A Hand is, that the object of the society shall be mutual helpfulness and promotion of a broader spirit of neighborliness. This society promises to be just what every town needs, an avenue for systematic benevolence and judicious helpfulness. The city should gratefully sustain them in their efforts in behalf of those who need help and always be ready and willing to lend them a hand when it is needed.

Mannford, Okla., a town of 600 people resembles an armed camp tonight according to reports received here in fear of a race war as a result of a series of events in which one white man, Fred A. Evans, was killed, another, Rollie Johnson, was seriously injured, one negro, Bud Walker, was lynch, and his brother wounded.

The nursing home at 5th and Elm Aves. is prepared to care for a limited number of surgical cases. Mr. Wright, nurse in charge.

## ORANGE COUNTY FAIR

### Greatest Fair On Earth Will Soon Open Gates

### EVERY ONE SHOULD GET READY

### Sanford Expects To Send Full List of Her Many Exhibits This Year

Hon. W. R. O'Neal, the hustling secretary of the Orange County Fair, was in the city a few hours this week and was greatly enthused over the prospects of the Biggest Fair On Earth, to be held in Orlando, January 31 to February 4th. The many new buildings erected since last year will greatly enhance the value of the exhibits.

Details of the program are completed, and the new buildings are progressing rapidly. There are two absolutely new buildings, and a considerable addition to the poultry pens. The grounds have been thoroughly gone over, palm trees planted along the walks and drives; the roads have been straightened and made permanent, and laid with fresh tan-bark; new water tanks have been placed near the stables, and an addition to the stock pen is planned.

The first new building that the visitor sees upon entering the grounds is a ladies' rest parlor, which is under construction near the east gate. This is very neatly designed, with a squarish veranda, at the corner of which is a booth, where the Fair will dispense light refreshments, such as coffee and sandwiches.

To the west of the rest parlor is the new Manufacturers' building, newly completed. This building is a hundred feet long by forty broad, and will be used by the manufacturing exhibitors. This feature of the exhibits during former years was in the north corridor of the main exhibition building, which this year will be devoted to amplified fruit and vegetable exhibits.

The Manufacturers' building is immediately opposite the main building, with the rest parlor to the east. Practically the same distance to the west of the Manufacturers' building are poultry pens, which have been amplified to the number of 55, and removed from the west section of the grounds. It has been the purpose of this year's management to concentrate the buildings, making it far more convenient for the visitors to see all the exhibits, and at the same time it leaves the west section of the grounds comparatively free from buildings, and lets a free and open expanse, which is extremely pleasing.

We're going to have "Lucky Baldwin," in his famous "Red Devil" aeroplane. He is going to fly on three different days.

The noted "Camden Polo Team" will be down to tackle the local boys.

"California Frank" will be here with his great "Wild West Show."

Ben Krauss will bring his "Carnival and Midway" attraction. There will be a thousand feet of midway.

There will be a horse breeder and trainer from New Orleans, with a string of fast ones for exhibition purposes and for sale.

And we're going to have everything on show that's worth seeing in Orange county.

### Fire Saturday Night

The fire department was called to the residence of Rev. C. H. Sommers last Saturday night, where the roof had caught fire from sparks from the chimney. When the fire was finally located the department did mighty fine work, and Rev. Sommers is loud in his praises of the new truck and the chemical apparatus. With this up-to-date method the damage from water can be obviated.

## THE LOST TRAIL

### Splendid Play Drew Large Crowd At Imperial Theatre

Mabel Paige and company of splendid players are here this week and as usual the Sanford people have greeted the petite, Southern actress with large houses. The play last night of the "Lost Trail" was one of the best melodramas ever given in Sanford, full of startling climaxes and a thrill every minute. Next to Mabel Paige the audience favors Ed Lawrence, the Silver King, so named because of his wealth of silver gray hair. Mr. Lawrence is a finished product of the stage and like old wine he grows better each year. As Bud Larrable in the Lost Trail Mr. Lawrence is at his best and his free and easy manner faithfully portrays the Western character.

Miss Paige as usual was in sympathy with her part and the audience was in sympathy with her. It seems that Mabel Paige can carry an audience with her through the whole play and The Lost Trail was no exception to the rule. The rest of the cast was just as strong in their different characters and lack of space forbids a special mention of each one.

Suffice to say to any one in the city who has not witnessed a good play by a good company, see the Mable Paige Co., because they are always top notchers.

Tonight in "Billy" they will convulse the audience for the better part of two hours and if you want to forget your troubles come out and enjoy a good laugh. The management has put the prices within the reach of all and you can't afford to miss it.

## RECORD OF BRIDGE TRAFFIC

### Travel of East Coast Ferry Warrants A Drawbridge

Through the courtesy of Commissioner F. L. Woodruff the figures completed of one half months business at the East Coast Ferry, have been compiled as follows:

For the past fifteen days there have passed over the ferry 91 automobiles, 51 double teams, 189 single teams, 73 foot passengers, and 8 head of cattle. These figures represent the business of just fifteen days, and would certainly warrant the placing of a steel drawbridge at this point.

New Smyrna has promised to raise \$2,000 or more, and Orange County will do her share. There will be a steel drawbridge at this point ere another summer.

### Looks Like Murder

The body of the man found Saturday morning on the Seaboard Air Line Railroad tracks, south of Spring Lake, was buried yesterday afternoon in the Orlando cemetery.

Thus far, he lies with the unknowns. Sheriff Kirkwood telegraphed to the postmaster at Burlington, New Jersey, to inquire if J. H. Coombs was known there.

That was the name written in the memorandum book found upon the corpse. Following is the reply to the telegram: "Onr J. H. Coombs is at home." Signed, "Postmaster."

The coroner's jury was discharged late Saturday afternoon, subject to call, without reaching a decision as to whether or not the man was murdered.

Sheriff Kirkwood, who made an exhaustive examination of the premises where the body was found, persists in the belief that the man was the victim of highwaymen.

In a further interview this morning, he said: "Thought over the circumstances of the case, has confirmed my belief that the man was murdered. I have been a railroad man and my experience has taught me that it is impossible for a man to jump or be thrown from a moving train without plowing up the sand. The body was found in a sandbed.

The only disturbance to the sand we found, was evidence of the surface of it having been scraped, as if by a dragged body. This marking was very slight, such as would have been made by the tail of a coat being drawn over the surface. Reporter-Star

As reported by special bulletin from the Associated Press late Saturday afternoon, James B. McNamara pleaded guilty to murder in the first degree, admitting that on October, 1910, he blew up and wrecked the plant and building of the Los Angeles Times, causing the death of twenty-one persons. John B. McNamara, brother of James, also pleaded guilty of dynamiting the plant of the Lewellyn Iron Works at Los Angeles on Christmas Day, 1910.

The Standard Oil Company has been divided into thirty-three subsidiary organizations, and no one knows any more about the secrets of the greasy octopus than they did before the government went a-hunting.

The first woman in the state of Washington, and possibly in the Pacific Northwest, to sit on the bench as a regularly qualified Judge is Miss Mildred Henthorne, who tried the case of C. C. Fleet against J. Riggs. Miss Henthorne took the case under advisement, so for three days she will have the right to the title of Judge Henthorne.

Estimates of the Treasury Department for running the government during the next fiscal year, submitted to Congress today, contemplates a saving of \$21,283,921.43, as compared with the amount appropriated for the fiscal year of 1911-1912. The total amount estimated for all expenses of government is \$745,834,563. This amount does not include the appropriations for the Postoffice Department, which is expected to be self-sustaining. The appropriations made by Congress for the present fiscal year aggregate \$767,218,485.

With a concussion that broke hundreds of windows in Pittsburg, the boilers of the towboat Diamon on the Ohio River exploded Sunday, killing the captain and four of the crew and injuring five others, two of whom are dying. The boat lies at the bottom of the Ohio.

"I probably shall have a formal statement to make but positively not until I have returned to my headquarters in Washington and gone over the McNamara cases thoroughly," said Samuel Gomuel Gompers today.

The recent report of the Commissioner of Pensions brings out the startling fact within thirteen years of the close of the war with Spain, and eleven after the subsidence of the Philippine insurrection, there are no less than 23,383 invalid soldiers of these wars on the pension rolls, in addition to 3,032 dependent mothers, 522 fathers, nine brothers and sisters, 1,217 widows and 327 children.

Tod Schriver, a well-known American aviator, was killed last evening in an exhibition flight which he was making at Porto Rico. Schriver fell from a height of 200 feet into a cane field and died within half an hour, while on the way to a hospital. Thousands of spectators witnessed the accident. Schriver ascended over Ponce in a Baldwin aeroplane and went through a number of evolutions. Apparently he lost control of the machine in making a turn. The aeroplane swooped to the earth and landed with a crash, Schriver being half buried in wreckage.

Both houses of the Sixty-second Congress convened at noon yesterday. Practically every member of each house was in his seat. The galleries were crowded and hundreds of people were unable to gain admission. The expected speech of Representative Littleton of New York, regarding the steel trust question was the sensational incident featuring the opening day of Congress.

District Attorney John D. Fredericks today informed the Associated Press that Bert H.
